DISASTROUS FIRES IN THURSDAY'S GALE

George Tedlie of Lower Brighton and H. K. Shaw, living a mile or so south of Hartland, both lost their dwellings by fire in the gale that prevailed on Thursday.

Mr. Shaw's house caught by a spark from the flue about 10 a. m., and was quickly consumed. A good part of the contents were saved. He had a small amount of insurance.

Mr. Tedlie's loss came at the noon hour and was occasioned by an overheated furnace pipe setting fire between the ceiling and floor. The house, one of the finest farm-houses in the county, was valued at more than \$3,000 and the total loss was over \$4,000. Much of the furniture, bedding and clothing was lost. There was insurance of \$1,600.

ROY HALLETT WOUNDED

Word was received on Saturday to the effect that Roy Hallett, a member of the "Fighting 26th," was wounded by a rifle shot "Somewhere in France." It is stated that the wound is a serious one.

Young Hallett, who is not yet 18, was working with Carey Dickinson when he enlisted a little more than a year ago. He was well known here as a bright young fellow. His father is George Hallett, now living in Victoria county, and his mother is a daughter of the late Richard Jackson. The unfortunate lad has relatives and friends here who will hear of his fall in battle with sadness.

It is stated that Arnold Blisard, a Hartland boy serving in an ambulance corps, is being sent home invalided.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fatten, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. At any drug store.

Vol. VII JAN. 12, 1916 No. 31

OPPOSITION CONVENES AT ST. JOHN

The convention was called to order by W. E. Foster, chairman of the executive of the opposition. He referred to the Fredericton conference and the promise then given that a convention would be held and a policy framed that would tend to uplift the political life of the province.

"No party," he said, "could be a great party unless it has a broad policy. The name New Brunswick has won outside of the province is not creditable. New Brunswick is notorious for its campaign funds, but we will show the people that the opposition can win the next election without the use of money."

Mr. Foster then called for the election of a chairman and, upon the motion of A. O. Skinner, Hon. C. J. Osman was elected to the position. Mr. Osman's acceptance couched in graceful terms, was followed by the election of E. S. Carter as secretary.

Hon. C. W. Robinson was called upon and was given a magnificent reception. He spoke in high terms of the convention as assembled, a convention so thoroughly representative that it showed a deep interest in public affairs. He recognized that it had met for business and he would not take up much time in speech making.

Mr. Robinson briefly outlined the events which have occurred since the Fredericton convention and spoke in warm terms of the splendid work of Messrs. Carter and Veniot, opposition organizers, who had proved themselves able and energetic and through whom many things had been brought to light which had determined many thoughtful citizens that it was time for the opposition to get together. He was sorry to say that he had not given the leadership much attention, but the organizers and others had done so well that they were entitled to congratulations.

He did not think it possible for him to give that attention to the work of the opposition leadership which it demanded, and as he did not desire to block the progress of the opposition, for "God knows there is need of an opposition," he wanted them to give consideration to the step which it would be necessary for them to take.

"I would like," he said, "for you to get some one to take my place. We have an enthusiastic opposition in the province today, and there is a great chance to win. That is almost the opinion of some of the most prominent of our opponents. (Applause.) Let us get down to business. Let us not play with the matter any longer. You have good organizers and splendid loyal men ready to work and you should take some action with respect to the leadership."

In a vigorous speech F. B. Carvell, M. P., followed Mr. Robinson, declaring at the outset that the opposition party is bigger than any leader. Personally he was sick, sore and tired at the condition of affairs in the public life of

the province today. He referred to his experience and that of those associated with him in the Dugal investigation and, referring to that conducted by Mr. Chandler, asked "If men will first forge names on pay sheets, then forge endorsements on checks and the government will not even condemn them, then in Heaven's name, where will they stop?"

Mr. Carvell referred to the necessity of outlining a definite policy regarding crown lands, highways and the temperance question. For himself, he believed it necessary to take the crown lands out of politics and to adopt the same policy with regard to the roads. The temperance question, he believed must be faced squarely and seriously and he asked the convention to give it their earnest attention.

When the next election comes he had no doubt what the result would be; he could not think that the people would do anything but give an unmistakable verdict against the present administration.

In concluding he said: "Whatever we do let's be honest with ourselves and the voters. Let us treat provincial affairs as a business proposition and consider our policy on every question in the light of whether it is right or wrong and not merely with regard to its possibility as a vote getter."

Potatoes \$2.75 at Bath

The farmers were busy last week hauling potatoes, the price one afternoon being as high as \$2.75 per barrel.

There is now good crossing on the river at this point.

Rev. M. C. Higgins of Wolfville, who has been supplying for the different churches on this field, left today for his home.

Mr. and Mrs. G. S. Larlee spent Sunday at Perth.

R. L. Phillips of Fredericton paid this place a visit this week.

Rev. Father Bradley of Florenceville was here on Friday last.

Hayes & Vanderstine are now running their steam saw mill every day, sawing custom lumber supplied by the farmers.

To open Y. M. C. A. Room

A movement is on foot to establish a branch Y. M. C. A. in Hartland, primarily for the benefit of the soldiers billeted here. It is hoped the village commissioners may be urged to finish the second storey of the hose house and to let it for the purposes of the association without charge. At the last annual village meeting it was voted to do this work during the year and there is no time better or more opportune than the present.

Already a young man of sound character has volunteered to take charge of the room. The move is a most commendable one—in deed, it may be pointed out as a necessity.

Florenceville May Have a Hospital

The matter of equipping a private hospital at Florenceville with all modern improvements is being talked up by Dr. Somerville, Bristol and Drs. Brown and Peppers, Centreville. As soon as a suitable site can be secured a company will be organized to put it through. It was the original

intention to buy the Dr. Ross house, but it is understood the price was too high, and other arrangements are being made for a building.

Fertilizer Better than the Guarantee

Some days ago Clyde Rideout sent to the Agricultural Department, Ottawa, a sample of the Special Northern Maine Potato Manure, sold by Keith & Plummer, for analysis. After the work of examination was duly completed Mr. Rideout was forwarded the following favorable report:

	Guaranteed	Found
Ammonia	4.05	4.76
Phos. Acid available	10.00	10.05
Potash	4.00	4.05

The public will kindly take notice that this fertilizer is better than was guaranteed.

Primitive Baptist Quarterly Meeting

On New Year's the Primitive Baptist Quarterly meeting convened with the church of the same Faith at Lansdowne.

A large number of the clergy, delegates and laymen gathered for their first service, Jan. 1, at 10.30. Opening service was in charge of Bro. J. M. Mallory. Many things of interest were said by the speaker which helped the people get into line for work during the session.

Regular Conference service began at 2.30. At this service the people met on a platform where the Spirit's presence seemed to pervade every heart. Many expressed a desire to have a much closer walk with God in future than in the past.

The New Year evening service was profitably led by Bro. James Sprague. At close of his remark a short social service was held, the people enjoying a feast of Spiritual things.

As usual a delightful song and praise service began at 9.30, Sabbath morning; full of rich blessing for all who would put themselves in the way. At 11 Bro. G. A. Giberson came to the platform and spoke to the people for a short time. His message was much appreciated by the audience.

The afternoon service was profitably led by pastor of church, Bro. P. J. Quigg.

Evening service was presided over by Bro. H. H. Hartt. Many pungent truths were voiced by the speaker, exhorting the people to adhere more closely to the golden rule.

Monday, 7.30, the closing service of session conducted by Bro. C. H. Orser at this service Bro. D. E. Brooks was remembered by an offering of \$15, also the widow of the late Samuel Sprague with an offering of \$9. The appreciation of the Conference was feelingly expressed by the speaker of the service, to the community for kindness during this session.

As we are entering into the New Year we have great reason to return thanks for the rich blessing of the past and that His blessing rested upon the first session of 1916; and humbly pray that as a people we may hold an open mind toward the Master ready to receive and convey such messages to the world as may be given from time to time.—A. H.

I.C.R. TAKES OVER LINE TO MUSQUODOBOIT

The Service Meantime Will be on Tuesday, Thursday and Saturday, Leaving Dartmouth 3 p.m.

Halifax, Dec. 31.—The operation of the Dartmouth to Deans branch of the government railway system will be undertaken on Monday, January 3rd. The trains will run from Upper Musquodoboit, leaving at 5.30 in the morning and arriving at Dartmouth at 10 o'clock in the forenoon, thus making the run of 70 miles in four hours. Returning the train will leave Dartmouth at 3 o'clock in the afternoon arriving at Upper Musquodoboit at 7.30 o'clock in the evening. The trains will run on three days each week—Tuesdays, Thursdays and Saturdays. It will be a mixed service—passenger and freight. Cavicchi and Pagano, the contractors who built the road have been running the service for some months and have thereby been a great convenience to the people travelling from Halifax to Middle Musquodoboit. Now it is to be undertaken by the I. C. R. as a branch of the system that extends from Halifax to Winnipeg and soon may reach clear across to the Pacific. The desire of the people on the shore and through the Musquodoboit valley is at last to be gratified with the operation of the road as a part of the I. C. R. and in this respect the beginning of 1916 will be memorable. It will be noted that the road, in the meantime, will be operated not to Deans, but to Upper Musquodoboit.

Personal Automobile Talks!

No. I

Why I am in the Automobile Business

Being one of the first in New Brunswick to purchase an automobile for business and personal use, I early became convinced: That when a moderate priced car could be produced which would be economical in service, simple in construction, and with a liberal service policy behind it, its use would soon become general and prove a boon to the man of moderate means who wants a dollar's value in performance for every dollar expended.

During 1910, 1911 and 1912 I travelled thousands upon thousands of miles, using practically every make of car and studying most carefully their performance and cost of maintenance.

By the fall of 1912 I became convinced that the Ford automobile is better adapted to service in this country than any car manufactured, regardless of cost.

That it contained big value for every dollar invested.

That tires cost for Ford only small proportion of cost on other cars.

That because of its simplicity it is rarely out of order. That because of its weight it is easier on gasoline and does not wear itself out.

Because of this knowledge I became a Ford dealer in 1913. Each year since my sales have multiplied in a marvelous manner, proving that my judgment is right and making me the leading automobile dealer in New Brunswick.

LT-COL. MELVILLE ARRIVES

There will be high jinks at East Florenceville tonight, when, at Charlie Dow's hotel, upwards of 200 friends of Lieut.-Col. Melville will gather to shower him with congratulations and the measure of praise that is his due.

The Colonel arrived in St. John on Sunday and at his home at Florenceville yesterday.

At Hartland station the band headed a large crowd to welcome the returned hero—for any man who voluntarily passes through shot and shell is a hero. Col. Melville stepped from the train and modestly acknowledged the ovation.

A large number, and probably the band, will go to Florenceville to attend the banquet tonight.

Col. Melville shows in his face and manner his year on the firing line in the world's bloodiest war, but fortunately he comes home with a whole skin, and will, it is whispered, be busy raising another battalion to lead forward into the fray. Success to him.

Address and Presentation to Miss Katie A. Ronald

The members of the Presbyterian church of Glassville, desirous of showing their appreciation of the many excellent services of Miss Katie A. Ronald, took the occasion of her approaching marriage and departure from the district to convey to her an address and presentation. The meeting was held in the church hall on Thursday evening December 23 last. Rev. James Colhoun, pastor, presided. The proceedings were opened with music and prayer, after which the chairman explained the object of the meeting, gave expression to the regret with which the community looked upon the departure of Miss Ronald, and hoped for her much success and blessing in her future. An appreciative address was then read after which Mrs. D. H. Lamont handed Miss Ronald an envelope containing bank notes for a substantial amount. In reply Miss Ronald spoke with deep feeling expressing her surprise at the way in which the kindness of Glassville showed itself; spoke of what she had done, and expressed the hope that much blessing would rest on all the work done in the district. She would carry many happy memories of kindness received to her new home. On behalf of the trustees Mr. D. H. Lamont and Arthur McIntosh expressed their regret at losing Miss Ronald and good wishes for her future. Mrs. D. H. Lamont, representing the Women's Institute, I. D. Hood on behalf of the Choir, Mrs. H. Joyner Lamont, on behalf of West Glassville, and Mrs. Colhoun representing the Womens Missionary Association, expressed their good wishes toward Miss Ronald. Tea and cake were served. Auld Lang Syne and the National Anthem were sung. The chairman presented Hymnbooks to the choir as a memento of the occasion, then leading in prayer he concluded the proceedings by pronouncing the Benediction.

Old Leather May be put to Good Use

The various Women's Institutes have undertaken to collect all kinds of old soft leather, such as cast-off kid gloves, suede, furniture covering, etc.; which is made into a sort of artificial leather for making coats for soldiers. The new material serves admirably and a soldier writes from the trenches that he would not take its weight in gold for his. The local institute will gladly receive from all who can supply a bit of it, old leather goods, such as can be made into the new material. The completed coats cost about 25 cents and are made in England by tens of thousands, giving employment to many women and children and great comfort to the soldiers in the slush and mud.

Mr. and Mrs. P. H. Bishop and little daughter of Kilburn were last week guests of W. N. Rideout.

Croup

"I don't think there is a more anxious time for parents than when their children, have croup. Without they are prepared with Chamberlain's Cough Remedy they must wait for the doctor and listen to the choking, metallic cough and watch their little one gasping for breath.

You know the great danger of croup is the formation of a false membrane in the larynx, and until this is expelled relief cannot be obtained, and the spasmodic choking continues. Give Chamberlain's Cough Remedy in frequent doses. It will loosen this membrane and cause the child to expel it by vomiting.

Chamberlain's Cough Remedy

is an absolutely safe and certain remedy for croup, and if given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack."

Yours for Health — Graney Chamberlain

Hardware Business Changes Hands

Ray DeWitt, son of H. M. DeWitt of Upper Woodstock, has bought out the hardware business of Ziba Orser and took over the management of the concern on Monday.

The first hardware store in Hartland was established early in 1896 when George M. Shaw, now in Texas, and W. L. McGee, at present a merchant in Houlton, opened for business. Soon after Mr. McGee withdrew and his interest was acquired by J. T. A. Dibblee of Woodstock. Time brought further changes and Page

W. and Charles M. Rideout became owners of the business. In 1906 Mr. Orser took the business, and was burned out in the fire of 1907. The Rigby Hardware Co. was soon after formed which later sold again to Mr. Orser, who ever since has kept the business going under a severe handicap. Starting in without the unfortunate drawback that was Mr. Orser's, the new owner should make a success of the business if he puts forth as strong an endeavour as his predecessor.

Cyr Violette has moved from the Orser rent into the tenement over Montgomery's store.

WHEAT BLOOD YOUR MIRROR TELL YOU?

Your mirror has a message for you. Is it one of health and good cheer? Or do you read there signs of disease and a warning to take action?

Is your complexion pale and sallow? Lips, gums and eyelids without color? Is there puffiness under the eyes?

These are indications of anaemia or poor quality of blood. Other symptoms are shortness of breath, palpitation of the heart, faintness and dizziness, swelling of the ankles, indigestion and irritable temper, ringing in the ears and dimness of vision.

The blood is watery. It is lacking in the red corpuscles which supply nutrition to the nervous system and go to build up the cells and tissues of the body. You need just such help as is best supplied by Dr. Chase's Nerve Food. In this food cure you get in condensed and easily assimilated form the ingredients from which good, rich, red blood is formed. Gradually and naturally the weak, listless body is restored and the vital organs resume their various functions.

Since the Nerve Food cures by the building-up process, you must expect to keep up the treatment for some little time. The thoroughness of the cure will more than reward you for your perseverance, and in the meantime your mirror will tell you of improving health and the return of color to the cheeks.

50 cents a box, 6 for \$2.50, all dealers, or Edmandson, Bates & Co., Ltd., Toronto.
