12 STUDENTS IN GRADUATING CLASS

The graduating exercises of Har-kins Academy will be held tonight at 7:30 in the High School Auditorium. A large attendance of relatives and friends of the graduating class is expected to be present and a delightful program has been arranged for the occasion. The graduates will be presented with their certificates, after which a reception will be held. Miss K.R. Mutch is this year's valedictorian and F.J. Butler is class prophet. The following is a list of the graduates:—Raymond Joseph Besteman; Frederick Joseph Butler; Florence Margaret Cassidy; Lillian Gertrude Crammond; Olive Edward Lindon; Waldo Howard McCormick; Margaret Adams Murray; Katherine Roberta Mutch; Anna Agnes Pofmer; Leland Davis Sprout; Gordon James Touchie; James Barry Young.

FANS WELL PLEASSED WITH GAME

The baseball game last Friday evening between Newcastle and Nelson was some game. Fans of each team were present in large numbers and they were well repaid for their attendance. Craik and McKenzie for Newcastle and Briggs and Jenkins for Nelson were the batteries. W. Watling of Chatham umpired balls and strikes while B. Green of Newcastle looked after the bases. The game went the full nine innings and it was full of pep from start to finish with a score of 4 to 1 in favor of Newcastle. Craik led Nelson scoreless in every inning except the first when they got their only run of the game. He received excellent support from his team mates having only 4 strikes outs to his credit while Briggs struck out 19 men. In the 7th inning Craik was only obliged to pitch three balls when the side was retired. Nelson was unable to bat him out, the hits being all infield ones which were well fielded. Newcastle secured 2 scores in the 1st; Dutcher and Ward; 1 score in the 2nd by Keating; and one in the eighth by Ward. Two errors were chalked up against Newcastle while Nelson was charged with four.

Not Auto Bandits Finger Prints

Chief of police Hopkins advised by Warden Good

Chief of Police Hopkins was advised by Warden Good of Dorchester Penitentiary that the finger prints which he submitted of the suspect held at Edmundston on suspicion of being the auto bandit are not those of Daniel O'Brien alias Edwards the man wanted.

BASIL MALLEY IS HELD IN JAIL ON SERIOUS CHARGE

Basil Malley of Chatham is in the county jail here charged with attempted murder and George Bennitt of the same place is nursing a badly cut neck as the result of an altercation there Saturday evening. The trouble is supposed to have started at dance Friday evening when it is said that Henry Malley a brother of the prisoner made remarks about or to a mutual girl friend. It is alleged that Basil Malley armed with a French bayonet which he had brought home from overseas, set off for the home of George Bennitt where Henry was staying with the avowed intention of killing his own brother. Henry Malley was upstairs when Basil arrived at 11 o'clock and jumping out of the upstairs window made a getaway. Not to be outdone Basil is said to have attacked George Bennitt and backing him in a corner cut him with the bayonet. Mrs. Bennitt and women neighbors who were in the house at the time rushed to the assistance of Bennitt and succeeded in wrenching the weapon from Malley and hiding it under the louse. Malley then left and came to Newcastle returning again about 3 o'clock Sunday morning when it is said he endeavored to locate the bayonet and threatened to kill the entire household. Word was sent to Newcastle and Chief Hopkins, Officer Hill and Inspector Quartermain went to Chatham Head and arrested Malley and brought him to Newcastle along with Bennitt who was taken to Dr. Bell by whom his wounds were dressed; 14 stitches being required to close the cut in his neck. Later Bennitt laid an information of attempted murder against the prisoner. Malley who was always of a very quiet nature is about 32 years of age. He served overseas with the 132nd New Brunswick Battalion.

CLOSING EXERCISES

The closing exercises of St. Mary's Academy was held last evening at 8 o'clock. A delightful program was presented and a large attendance of citizens was present.

WARNING!

All persons are hereby warned against quarrying, blasting or taking away any stone from off my property situated on the river bank opposite the Ritchie Mill property. All trespassers will be severely dealt with. JAMES DONAVON, Newcastle, N.B.

OH! NANCY.

A play—not a picture—will be presented by local talent in the Opera House Thursday night at 8:15 o'clock. An interesting and pleasant evening is in store for the large audience which is expected to attend. Don't fail to be present. If you do you will regret it.

REGULAR MEETING TOWN COUNCIL

The regular monthly meeting of the Town Council was held in the Town Office on Thursday June 19th 1924 at 8 o'clock p.m.

Present—Mayor Creaghan; Ald. Atkinson; Crocker; MacKay; Morris; Ritchie and Russell.

An invitation to attend the Convention of the Canadian Good Roads Association in St. Andrew's June 24th 27th was received and ordered filed.

A letter from the Chairman of the Committee on Old Age Pensions was read and the Mayor was authorized to furnish the information desired.

The following acts, were passed and ordered paid.

LIGHT & WATER COM.
H.A. Russell \$7.45
Wm. M. Sullivan Ltd. 7.50
Can. Gen Electric Co. Ltd. 155.62

PUBLIC WORKS COM.
Maritime Produce Co. \$34.15
H.A. Russell 18.20
Gleaner Limited 1.30

PARK & FIRE COM.
H.A. Russell \$2.75
Joseph Napke 3.50

The Chairman of the Bye Law Com. reported that he would probably submit the Market Bye Law at next meeting. A discussion of street work took place and it was moved by Ald. MacKay seconded by Ald. Dickson that the first permanent work on our streets be done in the business section; that is on Castle St. and around the Square. This motion was carried 10st. It was moved by Ald. MacKay; seconded by Ald. Russell and carried that the streets in the business section of the town be cleaned; gravelled and oiled out of the appropriation for permanent work.

The damage to the Morrissy Bridge by passing vessels was discussed and it was moved by Ald. Ritchie; seconded by Ald. Morris and carried that the Mayor appoint a committee to prepare a memorial to be presented to the Dept. of Marine & Fisheries and to our Local and Federal members urging the adoption of regulations for the protection of the bridge. On motion the Council adjourned.

FUNERAL OF THE LATE PATRICK HENNESSY

The funeral of the late Patrick Hennessy was held Wednesday morning to St. Mary's Cemetery, Newcastle. Rev. Father Dixon assisted by Rev. Father Elhattan as deacon; Father Brideau sub-deacon and Father Wallace; Nelson as Master of Ceremonies sang requiem mass. Revs. Msgrs. O'Keefe and Varilly of the cathedral and Father Hill of St. Thomas College were present in the sanctuary. The funeral was under the auspices of the K. of C. A large number of the brethren were in attendance including many from Chatham. The town of Newcastle was represented by Mayor Creaghan and the aldermen. Town Clerk McIntyre and several of the Aldermen represented Chatham. P.P. MacLachlan represented the Almshouse Commission. The pallbearers were Merss. Paul Kingston; Richard O'Brien; James Walsh; Geo. McWilliam James Sullivan and Wm. Durick. The floral offerings and spiritual bouquets were very numerous.

Quality Plus

When you buy King Cole Tea you expect quality. But you also look for something more—for a certain taste that is pleasant to you, and that will be repeated in every cup you make. The quality is produced in Nature's Garden; but the taste is the outcome of expert blending which gives King Cole its characteristic rich flavor—the flavor you like. Is it not worth much to have your cup of tea always—as you like it?

"You'll Like the Flavor."

KING COLE TEA

Here and There

Comparative figures on the hydro power installed in the United States and Canada show that the latter is far in the lead in respect of horsepower installed per 1,000 of population. The United States has 16,455,000 h.p. of installed water power against Canada's water power installations of 3,227,414 h.p. The horsepower per 1,000 of population in the United States is 95, but in Canada it is 350.

A steady increase in the volume of wheat exports from Canada is noted in the monthly statement issued by the Bureau of Statistics. In April, 1924, 6,085,465 bushels in all were exported, as against 5,143,304 in April, 1923. Included in these figures are 32,805 bushels sent to the United States, 2,972,469 to the United Kingdom, and 3,080,191 to other countries.

Approximately 90 per cent of Manitoba's wheat acreage has been seeded, despite the general lateness of work on the land occasioned by unfavorable spring weather. Practically every district correspondent reports a reduction in the wheat acreage, with corresponding indications that barley and flax acreage, in particular, will be increased.

Alberta provided the bulk of the wool sold by the Canadian Co-operative Wool Growers' Association last year, 1,062,613 pounds, of the total of 2,843,365 pounds of the 1923 clip, coming from this province, according to a statement made by the general manager of the Association. Ontario growers took second place, with 636,076 pounds, followed by Manitoba-Saskatchewan, 459,538 pounds. Sundry shipments totalled 345,599 pounds.

The value of the building permits issued in 34 Canadian cities showed a large increase during April, as compared with March, 1924. Representative cities authorized buildings to the value of \$13,452,359, as compared with \$9,162,763 in the previous month. Nova Scotia, Quebec, Ontario, Manitoba and New Brunswick registered increases in the value of building permits issued.

Except in sheep, Canadian livestock and livestock products show an increase in shipments to the United States all along the line in the January-February period of this year, compared with the corresponding months of last year. Cattle shipments in the period were 11,190, compared with 10,310; beef 923,400 lbs., compared with 446,800 lbs.; bacon 81,700 lbs., compared with 30,100 lbs.; pork, 165,300 lbs., compared with 100,800 lbs. and mutton 2,408 lbs., compared with 700 lbs.

The first annual pow-wow of the Trail Riders of the Canadian Rockies, which will be held July 17-18 at Yoho, will take place in a big sun-dance lodge erected by Stony Indians. The order aims to encourage travel through the Canadian Rockies, outdoor life, nature study, and forest conservation, and to honor early explorers. Many noted authors and artists have joined and E. W. Beatty, President of the Canadian Empire Club, has donated \$1,000 towards expenses.

The Canadian Pacific S.S. "Empress of Canada" arrived at Vancouver, B.C., on May 24th, following a world cruise of five months and nearly 30,000 miles. The passengers witnessed a remarkable eruption at Hilo, in the Hawaiian Islands, on May 17th. After a public welcome at Vancouver, they left for the East, stopping en route at Banff Springs Hotel for a dinner-dance. E. W. Beatty, President of the Canadian Empire Club, who met the ship, said that she had done important missionary work in carrying the Canadian Ensign over the Seven Seas.

Arrangements are well under way for entertaining the members and friends of the Canadian Teachers' Federation during their trans-Canadian tour, which will take place August 4th-12th over the main lines of the Canadian Pacific Railway, in a train specially provided for their accommodation. Fort William, Port Arthur, Winnipeg, Regina, Moose Jaw, Calgary, Edmonton, Banff, Lake Louise, Vancouver and Victoria are all planning festivities. The Canadian Pacific is preparing to give the teachers a royal time at their beautiful Rocky Mountain resorts and the people of Victoria, where the subsequent convention will be held, will also help to make their stay in that city a memorable one.

INDUSTRIAL SITUATION OF THE MARITIME PROVINCES

Business Conditions Viewed from a New Angle—Thirty Years Ago and Today—The Years Between—Maritime Industries Gradually Absorbed by Upper Canadian Interests—Our Payroll Loss—Must Buy Maritime Made Goods to Keep Population.

(By W. F. B. Paterson)

Some time ago there appeared in one of the St. John papers an account of a certain N. S. town which years ago was the home of several thousands of citizens, but today grass is growing in its streets, and broken-down, deserted homes and abandoned factory buildings are all that is left marking the spot where at one time prosperity was in abundance.

The fate of this N. S. town represents the logical ending of a community that makes no provision for the future, and fails to meet changing conditions as they arise; fails to stop leaks that can be stopped and makes no effort to save itself.

Methods change as we progress but basic principles do not change. Our forefathers failed in their enterprises for the same reasons that we fail in ours. They were successful for the same reasons that we are successful. I would not go so far, as to say that there is nothing new under the sun, but I do believe that we can learn a lot by studying successes and failures and applying past experiences to present day conditions.

It is not my attention to make the claim that the Maritime Provinces are heading for the same fate as the N. S. town referred to, but what can be learned from a decaying town can be applied to any province or group of provinces, and the same remedies may be applied, just as the reasons for lack of progress may be the same.

Let us go back, for the purpose of illustration, for a period of thirty years and, metaphorically, locate ourselves in some township of say five thousand citizens. We find that the farmers are bringing in all the vegetables, eggs butter, beef, etc. consumed by the people. In the town there are several small industries supplying the needs of its citizens and the needs of the rural districts all around as far as the territory covered by the next township's industries.

The earnings of the people are spent with the local stores and the local manufacturers. The natural increase of the population gradually creates a bigger market, and the business organizations gradually increase their payrolls. New homes are built and new streets laid, all calling for labor and representing payrolls. The farmers, in turn find an increased market for their products, and it becomes necessary for them to produce more foodstuffs, keeping their families employed and offering opportunities for the younger men of the country districts to commence farming on their own account.

This picture represents the natural growth and prosperity of a community depending upon its own resources and supplying the demands of its own people, and can appropriately be likened to the Maritime Provinces of thirty years ago.

Now let us commence the destruction of our prosperous little town and during this process of pulling down I would ask my readers to decide, for themselves as to whether anything of this description has taken place in the Maritime Provinces.

In the town of our story we have a chair factory supplying the needs of our people and employing fifty hands who are spending their wages in groceries, clothing, household supplies and house rents, all within the town.

The owner of the factory is paying a large portion toward the upkeep and extension of the town and his employees, also are paying in proportion.

From a thousand or fifteen hundred miles away a visitor comes to town. He looks over the prospering chair factory and, in his mind, sees the prospects for a greatly increased demand for his own products, if this little factory were not in existence.

There are two courses open for our visitor to adopt. He can flood this town with his chairs and put the local man out of business, or he can buy him out. For the sake of argument we will say that he buys him out.

Now what takes place? The first stone has commenced to crumble. The long distance manufacturer naturally can operate more economically by manufacturing in his one large plant, so the little factory of our prosperous town is closed up and fifty producers are left without any payroll and become a liability to the community instead of continuing to be assets.

There comes a time when forty of this fifty workers decide to pull up their stakes and go to the chair factory of fifteen hundred away. Our prosperous town now loses forty citizens—forty taxpayers; the grocer loses forty customers; the dry goods store, the shoe store and all stores lose forty customers, and the farmer also loses forty consumers of farm products.

Let such a case as this repeat itself three or four times, and all business organizations located in our once prosperous town begin to feel hardships. The less sturdy ones are compelled to close up. The sturdy ones reduce pay-rolls. All this means that a few more citizens have to go elsewhere for the means to live.

If our town has no natural resources, such as fish and lumber with which to prolong its period of decay, it end would not be far distant, but for argument's sake, let us suppose that our dying town has considerable resources in lumber and fish, with which it is supplying other communities.

Then so long as the fish and lumber last, the town will never die, but gradually sift down to such a state that these two sources will be the only means of carrying the population, and the amount of population will be entirely governed by the development of these two resources. To emphasize this, I would ask my readers to look at Newfoundland where little outside of lumber and fish is developed, and all the needs of the people imported. Their population stands still. Even declines.

Pause for a moment, dear reader. Think of the once prosperous town of our story; Newfoundland with its standing population and then the Maritime Provinces. A prosperous country is not made by the centralization of its industries, which tend only to build up one section, but by a fairly even distribution, scattering the payrolls from one end to the other. Localized buying, however, on the part of the people of various sections of the country, has the tendency to keep money where it is being earned, and to provide payrolls for the future.

For instance we would not want a chair factory in every small locality. There must be a certain volume of production in order to produce economically, but sufficient chair factories distributed throughout the Maritime Provinces to supply the need of the Maritimes, would build up this section of Maritime industry to the benefit of local people, and help us keep up our part of Car-

SUCCESS in baking is assured when you use

MAGIC BAKING POWDER

It contains no alum and leaves no bitter taste

ada.

On the other hand if we buy our chairs out of the Maritimes industry as a whole does not suffer nor does our country suffer as a country, but the Maritimes themselves suffer, and it eventually becomes necessary for some of us to follow the money set out for chairs.

A "Build up Canada," is a splendid slogan, but takes in too much territory for the individual. No structure is erected in one piece but by many bricks laid by many workers. Our brick is the Maritime Provinces and we are the workers. Let us make our brick in the building up of Canada as good and as strong as any other brick, by attempting to get back to the stage of prosperity ill-treated by the town in our story.

It can be done by a united drive on goods of local production. Goods made within the Maritime Provinces by our workers, who are spending their earnings with the merchants of their communities. Let us create work, remembering that the lack of work means stagnation and a declining population. Demanding goods of Maritime manufacture will create work for Maritime people.

Editorial

TEAM-TALKING

How many people of your acquaintance know how to converse? Most people talk well, when only one other person is present. But how many can converse intelligently or attractively in a group of four or five?

and granting the ability—how often are they given the chance?

Group conversation is—in this country, almost a lost art. In most small gatherings people have to "pair off" in order to say or hear anything worth while. When the whole group is involved; as a rule one person at a time holds forth, and the others sit passive and silent; or else one holds forth while another acts as interlocutor and they stage a duet; or else—worst of all—there is general (and pitiful) "small talk about hydro, oil and automobiles, with no semblance of a real idea under the discussion.

Whose fault is it that we don't have more talk such as they have at dinner tables in France, where it is considered discourteous for anyone to monologue or for two persons to talk between themselves to the exclusion of others?

It is generally the fault of the passive ones—the lazy ones—the contented ones—the ones who will not meet remark with reply or idea with counter-idea—the ones who won't "play ball."

You can't play a ball game if, when one player throws the ball, another player stupidly neglects to throw it back.

If you are supremely bored by the fellow who holds the floor, telling personal anecdotes; or by the idle rattling of meaningless speech; or by the crank who will only prate upon one subject—ask yourself if it isn't your own fault.

Tourist Trade Starts with A Rush

Eastern Steamship Lines Put On Additional Boats

To accommodate the enormous tide of travel expected from the United States this summer the Eastern Steamship Lines will start two additional weekly sailings on July 2nd. The S.S. "Prince Arthur" will be placed in commission on the Boston—St. John route sailing from Boston Wednesdays and Sunday at 12 o'clock noon (daylight saving time) due in St. John about eight o'clock next morning. Returnings will leave St. John Fridays and Mondays at 7 p.m. These sailings will be direct from Boston to St. John and return; not stopping at Miramichi or Lunenburg, which additional service will be much appreciated by the throngs of tourists who wish to go to the Maritime Provinces during the summer season.

Nervous Depression

Why People are Low Spirited and Depressed.

Nearly all women and most men suffer at times from fits of depression and low spirits. Everything seems a burden; then come periods of nervous irritability; headaches and weariness. People who suffer this way lack vitality because their blood is poor and nerves are stayed in consequence.

The only way the nerves can be reached is through the blood. By enriching the blood with Dr. Williams' Pink Pills the starved nerves are supplied with just the elements they need. This is proved by the experience of Mrs. J.E. Dudson; 12th Ave.; east Vancouver; B.C. who says: "About three years ago I became very weak and nervous. I had pains in my side and back and also suffered from frequent pains in the back of my head and neck. I was barely able to do anything about the house. I would wake with a start in the night and my heart would flutter so that it almost choked me. I tried much doctor's medicine but it did me no permanent good. One day I read about Dr. Williams' Pink Pills and decided to give them a trial. These pills produced such a beneficial change in a short time that I kept taking them until I had used a dozen boxes. By this time there was such an improvement in my condition that friends would ask me what I was taking and of course I was only too pleased to tell them it was Dr. Williams' Pink Pills. I am now doing my own housework. My would not now be without Dr. Williams' Pink Pills in the house. If your dealer does not keep these pills you can get them by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PROGRESSIVES ARE BREAKING RANKS

The rift which has developed in the Lute of the Progressives owing to the threatened defection of veteran members of the party causes sounds of discord to emanate from the fifth floor where that party is mainly domiciled. Seven members who are said to be kicking over the traces are:—E.J. Garland, Bow River; Robert Gardiner; Medicine Hat; H.E. Scherer; Battle Creek; E.M. Kennedy of West Edmonton; J.T. Shaw of West Calgary and Miss Agnes McPhail, Southeast Gray. The general form of complaint seems to be that there is not enough ginger in the party and it is proposed to form a "ginger group" under new leadership; probably under Mr. Shaw who has not been communing with the Progressives so much as he has been with the new group privately.

Reports Big Salmon Plentiful on Sevoile

Messrs. F.W. Winter and Harold G. Cole who returned from a fishing trip to the Big Sevoile Wednesday report great fishing. Mr. Winter stated there was excellent salmon in the river and the largest that has been known to be in the Sevoile in years. He said that eight and nine pound salmon were considered to be great catches in the past two or three years but this trip Mr. Cole and him self got some weighing 16 and 17 pounds.

Mr. Winter said that in the beginning of the week a party of Americans who own a camp further up the river caught 98 large salmon with 12 rods and had them packed and shipped to the States.

MURINE NIGHT & MORNING KEEP YOUR EYES CLEAN CLEAR AND HEALTHY

Verdict For Plaintiff In North Shore Damage Suit

The land suit of the heirs of the late Martin Walsh vs. James Walsh which has been going on for 3 weeks was concluded here Friday evening when the jury returned a verdict of \$600 in favor of the plaintiffs which were submitted by Mr. Justice LeBlanc.

The suit was one for damages in involving the boundary line of property located on the north side of the Northwest Miramichi on which it was claimed the defendant had trespassed in cutting 48,000 logs. The case hinged upon the location of the garden base line. A similar dispute was tried in 1908 before Mr. Justice Barry when the locus of the line disputed was below the present one.

A.F. Hanson of Fredericton who had retraced the garden line was the principal witness for the plaintiffs while technical knowledge for the defendant was given by E.R. Rutledge of Doaktown and G.G. Murdoch of St. John. The case occupied 3 weeks before Mr. Justice LeBlanc of jury: J.P. Byrne K.C. of Bathurst and P.J. Hughes K.C. of Fredericton representing the plaintiffs and A.A. Davidson K.C. of Newcastle and H.A. Powell K.C. of St. John for the defendant.

The defendant will carry the case to the Appellate Division of the Supreme Court.

Three Smallpox Cases At Campbellton

Three more cases of smallpox are reported by Dr. Desmond chairman of the sub-district Board of Health. They are in Campbellton and have been traced to one elderly lady who came to that town from the Tobique Road. She transmitted the disease to a young girl and she in turn gave it to the other two who reside in widely separated parts of the town. The disease has been isolated and all cases are being treated by the officers of the Board. The seven other cases which were reported at Murray Corner near Bayfield are all progressing toward recovery and Dr. Desmond said that they would probably be released from quarantine in a few days.

"MAGIC GAS" Motorists should read Mr. John W. McKay's advt. elsewhere in this issue to see how they can save on their gasoline bill.

PERSONALS

Mr. Campbell Clark has returned from a pleasant visit to his home in England.

Mr and Mrs. S. K. Codner spent Friday in Moncton.

Mr G. F. McWilliam was a visitor to St. John last week.

Miss Fannie Furze of Moncton was a visitor to friends in Newcastle last week.

Miss Lou Beers of Boston, is the guest of Mrs. Herbert Forest.

Mrs. J. S. Dunbar of New Glasgow is visiting Mr and Mrs. W. F. Smallwood.

Mr and Mrs. Wm. Sinclair left this morning on a motor trip to St. John and Fredericton.

Rev. A. W. Brown and son Arthur leave today for a two months visit to England.

Rev. L. H. MacLean left today for New Carlisle, P. Q. to attend the Meetings of the Miramichi Presbytery.

Mrs. A. O. Bailey and Miss Marion Bailey of Sunny Brae are visiting friends in Newcastle, Nelson, and Millerton.

Hudson Sproul, of the Boston School of Osteopathy is spending his vacation at his home here.

Mr. Meirle Smith of the Northern Machine Works Bathurst, motored to Newcastle on Friday.

Mr and Mrs. William McLellan and family of Fredericton, spent the week end, the guests of Mr and Mrs. John Russell.

Mr. P. A. Forsythe of Whitney left yesterday for New Carlisle, P. Q. where he will spend this week.

Messrs James Lutes and Henry Deltor of Moncton spent the week-end with friends in town.

Miss Jaric Matheson nurse-in-training of the Boston Commonwealth Hospital is spending her vacation with her parents, Mr and Mrs. Blackstock Matheson.

Alderman John Russell, C. airman of the Public Works Committee, left today for St. Andrews-by-the-Sea, to attend the Good Roads Association Convention which meets there this week. Mr. Russell was accompanied by A. R. Russell.

Wild Horses in Picture

Breaking in one hundred wild horses without a moment's notice was the unexpected task which confronted "The Light That Failed" company which George Melford took to Guatemala in Northern California to make dramatic desert scenes for his latest production of Kipling's story which comes to the Empress Theatre on Wednesday. Desert warriors were to ride these horses attacking the isolated island outpost of British soldiery. When it was time to saddle the horses it was found that practically all of them were unbroken. British cavalry men who were present for the battle scenes were assigned to ride the wild horses. The featured players in "The Light That Failed" are Jacqueline Logan; Percy Marmont; Sigrid Holmquist and David Torrence.

Ten Tests Of a Town

A very well thought out list of those attributes of a town which make it attractive has been made by L.A. Flint, chairman of the Department of Journalism in Kansas University and it appears in "Kansas Municipalities."

The ten questions which are generally asked for are given as follows:

- 1-Attractiveness-Is it pretty and well kept?
2-Healthfulness-Is it well managed?
3-Education-What are the facilities?
4-People-Are the residents good citizens?
5-Recreation-What is provided?
6-Living-Is this expensive?
7-Accessibility-Is it easily reached from other towns?
8-Business-Are there good opportunities for investment?
9-Employment-Are there prospects for employment?
10-Progressiveness-Is it going ahead?

It concludes: "You cannot control the climate, natural scenery nor his oric associations of your town but if in other respects it does not measure up to the standard that will be applied to it by intelligent town buyers; get busy and help "make it measure up." The first big job of a town salesman is to see to it that his community is right."

WEDDINGS

JARDINE-GERRISH

A wedding of much interest was solemnized at the Presbyterian Manse Newcastle on Wednesday June 4th when Rev. L.H. MacLean pastor of St. James' Church united in marriage Miss Annie Hazel Gerrish of Quarryville and Earl Freeman Jardine of Underhill, son of Mr. and Mrs. Frank Jardine. The bride was unattended and wore a dress of blue satin and hat to match. Mr. and Mrs. Jardine will reside at Underhill.

THORNTON SEES FIGHTING CHANCE FOR THE C.G.M.M.

Ottawa, June 18-Yesterday and today Sir Henry Thornton has appeared before the latest of countless special committees which are so numerous this year that there are hardly enough corners of the spacious Parliament building to accommodate them. They have to double up in adjoining rooms. Today while the special committee on Canadian National estimates and expenditures was conducting a n inquiry of Sir Henry Thornton, the excited voices of members for Quebec fighting for and against one of the Canadian branch lines before the Senate committee, floated in and almost drowned out the voice of the man most interested in those lines. The special committee today endeavored to elicit from Sir Henry his frank opinion as to the possibilities of success for the Canadian Government Merchant Marine with its present equipment. He hesitated for some time before committing himself but finally expressed himself thus: "I would say tentatively that considering the Merchant Marine as a whole, we must go either forward or back. If we feel that the service is of value to the people and to the railway and I think it is; we must not these ships in such state as to get the maximum of efficiency out of them. It is going to be very hard to take the present fleet as it stands and do much with it, but there is a fighting chance. To the question 'Shall we abandon the Canadian Government Merchant Marine?' I would say 'no' very decidedly. Sir Henry's positive suggestions for improvements consisted in the proposal that four new ships should be put on the West Indies service for which services the present ships were unfitted. The West Indies boats would cost \$4,000,000 and of this he said he could finance \$2,500,000 of debentures and bonds on the ship so there would be only \$1,500,000 to be raised. For the Pacific Coast ships he said, they had the money available from several millions of the percent fleet which had been sold. He was especially enthusiastic about the possibilities of the West Indies Trade and believed that in 15 years it would pay for the ships besides carrying on the cost of the service in the meantime. H. J. Hogan M.P. for Cumberland N.S. who has made the subject of the West Indies trade peculiarly his own, appeared before the committee and pointed out that the betterment in that service in the last two years consisted of \$135,000 in the passenger service and \$72,000 in the freight service. He pointed out that Canada was now carrying out the conditions of the West India treaty in regard to the character of the service carried on and Sir Henry agreed that this was so.

Asking for Tenders

The Government is asking for tenders for the Gordon School House Cement Arch-Culvert and Roadway Embankment, Parish of Newcastle; Plans and specifications may be seen at the offices of Chas. J. Morrissey M.L.A., Newcastle and J.S. Martin, M.L.A.; Chatham. Tenders will be opened at 5 o'clock p.m. on Wednesday, July 2nd.

U. S. A. Population Has Big Increase

The population of the United States increased \$1,943,000 during 1923 according to estimates announced by the National Bureau of Economic Research. On Jan. 1, 1924 the total population was \$112,826,000 the bureau's figures show.

In the latter half of 1923 a net increase of \$1,162,000 was recorded. This was the greatest growth for a 6 month's period in the nation's history, the bureau report states. The greatest increase is attributed to the heavy excess of immigration over emigration and the lowest death rate which ever prevailed during a similar period in this country.

Do not suffer day with itching, burning or stinging PILES. No surgical operation required.

Dr. Chase's Ointment will relieve itching, burning, stinging, hemorrhoids, hemorrhoids, hemorrhoids, hemorrhoids, hemorrhoids.

OBITUARY

ADKIN GREMLEY

Many friends in Newcastle and vicinity will regret to hear of the death of Adkin Gremley which occurred at 10:30 o'clock in Amherst on Sunday. Deceased was a son of the late Mr. and Mrs. Wm. Gremley of this town and had been ill for the past two years with anæmia and was in his 50th year. The late Mr. Gremley was one of Newcastle's most popular young men before removing to Amherst 16 years ago; where he has been employed by the Rhodes Curry Co. Ltd. of that city during the entire term of his residence there. Deceased was a member of Ivy Lodge I.O.O.F. Amherst and on Monday morning the funeral was held from his late residence 16 Queen Street to the C.N.R. Depot under the auspices of Ivy Lodge I.O.O.F. The funeral was one of the largest held in Amherst for years; the plant of the Rhodes, Curry Co. Ltd. being closed to permit the employees to attend. Deceased is survived by four brothers-Milton; George; Percy and Richard and one sister Mrs. Wm. Ferguson, all of Newcastle. The remains arrived in Newcastle on Monday's Ocean Limited and the funeral was held this afternoon from the home of his sister Mrs. Wm. Ferguson at 3 o'clock. Services were held at the home and grave by Rev. L.H. MacLean and the hymns sung were "Nearer My God to Thee" and "Hold Thou My Hand". The floral tributes were many and beautiful showing the high esteem in which deceased was held. The pallbearers were W.E. Russell; Chas. Cassidy; Wm. Stables; H.A. Taylor; Horace Kethro and W.J. Sutherland. Interment in the Miramichi Cemetery. A.J. Bell & Co. Funeral Directors.

DORA MARONEY

The death of Dora Maroney only daughter of Mr. and Mrs. Chas. Maroney of this town occurred yesterday afternoon at 3:30 o'clock. Deceased young child was 6 years of age and was a general favorite of all who knew her. The little girl became ill on June 11th and although everything possible was done to restore her health she unexpectedly passed away on Monday afternoon. She leaves to mourn her loss her parents, and five brothers: Mike, Joseph, Anthony, Emile and Francis all at home. The funeral will be held Wednesday morning at 10 o'clock to St. Mary's Church. The bereaved family have the sympathy of the community in their great loss.

MRS. GEORGE DESBRISAY

Many friends in Newcastle will regret to learn of the death of Mrs. George Desbrisay who passed away in Winnipeg Thursday morning the 12th inst. Deceased was formerly Miss Jessie Corbett daughter of Mr. and Mrs. Wm. Corbett Sr. of Newcastle and was a general favorite with all classes during her residence in her home town. Besides her parents she is survived by husband; two sons Max and Ralph; two brothers William of Newcastle and Aleck of Waverly; Mass.; and four sisters Mrs. Margaret Ferguson of New York; Mrs. H.B. Anslow Camp Bolton; Mrs. Chas. Freeman of Moosejaw (who was with her sister during her last illness) and Annie Corbett nurse in training in the City Hospital; Waltham; Mass. Sympathy of the community is extended to the aged parents and family in their sad bereavement. Interment was in Winnipeg.

CHATHAM BOARD

REPRIMANDS PILOT

A meeting of the Miramichi Pilotage Commission was held in the pilot's office Chatham, Wednesday afternoon to investigate the striking of the Morrisay bridge by the steamer Lorenz W. Hansen on Monday. Commissioners present were: W.B. Snowball president; David Ritchie, R.A.N. Jarvis and J. Leonard O'Brien. Evidence was given by Pilot Joseph Jimmo who was in charge of the vessel, Lawrence Coughlan caretaker of the bridge and B.G. Appleby. After reviewing the evidence it was found that Pilot Jimmo had taken the vessel through the bridge with the tide, which on Monday ran longer than usual due to Sunday's heavy rain and wind and had acted contrary to instructions issued by the Pilotage Commissioners. He was ordered to be severely reprimanded and any further violation of the regulation of taking a vessel through the bridge, other than against the tide or at no tide, on his part or by any of the other pilots will meet with their suspension. It was also decided to request the co-operation of the federal and local Governments in the formulation of regulations covering the opening and closing of draw for steamers as well as the nationalization of the port of Miramichi. Another charge against Pilot Savoy for taking a vessel through draw with the tide was investigated but there was not sufficient evidence submitted to warrant any action or prove any wrong done on Savoy's part and he was exonerated. Others present at the meeting were: Pilot Master Robert Wall; Messrs. Wm. Sullivan; G. Percy Burchill; and E. Hubert Sinclair.

NEW EXPEDITION TO BRAVE ARCTIC THIS SUMMER

A new expedition will brave the Arctic this summer to Wrangel Island, north of Siberia and will leave a memorial at the grave of Lorne E. Knight.

who perished on a previous expedition. His sole companion, Ada Backjack, was brought back to civilization last year by Harold Noice whose dramatic account attracted widespread attention when published in the Herald.

The new expedition announced today is the project of Karl Lomen of Nome, Alaska; head of the great resource industry of Alaska. Vilhjalmer Stefansson, the explorer who

has been active for several years in trying to hold Wrangel as British territory has disposed of his interests on Wrangel Island to Lomen.

On the island, a party comprising Charles Wells and 13 Eskimos was left by the relief expedition of last year. This year's venture will determine whether the Wells party, which was fully equipped, has survived or whether it has met the fate of Knight and his companions on the bleak isle around which many others perished in the past.

One reason for the present leader's trip of Lomen is the necessity of sending an expedition this year and Stefansson's inability because of a trip to Australia. The prospect of securing Stefansson's share in the Wells party fur catch was one in document which determined Lomen to come for the time being, King of Wrangel Island.

The raising of the United States flag on Wrangel Island may raise political issues. Jurisdiction over the island has been sought by citizens and subjects of more than one country. Lomen former Mayor and federal official was one of the first to reach Nome in the gold rush of 1900. The Lomen family has been active in the development of Alaska.

ONTARIO MOTHER HELPS DAUGHTER

Mothers—watch your daughter's health. From the time she reaches the age of twelve until womanhood is established she needs your care and advice. Many women have suffered years of ill-health through lack of such care during this time.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for girls and women. For nearly fifty years it has been helping mothers and daughters. Let it help you and your daughter.

Hamilton, Ontario.—"When my daughter was thirteen and until she was fifteen she suffered every month so that she could hardly move around the house and when she would have the pains in school she would have to be carried home. Besides the pains and the irregularity she also had headache, dizzy and faint spells, and soreness in her back. I saw your advertisement in the 'Hamilton Spectator' and got Lydia E. Pinkham's Vegetable Compound for her. She does not have the least bit of trouble now, and we both recommend your medicine. She works in a candy-shop now and seems well and strong. I give you permission to publish this letter as a testimonial."—Mrs. I. P. CLAUER, 76 Walnut St., South, Hamilton, Ontario.

TEETHING TROUBLES

Baby's teething time is a time of worry and anxiety to most mothers. The little ones become cross; peevish their little stomach becomes deranged and constipation and colic sets in. To make the teething period easy on baby the stomach and bowels must be kept sweet and regular. This can be done by the use of Baby's Own Tablets—the ideal laxative for little ones. The Tablets are a sure relief for all the minor ailments of childhood such as constipation; colic; indigestion; coughs and simple fevers. They always do good—never harm.

The Tablets are sold by medicine dealers or by mail at 25 cts box from The Dr. Williams' Medicine Co., Brockville, Ont.

BUSINESS MEN SEEK TOO MUCH PLEASURE

Sir Joseph Flavelle Tells How Golf cost and Dealer Big Order

Toronto, June 13.—Sir Joseph Flavelle evidently believes that Toronto business men refuse to allow business to interfere with golf.

In his address before the bond Dealers' Association of Canada last night, he pointed to the increase in the number of golf clubs in and around Toronto. "Do you honestly think there is good reason in multiplying the golf links in the neighborhood of Toronto since the outbreak of the war by four or five, especially when you consider the necessary investment and time required?" he demanded.

To illustrate the harmful effect of too much seeking after pleasure, Sir Joseph told a true story which he had heard from the chief participant in the incident. A prominent business man came to Toronto recently with the intention of placing a large order for some special equipment, which he required. He called on the dealer who could best supply his wants, and was invited out to lunch at one of the clubs. There his host met three friends; they talked golf from bouillon to coffee and finally made up a foursome for the afternoon. The prospective purchaser was invited to postpone his business interview until the next morning. He said he might, but the fact is that the postponement remains in effect, and the prospects of a good order quite dead.

GAS ACCESSORIES OIL

Agents Wanted To Sell "Magic Gas"

In Counties of Northumberland and Gloucester

"Magic Gas" has proven a mileage increase of 5 miles per gallon of gasoline used. \$1.00 box is sufficient to treat 100 gallons of gasoline, thereby giving 100 times 5 or 500 miles. Figure the average car mileage at 15 miles per gallon, and at this rate you will find that it would take 331-3 gallons of gasoline to go 500 miles. Therefore, are we not right, in saying that "Magic Gas" equals a gallon of gasoline at 3 cents? Certainly we are. If one box gives mileage, equal to 331-3 gallons of gasoline and costs only \$1.00, it is equal to gasoline at 3 cents a gallon. If you were not using this "Magic Gas", you would have to buy 331-3 gallons of gasoline more.

Agents receive good commission and "Magic Gas" is a good seller.

**TO PRESENT CANADA
IN HISTORIC LICH**

The committee which had in hand
the Canadian pageant that is to be
presented in July 11 the stadium at
Wembley reported that offers from
Canadians to participate in the
pageant are coming in fairly well
but considering that 15,000 perform-
ers will be necessary, such offers
could be increased without causing
the committee inconvenience.

Members of the Canadian Club
will represent the Fathers of Con-
federation in a scene in which the
signing of the Articles of Confedera-
tion will be witnessed. After the
signing of the historic document
performers representative of the
different Provinces will come for-
ward and place wreaths on the
signing of the Articles of Confedera-
tion.

A good many scenes to be produced
in the pageant are identical with
those given at the Quebec, Tercen-
tary. These include the parade of
honor across the Plains of Abraham,
followed by the depiction of the ar-
rival in Canada of the United
Empire Loyalists. For this latter
scene it is especially hoped that
descendants of the Loyalists will
come forward and take part therein.
In connection with the commit-
tee's plans to have the stadium ap-
pear as one huge wheat field in the
final scene in the pageant. "Modern
Canadian Life" an appeal has been
made to the Dominion to send sev-
eral thousand wheat sheaves.

**TEACHERS CONFER-
ENCE AT VICTORIA,
B. C.**

**Special Train From Toront-
via Canadian National Rail-
ways.**

Maritime Province teachers will do
well to note that in connection with
the 1924 Conference at Victoria; B.C.
to be held from August 12th to 16th
under the auspices of the Dominion
Educational Association special
train arrangements have been made
by the Canadian National
Railways. There will be a special
train to the Pacific Coast leaving
Toronto at 1:00 p.m. on July 26th;
and numerous optional trips may be
taken for the return journey.

The special train will be one of
the finest; of all steel equipment;
with most modern type
of compartment-observation cars. Lib-
rary-Buffet Car; Standard Sleepers
and Dining. Nothing will be lack-
ing in the way of entertainment.
There will be a radio set in the
Observation Car and a phonograph
will be placed in the diner; this car
to be used for concerts or dancing
if so desired.

From all Maritime Province
points to Toronto the regular train
service of the Canadian National
Railways is of the finest. It might
be noted that the special train will
stop at Jasper Park from Thursday
July 31st to Sunday August 3rd and
the educational party will thus have
three days in the delightful play-
ground of the Rockies. The cars
will be used for sleeping-accommoda-
tion while meals will be had at
the famous Jasper Park Lodge.
No more delightful trip could be
devised for the teachers who are
to take this tour across Canada by
Canadian National Lines. 25-2

SUMMERLIKE WEATHER

At last we are being treated with
real summerlike weather. For
the past few days it has actual-
ly been warm. Overcoats and
even spring coats were shed by
many, although by nightfall the
weather becomes quite cool again
and citizens are glad to don the
top coats again.

WORDS OF WISEMEN

Circumstances never made the
man do right, who didn't do right
in spite of them.

What cannot be repaired is not
to be regretted.

The truly generous is the wise;
And he who loves not others, lives
And he who loves not Others; lives
unblest. —Horace.

Literature is a great staff, but a
sorry crutch.

The improvement of the under-
standing is for two ends, first—our
own increase of knowledge; second-
ly—to enable us to deliver and
make out that knowledge to others.

It is no small happiness to attend
those from whom we may receive
precepts and examples of virtue.

Beauty, without kindness dies un-
enjoyed and undelighted.

Seek information from the exper-
ienced.

Labor makes us insensible to
sorrow.

It is the nature of a brave and re-
solute mind not to be disquieted in
difficult matters.

He is beneficent who acts kindly
not for his own sake but for
another.

When a man's Knowledge, is not
in order, the more he has of it the
greater will be his confusion.

Too Young At Thirty

Many of us who are over thirty will
be comforted by a little probe made
by a London writer into the age
question and merit. The investiga-
tion has shown that most all of
the prominent personalities in the
various groups scattered over
Europe are well over fifty years of
age. The writer goes on to say if
they are not visible in politics
it is because they are devoted to
the arts. If we ask for a good
novel by an English writer, it is
probable that we shall be offered
one by Wells (who is 58) Conrad
(66); Galsworthy (57) or Arnold
Bennett, 56. The three most popu-
lar British dramatists are Barrie,
who is 64; Henry Arthur Jones, 72;
and Wm. Archer 67. The best
known English poets are Hardy, 83;
and Kipling, 58.

None of Ireland's front-rank novel-
ists, dramatists; poets or painters
can claim to be youthful. Shaw
is 67; Yeats 58; Lavery 67; and
Orpen 45; James Stephens and
Padraic Colum are fast-approaching
middle age. The leading French
writers are distinctly elderly.
Anatole France is 80; Rene Bazin
and Henry Bordeaux the leaders of

the anti-socialist movement in
literature are 71 and 54 respectively
Roman Rolland is 58. The
Belgians, Maeterlink and Giraud
are 61 and 63; Vincente Blasco
Ibanez the greatest Spanish novel-
ist is 57.

There are however, two notables
exceptions Karl Capek just over 30
has gained fame by his two great
creations, "The Insect Play" and
"R. U. R." His strange philosophy
may be due to the fact that he is
steeped in the atmosphere of ancient

Prague with its alchemists and
necromancers and yet is a worshipper
of Dostoiobski. Eugene O'Neill
author of "Anna Christie" was born
in New York of Irish parentage 32
years ago. The son of an actor
he had been a seaman, a gold miner
a clerk; a packer and an actor ere
he was 24. The fact that the two
latter are well known in London
proves the cosmopolitan field
open freely to all great authors.

**A WOMAN SHOULD
HAVE A BANK BOOK**

EVERY woman has some little plan
of things she would like to buy—
if she had the money.

It should be a woman's privilege to handle
the housekeeping money. She can then plan
for the things she needs, and save for them.

If you are a wise housewife you will save
for these things. Loose cash in your purse
soon goes—it tempts you to spend. Keep
your money where it will be safe, yet avail-
able whenever you want it.

Ask for our useful memo book—it shows how
rapidly small savings grow.

Local and General News.

VANITY
While revenge may take a day or two, vanity works every day on the calendar.

BAND PRACTISING
The Newcastle Band is busy rehearsing in preparation for the summer months and no doubt the citizens will be favored with some choice band music from the band stand in the near future.

ESCAPES FROM JAIL
Irving Jardine of Blackville who was recently sentenced to serve 6 months in the county jail for assault on David Coughlan made his escape from that institution last Saturday night or Monday morning and is still at large.

OPETTA FOR MILLERTON
The Lord Beaverbrook Chapter O.D.E. expect to present "Cinderella in Flowerland"; the operetta which was so successfully staged in Newcastle a few weeks ago in Millerton on Wednesday evening.

SUPPER PARTY
Miss Margaret Thompson nurse in training at the Lawrence General Hospital; Lawrence; Mass. and who is at present enjoying her vacation at her home here; was tendered a delightful surprise party last Friday evening by a number of her young friends. An enjoyable evening was spent by the young people.

MANY APPLICATIONS
Last Tuesday was the expiry date set by the Department of Fisheries at Ottawa for the reception of applications from persons willing to fill the position of Inspector of Fisheries for the northern and eastern sections of New Brunswick. It is understood that there is a very large number of applicants for this position. The salary begins at \$1950 and increases at the rate of \$120 a year until the maximum is reached.

EXCURSIONS
Now that we are having some real summer weather; a delightful way to spend Saturday afternoon is, by enjoying a sail on the river to Redbank and return on the Str. "Max Aitken." Special fares are given for these excursions and the passengers are assured good clean and comfortable service. There is no better way to enjoy an afternoon than by one of these Saturday afternoon sails. Try it and be convinced.

APPOINTMENTS
Mr. W.L. Durick has been appointed a member of the Newcastle Board of School Trustees in place of J.R. Lawlor, deceased. Miss Mary Lawlor has been appointed Registrar of Deeds for the County of Northumberland succeeding her father, the late J.R. Lawlor. Mr. A. Stuart Demers who has been sitting Magistrate at Newcastle since the illness and subsequent death of J.R. Lawlor, has received the permanent appointment of Police Magistrate.

GAME MORE PLENTIFUL
Motoring parties are reporting evidence of unusual numbers of game animals in all sections of New Brunswick this year and guide-declare there is evidence of an increasing number of moose and deer while caribou have been returning to New Brunswick again recently. Reports of moose halting automobile parties on main highways are becoming frequent and in many instances both deer and moose have been sighted in fields close to the roads.

NATURE'S RARE GIFT
From Norway's Seas
SCOTT'S EMULSION
The Strength-maker.
Scott's Emulsion, Toronto, Ont. 25-26

REVENGE
Men often say they seek Justice; when all they are after is revenge.

MARRIED
At the Anglican Pro-Cathedral Sault Ste. Marie, Ontario on Friday Roberts Redvers Bate young son of the Rev. W.J. and Mrs. Bate of this town to Alice, youngest daughter of Mr. and Mrs. J.W. Lawson of Rockport, Mass. ..

CAUGHT STURGEON
Mr. Herman Carnahan of Bryenton recently caught a large sturgeon in his salmon nets. The fish weighed 300 lbs. and was 5 ft. long.

SCHOOLS CLOSE
The public schools close this Friday for the summer vacation. Neither teachers or scholars are sorry and we hope they will all enjoy a well earned vacation.

BASEBALL
Chatham defeated Loggieville last Friday evening by a score of 10-3. at the latter place. Mays pitched for Chatham had 5 strike outs to his credit and allowed 4 hits.

TENDERED A LUNCHEON
A number of friends of Mr. Walling Smallwood, well known member of Smallwood & Stairs, druggists gathered at the home of Mr. Noble Wilbur, Union street, on Wednesday evening and tendered him a luncheon. Mr. Smallwood will in the near future join the benedicts.

NEW MILL
The new mill of Messrs. O'Brien Ltd.; Nylson is being rapidly constructed and is now closed in. The mill will be much larger than the old one. The machinery is all on the ground and everything points to an early resumption of sawing by this enterprising firm.

FIRE ALARM
The Fire Department was called out last Friday at 12.30 p.m. for a fire in the building owned by the Estate of the late Gregory Layton and occupied by Mr. Robert Jeffrey and Mr. Cato Hendrickson. The blaze originated in the roof of the kitchen and was soon extinguished on the arrival of the firemen.

RECEIVED AWARD
The 50 per cent refund offered by A.D. Farrah & Co. last week to their anniversary sale was awarded to Mr. Charles Hubbard of Redbank he being the largest purchaser in any one day at any one time during the week. The purchase amount by Mr. Hubbard was \$145.49 which entitled him to a refund of \$72.75. Mr. Hubbard is to be congratulated as there were many close seconds. Evidently it pays to read Farrah's advertisements.

THEY LIKE MORSE'S TEAS
They like MORSE'S Teas in Trinidad British West Indies—they must like them or merchants there would not so frequently order them. The name MORSE'S on teas in Trinidad is getting to mean the same as it means to the people of New Brunswick. That may seem a remarkable thing to be happening in such a far away country but still you never can tell how far the reputation of a good article will go.

RECEIVES PRIZE
Mrs. J.S. MacDonald wife of the editor of the North Sydney Herald has won a prize of \$10 in an essay competition conducted by McLellan & Stewart of Toronto; publishers of L.M. Montgomery's latest "Emily of New Moon." The subject was "Why I Like Emily of New Moon." A large number of essays were entered from all over Canada. Sixteen cash prizes were awarded and 46 copies of the book autographed by the author. Besides Mrs. MacDonald only two others in the Maritime Provinces won cash prizes; Mrs. Beth Waugh of Alberton, P.E.I. and Mr. V.B. Rhodhizer; Wolfville, N.S. Mrs. MacDonald is remembered by many Newcastle friends.

THE LONGEST DAY
Saturday was the longest day in the year. The sun rose at 4:18 and set at 7:48.

EXCELLENT PASTURE
The public square afforded excellent pasture for two sheep last Friday afternoon.

NOTICE
The monthly business meeting of the Miramichi Hospital Aid; will be held in the Board room on Thursday afternoon of this week at 3 o'clock.

DOMINION DAY
Next Tuesday is Dominion Day and will be observed as a general holiday in Newcastle. Banks; Government offices and stores will be closed.

15th ANNIVERSARY
Mr. and Mrs. D.R. Brown were delightfully surprised on Monday evening the 16th inst. by a number of their friends who called at their home; the occasion being the 15th anniversary of their wedding. An appropriate address was read and a presentation made of a beautiful cut glass vase containing fifteen roses. Bridge and Mah Jong were played at the close of which delicious refreshments were served.

FOR PETAWAWA
The following men of the 90th Battery C.F.A. left today on the Ocean Limited for Petawawa for their annual training:—
Office Commanding—Major H.L. Ritchie.
Lieut.—Joseph Campbell.
Sergts.—Hayward Walls, E. Muzerall, Vincent Bayle; Hubert Craik; Wm. Roman.
Signalers—Wills Murray, Gordon MacKay.

The detachment will arrive in Petawawa on Wednesday, June 25th and the course will be held from June 26th to July 5th.
