COMMITTEE WILL CONSIDER CITY'S HOUSING PROBLEM

To Report on Best Means to Provide Accommodation

CITY OFFICES AND COURTS

Provincial Loan for General Housing Scheme Limited to \$200,000—Vacancy on the School Board Not Filled

A representative committee of citizens to report on the steps which should be taken to provide additional room for the city offices and to accommodate the courts and on the various suggestions for a new city hall and new court house, of both combined, was appointed by Mayor Hayes at the weekly meeting of the common council this morning.

It was announced that the province would be unable to grant the full \$300,000 asked for under the housing scheme, but would be able to loan \$200,000, and formal application for this amount was authorized.

Mayor Hayes presided and all members of the committee were present. The report of the committee of the whole was adopted. It contained recommendations as follows:— That the action of the commissioner of public safety in accepting the tender of John T. Brown for the repainting and painting of the exterior of the city hall, Saint John West, for \$481.98 be confirmed and that the contract be entered into.

That conveyance in fee simple be made of lot 409, Brooks Ward, to George G. Hare for \$480, and lot 684, Queens ward, to the St. John Real Estate Company for \$500.

That, upon the surrender to the city by the Roman Catholic Bishop of Saint John of land at Millford and upon the payment of \$75, a conveyance be made to him in fee simple of the said lot, together with the increased area as shown on plan attached, in all about one and a half acres, deed to contain same covenant as in the original conveyance as to the use of the property for church purposes only.

That the portion of German street between King and Nelson be paved in the manner set out in the report of the commissioner of public works at an estimated cost of \$8,000, to be paid for by bond issue covering ten years.

That the city accept the offer of Clark Bros. Ltd., of Brockton, N. S., \$15,000 for all the brick and metal in connection with the pulp mill at Mispec, with the exception of the turbines and penstock. A letter from Mr. Florence M. Fink regarding alleged encroachment of the city on her property at the corner of German and North Market streets, was referred to the commissioner of public safety. Cannot get \$300,000.

A communication was presented from M. B. Dixon, clerk of the executive council, announcing that the provincial government was unable to grant \$300,000, the full amount of the loan asked for by the city under the housing scheme, and asking that a new set of resolutions be prepared applying for the amount available, \$200,000. He also asked the council to reply whether the reduced amount would be satisfactory and whether the loan was wanted for twenty or thirty years.

On motion of Mr. Bullock, seconded by Mr. Trouton, resolutions were adopted expressing the council's desire to borrow \$200,000 under the housing act, 1919, repayable either in twenty or thirty years or both, at five per cent, for the purpose of carrying out a housing scheme; authorizing the council to borrow the money, to enter into an agreement for the expenditure and repayment of the money and to execute a certificate of indebtedness to the province. (Continued on page 2, sixth column)

LOCAL NEWS
ST. JOHN REPRESENTED
St. John is to be represented in sports to be held in Antigonish, N. S., on Thursday, J. P. Morgan, a local athlete, has entered for the high jump and shot put, and his friends are confident that he will make a good showing. He has completed in local amateur events and has won consistently.

DUMPHY-MILBURY
At the home of Mr. and Mrs. Frank Holt, 721 Main street, last evening at nine o'clock Rev. J. Neil McLaughlin united in marriage Miss Beatrice Milbury, daughter of Mr. and Mrs. Thomas Milbury, Brook street, to Thomas Edward Dumphy of this city. The groom recently returned from overseas having served in France for some time. Mr. and Mrs. Dumphy will reside in the city.

BEACONSFIELD SCHOOL
A meeting of the trustees of Beaconsfield school was held last evening. F. W. Henderson, one of the trustees whose term had expired, was re-elected unanimously for another term. A. L. Coster and F. J. Shreve were re-appointed auditors. A financial statement for the last term was received with satisfaction by the board. Dr. W. L. Ellis offered to give medical examination of the pupils gratis. This offer was accepted and he was given a hearty vote of thanks.

Hurricane And Floods Claim Many Victims

At Least 87 Drowned at Valparaiso; Property Loss \$200,000,000; Million Sheep and 100,000 Cattle Die in Buenos Aires Floods

Valparaiso, July 15—Eighty-seven persons are known to have been drowned and the loss of life may have been much greater in a hurricane which swept this port Saturday and Sunday.

Fourteen vessels of various sizes were sunk and about 100 lighters and other small craft were destroyed. The property loss is estimated at \$200,000,000. The German steamer Sais, which was washed ashore, was pounded to pieces and lost ten of its crew.

Buenos Aires, July 14—Government reports show that 1,000,000 sheep and 100,000 cattle have been drowned in floods in the southern part of Buenos Aires province. The railways and telegraphic communication have been interrupted and several sections in that region have been completely isolated for more than a week from this cause.

The floods were due to a month of the heaviest rainfall ever recorded here. Over on the Chilean side of Argentina there have been further heavy snowfalls along the trans-Andine railway, causing new damage to the line. At one point the debris on the tracks has accumulated to a depth of fifty yards.

The snow in this region has been more or less continuous for a month and in some places is more than twenty-six feet deep.

A small party of Americans arrived here last night overland from the Pacific seaport of Antofagasta, Chile. They reported almost unendurable hardships during their journey which lasted a week.

IN RECOGNITION OF HEROIC ACT
Common Council Presents Gold Watch to N. A. Palmer Who Saved Edward Birmingham From Drowning on June 1

A handsome gold watch, suitably engraved, was presented to Nathaniel A. Palmer by the common council this morning in recognition of Mr. Palmer's bravery in saving from drowning Edward Birmingham at Inianitona on June 1.

With the members of the council standing, the mayor addressed Mr. Palmer, recalling with hearty appreciation his courage the deed which the council wished to recognize. He referred to the fact that Mr. Palmer wore the button of a returned soldier and that the gallantry which had been shown when he saved a fellow man from drowning had been shown previously when he had enlisted for overseas service.

He understood that Mr. Birmingham was a larger man than Mr. Palmer and that the latter was not an expert swimmer, in spite of these circumstances he had jumped into the water without hesitating to remove his clothes and had been successful in saving a life.

He was sure that Mr. Palmer's children would always remember with pride the achievement of their father and that he was confident that the fine qualities which had marked Mr. Palmer's conduct on this occasion would be shown throughout his career.

Commissioners Fisher and Thornton added a few words of appreciation and Mr. Palmer replied modestly, saying that he was glad that he had the opportunity to save a life and would be glad to do what he could if another such emergency arose.

HOLD BACK FEW DAYS MORE FOR AMERICAN DECISION
Montreal, July 15—Although the three weeks' stay of negotiations arranged between the Canadian Railway War Board and the railway shippers of Canada expired today, in all probability arrangement will continue by common consent for some days to come. The whole matter hinges on the decision of the United States railway administration.

Recent advices from Washington are that within the next two or three days the decision of the United States authorities in this matter will be announced. When this is received it will form a basis for a settlement of the Canadian dispute.

PICNIC
The Young Ladies' Mission Circle of the Portland Methodist church held a picnic in Seaside Park yesterday afternoon. A large number were present and an enjoyable time was spent in games and amusements, after which supper was served. Mrs. Fred Smiler was in charge.

SISTER SHIP OF R-34 TO START FOR INDIA
London, July 14—The R-33, sister ship of the British dirigible R-34, which has just completed a round trip across the Atlantic, will start on a trip to India within the next week. The dirigible will visit France, Switzerland, Italy and Egypt, and it is expected that the voyage will take from fifteen to twenty days.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam this morning, "the world waits to learn the result of your experiment with Mr. Burditt at the Rotary picnic. You won, of course?"

"No, sir," said Hiram, shortly—"I didn't know I hadn't no more chance than a catfish again a pickerel. But I showed 'em how to play quater—yes sir. I licked 'em all. They ain't never seen a fellow named Bell, from Westmount, too. I guess that's the only fellow they allowed to play in Westmount. I remember one time George Ham wouldn't let some fellows take a drink in a C. P. R. train while they were going through Westmount. He said he lived there when he had a few minutes to spare, and they let him up and let him in the town limits. But that Westmount fellow couldn't make rings with Hiram—no sir."

"About the lamb stew," said the reporter, "Did you really have three helpings?"

"Yes, sir—me an' Gantler. He's takin' tankards. They say it's great medicine. I ain't tried it yet. Doc Merrill an' John Bond—they made that stew—an' they kin cook in my lumber camp whenever they want to."

"I hear," said the reporter, "that you saw a deer on the shore?"

"What some of 'em city fellers seen on the shore at Hardin's Point was a deer," said Hiram. "What I seen was a pink sweater an' a white dress. She was over there. She was, too—walkin' along the shore in a pink sweater an' a white dress."

"You old rascal," said the reporter, "Why I had to see you in 1915 or previously. He was not in uniform, but carried himself modestly in a suit. He registered at the Royal from Ottawa, and is to leave today or tomorrow for his old home near Sussex on a short visit."

Lieut. Gregg went overseas as a private, in which capacity he won the military medal. He was given his commission with the Royal Canadian Regiment, with which he is now serving his further honours. He returned to Canada about three months ago.

BACK TO WAR DAYS
Mine in North Sea Sweeps American Mine Sweepers; Seven Killed

Washington, July 15—One officer and six enlisted men were killed in the destruction of the American mine-sweeper Richard H. Buckley by the explosion of a mine in the North Sea on July 12. Two other officers were injured.

RECOMMENDS THAT ALIEN INVESTIGATION BOARD WIND UP ITS LABORS
Judge Myers' View Opposed by G. W. V. A., who Want Board Continued

Winnipeg, July 15—It is announced that Judge Myers has recommended to the provincial government that the alien investigation board conclude its labors at the end of this month.

The board has been in existence five months and has investigated 4,607 aliens, granting cards to 3,975. The other 300 were returned to their countries of origin. American, British and German capital. Bookings for freight shipments and passengers will be received after September 18, said Mr. Khars, adding that a tentative plan of \$91 a ton had been set as the trans-Atlantic freight rate (about \$80 more than the rate by sea). He said he had no idea as yet as to how many passengers could be carried.

BURIED TODAY
The funeral of John Mullin took place this morning from the residence of his daughter, Mrs. John McDonald, 216 King street, East. Requiem high mass was celebrated in the Cathedral by Rev. F. Walker with Rev. A. P. Allen, deacon and Rev. W. L. Moore, sub-deacon. Rt. Rev. E. A. LeBlanc gave the final absolution and interment was made in the new Catholic cemetery.

PHEDIX AND PHERNAND WEATHER REPORT
Issued by the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—The disturbance which was west of the Great Lakes yesterday is now centered in the Ottawa Valley. The weather is showery in Ontario and western Quebec. Elsewhere it is fine.

Shows Tomorrow.
Maritime—Moderate to fresh winds, mostly southwest, this today; Wednesday, showery.
Lower St. Lawrence, Gulf and North Shore—Moderate winds, showery tonight and part of Wednesday.
New England—Showers and thunder storms this afternoon and tonight, followed by fair weather Wednesday; cooler except in southeastern Maine; fresh south shifting to west and north-west winds.

DOCTORS HEAR PAPER ON THE PROHIBITION ACT

Committee To Report on Amendments Suggested

ADDRESS BY DR. J. S. BENTLEY

Speaks of Matter as Applying to Medical Profession—Dr. Ferguson's Paper on Surgery—Convention in Y.M.C.I. Hall Opened With Prayer by His Lordship Bishop LeBlanc

An address by Dr. J. S. Bentley of St. John on the intoxicating liquor act and its inconsequence to the medical profession in its present form was the feature of the opening session of the thirty-ninth annual meeting of the New Brunswick Medical Society, which was held this morning in the Y. M. C. I. building, Cliff street.

The president, Dr. G. G. Melvin, of Fredericton, presided. His Lordship Bishop LeBlanc opened the meeting with prayer, and His Worship Mayor Hayes delivered an address of welcome to the visiting members.

Dr. Bentley spoke particularly of the act with regard to the issuing of prescriptions. According to the act a prescription could be filled only once; this necessitated in country districts the prescribing of large amounts of stimulants, and the fact that only one prescription for liquor could be issued per day to any person made it necessary if intoxicating liquor was prescribed for internal use and alcohol for external use, that the prescriptions be given on different dates and the patient instructed to have them filled at different dealers which was against the spirit of the law.

He suggested several amendments to the law, and a committee was appointed to go into the matter with Dr. Bentley and bring in a report on the amendments suggested at tomorrow's session.

Dr. W. A. Ferguson, of Moncton, president of the surgical section of the association, read an interesting paper on the triumph of aseptic surgery during the war and also dealt with other matters of importance to surgeons. His Worship Mayor Hayes in his address of welcome on behalf of the children of St. John said that he was more than happy to see the meeting was taking place at the last meeting.

The medical profession and the community. He paid a tribute to the work of the doctors and V. A.'s during the influenza epidemic last winter.

The secretary, Dr. C. J. Veniot, of Bathurst, read a letter from the Union Club extending the privileges of the club during the session. A letter from Dr. G. Melvin, president of the society, accepted his resignation as sub-editor of the Canadian Medical Association journal.

A letter received from Dr. J. F. Secord, Sackville, suggested a revision of fees. A committee was appointed consisting of Drs. Allingham, Desmond and Wetmore was appointed to look into the matter.

Advertising, etc., amounting to \$75.58, were ordered paid. The report of the committee on the Workmen's Compensation Act was postponed until tomorrow.

Dr. J. D. Lawson of St. Stephen, New Brunswick, read his report on a credit balance of \$469.08. Dr. Dugan and Dr. Hetherington were appointed to audit the accounts.

DR. BENTLEY'S ADDRESS
Dr. J. S. Bentley, president of the medical section, spoke with regard to the intoxicating liquor act. He said there were some who did not think that alcohol was necessary for medicinal purposes. He did not wish to be misinterpreted, as he wanted to say that personally he had (Continued on page 2, seventh column)

QUESTION BOX FOR CIVIL SERVANTS
Ottawa, July 15—A civil service question box has been inaugurated. Each of the 60,000 civil servants may obtain an answer to any question regarding the proposed classification by addressing the civil service federation at Ottawa. Questions affecting individuals only will be answered daily in the question box which will be furnished to all newspapers desiring to avail themselves of the service.

HAVE TO RESIGN SAYS U. S. AMBASSADOR PAGE
New York, July 15—Thomas Nelson Page, U. S. ambassador to Italy, who arrived here last night from Liverpool on the Carmarone, announced that he had returned to resign his post. He said he had not yet resigned, but had written to Washington several months ago asking permission to come home to tender his resignation in person.

GENERAL CURRIE AND MAJOR MILLER WIN AMERICAN HONORS
London, July 15—(C. A. P.)—The American Distinguished Service Medal has been awarded to General Currie and Major Walter Miller of the Canadian Corps.

Reports Heavy Ice
Montreal, July 15—The steamer Savoy which left Seven Islands yesterday afternoon for Antioch reported heavy pack ice from the Straits to Chicaquia Bay.

MURDERERS OF AMERICANS ARE PUT TO DEATH

Mexican Ambassador Makes Statement

Says Bandits and Rebels in All Parts of Country Are Lying Down Arms and Returning to Homes to Till Soil

Washington, July 15—Murderers of American citizens in Mexico have been apprehended and executed by the Mexican government, which, through expenditures of two-thirds of the republic's revenues in the work of pacification is slowly restoring order, it was said yesterday by Ygnacio Bonillas, Mexican ambassador to the United States, who has just returned to Washington after a month's visit at Mexico City. He said that bandits and rebels in all parts of the country were laying down their arms and returning to their homes to till the land.

Mexico's first duty, the ambassador asserted, was to put down insurrections and for that reason large sums of money were being spent in pacification. When this has been accomplished the revenue now devoted to this end will be used to ward paying off the interest on the foreign debt. Mexico, he said, has never and never will repudiate her debts.

Washington, July 15—Request was made by Robert Robertson of Oklahoma, in telegrams received yesterday by the state department, for an investigation of the murder of John W. Corral, an American citizen, the mistreatment of his wife and the wounding of their son by Mexicans in the Tampico district of Mexico.

PREDICTS SPREAD TO ALL THE PORTS

Estimated That 400 Ships Tied up and 160,000 Men Out of New York

New York, July 15—The demands of the strikers of the marine works at this and other Atlantic ports for union recognition today continued to be the principal stumbling block to the settlement of the walkout, which late yesterday affected vessels operated by the United States Shipping Board. The spread of the strike to the government controlled boats resulted from a refusal of shipping board officials to grant the seamen's demands for their three shifts of eight hours each at sea and preference to union members.

Oscar Carlson, secretary of the firm's organization and spokesman for the union officials, estimated that 400 ships were tied up in this port and that 160,000 men were out there. He predicted that the strike would become general within three days at all Atlantic ports.

MILLIONS OF FEET OF LUMBER DESTROYED

Great Forest Fires in Central Idaho Has Been Raging Three Weeks

Boise, Idaho, July 15—A forest fire raging for three weeks in the yellow pine district of the Thunder Mountain section, in Central Idaho, threatens to equal in destruction the great fire which swept Western Montana and Northern Idaho in 1910, when a great loss of life resulted, according to members of the local forestry service.

TWO NEW STRIKES IN MONTREAL; ONE SETTLED

Montreal, July 15—About 300 horse-shoers employed by 250 shoe shops went on strike yesterday for \$30 for a week of fifty-five hours, recognition of their union and seventy-five cents an hour for overtime.

The employees of four cigar factories, including Bourget & Guy and La Champagne Cigar Company, to the number of 200, also went on strike yesterday. They demand an increase of \$2 a thousand. The employees of the Swift Canadian Company returned to work yesterday after a strike of one week. They return under arrangements agreeable to themselves and the company.

LEPER FOUND AT WORK IN PHILADELPHIA RESTAURANT
Philadelphia, July 15—Local health authorities last night said that Nicholas Poudakis, a leper, who escaped from a Boston hospital on May 21, was found working in a restaurant in this city on last Friday and was isolated in the Philadelphia hospital for contagious diseases. He said he came from Greece eight years ago. After escaping from Boston, he said, he worked in a restaurant in New York and later came to this city.

GOLD FIND AT COPPER LAKE, IN MANITOBA; RUSH BEGINS

Le Pas, Man., July 15—Measuring twenty feet wide and 5,000 feet in length, a solid dyke of quartz containing gold, has been found at Copper Lake, north of here, by J. P. Gordon, former chief engineer of the Hudsons Bay Railway. Mr. Gordon says that the values are uniform throughout and average between \$9 and \$14 to the ton.

Incoming prospectors confirm the report of the discovery and a mild rush has already begun to the scene of the strike.

WESTERN CROP REPORT BETTER

In Some Places, However, Feed For Stock Will Have to be Imported

Regina, Sask., July 15—The bureau of statistics of the provincial department of agriculture yesterday issued its crop report. It indicates that conditions are much more favorable than reported two weeks ago. Early sown grain would appear to have suffered most from the heat. The recent rains, however, have brought on the later sown grain and in many places, where two weeks ago it was not expected the farmers would harvest enough crop for seed, it is possible that five bushels an acre will be reaped. The best crops are in the east, central and the northern part of the southeastern statistical districts. The whole of the western part of the province as far north as the Saskatchewan river, it is expected, will have to import feed for stock for the coming winter, and many farmers will not have enough seed for next year.

"BOO" THE PREMIER AT OPEN AIR MEETING ADDRESSED BY WINNIPEG MEN IN TORONTO

Toronto, July 15—Some 5,000 people gathered at an open air meeting in Queen's Park last evening and applauded speeches by Alderman John Queen, A. A. Heaps and T. H. Dunn, Winnipeg strike leaders who are out on bail.

Alderman Queen mentioned the name of Sir Robert Borden and a storm of "boos" followed. He denounced Sir Robert Borden, and closed with an appeal to every person present to write personally to the minister of justice demanding that the five Russians held in Winnipeg for deportation be granted trial by jury.

Alderman Heaps declared that a naturalized German stood in a safer position in Canada today than the native-born of England, Scotland, Ireland or Wales, because to naturalize a citizen could be deported, whereas British subjects could, while the Canadian-born citizen was not liable to deportation.

STOCK AND BOOKS OF CORPORATION IN NEW YORK ARE SEIZED
New York, July 15—Stock of the International Marine Salvage Corporation, valued at \$5,000,000, and all the corporation's books were seized yesterday under direction of Assistant District Attorney Kilroe, following receipt of complaints concerning the firm. Mr. Kilroe said that so far he had obtained no information warranting action against any member of the corporation.

The corporation which was offering its own stock for sale, was incorporated to exploit a new method of raising sunken ships by means of inflated containers placed within them. It includes several well known shipping men.

Detectives also seized records in the offices of the brokerage firm of Crossman, Sherman & Company, following receipt of complaints at the district attorney's office from clients of the firm.

MILITARY MEDAL PRESENTATION
The military medal for gallantry in action won by her son, the late Aloysius Roy, is to be presented to Mrs. J. L. Roy of Bathurst this afternoon at City Hall by His Honor Lieut. Governor Pugsley. Mrs. Roy came to the city last evening and is staying with her daughter, Mrs. W. Stockford, West St. John. Her son went overseas with the Mounted Rifles and was killed at Ypres after he had conducted himself with outstanding heroism. Another son, Pte. Frank Roy, was also overseas and served with the 2nd Pioneers. Mrs. Roy is a sister of General Sir David Watson of Quebec, who commanded the 4th Canadian Division in France.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

TONIGHT'S NEW, GOOD OPERA HOUSE BILL

TYNER—In loving memory of Richard E. Tyner, who departed this life July 15, 1908.

WIFE AND DAUGHTER

CARD OF THANKS Mrs. T. M. Wilted wishes to thank her friends for kindness shown during her recent sad bereavement.

ST. JOHN'S GREATEST MERCANTILE EVENT

Oak Hall's Annual Mid-Summer Sale Starts Tomorrow.

This annual event has won a place of great importance in the mercantile community and is now looked forward to with genuine satisfaction by the many friends and customers of Oak Hall, not only in the city but throughout the province as well. It is more than thirty years since Oak Hall inaugurated this great yearly event, which has gradually grown into now the largest and greatest mercantile event. And it has gained such distinction simply because it is entirely different from most so-called sales. It is not a selling of the season's left-overs or a pre-stock taking sale. It is ten days set apart by Oak Hall whereby their entire stock of high class merchandise is offered at substantial reductions, with thousands of dollars worth of new merchandise especially bought for this great event at rock bottom prices for cash and put on the tables at the great saving for their patrons on merchandise not often found at ordinary prices. Oak Hall has found this the best way to consolidate and extend their wide acquaintance and it affords them an opportunity to show their appreciation in a practical way for the large patronage they have enjoyed since the beginning of the year. This great event starts tomorrow morning, and although tremendous preparations have been made, based on the Oak Hall standard motto of "Large volume at Minimum Profit," it will be advantageous to be on hand early, as big crowds are anticipated. For limited information see Oak Hall's advertisement elsewhere in this paper.

LOCAL NEWS

Band concert Seaside Park tonight.

Grand sale of bargain millinery—Mrs. Brown, 17 Brussels street, opposite Union, 8-13. Children's beautiful middie 85c to \$1.65. Sizes 6 to 14 at Bassett's, 14-16-18 Charlotte street.

EGGS \$4. A DOZEN.

The 2 Barkers, Ltd., as usual, are offering exceptionally attractive prices on groceries. See their ad, on page 8, for issues for instantance. Eggs, for example, are being offered at 48c a dozen—and these strictly fresh.

Boys' khaki knee pants 48c to \$1.25

We have them in all sizes at Bassett's, 14-16-18 Charlotte St.

THIS GREAT EVENT SEEMS TO GROW MORE POPULAR EACH DAY OF ITS PROGRESS.

As it offers the season's lowest prices on misses, women's and children's summer apparel of all sorts. We were most fortunate in securing so many lines from leading manufacturers at much less than they usually sell for and will pass a big part of the saving on to you, to take the most of this opportunity by coming and providing for your requirements at once, before the best bargains are gone. They are last long at the low prices we have marked them for our summer sales—Daniel, Head King street.

CONDENSED NEWS

The Boston Street Carmen's Union, who operate cars on the Boston elevated railway system, has voted to strike on Thursday morning unless demands for seventy-three cents an hour and an eight-hour day are met. A seven-year-old boy named McKenna was run over and killed by a motor car at Sydney Mines on Sunday. He was riding on the running board of one car and as he stepped off it was run down by a passing car.

LAST YEAR FOR UNCLE SAM TO RUN RAILROADS

Washington, July 15—In view of a statement by President Wilson yesterday that he would be returned to their owners at the end of this year, Chairman Eash told the house Interstate commerce committee today that it would be best to consider plans for a five year extension of government control.

CHILD INJURED.

Friends of Mr. and Mrs. Clement T. Murphy will regret to learn that their young daughter, Mary, met with a painful accident yesterday. She was playing about the yard and fell, striking some sharp stones, two of which penetrated her knee, inflicting deep and painful cuts. Dr. C. M. Kelley was summoned and had to remove pieces of the stone which were imbedded in the flesh.

ALSO GOES TO WEST

Harold McMahon, son of Mr. and Mrs. John H. McMahon of Hospital street, has joined the Strathcona Horse and expects to leave in a few days for Winnipeg. He is a brother of William and Howard McMahon, who joined the northwest mounted police here.

AFTER LONG TIME

Major S. S. Wetmore, A. G., at local military headquarters, will go on leave tomorrow for ten days. He has not had any leave since entering upon his duties in military headquarters, more than two years ago. He expects to spend part of the time in Clifton.

Government Sustained

Rome, July 15—(By the Associated Press)—The government of Premier Nitti, which took office several weeks ago, last night received a vote of confidence in the Chamber of Deputies. The vote was 257 to 111.

Fire at Rock Island, Quebec

Rock Island, Que., July 15—Damage estimated at \$40,000 was done, two men burned and the hands and arms and several families rendered homeless by the fire which broke out a little after one o'clock this morning in the Telford Government Company factories. A three tenement house next door caught and several families had a narrow escape.

MERELY NEWSPAPER RUMOR, SAYS SIR J. DOUGLAS HAZEN

"I know nothing of it but what I see in the newspapers. It is merely a newspaper rumor." This was the reply made today by Sir Douglas Hazen, chief justice of the supreme court of New Brunswick and former minister of justice and fisheries, when asked about the Ottawa report appearing in the Standard Doherty as minister of justice.

PERSONAL

Mr. and Mrs. W. H. Bell announce the engagement of their daughter, Emma, to Frank R. Bleyler, of Philadelphia (Pa.). The wedding is to take place in the near future.

Miss Dorothy E. Eldridge of Eastport, Me., arrived in the city yesterday and is the guest of Mrs. Kenneth E. Fairweather, Sydney street.

Mrs. C. Laecheil, of Boston, is the guest of her daughter, Mrs. Edward Henry, at Riverside.

Miss Mina L. Harding, of Virginia, accompanied by her niece, Miss Plummer, of Boston, is visiting her sister Mrs. P. F. Wetmore, of Eastport.

Dr. F. H. Wetmore of Hampton is in the city today attending the meeting of the New Brunswick Medical Society, at which he will read a paper.

J. D. McKenna of Sussex is in the city today.

Miss Cora Bennett of West St. John is spending a few days with relatives in Fredericton.

Company Sergeant-Major Gordon M. O'Connell of Vancouver, who returned on Saturday after almost five years overseas during which he was wounded twice and his brother, C. J. O'Connell of Campbellton, the New Brunswick Medical Society, at which he will read a paper.

Mrs. Charles A. Brown and two sons left on Saturday evening to visit Mrs. Brown's mother in Dorchester, Mass. Mr. Richard E. Brown returned at noon today from Montreal.

Mrs. George Lee came home today from Toronto.

CORN AND OATS

Chicago, July 15—Downturn in the price of corn took place today largely as a result of generous rain falls and prospective hot weather, a combination likely to promote rapid growth.

The breaks, however, there was short covering which led to rallies. Trade was not heavy. Opening quotations, which ranged from 91-2 cents decline to 1-4 advance with September at \$1.95 to \$1.95 1-2 and December at \$1.62 to \$1.62 5-8, were followed by sharp setbacks all around and then something of a reaction.

Oats displayed relative firmness. Absence of any aggressive selling was noted above yesterday's finish. Provisions were almost nominal. Prices however, eased down a little with corn.

Strike Still On

Ottawa, July 15—The strike of the Ottawa electric railway employees is still on. The strikers, by a vote of 500 to sixteen this morning refused to return to work unless the company agreed to re-instate all striking employees.

MAYOR WANTS ALL TO JOIN SATURDAY

Make Peace Celebration General—Morning Motor Parade Abandoned

The proclamation of Saturday, July 19, as a public holiday, has not met the many inquiries which have been made as to whether the citizens would have a real holiday on this occasion. Mayor Hayes this morning expressed a hope that every place of work and business would be closed, but no one might be debarred from taking part in the celebration of the arrival of peace. "For almost five years," he said, "we bore the pain and sorrows of war and looked forward to the day when peace would come more warmly than ever. Now that peace has been brought about, we can depend on the citizens to celebrate the event with the same enthusiasm which they showed in prosecuting the war." Owing to various obstacles in the way, it has been impossible for the committee in charge of the programme to arrange for a motor-car parade or other public feature for the morning. In the afternoon there will be a band concert from 2.30 until 3.30; speeches at 3.30 o'clock, followed by another band concert from 4.30 to 5.30. The fire-works will be played in the square, and as the darkness gathers there will be a display of fireworks.

DEER AND MOOSE ARE REPORTED ABUNDANT

Fredericton, July 15—F. C. Nunnick, expert in soil classification for the Conservation Commission, Ottawa, confers with P. Broad, deputy minister of agriculture, and G. H. Prince, chief forester of the province, yesterday. He is in charge of the programme to go in with a survey party on soil classification.

The late Game Warden L. A. Gagnon had three men named Muzzell, LeBlanc and Legey, originally from Kent county, in the last night for Bowdoin to go in with a survey party on soil classification.

Deer are reported from all sections of the province in the plenty and in good condition. Survey parties in that central part of the province also report the presence of a large number of deer.

Mr. E. J. Veniot, minister of public works, arrived here this morning on the departmental business.

The managing committee of the peace celebration on next Saturday met this morning and made plans for the celebration.

IN WALL STREET

New York, July 15—Stocks were moderately irregular at the opening of today's session, profit-taking in Crucible Steel and Baldwin Locomotive, together with the heaviness of shipments of all yesterday's gain. Prices soon rebounded vigorously, however, buying of rails, notably standard shares, serving to effect a general recovery. Tobacco, Oils, coppers and investment rails were steady but motors also reacted on rallying sales.

The early reversal carried many favorites one to five points over closing prices, United States Steel forfeiting all of yesterday's gain. Prices soon rebounded vigorously, however, buying of rails, notably standard shares, serving to effect a general recovery. Tobacco, Oils, coppers and investment rails were steady but motors also reacted on rallying sales.

HUGE COAL SHORTAGE FACED BY EUROPE

Export Trade Through Labor Difficulties Foreseen

40,000,000 Tons To Supply — U. S. Bureau of Mines Expert Figures That Continent Can Get It Only From America (New York Times.) Washington, July 10—That the United States may be called upon to make up an alarming coal shortage in Europe, due in part to what may amount to a destruction of England's great coal trade through labor difficulties, is indicated in a report made public today by Van H. Manning, the director of the Federal Bureau of Mines.

The report to Director Manning was written by George S. Rice, the chief mining engineer of the Bureau of Mines. Mr. Rice has just returned from Europe, where he went to investigate mining conditions. He was in Europe several months, and his report indicates a serious coal situation not only in England, but in all other parts of Europe as well.

In the course of his report Mr. Rice says: "Perhaps the most serious changes in the coal problem are taking place in Great Britain, which has been the greatest coal-exporting nation of the world. With a production of 287,000,000 tons in 1918, the last pre-war year, she exported 77,000,000 tons to countries that were in dire need of coal."

The startling changes in the after-war production of the coal industry are mentioned in the report of which Mr. Rice is the author. He says that the coal industry commission, a parliamentary committee, the report of which goes into effect July 16, and which reduces the hours of labor under ground from eight to seven hours, and "subject to the economic conditions of the industry, the hours of labor underground to be reduced to six."

In discussing the effect of the new law, Mr. Rice says: "The attention of the House of Commons that during the next year, under the new law, the production of coal in Great Britain will be lessened by 70,000,000 tons, practically England's export trade, and that the coal which is now a ton, although an increase of more than \$200,000,000."

The seven hours' work a day is exclusive of the average time of lowering or raising the workmen from the surface to the working place, which means, according to the mine inspector, that the seven hours' work a day will be less than six hours of effective work.

"The total British coal exports in 1918 were 77,000,000 tons, of which 40,000,000 tons of coal is consumed in the production of iron and steel, and 37,000,000 tons of coal is consumed in the production of power and other uses."

France, Italy, Sweden, Norway, and Spain have largely been dependent on Great Britain for their coal. It is realized that the situation is a serious one apart from England's loss of coal.

Practically it will be particularly hit by the conditions prevailing in Great Britain, from whom she receives the greater part of her coal. Although, because the war, she consumed 20,000,000 tons and imported from the United States, Germany produced 20,000,000 tons of coal, and at least two-thirds of the destruction was systematic, without and without military necessity.

The report is being reviewed by the Federal Bureau of Mines, and it is expected that it will be made public in the near future.

Mr. Jones reported on a communication from G. A. Wittaker complaining that water was leaking over his premises in Adelaide street. Mr. Jones said that he had found that the water did not come from any defect in the city sewer, and that the city was not liable.

COMMITTEE WILL CONSIDER CITY'S HOUSING PROBLEM

Formal notice was given to the council by E. Murray Olive, chairman of the board of assessors, that the civic assessment for 1919 had been filed with the chamberlain.

The attention of the council was called by the common clerk to the fact that there was a vacancy on the board of school trustees, caused by the expiration, on June 30, of the term of George E. Day. On the request of Mr. Fisher action was taken.

Mr. Jones reported on a communication from G. A. Wittaker complaining that water was leaking over his premises in Adelaide street. Mr. Jones said that he had found that the water did not come from any defect in the city sewer, and that the city was not liable.

The mayor remarked that it had been suggested that a representative committee be appointed to consider the housing problem, including the provision of additional room for the city, and similar matters and to report on the most desirable steps to be taken. With the approval of the council, a committee consisting of Commissioner Thornton, Edward Bates, J. B. M. Baxter, G. E. Fairweather, William Rowan, G. E. Harbour, T. H. Estabrook, F. S. Thomas, M. E. Agar and W. E. Emerson.

TWO NURSES RETURN

After almost a year and a half of service in hospital work in England, two John nursing sisters, Miss E. L. Hatheway and Miss L. H. Gregory returned home at noon today, having landed at Quebec two days ago from the Empress of Britain. They left here together sixteen months ago and have been serving in various hospitals, part of the time together in Taplow, Hastings, England, and other places in the Empire. Miss Gregory, who is a daughter of Andrew C. Gregory, 108 Lancaster avenue, was home for a day in last January, coming across with a hospital ship, but returned again to England. Miss Hatheway is a step-daughter of A. M. Rowan, 383 Main street. Both were warmly greeted by their friends today.

FAREWELL TO OLYMPIC

Halifax, July 15—The Olympic sailed this afternoon for Liverpool. Among the 240 passengers was Hon. A. K. MacLean. As this was reported to be the Olympic's farewell to the Canadian troop transport service a large number of citizens gave the ship a rousing send-off.

TEN KILLED IN STRIKE DISORDERS IN ITALY YESTERDAY

Rome, July 15—(By the Associated Press)—Strike disorders occurred at various places in Italy yesterday. At Lucerne eight persons were killed and thirty wounded. Near Genoa two anarchists, which occurred at Pestria Romeno, four miles west of Genoa, also resulted in the death of four persons. In Sicily, the people there marched through the streets crying "give soviet" and other necessities to reduce their prices 50 per cent.

SIR THOS. WHITES PLANS

Ottawa, July 15—Sir Thomas Whites' successor will likely be named before the end of the month. Sir Thomas is willing to aid in the organization and flotation of the big Dominion loan next fall. Some preliminary work has already been done by him. He has made no business plans and is not likely to do so for some months, during which he will be able to take more or less holidays at his home in Toronto.

MUNICIPAL COUNCIL

The municipal meeting of the municipal council is being held this afternoon.

PAINENEC HONORS RETURNED MEN

Address of Welcome and Gifts of Watch Fobs for Seven More Members of the Summer Community Home From the Front

Since the early days of the war the summer residents of Pandemic have made a point of providing a suitable welcome for the young men of their community who returned from the front and each of the boys who has returned has received a handsome watch fob with appropriately engraved gold lettering.

Seven more of the young men have arrived home and last evening they were guests of honor at a community gathering at the home of James H. Hamilton, which had been prettily decorated and illuminated for the occasion.

Mr. Hamilton made a brief address expressing his personal appreciation of the gallantry of the soldier boys and then read the address:

Dear Soldier Boys and Friends: It has been our pleasure and privilege in the past to welcome to these sunny hills and dale some of our summer guests of honor at a community gathering at the home of James H. Hamilton, which had been prettily decorated and illuminated for the occasion.

It has been our pleasure

Fear Epidemic of Strikes
Ottawa, July 14.—There are evidences of subterranean influences being at work to precipitate general strikes in Canada and the United States on July 20 in sympathy with the strikes to be called on that day in Great Britain, France and Italy.

In the British House of Commons yesterday the government postponed action in the proposed increase of six shillings in the price of coal.

LIBERAL CONVENTIONS

All those men and women who desire to co-operate with the Liberal Party of Canada, are invited to attend Conventions in the Federal Constituencies in New Brunswick, for the purpose of electing delegates and alternates to attend the NATIONAL LIBERAL CONVENTION at OTTAWA, August 5, 6 and 7, the purpose of which is

- (1) To Draft a Liberal Platform.
- (2) To Prepare for Organization.
- (3) To Select a Liberal Leader to succeed Sir Wilfrid Laurier.

The places and dates of above Conventions are: Kent county, Public Hall, Rexton, N. B., July 14; Charlotte county at St. Stephen, N. B., Wednesday, July 16, 2:30 p. m.; Royal (Kings and Queens), Thursday afternoon, July 17, 2 o'clock (Daylight Time); Court House, Hampton; Northumberland county, Newcastle Town Hall, Tuesday afternoon, 2 o'clock (old time).

Other dates will be announced when decided upon. Railways will arrange one and three-fifths fare for return tickets to Ottawa. All Railway Offices are being advised to that effect.
W. E. FOSTER,
New Brunswick Representative on National Liberal Committee.

Wiezel's Great Mid-Summer Sale Opens Tomorrow
An Annual Event Eagerly Looked Forward to By Economical Buyers

The sale the people have been asking for, and the sale they knew would offer as sure as the sun rises in the morning—Wiezel's Great Annual Mid-Summer Sale of timely and seasonal footwear will open her tomorrow.

Takes a great deal more time and attention to introduce a sale in this store than in a store of small stock and assortment; but we find from experience that it pays to spend the time necessary to extend the biggest service than to merely "have a sale" for the purpose of following the lead of habit.

Never has a sale meant more to the economical buyer than this. Prices for footwear were never so high, and prices are by no means at their zenith of upward movement.

But why have a sale and dispose of stock that can't be replaced except at a higher price? Some might ask. This might be an influencing situation in a store where sales are slow and stock small. But with the great Wiezel turn-over enhanced by modern business and merchandising methods, it is imperative to keep stock moving to take care of the enormous incoming stock.

Hence, this sale—and hence, any sale Wiezel puts on.

Sale Starts Sharply With Opening of Doors

The prices listed below will cause the greatest response, and the persons who take advantage of morning buying will have the very cream of the offering; also they will meet with the complete service of the sales-staff, which necessarily would be rushed in the busy afternoon. Shop in the morning, therefore, and you'll be better served and we'll surely appreciate it.

CABINET RUMORS.

The Standard has a batch of interesting rumors from Ottawa. They set forth what is apparently in the minds of the Conservatives in regard to cabinet reconstruction. According to this view Sir George Foster, Hon. Dr. Reid, Hon. Mr. Cochrane, Hon. Messrs. Burrell, Doherty and Carvell will follow Hon. Mr. Crerar and Sir Thomas White out of the cabinet.

days, or months, or years, depends on you? Or this, from Dennis E. Batt of the Socialist Party: "We must teach the American working classes to take charge of society and to establish a dictatorship of proletariat here in America. No one knows when the revolution will break, but it is only a question of time when the proletariat will control all Europe, and here in America, over the hills, the red sun is rising! The thing we must do first is to conquer our ruling classes in America! Or this, from C. E. Ruthenburg, also a Socialist: "Here in America, if the working classes carry on our propaganda, we can sweep this government out of existence! Our work, our duty, is to plant the new idea in the minds of the working people."

The school board has asked for the appointment of a vocational training board and has outlined a comprehensive course it would like to see introduced. This forward step by the board will be followed by action on the part of the city council. Next winter should see classes for working boys and girls, and the sooner a commercial course is added in the day schools the better.

The Standard correspondent gives assurance that Sir Robert will at last get a French-Canadian colleague, and mentions Mr. George H. Bovin, the head of the Knights of Columbus in Quebec.

The whole story is prefaced by the announcement that Sir Robert has practically completed his plans for cabinet reconstruction. It may be doubted if he took the Standard into his confidence before he went on his vacation, but that there is to be a radical change in the cabinet appears to be taken for granted. Locally the most interesting suggestion is that Sir Douglas Haas may go back into harness.

LIBERTY AND LICENSE.

The industrial commission recommends the restoration of the fullest liberty of speech and press in Canada. At first thought this appears to be just, but it should be made clear that there is a difference between liberty and license. They have made that discovery in the United States, where the end of the war has been followed by a new German drive to preserve the German language and German kultur. There has been organized a German-American Citizens' League for that purpose. Note the name. In the opinion of this league the word German should have a capital letter and America a small one.

The American constitution provides that Congress shall make no law abridging the freedom of speech, or of the press, or the right of the people peaceably to assemble, and to petition the government for a redress of grievances." These Germans take advantage of a law made to safeguard individual liberty and convert it into a license. They are setting out to do what the framers of the constitution did not regard as even a possibility in the United States. It is used to make safe the activities of real enemies of the republic. The Christian Science Monitor very justly says:

"The disturbances being created in this country by un-American elements are, in their essence, just as truly war against the United States government as anything that Germany did to United States shipping on the high seas during the last three years, or as anything she did to the American soldiers at Chateau Thierry or in the Argonne. They are merely war in a subtler, less tangible form, and therefore more difficult to deal with, more worthy of a long and arduous preparation. The nation got a taste of some such internal enemy in now manifesting itself during the first two years of the recent war. In those days before the United States itself joined the belligerents, the people of this country discovered, for the first time in generations, what infinite capacity for mischief lurked in the activities of those individuals, groups, and organizations which, while professing never so friendly and loyal sentiments for the United States, even to the extent of loyal citizenship, bent the weight of their every sentence, whether spoken, written or printed, to the aid and comfort of the cause of Germany. The United States then learned the difficulty of dealing fairly with those who would not or could not understand fair dealing."

The same clause in the constitution gives other enemies an opportunity. The Internationalists and Bolsheviks also convert liberty into license. To quote again from the Monitor:

"They seek the absolute rule of the world by the worker class, as Prussianism sought the absolute rule of the world by the Junker class. As Prussianism boasted of its will to conquer, so the proletariat army now active boasts its similar will and expectation. Listen to the words of Rose Pastor Stokes at the revolutionary meeting in New York last Friday night: 'Our slogan is one big union and it will continue to be our slogan until we have captured the hour-glass state. The opposition must yield or be crushed. I say to you that the day will come, and whether it shall be

LOCAL NEWS

The decision to proceed with the erection of a modern club house was reached at a meeting of the Westhill Outing Association last evening. The Crawford farm has been leased for a golf course.

At an entertainment given in the Brindley street barracks last evening by the Girl Guides and Boy Scouts of that organization an excellent programme included choruses, instrumental selections, several intricate drills and selections by the scout band.

Drew Pearson, of Swarthmore, Pa., who was in the city yesterday, will leave on August 1 for Siberia to assist in reconstruction work. He is here in connection with the coming Chautauques and will be assisted later by Frank Woods. Both have good records with the U. S. army.

It was decided at last night's meeting of the G. W. V. A. executive to hold a fair in the near future for the purpose of raising funds. Ottawa is to be asked to loan war trophies to be exhibited. Resolutions of the dominion convention were passed and endorsed. Particular interest was attached to that referring to the quest for a bonus over and above the war gratuity to each returned soldier.

Only Light Exports From Port of Quebec

Twelve Steamers Have Loaded 2,242,705 Bushels Wheat - 2,000 Tons Flour

Quebec, July 16—From the port of Quebec since the opening of navigation to July 16, the only exports have been wheat and flour.

Since navigation opened twelve steamers loaded 2,242,705 bushels of wheat for consignment of 2,000 tons. The only steamer loading here at present is the Boyford, which is taking on about 235,000 bushels of wheat at the Quebec Harbor Commission's grain elevators. When this vessel, there will remain in the Quebec elevators only about one-half million bushels of wheat, though their loading capacity is 60,000 bushels per hour.

LESS CHEESE THAN MADE A YEAR AGO

Kingston, July 15—G. C. Pablow, in addressing the Frontenac Cheese Board, said that the make of cheese this year was less than that for the corresponding period a year ago. But he believed that the fall make would be better than that of last year because the farmers were doing all they could to keep up the milk flow, anticipating a low grain crop, and because of the high price of cheese now. He believed that the present high prices of cheese would continue for the rest of the season.

Richard O'Leary and his son, Harry, arrived in the city last night by automobile from Richibucto.

WORKMEN'S COMPENSATION ACT, 1918

Notice to Employers of Labor

WHEREAS on the 17th day of April A.D. 1919, His Honor the Lieutenant-Governor and Council did by Order-in-Council bring within the scope of Part I of the "WORKMEN'S COMPENSATION ACT, 1918," from and after August 1st, 1919, the following industries, viz.:

"Persons employed in the woods in logging, cutting of timber, pulp-wood, fire-wood, railroad ties or sleepers, river driving, rafting, booming, or the transportation of logs, timber, pulp-wood, fire-wood or railroad ties or sleepers."

NOTICE IS HEREBY GIVEN that all persons engaged in any of the above mentioned industries are required to file a statement of their estimated payroll from August 1st, 1919, to December 31st, 1919, inclusive, with the said board, on or before the 1st day of August, 1919.

AND FURTHER NOTICE that any employer neglecting or refusing to furnish such estimate or information is liable to a penalty not exceeding \$20.00 per day for each day of such default, and is further liable for damages, as provided by Part two of said Act, in respect of any injury to any workman in his employ during the period of such default.

NOTE—Forms for furnishing such information will be supplied on application.

Also please take note of the following regulation passed by the board, and coming into force on the 1st day of August, 1919:

FIRST AID KIT

In an industry where ten or more persons are employed, it shall be the duty of the employer to provide a suitable FIRST AID KIT approved of by the board and in charge of a suitable person.

Certified, passed May 1st, 1919.

The greatest saver of time, money, mistakes and energy on all kinds of figure work in any office or factory.

Filling the Gaps in Your Office Force

A GREAT many firms tell us that not only is it next to impossible to get clerical help, but many of those they do get are untrained and therefore inaccurate in their work. Fortunately this situation can be greatly relieved by the use of the Monroe Calculating Machine.

One girl and a Monroe can do the work formerly requiring two or three men. She doesn't need to be an expert. With a few minutes' instruction and practice, she can place your figure load on the

MONROE

and you can be assured the work is absolutely accurate because the MONROE Mechanical Check puts a ban on operating mistakes. No rechecking is required. Look at any one of the problems listed at the left and compare the time required by the Monroe to solve it with the old pencil-and-paper method. The Monroe has a range of utility that embraces any figure problem in any business.

Mr. Manager, it is a difficult matter for you to determine the efficiency of the Monroe Machine by our telling you about it. Let us send a representative to demonstrate what it will actually accomplish in your own office.

You can then make your own tests and compare it with any other machine you may have in service. All of which means you have perfect confidence in the ability of the Monroe Machine to "make good." To bring the matter to a head simply mail the attached coupon. No obligation involved.

RECENT WEDDINGS

In the Methodist church, Fort Lawrence, on July 9, Rev. J. H. Freestone united in marriage Miss Laura Elizabeth, youngest daughter of Mr. and Mrs. H. H. Atkinson of Fort Lawrence, to Carl Walter Smith, son of Mr. and Mrs. Avery Smith, also of that place.

Miss Edith A. Myers, of Norton, was united in marriage to Charles B. Vail, of Springfield, Wednesday, July 9, by Rev. S. R. Prince, B. D., of Fort Kent Mainline.

In the First Methodist church, Galloway, on June 26, Mrs. Frances Williams Burton was united in marriage to Rev. Benjamin O. Hartman, of Milltown, by Rev. G. M. Eades, pastor of the church.

RECENT DEATHS

Harry Joseph Cassidy passed away at his home in Brownfield, Maine, on Wednesday, July 4. He was formerly of St. John and very well known here, having a large circle of friends. He leaves his parents, four sisters and three brothers.

The death of Miss Lillian Morrison, daughter of Mr. and Mrs. Samuel Morrison, of Chipman, occurred at her home there on June 30, at the age of twenty years. She leaves her parents, one brother, and two sisters.

Dr. John A. Moran, one of the best known physicians in the city of Boston, passed away at his home in Boston, on Wednesday, July 10. He was a native of St. John being born here on August 6, 1832. He graduated from Harvard Medical School in 1861, and served in the Civil War. He was very prominent in medical societies and later went abroad to attend clinics in Vienna, Prague, Berlin and Paris. He leaves one son and three daughters.

U. S. HOUSE IS STRONG FOR PROHIBITION

Washington, July 14.—Prohibition forces took full control in the house today, refused to permit a vote on a straight-out motion to repeal the wartime act, defeated overwhelmingly an additional motion providing for the sale of two and three-quarters per cent beer and stood solidly against all attacks on the general enforcement measure. Just as fast as one "liberal" amendment was offered by opponents of prohibition, it was voted down without ceremony, always by a triple vote, for the minority fighting every inch of ground, demanded a division after the ayes and nays were called, and then asked for tellers. Before the house got through with the first section of the first part of the three

A Well-Built Food Makes Well-Built Bodies

"TOYS OF FATE" A POWERFUL DRAMA

Alla Nazimova, Famous Russian Actress, Makes Imperial Programme One of Unusual Interest

Imperial Theatre inaugurated another notable week yesterday with the second of an art series of pictures exploiting the peculiar yet very attractive art of Alla Nazimova, the Russian danseuse-priere, who is also attracting widespread attention as an actress. In fact Nazimova is the new sensation of the theatre. She is a personality. She is totally different from any other screen star. She is life itself in her movement, she is a living, breathing, palpitating figure of animation and power, the most alive figure on the screen today. Some think not only is Nazimova a great artist of the stage, one of the most celebrated in the world perhaps second only to Bernhardt with the advantage of being young, but she appeals to the masses and is not over the heads of the theatre patrons.

So in her latest production "Toys of Fate" the agile and artistic little diva is at the height of her abilities. What are any of us, except toys of fate? That's what a man says when he is "bliss" when things will not go right—when destiny itself seems to balk him in every effort. But, as Browning says, "Sometimes the worst turns the best to the best."

Well, that is the way it is with Alla, the fascinating gypsy princess. When there seems to be no way out—when misery has taken possession of her soul,—then comes the light with its healing power, revives and refreshes, and love gladdens her.

"Toys of Fate" is vivid, vital, dramatic. It is the story of a child of nature, brought into contact with the ways of civilization. Alla Nazimova, rejoices and in the end finds happiness and love's desire. The imperial introduced still another sparkling extra feature yesterday in a reproduction of The Literary Digest's "Topics of the Day" which the magazine heralded as a feast of wit and wisdom. Truly the merry quips as culled from the best papers in the world and every body who could read was forced to smile. The usual news weeklies were very dull.

The same thing will be on tonight and tomorrow Viola Dana will appear in a dramatic offering entitled "The Parisian Tigress."

PLANS FOR THE PRINCE'S VISIT

Sir Joseph Pope Confers With Local Committee and Further Details Are Arranged

Details of the arrangements for the reception of His Royal Highness the Prince of Wales were discussed at a meeting held yesterday at the residence of Sir Joseph Pope, under secretary of state, who came from Ottawa to aid in arranging for the reception, was present. The usual news weeklies were very dull. The same thing will be on tonight and tomorrow Viola Dana will appear in a dramatic offering entitled "The Parisian Tigress."

His royal highness and party will arrive outside Partridge Island about 10 o'clock on the morning of August 16. The battleship will anchor outside the harbor and the party will be brought up aboard the government steamer Hochelag which is now being fitted out at Halifax. The landing will be made at the Eastern Steamship Company's wharf where the prince will be received by his excellency the governor-general of Canada, Premier Borden, Lieutenant-Governor Pugsley, several cabinet members, Mayor Hayes, the city commissioners and the chairman of the local reception committee. The landing place will be suitably decorated. A guard of honor made up of returned soldiers from the 29th battalion will be arranged for. From here a line of march has been outlined which will take in Prince William street, King street, Charlotte street, the east side of King Square, Sydney street, Mecklenburg, Carmarthen and thence to the armory.

At the armory a suitable platform will be erected where the formal reception will be held. Here there will be assembled officials, both civil and judicial, from all parts of the province. The prince will be presented to the officials, one on behalf of the province and one from the city. Other addresses from corporations, etc., may be handed in but will not be replied to. Following the formal reply to the two addresses the officials on the platform will be presented to the prince. It is understood there will be no opportunity here for the public to meet the royal visitor owing to the large number he would have to receive and the shortness of the visit.

Following the addresses the formal inspection of the returned soldiers will take place on the Barrack Green. It is estimated that there will be almost 5,000 returned men here for the visit. It is planned to have the returned men line the march from the dock to the armory. Special Dominion policemen will also be brought here for the day. After the inspection there will be the formal presentation of the colors of the famous 29th battalion which indeed should prove an historic and outstanding feature of the prince's sojourn in the city. It is also planned to have the prince unveil the tablet to the returned soldiers in the post office, as well as the tablet in the General Public Hospital in honor of the late Nursing Sister Stammers and the late Captain (Dr.) Duval. The far-famed Reversing falls will be visited by the prince and his party as well as the St. John military hospital in Lancaster. At 4 o'clock in the afternoon his royal highness will be driven to Rothney, where he will be a guest of honor at a garden party at the residence of Lieutenant-Governor Pugsley. From here it is planned to make the return to the battleship and the Prince of Wales will continue his journey to Halifax.

The time limit for receiving tenders for the Nurses' Home at the General Public Hospital was yesterday extended to noon July 31.

BELL'S PIANO STORE 86 Germain St.

CONNOLLY FAILS TO IDENTIFY McSHERRY

Buffalo, N. Y., July 15.—John McSherry of New York city, arraigned in the city court here yesterday on a charge of grand larceny in connection with the alleged wire tapping swindle in which Michael J. Connolly of Montreal said he lost \$125,000, was discharged when Connolly failed to identify him as a member of the wire tapping gang. Connolly had identified a roving gallery picture of Frank Kirk, alias John McSherry, as one of the swindlers, but could not identify the man who was arraigned in court yesterday. A surety bond for \$30,000 was furnished yesterday for the release of William Jarvis of New York, accused with Charles Drucker of New York of being members of the wire tapping band which, the police say, took more than \$1,000,000 from its victims here in Albany and Troy. Drucker was released on Saturday on a similar bond of \$30,000.

PROPOSED PURCHASE OF STREET RAILWAY BY TORONTO OFF

Toronto July 15.—All talk of the city buying out the Toronto Railway Company this year appears to be at an end. Mayor Church yesterday said the proposed purchase was off. The company's franchise will expire in the autumn of 1921, when the city will take over the railway.

PILES Do not suffer another day with itching, bleeding Piles. No surgical operation required. A box of doan's, or Edman, Hale & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 10c stamp to pay postage.

New Issue. \$500,000 City of Winnipeg Manitoba Thirty-Year 5 1/2% Coupon Gold Bonds. Dated 2nd July, 1919. Due 2nd July 1949. Principal and half-yearly interest (2nd January and July) payable in Gold at the Bank of Montreal, Toronto, Montreal, Winnipeg, or New York, at the holder's option. Bonds may be registered as to principal. Denomination: \$1,000. Population, 183,378. Assessed Value for Taxation: \$236,023,520. Total Debt: 40,257,397. Net Debt: 6,188,107. Winnipeg, the capital of Manitoba, is the third largest city in Canada. It occupies a similar position to Chicago in the United States, and practically all the trade between Eastern and Western Canada passes through the City. Winnipeg's financial affairs have been conducted in a safe and conservative way and the City's credit is very high and favorably regarded. Price: 102.23 and Interest Yielding 5.35%. Definitive bonds will be ready for delivery on or about August 1st. Orders may be telegraphed or telephoned at our expense and delivery will be made without charge to the purchaser. A. E. AMES & CO. UNION BANK BLDG., TORONTO. TRANSPORTATION BLDG., MONTREAL. 74 BROADWAY, NEW YORK. Established 1859.

Further Skyward Tendencies in The Hardware Market. (Hardware and Metal, July 12.) Numerous changes are again the order of the week's hardware markets and some of the revisions made are most important. One of the outstanding changes is that which has been made on shovels, spades and coops, the new discounts named providing for a decline of about 10 per cent. in these lines. Another important announcement made by the manufacturers of these is that half polished and full polished finishes will again be available at the usual net extras. In line with the strength shown in the metal market on copper, manufactured lines have responded and copper wash boilers, tea kettles, tea and coffee pots have all undergone revision upward, the advance amounting to a straight 10 per cent. Copper rivets have gone to higher levels also this week. Lined oil is again featured in the changes which have taken place, prices going up from twenty to thirty cents a gallon, and in one instance fifty cents a gallon. This is a direct reflection of the soaring tendencies of flaxseed which has passed the 36 figure. Predictions were made a month ago that \$5 flax would be reached—another dollar has been added to it and still the end does not appear to be in sight. Crushers, however, are loath to make any predictions and buyers from jobber to retailer are only taking delivery of what they consider they need. Turpentine shows no change locally, but a stiffer market has developed in the south, due to the entry into the market of buyers from overseas again. The crop is not going to be any too ample and the firm situation now developing is expected to be maintained. A new pipe fit has been issued, but the only change is that applying to wrought nipples, which register a decline. Wrought pipe and couplings show no revision from prices ruling during the last two or three months. A sharp advance in tap soles and heels has been reported, amounting to about 25 per cent. Sole leather is also up in line with these changes and a revision has been effected in leather belting, which provides for an advance. Indications are that the peak has not yet been reached in the various lines of leather goods. Cotton rope, sash cord, wrapping twine, seine twine, and kindred lines have all registered an advance this week from two to four cents a pound. Jute twine in coarse grades is also up one cent and finer grades two cents a pound. Coal oil has gone up one cent a gallon. No change is reported on gasoline, which holds at recent decline.

NEW ISSUE Subscription List will close on or before July 21st, 1919

\$1,000,000

Ames Holden Tire Company Limited

20-Year 1st Mortgage Sinking Fund Gold Bonds

Guaranteed unconditionally principal and interest by endorsement by Ames Holden McCready Limited

Dated July 1st, 1919. Due July 1st, 1989.

Principal and half-yearly interest (July 1st and January 1st) payable in gold at the Bank of Montreal, Montreal, Toronto, and at the agency of the Bank of Montreal, New York City. Coupon Bonds. Principal may be registered. Denominations: \$100, \$500 and \$1,000. Redeemable as whole or in part on July 1, 1921, or on any interest date thereafter on three months notice, at 105 and accrued interest. Trustee: The Eastern Trust Company. Subject to Legal Opinion of Davidson, Wainwright and Alexander, Brown, Montgomery and McMichael.

CAPITALIZATION Authorized Issued Common Stock \$3,000,000 \$2,000,000 1st Mortgage 7% Bonds 2,000,000 1,000,000

The following information is summarized from a letter to the undersigned from Mr. T. H. Rieder, the President of the Company: 1. Ames Holden McCready Limited, which guarantees payment of the principal and interest of these bonds, has after provision for all of its own bonds and debentures, net assets (exclusive of good-will) applicable to the guarantee of, over \$3,000,000 (or three times the amount of this issue). 2. Average net earnings of Ames Holden McCready Limited, after maintenance, renewals, depreciation and interest on the present outstanding bonds, for the seven years ending April 30th, 1919, amount to \$172,000 (or about 3 1/2 times the bond interest on this issue). For three years ending April 30th, 1919, \$283,239 (or four times the bond interest on this issue). For the current year ending April 30th, 1919, \$323,321 (or over 4 1/2 times the bond interest on this issue). 3. Estimated net earnings of the Ames Holden Tire Company: for the year ending December 31st, 1920, \$170,000 for the year ending December 31st, 1921, \$300,000 for the year ending December 31st, 1922, \$500,000. 4. Mr. T. H. Rieder, President of the Company, who has until lately been President of the Canadian Consolidated Rubber Co. Limited, has had over twenty years actual experience in the rubber business, and is regarded as the highest authority in that business in Canada. This insures the most capable and experienced management obtainable. 5. The marketing of the product will be handled by the Ames Holden McCready Limited sales organization, which extends from coast to coast, and is organized to give the new product distribution throughout the Dominion. 6. Sinking Fund commencing July, 1921, provides sufficient funds to retire the whole issue by maturity.

Having sold the greater part of this issue the undersigned offer the unsold balance at the Price 100 and accrued Interest, yielding 7% also carrying a 20% bonus of Common Stock.

BACON GOING UP.

(Toronto Globe.)

After a while bacon will be quite dear, unless the packers lose on their transactions. For months past Toronto packers have been paying more money for hogs than actually necessary, the Ontario quotations being anywhere from a dollar to three dollars per hundredweight above the Chicago and Buffalo prices. Now the American markets are developing strength and the Canadian prices are following suit. Prices at country points now range up to \$28.20, and higher in some cases. It costs a little more than a dollar per hundredweight to ship hogs from the average country point to the Toronto abattoirs. The live hog is, therefore, costing the packers over and \$25 per hundredweight, and by the time it is dressed, passed through the wholesale and retail profit-taking stages, it will reach the hungry consumer at a rather high price, especially in view of the fact that Canadian bacon has won a great name for itself in England, and is mandating all sorts of prices on all overseas markets.

FURTHER REPORTS OF CHANGES IN CABINET

Montreal, July 15—A despatch to the Gazette from Ottawa says: "Rumor has it that Sir Henry Drayton, chairman of the railway commission, may succeed Hon. J. D. Reid as head of the railways and canals department, the present minister to retire to the senate."

It is now reported that Sir Douglas Hazen may succeed Hon. Mr. Doherty as minister of justice.

TO ESTABLISH A VOCATIONAL SCHOOL HERE

School Board Decides to Apply for Authority—Committee Appointed—May Have Superintendent of Building

The school board, at its meeting last night, decided to apply to the provincial government for power to establish a vocational school and appoint a committee of seven on vocational training and considered also the advisability of appointing a superintendent of school buildings.

The chairman, Dr. A. F. Emery presided and other members present were Mrs. Dever, George E. Day, H. Colby Smith, J. D. P. Lewin, G. H. Green and T. Nagle.

The report of the committee asked to consider vocational education recommended that the board apply to the provincial government for authority to appoint a local committee of seven members on vocational training and to establish a school at which the following subjects could be taught, commercial training, household science, mechanical and architectural drawing, electrical work and woodworking. The report was received and its recommendations ordered to be carried out.

The report of the finance committee which, on the motion of Mr. Nagle, seconded by Mr. Smith, was confirmed, said that the deduction of government grants to the amount of \$2,097.20 had been added to the teachers' salary for non-teaching days, and that the total insurance for the next three years was to be for the amount of \$87,775 to be divided among all local agencies. It was stated that the rate is \$1.50 and that the estimate of \$4,000 for premiums had been exceeded, more increases having been made. Mr. Day and Mr. Lewin both advocated carrying more insurance on the buildings.

In a letter, Joseph Keating for ten years principal of the New Brunswick School for the Deaf, applied for the position of teacher for a class of children of defective speech should such be formed. This letter was on motion of Mr. Nagle referred to the superintendent with the request that a report be submitted.

Applications for positions on the teaching staff which were ordered placed on the book were from Miss Elsie E. Spence, Miss Mary E. Kane, Miss Margaret and as household science teacher from Miss Jessie Hartt. A. C. Ingle's application for the position of janitor was also received.

Offer of Investment. The Eastern Securities Company offered St. John city bonds for an investment of the sinking fund. This fund amounts to \$2,880 at the present time and on the motion of Mr. Nagle seconded by Mr. Lewin the matter was referred to the financial committee with power to act.

The teachers of King George school asked that \$1451 government grant, lost when the school was closed on account of smoke in the building, should be made up. Mr. Green moved and Mr. Lewin seconded the motion which was carried that the amount should be paid from the local government that would make no deduction of grant when the absence of the teachers was beyond their control.

Letters of thanks were read from Miss Mary Anderson for half pay allowed in time of absence and from the teachers of La Tour school for government grant deductions made up by the board. The owner of property adjoining the King George school complained of the damage done to his premises by the contractors erecting a fence on the school property. On Mr. Nagle's motion which Mr. Green seconded, the matter was referred to the visitors' committee with power to act.

Lieut.-Colonel A. B. Snow, in two letters, asked the board to support the cadet movement by donating prizes for boys attending seventy-five per cent of the parades. He said that the system was working excellently in Moncton and Sussex. He also asked for permission to address the board on the subject at its annual meeting. Mr. Green having said that there was no allowance in the estimates this year for such additional expenses as was suggested, moved that the communication be received and filed and Colonel Snow notified that he might attend the next board meeting. Mr. Lewin seconded the motion which carried.

The secretary's report showed 8,229 children enrolled, 3,787 boys and 3,822 girls with 82.89 per cent in daily attendance. The matter of the coal supply for the winter was then brought up and on the motion of Mr. Smith seconded by Mr. Green was left with the buildings committee with power to act immediately. Communications from J. S. Gibson & Co. in this respect were also referred to the same committee.

Bill to Be Refunded. Secretary A. Gordon Leavitt reported that as some of the St. Vincent school lights not connected with the separate lighting system of the theatre had been used at the performance of Pinofore given under the auspices of St. Vincent's Alumnae recently His Lordship Bishop LeBlanc had asked that the school's light bill for that month be sent to him and had paid the entire amount. On Mr. Smith's motion which Mr. Lewin seconded, it was decided that the amount of the bill should be refunded to his lordship.

Mr. Day, reporting for the committee considering the matter of placing photographs of St. John units in the school buildings as a war memorial said the cost of framing two for each of twenty buildings would be \$145 and that the photographs would cost \$42. Mr. Green said that for this matter also there was no allowance made in this year's estimates and his motion that it be considered at the December meeting was carried.

Mr. Day also reported for the committee considering the advisability of appointing a superintendent of buildings and other properties which committee recommended such an appointment. Mr. Nagle moved that this report be referred to the buildings committee with the request to consider it and make a recommendation and further report to the board. This motion carried. A letter from the secretary of the G. W. V. A. asked that the association should give the opportunity to nominate suitable men to fill this office when or if established, from among its members and the secretary was authorized to reply.

asking the association to submit suitable names. Needed repairs were spoken of and the visitors of the different buildings were asked to present the needs of their buildings at the next meeting of that committee.

NEW GARRAGE AND AUTO SUPPLY CO.

An up-to-the-minute garage will be opened this week in Duke street, in the premises recently occupied by the Overland Service Co. This property has been taken over by J. Royden Thomson and Walter M. Sherwood of this city, who will conduct the affairs of the new company, which has been incorporated as the Victory Garage and Supply Co. Ltd.

Mr. Thomson, the manager, has always been a keen follower of the automobile game, having been one of the first motor car owners in New Brunswick and has owned cars of various makes ever since. He was one of the charter members of the New Brunswick Automobile Association, being its first secretary, and carried on as secretary for several years, or until it was well on its way to being the flourishing organization it is at the present time. As far back as 1908 Mr. Thomson was agent for one of the best automobiles then manufactured in the United States and sold several in this province.

Mr. Thomson served with the 1st Canadian Siege battery in France during the war; and before going overseas qualified in mechanical transport at Ottawa. This was a six weeks course in assembling, repairing, turning-up, and driving various kinds of automobiles, trucks, and motor lorries. There is no doubt that Mr. Thomson is amply qualified to conduct a business of this kind and automobile owners are assured of proper attention to any work entrusted to the new company.

Mr. Walter M. Sherwood, who is superintendent of the Victory Garage, is well known to all motor car owners in this part of the province. He has been an expert automobile repairman for over ten years, and during that time has been identified with one or other of the different garages in the city. Mr. Sherwood will have with him four expert repairmen who have worked under his supervision for several years, and others will be added as occasion demands of commercial motor vehicles, the Victory company have closed a contract with the Federal Motor Truck Co., of Detroit, to handle the Federal trucks in New Brunswick. These well known trucks have full range, running one, two, three, four and five tons, and can be furnished with any body desired, from a flat platform with side stakes to a fully equipped fire-fighting engine.

The Victory Garage will carry a full stock of repair parts for the commercial and pleasure cars which they will sell, so that buyers are assured of prompt and efficient "Service", which is the slogan of the new company.

Mr. Thomson has just returned from Detroit, Lansing, Toronto, Oshawa and Montreal and after looking carefully into the merits of different makes of commercial motor vehicles, the Victory company have closed a contract with the Federal Motor Truck Co., of Detroit, to handle the Federal trucks in New Brunswick. These well known trucks have full range, running one, two, three, four and five tons, and can be furnished with any body desired, from a flat platform with side stakes to a fully equipped fire-fighting engine.

The Victory Garage will carry a full stock of repair parts for the commercial and pleasure cars which they will sell, so that buyers are assured of prompt and efficient "Service", which is the slogan of the new company.

The Victory Garage will carry a full stock of repair parts for the commercial and pleasure cars which they will sell, so that buyers are assured of prompt and efficient "Service", which is the slogan of the new company.

LIEUT. J. E. W. OLAND AWARDED THE D. S. O. Oland was a graduate of the Royal Military College, Kingston, as a member of the first graduating class, four members of which class were drowned when the Good Hope was sunk in the fall of 1914. It will be remembered that Fred Hatheway, one of the four, was a St. John boy. After graduation Lieutenant Oland went on the S. S. Sussex and when this ship was taken to England for repairs in the fall of 1916, he was transferred to the destroyers on Atlantic patrol, where he remained until the winter of 1918. He was then called to Canada by the government and placed on the staff of the R. M. C. at Kingston. He has the honor of being the first of the college's graduates to be called to his Alma Mater as a member of the faculty.

Lieutenant Richard Oland, a younger brother was also a graduate of the R. M. C. in the next class, and served with the grand fleet on the S. S. Barham. He passed through the city on June 23, and is now in Halifax on the headquarters' staff. Major S. C. Oland, another brother went overseas and came back as commander of the 66th Field Artillery. He arrived home on June 23, and he and his wife and family are staying at Westfield for the summer. Major G. R. Oland, also a brother of Lieutenant J. E. W. Oland, is now living in the city. He was on the headquarters' staff of the artillery division in England.

Dr. Thomas Travis, the associate editor of Forest and Stream, running an article monthly in the Forest and Stream for several sport journals, running an article monthly in the Forest and Stream for a year.

Canadian Chewing Gum Adams California Fruit Aids in Conquest of the Air

Essential to the first dirigible flight across the Atlantic. Carried although every inch of space was priceless. That is the proud story of the connection of Adams' California Fruit Gum with the R-34. For weeks every item of equipment was studied and tested rigorously. California Fruit Gum was considered necessary to steady the nerves and relieve the fatigue of the heroic crew. Read the official item as set down in the log:

2 p.m.—Slight trouble with starboard amidships engine; cracked cylinder water jacket. Shoter, always equal to the occasion, made a quick and safe repair with a piece of copper sheeting, and the entire supply of the ship's chewing gum had to be chewed by himself and two engineers before being applied. Returning, the R-34 left New York with a fresh supply of Adams Pure Chewing Gum.

On your own trip through the day's work, keep a packet of Adams Gum handy. It will brighten the day. Try Adams California Fruit—or Adams Chiclets, the "Really Delightful" candy-coated gum with the peppermint flavor. Sold everywhere at ten for 5c.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, JULY, 15, 1913

Tomorrow Marks the Beginning of St. John's Greatest Mercantile Event

OAK HALL'S ANNUAL MID-SUMMER SALE

Sale Begins Wednesday
July 16

Sale Ends Saturday
July 26, at One o'clock

The values offered in this sale are indeed wonderful, and they are possible only through our great special purchases for cash at rock bottom prices, as well as enormous reductions from our entire regular stock.

The U. S. Dept. of Labor says: "IT IS YOU who regulates production; you, who in the last analysis regulates employment. If you buy, the seller sells, the worker works, and the wheels of production continue to go around. Buy—your people—buy! But buy wisely, judiciously, carefully, intelligently."

BUY INTELLIGENTLY! Never in the history of Canada has there been such need of economical and judicious buying; of conserving one's resources, and making every dollar work to its utmost during these days of reconstruction and readjustment to a peace-time basis.

AND THE LOGICAL PLACE to practice this is at the Oak Hall Mid-summer Sale. Months have been spent preparing for this; our enormous buying power has been used to the limit. Thousands of dollars of new merchandise, at less than market prices, together with substantial reductions on our entire regular stock, will certainly make this St. John's Greatest Mercantile Event.

EVERYBODY KNOWS that this is an actual bona-fide opportunity—a substantial reduction on every piece of merchandise in our store—a reduction on prices already below normal—because our volume of turnover is such that we can do business on a very minimum of profit. We get the volume—YOU get the benefit of better qualities at lower prices. Following is catalogued only a few of the many items to be procured at this event.

"Sleep tight! It's a hot night But Polar Cub will keep you cool!"

Cool the moment you turn it on! Deliciously, wonderfully cool! So cool you will fall asleep on the hottest night as easily as in winter weather!

Polar Cub, busily perched beside your bed; on your desk at the office; in the kitchen—anywhere, wherever you are—; will blow a refreshing arctic breeze your way.

And it costs only \$7.50—a regular little electric whirlwind for just \$7.50, equipped with eight foot cord and plug. The bill for running it is next to nothing. Two speeds too—a big breeze and a bigger breeze—

So why toss and turn and lie awake these hot nights? Why sweeter in the kitchen? Why endure the dead heat of heavy office air?

Let Polar Cub keep you cool. Set it anywhere. Hang it on the wall. Adjust the breeze to any angle.

Buy one today. Turn on the breeze and enjoy its grateful coolness all summer long.

Polar Cub Electric Fan \$7.50

W. H. THORNE & CO. Complete with cord and plug

LOCAL NEWS

NO SOLDIERS CAME.
A party of seven soldiers was expected today from the steamer Tunisian but they did not arrive.

HEAVY TRAVEL.
The Northland of the Eastern Steamship Company today brought 400 passengers from the States. Of these about half were for points east and connected with the C. P. R. at noon. The Boston train also brought quite a large number of passengers today.

CORRECTION.
There are two errors in the article on another page relative to Lieut. J. E. W. Oland and Lieut. Richard Oland. It was the distinguished services of the latter that was awarded the first named, and both were graduates of the Royal Naval College at Kingston. Both were Royal Military College. They were naval, not military officers.

START WORK ON NEW LINE.
Workmen started yesterday on a cutting through the mound of rock on the city side of the St. John Dry Dock and will run the new spur line from the C. N. R. near the McAvity plant to the works of the St. John Dry Dock and Shipbuilding Co., Ltd., at Courtenay Bay. A trestle which will bring the line from the shore onto the dry-dock site near the base of the breakwater has also been commenced.

HAD TO STOP PLAY.
A game of ball in the church league, which was played on the Shamrock grounds last evening between Douglas Avenue and Victoria street nines, came to an abrupt ending during the third inning. The cause was the loss of two balls in a bag behind home plate. As there were no more available the umpire had to call the game. An endeavor will be made to get permission from the owners to erect a back stop.

HOME FROM WAR.
Gordon Cummings arrived home on Saturday after four years overseas. He came through the war without a scratch and returns in excellent health. He was only seventeen years old when he enlisted. A brother who went overseas with the first contingent from St. John was killed by a bomb in a dugout on Oct. 1, 1918, after having gone through nearly the whole war without a wound. The brothers are sons of Mr. and Mrs. D. Cummings of this city.

POLICE COURT.
In the police court this morning two men charged with drunkenness were remanded.

Fred Vincent and Carl Walls were charged by Mrs. Ida Curley proprietress of a restaurant in Carmarthen street, with refusing to pay 60 cents for two meals, which they had eaten. The case was postponed until this afternoon.

Harry Gunn and Ernest Gunn were charged with begging and also with creating a disturbance in Charlotte street.

William St. Claire Wilson gave evidence that the accused about 11:45 last night asked him for "two bits" which is equivalent to twenty-five cents. Robert Peterson also gave evidence that the men begged from him. He said there were about nine fellows around in company with the accused, who created a disturbance.

Both of the accused in the court called the witness a liar. The magistrate immediately sent them to jail.

Samuel Mayes, a street car motorman, was charged by Thomas Anderson, with using profane language to him. The complainant said that yesterday he was driving along Charlotte street and was stopped by the motorman who used profane language to him.

James B. Powers, conductor on the car said he did not hear the defendant use profane language. Robert Crawford said he heard no profane language. Policeman McLeese said that an automobile driven by the complainant collided with the street car and when the motorman came to the door the complainant shook his fist at him and said "You'll pay for this" to this the motorman used profane language.

Policeman Coughlan said he heard no profane language, yet he heard words of some kind.

The court found the motorman guilty and a fine of \$8 was imposed.

A case against Edger Besserman, charged with stealing goods to the value of \$324, from the store of W. H. Thorne and Company, was resumed this morning. Sergeant Detective John T. Power gave evidence which corroborated that of Detective Biddiscombe at a previous hearing. The sergeant detective mentioned finding a copy of the Evening Times in a vault under the King street store which is not the property of the store.

The defendant, on the grounds that the paper was not produced for the prosecution, W. H. Harrison, contended that in mentioning the paper, he merely wished to show that some one was in the vault on the night in question. The magistrate said he would allow the evidence yet it did not necessarily show that the person who left the paper in the vault did the stealing.

THE OUTING OF THE ROTARIANS

Busy Business Men Take Half Day for Recreation—A Very Jolly Picnic.

The clock on the observatory marked the hour of two when the Rotarians bumped along Douglas avenue on the way to Ononette, for their annual picnic. The hands of the same clock pointed to half past ten when the last motor car bumped back again.

Rotarian F. A. Dykeman's cottage and grounds at Ononette overlook a smooth beach in one of the prettiest coves along the river. It is a very pretty and secluded place, and Mr. Dykeman has made it more attractive by planting trees and flowers, making a road and paths of beach gravel, and cultivating a fine garden. The wide verandahs look on the river, and it is but a few steps to the tree-bordered beach, and to the landing place where boats and canoes are moored, with a large motor boat at anchor a little farther out.

Mr. and Mrs. Dykeman made special provision for the entertainment of their guests, and the latter had an afternoon and evening of unalloyed pleasure.

There was no field large enough for baseball, for such hitters as Rotarian Terry and Clinton Brown, but there was a tug-of-war on the beach that moved enough gravel to make a mile of highway. Those who could swim went bathing, others pitched quoits or engaged in oratorical flights or sat on the verandah and conversed with nature. Rotarians John Bond, Dr. Merrill and A. E. Everett were early at work among the vegetables, and the aid of a leak fire on the beach and a huge pot produced a lamb stew that absorbed attention with pie and coffee, for at least a half hour. George Warwick was chief of the dish-washers, and they had the St. John river for a dish-pan. If any demonstrators are needed at the Women's Institute next winter—let George do it.

After supper the whole party, except the Rotarian Center, who was enjoying a siesta, boarded the big motor boat and two tenders, went up to Woodman's Point and cruised around for an hour. Rotarian Robert Reed wrote a fabulous amount of insurance before they set out. Percy Humphrey was the engineer. On their return there were more games, and at dusk a huge bonfire prepared by Dykeman was lighted. What it had burned out the last laggards boarded the motor cars and were soon in town again, after an outing that would bear many repetitions.

ST. SWITHIN'S DAY AND IT IS FINE

This is St. Swithin Day and many people have been watching the weather closely believing in the old tradition that should it rain upon that day a wet period will follow for forty days. Considering that today was such a fine one there is little reason to be down-hearted. St. Swithin was the seventeenth bishop of Worcester, Eng., and was greatly beloved by the poor because of his charity. In the tenth century he was canonized. It was then proposed to transfer his body to the cathedral from the churchyard at Winchester but for forty days the ceremony was deferred as it rained heavily every day for that time. The day proposed for the removal was July 15, hence the tradition, though the Roman calendar the festival is observed on July 3, the date of his death in 662.

THE FUNERAL OF THE LATE JOSEPH LEVINE

St. John, N. B., July 14.
To the Editor of the Times and Telegraph:—

Sir,—Would you be kind enough to give space in your valuable paper for this letter from one of the relatives of the late Joseph Levine. It was stated that the War Veterans turned out in great numbers to the funeral, which was a very impressive spectacle. Now, Mr. Editor, I wish to state that only two of the veterans of this city were at the funeral, and one sergeant representing the 30th. (A very large number that.) On Thursday morning I called on Secretary Frame of the G. W. V. A. and he told me over the phone that he would make all arrangements for a military funeral on Friday morning. He personally told me that he was unable to get the rifles for the funeral, but the veterans would turn out in a body to attend the funeral. On Friday evening, finding that the military police had about sixty rifles at the armoury, I called Mr. Frame up and told him where he could get enough rifles for a firing party. He told me it would be three hours work to get the men drilled for a firing party. However, even if the firing party was impossible, the war veterans could have at least a representative body in attendance.

Yours truly,
EX-CORPL. A. W. PROST.

With reference to the foregoing, Mr. Frame said this morning that he regretted it was too late to make the necessary arrangements for a military funeral. As to the association attending the funeral in a body, he had inserted a notice in the press calling upon all who could attend to do so, and such action was voluntary with them.

MAY BE NEW SCHOOL FOR EAST ST. JOHN

The annual meeting of ratepayers of East St. John and Little River schools was held last evening at Little River. J. H. Tonge in the chair. Reports of the trustees and secretary were read and approved. The retiring trustee, J. H. Tonge, was re-elected for the ensuing year. W. G. Walters was appointed auditor. It was decided to hold a special meeting of the ratepayers at the East St. John school house soon to consider the matter of a new school building at East St. John.

FIRE TODAY

Fire broke out in the office of J. S. Frost's warehouse, Smythe street, at one o'clock today and did damage estimated at \$800. An oil stove is thought to have been the cause. When Mr. Frost left for lunch a little after twelve o'clock, he left the stove burning with a pan of water on top of it. When one of his employees returned after lunch he found the oil cloth stre and this fire spreading to the walls. He sent in an alarm from box 8. The burner had been turned down quite low.

Eastern Canada's Liveliest Store

Price is a Consideration But Not the Deciding Factor in Buying Furniture

Regardless of price, no article is a good value if it does not offer years of perfect service. Nor does price alone determine the length of service any article may give. Quality of materials—cabinet-work and finish are the only factors that make for perfect satisfaction.

A complete Home Outfit furnished with good furniture and rugs will have the same beauty of appearance after ten years of use as it had the first day it was delivered. A Home Outfit of that quality does not necessarily mean a great expenditure of money.

Our stocks are so complete that you can select beautiful home furnishings at any price you wish to pay—from the least expensive to the most pretentious pieces—and regardless of price every article is guaranteed.

When you can buy good furniture priced as low as possible, consistent with quality, it is decidedly to your best interests. Truly, we are the Home of Home Outfits, for we probably sell more of them than any other store in St. John.
