LIBERAL SWEEP IN SASKATCHEWAN

Only Five Conservatives Elected To Thirty-Six Liberals So Far as Known

Haultain Had Close Squeeze and His Two Lieutenants Are Beaten — Good Record of Scott Government and Desire to Emphasize Reciprocity Benefits Carried the Day

(Canadian Press) Regina, July 12.—Early this morning, while returns from remote and outlying districts were still far from complete, it was thought that the Scott Liberal government had scored a three to one victory in the bitterly contested election fight yesterday and would have an increased majority in the next legislature.

Liberals elected, according to early figures today were thirty-six, Conservatives five, with two seats in doubt, nine to be heard from, and three postponed elections still to come.

The defeat of the opposition in the former strongholds such as Souris, Pipestone, Last Mountain, Moose Mountain and Pheasant Hills leaves little doubt of the general result. In four city seats the opposition held their own fairly well, splitting even by holding Moosejaw City and Prince Albert, the Liberals holding Regina and Saskatoon.

CONFERENCES BEGUN At First Meeting of British Statesmen and Canadian Ministers, Empire Situation is Set Forth—Atlantic Cable Rates — Many Social Invitations

(Special Cable to The Times) London, July 12.—A meeting of the imperial defence committee yesterday when Hon. R. L. Borden and his colleagues were present, there was re-commencement of the Canadian naval negotiations. Sir Edward Grey spoke at length, outlining the interesting position and revealing the true inwardness of the present war dangers. The meeting lasted about three hours, but was of great importance.

The Canadian ministers were profoundly impressed by the facts laid before them. While the action of the dominion representatives is still uncertain, Mr. Borden would not be averse to a substantial monetary contribution to the imperial navy.

Neither Liberals nor the majority of responsible Conservatives will be able to accept of a group of six reform Unionists are trying to turn the visit of the Canadian minister to party advantage. The Liberal Unionists, however, desire closer association of the dominions in imperial defence. They feel that the race will be decided by the dominions themselves.

(Canadian Press) London, July 12.—Premier Asquith presided at the first conference yesterday with the Canadian ministers. A decision was made to send a joint committee from the R. K. Y. C. to the St. John Power Boat Club, the Westfield Boating Association and the St. John Yacht Club.

The R. K. Y. C. has thrown open the club house and grounds to the public and an attractive programme of regattas and sports and races for the afternoon and evening has been arranged.

Records Go At THE GAMES IN STOCKHOLM

World's Best Discus Performance is Bettered by a Finn

Englishmen Called on to Brace up and Organize For The Meet in Berlin—The Standing up To Last Night

(Canadian Press) Stockholm, July 12.—The seventh day of the athletic section of the Olympic games opened this morning with the prospect of providing a more interesting session than that of yesterday. Early in the day, records began to go starting with a fine performance by A. R. Taplay, a Finn, in the discus throwing, best hand, final, with his throw of 45 metres, 21 centimetres (148 feet 1 1/2 inches) he beat not only the Olympic record of 138 feet, 13 inches, made by Sheridan in Athens in 1896, but also the world's record of 145 feet, 0 1/2 inches established by James H. Duncan, Jr. at Celtic Park, New York, on June 2, this year.

L. Bryde throw of 42 metres 12 centimetres (138 feet 9 3/4 inches) and James H. Duncan's throw of 42 metres, 28 centimetres (138 feet 9 3/4 inches), also exceed the standing Olympic record.

The score as officially announced last night was as follows—United States, eighty-eight; Sweden, sixty-two; Great Britain, fifty-one; Germany, twenty-three; Denmark, eleven; Norway, ten; Italy, nine; Canada, six; Hungary, six; Austria, three each; Holland, two.

Four hundred metres flat race, first heat—James M. Roschberger, United States, first; C. A. C. Palenard, France, second; G. R. L. Anderson, England, third; Time 53 3/4 seconds.

Second heat—Malvin W. Sheppard, United States, first; E. W. Haley, England, second; Time 54 1/2 seconds.

Third heat—F. Zerling, Sweden, first; Yappko Mishima, Japan, second; Time 53 3/4 seconds.

Fourth heat—Hans Braun, Germany, first; James E. Meredith, United States, second; Time not given.

Fifth heat—F. E. Lelong, France, first; Donald D. Young, United States, second; Time 51 1/2 seconds.

Sixth heat—K. Stenberg, Sweden, walker, first; Harold B. Saff, United States, second; E. Lunghi, Italy, second; Time 25 1/2 seconds.

Eighth heat—Frye S. Mezei, Hungary, first; J. Dahlin, Sweden, second; G. D. Mizel, France, third; Time 52 3/4 seconds.

Ninth heat—E. Lindholm, Sweden, first; J. Pedersen, Norway, second; H. Burckowitz, Germany, third; Time 52 3/4 seconds.

Tenth heat—Edward F. Lindberg, United States, first; C. Soutter, England, second; P. Giorgi, Italy, third; Time 25 3/4 seconds.

London, July 12.—The English newspapers devote comparatively little attention to the Olympic games, and the public generally are not so greatly interested in the doings at Stockholm. Disappointment at England's poor showing, however, is reflected in an article contributed to the Daily Mail by Beach Thomas, ex-president of the Oxford University Athletic Club, who complains that, while he finds Americans and Swedes, Danes and Finns, have organized gymnastics on a scale surpassing classical Greece, Great Britain has not even made a bid for victory.

He declares that the British team did not train to win, did not run to win and was not organized to win, and after a comparison of the best British methods with the excellent organization, training and discipline of the Americans, he says: "We lost because we desired to lose."

AN ENGINE AND SIX CARS ARE IN GULLY

Corbett Company Loss in Fredericton—Fire Last Night

Fredericton, N. B., July 12.—(Special)—An engine and six construction cars belonging to the Corbett Construction Company, and being used on the Valley Railway at the lower end of the city, slipped the track last evening and are now lying at the bottom of a thirty foot gully. Engineer Gardiner and brakemen Sullivan and Bidcock saved themselves by jumping. The engine and cars are badly damaged. The estimated loss is between \$4,000 and \$5,000.

Local Orangemen and "Pratties Boys" supporting by two bands, left for Houlton this morning to celebrate the twelfth. A shed belonging to John Bannister & Son was destroyed by fire last night. About \$400 worth of farm machinery in the building in a total loss. The shed is supposed to have been set by tramps.

Schooner Harry Miller, which arrived here this morning with cargo of coal, grounded three times on the way up from St. John.

A local barber, who uttered a forged check on a Regent street merchant on Tuesday while on a spree, was allowed to go to the police court this morning. Friends made good the amount.

VICTIM OF NEWSPAPER PLOT, SAYS LORIMER

Washington, July 12.—The senate vote is expected today on the Lorimer case. In the course of his defence Senator Lorimer said he was the victim of a newspaper plot.

CONDENSED DESPATCHES

Montreal, July 12.—Mrs. Elizabeth Bond read, aged woman, was cursed to death last night. Her clothing caught as she was smoking a pipe.

Montreal, July 12.—Mrs. Harry Bott is fighting against release of her husband from an insane asylum. She says he is crazy with jealousy and threatened to kill her and their son.

Oxford, Mass., July 12.—Mrs. Catherine Snay, aged 110 years and eight months, was killed by the heat yesterday. She smoked a pipe till monocles.

WILL BADLY INFLUENCE THE EFFECTIVENESS OF THE TRANSCONTINENTAL RAILWAY

Chairman of Commission Revises Grades Fixed by Laurier Government and Less Satisfactory Results Required

Toronto, July 12.—Major Leonard, chairman of the National Transcontinental Railway Commission, has decided to come on the remainder of the road to be constructed, by revising the grades. Instead of the six-to-eight grades to the westward traffic and the six-to-eight to eastward traffic, there will be eight-to-nine and even several one per cent grades.

A despatch points out that this will largely destroy the effectiveness of the road by cutting the hauling power of locomotives. It adds that no through service can be inaugurated over the line until next year. There are still 170 miles of steel to be laid between Cochrane and Winnipeg. East from Cochrane good progress is being made, with only 90 miles of grade before the grading westward from Quebec is encountered.

BUSINESS BLOCK AT HEAD OF BRUSSELS STREET IS LATEST

It is reported that a large business block is to be erected near the head of Brussels street on the property recently sold by Jardine & Rive to local purchasers. The story is that the present buildings are to be removed and that a modern structure will be erected on the site. This is another illustration of the movement of business in this direction which has become inevitable on account of the lack of accommodation farther up town.

ST. JOHN FAMILIES COME HOME VIA FREDERICTON—DEATH OF GEORGE GRAY

(Special to Times) Chatham, N. B., July 12.—The auto party consisting of Mr. and Mrs. E. L. Rising and Mr. and Mrs. W. H. Tennant, of St. John, Mr. and Mrs. Fred Ryan, of Sackville, Mr. and Mrs. H. O'Leary of Richibucto and members of their families, in a twenty-one, returned to Chatham yesterday afternoon after their trip to Metapedia, Campbellton, Bathurst and Dalhousie.

They report a great trip and fine, though not weather. Last night two of the cars went to Richibucto and the other two left this morning for Fredericton on their way to St. John.

George Gray died suddenly at his home in Ferryville in the 61st year of his age. He was well known by a large circle of friends by whom he will be greatly missed. He is survived by his wife, six daughters and six sons, one sister and two brothers. The funeral took place this afternoon.

ONE REGINA VICTIM LESS

Regina, Sask., July 12.—Miss Mary Webster, of Arvola, who was reported missing at the time of the cyclone, was in Regina on a holiday.

LOOP THE LOOP IN FIFTY MILE AN HOUR AUTO RACE IN NEW YORK

New York, July 12.—An automobile accident which in some respects was the most remarkable ever witnessed on a New York track, occurred at the Coney Island motor drive, a little after midnight. Two machines were racing at fifty miles an hour around the saucer track, which has a bank of nearly sixty-five degrees when a forward axle on the car, driven by George Cook broke.

The car driver turned a complete somersault from the top rim of the track and at the same time the other car, driven by Jack Randall, shot beneath the somersaulting machine and continued on around the track in safety. Cook was found unconscious beneath the wreckage of his car, but was not fatally injured.

LIGHTNING STRIKES MILITARY CAMP; TWO SOLDIERS DIE

Anniston, Ala., July 12.—Two guardsmen were killed and seventeen seriously hurt when lightning struck a mess tent at the military grounds here last night. The dead were Charles Kirby and H. R. Rader, members of the Second Albany infantry, as are all those injured. The militia of several states are in camp here.

People Alarmed by Waterpout And Subterranean Rainings

Dublin, July 12.—Alarming meteorological phenomena accompanied by subterranean rumbling, have thrown the inhabitants of the Lock district on the borders of Tyne and Fermanagh into a panic, for they fear these signs presage either an earthquake or a volcanic eruption.

Both phenomena are unknown in Ireland within the memory of man, but the district is distinctly volcanic in character and probably a centre of volcanic activity in prehistoric times.

Recently there have been violent thunder storms accompanied by hail stones of large size that have injured cattle and horses and there have been several water tremors accompanied by loud rumbling noises, and on two other occasions were heard noises which were described as like the booming of distant guns.

The centre of the disturbance seems to be at Dullaghan, County Tyrone, where there is evidence of violent volcanic activity has taken place in past ages.

Robbers Get Nothing

Coffeyville, Kan., July 12.—Four men held up southbound limited passenger train No. 9 on the Missouri, Kansas & Texas Railroad, three miles south of here, and after nine unsuccessful attempts to blow the express safe, were "righted away."

VISIT BY BURGOLARS

A prominent citizen who returned to his city residence a couple of days ago found that the place had been ransacked by some one, apparently with burglarious intent. The house had been entered by the contents of drawers and other receptacles emptied, and the house was in utter confusion. Nothing seemed to be missing, however, and even some jewelry which had been left in the house was found on the floor. Apparently the burglars had been looking for cash only, and failing to find any, had departed with nothing to show for their break.

BREAKS JUMP RECORD

Stockholm, July 12.—The Olympic record for the running long jump was beaten by Albert L. Gutterson, University of Vermont. He jumped 36 feet 11 inches and a fraction. The pentathlon was won by Lillie Hook, of Sweden, twenty-seven points.

I. O. G. T. CLOSERS SESSIONS IN MONCTON

Delegates Enjoyed Excursion—Teacher Gets Offer From West

Moncton, July 11—Delegates to the National Lodge I. O. G. T. were today treated to an excursion down river on the steamer Wilfrid C. to the Rocks at Hope-well Cape. The visitors had a fine outing and arrived back in Moncton this evening at 8 p. m. The lodge session was resumed this evening and reports of the committees was taken up. Considerable work was done in the launching of the National Templar and the completing of the medal contest book. The report of the official organ committee was taken up and recommended that a committee be appointed to take the matter of amalgamating the National Templar and the Templar of Nova Scotia with the Nova Scotia Grand Lodge and also recommended that greater efforts be used to increase the subscription. The National Lodge concluded its sessions this morning.

W. A. Coppershaw, of the Moncton High school staff, has received the offer of a position on the Winnipeg High school staff. Mr. Coppershaw is in Richibucto spending his holidays but it is understood he will not be averse to accepting the tempting offer if he can induce the Moncton school board to relieve him from the contract.

Do not suffer another day with itching, bleeding piles. Dr. Chase's Ointment will relieve you at once and, as a permanent cure, cost 65c. per tin. Sent by mail. Sample box free if you mention this paper and enclose 10c. stamp to pay postage.

Archduke Eugene of Austria Likely to Take Holy Orders—His Life Long Desire

(Copyright, 1912, by the Brentwood Company)

Since the death of Archduke Rudolf, son of Emperor Leopold II. of Germany, in 1881, as Cardinal Archbishop of Olmutz, a prelate renowned among musicians on account of his friendship with Beethoven, the Sacred College at Rome, has not included any prince of the reigning house of Europe. This omission is likely to be repaired ere long, in the person of Archduke Eugene of Austria, brother of Queen-Lovage Marie Christine of Spain, who, already a doctor of divinity and vowed to celibacy, is now about to fulfill his former intentions and lifelong desire of taking priestly orders.

Hitherto he has been inspector general of the army, and commander-in-chief of the troops of the Tyrol and the Vorarlberg; but, like other members of the imperial family, he is unable to get along with the hereditary Archduke Ferdinand, to whom the aged emperor has relinquished all the more important duties pertaining to the office of commander-in-chief.

It was only the other day that Archduke Francis Salvator, husband of the emperor's younger and favorite daughter, Maria Valerie, was driven to resign the command of the garrison of Vienna and of the metropolitan district, owing to quarrels with Francis Ferdinand; this, too, in spite of the fact that Francis Salvator, he and his children, have made their home with the Kaiser in Schonbrunn ever since the assassination of his consort in Geneva fourteen years ago. Archduke Eugene is probably about to follow suit. He is the most stately royal prince in Europe, is the holder of six feet four being enhanced on state occasions by the striking costume of the Teutonic Order, (Deutscher Orden).

The habit is white, with a great black cross worn on the breast of the doublet, and another black cross on the long white cloak hanging from the shoulders. Indeed, one can never look upon Archduke Eugene or any of the knights of his order (styled Deutscher-Herron, or Gentleman of Germany), without being reminded of the Knights of the Grail in "Parzival." Nor does Archduke Eugene's appearance alone fit him particularly for the grand mastership of this high order, for he is a strange mixture of the soldier and the ecclesiastic. Like all the members of his house, he received the training of a soldier, and is known by military experts to be a daring and skilful leader of cavalry. But this has not prevented him from turning his attention to theology, for which he has a strongly developed taste. He passed the regular examinations of the faculty before receiving the degree of doctor of divinity, which he now holds. At the time when the archbishopric of Olmutz became vacant some years ago, he entreated the emperor to permit him to receive the then commission as commanding colonel of the 13th Hussars, with the object of entering definitely upon a full-fledged ecclesiastical career, and becoming Archbishop of Olmutz. Emperor Francis Joseph, however, declined to yield, but by way of compromise promised to nominate Eugene to the grand mastership of the Teutonic order on the death of the then grand master, Archduke William, who was killed a year later by a fall from his horse.

The grand mastership carries with it the possession of vast estates, and of an income amounting to \$1,000,000 per annum. These revenues the archduke, who is extremely rich in his own right, is prepared to sacrifice, along with his military rank, in order to hold office in the church, and in the expectation of assuming soon after his ordination the scarlet robes of the cardinalate, formerly worn, not only by the Archduke Rudolf of the early part of the last century, but also by several other members of the imperial Austrian house. The Teutonic Order, which must not be confounded with the sovereign Order of St. John of Jerusalem, commonly known as the Knights of Malta, was instituted in 1122, by the Crusader King Henry of Jerusalem (afterwards Emperor Henry VI. of Germany) after the siege of Acre. Its statutes were framed on the model of those of the Knights of St. John, and it was decreed that the members should be restricted exclusively to the Teutonic or German nation, which had sustained great losses at the siege of Acre. Pope Celestine commanded that they should be styled Knights of Saint Mary, whence comes their name of "Marienritter," sometimes used in lieu of their more usual designation, and that they should be clad in white, and wear a large black cross on their habits, mantles, standards and arms. Their first station was at Acre. After the loss of the Holy Land they removed to Venice, and thence to Germany, devoting themselves to extending the boundaries of Christianity at the expense of the heathen Wends. For centuries they practically ruled over what is now East Prussia and Lithuania, their principal station being Marienburg, while it was one of their grand masters who founded the Duchy of Prussia, the nucleus of the Hohenzollern monarchy under the Polish crown.

INSECT STINGS AND SUMMER SORES

Insect bites and stings, blistered feet and sunburn! These three things, or any one of them, may spoil some days of your vacation, or make your work a bore! Zam-Buk is the remedy you need! It takes the "burn" out of these red, inflamed patches where the sun has got home on you; it cures bad mosquito bites, and it soothes and heals blistered feet and hands.

In the hot weather young babies suffer greatly from heat spots and chafed places. Here, again, Zam-Buk will give almost instant relief. Mothers should always keep Zam-Buk in the house and should use Zam-Buk Soap for baby's bath.

For cuts, scratches, and more serious skin diseases, such as eczema, blood-poisoning, etc., and for piles, Zam-Buk is absolutely without an equal. All druggists and stores sell a box of Zam-Buk Co., Toronto.

A Lancashire man who has a hen-roost near the railway was complaining to a friend about having some of his birds killed by passing trains. "The should hang 'em a time-table up in th' house, and then they could look when th' trains were booked to come past," said his friend. "Time-table be hanged!" said the other. "They know well enough when th' trains 'll pass. When Aw've had one killed it's allus bin wi' a 'special'." The bird.

Respectable Thieves

By RUTH CAMERON

THE nice dressmaker lady, who is usually a most cheerful person, arrived at our house yesterday looking decidedly disturbed. "What makes me look so blue?" in answer to my query. "Oh, nothing. Yes, I will tell you, Miss Cameron. The postman gave me this letter on my way down here."

And the dressmaker lady drew a little square envelope from her handbag, pulled out a dainty correspondence card, and read: "My Dear Miss I— I am so sorry to tell you that I am taking a most unexpected trip with my husband and so cannot have you this week, as we planned. Will you let me know if you can let me have those three days some time next month?"

"Very truly yours, "These three days, Miss Cameron, are tomorrow, the next day and the day after. It is too late, of course, for me to go anywhere else and that means a dead loss of nine dollars."

"I wouldn't mind so much if I had only myself to support, but you know I have mother to look after, and if I work every day in the week that's only eighteen dollars, and that's none too much when you consider dull seasons and sickness to be saved up for."

The woman who wrote that letter, as I happened to know, is a very well-to-do woman. One would hardly expect her to give up the trip with her husband because the dressmaker was engaged, but surely she might have paid at least part of the amount she must have known the dressmaker would lose.

"Why don't you insist that she pay you some of that money?" I asked. "Oh, if I did that I'd lose her custom, and I can't afford to do that. She often takes twelve or fifteen days a year," answered the dressmaker. "No, I can't do anything. I have to reckon just so much loss that way every year."

Of course, there are times when it is impossible to meet such engagements, but if one had to pay when one failed to keep them I fancy such impossibilities would be very much rarer.

Our shampoo lady says she is actually considering giving up her telephone just to ward off the people who casually call up a day or a few hours before their appointment and say: "They are so sorry, but—"

And yet, I think she comes pretty close to being that. And not only she but all the women who carelessly cancel engagements of this sort at the eleventh hour.

Our shampoo lady says she is actually considering giving up her telephone just to ward off the people who casually call up a day or a few hours before their appointment and say: "They are so sorry, but—"

And yet when you cancel an engagement in this way, what else are you doing?

Daily Hints For the Cook

MEAT CHARTREUSE IN RICE.

Two cups of chopped cooked meat, 1 teaspoonful of salt, 1/2 teaspoonful of white pepper, 1 tablespoonful of diced onion, 1/4 cupful of breadcrumbs, 1/4 cupful of melted butter, gravy or stock to moisten, 1 beaten egg, 3 cups of cooked rice and tomato sauce. Put the meat into a basin, add the egg well beaten, the salt, pepper, table-sauce, onion, bread-crumbs and melted butter and enough stock or gravy to moisten. Mix and turn into a mold which has been well buttered and lined with two cupsful of the rice; place the remainder of the rice on the top, cover the mold with buttered paper, and steam steadily for forty-five minutes. Turn out on a hot platter and serve at once with hot tomato sauce.

ALTONA FRITTERS.

Make a batter of eight eggs, a half pint of milk, six large spoonfuls of sifted flour, one teaspoonful of salt. Into this batter put half a dozen apples pared, cored and cut in quarters. Cover each piece of apple with batter, drop into boiling lard and fry a light brown.

CATEAN APPLES.

Boil in a pint of water, 1 1/2 pounds of loaf sugar until it becomes a rich syrup. Weigh two pounds of apples that have been peeled, cored and cut small, boil them in the syrup with the grated peel and juice of a large lemon, till reduced to a pulp. Then put it into a mold. The next day serve it turned out in a glass dish, with a rich custard.

New York, July 11—Although strict watch has been kept by the health officers at this port for more than two weeks without the slightest trace of invasion of bubonic plague, a few of the rats were caught and sent to the quarantine station for expert examination to determine if they were infected with the plague. Similar precautions are taken with all vessels from the West Indian ports.

It is estimated that thousands of rats which may have been exposed to the plague in West Indian ports were killed by the sulphur. A few of the rats were caught and sent to the quarantine station for expert examination to determine if they were infected with the plague.

MAN AND WOMAN KILLED YESTERDAY BY LIGHTNING

Halifax, July 11—A severe electrical storm passed over Nova Scotia today. At Wolfville, Burton Heninger went into a barn for shelter. He was killed and one of the horses also perished. At Coal Bay, seven miles from Halifax, Mrs. Lentman was killed while in the act of lowering a window. A number of houses were struck but no other deaths are reported.

BOYS DIE IN STEEL SAFE

Geneva, July 12—Two Swiss schoolboys aged respectively ten and twelve, met with a horrible death at Olten, the capital of the Canton of Grisons, by suffocation in a steel safe while they were playing hide-and-seek with their comrades. Finding the safe open, the little fellows entered it and closed the door. They could not re-open it, and their companions gave up the game after a long search. The parents of the boys were informed of what had occurred and later discovered the dead bodies of their children.

TWO DEAD AS RESULT OF WRECK

Canadian Press

Vancouver, B. C., July 11—William Johnson, a fireman, and Lee Wong, a Chinese boarding car cook, died at Kamloops today from injuries received when two extra Canadian Pacific railway freight cars collided here yesterday morning at 11 o'clock at Vailiere, a small station 27 miles east of Kamloops. The third section of No. 3, which was due in Vancouver about midnight last night, was delayed. This was the special train on which Minister of Railways Cochrane was riding.

WOMAN SLEPT ON WINDOW SILL; FELL AND WAS KILLED

New York, July 12—Driven from her bed by the intense heat of the night, Miss Bertha Mommensbacher went to sleep on the sill of a third story window in her home in upper New York. A little before daybreak she lost her balance and fell to the sidewalk, breaking her neck. When picked up by a passerby she was dead.

ROOSEVELT'S HOT SHOT FOR THE PRESIDENT

Orster Bay, N. Y., July 11—"No honest man who was put on as a Republican elector at the primaries last spring can fail to record his vote against Mr. Taft."

This was Col. Roosevelt's reply today to the charge that the new party is violating its precept, "Thou shalt not steal," by the announced intention of having Republican electors in certain states vote for him.

Mr. Taft is not the nominee of the rank and file of the Republican party. Mr. Taft was honestly beaten. He is the fraudulent nominee of the Barnes-Peirse-Guggenheim machine which has nullified the wish of the great majority of the Republican party."

SEVENTY DYING IN STREETS

Canadian Press

Shanghai, July 11—Horrible atrocities marked the recent capture of the city of Lintang in the province of Sze Chuen by the Tibetians. Many women and children were burned alive or otherwise slaughtered. The garrison defended the city for an hour and then fled, leaving 70 dying lying in the streets.

BACKBONE OF MOVEMENT HAS BEEN BROKEN

Lisbon, July 11—No further Royalist incursions into Portuguese territory, are reported today, and it is believed here that the backbone of the movement has been broken at least temporarily. The invaders have lost men, arms and ammunition in abundance and the constant loyalty of the Republican army and navy, is believed to have crushed the hopes of the Royalist rebels, who counted on defections among the soldiers and sailors. The report that the city of Braga, 35 miles to the northeast of Oporto, has been burned by the Royalists, yesterday, has not yet been confirmed.

"All right. Is there a telephone at the grounds?"

"There's one near there. Why?"

PRINCE FALLS IN LOVE ON SEEING PICTURE OF PRINCESS ELIZABETH

After Some Negotiating Boris of Bulgaria is Likely to Win Her Hand

Vienna, July 12.—A Bukharest newspaper publishes a remarkable story of the romance of the young Bulgarian Crown Prince Boris, who, it is said, fell in love with Princess Elizabeth of Romania through having seen her photograph.

Princess Boris has never met Princess Elizabeth, who is the eldest daughter of the Crown Prince of Romania, but he saw her photograph when the Queen of Romania visited the Bulgarian court a year ago.

Immediately on coming of age, Prince Boris informed King Ferdinand, his father, of his desire to marry the princess. He declared that otherwise he would remain single all his life.

King Ferdinand had no objections to the match, but King Carlos of Roumania, objected for political reasons. King Ferdinand, however, persuaded the Austrian Emperor, during his recent visit to Vienna, to use his influence with the King of Romania. This proved so successful that the official announcement of the engagement of the young couple is expected soon.

A NOTABLE DAY Yesterday's events at Courtenay Bay were the central feature of the Old Home Week, so far as St. John is concerned. Mayor Frink remarked last night at the banquet that three years ago the city council were squabbling over the expenditure of a few hundred dollars for borings at Courtenay Bay. Yesterday thousands of citizens went to the shores to see the formal inauguration of work on the site of the great dry dock, and to see the large amount of heavy work already accomplished in connection with the break-water. The change in three years has been very great, and there has been a similar change in the sentiments of those among the citizens who doubted concerning the great future of Courtenay Bay and the port of St. John.

Yesterday's demonstration was a splendid success. It was an inspiring sight to see so great a concourse of people on the shore below the site of the new break-water, and there was further inspiration in the speeches of Hon. Messrs. White and Reid, representing the federal government. It was not that these gentlemen said any more than had been said by Hon. Dr. Pugsley on many occasions in the last few years regarding the future of St. John; but that they as Ontario men and members of the Conservative government fully endorsed all that Dr. Pugsley and the Liberal government had done here, and declared themselves unreservedly in favor of the rapid equipment of the port for the immense traffic of the future. Their speeches, and those of Dr. Pugsley, Mr. George W. Fowler, Premier Flemming and Mayor Frink were all conceived in a broad spirit, and alike pleasing to people of all parties. The event was a memorable one, and will long be remembered by those who were present. The social hour spent afterwards by the distinguished visitors and others as the guests of Norton Griffiths & Co., on the spacious lawn at Tenby Cottage was most enjoyable. The delightful incident of the day, the Board of Trade banquet last night gave opportunity for further discussion of the relation of this port to the trade of Canada, and of other topics of great interest to all Canadians.

The citizens were glad to welcome Lieut. Gov. Wood at the Courtenay Bay ceremonies, and again at the banquet, and to hear his optimistic remarks concerning the great promise of the future of St. John. Of course the chief interest centered in the address of the finance minister and the minister of customs, and when they spoke it was quite apparent that they had been greatly impressed by the position and the prospects of St. John, and by the sturdy business enterprise of its people. The exchange of courtesies between them and Hon. Dr. Pugsley was a pleasant feature of both the afternoon ceremonies and the banquet, and the great warmth and heartiness of the reception given to Dr. Pugsley on both occasions proved that the citizens desired to accord to him the fullest credit for his splendid services in connection with Courtenay Bay and general harbor development at St. John.

Hon. Mr. White, looking to the future, saw not only break-water and dry-dock and wharves at Courtenay Bay, but grain elevators, ship repair plant and steel works, and other industries gathered around them. It is worth much to St. John to have this picture so drawn by the finance minister of Canada, and his colleague the minister of customs. They will be prepared, no doubt, to impress their views upon other members of the cabinet who have perhaps given less attention to the great question of Canadian ports for Canadian trade. When Conservative statements approve heartily of a policy inaugurated by Liberal statesmen, St. John should come into its own.

ST. JOHN'S FUTURE The great harbor works at Courtenay Bay, on which preliminary work has been in progress for some time, and which were made the subject of yesterday's demonstration, will be of vast benefit to St. John, to the province and to the Dominion. To this new harbor will come the traffic of two transcontinental railways, and it will make St. John a great summer as well as winter port.

To Hon. William Pugsley belongs the honor of bringing the whole scheme of harbor works forward to the very point of awarding the contract, and his plans are being carried out. It must be with great satisfaction, therefore, that he sees the work in progress, just as he had planned. To his credit also goes the fact that the federal government took over the task of building wharves at West St. John, the terminus of the Canadian Pacific.

It has been truly said that if public works involving an expenditure of \$12,000,000 were being begun in some western town the town would make holiday, and the world would hear about it. St. John lacks enthusiasm in such matters. It is apparently slow to believe in its good fortune. Not even the pessimist, however, can check the forward movement, which is a direct result of the new relation of this port to the great and growing transportation business of Canada.

COLONIZATION The Victoria Colonist urges that action be taken by the government of that province to secure a larger number of settlers upon the land. It contends that the question of colonization is rapidly becoming a very live one and that it should be discussed without political partisanship. As an

FASHION HINT FOR CHILD Little girls' corn-colored frock of linen. Embroidery is prominent and extremely pretty in the make-up of this frock. Corn yellow linen with the scalloped yoke that buttons on, and edged with German valise, is particularly charming. A design of white embroidered daisies is introduced upon the wide box pleats in front, and the white patent leather belt worn with this effective little gown gives it an unusual chic finish.

Toronto Heads List in Building Permits in First Six Months of This Year

Toronto, July 12.—Progress in building throughout the leading cities of the Dominion from coast to coast is maintaining a steady stride, according to the figures compiled for twenty-seven of the largest municipalities by the Contract Record. Toronto continues to head the list for total value of permits issued during the first six months of this year, with \$13,185,271. This is an 11 per cent increase over the first half of last year. The figures for June are \$3,267,708, just about an even million dollars more than last June.

Undoubtedly the most notable achievement of any of the twenty-seven cities mentioned is that of Edmonton, Alta., which issued permits for buildings aggregating in cost \$7,725,022, an increase over the first half of last year of fully 378 per cent. Of the Ontario cities an interesting comparison is between Ottawa and Hamilton. The population of the two cities is about equal, and the amount of building going on in both is about the same. In Hamilton the sum of permits totalled \$3,145,000, and in Ottawa \$2,109,090, but the latter city, which is just two places farther down in the list than Hamilton, made a greater increase, 52, as opposed to 46 per cent. Brantford is making wonderful strides, with an increase of 133 per cent. Port Arthur also is going ahead rapidly, with 124 per cent. advance for the first half of the year, and Port William shows 132 per cent. That the east is waking up is exemplified by the fact that Sydney, N. S., is the only city in the Maritime Provinces, with a decrease, and in St. John, N. B., the increase was 40 per cent. over last year. The building permits in the Maritime Provinces led \$315,000 for the six months just closed. The article in the Contract Record points out that the steady progress of the country is shown by the fact that the total increase for Canada for the whole of the year 1911 was 29 per cent. over the past six months just 28 per cent. This shows that there is no boom on, but that the development of the nation's cities is going on in a business-like way.

FINE COMEDY, BILLY, GREATLY ENJOYED BY OPERA HOUSE AUDIENCE

King-Lynch Players Score Big Success in Its Presentation To Large House

The King-Lynch Company scored another big success at the opera house last night in their presentation of Billy, a delightful bright, breezy comedy, from the pen of Sidney Drew. The play is a comedy of the edies, there is but little plot to the piece, but the players showed to the best advantage every line of their script. The play, and gave a very finished performance. The title role was taken by Edward D. Lynch, and their way led by Miss Rose King and the other members of the company. The entire action of the comedy takes place on the upper deck, amidship, of the S.S. Florida bound for Havana. Billy Hargrave and his sister are their way to Havana for their health. Billy had met with an accident on the football field a little while before taking the trip, which he had lost several teeth. He gets some false ones, but loses them on board the Florida. Many funny situations arise when he starts to look for them, and the audience was kept in a constant state of uproar. Billy meets some nice young ladies on board the Florida, but finds it rather embarrassing to talk to them about his molars. He eventually finds the teeth and all ends well.

Miss Grace Belle Dale, as Beatrice Sloane and Miss Marion Chester, as Mrs. Sloane, her mother, gave good support, and were accorded much hearty applause for their work. Miss Ida Parks, as the stewardess, was also funny and helped considerably to make the production a success. The audience was large and appreciative, and the players had to respond to certain calls at the end of each act. The members of the Fredericton baseball team attended the play in a body, occupying two of the boxes. It is to be repeated tonight, and a large audience is expected. The following is the cast of characters: Sailor . . . . . Mr. John Alexander Steward . . . . . Mr. Howard Schoppe Boatwain . . . . . Mr. Frank McDonald Beatrice Sloane . . . . . MORNING LOCALS

M. H. Nashon, of Bridgetown, Barbados, is in the city trying to interest Anglo-Africans, in organization of the "Barbados-St. John Trading Co." to deal in West Indian fruits and products, with capital provided by men of his own race and color. D. D. Milligan, of Brookline, has been chosen to succeed A. R. Flaxley as boys' work, Y. M. C. A. secretary here. Large numbers of people enjoyed the band concert in King Square last evening given by the Sons of England band. The programme was very pleasing. John McDougald, C.M.G., of Ottawa, in the city yesterday, predicted much further expansion for St. John in a short time. There will be plenty of traffic for St. John rail and boat facilities this year, he said, judging by the great increase in customs. Rev. Dr. A. W. Meehan was visited upon on Wednesday by Mrs. E. Haney and Mrs. Joseph Nichols, representing the Women's Auxiliary of St. Vincent de Paul Society and a well filled purse was presented to him on the 15th anniversary of his ordination.

NAR LUG FOR MUSIC

An old lady from the city attended a Highland church on Sunday. The monotone, discordant singing provoked her to ask her niece: "Dear me, whatna kind o' singin' is that?" "Oh, that's oor ood'na," was the complacent reply. "Aweel, luvvie," said the old lady, "if the Almighty's pleased wi' that singin' He has nae lug for music."

HEROIC ACT OF CAPE BRETON ENGINEER

(Glace Bay Gazette) Parker Holmes, of Glace Bay, driver of No. 56 S. & L. engine laid himself open yesterday to the heart-felt gratitude of Mr. and Mrs. Michael E. McNeil of Bridgeport in the saving of their two-year-old child from being crushed to death beneath the wheels of a powerful locomotive.

Mr. Holmes was speeding along with a train of 180 tons at the rate of fourteen miles an hour, and had just rounded a curve beyond the Bridgeport station when, to his horror, he beheld the little tot about 100 yards ahead, walking in the middle of the track. There was no time to lose; after sounding the whistle and applying the brakes he closed the throttle, and running out of the engine, slid down the pilot just in time to seize the child as she was about to be sacrificed.

Mr. Holmes' presence of mind and quick and effective action deserves the greatest commendation, and is indeed worthy of more substantial recognition. In the First Baptist Church in Hillsboro on Wednesday evening Rev. Mr. Corbett, assisted by Rev. Mr. Dunson, of New York, officiated at the marriage of Miss Mary Beatrice Peck and Clifford Watson McLatchey. The bride was given away by her father, John L. Peck, and was assisted by Miss Lavinia Lewis as maid of honor, and Misses Flora Peck and Fanny McLatchey as bridesmaids. Frank Gallagher of California, supported the groom. Among the guests were Mr. and Mrs. H. G. Marr, Mr. and Mrs. E. B. Peck, Jack Marr, and Misses Estey and Barnaby of St. John.

POINT TUPPER SUFFERS HEAVILY FROM FOREST FIRES

Men were busily engaged yesterday and Wednesday in fighting forest fires in the area owned by Louis Miller, about thirty miles from Halifax. A heavy down-pour of rain helped.

The village of Point Tupper was almost completely wiped out, and the loss to the I. C. R. is about \$100,000. The station was burned, together with freight cars, loaded and unloaded, transfer platforms, and many buildings. The town of Port Hawkesbury was threatened before the rain came.

ST. JOHN GUESTS THERE. In the First Baptist Church in Hillsboro on Wednesday evening Rev. Mr. Corbett, assisted by Rev. Mr. Dunson, of New York, officiated at the marriage of Miss Mary Beatrice Peck and Clifford Watson McLatchey. The bride was given away by her father, John L. Peck, and was assisted by Miss Lavinia Lewis as maid of honor, and Misses Flora Peck and Fanny McLatchey as bridesmaids. Frank Gallagher of California, supported the groom. **PRINCE ARTHUR HIMSELF DENIES ENGAGEMENT**

Stories Untrue; He is Not a Marrying Man, But Devoted to Military Career

London, July 12—Prince Arthur, of Connaught, personally authorizes a denial of the report that he is engaged to a cousin of the Czar. He says he is not engaged to anybody.

The continued rumors of his engagement, first to one and then to another princess, have caused the prince the greatest annoyance. Prince Arthur often declares to intimate friends that he is not a marrying man. He is devoted to his military career, and is anxious to take it seriously, and it was at the king's special request that he did not accompany his father, the Duke of Connaught, to Canada as aide de camp.

**SAID THAT SOLDIERS ROBBED HENHOUSES OF SUSSEX MEN**

Sussex Record.—Several local henhouses were robbed last week by members of the militia. Robert Bruce, Seth Jones and Joseph Hornbrook were among the losers. The birds taken were all pure bred types. The thieves in all cases destroyed the birds where they took them. Mr. Hornbrook lost no less than twenty pure bred chickens. This sort of thing will result in a decidedly less friendly feeling towards men in camp next year. It has been a long time since members of the militia were guilty of the regrettable acts which marked their visit to Sussex this year. Without doubt the town authorities will enforce the law much more strictly next year. It is pretty well known where Mr. Hornbrook's well-to-do mill has been made while the regiment to which the guilty parties were attached was entraining at the camp siding.

A mere good impulse that does not result in good work is rather worse than useless, for if not carried out in deed it has a reaction instead of an action as its outcome.

"The turning of the first sod" of the extensive work being done in Courtenay Bay impresses the fact that the first mile-post of the vast development in East St. John has been reached.

Greatly enhanced values in realty in this section are sure to follow.

**FOUR BABY CUBS BORN AT FERARI'S WILD WEST SHOW LAST MIDNIGHT**

Last night at 12 o'clock Big Rosella, the big lioness, gave birth to four cubs. The cubs are doing well and will be named after the three successful candidates in the Queen contest. The fourth will be named after the City of St. John. They will be known as the four Canadian lions. Rosella is one of the largest lionesses in captivity, and has a record of killing eleven of her trainers.

She was brought to this country by Colonel Francis Ferrari, who was with Colonel Roosevelt on his last hunting expedition to the wilds of Africa. Rosella was captured in the African deserts and put up the hardest fight of any lioness ever known in that region. If possible the baby cubs will be put on exhibition in the big steel bound arena each afternoon and evening for the remainder of the week. They are the most beautiful specimens of lions ever born in Ferrari's shows.

The shows will leave here on Saturday night for Halifax. New is your chance to see the shows before they leave, giving two performances daily starting two o'clock and seven in the evening.

Optimistic Speeches at Formal Start of Courtenay Bay Work — Thousands There—Banquet in Union Club

The formal opening of the development work which will create a modern harbor in Courtenay Bay was observed yesterday with appropriate ceremonies. During the afternoon, within a short distance of the site of the breakwater and dry dock, speeches were made and a huge crowd set off on the site of the dry dock. This was followed by an athletic meet on the shore and a garden party at which Norton Griffiths & Co. were the hosts.

Thousands There The inauguration of the work was witnessed yesterday afternoon by thousands who gathered on the sands on the eastern side of the bay. H. C. Schofield, president of the St. John Board of Trade, presided and the speakers included Mayor Prink, Lieutenant Governor Wood, Hon. W. T. White, minister of fisheries, Premier Fleming, Hon. J. J. Reid, minister of customs, Hon. Wm. Pugsley, George W. Fowler, M. P., and P. R. Warren, chief engineer of Norton Griffiths & Company.

More than 300 citizens and visitors were the guests of Norton Griffiths & Company, represented by G. E. Palmer, P. R. Warren and W. Percy Thomson, at a garden party which was given on the grounds of Tenby Cottages, the home of W. F. Burditt. The guests were informally but very pleasantly entertained and the affair proved a delightful success. Tea was served from a large marquee and the guests were very dainty, the floral decorations being pink roses and sweet peas.

Among those present were: Lieut.-Col. A. J. Armstrong, Miss Jessie F. Armstrong, Mr. and Mrs. Beverley R. Armstrong, Mr. and Mrs. Clarence B. Allan, and Mrs. J. H. A. Anderson, J. C. B. THE BANQUET The banquet given in the Union Club last evening by the St. John Board of Trade was a fitting function for the close of such a auspicious occasion. A sumptuous dinner was heartily enjoyed and then followed speeches of an inspiring character, breathing confidence in the future of the port and the development of the surrounding country. W. H. Thorne proposed the health of the lieutenant-governor, and the latter returned the compliment for the close of such a fitting function for the close of such a auspicious occasion. A sumptuous dinner was heartily enjoyed and then followed speeches of an inspiring character, breathing confidence in the future of the port and the development of the surrounding country.

HE WAS SURPRISED When Dr. Morse's Indian Root Pills Cured Her Chronic Liver Complaint Mrs. R. Smith, of Winnipeg, Man., tells an interesting story of relief from almost intolerable sufferings: "I can hardly tell you how great my sufferings have been. Chronic liver complaint accompanied by biliousness was a daily source of trial to me. Every day I experienced the sickening effects of these ailments. I longed for some medicine that should permanently drive them away. Hearing of Dr. Morse's Indian Root Pills, I thought they were worthy of a trial. My surprise was indeed great. From the very first I experienced relief. Continuing with them I found my troubles were slowly but surely leaving me, and before long I once more knew what it was to be free from the harassing effects of the ailments that had long sickened and weakened me. So great is my faith in Dr. Morse's Indian Pills that I shall never on any account be without them."

Dr. Morse's Indian Root Pills cure Bowel and Kidney as well as Liver troubles, and keep you healthy. 25c a box at your dealer's.

BONAR LAW MAY VISIT DOMINION

It is all a Matter of Being Able to Arrange For Time

TWO NOTED BANDS Scots Guards and Besses of the Bara to Cross the Atlantic—King and Lord Roberts Give Trophies for Cadet Shooting

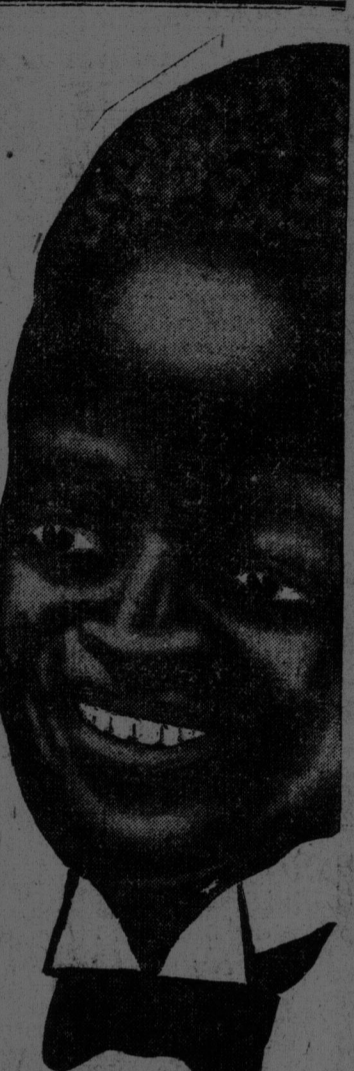

(Times Special Correspondence) London, July 11.—Dr. J. O. Gray, secretary of the Canadian National Exhibition, Toronto, is here taking his annual tour of British colonies, visits of art and exhibits for the exhibition in August. I have already mentioned that he has persuaded popular Sir George Reid to visit the exhibition and the Australian high commissioner will be in Toronto in the first week in September. It has been contradicted in the press that Bonar Law will visit Canada this year, but if he can possibly arrange his political engagements, he will visit Canada and be a guest of the Canadian National Exhibition in Toronto. He is anxious to visit the Dominion. Of course, very large demands are made on his time and energy by the proposed programme of legislation in the British parliament this year, so the most that can be said is that if he does not go to Canada it will not be for want of effort. Doctor Orr has secured from the King permission to have the famous Scots Guards Band play at the exhibition. Another famous band which you will hear again this year, is the Besses of the Bara. In addition to the cup which King George has given for competition by the cadets, Lord Roberts has given a gold medal and two silver medals to be awarded to the three best shots in the Toronto cadet competition. Among the notabilities you will see in Colonel Peat Bessford, who has been appointed by the army council to take charge of the British and Irish cadets. You will remember that he belongs to the Irish nobility, of which family Lord Charles Bessford, of which family Lord Charles Bessford, who opened the exhibition three years ago, is a member. Colonel Sir Laurence Brunton has been appointed chief medical officer of the cadets. He is physician to His Majesty's Household, and one of the most famous practitioners we have. His researches in pharmacology and the repetition have made his text books famous. Very great interest is being taken throughout Great Britain in the cadet competitions. Part of the contingent of British boys who will go to Toronto have been selected from the great public schools, such as Eton and Winchester, and include the sons of some of the most notable families in Great Britain. So interested are the authorities of the public schools, and so desirous are they of having their pupils become acquainted with the development of Canada, that they are giving special concessions in regard to holidays which are usually rigidly fixed. Lord Lansdale, a famous sporting peer, has promised, if his engagements permit, to go to Toronto and act as judge in the horse section. If he is unable to go, he has undertaken to persuade the Earl of Orkney to take his place. King George has expressed lively interest in the visit of the cadets to Toronto this year, and received Doctor Orr, discussing with him this matter. At His Majesty's request, a full memorandum concerning the work of the Canadian National Exhibition was submitted to him by Doctor Orr. Lord Roberts is also very much interested in the movement of gold medals and trophies to be given to the British Isles, to show at the exhibition.

HE THIRSTED FOR HOME An Englishman recently formed a poor opinion of Canada because of the liquor laws. Arriving at a western hotel on a Saturday night he asked for something to drink, but was told—"Bar closed at 11 o'clock Saturday." On Sunday morning he tried again, but was told the bar was closed. So he waited till the evening, but was told that in Canada the bars are closed all day Sunday. His business took him up country, and on a week-day he asked to get a drink. "Can't get it," was the answer. "We're under local laws." "Well, if this is Canada, I wish I had money enough to get back to England."

A Wonderful Harbor Hon. Wm. Pugsley was greeted with hearty cheers. Referring to the remarks of previous speakers, who seemed to be bent on building up the industries and jobs for a greater future for the city. The speaker referred to the great resources of the province and the vast extent of the lands capable of tilling and urged the residents to do all in their power to develop the agricultural resources which were every hand. Hon. J. Reid spoke enthusiastically of the necessity of equipping St. John to meet the requirements of the trade, and added that if Mr. White could not find money enough his department would gladly furnish all that would be needed from the surplus of \$30,000,000 which they will have this year.

Mr. Fowler and The Roads George W. Fowler, M.P., in the course of his remarks said very emphatically that the roads of the province are in a disgraceful condition and that an expenditure of \$3,000,000 is required to put them in condition. In replying to a toast to the legislature, proposed by W. S. Fisher, Premier Fleming discussed the immigration policy of the government, saying that their chief aim was to keep our own young men here.

ORANGEMEN OUT IN FORCE FOR TRIP TO MONCTON

Large Number Leave for Railway City to Celebrate Twelfth—The Programme There

Large crowds of people lined the streets from all parts of the province are in Moncton today to celebrate the "twelfth." It is estimated that 3,000 visitors are in the city to take part in the celebration. Special trains have arrived from Amherst, St. John and Newcastle and crowds are thronging the streets. The local exhibition grounds were secured for the occasion, and a big procession will form there this afternoon. The route is through the principal streets. At conclusion of the parade speeches will be delivered by prominent members of the order. "Among those in the city today are Rev. B. H. Thomas of Dorchester, grand master, heading the procession and Hon. Robert Maxwell of St. John, senior deputy grand master. The provincial grand director of ceremonies, W. Clarke of Moncton, has charge of the parade and everything is being conducted in a creditable manner. About nine bands are taking part in the procession and the various lodges throughout the province are well represented. Many visitors from Nova Scotia are here.

MARATHONS STRENGTHEN HIS POCKETBOOK AND MONEY GONE

Marked Change in The Line-up Reported — Two New Men Here Now

It is understood there will be a marked change in the roster of the Marathons within the next few days. The management have secured the services of Cooney, a shortstop who played for a while this season with the Woodstock team. Cooney is a good player and is also a good batter. He will be in tomorrow's game. Stewart, a catcher, of Somerville, Mass., has also been signed with the team and will probably catch tomorrow's game. He is in the city now.

Cooney will probably be called on to pitch again this afternoon. The fans will be treated to an agreeable surprise tomorrow, for the services of a big league pitcher have been secured to work for the Grosbeak. Several other new players will be signed up next week.

LOCAL NEWS

THE BATTLE LINE. S. S. Trebia, Captain Staratt, for Las Palmas for orders called from Rosario yesterday. S. S. Leinster, Capt. Hilton from Buenos Ayres for Europe, arrived at Santa Fe yesterday.

ABERDEEN PLAYGROUNDS. Mrs. Frank, wife of Mayor Aberdeen, Mrs. Bilzard, Miss Poole and several other ladies have interested themselves in having supervision of the Aberdeen playgrounds in the evening. It is hoped that an evening entertainment can be given there a little later, as was done twice last year.

HERE FROM WEST. Mrs. J. R. Dalton arrived in the city today from Calgary on a visit to her mother, Mrs. Grey, Main street, and other relatives. She was accompanied by her second son, William and little son, Charlie, as well as by her four daughters, Misses Elizabeth, Irene, Marguerite and Annie. They will probably remain several weeks.

CURFEW IN FREDERICTON. The law "for the protection of children under the age of twelve years" which was recently passed by the Fredericton council will come into force on August 1. This law states that "no child under the age of twelve years shall be allowed upon any public street, park or other public place within the city of Fredericton after the hour of nine o'clock in the evening of any day during May, June, July, August, September and October, and after eight o'clock in the evening of days during November, December, January, February, March and April, unless accompanied by an adult person in charge of the child. If any child is allowed upon the streets after the above mentioned hours the parent or guardian is guilty of an offence and liable to a penalty not exceeding \$20." Copies of the law have been delivered to the members of the police force.

PERSONALS. Mrs. Arthur W. Stevens and her son William, of Portland, Me., are in the city visiting friends.

Robinson L. Johnston, of Smith's Falls, Ont., is in the city spending his vacation with his parents, Mr. and Mrs. J. Cardy Johnston.

Mrs. Fred J. Stuart and Master Ronald arrived from Vancouver on Tuesday to spend the summer here with her parents, Mr. and Mrs. John Irvine of Milford.

Mrs. W. J. Stewart, of Roxbury, Mass., is visiting her aunt, Mrs. Martin at Appt. of High street, North End, for Old Home Week.

Cecil G. Porter, who has been spending a few days with his parents, Mr. and Mrs. Alfred Porter, will leave tonight for Belleville, Ontario, where he has accepted a position.

Miss Lillie Mayes and Miss Elsie and Sybil Olive, of Boston, arrived by steamer Calvin Austin this morning on a visit to their aunts, Mrs. S. M. Wetmore and Mrs. J. S. Beatty, Tower street, West St. John.

Mrs. Herbert Roberts, Miss Jessie Burk and Miss Della Hurder left last evening to visit relatives in Montreal, Calgary and Vancouver and will be away two months.

In Toronto is announced the engagement of Miss Lena Bartlett, daughter of Rev. and Mrs. S. T. Bartlett, 24 Dalton Road, to Rev. G. S. Patterson, B. D. son of Mr. and Mrs. J. C. Patterson, of Moncton (N. B.). The marriage will take place on July 24.

Mr. and Mrs. Bruce V. Weston have returned from a three weeks' trip to Washington and other American cities.

"Keep your hand on your watch." It is an expression common enough in a jooze ray among friends, but this week it may well be taken seriously, for it is said that there are professional pickpockets in the city and that they are at work wherever a favorable opportunity presents itself. The Union Depot has been a favorite spot during the last week, and several reports concerning losses of money or watches have been made. Just before stepping from the Pacific express last evening, Captain H. Hobbs, retired mailmaster, had a wallet containing about \$80 in cash and a draft worth about \$25 in an inside pocket in his vest. Both his coat and vest were open, and he had just stepped from the train and gone into the depot when he realized that his pocketbook was missing. He made search but failed to find his property, and up to noon today had not recovered it. The captain was passing through to Milton, Mass., from P. E. Island. He wired early this morning to the Union Depot which has accepted the draft to have the acceptance cancelled, and this may mean a saving of the \$25 to him.

L. R. Ross, terminal agent said this morning that this was not the only instance in which valuables had been taken from people travelling this week, and it was only right that they should be warned to be careful of anything they carried, so as to outwit the pickpockets who, he believed, were undoubtedly working in the vicinity. One woman had complained of having lost \$36, another said she had missed \$80, and another had lost a gold watch. With more careful guarding these thefts, if such they were, would not have occurred.

CLAIMS AMOUNTING TO \$79,000 RECOMMENDED

Matter of Nepisiguit Lumber Co. Ltd. Before Judge McLeod Today. In the matter of the Nepisiguit Lumber Company, Limited, and its winding up, hearing was had before Mr. Justice McLeod in chambers this morning, to consider the report of the liquidators, George Gilbert and Edridge E. Mackay of Bathurst, with respect to the claims of creditors. They reported that claims amounting to \$79,000 had been filed and they recommended that about \$79,000 of these claims should be paid. They recommended that interest should not be allowed in some cases, and that the claim of Fred S. Morse of Springfield, Mass., amounting to \$2,217.57 be disallowed.

The matter was then adjourned until the 19th inst., to consider the claims of certain bondholders. Mr. G. T. Reed, K. C., appeared for the liquidators and Fred R. Taylor and W. A. Ewing, K. C., for creditors.

NOVA SCOTIA LEADS IN I. O. G. T. MEMBERSHIP

Total in Canada is 13,395—New Brunswick Has 56 Lodges. Moncton, N. B., July 12—A report to the National Grand Lodge of Canada, I. O. G. T., by J. V. Jackson, national secretary, showed 345 lodges divided as follows: Alberta, ten; British Columbia, twenty-five; Ontario, thirty-six; Manitoba and New West, fifty-six; New Brunswick, fifty-six; Nova Scotia, 129; P. E. Island, fifteen; Quebec, twenty-one. The total membership is 13,395, Nova Scotia eluding with 6,992.

Mrs. Jackson reported seventy-eight juvenile temples, a gain of two. National chief Templar Smith in his report dealt with prohibition and recommended that the minister of railways be memorialized to the effect that agents of the I. C. R. have full regard for the laws in respect to transportation of liquor into non-licensed areas.
