ASK MEDICAL COMMISSION TELEPHONE ARBITRATORS' RECOMMENDATION TO DECIDE GIRLS' HOURS

Principal Feature of Exhaustive Report—Judge Winchester and W. M. King Decide That the 8-Hour Schedule is Too Much for the Operators.

The recommendation that a commission of eminent medical men should be appointed to determine, from the health standpoint, the number of hours which Bell Telephone girls might properly be required by their company to remain at their posts, daily or nightly, is the most important feature of the report, which has been prepared by Judge Winchester, and W. L. Mackenzie King, deputy minister of labor, who were named commissioners by order in council, on Feb. 8 last, to investigate differences between the company and its Toronto operators.

The report is to be made public at Ottawa to-day, and while its findings in detail, covering hundreds of typewritten pages, are yet to be given to the light, it is apparent from remarks made by Judge Winchester last night, that the result is practically a victory for the girls.

While the commission has decided that questions of sanitation and hygiene, which are really the vital issue, can best be dealt with by members of the medical profession, Judge Winchester intimated that both Mr. King and himself had come to a decision that the eight-hour day schedule, which the company had sought to force upon its employees, necessitated entirely too much strain upon the nerves of the operators, and was not to be considered.

"We are of the opinion that the girls were right in the course they took," he added, referring to their invoking legal aid in the person of J. W. Curry, K. C. "We do not agree at all with the Bell Company's contention in this respect."

It will be recalled that in the argument before the commission, opening on Feb. 4, the right of girls to place themselves in battle array with Mr. Curry as chief marshal, was bitterly fought by the company.

"The question of health is really the vital one," continued Judge Winchester, who said that there were many minor recommendations contained in the report, the final drafting of which he said, had been completed three weeks ago.

The outline of the report of the commission, has been awaited with keen interest.

A strike had been threatening for several weeks following the well-grounded report that operators would be required to extend their working time from six to eight hours. The action of the management in attempting to force the girls to sign an agreement to this effect, precipitated the trouble on Jan. 31, and three days later the commission was appointed. One of its first official acts was to reduce the working hours, pending a settlement of differences.

PARDON FOR GEO. ROWLEY

Manager of Defunct
Elgin Loan Co. Released After Four
Years in Prison.

ST. THOMAS, Sept. 11.—(Special.)—George Rowley, the defaulting manager of the defunct Elgin Loan Co., the collapse of which four years ago ruined so many people here, who was sentenced to 12 years in Kingston Penitentiary by Judge Ermatinger for forgery and theft, has been pardoned and is now out west.

Rowley served exactly four years.

His pardon was kept a complete secret.

Rowley's default came to light at the time of the Atlas Loan smash. He was arrested and brought to trial on July 25, but at the request of the crown sentence was deferred three weeks to allow Rowley to assist the liquidators in investigating the books of the wrecked company.

At the time of his sentence Rowley pleaded for leniency in order that he might endeavor to repay at least some of the money he had taken from those who trusted him.

BORDEEN TELLS VANCOUVER WILL SHIP TO OTTAWA MAYOR AUTHORIZES PUBLIC FUND TO DO IT 90 HINDOOS BY SPECIAL TRAIN

Coast City Proposes a Drastic Step to Impress Upon Government its Objection to Asiatic Labor.

EMPTI HOUSES ARE GUARDED
IMMIGRANTS WITHOUT HOMES

VANCOUVER, B.C., Sept. 11.—(Special.)—From Japanese-Chinese, Vancouver's race problem has shifted to Hindoos. This afternoon 900 arrived on the Montague from Hongkong. Thirty Japanese only came to Vancouver.

The Canadian Pacific Railway, owners of the steamer, had its wharf barricaded, roped off and protected by special police. It will be late in the evening before any large number of Hindoos are expected to leave the steamer. No trouble is expected, as the laborites will not probably move against the Hindoos because the latter are British subjects.

But the civic authorities this morning backed up the labor people in bringing the entire immigration scheme to an issue. For two days the health department of Vancouver has been pleading for "unit for habitation" every empty house and barn in the city limits in order that Hindoos may not be allowed to take possession. Special guards will see that none of these houses are used by new arrivals. At noon, Mayor Hielme despatched this telegram to Premier Laurier:

"Neither accommodation nor employment for Hindoos arriving today; nor is it possible to house them under sanitary conditions. Shall we house them in drill hall at government's expense?"

Anticipating refusal by the government, the mayor ordered this afternoon the opening of a popular subscription list by the citizens to ship the entire 900 Hindoos east by special train, leaving to-morrow morning. The mayor proposes that this would be the cheapest way of ridding Vancouver of these immigrants, and would, at the same time, give Eastern Canada a taste of what Asiatic labor is like.

The train would be billed right thru to Ottawa.

No more demonstrations have occurred, and no renewal of rioting is expected until the arrival of the steamer "Indigo" and "Woodchuck," with more than one thousand Japanese. They are expected to arrive to-morrow or Friday.

THESE GREAT EXPECTATIONS MUST BE REALIZED.

The Beck-Whitney power policy has caught the eye of the people not only of Ontario, but also of the great outside. The following appreciation of that policy from The New York Outlook for September is well worthy of the perusal of the people and the public men of Ontario. What we have led the world to expect we must realize. It might be one of the most fearless exponents of public rights and of better and more progressive government for the twentieth century.

This is the article:

The use of commissions in the administration of government has been rapidly growing of late years in the United States. There is, for instance, the inter-state commerce commission, which, with its increased functions, is the instrument of the enlarging powers of the federal government in controlling the railways. There are also many state railway commissions. And now there are two states of the Union—New York and Wisconsin—which have created commissions for the control of public utilities. In all these cases the commission exercises power of regulation and control.

The new commission which the Province of Ontario, Canada, has created, extends the idea one step further. The hydro-electric power commission is designed itself to harness the water-power of the province in the service of all the people. This commission will acquire, by authority of the council of the province, by purchase or lease, either with or without the consent of the owner, lands, water rights or private power plants adapted for generating electric energy. The commission can build and operate any works necessary to generate and transmit electrical power and deliver it to the towns and cities of the provinces.

More than this, it can do everything necessary to develop and bring into use the water-power of the province. This means that Ontario is determined to make Niagara Falls of direct service to the people of the province rather than a source of profit to industrial concerns.

The commission, moreover, will so administer its business as to co-operate and further the municipally owned enterprises of the cities. It does not contemplate supplying small consumers directly. Any city can contract with the commission for electric current, but only after the plan is approved by the voters of the municipality. Under the act creating the commission, the city can raise what money it needs for erecting the distributing system. By this means every city and town in the province is placed in a position to compete directly with the private companies now in the field.

In its dealings with the cities the commission does not intend to make a profit, but simply enough money to pay for the current, the cost of transmission, interest at four per cent. on the capital invested, and an annual sum sufficient to retire the securities issued within thirty years. Of course, how greatly rates may be reduced by the adoption of the policy embodied in this act is still a matter of estimate, not of experience. Already, however, the commission has made tenders to the cities to supply them with current at rates varying from fourteen dollars to thirty dollars per horse-power annually.

The City of Toronto, where the private companies are paying thirty-five dollars for Niagara power, can obtain it from the commission at from fourteen dollars to seventeen dollars and seventy-five cents. It has been estimated that instead of paying to the present company eight to twelve cents the kilowatt hour for incandescent lighting, private consumers can get it from the city for from five to six cents, and for motor-power, instead of paying from two and a quarter to eight cents, they can get it from the city for from one to one and a half cents.

It is even expected that as the system is developed the rates will be very greatly reduced, even to as low as two to four cents the kilowatt hour for private lighting, and to even lower prices for power.

CANADIAN BONDS ARE DRAG ON MARKET

They're a Good Investment, But Somehow Purchasers Are Fighting Shy of Them.

New York City offered \$40,000,000 of bonds, paying a 4 1/2 per cent. and received subscriptions of \$30,000,000, or over five times the amount of the issue.

Canadian municipalities are offering debentures at 4 1/2 to 6 per cent. to the extent of about \$20,000,000, which, according to financial institutions, are unsaleable.

The query is: Why are Canadians satisfied with a 3 per cent. bank interest when good municipal debentures are available at nearly double the interest return?

The sale of the New York City bonds bears out the article in The World yesterday that the money is becoming easier. The impression prevails at Toronto that the financial institutions are holding up individuals and corporations for high rates of interest, although satisfied that a change is in effect. The idea of tight money has been imbedded in the minds of the individual in control of funds until a relaxation is regarded as an impossibility. A consideration of the subscription to the New York bond issue will show that the ordinary people are willing to invest in their own unwatered securities at a fair interest return and that the reason to suppose that Canadians will not do the same.

The subscription to the New York City bond issue of forty million dollars, which closed on Tuesday, offers a ray of hope to the majority of Canadian municipalities whose debentures have been for sometime said to be unsaleable by the bond houses and financial institutions. The New York offer was over-subscribed. The debentures have been for sometime said to be unsaleable by the bond houses and financial institutions. The New York offer was over-subscribed. The debentures have been for sometime said to be unsaleable by the bond houses and financial institutions.

HAMILTONIAN'S LETTERS PROMPT WOMAN MURDER

Billy Murdoch, Friend of Murdered
Mrs. Herman, Whose Husband
and Former Suitor Succeeded.

CHICAGO, Sept. 11.—(Special.)—A Hamilton, Ont., man named Billy Murdoch figures big in a sensational tragedy here to-day, when Mrs. Herman Westerfield, the 26-year-old wife of Herman Westerfield, was shot by a former suitor, Ed. J. Hicok, who, when he found the police were after him, shot himself, in a downtown street.

Westerfield, when he saw his dead wife, sent a bullet thru his brain.

Mrs. Westerfield three years ago was a friend of Billy Murdoch's, and off and on has kept up correspondence with him.

Ending letters passed between them, couched in terms such as "a million kisses and hugs, from your own boy." "Billy will always be your own," etc., etc.

The police have the letters and a photograph of Murdoch.

It is said that when Hicok learned of the friendship between Mrs. Westerfield and Murdoch he became insanely jealous and killed the woman.

TO EXCEL THE LUSITANIA

Belfast Shipbuilders Planning New
Ocean Leviathan.

BELFAST, Sept. 11.—The ship-building firm of Harland & Wolff admit officially that they are at work upon plans for a White Star Line steamer that is to be bigger than the Lusitania.

The keel of this vessel is to be laid in a few months, and she will be fitted with reciprocating engines and turbines.

According to information received from another source, the new vessel is to be of 40,000 tons register.

NO NEWS FROM MOROCCO.

PARIS, Sept. 11.—Premier Clemenceau announced to-night that he had received no further news from Morocco.

He has instructed Gen. Druze, the commander of the French expeditionary force, to deliver a sharp and decisive attack upon the Arab tribesmen when, in his judgment, the occasion is opportune.

THE TORONTO GLOBE

"The Toronto Globe," continued Mr. Borden, "has been given in accord with the Halifax platform. Well, I am glad to have any support from any quarter. But several newspapers in the general principle, both as to platform as to nationalizing telegraph and telephone service was stolen from the Liberal party. Very well, then."

"Is Sir Wilfrid Laurier's Government prepared to expropriate the existing telegraph and telephone companies? Will such legislation be brought down at next session? No, gentlemen, no such policy is the policy of the Liberal party."

Mr. Borden elaborated his ideas as to a public utilities commission. He was impressed with the law recently enacted in New York. "Since 1903 parliament had placed under the railway commission express and telephone companies. The general principle, both as to express and telephone companies, had been urged for years by his friend W. F. Maclean, the member for South York, who had given to this general subject many years of earnest effort, resulting in useful legislation.

Utilities Commission.

Mr. Borden suggested that the proposed public utilities commission might be divided into two branches, one to be solely administrative. He intimated that it was only a matter of evolution, a question of time, until all public highways would be operated by the state, certainly all agencies of transmission.

James Kendry, ex-M.P., presided. Claude Macdonell, M. P. for South Toronto, was the first speaker. He pointed out that prosperity was world-wide and that Canada lagged far behind Australia and New Zealand. One hindrance to this was that these countries had public ownership of public utilities. In New Zealand, the post-office, telegraph and express service, all were owned by the state. Mr. Col. Ward, M.P., said that Mr. Borden would be able to form a good strong cabinet.

Col. Hughes, M.P., said that Mr. Aylesworth, who had ventured to denounce Mr. Borden, had met him on the platform in debate. Mr. Bergeron made a characteristic speech.

On his way to morning Mr. Borden was greeted by a large crowd at Port Hope and a meeting of several hundred people was held at the municipal building while the leader was waiting for his train.

This afternoon Mr. Borden and party visited the lift lock and attended a reception at the Young Men's Conservative Club.

PROTESTS FROM INDIA

LONDON, Sept. 11.—Despatches from Lucknow state that the incidents at Halifax and Vancouver have greatly excited Hindoos, who are highly indignant and are calling on the British government to take effective measures to protect their countrymen in the United States and Canada.

Left to Laurier.

TOKYO, Sept. 11.—The Hochi, which was the most outspoken newspaper here, regarding the recent Japanese difficulties in San Francisco, in an editorial to-night says:

"The trouble in Vancouver, which appears to be over, was confined to one city. Japan can safely leave her interests in the hands of Premier Laurier, who has always been friendly. There is no reason why the people should feel any over the outcome."

The Hochi is considered to be representative of popular sentiment.

AGAINST AN ASIATIC

OTTAWA, Sept. 11.—(Special.)—The Mayor of Vancouver has telegraphed Sir Wilfrid Laurier that twenty arguments have been made.

He also states that the attacks were directed against Asiatics in general, and not against the Japanese in particular.

NATIONALIZE TELEGRAPHS

Sir Sandford Fleming
Lays Important Motion
Before Ottawa
Board of Trade.

OTTAWA, Sept. 11.—(Special.)—At a meeting of the board of trade this evening, Sir Sandford Fleming moved the following resolution, which was laid on the table, and will be discussed at the next meeting of the board:

"The board heartily commends and approves the action taken by the council in connection with the proposed chain of empire cables, and expresses the wish that every effort be continued to advance the movement to cheap telegraphy by land and sea thru the empire."

"The board favors the nationalization of the telegraph service of the Dominion and the establishment of a state Atlantic cable, both to be under government control, and that the council be authorized to request and memorialize the government and parliament in respect thereto."

Sir Sandford declared strongly for some radical method such as this for the reduction of telegraph tolls all over the country. He pointed out that the charge for ten words from Toronto to Ottawa was 25 cents, from Winnipeg 35 cents, from Edmonton 51, and so on. "This extortionate rate," he denounced as a strong term.

TRAIN WRECK AT PLANTAGENET

Freight Train Crashes Into Ballast—Fireman Killed—Many Cars Wrecked.

OTTAWA, Sept. 11.—(Special.)—A C. engine and several cars being smashed. The cause of the accident is not yet known.

Montreal, plunged into a ballast train at Plantagenet to-night and was wrecked. Fireman Knox of Blackburn was killed and Engineer Herb Reynolds of Ottawa seriously injured. The train is completely wrecked, its

Packing Plant Burned.

PHILADELPHIA, Sept. 11.—The large plant of the Cudahy packing-house here was burned to-day. Loss, about \$200,000.

BONDS OFFERED

A partial list of the present offers of bonds of Canadian municipalities is as follows:

Edmonton	500,000
Regina	550,000
Vancouver	500,000
Winnipeg	3,000,000
Saskatoon	250,000
Prince Albert	200,000
Hamilton	200,000
Ottawa	1,000,000
Halifax	500,000
Quebec	350,000
Westmount	200,000
Berlin	100,000
Moosjow	100,000
Medicine Hat	50,000
Calgary	100,000
Windsor	75,000
St. Catharines	50,000

This is only a part of the debentures authorized by the various municipalities and the amount of outstanding debentures in the Dominion at the present time is about \$20,000,000. The rates of interest on these various securities run from 4 to 6 per cent. The New York bonds carry an interest of 4 1/2 per cent., and the question among financiers in Toronto yesterday was, if New York 4 1/2 per cent. to the extent of forty millions could be sold at a premium, why the Canadian municipalities should not sell this amount would not find a ready market at rates considerably higher than the New York securities.

C. E. A. Goldman of the Aemilius Jarvis Company, who are large dealers in Canadian bonds, said that there was an important demand for good municipal securities in the British markets, but that the interest in these issues had yet to be aroused. He thought that money conditions were showing a slightly easier tendency, but the improvement would be gradual because of the active demand for money on real estate loans, as many of the insurance and loan companies were able to get returns of 6 1/2 per cent. on substantial securities.

At the meeting of the Association of Canadian Municipalities it was suggested that a bureau should be established for the disposition of the bonds of the Canadian municipal corporations, and it is believed that if this idea were carried out by a research of the old country investment circles of the world there would be no great difficulty in disposing of the debentures of all the progressive Canadian municipalities at the present time at satisfactory prices.

OPERATION ON ALFONSO.

SAN SEBASTIAN, Spain, Sept. 11.—King Alfonso to-day underwent an operation with the object of dilating the ducts of the nose and easing his breathing by removing a few adenoid growths.

THE MAN ON THE STREET.

The man on the street says the weather is the reminder that the fall has begun. Dineen's have the fall hat you want. You can get the best English or American makes at Dineen's, corner Yonge and Temperance streets. You can know what you get and you won't have to pay as much as some of the exorbitant prices elsewhere.

CZAR'S YACHT RUNS ON ROCK

Nothing to Indicate
That it's Due to
a Nihilist
Plot.

HANGO, Finland, Sept. 11.—The Russian Imperial yacht, Standart, with Emperor Nicholas and Empress Alexandra and their family aboard, is fast on the rocks off Hango, a point on the east coast west of this place.

The yacht is apparently in no danger, as the emperor and his family remain on board.

The Standart ran upon the rocks, which were submerged at high tide, at 4.30 o'clock this afternoon and remained fast.

A steam lifeboat from Reval, on the Gulf of Finland, has arrived upon the scene, and seven torpedo boats, which have been escorting the Imperial yacht on its tour in Finnish waters, are standing by to render assistance if needed.

Editor and Doctor To Fight a Duel

Exciting Incidents Follow Editorial
Criticising Political Party in
St. Pierre.

NORTH SYDNEY, N.S., Sept. 11.—(Special.)—From private advices received to-day from St. Pierre, it is learned that in a short time a duel will be fought with swords between two prominent figures in the public life of the French colony.

One is Dr. Dupuse, chief physician in the local hospital there, and the other Mr. Mazier, editor of The Reville St. Pierre newspaper, the organ of the League party. The trouble arose over an article in The Reville St. Pierre some time ago, in which the League followers were subjected to a severe criticism. Among those coming under the editor's lash was Dr. Dupuse.

COSTS MONEY TO SHOOT. Disadvantages Under Which Rockcliffe Marksmen Labored.

A member of the Queen's Own Rifles who took part in the D.R.A. matches at Ottawa and who was a competitor for a place on the Palma Trophy team, stated yesterday that the Canadians were under a great handicap in respect to the cost of their rifles and other incidentals for a week at Ottawa. They figure that the honor of competing costs a member of the Canadian team about \$100 in cash.

The great outlay is in regard to the rifle used in competition. Each team is supposed to use the firearm adopted by his country, and the Americans came over with a new rifle made in Springfield, Mass., which cost \$14.10 complete, with \$2 for each new barrel used. With this cheap rifle the Americans succeeded in making a world's record.

The Canadian arm was the Lee, Enfield. This is an English rifle and costs, with the duty, \$30. In case the competitor requires a new barrel this will cost him \$25, or if he is successful in his application he may secure a new barrel from the outfit for \$4.

NEXT COUNCIL MEETING WILL DEAL WITH VIADUCT

Mayor is Willing That Board of Trade's Report Should Be Passed Upon Sept. 23.

The next meeting of the city council, to be held on Monday, Sept. 23, will probably have brought before it one of the largest questions with which the civic rulers have ever been confronted, namely, the building of a viaduct along the Esplanade.

The mayor said yesterday afternoon that he was personally in favor of having the report submitted to the board of trade, with or without an expression of opinion from that body, presented to council for consideration.

His worship has not, however, come out as a straight advocate of elevating the tracks. The plan which he has discussed the feasibility yesterday of 2-1 arrangement that would allow drivers of trucks and wagons to cross the level, should they desire it, assuming all risk, without making use of the bridges when built.

The report of Commissioner Joseph Thompson, who has been canvassing the board of control of leases and owners of Esplanade property, touching the viaduct, is expected to be submitted to the board of control to-day.

William Ward of Ward's Island, through his solicitors, Messrs. Gordon and Fowler, has put in a claim for \$850, claimed to be arrears of salary from Oct. 1, 1906, to Aug. 31, 1907.

The viaduct was yesterday agreed to allow the provincial health department to establish an experimental sewage disposal station on a portion of Stanley Park, north of the Esplanade.

Waterfront is Unsafe. Coroner Elliott Urges City to Take Steps to Prevent Loss of Life.

Coroner Elliott, who investigated the Dalvine disaster, in a letter to the mayor says that the harbor lacks proper life saving appliances.

He has drawn the attention of the marine department to the matter of inspecting gasoline launches.

In regard to the trial of contraventions of the Liquor Act, the department has recently inaugurated a novel change in policy.

An inspector accompanied by a constable, are sent into the scattered mining districts, particular attention being paid to the Montreal River section of country.

Manitoba Phone Line. Work has been commenced on the conduits to be laid by the provincial government for the wires of the provincial telephone system.

Poor, Pale, Anaemic. There is no better in pallor, but plenty of weakness, nerves and tiredness that has taken the place of your old-time brightness.

First of all, Ferrone gives you an appetite and improves digestion. Rosy color comes back to your cheeks.

NEW QUEEN OF THE SEA SMASHING OCEAN RECORD

Lusitania Expected to Arrive at Sandy Hook After Four Days' Voyage.

NEW YORK, Sept. 11.—Ploving the seas at a speed never before attained by a steamship, the giant turbine Lusitania of the Cunard Line is sweeping along at a 26-knot clip on her maiden voyage to New York, and a wireless message received from Cape Race, Nfld., early to-day, shows that the Lusitania has broken all records for a transatlantic steamer.

If she maintains her speed thru the last 1000 miles of her trip, the hope of a four-day trip across the Atlantic will have been realized. The Lusitania came into the wireless zone of Cape Race at 5:30 o'clock to-day, and telegraphed which would make the time of the voyage of the days 7 hours and 25 minutes, made by the Lusitania of the Cunard Line in 1884.

Wrests Title of Queen. The Lusitania's maiden voyage promises also to wrest the title of the Queen of the Seas from the Deutschland of the Hamburg-American Line.

The distance covered by the Lusitania between Tuesday noon, when the above dispatch was sent and the point at which she was reported to be at Cherbourg to New York in 1903 in 5 days, 11 hours and 34 minutes, over a course 3324 miles in length, at an average speed of 23 1/2 knots.

On board the steamship Lusitania, via Cape Race, N.F., Sept. 11. Associated Press, New York.—Tuesday noon, 11:36 miles from Queenstown; fog; rain; northerly wind. Lusitania marvel of construction, comfort, luxury, steady, no seasickness; all enthusiastic.

The distance covered by the Lusitania between Tuesday noon, when the above dispatch was sent and the point at which she was reported to be at Cherbourg to New York in 1903 in 5 days, 11 hours and 34 minutes, over a course 3324 miles in length, at an average speed of 23 1/2 knots.

Jewelry Tempts Burglars. But Attempts to Enter Three Stores Are Failsures.

KINGSTON, Sept. 11.—(Special).—Kingston jewelers are mystified over the action of some parties who visited their stores at a recent hour on Wednesday and tried to effect an entrance by cutting three plate glass fronts.

Three men were seen by the caretaker of F. W. Spangenberg's store, Kingston, at about 11 o'clock on Wednesday and tried to effect an entrance by cutting three plate glass fronts.

The large plate glass at Kinnear & King's jewelry store, on the corner of Princess and Wellington-streets, was also scratched up.

The visitors were afterwards given a trolley ride about the city, 20 private cars having been commissioned for their use. There were many expressions of appreciation of the hospitality, and Toronto was generally voted a charming city by the conventioners, who left on the 5 p.m. boat.

Party of Pilgrims Famine in North Ontario Wilds.

KENORA, Sept. 11.—(Special).—Some two weeks ago the first contingent of the Doukhobors left Kenora, striking out in the northern wilds in their mad march towards Montreal.

Today word was received through a hunter that the party of 30 pilgrims were famishing in the woods and that he believed unless succor was sent to them they would all perish within a week.

Second Contingent. PORTAGE LA PRAIRIE, Man., Sept. 11.—(Special).—The second contingent of Doukhobors, on the march to seek warmer climates, reached the town yesterday, and after a rest of a couple of hours left on the journey towards Winnipeg.

Twas Chilly For Daniel. NEW CUMBERLAND, Pa., Sept. 11.—Daniel A. Erney, a farmer of Lewisburg, died yesterday from the effects of swallowing a piece of a clinical thermometer, which he was holding in his mouth for the purpose of ascertaining his temperature.

Franco-Canadian Treaty. PARIS, Sept. 11.—Sir F. L. Bertie, the British ambassador to Paris; W. S. Fielding, Canadian minister of finance; L. P. Broleur, Canadian minister of marine, and President Faillieres of France, will sign the Franco-Canadian commercial treaty this week.

HONORED 1200 VISITORS. Stationary Engineers in Convention at Niagara Falls Visit Toronto.

One of the largest convention bodies which have ever been given a civic reception was clustered in front of the city hall yesterday afternoon, when Mayor Coatsworth and Ald. J. Graham, chairman of the reception committee, presented the freedom of the city to the National Association of Stationary Engineers.

They were about 1200 people in the party. The organization has been holding a convention at Niagara Falls, N.Y., and left Lewiston on an excursion to Toronto at 9:15 a.m. yesterday, arriving at the city hall at 2 p.m.

After the civic authorities had professed a warm welcome, appreciative words were spoken in reply by T. N. Kelsey, Lowell, Mass., president of the association. A. M. Wickens, chairman of the reception committee of the Canadian association, was master of ceremonies.

The visitors were afterwards given a trolley ride about the city, 20 private cars having been commissioned for their use. There were many expressions of appreciation of the hospitality, and Toronto was generally voted a charming city by the conventioners, who left on the 5 p.m. boat.

Woman's Health

Every woman may be attractive. Bright eyes, pink cheeks and red lips are her nature-given right.

A sallow skin, lack of animation, low spirits and weak nerves may be avoided by the use of Beecham's Pills.

Again and again they have proved to be invaluable at those recurring times when so many women feel debilitated and suffer from nervousness, headache and depression.

It is wonderful the way these pills assist Nature and relieve the suffering.

Every woman who values health and good looks should become a user of

(SIGNED) JAMES BAIRD, A Commissioner, etc.

IRREGULAR, BUT EFFECTIVE.

The World is no apologist for mob methods, and yet many is the occasion when a mob has been the only effective way of compelling public men and governments and newspapers to deal with serious issues.

COAL AND WHITE COAL.

This threatened scarcity of coal and consequent rise in prices should call the attention of every citizen to the value of the white coal of Niagara.

SNOW AT CALGARY.

A fall of 5 inches of snow during Tuesday night is reported from Calgary.

Overcome by Fumes.

BUFFALO, N.Y., Sept. 11.—In trying to rescue two fellow-workmen from a tank filled with sulphide of hydrogen gas at the Buffalo Chemical Works yesterday afternoon, Arthur J. Sweeney was overcome by the fumes and died.

No lumpiness in WINDSOR TABLE SALT.

tributed to the solid prosperity of the colony. In South Australia the effect of the super tax on estates of more than \$25,000 value, and a further tax of 20 per cent. on absentee owners, made it distinctly noticeable that large holders of land were realizing and disposing of their lands as opportunity offered.

ASIATIC IMMIGRATION AND BRITISH OPINION.

For the good of the empire and the sake of the imperial future, it is to be sincerely hoped that the views of The Times of London, England, concerning the Vancouver riots, are peculiar to that paper.

The Times was a strenuous supporter of the British Government that enacted a statute providing for the exclusion of undesirable European aliens.

Canada is perfectly competent to protect those who are lawfully resident within her borders and does not need to be warned regarding what is their due.

Political Intelligence

The World would gather from what Mr. Aylesworth said at Dundas on Tuesday, in reply to Mr. Borden, that the Liberals intend to bring some charges against the Conservatives which they think will be a sufficient set-off for the charges made against Liberals in the way of political corruption.

IN THE SESSIONS COURT.

Traveler Found Guilty of Misappropriation of Funds.

Before Judge Winchester yesterday in the sessions, Clarence E. Chandler pleaded guilty to stealing money.

Albert Baker pleaded guilty to uttering a forged cheque and obtaining money under false pretences from J. Jahn for \$25.40.

Treating the customers and other expenses, amounting to \$50.14, was a defence put up by E. P. Hawkes, who was charged with stealing money.

The charge against William Devins for indecent assault on a little girl aged 3, was dismissed by the judge.

"I think you are indiscreet with the girl," said his honor, "but with no criminal intent. You must leave the girl alone after this, for you have careful her mothers are of them. You are discharged."

"Pearl Mason," daughter of Samuel Reason, Sheridan avenue, was allowed out on suspended sentence, on a charge of the theft of a skirt and parcel, the property of a guest at the King Hotel.

"Within one week my constituency was debauched by shameless bribery, and the seat to which I was elected was stolen from me by shameful crimes committed in the interest of the government to which Mr. Fielding then belonged, and of which he is still a member."

With great deliberation Hon. Mr. Aylesworth continued:

"I would like to think that in making that insinuation against Mr. Fielding, Mr. Borden had carried away his exuberance, but when he makes that statement and uses it as a reason why he should be elected, the doubts of the people of this Dominion, I call it gross affront."

"I hurl back that insinuation at Mr. Borden's head, and I tell him that neither Mr. Fielding nor any other member of the government is conscious of political corruption to any greater extent than is as great as, Robert L. Borden himself."

"Mr. Borden has no right to complain of the prophecy of Mr. Fielding in Halifax, when he himself has used the same tactics now. Mr. Fielding has been assailed in The Mail and all Tory papers, Mr. Borden wants an arch corruptionist, but Mr. Fielding is personally without blame. He has had to suffer for the errors of his judgment, and every leading man of the Tory party, from John A. Macdonald down, has had a similar experience."

"Mr. Fielding to-day stands unshaken in the eyes of his constituents, the full confidence of his constituents, was evinced by the overwhelming majority they gave him when he sought re-election."

"Next to Sir Wilfrid Laurier, Mr. Borden is the highest authority in the law of this country, whose confidence he still retains. Whatever errors he may have committed were atoned for by his integrity, his integrity of intention and every effort to serve the people well."

"With regard to Mr. Borden's plea, that the election petition presented against him was being delayed for political reasons, Mr. Borden knew that it was, whenever a man who has a just debt is sued by his creditor, he generally does all he can for his lawyer to delay the trial, and to find to raise objections to the legality of the service or some other technicality in order to delay the proceedings. The person petitioned against defended himself in every legal manner the law allows. Mr. Borden has done this, or his lawyers have done it for him. Had Mr. Borden desired to have this case tried, he could have accelerated matters, but when the case came into court it was adjourned until the early part of this month, and to suit Mr. Borden's convenience it has again been adjourned in order to delay the trial. I do not know; it may be for six or nine months."

"Mr. Borden has placed every legal obstacle in the way of this trial. He does not want it to come on, if ever it comes on for hearing and the information that has been told me published in court, Mr. Borden would be disqualified from office and banished from the house of commons for at least eight years."

"If there is any corruption stalked abroad during the Halifax election, and every kind of illegal practices was resorted to by Mr. Borden's agents to secure his election, and these things were done by his knowledge if not with his consent."

"Mr. Borden talks about preventing contractors and others from contributing to party funds. Just previous to

Political Intelligence

The World would gather from what Mr. Aylesworth said at Dundas on Tuesday, in reply to Mr. Borden, that the Liberals intend to bring some charges against the Conservatives which they think will be a sufficient set-off for the charges made against Liberals in the way of political corruption.

Mr. Aylesworth is the minister of Justice, and he said, according to The World, that he as much as knew of political corruption on the part of Mr. Borden that would, if brought out in court, disqualify him from holding office and banish him from the house of commons.

Now that is a serious charge for a minister of justice to make in a public platform against a prominent political opponent. We do not see how the minister of justice can stop where he is in what did happen publicly to expose wrong-doing of this kind, especially if it is of pronounced character as he states it to be. For a minister of justice to make such a charge, such misconduct, to merely mention it so to speak, is to trifle with the sanctity of the great office he holds.

It is the duty of Mr. Aylesworth to follow up his charges or withdraw them. Perhaps The Globe will ask that his bluff be called.

At the Dundas meeting on Tuesday, Hon. A. B. Aylesworth quoted from the speech of R. L. Borden at Chatham, as follows:

"On nomination day in 1904, Mr. Fielding, the minister of justice, declared and prophesied that I would be defeated in Halifax when no one imagined that such a thing would ever happen. He said that the people of Halifax were not to be deceived, and he said that Mr. Fielding knew whereof he spoke, he knew what was going to happen."

"Within one week my constituency was debauched by shameless bribery, and the seat to which I was elected was stolen from me by shameful crimes committed in the interest of the government to which Mr. Fielding then belonged, and of which he is still a member."

With great deliberation Hon. Mr. Aylesworth continued:

"I would like to think that in making that insinuation against Mr. Fielding, Mr. Borden had carried away his exuberance, but when he makes that statement and uses it as a reason why he should be elected, the doubts of the people of this Dominion, I call it gross affront."

"I hurl back that insinuation at Mr. Borden's head, and I tell him that neither Mr. Fielding nor any other member of the government is conscious of political corruption to any greater extent than is as great as, Robert L. Borden himself."

"Mr. Borden has no right to complain of the prophecy of Mr. Fielding in Halifax, when he himself has used the same tactics now. Mr. Fielding has been assailed in The Mail and all Tory papers, Mr. Borden wants an arch corruptionist, but Mr. Fielding is personally without blame. He has had to suffer for the errors of his judgment, and every leading man of the Tory party, from John A. Macdonald down, has had a similar experience."

"Mr. Fielding to-day stands unshaken in the eyes of his constituents, the full confidence of his constituents, was evinced by the overwhelming majority they gave him when he sought re-election."

"Next to Sir Wilfrid Laurier, Mr. Borden is the highest authority in the law of this country, whose confidence he still retains. Whatever errors he may have committed were atoned for by his integrity, his integrity of intention and every effort to serve the people well."

"With regard to Mr. Borden's plea, that the election petition presented against him was being delayed for political reasons, Mr. Borden knew that it was, whenever a man who has a just debt is sued by his creditor, he generally does all he can for his lawyer to delay the trial, and to find to raise objections to the legality of the service or some other technicality in order to delay the proceedings. The person petitioned against defended himself in every legal manner the law allows. Mr. Borden has done this, or his lawyers have done it for him. Had Mr. Borden desired to have this case tried, he could have accelerated matters, but when the case came into court it was adjourned until the early part of this month, and to suit Mr. Borden's convenience it has again been adjourned in order to delay the trial. I do not know; it may be for six or nine months."

"Mr. Borden has placed every legal obstacle in the way of this trial. He does not want it to come on, if ever it comes on for hearing and the information that has been told me published in court, Mr. Borden would be disqualified from office and banished from the house of commons for at least eight years."

"If there is any corruption stalked abroad during the Halifax election, and every kind of illegal practices was resorted to by Mr. Borden's agents to secure his election, and these things were done by his knowledge if not with his consent."

"Mr. Borden talks about preventing contractors and others from contributing to party funds. Just previous to

the Halifax election a circular went round, which was an open appeal to all Conservatives to contribute to the party fund to ensure Mr. Borden's return. The party was asked to subscribe \$5000 a year for organization purposes. Mr. Borden knew all about this, and he also knew of the contribution of \$2000 by Hugh Graham, the proprietor of The Montreal Star, to aid the party generally in the last general election.

"Every man in this country desires purity in elections; the Liberal party desire it, they have passed laws to secure it. Speaking as a lawyer, I cannot see how any law can be improved. They provide penalties and severe penalties for those offences. The existing law is quite strong enough to deal with any cases that may arise if it is properly enforced."

"The only amendment that I can think of and which I would like to have made, is one by which any official tampering with a ballot, so that a vote honorably cast is not spoiled or set aside."

"If Mr. Borden has any suggestion to make on these matters, the government will be glad to have them, and if they are in the interests of the people and the maintenance of the law against corruption, they will make every effort to add them to the statute book."

"Politics in this country, as now conducted, are a game. Mr. Borden is not above playing that game, and it is in pursuance of that policy that he is now making these grand speeches about purity in elections."

"Mr. Borden does not possess all the political honesty in the country, and I tell him again that if his trial takes place, and the cases of corruption that have been told me, are repeated and established in court, Mr. Borden will be banished from the house of commons."

Organizer Inwood, when shown the above report by a representative of The World, declared it was what Hon. Mr. Aylesworth had said. For some reason The Globe and The Mail failed to give the remarks of the minister of justice that prominence they seem to deserve, either as a careful utterance or a bit of bluff.

On Ottawa despatch says:

"Dr. G. C. Richardson of Hazeldean has been appointed sheriff of Carleton County, and city Conservatives have taken the matter very much to heart. They claim that the appointment should have been given to an Ottawa man. C. Berkeley Powell, ex-M. L. A., expected it, and his argument is that seven-eighths of the fees which go to Toronto are paid by the 100,000 inhabitants of Ottawa."

R. L. Borden spoke at Port Hope yesterday morning, driving from Cobourg, and leaving later for Peterboro. Altho it was raining, he met with a flattering reception, the town band taking part. R. A. Mulholland was chairman.

A Liberal convention for the County of Essex will be held at Essex on Sept. 19. Addresses will be made by Hon. A. B. Aylesworth, minister of justice; Hon. Rodolphe Lemieux, A. H. Clarke, M.P., and John A. Auld, M.L.A.

Hon. R. P. Roblin, premier of Manitoba, is in the city speaking of the Dominion Conservative leader, as said:

"Mr. Borden will get a hearty support in the west if he continues to emphasize the need of senate reform, rural mail delivery, public ownership of telephones and telegraphs, the extension of the Intercolonial as far as possible, and closer imperial relations. Western people have been better pleased with Mr. Borden's campaign in his last year's campaign, than in his last year's campaign. That Halifax speech was not read with that much enthusiasm because there seemed to be many conditions attached to his plan. In his subsequent speeches he has been more clear cut and definite in his statements, and that is what the westerner wants."

As for himself, Mr. Roblin said he would rather lead the Conservative party in Manitoba than join the leaders at Ottawa.

It is said an understanding exists among the Liberals in the legislature that Hon. A. G. Macack should lead the party till the meeting of the house, when a new leader will be chosen. He is looking after Mr. Graham's appointments.

Editor World: I note that there is some talk about Mr. Graham's election going by acclamation. This, I hope, is not true, because there is something in Mr. Graham's career that would like to be tried out with votes, and that is his connection with the A.O.U.W.

As is well known, many members of the A.O.U.W. think that this great "reserve" now being built up by the order is actually bringing the order to the ground. There is much in that, indeed, for the death list has increased from an average of 38 a month last year to 45 a month this year, a matter of 20 per cent. gain as a whole. It is easy to see that but a short time remains before the A.O.U.W. will be nothing more than a lodge of old men!

Now, then, this is a most serious state of affairs for the members of the order, and by many it is claimed to have been brought about solely by the obstinacy of the grand lodge officials and their determination to block every move made by members to discuss the merits of the "reserve" on the visible results. As an instance, it is only a few months ago that Bro. Cameron, G.M.W., stated that he received many letters from members that he paid not the least attention to.

Bro. Graham is a member of the grand lodge and is therefore a party to this holding down of the will of the members, and well, I won't go any further, but will leave it to the checkers upon the actions of the grand lodge officials is quite necessary to the material interests of members of the A.O.U.W., as is the turning of one of our members to a seat in parliament as a cabinet minister to consider.

I hear that Brockville and vicinity contains heaps and heaps of United workmen, and if so, by all means let them have a chance to make preliminary ballot for a member of our grand lodge.

Apple-barrel Cooper.

"I have come to no such conclusion. I cannot imagine where any such announcement came from; I have not made up my mind to do any such thing," were the comments of the

EATON'S DAILY STORE NEWS

Friday's Clothing Bargains for Men

THE T. EATON CO. LIMITED

Hon. J. P. Whitney in regard to the statement of an evening paper that he contemplated making a tour of the province during October.

The writ for a new election in Brookville will shortly be issued. It is understood that this matter will be considered by the government to-day.

Dr. Charles Sneath may be the Liberal candidate in East Toronto.

AT OSGOODE HALL

Master's Chambers. Cartwright, master, at 11 a.m. Judges' Chambers and Weekly Court. The Hon. Chief Justice Mulock, at 10 a.m. Cases set down for hearing: 1. Re Wright Estate.

2. McCrahan v. Kelly. 3. Pirie v. Parry Sound Lumber Co. 4. Todd v. Fearlinton.

Judges' chambers will be held immediately after weekly court motions are concluded.

Damages for Negligence. John Chambers of Toronto is suing the Expanded Metal and Fire Proofing Co., Limited, for damages for negligence. The amount of damages suggested is not stated in the writ issued.

Suit Over Injuries Received. One thousand dollars damages is the amount claimed by Thomas L. May from the Chapman Double Bull-Bearing Co. of Canada, for injuries received while in the company's employ.

To Rescind Orders. E. R. C. Clarkson, assignee of the estate of W. Mashiner & Co., has begun an action against Warden King & Son of Montreal, to have rescinded and declared void certain orders given to Warden King & Son by Mashiner & Co., on Beardmore & Co., for certain work done and material supplied.

An action has also been entered against the Canada Foundry Co. on a similar claim.

The Land or the Money. The recession and cancellation of a contract to purchase certain land, or in the alternative to recover \$1745 purchase money, is the subject of an action brought by Jasper Coleman against Haselwood & Lee of Hamilton.

Slander. George W. Milford of Toronto has issued a writ claiming unstated damages against Archibald Ward of the Town of Warton, for alleged slander. While both parties were attending at the Toronto cattle market in June last Ward lost his purse and accused Milford of taking it.

Low Rates to Pacific Coast. Every day until Oct. 31 there are special one-way colonist rates in effect to points in California, Montana, British Columbia, Oregon, Utah and Washington, via the Grand Trunk. Full particulars as to rates and routes may be obtained at city offices, north-west corner King and Yonge-streets.

Theft at Wedding. Moses and Sarah Gehannowitz were charged with theft in the police court yesterday morning. While a Jewish wedding was being solemnized at the Zigmist Mission, 208 West Adelaide-street, \$140, the property of Mrs. Sophia Slomowsky, who lives above the mission premises, disappeared. The case stands till Friday.

Telegraph Dispute. OTTAWA, Sept. 11.—The Canadian Pacific Railway has chosen Wallace Nesbitt, K.C., Toronto, to represent the company on the board of conciliation which will deal with the dispute between the company and its telegraph operators. J. G. O'Donoghue will represent the operators.

Charles Leedham of 1013 Dufferin-street, a Bloor and McCaul street car conductor, fell off his car yesterday at 2 o'clock and sustained a fracture of the skull. He was taken to Grace Hospital.

Since May, 1906, Ayer's Sarsaparilla has been entirely free from alcohol. If you are in poor health, weak, pale, nervous, ask your doctor about taking this non-alcoholic tonic and alternative. If he has a better medicine, take his. Get the best, always. This is our advice.

We have no secret. We publish the formulae of our preparations.

COPPER AT A DISCOUNT MARKET PRICES WEAKER

New York Securities Under the Influence of Copper Market - Domestic Steady.

World Office, Wednesday Evening, Sept. 11.

The local market for domestic securities was practically "non est" today. The transactions which transpired on the exchange may represent something or nothing, according to the individual view.

City bond values oversubscribed more than five times. Bonds will bring rather over 100.

London settlement began to-day and quotations are now for new account.

Illinois Central Board meets to-day. Better prospects for adjustment of trans-Atlantic rate situation.

Leaning rate on American stocks in London 4 to 4 1/2 per cent.

Strong demand for stocks in loan crowd, with especially heavy enquiry for Reading.

August anthracite shipments constitute a record for that agency in the Northwest.

Success of New York City bond issue has favorable influence on foreign sentiment.

Call money expected to ease off as bond subscriptions are released.

Norfolk and Western report shows 62 per cent. for common after all-dividends.

Regular dividend on Columbus Hooking Coal and Iron preferred.

Banks have gained \$60,000 thru treasury operations since Friday.

LONDON: American stocks in curb were firm, with best activity in Union Pacific and Steel issues receiving strong support.

City bond specialists report an active market in all city issues to-day, with new 4 1/2's as feature of trading.

Sales of these bonds are being made in the street at 102 7/8 to 103. The 4's of 1907 are showing some tendency to strengthen. They have sold as low as 92, but market is now 92 1/4, plus 1-16 to 3/4-1-16.

Joseph says: The Harriman issues will see ex-dividend 2 1/2 quarterly on Friday. This stock is distinctly cheap; it offers excellent trading opportunities. Specialists: Buy Amalgamated Copper for a turn. Hold Cotton Oil. Buy St. Paul conservatively.

Charles Head & Co. to R. R. Bongard: The metal market is very much demoralized. It is all a question at what price the containers will come in and buy. At the moment it looks like a further cut from 18 cents to a price where large sales will be made. After that it will take several months for the situation to adjust itself.

Purchases of standard high grade dividend paying securities for speculation and investment seem to us to be advisable on this recession. The stop order protection may be employed by timid traders if desired. In view of the possibility of further assault upon the industrial list, but the bear element will do well if it not only avoids selling the rails short, but does not sell the industrials except upon rallies. The action of the market yesterday, while the recession was not unanticipated, appears to use to have been more of a raid on temporary withdrawal of support than anything else. Financial News.

A new issue of stock will be made by the Consumers' Gas Company on Dec. 12, when 800 shares will be put up at auction.

C. I. Hudson says: At these prices Amalgamated Copper has more than discounted any reduction in the dividend. Even at a 6 per cent. rate it nets 9 1/2 per cent., whereas it only paid 6 1/2 per cent. when it was selling at 130. I am not afraid to advise purchases at anywhere near these prices.

MINNEAPOLIS.—The attendance at the State Fair for five days was 292,000.

FOUND TRACE OF RAGE NOT KNOWN TO SCIENCE

Columbia Professor Saw City of Antiquity in Central Part of Ecuador.

NEW YORK, Sept. 11.—M. H. Saville, professor of ethnology at Columbia University, returned from a trip to Ecuador on the steamship Panama yesterday, and said that he had discovered the ruins of cities near the coast which contained many evidences of a race hitherto unknown to present day scientists.

The professor's researches extended along the Pacific Coast about fifty miles to the north and about the same distance to the south of the equator. Somewhere between those points and to a distance about 100 miles inland he found evidence of a city of antiquity.

The city, he said, had streets lined with houses of skillful construction. The dwellings had been made of light material, a sort of palm-leaf, or thatch they had been constructed very evidently with a view to withstanding the shocks of the frequent earthquakes of the region and were intact.

In them were found utensils for cooking and other domestic purposes made of pottery and wood and the like. Prof. Saville said he believed the city had contained 2000 or more people 500 years ago.

In his opinion the race was one of the highest in civilization living in America previous to the coming of Columbus.

Official Inspector. Dr. Murray has been appointed as government meat inspector for the Leveck Dressed Meat Company and D. B. Martin abattoirs at Toronto Junction.

The Grand Trunk has decided to refuse transportation to acetylene, and the general superintendent of transportation, Mr. Brownlee, yesterday handed out the following circular on the authorization of the third vice-president, Mr. McHugh:

REDDICK EXTENSION GOLD MINING SYNDICATE, OF LARDER LAKE.

CAPITAL \$15,000. 600 SHARES, \$25.00 EACH.

This claim, known as H. F. 32, is conceded to be one of the best in the Larder Lake district and adjoins on the west side the principal claim of the Lucky Boys, and is one claim distant from the famous Reddick and Chasterville claims. It adjoins the K. Parah (Big Pete) on the north and is equal to any claim in the Larder Lake district.

The vein on this property is 12 feet wide on the surface, the sides not having yet been found. Thousands of tons of ore are in sight, and a general assay taken from the entire width of the vein ran \$1.60 in gold to the ton. Enough pay ore is in sight to keep the largest stamp mill running for years.

Capital only \$15,000, divided into 600 syndicate shares of \$25.00 each. A mill run will shortly be made, after which the shares will have a big advance.

Look up the capital of the adjoining properties. LUCKY BOYS \$3,000,000, for instance, and others in proportion.

Then Buy REDDICK EXTENSION—As Good as the Best. Only 200 Memberships to be Offered.

Application for shares may be sent to: SMILEY & STANLEY, R. P. RICHARDSON, New Liskard, Ont., or phone Main 5168, 6 King West, Toronto.

THE CRAWFORD UNDERWRITING SYNDICATE

BOOKS FOR SUBSCRIPTION WILL POSITIVELY CLOSE ON OR BEFORE SEPTEMBER 25TH.

The Crawford Mining Company is to be incorporated and will own, develop and operate the Crawford properties at Oso, Lake.

Work has been in progress on these properties under the direction of Mr. Crawford for the past three months. The direction of Mr. Crawford for the past three months. The direction of Mr. Crawford for the past three months.

Each \$15.00 Membership in the Underwriting Syndicate will be given 100 shares in the Crawford Stock.

Crawford stock will sell in ninety days for more than 100 per cent. advance, and in twelve months for more than 700 per cent. advance over this underwriting price.

REMEMBER this underwriting price will positively close September 25. Send applications for the \$15.00 membership and payments to the Financial Agents.

York County and Suburbs

JUNCTION CURBS MAY HAVE TO BE RELAID

Vigorous Protests Over Character of Work—Mimico Lunatic Reappears—Items.

TORONTO, Junction, Sept. 11.—Tenders for the printing of the voters' lists have been awarded to The Leader and Recorder. The price is \$124 per page.

The levels for the new sidewalk on May-street, south of Annette-street, were taken this afternoon. Street Foreman Moon states that the work will commence as soon as possible.

The present condition of Dundas-street, even in dry weather, is deplorable, but yesterday's rain has converted the street into a veritable sea of mud, nearly all the way from the city boundary to Keele-street. Should the weather man predict much rainy weather this fall, it has been suggested that a municipal ferry be started to pilot the people up and down the street.

Meanwhile, the work on Dundas-street is progressing. Part of it is already done, but even this is causing trouble. The ground under the new curb which has been laid along Dundas-street, near the Peacock Hotel, has been loosened by excavations made by the gas and waterworks men, with the result that the curbing has settled down and cracked and got completely out of shape. Street Foreman Moon states that the curbing will soon be taken up and relaid.

Some of the storekeepers along Dundas-street are complaining about the bedraggled appearance of the street. Chinese laundry at 90 West Dundas-street, owned by Lee Kam Len. They state that most of the near stores are bright and up-to-date looking, and that this laundry should be in keeping with the general air of prosperity evinced all around it.

From all appearances the Junction will be provided this winter with an amusement ground second to none in the city. Ex-Mayor Jesse Smith and

his brother Joseph are grading the ravine at the foot of Thomas-street, in the rear of the high school, and converting it into an amusement park. There will be a skating, curling and hockey rinks for winter sports, and tennis courts and bowling alleys for the summer. As the ravine is considerably lower than the surrounding land, an inclined railway is contemplated for the convenience of the park patrons.

James Bagnall of Mimico, the lunatic who escaped from Mimico Asylum last month, returned yesterday to his home in Mimico, took some cattle that he owned to the Toronto market and sold them. His wife was in Hamilton, and the cattle were being looked after by a butcher who is now mourning their loss. Bagnall was seen by a Mr. Book while he was at Mimico, but he did not notify the police, as he said he believed the authorities were aware of Bagnall's whereabouts. The supposed lunatic is 27 years old, and is a good-looking fellow. Yesterday he was attired in a grey suit, although he wore a dark blue one when he was last seen.

EAST TORONTO.

G. T. R. Case Will Start for Sure To-Morrow.

EAST TORONTO, Sept. 11.—The oft adjourned case of the G.T.R. Fireman Thomas Looney and Richard Crews, yardmaster of the York yards, will be tried at the court-house this morning, commencing to-morrow morning, he pressed to a finish.

Police Magistrate Ellis will have associated with him Magistrate Clay, and the case, beginning at 10.30 a.m., may extend over two or three days, as the G.T.R. have a great many witnesses who will be called upon to testify. The alleged offence against the Lord's Day Act, it will be remembered, was committed on April 14.

The voters' lists have been posted in all the places required by law. The vital statistics for the Town of East Toronto for the month of August were: Births 15, marriages 5, and deaths 5. Mr. Ernest Bain, head bookkeeper for L. A. De LaPlante, is spending his vacation in Buffalo. More than 400 pupils are in attendance at Mary-street School. The several rooms contain these pupils: Principal Brownlee, 37; Miss Pomeroy, 25; Miss McPherson, 58; Miss Gray, 52; Miss Foster, 42; Miss McDermott, 47; Miss Campbell, 50; Miss McCausland, 54; total, 406.

In the Beach School there are more than 200 pupils, and in Coleman School about 180.

MIMICO.

Veteran Fisherman Meets With Unusual Luck.

MIMICO, Sept. 11.—The heavy rains of the last day or two will seriously retard the work of the commissioners in the work undertaken on the Lake Shore-road, in placing on the road and gravel. Little progress was made during the past week and the work will, according to present appearances, fall far short of what was anticipated.

The proposed joint meeting on Saturday afternoon between the varied interests in and around Mimico and New Toronto, representing the Grand Trunk Railway, the two or three large manufacturing firms and the Etobicoke Township Council, ought to, and it is generally thought will, evolve some comprehensive plan of sanitation. The health of the town is fair, but the outbreaks of typhoid in the past are not readily forgotten, and there is a general desire on the part of the villagers to undertake some good scheme for the general betterment of the whole district.

Charles Nurse, the veteran boatman, and who knows timber Bay better than any man living, is justly proud of the 18-lb. whitefish which he was successful in catching by net. The fish was a beauty, caught on the shore, a short distance from shore and was the largest, so far as known, ever caught around here. From 10 to 12 lbs. has always been considered a good one.

NORTH TORONTO.

Council Makes a Record—They All Want the "Sunday."

NORTH TORONTO, Sept. 11.—The town council, at to-night's session, held a record meeting, when, after transacting routine business, they disposed of no less than 17 by-laws, 13 of which were for the issue of debentures for local improvements. One of these was to order the laying of a water main on Joseph-avenue, one to order the laying of a concrete sidewalk on Broadway-avenue, north side, and one to amend an existing by-law from a "common sewer by-law" to "surplus draining," and the seventeenth was the general money by-law, amounting to \$1405.38.

Petitions were received and referred to the proper officials for a water main on Briar Hill-avenue, and one for a street without a name, also for a four-foot concrete sidewalk on the north and south sides of Briar Hill-avenue.

The finance committee reported that they had received the legal opinion and report of John Kyles, barrister, re the Metropolitan Railway, but that the committee has taken no action as yet, but recommended that the council be instructed to appear before the municipal and railway commission to protest against the widening of the switches of the Metropolitan Railway thru the town. Solicitor Gibson gave it as his opinion that to appear before the commission is on a

par with going before a court, and the estimate of costs can be seen before hand. The finance committee's report in this respect was adopted and the mayor, Councillors Brown and Mayer, with the solicitor, will appear before the railway commission.

Regrets Chief's Removal.

Chief Constable Morris' resignation was accepted amidst expressions of regret from all the members of the council.

A pretty wedding was solemnized at St. Clement's Church at 7 o'clock this evening by the Rev. T. W. Powell, when Miss Emily Maud Hopkins, youngest daughter of the late James Hopkins, was married to Charles Pritchard, the youngest son of Geo. Pritchard of Hawthorne-avenue.

The bride was given away by her brother, Walter Hopkins, principal of the Eglington Public School, Miss Maggie Pritchard, sister of the groom, acted as bridesmaid, while George Field assisted the groom. When the bridal couple entered their carriage and old slippers were liberally showered upon the happy pair.

A wedding dinner was partaken of at the residence of Mr. McLaren, 14 Dayenport-road, Mr. and Mrs. Pritchard will reside on Hawthorne-avenue.

Congregation Extends Call.

At the congregational meeting of the Eglington Presbyterian Church, held last night, a unanimous call was extended to the Rev. W. D. Back to become the pastor of the Eglington and Bethesda congregation at a stipend of \$1100 a year. The meeting was presided over by the moderator, the Rev. Dr. Neel of the Westminster Presbyterian Church, Toronto. The call will come before the presbytery for ratification on Tuesday, Oct. 1.

P. E. Connell of Chicago and his sister, Miss Emma Connell, were visitors at T. C. Rochford's, Gordon-street, for a few days.

Mr. Gooderham, who has recently purchased the Woodville estate and land on Mason-avenue, is renovating the property.

Alb. Burnaby is pushing his new residence in Bedford Park, west of Robert Dake's property, to completion.

Mr. and Mrs. A. H. St. Germain of St. Germain, Ont., who have been in Toronto, have been entertaining, during the past two weeks, a number of visitors, relatives and friends, among whom were Mr. Fred Southgate of Railroad Mills, Ontario County, N.Y.; Mrs. G. W. Haert, Mr. Ralph and Miss Southgate, all of Rochester, N.Y.; Charles and Miss Emma Wyant of Picton, Ont.

Mr. Emmerson of Oshawa is erecting six new residences on Montgomerie-street, the latest and most satisfactory he will build more.

Big Demand for Illustrated.

Residents of the town are showing their appreciation of the excellent illustrated edition of The Sunday World, wherein is a well-written-up history of the town of North Toronto. The views are of exceptional merit and beauty, and set out in detail many beauty spots in the northern suburb. Residents of the town desiring copies will do well to have the orders early with J. M. Latsche, The World's representative, on Sherwood-avenue, and thereby secure prompt delivery.

WYCHWOOD.

Magistrate Will Look into School Matters.

WYCHWOOD, Sept. 11.—At the school board meeting of Hillcrest School section, held last night, trustees decided to summon a few heads of families before Magistrate Henderson for not sending their children to school. In reference to these are several families who have children 12 years of age, and instead of sending them to school they are sent to work.

The Salvation Army Barracks, under construction on Vaughan-road, will soon be in occupancy.

MILK PRODUCES TO MEET.

Annual Meeting at Labor Temple to Discuss Prices.

When the Toronto Milk Producers meet in the Labor Temple next Saturday afternoon, the occasion of the annual gathering, it is safe to assume that there will be something doing out of the ordinary routine. Ever since the coming of Judge Winchester and C. C. James, the arbitrators, between the producers and the dealers, in May last, it has been felt by the former that justice was not meted out to them, and the opinion is freely expressed that in the event of another strike, the matter will not be referred to arbitration.

While the season for pasture about closing has been the worst in many years since the war, the milk has been as desperate as described. Thru York County it has been found necessary in some cases to feed some of the corn and hay raised on the farms. This is particularly in evidence thruout Rosedale and the northern part of the city, where the pressure now is altogether too low even for adequate winter supply, while for fire purposes it is insufficient.

To meet the growing demand the present system must be enlarged and the works proposed to be carried out under this by-law are in reference to the proposed issue of debentures for the extensions, and improvements for which the by-law is submitted. No ratepayers will be asked to contribute for payment of this work one cent beyond the amount that he now pays as water rates.

To give an idea of how the demand is increasing it is only necessary to state that already during the present year more than 2000 new house services have been put in.

Council is Unanimous.

The board of control and city council are unanimous in submitting this by-law to the vote of the qualified ratepayers, and the board urges the citizens to take a lively interest in the general welfare of the city, and to regard to the best interest of the city, its bright prospects for a great future, the board of control feel that it is important that the waterworks should be placed in an efficient and satisfactory condition, and appeal to the ratepayers to mark their ballots in favor of the by-law.

The board of control, being in constant touch with the waterworks department, and knowing the importance to the general welfare of the city, vote upon the by-law for the extension

THE SIMPSON COMPANY, LIMITED

H. H. Fudger, President. Scattered showers, but mostly fair, becoming cooler chiefly at night. Thursday, Sept. 12.

J. Wood, Manager. STORE CLOSSES DAILY AT 5.30 P.M.

There's a Reason for To-Morrow's Bargains

You'll find very low prices quoted on this page. Do you know their full significance? The financier sees in them money stringency, a decline in securities, etc., etc.

But what you should see in them is the present great power of cash.

Never was a better time for the person with a little surplus cash to buy freely—we're getting all kinds of extra concessions from manufacturers, and we're passing them right along to you—as every item here will show. Just sit down and figure out how far a little cash will go in this store to-morrow.

Men's Fleece-Lined and Scotch Wool Underwear, double breast, unshrinkable, sizes 34 to 46, regular 75c a garment, Friday..... 50c

Men's English Flannelette, Night Robes, yoked back, extra long, sizes 14 to 19, regular value 75c and \$1.00, Friday..... 50c

BROCKVILLE FAIR OPENED.

BROCKVILLE, Sept. 11.—(Special).—The opening of Brockville's big fall fair took place to-day, in the presence of a small crowd, due to the heavy rain. The race program was canceled.

Hon. Col. Matheson, Hon. G. P. Grant, Hon. D. Derbyshire and A. E. Donovan were present. The provincial treasurer urged that more attention be paid by the farmers herabouts in the raising and marketing of cattle, swine and horses. Mr. Graham, suffering from a heavy cold, was excused from making a speech.

AN HISTORIC DOCUMENT.

A valuable historical manuscript, the report of General Sir James Murray, at one time governor-general, to the state of government in Quebec in 1762, has been purchased in England by the Toronto Public Library.

One hundred pages of foolscap, neatly written in Gen. Murray's own hand, written, tell of the state of Quebec immediately after its capture by General Wolfe.

"The House That Quality Built"

"We Would Like to Make Your Clothes"

And sell you your haberdashery. To do it would be your guarantee that you'd be wearing the best that money could buy, in quality, in value and correctness in style.

Remember, too, that with all the goodness that goes with a purchase at "Score's," popular prices are the rule.

Time now to choose your new Fall Suit and Overcoat.

\$25.00 to \$28.00.

Time now to choose heavier underwear, half-hose and stiff-bosom shirts.
