## THE LATE P. W. F. BEALS.

Had Many Relatives in Annapolis County, Who Regret to hear of His Death

Died in Marblehead, Feb. 17th, Percy William Fenwick Beals, aged 36 years and 2 months and 18 days. Mr Beals had been an invalid for three years. He had been in several hospitals and everything possible had been done to alleviate his sufferings which were borne with great fortitude and patience. He leaves a mother, Mrs Ella M Beals; a sister, Miss Mabelle E Beals; a brother, Mr Harry M Beals, and many sorrowing friends.

The funeral was held Wednesday afternoon with services conducted by the Rev Thomas Montgomery Mark, chaplain of the Brooklyn Navy Yards.

The remains were taken to Harmon Grove for cremation and the beautiful floral tributes were distributed among the patients in the Salem hospital.

We copy the following tribute from the Marblehead Messenger of Feb. 21st:

We deeply regret the passing from us of one of our young friends, Mr Percy W F Beals. At twelve years of age Mr Beals became a member of the Junior Department of the Y M C A and to the time of his departure he had a pleasant word to say for the Association always looking forward weekly to the Y M C A notes in the Marblehead Messenger.

Because of his hopeful and cheerful disposition the writer was drawn to him from the first, and during the last years of his sickness it has been a blessing to call upon him occasionally at hospital and in the home. Lying almost helpless, it was an object lesson to all who called, to observe his patience, courage, cheerfulness and hopeful spirit, always seeing the bright side and looking forward to recovery and service for others. In coming from his presence, there was always a sympathetic wish and prayer from friends that he might recover his health and strength, and a determination on their part after seeing this example of the heroic spirit, that they would

never murmur nor complain, whatever might be their lot. The kindly ministrations and devotion of mother, sister, brother and friends, helped to prolong the life of this noble young man here upon earth, but all regret his departure from our midst at so early an age.

## Death of Mrs. L. D. Hanley

Mrs. L. D. Hanley-Harriett, wife of Mr. L. D. Hanley, died at her home, South Lawrence town, on Feb. 26th, aged 51 years. She was the daughter of Mr. Guilford Morse, of Nictaux, where she was born and where, when a young girl, she professed faith in Christ. Mrs. Hanley spent some years in teaching and after her marriage, resided in Queens County, until eleven years ago, when the family moved first to South Williamston and afterward to her late residence.

Some five years since she suffered a stroke of paralysis from the effects of which she never fully recovered being able however, to be about and to perform light tasks until within a few weeks of her death. The day before the end came she was unusually well, and went to rest at night hopeful of being better on the morrow. But it was ordered otherwise. About midnight a slight change was noticed and at 5.30 she passed peacefully away never having regained consciousness.

Mrs. Hanley was an unusually fine type of woman. She was a dutiful daughter, a devoted wife, a kind neighbor and loyal church member. The number that gathered at the funeral attested to the high esteem in which she was held by a large circle of friends. The service was conducted by her pastor Rev. F. H. Beals, assisted by Rev. S. J. Boyce. Interment was in Fairview Cemetery.

The sorrowing husband has the sympathy of a host of friends. Mrs. Hanley had the gift of versatility, and she has left numerous pieces, chiefly on religious topics. At the funeral the pastor read the following, written in October which, in the light of her departure seems prophetic:—

"Safe at home, how sweet the thought,  
Safe at home, life's battles fought,  
Safe at home, the victory won;  
Safe at home, our Lord's 'Well done.'  
Safe at home, from aches and pains;  
Safe at home where Jesus reigns,  
Safe at home, among the blest;  
Safe at home, such peaceful rest;  
Safe at home, in man'sions fair;  
Safe at home, so happy there,  
Safe at home, no more to roam;  
Safe at home, yes, safe at home!"

## DEATH OF WILLIAM E. BENT

A Prominent Resident of Belle Isle Has Passed Away

The community of Belle Isle and surrounding districts was profoundly shocked and grieved, on the morning of Feb. 28th, when word was passed around that at an early hour of that day, William E. Bent had passed away.

Stricken with that dread disease influenza, some ten days before, Mr. Bent put up a brave struggle for life against this malignant foe. But in spite of all that physicians skill, tender nursing and kind friends could do pneumonia developed, and on the morning of the forty-first anniversary of his birth his soul passed out into the spirit world.

In the removal of William Edmund Bent, Belle Isle mourns the loss of one of its foremost citizens.

Scarcely any department of activity in the community, but felt his influence for good in their midst. The trust reposed in him is evidenced by the fact, that at the time of his decease, he held the position of director, and secretary of the Belleisle Fruit Co., director and secretary of the Belle Isle Hall Co., Worthy Patriarch of Belle Isle Division, S. of T., in which society he played a most conspicuous part, for over twenty years, and where his loss will be most keenly felt. But the place that will miss his presence most, apart from his own home, and the place he loved to fill, was in the Church of his choice, as Senior Warden of St. Marys, for some years, and his removal has left a gap that will indeed be hard to fill. In politics a staunch Conservative, yet always respectful of an opponent's views. The deprived of a Father's care and protection at the early age of fourteen he assumed the entire management of the homestead farm on which he spent his whole life, with marked success. He is survived by a sorrowing widow who lies critically ill at the present time, of the same disease, and five small children to mourn the loss of a kind, affectionate husband and most indulgent parent.

The funeral service was conducted on the afternoon of the same day by his Rector, Rev. E. Underwood, in the presence of relatives and sorrowing friends, interment taking place in the family lot in the churchyard of St. Marys.

## CORRESPONDENCE

To the Editor of the MONITOR.

Dear Sir: It has been sometime since I sent you a line, so to-day I will try to do so. Not that there is anything special to communicate, but more for the purpose of letting you know, you and your paper are still of as much interest to me as in the days of yore. I suppose it is hardly necessary for me to refer to the great and sudden shock our city received on Monday, the 17th inst, when the news spread that Sir Wilfred Laurier had succumbed to a shock of paralysis. On the Saturday previous he was at the Canadian Club and spoke and your correspondent along with others remarked how well he looked and his voice was clear and strong and spoke of his fitness for the coming session.

Little did I or any one present think it would be the last time his voice would be heard as a great public man. But alas he has passed on but none so poor or partisan but will do him reverence and he will ever be regarded as one of the greatest Canadians our country has produced. The funeral will take place here on Saturday, the 21st inst. It will be a state funeral and already people are pouring in from all parts of the country. The body will be taken from his home to the Senate Chambers where it will be in State for two days and then conveyed to Notre Dame Cemetery. He will be greatly missed in the city of his adoption, and a great many of our splendid improvements may be traced directly to him. Already I know all the newspapers, not only in Canada, but America and English papers also have given full and complete accounts of his life and demise so I will cease on this subject.

There is great rejoicing daily as the trains bring in large numbers of our brave boys from overseas and it is hard to say which have the most real joy from their incoming, the soldiers or the parents. I can truly say with Shakespeare: "It is twice blessed. It blesses him that gives and him that receives."

Just three weeks ago to day I had the great pleasure of fondly welcoming home my own boy after two years' absence, and sixteen months of the time was spent in France and Flanders. He was with the artillery and was one of the boys to help take Mons. He is quite proud of it and went through the terrible conflict and never got a scratch, but had some narrow escapes.

It is glorious to know the cruel conflict is over and the tyrants are humbled and crushed. So may it ever be with the tyrants. Our winter has been the mildest known for many years. On a few occasions the temperature fell below zero but most of the time it has been bright sunshine with but few snow storms and soon we will be back to spring time.

Parliament opens to day, the 20th. It will be a solemn affair and will immediately adjourn until Tuesday next. It is thought Hon. W. S. Fielding will be chosen temporarily

to lead the opposition until a convention is called to select a permanent one.

For fear of making my letter too long I will cease scribbling.

Sincerely,  
H. W. M.  
Ottawa, Feb. 20th., 1919.

## MONDAY NIGHT'S ENTERTAINMENT

The Recreation Hall Filled With a Pleased Audience

The entertainment held at the Recreation Hall, Monday evening was a most successful one. A large number, filling the Hall to over flowing, was in attendance and showed its appreciation of a well rendered programme.

One cannot speak of any particular number of the programme for every part of it was rendered in a highly creditable way.

Bridgetown certainly has a splendid lot of talented boys and girls and the writer feels that more of such performances should be encouraged because of the entertainment it affords not only to the inmates of the Institution but to others who attend and also because it serves to develop the latent talent of our young people.

Great credit is due to Mrs. Little in training the choruses and directing the entire performance.

The choruses were made up of the following:—

Boys' Chorus: Wm. Donat, A. Lewis, A. Fowler, Max Young, Walter Ricketson.

Ladies' Chorus: Misses May Marshall, Inna Bezanon, Mabel Marshall, Edna Price, Gertrude Hartnett, Annie and Grace Ricketson, Ruth Fowler, Flossie Troop and Reta Abbott.

Song—Rev. M. Underwood, Killarney.

## Evangeline Returns to Grand Pre

(1) Evangeline's Well. (2) Philippe Hebert's Statue of Evangeline.

WHAT lover of poetry has not dreamed of visiting the places made immortal in song? And what song has roused this longing more intensely than the story of the gentle Acadians and their Great Banishment? Many have realized this ambition for Nova Scotia is easy to reach and each succeeding summer sees more hundreds making the pilgrimage to

The Acadia land, on the shores of the Basin of Minas. Distant, secluded, still, the little village of Grand Pre.

There they find the meadows, dikes and orchards of which Longfellow sang, and they try to retrace the actions of the poem by using as a guide the still remaining well which the poet described as

erected beside the famous well.

Thus will be added one more attraction to a land full of attractions, for artists, devotees of romance and matter-of-fact sportsmen. The artists find an inexhaustible supply of subjects ranging from many-mile long vistas of apple blossoms to uncouth but picturesque fishertank; the romantically inclined find a land of legends and sleepy beauty; the sportsmen find fishing and hunting such as is seldom equalled and never excelled.

Philippe Hebert was himself an Acadian and, although a perfectly happy exile in Montreal, entered into the spirit of the poem as no other sculptor could. The model of his statue has been purchased by the Canadian Pacific who have commissioned Philippe's son, Henri Hebert, also a distinguished sculptor, to execute it, life size in bronze to be

HOW MRS. BOYD
AVOIDED AN
OPERATION

Canton, Ohio.—"I suffered from a
female trouble which caused me much
suffering, and two
doctors decided
that I would have
to go through an
operation before I
could get well.
My mother, who
had been helped by
Lydia E. Pinkham's
Vegetable Com-
pound, advised me
to try it before sub-
mitting to an opera-
tion. It relieved me
from my troubles
so I can do my house
work without any
difficulty. I advise
any woman who is
afflicted with female
troubles to give
Lydia E. Pinkham's
Vegetable Compound
a trial and it will do
as much for them."
—Mrs. MAIRIE BOYD, 1421 5th
St., N. E., Canton, Ohio.
Sometimes there are serious con-
ditions where a hospital operation is
the only alternative, but on the other
hand so many women have been cured
by this famous root and herb remedy,
Lydia E. Pinkham's Vegetable Compound,
after doctors have said that an operation
was necessary—every woman who wants
to avoid an operation should give it a
fair trial before submitting to such a
trying ordeal.
If complications exist, write to Lydia
E. Pinkham Medicine Co., Lynn, Mass.,
for advice. The result of many years
experience is at your service.

GRANVILLE R. F. D.
Fifteen years ago, I started.
Driving Granville mail route one;
which was sometimes very tiresome.
Before the long day's work was
done.
Leaving Bridgetown in the morning.
To be in mail along the road;
Till at last I reached the Ferry.
Having really quite a load.
Horses often very weary.
Did their daily tasks perform;
Halting, stopping at each mail box.
As they travelled along.
Snow drifts, often very many.
Have those noble beasts gone
through!
As they struggled onward bravely;
In the tasks they did pursue.
So along this road I've travelled.
All those years which have gone by.
Carrying many pleasant memories
Which in time can never die.
Little words of kindness spoken.
Often cheered me on my way;
And made my task seem lighter.
As I toiled on day by day.
For sometime I've not been able.
To perform my task alone.
For ill health has thus prevented.
As no doubt you all have known.
But good friends so very many.
Have to my assistance come;
Gratitude beyond expression.
I will feel till life is done.
So now to Granville mail route one
I soon will say "adieu."
And to the kind good people
Best wishes unto you.

CORRESPONDENCE
To the Editor of the MONITOR
Sir: Would you kindly through the
medium of your valuable county
paper allow me to call the attention
of your numerous readers to a
matter which is beginning to agitate
the public mind. It is in regard to
war memorial for the heroes who
have given their lives for their
country's cause.
There can, I presume, be no differ-
ence of opinion as to the desirabil-
ity of erecting such a memorial.
Every one, I feel sure, is desirous of
perpetrating for all times the
names of the men who have under-
gone the supreme sacrifice to save
humanity from the domination of
the Hun. As, however, there may
be a difference of opinion as to the
form such a memorial should take,
allow me to make a few suggestions.
In the first place there may be a
very consensus of opinion in support
of erecting monuments in every
section of a county from which our
gallant troops were drawn. If such
a course were followed, too much
money need not be spent. Some-
thing simple, yet splendid such as
a granite obelisk might be erected
in each section of a county. It
might be a uniform monument on
which the names of the local men
who had fallen should be inscribed.
If there were more money subscri-
bed in the local area than required;
the surplus might go towards the
erection of a county memorial in
which the names of all who died in
the said county might be perpetuat-
ed. What form a county memorial
would take would require to be a
matter for very careful consider-
ation. Perhaps the public might like
the County Memorial to take
some more humane form such as the
erection of a sick children's hospital
or a cottage hospital for all classes.
As far as Annapolis County is con-
cerned it stands badly in need of
such an institution as the latter.
Such an institution would be for the
future good of humanity. These
are suggestions put forth for no
other purpose than to give the
public something to think about; I
have no axe to grind. The sugges-
tions are made only out of the full-
ness of a heart, desirous of seeing
some worthy memorial erected to
the memory of their heroic souls:—
"Our dead but sceptred heroes
Who still rule our spirits from their
urns"

Yours truly,
W. BRUCE MUIR
Annapolis Royal.
Call Upon Women "To Dress
Modestly"
Asserting that designers of
women's evening gowns
"have led fashion to the ex-
treme limit of indecency,"
which is having a "most
demoralizing influence upon
the youth of the country,"
the New York city federation
of women's clubs at a recent
meeting adopted a resolution
calling on women "to dress
modestly" and on designers
and shopkeepers "to control
indecency in dress." A
committee was appointed to
rush the war on scanty
evening gowns.

A unique honor roll and one that
is attracting much attention is on
exhibition in the Yarmouth Portrait

participated is to be found an
excellent photo of each man with
his name, together with the name
and number of the Battalion in
which he served immediately under
it. Across the bottom of the roll in
large gold letters is the quotation:

WEDNESDAY, MARCH, 5th, 1919

A PLEASANT EVENING

A Party of Forty-five Ladies and Gentlemen Enjoyed a Dinner at the St. James Hotel

One of the pleasantest events in the social history of Bridgetown took place last Saturday evening at the St. James Hotel when a party of forty-five ladies and gentlemen enjoyed a well served dinner in the spacious dining room, the menu being an excellent one.

The Rev. M. S. Richardson, the popular pastor of the Bridgetown Baptist Church, was selected as toastmaster.

The after dinner speeches represented the press, the local bankers, the medical profession, the local manufacturers, the business men, the merchant marine and farming industry. The speeches were short but interesting. All referred to the general belief that these events were of special benefit to the town and it was the unanimous impression among those present that they should occur oftener.

Some suggested a club being formed to be called the "Cosmopolitan." This with other suggestions may be carried out later. All the speakers expressed great satisfaction with the service at the hotel and wished Mr. and Mrs. MacPherson, the proprietors, many years of success and prosperity.

A feature of the evening was a story of "The Black Watch" related by Lieut. Greenlan, a member of that battalion, who recently returned from overseas.

The Death of Mrs. Alice L. Dennison

The funeral of Mrs. Alice L. Dennison, wife of Dr. Archibald S. Dennison, was held on Monday afternoon at her late residence, 7 Franklin St. Rev. Walter John Sherman, pastor of the First M. E. church, conducted the services and Mrs. Isabelle Butler Ramsdell rendered "Sometime, We Will Understand," "Still, Still With Thee" and "There is a Land on High." There were many beautiful floral tokens of love and esteem from relatives and friends, including friends from the Ladies' Aid society, Standard Bearers, Circle of Ten, Ladies' Aid society of the First M. E. church and the Starr club, of which she was a member.

The interment was at Pine Grove cemetery. We reprint the obituary from the Lynn Daily Item, Dr. A. S. Dennison was, for some time, proprietor of a drug business in Bridgetown and has many friends here who extend sympathy in his sad bereavement.

TOWN COUNCIL

New Town Clerk and Chief of Police Appointed Monday Evening

At a regular meeting of the town council held Monday evening, the lowest tender of town clerk was accepted, and Mr. Willie Burns was appointed town clerk and treasurer at a salary of \$450 per year. Mr. Burns is to furnish an office, vault etc.

Sgt. Maj. George Gill, D. C. M., was appointed chief of police together with the usual duties coupled with that office at a salary of \$550 per year, his duties to begin March 10th. Harry Ruggles, Esq., the retiring town clerk, after a faithful service of nine years, was offered the office of town solicitor at a salary of \$150. Mr. Burns' duties begin April 1st.

Unless the boys cut out the dangerous habit of jumping on and off moving trains, especially freights, near the Bridgetown station, there will occur a serious, if not a fatal, accident in the near future, and it will not be the fault of the train men. It is time the parents took some action.

Dr. Frederick W. Mavor, the eminent Toronto eye specialist, rendered valuable assistance to the choir at last Sunday's services in the Bridgetown Baptist church, which was greatly appreciated by the members, and enjoyed by the entire congregation.

Hon. O. T. Daniels, of Bridgetown, and Hon. E. H. Armstrong, of Yarmouth, are members of the general reception committee at Halifax to welcome the return of the Royal Canadian Regiment.

Our Heroes Returning

The town was again decorated in bunting yesterday in honor of the return of Pte. Gordon Dargie, son of Mr. and Mrs. John D. Dargie, Bridgeville East and Pte. Harry Elliott, Paradise. Many of our citizens thought that these men were arriving from Halifax instead of via St. John and Digby and therefore met the noon train instead of the 1.45. We are always pleased to welcome the boys returning from the front but in many cases the citizens have little or no notice of their arrival until train time.

**An Early Spring**

is promised by all the weather signs. This, up to the present time, has been the most open winter we have experienced for many years and is in direct contrast to the winter of a year ago. At that time the woods was full of ice and snow which made a very late and a very short spring.

An early spring means a better opportunity for the farmer to work his land, prepare the ground for extra large crops and a long planting season. Every farmer should be in a position to take advantage of the promised weather conditions and a long spring season.

It is not desirable to get in the crops too early as often late spring rains and a late frost will undo all the work which the early spring allows, but the farmer should have his land ready, his seeds ready and his fertilizer ready which will give him an opportunity to get in a large acreage.

Whatever the conditions are from year to year the man who has the largest crop to sell at the selling season is the man who is the best off, and this is true whether the prices are high or low.

Fertilizer is a necessity and if you have not arranged for your fertilizer already, it is time to do it now, as the time when you will need it is almost here.

**The Soy Bean**

Experimental Farms Note

The soy bean may be grown either for its stem and leaves as a forage plant, or for the seeds only.

The oily seeds are especially valuable as a stock-feed since chemical analysis has shown that they stand in the front rank in the amount of nutritive material present. The oil is used mainly for making soap, but as it is a semi-drying oil it is used to some extent as a substitute for linseed oil or in certain kind of paint. It is also used in the manufacture of linoleum.

The soy bean will grow on almost any kind of soil and its climatic requirements are somewhat the same as those of corn. On this continent it is grown for seeds mainly in the south eastern United States. As the seeds are sown only after the danger of Canada's winter is over it is not sufficiently long for the seeds to ripen properly. However, experiments conducted at the Central Experimental Farm at Ottawa during the last three years have shown that there are several maturing varieties which are quite satisfactory. The yield of seed per acre in the United States varies from 15 bushels in the Northern States to 40 bushels in the Southern States. During the year 1916 seeds of two varieties were, through the kindness of the Bureau of Plant Industry at Washington, D.C., obtained for trial. These were Manchu and Black Eyebrow. They were sown in plots 16 to 12 feet, each plot measuring 1.227 of an acre. The seeds were planted in five rows with intervals of 2 1/2 feet between the rows. The particular rate of sowing was not determined, the seeds being sown fairly thick and the plants being thinned out afterwards.

The variety of Manchu was sown on May 22, 1916, and attained an average height of 3 feet. The plot was cut on September 25, the weight of seeds after removal from the pods being 6 pounds 14 ounces. Dr. Shutt, Dominion Chemist, analysed these seeds and found the amount of oil present to be 20.38 per cent.

The variety Black Eyebrow was sown on the same date, and attained the same average height. It was cut on the same day as Manchu and yielded 7 pounds 2 1/2 ounces of seeds with an oil content of 20.05 per cent.

If 7 pounds of seed be taken as the average of the two plots and if 56 pounds be reckoned to the bushel the yield would work out at about 28 1/2 bushels per acre.

In the same year a few seeds of another variety obtained from the Botanical Garden at Nancy, France, were sown on May 29. The plants attained a height of 16 inches. The plot was harvested on September 25, the seeds being well ripened by this date. As only a few seeds of this variety were available they were given plenty of room to grow, with the result that one plant bore 185 pods, while another had 217 pods, only those pods being counted which contained one or more seeds.

In 1917 the seeds were sown on May 22 and harvested on October 3. Another sowing was made on 6 June and these were harvested on October 9. Well ripened seeds were obtained in both cases, the later sown plants being about 6 inches taller than those sown earlier.

In 1918 seeds of four varieties were sown on May 20, and harvested respectively on Sept 23, October 8, 18, and 19.

## To Solve Canada's Employment Problem

EVERYONE in Canada should understand just what the Government is doing to solve the unemployment problems that may arise through the demobilization of our fighting forces.

(1) *Employment Offices.*

So that everyone—male or female, soldier or civilian—can get quickly such jobs as are available the Government is co-operating with the Provinces in establishing a chain of Public Employment Offices. Employers are being urged to make use of these offices to secure any help they need. Farmers, for example, who need hired men should apply to the nearest office. There will be a Public Employment Office in every town of 10,000 people—and wherever the need for one exists. There will be 60 different offices in all—one-half are already in operation.

(2) *Employment Opportunities.*

The war held up much work that will now be carried on at once. Public works, shipbuilding, roadbuilding, railway work—construction of bridges, improvement of road-bed, making of new equipment—these will provide new opportunities for employment. In addition, the Government has sent a Trade Mission overseas to secure for Canada a share in the business of producing materials and products required for reconstruction work in Europe. It has also set aside the large sum of

\$25,000,000 to be loaned through the Provinces to encourage the building of workmen's houses. This will mean much new work in the spring.

(3) *Land and Loans for Soldiers*

To help soldiers become farmers the Government has developed a programme that includes the providing of land, the granting of loans, and the training and supervision of those inexperienced in farming. At present, the soldier is granted, free, in addition to his ordinary homestead right, one quarter-section of Dominion lands. He also receives a loan up to the maximum of \$2,500.

These original plans are now being broadened. If Parliament passes the new proposals during this session, the Soldier Settlement Board will be able to buy suitable land and re-sell it to the soldier at cost.

Land up to the value of \$5,000 may be bought by this plan—the money to be repaid in 20 years. The low interest rate of 5 per cent. will be charged. These new proposals will also permit the Soldier Settlement Board to loan the soldier-farmer up to \$2,500 for purchasing equipment, etc., in addition to \$5,000 loan on his farm.

## of NOVA SCOTIA for NOVA SCOTIA

IT would be difficult to imagine Nova Scotia without its efficient telephone system, so intimate and necessary a part of the Province's commercial, social and official life has the telephone become.

Why should not the people of Nova Scotia supply the necessary capital required from time to time to extend and improve their own telephone system?

Why should not every telephone subscriber be a telephone shareholder? Why should the people of other Provinces, or the United States, or England easily finance it ourselves? We Nova-Scotians already supply the earnings—why not also supply the Capital?

Full information to interested parties regarding this company's new issue of 7% stock, with earnings stabilized by legislation, will be gladly furnished on application.

**What Would You Do?**

A preacher, at the close of one of his sermons, said: "Let all in the house who are paying their debts stand up." Presently every man, woman and child, with one exception, rose to their feet. The preacher seated them and said: "Now every man not paying his debts stand up." The exception, a careworn, hungry looking individual, clothed in his last summer's suit, slowly assumed a perpendicular position. "How is it my friend?" asked the minister, "you are the only man not able to meet his obligations?" "I run a newspaper," he answered, "and the brethren here who stood up are my subscribers, and"—"Let us pray," exclaimed the minister.

If this question was asked in your congregation what would you do—stand up or sit still? Look at your address label.

**A GENTLE REMINDER**

Use Printer's Ink and Have No Cause for Complaint.

When the government wants to float a loan, or sell War Savings Stamps, it advertises in the newspaper. When the Salvation Army sets out to raise million dollars for philanthropic work, it gets publicity through the newspapers. Yet tens of thousand of merchants seek to do business without the aid of newspapers and then complain if the mail order houses, which spend millions in advertising, take their customers away from them.

The Provincial Building

It is pointed out by the Halifax Record that the Provincial Building there was first opened on Feb. 11, 1819, having been constructed at a cost of \$208,000 the stone being brought by water from Wallace, Cumberland Co. It is 140 x 70 feet area and 42 feet high. The members of parliament from Annapolis County then were: Thomas Ritchie, John Warwick and Timothy Ruggles, Jr., the latter being from Granville. Mr. Ruggles was the grandfather of Messrs. Ruggles Bros., Barristers of this town, and of the present Mr. T. D. Ruggles, also of Bridgetown.

We believe you would rather pay a fair price for a good light car. And in buying the Gray-Dort you get the finest light car that engineering skill and high-priced materials can build.

More than that—you get this fine car at a really low price. Efficiency in the factory and big production make it possible.

We have built the Gray-Dort for the man who wants a car of sensible price; a car economical in upkeep; but a car of sure performance, free from trouble, comfortable and commodious, equipped for care-free driving, and unquestionably handsome.

The touring car is \$1,245; the Gray-Dort Special—the car with added refinement and extra equipment, is \$1,335 extra; there are also the coupe and the sedan. All prices f.o.b. Chatham; all prices subject to change without notice.

The exceptionally mild weather and lack of snow that we have enjoyed during the month just past, though not conducive to large woodpiles, has enabled the farmer to do some spring work in advance. Orchards have been pruned, fertilizer hauled and seed cleaned for sowing. The various seed firms are sending out attractive catalogues which remind us that prices have diminished during the year.

DEEP BROOK. On Saturday morning, Feb. 15th, a sad message came to Mr. and Mrs. Ernest Purdy, of Deep Brook, when it was learned that their daughter, Alice, was dangerously ill at the Massachusetts General Hospital. Mr. Purdy left on Tuesday for Boston, one hour before her father reached the Hospital on Wednesday, the 19th. Alice passed to her heavenly home, aged 28 years. The funeral service, which was held Saturday afternoon at St. Matthews Church, will long be remembered by all who were present. The impressive service was conducted by her rector, Rev. A. W. L. Smith, the text being Isaiah 26:3. The choir rendered appropriate music. Alice was a great favorite in the community and a loyal and active member of St. Matthews Church. The large gathering evidenced the high esteem in which the deceased was held. The flowers were beautiful, including, besides the family pieces, a cross from the Church, a wreath from neighbors and friends and a pretty spray from the school children. Interment took place at Clementspond. A grief-stricken father and mother, two brothers, Ray with the American Army in France and Fred in Siberia, three sisters, Mrs. E. Roberts, of Western Mass., Jenne, a nurse with the American Army in France and Ethel at home are left to mourn the loss of a devoted daughter and sister. The deepest sympathy of a large circle of friends is extended to the family in their sad bereavement.

THERE'S NO DOUBT

that you get the maximum return for your money when you buy Zam-Buk, because Zam-Buk is all medicine—not 5% medicine and 95% animal fat as ordinary ointments are. The herbal extracts and vegetable oils of which Zam-Buk is composed are so wonderfully blended and refined that Zam-Buk possesses unusual power of penetration. Instead of remaining on the surface skin, as ordinary ointments do (owing to the amount of coarse animal fat they contain), Zam-Buk literally soaks through until it reaches the "root" of the disease, which is always in the underlying tissues. This it cures from the "root" up, which is the only thorough and permanent way of curing skin troubles, and is why Zam-Buk succeeds when other treatments fail.

PORT WADE.

Mr. Percy Ellis has returned home from St. John. Mr. Percy Amero, who has been visiting here lately, has returned to St. John. We regret to report that Mrs. Austin Weir is confined to her home through illness. Dr. Smith of Gr. Ferry is in attendance. Mr. Herbert Milbery, of Granville Centre, was in our village last week, selling the famous Aladdin Lamp which turns night into day.

Owing to the great spread of Influenza in Belle Isle where she was teaching, Mrs. Ralph Apt has given up her school for a time and returned to Port Wade. Miss Bertha Snow, daughter of Mr. and Mrs. James Snow, is leaving home on Saturday to attend the Young Ladies' Seminary at Wolfville. On Wednesday evening, Feb. 26th, the home of Mrs. Herbert Amero, which is crowded to its utmost capacity, was the scene of a reception of welcome for Private Amero who arrived home the evening before. Mr. Edgar Potter was appointed Chairman for the evening and gave a splendid address of Welcome in a most charming manner. Private Amero responded by telling many interesting facts in connection with his two years of service in the Forestry Battalion. The pastors of the Methodist and Baptist Churches, Rev. H. Patterson and Rev. I. Britch, were present and gave most pleasing speeches. They followed a welcome feast of good things; to eat, after which there was a recitation by Mrs. F. R. Parker, and a half-hour dialogue by eight ladies, which judging by the shouts of laughter produced at intervals as it proceeded, was very entertaining. There were several patriotic songs interspersed, the music being in charge of Mrs. Wm. Shaffner, which is a guarantee of its success. Private Amero was delighted to receive a closed with singing "God Save the King" a handsome silver-headed cane in appreciation of his service for king and country. The evening King" in which many joined most heartily.

MIDDLETON. Fred Cummings is spending a few days with his family at Clementspond. We are pleased to know that C. N. Phillips is able to get out again after several weeks' illness. Capt. J. H. Charlton, has returned home from Halifax and is progressing nicely towards recovery. Mr. Gordon Withrow, of Acadia College, spent Sunday in Middleton. Miss Phyllis Robinson, of Round Hill, spent last week in town with friends. Much sympathy is felt for Mrs. L. J. Keady and child in the loss of her husband. He passed away on Friday night, the cause of his death being pneumonia. "The Reveries of a Bachelor" given in Morrison Hall on Feb. 26th, by the Young people of Holy Trinity Church was certainly a success as over one hundred dollars was realized. A credit is due Mrs. B. A. Cunningham.

PRINCE DALE. Mr. and Mrs. Minard Weir, Smith's Cove, were week end guests of relatives here. Mr. and Mrs. William McCormick, Bear River, spent Sunday with their daughter, Mrs. Eustace Wright. UNITED STATES WARNS IT

UNLESS THE BLOCKADE IS LIFTED ITALY'S FOOD SUPPLY WILL BE CUT OFF

The British and French Delegates Have Been Outspoken in Criticism of the Supreme War Council in Charge of the Blockade Against Dalmatia, Herzegovina, Croatia and Slovenia.

WASHINGTON, March 6.—Italy has been warned by the United States government that unless she ends the delays in movements of supplies to the newly established Jugoslav and Czechoslovak states, steps will be taken to cut off the flow of American foodstuffs to Italy.

PARIS, March 6.—The British and French delegates here have been outspoken in the support of the council in criticism of the blockade which the Italian government is maintaining against Dalmatia, Herzegovina, Croatia and Slovenia. The new dictator built out of the old Austrian empire are relied upon by the entente for protection against the Bolsheviks and the food shortage in the creating chaos.

While the American delegates are less outspoken than the British and French regarding the Italian blockade which is stopping all American work, Italy is entirely dependent on the United States for food staples, receiving credits thru the American treasury with which to make purchases. Italian relief supplies amount to \$50,000,000 monthly, while the rest of the Czechs, Jugoslavians and Serbians costs the United States about \$20,000,000 monthly.

and what is charged as the effort to obtain political advantage are creating such bitterness among some of the European representatives as to suggest the possibility of a discontinuance of American relief to Italy.

Early in February an Italian military mission penetrated Jugoslav populated territory at Laibach and settled in the town. The Jugoslavians feel that since their union with Serbia they are not the enemies of Italy and they resent the occupation of Fiume and the Dalmatian coast by the Italian army. Consequently they forced the Italian mission to leave Laibach on Feb. 19th. The Italian returned by establishing a food blockade against all Jugoslav territory inasmuch as the railways to Czechoslovak territory cross the Jugoslav territory this blockade has also affected the American relief work for Bohemia and Moravia.
