MAY NEVER KNOW FULL STORY OF THE AMBUSH

Only Survivor is Believed to Be Dying

Some Reports of Killing of 15 Auxiliary Police Recruits in Ireland—Officers Say They Are Getting Upper Hand.

Cork, Dec. 1.—Details of the tragic story of Sunday's massacre near Kilmichael, in which 15 auxiliary police recruits were shot to death, may never come to light.

The only available source of information is the sole survivor member of the party, who was severely wounded and is believed to be dying in the military hospital here.

A vague story of the event gave out by the wounded man has been told of a party of recruits met in the morning and marching in the road, the men wearing khaki suits and "tin hats".

The recruits mistook them in the fading light for soldiers and thus fell into an ambush. Statements from other quarters would seem to indicate that the annihilation of the party of recruits can be accounted for only on the theory that the road was mined or a trench had been dug across it.

So far as is known, there were no casualties on the side of the assailants. It appears the recruits left the village of Macroom early on Sunday to conduct raids and searches in the country-side, reaching toward Dunman. The entire party was occupied with this work, and was late in the evening when the party started on its return journey.

An account of the incident states that a secluded spot a deep trench had been cut across the road and into the line lorry plunged. The second lorry, which was traveling fast, ran into the trench, it is said, and the occupants both became easy victims of the ambush. The plan of the attack was to surround the party and to surround the party.

Police authorities here still claim to be signing an upper hand in the fight against extremists. They expect to be responsible for ambuscades and assassinations and they are being driven into a corner, they are receiving no protection from the forces being to provide them with food.

Every man of them is known to us, and an official today, "so they do not, are to scatter and return to their homes because they know they would be responsible. It is only a question of rounding them up, which may take considerable time, especially in this mountainous country like that surrounding the scene of Sunday night's ambush.

JAP CRITICISM OF UNITED STATES

Tokio Newspaper Hits Back at Senator Lodge and Nation.

Tokio, Dec. 1.—The Nichi Nichi yesterday denounced a speech made at the Roosevelt Club in Boston some time ago by United States Senator Lodge, in which the senator declared that the United States, Australia, Canada and New Zealand should be banded together to retard Asiatic immigration.

The newspaper says that one would think the world was created for the ink race alone, and that the Japanese should demand the same rights to migrate as the whites. The people of the United States are characterized by the Nichi Nichi as being more dangerous to the world than yellow race.

TH AFRICA TO HAVE FINE OFFICES IN LONDON. London, Dec. 1.—The Union of South Africa has acquired Morley's Hotel, occupying a fine site in Trafalgar Square, will build there extensive dominions.

POLAND MUST SHARE DANZIG DEFENCE WORK

Geneva, Dec. 1.—The military commission has determined that Poland shall share in the responsibility for the military defence of Danzig in any future war jointly with another power, probably Great Britain.

This decision is subject to the approval of the council of the League of Nations. Poland has asked for complete military jurisdiction at Danzig but the military experts take the view that the defence of Danzig involves the use of naval as well as military forces and that Poland would be unable to supply the former contingent.

"MINISTER OF POWER" WANTED

Ontario Legislative Committee's Recommendations on Hydro Matters. Toronto, Dec. 1.—The establishment of a department of power in the Ontario government and a "minister of power" to assume a more aggressive policy of power development and water conservation is one of the recommendations made in the report of a special committee of five members appointed last session to study and report on hydro matters.

The report recommends government assistance to these municipalities where the rates are high and outlines a scheme whereby rural districts could be better served. There is no hint of the establishment of a flat rate for hydro power and there is no criticism of the hydro power authority.

SAYS IT OUGHT TO CUT THE PRICE OF COAL IN CANADA

Ottawa, Dec. 1.—The development of Saskatchewan lignite coal by the manufacture of briquettes and its export to reduce the price of coal in Canada, according to J. M. Leamy, power commissioner for Manitoba, who is here, he said that an experimental factory being erected in Estevan, Sask., at a cost of \$300,000 by the federal government, would be completed by February 15.

HOUSING PROBLEMS AND PUBLIC HEALTH

Detroit, Dec. 1.—Public health officials from the principal cities of the east and middle west of the United States ended a conference on the housing situation here today with the framing of resolutions embodying conclusions reached after surveys of conditions in the centres of population.

FREDERICTON AND LINDSAY CRAWFORD

Fredericton, N. B., Dec. 1.—At the public meeting last night to protest against Lindsay Crawford being allowed to speak in Fredericton, emphasis was placed upon a suggestion that the question was not a religious controversy but one of patriotism. Roman Catholics were invited to take their part in preventing Crawford from speaking here.

MAKE RECORDS IN BANK CLEARINGS

Vancouver, Dec. 1.—A new high record in bank clearings has been established here. For the eleven months of this year ending yesterday bank clearings were more than \$140,000,000 greater than for the twelve months of last year. For 1920, eleven months the clearings were \$796,227,503.

QUEBEC ARRESTS

Quebec, Dec. 1.—The arrests for offences against public morals for the month of September, October and November this year reached a total of 184.

WILLARD AND DEMPSEY SIGN; BRENNAN, TOO

Bout for Jess With Winner of Other Fight

Chicago National Ball Club Signs Number 16 for Pitching Staff—Late News of Sport.

New York, Dec. 1.—Tex Rickard announced this morning he had received contracts signed by Jess Willard, former world's heavyweight champion, Jack Dempsey, present title holder, and Bill Brennan, for a championship bout on March 17, 1921, between Jess Willard and the winner of the Dempsey-Brennan fight here on Dec. 14. Rickard said the fight would be staged in New York unless the state boxing commission should prevent it.

The size of the purse was not made public. Kansas City, Dec. 1.—Arthur Brock, a Kansas City baseball player, who is playing at Blackfoot, Idaho, last year, has signed a contract with the Detroit Americans. He is an outfielder.

Packeburg, W. Va., Dec. 1.—Carl Hobbitt, who managed the Akron Club of the International League during the 1920 season, will not return to that club next season, so he announced here today. He said he was considering other offers, whereby rural districts could be better served.

There is no hint of the establishment of a flat rate for hydro power and there is no criticism of the hydro power authority.

REGULARS MAY FIGHT FORCES OF ITALIAN POET

Rome, Dec. 1.—Military action by Italian regulars against the legionaries of Gabriele D'Annunzio in this city is apparently foredoomed in an order issued by Gen. Cavaglia, commander of the regulars outside Fiume, that he will not take part in the operation, "but I rely upon your complete cooperation."

BRITISH COAL FOR EXPORT AGAIN

London, Dec. 1.—British export of coal will again enter the world market unrestricted as to price, quantity or destination, it was announced today at a conference between the British and French coal controllers, and he is expressed by officials of the coal controller's office that the present situation of Great Britain's key industry will accelerate the return to its pre-war economic status.

Police Believe Owen Hayes Was Robbed, Beaten and Thrown Into River.

As Hiram Sees It

"Hiram" said the Times reporter to Mr. Hiram Hornb e a m, these are troublous times in which we live. What is the remedy? "Anybody done anything to you lately?" queried Hiram.

No," said the reporter, "I can't say that anybody has. But how do I know how many people may be plotting against me? What guarantee have I that you haven't? I turn my back? How do I know when I go to bed tonight that I will not be taken out and hung before morning?"

Who knows but I will have the flu tomorrow or pneumonia next week? Suppose I lose my job. I might be run down by a motor car tonight. There are lots of things might happen—so what's the use?"

"I guess," said Hiram, "you had some pancakes for breakfast. I've seen 'em that way. You take my advice—don't eat any more of 'em. You ain't thinkin' o' goin' out to kill somebody—are you? Neither am I. Neither is the other fellow—only he's 'round here. The best thing for you an' everybody else is to keep on sawin' wood. It's good exercise—and we need the wood. I wouldn't get scart, if I was you. We're just about the luckiest people in the world today—right here in Noo Brunswick. The trouble is we don't know it—no' anybody is always takin' the joy out of life. If we had had a contract for 1921 making a total of sixteen pitchers on the Cubs staff for next season.

New York, Dec. 1.—Fred Taylor, of Newark, amateur bicycle champion, will make his professional debut in the Madison Square Garden six day race at night on Sunday, so it was announced today. He and Tom Smith, another of Newark, will be one of the fifteen men in the race.

Baltimore, Dec. 1.—Establishment of a bureau to be devoted to the improvement of the breeding of horses was discussed at a conference here yesterday between the state racing commission and representatives of the Maryland racing tracks. The creation of a \$100,000 fund derivable from the various racing associations was suggested for maintenance. A committee was appointed to consider the project.

Chicago, Dec. 1.—Johnny Layton of St. Louis went into the lead in the preliminary round of the world's three cushion billiard championship tournament last night by defeating Clarence Jackson of Kansas City 50 to 35 in fifty-two innings. Layton has won seven out of eight games and Jackson seven in nine.

RAIDS IN LONDON

London, Dec. 1.—It was announced last night that the bodies of three auxiliary police recruits who were killed near Kilmichael, county Cork, on Sunday were being brought to England from Cork probably late this week. One recruit in the party has been missing since the night.

RAIDS IN LONDON

Buildings housing Sinn Fein organizations in this city and its suburbs were raided yesterday by the British military police, and it is declared many documents were seized. No arrests, so far as known, were made.

RAIDS IN LONDON

London, Dec. 1.—Six men arrested at Southampton yesterday upon the arrival of the liner Aquitania from New York were released today by police officials. When they were arrested, it was announced they were suspected of being agents of the Sinn Fein.

RAIDS IN LONDON

London, Dec. 1.—Protection will be given newspapers in Ireland if they desire it in the prosecution of their work. Sir Hannor Greenwood declared today in replying to representations on the subject from the Institute of Journalists. He said he was anxious to assist the journalists of all parties in their difficult task in Ireland.

RAIDS IN LONDON

London, Dec. 1.—It was reported this afternoon that two men were shot dead last night in the Macroom district and that four persons were arrested.

PROPOSALS TO ABOLISH VIOLENCE LABOR DESIRE

Commission of Inquiry Now in Ireland

Protection for Newspaper Men in Their Work—Report of More Deaths in Cork—Other News of Ireland.

Dublin, Dec. 1.—Proposals for terminating violence in Ireland are desired by the labor commission of inquiry, comprising representatives of the labor party in the British parliament, and the labor executive body of Great Britain, which arrived here last night. The commission, which will investigate the situation in Ireland, lying special stress on reprisals, issued a statement upon its arrival, but it felt less concerned about fixing responsibility for the reign of violence than for ending the present chaotic situation on the island. The members asserted they were willing to give all assistance in their power to any responsible suggestion for the re-establishment of peace.

Proposals that an immediate conference of the labor party, the Catholic hierarchy, the Irish peace conference and the labor commission be held, have been made here. When asked their opinion of this plan, the commissioners said if the other bodies named wished their co-operation they were ready to act, but they insisted that they must await an invitation to take part in the conference.

They also declared it was necessary for them first to consult their colleagues of the British labor party. Belfast, Dec. 1.—A sensation has been caused in County Londonderry by the murder in the early hours of yesterday morning, of Sean O'Carroll, a teacher, and Patrick Tierney, son of an Acoo farmer. The men were taken from their beds and shot to death. The assassins are said to have worn uniforms.

Both Tierney and O'Carroll, who were between thirty and thirty-five, were known to be in sympathy with the Sinn Fein cause, although not prominently connected with the movement. O'Carroll was taken from his lodgings and conveyed toward the railway station, where he was shot. His cries attracted the attention of persons in the neighborhood, who were called to the house and summoned a doctor and a priest. His death came soon afterward.

Tierney was taken from his house and shot from his father's house and shot. He died instantly. The military court of inquiry into the Sinn Fein case, although not prominently connected with the movement, O'Carroll was taken from his lodgings and conveyed toward the railway station, where he was shot. His cries attracted the attention of persons in the neighborhood, who were called to the house and summoned a doctor and a priest. His death came soon afterward.

ORDER RAILWAY EMPLOYES OUT

Christiana, Dec. 1.—10,000 railway employees were ordered on strike at midnight last night. The strike is due to the government having refused to consider the demands for increased wages. The strike notices first were withdrawn.

ORDER RAILWAY EMPLOYES OUT

The government has taken steps to assure the distribution of food and the mails by motor cars. Steamer services will be operated for the coastal towns. The railway men are demanding a higher wage than the government employees receive, although the government railways are showing an annual increase in deficit on account of the high wages and coal bills.

GOVERNMENT AND MEAT PACKERS

Washington, Dec. 1.—The U. S. government yesterday petitioned the District of Columbia Supreme Court to appoint a trustee to take possession of and sell the stock yard properties of the big meat packers. The petition was accompanied by the government's objection to various plans of the packers for disposing of those properties, and declared that the packers had failed to present a suitable plan to the court although the stock yard was passed under the hammer last night to take the place of anti-prohibition toasts.

GOVERNMENT AND MEAT PACKERS

First to take a cautious pinch was Gov. Calvin Coolidge, vice-president elect, who was the chief guest. From him the horn went down the banquet table. Sneezes followed and handkerchiefs were quite generally displayed.

Soon after Prof. Charlton Clark, of Boston University related an anecdote directed to dispendent victims of the 1918 amendment. It was a warning of an old Scotsman to his son against too liberal use of snuff, with the statement that "I've been drunker on snuff than I ever was on whiskey." The guests sneezed again, and then the speakers had their say.

ROUMANIA FAILS TO MEET DEBT TO THE DOMINION

Ottawa, Dec. 1.—(Canadian Press)—Roumania is asking Britain and Canada for extended time in which to meet her interest payments on credits advanced. The original authorized Canadian credit to Roumania was \$25,000,000. Of this sum Canada has actually advanced \$20,571,222, the principal now due by Roumania to the Dominion. In addition there is accumulated interest. The first interest payment fell due on October 1. The amount was \$909,226, but the Roumanian government has not met it. Under the agreement both principal and interest have to be paid by December 31, 1924.

GREAT ROBBERY IN DAYLIGHT IN NEW YORK STREET

Bandits, at Revolver Point, Get \$467,000 in Liberty Bonds from Messengers.

New York, Dec. 1.—Four bandits held up two messengers of the Manhattan brokerage firm of Keen, Taylor & Company in Brooklyn yesterday afternoon, seized a package said to contain \$467,000 in Liberty bonds, fired a fusillade of shots and escaped.

When accosted by the bandits the messengers were in front of the business place of Igoe Brothers, hardware dealers and manufacturers. Three of the bandits arrested late last night and held for examination. The police said that discrepancies in statements by the messengers regarding their movements during the day caused their detention.

TO HELP GERMAN. Berlin, Dec. 1.—Herr Scholz, minister of economics, speaking in the Reichstag Monday, is declared by the Vossische Zeitung to have expressed himself in favor of introducing a year of economic service in order to restore Germany's economic and cultural life.

The minister, in his speech, which dealt with Germany's economic situation, spoke especially on the necessity for promoting exportation.

VOTE AUSTRIA MEMBERSHIP IN THE LEAGUE

Commission of Nations is Unanimous

Wilson's Offer to Act as Mediator in Armenia Accepted—Spain and Brazil Also Volunteer—Some Objection to Budget.

Geneva, Dec. 1.—Austria was unanimously voted a member of the League of Nations by the commission for the admission of new states here today. The assembly of the league will ratify this action.

Austria, Dec. 1.—A letter to President Wilson accepting his offer to act as mediator in Armenia, was being drafted by the council of the League of Nations here today. It was announced that Spain and Brazil had offered to join President Wilson in his role of Armenian mediator.

Application by Bulgaria for admission to the league was expected to be brought up today. Serbia, Greece and Roumania are reported seriously opposed to it. Another attempt was made today to gain approval of the league's budget for the forthcoming year. New Zealand, Australia and India yesterday objected that 7,000,000 francs in gold was an excessive amount.

The council of the league today unanimously approved an invitation drawn up by the military commission calling on the United States to name a representative to sit on the commission.

IN SHAVING GLASS SEES WIFE DIE

Dr. T. H. Smith of North Sydney Suddenly Bereaved This Morning.

North Sydney, N. S. Dec. 1.—The death of Mrs. S. Smith, Dr. T. H. Smith, occurred suddenly at her home here this morning. Dr. Smith was shaving when he noticed that his wife had died. Mrs. Smith, who was in bed, appeared to be in distress. By the time he reached her side she was dead. Heart failure was the cause of death. She was a sister of Mayor McCormick of Sydney Mines, and John McCormick, ex-M.P. of the same town.

OLD CUSTOM IS REVIVED BY SCOTS AT BOSTON DINNER

Boston, Dec. 1.—The cup that cheers was replaced by the snuff that exhilarates when the Scots Charitable Society revived an old custom at its annual banquet last night to take the place of anti-prohibition toasts.

Scotch snuff from a silver mounted raven's horn was passed, and the horn went down the banquet table. Sneezes followed and handkerchiefs were quite generally displayed.

Earl Derby on Standing of Great Britain

London, Dec. 1.—(Canadian Associated Press)—Earl Derby, retiring British ambassador to France, speaking in Liverpool yesterday, said: "Don't make any mistake, Great Britain is bang at the top of the tree abroad. There may be some who do not like us. There are many who do not in the least understand us, but there is not a single one who does not respect us and I would sooner have that than anything else."

A Satisfactory Purchase

What a satisfaction there is in buying diamonds of a reputable concern that deals only in quality merchandise and whose guarantee and advice may be depended upon absolutely.

Diamonds that enhance in value as the years roll by must be of the highest grade, perfectly cut—and rightly bought. Stones of ordinary quality are not rare and will not attain any great value at any time.

Invest in diamonds now. Let us show you some gems that will prove a wise purchase, and demonstrate new ways of mounting them that will materially enhance their attractiveness.

LOCAL NEWS

A Ford car owned by George W. Hatheway of Waterloo street caught fire on Robbsey Avenue last night and was destroyed. The remains will be towed into the city today.

The Philathea class of the Central Baptist church met last night at the residence of Miss Grace Chestnut, 199 Charlotte street, and spent the evening most pleasantly in social enjoyment. Mrs. Herbert Downey, the president, was in charge and there were about twenty-five members present. Refreshments were served.

F. C. Whiting, of 54 Bridge street, North End, and formerly a member of the 10th Battalion, C. E. F., entered the D. S. C. R. Hospital, Lancaster, last night to undergo an operation for the amputation of his right arm. Mr. Whiting has had considerable trouble with his arm, which was caused by a bullet wound received in action. His many friends wish for him an early recovery.

About twenty-five of the friends of Miss Clare Nixon gathered at her home in Elliott Row last night and tendered her a most delightful birthday party in honor of her birthday. Miss Janet Cowan, Miss Tapley, Mrs. Cowan and Mrs. Tapley planned the party and carried it out most successfully. Miss Nixon was made the recipient of a very pretty ring, a handsome bracelet and a big bouquet of flowers. She expressed her delight and her surprise in a very charming manner. Games and dancing were indulged in until a late hour and refreshments were served.

RECENT WEDDINGS

Word has been received in Moncton of the marriage in New Orleans of Miss Edith Sears of Moncton and J. Albert LeBlanc, son of Contractor P. N. LeBlanc, also of Moncton. The ceremony was performed by Rev. Father Cavanaugh.

A wedding of much interest was solemnized at Sussex yesterday when Miss Beattie Jane Robinson, youngest daughter of Mrs. John Robinson of Hazel Hill, Sussex, was united in marriage with Colby Hilbert Jones, son of Mr. and Mrs. George B. Jones of Apohaqui. Miss Muriel Jones, sister of the groom, attended the bride, and the groom was supported by Elton Robinson, brother of the bride. Miss Alice Leake, cousin of the bride, played the wedding march. The ceremony was performed by Rev. Canon Siewen, rector of Trinity church. The bride and groom are both graduates of the U. N. B. They left on the evening train for Montreal, Toronto, Ottawa and other Canadian cities.

The marriage of Miss Alice Josephine Wallace of Rochester, N. H., and Dr. Philip Albert Kimball of Rochester, took place Nov. 3. The ceremony was performed by Rev. O. J. Hardy of Newton, N. H. The bride is well known in this city, where she was a singer of note.

Miss Mary G. McCallum of Nixon, N. B., and Manfred Hicks of Moncton, were married yesterday by Rev. S. A. Baker of the Reformed Baptist church, Moncton.

RECENT DEATHS

The death of Mrs. F. J. Gayton, which occurred yesterday at her residence, 147 Brussels street, was learned of with much regret. She leaves her husband, Frederick Gayton, two sons, Edgar and Ernest; two daughters, Stella and Margaret, all at home; five brothers and three sisters, including Mrs. James Quigg of Fairville. Mrs. Gayton was of a pleasing disposition and an active church member. Her loss will be a great blow to those who knew her.

The death of Alonzo Beach, a C. N. R. employe of Moncton occurred at his home yesterday after a week's illness. He was a prominent Orangeman and was fifty-two years of age. He is survived by his wife and three children.

James A. Gray, a life long resident of Penobscot, died on Monday night at his home. He was seventy-one years old and was married three times. He is survived by four daughters and five sons. Miss Frances Gray of this city is a daughter and the sons in this city are Welton and Corey. The funeral was held on Wednesday morning and interment was in the Upper Baptist cemetery.

The death of Captain William Tower, a native of Sackville and a well known person in the marine world, occurred yesterday at the home of his daughter, Mrs. Wesley Friars, 86 Moore street. He was seventy-seven years of age. He went to sea when fourteen years of age and rose to the command of a ship in a remarkably short time. He retired from the sea about twenty-five years ago. He is survived by his son, George W. Tower, and two daughters, Mrs. Captain C. Sweet and Mrs. Wesley Friars, all of this city. The funeral will be held on Thursday.

BOYS BOX IN S. GYMNASIUM OF A CHURCH IN TORONTO

Toronto, Dec. 1.—An evidence that boxing is growing in favor of this city was given last night when a large class of boys in the Sunday School gymnasium of a Methodist church in the west end of Toronto had seven boxing bouts, two rounds each. The teacher in charge gave approval previous to the beginning of the bouts. The gloves were supplied by the West End Y. M. C. A.

NEWFOUNDLAND MEMORIAL ENGLAND'S BIRTH RATE
London, Dec. 1.—The number of births recorded in England and Wales in 1919 was 692,438, including 41,283 illegitimate, a birth rate of 18.5 per 1,000 of the population, says the annual medical report of the Ministry of Health. In 1903, a record year, there were 848,271 births or more than 250,000 greater than last year.

First Death From "Flu."

(Toronto Telegram.)
The first death from influenza since the second outbreak of the disease last year has been registered with the city clerk. While tuberculosis is given as the secondary cause of death, the return card on file in the city hall states that the primary cause was "influenza." The first victim to fall before the disease was Henry H. Moore, aged forty-seven, of 84 Davisville avenue.

ALBERTA COAL
Edmonton, Dec. 1.—The coal mines of the province of Alberta will produce this year approximately six and three million tons of domestic bituminous and anthracite coal, a volume greater by half a million tons than the output of 1918, which had previously held the record of the Alberta fields.

POSSIBILITIES OF NEW OIL FIELDS

What Royalties Will Likely be Exacted

Field Very Extensive But Difficult of Access—Some of the Plans—Only Hardy and Well Equipped Allowed In.

(Special to Times.) Ottawa, Dec. 1.—Royalties on oil productions in the northwest territories are expected to be fixed by proclamation at from two and a half to ten per cent of the output. The proposal is that the royalty would be from two and a half to five per cent of the output for the first five years, from five to ten per cent for the next five years, and after that ten per cent of the value of the output at the well.

The department of the interior will collect a rental from all the land staked will reserve for the crown one half of every 640 acres or less staked by every prospector, and will collect a good royalty as well.

For some years it will not give the exchequer much money. The rentals will be the first source of funds to the federal treasury, and it will begin to get returns from its own oil fields only when millions of dollars have been spent in branch railroads and pipe lines to make production commercially feasible. Then the royalties on this oil, reported to be of fine quality, would be a real assistance to federal financing if the field proves as rich as it is believed to be.

A cordon of dominion police is holding back rash and inexperienced men from braving the northern dangers until next June when any prospector may go north, if he has provisions and equipment sufficient for a year's sojourn in the wilds, as well as experienced guides. Every precaution is being taken to avoid a recurrence of the tragedies attending the great 1898 rush into the Klondike. There is no great need of rush, as the oil fields are 500,000 square miles in extent or equal to the aggregate area of the maritime provinces.

The Imperial Oil Company's strike at Fort Norman is 1,200 miles from Edmonton and 800 miles from tie-downs, so far as a feasible pipe line route is concerned though Fort Norman is within 300 miles of the Arctic circle. The strike at Fort Norman at 800 feet is variously reported to have resulted in a daily flow of from 1,000 to 6,000 barrels.

The Imperial Oil expedition to Windy Point on the Great Slave Lake, 800 miles from Edmonton, has so far drilled only 800 feet and expects no results before 1,000 feet. It is said here that inland transportation even by boats of very light draught on the Peace and Athabasca rivers would not be feasible for extensive traffic even with shallow draught boats because the season is only four months long, and the portages difficult for such heavy freight. The proposal mooted here, is to construct a branch line from the Edmonton, Dunvegan and British Columbia railway. This is said to be easily accessible from Windy Point while oil from Fort Norman could come by water or pipe line.

TWO DEER KILLED BY SINGLE SHOT

Swansey, N. H., Nov. 30.—The killing of two deer with a single bullet is reported by Marshall Hill, of this town. Hill fired at a large buck which immediately bolted. When he reached the spot where the buck had stood he found that he had killed a doe.

I KNOW A WOMAN'S SUFFERINGS

I am a woman. What I have suffered is a far better guide than any MAN'S experience gained second-hand. I know your need for sympathy and health. And the treatment that gave me health and strength, new interest in life, I want to pass on to you, too, so that you may enjoy the priceless boon of health.

Read My FREE Offer: To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually dispels greyness (chlorosis), irregularities, headaches and lassitude in young women, and restores them to plumpness and health. Tell me if you are worried about your daughter. Remember I locate you nothing to give my method of home treatment a complete ten days trial, and if you wish to continue, it costs only a few cents a week to do so, and it does not interfere with one's daily work. In health worth saving for! Write for the free treatment suited to your needs, and I will send it in plain wrapper by return mail. Cut out this offer, mark the places that tell your feelings, and return to me. Write and ask for the free treatment to-day, as you may not see this offer again. Address: Mrs. M. SUMMERS, Box 978 Windsor, Ontario

Surely, you want to keep well right through the winter.

YOU don't want to suffer with an ulcerated throat or inflamed tonsils. You don't want to be bothered with a racking cough that is disagreeable all day and that keeps you awake at night. You don't want to be in bed for months with pleurisy or pneumonia.

If you wish to keep well, realize at once that a cough is a dangerous, insidious disease, which should be stopped at its very outset, and not allowed to develop into anything more serious. An ounce of prevention is indeed worth many pounds of cure, in the case of a cold.

DOMINION C. B. Q. TABLETS are the source of prevention that prevents a cold from developing into tonsillitis, bronchitis, or pneumonia. These tablets contain Cascara, Bromide and Quinine in a pleasant form; are mildly laxative; relieve headache and neuralgia; and break up a cold in a few hours. All druggists sell DOMINION C. B. Q. Insist on having them. They are prepared by the National Drug and Chemical Company of Canada, Limited.

LENGTHY DROUGHT IN SWITZERLAND

Causes Anxiety to Farmers and Inconvenience to Factories.

Geneva, Dec. 1.—The drought in the Alps, which has now lasted fifty-six days, is causing not merely anxiety to the agricultural population, but great inconvenience to factories dependent on electricity and to city dwellers, especially in German Switzerland, where electricity is largely used for household purposes and not lighting alone.

The barometer has very rarely been so abnormally high, and the Swiss meteorological office can give no explanation of the prolonged drought, being able to cite only one similar period, toward the end of the last century, which continued for seventy days.

Frost is now added to the drought and consequently the snow on the mountains does not melt, and the streams are either dry or abnormally reduced in volume. Several lakes have also reached a lower point than has ever been known.

Already some factories dependent on electricity have been obliged to work half time and the municipalities of most Swiss towns are imposing severe restrictions upon the public in the use of electricity. Southern Germany a similar drought is reported, and Rhine navigation has been suspended, so that coal cannot be transported by water.

What is extraordinary is that during this drought heavy rains have fallen and floods have occurred in neighboring countries, such as Italy and France, but not even a shower falls in Switzerland.

What is extraordinary is that during this drought heavy rains have fallen and floods have occurred in neighboring countries, such as Italy and France, but not even a shower falls in Switzerland.

ed a lower point than has ever been known. Already some factories dependent on electricity have been obliged to work half time and the municipalities of most Swiss towns are imposing severe restrictions upon the public in the use of electricity. Southern Germany a similar drought is reported, and Rhine navigation has been suspended, so that coal cannot be transported by water.

Give Her a BLUE BIRD Electric Washer For Christmas

COME and see this Made-in-Canada Washer. When you see how easily it disposes of a big family wash, you will realize how much it would be appreciated.

The Blue Bird saves hours of toil. A washing can be completed and out on the line within an hour. There is positively no labor attached, even the wringing being done by electricity.

The cost of operating is practically nothing—no more than that of using one electric light during the time of washing.

Every woman likes the appearance of the Blue Bird. It is exceptionally handsome and is built to give a life time of service.

The price is \$200.00 and considering The Blue Bird's signal advantages it represents rare value.

IS HERE ON HER MAIDEN VOYAGE

Canadian Mariner Has Good Run to St. John From Halifax.

A fine specimen of Canadian industry is the steamer Canadian Mariner which arrived in port at 10.30 this morning and docked at McLeod's wharf. She was built in Halifax recently by the Halifax Shipyard Limited and this is her first trip. Accompanying her to this port was George W. Crossan, superintendent engineer of the Halifax shipyard.

Speaking to a Times reporter he said that, though the company had done many repair jobs, and some large ones, this was the first ship they had built out and out. The ship left Halifax on Monday night and worked perfectly all the way around. He will leave for his home tonight.

The Canadian Mariner is 400 feet in length and equipped throughout with the most modern devices. She is of 8,300 tons deadweight and has a net register of 3,311.38. She carries a crew of four engineers, three mates, a carpenter, two stewards, eight seamen, fifteen firemen and three oilers. She is commanded by Captain McKenzie. Though essentially a freight steamer there is very comfortable accommodation for several passengers. The staterooms are finished in mahogany and though compact are very convenient. The captain's cabin is beautifully finished and the same may be said of all the officers' accommodations. There is a smoking room finished in oak and the dining room as well is paneled in oak.

The engines are of 3,000 horsepower and she has three boilers of fifteen feet six inches diameter by eleven feet six inches in length. She carries eleven winches and one of her derricks has a lifting capacity of twenty tons. She is capable of making a good ten knots when loaded to capacity. There is a patent exhaust steam engine. This system may be operated by one man by either steam or vacuum. There is an ethyl chloride refrigerating plant with two large tanks, one containing a battery and the other the condenser. Everything to facilitate the running of the ship is looked after to the last detail.

The officers of the ship, besides her captain, John D. McKenzie, are first officer, W. Munsey; second officer, J. Welch; third officer, W. H. Smith; chief engineer, J. Evans; second engineer, Peter McKinnon; wireless officer, M. Heath.

THE VOCATIONAL TRAINING PLANS FOR ST. JOHN

Begin Fall Programme in Present Month

Director Now in View—The Classes Which Are to Be Conducted—The Work of the Soldiers' Branch.

The St. John Vocational Training Board is planning on commencing its fall programme about the middle of this month, so one of the members of the board told a Times reporter this morning. The board has been delayed in getting to work earlier in the season, he said, by the uncertainty of the amount of funds available. A director for the local work is now in view and as soon as he can get his classes organized, the season's activities will be commenced.

It is estimated that there is about \$6,500 available to carry on the work here until April including a balance of \$2,000 of the \$12,000 appropriated for this purpose by the city last year, and about \$2,500 which remains in the bank to the credit of the board. The balance of the amount, it was said, will be made up by the contribution from the local legislature which agreed last year to pay one-half the cost of salaries, heat and rent.

It is not expected that money at hand will allow the work to be carried out on such a large scale this year as it was last year. The classes which are to be opened this month will include domestic science, millinery and dressmaking and mechanical drawing, and will be located in the manual training building, Waterloo street and Odd Fellows' Hall, Union street.

The Soldiers' Branch of the vocational education under the Department of Soldiers' Civil Re-establishment will be completed in this province by about the end of April of next year, according to Lieutenant-Col. S. S. Wetmore, assistant director of K unit, who arrived in the city this morning from Fredericton. He was accompanied by Dr. Charles Mackay, of the medical branch of the department.

Col. Wetmore said that there were now about 220 returned men under instruction and fifty-seven of these were due to complete their courses during December. After the end of April the department will be concerned only with the treatment of medical cases.

Following the visit of the director of the administrative branch of the department to the province some three weeks ago, the affairs of the vocational training branch are now being handled by the administrative branch and will be continued until all the students have completed their courses.

ACTIVITIES OF DE MONT'S CHAPTER

The monthly meeting of the DeMonts chapter I. O. O. F. was held this morning with the regent, Mrs. W. E. Foster, in the chair. Two new members, Mrs. J. M. Robinson Sr. and Mrs. J. H. Stevenson were welcomed. Mrs. Gilmour Brown was elected a member. A resolution of sympathy to Mrs. A. W. Ada's in her recent bereavement was passed. It was decided to give \$5 a month in answer to an appeal for a kindergarten teacher at the East St. John county hospital. The chapter's work in the assessment was doubled. Arrangements were made for holding the annual ball of the Chapter on December 29 in the new Pythian castle. Convenors for the various committees for that event were appointed.

POLICE COURT

In the police court this morning a case against Ready's Brewery, Limited, charged with selling beer containing a higher percentage than that allowed by law, was taken up but postponed to allow the defence to call witnesses. Inspectors Hopkins and Lounsbury said they went to the store of Matteo Betty in Brussels street and there found a case marked Ready's Breweries, Limited, which contained several bottles. Inspector Henderson said he went to Ready's in Fairville street yesterday and he searched the store of Matteo Betty to appear in court this morning. On cross-examination he said he was not sure of the name of the firm. H. V. Padlock, provincial analyst, said the beer contained 8.5 per cent and some had 5.7 per cent of alcohol.

Matteo Betty on the stand, said that the ale was found in his store, but he did not know where he got it, except that he secured it from a "fellow" who came around apparently soliciting trade. The magistrate asked him if he came regular and Betty said, "Yes, Your Honor, he comes regular when he comes."

An irregular way of answering," the magistrate replied. When asked if the man had a team he said "Well, he didn't bring it into the store." The case was postponed for other witnesses. W. M. Ryan conducted the prosecution and J. A. Barry the defence.

A case against Clare Molins, charged with having liquor in his possession other than in his private dwelling, was resumed and the accused fined \$20 and allowed to go.

Cyril Chaisson, charged with stealing a bottle of liquor from Long Wharf, was remanded. Inspector Ryan of the C. N. R. said he saw the man coming out the shop yesterday and he searched him and found a bottle of liquor.

Breston Reid of Barboodes and Dunstan F. Amigalette of St. John, were sent into jail until the ship sails.

Beverly Long was charged with lying and lurking in Waterloo street and acting in a suspicious manner. Policeman Chisholm gave evidence and the accused was remanded to jail.

Two lads, charged with breaking a lantern on a staging at 527 Main street, the property of Frank Garson, were allowed to go as the damage did not amount to much.

One man, charged with drunkenness pleaded guilty and was remanded.

George Pashley, who was charged with being drunk and using obscene language, put up a deposit of \$10 last night and did not appear this morning and his deposit was forfeited.

DEFENCE BEGUN IN CLARKE CASE

Evidence by Relatives as to Mental Condition of Accused Man.

(Special to The Times)

Andover, N. B., Dec. 1.—In the case of Newman Clarke on trial for the murder of Phoebe Bell at Grand Falls the case for the prosecution was finished this morning and the defence opened. Witnesses for the prosecution were Coroner Ryan, George M. Taylor, Max White, Mrs. Sirois and Mrs. Kearney. Their evidence was all to the same effect, bearing on events which took place the day previous to the shooting, the purchase of a revolver by the accused and his actions. In opening the case for the defence, Hon. W. P. Jones, K. C. addressed the jury outlining the salient features after which he called two witnesses, Arthur Russell and George Everett, uncle and grandfather respectively of the defendant. They gave evidence touching on his mental condition after which the court adjourned to this afternoon.

VERDICT FOR \$2,500

Case of Breach of Promise in the Circuit Court.

A verdict for \$2,500 the full amount sued for, was granted in the circuit court this morning to the plaintiff in the case of Glenn McAfee of Lorneville against whom Helen Ferguson brought an action for alleged breach of promise. Daniel Mullin, K. C. appeared for the plaintiff and Dr. J. B. M. Baxter, K. C. for the defendant.

Giving Furniture for Xmas Means Building for the Future!

Seemingly, our lives are shaped by our surroundings. Our early environment is either a help toward success or an obstacle to be overcome. Early training and surroundings leave a lasting impression upon the character of the individual.

Memory casts a halo around the scenes of our childhood—the sweet influence of home is never forgotten. In youth our surroundings weave the warp and woof of character—until as men and women, our lives express either acquaintance with the beautiful or show familiarity with the commonplace.

This is a Nation of Homes. The standard of the Nation reflects the character of its homes. Primarily and ultimately it is a Nation of the average home. Upon the standard of the Average Home depends the character of the growing generation. With this thought before us, can there be any genuine doubt as to what to give for Christmas?

Frankly, now, is there any real competitor of furniture in the direction of permanent and lasting financial value?

As this Yuletide approaches this house just teems with useful, practical things to use as gifts.

NEW PROGRAMME ENJOYED BY ALL. Bright Vaudeville Acts at the Opera House Include Good Musical Selections, a Cleverly Enacted Comedy Drama, Sensational Balancing Offering, and Other Features.

A thoroughly enjoyable programme was the comment heard from patrons of the Opera House as they wended their way out after witnessing the new mid-week bill last evening.

Following another interesting episode of "The Velled Mystery", which is featuring Antonio Moreno, Carroll and Sturges appeared in a dainty musical fantasy of violin and piano selections.

The closing number was that of Arnold and Florence, who gave a sensational and clever European balancing novelty.

The while performing difficult balancing feats and his partner enlivened the act by a catchy selection on a saxophone.

McLaughlin and Evans won popular favor in their presentation of an offering entitled "Courtship on the Bowery". It is an original skit and cleverly acted.

The difference roles were portrayed in a highly commendable manner and the play made a big hit.

PERFECT PLANS FOR N. B. FARMER-LABOR PARTIES COALITION

Moncton, Nov. 30.—A meeting of United Farmers' and Labor M. P. Society along with Farmer officials and Independent Labor party representatives was held in the United Farmers' office here today. A. C. Fawcett, the Farmer leader, presided and among those present was the Miramichi Labor leader, John S. Martin.

Three sets of resolutions were considered, first the tentative Farmers' programme submitted by Messrs. Fawcett and G. G. Archibald, appointed a committee for that purpose at the meeting of November 17; second from the Sons of Temperance grand and district divisions, submitted by H. H. Stuart of Sunny Brae, and third a series of proposed plans for a Farmer-Labor coalition preferred by Westmorland county Independent Labor party and submitted by W. H. Stuart, secretary-treasurer of that body.

The temperance resolutions asked for cordial support of the provincial elector's work for government representation and operation of the traffic in alcohol and alcoholic compounds as per legislation passed last year but not yet brought into effect and for the earliest possible taking of the vote on the importation of intoxicants for beverage purposes and for any other purposes through any but government channels. It was decided that these requests were covered by article four proposed by Farmers' committee.

The Farmers' committee's report was after thoroughly discussed by both Farmer and Labor men, and slight amendments here and there unanimously approved. It declares for first preference a uniform ballot for all elections provided at public expense; second, abolition of patronage; third, good roads, both trunk and lateral; fourth, that the manufacture, importation and sale of intoxicating liquors in New Brunswick be entirely abolished subject to provision being made for a plebiscite to be held preferably at the time of any provincial election; fifth, telephone system to be made available to all on equal terms for the same kind of service; sixth, provincial system of crop and agricultural statistics; seventh, maritime provinces should develop live stock industry; eighth, a better school system with special attention to vocational and agricultural instruction; ninth, thorough conservation of forests with up-to-date stampage regulations; tenth, a forward hydro-electric policy and provision that all water powers shall be operated so as to be available to all classes, rural as well as urban, on equitable terms; eleventh, a system of cooperative credit to assist the farmer.

The independent labor party proposals numbered thirteen as follows: Amendment of workmen's compensation so as to place all classes of wage earners under its operation. Approved; public ownership operation and control of proposed hydro-electric plants. Approved; equality of women with men as to voting and holding office in school districts and municipalities. Approved; pensions to mothers with dependent children. Approved; ballot in all elections to be uniform with dominion ballot. Approved; no alienation of crown land to any private parties other than bona fide settlers. Approved; uniform valuation and assessment of whole province under provincial auspices. Approved; the whole province to be collectively taxed for school purposes, school districts to be enlarged, and teachers' pension act to be greatly improved. Approved; proportional representation. Referred; abolition of property qualifications in municipalities. Referred; abolition of election deposits. Referred; special taxes on land purpose held idle, and land to be taxed at high rate than improvements thereon. Referred; important acts of legislature re law and finance on which legislature has no jurisdiction to be submitted to referendum, referred.

All of the above, whether approved or merely referred to committee, are to be referred to the Farmers and Labor locals for final approval before the Farmers' provincial annual meeting.

The I. L. P. recommendation number two, a maximum eight-hour day in all mills and factories and on all provincial government work, was also considered.

Agreement Is Reached; Both Sides Satisfied

Harbor Workers and Steamship Companies Arrange Wage Matters in Connection With Winter's Work.

It was said unofficially yesterday that the dispute between the waterfront workers and the local representatives of the steamship companies, had been practically brought to an end, and that both sides were satisfied with the outcome.

H. C. Schofield, representing the Robert Reford Company, who has acted as chairman of the various meetings held in this connection, said yesterday that the waterfront interests, comprising the longshoremen, ship liners' and coal handlers' unions, were satisfied to carry on this season's port work under the slightly changed conditions which have been made in the working arrangements. The coal handlers have been granted the dollar an hour rate for both day and night shifts, which was the chief bone of contention in the whole dispute, and at meeting of the longshoremen and ship liners scheduled for tonight, it is said that the proposals made by the steamship men regarding slight changes in working conditions, will no doubt be approved.

Bishop Richard Me Little Gypsy, Miss Alice Hoyt, Jack Stenhouse; Camp Fire Scene by the churchwardens and vestry of the church, at which the bishop was the chief guest. The entertainment was very pleasant and intimate one. Refreshments were served by Mrs. Dunham.

Miss Roberta Holder, The county in charge was the Misses Beattie H. Helen Baily, Dora Jones, Robt. Holder, Hilda Bartsch, Marion Peter and Messrs. James Hoyt and Muri Dixon. At the conclusion of the musical programme the members adjourned to the lower school room for a business meeting after which refreshments were served and a very pleasant evening came to a close.

His Lordship Bishop Richardson was the preacher in the Church of the Good Shepherd, Fairville, last night, when social service was held as part of the observance of the thirty-fifth anniversary of Rev. W. P. Dunham, rector of the church, conducted the service which was very largely attended. Bishop Richardson's sermon dealt with missions. After the service Mr. and Mrs. Dunham entertained the churchwardens and vestry at a social gathering in the vestry of the church, at which the bishop was the chief guest. The entertainment was very pleasant and intimate one. Refreshments were served by Mrs. Dunham.

WOMEN IN BUSINESS.

Woman's power in America is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the war. Health proved their strongest asset. Many women, however, developed weak, nervous conditions and could not stand the strain of a business life. Such women should remember there is one tried and true remedy in Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring health and strength to the women of America.

PHONE USERS WANT NEW ARRANGEMENT

Several users of the inter-communicating system of telephone service of this city met in the board of trade rooms yesterday afternoon, when the question of the service they were receiving was discussed. It was said that there was a certain amount of discrimination made by the company against users of this class of service and a committee consisting of A. P. Peterson and P. Y. Ellis was appointed to take the matter up with officials of the company and see if more equitable arrangements could not be arrived at.

STANDARD OIL CO. CUTS BIG MELON, BREAKING RECORD

New York, Nov. 30.—Cash dividend payments of \$31,862,222 by Standard Oil companies in the fourth quarter of 1920, make the total disbursements for the year \$115,000,000, the largest ever paid. This increase can be accounted for by initial payments on several new preferred issues during the year. The former high record was in 1913, when \$107,072,000 was disbursed, while last year \$108,429,000, exclusive of approximately \$2,500,000 disbursed by the Standard Oil Company of California in Liberty bonds, was paid. This is the largest dividend payment ever made in the last quarter. It is the biggest payment ever made in any quarter.

Theatre Packed for Address by Lindsay Crawford

National President of Self-Determination for Ireland League on Irish Situation and Aims of Organization.

Every seat in St. Vincent's auditorium, about three hundred chairs on the stage and every available inch of standing room at the back of the theatre was filled last night when Lindsay Crawford, national president of the Self-Determination for Ireland League of Canada and Newfoundland, spoke on the aims of the league and gave an interesting outline of the events leading up to the present Irish situation.

Mr. Crawford spoke for nearly an hour and a half without a single interruption. Although several members of the local police force were stationed in and outside the theatre, they were not called upon to act.

Mr. E. Agar, president of the local branch, acted as chairman and, after an overture and the playing of the national anthem by the City Cornet Band, he spoke briefly.

Thomas R. Donnan, national secretary, said that the object of the meeting was to remove some of the prejudice which existed regarding Ireland.

Before introducing the next speaker, the chairman said he resented the imposition of anarchism, not only as a reflection on their loyalty to the British Empire but also as a reflection on their religion.

Mr. Crawford, who was greeted with applause when he arose, said that it was not necessary for him to deal at this time with some observations made on Sunday last, as they had been dealt with fully and adequately by the mayor. He was not there to deal in personalities, there was only one place in which certain matters should be debated, and that was before a judge and a jury.

In defining the Irish question, Mr. Crawford said that there was no greater misrepresentation than the statement that it was a religious question.

The right of the quarrel, he said, dated back to the days of Edward I, when England planted her first colony in Ireland and introduced a parliament in which no Irishman had a part.

Those settlers, who were represented in the Irish parliament as English and as Catholics, were as English and as Catholics as their mother land, but they had protested against interference in their home affairs.

After the reformation, the Irish alliance was still as English but also Protestant as their mother country, but still the strife continued.

The quarrel between England's own people and herself, and in this it was similar to the quarrel between Great Britain and her American colonies which led to the independence of the United States.

The quarrel was continued by the Protestants who were among the most determined to resist compromise. The establishment of a parliamentary system, he said, tended inevitably towards an effort for wider powers and to evolve wards complete freedom.

The third period in the struggle came, after the passage of the Act of Union, which had ended Ireland's status as a separate kingdom.

It continued between England and a people largely Celtic and largely Catholic, but it was the same struggle, England had rested chiefly upon ostentatious ascendancy in the government of Ireland, but the Protestants did not share in that ascendancy and they were among its strongest opponents.

The speaker reviewed the history of Ireland and its effects and the industrial policy which, he said, had led to the fear of the industrial revolution in Ireland and its effects and the industrial policy which, he said, had led to the fear of the industrial revolution in Ireland.

In closing, Mr. Crawford said that the members of the league approached the subject not as Irishmen but as Canadians. Canada had sent her men to fight for Belgium and she had the right to stand up for Ireland.

St. Andrew's society at a notable and brilliant gathering last night celebrated the birthday of its patron saint and the 122nd anniversary of its organization in the city. In the Venetian gardens there were assembled some 400 and more of the true sons and daughters of Scotland and their friends, and with song and dance, with glowing eloquence of speech and with observance of time honored custom, the day was made a memorable one in the annals of the local organization.

The large hall of the Venetian gardens was hung with the banners of the society, and a St. Andrew's cross illuminated with red electric lights was conspicuously placed above the stage platform, added to the gala appearance of the hall. While the guests were assembling the ceremony of the installation of officers was carried out with all formality, H. C. Rankine, past president, installing Colonel Alexander McMillan as president, and Colonel McMillan then installing each officer in turn.

Members of the official party included his honor Lieutenant-Governor Pugsley and Mrs. Pugsley, the president of St. Andrew's Society, Colonel A. McMillan, the president of St. George's Society, Judge W. C. H. Grimmer, and Mrs. Grimmer, the president of the Clan MacKenzie, Major G. G. Corbet, and Mrs. Corbet, and the following officers of St. Andrew's Society with their ladies: 1st vice-president, S. R. Jack, Miss Jack; 2nd vice-president, C. B. Allan, Mrs. Allan; treasurer (for forty-five consecutive years), John White, Mrs. J. Pope Barnes; chaplain Rev. J. A. MacKeigan, Mrs. MacKeigan; historian, Alexander Wilson, Mrs. Wilson; secretary, J. Bruce McPherson, Mrs. McPherson; Mr. and Mrs. A. R. Melrose; Mr. and Mrs. F. N. Robertson; F. F. Burpee; Marshall, C. W. Bell and W. G. Birrell; Major Vassie, Rev. W. Bruce Muir, Judge Ritchie, Judge Forbes, Premier and Mrs. Foster.

A corps of pipers consisting of Pipe Major Ross, Piper Ross, Piper McDonald and Piper Regan, played the officers to the platform. President McMillan in his address of welcome, expressed gratification at the large attendance. Judge W. C. H. Grimmer, president of St. George's Society, in his address mentioned the similarity of the two organizations. He spoke of the splendid war records of Lieut-Colonel Murray MacLaren and Lieut-Colonel Alexander McMillan, Major Corbet, of the Clan MacKenzie, extended greetings to St. Andrew's Society, and A. C. Smith and Miss Louise Knight rendered several beautiful Scottish songs.

Rev. W. Bruce Muir of Guysborough county, N. S., gave the oration of the evening. He declared the establishment in Canada of Scotland during the war which had stood first in the empire in the number of men sent. He said that Scotland has always been first in industry and commerce, and in recent years chairs of Scottish history and literature have been founded in the universities.

It was for ideals which the men of Scotland fought, Mr. Muir declared, and in the period of reconstruction they would still uphold those ideals. Union with England in 1606 had given wider opportunities to Scotland and was looked back upon with pleasure and delight. He deplored the establishment in Canada of an organization which brought the feuds of the old country to the land of the new. He believed Ireland had had more opportunities for self-determination than had Scotland, but that Ireland had been mis-guided in her use of her opportunities. Scottish people in Canada met to extol their own nation and granted the right to all other nations to do the same, but all should do their best to make Canada the brightest jewel in the imperial crown.

That was what their sons had fought and died for. Then, having quoted Henry Chapelle's patriotic poem "The Day," Mr. Muir closed a stirring address with the reminder that all the world over Scotchmen were celebrating another "day" and celebrating it with a right good will to one and all.

The "Passin' o' the Mull" with full ceremonial was carried out by Marshall G. Pirrell, accompanied by Pipe Major Ross, who took the mull in the ram's head and bore it first to Mrs. Pugsley and the Lieutenant-Governor, and then around the hall, allowing all who wished to take a pinch.

Anderson, E. B. McDonald and Mrs. Thomas Guy gave several Scottish vocal selections to the accompaniment of Miss Agnes Anderson. A programme of various dances was carried out including several well known Scottish dances.

Besides the officers the members of the committee in charge of the entertainment were: Major C. F. Inches, Major J. T. McGowan, Thomas Guy, Henry C. Rankine, B. Kellie Jones, George M. Robertson, F. W. Fraser, D. W. Ledingham, H. L. McGowan, Fred Z. Fowler, Lieut-Colonel G. G. Corbet, H. F. Rankine, H. W. Cole, A. G. Rainnie, Charles Robinson, K. J. MacRae, Arthur F. Rankine, Dr. J. Chefs, famous for their Cuisine, use MAZOLA

in preference to butter, lard and cooking compounds for cooking and salad dressings.

These men, recognized experts, who are responsible for the quality of cooking in the leading hotels, clubs, dining cars, on steamships and in the leading bakeries, are jealous of their reputations. They have to be.

If, after long and severe tests, they have adopted Mazola as better and more economical, does it not follow that you, too, in your own home, will find this pure, rich oil from the heart of the golden corn actually saves for you as it saves for them—and at the same time provides foods more digestible than those prepared with the more expensive animal fats? The chef knows the animal fats are often distressing to delicate stomachs.

Mazola cooks food without smoking—can be used over and over again—does not carry odor or flavor from one food to another—can be used as shortening for frying—is superb for salad dressing—makes rich, creamy cakes that keep fresh for a long while.

Your grocer has Mazola in pints and larger tins. Try it according to directions and you will thank us for its delights and economy. Make a generous trial. Buy a large tin. You will be well repaid!

THE CANADA STARCH COMPANY, LIMITED MONTREAL

"Where did you get these delicious croquettes? Did you order them from a caterer or hotel?"

"Not at all, and thank you for the compliment to my cooking. I cooked them myself with Mazola instead of butter or lard. Of course it's a great saving."

Crisp, fresh, tempting, even if you are not hungry, a salad dressed with mayonnaise or French dressing made with Mazola will be welcomed by the most exacting palate. Your guests will think you have used the most expensive olive oil. Mazola really makes a superb salad dressing. The money saving each week is considerable.

In 1-, 2- and 8-lb. tins

CLARKE TRIAL AT ANDOVER COMMENCED

The trial of Newman Clarke of Four Falls, charged with the murder of Miss Phoebe Bell at Grand Falls on March 25

was continued yesterday afternoon at Andover before Judge Chandler. The crown was represented by Attorney-General J. P. Byrne, K. C., and John Keeffe of Grand Falls, while the prisoner was defended by Hon. W. E. Jones, K. C., of Woodstock. The prisoner seemed to take little interest in the proceedings.

The first witness called by the crown was Miss Ida Pelletier, who told of circumstances prior to the shooting and of relations between Clarke and Miss Bell. Her evidence was corroborated by Claude Murphy. Other witnesses were: Alice MacLaughlin, Dr. B. A. Fudington and Dr. A. Chipman.

UNLAWFUL TO SET TRAPS FOR CATS, SAYS SOCIETY

Niagara-on-the-Lake, Ont., Dec. 1—The owners of cats have been vindicated and it is unlawful to set traps for them. John Eckersley has received a letter from the Humane Society, which states that under section 942 of the Criminal Code any person who sets traps in places where domestic animals are likely to be caught, is guilty of torturing an animal and is therefore subject to a penalty.

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Marriage Baptists)
Arthur Wallace, who recently came to this country from Glasgow, has settled with the church at Margaree.

On Sunday, November 21, Pastor W. H. Johnson of Hampton, exchanged with Pastor J. A. Beyer, of the Smithtown-Titusville field.

The Baptists of Britain are mourning the loss of one of their strong laymen in the person of Sir John Horsfield, Bart. He died suddenly on the train while travelling from Kelghley to Bradford. When the Baptist Sustentation Fund was being raised he subscribed \$25,000.

The Baptists of British Columbia have found a new superintendent for the work in that province in the person of Rev. J. W. Litch. He took his college course at Acadia, graduating with the class of 1891.

Rev. J. Alexander Ford, M. A., after two successful years at American Falls, Idaho, has declined a call to the Baptist church at Wenatchee, Washington. Being a graduate of Acadia Mr. Ford has a number of old friends here. Our warmest congratulations are extended to Deacon W. H. Colwell and wife of the German street church, St. John, who last Sunday celebrated the sixtieth anniversary of their wedding.

Rev. H. E. Allaby is now E. Allaby as pastor of the Quilness Baptist church, near Providence, Rhode Island.

The Canadian Baptist says that Rev. W. H. Porter, M. A., is confined to his bed as the result of an accident which occurred on the 1st inst. He was knocked down by a train on the B. C. Electric Railway when crossing the line. One rib was broken, one limb severely bruised, one arm slightly hurt, and his brow a little discolored.

THE BUSINESS COLUMN

Edited by Mansfield F. House

A Live Business in a Dead Town
Ever hear of a town whose population and buildings were practically all gone away after a "boom," the population in fact decreasing more than 50 per cent, but almost doubling the trade of a merchant who elected to remain in the "dead" town?

Had An Annoying

Hacking Cough

GOT NO REST AT NIGHT

Hacking coughs are very wearing on

the system. The constant coughing dis-

turbs the rest, and keeps the lungs and

bronchial tubes in such an irritated and

inflamed condition that unless you get

immediate relief the cough may become

chronic and serious lung trouble ensue.

There is no better remedy than Dr.

Wood's Norway Pine Syrup for relieving

all kinds of coughs or colds, combin-

ing as it does the lung healing prop-

erties of wild cherry bark, and the sooth-

ing and healing expectorant properties

of other excellent herbs and barks.

Mrs. E. J. Ross, Pembold, Alta., writes:

"About three years ago I caught a very

bad cold, accompanied with a sore throat

and hoarseness. I was so hoarse you

could not hear me speak. I could get no

rest at night with the terrible annoying

hacking cough. I tried several remedies,

but they did me no good. I finally saw

Dr. Wood's Norway Pine Syrup adver-

tised so I got a bottle. It at once gave

me relief, and after using four of them

my cough had all gone. Now I always

keep it in the house."

"Dr. Wood's" is put up in a yellow

wrapper; three pine trees the trade

mark; price 35c. and 60c. a bottle. Man-

MEXICO'S PRESIDENT INDUCTED TODAY

Promises Programme of Social and Civil Reform
Advocates Education of the Country's People—Sketch of His Military Career in Troubled Land.

(Associated Press.) Mexico City, Dec. 1.—General Alvaro Obregon, who is to be inaugurated today as president of Mexico, has promised the immediate institution of a programme of social and civil reform that was said to be the basis for the revolution last summer which ultimately swept him into power.

He has stated not only to the press but in several joint conferences with congress that Mexico must open its doors to foreigners of good intent, must protect foreign capital, must settle its international obligations—in other words must get in tune with the world. As the fundamental basis for this adjustment, he has asserted that Mexico must return to a normal mode of living in which petty ambitions of individuals must be submerged and vital policies of social reform put into practice. He recognizes education of the masses as the real first need and, if his plans are carried out, schools long neglected will be opened and school teachers, long underpaid and in many cases not paid at all, will be given employment.

The new president was born in 1880 in the state of Sonora. From early childhood he was forced to work for a living but he has become one of the country's biggest industrial men. He is said to possess considerable wealth. Revolutions in Mexico within the past few years made him first a military power in the north, then a staunch adherent of Carranza whose accession to the presidency is said to have been largely due to the military genius and energy of Obregon. It was General Obregon who at Celaya indicated what he said to be the only decisive military defeat Francisco Villa, the bandit, ever suffered. With Carranza in power, General Obregon was entrusted with many difficult tasks of reconstruction, occupying numerous official posts, including that of minister of war.

When, in the fall of 1919, President Carranza announced definitely that he would retire from office at the expiration of his term of December 1, 1920, and that elections would be held in a regular and legal manner, General Obregon was the first to announce his candidacy. From his hacienda home in Sonora early this year he issued a manifesto which proclaimed him the leader of the Liberal Constitutional party and announced a platform of reforms upon which he purposed to make his campaign. He immediately began a tour of the republic.

The Revolution. Meanwhile politics was fermenting in the national capital. General Pablo Gonzalez, at first reputed to hold the official favor of President Carranza as his successor, began an active campaign and within a few weeks Ignacio Bonillas, at that time Mexican Ambassador to the United States, announced his candidacy as a civilian, charging that Obregon and Gonzalez both represented the military classes. ter assertion, Obregon requested congress to withdraw his rank as general, but this was refused. Early in April, General Obregon retired to his home in Sonora, following published charges that the Carranza regime was attempting to embarrass his candidacy. Almost coincident with this retirement came the defection of Adolfo de la Huerta, who, as governor of Sonora, refused to recognize the sovereignty of President Carranza in certain state affairs. This disagreement culminated early in May in open revolution with which General Obregon and numerous of his political aids and large numbers of followers became affiliated. Followed then in quick succession the march of the army of the north on Mexico City and its subsequent bloodless capture, the flight of President Carranza and his cabinet and the death of the executive in a lonely mountain hut. Adolfo de la Huerta was elected by congress as the provisional president to act until December 1. General Obregon immediately returned to an energetic campaign and in September was overwhelmingly elected president. An official canvass of the votes cast, showed that General Obregon received 1,181,751 and his nearest opponent, Alfredo Robles Dominguez, received 47,442. Since the election General Obregon has remained in Mexico City, actively engaged in preparing for his induction into office. He varied his routine by a short visit to the Texas state fair at Dallas and upon his return declared that he was convinced that cordial relations exist and will exist between Mexico and the United States. There has been much speculation as to the personnel of the cabinet which the new president will appoint. He has declined to intimate whom he will select. The following have been suggested at various times by the newspapers: Secretary of Gobernacion (state) and chief of cabinet, Rafael Zubaran Capmany; sub-secretary, Jose Ines Novelo. Secretary of foreign relations—Fernando Iglesias Calderon, former high commissioner to Washington; sub-secretary, Luis Sanchez Ponton. Secretary of the treasury, Dr. Cuthbert Hidalgo, present sub-secretary foreign relations; sub-secretary, Roberto V. Pesqueira, present commissioner to Washington. Secretary of industry and commerce, Alberto Pani. Secretary of agriculture, General Amado Aguirre.

Thank you for the raise, sir—the car has run better and cost less these last three months. During that time I've used Imperial Polarine and Imperial Premier Gasoline exclusively. We've had no break-downs, the engine runs quieter than ever and the gasoline bills are not so high.

HEROIC NURSES SAVE PATIENTS FROM FLAMES

Canadian Press Despatch Gravenhurst, Ont., Nov. 30.—Two hundred patients in the Muskoka free hospital for consumptives were carried to safety early this morning without the destruction of the main buildings of the institution. One of the outstanding incidents was the heroism of Miss Lillian Powell, a nurse, of Toronto, who carried another woman to safety. Miss Powell, the patient nurse in the main building, is given much praise for her action in carrying a woman down the fire escape from a second storey window. The fact that the main building was devoted to bed cases made the work of clearing the wards more than ordinarily difficult. The buildings which fell a prey to the flames were all of frame construction, and it was stated that had accommodation for 230 patients, but there were not more than 200 in the buildings at the time of the fire.

PLANS DISCUSSED

It was decided by the W. C. T. U. at its meeting yesterday afternoon that the society should give a treat for the boys of the Boys' Club some time after Christmas, and plans for the treat were spoken of with pleasure. The president was in the chair and led the opening devotional exercises, reading from the fifth chapter of St. James. She spoke of the privilege which it had been to hear the clear explanations of scripture reading given by Rev. W. B. Williston and mentioned in particular the object lesson which he gave in his last sermon, that of a father instructing his children. A collection was taken for missions. Grateful messages of thanks for flowers were received from many members who had been ill, many of whom were reported convalescing. A letter from Mrs. Perry of P. E. Island, the provincial president, outlined a programme of work for the winter. There was some discussion as to what the W. C. T. U. is to do for the Seaman's Mission this season, but the matter was left to be decided at a later meeting. Arrangements for holding the annual county meeting of the W. C. T. U. were spoken of.

Edward today and tomorrow, is recognized as one of the mighty millionaires of progress as well as by his unofficial title of the world's "soap king." With his Lordship, who was elevated to the peerage in 1917, are H. G. Hart and A. H. M. in his confidential secretaries, the present visit being essentially one of business. When last in Toronto Lord Leverhulme spoke to the Empire Club of "The Soap Industry," this time he "has nothing to say"—not even to the press. He is here to consider matters in connection with the Lever Brothers' Canadian plant down by the Don, and was met here by A. D. Ganong of St. John N. B., one of his chief Canadian aides. A typical Englishman, Lord Leverhulme wears lightly his three score years and ten. Boston, Nov. 30.—The lowering of 1 month rock to shore level and removal of the canopy over it were provided in a contract awarded by the Pillsbury Tercentary Commission today.

Dealers Stocked Up. Reports received from the United States are to the effect that furs valued at \$200,000,000 are stored at St. Louis and it is having a serious effect on the general market. There is a plentiful supply of muskrat skins and at present these furs are being offered as low as fifty cents. However according to the majority of the local authorities the present prices are at the bottom despite the news from the United States regarding all dealers being stocked up. They contend that as soon as the winter season commences the public will buy their winter coats and a brisk demand will have a tendency to move prices to higher levels.

BEAR WITH BRAINS. Zoological Specimen Showed a Fine Line of Intelligence. How intelligent a bear may be is well illustrated by an account published by M. Baudouin in the Bulletin of the French Societe Nationale d'Acclimatation of a brown specimen that lives in the Jardines Plantes, Paris. This bear had noticed that whenever there was a heavy fall of rain the lower part of his den was flooded and the orifice by which the water flowed was obstructed. Whenever this happened he profited by the occasion to take a good bath. He finished by used to go to the outlet and scrape away the debris that had stopped it up, until the water flowed out and his home was dry. But once, in an exceptionally heavy flood, the water rose through the hole from outside. The bear tried his usual method of getting rid of the water, but, finding this useless, sat down to think over the new situation. Presently an idea came to him. A lot of rocks had been thrown into his den in an effort to raise the level of the floor and give him dry quarters. He studied these rocks attentively, and then began carrying them one by one to the place where the water was entering. He tried with these stones to build a dam against the increasing water. After the water receded it was discovered that the bear had placed twenty rocks, weighing from twenty to forty pounds each.

GOVERNMENT WHARFAGE RATES INCREASED. Steamship companies in the city have received notification from the department of marine and fisheries at Ottawa that effective from Nov. 15, a charge of one cent a day per ton will be made for side wharfage on berthing space, and that the top wharfage rates will be increased to fifteen cents a ton for lumber, five cents a ton for grain and twenty-five cents a ton for general cargo. Commenting upon this notice, Commissioner Bullock said yesterday that he had been looking forward to such an advance in rates for the last two years. This increase in rates will affect all winter port service at berths fourteen, fifteen, sixteen and seventeen, West St. John, and the Long wharf at the east side of the harbor. The demurrage rate is applied only eight hours after docking, the commissioner said. At the city wharves, the storage charge does not begin until the tenth day. In Montreal the charge is made "forthwith," or immediately upon docking.

FOREIGNERS EVADE U. S. INCOME TAX

Leave for Europe via Sarnia and Take Steamship From Montreal.

Sarnia, Ont., Dec. 1.—United States internal revenue agents operating on the St. Clair river declare that a number of Europeans, having made their stake in the United States are going into Canada by way of Sarnia, taking a train from this city for Montreal and embarking from that port to their homes overseas, thus eluding payment of the United States Federal income tax which aliens are supposed to pay when they leave that country.

This declaration was made following the departure of a party, of 22 Slovaks who left Milwaukee recently for their homes in Czechoslovakia without paying a visit to the Revenue Department. John A. Grogan, collector of customs at Detroit, guarded the ferry building in that city, but no trace of the foreigners could be found there. He stated that in all probability they had thrown the police off the trail at Detroit and come to Port Huron, crossing over to Sarnia, where they were safe from molestation.

The usual procedure, it is believed, is to leave the town or city in the States where they are working and head for some border city as Detroit, Chicago or St. Paul where they can more readily throw the officers off their trail and board a train for Port Huron, Mich., where they leave the railway and come over on the ferry.

MEETS WOMAN HE THOUGHT A CORPSE

Identifies Body Taken From River as That of Person Alive and Hearty.

Windsor, Dec. 1.—Floating in the Detroit River, the body of a woman, as yet unidentified, was found Saturday by F. Covillon of Sandwich and brought ashore. In a pocket of the dress was a street car transfer timed at 4:15 p. m. Friday.

At the morgue the body was "positively identified" by Chief of Police Dillon, Mayor Donnelly and two Windsor officers as that of Mrs. Mary Ward, a well-known Windsor woman. Fifteen minutes after the "identification" Mrs. Ward passed one of the officers, who had helped to identify the dead body as hers, and the man thought he had seen a ghost. The body of the woman found in a river resembled Mrs. Ward in many particulars. The authorities were finally convinced that the dead woman was probably a non-resident.

DIRECT ACTION TO GET HOMES

Ex-Service Men in East Ham, London, Take Possession.

London, Nov. 11.—(Associated Press correspondence)—Scarcity of houses in the East Ham district has led the local branch of the National Union of ex-service men to take "direct action" in regard to empty houses which are marked "to be sold."

They have taken possession of one of these houses without consent of the owners and two ex-service men and their families are now installed in it. The seizure was made in conjunction with the People's Protection League and the East Ham Trades Council.

"All houses marked 'to be sold' shall be considered as being marked 'to let,'" said the secretary of the former service men's union. "There is no fear of ejectment because the applicants are willing to pay the rent, and further, in the event of any action by the owners, the union is prepared to take direct action in regard to the East Ham Labor Council.

"This is the third house we have taken and we shall continue to take such houses until there is not one left."

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2 1/2 ounces of Pinex into a 16-oz. bottle and fill the bottle with plain crystallized sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 20 ounces—a family supply—of much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

ATTEMPTS TO CAPTURE "MAD MULLAH" IN VAIN

Escaped Into Abyssinia With Son and Brother—Had Narrow Escapes.

(Associated Press Correspondence) London, Nov. 13.—The "Mad Mullah," the dervish leader, who seems to bear a charmed life, is now in Abyssinia, safe from British pursuit, but of his numerous wives, sons and relatives, only his eldest son and a brother escaped with him.

In the British campaign against him, sixty of his personal followers were killed, including several of his sons, seven close relatives and four of his advisers. Six sons, his five wives, four daughters and two sisters were captured.

Picturesque details of the fruitless attempts to capture the dervish chieftain are given in an official dispatch from Geoffrey Francis Archer, the British governor of that protectorate.

In the early months of this year, the dervish forces were completely routed but the Mullah himself once more got away into the interior. Bombing airplanes were used in the campaign and the dispatch records that on the approach of the first air squad, the Mullah collected his people around him and awaited their coming under a white canopy used on state occasions.

Some dervishes afterward reported that the Mullah saw in the airplanes "a divine manifestation," others said that he had been told that the machines were Turkish and came from Constantinople (Constantinople) to convey the Sultan's greetings.

It was during this first air raid that the Mullah narrowly escaped with his life. His robes were singed by a bomb and he afterward prudently took refuge in caves.

For many days, the dispatch, the Mullah was pursued by the Camel Corps, often on half rations and even on no rations at all. The chase was kept up day and night until there was nothing further to pursue—from the sea to the southern border of the protectorate.

One group of fugitive who were tracked were followed turned out to be not the Mullah and his bodyguard, but a party of Abyssinians. Most of the party were killed, the dispatch adds, and the Mullah, who was close at hand all the time saw their fate from a hiding place on a neighboring hill.

CELEBRATE FEAST OF CHANUKAH

The Feast of Dedication known in Hebrew as Chanukah, will be celebrated in Jewish circles beginning Sunday evening, Dec. 5. This festival lasts for eight days and is observed with joy and gladness in the Jewish home.

The origin of Chanukah is traced to an historical event of tremendous consequence to the Jewish people. In the year 168 B. C. E., the Syrian king Antiochus IV. or Epiphanes had resolved upon an imperialistic policy of uniting all the provinces and peoples in his domain. As a preliminary measure towards this consummation of his ambition, an edict was promulgated, compelling all his subjects to adopt a common religion, that of the Greeks.

This decree met with unexpected opposition among his least powerful subjects, the Jews. The polytheism of the Greek religion, its lax morality and debasing influences incited the Jews to rebellion. Under the leadership of the aged priest, Mattathias, and after his death, his son Judas Maccabeus, armed resistance was arrayed against the powerful worship of the one God. The rededication took place on the 25th day of Kislev according to the calendar of the synagogue, in the year 168 B. C. E. In commemoration of the victory, the Feast of Chanukah is celebrated even unto this day.

Legends, impressive of this triumph and the festive character of the celebration, have been preserved. An old legend recounts the miraculous preservation of a single cruse of undefiled oil, found in the Temple at the time of the rededication, which burned for eight days. The kindling of lights in the home and synagogue is a distinguishing feature of the festival. The traditional practice is to light one candle on the first night, two on the second and so on until eight are kindled on the last day of the feast.

The special prayers recited in the synagogue in connection with Chanukah stress the triumph of the spirit of God over the might and power of godless man.

The festival is utilized by the modern synagogue as an occasion for participation of the children of the religious schools in plays or pageants which express the glorious victory of the few and feeble over the mighty hosts of oppression.

MAC AND BEAVER NEVER YET FOOLED. Mac Says There Will be Mild Spell Before Winter. Cobolt, Dec. 1.—Mac Lang, M. P. P. for Cochrane, still has faith in the north country beaver as a prognosticator of the weather. Mr. Lang passed through here recently and said there would still be a mild spell, with plenty of water, before winter set in. The beaver and himself had never yet been fooled, he said.

Sale of Winter Overcoats at M. R. A. Ltd.

The M. R. A. Men's Clothing Shop is full of golden opportunities for thrifty men who are wanting to buy a Topcoat for themselves or for one or more of their boys.

No better opportunity than the one offered just now will be presented, for getting really splendid coats at way below regular values. Ulster, Ulsterettes, French Coats and Chesterfields in newest cloths and colors for winter are selling at greatly lowered prices.

The only way to get economy in an Overcoat is to get a good one. It has always been a good policy to pay enough to get it good, but paying enough means a good deal less now than it has.

You are assured a wholesome saving by buying now. See advertisement page 5.

URGES REVISION. Berlin, Nov. 12.—(Associated Press correspondence)—Revision of the Peace Treaty of Versailles by the international proletariat was urged by Ernest Dautman, leader of the new Communists, in a debate in the Reichstag recently. Herr Dautman prophesied a coming revolution to overthrow capitalism. He said that his party desired expropriation of all machinery of production and as quickly and as thoroughly as possible. He characterized the Versailles Treaty as an exhibition of force by world capitalism—'We felt toward it as our Russian comrades felt toward the treaty of Brest-Litovsk,' he said.

THREE FRENCH COMMUNIST LEADERS ARE DROWNED. Paris, Dec. 1.—Three French communist leaders who participated in the recent communist congress at Moscow have perished in the wreck of a sailing boat which they leased at Marseilles for the return trip to France, says a despatch from Stockholm.

NOT HEARD FROM 20 YEARS; SISTERS THOUGHT HIM DEAD. (Special Despatch to The Globe.) London, Ont., Dec. 1.—Jacob D. Stockton, formerly of Wardsville, went West twenty years ago and his relatives, never having heard from him, thought he was dead. While traveling from Toronto last Saturday he heard by chance that one of his sisters was living in this city, and he hastened to join her here. He was rejoiced to learn that his two sisters are in London.

To Be Troubled With Constipation THE CAUSE OF MANY ILLS

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels. If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, bad breath, heartburn, water brash, etc. and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick. In Milburn's Laxa-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not grip, weaken or sicken.

Mr. Jas. S. Harris, Box 994, Halifax, N.S., writes: "For two years I suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try 'Milburn's Laxa-Liver Pills' and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my ailment."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

HALIFAX SCOTS

Halifax, Nov. 30.—Two hundred and twenty-five sons of Scotland, more or less removed but with love and enthusiasm for the land of the heather in their hearts, gathered in the Halifax Hotel dining room tonight to celebrate the day of St. Andrew, to eat haggis and other things, to listen to the skirling of bagpipes, and to form a very vivid background for a stirring "test we forget" of the ties binding the Scotlands old and new. The occasion was the annual St. Andrew's Day dinner given to the North British Society.
