## Montreal Stock Market.

**MARKET GENERALLY WEAK — PACIFIC RECOVERS SLIGHTLY FROM YESTERDAY'S DECLINE.**

This morning's market was with the exception of Pacific weaker than yesterday. London quotations for Pacific were stronger and consequently the stock advanced in this market. Montreal Street was neglected and declined to 325. Toronto Rails was fairly active but declined to 116. Dominion Cotton also declined, opening at 109½ and selling at the close at 109.

In the mining issues Payne sold down to 350. Republic 125. War Eagle 373½, and Montreal-London 51.

We would not be at all surprised to see further declines, as a hitherto prominent bull house has changed temporarily to the other side.

Canadian Pacific—Opening sales in this security were made at 96½. From this price, on good buying, it advanced to 97, but towards the close declined fractionally, the closing sale being made at 96½ with the same price bid for more and 97 asked. The total trading consisted of 1000 shares.

Toronto Rails—In point of activity this security came next to Pacific, 900 shares being traded in. The price, however, was below that at which sales were effected yesterday. Opening at 117, at which 525 shares changed hands, it declined steadily and sold at the close at 116, the closing quotations being 115½ to 116.

Montreal Street—The only trading in this security consisted of the sale of 50 shares which was made at 325, a decline of 3½ points from yesterday's close. The closing quotations were 325 to 325½.

Royal Electric—In sympathy with the general trend of the market this stock declined to 186, and all trading, which only consisted of 100 shares, was done at this figure.

Dominion Cotton—This security declined on sales of 325 shares, to 109. The opening sale was made at 109½ and the closing at 109, with 108½ bid and 109 asked at the close.

War Eagle—All trading in this security was done at practically yesterday's quotations. The trading was fairly large, over 13,000 shares being dealt in. Opening sales were made at 373½ and closing sales at 374 with 373 bid and 375 asked.

Republic—Considering the general weakness in mining issues, this stock maintained its strength remarkably well. 2,500 shares were sold around 125 and it was quoted at the close 125 to 125½.

Payne suffered a further decline this morning, 1,000 shares which constituted the whole of the business bringing 300. It closed decidedly weak, 340 being bid and 345 asked.

Montreal-London was only dealt to the extent of 1,000 shares, 500 of which brought 52 and 500, 51. The bid and asked at the close being 50 to 55.

The balance of the trading consisted of sales of 105 shares of Commercial Cable at 186½, 200 Richelieu & Ont. at 111½, 15 Union Bank at 120, 4 Merchants Bank at 170 and 25 Bell Telephone at 181½.

**MONTREAL MINING EXCHANGE.**

Though prices were generally in favor of buyers, the only stocks which could be called weak were Payne and Virtue. The former was not dealt in; the latter was thrown over at 41 and 40, and though buying orders were present, the extreme weakness caused those having them to hesitate before buying.

Republic was in good demand at 126 and 126½, but only small lots of stock could be obtained at these figures.

Californias were dealt in to the extent of 10,000 shares at 10.

Golden Star declined to 69 in sympathy with Toronto.

Big Three remains firm and in demand around 21½. This stock should be bought on concessions.

# NEW YORK EXCHANGE.

STOCKS FIRM AT OPENING LOST THEIR STRENGTH TOWARDS CLOSE—GRANGERS A WEAK FEATURE.

New York, June 15.

The London market is excessively dull. The reasons given for the slightly heavier tone and for this speculative inertia, are the very hot weather and the unsettled condition of affairs in the Transvaal.

London was a moderate seller of stocks yesterday but did not do more than 10,000 shares. They were buyers of Denver Pfd in the morning when it was offered down by several selling orders coming together. The bear influence on Denver was the reported smelting strike in Colorado. This morning's papers say that the strike is on in earnest, and that there will soon be 30,000 men out of employment. Most of the smelters have shut down, and the business of the American Smelting Co. is practically at a standstill. Various estimates of the effect of the strike are given and it is said that as long as the strike continues, it will cost the Denver Co. from \$250,000 to \$300,000 a week.

The sentiment at the close was rather mixed, but in a good many cases net declines were scored.

Mr. Havemeyer's testimony was not as generally bearish as it was supposed it would be. His statement was very guarded, and he did not commit himself any more than he had to. Both the bulls and the bears claim that his testimony favors their side, and in the last half hour on the Exchange the bulls on Sugar had things pretty much their own way.

The rapid decline in Metropolitan caused something of a general selling movement all round the room. The selling was said to be based on a rumored injunction against the company in connection with its new subways. A good deal of stock came out at the lowest figures on the expectation of stop orders, and a good many stocks were also put out.

The most encouraging feature of the present market is the continued excellent demand for good bonds.

The market is likely to be dull and professional for some little time.

New York, noon, June 15.

In spite of the lower quotation from London, the very hot weather, and the general professional character of the market, the list generally opened at prices either equal to or better than the close. There was some hesitancy after the opening but it soon became apparent that the market possessed a great deal of strength. Not only did Sugar and some of the other Industrials that have recently absorbed a great deal of attention advance, but the Standard Railroad stocks also scored advances on comparatively small transactions.

The so-called Flower stocks have been among the strongest, Brooklyn & Federal Steel leading in point of activity. Peoples Gas also being very strong. The early return of the Flower party from the West and the reported bullish utterances of

Mr. A. R. Flower are being taken by the traders as the reason for bulling these stocks.

Flower & Co. have not been open buyers this morning but it is thought that they bought yesterday some 15,000 Brooklyn Rapid Transit. Mr. A. R. Flower is quoted as saying that Federal Steel directors will declare a dividend of 1½ on common tomorrow, and that the Co., will set aside a surplus of 1 million after payment of the pfd. and common dividends, and predicts that this surplus will attain much more considerable proportions before the year is over.

Mr. Flower is also quoted as saying that Brooklyn will sell about 200 this year. The rumor which got around yesterday that Brooklyn would soon be placed on a 6 p.c. dividend basis, is denied by an official of the company. The earnings, however, continue to be most excellent, and it seems quite possible that some return will be made to the stock-holders in the near future.

CHICAGO MARKET.

CHICAGO MARKET STRONG—GOOD ADVANCE SCORED IN WHEAT—CORN, OATS AND PROVISIONS FIRM IN SYMPATHY.

Chicago, June 15.

Notwithstanding free predictions for fair and warm weather throughout the spring and winter wheat belts, the market for wheat was a full half-cent higher at the opening this morning.

This was partly owing to a strong opening in Liverpool, a strength which was sustained to the close.

The trade here, however, was light at first, traders being mixed as to the situation. Bradstreet gives an increase in the World's Visible of 630,000 bushels.

Cash demand seems rather dull, and the seaboard reports only a moderate business done for export. Car receipts here to-day are 540, against 625 last year and 126 the year before.

All advices show that no damage has been done to wheat crop yet.

A good deal of wheat was offering around 76½ for July during the first hour, but it seemed to be well taken. As the day advanced prices took a firmer and firmer tone and at the close practically the highest figures for the day were reached.

It was clearly evident that in the last hour the best class of buyers were taking hold.

Late cables showed Paris and Antwerp unchanged.

Seaboard clearances—366,000 bushels; primary receipts, 786,000, against 862,000 bushels last week.

Corn was firm in sympathy with wheat, and higher figures were scored in all the options. Jim Patten bought 200,000 July corn from Pringle near the close. Cash demand was good for corn. Wet weather seems to have caused deterioration.

Oats and Provisions steady.
