DIDN'T GET SQUARE DEAL FROM HAZEN GOVERNMENT

Henry Braithwaite, a Veteran Guide, has a Strong Objection Against What He Says is Unfairness in the Robinson-Braithwaite Case.

Fredericton, N. B., Oct. 22.—(Special).—The report of the proceedings of the Robinson game law violation case at Newcastle in the morning papers was a big surprise to the people in this city and there were none more surprised than Henry Braithwaite the veteran guide who made the charges.

Mr. Braithwaite was not present at the enquiry nor was he represented by counsel so very naturally, he does not think that it was a square deal to allow a one-sided investigation to go on.

A number of other laboring men among them representatives of the Longshoremen's Association expressed similar views. Some of the latter remarked that they would continue to build up the winter port business and they would therefore support Dr. Pugsley and Pender.

THE WHEEL O' FORTUNE

By LOUIS TRACY
Author of "The Wings of the Morning," "The Pillar of Light," "The Captain of the Kasas," etc.

(Continued.)

"Oh, yes. I take it that your Fort Said letter was opened and read. Mrs. Haxton is skilled at jumping to conclusions, I fancy. She said she recognized your name at Mansfield—when the telegram arrived, you know—but, if that were so, it is strange that she should keep the knowledge to herself until all of us were at dinner after leaving Fort Said. I also can add two and two occasionally, and I have not the slightest doubt that something in your letter gave her the necessary clue. Was she mistaken?"

"In what?"
"Is the belief that you are the nephew of a baronet, and his heir?"
He laughed pleasantly. After years of indifference, his lightning was pursuing him with certain zest.
"You could not have chosen a better example of those half-truths you complain of," said he. "I admit that my uncle is Sir Henry Royson, but his heir he vowed I should not be, when last we were in the hot water of the case. Haxton's analysis of possibilities which to put it mildly, would make Mrs. Haxton a remarkably good guesser."

"A silence fell upon them as they reached the others. Irene glanced to and fro perplexed to branch off into a new conversation meant for the general ear. Mrs. Haxton and the Austrian also broke off their talk. They were about to enter the post-office when Mr. Fenshawe came out. "Here you are," he cried. "Lots of letters and newspapers. Take them, Irene, and sort them out. The Baron and I must hurry to the Governor's office. We can read our correspondence at the hotel."

ALL KIDNEY DISEASES
CURED BY THIS REMEDY

Fruit Juices Clear the Skin

The skin mirrors faithfully the state of the blood, and the blood shows how well—or how badly—the liver, bowels, kidneys and the millions tiny glands in the skin are doing their work.

Plenty of ripe fruit helps more than any other food to cure this condition, but even more effective, as well as less expensive, are "Fruit-tives." These are little tablets of concentrated fruit juices, combined in such a way as to many times increase their action on those organs.

There were three sections in the report. The first recommended the erection of a boiler house and installation of heating apparatus in Nos. 6 and 8 warehouses. An estimate of the cost had been prepared by Fred W. Barr which placed the cost of a reasonable job at \$1,500 and it was recommended that Mr. Barr be asked to superintend the job.

# Pugsley and Pender can Help St. John

## PUGSLEY AND EMMERSON GET A SPLENDID WELCOME FROM VOTERS IN MONCTON

## GANONG MEN HAZEN'S ROAD ACT WILL IN "BLUE FURK" TURN MANY VOTES TO THE LIBERAL COLUMN

### Minister of Public Works Flays Mayes and Hazen for Their Part in the Vile Conspiracy While 9,000 Enthusiastic People Cheer—Mr. Emmerson Speaks.

Moncton, N. B., Oct. 21.—That West-  
moreland will be in line for Laurier and  
it will send back to parliament, Hon.  
Mr. Emmerson, the man who has worked  
so assiduously and unselfishly for the  
upbuilding of this city and county, was  
clearly shown tonight at the greatest dem-  
onstration ever tendered any politician in  
the history of Moncton, excepting perhaps  
the memorable occasion of eight years ago,  
when Sir Wilfrid Laurier visited here.

Between eight and nine thousand people  
listened to speeches by Hon. Dr. Pugsley,  
Hon. H. R. Emmerson, Hon. C. W. Rob-  
inson, A. B. Copp, C. M. Legros and J.  
T. Hawke. A crowd met which taxed the  
big Hippodrome Theatre to its utmost limit  
with nearly 5,000 people who occupied  
every inch of available seating and stand-  
ing space and it was little more than half  
as large in numbers as the concourse  
which assembled in the streets outside, un-  
able to gain admission to the building,  
which extended in a dense mass along  
Main street, completely blocking that  
thoroughfare for hours.

A special train brought 1,000 enthus-  
iastic Liberals from the eastern end of the  
county, while a special train brought in  
over the Moncton & Beauséjour Railway,  
conveyed to take part in the demonstra-  
tion, a fine representation from that sec-  
tion. With 1,000 torches, hundreds of  
flags, five bands of music and brilliant  
fireworks all along the route, the pro-  
cession, which paraded Moncton, was a splen-  
did spectacle.

In an effort to break up this portion  
of the programme the Tories worked the  
old game of ringing in a false alarm of  
fire when the procession was just opposite  
the engine room, so that the apparatus  
had to dash out into the line of pro-  
cession. This had no effect, however, upon  
that part of the demonstration. The pro-  
cession organized on the lawn in front of  
the I. C. R. depot, and headed by the  
Sackville Band, paraded a number of  
lands and the Dorchester Band, with hun-  
dreds of torches and flag-bearers between,  
making a brilliant spectacle, as they par-  
aded the streets, arriving finally at the  
building in which the meeting was to be  
held.

Anticipating a throng, hundreds had  
gone early to the Hippodrome to secure  
seats, with the result that no seats were  
available, and shortly after hundreds  
were obliged to find places on  
and around the stage.

**Crowd Wildly  
Enthusiastic.**

The meeting was enthusiastically, wildly so,  
both inside and outside the building. Sing-  
ing cheers greeted every speaker and en-

thusiasm was the reception given  
to Hon. Mr. Pugsley, who made his first  
public appearance in Moncton during the  
present campaign.

In a convincing and eloquent address,  
Dr. Pugsley made such a complete refuta-  
tion of the slander charges that he swept  
the audience with him and he was  
given a fine ovation. Dr. Pugsley's  
address was a stirring one and he dealt  
with the many great public issues with  
his customary clearness and convincing  
force.

Mr. Emmerson was in fine form, too,  
and made an excellent appeal. He was  
given a reception by the audience that  
showed how large a place he occupies in  
the hearts of the people of this city and  
county.

Hon. Mr. Emmerson was the first speak-  
er after Mayor Purdy, who acted as chair-  
man, had formerly opened the meeting.  
He was given a great reception, the  
audience rising to its feet and cheering  
so enthusiastically it was some minutes  
before he could obtain a hearing. Mr.  
Emmerson's address was a brief but stir-  
ring one, which was well received. His  
appeal for the support of the Liberal  
party on the strength of his past perform-  
ances as Sir Wilfrid Laurier and his gov-  
ernment.

"You have heard," he said, "the Con-  
servative leader on this platform and he  
advanced no policy which means contin-  
ued prosperity of our country, or a solid  
victory in the coming election. He has  
said that the Liberal government would  
be returned to power. At the conclusion  
of his address, which was well received  
throughout with ringing cheers, Hon.  
Mr. Emmerson was given another ovation  
by the gathering.

Hon. Dr. Pugsley followed, after brief  
speeches had been delivered by Hon. C.  
W. Robinson and A. B. Copp, both of  
whom spoke vigorously on the issues of  
the day and was given a reception of  
great cordiality for which he thanked the  
gathering warmly.

**Dr. Pugsley Scores  
Mayes and Hazen.**

At the outset of his address, Dr. Pugs-  
ley referred to the campaign of slander on  
which the Conservative party was basing  
its hopes of entrance to Parliament and  
took up the Mayes case in St. John, in  
which he himself had been made the  
object of attack, which he said had all  
the earmarks of a conspiracy concocted for  
the purpose of injuring his reputation with  
his own constituency and the people of  
the province.

To that plot, he said, he be-  
lieved. Mayes and J. Douglas Hazen and  
other gentlemen were parties and went  
into it solely for the purpose of injuring  
him.

"Although," said Hon. Dr. Pugsley,  
"it is known some days ago that the  
declaration was false, Hon. J. D. Hazen,  
who was also a leader of the Conservative  
party in the province of New Brunswick,  
took upon himself the responsibility of reading  
the declaration, and might have known it  
would have been circulated throughout  
Canada, he has never yet taken any steps  
in a public way to express his regret that  
this damnable outrage was perpetrated  
upon me and the Liberal party. What do  
you think of conduct like that? They say  
it is a Tory constant that the date had  
been changed from 1903 to 1907 accident-  
ally, but it was an error it was spread  
broadcast by the people who knew the  
statement was false when it was made in  
the city of St. John.

"After I published a statement of the  
facts in the St. John evening papers, I  
had a letter from Mayes stating that the  
time of payment was October, 1905, in-  
stead of October, 1907, and took place  
before I was a minister in the Cabinet of  
Canada and explained that it was a typo-  
graphical error, and does it not strike  
you as extraordinary that the printers of  
the St. John Standard, Moncton Times,  
and Montreal Gazette should all be guilty  
of the same mistake?"

Dr. Pugsley went into the Mayes' state-  
ment and the matter of the proposed  
drudge and in a clear cut manner, giving  
a statement which left no doubt as to  
the facts in the minds of the audience and  
no doubt also that Dr. Pugsley was a  
victim of a Tory conspiracy. He also  
paid a tribute to Mr. Emmerson's ability  
as the representative of this country,  
and his energy on behalf of the con-  
stitution, which remarks were greeted  
with much applause.

Dr. Pugsley also took up the question of  
the present meeting, dealing with it at  
length, contrasting the Conservative policy  
of the Liberal government in this regard  
with the Conservative policy.

He paid a glowing tribute to Sir Wilfrid  
Laurier and closed with a stirring appeal  
for support.

Previously, Dr. Pugsley addressed the  
large gathering outside, where he was  
warmly received and took up, in addition  
to other topics, the popular local subject  
of I.C.R. extension and branch line ab-  
sorption, which he discussed thoroughly.  
C. M. Legros followed, speaking of  
the I.C.R. extension and branch line ab-  
sorption, which he discussed thoroughly.

### SAME WAY IN YORK

#### Brown Has Crooked on the Run and Will Sweep Him Into Oblivion on Monday—No Doubt About These Two Counties.

St. George, N. B., Oct. 21.—(Special.)  
Mr. Todd's great speech at St. An-  
drews on nomination day is the topic al-  
most of the county. Liberals are highly  
elated and gloom has settled on the Tory  
camp. The heart has been taken out of  
the fight as far as the local Conservatives  
are concerned. Speakers at campaign  
headquarters have no encouraging news to  
give their Conservative workers. They  
every man must put his shoulder to  
the wheel to make a showing here at all.  
The local Conservative leaders have been  
enthusiastic supporters with rousing  
waves or the upper section of the county,  
but it has become apparent to the main-  
body of the party that these views are false,  
and that their party will lose here and  
know to stop a stampede to the Lib-  
eral candidate, desperate tactics are being  
adopted. Promises from the local gov-  
ernment representatives are as thick as  
leaves in Vallambrosa.

As a result of the visit of Mr. Mor-  
rison and the activity of the local M. P. P.  
men are at work on the Upper Mills  
road, three on the St. John Highway and  
in order to get the rest of the supporters  
to work, operations must start at once  
being rushed here even from Toronto by  
the Conservatives to head off the side  
that is sweeping easily and surely to-  
ward Todd.

Senator Gillmor and George M. Byron  
will address meetings in adjoining parishes  
during the rest of the week.

The outlook is, Todd, sure.

**Even Money That

Fredericton, N. B., Oct. 21.—The Lib-  
eral party has never better organized  
or more enthusiastic than they are at the  
present time and are confident of electing

Opposition speakers have gone out of  
their way in the present campaign to  
try to show that the Liberal party was no  
friend of the laboring man. Many guns  
have been trained on James Pender, the  
Liberal candidate for St. John City and  
he has been held up to the electors as a  
man who was not a friend of the working  
men. However, Mr. Pender's record as a  
large employer of labor, and the manner  
in which his employes speak of him is  
sufficient answer to these attacks.

It might be interesting to know just  
what Premier Hazen and his Conserva-  
tive followers have done for the laboring  
man. For instance, the value they place  
on the work of a man on the roads under  
the new Highway Act is the minimum  
sum of one dollar, during the summer  
months, for a day of eight hours and for  
winter work they generously fix the wage  
at 80 cents a day, half the summer rate.  
What do the men of the country district  
think of that high estimate of their work?

Take this in comparison with the wages  
paid by the Liberal government, \$175 a  
day for the unskilled laborer and higher  
for skilled laborers. The schedule of  
wages is fixed in all the government con-  
tract and employes cannot be paid less  
than \$1.75.

Then compare the rate paid to team-  
sters under Premier Hazen's new road law  
with the Liberal government's rates. The  
local government pays \$2.40 for a double  
team and driver and \$1.80 for a single  
team, whereas the Dominion government  
contracts specify that double teams shall  
be paid \$4.00 a day and single teams \$2.50.  
Some difference, eh?

presented by two Councillors, they, to-  
gether with a chairman, appointed by  
the Lieutenant-Governor-in-Council, shall  
constitute a highway board for each parish,  
or portion of a parish. When a por-  
tion of a parish is aforesaid, or any  
parish, is represented by more than two  
councillors, such councillors shall, at the  
January meeting in each year, choose two  
of their members of the said board. In  
case of failure to agree or neglect to  
appoint the choice shall be made by the  
warden of the county. In the city and  
county of Saint John, such choice shall  
be made at the May meeting of each  
year.

Here's How Team-Owens Are  
Treated.

That part of the act relating to the hir-  
ing of teams and fixing the price that  
shall be paid reads as follows:

Page 65, Section 18.—Should any such  
ratepayers desire to furnish a team of  
teams for the performance of labor, the  
surveyor shall, if such team or teams are  
required, allow for each day of eight  
hours as follows: For a double team with  
competent teamster, and proper and  
necessary implements, the sum of two  
dollars and forty cents, or thirty cents  
per hour, and for a single team, and com-  
petent teamster and proper and necessary  
implements, the sum of one dollar and  
eighty cents, or twenty-two and one-half  
cents per hour. Each surveyor of high-  
ways, as a remuneration for his services,  
shall be exempt from all assessments, tax-  
es and rates against him for highways, and  
he is hereby authorized to make an entry to  
that effect in his returns to the commis-  
sioner.

It will be seen from this section that  
it is specifically stated that the rate paid  
for teams is \$1.80 and \$2.40. Compare that  
with the rate of \$2.50 and \$4, as fixed by  
the Liberal government.

**Labor Worth 50 Cents a Day in  
Conservative Eyes.**

The following section deals with the  
opening of the roads in winter and it is  
set forth there that anyone must do a  
portion of the work under penalty of a  
fine as follows: For a double team with  
competent teamster, and proper and  
necessary implements, the sum of two  
dollars and forty cents, or thirty cents  
per hour, and for a single team, and com-  
petent teamster and proper and necessary  
implements, the sum of one dollar and  
eighty cents, or twenty-two and one-half  
cents per hour. Each surveyor of high-  
ways, as a remuneration for his services,  
shall be exempt from all assessments, tax-  
es and rates against him for highways, and  
he is hereby authorized to make an entry to  
that effect in his returns to the commis-  
sioner.

Page 108, Section 56, Sub. 1, 2, 3.—(1)  
For the purpose of breaking open or  
making passable the highways in winter,  
it shall be lawful for the surveyor, either  
by verbal or written notice, to summon  
so many of the male inhabitants in his  
sub-section to turn out with such horses,  
teams, sleds, sleighs or other necessary  
implements which they may have, or which  
may be under their control to break out  
and clear the highway in his sub-section  
and to haul or shovel snow in, to, or off  
the same from time to time as the sur-  
veyor may find necessary, and any per-  
son so summoned and neglecting or re-  
fusing to comply with such notice shall  
be liable, upon conviction to a penalty of  
two dollars for each such neglect or re-  
fusal and any surveyor who upon the re-  
quest of the ratepayer shall not dischar-  
ge his duty in notifying the inhabitants as  
aforesaid shall, upon conviction, be liable  
for the same penalty for each neglect or  
refusal so to do.

(2) It shall be the duty of the surveyor  
to summon the inhabitants so far as practi-  
cable in relation so that no person shall  
be required to turn out twice in succes-  
sion if it can reasonably be avoided.

(3) Persons and teams shall be paid at  
one half the rate allowed for statute labor.  
That the provisions in this section are  
very unpopular is apparent when it is  
considered that in Lancaster parish, for  
instance, the highway board is obliged to  
keep the street railway tracks cleared of  
snow and ice, and that the rate paid for  
laborers and men refuse to work for  
that amount it would result in tying up  
the street car service, as according to the  
law a higher wage could not be paid.  
The section which fixes the rate to be  
paid to laborers in the summer months is  
as follows:

Page 92, Section 10.—Provided always  
the board may if they deem it expedient  
to do so order and direct that the  
resident ratepayers of any parish or of  
any of the districts in a parish may be  
permitted and allowed to perform labor  
upon the highways in lieu of a money  
payment such labor to be performed at  
the rate of twelve and one-half cents per  
hour or one dollar per day of eight hours  
and in the manner hereinafter provided.  
The board shall furnish the assessors and  
the collector with copies of this section.  
In view of such legislation it is asked  
how can Premier Hazen and the Conserva-  
tives go about preaching that the Lib-  
eral party is not friendly to the laboring  
man? Think it over.

### CONSERVATIVES MAKE SECRET ATTACK ON G.P.T.

#### Winnipeg Liquor Dealers Must Contribute to the Tory Campaign Fund.

Winnipeg, Oct. 21.—The Manitoba Con-  
servative machine has levied \$10,000 as  
assessment on the Winnipeg hotel keepers  
to support the campaign of Alex. Haggart,  
Conservative candidate, and former li-  
cense inspector. The wholesale dealers  
have also been required to put up \$500  
each.

A venomous attack on the Grand Trunk  
Pacific is being circulated through the  
mails in Winnipeg and the West. It is  
printed by the Boston News Bureau and  
pretends to discuss Canadian political is-  
sues from an independent standpoint.  
Almost every editor in the west has re-  
ceived a copy and today a lot came from  
Montreal to Hon. Robert Rogers, and  
were delivered free over the C. P. R. ex-  
press line. While the Conservatives are  
busy circulating this sheet privately, their  
speakers are pretending to support the  
G. T. P. as the most popular policy in the  
west.

"While I have been a minister  
of the crown, I have been  
faithful to the people of Can-  
ada. Mr. Mayes has unfolded  
the correspondence and I defy  
him to show that I have show-  
ed him a favor or conferred a  
benefit which it was not in the  
public interest to do. I defy  
anyone to produce a letter or  
telegram or to find anything in  
my conduct showing that I  
was under an obligation to G.  
S. Mayes or George McAvity.  
I treated them as contractors,  
which they were, and as if  
they were strangers to the de-  
partment over which I have  
the honor to preside."—Hon.  
Dr. Pugsley.

### FINE LIBERAL RALLY AT GOLDEN GROVE

#### Golden Grove Liberals turned out in force last evening and filled the hall in that settlement to overflowing to listen to the issues of the campaign discussed by Liberal speakers. It was one of the greatest meetings ever held in that part of the county and is an indication of the general feeling in favor of the minister of public works.

Councillor Fred Adams presided and ad-  
dresses were made by Hon. H. A. Mc-  
Keown, W. J. Mahoney, W. G. Pugsley,  
and John A. B. Copp. The meeting was  
very enthusiastic and the presentation of  
the government's good record provoked  
much applause.

The meeting closed with cheers for the  
King, Sir Wilfrid Laurier and Hon. Mr.  
Pugsley.

### PURITY LEAGUE OF KINGS-ALBERT DAMNS THE PAPERS

(Daily Telegraph.)  
James D. McKenna, secretary of the  
Kings-Albert Purity League, has sent to  
The Telegraph the following resolution of  
the league, dated at Sussex, Oct. 19:  
"Resolved that the Kings-Albert Purity  
League places itself on record as giving  
emphasis to a report published in the  
St. John Telegraph and Sun, in which  
it was made to appear that the  
League was acting in the interest of one  
political party, and that the firm of Fowl-  
er and Jonah, or any member of that  
firm, had been retained as counsel for the  
said League.

Further resolved that copies of this  
resolution be forwarded to the press and  
to the candidates in Kings-Albert, with  
the request that it be read from all plat-  
forms during the balance of the campaign  
and that the president be authorized to  
sign this resolution on behalf of the  
Kings-Albert Purity League.

"H. G. KENNEDY,  
Pres. of Purity League.

The Telegraph did not print the state-  
ments which the foregoing resolution con-  
tains. The more important facts about  
the matter in question—the Long Affidavit  
—are well known to many. The purity  
league may do much for public morality.  
It cannot be made an effective partisan  
weapon by either side. In fighting for a  
clean election the league will have general  
support. If any of its members should at-  
tempt to use it for partisan purposes no  
doubt the more responsible spirits of the  
league would sharply object. The Tele-  
graph prints the resolution, but in doing  
so it desires to say that the resolution  
does the newspapers injustice.

HON. MR. PUGSLEY.—"MR. MAYES  
IN A LETTER WHICH HE WROTE  
ME ON THE 28TH OF DECEMBER,  
1907, STATES THAT HE HAD RECEIV-  
ED HIS FIRST CONTRACT FOR  
DREDGING AT 55 CENTS AFTER  
TENDERING IN THE REGULAR  
MANNER."

### Hon. Mr. Pugsley "I have said before and I repeat it, Mr. Mayes told me the dredge might be purchased through an agent, and it might be so arranged that there could be \$20,000 for a campaign fund in this constituency. The position which I took was that as your representative and as a minister of the crown I could not be a party to such a transaction."

#### THE GOVERNMENT AND ZAM-BUK Survey out from Fort William. Takes This Wonderful Ba m.

Zam-Buk is the favorite household balm  
now adopted as "The Doctor" by leading  
parties in surveying various parts of the  
Dominion lands.

Mr. Henry Hall writing from Fort Wil-  
liam says:—"Having proved how beneficial  
Zam-Buk is in cases of cuts, skin inju-  
ries and diseases, I determined to keep  
a supply handy. Being engaged to go  
on a survey I thought it would be a most  
useful thing to take along. I obtained a  
supply in Fort William, and very well it  
served me. I may say that pretty  
nearly every day it was called into re-  
quisition by one or other of the party for  
cuts, bruises, burns, or some injury or  
other. It is wonderful how quickly Zam-  
buk takes the soreness out of cuts, burns  
and bruises, and on our survey it  
earned good opinions from all who had  
occasion to try it. I have found it very  
fine for skin disease, and I can strongly  
recommend it as a household balm."

Mr. Lascelles Scott one of the leading  
Government analysts says:—"I have no  
hesitation in certifying the entire puri-  
ty of Zam-Buk which in my opinion is ex-  
cellently adapted for skin injuries and  
diseases."

Zam-Buk cures cuts, scalds, burns, bru-  
ises, scabs, scalp sores, ringworm, ulcers  
abscesses, chapped skin, cold sores, blood  
poisoning, chronic abscesses, etc. As an  
embrace it relieves rheumatism, neu-  
ralgia, and sciatica. All Druggists, or  
Solely well at 50 cents a box, or from Zam-  
buk Co., Toronto, for price, 3 boxes for  
\$1.25. Send 1 cent stamp for dainty  
sample box.

"I CAN PREDICT A GREAT VICTORY FOR OUR PARTY ON THE 26TH OF OCTOBER." SIR WILFRID LAURIER.

### MR. HAZEN AND THE MAYES AFFAIR

#### A correspondent sends the following: "I further say that when Hon. J. D. Hazen read my declaration at the Queens Rink he turned towards me when reading the date '19th October' and hesitated at '1907.' I called out '1905' and he read '1905.'—Extract from Mr. Mayes' latest declaration.

It is the true story of Mr. Hazen  
hesitating on the date. He should be  
1905 instead of 1907, and if he  
did not know the correct date, why  
did he allow the declaration to be pub-  
lished without having the correct date  
inserted?

Mr. Hazen as Attorney General is  
charged with the criminal administra-  
tion of the laws of the Province and  
why did he not feel in this matter  
that he was not responsible for the  
mistake? Little wonder Sir James Whit-  
taker went home feeling smirched and  
disgusted and that Hazen and his  
friends hide themselves in shame.

If Hazen did not know he was being  
made a party to a blackmailing scheme  
why has he not repudiated the trans-  
action and expressed his regret to the  
man he has so basely accused as well  
as to Sir James Whitaker, who was  
his guest at the time. If Mayes  
statement is untrue why does Mr.  
Hazen, who is as stated charged with  
the criminal administration of the  
laws of this Province not assume the  
responsibility which devolves upon  
him? Mr. Hazen, and he alone, can  
tell whether Mr. Mayes' statement  
above quoted, is true or false.

Let the Attorney General be a man  
and do his duty regardless of party or  
retire. If he was not a party to the  
plot why does he not repudiate the  
deed and make use of him? If he  
does not repudiate them he must take  
the responsibility.

The government will be sus-  
tained. Keep St. John in line.  
Support Pugsley, Pender and  
a progressive winter port  
policy.

### Hon. Mr. Pugsley "I stood with my back to the wall and resisted their attempts to extort money from my department, and did my duty to the public and to myself and to this constituency. A wilful, deliberate and criminal attempt has been made to blackmail me into purchasing Mr. Mayes' dredge beyond what it was worth. These mean, contemptible and disreputable tactics are the most disgraceful that have ever been practised by a political party."

#### WOULD NOT LISTEN THERE

Hartland, Carleton Co., Oct. 20.—(Spe-  
cial.)—Hon. J. D. Hazen, who was  
spoken in Centreville tonight, was given  
evidence that Hartland will give Carvell  
a big majority next Monday, and also  
that Mr. Hazen himself has not a very  
warm place in the hearts of the people  
here.

It was arranged that the premier should  
speak at the station here for about  
twenty minutes, and a large crowd gather-  
ed. The premier mounted a baggage  
truck and was introduced by Hon. J. K.  
Fleming. Mr. Hazen's appearance was  
greeted with a great roar for Carvell,  
and after several ineffectual attempts to  
make himself heard, the premier desisted.

Excitement ran high and several per-  
sonal encounters took place among the  
crowd. The sentiment was so strongly  
for a Liberal speech that C. L. Smith,  
ex-M.P.P., was called upon and made a  
brief address. Carvell will have a big  
majority.

### MACRAE HAD HIS HAND GREASED

#### How he Canvassed the Pender Company Employes and Got "Stung."

Dr. Alexander W. MacRae, K. C., Con-  
servative candidate for the city and  
county of St. John, has had his hand  
greased. This is a simple statement of fact. Yes-  
terday the bold Alexander determined to  
storm the castle of one of his opponents  
and, arming himself for the fray with a  
bunch of deadly Tory literature, he knock-  
ed upon the gate of the Pender Mail  
Works. Instead of meeting with the  
recognition he expected, the portal was  
opened wide and the Conservative  
nominee was informed by Mr. Pender that  
he was at perfect liberty to practice his  
black art and wickerwork among the  
employes of the establishment.

The first young man all dressed in  
black approached him with an icy look  
and remarked that he admired his nerve.  
The next looked more promising and Mr.  
MacRae was framing up in his mind what  
he would have to tell him about the great  
things he would do for St. John, if elect-  
ed, when the young man put out his  
hand for a friendly shake. The doctor  
broke into one of his friendly smiles at  
this evidence of comradely interest and  
shook hands with the young man, who  
may have thought "stung." The young  
man had "thoughtlessly" extended a hand  
which had been resting on some other  
machinery.

With Spartan courage he completed his  
tour of the works and carried away with  
him numerous promises from the employes  
that they would help "nail" him on the  
26th.

### MR. PENDER IN QUEENS COUNTY

James Pender went to Jerusalem,  
Queens County on Tuesday and addressed  
a very large and enthusiastic audience  
there in the interests of Colonel Hugh  
H. McLean, the Liberal candidate for  
Queens-Sunbury.

As this is Mr. Pender's native place the  
people there were naturally anxious to  
hear him and the crowd was so great  
that boards had to be brought in and  
laid on the chairs to provide seating ac-  
commodation and even then many were  
compelled to stand.

Mr. Pender's able address provoked  
much applause and it is safe to predict  
that the Liberal candidate will poll a  
very heavy vote in that district.

A St. John man who returned from  
Queens County with Mr. Pender said  
that the opposition are circulating all kinds  
of scandals in an endeavor to counter-  
act the feeling in the Liberals' favor but Col-  
onel McLean has a splendid organization  
and his victory is now a foregone con-  
clusion. It is only a question of majority.

### CONSERVATIVES OUT FOR CARVELL

#### At a Woodstock Meeting They Say They Will Support Him and Tell Why.

Woodstock, N. B., Oct. 20 (Special).—  
Two incidents of the big Liberal meeting  
here last night demonstrated that many  
Conservatives are supporting James B.  
Carvell in this election. The principal  
speakers of the evening were Mr. Carvell,  
Hon. W. P. Jones, and Hon. H. A. Mc-  
Keown, but the sensation of the evening  
was furnished by two councillors who have  
been consistent Conservatives.

John E. Kenney, councillor of the par-  
ish of Kent, a lifelong Conservative, and  
master of the Orange lodge in this section,  
took the platform and stated he had been  
the recipient of a bundle of literature for  
distribution among members of the order  
in his district, but the pamphlets were of  
such nature that he could not countenance  
the party who would adopt such tactics.  
The literature was the same as circulated  
in Queens, Charlotte, York and other  
counties. The councillor said he was done  
with the Conservatives for such tactics.

Edward S. Gilmore, councillor for Aber-  
deen parish, said he was also a life-long  
Conservative and had opposed Carvell at  
the last election. At that time the cry  
was raised that the G. T. P. project was  
a fraud and the road would never be  
constructed. The carrying out of the pledge  
of the Liberal party had not countenanced  
ever, and the unscrupulous antagonism of  
the Conservatives to the plan had dis-  
tressed him and caused him to believe  
that the Tories were but a party of scan-  
dal raisers.

It is expected that a large number of  
other prominent Conservatives for the  
same reasons will support the Liberal can-  
didate and his majority will be a record  
breaker.

"It is with shame and dis-  
gust that I find the issue we  
are to fight upon is this petty  
scandal cry of the Conserva-  
tive leaders. I disdain to dis-  
cuss these issues. My soul is  
turned toward greater events  
and questions, and it is the  
future of the country I lay be-  
fore you. For myself, I say  
that I have never used my office  
for my personal benefit."—Sir  
Wilfrid Laurier.

THE EVENING TIMES, ST. JOHN, N. B. THURSDAY, OCTOBER 22, 1908.

The Evening Times!

The St. John Evening Times is published at 77 and 79 Canterbury street, every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE EVENING TIMES, THE DAILY TELEGRAPH. New Brunswick's independent newspapers. These newspapers advocate British connection. Honesty in public life. Measures for the material progress and moral advancement of our great Dominion.

THE GREAT LOCAL ISSUE For years there has been one great local issue before the people of St. John. It is the development of the winter port. This is the great local issue in the present election campaign.

What is the attitude of the government? Since he became minister Hon. Dr. Pugsley has secured appropriations amounting to \$750,000 for St. John harbor, besides the work of the dredge fielding; and has called for tenders for dredging in Courtenay Bay which will involve the expenditure of several millions of dollars within the next few years.

SCANDAL CAMPAIGN FAILS The utter collapse of the Mayes charges against Dr. Pugsley gives the people of St. John a better idea of the character of the Conservative scandal campaign all over Canada.

Now what has happened? Dr. Pugsley has appealed to the records. He has proved that his traducers made statements which were grossly untrue. He has shown incidentally that instead of accepting a bribe he refused to be bribed into purchasing a contractor's dredge at \$50,000 more than his engineer said it was worth.

And so we find an increasing number of thoughtful and fair-minded people turning away from the party of scandal and abuse, and supporting the party which goes steadily on with the great work of building up the country to which it has given twelve years of unexampled prosperity.

LAURIER WILL WIN The government will be sustained in the coming elections. The great majority which Sir Wilfrid Laurier had in the last house cannot be overcome by a party which has no new policy to offer.

Therefore the government will not be overturned. The boasting of the opposition deceives nobody. Their whole dependence is placed in their scandal charges, which are very poor material on which to build up the fabric of political success.

A CONSERVATIVE PURIFIER In their attempt to elevate and purify Canadian politics the Conservatives have imported into some of the constituencies copies of the Calgary Eye Opener, which is the Calgary Daily News says: "It is a disreputable sheet, the mission of which has been blackmail, and the contents of which are slander and snarl."

Comment would appear to be unnecessary. St. John must go forward. It must grow in importance as a national winter port. The facilities must be provided.

St. John must not be carried away by any false cries and canvases. The interests of the winter port demand the election of Pugsley and Pender.

Dr. Daniel sneers at Dr. Pugsley's Courtenay Bay plans. St. John has no time to waste on men who cavil and sneer. The watchword is Forward!

MR. JAMES PENDER

The Standard, the Conservative campaign sheet, asserts that "labor men will oppose Pender," because he is their "enemy."

The Standard sinks very low in its efforts to arouse prejudice. The best friend of labor men is he who creates an industry and provides profitable employment for men. This Mr. Pender has done.

The Standard seeks to convey the impression that Mr. Pender is the enemy of labor men because he opposed a clause of the Compensation Bill which the provincial government itself refused to adopt, and which labor men themselves agree was not a fair one.

Labor men do not believe all they are told by interested politicians and papers which seek to destroy an opponent. They know Mr. Pender. They know that he keeps his factory running and pays his employees fair wages. They know he has enlarged his plant from time to time and given employment to more men.

A COMPARISON

IT MAY BE INTERESTING TO KNOW JUST WHAT PREMIER HAZEN AND HIS CONSERVATIVE FOLLOWERS HAVE DONE FOR THE LABORING MAN. FOR INSTANCE, THE VALUE THEY PLACE ON THE WORK OF A MAN ON THE ROADS UNDER THE NEW HIGHWAY ACT IS THE MINUTICUM SUM OF ONE DOLLAR, DURING THE SUMMER MONTHS, FOR A DAY OF EIGHT HOURS AND FOR WINTER WORK THEY GENEROUSLY FIX THE WAGE AT 50 CENTS A DAY, HALF THE SUMMER RATE.

A WORD TO WORKERS

A Conservative partisan, speaking of the contest in this city, has boasted that his party will succeed because its ward rooms are filled with workers who labor for love of the cause, while the Liberal workers are only those who expect to get something out of it.

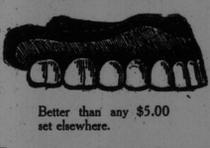

This is another slander, which should be answered on Monday next by such a majority for Pugsley and Pender as will show that these representatives have the sympathy and earnest support of the great mass of the thinking people of St. John.

An observant Sussex man, who voted for the Hazen candidates in the provincial campaign, tells the Times that he believes Dr. McAlister will be elected. He says the Liberals are united everywhere and the result will be entirely different from that in the provincial campaign.

The Liberals have given Canada twelve years of unexampled prosperity. The Conservatives do not deny it. They cannot deny it. They go on throwing mud. It is a poor business.

The government policy is to make St. John a greater port—more business for business men, more work for working men. PUGSLEY AND PENDER. PROGRESS AND PROSPERITY.

The Conservatives, professing an eager desire to unite all races and creeds for the upbuilding of Canada, have circulated secretly, where they thought it would do most good, literature calculated to stir up race and religious prejudice.

The Conservatives have only two days more in which to hatch their last-hour sensation to influence voters. But the exposure of the Mayes-Hazen plot has made the voters wise to the game.

Dr. Daniel and Dr. MacRae would be members of the opposition, even if elected. St. John, at this critical period needs the services of Dr. Pugsley and Mr. Pender.

Kings, Queens, Sunbury, York and other counties are interested in strengthening the hands of the minister of public works in his great plans for a greater St. John.

Never in the political history of this province has a public man been made the object of a more savage and unwarranted attack than that upon Hon. Dr. Pugsley.

Mr. Borden offers no policy differing from that of the Liberals. He rests his case on the scandal charges. That is why he cannot win.

St. John has no use for sewer politics. There are large questions to be considered. They involve the future of the winter port.

If Dr. Pugsley had bought that dredge there would have been no trouble. But he preferred the trouble to a deal of that kind.

No good reason has been advanced in support of the cry for a change of government. Get ready for another "startling exposure." The conspirators have only two days more in which to operate.

The electors should disregard all side-issues and vote for the greater St. John. Only two days more of active work. Make them tell for the good of St. John.

It is time for a change in the opposition policy of slander.

OCTOBER

(By J. W. Weaver, in the Nation, London.) Find no more your wealth untold; Keep your gorgeous treasures. Though you paved the woods with gold, Winter has no pleasures In your robes and will not spare Till he strips your branches bare.

The woods are filled with whispering sighs, And every bough is sighing; The sobbing leaves, all wet with tears, Are fading, falling, flying. For Winter's breaths, loudly blow And now must all your glories go.

This morning, down your choicest glades His chilling mist was sweeping, And now the cold sun's glimmer fades And amber dews are weeping. They weep because this fair-land Must soon in dreary ruins stand.

Fling no more your wealth of gold; Winter will not tarry. Ere his icy arms enfold, Haste away and carry. All your wealth, till once again You may here in splendour reap.

MARVIN HART HAD THE BETTER OF IT

Won His Go With Jack (Twin) Sullivan on a Foul, but Judging from This Report Would Have Won Anyway.

The following is yesterday's Boston Journal's account of the Marvin Hart-Jack (Twin) Sullivan go: Marvin Hart, of Kentucky, weighing over 200 pounds, won on a foul from Jack Twin Sullivan, of Cambridge, weighing about 165 pounds, in the fifth round of their scheduled 12-round contest at the Arena A. A. last night.

The second foul was in the next round, but was plainly discernible as struck in the third round. The referee gave the men a rest of five minutes in order to allow Hart to recover from the effects of the blow. The punch, while not hard, did not injure the Kentuckian. Sullivan was warned that a repetition would cause disqualification.

The second foul was in the next round, but was plainly Hart's own fault as he jumped up in the air when Sully aimed a blow at his punch. The first foul Sullivan was explicitly warned by the referee, Alderman Dan Donnelly. The last foul was by a left hook and Hart sank to the floor, pinned to corners.

Hart started to climb foul from the very start and pulled that he was punched low in the very first round. That there was a violation of the rules, however, was not evident, however, to anybody, although Hart suddenly became enraged and viciously pursued Sully.

Hart also objected to the referee in the second, but no attention was paid to it. The bout was a hugging, clinching affair most of the time, with no real scientific boxing or punching.

GIPSY SMITH'S CRUSADE STIRRING WASHINGTON: English Evangelist Leads Thousands, Singing Hymns, Through Streets.

Washington, Oct. 21 - Gipsy Smith, the English evangelist, is fanning the religious enthusiasm of the Washington populace into such fervor that, inspired by his eloquence, thousands of the attendants at the mass meeting in Convention Hall followed him into the Washington streets to-night in a great procession, singing "Rescue the Perishing" as they went along.

VISCOUNT MILNER TALKS OF CANADA'S GREAT FUTURE

The Next Fifty Years is the Decisive Period Says South African Nation Builder—Toronto University Honors Milner and Lord Roberts.

Toronto, Oct. 21.—"Great Responsibilities Which Rest Upon the Present Generation of Canadians," was the subject of an address delivered before the University of Toronto this afternoon by Viscount Milner in acknowledging the conference of the honorary degree of LL.D. It was fitting that when the university honored the man who had held the imperial office of high commissioner of South Africa during the strenuous years, that at the same time a similar honor should be conferred on the greatest of British soldiers, Earl Roberts.

I had no thought of taking any hand in this campaign because of the conditions of my health, and indeed I had been excused on that account by my party leaders from anything like my former activity.

NEW YORK SPORTSMAN FREED OF GAME VIOLATION CHARGE

Newcastle, N.B., Oct. 21.—The post-mortem investigation of the New York millionaire, Arthur Robinson, charged with violation of the game laws at Holmes Lake, Little South West Miramichi, was held today. The charges were preferred by Guide Henry Braithwaite, who, however, failed to appear, though notified. Other witnesses whom the evidence desired were absent. Affidavits were read from Frederick Deveau, Frank Crocker, Geo. Pratt, New York, stating that no game was shot illegally while they were visiting Robinson. Pratt also said that Braithwaite had said in his and Robinson's presence, that he, Braithwaite, was the greatest game law violator in the province.

THE TRUTH ABOUT MAYES' CONTRACT

Mayer in his affidavit alleged that his tender was the only one received both times.

On this point Hon. William Pugsley says:—"The records of the department, of which I have received a copy, show that on the 29th of July, 1905, the department called for tenders for dredging at Sand Point Slip, St. John, the advertisement calling for tenders providing that only dredges can be employed which are registered in Canada at the time of filing the tenders."

EXPLORER TALKS ON NORTH WEST

William McInnes of Geological Survey Talks of Agricultural Possibilities on Fort Churchill Line.

Ottawa, Oct. 21 (Special).—That much of the hitherto unknown country which the proposed Hudson Bay Railway would traverse on its course north and east from the present outposts of settlement on the Saskatchewan towards the terminus at the mouth of the Churchill River is capable of sustaining a farming population, is the opinion held by William McInnes, of the Geological Survey Department, who has just returned from his third season's exploratory work in that vast land.

UNFAIR TACTICS

Toronto Globe.—It is somewhat shocking even at election time to see Conservative papers, conducted by journalists of repute, publishing with great headings, on the front page, the story that Mr. Pugsley, while a Minister of the Crown, took \$2,000 from a contractor who was doing work for his department, and placing in an inconspicuous position the next day the confession of the affidavit-maker that he had made an error of two years in the date, and that the transaction took place two years before Mr. Pugsley became a Minister of the Crown, and was one between lawyer and client.
