

# GENOA CONFERENCE NEAR DISRUPTION ON ITS FIRST DAY

### Delegates from Russia and France Clash Over Disarmament Proposal.

### LLOYD GEORGE POURS OIL ON WATERS

### Gently Delivers Reprimand to Russia and Advises Delegates to Go Slowly.

Genoa, April 10.—A clash over a disarmament proposal by George Chicherin, the Russian Soviet Foreign Minister which occurred between Chicherin and Barthou, France, threatened to disrupt the conference.

Mr. Barthou said that France, categorically, refused to discuss disarmament with Russia. Chicherin replied that Russia thought France would be ready to discuss this question because Mr. Briand, the former Premier, had said at the Washington Conference that Russia's armaments had made disarmament impossible.

London, April 10.—The correspondent of the London Times at Genoa, writing of the disagreement between Chicherin and Barthou over disarmament, said that Mr. Chicherin is insisting that the conference would be a failure unless it led ultimately to disarmament.

Mr. Lloyd George seemed to agree that before disarmament came there must be peace and a peace basis at Genoa.

Lloyd George's words were interpreted as a warning to the delegates not to press for an extension of the Genoa Conference.

"If you succeeded in our proposals," he declared, "you will wreck the conference."

Turning to the delegates, the British Prime Minister exclaimed, "Mr. Chicherin removes the load line of our conference ship he will sink it, and I would point out that he might be among the drowned. We may have a rough time ahead and we don't want to be overboarded."

The matters on the agenda, continued Mr. Lloyd George, were extremely important and it would be criminal to destroy the hope of millions of people by endeavoring to solve more problems than could possibly be managed.

Let Mr. Chicherin finish his voyage, he advised, "and go home with what he can carry. We will not send him on another voyage when he knows what sort of a passenger he is."

President Facta seconded Mr. Lloyd George's appeal not to wreck the conference; he considered it would not be wise to carry the discussion further. Before these words could be translated, Mr. Dastous protested—"I want to know—yes or no, have all the delegations here accepted the Cannes resolution? If no we cannot continue the discussion. If they have, well and good."

The correspondent closed, though not very satisfactorily. Signor Facta reiterated that he thought the discussion should end and Mr. Barthou made a disconcerting remark.

The clash disclosed the fact that disarmament is not on the agenda, and that therefore this matter is not to be taken up for consideration. Earlier in the evening Mr. Lloyd George made a powerful appeal to the delegates to work in unison for the restoration of good relations and normal economic conditions throughout the world.

He believed that if the conference was successful in its achievements, the United States would "not merely come in but gladly come in." British and Allied diplomats admit that Mr. Lloyd George rose not a moment too soon to dissipate the menace by appealing to common sense.

His appeal was all the more effective because he refused to take the head of the Russian delegation and the threatened deadlock seriously. His remarks entirely restored good humor and on retiring, his villa he received the congratulations of delegates of various nationalities. The Italian delegates went so far as to say that Mr. Lloyd George saved the conference and the British delegation pays tribute to President Facta's tact and resolution, which had a remarkable effect.

### FEDERAL GOVT TO ISSUE LOAN

Precise Amount Has Not Yet Been Determined, Says Minister of Finance.

Ottawa, April 10.—"The Government is contemplating the issue of a loan, the precise amount of which has not yet been determined," said Hon. W. B. Fielding, Minister of Finance, in a House this afternoon, when questioned on the forthcoming refunding loan. Tax free bonds, to the amount of \$125,000,000, matured on Dec. 1. It is not the intention of the Government to issue tax free bonds, added Mr. Fielding.

### Canada's Position At Genoa To Be Debated

Special to The Standard.

Ottawa, April 10.—Canada's position at Genoa, the personnel of Canadian delegates and our interest in the conference are to be debated in the House. The discussion is to be pre-empted by the Progressives who, it is understood, are dissatisfied with the appointment of Sir Charles Ge-

### Husband The Only Arbitrator On Fashions

### Judge Rules Man Has Right to Limit Number of Dresses Wife Shall Buy.

London, April 10.—Nero was criticized for changing his suit every day. Starting with this ancient precedent, a Solomon of the London bench who on Tuesday, in a suit brought against Earl Cathcart for his wife's debts, was asked to decide how many clothes a countess should have, has reached the conclusion that he "failed to see any circumstances which would justify fifty or sixty expensive dresses in the course of a year."

Before arriving at this climax, however, the judge made passing reference to the laws of Henry VIII, surely an expert on women's dress—and exploded a veritable legal bombshell by including in his judgment a decision that a husband cannot be bound for his wife's debts except for "household necessities."

But above all, the judge set forth what may be called a "husband's character"—whether there are many men brave enough to live up to it is another matter. It contains the following articles of rights: cannot be bound for his wife's debts except for "household necessities."

"It is for the husband, not for the wife or jury, to fix the standard of the social life of the family. High rank often indicates a low family at the bank."

"Extravagance is not a mark of the gentleman, provision is not a necessity of honorable rank. Frugality is a feminine fault, not a feminine necessity. Simplicity is an essential feature of a useful and honorable citizenship."

"Authority must be regulated for a countess as well as for those of humbler social scale. An earl can, if he so wishes, limit the standard of his countess to the extent of a shooting lodge or suburban bungalow."

London modistes received the decision, which not only denied payment for the extra dresses, but also the plaintiff, with horror. A strict interpretation of the decision means that no wife can pledge her husband's credit without his specific authority in each case, and many shops fear that purchases are much less likely to be so profuse if the paying member of the family has to be consulted before, not after, the bills are presented.

Countess Cathcart, allowed \$5,000 a year for dress, found the sum inefficient, and one day ordered eight gowns on credit, non-payment for which caused the suit. The countesses are not like other people, but are compelled to have a constant change of dress in order to hold their social position, was one observation of counsel that shocked the judge, who was even more surprised—being a married man himself—when told by the plaintiff that the average countess just had to have from forty to fifty gowns yearly, and that it was nothing unusual for a titled person to order twelve gowns at once.

### PASSENGERS HAD LITTLE RECREATION

While Steamer Was Jammed in Ice, They Went Over Side and Killed Seals.

Halifax, April 10.—While the Red Cross liner Rosalind which arrived here tonight was jammed in the ice, not far from St. John's, Nfld., passengers and members of the crew went overboard and gave chase to a herd of seals. They clubbed a number of the animals to death, leaving bodies to a party of seal hunters who were carrying death into another herd not far away.

### HOLSTEIN HEIFER BREAKS RECORD

Milk Production in Single Day Was 112.5 Pounds.

Ingersoll, Ont., April 10.—Newton Chambers, a young Holstein breeder has a 2-year-old heifer which he believes has broken the Canadian record for milk production. The test covers a seven-day term and also a single day. In a single day the milk production was 112.5 pounds. In seven days she produced 793.5 pounds of milk and 24.9 pounds of butter. She is a grand daughter of a former world's champion.

### HALIFAX THINKS MILLENNIUM NEAR

Mystified at Receipt of Cheque for \$9,800 from Dominion Gov't.

Halifax, N. S., April 10.—Some mystification surrounds a cheque for \$9,800 received by the city of Halifax from the Dominion Government. Some aldermen believe the cheque is in payment of taxes if it is not, they suggest the Dominion Railway Department expropriated in connection with the construction of the ocean terminal here, and which the Government is now renting to private parties. Other aldermen point out that the Railway Department never paid taxes in Halifax before, and suggest the cheque represents some kind of "some money. If the cheque is in payment of taxes it is a mistake, a precedent so far as Halifax is concerned, though there are Canadian cities which assess Government railway property for fire protection purposes."

# WHERE GENOA CONFERENCE MEETS TO CURE EUROPE'S ECONOMIC ILLS

TABLE AROUND WHICH DELEGATES TO GENOA ECONOMIC CONFERENCE WILL GATHER

The birthplace of Columbus and the home of the world's first bank, Genoa, is now meeting place of the greatest statesmen of Europe, gathered to remedy the economic ills of the continent. The sessions of the conference will be held in St. George's palace.

### AFTERMATH OF ROW AT QUEBEC

Soldier, Cause of Trouble, Pleads Guilty to Intoxication—Others Plead Not Guilty.

Quebec, April 10.—Private Benoit, the soldier whose arrest on Saturday night was the cause of a clash between the militia and the police yesterday afternoon, pleaded guilty this morning in the recorder's court to the charge of having been drunk on the streets, but after conferring with Lieut. Col. Chase, he pleaded not guilty to the charge of having assaulted a policeman.

He will be sentenced Saturday and the trials of the other seven soldiers arrested will take place on the same day. They all entered a plea of not guilty.

### ARMED MEN BURN ANOTHER HALL OF ORANGEMEN

Republican Soldiers Take Possession of Donegal Court House, Barring Judge's Entrance.

Belfast, April 10.—Armed men arriving in a lorry at Greyhound, County Wicklow, near Dublin, burned the hall of the Orange Order, and some Masonic Lodges, says a dispatch received in Belfast today. The Orange hall at Bray, about four miles distant, was burned last week.

Armed women today searched Donegal homes for goods made in Belfast. They seized a quantity of onions and also burned Belfast and Londonderry newspapers they found.

Judge Barrad

Armed Republican soldiers, posted outside the Lifford, Donegal, Court House, this morning, refused admission to the Donegal County Court Judge when he arrived to open the Crown session. The soldiers told the judge that only Republican Courts could be held. The judge then left.

### ICE REPORTED NEAR SABLE ISLAND

Evidence That Opening of Navigation is Only Day or Two Distant.

Montreal, April 10.—Ice in the harbor is rapidly disappearing, and there is plenty of evidence that the opening of navigation is only a day or two distant. Various points below Montreal have been reported today that existing open spaces had noticeably enlarged, and that new ones were constantly forming.

### ICE REPORTED NEAR SABLE ISLAND

Canoe, N. S., April 10.—Steam trawler Raymond Or, which sailed for the Banks yesterday, reported by wireless today that she encountered heavy ice extending southward to within fifteen miles of the northeastern end of Sable Island.

### CHARLOTTETOWN HAD FIRE SCARE

Charlottetown, P. E. I., April 10.—A fire starting from leaking oil pipes threatened the electric light station here for a time today, and caused excitement in the east end. The blaze, however, was extinguished before much damage was done.

### MERCURY AT 75 IN NEW YORK CITY

New York, April 10.—The mercury touched 75 degrees and the weather bureau announced it was the warmest April 10 since 1887, when the maximum temperature fell, was 78.

### King Railway Policy To Be Known Today

Announcement Awaited With More Interest Than Attacks to the Budget.

Special to The Standard.

Ottawa, April 10.—The Government's annual railway statement, to which it is expected, will be attached the King Ministry's railway policy, will be brought down in the House tomorrow. It is an announcement that is awaited with infinitely more interest than attacks to the budget, first, because of its financial importance, and second because of its political significance. The statement will reveal just how far powerful Montreal corporation interests have been able to influence the Government away from public ownership. If Mr. Kennedy is able to announce that amalgamation of the Grand Trunk, as distinguished from mere co-ordination, is being carried out, and that public ownership is to be given every chance of success, then the public ownership forces will have achieved the acme of their hopes, and on the other hand, more co-ordination of the Grand Trunk is promised, it will have achieved the acme of their hopes, and on the other hand, more co-ordination of the Grand Trunk is promised, it will have achieved the acme of their hopes.

### GERMAN INFLATION WILL STAGGER GENOA

A Total of 139,372,000,000 Marks Upsets All Calculations on Exchange.

Paris, April 10.—Some idea of the tremendous task facing the Genoa conference, if it decides to seek the immediate stabilization of European exchanges, may be gleaned from the fact that Germany's inflation has reached a total of 139,372,000,000 marks. These figures have just been received by the French Foreign Office from agents in Berlin. They will be used at Genoa, as well as at forthcoming discussions by the Reparations Commission as an argument for allied or international control of German finances before any project for an international loan can be accepted.

### BRITISH GOVT NOTE HAS RING OF GOOD SENSE

Foreign Office Gives Adequate Expression of British Feelings Toward U. S.

London, April 11.—The text of the British Government note accepting the claim of the United States Government for maintenance costs for the American army of occupation in Germany, is published this morning. Commenting editorially on the British reply the Times says:

"It is a pleasure in these troubled days of international rivalries and misunderstandings to be able to approve wholeheartedly of a diplomatic note. We are thankful the Foreign Office has given precise and adequate expression of the feelings of the British nation without the reserve and halting evasions which too often mar our intercourse with our best friends. It is a matter of course that the expense of the Americans should be remembered and as Marquis Curzon (the foreign secretary) says it would be impossible to ignore this right. We wish all moral claims could be so frankly and simply recognized."

The British Government's note says the foreign ministry is communicating with the governments of France and Belgium, hoping that a speedy agreement can be reached for the most convenient method for securing the desired ends.

### GERMAN PROHIBITION STILLBORN ISSUE

Reichstag Sits on Bill Introduced by a Socialist Member.

Berlin, April 10.—Herr Solimann, a Socialist member of the Reichstag, who introduced a bill in the Reichstag today, proposing that Germany study the effect of prohibition in America with a view to adopting a similar law in Germany, met a crushing defeat today. Herr Solimann found little enthusiasm for the bill among the representatives of the Rhine wine region, in which he lives, and even less in the Reichstag. There were only twenty votes for the bill.

### Capt. White To Command Air Squadron

Establishment of squadron in the new military district of Canada, the two Maritime Provinces districts—St. John and Halifax being considered for this purpose. Canada White is one of Canada's most successful aviators, he having brought down 21 German aircraft during the Great War.

### SETTLE DAMAGE CASE OUT OF COURT

Charlottetown, P. E. I., April 10.—The damage suit for \$75,000 brought in the Supreme Court here by the Charlottetown Milling Co. against the Canadian Pacific-Norfolk-More Co. for alleged breach of contract in operation with the capacity of certain machinery supplied by the defendant, has been settled out of court. At the four o'clock session of the court, the suit, which has been filed for a year, was dismissed without costs.

At the four o'clock session of the court, the suit, which has been filed for a year, was dismissed without costs.

### INTERNATIONALES CALL AN "ANTI-GENOA" STRIKE

Berlin Gathering Shouts for the Soviets and An Eight Hour Day.

Berlin, April 10.—The three international groups in a final midnight meeting agreed to disagree, but to ignore their differences in order to present a common front against capital. The minimum program, which they accepted, includes a demand for the eight hour day, support of the Russian revolution and the formation of an international defense organization to protect the rights of workers.

Many Majority Socialists did not welcome collaboration with the Bolsheviks, and nearly caused a schism of the congress by insisting that the Communists explain questions concerning the cancer of liberty in Russia and the Red army's constitution.

Frederick Adler, leader of the Austrian Socialists, sidetracked the argument and induced the three international groups to agree that they had a common interest. The internationales purpose to call out all workers on April 20 and May 1 for a counter Genoa demonstration.

### O. B. U. ORGANIZERS TO VISIT CAPE BRETON

Believed Miners Will Be Under "One Big Union" Before Fall.

Sydney, N. S., April 10.—A prediction of J. B. MacLachlan, secretary of the Nova Scotia District of United Mine Workers, "that the One Big Union would be in the saddle in Cape Breton before the leaves fall" was recalled, tonight, when it was reported that organizers of the O. B. U. had promised to visit the mining centers.

Mr. MacLachlan, who is secretary of the O. B. U., is too conservative. Miners' unions in the Glace Bay district have unanimously adopted resolutions expressing appreciation of the action of the federal parliament in debating the mining problem in Nova Scotia.

### GREAT BRITAIN TO GET BRACKLEHURST

Charged With Having Murdered Captain of British Schooner Lewis Brothers.

Key West, Fla., April 10.—Federal officials here were today notified that the State Department at Washington had granted the British request for extradition of Vernon Bracklehurst, who is charged with the murder of Lewis Brothers in the schooner Lewis Brothers in the Atlantic Ocean.

### SETTLE DAMAGE CASE OUT OF COURT

Charlottetown, P. E. I., April 10.—The damage suit for \$75,000 brought in the Supreme Court here by the Charlottetown Milling Co. against the Canadian Pacific-Norfolk-More Co. for alleged breach of contract in operation with the capacity of certain machinery supplied by the defendant, has been settled out of court. At the four o'clock session of the court, the suit, which has been filed for a year, was dismissed without costs.

# UNITED STATES CAN SAVE WHOLE WORLD FROM BANKRUPTCY

### Parliament Sees Curious Division

### Meighen and Followers Line Up With Premier King and Cabinet.

Ottawa, April 10.—The House today witnessed a curious division. It was on a private members' motion and found, on the one side, the Prime Minister and his Cabinet, the great majority of Liberals, Hon. Mr. Meighen and a majority of his followers, and a minority of the Progressives; on the other, Hon. T. A. Crerar, leader of the National Progressives, the greater part of his followers, thirteen Liberals, an Independent and two Labor members. The division came on a motion by J. B. Woodworth, Labor member for Winnipeg Centre, to censure the activities of the Royal Canadian Mounted Police "in territories not included in any Province of Canada." The resolution, it is interesting to note, was seconded by Miss Agnes MacPhail. Debate therein occupied practically the whole afternoon, the resolution being finally defeated by 101 to 44—a majority against of 57.

Hon. G. P. Graham, Minister of Militia, admitted in the course of the debate that reduction in the strength of the Canadian Mounted Police was planned and that, so far as practicable, the activities of the force would be confined to the unorganized territories.

He submitted figures showing that the total debts and indemnities, excluding Russia, is equal to two-thirds of all the world's exports and imports trade in 1913. He pointed out that these obligations must be paid from the profits—not from the total volume of trade. He said that any nation forced to bear a burden beyond its capacity would impose a strain upon credit which would result in collapse like that of Russia.

Mr. Goodenough was careful to explain that he put forward no definite solution, believing that America preferred to solve such problems herself, as a matter of fact she had a perfect right to do so. But he continued his remarks with the suggestion that the United States should take the lead in this respect, as proposed by Robert H. Taft, Chairman of the Warrenton, whereby the American Government would accept Germany or other loans raised by the British or the French Government, secured by definite political agreements as to sinking funds and guaranties of such bonds, he asserted, would find a ready market throughout the world and enter ordinary commercial channels without the disturbing effect of the present system of direct payments by one Government to another. His words were greeted with unanimous applause.

### EXPENSIVE FOR NOVA SCOTIA GOVT

Expended \$1,560,382 on Hydro Electric Development—Power Company to Distribute Energy.

Halifax, N. S., April 10.—That the Nova Scotia Government had expended \$1,560,382 on hydro-electric development up to the last fiscal year, September 30, 1921, was shown by the second annual reports of the Provincial Power Commission, tabled in the House of Assembly today by the chairman, Hon. E. H. Armstrong. On the St. Margaret's Bay development, the expenditure was \$1,560,382; the balance of the development, complete and a contract has been made with the Nova Scotia Power Company to distribute power in Halifax, on the St. John's Bay development, which is intended to supply Lunenburg County with power, \$45,574 had been spent. Administrative expenses amounted to \$1,560.

The Power Commission is contemplating developing Massey Falls on West River, Sheet Harbour, to supply Pictou County. A plant of 6000 kilowatts, with a capacity of 5,000,000 kilowatt hours, would cost \$1,000,000, and power could be sold at two cents per kilowatt hour, including cost of distribution, the reports say.

### SETTLE DAMAGE CASE OUT OF COURT

Charlottetown, P. E. I., April 10.—The damage suit for \$75,000 brought in the Supreme Court here by the Charlottetown Milling Co. against the Canadian Pacific-Norfolk-More Co. for alleged breach of contract in operation with the capacity of certain machinery supplied by the defendant, has been settled out of court. ### America, to Do So, Must Consent to Better Methods and Easier Payments.

### AMERICANS IN LONDON HEAR HARD FACTS

### Chairman of Barclay's Bank Discusses Economic Conditions and Duty of U. S.

(Copyright, 1922, by the New York Herald.)

London, April 10.—Although Great Britain is determined to pay her debts and though she seeks widespread readjustment of the amounts of German indemnities and her own international debts, unless American consent to better methods and easier payments, it will mean the bankruptcy of the whole world—including America. Such was the opinion given to the American Chamber of Commerce in London by Frederick C. Goodenough, chairman of Barclay's Bank Limited, at a luncheon at the Hotel Cecil today. Mr. Goodenough spoke in a friendly atmosphere for every American doing business abroad wants to see financial questions settled. Most of the London representatives of important American interests agree to the British thesis for settlement. Mr. Goodenough's suggestion amounts to the reduction of indemnities within Germany's clear capacity to pay, devising a method of payments such as to avoid the periodical disturbance of the entire exchange and commercial markets. It met with general approval.

He submitted figures showing that the total debts and indemnities, excluding Russia, is equal to two-thirds of all the world's exports and imports trade in 1913. He pointed out that these obligations must be paid from the profits—not from the total volume of trade. He said that any nation forced to bear a burden beyond its capacity would impose a strain upon credit which would result in collapse like that of Russia.

Mr. Goodenough was careful to explain that he put forward no definite solution, believing that America preferred to solve such problems herself, as a matter of fact she had a perfect right to do so. ### MARITIME MEMBERS AT OTTAWA REGARDLESS OF PARTY JOIN IN DRIVE TO HELP ST. JOHN

#### Press Upon Minister of Public Works Necessity of Warehouse Here, or Cold Storage Plant, for Farm Produce Intended for Overseas Shipment.

Ottawa, Ont., April 10.—(By Canadian Press.)—Officials of the Department of Public Works are making enquiries at St. John and other ports looking toward the establishing of facilities enabling the year-round shipment of potatoes. This statement was given in the House of Commons tonight by Hon. J. H. King, Minister of Public Works, following a general appeal from Maritime members of parliament, the subject came up on a resolution by T. W. Caldwell (Progressive, Charlottetown-Victoria) asking the Government to provide proper terminal facilities for the handling of potatoes at St. John. Following Mr. King's statement that resolution was withdrawn.

The appeal was strongly supported by Hon. J. H. King, (Conservative, York-Sunbury), O. Ferguson (Liberal, Gloucester), George B. Jones (Conservative, St. John), and L. H. Massey (Liberal, Antigonish).

Mr. Caldwell pressed for a definite assurance that the terminal warehouse would be constructed. "I wish to see that the export of potatoes, I have had experience," he added. Mr. Caldwell said that until recently, New Brunswick potatoes had been shipped through the port of Boston. By a ruling of the Canadian Railway Board the freight on these potatoes had to be paid in American funds for the entire distance, although United States Inter-State Commerce Commission permitted a shipper to Canada to pay the freight on the Canadian section of the journey in Canadian funds. As a result of this ruling by the Canadian Railway Commission it cost \$2.50 per barrel in Canadian funds, to ship Canadian potatoes through Boston to a firm when they were selling at \$4.00 per barrel in Cuba. If it had been possible to ship direct from St. John, the freight would have been 50 cents per barrel and the dealer could have \$3.50 per barrel in St. John for the potatoes. Mr. Caldwell appealed to the Government to establish a frost-proof warehouse at St. John, open to all farmers, but suggested that the dealers who had already established such a warehouse should be given an opportunity to turn over their plant to the Government. It is generally pointed out that for some years the American market had been an effectively closed against Canadian potatoes by an embargo as it was now by the Purday tariff. Through the enterprise of the Canadian Pacific Steamship Company a direct service had been given to Cuba this year.

### JAP FISHERMEN CAUSE TROUBLE ON FRAZER RIVER

#### Fisheries Conditions in British Columbia to be Investigated by Gov't.

Ottawa, April 10.—The standing committee of the House on Marine and Fisheries is to investigate fisheries conditions in British Columbia and, more particularly, the depletion of the salmon fisheries of the Fraser River. W. O. Macquarrie (Conservative, New Westminster) brought the question up in the House tonight with a motion of reference to the committee indicated.

Mr. Macquarrie dealt at length with the effect of the coming of Japanese fishermen to British Columbia. These people have gradually monopolized the fishing industry, and they were getting larger numbers of licenses each season. The trouble was that though a day must be intermitted, he never seemed to die and his license was in use many years after his death.

T. W. Caldwell, Victoria-Carleton, N. B., supported the resolution in a brief speech, but expressed regret that it was limited to the Fraser River. He would like to see it include all the salmon rivers, including the St. John River.

Hon. Ernest Lapointe, Minister of Fisheries, said the problem was international in character and could be dealt with only by joint action between Canada and the United States. A treaty had been negotiated in 1908 and again in 1920 on the subject, but both treaties had failed of ratification by the American Senate. However, Mr. Lapointe had no objection to the resolution carrying. The Fisheries Commission could begin the investigation by hearing the evidence of the officials, and the question of calling other witnesses could be considered later.

Mr. Caldwell pressed for a definite assurance that the terminal warehouse would be constructed. "I wish to see that the export of potatoes, I have had experience," he added. Mr. Caldwell said that until recently, New Brunswick potatoes had been shipped through the port of Boston. By a ruling of the Canadian Railway Board the freight on these potatoes had to be paid in American funds for the entire distance, although United States Inter-State Commerce Commission permitted a shipper to Canada to pay the freight on the Canadian section of the journey in Canadian funds. As a result of this ruling by the Canadian Railway Commission it cost \$2.50 per barrel in Canadian funds, to ship Canadian potatoes through Boston to a firm when they were selling at \$4.00 per barrel in Cuba. If it had been possible to ship direct from St. John, the freight would have been 50 cents per barrel and the dealer could have \$3.50 per barrel in St. John for the potatoes. Mr. Caldwell appealed to the Government to establish a frost-proof warehouse at St. John, open to all farmers, but suggested that the dealers who had already established such a warehouse should be given an opportunity to turn over their plant to the Government. It is generally pointed out that for some years the American market had been an effectively closed against Canadian potatoes by an embargo as it was now by the Purday tariff. Through the enterprise of the Canadian Pacific Steamship Company a direct service had been given to Cuba this year.

O. Ferguson, appealed to the Government to establish a frost-proof warehouse without delay. He suggested that the Minister of Public Works (Hon. J. H. King) should use his influence on behalf of his native province.

George B. Jones said that New Brunswick potato growers lost the American market through the high duty placed on potatoes by the United States. The situation was such that the Government should give every assistance in its power. New Brunswick had also lost the United States market through the high duty placed on potatoes by the United States. The situation was such that the Government should give every assistance in its power. New Brunswick had also lost the United States market through the high duty placed on potatoes by the United States. The situation was such that the Government should give every assistance in its power.

Mr. Caldwell pressed for a definite assurance that the terminal warehouse would be constructed. "I wish to see that the export of potatoes, I have had experience," he added. Mr. Caldwell said that until recently, New Brunswick potatoes had been shipped through the port of Boston. By a ruling of the Canadian Railway Board the freight on these potatoes had to be paid in American funds for the entire distance, although United States Inter-State Commerce Commission permitted a shipper to Canada to pay the freight on the Canadian section of the journey in Canadian funds. As a result of this ruling by the Canadian Railway Commission it cost \$2.50 per barrel in Canadian funds, to ship Canadian potatoes through Boston to a firm when they were selling at \$4.00 per barrel in Cuba. If it had been possible to ship direct from St. John, the freight would have been 50 cents per barrel and the dealer could have \$3.50 per barrel in St. John for the potatoes. Mr. Caldwell appealed to the Government to establish a frost-proof warehouse at St. John, open to all farmers, but suggested that the dealers who had already established such a warehouse should be given an opportunity to turn over their plant to the Government. It is generally pointed out that for some years the American market had been an effectively closed against Canadian potatoes by an embargo as it was now by the Purday tariff. Through the enterprise of the Canadian Pacific Steamship Company a direct service had been given to Cuba this year.

### INTRA-PROVINCIAL LABOR CONFERENCE

#### Being Considered for Purpose of Discussing Eight Hour Day Proposal.

Ottawa, April 10.—(Canadian Press.)—The calling of an inter-provincial conference to discuss the eight-hour day and other conventions of the International Labor Conference held at Washington, under the aegis of the League of Nations, in October and November, 1919, is now being considered. It was stated in the House today in reply to a question by A. W. Neil (Independent, Comox-Alberni). Mr. Neil also asked if the Government was prepared to authorize the eight-hour day on all Government contracts. The reply stated that the practice with respect to works performed for the Dominion Government required that the working hours shall be in conformity with the practice of law of the locality. "Since the provisions are understood to have the representations of the convention under consideration in the opinion of the Government a change of practice only serve to create a misconception and confusion as to the position of the Province in dealing with this matter," the answer concludes.

For Colds, Grip or Influenza and as a Preventive take Laxative BROMO QUININE Tablets. The genuine bears the signature of Dr. W. Groves. (Be sure you get BROMO) Use. Made in Canada.

TEA PRICES RISING. Rumor has it that the labor unrest and general dissatisfaction in India, the largest tea producing country in the world, have made production so expensive and hazardous as to bring a high price for tea in the near future. The estimated consumption this year will be much larger than the crop available.

### VERY SAD ACCIDENT OCCURRED AT CALAIS

#### Seventeen Year Old Boy Accidentally Shot and Killed Himself While Cleaning Revolver.

Special to The Standard. St. Stephen, April 10.—A very sad accident occurred in Calais, Sunday evening, when Carl, son of Dr. Chas. Armstrong, of Robinson, accidentally shot and killed himself while cleaning a revolver. The young man, who was 17 years of age and who lives with his grandmother, Mrs. Karlenburg, of Calais, had been in the woods Mayflowering in the afternoon and in the evening returned to his room, taking his revolver with him. Shortly after he had gone upstairs Mrs. Karlenburg heard a shot and thinking it was some one in the yard went out to investigate. Finding nothing he started for the house when he noticed a light in the boy's room and on going up he found him dead. The bullet had entered his chin and gone through to the head. Much sympathy is felt for his father, as the young man was very bright and a favorite. He was a student at the Calais High School.

### TRIBUTE TO NURSES OF NEW GLASGOW

#### Inspector of Victorian Order Speaks Words of Praise for Their Work.

Ottawa, April 10.—Tribute to the fine service of the district nurses in Sydney and New Glasgow was paid by Miss Jessie Forsshaw, R. N., Inspector for the Victorian Order of Nurses for Canada, who has just returned from a tour of the Eastern Provinces. Much sympathy, she said, is felt for the nurses, who work long hours, evening shifts, and in many cases of lowered vitality and specific instances of hardship had been encountered by the staff nurses, said Miss Forsshaw. Like other members of their profession, they had worked long hours, evening shifts, and in many cases of lowered vitality and specific instances of hardship had been encountered by the staff nurses, said Miss Forsshaw. Like other members of their profession, they had worked long hours, evening shifts, and in many cases of lowered vitality and specific instances of hardship had been encountered by the staff nurses, said Miss Forsshaw.

### Died

WAGE—Entered into Life, Sunday April 9th, Mary D. beloved wife of John B. Mapp. Funeral service from St. Andrew's Church, 2:30 p.m.

### CHIEF SOVIET DELEGATE HOODOOED BY A TOP HAT

#### Tchitcherine Buys One to Wear at Genoa, Then Carries Off a Bride's Luggage, Losing His Own, and Reaches Italy With Hat But No Frock Coat.

Genoa, April 10.—Georgievitch Tchitcherine, Soviet Foreign Minister and chairman of the delegation of the workers and peasants Soviet Republic, bought a high top hat in Genoa on route to Genoa to attend the conference. He bought the "topper" on impulse, for he is of an unpretentious disposition and it is a well known fact of the Foreign Office in Moscow that severe simplicity must define. But Mr. Tchitcherine had not been long in Genoa when he was surprised to see a man of the Italian Government without a frock coat, and he immediately recognized the man as the Soviet chief delegate. Tchitcherine eventually arrived in Genoa, his new hat had become a swag concealed in his case. He, however, expects to make a sensational appearance at the opening of the conference—if his concealed frock coat can be recovered.

### CAPE SABLE ISLAND WANTS NEW BRIDGE

#### Petitions Nova Scotia Assembly Requesting Construction of One to Connect Mainland.

Halifax, April 10.—A petition from the residents of Cape Sable Island, requesting the construction of a bridge to connect the island with the mainland, was presented to the House of Assembly today by Hon. H. Armstrong, Minister of Public Works and Mines. Cape Sable Island, with a population of five thousand, is one of the most important communities for fishing in the province. It is separated from the mainland by a strait or shallow water about a quarter of a mile wide. A report was submitted showing the Nova Scotia had borrowed \$1,100,000 from the Dominion Government's housing fund, and re-located the money to various cities and towns.

### GERMANY REFUSES ORDER OF ALLIES

#### Cannot Consent to Proposed Control of Its Revenues and Expenditures.

Paris, April 10.—The German reply to the note of the reparations commission which fixed the conditions upon which Germany would be granted a partial moratorium on her reparations payment was received this afternoon. It is regarded in French official circles as tantamount to a refusal to accept the conditions, although couched in conciliatory language. The German Government says it cannot consent to the proposed control of its revenues and expenditures. It is unable to impose additional taxes to the amount of 60,000,000 marks as asked by the commission.

### MAIL TUBES AS BAR TO ROBBERIES

#### Representative Rosedale of New York Appeals to House for His Proposal.

Washington, D. C., April 10.—Representative Rosedale (New York) in a letter today petitioned every member of Congress to vote for restoration of the pneumatic mail tube system in New York city. He was employed in the post office of New York for ten years and has the most knowledge of the postal system. Mr. Rosedale declared that the recent \$2,000,000 mail robbery in New York was only possible because the mail was being removed from one point to another in motor trucks, and pointed to the fact that in the twenty years in which the tube service was operated, no loss in registered mail was infinitesimal. "Had the tubes been in operation this robbery would not have occurred," he added.

### SUPREME COURT

As the result of an application for a writ of quo warranto, the right of Robert Crossman and Herman E. McLeod, who finished first and second in the recent municipal elections, to hold office as councillors for the Parish of St. Martin, will come before the Supreme Court, Appellate Division, which sits at Fredericton today. An application will be made by G. H. V. Polson, acting on behalf of H. A. Howard, who received the smallest number of votes of the seven candidates who were up for election, asking for an order for a writ of quo warranto to show cause by what authority these two men are holding office as councillors. Mr. Howard will have his application, which he has filed, and the two men were not notified, as they did not have the necessary property qualifications; also, that they did not file with the county secretary a certificate of oath of office within thirty days after the election as prescribed by the municipalities act. William M. Ryan will represent the two councillors.

Another case scheduled for today is an appeal from the decision of the Justice of the Peace in the matter of Austin vs. McCaslin, a suit regarding some property in the north end which was decided in favor of the defendant. F. R. Taylor, R. C. and W. R. Scott will represent the appellants and M. G. Todd, R. C. and G. H. V. Polson, the respondent.

### MAY OPEN WAY FOR STRIKE SETTLEMENT

#### Attorney General Dougherty Arrives, Unannounced, at Indianapolis, Strike Headquarters.

Indianapolis, Ind., April 10.—With a view of opening the way for possible settlement of the nation-wide suspension of work by coal miners, Attorney General Dougherty arrived today, unannounced, at Indianapolis, strike headquarters. After a conference with Federal Judge A. H. Anderson, he declared he did not know whether discussion "was possible or practical at this time," of the indictments charging 336 coal operators, union leaders and others with conspiracy to violate the Sherman anti-trust law. Mr. Dougherty asserted that he was seeking "certain information bearing on the nation-wide suspension of work because, he said, the Government is desirous of knowing all it possibly can regarding the situation."

### NOT COMPELLED TO MAINTAIN NAVY

#### Ottawa, April 10.—There is no agreement between the imperial authorities and the Canadian Government to maintain the Canadian warships Aurora, Patriot and Parlician and the three torpedo boats now in service. This information was tabled in the House of Commons today, in reply to questions by E. C. St. Pierre (Liberal, Hochelaga, Hon. G. P. Graham stated that the vessels were of use for naval training purposes, and in case of an emergency for the protection of Canadian marine interests and Canadian ports. The crews were composed largely of Canadian recruits. Only four officers were on loan from the Imperial Navy. All officers and men loaned from the Imperial Navy were being replaced by Canadians as quickly as the latter can be trained.

### THE AUSTRALIAN WAS DISQUALIFIED

#### London, April 10.—In the heavy-weight fight here tonight between Beckett and Cook, the Australian, the latter was disqualified in the fifth round for holding.

### FORCED TO QUIT IN FOURTH ROUND

New York, April 10.—(Canadian Press)—Tom Herscovitch, Canada's welterweight champion, wrenched his knee so badly in the third round of his scheduled 12 round bout with Jimmy O'Grady at the Star Sporting Club in Harlem tonight, that he was unable to respond for the bell in the fourth round.

### Why Spring Brings Out Freckles and Eruptions

The sudden appearance of freckles, slight eruptions or fine lines at this season is attributed by scientists to the "actinic ray," which is unusually active during the spring months. Where the skin is so affected by this influence, it can be procured an ounce of ordinary maceless wax at any drug store, apply a little of it before retiring, like cold cream, the trouble can easily be overcome. When the wax is washed off next morning minute oily skin particles come with it. The entire outer cuticle is removed in this way in a week or two, with all its defects. No bleach could so effectively remove freckles, moths patches, liver spots, pimples, or other unsightly blemishes. The new surface is smooth, clear, fresh looking, youthful. No harm or inconvenience accompanies this simple treatment.

### WOMEN SIGN NAMES ON NEW STOCKINGS

#### The Newest Fad in Embroidery Shown at New York Fashion Show.

Atlantic City, April 10.—Instead of the plain socks the ultra-fashionable women's stockings of this season will have the wearer's name spelled out in full, it was shown at an exhibit this afternoon at the close of the first annual fashion show here. Where the names are long they start just below the knee and end at the shoe top. The letters are either embroidered or beaded and are in harmony with the color of the stockings. Promoters of the show predict that the fad will spread rapidly.

### When Baby Complains.

THERE ARE MANY WAYS a baby has of expressing any pain or irregularity or digression from its normal condition of health and happiness. A short sharp cry, a prolonged irritated cry. Restlessness, a constant turning of the head or of the whole body, fretful. In these and other ways a baby tells you there is something wrong. Most mothers know that a disordered stomach, or bowels that do not act naturally are the cause of most of baby's sufferings. A call for the doctor is the first thought, but in the event of any delay there should be ready at hand a safe remedy such as Fletcher's Castoria. Castoria has been used for baby's ailments for over 30 years and has merited the good will of the family physician in a measure not equalled by any other baby's medicine because of its harmlessness and the good results achieved. And remember this! Castoria is essentially a baby's remedy and not a cure-all for every member of the family. What might help you is too often dangerous when given to a babe.

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it teaches your innermost soul. Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" as a "just-as-good."

GENUINE CASTORIA ALWAYS Bears the Signature of

Wm. D. Fletcher

### Flanders And France Re-Visited

Delightful and interesting Travelogue Address Delivered by Mrs. E. Atherton Smith Last Evening.

The hall of the Natural History Museum was filled to capacity last evening on the occasion of the travelogue address, "Flanders and France Re-Visited," delivered by Mrs. E. Atherton Smith, who made a journey to these places in the spring of 1920. The speaker's program was under the auspices of the Local Council of Women, and the meeting was presided over by Mrs. R. J. Hooper. The audience listened with attention to Mrs. Smith's address, which proved to be one of the most interesting ever given to a local audience. At the close of her address a hearty vote of thanks, moved by J. Fraser Gregory, was tendered to the speaker, who was also made the recipient of three beautiful bouquets.

In opening her address, Mrs. Smith told her audience that it had been her greatest desire since the ending of the armistice, to make a pilgrimage to the scenes which commemorate the heroic deeds of those brave men who now lie in France and Flanders. Plans were made accordingly and, with the Melita sailed for Liverpool in March, 1920, among those who took passage were Mr. and Mrs. Smith, together with a large party of St. John people who were on their way to visit the Old Country. The voyage was a splendid one from all angles, and the party enjoyed every minute of it. Arriving in Liverpool, the party spent a few days in that city before proceeding to London.

The speaker described the country through which they passed on their way to the English metropolis as a country which to see was to love, and she incidentally mentioned that it was her intention to give another travelogue talk at some future date on the subject, "From London Through the Heart of England, by Auto." At the time the party arrived in England the country was threatened with a general strike of the railroad systems on account of a general strike, and they decided to proceed immediately to the continent before a paralysis of transportation lines occurred. It was late in the afternoon when they went down to Dover to take passage for France, the country presented a most extraordinary appearance. The party passed through Boulogne and spent a short time in Folkestone, through which 4,000,000 soldiers were transported on their way to France during the war. The army of occupation was just returning to England at that time and were being held in Folkestone in readiness for mobilization should the need develop to such an extent as to warrant the need of soldiers.

Mrs. Smith briefly dealt with her first impressions of France and Belgium upon her arrival there. She told of visiting Ostend, famous for the stirring episode which occurred at Zeebrugge during the late war. The first auto trip which the party made in this country was taken to Zeebrugge for the purpose of viewing the world famous mole, the immense sand dunes which the Belgian army had fortified. From there a visit was paid to Bruges, a quaint old town and the real liner submarine base of the German navy, and a trip was also made to Ghent, the last Belgian town to be liberated before the armistice. Mrs. Smith said that she scarcely saw any smiling on her pilgrimage through war-torn Flanders.

After passing through war-torn fields and scenes of devastation, they finally came to St. John's. The Canadian troops covered themselves with glory, and where a permanent Canadian memorial will soon be erected on grounds set out by the Belgian Government, just east of Passchendaele, another scene of Canadian gallantry during the war.

The speaker described vividly the scenes around the Tyros salient, the last resting place of thousands of British heroes, and the place where the greatest battle the British Empire has ever had to fight was waged. On the itinerary the party passed St. Kemmel, Arras, Ypres, Passchendaele, and other places of historic interest, and all the way, in view, were German dug-outs and miles of barbed wire. They travelled to Brussels by rail, and visited Malines, Antwerp, Louvain, and the field of Waterloo, among other places of interest.

### Central Choir Sacred Concert

Large Audience Greatly Enjoyed Programme Given Under Direction of Professor J. U. Brander.

Under the direction of A. U. Brander, the choir of Central Baptist church gave their fifth concert last evening and the programme proved delightful throughout. Special mention might be made of "The Cherub Hymn," a fine example of unaccompanied music of the Russian church, "By Babylon Wave," written by Gounod at the time of the German occupation of Paris in the seventies, and "God is Watching Over All," sung by the Central Ladies Chorus, and rendered with exquisite finish.

Mr. Mathewson, suffering from a severe cold, delighted his audience with his rendition of "The Ninety and Nine," and Mr. Thomas gave a fine interpretation of "Like a Tree in the Wind." Mr. Mathewson was heard with pleasure in John Priddle Scott's "The Voice in the Wilderness," and Miss Drown's solo, "All in an April Evening," was sung with the devotional spirit that was so in keeping with the text. Miss Bertie Campbell was to have sung Gounod's "Oh Divine Redeemer," but was obliged to cancel same, on account of a severe cold.

This concert marked the appearance of Miss Nan Powers, and Miss Julia Crawford, two talented readers, whose work was greatly enjoyed and who were obliged to respond to accolades. Miss Beryl Blanch presided as organ, and her sympathetic accompanying added greatly to the success of the evening.

The programme is as follows: Anthem—Sing Oh Heavens Sullivan; Mr. Mathewson and Choir; Tenor solo—Ninety and Nine; Douglas Mathewson, Canto; Reading—The Signal; Miss Nan Powers; Anthem—Cherub Hymn; Tchaikovsky; Central Choir; Tenor solo—The Voice in the Wilderness; Wm. Mathewson; Ladies' Chorus—God is Watching Over All; Central Ladies' Chorus; Bass solo—Like as the Hart, Alliston; Douglas Thorne; Reading—Nuncius; Miss Julia Crawford; Anthem—Sanctus (St. Cecilia Mass); Gounod; Alto solo—All in an April Evening; Diach; Miss Nita H. Brown; Anthem—Babylon Wave; Gounod; Central Choir; Miss Beryl Blanch, organist.

**PERSONALS**  
J. D. Palmer of Fredericton was in the city yesterday and was registered at the Royal.  
Dr. Clarence Webster of Shediac was a visitor in the city yesterday and was registered at the Royal.  
Mrs. A. B. Houlden of Moncton was a visitor in the city yesterday.  
Mrs. G. G. Mathewson and Mrs. A. G. Turner were guests at the Victoria yesterday.  
Mrs. Margaret Ennis, New York, and Mrs. Mary O'Connor, Woodstock, came in on the Boston train yesterday to attend the funeral of their sister, Mrs. Annie Ryan.  
Mr. and Mrs. A. J. Lee, London, who have been in the city for the past ten months on a visit to their daughter, Mrs. W. L. Young, 102 Portland street, left for home on Saturday on the steamer Montcalm. Mr. Lee is the owner of a large taxicab business in London.  
J. M. Woodcock, general superintendent of the C. P. R., and N. R. DesBrisay, district passenger agent, left last night for Montreal on official business.  
H. G. Rogers, of St. John, settled on the Montcalm on Saturday evening for a two months' trip to England, France and Belgium.  
Miss Corinne Comeau returned home on Saturday after a pleasant visit of several weeks in Ottawa and Montreal.  
D. Mettlin, K. C. left yesterday for Fredericton to attend at the court of appeals, and will likely be away until Saturday.

**WAS TROUBLED WITH HER LIVER FOR OVER 4 MONTHS**  
When the liver becomes slow, stagnant and torpid it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow among which are, sick or bilious headache, nervousness, water-brush, jaundice, fainting spells before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

### HEALTH MESSAGE TO THE WORLD

Take "Fruit-a-tives" And Make Yourself Well

"Fruit-a-tives," the marvelous medicine made from fruit juices and tonics is the most beneficial medicinal agent that has ever been given to mankind. Just as oranges, apples, figs and prunes are nature's own medicine, so "Fruit-a-tives"—made from these fruit juices—but concentrated and vitalized—is the greatest stomach and liver medicine—the greatest remedy for Headaches, Constipation, Indigestion, Nervousness and Bad Complexion—in the world.

To be well, take "Fruit-a-tives." 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

### Cases Dealt With In Police Court

Lemon Extract Case—Second-Hand Store Dealers Fined—Other Cases Heard.

In the police court yesterday afternoon, two liquor cases were taken up, and both postponed until Monday afternoon. Roukes Tobias, charged with keeping liquor for sale on his premises, 71 Erie street, on Saturday, pleaded not guilty and case was set over until next Monday. Irvine Appleby, charged with selling lemon extract for beverage purposes, on April 6, pleaded not guilty, but afterwards withdrew his plea. J. A. Barry appeared for the defendant on Saturday and case was set over until Monday next.

Two by-law cases were dealt with in the police court yesterday morning. Isaac Williams and Joseph Gilbert pleaded not guilty to the charge of keeping their second hand stores open after nine o'clock on Wednesday evening. Sergeant McLeese, and Policeman Dykeman and Coughlan testified that they had entered both stores shortly after 9.30 o'clock on the evening in question, and had found the defendants in their respective places of business with the lights on. The defendants were each fined \$30.

May Dobson pleaded not guilty to a charge of wandering about and not giving a satisfactory account of herself. Policemen Dykeman and Coughlan testified that they saw her with her brother-in-law, James Dobson, at about 11.30 o'clock on Saturday night. The witnesses said that the man was drunk, and that neither could give a satisfactory account of their actions, and were locked up. The defendant was remanded for eight men and one woman were charged with drunkenness, and the men pleaded guilty to the charge, but the woman said that she had had nothing to drink. Policeman Ouellet of seeing her go into a cafe about 9.30 o'clock on Sunday night, and of seeing her staggering down the street at about 11.30 o'clock. She was placed under arrest. All the defendants were remanded after being warned that they were liable to fines of from \$200 to \$250 each.

**EGZEMA**  
Dr. J. C. Dore returned yesterday from St. Stephen where he was on a visit to relatives.

### GERMAN ENVOY TO U. S. WOULD FORGET PAST

Dr. Wiedfeldt Wants to Deal Only With the Problems of Today.

Berlin, April 10.—Dr. Otto Wiedfeldt, the new German Ambassador to Washington, told The New York Herald correspondent today that the recent speech of Alanson H. Houghton, the new American Ambassador to Berlin, tallied exactly with his views on German-American relations. "Not only was his speech inspired by a spirit of justice," said Dr. Wiedfeldt, "but also was proof of extraordinary clear sight. Mr. Houghton's opinion of the necessity of putting aside war guilt meets my whole-hearted approval. "As a manufacturer I would put aside the questions of the past and concentrate my attention upon the problems of the present and the future. My attitude means no tacit acceptance of other stand on the question of war guilt. It is inspired merely by the feeling that the past, about which volumes could be written, would only hamper the spirit of straightforward business which it is my intention to represent in America."

### AT THE HOSPITALS

Cyril Creary, an electrician of 377 Main street, who was removed to the General Public Hospital yesterday morning after sustaining a cut over the eye and injuries to the back by being struck by the arm of an electrical crane on which he was working at the Sugar Refinery, was reported to be fairly comfortable at an early hour this morning.

James Gibbs, of the C. G. M. M., who was admitted to the infirmary some few days ago suffering from pneumonia, is reported to be in about the same condition as when admitted. Michael L. Barret, who is being treated at the infirmary for injuries received in a railway accident at the Union Depot, Saturday night, is reported to be improving.

### CORNS, WARTS, BUNIONS, PAINLESSLY REMOVED

Don't limp any longer, don't suffer another hour from corns. The oldest remedy and the best, the one that for fifty years has proved a true success, will lift out corns in a hurry. Putnam's Painless Corn and Wart Extract is the one remedy to use. Refuse a substitute, 50c. everywhere.

### ENJOYABLE CONCERT

St. Mary's Band gave a very enjoyable concert, last evening, to the inmates of the Provincial Hospital, Fallville, and their programme of musical selections proved a rare treat to the audience. At the close of the concert, refreshments were served to the members of the band. The band are planning to visit the Boys' Industrial Home on Thursday evening of the week, where they will give a concert.

### LIQUOR CASE

An interesting case, which concerns the legality of the sale of liquor in New Brunswick for shipment into the United States, will be argued before the full bench of the Supreme Court, appeals division at Fredericton today. It is the case of the King vs Ritchie, ex parte Percy Hand. The case arose over the seizure of a truck load of whiskey, said to have been the property of Pope D. MacKinnon, by local liquor inspectors, after which Mr. Hand was charged with illegal sale. The defendant took out an injunction against the chief inspector to

### restrain him from holding the liquor

and the matter was argued before the Supreme Court, which referred it back to Magistrate Ritchie, but upholding the decision made in some of the other provinces that liquor could be sold for legitimate export purposes. The magistrate, however, found that it was not a bona fide sale for export purposes and gave his decision against the defendant. An order for certiorari was granted by the Supreme Court returnable today. Dr. W. B. Wallace, K. C. and W. M. Ryan, will appear on behalf of the police magistrate and Dr. F. K. Taylor, K. C., on behalf of the appellants.

### The Easter Breakfast—Premium Bacon and Eggs

BROOKFIELD Eggs served with tender slices of Premium Bacon—fried slowly, so that not a bit of its wonderful flavor is lost! Of all the delicacies that make Easter breakfast especially delightful in all parts of the world, nothing is more appetizing, more satisfying, than this distinctively Canadian dish. Each slice of Premium Bacon is a masterpiece of delicate flavor. Evenly-streaked meat from correctly-fed, tender young pigs—sugar-cured, and given a delightful tang by hanging over the smoke of hardwood fires—such is

### THE HIGH 'VITAMINE' ICE CREAM IS PURITY

PURITY HEATHIZED ICE CREAM is known as the "High Vitamine" Ice Cream because scientific experiments have shown that Heathization protects the precious vitamins which exposure to the air destroys.

Don't overlook the importance of vitamins. And don't forget that science has proved that exposure to air reduces and often destroys the vitamins in foods.

Vitamines are the mysterious elements of food which promote growth and health. The greater the supply of vitamins the stronger and the healthier you are.

Eat PURITY HEATHIZED ICE CREAM, the "HIGH VITAMINE" ice cream. If your dealer hasn't it, go to a Purity Dealer.

Remember, if it isn't Purity it isn't Heathized.

## YESTERDAY'S PRIMARIES

Probably the first thought that came into the minds of the citizens of St. John last night when they learned the results of the polling was that a clear victory had been gained by the opponents of the civic distribution scheme. At first sight it would perhaps strike most people that way, but yesterday's polling was only the preliminary skirmish, and the real fight will not be pulled off until the 24th inst. Of course we will probably be told that Mr. McLeellan's strength has been so plainly demonstrated that there is no possible room for doubt as to the final result, but elections are peculiar things, and in the next fortnight, the citizens will have plenty of opportunity for thinking quietly over the situation, and contemplating just what they would be getting themselves and the city in for, if they elect Mr. McLeellan mayor.

Admitted that he is a man of varied experience, who is no stranger to city hall and civic life, but the trouble is that with him in the middle, there is no telling what direction he would cause the steed to take, nor what pace he would ride at. Compared with him Mayor Schofield might perhaps be called slow, but at least he can be depended on not to take the bit in his teeth and run away. We want enterprise in civic affairs, and we want safe and sane progress; but we don't want to rush blindfold into any scheme—no matter how promising it may appear to be—until we are assured that we will not ultimately be landed into all sorts of trouble and complications.

## GOING BACK ON A BARGAIN.

The New Brunswick Power Company is the successor of a very large number of companies authorized to engage in the public utility enterprises in the Province of New Brunswick under charter from the Legislature. These companies included the following: The People's Street Railway Company, the Saint John City Railway Company, the St. John Gas Company, the Eastern Electric Company, the Consolidated Electric Company, the Saint John Railway Company, the New Brunswick Hydro Electric Company and the Carleton Electric Company.

The New Brunswick Power Company was originally chartered under the name of the New Brunswick Hydro Electric Company. By 3 George V, chapter 99 (1913) this Company was authorized to purchase, lease, or otherwise acquire, assume or undertake the whole or any part of the business property and liability of any company producing electric current.

By 4 George V, Chapter 93 (1914) the Saint John Railway Company was authorized to sell all its property, rights, powers, privileges and franchises to any other company, then or thereafter to be incorporated under the laws of this Province, and authorized to engage in whole or in part in any business in which the Saint John Railway Company was authorized to engage. The Act further provided that after the purchase such company should enjoy all the rights, powers, privileges and franchises then carried on or authorized to be carried on or exercised by the Saint John Railway Company. The Act 4, George V, 1917, Chapter 51, confirmed the conveyance from the Saint John Railway Company to the New Brunswick Power Company, and the New Brunswick Power Company was specifically authorized in its act to carry on the same business.

rights, powers, privileges and franchises, and to carry on any and all business, and to exercise any and all the rights, powers, privileges and franchises theretofore carried on or authorized to be carried on or exercised by the Saint John Railway Company. The Saint John Railway Company by agreement with the Province of New Brunswick, ratified by Order in Council, agreed to pay the Province for a period of twenty years, a sum varying from three thousand five hundred dollars to five thousand dollars, for the privilege of crossing the new highway bridge at Saint John; and by this agreement the Province guaranteed that the Company's exemptions from taxation should be continued for the said period of twenty years and undertook to implement this agreement by legislation.

Notwithstanding this agreement by the Government, the City of Saint John Assessment Act imposed a tax upon the Company of four and one-half per cent. of its revenues from street railways operation which amounts to from twenty to twenty-five thousand dollars in an average year. By Chapter 129, 10 George V, 1920, an Act was passed unanimously by the House of Assembly, which provided that the Company's rate base should be fixed at \$3,100,000, together with any expenditure made in addition to or extension of the company's plant, property or working capital, or in the development of water power, or in acquiring water power property. Relying on this legislation, the Company's securities have been distributed all over the Province of New Brunswick, and in certain parts of the Eastern United States, and the preferred stocks and bonds are held by thousands of people in small lots, the average investment not being much more than five hundred dollars.

Under the legislation passed at the instance of the City in defiance of the agreement made with the Government, the Company last year was liable to pay in taxes and charges a sum in excess of one hundred and seven thousand dollars. When it is considered that the payment of this sum made it necessary for the Company to pass two quarterly dividends on the first preferred stock, and four quarterly dividends on the second preferred stock, the grievance of the Company is readily apparent. If all of the dividends on the preferred stocks were paid the same would amount to ninety-four thousand five hundred dollars, or much less than the amount required for charges. The Company's revenue in an average year can be taken at \$1,100,000 and upwards. Four and one-half per cent. of this would amount to \$49,500. In addition the Company pays for its local clearing of streets of snow (which merely means removing snow that has been swept from the Company's tracks, and in some cases it is removed, and in some cases it is not) and in paying charges, a very considerable sum. Besides, it has to pay for the upkeep of the Public Utility Commissioners, which are supposed to regulate the Company; but when the City thinks the Company requires regulation it does not go to the Public Utility Commissioners but to the Legislature.

The Company contends that it is entitled to be protected by the Legislature in the business which it was so recently authorized to engage in, and upon the faith of which the security holders bought the Company's securities.

An enthusiastic lady voter called on The Standard last night to enquire as to the standing of the various candidates, and on being told that Mr. McLeellan was 2500 ahead of Mayor Schofield, advised that she should at once call upon the letter to resign. We regret that we cannot see our way to oblige the lady in this respect, because we still have sufficient faith in the sound commonsense of the citizens of St. John to feel that a majority of them would prefer to see the city embark on Mayor Schofield's safe and sane policy rather than Mr. McLeellan's very risky venture.

The Kirby-Phillips report, according to Mr. McLeellan's estimate of it as given by him at the meeting at the Pythian Hall the other day, was prepared solely in the interests of the N. B. Power Company, and should be absolutely ignored by the City. Last Friday he thought it was the greatest thing ever, and he had Mr. Phillips alongside him to verify it! More "Tergiversation."

The rumor was current last night that the result of the election yesterday, the opponents of civic distribution of water had decided to nominate a candidate for the post of Mayor.

winners Frank and Thornton, and "standing out" City Hall altogether; the idea being to have five men who will pledge themselves to run the City into a series of experiments at a cost of two or three million dollars.

## PROPOSED PIRATICAL LEGISLATION.

(Chatham World)

A St. John bill, now pending in the Legislature, takes pre-eminence as the worst specimen of piratical legislation that was ever proposed in a law-making body; but plain and undisguised purpose is plunder—robbery of the citizen for the benefit of the city. The city is wrestling with a hydro-electric problem. The Government has installed a hydro-electric plant on the Musquash river, and offers the city power for electric light and other purposes. To be or not to be is the present attitude of the City Council. Whether to build a distribution plant of its own or bargain with the Power Company for distribution through the existing plant, is the question. It has not yet been demonstrated, no time limit given, no restrictions imposed, and the work to be done, nor is it perfectly clear that the cost to the citizens for light and power will be materially reduced by accepting the Government's offer of electric current at cost—cost being that of the water power.

In this state of uncertainty the city asks the Legislature to authorize the Public Utilities Commission to take possession of the Power Company's works and hand them over to the city to run them, no time limit given, no restrictions imposed, and sell the property at auction to pay the loss that may be incurred thereby! That is, take possession of the company's plant, run it any old way, with or without any regard for economy, and with power to sell the current at any price, no matter how low, and then sell the property to pay the debt there incurred! To seize the works and run them until the hydro-electric plant set into working order would seem to be the limit, and might be justified on the ground of public necessity, but to sell the property to pay the deficit that might result from operating the plant passes the limit. Surely this is the worst example of municipal piracy ever seen, and the Legislature will certainly refuse to sanction it.

## WHAT OTHERS SAY

The Public Be Damned.  
(Brooklyn Eagle.)

Both sides in this industrial war which threatens to paralyze industry and disorganize the whole economic system of the nation, are acting on the assumption that the public interest is secondary. This is spite of the history of every similar struggle here or abroad. In the last analysis, the conflict will be ended by the pressure of public opinion. Yet this calamity has been precipitated under conditions which make it difficult for the public to form an intelligent opinion of the merits in the claims put forth by miners and operators.

Merchant Marine Bunk.  
(Detroit News.)

The people of the United States have been banded. The president of the Pacific and Eastern Steamship Company wrote that in a letter to Senator Fletcher as a comment upon the proposal to grant subsidies to those who will operate ships for the American merchant marine. "As a man who has operated and who expects soon again to operate ocean steamers, I should be strongly in favor of ship subsidies, as I would get some of the easy money," said the president. "But as a citizen, having in mind the welfare of the country and taxpayers, I am strongly opposed to ship subsidies."

Will Fight Itself.  
(Los Angeles Times.)

Civilization may be more feeble now and demanding gentler treatment in its old age, but it certainly made a pretty good showing under the hideous march of events, the utterly deplorable customs and conditions, including stoves, drink, fashions, cutie fappers, feminine depravity, obscene books and plays, intriguing religions, rotten politics and all the rest of it, even without the world being safe for democracy, without trade unions or better baby clinics or women's clubs or public libraries. Indeed, if we are to believe the alarmists, civilization flourished and was built up during these deplorable conditions, and it has been going down steadily ever since the world had these modern advantages.

A Word for the Die-Hards.  
(London Morning Post.)

Until the election, undoubtedly the die-hards—hold the balance of power. No Government can be formed in their despite, nor without their consent and approval. Their success in the future is assured if they pursue the simple plan of being honest with themselves and with the public, and obedience to the interests of the State, apart from other considerations. They are in a position to say that there are certain persons with whom they decline to serve. They have to regard both the welfare of the country and the interests of the Conservative Party; and those who are inimical to the one and injurious to the other, are better excluded. We have had enough of time-servers and politicians whose profession it is to face both ways, and always with the highest motives.

The League's Opportunity.  
(New York Evening Post.)

There is still a chance for the United States to hit the Turkish problem to a higher plane. A beginning might be made with this very Armenia which has been placed under the protection of the League. Armenia, an interesting country, is a

## Benny's Note Book

BY LEE PAPE

We got a letter today making her all excited, and when you came home she said, "What do you suppose, William, I've bin elected a member of the Dawters of Claopattara."  
Fine, good for you, sed pop hanging up his hat, and ma sed, I must say you're not very enthusiastic over it.  
Many a calm exterior hides a blazing volcano, sed pop hanging up his coat. And after supper he started to read the sporting page, and ma sed, The password to get into the next meeting was in the letter, and there was a postscript saying to burn the letter immediately, so of course I did, and now there's no chance of anybody being knowing the password but me.  
Grate staff, sed pop reading the sporting page, and ma sed, Don't you wish you knew the secret password?  
No, sed pop.  
William, you do so, sed ma, I can see rite throo you, you're burning to know, but I wouldn't tell you if you killed me first, it begins with M but I never guess it in 1000 years, do you think you could?  
I want to read, sed pop.  
There's 3 letters in it and the first one is M, but I wouldn't give you another hint if you tried to drag it out of me with wild horses, so there's no use trying, sed ma.  
I've started this base ball story 3 times and now I'm starting it agin, sed pop.  
I can see throo your pretended indifference, you'd give anything if you only knew wat the secret password is, sed ma, and pop jumped up saying, Yee gods, if anybody asks for me I'm down to the parlor reading the paper in peace. Which he went down to do, ma saying, He cant fool me, he's jest trying to know and he's used because I wont tell.  
Which maybe he was and I started to guess words beginning with M, but ma wouldn't even asser me weather I was rite or wrong.

American missionary effort has done nothing on earth can restore it to life. What a man once becomes accustomed to the privileges of liberty no power in the world can restore to him his lost sense of responsibility. In fact the loss of personal liberty is an evil far greater than all the evils which curtailment of it endeavors to cure. There may be hope for the drunkard, even for the debauchee and the gambler. There is no hope for the man with the mentality of a slave and the docility of a paragon.

## THE LAUGH LINE

Not Fair Play.  
Two small boys were puzzling their brains to invent a new game. At last one of them said, eagerly: "I know, Billy, let's see who can make the ugliest face."  
"Garn! No fear!" was the reply. "Look what a start you've got!"  
Taken For Granted.  
A tiny maid, held up to bear her father's voice on the telephone, burst into tears.  
"Why are you crying?" asked her mother.  
"Oh, mamma," sobbed the child, "how ever can we get dandy out of that little hole!"  
For Love Alone.  
Young Mighty had married contrary to his father's wishes. Meeting his son soon afterwards the father said, angrily, "Well, young man, I have made my will and cut you off with a dollar."  
"I am very sorry, father," said the youth. Then, after a pause, "You don't happen to have the dollar with you, do you?"  
Good Intentions.  
Missus—"Maggie, our sis bill has gone up outrageously this month; you must be dreadfully extravagant."  
Maggie—"Sure, an' I'm that careful and economical, mum, that I never turns off her burners at all, for the sake of savin' the matches."

### DANCING GRANDMA SHOWS HOW TO RIVAL METHUSELAH

#### Mrs. Blair Rejuvenates Herself With Rhythmic Exercises and Promises to Help Dr. Copeland's Anti-Fat Squad to Work Out Their Salvation.

New York, April 10.—Every woman has it in her power to defy old Father Time and be a Mrs. Methuselah if she will follow the daily programme of Mrs. Marguerite Blair, who danced and demonstrated before 150 Saturday morning on the Waldorf roof, according to Health Commissioner Copeland.

The Commissioner had been escorted from his office by Mrs. John Marshall Gallagher, formerly president of the Chicago Club, and Mrs. Elizabeth Edwards, who were so impressed by Mrs. Blair's self-rejuvenation through the medium of music and rhythmic dancing and a diet of olives, nuts and prunes that they arranged a private exhibition.

Mrs. Blair admits to being past 60, has a son 35 and a grandchild, 25 years old. She occupied the chair of domestic art in the University of Minnesota and was national chairman of the same economic section of the Woman's Club. At 55 she had rheumatism, was undernourished and had curvature of the spine. Then she got out of bed and danced her way to health.

"I'll never be old," she declared, while spinning round to the strains of a photograph of the same dancer in a fresh colored accordion pleated slip with wing-like sleeves, sandals and fresh colored silk stockings. Her hair is gray and worn simply. Her neck is plump and she doesn't look even "past sixty."

Some of her friends present whispered that she really is nearly seventy.

"She dances this way for an hour every day to keep the waist slim, strengthen the arches, reduce the hips, make the muscles of the neck firm and the body supple, and all the time she feels buoyant and happy. She ended the demonstration after the Health Commissioner had led by standing on her head, which she says is good for the nerves.

She rarely eats meat and never beef, prefers nuts and uncooked prunes soaked for 24 hours in water, eats fifteen olives a day and drinks a quart of milk and quantities of water. "You will never have extra fat if you eat olives and drink lots of water," Mrs. Blair said between dances.

"How's your heart beating?" inquired the Commissioner. Then he listened to its thumping and pronounced it fine. "I'll pass you," he said. "If people would only live right and eat the right kind of food the doctors would be arrested for vagrancy. There isn't a woman in the world 80 years old who couldn't do just what Mrs. Blair has been doing if she would."

Mrs. Blair, who says she can reduce ten pounds in a week, has offered to help the Commissioner with his anti-fat squad. She expects to give two free demonstrations here, probably Monday at the Waldorf, after which she will return to her home in Los Angeles.

ALL ABOARD. -Philadelphia Evening Ledger.

### THE FINANCIAL CORPORATION IS ONE GREAT HELP

#### No Doubt as to Value of Farmers in Western Part of United States.

Salt Lake City, Utah, April 10.—Two months of public interest are beginning to engross the attention of all of this Western country. One of them is whether the powers of the War Finance Corporation, which expires by law on July 1 next, will be continued in the present organization or whether some substitute agency will be set up. The other is, whether the Forest Service will be transferred from the Department of Agriculture to the Department of the Interior, as suggested by Secretary Hall.

The matter of the continuance of the War Finance Corporation will provide an interesting and important debate. Everywhere that we have been, from Des Moines right round the circle, through the Middle West, the West, the Southwest and the Pacific coast, the question has been raised: stock raisers and farmers: Will we again be able to borrow money from the Government when we need it? Their hands are raised in protest.

The War Finance Corporation will be continued with its present organization or whether some agency of the Government, under the supervision of the Board or the Federal Reserve system, would be empowered, in times of emergency, to make advances to the agricultural and livestock interests. That is a question for Congress to decide. An urgent demand will be made upon it to decide in the affirmative. Whether it is the part of wisdom to make such affirmative decision is a matter for consideration and discussion.

Serves Useful Purpose.

If the agricultural and livestock interests are to be relieved with Government money in times of stress, the next step will be to relieve the laborer and mining interests when they come to periods of depression and trouble. There cannot be much doubt that the revival of the War Finance Corporation has served a useful purpose and met a legitimate need. The wealth of freely offered testimony all over the country from the Mississippi River westward cannot be disregarded. One was not encountered a single dissenting voice. The War Finance Corporation will not have concluded its work by the first of July. It will require time to clean up and bring to an orderly conclusion the operations in which it has been engaged. Under the present law it is empowered to renew loans for a period of two years from the date of the original loan, but an organization will have to be maintained for inspection, examination and other routine matters of adjustment. The whole transaction and work of the corporation cannot be abruptly and permanently terminated. That is perfectly clear.

Retire Long-Term Loans.

The large question that Congress

### Why Grandpa is So Popular

GOOD health and good humor usually go hand-in-hand. The sufferer from torpid liver, indigestion or irritated nerves cannot easily maintain a happy countenance and a cheerful disposition, whether young or old.

The grandpa represented in this picture has succeeded in maintaining his good health and good spirits by the use of Dr. Chase's Nerve Food to keep his blood rich and his vitality at high water mark.

Men and women of advancing years are learning more and more the benefits to be obtained by the use of this great restorative. It seems to supply exactly what elderly people require in order to keep feeling well and happy.

Dr. D. F. Armstrong, R.R. No. 3, Mallorytown, Ont., writes:

"Through overwork and an extra amount of mental strain, I became very nervous and run-down. I began using Dr. Chase's Nerve Food, and they certainly seemed to touch the right spot. It almost seemed for a time as though I fairly lived on them, and I can recommend this treatment to anyone requiring a medicine of this kind. I am now over 61 years old."

"Sworn before me at Mallorytown, this 7th day of March, 1921."—D. S. Clow, J.P.

Dr. Chase's Nerve Food, 50 cts. a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

### VANDERLIP HAS EYES ON GENOA AS AN OBSERVER

#### Says European Construction Must be Based on England's Viewpoint.

Rome, April 10.—Though the results of the Genoa conference, with its programme restricted and hostility in many quarters, are highly problematical, it is likely to be very beneficial in breaking the ice formed by the war and the Russian revolution, thus preparing the ground for a possible world congress in future whose chance of success would be greater. This view was given your correspondent by Frank Vanderlip, who is studying the situation in Italy and making preparations for attending the Genoa conference as a private observer.

"It does nothing more than clear away the sand thrown on the tracks of European commerce by the war and the peace adjustments it will be of great value," said Mr. Vanderlip.

He thinks European reconstruction must be based on England and considers the fact that the British are sending a mission of more than a hundred members to Genoa very hopeful, "indicating they mean business."

He hesitated to express an opinion on the general European situation. He finds the situation in Italy little better—perhaps worse—than a year ago—though the Government seems to be making progress toward balancing its budget and foreign trade. Prices are rising, unemployment is increasing, business is dull and apparently not recovering from the shock of the Di Storto bank failure, which was more important than originally believed.

Mr. Vanderlip believes the present movement for the purchase of European securities which pay higher interest than domestic stocks will increase and more capital be exported to Europe. He still thinks America could furnish the capital for the European gold reserve bank he has proposed, but from the reaction it received he does not believe Europe is ready for it. He hopes to have an opportunity to discuss the bank project again with European financiers at Genoa.

It will have to determine whether, in the permanent financial system of the country, there should not be incorporated some agency, or powers given to help the producer and he is forced to sell his products and herds at ruinous prices. The livestock men, including both sheep and cattle raisers, offer a special problem. They require long-term loans. In general, both interests require a timing of their loans that will adjust itself to the period of raising and marketing a crop, whether it be cotton, grain, beef cattle or sheep. It takes three years from the time a calf is born until it becomes ready for the market as beef. A three-month loan, or even a six-month loan, is no good in such a case. The period of financing must accommodate itself to the period required for production and marketing, and this ranges, roughly, from six months to three years.

### Bootlegger Row Results In Big Liquor Seizure

#### New York, April 9—A bootleggers' quarrel in a West Side garage today in which several shots were fired, brought police reserves to the place, where they confiscated thirty-six thousand quarts of wine, whiskey and brandy.

Crowds attracted by the raid, attempted to rush the garage when the quantity of the liquor became known. They broke windows and threw the neighborhood into disorder until dispersed by police with drawn clubs.

It required ten hours to remove the three thousand cases of liquor in patrol wagons and motor trucks to the West Side police station. Policemen with drawn revolvers rode on each vehicle after a rumor was spread that bootleggers would attempt to recover the seized contraband.

Louis Doreen, 31, who said he is a watchman employed by a detective agency and that he fired the shots simply to try out the gun, was arrested charged with violating the Sullivan law. The pistol permit he showed was issued in the name of another man, the police said.

### "FLOATING BARS" VIOLATION OF PROHIBITION

#### Anti-Saloon Official Scouts Three Mile "Law" and Wants It Abolished.

Washington, April 10.—Anti-Saloon League officials launched a new campaign today to legislate out of existence the safety zone of the three-mile limit from American shores where "floating bars" operate in defiance of the Volstead Act.

The three-mile limit is not a fixed boundary. Wayne B. Wheeler, general counsel for the Anti-Saloon League, declared today that American officers have the right to search and seize liquor-laden vessels that are selling and smuggling liquor into this country while riding safely at anchor off New York and other ports.

Citing numerous instances under international law and decisions of federal courts, Mr. Wheeler declared: "The three-mile limit is not a fixed boundary. On the contrary, it is probably treated merely as a convenient minimum limit, the maximum being left to the reasonable discretion of each nation in accordance with its needs."

Regarding the views other nations will take, Mr. Wheeler said: "It is to legislate with regard to its internal affairs, to permit or to make the execution of its laws effective, even if in so doing it is found necessary to extend its jurisdiction over adjacent waters. For another nation to question this right would be to question its independence and sovereignty, and what distance these limits shall be extended the nation making them must be the sole judge."

Mr. Wheeler said that the establishment of a "recreation center" off the three-mile limit from New York has raised the issue in Congress as to how far it can be done with these vessels.

"If the vessel carries the United States flag and exists liquor, it is of our jurisdiction," he said.

Mr. Wheeler said that the American ships will be used in such traffic. Ships of foreign registry, however, are actually engaged in supplying liquor to other shores with the coming of port, and it is proposed that these ships be stationed just outside our principal cities. "To adequately meet the situation legislation is needed."

Federal authorities dealing with this situation, Wheeler declared, have suggested the following amendment to the pending tariff bill:

"If there be found on any vessel the importation of which is prohibited generally or by certain use or uses, intended to be landed in this country contrary to law, or intended to be sold or furnished to persons abroad, or coming from the United States, or that such articles having been on board have been so landed, sold or furnished, the vessel and all such articles shall be forfeited, and the master upon conviction shall be subjected to the penalties provided in Section 593 (B) for violation of that section."

### MIX-UP OVER OWNERSHIP OF STRIP OF LAND

#### Litigation Calls Up History of Misty Ages for Starting Point.

Toronto, April 10.—When the forgotten builders back in the misty ages piled huge rough stones at Stonehenge for future generations to wonder at, there may or may not have been some form of human life on the sandy shores of that basin of water which is now known as Lake Simcoe. Be that as it may, litigation over right of public access to the ancient monument at Stonehenge is cited by Justice Middleton of the Ontario Supreme Court in a judgment which he determines the rights of a farmer whose land is bordered by Lake Simcoe.

Thomas Batt, of the township of Thornhill, is the embattled farmer who entered on litigation for an injunction restraining the erection of an icehouse on lakeside property which he claims as his own, but which the town of Beaverton declared was dedicated as a public highway. The real question involved is the ownership of the strip of land in question.

The Stonehenge case in the English courts twenty years ago that a public highway must prima facie lead from one public place to another. A cul-de-sac may be a public highway, but the dedication of a cul-de-sac will not be presumed from mere public usage without evidence of expenditure on the place in dispute for repairs, lighting, or other matters by the public authority. In the discussion of this case it was stated that the Giant's Causeway case is the sole instance in which a pleasure resort has been held to be a good terminus for a highway, and in that case the road had been repaved by the public authority.

In the Giant's Causeway case the judges had a very similar case to the present Beaverton case, and they held that dedication of a public right of way cannot be inferred from usage as a place of recreation to wander about in.

In the present case, picnic parties had resorted to the strip of land in question. Young men and maidens, says Justice Middleton, made the spot a trysting place. Those desiring to enjoy the view on the lake, came to the shore on foot or in rigs and stayed as long as they pleased. There was a beach where men and boys bathed, and grassy flats where young men trained and ran races.

As an anti-climax, says the judge, the eloquence of the Reeve in defence of taking this property for a beauty spot without compensation to Batt, is the fact that the Town Council was ready to assent to one of its friends erecting a most unsightly concern for an icehouse.

### Obituary

Moncton, N. B., April 10.—The death of Mrs. Harriet Black occurred Saturday evening, at her home on Main street at the advanced age of 85 years. Mrs. Black was one of the oldest residents of Moncton and was well known. She was born in Kings Co., N. S. Jan. 9, 1834 and was the daughter of the late Christopher Randall, who was of United Loyalist stock.

The deceased lady was the last surviving member of a family of five boys and six girls. She was twice married. Her first husband was the late Allan Steeves by whom she had four children. One of these is Dr. E. O. Steeves, of this city, who is the only surviving son. Her second husband was the late Martin Black of Upper Dorchester who left no family. The late Mrs. Black had been a member of St. John's Presbyterian church for 35 years.

### Found Them Best She Had Ever Used

#### What Mrs. Parlee Says of Dodd's Kidney Pills.

Sussex, N. B., Women who Suffered From Many Forms of Kidney Trouble Praise Dodd's Kidney Pills.

Sussex, N. B., April 10.—(Special)—Mrs. L. Parlee, who lives on Broad Street here, is another of that great army of Canadian women who are always ready to say a good word for Dodd's Kidney Pills. Every one of them has a reason.

"I have found Dodd's Kidney Pills of good value to me," Mrs. Parlee states. "I had typhoid and it left me with milk legs. I suffered also from cramps in the muscles, backache, headache and broken sleep. My sleep was broken and unrefreshing, I was always tired and nervous and I had dark circles under my eyes."

"I took two boxes of Dodd's Kidney Pills and they have done me a lot of good. I have found Dodd's Kidney Pills the best I ever used."

Mrs. Parlee's troubles came from the kidneys. Ask your neighbors if Dodd's Kidney Pills are not the most reliable of all kidney remedies.

### FUNERALS

The funeral of B. L. Amdur was held yesterday afternoon from his late residence, 80 Elliott row, to the Carleton street Synagogue, where service was conducted by Rabbi Weiner. Interment was in Fernhill. The funeral was attended by members of the Masonic and Odd Fellows' fraternities, and many friends who deeply mourn the death of a worthy citizen.

The funeral of Richard C. Warren was held yesterday afternoon from 81 Prince Edward street, to Cedar Hill. Service was conducted by Rev. R. A. Armstrong.

### America's Trade With Egypt Shows A Great Increase

#### Total in 1920 \$135,000,000, Compared With \$17,000,000 in 1913 - Variety of Exports.

Total trade between the United States and Egypt in the year preceding the war was about \$17,000,000, whereas in the closing year of the war it was \$36,000,000, and in 1920 the total was \$135,000,000.

"The growth of our trade with Egypt in recent years," says the Trade Record of the National City Bank of New York, "has been one of the striking changes of the commercial changer during and since the war. With the general reduction which characterized world international trade in 1921 and the sharp fall in purchasing power of that country by reason of the low price of its cotton, the total of America's trade with Egypt fell to \$26,000,000, but was still more than double that in 1913, or in any year prior to the war."

Variety of Exports.

"This growth of American trade with Egypt has been especially striking in the matter of merchandise exported to that country. Prior to the war, America's exports to Egypt seldom exceeded \$2,000,000 and in many years were far less than that sum. In 1915 they advanced to \$5,000,000 and in 1916 were over \$14,000,000, dropping off in 1917 and 1918 by reason of transportation difficulties, but again advancing to \$18,900,000 in 1919, and \$33,000,000 in 1920.

"In 1921 the fall of the price of Egyptian cotton reduced the purchasing power of that country and while our exports in 1921 were only \$14,000,000, they were practically seven times as much as the annual average in the decade preceding the war, and seem likely again to advance with a return of the purchasing power of Egypt resulting from the higher prices while she is already beginning to realize for her chief articles of export, raw cotton, of which the United States is a large purchaser."

"Wheat, flour, coal, petroleum in its various forms, machinery, leather goods, cotton goods, manufactures of iron and steel are the most important of our exports to Egypt. Of coal the 1920 exports to that country were over \$6,000,000 in value, which far exceeded the average in the years in which

### ODESSA WOMEN NOT BOTHERED BY NEW FASHIONS

Odessa, April 10.—(Special)—Spring fashions do not bother the women of Odessa. They have no new fashion journals nor cloth with which to make new dresses. Women some times have a hat and a few yards of rough cloth to clothe themselves.

Underclothing is an unknown quantity. So are stockings for the unlucky. Women who have cloaks or furs wear them in day time, but at night leave them home. If they did not fear they would be robbed in the darkened streets.

People who go to the theatre travel home-wares in groups for protection. This lack of clothing hits very hard the younger girls. One of them said to the correspondent: "I should like to go abroad, if only to get nice clothes."

The older women of Russia, when talking of the chance of ever getting abroad, say: "After all, if we got abroad we would be very poor and feel our poverty more by the contrast. Here we are all dressed alike and more or less in rags and so long as we can get enough perhaps it is best that we stay in Russia."

Egypt was drawing its coal requirements from its nearer neighbors in Europe.

While Egypt is normally a considerable producer of wheat, the extreme high price of cotton during the war led her agriculturists to increase their cotton acreage at the expense of the wheat area and as a consequence we sent to Egypt \$3,500,000 worth of wheat and over \$11,000,000 worth of flour in 1920.

Mail coupon below for the amazing Three Day Ironized Yeast. Watch the quick results!

### Famous Vaudeville Star Takes Ironized Yeast With Amazing Results

The Remarkable Experience of Lillian Steele

"I NEVER dreamed that Ironized Yeast could perform such an extraordinary feat. But even more important than this is the fact that this yeast has been ground or treated through a scientific process with a special form of finely suspended organic iron, similar to the iron found in the human body. Ironized Yeast is ironized in this manner. It is found in the human body not only in the blood, but is secured just as quickly!"

"My work is very hard and my system is general and before I knew I was in a very low state of health. I was very nervous, my appetite deserted me, I kept losing weight, and my color was faded. The word of a friend that nothing seemed to bring me any relief, I surely thought that I would have to give up the stage for a while, and rest up. It was then that I heard of Ironized Yeast."

"I tried Ironized Yeast and to my surprise it did seem to do me a great deal of good. My weight and appetite both showed splendid progress, and the improvement in my complexion is just wonderful. I cannot describe the benefit in any complete manner, but I will always be one of Ironized Yeast's most enthusiastic devotees."

Results in Half the Usual Time!

The reason Ironized Yeast brings such quick results is because it not only contains just the right amount of iron, but it also contains a type of yeast which has a nutritive value equal to that of the best yeast. Ironized Yeast is sold in all drug stores and is sold in all drug stores and is sold in all drug stores.

### GOVERNMENT OF CANADA ACTIVE IN FIGHTING TUBERCULOSIS AMONG EX-SERVICE MEN

#### More Accomplished During Last Four Years in Combatting the Disease Than Was Ever Accomplished in All of the Pre-War Years.

Ottawa, April 10.—The treatment of tuberculosis among members and ex-members of the C. E. F. has distinguished the Government of Canada. When the problem was first confronted there was little accommodation for this class of patient and the scope of the work was limited. Thanks to the activity of the medical and administrative officers of the Department of Soldiers' Civil Re-establishment, together with the co-operation of the men engaged in the treatment of this disease throughout Canada, more has been accomplished during the past six years than under pre-war conditions would have been possible in twenty.

Owing to the insidious nature of this disease the exchange of views as to methods of treatment, occupational therapy, sanatorium control and discipline, after-care, etc., between the men handling the problem and those charged with the general administration of the work has been found to be necessary. For some years past therefore, annual conferences have been held with the superintendents of Canadian sanatoria and great benefit has resulted, both to the ex-soldier and civilian patients of these institutions.

Such a conference has been held in this city. The programme has covered many subjects of interest, the following being the main items discussed:

Diagnosis, pulmonary tuberculosis. Etiological association of service conditions and basis of recognition that tuberculosis is due to or aggravated by service. Methods of treatment as active more than twelve months post discharge.

Classification of pulmonary tuberculosis.

Principles and main essentials of sanatorium treatment.

Standardization of methods, duration and conditions determining patients' discharge.

Hetero-therapy and artificial light therapy in the treatment of surgical tuberculosis sanatorium as diagnostic centre and for the treatment of non-tuberculous pulmonary conditions.

Standardization of sanatorium accounting.

Economy in the purchase of supplies.

Serum tests and laboratory work generally.

Conduct of patients undergoing treatment.

### Afghanistan Envoy To Great Britain

#### Sirdar Abdul Hadi Khan Youngest Member of Diplomatic Corps in London.

London, April 10.—(Special.)—The first diplomatic envoy of Afghanistan to Great Britain, Sirdar Abdul Hadi Khan, has taken up his quarters in London. He is only thirty and the youngest member of the diplomatic corps, a distinction previously held by Dr. Wallington Koo of China.

The minister and his staff wear English clothes and look more like Spaniards than representatives of a hermit kingdom of Asia.

Sirdar Abdul Hadi told an interviewer that three newspapers were now published in Afghanistan, all evening papers, and that there were also about a dozen weekly papers and magazines.

Chief Justice Hazen, and that a new decree be made, or that said decree be varied.

### Instability of Chilean Cabinets Cause of Evils

#### San Diego, April 8.—Instability of Chilean cabinets is largely responsible for the "great evils now besetting the country," President Alessandri said in a communication to members of his latest official family in which he asked them to withdraw their resignations, given last month after a motion of lack of confidence was rejected by the Chamber of Deputies.

The president has taken the stand that cabinets should only resign in face of a frank vote to that effect in parliament.

Observers of politics here agree that the ministerial crises usually are provoked through personal pique or, as one publication expressed it, with the "deliberate intention of opening the way for a scramble for office." Three ministries have come and gone in President Alessandri's first year in office while there were 18 different cabinets.

### Apply Sulphur On Your Eczema Skin

#### Costs Little and Overcomes Trouble Almost Over Night.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like ointment.

It is especially effective in eczema outbreaks during the predecessor's term. The newspaper, El Mercurio, bitterly attacks the methods of "plotting the fall of the government" which it says is creating parliamentary anarchy.

### Boston Patrolman Shot in Leg By Man Who Escapes

#### Arlington, Mass., April 10.—Patrolman Francis J. Philbrick of the Metropolitan police was shot in the leg early today when he and two other officers questioned a man whom they had found in company with a young woman in an automobile parked on the Mystic parkway. The man leaped from the car and escaped.

The young woman, Sarah Doyle, of Medford, was released in \$2,000 bonds late today. The police learned she left an ice cream parlor in Somerville, where she was employed, at 11:30 o'clock last night and went for a ride with the young man who later shot Philbrick.

It was found that the number plate on the automobile had been stolen from another car.

### ITCHY ECZEMA ON HEAD AND FACE

#### In Pimples, Could Not Sleep, Cuticura Heals.

"For about twenty years I suffered with eczema on my head and face. At first it broke out in pimples and after a while became red and itchy. The itching and burning were so severe that I scratched and irritated the affected parts, and at night I could not sleep because of the irritation.

"I tried different ointments but nothing helped. I began using Cuticura Soap and Ointment and after using four cakes of Cuticura Soap and four boxes of Cuticura Ointment I was healed." (Signed) Miss Davis, 13 Dresser St., Southbridge, Mass., May 12, 1921.

Improve your skin by daily use of Cuticura Soap, Ointment and Tablets.

Write for Free Booklet, Address: "Cuticura," Dept. 4542 R, Post Box, W. W. Freeman, Lowell, Mass. The Ointment is sold in 10¢ and 25¢ packages. The Soap comes in 10¢ and 25¢ packages.

# A Business Statement that is a Great Human Record

### HELPING 19,000,000 PEOPLE

About 19,000,000 people are insured in the Metropolitan—over 16,000,000 under weekly premium policies. The weekly calls of Agents at the policyholders' homes provide a wonderful opportunity for health and welfare work.

The Company has accepted the opportunity and to-day it is at the forefront of public health work in the United States and Canada.

### 14,000,000 VISITS BY TRAINED NURSES

Free nursing service is given to industrial policyholders in 2,800 cities and towns. Trained nurses not only heal the sick but teach right living. About 14,000,000 visits have been made—2,116,875 in 1921. Numerous letters tell of lives saved.

In CANADA alone, Metropolitan nurses, largely in cooperation with the Victorian Order of Nurses, paid 201,588 visits free of charge in 1921.

### DISCOVERING DISEASE IN TIME

Free medical examinations, often disclosing incipient disease in time to cure it, are granted to Ordinary (annual premium) policyholders, subject to reasonable conditions.

### HELPING THE EMPLOYER TO HELP

Employers insuring their employees under Group policies are advised regarding health conditions and accident prevention, while the employees receive the benefits of nursing service and welfare literature.

### 238,000,000 PIECES OF LITERATURE

Attractive booklets and pamphlets in great variety, dealing with the important phases of health and disease, and prepared by leading experts, are distributed broadcast. So far, 238,000,000 copies have been distributed—25,000,000 in 1921. The number distributed in CANADA in 1921 was nearly 3,000,000.

In addition, 38,000,000 copies of *The Metropolitan*, a health magazine, are issued annually—1,500,000 copies in English and French, being distributed in Canada.

### A CITY THAT IS WATCHED

In Framingham, Mass., the Metropolitan is leading the way in a great experiment, watched by health authorities everywhere, to demonstrate what proper municipal health regulation can do. Deaths per annum from tuberculosis have dropped from 121 per 100,000 to 40.

## HOW WAS IT DONE?

Records kept by the Metropolitan Life Insurance Company show an extraordinary decrease in the death rate among its Industrial, or weekly premium, policyholders. Comparing 1921 with 1911, for example, there were 55,000 less deaths in 1921 than there would have been if the 1911 death rate had prevailed.

What brought about the great saving of life?

The general public health movement—progress in medical science and sanitation—other causes, perhaps. But a very great factor has been the tremendous health campaign carried on by the Metropolitan itself. This page tells a part of the story.

## METROPOLITAN Life Insurance Company

A MUTUAL COMPANY  
HALEY FISKE, President FREDERICK H. ECKER, Vice-President

### Business Statement, December 31, 1921

Assets -	Larger than those of any other Insurance Company in the World.	\$1,115,383,024.54
Increase in Assets during 1921 -	Larger than that of any other Insurance Company in the World.	\$194,660,937.37
Liabilities -		\$1,968,341,945.04
Surplus -		\$87,241,179.50
Income in 1921 -	Larger than that of any other Insurance Company in the World.	\$304,982,699.39
Gain in 1921 -	Larger than that of any other Insurance Company in the World.	\$38,462,919.41
Total Insurance placed and paid for in 1921 -	More than has ever been placed in one year by any other Company in the World.	\$1,564,780,607
Gain in Insurance in Force in 1921 -	Greater than that of any other Company in the World.	\$625,695,325

"The Company OF the People, BY the People, FOR the People."—John R. Hegeman

### VATICAN CRITICIZES RECENT MANDATES

#### Not Satisfied With Control of Holy Places in Palestine.

Rome, April 10.—The Vatican is not satisfied with clause 14 of the Palestine mandate concerning control of the holy places and will probably use its influence to change it when the mandate comes before the next meeting of the League of Nations for ratification. Dr. Chaim Weizmann of London, president of the Zionist Organization of the World, told your correspondent, after an interview with Cardinal Gasparri, the papal secretary of state. The change in question puts in charge of these sites an interreligious commission, including representatives of the Catholics, Protestants, Greek Orthodox, Armenians, Georgians, Jews and Mohammedans. Cardinal Gasparri thinks the commission so composed will be unable to do anything, because the interests represented are so conflicting and believes the Catholics should have the larger representation.

Another and greater difficulty facing the ratification of the Palestine mandate given England, Dr. Weizmann says, is the opposition of the American Government, due to the Moslem oil question, as the Mesopotamian and Palestine mandates have been linked together. The British, he declares, are willing to have the two considered separately, and if Washington agrees to this, as the Zionists are urging, the Department of State is to move for the Palestine mandate probably will be approved. The uncertainty concerning the mandate he considers one of the chief sources of trouble for the Zionists in Palestine. In the past two years, he said, 100,000 Jews, chiefly from Poland and Russia, had settled in Palestine, and were continuing to arrive at the rate of 1000 per month. Dr. Weizmann, who may be given an audience by the Pope soon regarding the Palestine question, intends going to Geneva to represent Zionist interests.

### Captain Amundsen's Monoplane Falls

#### Was on First Lap of Trans-Continental Flight — No One Injured.

Cleveland, April 10.—Captain Roald Amundsen's monoplane, which left New York this morning for Cleveland on the first lap of a trans-continental flight, was wrecked at Miola, Pa., this afternoon, according to a message received here today by Charles A. Otis, local broker, from Horace Gade, his New York manager, and one of the party. The telegram said no one was injured, and that Mr. Gade would reach Cleveland by train tonight.

### Docket Court of Appeal, April Term

Fredericton, N. B., April 10.—Court of Appeal, April session 1922.

Motion Paper

1—Ex Parte John A. Howard. In re-election of Robt. B. Crossman.—Mr. H. V. Byles, K. C., to move for a rule nisi for quo warranto.

Chancery Division

1—Ambrose et al. vs. McCusker et al.—Mr. W. R. Scott, for plaintiffs, to support appeal to set aside decree of

### Grandma Never Let Her Hair Get Gray

#### She Kept Her Locks Dark and Glossy, With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so easily. Preparing this mixture, though, at little cost, you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wool's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking care to saturate it a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though an indication of a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wool's Sage and Sulphur Compound, and look years younger.

# THE STANDARDS SPORTING SECTION

## TYRUS COBB RANKS AS GREATEST OFFENSIVE PLAYER OF ALL TIME

Georgia Peach Boasts Lifetime Batting Average of .371 and Is Still King of the Majors—Comparing Cobb, Lajoie and Wagner.

What a really wonderful baseball player Tyrus Raymond Cobb is can be demonstrated from figures. Baseball averages are occasionally misleading, but in the long run they give the true index of a man's mechanical ability.

Cobb's averages for the 17 years he has already served in the American League prove conclusively that he is the greatest offensive player of all history. His lifetime batting average is .371 which places him head and shoulders above the 124 other American League players who have been in 100 or more games. Because of his phenomenal long service Cobb naturally has the highest gross totals in a number of departments.

By Cobb and Eddie Collins are the only players engaging in 2,000 contests in the majors today. Besides this pair, just 23 players took part in a thousand or more games in the American League.

Tris Speaker, with 2,416 hits; Eddie Collins, 2,357; and Clyde Miller, who garnered 2,082 hits, are the only two thousand hitters.

The leading trio in two-base hitting is: Cobb, with 486 doubles; Speaker, 481; and Frank Baker, with 308.

Cobb holds a safe lead in three-baggers, with 226; Tris Speaker, his nearest rival, totaling 176 triples.

"Babe" Ruth, who acquired the home-run honor within eight years' play, has almost as many homers to his credit as his nearest rival, Frank Baker, with 38 home runs in eleven years, and Ty Cobb, with 32 in 17 seasons. Ruth having 169 home runs, against 148 for Baker and Cobb.

The following hit two thousand five hundred or more total bases on hits: Ty Cobb, 3,453; Tris Speaker, 3,416; Eddie Collins, 3,025; Clyde Miller, 2,678; Frank Baker, 2,631; and Harry Hooper, 2,500.

Three players came through with over 300 sacrifice hits: Oweh Bush, 328; Eddie Collins, 323; and John McInnis, 301.

The leading five base runners are: Ty Cobb, 892; Eddie Collins, 674; Clyde Miller, 484; Oweh Bush, 484; and Tris Speaker, 387 stolen bases.

## SOME OF THE LATEST TOPICS ABOUT THE FAST HORSES

The Cum Laude mare, Better Not, 2:20 1/4, whose 1:01 dash over the Sydney, N. S., ice course established a new ice record for the distance by a trotter, in of English harness, having been bred at Lexington, Mass. Her sire, Cum Laude, is a son of the dead Bingen, 2:08 1/4, her dam being Little Better, 2:11 1/4, a noted road pacer of some years ago. Better Not's competitor in her record-breaking race was the Prince Edward Island trotter, Commodore Crueset, 2:38, who three years ago had trotted a half on the ice in 1:01 3/4, the best previous half-mile performance on the ice.

The annual early-season auction of trotters at Chicago last week, while developing no sensational prices, there being few top horses offered, proved a most satisfactory venture. The top price was \$4,900, paid for the roan Peter Volo, 3-year-old trotter; Volo Cord (half-brother to Bingen), 3, 2:27 1/4, and L. H. O., 2, 2:14, credited with a 2-year-old trial of 2:12. A number of Eastern and Maritime buyers attending the sale and added to their 1922 campaigning stables.

The 1922 futurity season will be inaugurated with the testing of the Benson Stakes (estimated value \$5,000) at the Fort Miami track, Toledo, O., Grand Circuit meeting of the last week in July. A week later at the North Hamdall (Cleveland, O.) track the 13th renewal of the Champion Stallion Stakes (estimated value \$11,000) will be tested. Both of these events are for 2-year-old trotters and their respective entry lists include practically every top 3-year-old colt and filly in training.

The bids for the liberal array of purses offered by the quadpartite chieftains of Orange county, New York, tracks, the total offerings of \$100,000, Stinson, Goshea and Middletown being \$75,000, close today. Two weeks from today (April 17) the early-closing events of the nine Bay State Circuit meetings will close.

Recent sales to Canada include Frax the Great, 2:17 1/4, by Peter the Great, 2:07 3/4, transferred from W. R. Shildan, Malone, N. Y., to R. Paul-Tyner, Montreal, P. Q., for Maine and New Brunswick racing, and the El Sahb stallion, Samoch, 2:10, the first won 2:10 trotter of 1920 season, from John Toy, Philadelphia, to Ontario parties.

An own brother to the four-year-old champion, Arion Gray, 1:59 1/4, was foaled at Walnut Hill Farm in Kentucky Tuesday of last week. The youngster and his dam are owned by A. H. Coaden, Southold, L. I., N. Y., president of the Union Trotting Association.

The Major C. (2:04) pacer, Carl C. 2:13 1/4, recently purchased of Richardson & Kinney, Barnham, Me., by Malcolm & Towle, Augusta, Me., probably was the best of the slow-chase brigade in Maine racing last season. In

## Calais Juniors Met A Reverse

Maine High School Basketball Team Lost at McAdam—Score 23 to 7.

The Calais Junior High basketball team met a reverse at McAdam in their return game against the School team on Thursday evening, March 30, with a score of 23-7. The game was played in four ten-minute periods.

During the first two periods the game was very close, the score being 12 for some time. The play began very fast in the third period, McAdam getting basket after basket from field throws. This was largely due to McAdam using good combination and passing to Nason, their centre, who displayed his skill at shooting.

The Calais team were well pleased with their reception at McAdam. The boys of the town desire to return the generous hospitality which they received on their trip to Calais a short time ago.

The lineup was as follows:—

Goals	Fouls	Pts.
Stewart, J. ....	1	0
Smith, L. ....	1	0
Pomeroy, C. ....	0	0
Tracy, D. ....	3	3
Stedman, A. ....	0	0
Coleman, A. ....	0	0
Webber, S. ....	0	0
<b>Totals</b> .....	<b>2</b>	<b>3</b>

Goals	Fouls	Pts.
R. Lister, J. ....	0	4
P. Phosway, E. ....	3	0
E. Nason, C. ....	6	12
R. Johnston, J. ....	0	0
H. Lister, J. ....	0	0
E. Vail, S. ....	0	0
<b>Totals</b> .....	<b>9</b>	<b>23</b>

Referee, H. Piercey.

On Tuesday evening, March 28, a very fast basketball game was also witnessed in McAdam when Woodstock second team came to McAdam for a return game and defeated their opponents with a score of 29-17. The game was fast and clean throughout, but the visiting team held the lead from the start and ended the first period, leading by a score of 14-7. McAdam team came back strong in the second period, but failed to reach their opponents' score, the period ending with a score 29-17 in favor of Woodstock.

## The Intermediate Baseball League

St. George's Athletic Club of West St. John Will Enter a Strong Team.

The prospect of putting a strong team in the Intermediate City Baseball League and also putting a good junior team into the field, were outlined to the members of the St. George's Athletic Club, of West St. John, at the regular monthly meeting which was held last evening.

The president, A. C. Currie, was in the chair, and there was a large attendance. Several new members were admitted. A final report on the Maritime Wrestling Championships which were held under the club's auspices was submitted, and showed that after all expenses had been paid a satisfactory amount was left on hand to be devoted to the club fund.

L. J. Maxwell, the baseball manager, stated that he had secured a promising line-up from which to form a team for the Intermediate League. The club had considered entering senior baseball circles, but on further consideration it was decided to confine their activities to the Intermediate game.

Mr. Maxwell also stated there was plenty of material in the club to form a promising junior team, as a number of the members of the Maple Leaves of the preceding year were members of the club and would form the nucleus for such a team.

The offer of St. David's Dramatic Club to put off their play for the benefit of the club's funds was accepted and will likely be featured in the City Hall, West St. John, towards the end of the month.

It was announced that the club would have two entries in addition to those already published in the Maritime Boxing Championships, and both in the 145 pound class. They will be Arthur J. Doherty and Cyril Bedford. Bedford holds the Maritime wrestling title for that weight.

## Dempsey Party Leaving Today

Aquitania on His Invasion of Europe.

New York, April 10.—In his invasion of Europe, Jack Dempsey, who sails on the Aquitania tomorrow, will be emulating the habit which most of the American world heavyweight champions became addicted to since John L. Sullivan took England by storm.

The Dempsey party will land at Southampton and proceed to London by rail to look around. Jack Kearns, the champion's manager, has no definite plans but from a perusal of the passports the group is carrying it appears that none of the numerous lands of Europe is likely to be missed.

At his hotel today witnessing the packing of his wardrobe, the world heavyweight champion said he is more apprehensive of seasickness than of any feeling that may be offered. Manager Kearns, J. E. Benjamin, Pacific coast heavyweight and friend of Dempsey and Teddy Hayes, Dempsey's secretary, make up the party.

## Many Entries For Championship

Everything Bright for Great Boxing Meet Wednesday and Thursday Nights.

The entry lists for the Maritime Amateur Boxing Championships which will be held in the armories Wednesday and Thursday nights have closed with a total of twenty-two entries received to date.

The Garrison Club has the largest number of entries of any club, with a total of nine. There are three Nova Scotia champions coming, some from Halifax and it is hoped there will also be some likely lads from Glace Bay.

In addition to the regular classes, two special classes have been made up, the 118 and the 100 pound class.

The entries received include: 100 lbs.—Farrell Britt, Y. M. C. I. St. John; F. L. McLeod, St. John Rowing Club; Alfred Ricketts, St. John Garrison Club.

108 lbs.—Benjamin Garland, St. John Garrison Club; Frank L. Collins, G. W. V. A. St. John; I. J. Britt, St. John, Y. M. C. I.

115 lbs.—W. Furze, St. John Garrison Club; McInnis, St. Mary's Athletic Club, Halifax; Nova Scotia champion, 113 lbs.—W. R. Steen, St. John Garrison Club; Louis Donovan, St. John Garrison Club; Stanley Belding, St. John Garrison Club; Murphy, St. Patrick's Athletic Club, Halifax.

125 lbs.—F. Albert Perry, St. John Rowing Club.

135 lbs.—Alfonso Hogan, St. John Rowing Club; Healey, St. Mary's Athletic Club, Halifax; Nova Scotia champion.

140 lbs.—Raymond Joyce, St. John Garrison Club.

145 lbs.—Ernest McGorman, St. John Garrison Club; D. W. Patterson, St. Jude's A. A. A. St. John.

145 and 156 lbs.—O'Grady, St. Joseph's Athletic Club, Halifax.

160 lbs.—P. Cleveland, St. John Garrison Club.

158 lbs.—Marshall, St. Mary's Athletic Club, Halifax; Alec Naylor, Y. M. C. A., Halifax; Nova Scotia champion.

## Coming To Fight Affidavit Scheme

Halifax Crescents Amateur Athletic Club Sending Delegates to Union Meeting Here Wednesday.

Halifax, N. S., April 10.—At the annual meeting of the Crescents Amateur Athletic Club held here tonight, P. C. Neville, the president, and Gordon Gungler, the secretary, were elected delegates to the meeting of the Maritime Branch of the Amateur Athletic Union of Canada, to be held at St. John on April 12. The attitude of the club is one of opposition to the affidavit scheme of President A. W. Covey, and its delegates will carry with them proxies for half a dozen other clubs in Nova Scotia. They expect to line up St. Peter's Club of St. John in the fight against the affidavit scheme.

**BOWLING PRIZES**

Prizes to be presented to the winning teams and individuals of the Commercial Bowling League are on display in Bond's window, Charlotte street. They consist of ten silver trophies, boots, sweater coats, razors, sets of brushes and other articles. They are to be presented this evening at a banquet, which is to be held in Bond's and will mark the termination of activities for the season.

John Garrison Club; D. W. Patterson, St. Jude's A. A. A. St. John.

145 and 156 lbs.—O'Grady, St. Joseph's Athletic Club, Halifax.

160 lbs.—P. Cleveland, St. John Garrison Club.

158 lbs.—Marshall, St. Mary's Athletic Club, Halifax; Alec Naylor, Y. M. C. A., Halifax; Nova Scotia champion.

## The Australian Was Disqualified

London, April 10.—George Cook, Australian pugilist, was disqualified in the sixth round of a scheduled 20 round bout here tonight, with Joe Beckett, for the championship of the Empire.

## The Old Country Football Results

London, April 10.—In a Northern Union Rugby match played today Leeds defeated Halifax by 20 to 5.

London, April 10.—Football games played in the old country today resulted as follows:

**Soccer—First Division.**  
 Everton 0; Preston 0.  
 Chelsea 1; Huddersfield 0.

**Third Division—Southern Section**  
 Bristol Rovers 0; Gillingham 2.  
 Aberdare 0; Morrhay 0.

**Rugby League**  
 Neath 7; Gloucester 4.

## Baseball With Big Leaguers

At Baltimore, R. H. E. Baltimore Internationals ... 4 18 1  
 Boston Nationals ... 13 12 5  
 Batteries—Ogden, Jones, Laaco and McAvoy; Styles; Tyler, Braxton, Miller, Morgan and Olson.

At Brooklyn, R. H. E. New York Americans ... 11 9 1  
 Brooklyn Nationals ... 0 9 1  
 Batteries—Murray and Hoffman; Buckner, Gordon, Decatur and Deberry.

## Want Permission To Use Square

The St. George's Athletic Association through its representative, P. J. Legge, has applied to the Department of Public Works for permission to use a section of Queen Square, West St. John, as a ball park.

Commissioner Frink said this was a matter for the entire council to consider, as in view of the fact that the city had been held liable in the sum of \$3,000 for the death of a lad who was electrocuted while playing ball there, there was some question as to whether ball playing would be allowed any longer.

Commencing March 6th and until further notice while the S.S. Connors Bros. is in for inspection, the Aux. Sch. Brunswick Maid will receive freight on Mondays in Thorne's Slip.

LONGSHOREMEN REJECT PROPOSED WAGE CUT

Montreal, April 10.—Montreal longshoremen have refused to accept a wage cut of ten, twenty and thirty per cent. announced by eighteen shipping companies for various forms of night and day work, but was not yet declared. Practically unanimous opinion was expressed at a meeting of the longshoremen here that they would not accept the proposed cut.

Business Statement Human Document

Metropolitan Life Insurance Company Still Keeps Up Its Record as Leader.

The business statement of the Metropolitan Life Insurance Company for 1921 contains interesting matter generally found in the statement of a financial corporation. It relates to the human side of a great business. The Company's assets are more than one billion, one hundred and fifteen million dollars and its policies outstanding are more than twenty-five million. Over 1,700,000 policies are held by Canadians. Many people hold more than one policy and the best estimate of the company is that this number of policies insures, round numbers, nineteen million individuals. As over twenty million of the policies are the so-called industrial, or which premiums are collected weekly by agents who call at the policy-holder's residence, the company with the financial strength of the Metropolitan has an opportunity for health and welfare work. The statement publicizes the fact that the company has accepted this opportunity.

Todd, St. John; Mrs. D. J. M. Wighton, St. John; Mrs. John Young, St. John; and Miss Hilda Young, St. John.

WORLD COMMERCE DROPPED 34 PER CENT. DURING YEAR 1921

Trade of Twenty-Five Countries \$52,000,000,000 Compared With \$79,000,000,000 in 1920.

According to official reports the commerce of 25 principal countries of the world aggregates, when transformed into United States dollars at the par value of their respective currencies, approximately \$52,000,000,000, compared with \$79,000,000,000 in 1920, a reduction of about 34 per cent. in stated value, according to O. P. Austin, statistician of the National City Bank of New York. In the bank's April review of economic conditions, he says: "The principal countries for which 1921 figures are now available include all of Europe except Russia, Poland, Germany, Portugal, Greece and the states formed from the Austro-Hungarian Empire; the United States, Canada, Cuba, Argentina, Brazil and Uruguay in America; India, Japan, Australia, New Zealand and the Philippines in the East; and the South African Union in Africa. They are representative countries, typifying the great industries of the world; the European countries, the United States and Japan the world's great manufacturers; Canada, Cuba, Argentina, Brazil, Uruguay, Egypt, South Africa, Australia and New Zealand great producers of food and manufacturing material, while the United States also belongs in part to this second group.

Lower Prices a Cause.

While comparisons of world trade in 1921 with that of earlier years are rendered difficult by reason of the fluctuations in the value of the currencies in which the commerce of certain countries is measured, it has been stated that the current figures are not available for the past 12 months than those of certain other commercial countries, whose trade figures are not available in the past year in the form to justify their inclusion in the tabulation here presented or to render possible a comparison of their 1921 totals with those of 1920.

Imports and Exports.

Table with columns for Country, 1921, 1920, and % Change. Includes Argentina, Australia, Austria, Brazil, Canada, Cuba, Denmark, Egypt, France, India, Italy, Japan, Netherlands, New Zealand, Norway, Philippines, Siam, Spain, Sweden, Switzerland, United Kingdom, United States, Uruguay, and Total.

THE COUGH WITH THAT TICKLING SENSATION

A little tickling in the throat; now and then a dry hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

Sweden's Unemployed Increasing Because Of German Trade

Stockholm, April 10.—(Special.)—Severe German competition is causing a continued increase in the number of unemployed in Sweden. More than half the 25,000 workers ordinarily employed in the saw mills were out of work on February 1 and so were 55 per cent of those usually employed in the iron and steel industry.

THE WEATHER

Toronto, April 10. — The weather has been quite warm today in many parts of Ontario. While the West has been fair and rather cool. Light local showers have occurred in Quebec and the Maritime Provinces. A fairly pronounced disturbance is being tracked over Iowa, moving slowly northward.

AROUND THE CITY

CHILD DEAD. Friends of Mr. and Mrs. Thomas Carter were sorry to learn of the death of their little son, Thomas Edgar.

EASTER HOLIDAYS. The public schools will close for the Easter vacation on Thursday afternoon and will remain closed until Wednesday morning, April 19.

BIG GASPÉREUX CATCH. The first big catches of gaspereaux in the harbor for the season were made yesterday morning, when one fisherman netted 2,500 fish, and about 1,400 were caught in veils.

HUNDRETH ANNIVERSARY. The Montreal Board of Trade will celebrate its 100th anniversary on Friday, April 23, and has sent an invitation to the president of the St. John Board to attend the function.

TO ATTEND FUNERAL. Mrs. Margaret Ennis of New York and Mrs. Mary O'Connor of Woodstock, arrived in the city on the Boston train yesterday afternoon to attend the funeral of their sister, Mrs. Annie Ryan, which will take place today.

MEMORIAL PLAQUE. Mrs. Jax Glass has received from the King a brass memorial plaque in honor of her son, Walter H. Glass, who was killed in action in Flanders, October 27, 1918. The memorial was accompanied by a letter from Mrs. Majesty. Mrs. Glass lost two sons in the war.

THE ST. JOHN BILLS. Mayor Schofield, Warden Thornton, Commissioner Frank and J. King Kelley, K. C. County Secretary, will be in Fredericton this morning to attend the meeting of the bills committee of the Local Legislature in connection with some St. John bills.

BOARD OF TRADE. The secretary of the Board of Trade has received notice from the French Government that they intend to dispose of their merchant marine at the highest bidder. They enclosed specifications of the ships. A man in West-end Canada wants to get in touch with manufacturers of whale, fish and cod oil in this part of the country.

PRIESTS HAVE GONE. Rev. Fathers Joachim, C. P. one of the Passionist Fathers who officiated at a four weeks' mission at the Cathedral recently, left last evening for Halifax, where he will preach during the Holy Week services at St. Mary's Cathedral. Rev. J. M. Meehan, who arrived Sunday on the Melita, left yesterday afternoon for his parish in Kingston, Ont.

COUNTY COURT. In the county court yesterday morning before Hon. J. R. Armstrong, the case of Haley Irovs. vs. Chittick, a claim under the mechanics' lien, was continued. Four witnesses were heard for the defence. The plaintiff made application to add the contractor, R. E. Edible, as a co-defendant, and the case was adjourned to May 4. R. S. Wrayman for the plaintiff, and G. H. V. Bell, K. C., for the defendant.

PUBLIC WORKS ACTIVITIES. Commissioner Frank and H. E. Gould yesterday morning made an inspection of the King Square and Old Burying Grounds and found that some of the graveyards had been destroyed by the frost. It is the intention of the Commissioner to start laying out the beds as soon as the weather will permit.

WEEKLY MEETING. The regular meeting of the Methodist Ministerial Association of the city was held yesterday morning in Centenary Church, with Rev. H. B. Clarke in the chair. Those present were: Rev. Messrs. H. B. Clarke, Neil McLennan, T. M. Bice, H. E. Thomson, L. J. Wason, R. G. Fulton, R. E. Styles and J. Housley. The educational programme of the Methodist churches of the city was discussed. Some of the churches reported that they had already arranged their own programmes, and it was left to the other churches to do the same. The programme for a united service on Good Friday morning in Centenary Church was completed. Rev. R. G. Fulton, pastor of the church, will conduct the service and will be assisted by Rev. Neil McLennan and Rev. H. B. Clarke.

School Board Regular Meeting

No Further Steps Taken in Arbitrators' Findings—Reports from Different Officers Received.

The Hon. H. A. McKeown, chairman of the St. John School Board, informed the board at its regular meeting last evening that he had taken no further steps in regard to accepting the award of the board of arbitrators findings on the site expropriated by the board in West St. John as a new school site, pending the return to the city of the board's solicitor, J. D. M. Baxter, who represented the board in the suit. The arbitration board awarded the property owners the sum of \$18,975, which was accepted by the school board at its last regular meeting, subject to the approval of their chairman who was absent at the time.

RESULTS BY BOOTHS

Applications for positions on the acting staff were received from J. O'Byrne, Middle Sackville, R. H. Moore, River Charles, Esther J. Clark, Fredericton, Rita C. Currie, Hampton; Marie C. Munroe, Campbellton; L. A. Gilbert, St. John; Pearl MacNeil, Albert street, St. John. On motion the applications were placed on file.

A letter was received from Miss Sarah Smith, thanking the board for accepting her resignation, and for continuing of her salary to the end of the school year. Miss Smith also stated that it afforded her much satisfaction in knowing that her efforts during her forty years of service in the city's schools had been appreciated by both the school board and by the parents.

A letter was received from Mrs. Vera P. Webb, West St. John, asking permission to terminate her contract with the board in April. Mr. Green demurred, but as he was informed Miss Webb was to be the principal in an interesting event shortly after Easter, he voted with the rest of the board and the resignation was accepted.

A communication was received from Lockhart & Ritchie regarding the extension of the board's policy on its steam boilers to cover the boiler recently installed in the Newman street school. Referred to the Finance committee with power to act.

The secretary's report, and that of the trustee officer, were accepted as read.

The secretary reported 6,712 pupils enrolled, a daily attendance of 7,819, and a percentage of daily attendance 83.6.

During the month there was one death, 89 were sick, 31 at work, 26 left the city, one truant, and two suspended. The board of health reported two cases of diphtheria, three of scarlet fever, and two of whooping cough.

The trustee officer reported 96 irregular attendants, and 16 truants.

Dr. Mabel Hamilton, Medical Inspector of Schools, wrote the board urging them to secure a suitable room for medical inspections in the LeTour school. She recommended making arrangements to use the same quarters as those being used by the pupils of the St. Patrick school.

Dr. Bridges stated that the platform in the assembly hall of the LeTour school could be removed and used for the purpose until the new building was secured. The matter was referred to him with power to act.

A communication received from Dr. Wm. Warwick, medical officer of the sub-district board of health, stated that the medical inspector of schools had reported the grade one room of the LeTour school lacked proper ventilation in view of the large number of pupils it was called upon to accommodate, and advised that the board secure an overflow room.

Dr. Bridges questioned the sixty pupils in daily attendance as reported by the Medical Inspector, he was doubtful if they amounted to that much. The matter was referred to the superintendent and the visitors to the school.

Trustee Nagle on behalf of the local Vocational Board, asked the Board to set aside the upper floor of the Trustees building for the use of a director of Vocational Training and his staff who are expected from Ottawa some time in May, and who in conjunction with the Froebel and city board will make an industrial survey of the city. Referred to the Visitors' Committee.

The visitors to the High School building were authorized to have the ceiling in Miss Langley's room raised. The work to be done by the board's carpenter under their supervision.

The visitors of the King Edward school were empowered to inspect a wall on the Wiggins Orphanage property, which threatened to endanger the school property, and to bring in a report.

On motion of Trustee Smith, the Trust Officers' allowance for street car fare was increased to two dollars per month, for ten months of the year.

The Holidays At The Post Office

Post Master Flager announces that Friday, April 14th and Monday, April 17th, will be observed as public holidays as follows: On Good Friday the Money Order office will be closed; the General Delivery—Registration and Stamp Windows will be open from 9:00 to 10:00 a. m. and 6:00 to 7:00 p. m. No delivery by Letter Carriers.

The street letter boxes and parcel receptacles will be collected by team as usual. Mails will be despatched at the regular hours. On Easter Monday the Money Order Office will be closed; the Letter Carriers will make the morning delivery only. All other business will be carried on as on other days.

PRIMARY ELECTIONS INTERESTING; H. R. McLELLAN LED THE POLLS, R. W. WIGMORE WAS CLOSE SECOND

Former Commissioner Had 1,502 Majority of Votes Over Mayor Schofield—Mr. Wigmore Led Commissioner Bullock by 939—Alex. Corbet Finished Third—Messrs. Sears and Hilyard Out of the Running—Fairly Heavy Vote Polled.

The primary elections yesterday in St. John were interesting and fairly heavy. H. R. McLellan led the polls with 1,502 votes over Mayor Schofield. Mr. Wigmore led Commissioner Bullock by 939 votes. Alex. Corbet finished third with 1,171 votes. Messrs. Sears and Hilyard were out of the running. A fairly heavy vote was polled.

Table with 10 columns: Wards, McLellan, Schofield, Sears, Bullock, Corbet, Hilyard, Jones, Wigmore. Rows include Guys No. 1, Brooks No. 1, Brooks No. 2, Sydney No. 1, Sydney No. 2, Dukes No. 1, Dukes No. 2, Queens No. 1, Queens No. 2, Kings No. 1, Kings No. 2, Wellington No. 1, Wellington No. 2, Wellington No. 3, Prince No. 1, Prince No. 2, Prince No. 3, Victoria No. 1, Victoria No. 2, Victoria No. 3, Dufferin No. 1, Dufferin No. 2, Lansdowne No. 1, Lansdowne No. 2, Lorne No. 1, Lorne No. 2, Lorne No. 3, Stanley.

In the primary elections yesterday H. R. McLellan had a majority of 1,502 votes over Mayor Schofield, having a majority in every ward except Queens and Kings, where he was expected slightly. The North End and Centre wards gave Mr. McLellan a vote of over two to one. The surprise of the campaign was the small vote polled by Edward Sears, who had been granted he would not win but everybody expected him to get a larger vote than was recorded for him.

For the Commissioners R. W. Wigmore landed just where he was expected to, at the head of the list. He polled a heavy vote in all the wards of the city, leading the ticket in every one. Commissioner Bullock came second, Alexander Corbet was third man on the list and Commissioner Jones fourth, while E. J. Hilyard lost out by a small majority and will not be in the final. Mr. Wigmore led Commissioner Bullock by 939, Mr. Corbet by 1,604, Commissioner Jones by 1,743 and Mr. Hilyard by 1,510 votes.

The vote polled was a fairly heavy one for a primary election, showing the interest taken by the voters in this campaign. Of the nine thousand odd voters eligible to cast a ballot about six thousand four hundred went to the polls and recorded their preference for one candidate or another, about seventy-five per cent, and this is a large percentage for a primary election. In the 1920 election only about sixty per cent went to the polls and the day was much finer than yesterday. The vote in 1920 primary was: Thompson 3,042; Campbell 1,862; McLellan, 1,839; Frank, 1,715; Harding 1,477; Fisher, 1,435; Nevias, 1,231; Mayes, 461; Logan, 417. In 1918 the vote was: Thompson 1,285; Hilyard 1,886; Thornton, 1,644; Frank, 1,510 and in 1916 G. Fred Fisher led the poll with 2,570.

The vote will be seen from these figures that a much larger vote than usual was cast yesterday.

The vote by wards for the mayorality was:

Table with 10 columns: Wards, McLellan, Schofield, Sears. Rows include Guys, Brooks, Sydney, Dukes, Queens, Kings, Wellington, Prince, Victoria, Dufferin, Lansdowne, Lorne, Stanley.

PLACE BRASS TABLET ON THE GERMAN QUARTERS

South End Improvement League Transacted Considerable Business at Regular Meeting Last Evening.

The regular meeting of the South End Improvement League was held last evening, in the Boys' Club rooms, South End, with the president, Frank White, in the chair. Among the features of business transacted at the meeting was the decision of the league to place a brass tablet, suitably engraved, on the German gun in Queen Square. A committee was appointed to make arrangements for an engraving, which is to be given to the boys' at the latter part of this month. Several communications were received from different baseball organizations asking permission to use the South End grounds during the summer. These letters were laid on the table and will be dealt with at the annual meeting in May.

ARREST CAUSED SOME EXCITEMENT

Russian Taken Into Custody on Main Street Resented Assistance of Merryfield.

Considerable excitement was created on Main Street early last evening when Special Constable Merryfield attempted to assist Police Constable Giammett to arrest a Russian for drunkenness, the latter resented the efforts of a man not in uniform, and put up a lively argument during which Merryfield received a considerable mauling from the Russian's foot.

A crowd which quickly gathered began to boo the constable and call upon him to let the man alone. The Russian informed the policeman that he would go with him without a struggle and walked along to the station with him in a quiet manner, but vowing vengeance on Merryfield for the treatment he had accorded him.

Three drunks and two protectionists were located in the cells at the central station last night.
