HOW WOULD THIS PLAN WORK HERE IN ST. JOHN

If Chief Justice Sullivan is Right Could a Resident Magistrate be Disqualified From Trying Cases Where Fines go to the City.

CHARLOTTETOWN, P. E. I., May 8 (Special)—In the Supreme Court yesterday, Chief Justice Sullivan delivered judgment in the case of P. P. Gillis, who had applied for a certiorari to quash the conviction against him for a fourth offence against the Prohibition Act. The grounds were that the magistrate had adjourned the hearing till Thanksgiving Day and again till a subsequent day when he made a conviction, also that the magistrate was disqualified by being a ratepayer of the city, to the treasury of which a portion of the prohibition fines were paid. The chief justice ruled that no proclamation had been issued under the great seal of the province declaring Thanksgiving Day a holiday, the case could be tried on that day, and although the magistrate was disqualified by reason of a pecuniary interest, the objection should have been taken before he tried the case, also that there was no one else to try the case. The application for a certiorari was refused, and Gillis must go to jail for six months.

O'BRIEN IS FAVORITE

He Rules at Ten to Eight in the Betting on Tonight's Contest

LOS ANGELES, Calif., May 8—If the light heavyweight championship fight of the world is not decided at the end of the 20th round tonight when "Philadelphia" Jack O'Brien and Tommy Burns are scheduled to meet at the Pacific Athletic Club, it is probable that the men will fight several additional rounds by mutual agreement. No official understanding to this effect has been arranged, but O'Brien and Burns have both declared themselves willing to continue the bout for at least two rounds in addition to the twenty prescribed by the articles of agreement. The advance sale of seats for the fight promises to break every record heretofore established by a pugilistic contest in this city. It now seems likely that the odds will remain unchanged up to the time of the going and that O'Brien will remain the favorite at 10 to 8. Betting is quite brisk and many good sized wagers have been made upon the result.

A FIRE AT COBALT

COBALT, Ont., May 8 (Special)—Seven stores and building were destroyed in a fire here last night. The total loss is about \$25,000. The buildings burned were O'Gorman's general store, A. T. Budd, druggist, D. Johns, assayer, Chinese restaurant, and laundry. This is the second time that Budd and Johns have been burned out. The fire was caused by a gasoline explosion.

Another of the small-pox patients, Mr. Leque, was released from the isolation hospital yesterday. There remains now only one, Mr. Halliday, who was taken from Mrs. Glyn's boarding house in Dorchester street.

The city marshals were sworn in by Mayor Sears this morning and received their warrants. Robert Harris has again been appointed inspector of vehicles.

W. S. Hooper, of Fredericton, arrived in the city this morning and will spend several days here on business connected with the Fredericton exhibition.

BISHOP BURGESS PUTS BAN ON STEEL KING'S WEDDING

Protestant Episcopal Bishop of Long Island Prohibits Marriage of W. Ellis Corey to Mabelle Gilman.

NEW YORK, May 8—The Right Rev. Frederick Burgess, Protestant Episcopal Bishop of Long Island, through his secretary, has placed a ban on the contemplated marriage of W. Ellis Corey, president of the United States Steel Company, to Miss Mabelle Gilman in the Cathedral at Garden City.

Bishop Burgess made it emphatic that such a marriage could not be solemnized within his diocese and declared that he doubted if any self-respecting minister would officiate at such a union, where one of the contracting parties had been divorced.

"The wedding of such a couple," he stated, "would never occur in the Cathedral at Garden City and no clergyman in the Episcopal diocese would perform such a ceremony, where either of the parties had been divorced. I doubt very much whether any self-respecting minister could be found in Long Island to marry such a couple."

SHE MARRIED FOR LOVE ONLY

Barbara Krupp, Daughter of Great Gun Maker, Followed Her Sister's Example and Married a Poor Man.

ESSEX, May 8—The Fraulein Barbara Krupp, second daughter of the great gun maker, was married yesterday. Like her sister Bertha, who inherited a fortune of \$225,000,000 from her father, and a controlling interest in the great works here, but she is a millionairess many times over. The wedding took place at the Krupp home, the Villa Huegel, and was a very quiet affair.

Bertha Krupp married Dr. Gustav von Bohlen, a comparatively obscure diplomat, last October, but Von Bohlen has since given up his service in the German government and has become associated with his wife in the conduct of the Essex works.

BELIEVE BARK OSBERGA LOST

Captain and Wife and a Crew of 14 May Have Perished.

BOSTON, May 8—Nothing has yet been heard of the overdue bark Osberga, which left Turk's Island March 15 with a cargo of salt consigned to local parties. The bark is commanded by Captain Arthur S. Hatfield and is manned by 14 men. Captain Hatfield is accompanied by his wife. The agents of the vessel are beginning to feel that she is doomed, although a dismasted bark was reported in southern waters in distress April 2. Even if this was the Osberga, they assert that it is time she should put in at some port or else be picked up by a passing vessel.

The Osberga was built at Mattitohick, N. S., in 1884, and is of 110 tons net register. She is owned by Thomas Douglas, of Halifax and is valued at about \$10,000. The cargo of 40,000 bushels of salt, worth about \$2,000, is fully insured.

CITY OFFICIAL IS A DEFAULTER

Ex-City Comptroller of Seattle Now a Fugitive in Honduras.

SEATTLE, Wn., May 8—John Ripplinger, former city comptroller, is a public candidate for mayor in the next election, and well known in the northwest, retired from office on March 1, 1906. He is a defaulter in the sum of more than \$8,000, it is alleged. Last night City Comptroller Carroll swore out a warrant for the arrest of his predecessor and former close friend. Ripplinger is now in Honduras, having gone there from California some months ago. It is doubtful whether he can be reached by law, as there is no extradition treaty between Honduras and the United States.

Ripplinger, it is said, obtained the money by falsifying the figures in local improvement bonds.

Furness steamship Kanawha, Captain Maxwell, passed Brier Island this morning and is due to arrive this afternoon from London via Halifax.

J. D. Seely and Mrs. Seely returned to the city today on the Montreal express. Frank Black went to Seattle on the moon train.

THE NATIONALISTS HAVE CALLED CONVENTION TO CONSIDER IRISH BILL

It Will Be Held in Dublin May 21 and 22, and It Is Expected that 2,000 Delegates Will Be in Attendance—Unionists Regard Bill as First Step Toward Home Rule.

LONDON, May 8—The Nationalists have called a great convention to be held in Dublin, May 21 and 22, to consider the government's bill. All the Irish city corporations and the borough and city rural councils have been invited to send delegates irrespective of politics. The branches of the United Irish League in Ireland and England also will be represented, and all the clergymen of Ireland, irrespective of denomination, will be invited. It is expected that more than 2,000 persons will attend the convention.

John E. Redmond, as leader of the Nationalists, will set forth Mr. Birrell's proposed bill and ask the convention to pass its opinion thereupon for the guidance of the Irish members of parliament. At the conclusion of Mr. Redmond's speech in the house yesterday, interest in the debate dwindled. Thomas W. Russell, Liberal member for the southern division of Ulster, expressed the conviction that there had been a change of opinion and that the mass of the population of Ulster would be found supporting the measure, which he said had excited the opposition of the Ulster Unionists, because they feared it would put an end to a reign of patronage.

A COLLISION AT ST. STEPHEN

Express Engine Collided With Shunter—The Engine Driver Scalded.

ST. STEPHEN, N. B., May 8 (Special)—A collision of two engines occurred just before noon yesterday here today. The engine of the express was backing down to the round house when the shunter came around a curve. Both engines were badly damaged. Driver Allen Bartlett, of the shunter, had one arm scalded.

ANOTHER AWFUL DISASTER AT SEA

BUENOS AYRES, May 8—A despatch from Montevideo published here today announces that the French transport Maritimes steamer Potou, from Marseilles, April 6, for this port, has been wrecked off the coast of Uruguay. One hundred of her passengers and crew are said to have perished.

MONTREAL STOCKS

MONTREAL, May 8 (Special)—The number of issues receiving attention on the stock market today was still limited. Montreal Power held at yesterday's decline to 89 1/2; Trinidad Electric, for a long time inactive, sold at 77 yesterday and one point higher today. Rio bonds sold off a fraction and Mexican mined a fraction to 46. Montreal Street Ry was down half a point.

BIG FIRE IN HAMBURG

HAMBURG, May 8—A large fire broke out at noon today in the suburb of Steinwacker, in the territory of the Free Harbor, on the left bank of the Northern Elbe. The Schlemmer Mineral Wax factory was probably the cause. The flames threatened to leap over the middle channel and ignite the lumber yards.

Mrs. A. Y. Patterson

The death occurred quite suddenly this morning about six o'clock, of Mrs. A. Y. Patterson, at her home Kennedy street. Besides her husband, Mrs. Patterson is survived by three sons. One of the sons, A. Y. Patterson, Jr., is the well known watchmaker on Main street.

THE EXHIBITION

Tonight at 8 o'clock the members of the exhibition association and the people who subscribed to the fund will meet in the board of directors to discuss arrangements for the big fair to be held this fall. Some exceptionally strong attractions are talked of, and it is confidently believed that this year's exhibition will be the greatest ever.

GREAT POSSIBILITIES.

Mr. Peter Binks has revived his interest in the question of teaching lessons in civic government in the public schools. He has long held that the system defective in this respect, and that our young citizens should be early taught to take a personal interest in the affairs of their native town.

The particular event that has aroused in the mind of Mr. Binks a new ambition to promote this educational reform was the first meeting of the new city council. He was so greatly impressed himself that he decided to take the first step in its formative stage could be introduced to the city council chamber, with a dignified and illuminating discussion like that of yesterday was in progress, the result would be most edifying and profitable.

Mr. Binks would therefore suggest that the pupils be taken in groups to the council chamber, to absorb wisdom and see the fireworks. All children are found of

WILL RUSH THEM TO NORTH SYDNEY

Passengers for Allan Liner Virginian Will be Taken to North Sydney on Special Train and Transferred From Tender.

HALIFAX, N. S., May 7—There seems to be some doubt where the outward bound passengers and mails will be transferred to the Allan liner steamer Virginian, due to arrive off North Sydney Sunday morning. The cable boat from Montreal reaches North Sydney three o'clock. According to instructions received by the L. C. R. officials the transfer will be in the Cabot Straits, off the entrance to the harbor, but according to the Montreal officials the transfer will be in the Cabot Straits, off North Sydney. Shipping men are inclined to the latter belief, as this would not entail any divergence from the course of the Virginian, and considerable time would be saved.

MRS. WM. THAW NEEDS THE CASH

She Has Mortgaged Her Handsome Home in Pittsburg for \$100,000.

PITTSBURG, Pa., May 7—Lyndell Thaw, the pretentious home of Mrs. William Thaw, in the east end of this city, has been mortgaged for \$100,000, according to the Pittsburg Leader. The mortgage was given to the First National bank of this city, and the bank containing the records had been broken, according to this newspaper, and the case ended by the document did not become public until today. The interest charged is 5 1/2 per cent, and the mortgage is held by the Pringle Title and Trust Company. It will mature in three years.

KAISER'S TASTE IS "ALL IN HIS MOUTH"

As a Dramatic Critic He is a Royal Joke in Berlin.

BERLIN, May 7—The Kaiser's taste in drama does not please the more cultured among Berlin playgoers. His favorite playwrights are Bonn, who has turned some of Conan Doyle's most lurid detective stories into sensational melodramas; and Major Lauff, who writes spiritless plays about the Emperor's ancestors.

FLOODS IN RUSSIA

KREMENTCHUG, Russia, May 8—The high water on the Dnieper has inundated no less than one hundred and eighty villages. Dwellings, stores of grain and cattle have been swept away by the flood. The people of this town are in flight. The prison has been inundated and it was with difficulty that the prisoners were removed to a dollar a basket. No refreshments need be served, nor any special expense incurred.

Mr. Binks points out, a sufficient sum could be raised to wipe out the income tax, and this phase of the subject is especially commended to the consideration of post-office and customs officials and other civil servants who fear the heavy hand of the tax collector.

It is now quite obvious, Mr. Binks says, that if the citizens had realized the possibilities wrapped up in a new council composed of a mayor and seventeen aldermen they would have asked for more. But one never knows what is under a stone till one kicks it over.

FUNERALS

The funeral of Samuel Swanton was held this afternoon at 2:30 o'clock from his late residence 128 St. Patrick street, to the Cathedral. Interment was made in the new Catholic cemetery.

The funeral of James H. Solfridge was held this afternoon at 2:30 o'clock from his late residence, Coldbrook. Rev. Mr. Hoy conducted the services and interment was made in the Church of England burying ground.

shows and other attractions in the city there was a fair that the entertainments would not draw the people. Mr. Binks asserts with confidence that if the city council will hold a few open meetings in one of the parks, providing each member with a small desk to put on his feet, and will continue the debate so will begun yesterday, the rink could be filled on each occasion by a dollar a basket. No refreshments need be served, nor any special expense incurred.

The case against James Miller, charged with keeping liquor for sale in his boarding house, Britain street, was heard in the police court this morning, and judgment was reserved. Deputy Chief Jenkins stated that on the night of April 23, he and Patrolman Marshall visited Miller's house and the latter found a bottle of Scotch whiskey and a bottle of gin. Witness saw a number of whiskey glasses in the sitting room and said that they appeared to have been recently in use.

Patrolman Marshall told of visiting the defendant's house and searching several of the rooms, closely followed by Thos. Murray, who was in the house at the time.

On coming to Murray's bed he was about to search it when Murray pulled the bottles referred to from under the mattress, declaring they were his, but witness seized them. He continued his search, but without further results. He saw Josie Mills in Miller's shop under the influence of liquor.

Thos. Murray was called for the defence and stated that he had been working on the Donaldson boat, on April 27, when he was paid off, receiving \$18.33 for the week's work. He crossed the harbor, had a drink of ale in Hogan's on Water

FEARED RATS WOULD DEVOUR HER IN JAIL

Josephine Thomas Terrified at the Idea of Furnishing a Meal for Jail Rodents Created a Scene in the Police Court Today.

NEW YORK, May 7—Florence Levell, seventeen years old, hasn't been at her home, No. 61 Meeker avenue, Williamsburg, since a week ago last Thursday, and her fiancé, John Kelly, an attendant in St. Catherine's Hospital, yesterday asked the police to find her.

"We were engaged to be married," said young Kelly, "and I do not know how to account for her strange disappearance."

The wedding was to have taken place last Sunday. The arrangements were all made. A large number of friends of the young couple were on hand, and Kelly was present several hours for the bride it was finally decided to postpone the event. The police yesterday sent out a general alarm and a diligent search will now be made for her.

The Irish Independent remarks that the measure "gives Ireland but the minimum of what she should accept as administrative reform and puts an end to the indefensible system of government by irresponsible departments."

The Daily Express says: "The council will be a standing committee of the separatist party and the loyal minority will be wiped out. The checks provided are entirely illusory."

NEWS FROM FREDERICTON

Funeral of Mrs. Wm. Richards Was Largely Attended—The River Falling.

FREDERICTON, May 8 (Special)—The remains of the late Mrs. Wm. Richards were taken to her former home at Boies street by special train at noon today for interment. The funeral service was conducted at the residence of her son-in-law, H. H. Gunter last evening by Rev. J. H. McDonald, the choir of the Baptist church rendering appropriate hymns. A number of beautiful floral offerings attended to those who accompanied the body to Boiestown were Mr. and Mrs. H. H. Gunter, Mr. and Mrs. Daniel Richards, Mr. and Mrs. Joseph Richards, Mr. and Mrs. D. M. Richards, and Rev. J. H. McDonald.

F. W. Vayland Porter, agent for A. F. Handolph & Sons, is to be married at Springhill, N. S., on Friday to Miss Be Purdy of that place. Their honeymoon will be spent in Boston and vicinity.

The water in the river here fell about five inches last evening and if it keeps falling at that rate by tomorrow the Star Line steamers will be obliged to abandon the high water wharf.

A good many bank logs are arriving daily at Springhill and are being bought by mill men. Merchandise prices are bringing \$12.25 per thousand and hemlock \$6.00 to 8.

NEW YORK, May 8—First prices of stocks were higher generally than last night. The changes were narrow as a rule, and the volume of business small. Canadian Pacific and Cleveland C. C. and St. Louis rose a point and Union Pacific, St. Paul, Reading and Pennsylvania large fractions. Inter-Met preferred fell 1/8. The market opened firm.

The water in the river continues to fall and at Indianston it was about two feet lower than the highest mark reached in five days ago. The steamers Springfield, Elaine and Hampton came down this morning with very fair cargoes.

W. S. Hooper, of Fredericton, is in the city, a guest at the Royal.

John Power returned home today on the Boston train.

G. W. Merritt was a passenger on the Montreal express at noon.

Thomas Murray Swears Liquor Found in Miller's Boarding House Belonged to Him—Judgment Reserved.

CUSTOMS HOUSE INVESTIGATION

Lively Times in Niagara Falls When Customs Inspector Got Busy.

NIAGARA FALLS, Ont., May 8 (Special)—Merchants and others here are greatly stirred up as the result of the searching investigation which has been going on for some time into the local customs house affairs by Inspector Clappison, of Toronto, and his deputies.

Inspectors have called on a score or more of merchants, manufacturers and others with bills varying from \$10 to \$800 for duties on imported goods, which they claim have not been paid, and for the value of goods under the confiscation clause in the tariff law. The defendants, in nearly all cases, claim to have paid the duty, but as customs officers do not give receipts for money collected from importers, it is difficult for the defendants to prove their contention. Some are terrified by the prospect of "common law" penalty, the amount claimed without delay. Others have refused to pay, while some have taken legal advice and have decided to fight their cases.

Mrs. R. T. Warden returned home today on the Boston train.

Rev. Dr. McIntyre returned to the city on the Atlantic express.

Witness also stated that he had laid in a supply of liquor, as he thought of going to Magogawatic to work in a mill. He had stayed with Miller during the past three winters and paid him \$3.50 a week.

In reply to a question witness said there was a wash room in Miller's, where he washed his face, but he did not bother with so much about a bath tub summer, when he bathed in the salt water.

His honor said when he had \$18 in his pocket he was not inclined to buy a stock of liquor. Murray replied that it was different with him, as he was a man and wanted comfort. He felt entitled to these luxuries, as he paid for them.

His honor told Miller he had no right to take up another by house seemed unsuitable for besides he had been in a similar to this before. He told the old law, if any were found in the charged with illegal possession, he would establish a case.

HONORE JAXON IS WHOLE MELODRAMA IN HIMSELF

Man to Whom Roosevelt Wrote in the Moyer-Haywood Case Has Had a Most Exciting Career--Was With Riel in the North West Rebellion.

CHICAGO, May 6--Because the president of the United States recently addressed a letter to him concerning the Moyer-Haywood case, Honore Joseph Jaxon is immediately in the public eye. This, however, is the least of his claims to celebrity, for, owing to his activities since young manhood, he has acquired sufficient experience to make him an entire melodrama, with the addition of a few stage settings. Honore Joseph Jaxon was born May 3, 1861, a nomad in Jaxon's buffalo camp, within sight of Woody mountain, somewhere between Montana and the north-west territory Jaxon claims kinship with the Metis, the mixed people of the north-west, although he is less than half Indian, and in his veins course the combined bloods of the Welsh, Scotch, English, French and Spanish. He was reading an entire history at 5 years, and at 10 well along in the schools of Toronto. He graduated from the high school and entered the university. Here he won honors and led his classes in Greek and Latin. Louis Riel, the great leader of the outbreak of 1885, was the boy's hero, and he longed for the time when the exile should return to his own. It came just before the young man graduated. Riel was recalled, trouble was brewing in the north-west territory, and Jaxon, just out of his teens, started for the land of his father. He was made secretary of the great council of the Metis and from that day he devoted his books as his main study and turned to men and things. In January, 1885, Chaplain, secretary of state for Canada, wrote to Jaxon stating that the Metis' petition would receive proper attention. But war was precipitated. The battle of Batoche was fought in May of that year and in November Riel was hanged. Jaxon had been captured and was decorated with ball and chain. He was pegged to the ground and introduced to the "spread eagle." He was taken from Regina to Fort Garry, the military prison, from which he escaped, and finally after nights of tramping and days of hunger, crossed the line into the United States at Pembia, N. D. Here he was kidnapped and started towards the north once more. Again he escaped by jumping from a moving train and reached Crookston, Minn. He reached Chicago January 22, 1886. In the spring of 1886 came the carpenter strike. Six thousand men went out and the treasury capital was about \$800. Jaxon had become known as a university student. He was assigned the duty of writing the pronouncements. Given free rein, he organized an army of volunteers. They reported on the non-union jobs as he directed, pummeled the workmen with their bare fists and chased them away, but seriously injured none. Six weeks of this sort of laboring, eight-hour day and Jaxon defends the method. "We won principally by show of determination," he says. "There was nothing in the attacks that was personally malicious, but all for a principle. The stickups, were necessary, were fair. No man was struck when down and no man seriously injured. I am opposed to force, and I prefer to suffer rather than fight, but there are times when war is necessary to preserve peace. I think the president himself would agree to that."

WAS INSANE AT THE TIME

Further Particulars of the Suicide at Prince Rupert B. C. of E. G. Russell.

(Vancouver World.) The C. P. R. steamer Princess May arrived from the north this morning with flag at half-mast and carrying the body of Mr. E. G. Russell, the news of whose lamentable death by his own hand at Prince Rupert caused such a shock to his friends here yesterday. Particulars of the sad affair are meagre and shed no light whatever on the causes that may have led to it. It appears that about three o'clock on Wednesday afternoon, just after the Princess May had been sighted on her way south, an employe of the United Supply Company, of which Mr. Russell was manager, observed the deceased gentleman sitting on a stump near the tramway, which runs up the hill through the town, from the wharf. The spot is about 200 yards from the wharf and overlooks the harbor. Passing close, he spoke and receiving no reply, spoke again. Still there was no response, and walking up, fearing something was wrong, he was horrified to find that Mr. Russell was dead with a bullet wound in his right temple and another at the left, where the missile of death had passed out. Passengers on the May assert that when they were about two miles from the wharf and just after the whistle of the steamer had been blown, they plainly saw deceased sitting on the stump and at least it is certain that he saw through a glass the action which caused death. A revolver was found beside the body where it had evidently been dropped by the nervous right hand. After the body had been examined by Dr. T. T. Treman, of Prince Rupert, who has issued a usual certificate of death, it was removed to the steamer and brought direct to Vancouver. Mr. Gilmour, a cousin of deceased and another prominent resident of the new town, accompanied the remains to this city. The body has been removed to the undertaking parlors of Center & Hanna, where it will be embalmed and on Monday will be taken to Rockford, Ill., the former home of Mr. Russell, and where two of his children who died in childhood are interred. Mrs. Russell will accompany the remains. Residents of Vancouver who were intimately acquainted with the deceased, both in a personal as well as in a business way, are emphatic in their statement that there was nothing whatever in his affairs that possibly could have led him to the rash act. The only possible explanation offered is that he was temporarily insane. Three years ago Russell was attacked with nervous prostration, and although able to resume active business again a year ago, had never quite regained his former health. He had been subject to fits of acute depression during which he wished to be undisturbed and manifested a great disinclination for conversing with anyone. On his last trip north, but a short time ago, he was very morose and spoke hardly a word during the trip. On Sunday last, however, friends at Prince Rupert assert, he was in good spirits, and but three hours before his death appeared to be quite cheerful. Mr. Russell was well thought of by all with whom he was associated and enjoyed the full confidence of President Hays and General Manager Morse of the Grand Trunk Pacific, with both of whom he was intimate. Mr. W. H. Hayes, manager of the B. C. Timber Company, also knew Mr. Russell as did few others, and no one is more at a loss to account for his sad end. A son of the deceased, aged 15, is with Mrs. Russell at Victoria, while a daughter, aged 17, is at an educational institution at Hamilton, Ont.

OBITUARY

Mrs. Rose E. Crawford The death of Mrs. Rose Ellen Crawford, wife of Joseph Crawford, occurred at her home in Fairview yesterday. Mrs. Crawford had been an invalid for some years. Besides her husband, who is employed in Ready's brewery, she leaves five children. Her father and mother, Mr. and Mrs. Frank Abbott, of Chance Harbor, also survive and there are five sisters--Mrs. John Hannigan of Carleton, Mrs. Humphrey of New York, Misses Cassie, Agnes and Ethel Abbott, of this city--also two brothers, Isaac and Arthur, residing at home.

Rev. John B. Medley

The death of Rev. John Bacon Medley, eldest son of the late Bishop of Fredericton, occurred at Tynesfield (Eng.), on April 10. Mr. Medley served for a time as assistant to his father at the Cathedral in Fredericton, but moved to England many years ago. He was seventy-six years of age.

General J. W. DePeyster

General John Watts DePeyster, a member of one of the oldest Knickerbocker families in New York, died Saturday at his home there, where he had lived alone with his servants since the death of his wife, in 1897. He had been in poor health for some time with a complication of diseases. Four grandchildren survive. They are Mrs. J. Hooper, Mrs. John Kohler, Mrs. H. T. Martin and Mrs. Garrett S. Kipp.

SALARY INCREASE GRANTED

Ottawa, May 7--The salaries of the outside customs officials have been increased about ten and in some cases fifteen per cent. The increase dates from the 1st of April. This means a total increase of about \$200,000.

WHEN NEW YORK GETS PLANTED

Costs a Million a Day to Supply Joyous Juicy Jags to Gorgeous Gotham.

(New York American) New York spends \$1,000,000 a day, or \$366,000,000 a year, to gratify the appetite for strong drink--Rev Madison C. Peters. This vast amount, he says, equals one-third of the national debt. Two-thirds as much as the total receipts of the national government, barring the customs receipts. The entire value of our mineral output. The entire coal output of the country. The income of all of the universities and colleges in the United States. The value of all of our woolen manufactures. Half the total capitalization of the national banks of the country. In his sermon yesterday morning in the Majestic Theatre on "Where the Money Goes," the Rev. Madison C. Peters said: "The liquor problem will some day become a burning issue in our politics. Our city's drink bill is more than half the amount required to run the entire government of the United States, as it is estimated New York spends \$1,000,000 a day to supply the appetite for strong drink. It is more than one-third our national debt. It is two-thirds as much as the total receipts of our national government, barring the customs, and it is nearly half the value of our entire output, including gold, silver, iron, copper, zinc, lead, quicksilver and aluminum. It is equal to the value of all bituminous and anthracite coal produced annually, and is nearly equal to the value of all our woolen manufactures. The interest on the city's annual drink bill at 5 per cent would about equal the income of all the universities and colleges of the United States. Neither open mints nor open mills will do so much to abolish poverty, stamp out crime and insure general prosperity as closed saloons. "No power of legislation and no power that can be obtained by labor combinations can help the laboring man who spends his money on drink. "The catechism of social economy is brief, true and easily learned. How to enrich the people? Make them sober."

WILL START WORK ON GROUNDS TONIGHT

Members of Every Day Club Will Start Repairing Victoria Grounds This Evening--Excellent Concert Last Night.

Victoria, B. C., May 7--The Canadian government completed a deal with the captain of a tramp steamer to deport the whole of a leper colony back to China. Eight lepers, in charge of a Chinese attendant were placed on board a large last night and towed out to the steamer Simra, in Royal Roads. The lepers were placed in quarters specially prepared for them. By arrangement, the dominion government pays the owners of the ship \$2,700 for the passage of the lepers and their other attendants. They are relieved of all liability in the matter by arrangement with the Chinese government and there is no longer a leper's colony on the Canadian Pacific coast.

SUCCESSFUL YEAR

Centenary Sunday School Submits Encouraging Reports to Council.

The council meeting of Centenary church Sunday school was held last evening. At 6 o'clock a large number gathered in No. 1 room of the school building and an enjoyable time was served. The business meeting followed. The reports from the officers were received, and showed that notwithstanding that a number of members and families had removed to the west and other places that the attendance had not fallen off. Even the summer exodus to the country, which affected Centenary more than any other church in the city did not lower the average attendance. The report of the treasurer was very satisfactory. It showed receipts increased over the previous year and expenditures lessened. The officers elected were: F. R. Murray, superintendent; Thomas Jenkins, assistant; Roy McKendrick, secretary; Albert Linton, assistant; Harold Lyman, treasurer; R. P. Pearce, chairman; Fred Barbour and Lawrence Allen, assistants; Miss Annie Hea, home department superintendent; Miss Edna Austin, normal; Miss Mabel Harbour, primary; assisted by Miss Hattie Allan, Miss Sandall and Miss Thorne; traidle roll, Mrs. George Jenkins. The teachers of whom there are thirty were all re-elected.

CANNED GOODS ACT COMES IN AUGUST 1

Canada Will Appoint Forty-five Inspectors at a Cost of \$75,000.

Ottawa, May 7--The Canadian Gazette of this week will contain a proclamation bringing into force on August 1 next the act for the inspection of canned goods, meat and fish. The regulations for inspectors are being drafted. Some forty-five inspectors will take about \$75,000 to enforce the act. The veterinary director general, Dr. Rutherford, will have charge of the inspectors.

How Pabst Grows Malt

Malt is the body of beer. It is what makes beer a food, rich in health-giving qualities. Malt is barley-grain, sprouted and partially grown. Most malsters force this process in three or four days time. Pabst takes the full eight days as required by Nature, with the result that Pabst gets a nutritious, strength-building malt. It takes Pabst longer and it costs Pabst more to make this perfect malt, but this Eight-Day Malt Process retains in

Pabst Blue Ribbon

The Beer of Quality the fullest amount of tissue-building nourishment of the barley--the grain richest in food values. The Pabst Eight-Day Malt Process is much the same in its action as the process of digestion. Pabst Malt is practically pre-digested. Pabst Blue Ribbon Beer is actually ready for the system to assimilate without the necessity of first taxing the stomach to digest it.

LETTERS TO THE EDITOR

WELL DRESSED, BUT BAD

St. John, N. B. May 7, 1907.

To the Editor of The Times:--

Sir,--Please allow me space to make my complaint to you. In walking along Pitt street last evening from Princess to King street, a crowd of boys, nine in number, several of them smoking cigarettes, insulted me, one of them, calling out my name on the street in passing.

I could not see any policeman about or I would have given the boy in charge that not, for having no policeman in that section of the city, blame Chief Clark, for our city government will not allow him enough men to guard our city properly, although money is found for other things. I say that some of the boys in this section are as bad as any in the city although they are well dressed. Our government, moving pictures, or allowing them to be enough from this spirit of evil, when they allow boys to gather at the corner of the streets, smoking cigarettes, or allowing men or boys to go into the post office to smoke and contaminate the pure air, which Heaven in its wisdom send us to breathe.

Thanking you Mr. Editor for your valuable space. I remain yours truly. A freeman of this city by purchase years ago, yet not allowed to breathe the pure air of Heaven.

Considerable of a building boom is promised in New Glasgow. Nearly all the contractors have work in sight that will be completed before the snow flies. Much of the contemplated building will be of the more permanent material of concrete and brick--New Glasgow Chronicle.

"LIFE IS A GAMBLE"

John W. Gates Valedictory to Wall Street is Rather Interesting.

(N. Y. American.)

The mighty John W. Gates is a philosopher. He defends gambling in his valedictory before leaving Wall street:

"Life is a gamble," he said. "Everything is a gamble. When the farmer plants his corn he is gambling. He is practically betting that the weather conditions will enable him to raise a good crop. Sometimes he loses. Sometimes he wins. Every man who goes into business embarks upon speculation. Of course, the element of chance cannot be ruled out. Whenever a man starts out on a railway journey it's a gamble whether he ever reaches his destination. All life is a gamble, you see."

Gates has gambled in about everything. He ought to know.

A DETECTIVE STORY

It is rumored that a prominent local wholesale and retail firm suspected pilfering among their employes and employed a detective who was taken into the store as an employe. He proceeded to pump the clerks by telling them of his nocturnal experiences, but was not very successful and left town rather suddenly after informing the firm that he had received a telegram announcing the death of his mother.

IS THIS CORRECT?

Editor Times:--

Sir:--Re Telegraph article, "Like the flour but not the price," why are you not aware that you get less value for your money in Canada than any place on earth? All goods are from 15 to 40 per cent cheaper in American cities than in St. John.

Yours,

R. A. MOORE.

DOGS, POISONED AND NOT POISONED

Editor Times,

Sir,--I read in last evening's Globe a letter from a man who seems to be in a state of dispondency over the untimely end of a so-called valuable dog, which, in his estimation, was more ornamental and sweet smelling than all the choice plants that our public squares contain. Now, my reason for writing is to relieve the high tension of his nerves by drawing his attention to the fact that last year our city had 1472 licensed dogs. Remember I say "licensed dogs." There may have been an occasional unlicensed canine. So if two are dead, there still remain 1470 dogs yet.

Yours,

READER.

HE WANTED NO FRILLS

Mayor Sears Declined Delicate Invitation to Don the Official Robes Yesterday.

The mayor's official robe and cocked hat, have gone begging of late years, none of the mayoralty incumbents apparently wanting to decorate themselves with the outfit. It has not been seen in public since the days of Mayor J. W. Daniel, and unless some big bug from the other side of the water comes over here, it is altogether likely that it will remain in sweet repose in the Japanese tin boxes in the council chamber.

Yesterday someone, probably an alderman, who desired to see how Mayor Sears would look with all the trimmings, set the boxes on the mayor's desk, as a reminder that there was an official garb for the city's chief magistrate. Mayor Sears, however, was evidently not in the humor for wearing a carnival costume, for he promptly ordered "that truck" to be taken away.

KNIGHTS OF PYTHIAS

Uniform Rank Men Preparing for Trip to Boston in 1908.

At a meeting of Cygnets Company, No. 5, U. R. K. of P. on Monday night, there was a good attendance. Quite a lengthy discussion ensued on the subject of purchasing new uniforms, and it is probable that in a short time the members of the company will order the new regulation short coat, and cap.

A meeting of all members of the order are interested in the proposal of taking a trip to Boston in the fall of 1908 on the occasion of the Supreme Lodge meeting there, will be held in the hall on German street, Thursday evening, May 16, when a Boston 1908 club will be formed. A committee from the three local lodges is preparing for an entertainment for the members for that night, and during the evening a discussion of the project will be held and a club organized. It is expected that two or three hundred of the local knights will attend the supreme meeting.

WEDDINGS

Collins-Fraser

The home of Charles Beers, Pokioik Road, will be the scene of a pretty nuptial event at 8 o'clock this evening, when his niece, Miss Serena Agnes Fraser, fourth daughter of the late James Fraser, of Harcourt, Kent County, will be married to William Norman Collins, of the C. R. freight department, and eldest son of Police Officer John Collins, also of the I. C. R.

The ceremony will be performed by Rev. A. H. Foster, pastor of St. Matthew's Presbyterian church, in the presence of immediate relatives of the contracting parties, both of whom will be unattended.

The bride's costume is a very dainty creation of cream mohair silk, with trimmings of ribbon and lace.

At the conclusion of the ceremony supper will be served and the newly wedded couple will proceed to their new home, 627 Main street, North End.

The bride has been the recipient of numerous costly gifts, including a handsome cut glass, silver mounted sugar bowl, with silver sugar shell, from St. Matthew's Police class, of which she has been a member for some time.

The pretty little home of Mr. Beers has been nicely decorated for the occasion with flags, bunting and large streamers, and presents a bright, festive picture.
