## Commission Take No Action Against Mail and Empire.

## MORE ABOUT GAMEY'S POLITICS

## Witnesses Say They Feared Gamey Would Abuse the Patronage If It Were Given Him.

[Special to The Advertiser.]  
Toronto, Ont., April 29.—The first half hour of this morning's session was devoted to a discussion of the Mail and Empire position. Mr. J. B. Clark, K. C., for the paper, pointed out that possibly they had been careless owing to all the newspapers having commented upon the case all along. Chancellor Boyd said there was no doubt that contempt had been committed. However, with the admission of the writer that the article was regretted, and the understanding that there would not be another violation, their lordships were willing to have the matter end there.  
The Gamey inquiry then proceeded. Mr. Abrey, returning officer of Manitoulin, explained why it took so long to get returns on the island. Mr. John Boyd, an employee of the Public Works Department, testified that in connection with his work in the colonization roads he had seen Mr. Gamey at the latter's home on Aug. 16. Mr. Gamey had voluntarily told witness that he was going to support the Ross Government, drawing comparisons between the leaders disparaging to Mr. Whitney. He recalled his Conservative friends, Mr. Gamey told witness he would try to get some positions for a few of them.  
**MR. GAMEY'S PATRONAGE.**  
Cross-examined by Mr. Ritchie, Mr. Boyd admitted that he had heard Mr. Gamey had received the patronage of the district. Witness had not wished to support Mr. Gamey's applications for road grants, the grants being for political reasons. He admitted writing the Minister of Public Works, saying that he would not advise making the grants, as it would demoralize their own party. Previous to the elections witness had gone of his own accord to Mr. McMillan, of Gore Bay, to request the latter to not stand as an independent candidate. It was simply a political matter. Witness had not wished to connect an increase in salary to witness with the Gamey affair. This, the witness explained, was given to cover travelling expenses of the Walker House, was examined by Mr. McEvoy. He testified as to the dates Mr. Gamey had stayed at his house, and his driver and bookkeeper, were each called. Their evidence went to show that Mr. Stratton could be accounted for on the day the Gamey allegations were made over from 12 noon to 1.25 p.m., from 3.35 to 6.35 and from 7 to 12.  
The court adjourned at 1 o'clock.  
For Tuesday afternoon's evidence see page 5.

## Warships for China.

Honolulu, April 29.—The British warship Amphion and the torpedo boat Sparrow Hawk and Virago have arrived here from Victoria. The vessels will be conveyed to Hong Kong by the Amphitrite, which is also in the harbor. On the arrival of these vessels in Asiatic waters, the already powerful fleet which Great Britain maintains in the Orient will be greatly strengthened. It is learned from British naval officers and sailors that Great Britain contemplates making immense additions to her Asiatic squadron and improving the Asiatic station in many ways.

## FIRE AT THE "SOO"

## Big Block Destroyed at a Loss of \$150,000.

Sault Ste. Marie, Ont., April 29.—At daybreak this morning one of the largest fires that has ever visited the Soo was kindled in the Farewell Block, occupied by Hart Bros., general dry-goods, and Marshall & McLeod, grocers. The building and contents are an entire loss. The Godey Block, occupied by the Imperial Bank and J. M. Thompson, dry-goods, was badly damaged by fire and water. The total loss is estimated to be about \$150,000. The insurance is \$75,000 to \$100,000. Nothing definite is known as to the origin of the fire.

## The Workmen Win.

Chicago, April 29.—An agreement has been reached between the Chicago Black and Trades Association and the Blacksmiths' Union, whereby 2,000 men will receive a 9-hour work day and an increase in wages ranging from 2 1/2 to 10 per cent. Time and a half will be paid for overtime and double time for Sundays and holidays.

## CASTRO HITS AT FOREIGNERS

## Drastic Measures That Will Prevail in Venezuela.

## IT WILL BLOCK IMMIGRATION

## Foreigners Will Be Considered as Residents or in Transit—Hands Off Politics.

Caracas, April 17.—The text of the decree just issued by the Government defining the duties and rights of foreigners in Venezuela shows it to be the most drastic in its character, and excites great exasperation among all foreign residents. It is believed that it will effectually end all immigration, or the introduction of any foreign capital. It declares that foreigners found within the territory of the United States of Venezuela shall be considered either as resident or in transit.  
Resident foreigners are subject to the same obligations as the Venezuelans, both as to their person as well as to their property; but they are not subject to military service nor to the payment of forced or extraordinary war contributions in case of revolution or of international armed warfare. The decree continues:  
Foreigners domiciled or in transit must not mix in the political affairs of the republic nor in anything relating to said political affairs. To this end they cannot:  
1. Form a part of political societies.  
2. Edit political newspapers or write their character of foreigners, and become "lipso facto" subjected to the responsibilities, burdens, obligations which might be occasioned to natives through intestine political contentions.  
Foreigners in transit who violate the decree are to be immediately expelled from the republic.

## ENGLAND AND RUSSIA

## British Foreign Office Inquiring as to Manchuria.

London, April 29.—The officials of the British Foreign Office yesterday read with much interest the press dispatch from St. Petersburg of yesterday giving the views of the Russian Foreign Office on the eight alleged demands made by Russia on China regarding Manchuria. It was the first intimation they had received of the Russian official attitude on the subject of the Manchurian agreement. The officials here, however, declined to comment on the Russian statement, pending further advice from the British representatives at St. Petersburg and in Peking. Reply to a question put by Earl Spencer, the Liberal leader in the House of Lords, as to whether he could lay on the table the dispatches in regard to the communications reported to have passed between the Russian and Chinese Governments, Foreign Secretary Lansdowne said the question is now engaging the most serious attention of the Government. There was some doubt regarding the actual facts of Russia's proposal in regard to the evacuation of Manchuria, and he hoped the silence was being maintained at present will not be of long duration.

## MORGAN'S BIG SHIP COMBINE MUST FLY THE BRITISH FLAG

## Company and the Government Reach Agreement Satisfactory to Britain.

London, April 29.—The shipping agreement between the International Mercantile Marine Company and the British Government has been finally and satisfactorily concluded on the lines previously announced.  
The terms of the agreement, according to the announcement made by Gerald Balfour, the president of the board of trade, in a speech at Sheffield, England, Sept. 30, are as follows: A majority of the directors of the combination are to be of British nationality, the vessels purchased in Great Britain are to fly the British flag, their officers are to be British, a reasonable proportion of their crews are to be drawn from Great Britain, and at least half the tonnage hereafter to be built for the combination is to be constructed in British yards and fly the British flag. Further, in the event of the combination purchasing a policy hostile to the British mercantile marine, the British Gov-

## HELPS CANADIAN LINES

## Elkins Law May Prove Bonanza to Grand Trunk.

Chicago, April 29.—The Record-Herald says today: "The Elkins law bids fair to prove a bonanza to Canadian roads having lines and connections in the United States. Such lines as the Grand Trunk and the Canadian Pacific are in position, it is said, to divert a great deal of traffic which hitherto has been enjoyed by the American lines, by indulging in practices which are prohibited under the Elkins law. Apparently there is nothing to prevent the Grand Trunk making two billings of shipments, one billing to end and another to begin at the Canadian border. By so doing any shrinkage or rebate desired in rates could be absorbed by the Canadian end of the road. There is no indication that the officers of the company will take advantage of the opportunity presented by the law, but the fact that the opportunity exists will make the road an extremely important factor in the eastern situation."

## NELSON'S STORY FLATLY DENIED

## References to Harding and O'Bierne Declared False.

## THEY INVITE HIM TO STRATFORD

## To Attend Election Trial and Repeat His Story—A Conservative Dodge.

Stratford, April 29.—The charges made in the Nelson affidavit, which is now being made public at Buffalo, seem to be, like many other statements going the rounds of the Conservative press, made out of whole cloth. Nelson says during a trip to Toronto Capt. Sullivan introduced him to a man named Smith, who told him to go to Stratford and stay at the Cabinet Hotel. He gave the address of R. T. Harding, a lawyer, and Mr. O'Bierne, the publisher of the Beacon, says the affidavit, "to whom I was made to report every afternoon, and who were in charge of the financial end of the Liberal campaign in Stratford, and would give me the names of people I was to approach." Nelson says he was in Stratford disguised as a picture agent, going from house to house and would give me the names of people I was to approach." ## TURKS AND SLAVS CLASH

## The Sultan's Cavalry Crosses the Russian Frontier.

Berlin, April 29.—A dispatch from St. Petersburg to the Lokal Anzeiger says, it is reported from Kars, Asiatic Russia, that a squadron of Turkish cavalry crossed the Russian frontier, 70 versts from Sara-Kamish, "Transcaucasian" territory, and showed intention of advancing. A Russian frontier post gave the alarm to a regiment of Cossacks, which fired on the Turks, killing an officer and six troopers. The Russians suffered no loss. The Turks then retreated across the frontier.

## SMALLPOX AT SANDWICH

## A Case of the Disease Has Appeared and is Quarantined.

Windsor, Ont., April 29.—Smallpox has made its appearance in the home of a family named Major at Sandwich, Mrs. Major being taken down with the disease yesterday. The house was at once quarantined. None of the other members of the family has developed any symptoms of the disease. Mrs. Major has an infant about five days old.

## FELL DOWN ELEVATOR

## Fatal Accident to a Boy Resident of Stratford.

Stratford, April 29.—Herbert Cooke, the 16-year-old son of Major Cooke, of this city, was killed by a fall at the McLagan furniture factory here yesterday. He attempted to go up the elevator while it was in motion, but missed his hold and fell three stories to the floor. He lived about five minutes. Cooke was a bugler in the Twenty-eighth Battalion, and was very popular.

## REDISTRIBUTION WILL PROCEED

## Important Ruling of Supreme Court Judges.

## THE DECISION WAS UNANIMOUS

## Contention of Dominion Government Upheld—Claim of the Eastern Provinces Thrown Out.

[Special to The Advertiser.]  
Ottawa, April 29.—The supreme court today gave judgment on the constitutional question submitted to it to determine the number of representatives in the House of Commons to which Nova Scotia and New Brunswick are entitled under the last census.  
These provinces contended that their representation should not be reduced, and based their claim on sub-section 4 of section 51 of the British North America Act, which provides that no reduction shall take place if a province contains one-twentieth of the population of Canada. They argued that by the word "Canada" was meant only the four original provinces of Confederation, Ontario, Quebec, Nova Scotia and New Brunswick.  
The Dominion Government argued to the contrary, holding that it referred to the aggregate population of Canada, including those provinces admitted to Confederation since the passage of the British North America Act.  
The court unanimously upheld the Dominion Government's contention.  
The judgment was prepared by that master of constitutional law, Hon. Justice David Mills, and was approved by Chief Justice Taschereau, Justice Armour and Justice Sedgwick.  
Separate judgments were submitted by Justices Davies and Justice Girouard; they reached the same conclusion as the majority of the court.  
The judgment gives great satisfaction here, as it clears the way for the redistribution.

## MACLEAN BILLS HOTLY OPPOSED

## Battle Between Municipalities and Bell Telephone Co.

## MR. MACLEAN'S EXPLANATIONS

## Position Taken by Mayor Urquhart—Municipalities Demand Control of Streets.

[Special to The Advertiser.]  
Ottawa, April 29.—The sub-committee of the railway committee of Parliament having charge of MacLean telephone bills met today, and heard the cases of the municipalities and of the Bell Telephone company.  
Mr. MacLean at the outset expressed his entire willingness to include in his bill clauses to protect the rights of the municipalities. He explained that his bill had been drawn so as not to override these rights.  
Mayor Urquhart, of Toronto, proceeded to get himself right with the committee by saying that the statement made by him in the February conference with Hon. Charles Fitzpatrick in favor of delay was not intended to give the idea that Toronto was against the proposed municipal legislation. Toronto favored the MacLean bills. His worship had simply suggested to Mr. Fitzpatrick that full inquiries be made so that the interests of the municipalities, which were then in Mr. Urquhart's possession, should be made known. These details had since been published. Mayor Urquhart, however, said that the case of Fort William and Port Arthur with the Bell Company and on his own account to that effect, the city of Toronto against the Bell Company, over the location of poles on the streets.  
Mayor Cook, of Ottawa, asked for power to expropriate the Bell poles in the capital for the use of a municipal system.  
Mayor Urquhart said that Toronto would agree to such proposals if the Minister of Justice in accordance with the determination of the municipalities to demand control of the streets, and Mayor Rogers, of Peterboro, said that in his town the telephone poles, etc., on the streets had become an intolerable nuisance, so that the insurance question was affected by it.  
James L. Fullerton, corporation counsel of the city of Toronto, asked for a restoration to the municipalities of the rights taken by the telephone act of 1880. The present case of Toronto vs. the Bell, now before the court of appeal, would solve part of the difficulty. Mr. Fullerton's opinion, should not wait for the court of appeals decision. The City of Toronto had counted on the support of the Minister of Justice in accordance with a statement made by him at the February conference. Mr. Fullerton suggested that the MacLean bill be changed to apply to companies incorporated before or after and to apply in their "constructing, acquiring or operating." There should also be a provision for arbitration in a question of compensation.  
J. S. Ritchie, acting for the Bell Telephone Company, outlined the opposition to the bill. The Parliament of Canada, he said, by the MacLean bill, proposed to interfere with provincial powers, and such legislation would be ultra vires. The Bell Company claimed the right to invade a municipality and to erect poles on a railway right-of-way. The Bell Company went from the Dominion Parliament to the provinces for their rights. The municipalities as the creatures of the Provincial Legislatures, were coming with their grievances to the wrong forum.  
E. F. Clarke, M. P. of Toronto, charged that the MacLean bill was a precedent that the Dominion Parliament could not correct an error of its own. The municipalities by some means or other were out of their "bumcombe." Mr. Clarke used the word "bumcombe." Mr. Ritchie went on to argue that if the Dominion Parliament had power to exercise its legislation, then the provinces had the same power and their exercise of it would be legal. Mr. Ritchie appealed for the "stout-hearted men, who had put their money into the Bell Company. As for compensation, nothing short of the full value of the company would suffice, as the municipalities by expropriation could pick the company bare. The MacLean bill, he said, was vicious in principle. Samuel Barker, M. P. of Hamilton, filed with the committee petitions from Hamilton.

## U. S. Cadets' Escort, Mafeking's Hero Through New York.

New York, April 29.—Col. George R. Dyer, of the Twelfth Regiment, gave a dinner to Secretary Root and Gen. Baden-Powell at the Knickerbocker Club last evening, after which the cadets party went to the military tournament. Among Col. Dyer's guests were Archbishop Farley, Bishop Potter, Ogden Mills, of West Point, August Belmont, Adrian Inelin and H. R. Winthrop.  
While the dinner was on a battalion of West Point cadets came swinging down Fifth avenue headed by a squad of mounted police and the Academy band. The battalion drew up in front of the club and after waiting about ten minutes escorted Col. Dyer's party to the Garway committee building in fine appearance and were frequently applauded both from windows of residences and from the sidewalks as they moved along in perfect step and alignment.  
The battalion came down from West Point by the steamer Pegasus to the foot of West Thirty-fifth street. They arrived at 4.30 p.m. but did not come ashore until 8 o'clock.

Windsor, Ont., April 29.—Smallpox has made its appearance in the home of a family named Major at Sandwich, Mrs. Major being taken down with the disease yesterday. The house was at once quarantined. None of the other members of the family has developed any symptoms of the disease. Mrs. Major has an infant about five days old.

## FELL DOWN ELEVATOR

## Fatal Accident to a Boy Resident of Stratford.

Stratford, April 29.—Herbert Cooke, the 16-year-old son of Major Cooke, of this city, was killed by a fall at the McLagan furniture factory here yesterday. He attempted to go up the elevator while it was in motion, but missed his hold and fell three stories to the floor. He lived about five minutes. Cooke was a bugler in the Twenty-eighth Battalion, and was very popular.

## Famous Shipbuilder Dead.

San Francisco, April 29.—Irving M. Scott, shipbuilder and for many years head of the Union Iron Works of this city, who built the battleship Oregon and many other ships for the United States navy, died at his residence today from heart disease.

## MACEONIA THE OBJECT OF MUSCOVITE DIPLOMACY

## The Prince Presided.

London, April 29.—The first meeting of the British Canadian commission for the St. Louis Exhibition was held at Marlborough House yesterday. The Prince of Wales, who presided, ridiculed the notion that it was not much use for the British manufacturers to exhibit in the United States owing to the high American tariff. Adams' counsel fought hard for a considerable market for high-class goods in the United States, and that the exhibition would afford an opportunity of showing British manufactures to customers from South America, Canada and other countries.

## POLICY KING'S DOWNFALL

## Al. Adams, Worth \$5,000,000, Goes to Sing Sing.

New York, April 29.—"Al" Adams, the so-called "policy king," was today removed to Sing Sing prison to begin serving his sentence for having policy paraphernalia in his possession. Adams' counsel fought hard for delay in the execution of the sentence but without success. A writ of habeas corpus, secured last Friday, was dismissed today, and despite the pleas of Adams' counsel for further time the court remanded the prisoner to jail. Shortly afterwards he was taken to Sing Sing. Adams is reputed to be worth between \$1,000,000 and \$5,00

BOILERS BLEW UP

Serious Accident to a Big French Steamer.

Salonica, European Turkey, April 28.—The boilers of the French steamer Guadalquivir blew up today as she was leaving this port, and the steamer broke in two. Fire then broke out in the afterpart of the vessel. Several of the engineers were badly injured. It is feared some of them were killed. The passengers are safe.

HEART DISEASE

A Trouble Much More Common Than Is Generally Supposed.

A healthy person does not feel the heart at all. If the heart makes itself felt it is a sure sign of some one of the many phases of heart trouble. Some of the symptoms of heart trouble are shortness of breath, trembling of the hands, violent throbbing or fluttering of the heart, sharp spasms of pain, oppression on the chest, dizziness and clammy sweating, irregular pulse, and the alarming palpitation that is often felt most in the head or at the wrists. Of course people suffering from heart trouble have all these symptoms, but if you have any of them it is a sign of heart trouble and should not be neglected for a moment.

Most of the troubles affecting the heart are caused by anaemia, indigestion or nervousness, and when any of these causes lie at the root of the trouble it can be surely cured by the use of Dr. Williams' Pink Pills. You mustn't trifle with common medicines, and above all you shouldn't further weaken your heart by using purgatives. You must get the real relief through the blood with Dr. Williams' Pink Pills. You can easily see why this is the only way to save yourself. The heart gives your blood, and all parts of the body. Every drop of your blood flows through your heart. If your blood is thin or impure your heart is bound to be weak and diseased; if your blood is pure, rich and healthy, it will naturally make your heart sound and strong.

Dr. Williams' Pink Pills actually make new, rich, red blood. And that weak, heart, and in constant fear that my end would come at any time; the least exertion would overcome me; my heart would palpitate violently and I would sometimes have a feeling of suffocation. It was under the care of a doctor, but did not get relief, and eventually my condition became so bad that I had to discontinue work. While at my worst a neighbor advised me to try Dr. Williams' Pink Pills. I did so, and they simply worked wonders in my case. I used only half a dozen boxes when I was able to return to my work, strong and healthy, and I have not since had any sign of the old trouble.

We would again impress upon those who are ailing that they must get the genuine pills with the full name "Dr. Williams' Pink Pills for Pale People," on the wrapper around every box. Sold by all dealers or by mail at 50 cents a box, or six boxes for \$2.50 by writing to the Dr. Williams' Medicine Company, Brockville, Ont.

The persistent increase in the production of petroleum at Baku, which has doubled in eight years, is now checked, as shown by the Russian governmental report for 1902.

The Savings Bank of Health is lots of red and vitalizing blood to nourish and invigorate the body. If your blood is thin and watery use "Ferrozone." It supplies the necessary elements, such as phosphorus and iron, and quickly restores lost strength and spirits. It is a most successful restorative for the tired, the sick, and the run down; it stimulates appetite, aids digestion, soothes the nerves, and makes the system too healthy for disease to exist. No tonic does so much good in a short time as Ferrozone. Get it today from any druggist for 50c per box, or six boxes for \$2.50. By mail from N. C. Folsom & Co., Kingston, Ont.

THE BUDGET DEBATE THE ONTARIO LEGISLATURE

Prosperous Financial Condition of the Province.

THE PREMIER'S TELLING SPEECH

Oxford County Reformatory Abundant—The Penitentiary Institution To Be Insane Asylum.

Nearly two million dollars is the surplus shown by the Provincial financial statement, as presented to the Legislature this afternoon by the Premier and Provincial Treasurer, Hon. George W. Ross. The budget speech of Premier Ross was one breathing hope and assurance of a continuation of the prosperous condition of affairs. He announced that the surplus for the year 1902 was \$1,939,262.79. The financial affairs were all in a healthy state, but for obvious reasons increased appropriations would be asked for. The Premier announced that the reformatory at Penetanguishene would be converted into an asylum for aged and insane, the number of boys incarcerated in the different industrial schools having decreased. He announced new lines of policy, dealing particularly with matters of education and the settlement of Niagara Falls.

The Premier's speech occupied an hour and a half. He was immediately followed by Mr. Matheson, the financial critic of the Opposition, who in opening paid a tribute to the late Lieutenant-Governor. There was not the usual attendance generally found at the Assembly when the budget speech is delivered. The debate was scattered in the galleries, but the preliminary proceedings were so tedious that many did not wait for the event of the day. The majority of ministers and members were in their seats. During the afternoon Mr. Adam Beck was present for a brief period. The second reading of a number of bills on the order paper was postponed, and the questions were allowed to stand. Considerable time was devoted to the introduction of a number of private bills. The Attorney-General explained that a bill would be introduced to simplify the somewhat complicated provisions of the municipal act, which would be taken to committee and the municipalities could be heard from. He wished to have public attention drawn to the fact that no other bill had yet been introduced because no notice was drawn to the fact.

THE FINANCIAL STATEMENT.

The statement of assets and liabilities shows assets amounting to \$7,324,208.97, and liabilities of \$5,384,946.18, leaving a surplus of \$1,939,262.79. The receipts during 1902 had been \$5,760,514.32. This amount is made up as follows: Balance in banks, Jan. 1, 1902, \$1,168,492.99; salary, \$1,113,272.90; specific grant, \$80,000; interest on capital and debts due by the Dominion to Ontario, \$142,414.48; interest on investments, \$52,494.24; interest on Ontario bonds, \$44,141.74; secretary's department, \$108,184.91; fisheries department, \$40,140.70; supplementary revenue act, \$245,140.70; succession duties, \$236,182.54; sale of land, \$4,725.75; public institutions, revenues (including \$13,230.50 from London Asylum), \$122,855.13; insurance companies' fees, \$18,915.38; shooting licenses, \$17,175.97; public officers' surplus fees, \$15,960.57; fines, \$6,809.12; loan companies' fees, \$9,914.87; other casual revenues, \$41,171.51; drainage works assessments, \$1,113,272.90; public debentures, \$27,561.27; refunds public buildings, capital account, \$5,037; stationery account, excess distribution over purchase, \$938.10. The expenditure, \$285,202.42, is accounted to \$4,245,003.58, leaving a balance of \$1,415,510.74. The amount of expenditure was comprised of the following items: civil government, \$285,202.42; education, \$1,003,581.80; administration of justice, \$432,753.54; education, \$804,909.55; public institutions maintenance, \$864,398.33; immigration, \$4,725.75; public works, \$239,812; hospitals and charities, \$215,521.84; repairs and maintenance, \$91,293.18; public buildings, \$139,278.59; public works, \$64,609.94; colonization roads.

Laid Up With Kidney Disease, Backache, Lumbago and Constipation—Years of Serious Illness—A Permanent and Thorough Cure by DR. CHASE'S KIDNEY-LIVER PILLS.

Such cases as the following cannot but prove interesting to all who suffer from the ailments mentioned, and its many distressing symptoms. This is merely an example of the great good Dr. Chase's Kidney-Liver Pills are accomplishing almost daily in nearly every community in the land. Mr. J. G. Kirkby, head miller in the large flour mills of Munro & Roan, Thorold, Ont., writes: "I can scarcely say too much in praise of Dr. Chase's Kidney-Liver Pills. Some years ago I was laid up by a severe attack of kidney trouble, which was later complicated with other bad symptoms, such as headache, lumbago, backache, constipation, indigestion and insomnia. I became reduced to a feeble state, and was very much discouraged. Professional medical treatment was of no avail; other remedies were resorted to, with no purpose. My appetite diminished, and I was losing hope of recovery. Fortunately my attention was called to Dr. Chase's Kidney-Liver Pills, and I derived much benefit from the first box. By the time I had used four boxes I was again enjoying my former good health and vigor, as the bad symptoms all passed away, and I was then able to resume work. That was in 1899; I have waited now for about four years to see if the cure would be permanent, and I am now convinced that it is, and feel justified in giving this testimonial for the benefit of others. Dr. Chase's Kidney-Liver Pills positively and promptly cure kidney disease, lumbago, biliousness, backache, lumbago and constipation. One pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

Incendiarism at Helena. Helena, Mont., April 29.—Fire late last night almost destroyed the Montana Club building, entailing a loss of \$100,000, with insurance of \$75,000. It started in the seventh story, and is supposed to have been of incendiary origin. Two attempts were made to burn the building last week. In Their New Home. Montreal, April 29.—The Montreal Board of Trade Monday commenced business in its handsome new building, erected to replace the one destroyed by fire a few years ago. Speeches were made by Mr. T. J. Hodgson, the president, and others, suitable to the occasion.

\$196,246.07; charges against crown lands, \$227,070.06; refunds, \$25,240.33; miscellaneos, \$279,251.71; total, \$448,683.42. Drainage debentures purchased, \$925.12; drainage debentures (the purchaser, \$700; railway aid certificates, \$225.12); annuities, \$102,900; University of Toronto, Edw. VII, sec. 16, c. 41, \$40,444.75; common school lands, \$9,193.18. ESTIMATES FOR PRESENT YEAR.

The estimated receipts for the present year with cash balances at the end of the 1901 year, are \$5,384,946.18. The expenditure is estimated to amount to \$4,537,428.88. A comparison with the above mentioned expenditures for 1902 will show the increases this year. They are as follows: Civil government, \$326,443; legislation, \$139,350; administration of justice, \$465,655.99; education, \$922,241.05; public institutions maintenance, \$864,398.33; immigration and emigration, \$4,725.75; agriculture, \$282,820; hospitals and charities, \$225,547.88; repairs and maintenance, \$91,293.18; public works, \$64,609.94; public institutions, \$13,230.50; colonization roads, \$239,812; refunds, \$40,195.19; miscellaneous, \$191,652.75.

The estimates include \$13,800 for London Normal School, as compared with \$13,050 last year. This includes \$500 for furniture for domestic science. Salaries for London Asylum are to be \$400,000, as compared with \$383,833 of the 1901 year. The estimated expenses are \$135,350, with \$128,018 last year. Extensions and improvements, including infirmary are granted \$29,000. The estimates for the Central Dairy School, \$200,000, are \$9,719, as compared with \$8,655 last year. When the Premier arose to give his speech, he was greeted with applause, and he proceeded to deliver the budget of the estimates he showed why in a number of cases increases had been made. The financial statement, he said, showed that the Ontario treasury was in a healthy state and that prosperity was in the land. The increases did not show that there was extravagance. For instance, under civil government, the estimate was only 3 per cent, which did not make up for the increased cost of living. There were several items in this amount, too, that last year were included in miscellaneous expenditures.

The increase in education was inevitable if they were to keep on extending and improving the education of the province. The amount also included money for military instruction. Special mention was made of the School of Practical Science, where new buildings had been erected. The school when completed would be the equal of any of its kind on the continent. The department was also doing much towards the extension of public education. The Premier said that the thing for the advancement of that great asset, the young men and the young women of this country.

Technical education, the Premier said, was a necessity if we were going to keep up with the activity in industrial pursuits. He favored manual training schools, and the teaching of judo and several other sports. The latter was mentioned in connection to a reference to the great advance of farmers' institutes. The Agricultural College at Guelph was a great factor in the agricultural development of the Province. The school's remarkable growth was shown by the increase in attendance from 242 in 1897 to 768 in 1902. New Ontario brought unusual conditions. The free grants to veterans of 150 acres each, besides the wonderful settlements, \$52,494.24, demanded a large increase in expenditure. How do we know this business does not permeate the whole crown lands system? said Mr. Matheson. The Niagara Falls power should be developed by the province, he claimed. Mr. Whitney then addressed the Speaker. He pointed out that the usual plan had been to have a debate on the budget for several days. In view of the circumstances of the already long session, he said the Opposition had no objection to the motion passing this evening, suggesting that the matters be discussed as the Speaker left the chair.

The Premier commended the suggestion and the House then went into committee of supply. Progress was reported and the House rose shortly after 10 o'clock.

In reference to the best sugar business, the speaker said that the four factories had flourished in a manner that was most disappointing, though the results did not meet the expectations. Still 14,909,500 pounds of sugar had been produced, and the Government felt justified in their granting a bounty to industry which had increased. The Premier sat down amid much applause.

MR. MATHESON SPEAKS.

Mr. Matheson (North Lanark) followed. It was proper, he said, that he should take the first occasion to express a tribute to the late Lieutenant-Governor, who was now at rest full of years and full of honors. He had been a worthy man and the speaker wished to acknowledge his courtesies and kindness of heart. The country was gratified at the wise selection by the Dominion Government of the new Lieutenant-Governor.

Speaking to the budget, Mr. Matheson claimed that the ordinary receipts would not be equal to the ordinary expenditures, and he estimated that at the end of the year there would be a deficit of \$239,000. This would be the result, notwithstanding the taxes the Government were now collecting. The people, he said, did not care what money was spent as long as they were not called upon to pay taxes. Coming to the estimates he said a deficit could not be avoided. The \$450,000 part of the expenditure was on capital account, however, including \$18,000 for the infirmary at London. He was glad to see that the Government had abandoned the idea of changing the reformatory to the county of Oxford. Mr. Matheson made a comparison of the expenditures in 1902 with those of ten years previous, showing an increase. The statement of assets was misleading. Ontario was responsible to the Dominion Government on account of Indian treaties of a claim that up to 1832 was \$475,000. Yet the Government stated that in liabilities claims were finally adjusted.

MOTHER EXPLAINS THAW WEDDING Tells How the Estate Is Fixed to Provide Income.

YARMOUTH WILL NEVER WANT Should His Wife Die a Large Income From Estate Will Still Belong to Him.

Pittsburg, April 29.—The following communication to the Associated Press by Mrs. William Thaw, mother of the Countess of Yarmouth, explains itself: "There is one line of romance—to all it by no harsher term—largely indulged in by newspapers, which the Associated Press is asked to correct. The particular instance now referred to is that of the settlement in connection with the marriage of the Earl of Yarmouth. Briefly the facts are these: Miss Thaw, now the Countess of Yarmouth, at the death of her father, was left (as were each of his five children by his second marriage) with an independent fortune of nearly half a million dollars. Half of this amount was immediately put into trust for each child, the income only to be available during their life time.

Part of the remaining half of the fortune of each of these children consists of one-tenth share each in the "William Thaw Coke Trust," which is tied up absolutely and irrevocably, save in the event of the death of the donor. What is known as the "free estate" of Miss Thaw, amounting to about one-half of the whole estate, has been by consent of herself and Lord Yarmouth formed into a third trust, to be managed by the Fidelity Title and Trust Company of Pittsburg, together with one individual trustee. "The income from all three trusts will be paid to the Countess of Yarmouth, except a small complimentary fractional income (nothing like what, at various times, has been stated), which she, without suggestion from the other side, allotted to the earl himself. "In case of her death, it is arranged that the income from about one-fifth of her total estate will be paid over to, or invested for the benefit of, the title and estate of Hertford, to which, should he outlive his father, the earl will succeed.

"These," the communication continues, "are the plain, unvarnished facts, given through the Associated Press in its issue of the 27th. At no time has there been any hitch which may be caused by financial questions, nor has there been any demand made by the earl or his family, the whole being arranged by Miss Thaw and her immediate family as a proper recognition of the position the earl and his countess will occupy. "Mrs. Thaw adds the following comment: "The whole discussion in the newspapers has been simply a feeling about in the dark. Not one item of information has been given or heretofore by anyone. The freedom with which ciphers are thrown about by printers is typical of the age."

LIKE AN OLD MAN Joseph Hamei Walked That Way Before He Used Dodd's Kidney Pills.

Nicolet, Que., April 27.—One of the marvelous cures Dodd's Kidney Pills are credited with in this neighborhood is that of Joseph Hamei. He tells of it himself and dozens of people corroborate his statement. "I suffered from Kidney Disease for three or four years," says Mr. Hamei. "For two years I would take two or three days off work a week. I was unable to walk for a long time. I felt like an old man. I lost all my energy and became discouraged. "After trying a lot of medicines that only gave temporary relief I was fortunate enough to try Dodd's Kidney Pills. Three boxes cured me completely. "Dodd's Kidney Pills cure all stages of Kidney Disease and cure to stay cured."

DROWNED IN THE BAY Double Fatality to Two Hebrew Peddlers.

Toronto, April 29.—News of a double drowning accident startled the residents of the east end last night. Two men, believed to be Hebrew peddlers, met death in the bay at a point half way between Gooderham's distillery and the eastern gap. A few persons saw the two men go down to their watery grave. The double fatality occurred between 7 and 8 o'clock. Members of the Don Rowing Club heard cries for help, and looking out in the bay, saw two men in the boat. They seemed to be in distress. They waved their hands wildly in the air, and in a few moments threw their coats and hats into the water. A number of boats put out from the city side, but by the time they reached the spot the boat and its occupants had disappeared from view. There was nothing left to tell the story of the fatality save two coats and hats, which lay on the water. The Hebrew peddlers, who were believed to be the drowned men were peddlers.

FIRST BATTLE IN THE COMMONS British House Debates the Welsh Slate Strikers.

Premier Balfour's Reply Declares Lord Penryhn's Stand To Be Right One—Motion Was Defeated.

London, April 29.—The House of Commons spent several hours Monday debating a vote of censure against the Government, moved by Mr. Asquith on behalf of the Opposition, condemning its inaction in reference to the prolonged industrial dispute at Lord Penryhn's slate quarries at Bethesda, North Wales, and demanding prompt intervention to procure a just settlement.

Mr. Asquith disavowed any intention of either side of the quarrel. He said it was a matter of national concern, and the Government sat with its hands folded, doggedly refusing to allow a late hour of trade to exercise the powers conferred upon it by the conciliation act of 1896 to effect a settlement, which, Mr. Asquith believed, could unquestionably be attained.

Mr. Asquith stated that the board of trade had conducted in connection with the trouble, and maintained that there never was a case in which it was charged that the whole body of the board would have been useless. It was because throughout there had not been any practical prospect whatever of intervention successfully that the board had declined and still declined to act.

Sir Henry Campbell-Bannerman, the Liberal leader, supported Mr. Asquith. The debate proceeded on party lines until a late hour, when Prime Minister Balfour wound it up on behalf of the Government. He recalled that two experiments in

WITNESSES QUESTIONED ON GAMEY'S POLITICAL VIEWS

Many Witnesses from Manitoulin Island Relate What They Know of His Politics.

TALKED A GREAT DEAL OF BEING AN INDEPENDENT

He Declared He Would Support Any Good Measure the Ross Government Brought Forward—Said He Would Not Be Inactive Like Former Conservative Member.

[Continued from page 1.]

Tuesday Afternoon's Evidence.

[Special to The Advertiser.]

Toronto, April 28.

On the reassembling of the commission, Mr. Thorburn was called to the stand.

Cross-examined by Mr. Ritchie, the witness said that negotiations with Mr. Gamey for the purchase of a house had begun shortly after the election.

After the Globe interview had appeared, Gamey called off the negotiations, because he said that his conservative friends might not allow him to live in the Bay.

When he saw the Globe interview Mr. Thorburn did not think that Gamey had been bought.

"Did you vote for Mr. Gamey at the election?" A.—No.

You hold offices under the Government? A.—I am a licensed commissioner and an issuer of marriage licenses.

To Mr. Riddell the witness explained his statement that Gamey was not a good Conservative, because on one occasion he had supported a Reform candidate.

In regard to the remarks made by witness to Mr. Gamey to the effect that he had simply taken the stand advocated before the election, the witness was asked how he knew that.

Neil McLean, a Manitoulin farmer, met Gamey at the Green House, Gore Bay, shortly before the meeting of the Conservative executive, and asked to borrow some money.

Mr. Riddell the witness explained his statement that Gamey was not a good Conservative, because on one occasion he had supported a Reform candidate.

To Mr. Ritchie the witness said that he had voted Liberal often than any other way.

As to the election promise of Gamey to support good Liberal measures, it did not seem a singular one to the witness.

When the first stages of womanhood appear in a young girl, a great deal depends upon getting her over this critical stage, so that in years to come she will not develop green sickness or consumption.

As soon as she complains of flushed face, headache, bearing down feelings, give her at once a course of Ferrozone treatment, which will carry her past the crisis.

In the adult woman if any irregularities occur, Ferrozone will be found a remedy of remarkable potency and power.

Ferrozone is the ideal regulator for the monthly period and causes all organs of the body to perform their work properly, and at just the expected time.

It purifies the blood, tones up the nerves and vital energies. The stomach is strengthened, and digestive and assimilative processes are improved by the good work of Ferrozone.

There is nothing better for the complexion than Ferrozone. It removes the dark circles under the eyes, removes and cures all manner of skin eruptions, gives brightness and brilliancy to the eyes, a rosy tint to the cheeks, whitens the teeth and develops a well rounded, plump and handsome form.

Ferrozone is the ladies' favorite, and should find a place in every household. It is prepared in the form of a chocolate-coated tablet, convenient and pleasant to take.

misfortune, according to my learned friends.

Mr. Blake—That is your suggestion. Daniel B. McRae, the next witness, is a lumber dealer of Gore Bay.

After the Globe interview appeared the witness met Gamey on the street and said that he hoped he would stay on the side he had taken.

Cross-examined by Mr. Ritchie, the witness said that Fraser was the straight, Liberal-Conservative candidate, and Gamey the straight Conservative.

He did not know that there was any change in Gamey's action in changing his party allegiance as a very sensible one.

"You are a good Reformer, I believe," said Mr. Ritchie.

Mr. John Scott, another of Mr. Gamey's constituents, at next called the witness to the stand.

At the former meeting he had himself spoken, pointing out that it was inadvisable to send a man to be in Opposition in the Legislature.

In a new country, said Mr. Scott, it was essential that the representative be on the side of the Government.

"Gamey said he was going to be on the Government side," continued Mr. Scott, "but also made it known that the Ross Government was going to be defeated."

Continuing, Mr. Scott said that he understood Mr. Gamey was running a Conservative, but that he appealed to the people as an Independent.

Mr. Ritchie—Did you ever attend a political meeting where a candidate appealed to the members of one party?

I thought not. This was Mr. Gamey's meeting, wasn't it? A.—There was a dispute as to whom the meeting belonged.

Did you ever hear anybody score the Ross Government more strongly on a platform than Mr. Gamey? A.—No, I did not.

He denounced the whole of their policy, did he not. In addition to denouncing the question of the Ross Government, he also denounced the timber policy? A.—Yes.

The mining policy? A.—Yes. The pulpwood policy? A.—He denounced one part of that, giving the timber lands, and about the Government working too much in the interests of the capitalists.

Mr. Riddell—He did not appeal only to the Conservatives at that meeting? A.—No, he did not.

BAYLEY'S after he had been in North Perth speaking in the Conservative interests.

WHAT A STUDENT HEARD.

Dr. Hogan, dental surgeon, employed in the office of Dr. Fell, of Gore Bay, heard a conversation which took place on the street just outside the office.

Dr. Fell is a strong Conservative, and once was a candidate for the Legislature. The doctor was speaking with Gamey on the occasion the witness referred to, and was telling him how very vigorous because of his desertion of the Conservative cause.

Dr. Fell said he took it as a personal insult because of his earnest efforts during the campaign to secure Gamey's election. Witness could not hear Gamey's replies, as he spoke in a low tone.

Dr. Hogan was a Liberal, but Dr. Fell was a Conservative, and had visible to send a man to be in Opposition in the Legislature.

Jesse Leamon, of Kegawong, Manitoulin Island, attended a political meeting at which Gamey said that Manitoulin was not a part of the Ross Government was sustained.

He was not to follow Campbell's example and get nothing.

To Mr. Ritchie the witness said that Gamey, while not quite as vigorous as Dr. Fell, who also spoke strongly, and said that he was certain that Whitney and the Conservatives would be returned to power.

Gamey, during the campaign, had strongly denounced the Government, in fact, there was not one act of the Ross Government which he endorsed.

TO DEVELOP NEW ONTARIO.

Thos. Bowser, also of Kegawong, also said that at a public meeting Gamey announced that he was prepared to support either the Government or to build up New Ontario and help his constituency.

From this the witness had gathered that Gamey was going to give the Ross Government an independent support.

The witness told Mr. Ritchie that at this same meeting Gamey had condemned the entire Ross policy in regard to the timber policy.

Witness was not affected by Mr. Gamey's speech.

John Brooks, a merchant at Providence Bay, said that in an autumn preceding the campaign Gamey had come to see him and asked for his friendly support.

Witness asked what he would do about the road grants if the Ross Government were elected.

In reply Gamey said that he could do as much in that way as if he were a Liberal member. He said he was personally acquainted with Mr. Ross and the other ministers.

WOULD LOBBY WORK.

Witness rejoined that Campbell had not been able to do much for the constituency, and that Gamey had done more in the lobby than Fraser could do on the floor.

In February Mr. Brooks again saw Gamey. This was after the "Globe interview" had appeared.

On being asked how the people felt about the vote-face Mr. Gamey said that the people in Gore Bay were a little too fast that two or three of them had gone down to Toronto to try and make big men of themselves.

Mr. Riddell—What was said about the Government? A.—That he would support the Government if he would be friendly when the estimates were brought down with the road grants inserted or if he would be among the first to charge the Government with extravagance.

Naturally he had said he would be friendly, and therefore the grants would be inserted.

Anything said about McGregor Island? A.—Yes, Gamey said that the timber on the island was mostly hollow and no good and anyone who had money could buy it for \$5,000.

To Mr. Ritchie the witness said further that when Mr. Gamey told him that he had taken the estimates for road grants up to the House, he had led witness to infer that if he were friendly with the Government he would get the grants for the island, while if he were not friendly to the Government he would not get them.

Mr. Gamey, said the witness, did not seem like being taken by Mr. Whitney to speak in the smaller places in the bye-elections, but he did not give this as a reason why he was changing his allegiance.

NO NEED TO BUY HIM.

To Mr. Riddell the witness said that on Feb. 14, Mr. Gamey had said that the Government did not need to buy him (Gamey) as they already had a majority.

STRIKE RIOTS ON MONTREAL DOCKS

Longshoremen Interfere With Loading of Steamships.

600 TROOPS PATROL WHARVES

Big Mob Attacks a Stevedore Who Shoots One of the Strikers in Self-Defense.

Montreal, April 29.—Owing to serious disturbances caused by the longshoremen on the wharf yesterday morning, Mayor Cochrane ordered out several regiments of the militia.

The Victoria Rifles, the 66th, and the Hussars were summoned to the drill hall, in order to be in readiness to proceed to the wharves.

This step was taken after a consultation between the mayor and the police authorities, when the latter expressed fear that they were not able to cope with the disturbers.

The wharves this morning were the scene of many disturbances and a cluster between the strikers and the police.

The strikers proceeded to the different ocean vessels in port and intimidated the non-union men who were unloading the ships from working.

The police charged the mob and drove them back, but the small force of police was no match for several thousand strikers.

In his fear, the stevedore will be serious trouble on the wharves.

SIX HUNDRED TROOPS ON DUTY.

Over six hundred militiamen, composed of members of the Victoria Rifles, the 66th Battalion and the Duke of York's Hussars, armed with strike cartridges, proceeded to the wharves last night.

Troops will be left on duty as long as there is any likelihood of trouble.

Lieut. Col. Gordon, who was in command of the troops, said: "The troops will patrol the entire water front, and they will remain under arms so long as a force is required to keep order."

There is no need of so large a body, some will be dispensed with, to relieve those on duty later.

There were no serious disturbances last night, and the real trouble is expected today, when another attempt will be made to unload the vessels with non-union men.

An attempt was made yesterday afternoon with a bullet wound in the leg of W. E. Quinn, paymaster of Messrs. Ferns, stevedores, did the shooting.

He shot in self-defense, when attacked savagely by a gang of strikers. It was a choice of shooting or running the risk of being beaten to death.

Quinn shot three times at his assailants. One of the shots took effect, and the man was within an ace of the killing.

Before Quinn could fire again the revolver was knocked from his hand. Another moment and the mob was upon him, and he was taken to the central police station and handed over to the authorities.

Mr. Ferns and Mr. Arthur Ferns, who were with Quinn, were also severely handled.

The witness said that Gamey was not affected by Mr. Gamey's speech.

John Brooks, a merchant at Providence Bay, said that in an autumn preceding the campaign Gamey had come to see him and asked for his friendly support.

Her Limbs Felt at Times as Though They Were Dead.

CURED BY MUNYON'S RHEUMATISM CURE.

"There is no punishment too severe for those who deceive the sick."—Munyon.

A prominent druggist of London told a reporter that he regarded Munyon's free tests as being the most convincing absolute confidence of the value of a preparation ever given in the city.

"There cannot possibly be a stronger position taken or one that shows better the demonstration of confidence of Professor Munyon in his remedy than to give it to every man and woman in the city to try."

That shows that Munyon Knew what it would do for the abundant testimonies that have been published by the press of the city from the people it has cured is proof positive that it does cure.

Many of my customers tell me that they are using the Munyon remedies with the best possible results and I am selling more of them than any other preparation.

Today Mrs. Martin suffering intense pain. She gives her endorsement to the press of the city for the benefit of others. She believes in doing all she can to help others.

OIL AT THAMESVILLE

Another Strike Yielding Thirty Barrels Per Day.

Thamesville, Ont., April 29.—The sixth oil well struck by the American Company here yesterday is a 30-barrel well.

This well makes six producing wells they have now struck, all averaging between 20 and 30 barrels of oil daily, with no dry holes.

Drilling here in Raleigh and Petrolia are being moved into this territory, all the leading oil men being interested in this field.

About ten rigs are now at work. A few years ago prospectors struck good showings of oil, but owing to the closeness of the Bothwell fields, it is thought that they never made their finds public in order to keep the price of crude oil up.

It is the opinion of oil men that in a short time they will have the greatest producing field in Canada in this vicinity. All land for miles around is leased and drilling being pressed night and day.

IT IS ONLY necessary to read the testimonials to be convinced that Holloway's Corn Cure is unequalled for the removal of corns, warts, etc. It is a complete extingisher.

CONDENSED LOCAL NEWS

Arbor Day falls on Friday, May 1. The funeral will be held from 10 to 11 o'clock.

Mr. C. S. Proctor, traveling passenger agent of the G. T. R., Toronto, is in the city today.

The presentation of the carpenter ball trophy, completed by the winter by the Sons of England lodges of the city, has been postponed until May 6.

A number of new engines for the Frisco road have been passing over the Grand Trunk during the past few days. The locomotives are of an improved type and specially fitted for service on that road.

The death occurred this morning of Mrs. Susie Diesbourg, wife of Mr. Theodore P. Diesbourg, of 156 Horton street. Mrs. Diesbourg had been ill for seven weeks, and for some time past her death had not been unexpected.

Ingersoll Chronicle: Mr. J. E. Wythe, of the firm of Wythe & Stanley, and family returned to London today, where he will shortly enter business again. During their eight months' residence in Ingersoll Mr. and Mrs. Wythe commercially and socially made many friends, and their removal will be regretted.

WITHIN SIGHT OF LAMBETH. The gang of men employed by the Southwestern Traction Company on the line between the city and Lambeth are now so far advanced that they are within sight of the village and expect soon to have the line about completed. The fine weather has enabled the force to make good headway.

MORE BAD BOYS. At the request of his parents a 14-year-old boy was brought up at the juvenile court this morning. He promised to go to work and as this was what his mother and father wanted he was allowed to go on suspended sentence. The parents of another boy who threw stones at a house, said they would make good the damage and the charge was withdrawn.

ADOPTING ELECTRIC HEADLIGHTS. The C. P. R. is adopting electric headlights on the passenger engines throughout the entire system. They have been used for some time on the eastern division and they are now being gradually introduced on the division between Toronto and Windsor. Four of the engines running out of here are equipped with them, and others will also be fitted as rapidly as possible. The lights are very powerful and can be seen at a much greater distance than with the old kerosene lamps.

CHILDREN'S CLASSES CLOSE. The children's classes at the Palace Dancing Academy closed their season this year with a soiree that was more largely attended and more enjoyable than any that has been held at the academy in years. Many of the children's parents and friends were with them, and in all there were more than 200 present. The academy was very prettily decorated and fine music was provided by its orchestra. The little ones enjoyed themselves greatly. The closing of the advanced class will be held this week.

OLD BOYS' CONCERT. The following are the talent who will participate in the concert to be given in the Grand Opera House on May 15 in aid of the Old Boys' reception fund: Miss Eva Roblyn, Mr. Dwight Edwards, vocalists; J. D. A. Tripp, pianist; and Paul Hahn, cellist. Mr. Charles E. Wheeler, organist of St. Andrew's Church, has been engaged as the accompanist. This will be the best opportunity Londoners have yet had of hearing Mr. Wheeler's playing, whose fine talent as a singer has become so well known in Canada.

CITY'S SHARE INCREASES. The city's share of the London and Port Stanley Railway receipts for the past year amounts to \$2,100, according to a notice received from the lessees this week. This shows that the business of the city's line is on the increase under the present management, with a continuation of the prosperity throughout the country there is no apparent reason why it should not attain still greater proportions. In the preceding year the city received a little less than \$200 as its share of all revenue over \$50,000, but this was exclusive of \$100 to \$500 in dispute, the lessees making the claim that this amount was really to go to the maintenance account, owing to the Michigan Central traffic. But the city is not taking the same view as the company in this respect, and now has the question in the hands of the solicitor.

KENT MURDER CASE. Defense Takes Stand That Kent Was Irresponsible. Rochester, N. Y., April 20.—Again the Kent case has been caused to pivot on the statement made by the defendant to the coroner. The defense called several experts to the stand, who swore that Kent was not responsible for the damaging statement made on the afternoon of the shooting. The district attorney's office has lost the original statement and the defense objects to the use of the alleged copy.

Do You Betch Gas? If you have uneasy sensations in the stomach, a bad taste in the mouth, headache—remember that ten drops of Polson's Nervine in sweetened water is a quick and certain cure. Nervine aids digestion, dispels the gas, makes you comfortable and free from distress at once. Nervine is just splendid for cramps, colic, dysentery, stomach and bowel troubles, and costs only 25c. Better try it.

John Dundas Paid \$35 for Selling Liquor After Hours. John Dundas, who kept a hotel at Thoridale until a short time ago, was brought before Squares Lacey and Smyth yesterday afternoon to answer to a charge of selling liquor after hours on the night of April 1. He had

GEORGE PETERS, Confectioner, Richmond St.

entered a plea of not guilty and Mr. Scatcherd appeared for him. The magistrates found him guilty and imposed the payment of a fine of \$20 and \$15 costs.

Dundas, it is said, promised to come to the city and have the case settled and not have the papers served. He did not keep his promise and instead entered a plea of not guilty. Consequently the costs were unusually heavy. The defense put up by Dundas was a direct denial of the charges.

WILL STRIKE TAX RATE. Second Meeting of County Council Will Start Monday. The second meeting of the county council commences on Monday morning, at the county buildings. The session will, in all probability, last through the whole of next week, as there is much business to be gone through with. The rate will be struck as soon as the estimates have been considered.

HE GOT THE RING. Also Some Money and, Finally, Three Months. A dispatch from Toronto says: Albert Harrison, a deserter from the Wolseley Barracks, London, was today sent to the Central Prison for three months for obtaining a ring, money, etc., from a young girl by posing as a single man, although married.

ALL HOPE ABANDON. There's No Use Thinking Price of a Hair-Cut Will Go Down. The local barbers' association met last night and decided to retain the schedule of prices which was adopted a short time ago. There has been some talk during the past week of a number of the barbers dropping out of the arrangement, but at last night's meeting it was found that with the exception of a very few—possibly three or four—the barbers were living up to the agreement. Some of those who were opposed to the advance in prices are now opposing the return to the old scale, for the simple reason that they do not believe in continually changing. Some of the bosses have found that the increased charges has meant a loss of business to them, and they are now willing to stand by the majority. They say that the raise in the price of hair-cutting has caused men who had their hair trimmed every week or ten days to have the work done now not oftener than three weeks or a month, meaning a loss of quite a sum on each of these.

A SHOOTING FRACAS. In New York Saloon Play Mean Death of Two. New York, April 20.—John M. Smith and Rudolph J. Smith were wounded by a shooting affair in Second Avenue early today. The quarrel began in a saloon where the two disputing men met a woman, which was resented by Smith. The latter was wounded in the side and back of the head and Sherman received a bullet in the left eye. The wounds may be fatal. The assailant escaped.

COST HOTELMAN DEAR. John Dundas, who kept a hotel at Thoridale until a short time ago, was brought before Squares Lacey and Smyth yesterday afternoon to answer to a charge of selling liquor after hours on the night of April 1. He had
