

GENERAL NEWS SMITS' ADMINISTRATION IS RE-ELECTED IN S. AFRICA

NO REASON WHY GOVT. SHOULD GO TO THE PEOPLE

Peterboro By-Election Proves Nothing.

STATES S. F. GLASS, M. P.

Declares Papers Supporting Government Go Off at Half-Cook.

The result of the West Peterboro by-election is not a clear indication that the Government should go to the people immediately in the opinion of S. Frank Glass, (Ontario) M. P. for East Middlesex.

"Mr. King is rejoicing in the fact that there was a vote of 3,000 against the Government, but should remember that there was a vote of 7,000 against the election of Mr. King, so that he is not much better off. The election indicates nothing except that the people are split up into a lot of groups and don't know what they want," Glass said.

Head of Dominion Alliance Describes Measure as "Rotten."

Toronto, Feb. 9.—"It's rotten," said Rev. Ben Spence of the Dominion Alliance, when asked what he thought about the liquor bill introduced in the Quebec Legislature.

"I think it will go through as an introduction to the liquor bill, but it is not strong enough yet to determine the character of the legislation," Mr. Spence stated.

HULL LIQUOR RAIDS CAREFULLY PLANNED

Agents of Revenue Department Posed as Auto Repairmen.

Ottawa, Feb. 9.—Two special agents from the Quebec revenue department, in the space of ten short days, took into camp nearly forty of the blind-burglers, chislers, bootleggers and others engaged in the illicit sale of liquor in the city of Hull, and through whose efforts upwards of \$50,000 worth of liquor was seized on Saturday and Sunday last.

The two men, it is known, trusted agents of the revenue department, came to Hull under the guise of auto repairmen.

They first made known their intentions to the various "bars" in the city, where they had been working for some time, and then they proceeded to hang their cards, and in liquor houses were carefully noted down for future reference. Working in this way they went from bar to club, from hotel to restaurant, and to credit their blind pig, until on Thursday, they had secured a list of 28 liquor outlets.

M'LIVRAITH ORNITHOLOGICAL SOCIETY OBSERVES 179 BIRDS DURING THE YEAR

The year 1920 was one of the most successful and enjoyable yet experienced by members of the M'Livraith Ornithological Club. The composite list of birds observed is published herewith, and totals 179. Several of the members individually saw over 100 species, but a list such as that may only be obtained by one who is willing to spend considerable time afield, and during April and May, to forego these extra forty weeks in the morning, rising with the break of day to spend the early hours in some favorite woods or swamp.

The good luck, if such it may be called, which followed the club during the season, was manifest quite early in the year, for on the usual New Year's Day trip from Hyde Park to the city the members noted no less than 24 species, which is about double the usual number. The success or failure in making a "big list" for the year is dependent upon the winter birds. Many of these are rare and most of them irregular in their habits, some years invading the south in force and other seasons being entirely absent.

Among these might be mentioned the Crossbills, peculiar birds the mandibles of whose bills do not meet evenly, but cross as their name suggests. The protecting point of the bill is a very convenient for extracting the seeds from the lamination which their principal food in winter. There are two varieties, the American or Red Crossbill and the White-Wing Crossbill. Both were seen New Year's Day (1920), it being the first time in last year's season of the latter, which is somewhat the reverse of the usual habit of the Crossbill, however, stayed around until the middle of May, being seen at different times in a variety of places.

Another group of winter birds are the Grosbeaks. There are three varieties of these also, the Pine Grosbeak and the Evening Grosbeak. The former makes visits in small numbers almost every year, but until quite recently the latter was a decidedly rare bird, and its occurrence was considered the event of the season. The Pine Grosbeak, a toba maple are a great attraction to them, and in 1917 a flock spent some time in and around the Ontario Hospital grounds, where a number of those trees are standing. Their reappearance since 1911 has each year been looked for eagerly, and in 1920 did they really come again in numbers. They were first reported on January 5th, and remained until May 21st.

Other winter birds whose names may be seen on the list are: Redpoll, Pine Siskin, Brown Creeper, Blackbird, Bohemian Waxwing, Northern Shrike and Snowbird, but while the latter in 1920 was notable for the invasion of these northern birds, it was also remarkable for the number of species remaining over, whose members usually all leave for warmer climes. Their reappearance in the first snowfall, in this latter list we have the Ruby-crowned Kinglet, Fox-colored Sparrow, Yellow-Billed Cuckoo, Peewee, Robin, White-Throated Sparrow, Red-Winged Blackbird, Black Duck, Song Sparrow, Bronzed Grackle and Kingfisher, whose first reappearance has never been reported from here in winter before, and are, therefore, new records. It seemed unusual to have so many staying over, as the weather was exceptionally severe, but it is possible for mere humans to understand the ways of the birds, and can only study them and strive to know what we can of their habits of life.

Among the rarer birds seen during the spring and summer months might be mentioned the Bald Eagle, Ring-Billed Gull, Bonaparte's Gull, Yellow Rail, Sandpiper, Blackbird, Kingfisher, Warbler, Horned Lark, Yellow Warbler, Short-Eared Owl, Turkey Buzzard, Long-Billed Marsh Wren and Black Duck, but it would hardly do to take time and space to mention more than their names.

The largest number of species seen on one day was eighty, on May 24th, and as it may be of interest to some these have been marked with a star on the appended list.

The club appreciates very much the courtesy of the printer in publishing the list of "Bird Notes" and it is possible that by their first operation these may be resumed as an interesting incidents come to notice from time to time.

PORTRAIT PRESENTED TO ST. LUKE'S CHURCH Picture of Ven. Archdeacon Richardson Given by Ladies' Aid Society. The feature of a largely-attended entertainment in St. Luke's Anglican Church on Tuesday evening was the presentation to the church by the Ladies' Aid Society of an enlarged portrait of Ven. Archdeacon Richardson, who for very many years was the rector of St. Luke's parish. The presentation on behalf of the society was made by Mrs. George Bowman and Mrs. William Wyatt. The concert was under the auspices of the Anglican Young People's Society of the church, and the program included well-rendered songs, readings and instrumental numbers. Rev. A. S. H. Cree presided. Many members of the Church of the Redeemer, which is now united with St. Luke's parish, were in attendance.

CAR LEAVES RAILS MIDWAY ON BRIDGE West London Passengers Get Thrills and Fright—None Injured. Passengers on an eastbound Dundas street car experienced some very real thrills ten minutes before noon on Tuesday, when the car left the rails in the middle of the Dundas street railway bridge over the Thames. Spread rails were the cause of the accident, it was stated at the office of the railway company. The rear truck dropped off the rails entirely, but the car was now everly crowded, and most of the passengers suffered nothing worse than a sudden jolt and a very severe fright. For about fifteen minutes standing before the derailed car was righted, passengers had to dismount on either side of the bridge and walk across the city bridge to transfer from car to car.

GLEE CLUB CONCERT DELIGHTS AUDIENCE Victoria College Singers Well Received at Askin Street Church. A crowded and enthusiastic audience heard the Victoria College Glee Club present in Askin Street Methodist Church on Tuesday evening a musical program of very high calibre. The club chorus comprised 35 young men of high-class vocal ability, assisted by Miss Eva M. Chisholm of Toronto, who is an accomplished accompanist. One feature of the program was the musical monologue by M. A. Cayley, while "An Act of Up-to-Date Grand Opera," presented by E. G. Agnew, W. H. Walker and E. L. Oatkin, proved to be delightfully funny. Written around an alarm of fire in an apartment house, the composition artfully and musically rendered, could not have been more highly entertaining than it was. The glee club conductor, Ernest R. Bowles, accompanied on the piano several of the special program numbers. Following the concert, the glee club members were entertained at supper by the members of the church choir.

ROMAN CATHOLICS OBSERVE FIRST DAY OF LENTEN SEASON Mass Celebrated and Ashes Distributed at St. Peter's Cathedral. Today is Ash Wednesday, the first day of Lent, and the Catholics in London, in common with their co-religionists throughout the world, are duly observing the Lenten season. On Wednesday morning at the 9 o'clock mass in St. Peter's Cathedral the ashes were distributed. "The distribution of the ashes" is no mere figure of speech; it denotes a solemn ceremony, as some people seem to imagine; it is a reality still observed by every devout Catholic where opportunity offers. In St. Peter's there was a large congregation, and, as is customary, the people advanced to the sanctuary rail, where, with their co-religionists, they received the ashes on their foreheads, at the same time making the sign of the cross. These ashes are usually produced by burning the Easter-tide palms of the previous season, and before being distributed they are blessed with due ceremonial. As a token of penitential fervor, the putting of ashes on the head goes away back to the time of the apostles, and has ever since continued to be regarded by the church as "an outward and visible sign of repentance, in former days the wearing of sackcloth was another sign of doing penance." The "forty days and forty nights" of the Lenten season, are, so to speak, a period of spiritual fasting, the fast, aided by prescribed fasts and certain days of abstinence from flesh, meat, and wine, examine their consciences and try to make an earnest endeavor to rectify the errors of the past and straighten out their accounts for the future. Shrove Tuesday, the last day preceding Lent, is so called because it is the day upon which good Catholics, are "shriven" or absolved from past transgressions, so as to begin the holy season with a clean sheet. Shrove Tuesday is, however, associated in the minds of many with the custom of making pancakes and manipulating these delicacies in various ways, so as to dip into the future. "Pancake night" is an institution of long standing, and probably has its origin in the ceremonies associated with pagan or Druidical times. In medieval days the clergy used to permit the people to "have their fling" to a certain extent, prior to engaging in the pious exercises of Lent. This sometimes took the form of plays or burlesque performances in which the leading characters were the Lord of Misrule and the Abbot of Unreason, with such historic figures as St. George and the dragon, Robin Hood, and Maid Marian worked in by way of variety. These revels of the older times still survive in the form of the annual carnival at Nice or Mardi Gras in New Orleans, St. Paul's Cathedral, and other Anglican churches, the advent of the holy season is being duly observed. At 11 o'clock Wednesday morning a special service was held in the cathedral, Very Rev. Dean Tucker officiating and making reference to the proper observance of Lent. There will also be a service in the evening at 8 o'clock. Throughout the Lenten period there will be services every Friday afternoon at 4:30.

MOTHERS' CLUB PUTS ON REAL "HARD TIMES" PARTY Large Gathering at Wortley Road School Affair. "The old school never saw such an entertainment," declared one of the members of the Wortley Road Mothers' Club, speaking of the "Hard Times Party" held there last night. Not only were the club members present, but many visitors from other local mothers' clubs, as well, all in hard-time costumes and all ready for the "beans" and "broken biscuits" served up as refreshments at the close of the evening. The chief number on the program was a most entertaining little dramatic sketch, "Doctor Wanted," given by several of the club members. The sketch, Mrs. Hodden acted the part of the doctor with "Miss Snow" as "Miss Prim," Mrs. Jarvis as the "Old Maid," Mrs. Hamilton as "Vet for Women," Mrs. Rennie as the "Widow" and Mrs. Spencer as the "Chosen Wife." So well was this sketch received that the club members were given a prize for the best character in the play. Mrs. Short, Ernest West and Mrs. Margaret Finch, and a reading by Mrs. Hodden. Prizes were awarded for the best characters in a most amusing play. Mrs. Lily Alkinson and Mrs. Hardy as "Mr. and Mrs. Patches" winning the prize for the best couple; Mrs. Lowe as "Mr. Henneck" was the best single gentleman; and Mrs. Versteeg as "Miss Gassock" was the best single lady. Miss Davidson, Miss Knox and Mrs. Johnston, three of the school teachers acted as judges. Mrs. McKay of the Tecumseh Mothers' Club was the speaker at the regular meeting of the Empress Avenue Mothers' Club held last night at the school, her subject being "The Game or Life." The members of the Chesley Avenue Club visited the school, Mrs. Fellow bringing over an excellent group of artists for the evening's program, all of them children of Chesley Avenue school mothers. The program included musical numbers by Miss Steath, Miss Lauretta Hilbert, Miss Hazel Stelek and Master Russell Stelek, and Miss Irene Hilbert and readings by Miss Jean Fellow and Mrs. Fellow. Short and inspiring talks were also given by Mrs. A. E. Tutt and Mrs. Ed. Fellow.

CARRIES KEG OF BEER IN TRIUMPH FROM CARLING ST. COURT Sam Paglia Convinces Court of His Innocence. Sam Paglia, 742 Richmond street, was dismissed by Magistrate A. H. M. Graydon on a charge of having liquor in a place other than a private dwelling, when he appeared in police court this morning. On Sunday morning, some friends of his had a friendly game of poker in his house. They were arrested, pleaded guilty and were fined. Paglia was asleep upstairs when the game was in progress. He friends had a keg of beer. The result was that Paglia was charged with violating section 41 of the Ontario Temperance Act. He pleaded not guilty. An effort was made to prove that he had more than three boarders at his home. He admitted that there were six people residing at the house, five of whom were his boarders. He had no boarders, but his brother, his brother-in-law and a friend were. Occasionally a traveler stayed at the house over the week-end, but the magistrate decided that the defendant was not guilty. The beer came to Paglia's house addressed to a man named Gussio. This last-mentioned individual was a friend who had been directed by Paglia to procure the liquor. He went to the brewery, but neither he nor the man who took his order could spell Paglia's name, so the shipment was sent with Gussio's name. The court accepted this as sufficient explanation of the names. Albert M. Judd acted for the defendant. When the case was concluded, the defendant was allowed to carry his liquor home.

HE WAS ON HIS WAY He was a chubby little fellow with a baby face and fair curly hair, and with an air of some importance. He carried in his hand a small leather satchel, and standing at the corner of South London street he thus addressed a group ofurchins about one-sixth of an hour ago: "How often have I told you that I've no time for play today, I'm going to Kincardine." "Hi! Where's Kincardine, anyway," asked one of the lads. "I never heard of it." "Go on with you," retorted curly headed, "Kincardine is the school of course." "Hide the smallest of the group behind his laugh. "You mean kindergarten, don't you, stud?" and off he ran with the budding graduate in hot pursuit.

BELGIUM WILL NOT USE RIGHT TO SEIZE GERMAN PROPERTY London, Feb. 9.—The Belgian minister at Berlin has informed Dr. Simons, the German foreign secretary, that Belgium does not intend to use her right under the treaty to sequestrate the property of German nationals, should Germany intentionally default her obligations, according to the correspondent of the London Times. The note says that this includes German property in Belgium or in the districts administered by Belgium, and embraces bank credits, assets in Belgian waters, and goods aboard Belgian ships or sent to Belgium for sale.

FATHERS AND SONS TO BANQUET TONIGHT Over 200 "Dads" Will Meet Boys at Y. M. C. A. Function. One of the most enjoyable events of the Father-and-Son Week in the city will be held in the Y. M. C. A. dining hall this evening, when about 200 fathers with their boys are expected to attend the banquet. This week is known throughout boy circles as Father-and-Son Week, with the sole purpose of bringing the father in closer touch with the life of his son, and also to realize the necessity of going to his father for advice and counsel. Reports from different boy groups in the city show evidence that greater success is being achieved this week than any previously held. An splendid program has been arranged for the evening. Dr. Thomas Wearing, principal of Woodstock College, will be the speaker. A toast to "King George" will be proposed by Milt Walker, mayor of the community boys' council. Howard McTavish will give a toast to the "Dads," and it will be replied by the fathers. The musical part of the program will be provided by the orchestra, and the junior boys members of the association. At the close of the banquet, an adjournment will be made to the gymnasium, where group games will be played between the fathers and sons. On Thursday evening the following churches will hold banquets: Hamilton Road Presbyterian, Robinson Memorial

A GOVERNMENT IN DISTRESS.

The result of the West Peterboro polling means above all things that the people are weary of misrule and usurpation at Ottawa.

One thing appears fairly certain, and that is that promised tariff reform will not be proceeded with.

There is much heart-searching at Ottawa. There will be more when the first caucus is held.

It is clear they are either lamentably out of touch with or are arrogantly indifferent to public feeling.

The Government is faced with a general election, whether it likes it or not.

As a result of this, a board of five or seven members is being strongly advocated among the businessmen of the city.

Under the smaller board the three committees would be done away with, and all matters concerning the schools of the city would be dealt with directly.

While with such smaller board and the need that each individual of it give fuller attention.

The small board has gained great favor in the United States, and is beginning to be looked upon with favor in many of the larger cities.

At present, five members; Buffalo, five; Cleveland, seven; Detroit, seven; Chicago, seven; New York, seven.

With the possibility that the present empane in connection with the high school question may lead to the resignation of several, if not all the trustees.

and deadly, and there are no means of relieving the ranks.

There are demands for cabinet reconstruction; but cabinet reconstruction means by-elections—and probably further defeats and more attrition.

There are nine vacancies in the Senate, but the Government is unable to fill them.

Summed up, the demand of the citizens of London, so far as it can be secured by interviews with leading businessmen, would appear to be that the board take an immediate referendum on the high school question, and that steps be also taken for the reduction of the board to at least half its present size.

The record of by-elections since 1917, when the last general election was held is not an encouraging one for the administration.

The Government succeeded in holding five, namely, Victoria, Kingston, Colchester, St. John and Yale.

East Quebec, Kamouraska and St. James, Montreal; lost none, and gained one, namely, West Peterboro.

Farmers gained six, namely, Carleton, Glengarry, North Ontario, East Elgin, Assiniboia and Temiskaming.

Three having been held by Liberal and three by Conservative Unionists. As for Premier Meighen and the new party, they have held three seats and lost two.

One thing appears fairly certain, and that is that promised tariff reform will not be proceeded with.

Both in East Elgin and Peterboro the Government insisted upon confining the issue to the tariff, and emphasized the need of protection.

In both seats the Liberals carried the urban centres, Aylmer and Peterboro city. As a consequence, Government plans on the tariff will have to be revised.

Are you too tired to be effective?

ALL day long demands are being made upon every woman's strength, whether it is the wearing routine of household duties—the exacting pressure of business affairs—or a long round of social engagements—modern life is placing a constantly increasing tax on her energy.

Those who have made a study of fatigue say that when a woman is tired all her faculties are affected,—the heart weakens, the nerves become upset, and the danger of breakdown is threatened unless prompt action to prevent it is taken.

MILBURN'S HEART AND NERVE PILLS have proved to be, in hundreds of similar cases, a most reliable remedy for restoring strength and vitality to weakening hearts and relieving all the distressing symptoms brought on by fatigue, excitement or over-exertion.

If you wish to maintain your poise, charm, effectiveness, Milburn's Heart and Nerve Pills will be found to be a very valuable assistant.

Mrs. Fred B. Hayes, St. Stephen, N.B., writes:—"For almost two years I suffered from a weak and nervous condition, and could not sleep at night. I got wonderful results from using your Milburn's Heart and Nerve Pills, as I am now strong and well again."

QUEBEC LIQUOR BILL

ENDS PRESCRIPTIONS,

STOPS SPIRIT EXPORT

New Legislation Is Introduced in Provincial Legis- lature.

QUEBEC, Feb. 8.—(By the Canadian Press).—No liquor will be exported to other parts of Canada from the province of Quebec after May 1, if the new legislation brought down by the Provincial Government today is accepted by the Legislature.

One of the officers who prepared the liquor bill stated positively this evening that everything connected with the liquor traffic, including the export, will be in the hands of the commission of members who will be appointed to administer the act. He said that there would be no export of spirituous liquors to outside points. These liquors will be imported by the commission and sold only in quantities of one bottle at a time.

Limit Quantity.

"The Quebec Liquor Commission," he said, "will not be a source of supply for other provinces. It will import for the needs of consumers in this province but will not supply outside points, but all such shipments must be made by the railways and must be done publicly.

The same official added that there is nothing that will prevent the export of beer or of wine to outside points, but all such shipments must be made by the railways and must be done publicly.

Abolishes System.

The bill, the provisions of which have been forecast in dispatches from Quebec for weeks, provides for the entire abolition of the present system of handling liquor in Quebec.

The sale retail of all kinds of liquor will be in the hands of vendors, ap- pointed by the commission. The most drastic regulations will be imposed to prevent bootlegging and other infrac- tions.

Government will insure that all liquor sold, whether spirit or wine, will be of the highest quality, consignments will be sold in sealed bottles.

QUEBEC, Feb. 8.—(By Canadian Press).—The Quebec liquor bill was distributed to the Provincial Legisla- ture this afternoon. It applies to the whole province, but its provisions shall be suspended in the province where the Canada temperance act is in force.

Under its provisions the Quebec Liquor Commission shall consist of five members, a corporation shall be created with all rights and powers be- longing generally to corporations. Mem- bers shall follow no other occupation whatever.

Wide powers are conferred on the commission whose headquarters will be in Montreal. It will sell in its own name, alcoholic spirits, wines and other liquors, of which the alcoholic content is more than 5 per cent by weight.

Each sale by the commission of alcohol or spirits delivered in one of its establishments made to a person not authorized to sell or purchase the

Woman Refuses To Be Speaker of Legislature

Mrs. Ralph Smith Declines the Honor Offered in British Columbia House.

VICTORIA, B. C., Feb. 8.—The first session of the fifteenth Legislature of British Columbia was opened here this afternoon by Lieut.-Governor Nichol. A. M. Manson, M.L.A. of Omineca, was elected speaker. Mrs. Ralph Smith, M.L.A. for Vancouver, early in the day notified Premier Oliver that she would not accept the honor.

The speech from the throne fore-shadowed legislation to regulate the sale of liquor in sealed packages in line with the referendum last fall and legislation to encourage and develop the industrial, mineral and agricultural resources of the province.

WILL SECOND REPLY.
WINNIPEG, Man., Feb. 8.—Mrs. Edith Rogers, the first woman to be elected a member of the Manitoba Legislature, will second the speech from the throne in the Provincial House.

LIBERAL CHARGES EFFORT TO BRIDGE O. T. A. BRIDGE ISSUE

Liberal Leader Threatens To Divide Legislature, Demanding That Discussion of Minority Report Should Not Be Delayed by Raney—Druy Promises Time For Discussion Later—Tolmie Defends Right of Appeal.

(Special to The Advertiser.)
TORONTO, Feb. 8.—Attributing to Attorney-General Raney an effort to side-step the issue of right of appeal upon O. T. A. conviction, H. H. Dewar, K.C., Liberal leader, threatened to divide the Legislature this afternoon on an issue as to whether discussion of the minority report of the committee which considered O. T. A. legislation matters should be debated now or at some future date.

The Liberal leader finally agreed to adjournment, when Premier Drury promised that the pending discussion on the important point at issue should not be jumped with general O. T. A. discussion. He even went further and promised to bring forward a motion to adjourn. Hon. G. Howard Ferguson stood with the Liberal leader in demanding discussion. He even went further and promised to bring forward a motion to adjourn. Hon. G. Howard Ferguson stood with the Liberal leader in demanding discussion.

Defends Minority Report.
Major Tolmie of Windsor declared that the minority report was not an effort to weaken O. T. A. administration, but rather an effort to strengthen it. There must be just and fair play in the administration of the act, he declared.

Major Tolmie's Remarks.
Major Tolmie declared emphatically that Attorney-General Raney, who now occupies the county judge's office, is present at the committee meeting which unanimously voted for county court appeals. In moving the adjournment of the discussion, the attorney-general has not had the courtesy to advise the members of the committee.

Complaints on Pensions.
Complaints about the administration of the mothers' pension act were voiced by H. P. Hill, Conservative, West Ottawa, who presented against delay in forwarding checks to Ottawa, and by J. A. Calder, Liberal, North Oxford, who attacked the commission's administration generally.

Dr. Forbas Godfrey, Conservative, West York, drew Attorney-General Raney's attention to a report of a speech said to have been made by C. J. Foy, K.C., of Perth, Ont., at King's Park, in an attack upon the Orange Order, in which Mr. Foy was reported to have declared that he would not agree to the sentiment of "one king, one flag." If that flag was the British flag, Dr. Godfrey asked the attorney-general if he proposed to take action against the Orange Order, removed from the list of K. C.'s.

Hon. Mr. Raney replied that he had not read the article in question, and therefore could not comment upon it.

Major A. C. Lewis, Conservative member for "Northwest Toronto," was the chief speaker this afternoon when the debate on the address in reply to the

speech from the throne was resumed. The new member launched into an attack on Premier Drury and Attorney-General Raney. He held there was no good standing in the Legislature, and that the United Farmers of Ontario was only used as a convenient screen. Major Lewis charged that the Drury Government was anti-public ownership, and was proceeding to keep the Canadian Pacific Railway by holding up the work on hydro-electric radial railways.

Major Lewis said that the discussion about hardships on the farms and in the cities was nothing but the merest camouflage to keep class government in power. There was but one idea in the discussion of the broadening of public ownership, and that was strengthening the Farmers' representation on the Independent Labor group strangled.

The member for North Victoria had said "it was nothing wrong in any group of men, whether they are united by ties of similar occupation or by similar interests, to get together and decide what representation they want." Major Lewis continued, "No one will find fault with that," he added. "Every class has that privilege. What the honorable member meant was getting control of the Government. That is very different. The danger lies, not in class representation, but in class control."

Major Lewis said: "The present premier owes his position today to an accident. He owes it to the cowardly courage of his predecessors. The premier has acted in his own interest, not in the interest of the province. He has dealt with hydro radicals. Did he ever hear of a man who sold his soul for a few dollars? The Ontario temperance act was a disgraceful farce at the last election, and Sir William Hearst took his political life in his hands."

John A. Calder, Liberal, North Oxford, urged upon the Government to be generous in the matter of mothers' pensions. He condemned the road policy of the minister of public works. Mr. Calder was afraid that the province had developed a millionaires' class, while it only had the purse of a pauper. He was afraid that the province was leaking money in the expenditure, and that the province was only getting 50 cents value for each dollar spent.

F. Swartz, Labor member for Niagara Falls, expressed the opinion that M. M. MacBride of Brantford, who seemed, he said, to have been "taken under the drooping wing" of Hon. G. Howard Ferguson, was "a man who is an ugly quacking and reads the drooping wing" of Mr. Swartz. He advocated uniformity of motor laws in Canada and the United States.

Stenographer Major J. McNamara, Riverview, moved the adjournment of the debate.

GUELPH MAGISTRATE ADDS FOUR YEARS TO BURGLAR'S TERM

Young Man Already Sentenced To Six Years—More Charges.

QUELPH, Feb. 8.—Gordon Simpson, the young Toronto burglar, and a member of a gang recently rounded up and sentenced to long jail terms, appeared before Magistrate Waite here today and was convicted on the charge of breaking into the G. Ryan store here several weeks ago. He was sentenced to four years in Kingston. Simpson was brought to Guelph yesterday to face the charge, after he had been convicted in Toronto of a series of burglaries and sentenced to six years in prison facilities here. He still has other charges against him.

SHORTHORN BREEDERS' ASSOCIATION GROWS

TORONTO, Feb. 8.—Having a total membership of 4,288 and assets amounting to \$45,969, the Dominion Shorthorn Breeders' Association at its 25th annual meeting here today, under the chairmanship of J. G. Barron of Carberry, Man., the president of the association, received very encouraging reports. The receipts for last year were \$58,702, and the expenditures amounted to \$58,747.47, the cash balance being \$22,900. Of the 4,288 members, 3,357 reside in the province of Ontario.

The association made grants to fairs and exhibitions last year totalling \$8,000.

EXCEPTIONAL PRIZES TO BE WON BY ACCURATE WORKERS

Winners Divide \$2,500 in Six Weeks—All Can Enter.

Public interest is now centered in The Advertiser \$2,500 puzzle contest. This will hold the public attention for the next six weeks. Full particulars of the contest appear in this issue of the Advertiser, and every reader of this item is urged to read it carefully. Many American and foreign papers have featured these contests recently. The Philadelphia North American runs one of the best, and every day gets so much on account of the new readers that it obtains, but because its old readers practically insist upon it. More than 40,000 people take part in the contest.

The contest is now being conducted fairly. The public has not been slow to recognize the merits of these contests, as everything is absolutely fair and above and beyond the ordinary plan of popularity contests, where certain contestants are favored by turning in subscriptions from their friends, the prize money offered in these contests goes direct to the subscriber. If a subscriber invests from \$2.75 to \$10 for the puzzle, The Advertiser at the regular rate, he is entitled to take part in the contest. He has just as good an opportunity of winning even the highest prize as anyone else can possibly have. The puzzle itself is more of a test of accuracy and patience than of brain and ingenuity. For this reason, anyone, young or old, can compete with a fair chance of success.

Arouses Sporting Spirit.
Thousands of people take part in the contests in the United States year after year, almost wholly from a sporting spirit, as the mere act of taking part in the contest adds a special interest where certain contestants are favored. No other competition has ever been devised that will permit the average person to take part without being qualified in some particular way to do so. When a person makes up his mind to enter a contest, he should subscribe to The Advertiser, making a payment of from \$2.75 to \$10, and knowing that he or she will receive full credit for every cent paid at the rate set for as long as he or she remains the only participant in the contest. Because no other test is required, it is then purely a matter of solving the puzzle in a systematic and careful manner, making absolutely sure of a correct answer and leaving nothing to chance.

MEIGHEN GOVT. TURNS DEAF EAR TO PETERBORO

Ottawa Report Says Cabinet Has Decided To Disregard Result.

(Special to The Advertiser.)
OTTAWA, Feb. 8.—The Government, it is stated tonight, has decided to disregard the general interpretation placed upon the West Peterboro debacle and to hang on to power until its constitutional term has expired in 1922, or until it is pried loose from office by a defeat on the floor of the House.

A New York newspaper in a very able editorial says that it is not the gold case, the fancy chain or the jewels in a man's pocket that determine his success and money-making in man. It is the iron in his blood, the iron in his veins, the iron in his arteries, the iron in his living cells and tissue and nothing you eat does you the proper amount of good—no you do not get the strength and vitality in your body and mind. There are 80,000,000,000 red blood corpuscles in your blood and each one must be iron.

NUXTATED IRON

Helps make rich red blood and revitalizes weak nerves.

How to Make Money Today

Men Who Lack Bodily and Mental Vigor, Who Are NERVOUS, Irritable and Easily Fatigued, Should Buy "NUXTATED IRON"—It's Not the Smartest Man Who Gets the Most Money.

When you find yourself nervous, weak, irritable and easily upset, do not wait until you are in a state of nervous prostration that takes some organic iron like Nuxated Iron to help you out. Nuxated Iron is the iron in your blood and the iron in your arteries and capillaries. It is so prepared that it is ready for almost immediate absorption, and assimilation by the blood, while other physicians point that metallic iron, which people usually take, is not absorbed at all. Nuxated Iron often increases the bodily and mental vigor of weak, nervous, nervous folks in two weeks' time.

Beware of substitutes. Look for the word "Nuxated" on every package, and the letter "N. I." on every tablet. Your money will be refunded by the manufacturer if you do not obtain satisfactory results. For sale by all druggists.

The only effect which the reverse will have will be to delay reconstruction of the cabinet, which would have occurred immediately had the result in West Peterboro been different. It is said, will be proceeded with, as though Peterboro City never given a vote to the Opposition candidates.

The Government's decision has been arrived at despite of advice, editorially and otherwise, tendered on the morning after the disaster. There has been no serious attempt on the part of the government press to minimize the apparent significance of the Peterboro defeat. On the contrary, the Montreal Gazette, which has been recognized as the foremost of the Government's "constructive" supporters, declared this morning that a general election should be called as soon as supply had been voted.

Staunchest Supporter. And tomorrow morning the Ottawa Journal, probably the staunchest supporter Premier Meighen and his Government has in the Dominion, will advocate editorially an appeal to the people. The Journal says philosophically that whatever argument may be advanced the Government is unable to secure less than 2,000 out of 12,000 votes cast, and that from all indications the Government for its policy was popular in West Peterboro.

All this Premier Meighen and his Government have decided to disregard. They will insist that there cannot be a real election without redistribution. They will declare that the newly-constituted party is not responsible for all the by-election losses since 1917, which were six in number. In fact, they will point with some pride to the fact that Government have decided to disregard. They will insist that there cannot be a real election without redistribution. They will declare that the newly-constituted party is not responsible for all the by-election losses since 1917, which were six in number. In fact, they will point with some pride to the fact that Government have decided to disregard.

Disinterested pressure urging a general election is being offset by "intended" pressure urging the Government to "stand fast." There are about fifteen ministers drawing down \$14,000 a year each, and over 100 members with an annual emolument of \$4,000. Many of these will never tread the halls of Parliament again, after the next general election. It is therefore natural that to them the "clear call" from West Peterboro and East Bait is but a

small voice, less loud than that of confidence, and as easy to drown. Parliamentary halls are comfortable, and parliamentary companionship sweet. Why should they depart from them because of a mistaken interpretation of an election which has no moral at all, and which was lost to the Government because the Conservative forces happened to be divided?

That is about the attitude of those who advise the Government to stay on the constitutional term.
