Paris Official Reports a Success in the Champagne Fight.

[Canadian Press.]

Paris, July 13.—(Noon).—There was no infantry fighting of importance last night on the Verdun front or over the portion of the Somme front held by the French today's official report says. Intermittent artillery engagements occurred in the Somme sector. In the vicinity of Souville, Chenois and La Lauffe, before Verdun, a heavy bombardment was maintained by the Germans.

In the Champagne the French penetrated a salient of the German front and took prisoners. Two German raids in the Argonne were stopped by the French fire.

The French statement follows: "There have been intermittent artillery exchanges along the front of the River Somme."

"In the Champagne district we penetrated a salient of the German line in the vicinity of Prosmes and brought back some prisoners."

"In the Argonne two surprise attacks delivered by the enemy upon the northern and eastern portions of the Bolante salient failed under our fire. At La Fille Morte we caused the explosion of a mine and they occupied the southern side of the crater."

"On the right bank of the River Meuse there has been no infantry fighting. During the night, however, there was an intense bombardment in the sectors of Souville, Chenois and La Lauffe."

"In the Vosges an attack by the enemy upon one of our trenches to the south of Caracul has been repulsed after a spirited engagement with hand-grenades."

#### No Canucks in Somme Attack; Artillery Helps

[Special Cable to The Advertiser.]

London, July 13.—No Canadian or Australian infantry have taken part in the Somme offensive thus far, but the few Foundland troops have distinguished themselves, according to reports from British headquarters.

Canadian artillery has aided in bombardment it is believed here.

London, July 13.—In a message to the Daily Chronicle from Punta Arenas, Chile, dated July 12, Sir Ernest Shackleton announces that he planned to leave there yesterday aboard the 70-ton wooden schooner Emma, provided and equipped by the British Association, to make a further attempt to rescue his comrades on Elephant Island. The schooner will be towed as far south as possible by a steamship lent by the Chilean Government.

#### BRITISH STEADILY CLEAR PATH FOR NEW ATTACK ON GERMAN SECOND LINE

Haig Fights Off Enemy Counter-Attacks, While He Brings Up Heavy Artillery to Batter Down Defences Before Sending His Infantry at Foe.

[Canadian Press.]

London, July 13.—3:32 p.m.—Fighting continues at various points along the battlefield in the region of the River Somme in France, but there has been no change in the situation on any part of the British line, says an official statement issued by the British war department this afternoon. Attempts of the Germans to raid trenches west of Wyschaete and south of La Bassee Canal were frustrated.

[Canadian Press.]

London July 13.—The British troops are holding all ground gained, beating off heavy counter-attacks, while the big guns are brought up and turned on the German defences in order to clear a path for renewal of Allied offensive.

#### BRITISH OFFICIAL STATEMENT.

London, July 13.—The official statement, which is timed 2 o'clock this afternoon, says:

"Heavy artillery duels were in progress in certain sectors of the battle area since the last report, and fighting continues at various points on the front, but there was no damage in the situation on any part of our line."

"West of Wyschaete and south of La Bassee Canal the enemy attempted to raid our trenches, but he was driven off in each case by our fire."

"Despite unfavorable weather our aeroplanes have been constantly at work. Hostile machines were active, but all their attacks on our aeroplanes operating over the German lines were driven off. One of our aeroplanes is missing."

[Canadian Press.]

London, July 13.—12:05 p.m.—The recovery of the Russian armies since their defeats of last year, and the apparently inexhaustible supply of guns and ammunition with which they are provided, continues to be a source of wonder to military writers. At least six great armies are engaged against the Austrians and Germans on Russia's western front. All of them are using great quantities of ammunition, even those not definitely on the offensive.

The forces under Grand Duke Nicholas in Armenia and Persia have been fighting vigorously against the Turks for months. A few weeks ago parts of these forces, particularly those west of Erzerum, were compelled to fall back in the face of a stronger Turkish army. Early this week the grand duke resumed the offensive in this region and recaptured Mamakhatum, 50 miles west of Erzerum. Some of the Turks have fallen back some 25 miles from the furthest point reached in their counter-offensive.

The Fight For Kovel. Meanwhile the armies directly south of the Pinsk marshes are fighting a pitched battle with the Austro-German forces of Gen. Von Linsingen, along the line of the Stokhod River. It probably will be some days before the decision is reached, as the Teutons have brought up very strong reinforcements in the hope of retaining possession of Kovel, of which would necessitate a regrouping over a long stretch of the front. North of the Pinsk marshes the fighting at present is largely with artillery. In Galicia the Russian armies are reforming for continuation of the offensive.

In the West. In the west the renewed efforts of the Germans before Verdun, in the seventh great onslaught with dense masses of troops since the operations began some five months ago. The Germans have made a slight gain, but apparently this has not lessened the confidence of the French in their ability to hold fast. They still have three solid lines of defence which must be penetrated before

#### WAS COMMISSION GREATER THAN COST OF LAND?

Purchase of Camp Borden Develops an Interesting London Story.

#### CASH AID SOUGHT IN CITY

Loan Company Approached to Finance Deal Growing From Purchase.

#### DIRECTORS "KEPT OFF IT"

Farmers Reported to Have Got \$3 an Acre, While Agent Received \$9 for Work.

Financial men in London are relating a story in connection with the purchase of the property for Camp Borden which is arousing much interest.

Some time ago, according to the statements made, a man interested in the purchase of the camp for the Government came to London and interviewed several Londoners of means regarding the financing of certain projects in connection with the camp. It is stated that he produced evidence to show that those who owned the land purchased for the camp had been paid \$2.75 and \$3 an acre, while the man who made the purchase secured \$12 for every acre secured, out of which he paid the landowners. His "commission," therefore, would have been from \$9 to \$9.75 an acre, if the information received is correct.

#### Did Government Pay Direct?

Another feature of the story is that those who sold the land received their checks direct from the Government, and the agent received his "commission" in a separate check. The landowners thought they were dealing direct with the Government.

The man interested is said to have made other land deals in the vicinity of Camp Borden on which to build bungalows for officers' families to be rented at a considerable figure. The same plan had in mind the erection of a hotel in the vicinity. The agent came to a London loan company, according to the information received, in order to secure financial assistance in the handling of his prospects, but was not accommodated, because of the attitude which the directors took toward the matter.

Frank Statement Urged. The story has had a broad circulation and it has been urged in this city that an investigation should be forthcoming.

#### MUNITIONS WORKERS TO FOREGO AUGUST HOLIDAYS

[Canadian Press.]

London, July 13.—The Government has decided to ask workers to forego their August holidays, owing to the demand for munitions in France. Some trades unions already have suggested that this be done, so that no difficulty is looked for. When a similar request was made to forego the whitsuntide holidays it was said they were to be postponed and taken in conjunction with the August holidays.

#### CONSERVATIVES ALL READY TO MAKE "ANDY" BROWER SHERIFF; "BANG!" WENT NORTH PERTH

The Saddest Words of Tongue or Pen Are These: "I Might Have Retired for Life, but We Dassen't Open East Elgin Right Now, Boys."

The election in North Perth on Monday cost "Andy" Brower, M.P.P., for East Elgin a fine job, for the present at least, and there is some among his friends. Some months ago, Sheriff McCall, St. Thomas, died, and the Government at Toronto have been considering the appointment of a successor. Andy Brower has been a very faithful servant of the Government. His speeches in the Legislature have never made his fellow members tired, as they were conspicuous by their absence. However, he could always be counted on to vote the party straight, and give no trouble.

Anxious for a Change. When the vacancy occurred in the sheriff's office, it was decided that Mr. Brower should get the appointment. He had been faithful, was a very decent fellow personally, and was desirous of quitting. The government decided that he should be rewarded, and his appointment was agreed upon. And then came the election. North Perth simply turned things upside down. A deputation from East Elgin hastened to Toronto, and informed the powers that be that East Elgin would follow the lead of North Perth, if there should be an election. Some Conservatives spoke right out in meeting, and declared that they would assist in driving the Hebert Government into political limbo, if the appointment was made, and Brower given a life's job. Not Exactly Pleased.

The result is that the job is still vacant, and will remain so for some time. In the meantime, Mr. Brower and hers are not tickled to death with the results of the North Perth election.

#### BOLT OF LIGHTNING HITS BUFFALO PLANT; BUILDING IS RAZED

[Canadian Press.] Buffalo, N. Y., July 13.—Three men were killed, six seriously injured, and several were reported missing, as the result of the collapse today of one of the main buildings at the plant of the Smet Solway Company on the Niagara River road, two miles from Buffalo city line.

The building went down just as a storm broke over the river, and it was said by some of the workmen that a bolt of lightning struck a tall chimney causing it to collapse.

#### PRESS OF LONDON HARD ON HALDANE OVER LORD'S SPEECH

Must Clear Himself of Certain Grave Charges, Says Post.

[Canadian Press.]

London, July 13.—The Daily News parliamentary correspondent says: Lord Haldane's great speech on education opened with a dignified reply to a ducal insult and ended amid cheering such as is seldom heard."

The Morning Post says: "Many people will feel with the Duke of Buccleugh that the Duke of Devonshire, to take any part in public debate until he has cleared himself as to certain grave matters. The public at present believe Viscount Haldane's influence was used either wittingly or unwittingly to disturb the entente with France with the object of some new balancing arrangement with Germany. Of his visits to Berlin and what happened there we only had a brief and belated account unsupported by the papers, but one thing is certain—Germany, which before had given no reason to doubt the sincerity of our engagements with France, was filled in 1914, and probably in 1915, when her preparations for immediate war began, with absolute confidence that we should stand fast of the war."

The Daily Mail says: Lord Haldane's eponymy is extraordinary, but it is really too much that he should seek to obtrude his unwelcome advice on the House of Lords before he has answered the grave charges which have been brought against him out of his own mouth."

#### SIR JAMES AIKENS TO SUCCEED CAMERON

[Special to The Advertiser.] Winnipeg, July 13.—It is announced in the Government newspaper here that Sir James Aikens, president of the Canadian Bar Association, and millionaire lawyer, is to be appointed governor of Manitoba, succeeding Sir Douglas Cameron on August 1. Manitoba Conservatives will hold a convention here July 19 to select a new leader.

#### Holds Special Meeting Today to Deal With Acute Shortage of Water Here, and Decides on Immediate Action to Secure Additional Supply at Once—All Lawn Services Ordered Off.

The utilities commission, at a special meeting held at 11 o'clock this morning, decided to cut off lawn services within the city in the evenings, to cut off lawn services of outside residents at all times, and to take steps at once to increase the supply. To this end, tests will be made of the Macgregor wells on the Base Line, and Driller Harvey of St. Catharines, will come at once to sink more wells.

This action was taken as the result of a pronounced shortage in the water supply in the city. For some days, it has been acute, but this morning it was quite serious. There was no water at the military camp for two hours. Few citizens were able to get water on the upper stories in their homes. Those who had hydraulic pumps, to pump soft water, were unable to get little or no water. Street sprinkling was cancelled altogether. There were many complaints.

The reason for the lack of pressure, in fact, the almost entire lack of water this morning, was because General Manager Buchanan cut off Springbank entirely for some hours. As a result, the Horton street plant was called upon to furnish the supply. Although the pumps handled at the rate of about 6,000-000 gallons of water a day, it was found impossible to get more than 15 pounds' pressure, with the result that the majority of citizens had no water.

A hurried meeting of the utilities commission was called to discuss the problem, and for more than an hour, the commission discussed ways and means of conserving the supply until the drought was ended.

Pumping 6,000,000 Gallons. "We have been pumping over 6,000-000 gallons of water for some days," said Mr. Buchanan. "Our average for a week, which includes last Saturday and Sunday, when the consumption was light, is 5,500,000 gallons a day. Of this, 2,000,000 came from the wells, and the balance from Springbank. We are losing ground all the time, as we cannot keep up with the demand. Something will have to be done. I am arranging for another compressor, which will be in service on Saturday. That will give us about 300,000 to 400,000 gallons more. There is a flowing sulphur well at Springbank that can be turned in. By the time it gets to the consumer, there will be the trace of sulphur. That can be used for a few days until such a time as the heat wave is passed."

No More From Springbank. "We can get no more from Springbank. We have reached our capacity there."

"The limit of our resources is about 400,000 gallons additional," declared Commissioner G. Mitchell. "That is not the brightest prospect. We must conserve what we have, and take steps to get more water."

"It has been suggested that we cut off lawn services, both those who have meters, and those who have not, may use the lawn service from 6 to 8 o'clock in the morning, no more."

In the suggestion of Commissioner Mitchell, it was decided to cut off the lawn services of those living outside the city at all times. Citizens must be protected first.

"If they do not agree to that, we must cut them off altogether," he declared.

All-Night Service Off. After some discussion, it was decided to cut off all lawn services at night. The citizens, both those who have meters, and those who have not, may use the lawn service from 6 to 8 o'clock in the morning, no more.

In the suggestion of Commissioner Mitchell, it was decided to cut off the lawn services of those living outside the city at all times. Citizens must be protected first.

"If they do not agree to that, we must cut them off altogether," he declared.

Taps Left Running. General Manager Buchanan outlined some of the reasons for the large consumption of water. Taps are left running day and night. Lawn services are never turned off. Water is used for cooling butter, and the like.

"The citizens are wasteful," he declared. "We should warn the people to be careful."

After some further discussion, the question of increasing the supply was brought up, and Chairman Pocock suggested that Driller Harvey, who put down the Horton street wells be engaged to sink two or more wells at once.

"His charges are reasonable, and we can increase the supply materially," he added.

Instruction were given the general manager to secure Mr. Harvey immediately, and sink more wells.

May Purchase Macgregor Wells. The Macgregor wells were brought in to the discussion. It was pointed out that there were 2,000,000 gallons of water available there, and the property could be purchased at a reasonable figure.

General Manager Buchanan was instructed to secure a pump, and test the capacity of the well at once. If there is enough water there, negotiations for the purchase of the property will be entered into at once.

## OVERSEAS DRAFT OF ENGINEERS LEAVING LONDON ON SUNDAY

Will Go to Valcartier Concentration Camp.

200 WANTED FROM HERE

Those Who Join Are Promised Speedy Trip to England.

A detachment of Engineers for overseas service will probably leave on Sunday for the concentration camp at Valcartier. The party will consist of from 25 to 35 N. C. O.'s and men. Lieut. W. H. Robinson, No. 7 Detached Service Company, C. E., will be in charge of the party as far as Valcartier, but when he has handed them over to the authorities there he will return to London.

It is rumored that a large draft will leave Valcartier for England at an early date. At least 200 men are required from this district, and it is confidently stated that those joining now will be assured of a quick trip overseas.

Lieut. Fred Corbett has been attached to No. 7 Detached Service Company, Lieut. Corbett was formerly on the London company, but was transferred to Ottawa some months ago. He has been stationed at Valcartier for the past few months.

## CALLS ON CANADA TO END MAD REIGN OF SAM HUGHES

In a stinging editorial, published on Wednesday, the Toronto Daily Star calls on Canada to end what it calls the mad reign of Sam Hughes, minister of militia. In view of the local connection with the Camp Borden trouble, to which the article refers, the editorial is reproduced in full.

The riot at Camp Borden on Monday night ought not to be magnified or made more of than it deserves. It was a regrettable affair from every point of view, creating as it may in some quarters the impression that the soldiers concerned have a lawless disregard for military discipline and a want of respect for the authority of their officers. It is the absolutely wrong way for men to voice their protest against the treatment they complain of.

But the more serious aspect of the affair is the emphasis which it gives to the widespread discontent among both soldiers and civilians with Sir Sam Hughes. The men concerned in it were mostly of those London battalions which were so peremptorily ordered to pack up and go to Camp Borden, after having enlisted on the assurance that their training ground would be the London camp. The city of London claims to have spent \$100,000 last year in preparing a camp at the request of the militia department on the promise that it would be made use of during the war. Contrary to assurances, these battalions were sent to Camp Borden, leaving behind them an angry city and carrying anger with them.

W. A. LOGIE, Brigadier-General, D.O.C.M.D. No. 2, Camp Borden, July 12. I wish to state that the 142nd Overseas Battalion (London's Own) has not taken part in any of the alleged disturbances in Camp Borden, this battalion being one of the best behaved in camp.

B. ROBINSON, Lieut.-Col. Comd. 9th Brigade, C. O. E. Force, Camp Borden.

## GUELPH SENDS MONEY TO PAY FOR BATTERIES' TENTS

One Big Mess Tent and a Canteen Bought—Men Are Grateful.

A check for \$500 issued by the Guelph city treasurer, in payment of a grant made to the 663rd and 6th Batteries stationed here, was received yesterday by the battery commander.

The grant was made to furnish mess tents for each of the batteries. Instead of purchasing two tents, one large mess tent capable of accommodating both batteries and one canteen tent were purchased.

Owing to inability of Canadian manufacturers to furnish the tents in a reasonable time, it was necessary to purchase them in the United States.

Both batteries are now considerably over strength and continue to recruit about a man a day in the expectation of an early draft for overseas service.

The members of both batteries appreciate the treatment accorded them by the city, and the financial assistance rendered them to purchase the above-mentioned tents.

## LONDON PASTOR TO VISIT ALL BIG MILITARY CAMPS

Rev. H. H. Bingham To Leave a Week From Monday.

Rev. H. H. Bingham, pastor of the Talbot Street Baptist Church, will leave a week from next Monday to give a series of evangelistic addresses in the big military camps. He will give an address to the soldiers every night for four weeks, and will visit the camps at Niagara, Petawawa, Camp Borden and at Valcartier. The meetings will be held under the auspices of the National Y. M. C. A. It is likely that Rev. J. H. Boyd will give a series of addresses later.

## PTE. RENNIE JACKSON KILLED IN ACTION

[Special to The Advertiser.] MELROSE, July 12.—Word was received in Melrose this week by the members of the Jackson family, advising them of the death of their brother, Pte. Rennie Jackson of the 34th Battalion. He was killed by a shell.

Robert Jackson of the 33rd Battalion, who is at present on the firing line, is a brother.

## DIED FOR KING AND COUNTRY "U" Graduates Together Again

Capt. Martin, Scott and Keillor Holiday, After War Experience.

Three graduates of the Western University of 1915, Capt. Beattie Martin, Capt. Keillor and Capt. Scott, who went overseas with No. 3 Stationary Hospital shortly after their final examinations, did their part as medical officers for several months, and returned home, and returned to Canada together some weeks ago, are once more together, this time holidaying and fishing near Warton. Warton is the home of Capt. Scott, Capt. Martin and Keillor going there some days ago to pay him a visit.

Overseas, Capt. Martin was attached to the 2nd Northumberland Regiment as medical officer for several months at the front in France. Capt. Keillor and Scott were stationed at Saloniki, and later in Egypt.

## SPECIAL WEEK-END TRAIN FROM BORDEN TO LONDON FOR BENEFIT OF SOLDIERS

Reports That Men From Western Ontario Were Cause of Riots Are Denied.

[Special to The Advertiser.] CAMP BORDEN, July 12.—Toronto press reports that London battalions caused the riots at Camp Borden are absolutely incorrect. Toronto district battalions were largely interested in the fracas, and any effort to saddle responsibility on the London battalions is a gross misstatement.

The men of the 155th, 142nd, 118th and 139th Battalions held behind the lines, and the 143rd and 142nd only became interested when units from the Toronto district entered their territory. Gen. Logie has placed additional facilities at the disposal of the London men, including a special week-end train between London and Camp Borden. The morale of all the men in the battalions from No. 1 District is splendid, and they stand solid behind their officers.

## SMALL DONATIONS FROM CITIZENS ARE ASKED FOR UNIVERSITY HOSPITAL

Modest Amount From All Will Provide Ample for Needs of Unit.

The various universities which have contributed hospital units for overseas service have all found it necessary to provide a special fund to cover certain expenses, for which no provision is made by the Government. This has usually been from \$10,000 upwards. Western University is asking the modest sum of \$2,000 for this purpose.

Considerable interest has already been shown in this matter by citizens and by various organizations in London and other parts of Western Ontario, but the fund is still below \$1,000.

What is desired is a large number of contributions of a modest amount, rather than a few large sums, especially as this unit is composed of men from this district, and goes under the auspices of our rapidly growing Western University. It is also highly desirable that the donations be sent voluntarily, and the necessity of a personal canvass avoided.

The Red Cross, the Daughters of the Empire and others have been doing heroic work, and have contributed a multitude of articles that will be of the greatest value. But this cash fund is also necessary. It is also highly desirable that the donations be sent voluntarily, and the necessity of a personal canvass avoided.

Letters received a few weeks ago by his wife mentioned the fact that they had seen some heavy fighting and were again preparing to attack. This letter was dated June 26 and it is presumed written a few hours preceding the attack that resulted in his being killed in action.

SOLDIER-PARSON'S WIFE HERE. Mrs. Beecroft of Aylmer is staying in town, owing to the fact that her husband, Rev. Mr. Beecroft, minister of the Presbyterian churches of Springfield and Aylmer, is in training here with the 63rd Battery. Mr. Beecroft some time ago obtained leave of absence from the London Presbytery to enlist with the battery. Though serving in the ranks as a bombardier, arrangements have been made whereby he can conduct the Sunday morning service for the 63rd and 64th Batteries at their own camp quarters.

## 110TH GOING ON MARCH WITH OTHER BATTALIONS

This Means Four Units Will Participate in Thursday's Manoeuvre.

As the departure of the 110th (Port) Battalion for Camp Borden has been indefinitely postponed, this unit will take part in the big twelve-mile route march that is planned for tomorrow. All four battalions—110th, 111th, 153rd and 160th—will now take part in the parade. The men will march to Byron by the road on the north side of the river, and will return by Brick street and through the city streets to their camp. Dinner will be served at Springfield and the men will leave their packs in camp.

Lieut.-Col. Weir of the 160th will be in command.

## TWO THOUSAND LONDON MEN ON LEAVE THIS WEEK

Start From Camp Borden in Advance of Others.

11,000 IN ALL GET AWAY

Col. Graham Denies That His Battalion Did Any "Booting."

[Canadian Press.]

CAMP BORDEN, July 12.—Brake-man Cooper was today unloading lumber from a car on the camp siding, when an engine jolted the train, upsetting the lumber. Cooper was jammed between the falling timber, sustaining serious injuries to his chest and back. He lies in the camp hospital and is still in a semi-conscious condition. His residence is not known here.

Eleven thousand men have been granted week-end leave today from Camp Borden, about 2,000 London men leaving for their homes tonight in advance of the rest of the army. It will be the full benefit of the week-end, owing to the long journey. This week-end trip has been arranged by Brig.-Gen. Logie for all men in camp. It will be granted twice a month. Lieut.-Col. Graham, commander of the 142nd Battalion, "London's Own," issued the following statement today:

Col. Graham's Denial. "I wish to emphatically deny that the 142nd London Battalion was concerned in the recent alleged incident at the ceremonial parade before Sir Sam Hughes."

The above disclaimer refers to the "booting" that broke from the ranks of the London brigade as they passed the saluting base for the second time. There are 10 cases at present in hospital, 47 being brought in today. Fifteen of these were heat prostrations, but none proved very serious so far. The temperature at midday was 97 in the shade. The men were off duty this afternoon, and will have a holiday from strenuous exercises tomorrow.

Motor Ambulances Needed. An opportunity presents itself for the public to donate motor ambulances to units in camp. They are urgently needed for the Army Medical Corps here.

Furlough for one month is to be granted to non-commissioned officers and men for the purpose of taking part in harvesting. This privilege will only be given to men of good character. The dust, which is the worst feature of the tented area, will soon be laid. The asphalt roadway is rapidly being built along "Hughes" avenue, making a progress of one thousand feet per day. Brig.-Gen. Logie has ordered extra water carts, and a separate supply of water being pumped from Pine River for this purpose.

## PRIVATE GEORGE GLEED IS KILLED IN ACTION

Letter Received by Wife Was Written Just Before His Death.

Pte. George Gleed, who is officially reported as killed in action on June 26, resided while in the city at 397 Elias street, the home of Mrs. Gleed's parents.

He was a cigarmaker by trade and worked for several years at Gasté's cigar factory.

Three brothers, Frank, Charles and Alf, are at the front now, while James and Bert Gleed reside in this city. William Gleed, another brother, lives in Toronto. Three sisters, Mrs. Ed Elmer of this city, Mrs. Elvey of Hamilton, and Mrs. Charles Harris residing in Iowa, also survive.

He was married two years ago and from that time previous to enlisting he and his wife lived with Mrs. Gleed's parents, who now reside at 397 Elias street.

Owing to a change in address the telegraph company were unable to locate Mrs. Gleed and the first information also received of her husband's death was given to her by a neighbor, who came in with a copy of the evening paper containing the official dispatch.

Letters received a few weeks ago by his wife mentioned the fact that they had seen some heavy fighting and were again preparing to attack. This letter was dated June 26 and it is presumed written a few hours preceding the attack that resulted in his being killed in action.

SOLDIER-PARSON'S WIFE HERE.

Mrs. Beecroft of Aylmer is staying in town, owing to the fact that her husband, Rev. Mr. Beecroft, minister of the Presbyterian churches of Springfield and Aylmer, is in training here with the 63rd Battery. Mr. Beecroft some time ago obtained leave of absence from the London Presbytery to enlist with the battery. Though serving in the ranks as a bombardier, arrangements have been made whereby he can conduct the Sunday morning service for the 63rd and 64th Batteries at their own camp quarters.

## Summer Styles for Out-of-Doors

### The Fashion Mirror

And now for the gay out-of-doors. What a lot of pretty simple clothes we have this year, made to make us comfortable and preserve our attractiveness. I told you a few letters ago about how tidy and comfy these new sport suits and clothes were—and I think now I ought to tell about the bathing suit—comme il faut.

Bathing suits are now, if you please, dresses of cotton, most of them simple, but as graceful and attractive in lines as the figure. Short little puffed sleeves, lace strapped or finished with a little cuff; waists are really designed, for they show pretty yokes, wide, graceful collars, vestees and artistic neck effects. For young women who go in for more strenuous swimming and diving there are silk and other Jersey fabrics with bits of color decorations to add coquetry. Plain materials are generally accepted as most practical and as such are more suited to startling trimmings of brilliant colors, plaids, checks, etc. Listen, Bathing Millinery—Yes, indeed, I have seen hats trimmed with little bunches of flowers, fruit or perhaps a feather, but they are rubber, so fear not the rain while bathing. Caps are chic, with tucks and frills, and flirtatious ribbons—these are rubber or rubberized silk.

## Lustres for Bathing Suits

It does not absorb water and become heavy or water-soaked, sheds the water and does not cling; ideal for bathing, in navy blue, brown, green or cream. Prices ..... 25c to \$1.00 yard. ## ROLL OF HONOR UNVEILED AT MUNCEY.

[Special to The Advertiser.] MUNCEY, July 12.—The Presbyterian Sunday school observed last Sunday as patriotic day. Superintendent H. Brodie took charge of the service. Two splendid patriotic addresses were given by Rev. Dr. Rayson and Rev. S. R. McVittie. Several Detroiters were in the audience, besides others from New York, London, St. Thomas and other places in this vicinity. The mixed choir, with the aid of Miss Emma Bell of Sarnia and Miss J. Clapp, both soprano soloists, and H. Wightman, baritone soloist, rendered an excellent musical program. The roll of the names of the names of Ptes. William J. Nagle, Fred Fowler, John Alexander, George Wallace and Fred Cuthbert, was unveiled, and read by the superintendent, after which the choir sang "God Save Our Men." The offering was liberal and

John E. Madden owes much of his success as the biggest breeder of thoroughbreds in this country to that well-founded policy that the best is the cheapest. He was lunching with John Sanford in the club house at Aqueduct a few days ago, and naturally enough the conversation turned to horses. "What is the biggest price you ever paid for a horse?" asked the master of Humber Place. To this Mr. Sanford replied: "I paid \$25,000 for one at public auction in England, which is my record to date." Madden then said: "Did you ever get a real big price for a horse?" and on being answered "no," added: "Well, you can get one now. I'll give you \$50,000 for Nassovian, which ran third for you in the English Derby this year." Mr. Sanford smilingly refused, while admitting that the offer was a good one and most flattering.

Christy Matthewson visited Bonnett Reese at Youngstown, Ohio, Monday, and the veteran New York pitcher learned that he has a rib detached from his spine. It is doubtful if Christy will be able to pitch another game this season, if at all. Jeff Tesreau and Hans Lobert accompanied Matty to Reese and were found to have various ailments. Tesreau has two torn ligaments, but should be in shape in another week. Reese snapped Lobert's injured knee into position.

Peter Mac, the over-winter favorite for the M. and M. Stakes, is on his bad behavior, and unless he mends his ways in the next week may not be a starter in this event. The horse dislikes scoring and starting, dancing around and doing everything he should not do before he flattens out.

Cleveland is drawing a record-breaking crowd at New York, and it is estimated that 60,000 fans will witness the four day's games when they finish the series here today. This will be a record for Cleveland in New York.

Ty Cobb is apparently due shortly for the other outburst. He delayed the game for several minutes at Washington by standing on the plate and telling Bill Dineen what he thought of his umpiring talents, after being called out when he took too big a turn around second.

Jennings has the choice of either Dubuc, James or Mitchell to use today, and Griffith has been using Boehling to close the series for Washington.

At least ten of the twenty-two thoroughbreds entered in the American Derby, which features the racing at Chicago on Saturday, are expected to start. Franklin, Doge and George Smith are already at the track. Foxhall Keene's colts, Frank Col, winner of the Canadian Derby at Fort Erie and Irish Gentleman are now on their way to the track for the race.

Despite denials and evasions there is reason to believe that one of the biggest deals in baseball has been brewing between the Boston and Cincinnati National League Clubs, and only left through because the parties disagreed at the last moment. According to the story circulating in Boston, the two clubs have agreed to trade John Evers and two other Braves to the Reds in exchange for Herzog and a player or two and probably cash.

His Willow. On a bench in a ball yard a ball player sat. With his willow, his willow, his willow. Said I to that ball player, "What do you bat with?" With your willow, your willow, your willow.

With a sob and a sigh that young buster replied: "I am having a slump, there's a stitch in my side. That pill when I'm back on my stride. With my willow, my willow, my willow."

He made up his mind that some noise he'd create. With his willow, his willow, his willow. So he hitched up his trousers and strode to the plate. With his willow, his willow, his willow.

That youth was determined the pellet he'd hurl. So he hammered the plate with a royal good will. But he just couldn't manage to hammer the pellets. With his willow, his willow, his willow.

With his willow, his willow, his willow. He couldn't get on to the major league. With his willow, his willow, his willow. So he packed up his grip and went back to the sticks. With his willow, his willow, his willow.

Now he's leading his league in a class double G. With his willow, his willow, his willow. In fact he is raising a hullabaloo. With his willow, his willow, his willow.

Pennant, Regret and Borrow, the stars of Harry Payne Whitney's establishment, have been allotted the top weights in the Frontenac Handicap, which is the feature of the opening day of the Windsor meet Saturday.

Pennant is asked to carry 132 pounds. Regret 125 and Borrow 128. The nearest contender to the Whitney horses in point of poundage is George M. Hendrie's Rancher, which will face the barrier with an impost of 121 pounds.

Short Grass, the English colt that recently showed such high form, again demonstrated his ability by winning the Empire City Handicap yesterday, beating out a field composed of Roamer, Spur, Stromboli, Friar Rock and other class nags. Carrying 127 pounds, he covered the mile and a furlong in 1:51, equalling the track record.

By defeating Newark, while the Grays were breaking even at Rochester, Buffalo took the top position of the International League, sending Providence to second place.

Jack "Red" Murray, centre fielder of the Toronto Leafs, made one of the greatest catches in the first game that was played at the White Horse, when he pulled down Winston's hit that was labeled a homer. He made the catch at such a difficult angle that nobody believed he had the ball until he pulled it down.

When the Windsor track opens on Saturday 42 pari-mutuel machines and 54 wickets in the cashing department will be ready. This is the largest mutuel plant on the continent. A year ago it was the largest on the Canadian circuit, but it was found inadequate and was enlarged last fall.

The final for the Niagara-on-the-Lake trophy between Dr. Creelman's rink (Guelpi) and F. W. Gayer's Hamilton Victoria rink will be played this afternoon. Judging from yesterday's play it should result in a victory for Dr. Creelman's quartette.

A demand is being made by New Yorkers to have the racing season extended. Under the present schedule only one short meet is held at Belmont Park from August 28, to September 9, after the return from Saratoga. Follower of the horses want this season continued until the middle of October.

## DEFEAT NOW WILL NOT HURT FREDDIE WELSH

Has Accumulated \$100,000 Since Winning Title.

FOUGHT THIRTY FIGHTS

Gave Willie Ritchie \$25,000 When He Fought for Championship.

DETROIT, July 12.—Two years ago today World's Lightweight Champion Fred Welsh, sometimes known as Fred Welsh, of Pontypridd, Wales, paid Willie Ritchie \$25,000 to fight him 20 rounds before a London, England, sporting club.

For himself Welsh asked nothing, except a chance to gamble with the promoters and take a percentage of the receipts. This little flier in war, while in itself it proved a financial failure for the Briton, yielding him only \$1,800, laid the foundation for what in two years has proven to be a considerable fortune. In fact, it has placed Welsh where he is able to do as he pleases.

Welsh has added at least \$100,000 to the hoard he had begun to pile up before he actually took over Ritchie's title. This was despite a publicity agent and manager who received about 40 per cent of the Welsh intake, report declares.

Since July, 1914, Welsh has fought approximately 20 fights—some of them may be called this by courtesy only—meeting some of the greatest "drawn" cards known to the lightweight world. Among his opponents in limited-round contests were Charley White, Benny Leonard, Ad Wolgast, Matt Eakins, Joe Shugart, Jimmy Duffy, Johnny Griffith, Willie Ritchie—in fact, every well-known light-weight who could think of.

These fights have averaged Welsh close to \$5,000. In addition, numerous pot-boiler matches, with no risk and considerable cash to reimburse him, have been fought.

All in all, Welsh, from various sources, must have received in the neighborhood of \$150,000 since this date he has fought. And all because he won a "title" on points.

That's a return

## CLINTON CONCLAVE BEST FOR TOWN IN TWENTY-SIX YEARS

ters.

[Special to The Advertiser.]  
CLINTON, July 12.—The town of Clinton today was in possession of the various branches of the Orange Lodge, which came from far and near to join in the celebration of the anniversary of the battle of the Boyne. Five special trains came in on the Grand Trunk and brought lodges from North and South Huron, North and South Perth, South and Centre Bruce, also South Middlesex and large numbers were also brought in by the regular trains.

It is estimated that not since the 20th anniversary was celebrated here twenty-six years ago has there been so large a crowd in town, there being over ten thousand visitors here today.

"We favor these things," declared Mr. Hocken, "and we are prepared to fight for them. Never will we stand for separation from the motherland and from the principles for which the British Government stands."

## VISCOUNT HALDANE IS UNDER FIRE AS FRIEND OF GERMANY

Declares He Has Been Misre-  
presented in Reports.

LONDON, July 12.—5:11 p.m.—The campaign which was carried on in a section of the press some time ago against Viscount Haldane because of his alleged pro-German leanings before the war, broke out in the House of Lords today. When Viscount Haldane arose to speak on national education the Duke of Buccleuch interposed with a reference to the assertions published before the viscount resigned as lord high chancellor, to the effect that after his return from his visit to Berlin in 1912 he made speeches, in which he stated that Germany felt no hostility towards Great Britain.

"I want the noble lord first to explain his past conduct in deceiving Great Britain as to the German danger," said the Duke of Buccleuch.

Viscount Haldane replied that no man desired more than himself that the whole facts as to what had been done before the war should be brought out. He said there had been an extraordinary amount of misrepresentation, untruth and inaccuracy, and that the sooner the truth was brought to light the better.

## SCENE OF THE BRITISH DRIVE

Gen. Haig Aims to Dominate  
the Plateau.

GUNS OF DATE 1874 TAKEN

Correspondent Thinks This  
May Indicate Foo Lacks  
Armament.

[Canadian Press Cable.]  
LONDON, July 12.—10:25 p.m.—The Anglo-French offensive is maintaining itself as vigorously as ever against the most determined attacks, which the Germans are now delivering against the front in northern France. The Germans have thrown reinforcements into the breach, having had ample time to recover from the first shock and the unexpected strength of the British and French attacks.

There is no doubt the Germans had supposed the French to be enfeebled greatly south of the Somme because of the number of troops and guns taken in the attack, gives the people of the British and French nations the greatest satisfaction.

British Recover Lost Ground.  
No events of a sensational character on the front in northern France were announced today, but General Haig in a brief bulletin tonight reported a recovery by the British of all the ground lost yesterday in the Mametz wood. The British commander tells also of the capture of two heavy German attacks against Contalmaison, and of steady progress by his forces in the Trones wood, the scene of much heavy fighting during the past few days. Incidentally, General Haig comments on the heavy casualties sustained by the Germans in their attacks against the British forces north of the Somme.

Driving Toward Bapaume  
From General Haig's bulletins it is seen that the British are driving steadily towards the crest of the ridge commanding the wide Bapaume plateau. According to the view of French military experts there are no less than 60,000 German bayonets opposing the advance of General Haig's forces.

The Reuter correspondent at the British front reports that the German field guns, bearing the date "1874," have been captured by the British. The correspondent asks whether, without attaching undue importance to the incident, these guns do not indicate the straits to which the Germans are being reduced in order to find sufficient armament.

On the Russian Front.  
On the Russian front, the battle continues along the Stokhod River with the same determination to win against the opposing forces. The Germans are reported to be bringing up all possible reinforcements and guns in an endeavor to save the position, which the Russians are advancing along two railway lines.

GERMAN REPORT  
ON WEST FRONT.  
BERLIN, July 12.—Via London.—Today's official statement regarding the western front follows:  
"The fighting which began on the afternoon of July 10 on both sides of the Bapaume-Albert road, near Contalmaison and in Mametz wood, as well as new fighting in Trones wood, is continuing with greater stubbornness."  
"South of the Somme the French suffered a severe check in a great attack, which they prepared on the Belleu-Soyecourt front. The attack broke down completely, and our fire and weak forces, which had been thrown against the Maisonette-Barleux sector, fled to their starting point with heavy losses."  
"At several points on the Champagne front, east and southeast of Rheims, northeast of Massiges and northwest of Fleury, partial French attacks were repulsed."  
"In the Meuse region there were only small engagements to the left of the river. To the right of the river we pushed forward our positions nearer Souville and the Laueux works, capturing 50 officers and 2,100 men. A strong counter-attack was repulsed completely."  
"German patrol engagements south-west of Dixmude and southwest of Cerny, in the Aisne region, and also east of Piffershausen, were successful."  
"An English biplane was compelled to land within our lines near Athies, where from the active list of the army, plane fell to earth near Soyecourt. Another was brought down by our anti-aircraft guns near Chantonnay. In the vicinity of Dombeval, west of the Meuse, a captive balloon was shot down by our airmen."

"We have had letters from some persons," said a representative of the company today, "who said that they would pay any price we wanted. There was one \$50,000 offer, several of \$10,000, and virtually scores running from \$1,000 to \$5,000. These we have had to refuse. Nearly all of them came from Americans. CLEAN UP BOUSSASS NEXT.  
BROCKVILLE, July 12.—More than fifty Orange lodges were represented in today's celebration here, held under the direction of L. O. L. No. 1, the subordinate lodge of the Orange order, instituted in British North America. Among the speakers was William Galbraith of Montreal, past grand master of the Grand Orange Lodge of the province of Quebec, who criticized, in strong terms, the apathy of the French-Canadians in the matter of recruiting. Quebec province had been the spoiled child of federation, he said, and when the boys came home from the front they would still have enough fight left in them to clean up Bousass, La-vergne and their kind.

The following message was indorsed and sent from the Orangemen of Toronto to their brethren in Belfast: "Toronto Orangemen send greetings and sympathy. We are with you for Ulster's rights. Offered for Trip Across  
Atlantic.  
BALTIMORE, Md., July 12.—The North German Lloyd has received from persons in all parts of the country offers running as high as \$50,000 for the privilege of taking passage on the submarine Deutschland on her return trip.  
"We have had letters from some persons," said a representative of the company today, "who said that they would pay any price we wanted. There was one \$50,000 offer, several of \$10,000, and virtually scores running from \$1,000 to \$5,000. These we have had to refuse. Nearly all of them came from Americans. There are, of course, thousands of Germans in this country who would like to get back to their native land, but no passengers will be carried."

MRS. WM. DUNDASS DEAD.  
INGERSOLL, July 12.—One of Ingersoll's most estimable ladies, Mrs. Dundass, died at her home, Dundass, early this morning at her home, Duke street. She was in her 75th year. She was a member of the Methodist Church and for many years an active member of several of the organizations.  
She is survived by one son, W. H. Dundass, Buffalo; two daughters, Miss Nellie at home, and Mrs. J. Anderson Coulter, Ingersoll. The funeral (private) will be held Friday afternoon at the Ingersoll Rural Cemetery.

CLEAN UP BOUSSASS NEXT.  
BROCKVILLE, July 12.—More than fifty Orange lodges were represented in today's celebration here, held under the direction of L. O. L. No. 1, the subordinate lodge of the Orange order, instituted in British North America. Among the speakers was William Galbraith of Montreal, past grand master of the Grand Orange Lodge of the province of Quebec, who criticized, in strong terms, the apathy of the French-Canadians in the matter of recruiting. Quebec province had been the spoiled child of federation, he said, and when the boys came home from the front they would still have enough fight left in them to clean up Bousass, La-vergne and their kind.

Message to Belfast.  
The following message was indorsed and sent from the Orangemen of Toronto to their brethren in Belfast: "Toronto Orangemen send greetings and sympathy. We are with you for Ulster's rights. Thousands of soldiers in uniform wearing our badges and many military bands marched in our procession today with frank commendation of the Canadian Government. (Signed) A. A. Gray, county grand master." A total of 6,140 men participated in today's parade, 800 of them in khaki.

NEW YORK VESSEL BELIEVED LOST IN THE ATLANTIC.  
NEW YORK, July 12.—Distress signals from the steamship Ramos, reporting that her engines were disabled and that she was sinking, 310 miles north-west of Fall's Island, were picked up at 8:30 a.m. today by the steamships Van Hogendorp and relayed to the Marconi wireless station at Miami, Florida, the Marconi Company announced here tonight.  
The Ramos is a New York and Porto Rico Company vessel of 533 tons net, which sailed from Philadelphia on July 9 for Cartagena. The Van Hogendorp reported at 5 p.m. today that she had arrived at the last position given by the Ramos and had been unable to locate the ship, but was continuing the search in thick weather.  
The Ramos carries a crew of fifteen. No passengers are on board.

BRITISH ADVANCE  
TOWARDS BAPAUME  
GOES STEADILY ON  
Gen. Haig Aims to Dominate  
the Plateau.  
GUNS OF DATE 1874 TAKEN  
Correspondent Thinks This  
May Indicate Foo Lacks  
Armament.

[Canadian Press Cable.]  
LONDON, July 12.—10:25 p.m.—The Anglo-French offensive is maintaining itself as vigorously as ever against the most determined attacks, which the Germans are now delivering against the front in northern France. The Germans have thrown reinforcements into the breach, having had ample time to recover from the first shock and the unexpected strength of the British and French attacks.

There is no doubt the Germans had supposed the French to be enfeebled greatly south of the Somme because of the number of troops and guns taken in the attack, gives the people of the British and French nations the greatest satisfaction.

British Recover Lost Ground.  
No events of a sensational character on the front in northern France were announced today, but General Haig in a brief bulletin tonight reported a recovery by the British of all the ground lost yesterday in the Mametz wood. The British commander tells also of the capture of two heavy German attacks against Contalmaison, and of steady progress by his forces in the Trones wood, the scene of much heavy fighting during the past few days. Incidentally, General Haig comments on the heavy casualties sustained by the Germans in their attacks against the British forces north of the Somme.

Driving Toward Bapaume  
From General Haig's bulletins it is seen that the British are driving steadily towards the crest of the ridge commanding the wide Bapaume plateau. According to the view of French military experts there are no less than 60,000 German bayonets opposing the advance of General Haig's forces.

The Reuter correspondent at the British front reports that the German field guns, bearing the date "1874," have been captured by the British. The correspondent asks whether, without attaching undue importance to the incident, these guns do not indicate the straits to which the Germans are being reduced in order to find sufficient armament.

On the Russian Front.  
On the Russian front, the battle continues along the Stokhod River with the same determination to win against the opposing forces. The Germans are reported to be bringing up all possible reinforcements and guns in an endeavor to save the position, which the Russians are advancing along two railway lines.

GERMAN REPORT  
ON WEST FRONT.  
BERLIN, July 12.—Via London.—Today's official statement regarding the western front follows:  
"The fighting which began on the afternoon of July 10 on both sides of the Bapaume-Albert road, near Contalmaison and in Mametz wood, as well as new fighting in Trones wood, is continuing with greater stubbornness."  
"South of the Somme the French suffered a severe check in a great attack, which they prepared on the Belleu-Soyecourt front. The attack broke down completely, and our fire and weak forces, which had been thrown against the Maisonette-Barleux sector, fled to their starting point with heavy losses."  
"At several points on the Champagne front, east and southeast of Rheims, northeast of Massiges and northwest of Fleury, partial French attacks were repulsed."  
"In the Meuse region there were only small engagements to the left of the river. To the right of the river we pushed forward our positions nearer Souville and the Laueux works, capturing 50 officers and 2,100 men. A strong counter-attack was repulsed completely."  
"German patrol engagements south-west of Dixmude and southwest of Cerny, in the Aisne region, and also east of Piffershausen, were successful."  
"An English biplane was compelled to land within our lines near Athies, where from the active list of the army, plane fell to earth near Soyecourt. Another was brought down by our anti-aircraft guns near Chantonnay. In the vicinity of Dombeval, west of the Meuse, a captive balloon was shot down by our airmen."

GOETHALS LEAVES PANAMA  
Governor of Canal Zone Tenders His  
Resignation.  
WASHINGTON, July 12.—President Wilson today agreed to accept the resignation of Major-Gen. Goethals as governor of the Panama Canal at an early date. Gen. Goethals, 61, was the White House and again urged his desire to resign the governorship and retire from the active list of the army, now that his work of building the canal had been finished. Later the president authorized the statement that he reluctantly left the matter in Gen. Goethals' hands.  
Col. Chester Harding, now engineer of maintenance in the canal zone, will probably be appointed governor.

DEPUTATION FROM BERLIN  
TO SEE CABINET TODAY  
Petition Against Changing Name Car-  
ried Names of Allies.  
BERLIN, Ont., July 12.—The Ontario cabinet will be waited upon tomorrow by a deputation of citizens opposed to the changing of the name of the city from Berlin to Kitchener.  
The delegation will present a petition signed by 2,500 persons, including many who are reporting monthly at the local registration office for aliens of enemy birth.  
They will ask the cabinet not to ratify the bylaw to change the name, but to defer action until next year, when a new city council may be elected to negotiate for amalgamation with Waterloo.

TWO CHARGED WITH MURDER.  
MONTREAL, July 12.—A verdict of murder was given today by the coroner's jury in the case of Rome Benette, 326 Demontigny street, this city, who died at his house a week ago as a result of blows received, and Joseph Cardin and A. Charbonneau are charged with having caused his death. Robbery is alleged as the motive.

HEAT PROSTRATION IN MONTREAL.  
MONTREAL, July 12.—One prostration from the heat occurred in this city today, when the thermometer registered 90 in the shade. Joseph Heux, 41 years of age, 18 St. Timothy street, collapsed at the corner of St. Lawrence street and Pine avenue this afternoon and was removed to the Royal Victoria Hospital, where he received treatment.

Often proves to you the imperfections of your sight. When it becomes necessary to hold the book nearer or further away from the eyes, depend upon it something is wrong. When letters "run into another" or the eyes ache, when fatigue follows reading, the condition of the eyes should be investigated. This is advisable, not only that your capability for reading may remain good, but also because straining eyes are a direct tax upon the health. **PATERNAL ADDRESS TO MEN IN KHAKI BY REV. J. MACNEILL**  
Famous Pastor Urges Soldiers To Enlist for Christ.  
**THE GLORY OF RELIGION**  
Evangelist Emphasizes Sure Foundation of Word and Power of Jesus.  
"See what I'm handing you. I'm just talking to you as if you were my own two boys in front of me there. Johnny, who is in Vancouver. I still call him Johnny though he's a man now of perhaps 35. His name is the same as mine. John MacNeill. My birthday was on the 7th of July and his the next day. When he was back at home, I'd be getting a lot of cards on my birthday, addressed 'John MacNeill.' I took them on my own birthday and showed them along to Johnny the next day on his, and it did him. Same name, and it was a' the same. A perfectly good name and veru enconome. Well, Johnny has put on the khaki. Then there's Tommy, I've told you about him. We remember he's just 23 and had graduated the engineering in Glasgow and was just going to follow his mother and me to the States when the war broke out. He enlisted straight away. He's been in the trenches, twice wounded, and now he's on the munitions."  
Soldiers interested.  
It would have been a hard-hearted soldier had indeed who could have resisted so fatherly a statement, and such an evidently fatherly attitude on the part of Rev. John MacNeill, as he stood last night on a little wooden platform placed beneath a tree and faced a large gathering of men of the 16th Battalion, who looked on, sat and lay on their own camp ground to listen to the second address of the week delivered to them by the great Scottish evangelist.  
Before he had progressed very far, backs began to straighten as interest was more and more awakened. Literally, as well as figuratively, the boys stood "tutting up" with the speaker. They couldn't help taking notice of a speaker who immediately established a family relationship with the soldiers by telling of their common sense, their logic, their humor and their reason, played upon their heartstrings and had them laughing one moment and then next near to the many tears which cleanse the heart, and most important of all, offered them a sure foundation for faith and things that could not be shaken.  
At Battle Front.  
"When we get over there," he said, "and the air throbs and roars with the trenching and the earth is rocking and pounding, remember that here in London John MacNeill told you of the things that cannot be shaken. He told you that the things that cannot be shaken are the things we preach. They have been always true, they are true and will always be true, though there were no trenches, no front, no charges, no dangers of wounding and of death itself. The things of the Bible would still be true."  
And "The things which cannot be shaken" which he offered included the word of God, Christ, the solid foundation, the solid rock on which to build, and a God all-wise and all-true, and all loving, a God who is also the Jesus who talked to the woman at the well in Samaria, a Saviour with nailprints in his hands and feet, a Christ who is human as man and as divine as God.  
Glory of Religion.  
"I'm not going to say anything of the life, death and the other world, on the word of Jesus," he announced. "The glory of our religion is that the Lord of all the world came from the other side and lived all his life and died our death. I have never found him wrong about anything on this side—did you? If I have never found Jesus wrong about anything, I can trust him for the other side."  
Concerning the tendency of young people to scoff at the need of religion, he said this warning, "Old men don't turn infidels and skeptics. They might be mistaken, ye know. Like the man who claimed to be a Christian, but said he didn't believe in foreign missions. Said he believed in leaving the heathen in peace as they were, but here's a 250 in case I might be mistaken? Ye know ye're better than German gas and gas, and now don't get restless. I see I've hit some of ye. I'm coming down among ye. I'll hit ye fair and square, and I'll be the best of ye. I'm looking for ye. I'm not talking pulp it. I'm talking life. Listen to four lines written on a tombstone:  
"On a life I did not live.  
On a death I did not die.  
Another's life, another's death,  
I stake my whole eternity."  
A Sure Foundation.  
Not only a "sure foundation" was offered, but also the solid salvation, a tremendous change in an instant, through faith in a living person, founded and grounded on that person.  
In regard to the prevalent idea that conversion is largely a matter of feeling and emotion, "It's an error," said the evangelist. "I'm an expert on it. I've been speaking upon it. If feelings don't alter our relations in other directions, why should they when it comes to salvation? We are not saved by feeling, but by trusting Jesus. Someone might say to me, 'Do you feel like a married man?' 'Well, I'd not be likely to think of it in that way. Even supposing I was not some day married, I've got my wife, 'Peggy, I don't feel related to you today.' It wouldn't alter the fact. I know in whom I have believed and have complete assurance in his power to save me. My work tonight is to lift up Jesus Christ and stamp Him on your soul."  
Then he took leave of the soldiers to whom he had been privileged to talk of the things of eternity and which cannot be shaken, before they go overseas.  
"I'm so glad you've enlisted," he said. "That's a great decision. I hope you will make another and a greater to enlist for the service of the Lord of Lords Himself, the God who cannot be shaken."  
The fervent singing of the prayer hymn, "Pass Me Not, O Gentle Saviour," the offering up of a prayer by Rev. D. C. Macgregor, and finally the National Anthem, brought the impressive service to a close. Over the high plateau, overlooking the river valley, the darkness was settling fast. The light of a heavy bank of clouds towards the northwest. The stirring music of the national band came nearer and the battalion band came nearer and the men "fell in" then dis-

Tonight in Victoria Park at 8 o'clock, Rev. John MacNeill delivers the final address which he will give during his visit in London, to afford citizens as well as soldiers an opportunity of attending.  
A feature of last evening's meeting, very much appreciated by the soldier audience, was a solo by Chris Pink, who was obliged to respond to an enthusiastic encore.
