

THE UNION ADVOCATE

VOL. 44.—NO. 23

NEWCASTLE, NEW BRUNSWICK, WEDNESDAY, APRIL 12, 1911.

PRICE THREE CENTS

SONS OF TEMPERANCE HOLD QUARTERLY MEETING

Considerable Gain in Membership--Important Action Re Amendments to Liquor Laws.

The twenty-second quarterly session of the Kent-Northumberland District Division of the Sons of Temperance met in the Temperance Hall, Newcastle, on April 7th instant, District Worthy Patriarch Rev. R. H. Stavert in the chair. Six divisions—a record number—were represented as follows:

Harcourt, No. 438—Rev. R. H. Stavert, D. W. P.
 Rexton, No. 419—H. M. Ferguson, D. C.
 Caledonia, No. 126, Douglastown—H. C. Stothart, D. W. A.; Richard Atchison, Miss Helen Gray.

Newcastle, No. 45—H. H. Stuart, District Scribe; Rev. Dr. H. T. Cousins, Rev. W. J. Dean, Walter C. Day.

Northumberland, No. 37, Chatham—George Stothart, Miss Lizzie Eddy.

Silver Stream No. 330, Loggieville—Mrs. J. W. Johnston, Alvin L. Bakkirk.

A large number of visiting members were also present, including besides those from Newcastle division, the following:

Harcourt—James MacPherson, Chatham—John Forrest and Misses Nina England and Jessie McLennan.

Douglastown—Wm. Moore, Geo. Cassie, David G. Bass, and Misses Maud Wood and Annie Casie.

The chairman reported a very successful quarter's work in the District, with good prospects of the immediate future being still better. All of Kent County but Richibucto parish was now without licenses and it was hoped to make Richibucto dry at the coming plebiscite this fall.

The District Scribe reported that the amendments to the Canada Temperance and New Brunswick License Acts proposed at the last District meeting had received the hearty approval of many of the other Temperance orders in this province, but had been discouraged by Senator Scott, who himself had failed to obtain amendments for P. E. I. through the Senate; merely acknowledged by the Dominion Government, and Hon. R. L. Borden; and ignored by the local government, local members and the leader of the opposition party. He highly commended the Nova Scotia legislature for its recent stringent amendments to the Provincial Prohibition law. His statistical report was as follows:

Northumberland Co.		
Dec 31	March 31	
Bay View	69	67
Miramichi	29	30
Caledonia	45	39
Newcastle	42	44
Nelson	20	20
Northumberland		29
Silver Stream		
Loggieville	44	59
Doakstown	65	65
	314	353
Kent County		
Harcourt	73	72
Rexton	43	44
Grangeville	40	31
Ross River	37	37
Richibucto	75	75
Local Branch	38	38
South Branch	24	24
	380	381
Total for District	644	684

The Treasurer's report showed a balance on hand of \$15.43.

STATE OF THE ORDER

The following report was then submitted:

"The committee on the State of the Order beg leave to report:

"1—We find an increase in the two counties of 40 members.

"2—We are pleased to report that Northumberland Division in Chatham and South Branch in Kent have been reorganized.

"3—The finances are in a healthy condition.

"4—We would heartily re-endorse the amendments to the Dominion and Provincial liquor laws proposed at the Harcourt meeting of this District Division last January and since approved by the Provincial Executive of the W. C. T. U.; the G. S. of the Provincial S. of T.; the G. C. T. of the I. O. G. T. and others, and urge upon the Dominion and New Brunswick governments the necessity of the amendment of the liquor laws in accord therewith, viz:

"1—The Dominion Government to so amend the Canada Temperance Act as to provide that:

"(a) No liquor shall be imported into a District under the Canada Temperance Act by private individuals, all liquors required for legal purposes to be purchased from Vendors appointed by the said Government and residing within such district.

"(d) That all persons arrested for drunkenness be compelled to tell where and from whom they obtained their liquor, imprisonment to be the penalty for those refusing to tell.

"(c) That each government Vendor of alcoholic liquors be required to annually publish a complete statement of business done by him during the year.

"(d) That the privilege of obtaining prescriptions for liquor from Medical men residing outside of district under Canada Temperance Act be done away, the only exception to be the case in which the medical man nearest to the patient resides in an adjoining municipality.

"2—The Government of New Brunswick.

"(a) To prohibit the importation of alcoholic liquors by any person or persons into any non-license district in said province.

"(b) That all persons arrested for drunkenness, whether in license or non-license districts, be compelled to tell where and from whom they obtained their liquor imprisonment to be the penalty for those refusing to tell.

"5—We congratulate the Nova Scotia legislature upon the amendments they have this year made to their provincial prohibition law, among which are: The finding of liquor on any premises to be, until contrary is proved, deemed evidence of intent to sell, although no barroom appliances may be present; law officers to have power to search for and seize liquor without warrant; the finding of liquor concealed or falsely labelled to be prima facie evidence of intent to violate the law; prosecutions for second offence to immediately follow first conviction; and no appeal from decisions of stipendiary magistrates; and we urge upon both Dominion and New Brunswick governments the necessity of making their liquor laws as effective as those of Nova Scotia.

(Signed) W. J. Dean

"H. M. Ferguson
 "A. L. Bakkirk
 "Harold C. Stothart
 "H. H. Stuart."

This report was passed section by section, and then as a whole.

On motion Divisions were advised against receiving as new

(Continued on page 8)

MAY BUILD A FACTORY HERE

W. H. Russell is Assured by That He Will Be Generously Dealt With--Ferry Will Run This Summer.

A special meeting of the Town Council was held on Friday evening, April 7th, Mayor McMurdo presiding. A dozen present: Allison, Butler, Clark, Falconer, Layton, Morrison and Sargeant.

The minutes of the meeting of March 18th were amended to include the following: "Ald. Butler asked the Committee from the Newcastle Steamboat Co. if the Town Council initiated proceedings necessary to procure this subsidy from the Town, would the Steamboat Co. take the chance of it going through successfully, and operate the ferry this summer whether the proceedings terminated successfully or not, and received from Mr. McMurdo the assurance that the company would do so. The subsidy referred to is that of \$500 a year asked by the Steamboat Co. from the town.

\$10.00 was voted each of the delegates who voted to Frederickton in connection with Ferry matters.

Mr. Wm. H. Russell was present, and stated that he had an option on part of the Hon. P. Mitchell property, with the intention of erecting a factory, but before doing so he wished to find out what treatment would be accorded him by the Town in regard to taxation.

Ald. Butler and Morrison discussed the matter and expressed the opinion that the Town would deal very generously in the way of taxation with any industry giving employment in the town.

Mr. Russell was advised to get his plans in shape and submit them to the Town Council and Board of Trade, with the assurance that if the project was at all good it would receive every consideration.

Ald. Butler and Morrison stated that they would go to Frederickton on Tuesday to watch the passage of the bills sent up by the Town.

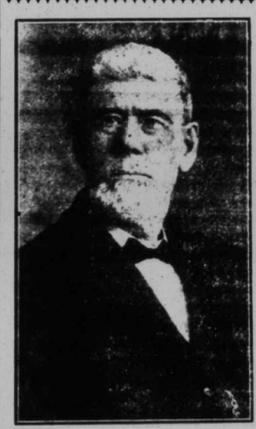

The Mayor called the attention of the Council to the need of a destitute family and mention was made of others in somewhat similar circumstances, and it was decided to call the attention of the Alms-house Commissioners more strongly to their duties in making provision for persons so situated.

Adjourned.

BOARD OF TRADE ELECTED OFFICERS

Organization Rapidly Growing in Numbers and Influence--Many New Members.

At the meeting of the Newcastle Board of Trade on the 3rd, the

PATRICK HENNESSY
 President Newcastle Board of Trade.

Following officers were chosen for ensuing year:

President—Patrick Hennessy.
 Vice-Pres.—John Ferguson.
 Secretary—E. A. McCurdy.

Treasurer—Howard Williston
 Executive Committee—The four officers with T. W. Butler, Donald Morrison, John Clark, W. J. Jardine, J. D. Creaghan, W. A. Hickson, W. H. Belyea, J. W. Miller and Allan Ritchie.

The following new members were elected:—H. H. Lamont, Douglastown; John O'Brien, Nelson; A. A. Davidson, James Calder, C. E. Fish, J. H. Ingram, Ed. Dalton, J. M. Falconer, Newcastle; T. W. Lawlor, Redbank; Percy Burchill, Dr. Hayes, Daniel Baldwin, Nelson; T. A. Hurley, Blissfield.

A communication was read from Deputy Minister of Railways, A. W. Campbell, Ottawa, re the request of the Board for the installation of a ten ton crane on the Intercolonial at Newcastle. Mr. Campbell gave his assurances to the Board that the matter would receive the careful attention of the authorities at a meeting in the course of a few days.

On motion of Mr. Miller seconded by Mr. Murdoch, the communication was received and placed on file.

Mr. Thomas Johnston wrote the Board, granting a free site for the location of the projected wharf at Redbank.

MANY ACCIDENTS ON SATURDAY

Three Valuable Horses Lost in the River, and Several Others Rescued With Difficulty.

On Saturday there were very many accidents upon the ice. Alex Parks of Upper Derby, hauling a load of shingles, lost his team harness and sled through the ice off Sheriff O'Brien's mill, Nelson. His loss was about \$500. He had refused \$400 for the two horses alone. Joseph Hubbard of Redbank, going home from Newcastle the same day lost a horse off the Sinclair mill near the North West Bridge. When the animal was got out of the water it was dead.

Mr. Hubbard's loss is about \$200. The same afternoon the horse belonging to Daniel Aiton of Redbank went in near Hickson's mill and was rescued with great difficulty by the willing friends who went to the rescue, and David J. Buckley came very near losing his horse off Lynch's mill. There were also several accidents off Chatham. The ice is very unsafe.

A Jewish junk dealer nearly lost his horse and load Saturday afternoon.

Monday the stage from Chatham went through the ice near Chatham Head, and the horse was rescued with difficulty.

CHELMSFORD

The special meeting held by the officers and members of 147 L. O. L., Chelmsford, was largely attended and business importance discussed. This lodge is doing good work, there seems to be a general spirit of achievement among the brethren every one trying to do his best. Among the visiting numbers were Bro. Wyse of Empire Lodge, Newcastle and Bro. DeWitt. Both gave interesting and instructive addresses.

The Tie social and supper held here by the Ladies of the Presbyterian Church of Derby, was well attended. Music was furnished by the Millerton Orchestra and a good time was enjoyed by all.

Chamberlain's Cough Remedy

Cures Colds, Croup and Whooping Cough.

SPRING IMPURITIES IN THE BLOOD

Make the Use of a Tonic Medicine A Necessity.

Dr. Williams' Pink Pills are an all year round tonic blood-builder, and nerve-restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the long winter months. There is no other season when the blood is really so much in need of purifying and enriching, and every dose of these Pills helps to make new, rich, red blood. In the spring one feels tired and weak—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anæmia, rheumatism, neuralgia, and many other troubles are most persistent because of poor weak blood, and it is at this time, when all nature regains life, that the blood most seriously needs attention. To improve and fortify the blood is the special mission of Dr. Williams' Pink Pills, and that is why they are the best spring medicine in existence. If you feel the need of a medicine this spring give Dr. Williams' Pink Pills a fair trial and you will rejoice in new health, new strength and new energy, and will be especially fitted to stand the torrid heat which comes a little later.

These Pills are sold by all medicine dealers or sent by mail at 50 cents a box, or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

TWO YEARS AND \$1000 AT ST. JOHN

Judge Forbes Saturday morning sentenced J. G. Spordakes, a Greek confectioner, to two years in Dorchester and a fine of \$1,000 for stealing electricity from the St. John Railway Company. If the fine is not paid an additional two years must be added to the sentence. An appeal is announced.

MANY SUITS AGAINST I. R. C.

Damages to be Demanded by Victims of Derby Jet. Wreck—Chatham Land Owners Not Satisfied.

A special session of the Exchequer Court is expected in Newcastle soon to hear suits against the Government for damages sustained by individuals in the Derby Jet. wreck, and to settle some ten or twelve Chatham cases in which the government award of damages for land taken by the I. R. C. is not accepted.

A. A. Davidson and R. A. Lawlor, K. C., have been retained to recover damages from the government on behalf of the former in collision. Mr. Davidson is acting for Mrs. Pleadwell, Mrs. Clouston, Mrs. Tobin, Wesley Curtis, Wm. Irving, Barpee Harris and the family of the late Harvey McDougall, the victim of the collision. Mr. Lawlor is acting for Chris O'Brien.

THE BEST MEDICINE SO MOTHERS SAY

Mother's say Baby's Own Tablets are the very best medicine they can give their little ones. It is the happy experience of one mother that helps others to keep their little ones well. Thousands of mothers have found the Tablets a never-failing cure for the ailments that afflict their little ones. Mrs. E. Sandwell, Coldwater, Ont. says:—"I find Baby's Own Tablets the best medicine any mother can give her little ones. I tried 'soothing' mixtures but they did not help my baby, but as soon as I began giving him the Tablets they made his teething easy and I would hardly know he was cutting a tooth. I would not be without the Tablets, and always recommend them to my friends." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

AGRICULTURAL SOCIETY FORMED

Leading Farmers of Three Parishes Organize This Week at Whitneyville

At the public meeting in Whitneyville, Public Hall, on the 10th inst. An Agricultural Society for the Parishes of North Esk, South Esk and Newcastle was organized, and the following Provisional officers were elected: Pres.—John McColm, Strathadam; Sec.—T. W. Butler, Newcastle; Treas.—H. Williston, Newcastle; Wm. J. Shearer, Strathadam, president.

About 19 men were present. Among the speakers were John McColm, T. W. Butler and others.

As soon as the charter arrives a meeting will be held in Newcastle to elect officers for the year. The annual meeting will be in Newcastle on the last Tuesday in September. The meeting was very enthusiastic.

JOSEPH DOUGETT DIDN'T SUICIDE

Found With Both Feet Frozen at Mountain Road, Near Moncton.

Moncton, N. B., April 5—Joseph Doucett of Rogersville, for whom friends aided by the Moncton, police, have been searching in this vicinity the past ten days under the impression he had carried out his intention, as expressed in a letter to his wife, to commit suicide, was located tonight at the home of Freeman Horsman, Mountain road, three miles from the city.

Last Saturday night or Sunday morning, Doucett was found lying on the road by Horseman for whom his feet badly frozen. He was taken to Horseman's home and cared for until the police tonight learned of his whereabouts. He was brought to the hospital suffering with badly frozen feet. The night Doucett was found was extremely cold, and he would have probably died from exposure if he had not been found. Doucett is considered to be mentally unsound and will probably be taken, eventually, to the Provincial Lunatic Asylum.

AN EPOCHAL YEAR

The three prospective great events of the present year are coronation of King George, the meeting of the Imperial conference, and the ratification of the reciprocity agreement between Canada and the United States with perhaps a fourth which, if completed this year, will be greater than these three. The overshadowing event if it takes place will be the ratification of an arbitration treaty between Britain and the United States.

The coronation is a great event, because the King is the symbol of the Empire. The crowning of the King will bring together all the representative men of the Empire. Besides that a great many representatives of other world powers will be present to do honor to the nation through the King. It is the associations that go with it that are important.

The Imperial conference which precedes the crowning of the King will be attended by representatives of all the self-governing parts of the Empire. It will be a step towards the unification of the Empire. Every conference that is held is one more link in the chain that binds the different British nations together. It is at the present time the only opportunity for discussing Empire affairs. Some of the members of the Conservative opposition in the Dominion parliament have threatened to prevent Sir Wilfrid Laurier going to that conference. The people of Canada would not tolerate that. They recognize the value of the conference and they also recognize, as does everyone else in the Empire, that Sir Wilfrid will be the most important figure there. His attendance is an absolute necessity if the conference is to be a success.

The reciprocity agreement is important from an Empire point of view, because it is the first recent movement towards free trade in the Colonial nations. It is a movement towards bringing the policy of Canada into line with that of the Mother Country. It is a step towards the breaking down of trade barriers and the upsetting of the plans of those who would build the Empire on such a shallow foundation as finance. This is apart altogether from the local view of the treaty. It is an Imperial view. The breaking down of the tariff wall is also a step towards that Anglo-Saxon alliance for which British statesmen have been working for so many years, and in the interests of which Canada's interests have in the past been often sacrificed.

Whether or not a treaty for the purpose of settling all grievances between Britain and United States by arbitration will be arranged this year no one can say. The seed has been already broken and the seed that has been sown may germinate within a comparatively short time. Both of the parties in Great Britain favor it. In the United States a somewhat similar state of affairs exists. It will now be for the statesmen on either side to adopt a plan which will be acceptable to the people of both countries.

If the above programme is carried out this year, as there seems every likelihood will be done, 1911 will be one of the great historical years. It will be a year to be remembered while the nations last.—Victoria Times.

Premier Asquith in the British House of Commons recently showed that Sir Wilfrid Laurier had been misquoted by Austin Chamberlain and accused tariff reformers of being sloppy in regard to their facts. The word sloppy is rather a good one, and would be very useful also in describing the statements made by certain politicians in this country who make misleading statements in regard to reciprocal trade with the United States.

ADVOCATE PUBLISHING CO., LTD.

HAZEN'S EXTAVAGANCE IS EXPOSED

The Government Healers Get Good Pay For Their Services---Booze and Boodle to Elect Moorehouse--- Other Doings at the Legislature.

Fredericton, April 5.—The effective manner in which the government's extravagant method in regard to ordinary bridge work has been exposed at the present session, has ruffled the ministers' feelings a great deal. Careful reckoning of the figures for bridge work given in the Auditor General's reports of 1909 and 1910, respectively, has shown that in two cases in question over \$50,000 was spent by the Hazen administration for superintendents, firemen, inspectors and caretakers. The Opposition has been able to show by quotations from the government's own reports that in very many cases the superintendents have received for their services, sums considerably in excess of the amount paid to the men who did the actual labor in the bridges. Another thing which has been shown has been that in the great majority of cases the men selected for the soft and profitable jobs as superintendents and firemen and inspectors have been close party friends of the administration. In some instances, moreover, extraordinary selections have been made. In York one of the inspectors was a medical doctor, who practices his profession in the constituency. In Westmorland county one of the foremen was a practising barrister-at-law, who was also clerk of the court.

There now seems to be strong reasons for supposing that in New Brunswick the bogey of corporation control of a government has become a reality. At the last session of the Legislature it became apparent that the Hazen ministry was at least very careful when it came to watching out for the interests of one or two corporations. Facts are now coming to light which seem to justify the feeling which existed last year. It will be remembered that the Hazen government gave a remarkable concession to the Drummond iron people in Gloucester county and it will be remembered that at the last session the government forced through the House some extraordinary legislation effecting the development of the Albert shales. Canadian Pacific Railway interests are popularly supposed to be connected with some of the plans for this Albert county work. It is now announced that the government intends to guarantee bonds for what is known as the Southampton Railway—the Canadian Pacific operates the road. A bill has been introduced providing for a bond guarantee for a road from Minot to Gibson—if the Canadian Pacific will operate the road and take over the Central line as well. It developed in the bye-election here that the government is strongly opposed to Intercolonial operation of the proposed St. John Valley Railway and it is announced that if the ministry does anything towards bringing about the construction of this road a line will run from Andover on the Canadian Pacific to Westfield or Welsford on the same line. Apparently, then, if the Hazen government brings about the construction of the Valley line—that road will be in reality part of the Canadian Pacific.

These things together seem to show that the government is at least very friendly toward the Canadian Pacific corporation as well as toward the powerful Drummond company. More than this, it is quite well understood that Canadian Pacific interests are connected with the Grand Falls power schemes with which the government has had considerable to do. While the people of the province will naturally welcome anything which tends to bring about industrial development, it is very doubtful, indeed, if the benefits which may accrue from the present corporation activity will be as great as the disadvantages which it must be to the province to have the power of the government so closely allied with powerful corporations are not always similar to the interests of the people.

Reports which seem to be quite well authenticated are to the effect that even thus early in its life the Hazen government has found corporation friendship quite a valuable thing. In the bye-election in St. John county a year or so ago, it was understood that the very large campaign fund then made use of by conservative workers came from a certain wealthy corporation. In last Thursday's bye-election in York county the government healers were remarkably well equipped with both money and whiskey. Liquor cannot be obtained for love and the supply which was in evidence through this county must have cost quite a penny. The actual money spent and the sum represented by the intoxicants used to help elect the Conservative candidate must together have made an enormous sum. And here again the rumor which seems to have much justification credits a corporation friendly to the administration with having been a friend in need. Corporations do not give money away to governments unless there is reasonable prospect of some actual return from the investment. The government may find this kind of business very satisfactory from a political point of view. It is hard to see where the people are going to gain from the alliance between the Hazen ministry and the monied interests.

At a sitting of the Public Accounts Committee yesterday Hon. Mr. Robinson found that under the Hazen rule, "payments run over from year to year in many cases. In the case of the Central Railway Commission the payments ran over four years." Much to the astonishment of the Opposition men on the Committee it was found that Mr. F. St. John Bliss, a strong Conservative, had been paid \$240 in 1910, for drafting amendments to the Public Health Act, and the Fish, Forest and Game Act. Just why it was necessary to hire a lawyer to draft changes in government legislation did not develop, neither did it develop why the amounts paid Mr. Bliss were charged to the Legislative Assembly Contingencies rather than to the departments concerned with the legislation with which he had to do. But this is the Hazen way.

"Another plum from the plum tree" was the comment made by Hon. Mr. Robinson on the good fortune of Mr. T. J. Carter, a government supporter in Victoria county, in being paid last year \$150 as the balance of his account for services rendered some time ago. It was brought out in the committee that in the days of the old government Mr. Carter was retained by an organization in Victoria in connection with some liquor prosecutions. Subsequently, he asked the old government to pay his account. This request was refused, but under the Hazen rule Mr. Carter has met with greater success. In 1909 he was paid \$250. Last year he got \$150 more. Hon. Mr. Robinson confessed to inability to understand why the balance had been carried over from 1909 to 1910. A letter from the Provincial Secretary to the Auditor General asking that the \$150 be paid was read the committee but it shed no other light on the question as to why the payment was held over from 1909.

E. M. F. CAR
An up-to-date E. M. F. touring car of the latest model, the property of H. A. Doherty, of the Royal Hotel, St. John, was being much admired at J. A. Pugsley's garage yesterday. Built at Walkerville, Ont., this car of Canadian make is one of the handsomest in the city, having leather top, wind shield and full equipment. The woodwork is in Circassian walnut with the prevailing color royal blue, and grey wheels. The machine is thirty horse power with dunlop tires.

Two of the best of the Red Star line's immigrant steamers are to be placed on the Canadian route, the demand for passage to Canadian ports being greater than it is to New York. There is room in Canada for the new comers.

Mrs. Kate J. Crosby, a widow, of Bellevue, Ont., was refused admittance to the United States at Black Rock by the American officials. The woman said she was asked personal and offensive questions. She was going on a visit to a son and daughter.

The French people are expressing their opinion on the speech delivered by the Reichstag German Chancellor, and the disarmament question, and in by certain English and Frenchmen will be...

Try this Thirsty Flour

A very thirsty flour. Absorbs a lot of water. Because it contains so much gluten. Manitoba wheat is wonderfully rich in sturdy gluten. And, think of it, FIVE ROSES is milled exclusively from the very cream of the Manitoba wheat berries. So FIVE ROSES must be awfully thirsty, don't you see. In your mixing bowl it greedily absorbs more water. So you get more loaves than usual without using more flour. You use less. Your flour lasts longer, doesn't it? Less trips to your dealer. That's how FIVE ROSES saves money. Actually saves YOU money. Use this economical flour.

SUNNYSIDE

Sunnyside N. B. March 30—The last camp crowd on the Jacquet River came out today. The roads for the last few days have been in a dreadful condition, owing to the thaw which came rather unexpectedly. The loads of portashers and other wayfarers had to be left behind and it was with the greatest difficulty that even horses could be taken along with safety. The road for miles along was strewn with sleighs, both laden and empty. Supplies for the spring log-driving and summer operations have yet to be taken up river by the different logging concerns, so it is to be hoped that the roads will soon be in a passable condition.

Mr. Daniel Archibald, who was seriously ill, is now, we are pleased to say, feeling much better.

Mr. Lawrence Arsenault recently purchased another horse, sleigh and handsome harness outfit.

Mrs. Cassie Miller is at present visiting friends in Jacquet River.

We are pleased to see that Mr. William T. Splude who had his arm fractured, three weeks ago is getting along nicely.

Mr. John Gallant jr., was the guest of Mr. Chas. J. Bernard this morning to seek this inquisitive special legislator, by means of which he hopes to unload for \$8000 a piece of swamp land; one and one-half miles from deep water, calling it a "Mill Site."

A NEW MODEL

Readers interested in autos should see the illustrations of the new five passenger, their speed, fore door Flanders car. It is the most up-to-date car for the money now being offered in Canada. H. B. Aeslow local agent will send folders on request.

A fierce fire raged in This month, Fourteenth Blivar and D. streets, Co-n, last week. More than thirty houses were destroyed, and the local fire brigade and fire forces from the canal zone found great difficulty in checking the flame. As a last resort dynamite was used to blow up several buildings, as the flames were creeping close to the canal zone houses.

THE MODERN WAY

OF HOME DYEING

Is to use ONE Dye that will color either Wool, Cotton, Silk or Mixed Goods Perfectly. You will find this in

Send for Sample Card and Story Booklet by The JOHNSON-SMITH CO., Limited, Montreal, Can. ONE ON ALL KINDS OF WOOL

With this Modern Dye all you have to do is to add to the water a little of the DYE and you have your goods colored.

PAY THE TAXES

We trust that there will not be nearly as many citizens disqualified this year by non payment of taxes as there at last election. Whether satisfied or dissatisfied with the management of civic affairs every ratepayer should make a supreme effort to pay his taxes and have a vote as to who shall appoint assessors and impose the taxes in future. Let everyone vote and put in Councillors who will legislate as the voters require.

THE GREAT TRADE AGREEMENT

In the course of an able editorial the Toronto Globe says, in part, that the foes of reciprocity in both countries are making the strongest possible efforts to convince the farmers that there can be nothing but injury for them from its operations. The reason for the swing of the opposition in this direction was crudely but quite truthfully presented during a recent discussion before the American Protective Association. The manufacturers of the United States, argue that if the farmers on both sides of the border find that they can be prosperous without duties on natural products, they are not unlikely to think that the manufacturers also can get along with them. It is for this reason that the campaign of the anti is now directed to the position of the farmer under free trade in natural products. There is no doubt at all that the farmers of considerable sections of the American border states have been roused to vigorous action against the agreement. The slogan of the National Grange is all-round tariff reduction. The Canadian farmer is told by high protectionist organs on this side of the line that the movement of foodstuffs will be from the south to the north in much greater volume than from the north to the south. The home-market cry is the latest and probably the last to be raised against the agreement. We doubt very much whether it will prove of any value on this side of the line. The farmers of Canada have for a long time been doing their own thinking on economic questions. They understand perfectly well the value of the home market, but they know also that for many years great quantities of Canadian produce must find markets abroad. They know that the United States is no longer essentially a farming country, and that the growth of its urban population will ere long place it among the nations that do not produce enough food for their own needs. The farmers of Canada know, too, that they are in the best position to supply that need, and therefore they are very strongly in favor of a policy that will let Canadian food products duty free into the United States while duties are maintained against those of other countries. That is a preferred position the farmers understand pretty well already. The longer the discussion lasts the clearer will it become that the farmers of Canada have much to gain and nothing to lose by free trade in natural products.

There are, as says another paper, only two features of the agreement. One is reduction of taxation, the other expansion of trade. These have been the leading features of the policy of the Liberal party ever since it succeeded to power 15 years ago. As witness the tariff reductions of 1897 and 1907, the British preference, the French treaty, and the standing offer of the intermediate tariff. Canada's present material prosperity and strength of national sentiment have been attained under and because of that policy, and her commercial and political future demands its continuance and expansion, as provided in the proposed arrangement. By reducing the burdens on the Canadian tax-payer and opening wider and more profitable markets for three out of the four creative industries of Canada; farming, lumbering and fishing, it would aid in the development of Canada's resources by her own people and to their greater profit. Canada's foreign trade is greater than ever before. Her interprovincial trade is greater than ever before. When her foreign trade was least. Prosperity resulting from increase of foreign trade inevitably increases interprovincial trade. By giving Canadian producers all the advantages of the United States market without political association of any

kind, even to the limited extent of a trade treaty, it would take away any possible reason for a tendency towards political union with the United States.

THE HAREM SKIRT

The trouser skirt has much to commend it. It is hygienic and does not carry street dirt into the house, nor disseminate germs like a patent seeder. Nor does it trail all over the street car steps when a man wants to step out in a hurry, nor will it bring anathemas upon him when he walks behind because he has not avoided stepping on the train.—Toronto World.

CIVIL WAR AT PRINCE RUPERT

Strikers Objecting to Other Men Taking Their Places, Are Defeated by Police and Other Citizens.

Prince Rupert, B. C., April 7.—Aroused by the importation of strike breakers, 1,200 strikers on city grading contracts defied the law yesterday for half an hour and fought the police and strike breakers with revolvers, rifles and rocks. The battle did not end until one striker was carried away at the point of death with a bullet in his stomach, one policeman with a bullet wound above the eye, and a contractor shot through the hand. The strikers, headed by their chief leader, A. O. Morse, carrying a red banner, visited various contractors and called off men working on them, many answering the call. A visit was made to McInnes & Kelly's, where a number of men had started work in the morning. These men refused to walk out. The police had to put a barrier round the place and told the strikers that the first man who stepped inside of it would be arrested.

Heckling the strike breakers went on for a time and then some one broke down the barrier and the strikers rushed through. The police drew their revolvers, whereat an army of strikers drew their guns and fired. Rocks were showered everywhere, and the city was soon thrown into terror.

This morning law and order reigned in Prince Rupert again. With over fifty of the leaders in jail the strikers have disbanded. All night the streets were paraded by gangs of special constables armed with rifles and revolvers, the strike headquarters have been closed by the police and the books confiscated. McInnes & Kelly, on whose work yesterday's battle was fought, are making a big gang of strike breakers today and several other contracts, where men quit work, is again going on.

METHODIST VOTE NEXT SUMMER

Regarding church union it is decided that after the Methodist district meeting and general conference in May and June have voted on the question, the special committee will meet again to direct the taking of a vote by the various quarterly boards and congregations throughout the Dominion.

IT CURES ALL CREEDS.—Here are a few names of clergymen of different creeds who are firm believers in Dr. Agnew's Catarrhal Powder to "live up to preaching" in all its claims. Bishop Sweetman, Rev. Dr. Langtry (Episcopalian); Rev. Dr. Withrow and Rev. Dr. Chambers (Methodist); and Dr. Newman, all of Toronto, Canada. Copies of their personal letters for the asking, 50 cts. Sold by A. B. SHAW'S Pharmacy.—105

WILL RECIPROCITY INCREASE FARM VALUES?

Advocates of reciprocity are making statements to the effect that the adoption of reciprocity will immediately increase the value of Canadian farm lands 25 per cent, or more. Instead of making wild guesses let us get at the facts. Since the reciprocity negotiations began the United States Government has had a report prepared by experts showing the comparative value per acre of improved farm lands in 1900 and 1910, in various border states and in the Canadian provinces adjoining them. This report states that between 1900 and 1910 the value of improved farm lands increased 67 per cent, in Maine, 37 per cent, in New Hampshire, 33 per cent, in Vermont, 181 per cent, in Nova Scotia, 120 per cent, in New Brunswick, 70 per cent, in Prince Edward Island, 80 per cent, in Quebec, 43 per cent, in Ontario, 39 per cent, in Michigan, 77 per cent, in Minnesota, 123 per cent, in Manitoba, 201 per cent, in Saskatchewan and 158 per cent, in Alberta.

The great influx of settlers in Manitoba, Saskatchewan and Alberta accounts for the rapid increase in farm values in those provinces; but what is the explanation of the extraordinary increase in farm values in the three Maritime Provinces of Canada? Why did Nova Scotia farm values increase 181 per cent, while farm values in the neighbouring state of Maine only increased 67 per cent? Undoubtedly the great increase of values in the Maritime Provinces is due to the establishment of manufacturing industries in recent years. The establishment of great iron and steel industries in Nova Scotia has revolutionized conditions throughout the three provinces. A profitable home market has been created for everything the farmers produce. These industries have been equally beneficial to the fishermen. As the steel industries are located in Nova Scotia the influence on the price of farm lands has been most marked in that province, but Prince Edward Island and New Brunswick have been greatly benefited. The development of St. John as a winter port has also helped to increase farm value in New Brunswick.

It will be noted that the increase of farm values is considerably greater in Quebec than in Maine, New Hampshire

and Vermont, and the improvement has been greater in the adjoining state of Michigan.

In the face of such facts how foolish it is to indulge in wild dreams of a sudden increase in Canadian farm values as a result of reciprocity.

The price of Barley

From October 1, 1890, to August 27, 1894, the United States customs duty on barley was 30 cents per bushel. From August 27, 1894, to July 24, 1897, the duty was thirty per cent, ad valorem; equivalent to a little over ten cents per bushel. On July 24, 1897, the specific duty of thirty cents per bushel was restored and it has been continued ever since. Of course during a period of 21 years there would naturally be considerable variations in prices, but for purposes of comparison it will be fair to take the three years previous to the reduction of the duty, the three years during which the low duty prevailed and the first three years after the duty of thirty cents per bushel was restored. According to reports of the United States Department of Agriculture the farm price of barley averaged 44.26 cents per bushel during 1892, 1893 and 1894 under a specific duty of thirty cents per bushel. In 1895, 1896 and 1897, under a duty of about ten cents per bushel the farm prices averaged 34.53, while for 1898, 1899 and 1900, under a specific duty of thirty cents per bushel, the prices averaged 40.8 cents per bushel. Thus, instead of the Canadian farmer getting an increased price for the barley he sent to the United States as a result of the reduced duty the price came down in the United States.

It is reasonable to draw the conclusion that if as a result of reciprocity large quantities of Canadian barley, wheat and oats go into the United States, it is more probable that the American prices will come down than that the Canadian prices will go up.

Note.—Anyone who would like to procure the series of articles concerning reciprocity which have appeared in this paper should send his name and address to the chief editor of The Canadian Century Magazine, Montreal, and a pamphlet containing these articles and other valuable information will be mailed free of charge.

MAY STOP EXPORT OF PULP WOOD

Important Bill Introduced by Hon. Mr. Grimmer Last Week.

Fredericton, April 5.—Perhaps the most important bill introduced by the government was that of Surveyor-General Grimmer this morning, with regard to the cutting of pulpwood on crown lands, making it necessary to manufacture it in Canada either into pulp or paper. The bill follows a resolution passed by the Liberal convention in Northumberland in November, 1908, when John P. Burchill was nominated to contest the county in the by-election. Hon. Mr. Grimmer's act will not come in force until proclaimed by the governor-in-council and applies only to new or renewed leases.

The act provides that every timber license or permit conferring authority to cut uprize or softwood trees or timber, not being pine, suitable for manufacturing pulp or paper on the ungranted lands of the crown shall contain and be subject to the condition that all such timber cut under the authority or permission of such license or such permit shall be manufactured in Canada, that is to say into merchantable pulp or paper or into sawn lumber, woodware utensils, or other articles of commerce or merchandise, as distinguished from said spruce or other timber in its raw or unmanufactured state.

The section further states that the cutting of such spruce or other soft wood trees, not being pine, suitable for pulp or paper into cordwood or other lengths is not manufacturing the same within the meaning of this regulation.

There are provisions for the enforcement of the regulation and also exempting such logs as may be required for fuel or building purposes.

Hon. Frank Cochrane, Minister of Lands, Forests and Mines for Ontario, recently announced that during the coming winter experiments in burning slash would be conducted on certain timber limits in Rainy River district.

PARISIAN SAGE Will Grow More Hair

Parisian Sage will stop falling hair in two weeks—cure dandruff in the same time and stop scalp itch at once. It makes the hair soft, silky and luxuriant.

AS A HAIR DRESSING

Parisian Sage is without peer. It contains nothing that can harm the hair—it is not sticky, oily or greasy and prevents as well as cures diseases of the scalp.

Women and children by the thousand use it daily as a dressing and no home is complete without it.

MONEY BACK IF IT FAILS

Druggist and stores everywhere guarantee Parisian Sage and will refund your money if it fails. Ask druggist T. J. Durick what he thinks of it. He sells it at 50c. per large bottle or you can secure it by mail postpaid from Giroux Manufacturing Co., Fort Erie, Ont. See that the Girl with the Auburn Hair is on each package. Sold and guaranteed by T. J. Durick.

Do you use King's Quality Flour in your home. If not, Why not? You can buy it at Stothart's.

Rev. Dr. Shearer is issuing a warning to working girls that Toronto is being made a recruiting ground for women agents of white slaves, who visit shops, and after becoming friendly with girls attempt to lure them to States.

The largest and oldest chain bridge in the world is said to be at Kingkong, in China, where it forms a perfect road half a mile in length, from the top of one mountain to the top of another.

The revenue returns for the year ending March 31, in Great Britain show an enormous total of \$1,019,252,940, or over \$20,000,000, more than David Lloyd George, chancellor of the exchequer, estimated in the past budget.

Local and Provincial

PAINT

The Verdict:—"It is the best I have ever used" is the verdict of all who have tried Martin-Senour's 100 per cent. pure paint. Sold in Newcastle by The Stothart Mercantile Co., Ltd.

THE ROADS AND STREETS

The country roads and some of our streets have been much overflowed the last few days, making walking very bad. This week, however, the water is draining off pretty well, and the roads in many places are bare.

Martin-Senour's 100 per cent Pure Ready Mixed Paint costs a little more per gallon than most paints, but it reads easier, covers more surface, dries better and wears longer than most paints. Sold by The Stothart Mercantile Co., Ltd.

We are anxious to hear from our outside correspondents. We want to make our paper the best and the newest on the North Shore. The Editor will be glad to hear from the towns round about.

FRESH LIQUOR

The freight shed at Indiantown Station on the Indiantown branch of the Intercolonial was entered about 1 o'clock on Tuesday morning and a large quantity of liquors were stolen. A large barrel with its contents was removed. The lock of the door was broken.

CLARK'S SOUP ADVANTAGES.

Clark's Chateau Brand Concentrated Soups are ready to serve at a moment's notice. For unexpected guests and other emergencies they are very handy. They contain a surprising amount of concentrated food value. Get a 10 cent from your grocer. Wm. Clark, Mfr., Montreal.

CENSUS COMMISSIONERS

Census Commissioners have been appointed for census in June next. For the North they are:—Northumberland, —P. C. Johnson, Chatham; A. M. Arsenau, Rogerville; Gloucester, —J. B. Blanchard, Shippegan Island; Restigouche, —Ebcnezer MacMillan, Black Point; and John Giroux, Charlo Station.

UNITED BAPTIST NOTES

At the Baptist church, Easter Sunday evening three candidates will be baptized—the first in the church. The Tenth District Baptist Quarterly Meeting will be held here in June. The annual meeting of the Association goes this year to Hartland, and will probably come here in July 1912.

ARE YOU HAUNTED DAY AND NIGHT?

Mind and body racked and tortured by evil forebodings, gloomy and dull, robbed of that "Divine restorer," sleep, appetite gone, nerves shattered, generally debilitated? This is none too dark a picture for great South American Nerveine to obliterate and set us in its stead the glowing tints of the sun of perfect health. Sold by A. E. SHAW'S Pharmacy.—108

Lame Shoulder is nearly always due to rheumatism of the muscles, and quickly yields to the free application of Chamberlain's Liniment. For sale by all dealers.

BORN

At Beaver Brook, N. B. March 31, 1911, to Mr. and Mrs. Victor Fournier, a daughter.

At Newcastle, April 4, to Mr. and Mrs. James McMahon, a daughter.

MR. AITKEN'S THANKS

Mayor McMurdo has received the following message.—"Before leaving I wish you to know that I cherish the memory of my reception in Newcastle much more than any other event of my Canadian visit."—W. M. Aitken.

MARRIED

At the Manse, Rexton, Kent Co., April 3, by Rev. A. D. Archibald Howard Stanley, of Parkhill, and Miss Margaret Price, eldest daughter of Mr. James H. Price, Rogersville, N. B.

ENGAGEMENT ANNOUNCED

The engagement is announced of Miss Annie S. McAuley, daughter of Mr. and Mrs. J. D. McAuley of this town to Mr. W. Borton of Summerland, B. C. The wedding will take place the latter part of this month. Miss McAuley is at present in Lawrence, Mass.

DROPSY AND HEART DISEASE.

"For ten years I suffered greatly from Heart Disease. Fluttering of the Heart and Smothering Spells made my life a torment. Dropsy set in. My physician told me to prepare for the worst. I tried Dr. Agnew's Cure for the Heart. One dose gave me great relief, one bottle cured me completely."—Mrs. James Adams, Syracuse, N. Y. Sold by A. E. SHAW'S Pharmacy.—107

G. T. P. IN N. B. OPEN JULY 1912

It is now semi-officially announced that the transcontinental will be opened from Lewis to Moncton by July, 1912. The key of the situation is in the completion of the Davis section, a very difficult piece of work, which extends for two hundred miles from the Chaudiere to the New Brunswick boundary line. The N. B. section is already practically complete.

NURSE'S GOOD WORDS.

"I am a professional nurse," writes Mrs. Eisner, Halifax, N. S. "I was a great sufferer from rheumatism—almost constant association with best physician I had every chance of a cure if it were in their power—but they failed. South America Rheumatic Cure was recommended—to-day my six years of pain seemed as a dream. Two bottles cured me. Sold by A. E. SHAW'S Pharmacy.—106

CRIPPLE FROM RHEUMATISM

NOW IN PERFECT HEALTH THANKS TO "FRUIT-A-TIVES"

VANCOUVER, B. C., Feb. 1st. 1910. "I am well acquainted with a man, known to thousands in Vancouver, Victoria and New Westminster, who for nearly a year was practically a cripple from Rheumatism. He was so troubled with the disease that he found it difficult to even turn over in bed. His heart appeared so weak that he could hardly walk up stairs. Last June, he received a sample of "Fruit-a-tives". He used them and dates his recovery from that time. To-day, there is no man in Vancouver enjoying better health. He was building a house this fall and shingled a good part of the roof in a driving rain, without suffering any bad effects." JOHN B. LACY.

Mr. E. E. Mills, (assistant postmaster at Knowlton, Que.) also writes: "I honestly believe that 'Fruit-a-tives' is the greatest Rheumatism cure in the world." Try it yourself.

50c. a box, 6 for \$2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

CLOSED ON GOOD FRIDAY

Friday being a public holiday the stores of the town will be closed.

DIED

At Moncton, April 1st, Clark Wallace, youngest child of the late William and Jean Bovard, aged 6 years and 5 months.

In cases of rheumatism relief from pain makes sleep and rest possible. This may be obtained by applying Chamberlain's Liniment. For sale by all dealers.

KNIGHTS OF COLUMBUS

The provincial convention of the K. of C. will be held in Chatham, May 7 to 9. Elaborate preparations are being made.

"Our baby cries for Chamberlain's Cough Remedy," writes Mrs. T. B. Kendrick, Rasaca, Ga. "It is the best cough remedy on the market for coughs, colds and croup." For sale by all dealers.

CARD OF THANKS

Mr. and Mrs. Guy S. Campbell wish to thank their many friends for their kindness shown them in their recent sad bereavement.

"THEY SELL WELL" says Druggist O'Dell of Truro, N. S. Want any better evidence of the real merit of Dr. Von Stau's Pineapple Tablets as a cure for all forms of stomach trouble than that they're in such great demand? Not a nauseous dose that makes one's very insides rebel—but pleasant, quick and harmless—a tiny tablet to carry in your pocket. 35 cents. Sold by A. E. SHAW'S Pharmacy.—104

METHODIST CHURCH

The Easter Services will be conducted by the pastor Rev. W. J. Dean, who will deal with The Fact of the Resurrection in the morning and The Fact of Conversion in the evening. Special Music will be rendered by the choir. Strangers are cordially welcomed to the services. The Sacrament of the Lords Supper will be administered at the close of the evening service.

WHEN BABY HAD SCALD HEAD—WHEN MOTHER HAD SALT RHEUM—WHEN FATHER HAD PILES.—Dr. Agnew's Ointment gave the quickest relief and surest cure. These are gems of truth picked from testimony which is given every day to this greatest of healers. It has never been matched in curative qualities in Eczema, Tetter, Piles, etc. 35 cents. Sold by A. E. SHAW'S Pharmacy.—103

AN ANTI-TREATING LAW

Tacoma has initiated a new limitation upon the liquor habit. The people by population vote have ratified a by-law which prohibits treating. The by-law requires every saloon in the city to be run on the anti-treating plan, conspicuous signs being posted to warn the wayfarer that such is the law. All owners or agents of bars are forbidden to serve liquor on the premises to any other person than the one buying, and the penalty for violation is fixed at a fine in any amount not exceeding \$100. So that city men will have to show good-will towards one another by treating to neckties or diamond pins.

PERSONAL

Percy Clarke of Jaquet River is re-visiting old friends here.

A young son arrived last week at the home of Mr. and Mrs. LeBreton.

Miss Edna Payne, has returned from an enjoyable visit to St. John.

D. G. Bass and Richard Atchison of Douglstown spent the 7th with W. C. Day.

Miss Helen Grey of Douglstown was the guest of Newcastle friends on Friday.

Mrs. James Falconer, who has been ill a month or more is now able to sit up every day.

Mrs. John Kethro has returned from a visit to her mother, Mrs. Love, of Marysville.

Mrs. James W. Johnston of Loggieville visited Miss Margaret McGruar last week.

Miss Lillian Williamson has returned from a pleasant visit with friends in Moncton.

W. W. Fawcett of Upper Sackville, spent Friday and Saturday with Mr. and Mrs. Falconer.

Mr. Gideon Payne, student at the St. John Business College, is home on a short vacation.

Joseph Foley who has been spending the past winter in Patten, Maine, has returned home.

Mr. John Debeau, lately of Toronto, has accepted a position with the Lounsbury Co., here.

H. M. Ferguson, J. P. of Rexton, spent Friday and Saturday with his stepson, Douglas Wood.

Misses Maud Wood and Annie Cassie of Douglstown were the guests on Friday of Dr. and Mrs. Cousins.

Mr. and Mrs. William Corbett, Jr., are receiving congratulations on the arrival of a young daughter.

Mrs. Henry Clouston who was injured in the Derby wreck, is still confined to her home from her injuries.

Mr. Jeremiah Callahan, of Renous River, who has been spending the winter in Boston, has returned home.

Mrs. Harold Russell returned from Campbellton, where she has been spending a month with her parents.

Miss Annie S. McAuley who has been spending the winter in Lawrence Mass, returned home Monday evening.

Wm. Moore of Douglstown and John Forrest of Chatham were the guests of Rev. and Mrs. W. J. Deau on the 7th.

Mrs. Signa Watters of Chatham, was in town last week, visiting her mother, Mrs. Sarah McKee, who has been very ill.

The many little friends of Gladys Scribner will be pleased to hear that she is convalescing from her recent illness.

Rev. R. H. Stavert, returned to Harcourt Saturday. While here he was the guest of Mr. and Mrs. Henry Jugram.

Mrs. A. B. Copp, who had spent several weeks with her husband in Fredericton, returned to Sackville on Friday.

Miss Jean Morrison has returned from Fredericton, where she was a student at the Fredericton Business College.

Miss Gordon, who has been the guest of her sister, Mrs. John Brander for some weeks, has returned to her home in Chatham.

A. L. Babbirk of Loggieville and H. C. Stothart of Ferry Road were the guest on Friday afternoon of Mr. and Mrs. H. H. Stuart.

Mr. and Mrs. James Aharan and Mrs. Michael Craig are each receiving congratulations upon the arrival in their homes on Friday of a little girl—stranger.

Mrs. James Pleadwell is able to be around again after being confined to her home as the result of injuries received in the recent accident at Derby Jet.

Mrs. James Tobin, who was injured in the Derby Jet collision, has returned to Newcastle from the Hotel Dieu, improved in health. She is the guest of her sister, Mrs. Michael Donovan.

Richard Staples, one of the overseers of the Marysville Cotton Mill, is visiting his sisters, Mrs. E. A. McLean and Mrs. J. G. Kethro of Newcastle and Miss Maggie Staples of Chatham.

The "Pasha" skirt is the latest. You can make one by sewing two flour sacks together down to a little below the middle and punching holes through the bottoms. Try it. We haven't time.

Sir George Reid, Australian High Commissioner in London, announces that his government has decided upon a scheme of assisted emigration, and urges British owners to continue shipbuilding, as Australian trade is going to stagger the world.

What's your height? May we suppose it to be 5 feet 8 1/2 inches, and you weigh 160 pounds? You belong to the Type B division of physique types, and a suit made to these measurements could be fitted and finished for you in an hour—and delivered, too, no matter what form and figure you may be through occupation or environment. There are seven types, five subdivisions of each type, and 14 sizes of each subdivision. Surely we can fit you. We are certain we can.

Height, 5 ft. 8 1/2 in.
Weight, 160 lbs.
Bust, 41.
Waist, 37 1/2.
Leg, 32.

If you weighed 200 pounds and belonged to Type F, you would measure 43 inches chest and 43 inches waist.
If you were the same height and only weighed 135 pounds, a 30 or 32 breast coat would fit you.

Every size, weight, height and shape of manhood is provided for in the Semi-ready Physique Type Tailoring, from David to Goliath, from Hamlet to Falstaff, in proportion and build.

Two sizes, 16c. and 25c. Each 25c. package contains a handsome piece of English Semi-Porcelain Tableware.

EMPEROR WILLIAM AND AGRICULTURE

Among the German emperor's multifarious activities he has not neglected to include agriculture. That, perhaps was not generally known until the recent meeting of the German Agricultural Council in Berlin, when he appeared in person and read a paper on the subject of the cultivation of waste lands. In the course of his address the Kaiser referred to his own work as a practical farmer at his estate of Ketinen, on the shore of Frische-Haff in East Prussia. At the date when he acquired it, the land, he explained, was in an utterly neglected condition, and the first undertaking was to reclaim about 400 acres of uncultivable turf, which was often under water. Adroit persuasion was needed to overcome the objections of the keeper of the privy purse and to get the sum needed to try the experiment. The bogland was successfully drained and reclaimed and now brings in a considerable yield.

The Kaiser's appearance was highly successful and his address was enlivened by frequent humorous asides and revealed real enthusiasm. Stress was laid not merely on the material gain which

- Westmoreland County—J. A. McQueen, Dorchester, and Francois Leger, Braconis.
- York County—W. S. Hooper, Fredericton.

This Was No Joke

The other day over in the town of G., Ontario, Mrs. R. came into Mr. B's store and asked for a couple of packages of Dye. He was selling the Old Style Dyes that require a Separate Dye from Wool and Cotton, and asked her if she knew what KIND of cloth her goods were made of. Mrs. R. said she wasn't sure, so he advised her to go home and make the following test:—

"First to take a small piece of the goods, and ravel out the threads each way of the Cloth, than put a match to them. Cotton would be apt to burn freely with little odor, Wool might merely singe and would be apt to give out a disagreeable odor, some thing like burning hair. Silk would burn less freely than Cotton and smell like burning Wool. Now, if it did not smell very much, she was to use a Dye for Cotton, if it did she was to use a Wool Dye, but she was to look out to see that it did not smell too much or too little.

New unfortunately, Mrs. R. had a cold in her head at the time, and couldn't smell ANYTHING, so she naturally thought that the goods were Cotton, and used the Cotton Dye. It turned out that her goods were really all Wool, and naturally her dyeing was a failure. Since then B's has but in an assortment of the Guaranteed ONE DYE for ALL KINDS of Cloth, which does away with all chance of using the WRONG Dye for the Goods one has to color.

Mrs. R. is naturally much relieved as well as B's other Lady Customers.

THE ROOFING PAINT PROBLEM

When you have bought a ready roofing, how would you like to have the dealer guarantee to keep it painted for ten years without further charge? That would seem like a good proposition, wouldn't it? You can obtain practically the same bargain by buying Amatite, the new-style no-paint roofing.

Amatite has a mineral surface consisting of stone particles embedded in a tough plastic matrix of pitch. It is a thoroughly practical proposition. It lasts as long or longer than the painted roofings when same are carefully maintained with paint, and it does this without any care or expense. Nobody should consider the purchase of roofings nowadays without finding out all about the new type of roofing. Information is very easy to obtain, because the manufacturers are naturally more than willing to tell you all about it. Simply address a postal request for a free sample of Amatite to the nearest office of the manufacturers. The Carrite-Paterson Mfg. Co., Limited, St. John, N. B., Halifax, N. S.

Customs returns at the port of Montreal show an increase of more than a quarter of a million dollars for the month which closed yesterday afternoon was \$1,825,217.81, against \$1,569,594.67, for the corresponding month of the previous year an increase of \$255,623.14.

Martin-Senour's 100 per cent Pure Ready Mixed Paint costs a little more per gallon than most paints, but it spreads easier, covers more surface, dries better and wears longer than most paints. Sold by The Stothart Mercantile Co., Ltd.

GENERAL NEWS

Over 4,000,000 cords of pulpwood were used in United States during 1909.

It takes 7,000 tons of coal to bring one of the modern liners across the Atlantic Ocean.

There seems a very hard feeling going around somewhere near Ward III, regarding the delay or refusal of the School Trustees to grant school accommodation for the children of the residents. A fellow-feeling makes us wondrous kind. Gentlemen we extend our sympathy.

This is the first time that the nation's revenue has exceeded £200,000,000. Owing to the delay in the collection of taxes through the House of Lords rejection of the first Lloyd George budget, the two years will have to be reckoned together. The surplus revenue over expenditure amounts to \$28,033,430.

The Hamilton, Ont., City Council is proposing to impose a tax of \$15 on the small stores that sell cigarettes. The idea is to lessen the consumption of what is considered tobacco in its worst form by restricting the number of places where it may be obtained.

Charles D. Sheldon, who is wanted in Montreal for the embezzlement of nearly \$2,000,000, was arrested in Pittsburg last Monday. He disappeared last October. The reward of \$10,000 offered by a Montreal newspaper, is thus won by the detective.

FREE AMATITE SAMPLE

Farmers are conservative and reluctant to experiment with novelties until they have thoroughly investigated them. Some farmers are still sticking to the old-fashioned smooth-coated roofings which require regular painting simply because they don't know very much about the new mineral-surfaced type. Probably they do not realize how easy it is to find out all about the new kind of roofing that needs no painting. All that is necessary to do is to write to the manufacturers of Amatite Roofing, asking for a free sample. It will be sent by return mail and involves no obligation whatever on the part of the inquirer.

OBITUARY

MRS. ISABELLA AITON.

The death of Isabella, nee Dunn, widow of late James Aiton, occurred suddenly Monday morning about 6.30, deceased, who had been in her usual health the day before, having passed quietly away in her sleep. She lacked but one month of 88 years, being one of the oldest residents of this town. She retained much of her strength and all her faculties unimpaired till the last. Of late years she had not been able to leave her house much and had for much of the time been confined to her room, but she was very active for one of her years, and was well known by a large circle of friends. She was a valued member and liberal supporter of the Presbyterian church. Much sympathy is felt for the bereaved relatives.

Mrs. Aiton was a native of Edinboro, Scotland, where she was born in May, 1823. About 1844 she married John Nimo and with him came out to Kings County, N. B., where the next year her husband was fatally hurt in an accident. By him she had one child, Mrs. Janet R. Steeves, who now lives in Petticoat. About two years afterward she became the wife of James Aiton, who lived till 1901, when he passed away at the age of 80 years. After living in St. John, Pollet River and other places Mr. and Mrs. Aiton finally settled in Newcastle. They had ten children, of whom only one, Hugh Daniel Aiton of Redbank survives. 13 grandchildren and 21 great-grandchildren are living. Mrs. Aiton had many sorrows. After

the sudden and tragic death of her first husband as the result of a fall from his horse, nine of the children of her second marriage died in childhood, five dying within a few days of each other of Scarlet fever in St. John, and the oldest (fifteen), being drowned while bathing in Pollet River. Mrs. Frank Perry of Newcastle is a granddaughter of the deceased by her first husband. The funeral takes place tomorrow (Wednesday afternoon) at 2.30, to St. James Cemetery.

6 YEARS OLD GIRL Cured of Kidney Trouble

Mrs. Alex. Moore, of James St., Oxford, N. S., says: "Booth's Kidney Pills cured our little daughter, Christian, age six years, of many symptoms of kidney weakness. She complained of a sore back, the kidney secretions were frequent and uncontrollable, especially at night. Her stomach was weak and her appetite poor. This caused her to have frequent headaches, and the least exertion would tire her. We had tried many remedies, but she did not improve. Finally we learned of Booth's Kidney Pills and procured a box. In a short time she was well and does not now complain about her back, the kidney secretions have become normal, and she plays around the house with no apparent fatigue. We always recommend Booth's Kidney Pills."

Booth's Kidney Pills carry a guarantee that if you derive no benefit, your money will be refunded. Booth's Kidney Pills are a specific for all diseases of the kidneys and bladder. Sold by all druggists, 50c. box, or postpaid from the R. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by T. J. Durick.

KILLED IN THE WEST

A Brother of Mrs. J. D. McAuley of Newcastle Succumbs to Injuries Received in a Washington Mill.

At the Pend Oreille Hospital in this city early Wednesday morning occurred the death of Walter A. Shackleton. Death was the result of injuries received by Mr. Shackleton on Saturday afternoon while working at the planer of the Mosser Lumber Co.

Mr. Shackleton was engaged in tightening a part of the planer with a wrench, when he slipped and his right arm was drawn into the rolls and horribly lacerated. An effort was made to save the arm, but it was found necessary to amputate it near the shoulder which was done Tuesday morning. During the day the patient had several sinking spells and he passed away early Wednesday morning. Poor health for the past three years had left Mr. Shackleton without the vitality necessary to withstand the shock of the accident and the ensuing amputation.

Walter A. Shackleton was born at New Albin, Iowa, Feb. 6, 1867, and made his home there until 18 years old, when he moved to Woodville, Wisconsin, where in 1886 he was married to Carrie Smith, who with three sons, the oldest 14 years of age, survives to mourn his loss. The family has made its home in Newport the past nine years. He had living a sister, Mrs. Munroe, of Seattle, who came to attend the funeral, and one brother in Nebraska.

He was a quiet, unassuming citizen, a good mechanic and had the respect of the people of our town, whose sincere sympathy is extended to the mourning family. Funeral services will be held Friday at 2 p. m. at the Congregational church, Rev. F. E. Whitman officiating. — Newport (Wash.) Miner, March 30, 1911.

[The late Mr. Shackleton was a brother of Mrs. John D. McAuley of Newcastle with whom the whole community will sorrow in her great loss. The other surviving members of the family are: Mrs. Chas. Munroe, St. Paul, Min.; Mrs. Leander Ferris, New Albin, Iowa; Mrs. Geo. Rickard, Cullons, N. D. and Wm. Shackleton of Hayspring, Nebraska. — Editor Advocate.]

SONS OF TEMPERANCE

[From first page]

members those who are under undischarged obligations to any other divisions.

Next meeting of District Division was voted to Chatham in July.

Adjourned.

PUBLIC MEETING

An enthusiastic public meeting was held in the evening. An efficient choir with Miss Olive Williamson as accompanist, rendered excellent music. Guyon A. Mersereau of Chatham sang as a solo "Down in the Unlicensed Saloon," delighting the audience, while very fine temperance readings were given by Miss Helen Gray and Wm. Moore and Richard Atchison of Douglastown and Miss Ella O'Donnell. Rev. R. H. Stavert presided, and the speakers were: James Falconer, H. M. Ferguson, Rev. Dr. H. T. Cousins, H. H. Stuart, D. C. Smallwood, Rev. W. J. Dean and Principal L. R. Hetherington.

JAMES FALCONER

Mr. Falconer gave the address of welcome. He said there was a lot of temperance work needed in this town. The religious revival going on should help the temperance cause.

H. M. FERGUSON, J. P.

Mr. Ferguson said that anti-liquor laws were hardest to enforce. The District Division advocated amendments to C. T. A. and license laws to render both more effective. He hoped that on the 18th Newcastle parents would do their duty at the polls and defeat the liquor interest in behalf of the young people of the town. He hoped to soon see the whole country under prohibition.

REV. DR. COUSINS

Dr. Cousins was well pleased with interest taken by young men in District Division. But in Newcastle interest seemed lacking. We should always appeal to the people and take the aggressive in temperance work. Sanitariums were as badly needed for drunkards as for consumptives. The C. T. A. was being degraded by way it is enforced—Newcastle being no exception. With saloons closed, jails and poorhouses would also largely close. He wished every success to H. H. Stuart for Alderman and Dr. Pedohn as Mayor in the coming civic contest. Without prejudice against any of the present council, we needed a good Mayor and good aldermen to ensure a clean town. Hoped next election will close the doors of Newcastle saloons as effectively as they are now closed in Chatham.

H. H. STUART

Mr. Stuart dwelt upon the misery, degradation and loss caused to the world by man's selfishness and greed. The times called for self-sacrifice. Much was being done to relieve poverty and distress and clip the claws of those who for the sake of gain tempt and ruin their fellowmen. P. E. I. and N. S. were getting effective temperance legislation. He hoped New Brunswick would soon be in line with these provinces.

REV. W. J. DEAN

Rev. Mr. Dean believed in total prohibition, but by the bottles thrown into street by his house it

locked as if he kept a grog shop. Liquor seems easily obtainable in Newcastle and largely consumed. But Temperance workers are finding their work easier. He would assist all he could in electing Temperance candidates to council, if otherwise qualified. He believed that the two candidates here tonight would be elected.

D. C. SMALLWOOD

Mr. Smallwood, on being called upon said he was a temperance worker. If elected he would do all he could to put down the liquor traffic. The Scott Act could be much better enforced here.

L. R. HETHERINGTON

Principal Hetherington, Grand Sec. of the I. O. G. T., would do all he could for Temperance in Newcastle. C. T. A. was ineffective because left to local authorities. It should be enforced by provincial officers.

REV. R. H. STAVERT

Rev. Mr. Stavert gave a ringing appeal to the people to unite and abolish the liquor evil. He urged every one to do his duty on the day of the civic election.

CIVIC AFFAIRS

(Continued from page 4)

Judging from recent reports all is not peace and harmony around the table of the Police Committee. Recent attempts to suppress the sale of intoxicating liquor have not proved very successful. At or about Christmas all was excitement. There was a general rush for the suppression of the liquor traffic, and for a time it proved very effective. But war was declared between the members of the police committee, and if we are to judge from present indications the anti-Scott Act forces prevailed. At any rate the bars were thrown open and the policeman left off his raiding to take up the more arduous employment of arresting drunks. There is something radically wrong here. The chairman certainly appears sincere in his efforts. What about his support? Between him and one of his conferees a war to the knife has waged for some time past and the Inspector is left to the exercise of his legitimate discretion. To remedy this one evil is no small task but it can and should be remedied. Public sentiment at the present time is certainly in favor of the Scott Act so long as we have it. Why, then, is the will of the people not carried out? Simply because we have the wrong men on the Police committee.

CITIZEN.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer ONE HUNDRED DOLLARS for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Take Hall's Family Pills for constipation.

200 MORE WORKMEN KILLED

Terrible Disasters in Two American Coal Mines—Victims Were Convicts or Foreigners.

Littleton, Ala., April 8.—It is feared that 150 convicts have been killed by a mysterious explosion that occurred in the Banner Coal Mines near here at 6.30 this morning. One hundred and ninety miners were sent into the underground workings this morning, and up to 10 o'clock only twenty had been brought up alive. The bodies of the dead showed that they had made a hard struggle for life, burying their face deep in the coal and wrapping their coats about their heads in an effort to ward off the poisonous gas.

Scranton, Pa., April 8.—Up to 9.43 this morning, seventy bodies had been taken from the ill-fated Pan Coast mine at Throop, where fire yesterday entombed many men.

The disaster is the worst in the history of the hard coal fields in this section, exceeding the number of dead of the terrible Twin Shaft disaster near here some years ago, when fifty men and boys lost their lives by entombment. The fire did not reach the entombed men and the condition of their bodies shows that their death was due to suffocation from smoke or asphyxiation from the gas.

The Stothart Mercantile Co., Ltd., have unloaded a car of nails and are prepared to name a close price either wholesale or retail.

CURE SICK HEAD

Sick headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Headache, Distress, etc. Pain in the Side, etc. While their most remarkable success has been shown in curing

ACHE

In the bone of so many lives that here is where we make our great boast. Our pills cure it while others do not. Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK. Small Pill, Small Dose, Small Price.

GREATLY INCREASED PATRONAGE

Has compelled us to seek greater accommodation. Our new quarters, just across Hazen Avenue from our present premises, will give us nearly double our present space, and greatly increased facilities. We are grateful for the patronage that has compelled this forward movement, and will endeavor to maintain our reputation.

S. KERR Principal.
