#### EDDIE McCAFFERTY IS AGAIN UNDER THE KNIFE

Business Manager of Montreal Ball Club is Having a Long Siege of Sickness

MONTREAL, March 1.—Followers of the fortunes of the Montreal ball club will regret to hear that Eddie McCafferty, the business manager of the club for the past two seasons, who has been ill most of the winter, had to undergo another operation yesterday.

Shortly after the formation of the National Hockey Association, of which he was elected secretary, Mr. McCafferty was laid low with an attack of pleurisy. Complications set in and four weeks ago he was removed to the Victoria Hospital to undergo an operation.

Yesterday another operation was considered necessary. The patient is reported to be progressing favorably.

#### WHAT IS ITCH DIRT?

It is the old Anglo-Saxon name for Dandruff and it's a good one. If you have dandruff you have itch dirt and the little microbes that are part and parcel of dandruff are working persistently night and day and sooner or later will reach the very life of your hair and destroy its vitality.

Then you'll be laid—laid to stay—for not even the wonderful rejuvenating properties in Parlane Sage can grow hair after the hair bulb or root is dead. Parlane Sage cures Dandruff.

Chas. R. Watson, 100 King St., and 24 Dock St., the druggist, sells it—recommends it and guarantees it; only 50 cents a large bottle and your money back if it fails to cure Dandruff, Falling Hair and Itching of the Scalp.

#### HAS MEADOWS GONE HIS LIMIT YET?

TORONTO, March 1.—The Star says:—Wrestler Fred Meadows could have beaten Alf. Shrubbs when the little Briton was at his best some five or six years ago, is of course, a question that no amount of arguing will ever settle, but it is a favorite topic for discussion wherever athletes and athletic bugs gather these days. Most of them concede that at ten miles Meadows, in his present form, could hardly have coped with the Englishman, but there are any number of people who believe the English runner could have made it mighty interesting for Shrubbs in a fifteen mile, for all his greatness, was not invincible.

Meadows' best record for fifteen miles—1:15—made at Toronto recently, was not as good as Shrubbs' time, when the latter ran third to Appleby in Appleby's 10 1/2 mile race back in 1904, but undoubtedly Meadows will better his record before he quits the game.

Had he been pushed Tuesday night the English man, most experts agree, could have done 1:20 or better. In neither of his two most recent races has Meadows been anything like all in at the finish. Just how much reserve power he had, is, of course, unknown, but there was enough there to have carried him several seconds faster in both races if it had been necessary for him to go to the whip.

#### MEADOWS-LJUNGSTROM MATCH

Ernie Herberg, Gustav Ljungstrom's manager, is dead anxious to have the Swede book up again with Meadows. He figures that a match race the Swede would run better than in an open event, in which he would have to reckon on four or five other men in addition to Meadows. Herberg would give something to entice Meadows into a twenty-mile hike, but the Canadian makes no pretense to being anything more than a fifteen-miler, and can't see the longer route for a minute.

Powers and Pollok have not yet announced whether they would put on such a race. If they do not, some enterprising Buffalo promoter might be able to pick up a little change by putting the event on at one of the Buffalo armories. The Buffalo promoters, however, have a very low opinion on Longshot and might insist upon having the Indian start. Meadows and Ljungstrom in a fifteen-miler, ought to draw like a pollack, particularly in a town like Buffalo, where the Canadian athletes have always been looked upon as the grandest little performers.

#### SAD DEATH OF DIGBY YOUNG MAN

DIGBY, N. S., March 2.—In the twenty-eighth year of his age Howard Leslie Nowlin, the only son of W. H. Nowlin, passed away at his home here yesterday. He was a printer by trade, and previous to being stricken ill six months ago held a responsible position in the printing department of the John Hancock Insurance Company, Boston. The deceased was possessed of a fine tenor voice and his vocal powers made him a valued member of several church, choir and musical organizations of Boston. He is survived by his father, mother and two sisters, Miss Alice at home and Miss Ida of Truro, formerly of Kennebec. The father is foreman of the Digby Courier.

#### TRIM ELECTRICS TO A STANDSTILL

Accountants didn't leave anything at all for the electricians when they howled them in the City League last evening. One of the strings was close, however, going to the winners by a margin of three pins only. Stanton mounted to 105 on his first string, and topped the averages with 90-1-3.

#### CLARK WILL MEET SELLEN IN DISTANCE RACE

MONTREAL, March 1.—Frank Clark, the Irish runner, is willing to meet Percy Sellen in a long distance race on terms that they will have to confer on. Clark, a stocky-built Coanaght lad, who arrived four weeks ago in Montreal, has been making a name for himself by Sellen who was a debut into American sporting circles. He is confident of winning easily, and believes, after a study of the time made by Canadian and American runners, he will have difficulty in finding a dangerous match.

#### When "Work" Becomes "Labor"

There's something wrong. Dr. Morse's Indian Root Pills Will Right It.

When it seems as if you simply could not bear up any longer it's high time to look for the cause of the trouble—and the remedy. In an astonishingly large number of cases the real cause of woman's misery is found to be constipation, and the remedy that always cures it, Dr. Morse's Indian Root Pills.

Thousands of Women find Just Like This.

Neglect of the daily movement of the bowels, so necessary to health, soon poisons the whole system from the impurities retained in the body. Headaches, indigestion, biliousness and lassitude follow, and often more serious female disorders are brought on or aggravated.

Dr. Morse's Indian Root Pills not only regulate the bowels, but they stimulate the kidneys and skin as well to throw off waste matter and purify the blood. The result is quickly apparent in the disappearance of the headaches and biliousness, and the return of health and vigor. Thousands of women all over the world owe their present good health to Dr. Morse's Indian Root Pills.

Made by W. H. Comstock Co., Ltd., Brockville, Ont., and sold by all dealers at 25c a box.

The evangelistic service in the Portland Street Methodist Church last evening was both large and enthusiastic. The meeting was led by the pastor, Rev. Neil McLaughlin. A good choir added greatly toward the success of the meeting. There is no doubt as to the power of the Spirit in the North End of the city, and Rev. Mr. McLaughlin is looking forward to very successful services. All are requested to bring their Alexander song books, as they are being used in the meetings.

#### NEW RECORDS ESTABLISHED IN BRITAIN SPORT

Bonhag and Donaldson Have Some Splendid Performances

LONDON, March 1.—Followers of foot racing have had two remarkable performances to discuss lately. One is G. Bonhag's three miles in 14 mins. 2 2/3 secs. on an indoor track at Buffalo, U. S. A., and the other is J. Donaldson's 100 yards in 8 1/2 secs. at Johannesburg, South Africa. It may be stated at once that both performances are viewed with some doubt in England. This is perhaps natural, when the critics are men with no experience of indoor running, or the conditions prevailing in South Africa. However, when you happen to understand both, he is not quite as doubtful, though some confirmation of both performances will be welcome.

There is no wind to speak of, and the conditions are relatively faster than outdoor tracks, and in there were a building big enough to permit of four laps to the mile track being laid out. It is more than likely some startling times would be accomplished. #### DONALDSON'S SPRINT.

Turning to Donaldson's performance at Johannesburg on Saturday, experts here recognize that he must be a wonder to beat Postle 24 yards and Holway nearly 34 yards. Holway ran 12 1/2 yards in 12-5 secs., when winning the Welsh sprint at Pontypridd on Saturday. This is a record, and better than even time (even time is 10 yards in 12-5 secs.). Holway ran 12 1/2 yards in 12-5 secs. (England) and did a shade better in the final 100 yards race at Wigga (England) and did a shade better in the final 100 yards race at Wigga (England) and did a shade better in the final 100 yards race at Wigga (England).

#### COLDS CAUSE HEADACHE

LAXATIVE BROMO Quinine, the world wide Cold and Grip remedy removes cause. Call for full name. Look for signature E. W. GROVE, Inc.

On Monday night Mr. and Mrs. Samuel Woodbury, of Paradise Row, Sussex, celebrated the first anniversary of their wedding. A large number of friends called at their home to wish them many happy returns.

The quarterly board of Hillsborough circuit extended their pastor, Rev. W. Lawson, an unanimous invitation to remain a fourth year. Mr. Lawson, who thanked the members for their good wishes and appreciation of his pulpit and pastoral work, declined the invitation. Rev. John Pinkerton was unanimously invited to succeed Mr. Lawson.

The eightieth anniversary of Vernon L. O. L., No. 1, was celebrated in Orange Hall, Germain street, last evening. Silqueux addresses were delivered by County Master J. R. M. Baxter, S. B. Bustin, J. King Kelley, Hon. C. N. Skinner and D. McArthur. Musical and literary numbers were rendered by Miss Jennie Roden and the Misses McArthur, Messrs. J. McLeod, A. E. McKinley and J. Zinner. A very profitable gathering was then closed with the singing of God Save the King.

To cure Headache in ten minutes use Kamford Headache Powders.

### ACTIVITIES COMMENCE IN EASTERN LEAGUE CIRCLES

MONTREAL, March 1.—Things are moving round in the Eastern League ball circuit. With Ed Barrow at the helm in Montreal we expect to have a real revival out Awtaker Park way. But what we expect here is nothing to what some of the other ball centres on the circuit are anticipating.

The Bison team looks mighty good. The Bison backslapping department, consisting of Lew McAllister, Wally Woods and that fast colt, Alvah Williams, stands on at least even terms with the best in the league. The pitching staff, headed above the center by Alvah Williams, stands on at least even terms with the best in the league. The pitching staff, headed above the center by Alvah Williams, stands on at least even terms with the best in the league.

There is plenty of baseball left in the veteran and his ability to shoot the ball will add to the batting strength of the Indians. Newark has been singularly fortunate in securing men from Baltimore. Johnny Kelly has made good in every department of the game, and Ray Demmitt was released by Dunn to Newark only to be drafted into the American League. #### Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nervine. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LILLIE THOMAS, Upper Sandusky, Ohio. For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

#### GAIN IT! REPRODUCE THE "MARRIED VOICE"

Peculiar Gift of London Writer—Home Scenes on the Stage Fall for This Reason

LONDON, Feb. 26.—A dramatic critic has been saying that in one particular point every actor and actress on the stage is a failure. Not one of them can reproduce the married voice.

"The art of love-making," he says, "is highly developed and reflects the lovers of real life almost exactly. But I have never seen actors or actresses who could in any way catch the peculiar intonation of the voice which marks the conversations of married couples, be they young, old or middle aged."

"It must be apparent to any one who studies or observes the people he meets among that a wife in addressing her husband, invariably alters the tone of her voice, giving it a note or air of intimacy or proprietorship, just as a husband does when he addresses his wife. This peculiar change of voice of our best actors and actresses fail to reproduce on the stage, even though they happen to be married themselves. At a stage garden party or dinner party the stage wife addresses her stage husband in exactly the same tone of voice as that in which she speaks to the guests. This is never so in real life."

"Even among brothers and sisters something of this peculiar note of intimacy is to be detected. Between strangers such a note would seem almost casual, slighting or offhand, but the relationship existing makes it a domestic note, a sort of home tone, which is difficult to describe and apparently impossible to imitate."

"While this is so the stage can never hope to mirror domestic life. I have seen many, many stage scenes which were meant to reflect the home life, but I have never seen a convincing one, chiefly because husbands and wives, brothers and sisters talk to each other in a way that is not outside the domestic circle can imitate."

A union evangelistic service, to which all are invited, will be held this evening in St. Andrew's Church. Services begin at 7:45.

The young people of St. Matthew's Presbyterian Church held a very enjoyable social last evening. A musical programme was rendered.

There was a large attendance in Victoria Street Baptist Church last evening when a special evangelistic meeting was held. Rev. B. H. Nobles presided a good sermon. Much interest is being taken in the special meetings.

Miss Annie T. Dillon died last evening after an illness of five years' duration. She leaves her father, Patrick Dillon, three sisters, Mrs. D. Collins, Mrs. J. McGrath and one unmarried sister, all of this city; and four brothers, James of this city, John of the I. C. R., Thomas E. and Joseph P. of this city. The death of Sarah H. Elliott, wife of James Elliott, occurred at her home in this city, yesterday. Mrs. Elliott had been ill in health during the last year and her death was not unexpected. She leaves besides her husband, one daughter, Lillian M., and one son, Frank H., to mourn their loss.

### Farmers should eat more oatmeal.

Although the farmer of today is able to buy almost anything he wants to wear or eat he is not paying enough attention to food values when it comes to his own table.

He feeds his stock carefully, avoids over-feeding and selects the stock food that he believes will give the best return in strength and general efficiency.

If he has been watching the extensive researches and experiments on the question of the best human food for muscle and brain he will heed the advice from all sides to "eat more Quaker Oats."

Quaker Oats is mentioned because it is recognized in this country and Europe as the best of all oatmeals. Feeding farm hands on Quaker Oats means getting more work out of them than if you feed them on anything else.

### AMUSEMENTS

#### THE ROYAL CHEF TONIGHT

The Royal Chef, one of the best musical comedies ever seen here, begins an engagement of four nights at the Opera House tonight. The Quebec Chronicle has this to say of the company—

The opening reproduction of Ben M. Jerome's "The Royal Chef" at the Auditorium last night proved hardly less successful than that of "The Tale of Spiee," another of the author's musical comedies, which was staged here

acts that play this section have but the one act, and week after week, and month after month, to say solely. Not so with Henry and Gill, who changed their act last night, and will do so again tomorrow evening. As singers and actors these two artists are peculiarly clever, and their work is appreciated by Orpheum patrons as a pleasing change to what they have had recently. Those who have not yet seen Henry and Gill should attend this evening, and any who heard the act Monday and last night will be interested in seeing the talented pair in their change of act Thursday and the balance of the week.

#### BIOGRAPH AND WESTERN PICTURES AT "STAR"

Star Theatre in Union Hall, North End, has got a programme tonight and tomorrow that will please everybody. It is only necessary to state that in the programme there will be two Biographs—"A Friend of the Children" and "Getting Even"—and a western drama of the famous Selig make, "The Girls of the Range." The latter is the big feature and will cause a mixture of enjoyable excitement. Further than this the European farce, "Left, Right, Left, Right," will be shown, a western marine story entitled, "A Drama of the Sea." Here are a number of the best pictures of the good music. Star subjects all will enjoy. Then there is the singing and the good music. Star will be closed Friday night to make room for the W. C. T. U. Ladies. Open again Saturday.

#### THE GEM.

A splendid programme has been selected for tonight's offering. Two features will be produced—"Jane and the Stranger." This is an imp. film which has gained much notoriety. The subject is a moral of every day life, and contains some strong situations and a cleverly worked out plot. The ending of the story is out of the beaten path and is one unexpected and pretty. "The Hand of the Heiress," a society drama with the leading characters of an American heiress and a titled foreigner. The parents of the girl endeavor to make the match. The girl's stubborn and refusal, then follows a series of situations which are pleasing to the audience but very uncomfortable for the noblemen. "Loving Hearts," a titillating little comedy, caused by an innocent love letter. This letter is written by an author for a book which he is writing. The letter does not suit and he throws it aside. It is found and passes through many hands, causing a good deal of trouble. Other subjects will be shown as well, with new songs and music giving a programme of over an hour. Matinees begin each day at 2 o'clock. The evening performances at seven.

#### NEW PICTURES AT NICKEL TO-DAY.

The Nickel has another new bill of motion pictures today, a varied programme that will interest all. The leading feature is "The Sells Drama," "Saved from the Tide," full of stirring situations and played mostly in the open air. It breathes the free air of the West or that section of it bordering on the great lakes. "The Girl's Daughter" is a tale of war in Italy and introduces some magnificent scenes in that lovely country. "The Serpent's Power" is a straight melodrama with an East Indian flavor—a distinct novelty. Miss Ray Hope will conclude with the film reading of the "Ladies," which has been such a tremendous hit and tomorrow will render something in lighter vein, though at times quite dramatic. "The Governor's Daughter." Mr. Robson will sing "The Old Mill in the Vale" today and on Thursday is to have a new number. Nickel business took a big jump again yesterday, and now that the wholesome evangelistic meetings are over the people are returning to their favorite house of pure entertainment in old-time numbers.

#### A PROGRAMME OF FEATURES AT THE UNIQUE.

The drama, comedy, and scenic will pleasantly intermingle in the magnificent programme offering at the Unique today when the Gaumont company will again demonstrate what a really fine service of subjects they are able to supply. The Unique patrons will not have ceased talking about the programme of Monday before they will have another presented for their inspection equally as good. The Hugenots is an art film from the Gaumont studio with that beautiful coloring effect that distinguishes the work of this manufacturer. The beauty of the photography and coloring when combined with the dramatic worth of the picture form a classic which all will appreciate. Pete Goes Travelling is a scream from start to finish. Travelling in France is a beautifully colored scenic subject showing the really wonderful beauties of the country as viewed from the railway train. Pete Goes Travelling and The Hypnotist are both excellent comedies. Mrs. Truffs is becoming more popular in her illustrated songs daily.

#### THE HALF MILE CITY CHAMPIONSHIP TOMORROW NIGHT.

Owing to the mild weather the ice at the Vic was not in condition for the great race between Logan, Belyea and the other contestants for the cup. Consequently it has been postponed till Thursday evening, when between the third and fourth band it will be pulled off. This is the fourth race in the series, and the possession of the cup will probably, or at least very possibly, depend upon the outcome of this contest. There will be band and skating to ring the closing daily.

### Boils and Pimples.

Whenever your complexion is unnatural, your skin in an unhealthy condition, your face covered with blotches and pimples, when boils and festering sores abound then your blood is bad. You can best cleanse it with that purely vegetable compound, Burdock Blood Bitters, which safely and promptly renovates the blood and invigorates the entire system.

Mr. C. A. Mussen, Bawlin, Alta., writes: "I recommend Burdock Blood Bitters as being the best blood purifier there is. About three years ago I was greatly troubled with boils and my doctor advised me to try Burdock Blood Bitters and after taking two bottles I have not had a boil or even a pimple."

Mr. J. Morhouse, Zealand Station, N. B., writes: "My face and neck were covered with pimples and I tried all kinds of remedies, but they did me no good. I went to my doctor, but he could not cure me. I then tried Burdock Blood Bitters and I must say it is a wonderful remedy for the cure of pimples."

### ST. JOHN STAR.

ST. JOHN, N. B., MARCH 2, 1910.

#### GAMBLING.

The statement made by Dr. Rees that a quiet little game is going on in Carleton has excited some interest. Chief Clark says that the police know nothing about any gambling den on the West side, but he very wisely neglects to add that if such a place were in operation his men would know of it. He realizes that the proprietors of institutions of this sort are particularly anxious about keeping the police in ignorance, and he is prepared to admit that this desire may have been successful to date. The admission that professional gambling may be practiced without the knowledge of the police when followed by a proper effort to check the evil, is better than a stubborn denial of the existence of a game and failure to act in the matter.

These things are not, however, to be taken too seriously. Every little while it is learned that gambling is followed in some section or other of the city, but by the time the news leaks out the crowd has broken up of its own accord. These gatherings usually die a natural death, and leave behind them a few toothy individuals who, because of their mania for cards, have lost more than they can well afford to pay. As a rule, the proverb of "once bitten, twice shy" applies, but there are a few men so devoted to games of chance and skill that they are unable to keep out of the danger even at the risk of financial disaster.

Yet it should not be supposed that gambling is a completely harmless pastime. The "Wax" game, for instance, is a most serious one. It has been a place in operation—can continue indefinitely, or that there are many such dens in the city. Perhaps the very fact that gambling has been mentioned by Dr. Rees will put a stop to the games now going on.

#### THE HARBOR BRIDGE.

Apparently the harbor bridge is not yet a dead issue in the minds of our few enthusiastic aldermen and other. These members of the council deserve credit for the energetic manner in which they are pushing the project. It is to be regretted that their efforts, in the opinion of many citizens, are wasted. The general impression certainly seems to be that the construction of the bridge, at the present time, is not advisable, and even if the objections to it are overcome, no definite step should be taken until a more comprehensive report has been prepared by an expert engineer. A bill in course of preparation which is to be presented to the legislature, seeking authority for the construction of a bridge to cost not more than \$750,000, this amount being decided upon as a result of the estimate made by Mr. Holt. While it will be well for the city to obtain the necessary authority in the event of construction being decided upon at some future time, it is injudicious to fix such a limit on the cost, for certainly there is a well founded belief that a satisfactory structure cannot be created for any such sum. The passing of this bill, if it is passed, will not commit the city to any definite policy, and if the measure is put in such a form that it can be acted upon within the next decade, it may be permitted to go through without objection. Yet limiting the expenditure as is now proposed will constitute amending legislation when St. John finally decides to seriously consider the bridge proposition.

#### TOO MANY STARTERS.

Magistrate Ritchie very truly remarks that there are too many young men arrested these days for drunkenness, or rather, that too many young men are making themselves liable to arrest by over-indulgence in intoxicants.

The magistrate is experiencing some difficulty in finding where these minors have resorted to the liquor and his advice to the police to devote closer attention to this phase of the matter is timely and to the point. It should not be very difficult to discover what dealers are violating the law, or what persons have resorted to the habit of drinking. Certainly the police court reports indicate that the use of liquor among young men is becoming more noticeable, and it is the duty of the authorities to check this tendency by every possible means.

In both the eastern and western states exceptional weather conditions have resulted in heavy loss of life and serious damage to property.

The Valley railroad is on the programme for discussion in the legislature today. Mr. Hazen's attitude toward this project, which has already been concisely up to date, may at last become known.

That engagement at Tipitapi in Nicaragua between the government forces and the insurgents appears to have been different from most revolutionary battles. A considerable number of persons were killed or wounded. This is establishing a bad precedent.

### COLLECTIONS WILL PAY CAMPAIGN EXPENSES

\$3,300 Received—General Committee Met Yesterday to Report on Close of Services

At a meeting of the board of management of the Seamen's Institute, held last evening, reports showed that the society was in a good financial condition, being now able to meet all its liabilities with the exception of course, of the \$4,000 mortgage on the building. A report of the results of the recent canvass in behalf of the institution was received as follows:

Treasury	\$181.00
Methodist	57.00
Roman Catholic	64.00
Baptist	173.00
Episcopal	222.00
Annals from outside friends	302.00
<b>Total</b>	<b>\$1,200.00</b>

Mr. Worship Mayor Bullock was present at the meeting and expressed his high appreciation of the work which is being done by the society. Rev. David Lang, Mr. Chas. McDonald and Rev. A. A. Graham also spoke in the same strain. Mr. R. Morton Smith presided at the meeting.

### 1640 POUND CHUNK OF SILVER ORE

TORONTO, Ont., March 2.—A chunk of silver ore weighing sixteen hundred and forty pounds has arrived at parliament buildings from Coleman Township. It is estimated to contain nine thousand seven hundred and fifteen ounces of silver, valued at five thousand dollars.

Charged with accepting bribes from Messrs. of Miss and House of vice at Gowanda, Provincial Officer Walter W. Paul has been suspended and an investigation will be had. Inspector Greer was sent up by the provincial government to report, and on his return he accompanied by Dr. Rees will put a stop to the games now going on.

Judge Denton, addressing the grand jury in general sessions which opened yesterday said: "While there are many cases of minor offenses, yet there are some which are of more than ordinary importance." In referring to the Coback case, he said, "I have quoted the amendments made in the criminal code last year for the protection of property of mining companies."

### WILL AMEND THE SNOW REMOVAL LAW

The Harbor Board at its regular session last evening, decided to secure a chemical fire extinguisher for No. 8 and 8 sheds. It was also decided to make extensive repairs to the Nelson ship and wharf. The work is to cost \$200, inclusive of already expended money. Wm. Thomson and Co. complained of a charge of \$44.44 wharfage. The collector was instructed to make the collection.

The board of Public Works met with Ald. McCordick in the chair. The bill regarding the removal of snow from sidewalks was also under consideration. The bill was referred to the bill and by-laws committee with instructions to amend the measure.

The city engineer recommended that residuum oil be procured to lay the dust on the streets. The recommendation was approved.

S. H. Mayes was asking for an extra payment of \$200 on the Spar Cove contract. The board decided that the extras should not be given.

### FIFTEEN READY FOR FOREIGN MISSIONS

The Baptist Foreign Mission Board met in regular session yesterday. Committee meetings were also held on considerable business was transacted. A communication from Newton's Centre, N.S., was read, and it was decided that fifteen students were ready for service in the mission field.

The treasurer's report showed a balance in the treasury of \$647.10. Arrangements for the supply of stockport Church, near Sackville, were made by the board.

### PRESS EXCLUDED BY HARBOR BOARD

The reporters, in spite of the determined efforts of Ald. Belyea to secure their admission, are still excluded from the meetings of the Harbor Board. Last night before the board met, Ald. Belyea brought up the matter and moved that the press representatives be permitted to be present during the session of the board. The alderman stated that the newspapers always obtained accounts of what was done at the meetings, and nothing was to be gained by keeping the reporters out. He thought that they could be trusted to use their discretion and not publish matter detrimental to the city's best interests.

Ald. Belyea moved in amendment that the sessions of the Harbor Board remain private as before.

The chairman, Ald. McCordick, declared the amendment carried and the names be taken. This was not done, the chairman declaring that the amendment was carried. The representatives of the three morning papers as a result had to take their departure.

Ald. Belyea previously attempted to have the meeting of the Harbor Board made open to the press, but without success. It is interesting to note that a couple of years ago the Common Council decided that all board meetings should be open to the press.

## The Evening Chit-Chat

By RUTH CAMERON

"I was delightfully surprised by your remembrance but you know I am an individual who is always expecting surprises" a woman wrote me the other day.

She is a woman of about seventy. Don't you think that is a delightful attitude to have been able to preserve towards life all those years? Incidentally she is the youngest woman of that age that I know, and the most interesting and brightest of all the women of any age that I know.

Isn't it possible that there may be a connection between the attitude and the qualities?

There is a certain subject on which I'd like to be enlightened—and that is whether there is really any necessity for the extraordinary facial contortions most sinners indulge in.

It doesn't really seem to me that there can be. I heard a church soloist the other day who had a face and figure that matched the heavenly sweetness of her singing.

That is a rare thing, I'd think. A singer is often "a fine figure of a woman," but seldom the ethereal creature that would better rhyme with most music.

Hence it is that when I hear the ethereal music I am apt to close my eyes to enjoy it to the full.

But this time I thought I didn't need to, for just looking at the lady was like hearing an anthem.

And then the shock came.

Just before she began to sing she contorted her face for a moment out of all likeness to a human being.

Though I was going to sneeze, but she didn't.

She simply seemed to be clearing her face the way some singers clear their voices.

And she did it before each verse, so I closed my eyes after all.

It was the worst contortion I had ever seen, but all singers indulge in them, more or less.

Do they really need to, I wonder?

Do you believe in signs? Because if you don't, you ought to.

The kind that tell you which door to go out and which to enter by, and things like that, of course I mean.

Any person who leaves a car by the door by which he is requested to enter, and vice versa, is a person not properly supplied with respect for the rights of others.

I heard a girl say the other day that her only New Year's resolution was to obey strictly all such signs.

I think she could have made many a less worth while resolve.

It seems to me there is no better criterion of our measure of civilization than this very thing.

When men have reached a certain stage of civilization they obey laws made for the benefit of the majority.

When they have reached the next stage they also obey suggestions made for the benefit of the majority.

THE LIGHTER SIDE OF LIFE

DONE INTO ENGLISH. ONE WAY.

A certain couple, having risen in the world, engaged a French cook. But Mr. Rich, though he liked the cooking, was not satisfied.

"My dear," said he to his wife, "I find this French cook is a bit of a trouble. He is coming for dinner. The menu is made out in French; can't it be done in English?"

Mrs. Rich applied to Monsieur Alphonse, who shrugged his shoulders above his ears, but said he would do his best if he could get him a dictionary. Next evening they had a few friends to dinner and this was the result of Monsieur Alphonse's studies:

Soup at the tail of the calf.  
Salmon in curl papers.  
Chest of mutton to the little peas.  
Beef steak at the English.  
Potatoes Jumped.  
Ducks savage at sharp sauce.  
Charlotte at the apple.  
Turkey at the devil.  
Fruits variegated.

The host and hostess agreed afterward that they had never presided at a more hilarious dinner-party.

HE LAUGHED REPOSE.

"It was Christmas time, and a large and distinguished party was invited to the boy's house for dinner. He was invited in manners for the occasion. He was especially warned to be silent."

"Promise not to speak till you are asked a question," said the mother. And this the boy solemnly promised to do.

At dinner he was full of curiosity and animation, turning big interested eyes on every face, and the fish course had arrived without a word or sound from him. By that time, however, his patience was exhausted, and he cried to his mother, peevishly:

"Say, mamma, when are they going to start questioning me?"

"I think," he said, "I have at last found the key to success." "Well," his wife replied, "if you are going to fumble around with it as you generally do with your night key there will be a long wait before you get it."

"You say you have quit smoking?" "Yep, never going to smoke again."

"Then why don't you throw away those cigars?" "Never; I throw away a box of good cigars the last time I quit smoking and it taught me a lesson."

Wife—What sort of a play would you like to see?  
Husband—Something lively, that keeps you awake, and has plenty of music in it.  
Wife—Um. You'd better stay at home and take care of the baby.

A COLUMN FOR WOMEN

### Fashions and Fads

Figured swisses are in vogue again. There are again increasing in size.

The new flat-front collure means death to rats.

Many evening costumes are built on tea gown lines.

Face and velvet facings are much used for new hats.

Small hats are predicted, but none are yet in sight.

The collarless gown has arrived beyond all disputing.

This material and satin faced ones are to remain in vogue.

Embroidered colored dots appear on dresses for the southern season.

The one-piece frock holds its own as a garment for indoors.

Levander and blue are skillfully combined in many of the new gowns.

Some of the handbags are covered with raffia in elaborate scrolls.

### Household Hints

Towels should be perfectly dry before they are placed in the linen closet, or mold is liable to form upon them and cause skin diseases.

Neuritis may be often relieved by applying a cloth saturated with essence of peppermint to the seat of the pain and leaving it there.

To keep tulips, used as table decorations, from opening wide, a tiny bit of wax should be dropped onto the calyx of each of the flowers.

Bent whalebone, the genuine article, may be straightened by soaking before used in bathing water for a few minutes and then ironing it straight.

If mutton chops simmer in just a little water on the back of the stove before being broiled or fried, the flavor will be quite like lamb chops.

For a slightly and tasty addition to the salad, sprinkle it lightly with finely minced green pepper or finely shredded pimiento nuts.

Chilopodians say that a shoe that will not allow the great toe to lie in a straight line should not be worn if it is desired to avoid bunions.

It is wise to break eggs one at a time into a cup and to transfer each one as it is broken. Then, if one shell had, the whole dish will not be spoiled.

### TEN YEARS' TEST OF Eczema Cure

During its ten years' test, of Dr. W. D. Green's compound in D. D. D. Prescription has thoroughly and absolutely proven its merits for skin diseases. "Through on sale only a short time in Canada, it is rapidly duplicating here its remarkable success in the United States. Cure after cure, and the testimony of the world's leading skin specialists, show plainly that the way to cure the skin is through the skin; not, however, by means of a salve reaching only the outer skin, but with a penetrating fluid that gets in to the inner skin, killing the germs and soothing the healthy tissue.

Dr. D. D. D. is just this. It cures and it relieves instantly. If you have never tried it write the D. D. D. Laboratories, Dept. S. 25, Fort St., Toronto, for a free trial bottle. You know you will be more than pleased with the result. Chas. R. Watson (two stores) druggists.

### GIFTS FOR NATURAL HISTORY SOCIETY

The regular monthly meeting of the Natural History Society was held last evening. Dr. Geo. F. Matthews, the vice-president, in the chair. The following were elected members: Misses Louise Jack, Claudia Danforth, B. Brundage, Mrs. W. T. Grant, Mrs. M. Scott, Mrs. S. D. Scott, and Howard B. Austin, junior.

The following donations to the museum were made: Hupa Indian can, Mexican Indian basket, necklaces and amulets made of Reip from California, and a bread plaque of the Hop Indians, all from Mrs. Geo. A. Hamilton.

Piece of wedding dress of Mrs. Solomon Rivers, from the first piece of cloth to leave the loom in Sir Robert Peel's establishment, somewhere about 1770, from Mrs. H. P. Hayward.

Rock and fossil tribolite from Gaspe, from Mrs. M. N. Lawrence.

Iroquois beadwork pin cushion, from Mrs. J. A. Hoyt.

Three five-shilling bills of the old Central Bank of New Brunswick, from Arthur C. Fairweather.

Two baskets, one Passamaquoddy, the other Mallico, by G. N. Niskane, a Japanese who visited the museum lately, and wished to present something to it.

Collection of shells and other marine forms from the coast of Scotland, from Arthur C. Fairweather.

Two musk books of 1824 and 1825, by Mrs. D. G. Hissard.

A collection of the ground bean, from Mrs. W. B. Tennant.

A Rt. Hon. George Canning commending to the campaign, from Miss Mary E. Ritchie.

A red-cedar souvenir, from Miss D. B. Hissard.

The library received nine modern scientific books and a bound current volume of the Educational Review from Dr. Geo. U. Hay.

The lecture of the evening was by Dr. Geo. U. Hay, and his subject was "Our Native Trees."

As was expected the lecture proved very interesting and instructive, as probably no one in this section of the county is so well acquainted with the trees as Dr. Hay, who in addition to his study in the wilds of the province has had under his eye at "Inniside," the site of his wild garden, practically all our native trees, and who has for years been able to watch and note their growth and development.

Many beautiful illustrations of our trees were shown, and the lecture did much to make the large number present better acquainted with the tree life of the province. At the close a hearty vote of thanks was tendered the lecturer, after the paper had been discussed by Dr. Matthews, Jas. A. Estey, F. A. Dykeman and H. A. Powell.

Rev. Fr. McAdam, rector of the Cathedral at Antigonish, N. S., who has been receiving treatment at Keenleyside Hospital, Boston, spent yesterday in the city with Rev. A. J. Duke and Rev. Fr. Carson. He left for home on last evening's Halifax express. Rev. Fr. McAdam is afflicted with spinal trouble, and has been in Keenleyside twice before. He now feels somewhat improved in health.

A very weak solution of ammonia water is excellent for cleaning a diamond. It should be applied to the under side, and will make it very brilliant.

### Women Cannot be Strong and Healthy Unless the Kidneys are Well.

Weak, lame or aching backs are the first sign of Kidney Trouble.

Under ordinary conditions they ought to be strong and ready to bear the burdens of life.

It is hard to do housework with a weak and aching back. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause.

But they can't help it. If more work is put on them than they can stand it is not to be wondered that they get out of order.

Weak back is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney troubles.

Doan's Kidney Pills will cure you in the same way as they have cured thousands of others.

Miss Alberta B. Clarke, Stony Creek, Ont., writes—"I was troubled with kidney trouble for several years; my back was weak and aching, and I was so restless I could not sleep at night and tried everything without any benefit. Meaning a friend advised me to try Doan's Kidney Pills, so I got four boxes and they completely cured me. I now feel as well as I ever did and would advise everyone suffering from Kidney Disease to try them."

Price 50 cents per box, or 3 for \$1.25, at all dealers or The T. Millburn Co., Limited, Toronto, Ont.

**THE CLOCK OF DEATH AT HAMPTON COURT**

LONDON, March 1.—The clock of death" at Hampton Court Palace has been carried away for repairs. The dial has been removed and the works taken apart. It is nearly thirty years since a similar task was undertaken. The clock got its unpleasant name from a superstition that whenever any one long resident in the palace dies it immediately stops. When Anne of Denmark, queen of James I, died, the clock stopped almost before the last stroke sounded, tradition says. Since then it is supposed to have kept up the custom, and any number of tales are told to prove it. Aside from this peculiarity, the clock has an interesting history. It was the first astronomical timepiece in England, and was made for King Henry VIII in 1540. In 1580 it was brought out of a shed, where it had lain neglected for nearly half a century, and by order of the then secretary of the office of works it was re-erected in the courtyard opposite the entrance to the state apartments. Historians say it was invented by Nicholas Craton, a famous German astronomer, who came over to England at the invitation of Cardinal Wolsey.

**THE PIONEER NURSE OF WILDEST AFRICA**

Sister Bessie Smyth Has Many a Remarkable Tale to Tell of Career Among Boers and Kafirs

LONDON, March 1.—Sister Bessie Smyth, the pioneer nurse of wildest Africa, will return to England some time this year, and it is supposed she will have a remarkable tale to tell of her wanderings. It is nearly thirty years since she began her career at Kimberley and was graduated in her profession. She was then a bright young Irish girl, who, in 1881, when a severe smallpox epidemic broke out in the Transvaal, it was she who took charge of the sanatorium in Pretoria. She organized the sanatorium and trained awkward Kafirs as orderly boys. For four months she lived in that camp and saw the danger through. Then came the war. She was in the fighting line at Kimberley and Boetfort, and later she was put in charge of a hospital. When the war ended she took charge of the government hospital at Mombasa and after this set off unarmed, and only attended by occasional carriers picked up on the way, through north-west Rhodesia, across a corner of the Congo Free State along the shores of Lake Tanganyika, till she came to the Victoria Nyansa, which she crossed in an Arab dhows. Everywhere she helped the savages, and found them grateful and helpful in return. The year 1906 saw Sister Bessie on the Gold Coast, which she left after the hospital closed for Liberia and San Thome, after which she found herself at the scene of the Cape colonial white fisheries. Here she became counsellor and friend of the Norse fishermen. A whaling ship recently landed her at Cape Town. A woman who saw her here arrived at that city describes her as "Khaki clad from head to foot, her whole demeanor speaks of readiness and service. A strong, sweet face, framed in soft grey hair, and eyes with the most understanding eyes one could meet—gray, Irish eyes, which twinkle with sudden humor, readily as they moisten with pitiful tears."

**TIBETAN TELLS OF WONDERS OF EUROPE**

Very Near His Idea of What Paradise Should Be

Everybody Rich and Every Meal is a Banquet —Water, Light and Heat by Turning "Little Wheels"

LONDON, March 1.—Many explorers have told the world what they saw of the Tibetan, but what the Tibetans think of western civilization is novel. The explorer Jacques Bacot, who has just returned from his impressions of a Tibetan upon coming in contact with European boys and customs, and London is much interested. He is one Adjuw Gumbo, the guide and interpreter of the French explorer, Jacques Bacot, who now acts as his translator. When M. Bacot returned recently from Tibet and the Himalayas Adjuw came with him, after much hesitation. He travelled down the Irrawaddy river in a vessel that "went faster than the wind, made a noise like thunder and from time to time screamed so loudly that it could have been heard at a distance of three days' march."

**TRAILING A SKUNK**  
AN EXCITING JOB

Makes Tracks Much Like a Cat and Direction is Difficult to Follow

Some of Ernest Thompson Seton's observations on following the tracks of wild animals purely for the pleasure of the trail were quoted recently. In the current number of Pur News a trapper tells how he does the same thing, but in his case not just for the sport of the chase. According to the trapper, no animal among fur bearers is followed where there is snow so much as the skunk, and how many times the amateur is misled it would be hard to say. "I have known him to follow a cat track," says the writer, "thinking that it belonged to a member of the striped family. The cat steps much farther, the track is more round and does not leave the nail prints the skunk does. The cat travels a much straighter course and does not toe in."

Certain Proof Will be Made That Stuart's Dyspepsia Tablets Cure Stomach Trouble

A TRIAL PACKAGE SENT FREE.

Stuart's Dyspepsia Tablets are made to give to the system through the digestive tract and the stomach, the digestive chemicals not only digest food, but to correct the action of the body so that it may no longer suffer from dyspepsia or other stomach trouble.

We will send you a quantity of these tablets free, so that you may see the power to cure may be proven to you.

Thousands upon thousands of people are cured of their stomach troubles by Stuart's Dyspepsia Tablets. They contain fruit and vegetable essences, the pure concentrated tincture of the Golden Seal, which tones up and strengthens the mucous lining of the stomach, and increases the flow of gastric and other digestive juices; Lactose (extracted from milk); Nux, to strengthen the nerves controlling the action of the stomach and to cure nervous dyspepsia; pure aseptic Peppin of the highest digestive power—free from all animal impurities; Bismuth, to absorb gases and prevent fermentation. They are deliciously flavored with concentrated Jamaica Ginger—itselt a well known stomach tonic.

Liquid medicines lose their strength the longer they are kept, through evaporation, fermentation, and other changes, hence Stuart's Dyspepsia Tablets are recognized as the only true and logical manner of preserving the ingredients given above in their fullest strength.

If you really doubt the power of these tablets, take this advertisement to a druggist and ask his opinion of the formula.

It is due your stomach to give it the ingredients necessary to stop its trouble. It costs you nothing to try. You know what you are taking, and the fame of these tablets prove their value. All druggists sell them. Price 50 cents. Send us your name and address and we will send you a trial package by mail free. Address P. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

**TRACING TAIN OF SUICIDAL MANIA**

LONDON, Feb. 23.—With the object of showing the consequences of intermarriage where a suicidal taint exists, and the necessity for imposing some restraint, the Mendel Society, gives an instance of the development of suicidal mania through four or five generations.

Two families lived in the same village and the tradition is that one family was addicted to suicide by drowning, and the other by shooting. The tradition is traced back at least five generations, but the actual records of the first generation were not kept. In the second generation one individual committed suicide by drowning, and in the whole family there was a case of suicide by shooting. Of that generation a member of the shooting family married one of the drowning family, and of the issue of the marriage one person committed suicide by shooting and another by drowning. There were two normal members of the two families who married, making what is called a cousin marriage. Of the offspring of this union—being the fourth generation in order—one was insane, with suicidal mania, and is still living; two brothers drowned themselves, a fourth poisoned himself, a fifth shot himself and a sixth poisoned himself. A seventh one was insane, with suicidal mania and there are three other normal members of the family who are still living.

The suicidal mania prevailed in other branches of what is called the shooting family, and in one of these branches in the third generation there was a member who shot himself. His son also committed suicide in the same way and a third was insane, with suicidal mania. Two sisters were normal, but in the next and present generation all the offspring have had suicidal mania.

TORONTO, March 2.—John Taylor, a fourteen-year-old boy of Dundas, died in Hamilton Hospital last night from hydrophobia, after suffering intense agony. He was bitten by a pet dog several weeks ago.

**LEWIS, M. P. HAS SCHEME OF HIS OWN**

OTTAWA, Ont., March 2.—The naval debate was resumed in Commons yesterday. E. N. Lewis, independent Conservative, occupied the floor throughout the larger part of the session. He presented a policy of his own, which differs materially from suggestions advanced by any of the members. Mr. Lewis proposes that there shall be no contribution of Dreadnaughts, but that Canada should devote her energies to the training of men for the navy. The speaker went fully into the matter of the German war scare. He believed the reason that Germany was building her navy was to forestall the United States in securing possession of a part of South Africa.

It is more than merely the expensive floor-glaze. It renovates old furniture; makes all woodwork look new again; won't fade nor crack or show wear in a long while. Make your floors easier to keep clean and dustless with M. L. Floorglaze. Get the book—ask for it NOW. Any of the seventeen handsome self-illustrated hardcover—or the transparent natural finish. Comes in tin, glass will look better and last longer than paint or varnish. So will any of the seven M. L. Floorglazes. Each tin contains 500 square feet. Apply. Dries hard overnight! Ask your dealer or write us.

**"ELECTRICITY IS LIFE."**

If you want to get up in the world and make your mark; if you want to be pointed at as a successful man; if you want to be a Mac among men, you must be full of electricity—magnesium. Brooding over your troubles—spending hours and hours regretting your past follies and mistakes—despairing of help will not get you your capital of nerve power—will not help you down the shadows and get you into the sunlight of happiness and success.

You aren't the only fellow after plums—the high places. Thousands are in the strife, and the prizes go to the wide-awake—the men of courage and energy. Life is made of hurry and worry, hard knocks and excitement.

**You Have Heard It Said That Opportunity Knocks But Once in a Lifetime**

The fact is, she makes several calls, but she doesn't come with a brass band to wake you up. Nature carved you in the image of a man, a man you can be, as we can show you the way. If you have fallen by the wayside, if you have succumbed to temptation and folly, if you have exhausted your vitality through excess, overwork or worry, use your God-given brains and judgment for a few moments.

Take an inventory of yourself. Seek the truth. Study your weakness. Don't further wreck your nervous system and befuddle your brain with drugs, stimulants, and use that great wondrous power, Electricity, as we apply it with

**DR. McLAUGHLIN'S ELECTRIC BELT**

I can point to hundreds of men today who came to me broken in health and spirit—absolute physical weakness, hopeless, despondent, who followed my advice, used my Belt, regained their strength and vitality, and are now getting on in the world. Many of them say that my Belt saved their lives.

WM. S. CARTER, Box No. 14, Mapleton, Ont., says: "I have worn one of your Electric Belts for three months as directed, and am very much pleased with it. It has done more for me than I expected, and I feel that I am perfectly cured. I cannot speak too highly of it, and hope that it will do as much for others as it has done for me. I will strongly recommend it to all people suffering from aches and pains."

J. HARRY DENTON, Trenton, Ont., says: "I used your Belt for nervous debility and rheumatism in 1908, and it cured me. I wrote at that time to this effect, and what I said then I can verify now. I am enjoying better health at the present time than I have done for many years. I would recommend the Belt to any one suffering from rheumatism or from any form of nervousness."

J. LANGRISH, Box 33, Yankless Hill, Ont., reports: "The lameness in my back is all gone, the Varicocle is better and I am getting better health generally, and have gained a good deal in weight."

JAR. HATT, Beach Hill, N. S., says: "The pains in my chest and back are all gone and I have gained fifteen pounds in weight. It is a pleasure to say that I have at last found a remedy that would cure me of my aches and pains."

**A DOCTOR'S GIFT TO THE SICK AND WEAK**

To the people who want to be strong, who want to feel like they did when young, I offer a book which will show them the road to happiness—a book of 80 pages, which is brimful of the things they like to read, which will give them courage and enlighten them as to the cause and cure of their troubles. It will point out the pitfalls and guide them safely to a future of strength and vitality. It is beautifully illustrated. It tells what other people have suffered and how they have cured themselves. It is free. I will send it, closely sealed, without charge, if you will mail me this coupon. If you are not what you ought to be, send for it today.

**FREE BOOK FOR WOMEN**  
Get my 80-page book describing my treatment, and with illustrations of fully developed men and women, showing how it is applied.

This book tells in plain language many things you want to know, and gives you a lot of good, wholesome advice for men. If you have fallen by the wayside, if you have succumbed to temptation and folly, if you have exhausted your vitality through excess, overwork or worry, use your God-given brains and judgment for a few moments.

I want to convince every sufferer that he can get benefit from my treatment. Nobody should be without it, for it is cheap enough, far cheaper than a course of doctoring, and I want everybody to try it. Let every sufferer who can do so call at my office and make a full test of my battery free of any charge.

If you can't call, send this coupon for my book.

Office hours: 9 a. m. to 4 p. m. Wednesday and Saturday till 8.30 p. m.

### ADDRESS ON LIFE

#### OF DR. HUGGLEFORD

At a meeting of the New Brunswick Historical Society held last evening in their rooms in the Market Building, Dr. W. O. Raymond gave a very interesting sketch of the life of Dr. Peter Huggleford, one of the Loyalist founders of the city. Dr. Huggleford was a surgeon in the Royal American regiment, and after coming to this city practiced medicine here for a number of years and took a prominent part in the life of the community. His son-in-law, Elias Hardy, is also prominent in connection with the early government of the province.

### DEPORTATION SAD FATE

#### OF YOUNG ENGLISHMAN

A young Englishman afflicted with mental trouble, was brought to the city today from Toronto for deportation to the Old Country. The woman, who has been living with a married sister in Toronto, is thought to have been insane before coming to this country. Her disease generally expresses itself in hilarity and talkativeness, and as she is dangerous at times it was necessary for a male guard to accompany the usual lady official.

During the trip and at the station the patient attracted considerable attention by her efforts to make friends with strangers. She was neatly dressed and of rather striking appearance.

A woman returning from Belleville with her two children, were also in care of the party, although going voluntarily.

### PRINCE EDWARD ISLAND

#### WINS STARR TROPHY

Without Playing for It—Crystals the Leaders in the Only League—St. John's Scheme Falls Through

Official bulletin No. 514 issued from Charlottetown by Secretary McMillan of the M.P.A.A.A. gives the sanction of that association to the St. John Hockey League to hold scheduled matches. Manager Clawson said today that the league would not be organized, as the enthusiasts preferred matches with outside teams.

Nova Scotia hockey teams, which anticipate being called on to defend the Starr trophy will not welcome the announcement that Prince Edward Island's team will become the possessor of the trophy without playing any games. The team, which was organized at a conference with Manager Clawson this morning, He said that the trophy must be contested for by winners of provincial leagues. The Nova Scotia league has been broken up, although two teams are playing matches.

The only provincial league in the provinces is in Prince Edward Island. The Crystals of Summerside will receive the trophy as that septette has finished in first position in the league.

### MRS. ROACH'S DEATH

Mrs. Sarah Roach of Wentworth street passed away at midnight. She was the widow of Thomas Roach of Sussex. The deceased was the daughter of Charles W. Stockton and granddaughter of Andrew Hunter Stockton, Loyalist, who was the first man to be married in St. John after the landing of the Loyalists.

Mrs. Roach was born seventy-seven years ago at Smith's Creek, Kings County. In 1859 she was married by Rev. Ezekiel McLeod to Thomas Roach, a prosperous farmer of Sussex. She deceased was a communicant of the Main Street United Baptist Church at Sussex until she removed to this city three years ago. She was a woman of more than ordinary ability, taking a keen and intelligent interest in religious and political matters. Three daughters, Mrs. H. Coates of this city and Misses Margaret and Bessie at home, survive.

The funeral will be held on Friday at 11 a. m. Rev. B. H. Nobles will officiate, assisted by Rev. C. W. Squires. The remains will be taken to Sussex at the Main Street Baptist Church another service will be held. Rev. Mr. Nobles will also conduct this service. He will be assisted by Rev. Dr. Phillips and Rev. Mr. Saunders.

### Ostermoor

#### THE OSTERMOOR IS BEST

The sleeping place has always been an important part in human life. Exquisitely carved bedsteads were a feature of the Roman Empire. The Canopy Top bed appeared in the Twelfth Century. Comfort was second to appearance. The solid bottom and hunk mats were followed by slat or rope bottom, straw ticks and feather beds; these were followed by the spring bed and the hair mattress.

The Ostermoor Felt Mattress marks the final stage in the evolution of the sleeping place, in this age of luxury and scientific cleanliness.

The Ostermoor Patent Elastic Felt Mattress is made from the best quality of pure, new cotton. Unlike hair, it is absolutely germ-proof, dust-proof and vermin-proof.

This selected cotton is mechanically prepared in gauzy sheets as thin as a lady's veil. These are built up by hundreds of sheets, to the required mattress thickness, forming one billow mass of uniform layers, that will never get out of shape. This is compressed into a dainty cover of ticking, and finished by expert workmen.

The Ostermoor Mattress is absolutely non-absorbent and sanitary, will never mat, pack, get hard or lumpy and will give a lifetime of satisfaction.
