GENERAL BRUSILOFF'S ARMIES DRIVING ON TO LEMBERG, THE CAPITAL OF AUSTRIAN GALICIA

\$100,000 BLAZE IN AMHERST

Pattern Department of International Engineering Works Damaged.

THE FIREMEN HAVE NARROW ESCAPE

Blaze Worst to Handle Amherst Has Had for Many Years.

Special to The Standard. Amherst, July 11.—The worst fire to be recorded for many a year was the decision of the local fire fighters following a conflagration at the International Engineering Works. Shortly before one o'clock this afternoon smoke was seen emerging from the pattern storage room. An alarm was immediately rung and the firemen on the spot speedily got a stream playing upon the blaze, which, at the time was not considered to amount to much.

With the arrival of the town fire fighters the flames had laid hold of the pine wood patterns and the flames were rapidly converting the entire interior into further fuel.

All the possible streams covered the building but nothing could be accomplished in the way of saving the building for over an hour. Immense dark clouds of smoke handicapped the firemen and the heat drove them back.

Heavy Loss. Between \$75,000 and a \$100,000 worth of material went up in smoke. All the patterns of years were stored in this building and the loss will be very heavy. Although insurance covers the building and its contents.

BAN ON THOSE OPPOSED TO COMPULSION

Hon. Arthur Meighen Introduced Drastic Amendment in House of Commons Last Night.

July 11.—After the house had finished the preliminary discussion of all the sections in the militia bill tonight the Solicitor-General gave notice of a most important new section designed to put a drastic ban on all agitation against the enforcement of the bill once it becomes law.

The Solicitor-General merely read the amendment. He made no comment upon it, beyond stating that the members of the house would have the text available for reference in tomorrow's Hansard.

Class no provides that any person who by means of any written or oral communication, or by any public speech or utterance, advises, urges or advocates that the men, or any of the men mentioned or included in any of the classes liable to conscription, shall contravene, disobey, neglect or fail to comply with all or any of the requirements imposed upon them by the act, or by regulations made thereunder, or who wilfully resists, obstructs, hinders or impedes or attempts wilfully to resist, obstruct, hinder or impede, or who persuades, induces or instigates or attempts to persuade, induce or instigate any person, or anybody, or class of persons to resist, obstruct, hinder or impede the execution of this act in any respect according to its true intent or purpose shall be guilty of an offence and shall be liable upon indictment or upon summary conviction to imprisonment for a term not less than one year or more than five years.

PRESSURE BY CANADIANS AGAINST CITY OF LENS

Constant Raids Are Being Made on the German Defense Points.

DANGER IN ATTACK ON RUINS OPENLY

Canadian Party Warns Main Body of Approaching German Attack.

RAID IS TURNED AGAINST ENEMY

Teutons Are Caught by Bombs in Surprise Attack on Our Lines.

(By Stewart Lyon, Special Correspondent of the Canadian Press.) By The Canadian Overseas Correspondent. Canadian Headquarters in France, via London, July 11.—Determined pressure against the defenses of the Germans in the vicinity of the city of Lens continues daily. Necessarily it is of a sort that must be exercised methodically. To send large bodies of assaulting troops into the maze of wrecked houses and mining works which now constitutes "No Man's Land," might result in the carrying of a few hundred yards of shapeless ruins, but the price that would be exacted by enemy machine guns would be far greater than the new ground won by a coup de main of that kind could possibly be worth.

The least costly mode of advance is gradual encroachment upon "No Man's Land" by patrols, which occupy wrecked houses here and there during the night and, after a sufficient number has been secured, to form a fairly continuous advanced line. This style of preparatory fighting brings into action the scouting facilities of a large proportion of westerners in the battalions holding the line at the present. An incident which occurred the other night illustrates their methods.

A party of ten men, with a lieutenant in command, went out to examine an isolated row of miners' houses in front of their own line. The enemy was so near that no light was possible save that of the moon, emerging at times from behind heavy clouds. Under these conditions the party went to work in pairs, groping their way through the unfamiliar ruins and seeking for signs of occupation.

The lieutenant and two of his men were in one of the houses when sounds outside warned them of the coming of a considerable body of Germans. Taking shelter where the shadows lay hidden, the three Canadians lay hidden whilst more than forty of the enemy passed through the house in which they lay. The Germans were apparently on the way to a rendezvous for a raiding party, for they went out in the direction of the Canadian front.

Collecting his little party, the lieutenant sent a man back to warn their comrades in the Canadian trench. Then he and the remainder of the scouting party followed the enemy, stalking them so successfully that they got within bombing distance and discovered. The crash of bombs falling among them was the first intimation to the Germans that they had been seen. They ran pell-mell, and some of them were badly hurt, judging from the outcry.

Similar raids and sorties are taking place all along the line in the Lens sector, from Loos to Mericourt.

ST. JOHN OFFICERS ARE IN BOSTON

Special to The Standard. Boston, Mass., July 11.—Colonel J. L. McAvity, Major G. M. Johnston, Captain E. Smith, Capt. G. D. Knowlton, and Lieut. W. H. Brooks, of the Eighty-fifth, are here to inspect Massachusetts officers and a company of engineers in trench work. They will begin their new duties at Wakefield on Monday, the Canadian officers visited the camp of the 8th and 6th Massachusetts regiments at Framingham today.

FOURTEEN VESSELS VICTIMS

Most Encouraging Week in Submarine Situation for Long Time.

TOTAL BRITISH VESSELS LOST 24

Seven, However, Fishermen and Three Comparatively Small Craft.

London, July 11.—The sinking of fourteen British merchantmen of more than 1,600 tons is reported in the weekly summary of shipping losses, issued here today. Three merchantmen of less than 1,600 tons and seven fishing vessels, also were sunk.

The official statement follows: "Arrivals 2,222; sailings, 2,792. "British merchant ships unsuccessfully attacked, including four previously reported, were:—

"British fishing vessels sunk, including one previously reported:—

The increasing effectiveness of the measures against submarines which are being carried out by British and American warships is shown in the record of the last week. With one exception, the number of merchantmen sunk is the lowest of any week since the earlier periods the totals were respectively twenty-eight and thirty-two. This compares with the sinking of forty large merchantmen in one week and thirty-eight in another at the height of the campaign in April. In the week ended April 21, fifty-five vessels in all were sunk.

CANADA MUST REDUCE CONSUMPTION OF MEAT AND WHEAT ONE THIRD

Hon. W. J. Hanna, Food Controller, Says Householders Must Assist to Meet Needs of the Allies.

Ottawa, July 11.—Hon. W. J. Hanna, food controller, issued a statement tonight. He said: "The consumption of wheat, beef and bacon in the Dominion must be reduced by at least one-third to meet the needs of the Allied armies and people. Every man, woman and child in Canada is under a direct war obligation to assist in that reduction. The consumption of flour in England and France is being reduced to between three and four pounds per person per week. Canada and the United States must reduce their normal consumption of wheat by 35,000,000 bushels this year to meet the added requirements for export. Russia has been enduring four meatless days a week. Households in England are under voluntary obligation to limit their consumption of meat to two and a half pounds per person per week. "The Allies look to Canada to relieve their food shortage."

PRIEST DEPOSED

Haltus, N. S., July 11.—His Grace Archbishop Clave L. Worrell has deposed from the priesthood Rev. E. A. Harris, formerly rector of New Dublin. The clergy throughout the diocese have been notified.

RUSSIAN ARMY CONTINUES TRIUMPHANT ADVANCE THROUGH EASTERN GALICIA

Canada May Have to Raise More Than One Hundred Thousand Additional Men

Hon. Mr. Meighen States That After Hundred Thousand Raised Canada Will Be Still Very Much in War—W. F. MacLean Wants Coalition Government.

Ottawa, July 11.—The military service bill was again under consideration of the house today in committee of the whole. Hon. Arthur Meighen stated in reply to Sir Wilfrid Laurier that a man could not insist on the right to obtain the same rank in the overseas forces under the measure as he possessed in the militia. Every one was brought down to the same level the moment the military service act applied.

Hon. Frank Oliver said he understood that when the 100,000 men were raised, Canada's obligation to men would end.

Mr. Meighen replied that Canada would still be very much in the war, but it would be for parliament to say how many more would be sent.

Canadians in U. S. Hon. Charles Maclellan said there were a large number of Canadians in British regiments and he asked if anything had been done to bring them all into the Canadian forces. He also asked what was being done regarding Canadian recruits secured in the United States.

Sir Edward Kemp stated that no consideration had been given to the question of moving of Canadians from British regiments, but as to Canadians in the United States, he stated that recruits were given an opportunity of saying whether they would go into the British or the Canadian army.

Sir Robert Borden remarked that there were not very many Canadian privates in the British army; they were principally officers.

The member for Edmonton pointed out that although 418,000 men had enlisted, the number of militia had stated that 75,000 of them had not gone overseas and would not go overseas; therefore, although 100,000 men were added to those who had recruited for overseas it was not the case that under the bill an army of half a million would be raised.

To Raise 100,000 Men. Those 75,000 men should be deducted from the 50,000 short.

REPUBLICAN TROOPS ARE IN PEKING

More Comic Opera Changes Expected in Flowery Kingdom or Republic Soon.

Washington, July 11.—Entry of the Republican troops into Peking was announced in a despatch to the Chinese legation today indicating that the monarchial coup d'etat had come to a complete failure.

The despatch was the first in two weeks to come through direct from the Peking foreign office. The second and final abdication of the Manchurian Emperor, Hsuan Tung, it is said, is expected momentarily along with the arrest of General Chang Hsun, the military adventurer responsible for the coup, ordered taken into custody by the new president.

FOUR LOST ON KANSAN, LARGE U. S. STEAMER

Vessel Chartered by France and Canada Steamship Co. Submerged off French Coast.

New York, July 11.—The American steamship Kansan, carrying a crew of fifty men, has been sunk, presumably off the French coast, according to a telegram received here today by the French and Canada Steamship Co., which chartered the vessel. Four of the crew are missing. The vessel was valued at \$2,000,000.

Italian Victory. The latest British official statement does not mention additional infantry fighting on this sector, and says that the German artillery fire has diminished in intensity. German attempts southeast of Arras and in the vicinity of Lens on Wednesday were without success.

Violent artillery fighting marked Wednesday on the Aisne and Chamagne fronts in France and east of the Meuse in the Verdun sector. North-west of Eto, on the Carso, the Italians have occupied the Austrian town of Dolina.

London, July 11.—Admission by the Austrians of a defeat at the hands of the Russians is contained in a message from Austria was press headquarters, forwarded from Amsterdam by the Central News. It says: (Continued on page 2)

The Austro-German Forces Are Compelled to Continue Their Retreat.

VICTORS PUSHING ON TO CITY OF LEMBERG

Italian Army Captures Austrian Town of Dolina on the Carso.

BRITISH AND HUNS FIGHT IN BELGIUM

German Forces May be Endeavoring to Reach the Port of Dunkirk.

Having broken the strong Austro-German line in the vicinity of Halicz, the Russians are pushing forward from Halicz towards Lemberg, the capital of Galicia, and from Stanislaw, south of Halicz, westward toward the line of the Dniester.

After the capture of Halicz, on the front from Halicz to Zolotyn, about thirty miles to the south, General Korniloff forced the Austro-Germans to continue their retreat. In their advance from Halicz the Russians forced the fleeing enemy across the Lomnica and occupied two towns on the western bank of the river. The next natural barrier is the River Stoka, about six miles west of the Lomnica.

Near Carpathians. South and west of Stanislaw, the Russians have reached the Posiec-Lesutka-Karmacz line, the central point of which, Lesutka, is four miles west of the River Bystritsa. This line is about seven miles east of Kaluze, the nearest large town west of Stanislaw and which is situated in a bend of the Stoka river.

The extension of the Russian fighting line to Colotiv brings the battle ground into the foothills of the Carpathians.

On Tuesday the Russians captured 2,000 more prisoners and thirty guns, bringing their total captures from July 8 to 10 to more than 10,000 officers and men and eighty guns.

A large amount of machine guns and war material also was taken. Berlin gives no details of Tuesday's fighting in Galicia, merely saying that "Movements south of the Dniester have been executed until now as planned."

German Advances. On the Belgian coast, east of Dunkirk, the British and Germans are fighting again along the Yser, the scene of many hard fought battles. By means of the bridge across the Yser between Nieuport and the North Sea coast, the Germans were able to advance and occupy the isolated section.

Further inland near Lombaertzyde, the Germans did not have as much success. After gaining some advanced positions, the British threw the attackers back to their own lines by a counter-attack. Whether the German effort is another attempt to reach Dunkirk or is merely a stroke to effect a probable British offensive movement has not developed yet.

Italian Victory. The latest British official statement does not mention additional infantry fighting on this sector, and says that the German artillery fire has diminished in intensity. German attempts southeast of Arras and in the vicinity of Lens on Wednesday were without success.

Violent artillery fighting marked Wednesday on the Aisne and Chamagne fronts in France and east of the Meuse in the Verdun sector. North-west of Eto, on the Carso, the Italians have occupied the Austrian town of Dolina.

London, July 11.—Admission by the Austrians of a defeat at the hands of the Russians is contained in a message from Austria was press headquarters, forwarded from Amsterdam by the Central News. It says: (Continued on page 2)

TREMENDOUS ARTILLERY BOMBARDMENT

ENEMY PENETRATES BRITISH POSITIONS ON BELGIAN FRONT

Germans Reach Right Bank of Yser, Near Sea, and Take Front of 1,400 Yards to Depth of 600 Yards—Russian Victory Confirmed—French Army Successful.

London, July 11.—The enemy penetrated British positions in Belgium on a front of 1,400 yards to a depth of 600 yards, says a statement issued by the British war office today.

In their advance the Germans reached the right bank of the Yser, near the sea. The attack followed a 24-hour bombardment in which the defenses in the Dunes sector near the coast were levelled. The sector was isolated by destruction of bridges over the Yser. The announcement follows:

"After a very intense bombardment lasting twenty-four hours, the enemy made a determined attack on our positions on the Nieuport front yesterday at 7.45 p. m. Owing to the concentrated and heavy nature of the enemy artillery fire, the defenses in the Dunes sector near the coast were levelled and this sector was isolated by the destruction of bridges across the River Yser. The enemy succeeded in penetrating our positions on a front of 1,400 yards and to a depth of 600 yards. They reached the right bank of the River Yser near the sea.

Enemy Outpost.

"Further south, opposite Lombaertzyde after gaining temporarily some of our advanced positions, the enemy was driven back to his own lines by a counter-attack."

One of the heaviest big gun duels of the war raged yesterday on the Belgian front. The drive to bring as many firing were heard in London from 6 o'clock yesterday morning until near midnight and again today, beginning at dawn. In some London suburbs tremors like a slight earthquake could be felt.

The Russian Victory.

Petrograd, July 11.—According to a telegram received from the general staff the result of the pursuit of the enemy in Galicia continues. The capture of Halicz, strategic key to Lemberg, is confirmed, the Russians taking prisoners and more than thirty guns.

The Russians took 2,000 prisoners and thirty guns. They also advanced westward to the left bank of the Lomnica river and pressed forward on the Bogorichan-Zolotiv front. These announcements were made by the war office today.

French Again Successful.

Paris, July 11.—The Germans made an attack last night in the Woivre, north of Flirey. Today's official statement says they were repulsed.

The statement follows: "The artillery fighting was rather spirited north of Joy, in the region of Saigneul and in the Champagne. We repulsed two surprise attacks on small posts. The enemy left prisoners in our hands."

"On the left bank of the Meuse (Verdun front) the artillery fighting continued to be very heavy in the sector of Hill 304. In the Woivre the Germans delivered an attack against our positions north of Flirey. After a severe combat the enemy was ejected entirely from part of a trench in which he had gained a footing."

CANADIAN MAY HAVE TO RAISE MORE THAN ONE HUNDRED THOUSAND ADDITIONAL MEN

(Continued from page 1)

Mr. Oliver raised somewhat of a storm by declaring that the Solicitor-General, in the course of his speech on the second reading of the bill had intimated that the bill had been drafted so as to bear more lightly on the province of Quebec than on any other province. Mr. Meighen indignantly denied that his remarks were open to the interpretation of deliberate favoritism for Quebec.

"At any rate," said Mr. Oliver, "what the Solicitor-General had in mind was to impress upon the people of Quebec that they were to be treated lightly. I have no faith in the good faith of this government in the administration of this act."

In replying to the Liberal criticism that the tribunals would, in the last analysis be appointees of the present administration, Mr. Meighen pointed to the fact that the Liberals in the made before the House of Commons the Conservatives in the appointment of the board of selection which was to appoint the tribunals, and that the judges of the appeal courts would, in most cases, be men who were appointed to the bench under the Laurier regime.

In reply to J. G. Turill, who wanted to know what the machinery was for rounding up slackers who failed to report to the local tribunals, the Solicitor-General said that if the provincial authorities failed to act, then the federal authorities would step in. He believed that there would be enough patriotic people in each locality to take known to the authorities the names of everyone who had not enrolled.

Mr. MacLean of S. York.

Mr. W. F. MacLean (South York) asked who was to be responsible for the administration of the law. Hon. C. J. Doherty, minister of justice, replied that the administration of justice generally rested with the provinces who represented the crown in that regard. It was the intention of the justice department, however, to recognize responsibility for proper enforcement.

Mr. MacLean proceeded that when he came upon Canada the country was a peace government, and now, after three years of war, we are just beginning to have a war government. No party government can handle this situation. It needs a national government, a union government, a coalition government, to properly carry on the war.

Hon. Charles Marcell asked what was the purpose of the clause holding up the operation of the bill until a proclamation by order-in-council. "Is it being held up for the purpose of a general election?" he asked.

Mr. Meighen denied this and Mr. Marcell stated that the correspondence of Premier Borden with Sir Wilfrid Laurier at the time of the coalition negotiations spoke of a general election prior to the enforcement of the act. Mr. Meighen replied that the letters spoke for themselves.

DEATH OF ROBERT HARRIS

Carland Says He Hounded Deceased "for a Mile" to Shame Him—Both Witnesses Disclaim Connection with Death of Young Plumber—In Some Particulars Testimony of Carland Conflicts with His Statements to Police—Inquest Will Be Resumed on Monday.

Edward J. Carland and John P. O'Brien, two striking plumbers, were the only witnesses before Coroner Kenney's court of inquiry into the death of the late Robert Harris, Jr., at last evening's session of the Court House. The inquiry attracted a large number of citizens who completely filled the court room and rapt attention followed the examination of both witnesses.

Both witnesses denied any connection with the death of the young plumber. Carland was on the stand for upwards of an hour and a half. His cross-examination by Hon. J. B. M. Baxter showed that on some points his testimony before the coroner's jury was different from that which he gave following his arrest with respect to his actions on the night that the deceased met his death were different in some respects from those made to the police detective. Carland insisted, however, that he was clear as to his actions, and said that the police detective had two or three statements and he was not concerned as to what he had written down. In his testimony Mr. Carland claimed that he was the best of friends with the deceased plumber.

Mr. O'Brien disclaimed any knowledge of the death of the deceased, and told the court that he was not even acquainted with young Harris.

Hon. J. B. M. Baxter appeared on behalf of the city of St. John and cross-examined both witnesses at considerable length. Mr. Fred R. Taylor, K.C., was again present and took part in the cross-examination. Edward J. Hannabery watched the proceedings for the Plumbers' Union. Commissioner H. R. McLeish and Chief of Police Simpson were among others who occupied seats in court.

Magistrate Ritchie was also a spectator during part of the proceedings. On the cross-examination of Carland, he asked O'Brien why he had followed him. O'Brien replied that he had followed Harris a week later, when the deceased asked him why he had followed him.

Q.—Did you not tell Detective Duncan that you were sitting near the foot of Queen street and Harris came along and said "What in hell are you doing here?"

A.—I think I did.

Q.—Do you remember what was your reply?

A.—No.

Witness said that he told Duncan Harris had called him an unmentionable name. Witness also admitted having told Duncan that the deceased had said "you come down here and I will punch your face off," while he further cross-examined O'Brien that his reply to Harris was "you are not big enough." He also admitted having told the detective that he had met Harris a week later, when the deceased asked him why he had followed him.

Q.—Did you not tell Detective Duncan that it was you who said your brother Harris was a joke?

A.—I can't swear to it. I don't know what Duncan put down. He has two or three statements.

Witness said that he thought Harris lived on Union street. He said he would admit he was following him. "Just to hound him or shame him."

Further cross-examination by Hon. Mr. Baxter. Carland said he didn't remember having said to the detective that it was the younger Ramsey who had said "I will punch your face off." He wouldn't swear that he did not say it. He was sure, however, that it was the older Ramsey, the fat man.

Baxter—If he said you to be clear as to when it was that you first heard Ramsey had been hurt.

Witness—I was told several times that it was the younger Ramsey who was another. The first I knew of it was when Lawyer Hannabery had told me on Sunday morning that Harris had been taken to west St. John. Witness said that he had never followed Harris, in fact he did not know the deceased.

To Mr. Baxter, O'Brien said he was home at seven o'clock on the Friday morning following. He was not sure but he thought he saw Carland in the police court, Friday morning. He did not remember seeing him at all on Friday morning. He would not swear to his exact whereabouts Friday morning as it was hard for him to remember. He was not sure when he was reported the assault to the men at the rooms. It would be in the union books.

To Mr. Taylor, the witness said that there were a number of people on the streets on the Thursday evening in question. He did not remember saying anything to Carland about the boys coming along Union Street. He was at Carland's house on Thursday evening. The witness went over to his (Harris) brother's workshop on Mill street. After leaving there he went home. He wouldn't say for sure whether or not he was working on Friday or Saturday.

In answer to other questions, the witness said that he was not sure where he was on Friday morning, and therefore would not swear to being in the city. He was sure that he came to the city Friday afternoon.

Fred McColley was the next witness called, but he did not respond. The coroner mentioned that if persons subpoenaed did not appear, they would be fined.

The inquest was then adjourned until Monday evening at 8 o'clock.

RUSSIAN CONTINUES TRIUMPHANT MARCH THROUGH EAST GALICIA

(Continued from page 1)

"For two days our troops repulsed strong Russian attacks in trenches which had been dug up by artillery fire. One division defended itself against attacks by superior Russian columns. But when fresh Russian reserves were brought into action our troops were compelled to retreat, giving up their first line."

Italian Statement.

Rome, July 11.—The Austrian town of Dolina, northwest of Selo, on the Carso front, was occupied by Italian forces yesterday and fortified. The official statement today says: "Yesterday our raiding party made successful excursions into various parts of the enemy's front. In the Slet district the garrison of an enemy advanced post was surprised and destroyed."

"On the Carso, northwest of Selo, Dolina, near our lines, was occupied and fortified."

"Enemy artillery was particularly active on the Trentino front. Our guns replied. We also effectively disturbed the movement of troops and traffic on the Jalago plateau and on the Carso front."

60 PER CENT INCREASE IN CANADIAN TRADE.

An increase of nearly 60 per cent in the trade of Canada was registered in April and May, the first two months of the fiscal year. The aggregate was \$408,896,872, as against \$256,950,815 in the corresponding period.

Imports increased about seventy-five millions and exports by sixty-five millions. The trade in May was \$256,950,815, as against \$164,850,950 in May, 1916. Imports in the month were valued at \$108,719,868, and exports at \$148,230,947. Revenues collected was \$17,082,833, an increase of four millions.

The principal increased exports were: animals and products, \$11,376,808, compared with \$6,257,620; agricultural products, \$7,738,033, as against \$4,483,760; and manufacturers, \$52,949,826, as against \$27,734,477.

FEATHER-WEIGHT SUITS, UNLINED, NO VEST.

The 20th Century Palm Beach kind that adds style without weight.

Three buttons; patch pockets. Tailored to keep in good shape. Porous, dust-proof, sanitary, slightly.

Every man needs one as an EXTRA suit for the particularly hot days, or when taking that trip.

Gilmour's, 68 King St.

Open Friday Evening; Close Saturdays 1 p. m. June, July and August.

LOCAL COUNCIL OF WOMEN.

An executive meeting of the St. John Local Council of Women was held Tuesday evening at the rooms of Royal Standard Chapter, I. O. O. F., German street. The president, Mrs. E. Atherton Smith in the chair. Mrs. A. W. Esley, recording secretary, read the minutes of the previous meeting held in April, and Miss Alice Esley, treasurer, reported that all bills passed at that meeting had been paid. She also read acknowledgments from the Y. M. C. A. for a donation of \$50 to Major Birks' fund and from E. L. Rising for \$5 for Social Service work. Mrs. Smith told in an interesting way of her recent trip and referred particularly to the work done by the Vancouver Council, who had been most active in patriotic work during the past two years.

Miss Amelia J. Haley, corresponding secretary, gave a resume of the correspondence received since the last executive meeting in April. A message of greeting had been sent the National Council of Women at their session held in Winnipeg early in April, and an appreciative reply received from Mrs. Wiloughby Cummings, for many years corresponding secretary of the National Council. She read a letter of appreciation received from Mrs. Wiloughby Cummings, for many years corresponding secretary of the National Council. She read a letter of appreciation received from Mrs. Wiloughby Cummings, for many years corresponding secretary of the National Council.

WILL HOLD BRITISH DEMONSTRATIONS

Recruiting Campaign to Wind Up in New York and Chicago July 22.

New York, July 11.—British recruiting week in New York city beginning July 16 will be brought to a close July 22 by a great mass meeting in Madison Square Garden at which Lord Northcliffe, head of the British commissions in this country, will be chief speaker. The drive to bring as many as possible of the 500,000 British subjects in this country to their colors will include a similar demonstration in Chicago.

BRITISH NAVAL MEN WINNERS

London, July 11.—The admiralty announces that while on patrol today five naval machines met and engaged a formation of ten Albatross scouts and three large two-seater machines southwest of Newport.

"Three enemy scouts were driven down completely out of control," the report adds, "while two others were driven down. One of our machines is missing."

ENTENTE CONFERENCE

Paris, July 11.—It is now learned that the tentative in calling the Entente conference to meet in Paris at the end of this month for consideration of the Balkan situation, came from France and Great Britain and not from Russia. The attitude of the Russian provisional government, as set forth in the recent announcement at Petrograd, is quite in harmony with that of Russia's Allies.

TWO MEN KILLED NEAR EDMUNDSTON

Earth Slide in Gravel Pit on Railroad Fell on Workmen.

Moncton, July 11.—Two men named Cyr and Laiole are dead as result of accident in Davis gravel pit along the N. T. R. about twenty miles east of Edmundston. Men were at work in pit when overhanging of earth fell on them. Cyr was killed instantly; Laiole was dug out and taken to hospital at Edmundston but died of injuries.

Both were married men with families.

NO RESTRICTION ON COAL FOR CANADA

Important Action Taken by United States Secretary for War.

Washington, July 11.—Directions were issued by Secretary Redfield today that every effort be made to expedite the licensing of coal cargoes destined for Canada under the export control provisions of the espionage act. The Dominion is suffering from a coal shortage, and fear has been expressed that licensing might delay shipments. The secretary made it clear there will be no restriction on coal shipments to Canada and ordered that the telegraph application for license be expedited.

George Walsh, despite his breezy Western demeanor, is a born New Yorker. Berchel Mayall says that his name is mis-spelled more often than that of any other actor in the silent drama.

NEWT MUTUAL WITH MARY MILES MINTER NEARLY READY

Mary Miles Minter, under the direction of James Kirkwood, is finishing her next Mutual-American production, "Melissa of the Hills," an adaptation of Mathelle Heltes Justice's story. The story is laid in the hills of Tennessee and deals with mountaineer feuds. Mary Miles Minter, as Melissa, is the daughter of the circuit rider, and there are few of the comforts of life for Melissa whose ambition is to have a new calico dress each year for the revival.

Spotswood Aiken plays the lead opposite Miss Minter in this production. He is Melissa's father, the circuit rider of the country around whose business is that of healing sick souls, comforting the dying and instilling the fear of God into the hearts of the feuding. But he is sadly unappreciated by the community, which accepts his services with no thought of remuneration.

Others in the cast are Alan Forrest, George Perlot, Percy Banks, Harvey Clark, Frank Thompson, George Ahearn, C. E. Rogers, John Gough, Gertrude Lebrant, Emma Kluge and Ann Schaefer.

WITNESSES AT INQUEST INTO DEATH OF ROBERT HARRIS

Edward J. Carland and John P. O'Brien, two striking plumbers, were the only witnesses before Coroner Kenney's court of inquiry into the death of the late Robert Harris, Jr., at last evening's session of the Court House. The inquiry attracted a large number of citizens who completely filled the court room and rapt attention followed the examination of both witnesses.

BUYS A BRISCOE.

BRITISH MAKE PROGRESS IN EAST AFRICA CAMPAIGN.

London, July 11.—Three columns of British troops in German East Africa have carried out a successful clearing movement against the German line between Uthali and Mayonzo. The British right wing office announced, reached a point three miles west of Mwindi, the centre advanced to the Tumburi river the left pushed forward to Mayonzo and Kiyamba. The British took a few prisoners.

Progress also has been made southeast of Iringa, in the Songwalvi area and in the vicinity of Kibambawo.

Petite Margaret Gibson weighs 110 pounds. She's so light that one can't even see the term "up the scales."

Anna Luther is not only a splendid film actress, but also a noted swimmer on the Pacific Coast.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King.
TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE PROVINCIAL GOVERNMENT AND RETURNED SOLDIERS.

Newspapers supporting the Foster government are attempting to make much of the fact that at least that administration has seen fit to place one or two returned soldiers in positions in the provincial service. The Telegraph yesterday morning recounted with pride, and under a two-column heading in the most important news space on its local page, that Hon. Dr. Smith had placed two returned soldiers as game wardens, that Hon. Mr. Veniot had placed two returned men on the traction road machine and expected to be in a position to employ after the Fosterites returned man to settle on his farm in St. John county.

One would think from perusal of the Telegraph's article that the provincial government had done more than it should in thus providing employment for the men who have fought our battles for us overseas, but a little consideration, coupled with a perusal of the auditor-general's report, will suffice to show the real extent of the government's generosity. Will the Telegraph be good enough to tell its readers the amount of salary paid to game wardens in St. John county, to which positions Hon. Dr. Smith has so generously appointed two returned soldiers?

As to the work Mr. Veniot has offered to returned men the facts are that employment on the road machine is but a summer job, and is not highly remunerative. Therefore, there is nothing over which the Telegraph can find excuse for frenzied adulation of the generosity shown by the public works minister. It may, possibly, be claimed that the government gave to the soldiers the only positions it had open at the time Mr. Robinson's request was made. That claim may be true, but the fact remains that in the wholesale appointments made just after the Fosterites were returned to power the claims of returned men were given no consideration. The government was too busy filling the more desirable positions with its own partisans to bother about the man in uniform.

If the government really desired to place returned men in public positions it had an excellent opportunity to make a start when choosing a successor to the late J. Howe Dickson as clerk of the executive council. Surely it would not have been impossible to secure for that position an officer or soldier who had the qualifications and who had seen service. Major E. C. Weyman, for instance, who has suffered injuries at the front and who, it is believed, will not be able to continue in military life would have been an excellent selection. But it is not apparent that the government was looking for returned soldiers when it had any real positions to fill.

This employment of returned soldiers is a matter which the Foster government cannot be allowed to treat lightly. It is not a question of one, two, or three minor appointments, but a settled policy similar to that enunciated by the Dominion Government that returned soldiers shall have the preference for any government position they can fill. Liberals in opposition at Ottawa have much to say regarding what they allege to be shabby treatment of returned men by the Dominion Government, but not one of them can point to a case similar to that of the government of New Brunswick, where scores of positions were filled by political partisans, and the government later plumed itself over the selection of returned soldiers to serve as game wardens and employees on a road-making plant. If that is the best Premier Foster and his colleagues can do for the returned men then the Telegraph could have chronicled the fact in much smaller space and with greater modesty as to display.

THE UNITED STATES EFFORT.

German newspapers and officials are now seeking to reassure their people by belittling the strength of the United States, and ridiculing the thought that Uncle Sam can be of real service to the Entente Allies in the prosecution of the war. Some papers declare that few if any American troops have been or will be landed in France, while others, less reckless, content themselves with the observation that one more power in the war will not have much added weight at this time. In both cases the object behind the attitude of ridicule is the same—to make the best of a serious situation and to restore the confidence of the German people who at last realize that they are fighting a defensive war when their hope and belief was that they would continue to maintain the offensive until the end of the struggle. It is but three months since President Wilson asked Congress to declare a state of war against Germany and in that time much has been done. The United States navy has been on war duty for quite a long time. The United States government has loaned more than one billion of dollars to the Allies fighting in Europe. The Liberty loan of \$2,000,000,000 has been over-subscribed by more than fifty per cent. A Red Cross fund of more than \$100,000,000 has been easily raised, and there is a surplus of contributions over the limit set. To prepare an aerial service \$600,000,000 is being expended. A budget of \$3,000,000,000, to pay for immediate war needs has been approved. The sums in each instance are enormous, and as money is one of the chief sinews of war it is evident that the United States is entering the grim business with full realization of the task and a determination to pursue it to the limit.

With regard to fighting men, the advance guard of the land forces in the shape of a section of the regular army, is already in France. It is no mean body of soldiers. For the new army 10,000,000 males between the ages of twenty and thirty-one have been registered and the work of selecting the first 500,000 with 125,000 additional as reservists, has progressed so far that the complete number will be ready for mobilization before another month has passed. Half a hundred thousand selected men are being trained as officers for these active units, and everything that they require, from camp cities to boots, is available. Besides all this, the navy's personnel has been more than doubled. The Marine Corps has been recruited to 30,000 and the old regular army now numbers 260,000. The National Guard also has been weeded out until its total today is 150,000 men without dependents. The figures quoted are published by the New York Herald and are authentic.

The Germans when they pretend that a nation every whit as intelligent as their own, and richer naturally, and with a vaster population, is not to be reckoned with as a powerful foe, are but resorting to hypocrisy that impresses no one outside their own circles, and not all within.

ENGLAND PREPARED.

The custom is to speak of England as unprepared for war. This was not the case. England was not caught asleep, insofar as the protection of her own interests were concerned. It was when England was required to go to the help of France that the lack of an army made itself felt. England and Germany at grips, and no other, would have provided a battle royal, to be sure.

England has ruled the seas since war was declared. Germany, save by piracy, has not dared to question the superior might of the British navy. The Teuton is defeated on the seas because of British power. In a struggle between Britain and Germany, the possession of the seas would have been the deciding factor. Germany could not have invaded England nor England Germany. But England could have driven German commerce from the seas. She could have seized every German colony. These things she has done, and Germany is unable to reply effectively.

British manhood is bleeding from terrible wounds and the motherland and her daughter nations are pouring out treasure and life because British sense of justice impelled the Empire to go to the help of Belgium and France.

"COMPLETE AUTONOMY."

In Montreal recently Mr. L. A. David, M. L. A., a Liberal and an anti-imperialist, who represents the constituency of Terrebonne in the Quebec Legislature, made a statement which may be taken as illustrating the attitude of a considerable faction of the French-Canadian Liberal party. He said that the time is not far distant when the parties in Canada will divide upon the issue of imperialism complete Canadian autonomy. In this event, he said, the Liberal party would be the party of autonomy, despite the present defections in the party ranks. Those who would accept the principle of autonomy with greatest facility would be the Liberals of Quebec, and their numbers would be swelled by groups from other provinces, he predicted.

Complete autonomy involves no principle not now in active force in Canadian affairs short of the single title of a governor-general. Canada is mistress in her house. We have the treaty power. We are free to elect whatever we shall have an army and a

navy of our own, separate and distinct, going to war when we so will it, and keeping out of war when we so decide. If Mr. David would go further, he must mean the setting up of Canada as a nation outside of—not within—the British Empire.

Whatever Mr. David's interpretation of "complete autonomy" as opposed to imperialism, he has had in the vote upon conscription some idea of where any such policy would lead the political party adopting it. Sir Wilfrid Laurier is a "complete autonomist," and he finds himself, at the close of his long career in Canada, in a minority in the House, with twenty-six of his English-speaking members bolting from his standard to the Government side. If this could be true in a Parliament of partisans, it would be much more impressively true in the nation at large.

ASSISTANCE REQUIRED FOR A RETURNED WAR VETERAN.

Editor, Daily Standard: Sir—On behalf of the War Veterans' Association I ask you to publish the following. One of our members, Pte. J. J. Doran, had the misfortune to be brought out a few days ago and it was brought to my notice last night that he had lost everything he possessed. He is a returned veteran and has been decorated by His Majesty with the military medal for gallant conduct in the field. This decoration which, as may be imagined, is a prize in itself, was lost in the blaze. Pte. Doran has four children, one son lying wounded in France, another a confirmed invalid, and two daughters at home, who escaped in their night attire only. Our lady visitor has kindly taken their immediate wants as to clothes in hand, but what concerns us is the fact that Pte. Doran has lost everything, even his last pay—he had just cashed his cheque—was lost. He is a widower and his late wife's treasures were lost also. His sister, who has been acting guardian for his motherless children and whose husband is also in France, lost all her possessions in the Lyric fire. Unfortunately our benevolent fund is low, but we hope to replenish it on the 12th July when we are running a performance in the Lyric for that purpose. Any donations they feel like giving, by sending same to E. L. Puddy, secretary, Great War Veterans' Association, 22 Paradise Row, they will be acknowledged in the press. Contributions should be made payable to the benevolent fund of the G. W. V. A., per E. L. Puddy, secretary. The War Veterans' Association will give \$50 as a start.

Thanking you, we remain, Yours truly, THE G. W. V. A. E. L. Puddy, secretary.

JAMES SHERIDAN MISSING.

A longshoreman named James Sheridan has been missing since last Friday night and his friends believe he has lost his life in the harbor. The man, who is about sixty years of age, boarded with Samuel Worth, 263 Germantown street, and stated that he appeared rather quiet on Friday and after he had partaken of supper said "Good bye" as he was leaving the house. His friends stated that he wharf and the hat is similar to that worn by the missing man. It is said he has no relatives in the city.

Providence, R. I., July 10.—Mrs. Chester Hatch of Attleboro, Mass., is under arrest charged with manslaughter in pushing her husband out of a window at her apartments here. Hatch was a well known jeweler. He and his wife separated recently. When he came to this city to persuade her to return, the two quarreled and in the melee Hatch took a header out of a second story window to a concrete sidewalk.

Mrs. Hatch rushed out and had her husband carried into the house. His skull was fractured and he died shortly afterwards.

Montreal, July 10.—The city council has voted an appropriation of \$18,000 to cover an inquiry by the bureau of municipal research of New York, into the organization and methods of work of all the civic departments and agencies.

Little Benny's Note Book.

This afternoon Kumpny B held a military examination on my front steps to see whether or not to leave Lew Davis join the kumplay as a lieutenant, Lew Davis standing on the pavement saluting and answering the questions, and us officers setting on the steps asking them, Genrel Martin going first, saying, Mr. Davis, if the enemy was retreating and you was chasing them with your soldiers, and the enemy all at wunts stopped retreating and turned around and started to chase you, wat wood you do?

I wood order my men to lay down as if they thart they was ded, and then grab ahold of the enemy's ankles wen they went past, sed Lew Davis.

Correct, sed Genrel Martin, and Kernal Simkins sed, Mr. Davis, apposing you was up in a seoplane and a Zeppelin started to drop bums on you and a bum hit you and necked you into the ocean and you fell rite throo the roof of a German submarine, wat wood you do?

Id tawk German and pretend I was a submarine inspector, and then jest as soon as nobody wasent looking id put handcuffs on the crew and go around sinking uther submarines, sed Lew Davis.

Correct, sed Kernal Simkins. Mr. Davis, sed Sargent Hunt, wat wood you do suppose 7 Germans attacked you at wunts and you ony had 6 shots in your gun?

Id shoot the first 5 and then id wait till the last 3 got rite in front of each other and then id shoot them both throo the stomach with one shot, sed Lew Davis.

Correct, sed Sargent Hunt. The examination is over and we will now take a vote, sed Genrel Martin, all those who think the prisoner knows enuff to be a lieutenant will please say, I.

I sed all us officers. Present, sed Lutenant Sid Hunt. And Kumpny B all got up off of the steps and had a drill.

services of the corporation of Mont-real. The motion to have the inquiry carried on was made after mayor Mederic Martin had made a speech strongly opposing the project as showing the city officials to be lacking in confidence in themselves.

It is predicted that the mayor will veto the motion, and that it will then be re-passed over his veto.

Houlton, Me., July 10.—The possibility of bringing interested Germans to work on the farms in Aroostook to assist in making up for the serious shortage of help is being discussed by the farmers and business interests.

There is some objection to this plan, however, in the sparsely settled country districts. Some fear that if Germans were brought here some of them might "beat it" over the New Brunswick border and embroil the two countries in international complications, although it is presumed should escaping enemy aliens be recaptured in Canada they would be returned to this country.

It is understood that none but German sailors would be brought here. Another question arises, namely would sailors readily adapt themselves to farm work?

Sackville, July 10.—A convention of science teachers was opened here today at Mount Allison Ladies' College. The courses consist of practical work directed by experts. The canning course is one of the features.

GENERAL OBSERVANCE OF ORANGE MEN'S DAY THIS YEAR ON ACCOUNT OF GREAT WAR

Some Excursions Planned, But Grand Lodge Holds No Celebration This Year—The Part Order is Playing in War—65,000 Canadian Members on Active Service—Those from New Brunswick Who Have Fallen.

This is the anniversary of the Battle of the Boyne, a red letter day in Orange lodge circles all over the world. For the most part, however, there will be no general observance of the day owing to the continuance of the war. The New Brunswick Grand Lodge celebration will be held next year when the day will be observed in St. John.

Dominion lodge is planning an excursion to Gagetown today. Speeches appropriate to the war and the part the order is taking in the conflict will be made at this meeting.

County Orangetown will assemble today at Lorneville where a procession will be held and speeches delivered by prominent members of the order. This evening a meeting will be held at St. Martin's, when several leading members of the order will speak.

Referring to the part which members of the Orange Order are playing in the present great war, Neil J. Morrison, the Right Worshipful Grand Secretary of the Order, said: "The Order has done its part nobly throughout every section where its members have been called upon to don the khaki and risk life and limb in the interests of freedom; many of our brave brothers have made the supreme sacrifice and will not again return to us, but we will cherish their sacrifice in our memories and pray that God may lighten the burden upon all families thus afflicted. There is a noble death suffered in a righteous cause and their reward is in the keeping of Him who never errs."

Mr. Morrison estimates that fully 65,000 members of the Order in Canada are now on active service.

BOY SCOUTS WORKED AT FERNHILL YESTERDAY

Attendance Was Not Large But Twenty-Six Lads Who Responded Did Good Service.

With hoe, rake and scythe, some twenty-six Boy Scouts, under the command of Scoutmaster Robertson, did good work in the clearing of a cemetery all day yesterday. The weeds and grass had overgrown the paths to a great extent and although it will be necessary to clear some of the ground still more, the boys worked with such a will under the direction of their officer, that much improvement has been made.

At noon the workers were entertained to a luncheon provided by J. P. Clayton, on behalf of the directors of the cemetery, which was enjoyed as only hungry and tired boys could enjoy it. They were loud in their praise for the thoughtfulness and provision made also for the supplying of rest tents.

At three o'clock Col. Sturdee and Mr. Hetherington arrived with a case of oranges and each scout received one as a little refreshment in the midst of his labor. The work finished for the day about 4:30 o'clock, and it is expected will be resumed today.

During the afternoon B. C. Waring, the District Scoutmaster, paid a visit and was somewhat disappointed to find so few boys had turned out for the work, as it was expected that over one hundred Scouts would have responded to the call.

Mr. Waring estimates that members of the St. John Boy Scout Council expressed the opinion to The Standard that while the gloomy weather may have had a detrimental effect, one of the reasons for the absence of so many was that some of their parents may have objected to the boys doing this work for the Fernhill Company, on the ground that it was taking work from men who might have been employed.

Col. Sturdee, one of the directors of the cemetery, stated, however, that such a statement was not correct, as the board had been unable to get men for the purpose, and also that there was not the money to pay the wages of such men, had they been procured. Therefore the services of the Scouts were gladly accepted, as the cemetery was, in certain sections, in a most untidy and neglected condition. Many of the graves have no one to look after them, and this duty the Boy Scouts would be able to fulfill. "In fact," Col. Sturdee added, "if we could procure five hundred men and engage them for a week, at the end of that time there would be little improvement, as there is such a tremendous amount of work to be done."

It is understood the time spent by the Scouts in their efforts to tidy the neglected graves, etc., will be included in the period required for them to obtain war service badges, and they hope that many of their comrades will join them at 5 o'clock this morning, at the head of King street, from which point they will proceed to the cemetery, so that they, also, may make efforts to obtain the much coveted badge.

ARSON CASE OPENS IN CIRCUIT COURT

William J. Crawford Only Witness Heard in Action Against Joseph O'Brien and John Hughes.

The case of the King vs. Joseph O'Brien and John Hughes, charged with arson, was taken up yesterday afternoon before Judge McKeown. Only one witness, William J. Crawford, was heard at and at the time of adjournment the attorney-general had just finished his direct examination.

Attorney-General Byrne and J. M. Trueman appeared for the crown, J. A. Sinclair for John Hughes and E. J. Henneberry for Joseph O'Brien.

The attorney-general craved the indulgence of his honor to allow Mr. Henneberry to appear before the court and this was granted.

The following jury was empanelled: F. P. C. Gregory, Charles Masters, M. D. Austin, T. L. Coughlan, T. A. Armour, G. W. Currie, Hugh McGuire, D. E. Robillard, R. D. Hayes, Joseph L. Harrington, George T. Higgins, John B. Jones.

Attorney-General Byrne in his address to the jury outlined the case for the prosecution. In concluding he said it was not the duty of the crown to convict innocent men but it was the duty of the crown to see that no fire-bugs existed in the community.

The Owner of the Cottage.

The first called for the crown was William J. Crawford, the owner of the cottage which was burned on the night of June 15.

Mr. Crawford told of his uncle coming to his home about 11:30 Friday night and telling him that his summer cottage was on fire. The witness then telephoned Mr. Sudbury and asked if it were true that his house was on fire and was told that it was.

He then, in company with his brother, James A. Crawford, John D. Coughlan and William McKinley, went out to the scene of the fire in an automobile. The auto was stopped about twenty feet away from the entrance to the road leading to his cottage. He

ROYAL YEAST CAKES

Some women hold to the idea that bread-making is a long and difficult operation, but this is a mistake, for with Royal Yeast Cakes, light, sweet bread can be made in a few hours with but little trouble.

FREE: Our new Royal Yeast Baking Book will be sent free upon request. It contains full instructions for making bread and rolls with Royal Yeast Cakes. Send name and address plainly written, and this valuable little book will be mailed promptly.

Returned Soldier's Funeral.

The funeral of Private William Thomas, who died in Halifax and whose body was brought here, took place yesterday afternoon from the residence of his brother in East St. John. The services were conducted by Rev. Robert Crisp and Rev. Mr. Dawson, and interment was in the Methodist church burying ground.

Private Thomas was a soldier in France with the 26th Battalion, and six returned men from that battalion acted as carriers. Among the floral tributes was a handsome wreath from a number of friends. A firing squad from the 42nd Regiment was in attendance in charge of a non-commissioned officer.

Blood Food

Right now is when you need a good blood medicine—to overcome impurities in the blood—to supply the elements that enrich the blood—to protect the system against the depressing effects of "spring fever."

Mother Nature, the great physician, has provided this "blood food" in **Dr. Wilson's HERBINE BITTERS**

It is a simple and effective remedy, made from Nature's healing herbs—that was a favorite medicine in our grandfathers' time and is just as effective today. The best of spring tonics and blood purifiers.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

WALL STREET CONTINUES BOUCANT

Stocks Rise Further from One to Six Points—Nominal Recessions in Last Hour—Rails Dull.

New York, July 11.—Additional gains of one to six points made in the course of today's stock market dealings, with nominal recessions in the last hour on realizing seemed to originate mainly from technical considerations. Traders proceeded on the theory that the market had arrived at an oversold condition and bought freely for both accounts, deriving some encouragement from a moderate revival of public interest. There was a well defined opinion that the conference now in progress at Washington between important industrial interests and the government would result in price adjustments satisfactory to the contracting parties.

Steel Forecasts Favorable.

Financial statements submitted by several of the steel and equipment concerns, notably the Lackawanna Steel Company and forecasts of the United States Steel earnings for the second quarter also induced support of those issues.

United States Steel was more responsive to this inquiry than at any recent period, making an extreme gain of almost two points at 12 3/4, half of which was forfeited at the end. Bethlehem, Lackawanna and Crucible Steels gained as much or more, with Great Northern Ore, Republic Iron, Colorado Fuel, Cast Iron Pipe, Harvester and Steel Foundries.

Equipment Strong.

The more prominent equipments, metals, sugars, oils and tobacco's rose one to three points with Central Leather, American Woolen and Fertilizers, while motors registered extreme advances of one to five points with their subsidiaries.

Rails were comparatively dull, but strong. Reading, New York Central and Pacific's averaging advanced one to one and a half points. Wisconsin Central rising 3 1/2.

Total sales amounted to 760,000 shares.

Bonds were steady, except for the Liberty issue, which ranged from par to 98 5/8, an odd lot selling at 98 4/8.

N. Y. QUOTATIONS.

Table with columns: Open, High, Low, Close. Lists various stocks like Am Car Fdy, Am Loco, Am Sugar, etc.

"ALAS, POOR YORICK! I KNEW HIM, HINDY."

THE CANADA CAR CO.'S \$750,000 STOCK ISSUE

Considerable Comment on Street Regarding Announcement and Some Criticism.

Special to The Standard.

Montreal, July 11.—In connection with the application of the Canadian Car and Foundry Co. for the listing of an additional \$750,000 common stock on the Montreal exchange, the directors of the company point out that these shares were listed in lieu of cash payments of commissions in connection with the Russian shell contracts of the company.

MONTREAL SALES.

Table listing various commodities and their prices, including Am Loco, Am Sugar, Am Smelting, etc.

RAILWAY EARNINGS.

Special to The Standard. Montreal, July 11.—Gross earnings three Canadian railways for first week July totalled \$5,200,000, an increase of \$648,914 over the corresponding week a year ago.

BAR SILVER QUOTATIONS OUT OF MARKET LINE

Two Hundred Thousand Ounces in Canada Purchased at 83.9-16 Cents an Ounce.

Special to The Standard.

Toronto, July 11.—High as they are for the time being, market quotations for bar silver are out of line with many actual transactions. The reason for this is that purchases of metal have been necessary to cover certain specific transactions and buyers have found the market cleaned up.

LONDON STOCK MARKET FIRM, RUSSIANS STRONG

Special to The Standard. London, July 11.—The stock market opened firm today with a number of gains in allied bonds. Home Ralls, Peruvian issues and shipping (and oil shares on fair investment buying.

CHICAGO PRODUCE

Table listing various agricultural products and their prices, including Wheat, Corn, Soybeans, etc.

CANADIAN WAR LOANS ACTIVE IN MONTREAL

Second and Third Bond Issues Active, Former Being in Particularly Good Demand—Stocks Quiet.

Special to The Standard.

Montreal, July 11.—The response of the second and third war loans to Ottawa's intimation that the privilege of conversion into subsequent issues would probably be granted very shortly was the chief feature in the Canadian security market today.

The Cost of Cooking... SOME ACTUAL FIGURES: A suburbanite of this city, living six months of the year in town—burning anthracite coal in his range—found that coal, kindling and removal of ashes cost \$66.00 AND HE COULDN'T GET ENOUGH HOT WATER. He installed a Gas Range and Hot Water Heater and found after six months had elapsed that there was no kindling to buy—no ashes to remove—no dirt, a better satisfied cook at a cost of \$27.00 AND HE ALWAYS HAD PLENTY OF HOT WATER. So he effected a saving by using Gas of \$39.00. We have a special heater for Cold Kitchens. Do you know what Coal will cost this fall? Call at our Showroom for demonstration. THE ELUSIVE DOLLAR.
 Many of our citizens are so intent upon grabbing the dollar immediately
 in front of their eyes that they neglect to hold fast to the dollars already
 in their hands.
 Every dollar you spend for goods made elsewhere flies away with a
 value that rightfully belongs to your community. Home values increase in
 proportion as we spend our money for goods made at home. Home values
 disappear with every dollar we spend for goods made elsewhere.
 Examination of the articles produced at home will not only prove to
 you the great growth of local manufacturing but will serve also to show
 you the way to aid in the prosperity of the community by giving articles
 of home manufacture the preference when making purchases.
 We, as individuals, whenever possible should encourage our local in-
 dustries and support local institutions by showing our preference for
 home products.

THE MOVIES THE PLAYERS

Here are Related Facts and Fancies Concerning the Activities of Individuals and Organizations, the Home, Fashions and Other Matters.

THE RED CROSS. Out on the battlefield lying. Planked by the dead and the dying. No one to hear, no one to cheer. Shell and shrapnel a-dying.

Must I pass out unattended. Wounded and bleeding, unattended. No helping hand extended. No love and mercy blended.

My eyes with dust are blind. There's nothing well defined. But there falls upon my ear A sound of someone near.

The battle wave has passed. No more the cannon's blast. Analls my ear; But through the smoke and grime I see the sign sublime, The Master's Cross. That blessed cross in red. And then brief prayer I said. Surrounded by the dead.

An angel touched my head. 'Wish hope had almost fled. A gentle hand arrested. And loving words expressed. Then bound my wounds And bathed my face. And through the mist my eyes could trace.

The blood-red cross of Calvary. The symbol of His sympathy. Between my burning lips A cordial poured, and to my wearied frame new strength restored; No longer left alone, My helplessness was gone; Then kneeling on the moss My angel of the cross took care of me. No more distressed, my soul confessed, My sorrows from me roll. I passed my Calvary, a ransomed soul.

"SOMEWHERE IN FRANCE." Somewhere in France your help is needed! Somewhere in France there are thousands of men, outstretched in

these great Halls of Pain who are patient in their suffering, who are uncomplaining in their trial. They have passed, one by one, along that bleak highway of disciplined silence; they have faced the merciless cannon, that ever persistent human reaper; they have laid buried in the earth fighting the crawling rats in the choking stench of the trenches, they have borne with sublime fortitude the pitiless agony of their removal from the front, until at last they are within reach of the aid you and any who may read can give.

Never in the history of the world has there been a more vital necessity of sustained and prolonged generosity than at present. Nothing is too small, nothing is too large to give. Just to make one man a little more comfortable in those over-crowded hospitals will be something.

AMBULANCE PRESENTED TO MILITARY AUTHORITIES. A military ambulance, a group of officers and men and several ladies might have been seen in front of the military headquarters on Germain street yesterday morning. The occasion of this gathering was the presentation on behalf of the Royal Standard Chapter, I. O. D. E. of a motor ambulance of the latest type, thoroughly equipped for military work.

The presentation was made by Mrs. E. Atherton Smith, regent of the chapter, in a brief address. Mrs. Smith stated that the ambulance represented the love and care of the women's societies of many places as well as numerous donations received from near and far. The chapter deemed it a privilege to provide for the comfort of sick or wounded soldiers.

A silk Union Jack, the gift of Mrs. J. Fenwick Fraser, the convener of the hospital committee, was placed upon the car. Mrs. Frederick Harding on behalf of the ambulance committee read the following letter:

To the General Officer Commanding - New Brunswick Troops: Brigadier General McLean, - It affords us great pleasure to present this ambulance to the military department of the city of St. John, and it is our wish that the ambulance presented by the Royal Standard Chapter, I. O. D. E. shall be used in the same city for all military purposes, namely meeting of trains and boats when necessary and in all cases of sick or wounded soldiers.

We expect this ambulance to be maintained by the government, and if at any time its usefulness in this work in the city be passed, we would like it to be returned to the Royal Standard Chapter, I. O. D. E. in good running order. It is upon the above understanding that this presentation is made on behalf of the Royal Standard Chapter, I. O. D. E.

(Signed) Ethel A. Bowman, Ida E. Mole, Harding, Carrie M. Tennant, Nan McPherson Smith, Regent. Ads. S. Allan, vice-regent.

Brigadier General McLean accepted the ambulance on behalf of the military authorities and said it would give him great pleasure to recommend to the authorities that the conditions under which it was given should be carried out. He spoke of the excellent work done by the chapter in the raising of large sums of money for war relief, and said that he knew the gratitude of the soldiers would be most heartfelt.

The motor ambulance, which is the first military ambulance seen in the streets of St. John, is a first class one in every particular. The chassis was made by the Chalmers Automobile Company, in Walkerville, Ontario, while the body was the work of the LeDoux carriage company, Montreal. The ambulance is purely a military one and built according to military expert directions. It is painted a service gray, has four coats and will accommodate two patients and one attendant.

A brass plate fastened to the ambulance bears the inscription "Presented by the Royal Standard Chapter, I. O. D. E., June 30th, 1917, for sick and wounded soldiers."

The officers present included Brigadier General McLean, Lieut-Col. Powell, Col. Anderson, Captain Blake, P. C. and Lieut. Russell, A. C. Members of the Royal Standard Chapter present were Mrs. E. Atherton Smith, Mrs. Clarence Allan and Mrs. Fred Harding.

Great credit is due the ambulance committee, Mrs. Harding, Mrs. Bowman and Mrs. Tennant, for all their work as well as the regent and members of the chapter for the collecting of the large sum of money which was used to purchase this splendid ambulance.

While on her long and delightful trip out west Mrs. E. Atherton Smith while unable to attend the National Chapter meeting of the Daughters of the Empire was not unmindful of patriotic duties. Wherever she went she found an opportunity to speak of work along patriotic lines. In Santa Fe she received an invitation to address a meeting at Government House and in Wawona, in California, a large number of ladies gathered at the hotel to hear Mrs. Smith tell in her vividly descriptive way of the many societies formed in Canada for the assistance and comfort of the soldiers.

U. B. Women's Missionary Society. At the quarterly meeting of the United Baptist Women's Missionary Society, which was held in the Central Baptist church hall yesterday, many interesting reports were given of the work.

Miss Knowles, who has been working for the past seven and a half years at Tokkil, India, and is now home on a furlough, gave much valuable information at various times throughout the session.

Mrs. David Hutchinson, president of the society, reported \$7,967.80 receipts for the quarter; expenses \$5,952.10. The most important business of the session is the working out of programs for the celebration of the golden jubilee of the founding of the U. B. W. M. U., organized 1870. The programs for this celebration will be given out at the convention to be held in Fredericton in October. The subjects to be taken up are the Home Department, Foreign Work and Domestic Home Mission Work.

In addition to the local members, here are present Miss M. E. Hume of Dartmouth, N. S., corresponding secretary of the union; Mrs. C. W. Rose of Amherst; Mrs. W. G. Clark of Fredericton; Mrs. M. F. Cox of Intervale; Westmorland county, and Mrs. August Smith of Central Hampstead, provincial secretary for New Brunswick.

Miss Knowles will be in the city again in September to attend the social meetings to be held in the Charlotte street church, West Side. The afternoon sessions were taken up with routine business.

WHAT CAN THEY DO? "All American housewives asked to can." But what if they can't? And if they can can, what if their husbands can't eat what they can?

NEW YORK LIFE. An unusually "tiny" baby, probably two years old, walked somewhat dizzily and with a great yawning along Amsterdam avenue, near 145th street yesterday. A distance in front of her a small and ragged boy dragged a baby cart upon wheels, meanwhile observing a somewhat ancient color section from a Sunday newspaper.

A well dressed woman halted the boy. "Are you with that baby?" she asked. "She's my sister," answered the boy, "she's just howling for spite because I got the carriage upside down."

"Well, why can't you turn it over?" asked the woman. "Because the minute I do she jumps right in it," answered the boy, registering indignation.

FOX NEWS. George Walsh, the big star of "The Island of Desire," has a great reputation as a kicker. That is, George was a powerful hunter at Georgetown and Foxhall, University.

Margaret Gibson, who plays opposite George Walsh, was born in Colorado Springs. (In 1886, if you must know.)

Anna Lusher can drive her 125 H.P. automobile in a way that would make Barney Oldfield jealous.

William Burgess, who portrays the opium smoker of "The Island of Desire," was once a telegraph operator on the Pennsylvania Railroad.

George Walsh, who has the lead in William Fox's "The Island of Desire," thought at one time that he would hang out a legal abnicle. Movies were more alluring than law.

Who's Who and What's What in the Picture World and on the Stage--Favorites and What They Say and Do.

DE WITT CAIRNS AT THE OPERA HOUSE. There will be a new act on the Opera House vaudeville programme today and a welcome one for local theatre goers, no less than De Witt Cairns, St. John's favorite vocalist, who will appear at all performances for the rest of the week.

Walter Hayes, the musical rube, was forced to leave the programme last night through sudden illness, and Mr. Cairns being in the city was promptly engaged by the management to appear in his place. The programme for today and tomorrow also includes the sixth episode of the thrilling serial drama, "The Voice on the Wire."

IMPERIAL. "Her Official Fathers." "I gotcha Steve," said Justice Webster as the minister turned away after the marriage ceremony. It was the dark horse which won out in the race for the hand of the heiress.

All this occurs in the Triangle production "Her Official Fathers," of which Dorothy Gish is the attractive daughter of the millionaire. There is nothing deep about this picture. It is light and frothy but is clean throughout and amusing.

Dorothy Gish is the embodiment of the lines— "I know a maiden fair to see Take care; She can both false and friendly be, Trust her, not she is fooling thee."

She certainly was fooling the two fortune hunters and it was the slow seeming but faithful Steve who when aroused proved that he could hurry when occasion demanded. And it was for Steve that the clergyman waited.

Others in the cast are Sam de France and Fred Warren as the Directors; Milton Schumann as the "Shrimp," and Frank Bennett as Steve.

The Puppy Market. Another of the delightful Country Life Series was shown at the Imperial Theatre featuring the Blacton children and the lovely puppies. There is a thread of a love story included but the children and the little colliers are sufficient to make a charming picture of themselves. The music which accompanied this feature yesterday afternoon was of rather a mournful character to suit kids and puppies and love affairs. It rather suggested graveyards and deathbed scenes and taxes, let me say.

STAR. Adventure plus adventure is the key note of the Fox picture at the Star Theatre for the mid-week. "The Island of Desire" is its name and

things happened there in rapid succession. Life is just made up of one thing after another and must have been the thought in the minds of Bruce Chalmers (George Walsh) and Lella Denham (Margaret Gibson), in this play. Newspaper men certainly have exciting times in movies.

It is a thrilling story full of sensations. William Farnham has not all the fights in Fox pictures. As the hero of this stirring story George Walsh travels to the untamed regions of the South Seas. There he does

battle with an Australian adventurer, a Chinese villain, drunken beach combers, and, finally, a horde of cannibals. He fights with his fists, he fights with weapons, he fights with dynamite (this latter for the cannibals), and the fortunes of war vary until the very end of the story.

Margaret Gibson, who plays opposite George Walsh, is very pretty and makes a captivating heroine. Anna Lusher has a part in the play. Herschel Mayall is the Australian adventurer.

New Vitality and New Life for the Aged. IN the evening of life, when the strength is gradually decreasing, and the vital powers are waning, Wincarnis exerts a powerful influence in creating new strength, and in surcharging the body with new vitality, because Wincarnis possesses a four-fold power, it is a Tonic, a Restorative, a Blood-maker, and a Nerve Food, all combined. Therefore, Wincarnis creates new strength, new blood, new nerve force, and new vitality. And this four-fold power, acting upon the system at one time, promotes a feeling of new life throughout the whole body. That is the reason why over 10,000 Doctors recommend Wincarnis. And it is also the reason why Wincarnis is the one thing that elderly people should take to restore their waning strength, and to revive their waning vitality. Also, as Wincarnis does not contain depressing drugs, it can be safely taken by old people and the weakest invalid. Wincarnis is a positive necessity for elderly people, because it promptly promotes new strength and quickly creates new vitality. Proprietors: Coleman & Co., Ltd., Wincarnis Works, Liverpool, Eng. HELP HEROIC FRANCE Local Branch of the Canadian Red Cross Society Are Holding THREE GRAND BENEFIT SHOWS IN IMPERIAL THEATRE TODAY To Aid the Red Cross Work of France. French Army and Navy Inspiring Motion Pictures of the Mediterranean Fleet in a Surge of Sea; also a collection of fine views taken on the Western Front and among the Verdun Defenders. Genuine pictures that show what our heroic ally is doing to drive the invader from her land. Taken by Pathé Freres of Paris. "WE ARE FRENCH!" Pictorial War Romance One of the most charming pictures ever brought in St. John. Ella Hall and Rupert Julian are the leading players and from title to trademark the story teams in heart-interest and that deep and olivarious sentiment that is standing noble France in such stead at this present critical time. Beautiful French Views Pictorial jaunts in the garden of romance. It is hard to believe that many of the scenes shown in this series are now a devastated waste, due to the merciless and barbarous Hun. However the hopeful determined French people say they will build them back again more beautiful than ever. DON'T MISS THE SHOW. DON'T FORGET TO HELP THE GREAT CAUSE. Matinees 2.15, Evening 7 and 9 o'clock. Tickets 25c. to All Parts of House

Around the City

Scouts as Berry-Pickers.
Members of the St. James troop of Boy Scouts, yesterday, when Thomas E. McLean, C.P.R. car inspector at Woodstock and Victoria E. Banall were united in marriage by Rev. G. B. Frazer in the presence of several immediate friends. The happy couple left for Woodstock last night where they will make their home.

Wedded Yesterday.
A pretty wedding took place at 87 High street, yesterday, when Thomas E. McLean, C.P.R. car inspector at Woodstock and Victoria E. Banall were united in marriage by Rev. G. B. Frazer in the presence of several immediate friends. The happy couple left for Woodstock last night where they will make their home.

Boston Grand Opera Company.
The Boston Grand Opera Company, which played a two weeks' engagement in Halifax, and afterwards toured through Nova Scotia, arrived on the steamer Empress yesterday afternoon from Digby en route to Boston. The company is composed of principals of the Boston and Chicago Grand Opera Companies and has been east for some weeks. The company made an effort to secure dates in this city but were unable to do so.

Wanted for Robbery.
Detective Collier, of Halifax, arrived in the city yesterday at noon from Fredericton, en route to Halifax, with a man named Armstrong, who is wanted on the charge of deserting from the army, as well as being involved in a robbery which occurred at Halifax some time ago. On receiving word from Halifax that Armstrong was wanted there, Chief of Police Wm. H. Finlay of the capital located the man and held him for the arrival of the Halifax sleuth.

Had a Rough Voyage.
The British schooner W. H. Waters, Captain P. S. Gale, arrived at Newport, Mass., on Tuesday after a very rough voyage from Shulee, N. S. The vessel experienced most terrific weather and when fifty miles east of Cape Ann, a mountainous sea struck the vessel, tearing away the lashings on the deckload and sweeping 20,000 feet of lumber into the sea. Captain Gale sustained severe injuries by having his hand jammed when the deck cargo broke apart.

Officers Installed.
A. D. Smith, District Deputy Grand Patriarch, assisted by W. B. Sanderson, Grand Marshall, installed the following officers of Millets Encampment, I.O.O.F. No. 2, in the Oddfellows' Hall, West St. John: Charles W. Soogee, Chief Patriarch; Thomas Kerrigan, Senior Warden; Wm. R. Sanderson, High Priest; Wm. J. Watson, Sec.; A. D. Smith, Fin. Sec. and Treas.; Frank W. Stanton, Junior Warden; George Maxwell, Inside Guard; Ben Budge, Guide; Fred Long, 1st Watch; H. C. Lemon, 2nd Watch; H. V. MacKinnon, 3rd Watch; John T. Brown, 4th Watch; C. B. Allen, Outside Sentinel.

Victoria Street Church Picnic.
The annual picnic of Victoria street Baptist church was held yesterday at Westfield Beach and several hundred people made it a point to be in attendance and participate in the games and other amusements. The first detachment of picnickers, consisting largely of the younger folks, embarked on the steamer May Queen for the morning trip up river. At 1.20 the May Queen left Indiantown with another load of picnickers. Sports and games were enjoyed throughout the day, the result being that hearty appetites were in evidence when the lunch and dinner calls were sounded. The Victoria street Scout troop was present and, going to and returning from the steamer, they marched at the head of the parade.

Dental Examinations.
Six candidates who have recently graduated from college are writing the examination papers in the provincial dentistry examinations which commenced yesterday morning in the offices of Dr. Fenwick C. Bonnell, 22 Germain street. Drs. F. A. Godose and F. C. Bonnell are the examiners, and some of the young men taking the examinations intend going overseas with the Dental Corps. The candidates are as follows: Dr. Rupert Irving, Moncton, graduate of Harvard University; Warren Luce, Gloucester county, graduate of Baltimore Dental College; Oliver J. Cormier, Shediac, graduate of University of Maryland; John Cummings, St. Stephen, graduate of Tufts College; Waldo Currie, Woodstock, graduate of Pennsylvania College; and Ray MacGibbon, Fredericton, graduate of Baltimore Dental College.

Miss Cecile Jatzman, who has been residing in New York for the past two years, arrived in the city last night.

REALIZED THE DREAM OF "SPECULATIVE ISSUES"

Jury Award Damages of \$2,000 Under Workmen's Compensation Act.

Alternated Amount, Based on Deceased's Earning Power, is \$12,000.

At the morning session of the Circuit Court, yesterday, Daniel Mullin, counsel for the plaintiff, in the case of Cheeseman vs. Canadian Pacific Railway addressed the jury and at the afternoon session His Honor Judge McKeown, gave his charge.

In his charge to the jury His Honor reviewed the evidence submitted and pointed out the difference between recovery under the Workmen's Compensation Act, where the maximum amount of damages was \$2,000, and under Chapter 78, Section 2, of the Consolidated Statutes of New Brunswick, where the amount of damages was based on the earning power of the deceased, and under which negligence on the part of the defendant company would have to be proven. He then submitted to them the following list of questions:

1. Was the death of the deceased Justus G. Cheeseman caused by the negligence of any of the employees of the defendant company?
2. If so, which one of such employees was guilty of negligence?
3. In what did such negligence consist?
4. If so what was such defect and how did it cause the accident?
5. Did the deceased by his own negligence contribute to the accident in any way?
6. If so in what did his contributory negligence consist?
7. If you find that there was negligence both on the part of the defendant company and on the part of the deceased as well, whose negligence was the final cause of the accident, in other words who had the last chance to avoid the accident?
8. Was there any negligence on the part of the defendant company in the employment and retention of brakeman O'Leary?
9. If so in what respect was defendant company negligent?
10. At what do you assess the damages?

ELABORATE LUNCH ROOMS AT ROYAL OPEN TOMORROW

Red Cross Society Will Preside at the Opening of New Grill Room and Parlors at the Royal.

The management of the Royal Hotel are to be congratulated on their enterprise in equipping a grill room and soda water and ice cream parlor at the hotel. The new quarters are divided into three rooms, all handsomely appointed and modernly equipped. In fact the new lunch rooms are the most elaborate that have yet been installed in eastern Canada, and are a credit to the contractors. Tomorrow afternoon will witness the opening of the new rooms. The opening will be under the patronage of the Red Cross, the proceeds being devoted to this worthy patriotic cause. Doubtless hundreds of city folk will attend the opening.

The grill room, the garden room and the vestibule room are most attractive. In the latter room the flowers and vines were imported from Japan. The fountain was secured from the Grand Hotel, Paris. The base is of cast stone, representing a stone wall, while the foliage throughout is in fire proof. There are fifty bunches of grapes in the grape arbor room, the trimming being done by the Atlantic Decorating Company of Boston. The background is of French grey imitating the ideal summer house.

CASES IN POLICE COURT YESTERDAY

North End Woman Charged with Wilful Neglect of Child—A Drunkenness Case.

In the police court yesterday morning two men were charged with being drunk in the Union depot and with interfering with passengers. One of the prisoners stated that he obtained the liquor from a man in the North End having paid three dollars for a bottle of gin. The other said he obtained the liquor from a man whom he did not know. The prisoners were remanded to jail and told that they were liable to a term of nine months. An effort is being made to find the persons who supplied the liquor.

Mrs. Isabella McKay, of Ann street, was charged with wilful neglect of her eight year old boy. Constable Jones gave evidence of finding the boy on the street, early Sunday morning crying for his mother. He took the boy home but found the house locked up. The boy stated that his father was away in the west. The officer then took the boy to the North End police station and on order of Sergeant Rankine, went back to the house to await the arrival of the mother. It was shortly after two o'clock in the morning, when she arrived home in an automobile. Sergeant Rankine testified that he took the child to the home and found the mother in the yard with a young man, while a girl and another man were seated on the front steps. Mrs. McKay said she and a friend had hired a team, and driven to Musquash, they later sent the team home and started to walk to the city. At Spruce lake they met two men who invited them to drive to the city, which they did. She said that she had left the boy before and he had got along all right.

CONFERENCE AT THE COUNTY HOSPITAL RE THE NEW EXTENSION

Preliminary plans for the new addition at the St. John County Hospital were discussed yesterday at a conference between Wm. R. McLellan, County Secretary, J. K. Kelley and Dr. Thomas Walker, the latter representing the Military Hospitals' Commission. The conference was held at the hospital at four o'clock and recommendations for the caring of the returned tubercular soldiers were discussed. Dr. Walker presented the engineer's plans for the extension and these were reviewed at yesterday's meeting.

HALIFAX SEAMEN SAVED.

Three men and a dog, saved from the British schooner Unique, arrived in Boston yesterday, and are being cared for by John B. Mason, the British vice consul there, who has arranged for the transfer of the shipwrecked seamen to their homes in Halifax.

The Unique sank forty minutes after striking the submerged wreckage of the schooner Alice M. Lawrence, which went down five years ago off Tuckerneck Shoal, Nantucket Sound. Thomas Kendall, the steward of the Unique, has been in five shipwrecks as many months, and four of these times he was on deep sea ships that were torpedoed. Finding this excitement too much for him, he joined the Unique in the coastwise trade only to be wrecked again. Albert Tutty, and Ernest Mills, both of Halifax, were the other men saved, and they claim that their rescue was due to Kendall climbing into the rigging and fastening the British colors in a position of distress, which was seen by the coast guard, who hastened to the rescue.

Drop in Strawberries.

The steamer Majestic brought a consignment of 200 crates of strawberries on her trip down the river yesterday, causing the price to drop from 25c. to 15c. per box. These berries are being shipped from Jersey and other points nearby.

Mrs. Chittick and family passed through the city last night from New River to Smithtown, where they will remain for a few days.

WELL-KNOWN SINGER AT IMPERIAL TODAY.

Among the attractions at the Red Cross entertainments at the Imperial Theatre this afternoon and evening will be the singing of the Marcellites by Madame Furlong-Schmidt.

THE FESTIVE POTATO

Price Decline During Past Two Days May Be But the Beginning.

Opinions Differ As to Whether "Spuds" Will Come Back to Normal Figures.

People who have been hoarding hundreds of barrels of potatoes for months awaiting for higher quotations than that prevailing, may be much disappointed before long, as it is expected that instead of "spuds" soaring higher, they will gradually drop until citizens can purchase at a most reasonable figure.

A gentleman who recently visited a farmer, within a few miles of the city, was shown a bin full of potatoes containing more than one hundred barrels. The owner said he had been offered seven dollars per barrel for the lot but he would not sell as he was going to hold off until he got ten dollars, and he was sure the quotation would reach that mark before a great time.

Farmers and merchants who refused seven dollars a barrel for potatoes some time ago, are now of the opinion that they made a big mistake that they did not sell when the selling was good, as it is stated that the wholesale price they were selling for a few days ago was two dollars per barrel. On Tuesday afternoon, when the steamers arrived at Indiantown from up river city merchants were able to purchase potatoes as they landed for \$2.50 per barrel, which was half a dollar less than the day previous.

Late yesterday afternoon an Indiantown merchant was asked what the wholesale quotations at the best were and he stated that no potatoes arrived on the steamer during the afternoon, and that he did not hear of any being sold at \$2.50 but had heard of four dollars being asked.

A Lower Cove grocer, phoned to a number of dealers yesterday morning for potatoes, and the lowest figure quoted to him was five dollars a barrel. When told it was reported that potatoes were being sold in Fredericton at two dollars per barrel, the grocer remarked that the person who would sell at Fredericton for that figure, would do well to ship his stock to St. John, as the potatoes could be landed at any store in the city from Fredericton for about fifty cents a barrel, this amount paying for freight and delivery.

A gentleman who knows conditions through the country predicting good crops this year but not nearly as large a crop as would have been had, had the weather conditions in the early spring been more favorable for planting. However at the present time, the potatoes that are planted are growing well.

Motor Luncheon Sets

Attractive - Serviceable - Compact

Here is exactly what you've been looking for; the fulfillment of a long-felt want in the line of compact, serviceable Luncheon Sets of enduring quality, for use on motor-trip.
