poetry.

It is a large and lusty man, In hose of the buckskin true. And tops of the brown mahogany, And a cost of Window blass.

To the tune of " Never say die !"

You may see him patiently poring: Or, till ready to drop, he cells in his shop The goods he is ever storing.

'Tiswark, work, work, without stint or shirl Till the world of his wares is full; This worker. I trow, we all of us know, And his name it is John Bull. But in davlight or gloom, at forge or loom,

nart, or eke in mi And whether he go, or sit, or stand, And whether his work he of brain or hand, He beareth a burden still.

A losthlie thing doth clasp and cling About his shoulders equare: weights his back, till the bones they crack; t clutches his throat. till the fore is black t sticks like a borr, and it lies like a sack, And still poor Bull must bear.

"Now what's amiss, what thing is this, That sticks to thee like wax ?" With a doletal path of his face, quoth Ball, "They call him Iscome Tax.

"There doth he stick, 'tis vain to kick, His weight I may not doff-In gramble and groan nice years are gone, Since he saked for a ride and I let him get ps, And now he won't get off.

"He said he'd but hide (or a three years's ride And I felt no apprehension: But when, in three years, I tried to pitch Sir Income Tax off into the ditch.

And meant to all there still. And when I swore, with rage and roar, He mid I was ne'ter so well off before, And dralard he'd never couge down any And I don't suppose he will !"

Then the thing 'san laugh-and John chaff, How he'd ride for many a year-"And lonk," he mid, " how fairly I'm laid, On ock and arms, and shoulders and head-Refer was weight so well distributed, So enith the Ufancellere-..."

Sir Charles the Word, that Chappellor good, Did hap to come that way And he passed by, John Ball's age ony. And he one Tax's pleasant reply, To listen to did stay.

Quath he, "Good John, forhear thy mean, For Income Tax saith true: His sitting there is easy, I swear, For me, if not for you.

" I rede we, bear him as ye may,

And grunnble was as sorre-"" Which rede John Bull did take in huff, For he started forth, and with fist or rough, As esized the Chancellor by the sorref, And kicked him aut of doar.

Bhen inrond his head up to Income Tax That arright way fan look his----Spoth he, "Thote's an end of the wooden fr That to krep thes there his aid did lend, And now, my hoy, for you !"

(Calera de

Every acre of land under cultivation ought to be worth more after each year's tillage than it was before. It may not, indeed, be in condition to produce a larger amount of that same crop; it so that is ample reason for changing to something else. To say that famer can't afterd the fertilization and culture needed to obtain fifty bushels of core from an acre but can afford to own of corn from an acre but can afford to own fence, till and pay taxes on it for twenty bushels, is an amazing absurdity. Prof. Mapks of New-Jersey, in his 'Working Farmer' for April, thus bear Working Farmer' for April, thus bear Working Farmer' for april, thus bear the setablished, that under-drained farms under-draining added to Commissioners

The orking Farmer for April, thus bears restimony to the effects of science in im proving the Agriculture of that State: "Within the last three years we have visited many farms in New Jersey, and certificates of results to Trenton. One re presented that under our advice he had add-ed the missing constituents to his soil from increased products, is as much richer as the value of the improvement; while the Government have been regain and the Government have been relaid and the wealth of the nation has been increased ed the missing constituents to his soil, at an expense of only \$1 123 per acre, with proper tillage, and produced, in consequence the following crops: Corn 128 bushels of equal to the increased amount of products. Add to this the future ability of the soil to continue to produce this increased ratio, and the whole result is before us. In the ears per acre, where formerly, with much larger expendiure for manures, but 30 bushels of shelled core had been produced. Poistons 310 bushels per acre. Manguld warted to face of the experience of a whole pation. ie it not ridiculous at this time to hear American farmers railing against the pracbushels of shelled corn had been produced. Pointees 310 bushels per acre. Mangold wartfall 16 tuns per acre, and, other crops in propertion. Another (a member of the House of Assembly) represented that on a place of ground in Paresic County which had been considered of very inferior quality and unworthy cultivation for corn, he had raised, by adding the mission constitueate tice of under-draining ? In addition to this loan of \$10 000,000, the Government have

appropriated \$1,000,000 for similar purposes in Ireland, and a forther sum of \$4,000,000, if the Commissioners shall think raised, by adding the missing constituents of his soil, under our advisement, 138 bush els of care of corn per acre, and that his crop of long orange carrots averaged 600 bushels

per acre, and that the expenses for fertilization were less than for the ordinary meth-Another farmer from Monmonth County

Thies Assumption Bill to a committee, it is merely an attempt to push as inconvenient ques-tion aside for the present, at the risk of keeping it open for two or three sessions. It is quite evil enough to have had this old wound reopened oven for a few months: but to have it kept open for a couple of years, by wrangliags before a Parliamentary Committee, would be intelerable. A committee could not tell us anything which we do not know already, whilet it would increase the irritation between Protestants and Roman Cathelies in every part of the en pire,

THE TEACHER'S ASSOCIATION

Of the County of Middleser held as ansmal meeting on Saturday, the 5th instant, in the Union School, London. The Constitution of the Areocistica was read at length and some amendments added thereto, in order to render it man setting A discussion of the state of the setting and the setting of the setting of the setting of the setting and the setting of the setting of the setting of the setting and setting of the setting of the setting of the setting and setting of the setting and setting of the setting of the setting of the setting of the setting and setting of the setting of the setting of the setting of the setting and setting of the setting of the setting of the setting of the setting and setting of the setting of the setting of the setting of the setting and setting of the setting of the setting of the setting of the setting and setting of the setting of the setting of the setting of the setting and setting of the setting of the setting of the setting of the setting and setting of the setting and setting of the setting of more explicit. A discussion arose regarding a resolution adopted at a previous meeting with reference to the printing of circulars containing the Constitution and Rules. It was eventually

enter or Qualification to teachers, and the ap-pointment of incompetent persons to the office of Superintendent.

pointment of incompetent persons to the other of Buperintendent. A sumber of the members present agreed to give practical explanations regarding the best modes of Teaching the various branches intro-duced into echools throughout the country.— 'these exercises to be carried out at the next meeting. After some further business having been transacted it was resolved that the mext meeting be held in the School at Delaware, on the lat Saundav of July next, at 10 o'clock, A. M., where a full attendance of members is ex-pected, in order to witness and the pasts is the practical exercises of the day.— Free Press.

ed were appropriately rom

dence than perhaps any other that has gove before it, but men generally think well of it each too in the bush," and are more sub stantially gratified by hearing a man telling what he kas done, than in listening to promises of what he intends to do. If brought before the present Legislature, a speedy and an equitable adjustment of the question may reasonably be expected, un-less the Lower Cenadian Members should vote with the small High Church party, which we think is scarcely probable. But if the settlement of the question is delayed till fter another general election shall have taken place, the mammon an enveloper any control of the clargy Reserves to any other pur-posed that is scarcely probable. But if the settlement of the question is delayed till fter another general election shall have taken place, the mammon an enveloper any control of the clargy Reserves to any other pur-posed that is enveloper any to the clargy Reserves to any other pur-posed the the propagation of Sectarianism. before it, but men generally think well of it anything but the veri which we takk is scarcely probable. But if the settlement of the question is delayed till -fter another general election shall have taken place, the mammon surveyingers may possibly exert such an amount of intrigue

Oun cotemporary, the Galt Report and influence, as will secure a House of Assembly that may settle is on such a prin- wholesome advice which we tendered him reference to the printing of circulars containing the Constitution and Rules. It was eventually and influence, as will secure a House of resolved that an such circular be printed at pre-persent, but that the funds on hand be expended in purchasing suitable bonks for the Library. The election of Office Bearers was then pro-ceeded with. On the motion of Mr. S. J. Lancerster desire to insinuate, that the return of a point of the Assembly of Les-don, Recording Secretary, Mr. Archivald Camp-beil of Lobo, Corresponding Secretary, and Mr. B. J. Lancester of Delaware, Librarian. Be-sides the above officers an executive committee, on be-half of the Association, draft an address to the Hon. F. Hincks, as the introducer of the present of the resulting was for the destreated for the granting of certific-sates of Qualification to teachers, and the ap-point explored for the formation of Mr. Gaynase to the Hon. F. Hincks, as the introducer of the present of the cascing of this matter of Mr. Gwynase and hore the resulting of the formation of the format ciple as will be neither just nor satisfactory to the people. We do net, by any means, desire to insinuate, that the return of a *Tory* House of Assembly is even possible in Canada. Toryism uniformly centends for the establishment or indowment of the Church, and of this perty there is not now in Canada as many as could make them-selves audibly heard in the House of As eembly-but history informs us, and we must not overlook the fact, that even the

Letter appeared in the Signed, he had in any one Church to the exclusive patronage of the State, yet perhaps more than three-fourthe of them are not only willing to ac-cept the Regium Donum, but are actually if gasping to get hold of it. The Episcopaliane twould fret and foam, and probably burn houses and Libraries if it were proposed to give the Reserves to the Presbyterians of the suffrage of the State, we must in-form our cotemporary, that if, Gwyme did not write one word nos presk one word, shouter a tike proposed to giving them te "black Prelacy." The Weeleyan Metho-diste, with Egerton Ryerson at their head,

shudder at the proposal of giving them to till after he had even in the Signed that "black Prelacy." The Wesleyan Metho-the people of Goderich had, in common with diste, with Egerton Ryerson at their bead, the inhabitants of all the other Towns and

The Funeral of Major Neah was stended from It is the residence in Broadway, by a concern Ryring of the Weeleyan Metho-the late residence in Broadway, by a concern Ryring of the Weeleyan Metho-the state residence in Broadway, by a concern Ryring of the Weeleyan Metho-the sections, larger than have assembled in the entropy of the Hebrew language, after which buring ground, in the Steret. Here the customer of the Bore sections are applied for the state of the buring to character and attainments of the sections and publichers of the Steret. Here the customer y lawring creations to the Jewish buring to divide the spoil- are all alike willing to divide the spoil an willing to be supported at the public ear ture. And, in the fourth place, we beg

willing to let it root for the time being --This metice was intended for Mr. Colemann equally with the others, and we thought would be satisfactory. But, we had another reason for not publishing Mr. Cole man's Letter. He had travelled out of the Record. Not pleased with contradicting the statements of Mr. Clerdensing --went on to contradict other statements, of the truth or falsehood of which he was as ignorant as the man in the moon. He had module tust care had been taken to obtain sufficient securities for ell the Division Court Clerks in these Usited Counties. Mr. Coleman may possibly be a very shrewd, t clever Clerk of a Division Court, but as we do not believe in the doctrine of intoitive knowledge, we desy that Mr Colemannation on the subject of the sureties taken for the the united States, where no one expected the states of the subject of the
