

40TH YEAR. NO. 16852.

LONDON, ONTARIO, TUESDAY, MARCH 24, 1903.

PRICE ONE CENT.

## MRS. BURDICK ON THE RACK; RIGIDLY CROSS-EXAMINED

She Is Compelled to Tell of Her Relations With  
Lawyer Arthur Pennell.

### ATTORNEY COATSWORTH READS HER LOVE LETTERS

Buffalo, N. Y., March 24.—Mrs. Alice Hull Burdick, widow of Edwin L. Burdick, underwent a relentless examination by District Attorney Coatsworth yesterday at the resumption of the inquest into the death of her husband, who was murdered on Feb. 26. Mrs. Burdick was on the stand when the court adjourned until ten o'clock this morning to complete her testimony. With a package of letters in her hands, some of which were written to Mrs. Burdick by Arthur H. Pennell, co-respondent in the divorce proceedings instituted by Mr. Burdick, and other communications between Mr. Burdick and his wife, Mr. Coatsworth forced Mrs. Burdick to tell the story of her relations with Pennell from the time he first made love to her, in New Haven, in 1898, until 1901, when those relations were written to her by Arthur H. Pennell.

When the inquest was resumed at 2 o'clock three-quarters of the spectators in the crowded court room were women.

George C. Miller, attorney for Edwin L. Burdick in the divorce proceedings against Mrs. Burdick, was the first witness called. He told in detail the steps that had been taken at the request of Mr. Burdick to secure a divorce. He last saw Mr. Burdick on the afternoon of the day he was murdered. Mr. Burdick spent half an hour with him in discussing the divorce. He did not state that he had an

MRS. EDWIN BURDICK  
The Central Figure in the Buffalo Inquest.

appointment with anyone at his home that night. "Mr. Burdick was ready at all times to sacrifice his own interests for those of his children," said Mr. Miller. "He never heard him say that he feared harm from Pennell. At a conference held at my office Pennell made two statements from which an intimation of suicide could be drawn. I never heard Pennell say that unless the divorce action was withdrawn he would kill himself with his own hands." Henry J. Orrett, the Pennell furnace man, was the next witness. He simply stated that he removed the ashes from Pennell's furnace on the morning after the murder. He found no buttons, buckles or metallic substance in the ashes. Pennell put on the coal and shook down the furnace as had been his custom.

The next witness was Miss Lizzie Romance, maid at the Pennell house at the time of the murder. She said Mr. Pennell was with his wife in the room reading at 7:45 on the night of the murder. She saw them again at 10 o'clock, when she passed their door. She did not see them again until the next morning. The servant said she did not notice the suit of clothes Pennell had on Thursday night before the murder, the one which she pressed Pennell's trousers, but she said she could not remember which he wore on either occasion. She had not noticed whether any of his trousers were missing; whether Pennell went to the furnace Friday morning, nor whether or not Mr. and Mrs. Pennell were there on Thursday evening. Miss Romance did not notice anything unusual in Pennell's manner on the evening he and Mrs. Pennell started for the automobile ride, which ended in their deaths.

There was a hum of interest in the room when Miss Romance was excused and Mrs. Burdick took the witness stand.

Mrs. Burdick testified that she would be 42 years of age on April 20. She had three children, one of whom, Pennell, was born in New Haven in 1890, in which he said: "Yesterday I was at the gateway on the campus grounds, where more than two years ago I drew the first love letter which was entrusted to me." After the district attorney read more of the letter for the purpose of refreshing her memory, Mrs. Burdick admitted that she remembered the incident referred to. The other letters and the cross-examination of Mrs. Burdick brought out the fact that Mr. Burdick first learned of her relations with Pennell in 1901. He expelled her from home, but took her back after an absence of three weeks upon her promise never to see Pennell again

New York. The divorce proceedings having been begun, she met Pennell there. She then detailed her movements up to the night preceding the murder. The evening she spent in her room at the hotel in Atlantic City reading. She arose about 8, her usual hour, and received a telegram from her mother stating that Ed was dead. She received about two letters a week from her mother, but she destroyed them. It was her custom. She destroyed all letters except those from her children. There was nothing in them that she would not care to have read; nothing about her family. She received frequent letters from her mother, but they ceased to come, and she telegraphed her on Sunday before her husband was

## A TORONTO MAN FATALLY STABBED TO PUT PRESSURE ON THE SULTAN

A Serious Ending to a Street Statement by Viscount Cranbourne in the Commons.

### VICTIM WILL PROBABLY DIE A REBEL LEADER ARRESTED

Christopher McGrain Arrested on the Charge of Having Committed the Deed.

Toronto, March 24.—A stabbing affair that will probably end fatally occurred last night on Sackville street, George Williams, 5 Worts avenue, being the victim.

Williams was found by a pedestrian in an exhausted condition opposite the Sackville street school, and taken to Gallagher's drug store, Dr. Simpson, who was called, ordered the man's removal to the hospital, and he was at once taken to St. Michael's.

The injured man did not know the name of his assailant, but gave Detective Cuddy sufficient information to lead to the arrest of Christopher McGrain, of 2 Virgin's Lane.

Williams' story is that he and the other man were waiting for a car, and were talking to each other. McGrain, who is an Orangeman, called the other a Fenian. The man then whipped McGrain, and he was taken to the hospital.

Twelve years ago the prisoner McGrain was tried on the charge of murdering Jane Harding, a woman with whom he lived on Ontario street. He was acquitted.

Crown Attorney Curry went to the hospital at an early hour this morning to take Williams' ante-mortem statement, but as the doctors announced that the man might live for some hours, the matter was postponed.

Three murderous motives were found by the police in McGrain's rooms. McGrain is 65 years of age, Williams is 35.

## GERMAN LOCOMOTIVES C. P. R. Orders a Consignment of Twenty Machines.

Berlin, March 24.—The Hartman Machine Works at Chemnitz have received an order for 20 locomotives for the Canadian Pacific Railway Company. This is the first time since the outbreak of the war that a contract for locomotives has been made between Germany and America to Germany.

## MEDIUM'S NAIVE DEFENSE She Produced Flowers and Oranges Out of Air.

Berlin, March 24.—The trial of the so-called "Flower medium," Frau Anna Rothe, on a charge of swindling, began yesterday. The chief charge against her is the production of flowers and oranges out of air after the style of Mme. Blavatsky.

An investigation was made during one of her dark seances, and flowers and oranges were discovered in her unclothing.

Frau Rothe was unable to explain this, but said she believed they came from the fourth dimension of space.

## MINERS ARE SATISFIED Mass Meeting at Wilkesbarre Discusses the Award.

Wilkesbarre, Pa., March 24.—A large attendance was made of the United Mine Workers took place here last night to discuss the report and award of the strike commission.

The sentiment prevailed that the award gave the miners the better of the situation, and the board of conciliation, which is specified in the award, and asking for the weighing of coal. The men seemed to be satisfied with everything else, and they believed the commission has left the coal-weighting question in a position where it can be taken up and adjusted between the men and their employers.

## AN IMMIGRATION AGENT'S DICTUM KEEPS PASSENGERS ON BOARD

A Case of Smallpox Suspected on an Ocean Liner Arriving at Halifax.

Halifax, N. S., March 2.—The steamer Corinthian, with the Canadian mails, arrived at 7:30 o'clock last evening. It was announced that she had smallpox on board. Dr. McKay, the health officer, made an investigation, and says that he found that a cattleman had taken sick, with symptoms which might develop into those of smallpox. In the meantime he could not say that it was that disease, and the case was taken under observation, those who had been in contact with him being ordered also to remain on board, but the other passengers being permitted to land.

Immigration Agent Annand, on the other hand, refused to allow any of the passengers ashore unless the health officer was prepared to give a clean bill of health in writing. This Dr. McKay refused to do, contenting himself merely with a verbal order to allow the passengers ashore, except those direct from the sick man. He held that this was in accordance with the latest practice at American and other ports.

Mr. Annand declined to accept this view, and there was a deadlock, the health officer saying the passengers must be permitted to come ashore. Agent Annand wired a statement of the facts to Ottawa and is now awaiting a reply. On that reply depends the fate of the passengers for the next couple of weeks.

It is said that two other doctors examined the sick man, and report that it is undoubtedly smallpox with which he is suffering. If it is smallpox the steamer should not have been allowed to come up to the wharf. The Corinthian's mails were landed and forwarded.

## HIDDEN BOER GOLD Government Making Great Efforts to Trace It.

London, March 24.—Inquiries in London confirm the report that the British Government is still endeavoring to trace the gold taken from the Transvaal in the early days of the war. It is known that before his departure to South Africa Mr. Chamberlain was hoping to trace two known sums, £250,000 or thereabouts commandeered from Pretoria, the day before Mr. Kruger fled, and £70,000 brought to Europe in July, 1900, by Jonkhoeve Sandberg, private secretary to Dr. Leyds.

If there is any bullion in South Africa it is regarded as probably in the low country of the Transvaal.

## FRANKS MURDER MYSTERY It Is Believed That a Solution Is Close at Hand.

Niagara Falls, March 24.—Interest has been revived in the Franks murder mystery at Chippewa. It is said a jimmy has been found among some effects of the colored man Robert Yanzey. It will be remembered this "port" with its colored man lived in two rooms of a house next door to Mrs. Franks' house. He was closely examined by the police at the time of the murder, but nothing was found then to show that he had any connection with the crime. Since then Yanzey has been in several cases of trouble. One was that of larceny, for which he was convicted and fined \$10, and in default was sent to Welland jail. The owner of the building removed Yanzey's belongings, and it is alleged among them was the jimmy. Chief Magistrate does not confirm or deny the story.

## TOOK TOO MUCH COCAINE Passenger on Train Takes Overdose of Drug.

Taken to Victoria Hospital in Serious Condition.

Mrs. McQueen, a resident of North Dakota, lies in Victoria Hospital in an unconscious condition, the result of an overdose of cocaine, which she took while on the west-bound train that arrived here about 3:30 this morning. Her condition was for a time very serious, and although everything possible was done for her, fears were expressed for her recovery. At 3 o'clock this afternoon, however, she was regaining consciousness, and it is thought by her physicians that she is out of danger.

## UNITED EMPIRE DEFENSE Lord Rosebery Will Propose a Brand New Scheme.

London, March 24.—The Earl of Rosebery will today move in the House of Lords: "That this house express its approval of the establishment of a Council of National Defense, and earnestly hopes that the first efforts of such a council will be directed to the adoption of the scheme proposed by the naval, military and financial conditions of the empire."

Lord Rosebery will then probably make an announcement upon the question of national contributions, probably urging that it is necessary for the colonies to send members to the House of Commons, and reform the Lords as a necessary preliminary.

## ONCE RICH, DIES A PAUPER. New York, March 24.—After a life in which he had run the gamut from great wealth to deepest poverty, old Charles H. Tugman, once a conspicuous rival of Armour & Co., in Chicago, and later a power on the New York Produce Exchange, died here yesterday in St. Vincent's Hospital. Though his name once had been good for millions, he died practically from starvation in a pauper's bed, and his friends who had known him in better days learned of it too late to save him from Potter's Field. For the last ten years he has been a hanger-on of the street, giving "tips" and at the time of his death was 80 years of age.

## A RUMORED RESIGNATION It Is Said That Secretary C. R. Sayer Has Resigned.

Rumor Is Denied, But He May Go to Toronto for a While.

It was rumored around town today that Mr. C. R. Sayer has resigned his position as secretary of the Y. M. C. A. Mr. Sayer said, when asked respecting it, that he had not resigned. Members of the board of directors said they did not wish to speak of it. It was given out, however, that a request has been sent by the provincial committee of the association to the local board for the assistance of Mr. Sayer in the work in Toronto, which is very heavy just now, and that the board will meet tonight to consider it. If this request is granted Mr. Sayer will leave for Toronto next week.

## Refused Vaccination. Windsor, March 24.—Rev. Father McBrady, superior of Assumption College, Sandwich, decided, owing to the prevalence of smallpox in different parts of Essex county, to have all the students attending the college vaccinated, but three of the boys refused to submit to vaccination and they were expelled from the college at once. Another student who lives in Lansing, Mich., the home of the other three boys, decided to return home and left the college with his companions. The boys claimed that being vaccinated would interfere with their taking part in the outdoor athletic sports.

## 800 BOERS STILL PRISONERS; DECLINE THE PEACE TERMS

Gen. Botha to Send a Messenger Advising That They Take the Oath.

London, March 24.—Mr. A. Chamberlain, replying to Mr. MacNeill in the House of Commons, said there were about 800 Boer prisoners of war in India who still refuse to take the oath of allegiance or to sign the conditions of peace.

It has been arranged that Mr. Botha should send a messenger to them, explaining the desirability of signing the declaration.

It is interesting to recall the fact that of 25,555 prisoners of war in our hands at the close of the war, no fewer than 8,484 were sent to India. All of these, with the exception of the 806 Boers who accepted the new regime, and those who died before the declaration of peace, followed the lead of De Wet, Botha and the other prominent Boer generals, and accepted the new regime.

It is difficult to account for the mock heroism of the 800 who refuse to submit and still remain in India, being fed and clothed by the British nation, and one can only ascribe the whole affair to a misunderstanding of some sort on the part of the prisoners. The Boer is inclined to suspicion, and maybe these Boers believe that worse things than camp life await them in the conquered colonies.

When the intentions of the British Government are explained to them by someone in whom they can trust, it is more than likely they will accept the British terms.

## ONWARD, CANADA, IS NOW THE LIBERALS' WATCHWORD

Sir William Mulock Emphasizes the Need of Better Transportation Facilities.

### A WONDERFUL GROWTH IN TRADE AND POPULATION

Toronto, March 24.—"Onward, Canada!" as the watchword of the Liberals, was the patriotic battle cry put forward by Sir William Mulock at the joint banquet of the Young Liberal Club and the Laurier Club last evening. This sentiment, as the slogan of a party already freighted with achievement, of a Government which would not shrink from greater responsibilities than it had overcome, rallied the enthusiasm of a splendid gathering, representing the Liberal thought of Toronto and of the province generally.

Sir William, in impressive sentences, told of the need in Canada of increased transportation facilities, and declared his belief that aid would be necessary before capitalists would build a line through one thousand miles of unoccupied territory to the north of the great lakes.

Another guest of the evening was Hon. Raymond Prefontaine, who, acclaimed as a man who had succeeded by his own powers, and not on a wave of sectarianism, paid his first official visit to Ontario. He was given a most hospitable welcome, and in his address he told of the successful battles of Liberalism in the sister province, where, starting with a contingent of less than a dozen in 1867, the party now numbered 59 out of 65 members in the House of Commons. That required work, and education to the principles of freedom and liberty.

Mr. Geo. D. Grant, M. P., was enthusiastically hailed as the young David, who slew the great Goliath in North Ontario.

The Ontario Legislature was represented by Mr. Andrew Pattullo, who, as usual, delivered an address of politeness.

Sir Wm. Mulock was most enthusiastically received, and after a few words of thanks for his reception, said: "I am asked to speak to the east of 'Canada and the Empire,' a most interesting subject, and one which may be regarded from many different points of view. For example, there is a school of history, and believing that the cultivation of the military spirit should be of chief aim of society, would convert the British Empire into a military camp. Such a school, with its pupils in Great Britain as well as in Canada, would urge us to establish our country on a war footing, and to cultivate a war spirit that would make Canada a participant in the military struggles that from time to time result from European and other international complications.

"It is one thing for a people to cultivate a sturdy, manly spirit against foreign aggression. Another, and a different thing, is to cultivate a war spirit, which spoils for a fight. There is little danger, I think, of Canada, with the experience afforded by history, selecting the wrong path. (Cheers.) Still, there are some of our people who, possessing confused ideas as to our duties towards the empire, honestly believe that Canada should establish a standing military force or send a substantial annual cash contribution to Great Britain for the maintenance of the army. We cannot be indifferent to the protection of the military arm of the mother country, but there are, I think, cogent reasons against the proposition that Canadian resources should as a matter of course be diverted from Canada for such a purpose.

## MANDATE OF PROVIDENCE. Gentlemen, Canada Must not Mark Time.

Her gifts from Providence are a mandate to us to be up and doing, and even if the doctrine of "Onward, Canada," does not find a resting place in every Canadian heart, it is at least a dominant Canadian sentiment today, impelling Canada to her duty by her people and her country, and if in this way Canada be true to herself, she cannot be false to the Great British world-empire.

As the Postmaster-General resumed his seat the hall rang with renewed cheers.

## ESCAPED AN ICY BATH Horse Turned Into Fence to Prevent Going Into River.

Made a Two-Mile Run in Crescents' Time.

After making a return trip from Waterloo street to Adelaide street on the dead run yesterday, a horse belonging to Collins, the butcher, was steered into a high board fence, as a preference to taking a bath in the icy Thames on the part of his driver. The animal was left in front of a St. James street house while the driver went to deliver some goods. He was not to be trusted, and made a bolt for a lane almost before the driver had got out of sight. The lane was one without a turning, and what is more, a clothesline was stretched across it. The line caught the horse under the chin and stopped him. This was only an incentive to a fresh burst of speed, as he turned about and ran from the lane onto St. James street, where he turned east. His driver had by this time clambered into the rig, but his pulling on the lines had very little effect on the brute, which made a straight run from Richmond to Adelaide street. Here a plucky fellow grabbed the lines and there was a ten minutes' intermission. Finally it was decided to turn his head loose, and he was started west again. Scarcely had he got twenty feet when he commenced running again. When he got past Tabot street the driver became frightened, lest he should run into the river, and consequently turned the maddened animal into the fence. The wagon was overturned, but no damage resulted.

## AUXILIARY CONVENES Woman of the Missionary Association of Huron Meet Here.

A convention of the Woman's Auxiliary of the Missionary Society of the Diocese of Huron began this morning. More than 20 delegates are attending it, and the opening services, which were held at St. Paul's Cathedral, were very inspiring. His Lordship Bishop Baldwin, Dean Innes, Archdeacon Davis, Canon Smith and Rev. A. G. Dunn took part in conducting them, the bishop's address being as usual, thoughtful, helpful and earnestly delivered. Holy Communion was administered at the close. The auxiliary is in session this afternoon, and tonight an open meeting will be held at Cronyn Hall.

## BARGAINS IN WALL PAPER DEPARTMENT All This Week

THIS ADVERTISEMENT CHANGES EVERY DAY

176 and 178 Dundas St., London,  
Tuesday, March 24, 1903.

## NEW ARRIVALS

At the Fancy Goods Department.

There's always something new at our Fancy Goods Department, and especially at this spring season.

New Importations—Latest New York and Parisian novelties, and many exclusive creations are arriving each day and being added to this department, of which we are justly proud.

Here you will find the newest things in cushions, cushion tops and cushion trimmings, all stamped goods, linen goods, fancy silk wraps, duchess lace collars, art muslins, new laces, etc.

A beautiful lot of new linens for shirtwaists, also latest designs for embroidering them, are very special features of the department just now.

See our Fancy Goods window display.

## TROOPS FOR CHINA

France May Put Down Disturbance  
in Kwang-Si.

London, England, March 24.—A dispatch to the Daily Mail from Shanghai says that the Chinese Board of Foreign Affairs has been greatly disturbed by receiving from the Governor of French Indo-China, a communication stating that if China cannot quell the disturbances in Kwang-Si Province, French troops will be sent there. The disorders, which are of long duration, are ascribed to the squeezing of the people by officials. There is trouble also in Tien-Tsin, the French having refused the request of Viceroy Yuan Shih-Kai to evacuate the arsenal there unless they are provided with a new barracks and receive £200,000 compensation.

## How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY &amp; CO., Proprietors, Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm. West &amp; Trux, Wholesale Druggists, Toledo, O.; Waldring, Kinman &amp; Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price, 50c per bottle. Sold by all Druggists. Testimonials free.

Hall's Family Pills are the best.

Niagara is worth \$1,000,000,000 as a source of electrical power.

## SAN DOMINGO CAPTURED

A Signal Success of the Revolutionary Party.

San Domingo, Republic of Santo Domingo, March 23.—The revolutionists have attacked and captured one of the forts defending this city. Many men were killed on both sides. The fighting continues. The garrison of Fort San Carlos, about two miles from this city, has declared itself in favor of the revolutionists. President Vasquez is absent in the interior.

The revolutionists are in full possession of the city of San Domingo. They have taken charge of the cable office and of the Government land lines. Foreign Minister Sanchez has sought refuge in the United States consulate. The fighting continues. Assistant Governor Echeneque and the commander of the Government forces, General Pena, have been killed.

It is expected that the Government troops outside the city will attack the revolutionists who are in San Domingo. General Wos Gil has assumed command of the revolutionary forces.

The number of men killed or wounded is not known, but it is expected many have been killed on both sides. General Pepin, at the head of a force of revolutionists, attacked the fort at 1 o'clock today and released the political prisoners. The stores are all closed and business is at a standstill.

Wise is the fool who knows enough to keep it to himself.

## FOR SOUTH ONTARIO

Conservatives Offer Candidacy to the Hon. Mr. Borden.

Whitby, Ont., March 24.—South Ontario Conservatives met in convention yesterday afternoon, and after electing officers for the year listened to an address from Mr. R. L. Borden, M. P., and other speakers on the political questions of the day. Officers elected were: President, William E. Borden; vice-president, E. L. Pardo; secretary, Dr. James Moorehouse; treasurer, J. H. Long.

The nomination of a candidate for the Dominion House was next dealt with, a resolution being made that nomination be offered to Mr. R. L. Borden. The motion carried unanimously, and a committee was at once appointed to wait upon him.

Mr. Borden, on making his appearance, was given a hearty reception. After some humorous remarks, Mr. Borden said the nomination for South Ontario came as a surprise to him, as it was the first time any constituency except his own, in Nova Scotia, had so honored him. He asked that the matter be left open, as he could not entertain the proposition without consulting his friends down by the sea and getting their consent to this. He then discussed Dominion issues.

Col. Sam Hughes, M. P., then spoke briefly, and the meeting closed.

## WHAT THE KIDNEYS DO

They Are the Filters of the Body—Danger Signals.

Into everything we eat and drink, no matter how "pure" the food is, are labeled nor how careful we are, poisons enter. Were we not provided with organs especially designed to look after these poisons human life would soon perish. The kidneys are the filters of the blood. They catch the poison in the food and expel it from the system. That is, they do these things when they are in healthy and vigorous condition. When they are weak, or overworked, or clogged, or handicapped by the ravages of diseases in even a slight degree, they do their assigned work more or less imperfectly, or not at all. When the kidneys are not working well, the poison which should pass from the system is returned to the blood, to circulate through the body. Excess of uric acid in the blood causes inflammatory, muscular or articular rheumatism for one thing, and those who have suffered from any of the forms of this distressing and dangerous malady will say that this is enough. The best authorities on the subject, however, believe that this is only a small part, and that to kidney irregularities are due a long train of bodily ailments. The kidneys often give warning, though not always and not always in time, of the dangers which menace the body from their abnormal condition. Among these danger signals are weakness of the back, pains or aches in the region of the kidneys, irregularity of the bowels, and kidney action, chills, feverishness, puffy eyes, brick dust deposit or cloudiness and a dropical appearance of the ankles or wrists. When any of these symptoms appear blood poisoning to a certain extent is undermining the fabric of life. The result of the latest research into kidney troubles and their cure is the vegetable preparation known as Bu-Ju, which is put forth by the Clafin Chemical Co., Ltd., of New York, N. Y., and Windsor, Ont. It may be purchased at any drug store in boxes of 50 pills at 50 cents. It was well to pay no heed to efforts to substitute other so-called remedies for this dangerous condition, as Bu-Ju embodies all that these have with the addition of the latest up-to-date discoveries and enhanced skill in preparation.

The telephone can no longer be legally used by German physicians in dictating prescriptions to druggists, because of the chances of fatal misunderstandings.

Peat has about half of the heating power of coal and double that of wood.

## AN HONEST DOCTOR

If any reader suffers from sexual weakness resulting from youthful folly, premature loss of strength and memory, weak back, varicose striate and emaciation of parts, Dr. Goldberg's Latest Method Treatment will cure him. So positive is he that it is an infallible cure.

DR. GOLDBERG,  
The World-Famous Specialist, Who Asks  
No Pay Until a Cure Has Been  
Effectuated.

that nothing need be paid until the cure is effected; this is certainly a fair proposition. If he had any doubts as to its efficacy, he could not make this offer for patients to pay when cured. It makes no difference who has failed to cure you, write him and he will send his book and blank for home treatment. Dr. Goldberg, 228 Woodward Avenue, Room 6, Detroit, Mich.

## DUNDONALD CRITICAL

Praises Militia, But Says There Is Room for Improvement.

Ottawa, Ont., March 24.—Lord Dundonald, in his report as G. O. C., urges improvements in training and enrollment. Though the rural militia, he writes, contains a large number of earnest, self-sacrificing men, it does not satisfy the requirement of a national force. Nominally, it consisted of men who enlist for three years. As a matter of fact, it consists, and always has consisted, of a number of armoured, and recruited afresh every time they are called out for training. The city regiments under the present organization would be a great improvement, but they are almost entirely new. They all suffer from the want of field training, owing to the fact that they get practically no camp experience. The allowances for training are too small, so in the most efficient of the corps much of the necessary expense has to be undertaken by the officers and men, instead of by the public. This unnecessary expense causes the loss of many good officers to the country. Many corps suffer from want of proper accommodation in the way of barracks, and the inconveniences of this kind have either to be made up by private effort or the corps must suffer. The Royal Military College is keeping up and improving its very high standard of efficiency. The permanent corps contained 778 of all ranks. Of the militia, 12,216 drilled at headquarters, and 1,061 officers were in charge of 20,902 men, and 1,905 officers drilled in the camps. Lord Dundonald's recommendations form a confidential report and are not included in this report.

## Earthquakes in Europe.

London, March 24.—Earthquake shocks are reported from the continent. At Cuneo, Northern Italy, there was a slight shock this morning, while various points between Landau and Weert, South Bavaria, yesterday experienced shocks which frightened the inhabitants but caused no damage.

The telephone can no longer be legally used by German physicians in dictating prescriptions to druggists, because of the chances of fatal misunderstandings.

## WESTERN POINTS OF THE PROVINCE

Huron Cheese Factory Closed and Sold Out.

## TRANSFERS OF FARM PROPERTY

Pleasant Celebration of a Golden Wedding—Huron's Fishing Industry—More Gas Wells.

The total proceeds of the sale of Mr. D. McRae, twelfth concession of Bruce, exceeded \$4,000. Mr. Colin McDougall, con. 5, Bruce, started to plow on Monday, March 15. This is the first furrow turned in this vicinity this year.

## ELGIN.

Mrs. Benjamin Johnson, of Pingal, died the other morning at her residence, after an illness of two months. Deceased was 61 years of age, and had lived in Pingal about 36 years. She leaves, besides her husband, one daughter, Miss Agnes, at home, and two sons, John, at Huron, and Joseph, of the Ontario Agricultural College, Guelph.

Mr. James Penfold, of Oil Springs, has bought the timber on the Cause farm, Dunwich, for the Columbia handle factory. He will have timber and men at work shortly cutting the timber and trucking it in the log to Dutton, for shipment to London.

## ESSEX.

Joseph Rachar has sold his 5-acre farm, lot 12, con. 14, Twp. 10 East, to Thomas Heaton for the sum of \$1,000. The Government estimates for Essex County, 1903, are: Amherstburg, \$5,000; repairs at Belle River, \$1,000; extension of Pelee Island wharf, \$1,200; repairs for pile work in River, \$1,800.

In the Hanrahan House, Windsor, Proprietor Robert Langwith on Thursday night shot John Reddin, an old British army pensioner and a veteran of the Indian mutiny, in the leg. Langwith says the shooting was accidental. Reddin was employed at the hotel, and early in the evening had occasion to visit a back room, and was followed by the proprietor. The proprietor caught up a Flobert rifle he had been cleaning, and warned Reddin to look out, as he was going to shoot. He aimed at the floor near his feet, intending to make Reddin duck, but the bullet went high, striking the unlucky pensioner in the leg.

## HURON.

Mr. Jonathan Miller, formerly of the Bedford Hotel, Goderich, has leased the Hotel, in St. Catharines, and purchased the stock and business of Mr. Hunter, and is now in possession.

Mr. Thomas Macdonald, of the London road, has purchased from Mr. D. Mill, of Exeter, the old McCall farm, situated on the second concession of Hay, being lot 11. The price paid was in the neighborhood of \$5,000.

The Dennis, of the fourteenth concession of McKillop, delivered in Seaforth on Thursday last week, to Dr. Blackwell, a pair of 3-year-old geldings, for which they received \$500. They weighed about 3,600 pounds, and were a magnificent pair, as the price indicated.

Owing to the want of interest in the conducting of a cheese factory in Walton, the directors decided to sell out. The building was purchased by Thomas McDonald, Jun., and Alex. Murray, for \$200, the cheese boiler, etc., by L. McDonald, at \$80; and the drive house, where the milk was received by W. H. Sholdice, at \$80. There is still machinery to dispose of. The factory was not operated last season, as numerous patrons have gone into stock instead of dairying.

The report of Huron's fishing industry shows that for the year 1902, she had tons, with a tonnage of 28, value \$3,000, employing six men; 12 boats, value \$1,300, with a tonnage of 30, value \$3,500, employing six men; 11 ponds, nets, \$1,500 value. These caught 33,500 pounds of hermit crab, 10,000 of trout, 4,750 of pickerel, 433 of sturgeon, 2,331 of perch, 130 of catfish, 10,654 of mixed and other fish, two barrels of eels and 355 pounds of crayfish. The total value of which is \$14,400.

Mr. and Mrs. John McKinley, of Egriandville, celebrated the 50th anniversary of their marriage on Saturday, March 14. The members of the family were all present, and the children gave their father a diamond brooch and their mother a gold chain. The family reunion was much enjoyed by all present. Mr. and Mrs. McKinley are still hale and vigorous, considering their advanced years. At a meeting of the executive committee of the South Huron Farmers' Institute, held at Hensall, it was decided to hold two institute meetings this spring for the discussion of and instruction in horticulture. These meetings will be held at Hensall, on the 6th of April, and at Exeter on the 6th. They will be addressed by Messrs. A. E. Sherrington and J. P. Carey, both of whom are horticultural experts. It was also decided to hold the annual meeting of the institute on Saturday, June 6. The secretary, Mr. S. Smilie, was deputed to arrange with the railway authorities for an excursion to the Experimental Farm at Guelph. It is intended to have this excursion on or about the 18th of June.

## KENT.

The Dresden Standard has been purchased by C. H. Gordon from Claxton &amp; Whitwam, of Ridgeway.

A flow of gas has been struck on the farm of E. H. Dunkley, at Erieau. Mr. Dunkley was boring for water, and struck the gas at a depth of 140 feet.

## LANCASTER.

The Petrolia rock packing factory has a capacity of 400 bags per week.

Mr. and Mrs. John Cross, lot 20, con. 6, of Euphemia, celebrated the 60th anniversary of their wedding the other day. The old couple have been almost lifelong residents of Euphemia Township, and are widely known and respected by all. Their children, grandchildren and a large number of relatives and friends assembled to honor to the old couple on the occasion.

Frank Imrie, son of Charles Imrie, had his hip broken by a colt knocking him down. This unfortunate accident, it is feared, will lay him up for a long time.

## PAINFUL ACCIDENT

A Bridgeworker Crushed by Five Tons of Machinery.

Walkerville, Ont., March 24.—Joe Belmont, an employee of the Canadian Bridge Company, met with a serious accident yesterday afternoon. While working with a big riveter on a truck part of the machinery gave way. Belmont says his danger, and tried to get away, but fell, and about five tons weight came crashing down on his legs. One leg was nearly severed, and will have to be amputated. The other was pretty badly injured. Several other workmen narrowly escaped.

## The Militia Report.

Ottawa, March 24.—The report for the year of the Minister of Militia was laid on the tables yesterday afternoon. The report shows the expenditure to have been \$2,914,997 up to June 30 last, of which \$315,157 was for annual drill, \$214,467 for royal tour, \$324,805 for clothing and necessaries, \$81,912 for the Royal Military College, \$254,961 for the provisional garrison at Halifax, \$308,756 for pay of staff, permanent corps and active militia, and \$224,755 for Esquimaux. The revenue was \$45,564, of which \$10,146 was from the sale of ammunition, clothing, etc., and \$25,418 from the Royal Military College. Of the sale of ammunition, London sold \$552, Ottawa \$600 and Montreal \$774.

## The WEAK, the DISEASED

Made Strong and Healthy by DR. RADWAY'S Sarsaparillian Resolvent.  
Every drop of Sarsaparillian Resolvent communicates through the blood, sweat, urine and other fluids and juices of the system the vigor of life; for it repairs the wastes of the body with new and sound material. Scrofula, consumption, syphilis, unclean and badly treated venereal in its many forms (send ten cents for illustrated book, "Radway on Venereal") glandular diseases, ulcers in the throat, mouth, tumors, nodes, glands and other parts of the system, skin diseases, eruptions, fevers, sores, scald head, ringworm, salt rheum, erysipelas, acne, black spots in the flesh, tumors, cutaneous growths, female complaints, and all wastes of the life principle are within the curative range of this Wonder of Modern Chemistry, and a few days' use will prove to any person using it for either of these forms of disease its potent power to cure them. If the patient, daily becoming reduced by wastes and decompositions that are continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood, and this the Sarsaparillian will and does secure, a cure is certain, for when once the remedy commences its work of purification and succeeds in diminishing the loss of wastes its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving and flesh and weight increasing.

## SCROFULA FROM BIRTH.

Dr. Radway.—Dear Sir: It is with pleasure I take my pen in hand to inform you of the great cure effected by your medicine called Sarsaparillian Resolvent. I have a girl three years old last September who has suffered with scrofula ever since she was two years old. In fact, the doctor told us she was born with it. We had our best local doctors with her and it seemed all hope was gone, for they told us if the disease settled on her lungs she could not be cured. This frightful disease seated on her lungs severely, and she began to cough. Our little girl could not live very long, our physician's medicine doing no good. In the meantime I received a copy of your medical publication, called "Radway on Venereal," which you will find in the account of so many cures effected by your treatment. I at once resorted to them, and by the time she had used one bottle she was almost well. The ulcers that were making their appearance on her body are entirely gone, her glands almost healed, at least she has no cough. She has begun on the second bottle, and I believe by the time she uses all of it she will be well. She had a very bad cough. I am yours with respect,  
SAMUEL S. PARKER, Flat Top, Mercer County, W. Va.

## "LIFE A BURDEN."

Dr. Radway.—Dear Sir: For a long time past I have been suffering in the most distressing manner from a long train of symptoms which have baffled the skill of all the medical men down here, and which I feared if not arrested in their progress, would terminate in the total prostration of my strength. Loss of appetite and desire of stimulating and artificial means of sustenance at irregular times, want of sleep, and consequent depression of spirits arising in the morning, rendered life quite a burden to me until a friend induced me to try your medicine. So I got a bottle of Radway's Sarsaparillian and a box of Radway Pills and took them strictly according to directions. I soon got three boxes and three bottles more, and am in better health than ever before. I remain your humble servant,  
ARTHUR D. WRIGHT, Unionville, Mich.

## The Most Economical!

One bottle contains the equivalent of medicine than any other preparation. Taken in teaspoonful doses, while others require five or six times as much. Sold by druggists. Price 81.

Send to DR. RADWAY &amp; CO., No. 7 St. Helen street, Montreal, for Book of Advice.

## CANADA'S CHOICE CHEESE

The Highest Price in 20 Years Obtained in England.

## VESUVIUS THREATENS

Lava May Burst Through the Sides as With Pelce.

London, March 24.—Canadian cheese is quoted on the English markets today at 70 shillings per cwt. The highest price has been obtained in twenty years, and the quality of the cheese is of the highest. The highest quality of cheese advanced 3 shillings per cwt. last week. First quality New Zealand cheese is quoted at 69 shillings per cwt. and second quality at 68 shillings per cwt. Surrey, cutting a Canadian cheese found a bottle in the middle with a note inside, from Eva Halliday, of Elgin, Ont., asking the cheese when received and the price paid, saying: "We are curious to know the destination of our factory's cheese."

## A Grand Combination of Economy, Nutrition and Health.

## MAD WOMAN'S DEED

Killed Her Four Children With an Axe and Suicided.

Southbridge, Mass., March 24.—Mrs. Louise Burke killed her four children with an axe at their home in Pisham yesterday, and then killed herself by cutting her throat. The woman set fire to the house, and the bodies of the four children were badly burned. Persons attracted by the smoke gave the alarm, and the flames were extinguished in time to show the results of the tragedy. It is thought the woman was insane.

## DISCOVERED AT LAST

Eminent London Scientist Tells the World That Indigestion Is the Cause of Appendicitis.

For years past Appendicitis has held sway as the most dreaded pirate on the sea of health. For years the public have been avoiding all classes of food that have been in turn accused of carrying the dreaded monster in their wake. And as one thing after another was discovered not to be the cause of the terrible disease the mystery deepened as to what its real cause was, and with the added mystery came fresh terrors.

At long last science has spoken. The wise men of the old world have dug deep and discovered the cause of Appendicitis. And the root of all the trouble is that old enemy of the human family, Indigestion. So eminent an authority as Dr. Sir James Crichton Brown, in a recent lecture in London, summed the matter up as follows: "The increase of Appendicitis is largely due to indigestion resulting from imperfect mastication and the hurried methods of living."

This discovery simplifies matters wonderfully. If indigestion is the cause, remove the cause and there can be no Appendicitis. Dodd's Dyspepsia Tablets will remove the cause. They are prepared especially to counteract the "imperfect mastication and hurried methods of living." They digest the food for you, thus giving the stomach a chance to rest and recuperate. Thousands of Canadians testify to their efficacy.

It takes a mighty hard check for a fellow to get through the world on it. Some people never attempt to do anything for fear they might do it wrong.

## ECZEMA, NO CURE, NO PAY.

Your druggist will refund your money if PAZO OINTMENT fails to cure Ringworm, Tetter, Old Sores, Pimples and Blackheads on the face, and all skin diseases. 50 cents. If your druggist hasn't it, send 50 cents to the Stamps &amp; Paris Medicine Co., St. Louis, Mo., who also manufacture Laxative Bromo-Quinine, the celebrated Colic Cure.

No, Maude dear; pastoral poetry is not a thing of the past, worse luck!

## The Evils of Constipation.

This dangerous condition causes sick headache, abdominal pain, and in severe cases insanity and apoplexy. The most agreeable and satisfactory remedy is Ferrozone, which makes the bowels so well ordered that natural and unassisted action is established. It is mild and certain in action, and never causes distress or inconvenience, and may be taken as long as required. Pains in the stomach and intestines, biliousness, and headache disappear at once when Ferrozone is used. Recommended and sold by druggists everywhere. By mail from N. C. Polson &amp; Co., Kingston, Ont.

No Pills Like Dr. Hensall's.

A banknote's beauty depends upon its figure.

WORMS CAUSE feverishness, moaning and restlessness during sleep. Mother's Graves' Worm Exterminator is pleasant, sure and effectual. If your druggist has none in stock, get him to procure it for you.

The limit of a soldier's credit at the canteen was 20 per cent of his pay.

## CATARRH Attacks Nose, Throat, Stomach and Kidneys

Catarrh is a treacherous and deadly disease of the mucous membrane that spreads rapidly from a slight cold. It involves the stomach and kidneys, deranges digestion, saps strength, and ends in Consumption. Atomizers, salves and washes are useless because they don't reach the cause of the trouble. Catarrh is a Blood Disease and can be cured only by eliminating poisons and unhealthy matter in the blood that inflame and congest the mucous membrane.

## FERROZONE

Ferrozone is well known for its blood cleansing properties that make it impossible for Catarrhal poisons to exist in the system of a person using it daily. Ferrozone frees the blood of unclean matter at once, and supplies health-giving Ozone, which acts directly on the mucous membrane. Ferrozone puts nourishment and energy into the circulation, heals the inflamed mucous surfaces, and expels every trace of Catarrh in a short time. It is a simple matter to cure Catarrh in any part of the system by taking one Ferrozone Tablet after each meal. It instantly stops droppings, deafness and headache; corrects nauseous sensations in the stomach, and cures so thoroughly that no symptoms of Catarrh ever return. Ferrozone is a perfect remedy for all kinds of Catarrh, and is guaranteed to cure even the most stubborn cases. It is simple and convenient to take, and is sold throughout Canada and United States by all reliable druggists. No substitute is so good as Ferrozone, which costs 50c per box or six boxes for \$2.50. Sent safely to any address by mail, all charges paid, if price is forwarded to THE FERROZONE COMPANY, Kingston, Ont.

## PAINFUL ACCIDENT

# MUNYON'S FREE DISTRIBUTION.

10,000 Vials of His Famous  
Rheumatism Cure To Be  
Given Away,

**TOMORROW, MARCH 25th.**

Will Be Distributed ABSOLUTELY  
FREE from the Office of  
THE ADVERTISER.

Prof. Munyon Cordially Invites Physicians,  
Skeptics and Don't-Believers To Take  
Advantage of This Offer and  
Report Through the News-  
papers of London.

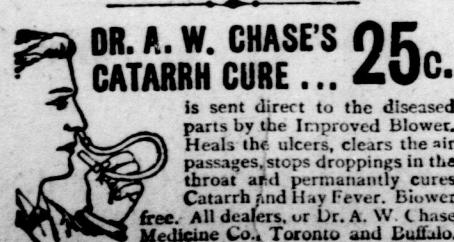

"No punishment is too severe for those who deceive the sick."—MUNYON.

"Six years ago I announced to the citizens of London that I had discovered a positive cure for Rheumatism, and to prove my assertion distributed nearly 30,000 vials in the Province of Ontario. The name of each person who accepted a vial of this cure was taken and each person was invited to report through the medium of the newspapers the result of their experience with this remedy. It will be remembered that many hundreds of testimonials were published from people who declared most emphatically that this remedy had positively cured them. Many testified that three or four doses of these little sugar-coated pellets relieved them entirely from all pain. Affidavits were taken showing that one or two bottles had cured old chronic cases which had baffled the skill of leading physicians of Canada. "Notwithstanding these unimpeachable facts, there are thousands of people in Ontario today suffering from Rheumatism, Sciatica and Lumbago. They have tried so many remedies without benefit that they have little faith in anything they see advertised. "It is to overcome the prejudice of this class of people that I have de-

## ARRANGEMENTS FOR DISTRIBUTION.

The distribution of Prof. Munyon's Rheumatism Cure will take place from the office of THE ADVERTISER, WEDNESDAY, MARCH 25, where all who call will be promptly supplied. Those who cannot call may phone their names and addresses, and their wants will be attended to without delay.

It takes 90 threads of the spider to equal in size one of the silkworm.

25c.

Is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the sinuses, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

PAIN IS A PUNISHMENT.—Pain is a protest of nature against neglect of the bodily health, against carelessness regarding the physical condition. It steals in at the first opportunity and takes up its abode in a man and it is sometimes difficult to eject it. Dr. Thomas' Electric Oil will drive it out in short order. Pain cannot stay where it is used, but immediately flees away.

## THE "LORD'S DAY WEEK" Nature and How to Assist Her

This Year It Will Be From April 19 to 26.

The Alliance Gives Reasons for Its Observance.

"Lord's Day Week" will be, this year, April 19 to 26, and in reference to it the Lord's Day Alliance has issued the following:

"Lord's Day Week" has won as prominent a place in the thought of evangelical Christianity as the week of prayer, throughout at least the Anglo-Saxon world. In Britain, the United States and Canada, it is quite generally observed. It always begins with the first Sunday after Easter (April 12). It therefore begins with Sunday, April 19. All societies having for their object the preservation of the Lord's Day have united in an earnest call for the observance of the 25th Lord's Day Week on the above dates. Someone may ask, "Why a Lord's Day Week at all?" We may answer:

1. Because there is a special need of a revival of reverence for the Lord's Day. The divine authority of the Sabbath law is called in question or openly denied. The day itself is observed by many, even Christian people, with growing looseness. Attendance at divine service is giving place to social, reading, social, gatherings or pleasure-seeking. What wonder, therefore, if the worldly and non-religious, without hesitation or apology, make the holy day of God a holiday of the world? If God's Day be dishonored, neither his word nor his name nor other sacred thing will long be revered. Does the twentieth century need anything more than a revival of reverence?

2. Because there is serious danger of the Lord's Day, as a national Canadian institution, being impaired, and of its becoming a day of business and toil for large numbers of the people. Many corporations yield to the "pressure of business" and make use of the Lord's Day to get relief and to increase their profits. Especially is this true of foreign concerns, which, not content with an effort to secure their share of our phenomenal natural wealth, openly scout our religious convictions and defy our laws. Imported labor, too—American, European and Asiatic—is ready to work on the Lord's Day for the money there is in it, and not a few Canadians will work on the Lord's Day rather than risk losing employment. Between 100,000 and 150,000 in Canada already have no Sabbath rest.

3. Because a general effort, at one season, throughout the country, by all who value the Lord's Day, is bound to make an impression upon the public mind that will last. How shall we observe Lord's Day Week? What use can we make of it? In other years it has been used in the following ways, which may be regarded as suggestions to those desiring such:

1. Special sermons are preached on the Lord's Day, and Christian people encouraged specially to pray for its better observance. 2. Some special reference is made in Sunday school urging upon the children the claims of the Lord's Day, its sacredness or its benefits. 3. The same is done in Y. P. S. S. Y. M. C. A. S. W. C. T. U. S., etc. 4. Lord's Day Alliance executives arrange for union meetings in their center or vicinity. 5. Labor councils or unions arrange for meetings for discussion of the question of the labor viewpoint, and for the emphasizing of the workman's special interest in the weekly rest day. There is no better time in the year than just before the summer season, with its special temptations to Sabbath desecration. Anyone desiring to speak on the present state of the Lord's Day question in Canada can obtain information on application to the Lord's Day Alliance, 133 Confederation Life Building, Toronto.

### TWO MEN ARE MISSING

They Were Probably Drowned in the Lake of Bays.

Bayville, March 24.—Robert Green and Henry Vancleave left the White House to cross on the ice to the narrow route to Bayville. They started at 7 o'clock on Saturday morning, and were last seen passing Langmaid's Island. Searching parties have returned and report that they must have gone through the ice. Both men were married. Green leaves a wife and two children. Vancleave leaves a wife and six children.

### CHALMERS CHURCH PROSPERS

Six-Year-Old Congregation Is Progressing.

The success of last evening's entertainment at the anniversary of Chalmers Presbyterian Church was encouraging to the pastor and members of that congregation, and they were deservedly congratulated by the speakers of the evening, Rev. Canon Dann and Rev. James H. Ross, pastor of the King Street Presbyterian Church.

The pastor of the church, Rev. Walter Moffat, who presided, reviewed the history of the church for the past six years, that it had been in existence. A musical and literary programme was given by Misses Addie Lillywhite, Sadie Gray and Richmond, Messrs. Bert Weir, David Murray, Court Irwin, Sankey, and Wicks, and by the Ideal Mandolin and Guitar Club.

### A CINCINNATI TRAGEDY

Husband, Wife and Child Found Dead in Their Home.

Cincinnati, March 24.—A mysterious tragedy, which occurred here Saturday night, when the bodies of A. M. Betty, local representative of the Washburn-Crosby mills, of Minneapolis, his wife and their son, 20 months old, were found at their home on GIPart avenue. A note written by Betty was found. In his wife's hand, it read: "I killed the baby, and the police think the woman may have killed herself and the child on account of domestic trouble. It is stated that divorce proceedings had been instituted, but were withdrawn before the birth of the child. As Betty was known to have been playing cards near his home Saturday night at midnight, it is thought that he found the dead bodies on his return home, and that he then deliberately took his own life. Betty lay down beside his wife's dead body and died from asphyxiation. In that position their bodies were

## DR. CHASE'S NERVE FOOD

"When nature's laws have been broken and the penalty is being paid in disease and suffering the rational thing to do is to give some help to nature, something which does not act contrary to her laws, but which gives positive assistance to her working forces."

The usual treatment had been strong, poisonous drugs to tear down the tissues of the body, but the new method was to assist nature to build up and restore the wasted cells and so permanently overcome and banish weakness and disease. Dr. Chase's Nerve Food is composed of the most potent blood-builders and nerve restoratives to be found in nature's realm, and these are in such a form as to be easily absorbed and assimilated by the system. It feeds the nerves and tissues, strengthens the natural functions of the body and helps nature to overcome and expel disease.

Mrs. John Worrall, 325 Victoria street, London, Ont., states: "For years I have suffered from a great deal with catarrh in the head and throat, the result of the debilitating effects of the grip. I became very much run-down in health. I tried everything, but it did not help. Dr. Chase's Catarrh Remedy to cure me. Though entirely free from catarrh, I was left in a weak state of nervous condition and then began using Dr. Chase's Nerve Food, which has built me up wonderfully, strengthened my nerves and made me strong and healthy. I have also used Dr. Chase's Syrup of Linseed and Turpentine for coughs and colds, and never knew it to fail to cure the most obstinate case."

Acting as it does in accord with nature's laws, Dr. Chase's Nerve Food cannot fail to be of benefit to all who are lacking in nerve force, mental vigor and physical strength. Its effects are not so quickly felt as are those of powerful drugs, but the benefits to be derived are doubly so. Fifty cents a bottle, or \$2.50. At all dealers or Edmanston, Bates & Co., Toronto.

There is nothing to indicate how any of the family came to their death except the line left by Betty and the fact that the gas was turned on. There is evidence that Mrs. Betty was alone in the house at the time her husband came home. The baby possibly may have died after he returned. Betty was prominent in business circles. He came originally from Memphis.

### RIOTS IN TRINIDAD

A Mob Attempts to Burn Government Buildings.

Kingstown, St. Vincent, March 24.—A serious riot was in progress at 2:30 p.m. yesterday at Port of Spain, Trinidad, according to a dispatch just received from that city. A mob attempted to burn the Government buildings there, and the police had to fire on the rioters, killing or wounding several among them. The British cruiser Palas, at the time the dispatch was sent, was landing bluejackets.

The rioting was due to the refusal of the Government to withdraw an ordinance concerning the new waterworks. A demonstration was made during today's meeting of the executive council, and finally the mob stoned the Government building and set fire to it. The riot act was read and the police fired on the mob. The city is in a state of great excitement.

### WHEN YOUR PHYSICIAN

Writes out a prescription for any member of your family, it is important that this prescription should be accurately and well filled. Our long experience as dispensers, and our reputation for pure drugs should induce you to place your trade in our hands.

PAINE'S CELYERY COMPOUND surpasses all other remedies as a blood purifier and system cleaner. It gives grand and blessed results to the weak, thin, nervous and ailing. Paine's Celyery Compound banishes rheumatism and neuralgia; thousands of strong testimonials from cured people prove that. Buy your Paine's Celyery Compound from us. J. CALLARD, DRUGGIST, 300 RICHMOND ST., LONDON, ONT. 200k ty

If you get mad at a man, make up your mind what you're going to say, and then don't say it.

## THAT THROAT-TICKLING

It's first, the throat;  
Then, the bronchial tubes;  
Next, the lungs;  
At last, Consumption.

There's nothing so bad for a cough as coughing!  
There's nothing so good for a cough as—

## Ayer's Cherry Pectoral

The best time to take it is when the cold first comes on, when the trouble is in the throat.

Throat tickling, throat colds, throat coughs are all easily controlled with Ayer's Cherry Pectoral.

Doctors first prescribed this nearly 60 years ago. They use it more today than ever. They know its ingredients. They understand how it heals congested membranes and overcomes inflammation. Ask your own doctor about using this medicine for colds, coughs, and all lung troubles.

J. C. AYER & CO., Lowell, Mass.

"I had a terrible cough last spring, and it took just one bottle of Ayer's Cherry Pectoral to completely cure me. I have used this medicine in my family for many, many years."

Mrs. J. B. DAWSON, St. Joseph, Mich.

## BUSINESS DAY IN THE COMMONS

Several Minor Bills Get Their First Reading.

### INQUIRIES, NOTICES OF MOTION

The Government Is Considering the Introduction of Rural Mail Delivery.

Ottawa, March 24.—At the commencement of proceedings in the house yesterday, Mr. James H. Ross, the newly-elected member for Yukon, was introduced by Sir Wilfrid Laurier and Mr. Scott (West Assiniboia), amid applause from the Government benches. The first reading was given bills introduced by Mr. Bernier (St. Jean and Ibeville) to amend the supreme court and exchequer court acts, and to indemnify those who suffer damages in consequence of fires caused by railways; also a bill introduced by Mr. Thompson (Heldmann) to extend the power of loan companies.

In answer to questions, Mr. Jabel Robinson was told that the Government had under consideration the question of introducing a system of free rural mail delivery. Mr. McGowan was informed that the Government had no intention of introducing legislation regarding private bankers. Mr. P. D. Tyerman has received considerable sums since 1878 from the Interior, Agricultural and Indian Departments in connection with services for a quarantine in the Northwest Territories and inspection of diseased Donkhorbs. Mr. Taylor (Leeds) was informed by Mr. Fielding the details of these payments.

Mr. Monk desired information as to a contract for 25,000 tons of steel rails to be delivered in June, 1903. Mr. Blair said the contracts had been given to a Glasgow firm, the contract not having been yet executed. The bill respecting immoral and indecent plays was read a second time and put through committee. At the suggestion of Sir Hilbert Tupper the word "obscene" was substituted for "immoral and indecent."

### NOTICES OF MOTION.

Mr. Brock will introduce a bill to amend the criminal code so as to make further provision for the prevention of cruelty to animals.

Mr. Davis (Saskatchewan) gives notice of motion that it is absolutely essential in the interests of the country at large, and particularly of the Northwest Territories, to take at once some steps to increase the transportation facilities of the territories, owing to the immense immigration to that country and the prospective products arising therefrom. Mr. Boyd will move "that this house is of the opinion that Parliament should be summoned for the dispatch of business on or about the last Thursday in November in each and every year." The house remained all the evening in supply, taking up civil, Government, railway and public works estimates.

## The World's Favorite for Over Twenty-five Years.

For over twenty-five years the Diamond Dyes have been the chosen and popular dyes all over the civilized world. Diamond Dye users never suffer failures or disappointments in their work; they quickly and easily get the exact colors they require, and thus save time and money. The Diamond Dye Mat and Rug Patterns are popular from the Atlantic to the Pacific. The designs are artistically colored on the best Scotch Hessian and are ready for hooking. Send your full address to The Wells & Richardson Co., Limited, 200 Mountain street Montreal, P. Q.

### Why Work for Others?

Now is your opportunity to find a place where you can be independent. Every day until April 30, 1903, the Great Northern Railway offers extremely low rates to points in North Dakota, Montana, Idaho, Washington and Oregon. Every ticket agent knows. Ask him or write to Charles W. Graves, District Freight and Passenger Agent, 6 King street west, Toronto, Ont., or F. I. Whitney, General Passenger and Ticket Agent, St. Paul, Minn. 46um ywt

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Vapo-Cresolene tablets, ten cents per box. All druggists.

A medal has been struck by the German Samaritan Union in honor of Professor von Esmarch's 80th birthday. This medal will be awarded to those who have distinguished themselves in the service of the sick.

## Consumption's Small Beginning

No matter how strong you imagine yourself to be, if you are not breathing plenty of good air every day, if you are over-working, keeping late hours, or in any way using up your energies faster than they are repaired, you are making it easier for consumption to come into your lungs. This is the small beginning.

Let your own good sense and your doctor prescribe your habits and the necessary medicine. For nourishment nothing will do you more good than Scott's Emulsion. It contains elements which you cannot get from ordinary food and is rich in the best materials for making good blood.

Scott's Emulsion is a wonderful food; it furnishes a great deal of nourishment though you take so little of it. That little enables the body to overcome wasting and to build up the run-down and worn-out tissues. Moreover Scott's Emulsion is a great flesh-builder, and when the consumptive can gain flesh he is getting the upper hand.

We'll send you a sample free upon request.

SCOTT & BOWNE, 55 Front St. W., Toronto.

**BETWEEN TWO FIRES.**

BY MRS. C. N. WILLIAMSON,  
Author of "Lady Mary of the Dark  
House," "The Woman in Gray,"  
"Queen Sweetheart," "Fortune's Sport,"  
"The Barn Stormer," etc.  
[Copyright 1922. All Rights Reserved.]

It was not yet two hours after 8; and it was not yet two hours ago that I had saved the rat of a man from a fall in the railway station. I decided to go back at once to the Gare du Nord and endeavor, if possible, to discover traces of the trio. If through any porter or cabman I could learn where they had gone, I might yet stand a chance of getting back the treaty. I had brought with me from home a loaded revolver, warned to do so by Lord Chalmersley, and I was desperate enough now to use it quickly if I had the chance and the temptation. I was beginning to be very hungry, but that was a detail of no importance. I would eat when I had done my best to serve Juliette and Lord Rockworth (I'm afraid that now I placed her first in my mind), and not before.

I looked about in the railway station until I found a porter whose face I thought I remembered seeing when I had been there before, and having slipped a franc into his hand to sharpen his wits, I began questioning him. Thus stimulated mentally, he recalled the incident of the little Englishman's fall, and my catching him. He (the porter) had been directly behind me with some luggage when it had occurred. He was not quite certain, but he fancied he had seen the gentleman who had fallen get into a cab with two others. What they looked like, he could not be sure; but yes, they were taller than the first gentleman, he had seen as to that. He believed that the cabman who had driven the party away had now returned to the station with his vehicle, and if so he would point him out to me.

I considered that thus far I was in luck, and my heart gave a triumphant thump when I was informed that the right cabman had actually turned up, having driven into the station only ten minutes ago. I gave the porter a couple of francs more, and followed him to question the driver.

He was a dull and surly fellow, like many another Parisian cabman, but the sight of silver made him amenable. I informed him in French that I was looking for three English friends of mine whom I was to have met at the railway station when the boat-train came in, but I had been unavoidably prevented from joining them. Now I did not even know where they had gone, but if the fares he was reported to have driven answered the description of my friends, I should like him to drive me to the place where he had set them down. I then, for obvious reasons, invited him to describe the men who had hired his cab, instead of taking the initiative myself.

He reflected, said they were English, one rather small and two rather large. They had had hand luggage, but no boxes. This sounded encouraging from my point of view, and as the cabman remembered the place to which he had driven, I decided to take the risk of running them to earth.

When I say "risk," I merely mean the risk that the men I was going in chase of might turn out to be the wrong ones, for the description I had obtained from the driver was not accurate enough to give a real sense of security. Besides, as he had taken them out to Neuilly, the distance was so great that if mistaken I should be wasting a good deal of time on the wrong track.

However, I could think of no better plan; and after vain inquiries concerning under-sized Englishmen who might have driven away from the Gare du Nord alone, I got into the cab and started for Neuilly.

The horse was tired, and we did not keep up as good a pace as I should have liked. However, we arrived at the suburb at last, and turning into

a quiet street, stopped before a large house with lights in almost all of the numerous windows. I told my driver to wait; and running up the steps of the porch, rang the bell. Of the man servant who came to the door I inquired if three English gentlemen had lately arrived. He replied that they had, and were dining. The house, it appeared, was a pension, and the pensionnaires were now about finishing their dinners. Would monsieur wait? It would not be many minutes.

Slipping a couple of francs into his hand, I requested that I might, as I was in a hurry, be shown into the dining-room without waiting. If the birds I wished to catch were really here, there would be less chance of their escaping me if I took them by surprise in the midst of a meal. At least, they could not get away without my recognizing them; and as to what would come next, the moment itself must decide.

The two francs settled the question. I was ushered into the dining-room without being announced, and my eyes swept the table with a quick glance. I saw several men who were unmistakably English, but I did not see my companions of the train.

Standing in the doorway, I inquired of my guide which were the gentlemen who had arrived that evening. He pointed them out, and added that though they had only come today from England they were old patrons, well known at the house.

I had come, then, on a wild-goose chase—or at least it looked like it. Still, I would not be satisfied until the driver had been brought unobtrusively to the door to identify his three fares. This was accomplished after an argument and parting with ten more francs.

There was nothing to do but go back whence I had come. I did so, furious with myself and with the driver, whom I now thought more wily than stupid. He had done his best to convince me that his three English fares were my three English "friends," although when I came to see them I found that their appearance did not tally with the details of description I had drawn from him. When I had asked, "Was the little one fair?" he had emphatically said "Yes." He had also assured me when I inquired if one of the tall men was dark and the other marked with smallpox. But I could do nothing but anathematize him in French and curtail his tip.

(To be continued.)

**A GUARANTEED CURE**

For All Forms of Kidney Disease.

We, the undersigned druggists, are fully prepared to give the following guarantee with every 50-cent bottle of Dr. Pettigill's Kidney-Wort Tablets, the only remedy in the world that positively cures all troubles arising from weak or diseased kidneys:

"Money cheerfully returned if the sufferer is not relieved and improved after use of one bottle. Three to six bottles effect astonishing and permanent cures. If not relieved and cured, you waste your money." J. CALHOUN, 330 Richmond street, London, Ont.; B. A. MITCHELL, 114 Dundas street, London, Ont.; ANDERSON & NELLE, 240 Dundas street, London, Ont.; E. J. BOYLE, 522 Dundas street, London, Ont.; C. McCALLUM & CO., Richmond street, London, Ont.

**Yawned to Death.**

Oshkosh, Wis., March 24.—After yawning without interruption for three days, despite every effort to relieve her, Mrs. William Henry Jenner is dead. Physicians decided that the woman was suffering from obscure lesion of the brain, producing laryngeal spasms. Remedies and anaesthetics were administered without effect.

Mrs. Jenner, unable to sleep, yawned until she could do so no more from lack of strength, and soon died.

**ST. JOHN'S TEAM IN LEAGUE**

City Hockey League Trophies Were Presented.

Country and City Collegiate Students Play Football; Former Win.

**BASEBALL.**

Another step in the advancement of the city league was taken last night, when the application of the St. John's A. C. team was accepted. This would have made the arrangement a perfect one had the Aberdeens had a representative at the meeting and definitely announced that they would enter a team. They did not do this and the promoters were left in doubt as to whether or not a six-club league would be formed. While the Seventh Regiment team waits that they would not enter a team, there is a possibility that they may reconsider this decision. It is not thought that Perrin's will enter. They did not send a representative to the meeting, and it was taken for granted that they had dropped the idea of having a city league team. The five-club league would work almost as well as the six. The teams would not have as many Saturdays off, but it would be a great advantage over the four team league.

The first business of the meeting was to consider the St. John's application. The representatives of that organization withdrew and it was a matter of a few minutes before the other teams decided to put St. John's on the city league list. The Seventh Regiment A. A. wrote that since applying for admission to the league they had reconsidered the matter and decided to withdraw. Their reason for retiring was that they had doubt as to whether they could put the strong team they wished to on the field. They did not wish to enter a weak team, and rather than take chances they would retire. This decision was a surprise to most of those present, all of whom thought that the Seventh was ready to enter, but not unobtrusively. This left five teams out of the eight who had previously applied. The obtaining of a sixth would not be a matter of great difficulty, if the league chose to make request.

Mr. H. Kompass was re-elected to the presidency for another year, his work having been greatly appreciated by every member of the league. The creation of two other offices, those of secretary and treasurer was proposed. It was felt that the work was too much for one man, and the names of Messrs Bert Beal, Dr. Clarke, Frank Adams and Charles Effner were named, but no election was made. Messrs J. H. Herrick and H. H. Struthers were appointed a committee to obtain grounds. Tecumseh Park was favored, and Mr. W. J. Reid will be interviewed. The kind of ball which the club will use was left to the managers of the teams.

On Monday evening next at the Tecumseh House the revision of the constitution will be considered. F. C. B. C. ORGANIZED. The students of the F. C. B. C. met last evening and organized a baseball team for the coming season. The following officers were elected: Honorary president, Mr. J. W. Westcott, honorary president, Arthur Day; president, G. E. Wiggins; first vice-president, W. H. Pirie; secretary-treasurer, F. Charles Strongman; manager, G. M. Ferguson.

**HOCKEY.**

PRESENTED THE TROPHIES. The smoker given last evening at the St. John's A. C. was a credit to the officers of this very live organization. It was a success in point of numbers, and the standpoint of a sporting body, and as a means of a very enjoyable evening. The presentation of the City Hockey trophies, a couple of boxing bouts of short duration, speeches and music, as well as refreshments, furnished a time that was pleasant, to say the least.

About a hundred members and guests having arrived and being seated in the spacious club hall, President Cox took the chair. In his opening remarks he complimented the different teams that had composed the City Hockey League on the manner in which they had acquitted themselves. He took occasion to speak about professionalism, showing that the past season had been proof that amateur sport could live. The teams that had played had been a credit and had demonstrated that it was not ne-

Does it not seem more effective to breathe in a remedy, to cure disease of the breathing organs, than to take the remedy into the stomach?

**Vapo-Cresolene**  
Established 1879.

**Cures While You Sleep**  
It cures because the air-saturated strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

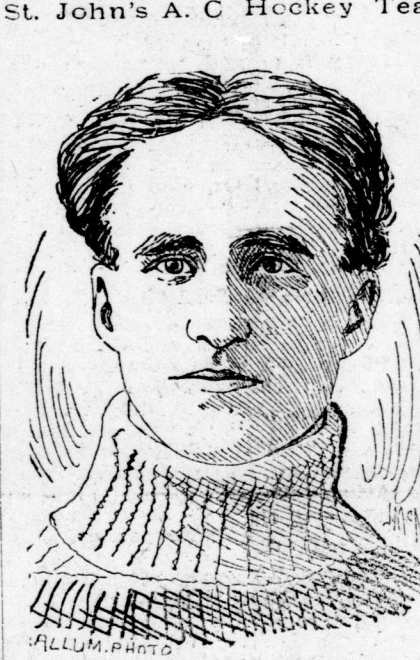

Is a boon to asthmatics.

FOR—  
Whooping Cough, Bronchitis, Croup, Catarrh, Colds, Grippe and Hay Fever.  
The Vaporizer and Lamp, which should last a lifetime, together with a tin of Vapo-Cresolene, \$1.50. Extra supply of Cresolene 25 cents and 50 cents. Write for descriptive booklet containing highest testimonials to its value.  
VAPOR-CRESCOLINE IS SOLD BY DRUGGISTS EVERYWHERE.  
Vapo-Cresolene Co., 180 Fulton Street, New York; 1651 Notre Dame Street, Montreal.

cessary to have outsiders in to have good sport.

There came the first number on the programme, a piano solo by Mr. Fred Rooks, and here it might be said that in every instance the musical numbers elicited the greatest applause. A boxing bout followed in which two local men gave a three-round exhibition of very neat boxing. Mr. C. W. Smith then made a short address. He spoke of the keen competition there had been among the teams during the winter, and was satisfied with the sport that had been put up. He had great pleasure in presenting the trophies to the senior trophy, and the Waterloos with the

St. John's A. C. Hockey Team

Tom Woolley, Forward.

Junior one. They were two handsome cups, the first being the gift of Mr. Smith, the other that of Mr. Smith. After cheers for the Aberdeens, Mr. William Wilson accepted the cup on their behalf, making a suitable acknowledgment, expressing the hope that they would be able to keep it for some years. Mr. Roy Rich represented the Waterloos, and, expressing his satisfaction with the results, gracefully thanked the donors. Mr. Skelton was called upon to say something, he representing the Seventh Regiment team. He congratulated the St. John's well-chosen words. The Waterloos and the Seventh had been cheered, and now Chairman Cox added that the Hortons had played a sportsmanlike game, and he called for the cheers for this team, which were given as lustily as to the others.

Another exhibition boxing bout was then given this time between Jack Ward and Tom Butler, in which both young men showed considerable skill with the gloves, the result being a draw. The balance of the programme consisted of cornet solos by Mr. Clarence Robinson, piano solos by Mr. Hopkirk, vocal solos by Mr. Albert Schuster, and several selections by the St. John's Orchestra, all of them being very much appreciated.

During the evening light refreshments were passed about by the members of the club, as well as cigars, and this feature of the evening was as pleasing as the balance of the programme that had been prepared so well by the St. John's Club.

For the excellent social time that had been provided, a hearty vote of thanks was passed, and before the evening closed, Mr. Smith, speaking to this motion, said a few words in regard to Mr. Cox, who had been the backbone of the club. He was glad that the president had seen the advisability of a place being provided for young men, where they could enjoy themselves and be free from the many pitfalls that beset a young man. He therefore called for three cheers for Mr. Cox, which were given most heartily. In replying to this, Mr. Cox thanked them for the warmth of their reception, but stated that he would not permit their gratitude to be all expended upon him. He gave the credit of their success to the individual members of the club. They had won the first place, and later fell again, but Bernhart pluckily regained his mount, and as he bowed to the crowd, he was loudly applauded. Twenty-nine bookmakers did a brisk business. Summary: First race, 3-year-olds and up, 6 fur-

longs—Lord Badge, 115 (Redfern), 7 to 5 and 3 to 1; Orloff, 97 (Cramer), 7 to 1 and 3 to 1; 2; Adel Trebia, 102 (Waterbury), 4 to 1. Time, 1:18 1/2.  
Second race, 2-year-olds, half-mile—Race King, 112 (Odum), 10 to 1 and 2 to 1; Peter Paul, 109 (Sloan), 20 to 1 and 10 to 1; 2; Adel Trebia, 102 (Waterbury), 4 to 1. Time, 1:22.  
Third race, steepchase, 3-year-olds and upwards, about 2 miles—Gum Honey, 135 (Mar), 14 and out; 1; Kate Spotswood, 147 (Brooks), 45 to 1 and 7 to 10; 2; Gld Ray 132 (Bernhart), 5 to 1 and 3 to 1. Time, 4:50.  
Fourth race, Hennessey Spring Handicap, 6 furlongs—Himself, 112 (Odum), 1 to 2 and out; 1; Ahumada, 109 (Redfern), 25 to 1 and even; 2; Honolulu, 105 (T. Walsh), 7 to 1 and 3 to 1. Time, 1:18.  
Fifth race, maidens, 3-year-olds and up, 7 furlongs—Lucky Day, 102 (Doyle), 7 to 1 and 2 to 1; 1; Cherubim, 98 (Fisher), 20 to 1 and 8 to 1; 2; Hist, 102 (D. O'Connor), 5 to 2 and 3 to 1. Time, 1:33.  
Sixth race, selling, 3-year-olds and upwards, 1 mile and 40 yards—Alado, 107 (Redfern), 3 to 1 and 6 to 5; 1; Carroll D., 106 (Miles), 10 to 1 and 4 to 1; 2; St. Sever, 106 (Waterbury), 13 to 5 and 3 to 1. Time, 1:52.  
7 to 1 and 3 to 1. Time, 1:45.

**THE FRISCO MEET.**  
Oakland, Cal., March 23.—The weather was clear and track fast.  
First race, 5 furlongs, selling—Pick the Way, 5 to 1; 1; Pennington, 4 to 1; 2; Dotwell, 6 to 1; 3. Time, 1:09 1/2.

Fifth race, 6 furlongs—Carl Kahler, 2 to 1; 1; Dewey, 4 to 1; 2; Flint Lock, 4 to 1; 3. Time, 1:17.  
Sixth race, 1 mile—Flanour, 3 to 1; 1; Outing, 10 to 1; 2; Fouspry, even, 3. Time, 1:45 1/2.

**FOOTBALL.**

COUNTY TEAM WON.

A fast game of football was played on Monday afternoon on Carling's Heights between the city and county pupils of the Collegiate Institute. The game, although far from being scientific, showed that the farmers knew enough about football to win the game by the score of 2 to 1. Some very good plays were made on both sides, but particularly on the city side. For the city, the star players were Brock, Falls, Cameron and O'Grady, while the honors for the county were carried off by Henderson, Irving, Ryckman and

Lame Back for Four Months.

Was Unable to Turn in Bed Without Help.

Plasters and Liniments No Good.

This was the experience of Mr. Benjamin Stewart, Zionville, N.B.

TWO-THIRDS OF A BOX OF

**Doan's Kidney Pills**

CURED HIM.

He tells of his experience in the following words: "For four months I was troubled with a lame back and all this time was unable to turn in bed without help. I tried plasters and liniments of all kinds but with no effect. At last I was induced to try Doan's Kidney Pills, and by the time I had used two-thirds of a box my back was as well as strong as ever and has kept so ever since."

Backache, Frequent Thirst, Scanty, Cloudy, Thick or Highly Colored Urine, Puffing under the Eyes, Swelling of the Feet and Ankles, are all symptoms of kidney trouble that Doan's Kidney Pills will cure.

Price 50 cts. per box or 3 for \$1.25, at dealers, or

Tillson's Oats starts the day for thousands of Canadian toilers in all walks of life.

It gives the staying power necessary to the one who depends on muscle, and quickens the thoughts of the one who depends on brain.

Get out of the rut of dyspepsia-dealing foods that send you to work in the morning with a soggy brain and a lack of energy. 'Tis your breakfast that makes or mars your day.

Sit down to a dish of Tillson's Oats every morning—enjoy its appetizing flavor—realize its hunger-satisfying qualities—feel the glow of its strengthening sustenance that sends you to work with a will—experience in it, the joy of freedom from indigestion's ill.

Order Tillson's Oats from your grocer now—cook it and serve it steaming hot for breakfast to-morrow morning.

**Tillson's Oats**

Pan-Dried Packages Only

No black specks A food—not a fad

**"Made in Canada"**

Just because a shoe is "made in Canada" should I wear it?

Yes and no. Not if foreign shoes are better and cost equal or less money.

Yes, if Canadian shoes are as good or better for equal money.

The Canadian Government extracts 25 per cent. of the value of all imported shoes—therefore United States made shoes are priced higher in Canada than in the States.

Now, it is admitted that Canadian-made "Slater Shoes" are equal to United States shoes at equal or higher prices.

Because they are made by the same rapid action, accurate process (the Goodyear welt) as the best United States shoes—in the only factory in Canada which has made for seven years an exclusive specialty of Goodyear welt shoes.

Product of specializing:—"British wear, United States style—made in Canada."

Price branded by the makers.

**"Slater Shoe"**

Made in Canada 40 Years. For Men and Women, \$3.50 and \$5.00. For Boys, \$2.50 and \$3.00. Sold in 15 "Slater" Stores and 200 Agencies.

"Slater Shoe Polish" is a Leather Preservative.

**LONDON AND DISTRICT.**

Mrs. John Martin, of Belmont, is spending a few days with friends in the city.

—Miss Nellie Bell, of this city, has left on a visit to relatives at Sarnia and Point Edward.

—Misses Minnie and Helene Carmichael, of Arva, are visiting with Miss Laurence, of London West.

—Miss Minnie Walker, has returned to Port Huron after spending a week with her mother at 740 Dundas street.

—Miss Ellen Clapton, of Whitby, who has been visiting friends in this city for the past two months, returned home today.

—The estate of William Algie, of St. Thomas, has been placed in charge of the London and Western Trusts Company, of this city.

—Mr. and Mrs. Homer Simpson, of Toronto, have received a cable from Mr. Mayne Ramsay, now in London, Eng., stating that the negotiations for the floating of the company's bonds were progressing satisfactorily. The deal may be closed in a few days.

—Mr. Frank Westbury, of this city, has just received the sad news of the death of his father, the Rev. William Westbury, of St. Heliers, Island of Jersey.

—Mr. George Watson, of Point Edward, formerly of this city, spent Sunday and Monday with relatives here. He left last night with his daughter, Miss Ruth Watson, who has been spending a few days with her grandfather, Mr. Henry Bell, 338 Rectory street.

**PROGRESS SATISFACTORY.**

The Southwestern Traction Company's officials have received a cable from Mr. Mayne Ramsay, now in London, Eng., stating that the negotiations for the floating of the company's bonds were progressing satisfactorily. The deal may be closed in a few days.

**GONE TO RED DEER, MAN.**

Mr. and Mrs. George Hammett and family, of East London, left on the C. P. R. this morning for Red Deer, Man., where they will reside. A large party of their friends assembled at the depot to bid them farewell. Mr. Hammett was for several years a member of the firm of Martyn & Hammett, contractors, and he goes west partly in the hope of improving his health.

**LECTURE ON HUMOR.**

"Vit and Humor" was the subject of a very entertaining lecture last evening given by Rev. A. Logan Geggie, of Toronto, at St. Andrew's Church. There were many in attendance, and all enjoyed the way in which Mr. Geggie, described wit and humor, and the manner in which he illustrated its different phases from the English, Scotch and

Angier's Petroleum Emulsion aids digestion, improves nutrition, and increases weight and strength. It is pleasant to take, and agrees with the stomach.

Thousands of well-fed people cannot digest and assimilate their food. They therefore get insufficient nourishment, and are slowly starving.

Angier's Petroleum Emulsion with Hypophosphites of Lime and Soda is for such.

It helps digest and assimilate the food, cleanses the stomach and bowels, improves nutrition, tones up and invigorates the entire system and thus increases health, weight and strength.

Physicians prescribe it for persons who are recovering from any illness that has left them in a weak, "run-down" condition. Get a small bottle, take according to directions and watch results.

Angier's Petroleum Emulsion is sold by druggists everywhere. Remember the name and look for the fisherman on the label.

Angier's Large size, 1.00. Small, 50c.

ANGIER CHEMICAL COMPANY, BOSTON, MASSACHUSETTS, U.S.A.

Irish. Rev. Dr. Johnston presided, and previous to the lecture a short programme of music was rendered by Mrs. Munro, Mrs. Wheeler and Messrs. Barker and Thompson.

**CANNOT BEGIN WORK YET.**

Work on the Lambeth line of the Southwestern Traction Company cannot be begun owing to the condition of the roads, which are too heavy to permit of material being hauled. As soon as the roads are in better shape track-laying will be resumed. It is expected that the St. Thomas City Council will deal with the company's application at an early date. The construction of the line between St. Thomas and Port Stanley will be commenced at Port Stanley.

**TRAVELERS' PICNIC COMMITTEES.**

In yesterday's paper, in the account of the Travelers' Club meeting, the following should have been named as comprising the sports and entertainment committee: H. E. Buttery, chairman; A. H. Brener, secretary; W. E. A. Best, Adam Beck, M. P., John Bowman, Frank Lawson, J. W. Cause, J. R. Sprague, S. M. Scraton, H. W. Southam, F. T. Treblecock, A. M. O'Dham, C. A. Crozier, G. A. Stone, J. A. Tune, H. W. Lind and E. R. C. Struthers.

Entertainment committee—C. W. McGuire, chairman; A. T. Edwards, secretary; W. E. A. Best, W. Percival, Jerry Smith, S. M. Scraton, J. C. Bowers, J. J. Harkness, E. I. Sifton and J. L. Dyer.

**SHUTTLEWORTH VS. MCGILLIVRAY.**

A judgment given in a local suit in

the divisional court, Toronto, is of interest to many in this city. An appeal was made by Mrs. George A. McGillivray, of London, in an interpleader issue from the judgment of the first division court in the County of Middlesex in favor of plaintiff, who was an execution creditor of defendant, and had seized under execution three pictures, which were claimed by defendant's wife. It appeared that between the years 1895 and 1898 defendant had purchased with his own money the pictures in question and handed them to the claimant, his wife, telling her that he gave them to her. One of the pictures was afterwards framed by claimant in a frame given her by her mother. The three pictures were then hung up in the house occupied by the defendant and the claimant, and remained there until they were seized under plaintiff's execution. Held, that there was an actual present gift and delivery by the husband to the wife sufficient to have constituted a complete gift, and to pass the property as between two persons not husband and wife. Breton vs. Woolven, 17 Chy. D. 416, and Shaeffer vs. Dumble, 5 O. R. 146, were decided under the law of 1881 by the act of that year (now R. S. O. ch. 165, sec. 3), a married woman's disability to receive and hold personal as well as real property by direct gift or transfer from her husband was done away with. The pictures became her property by her husband's act. The subsequent possession was hers, although the house was occupied by her husband and herself; Ramsay vs. Margrett (1894), 2 Q. B. 18; Kelpin vs. Ratley (1892), Q. B. 52. The true construction to be placed on sub-sec. 3 of sec. 5 of the act, when read with sub-sec. 1 of sec. 3, is to place the wife precisely in the position of apene sole with regard to property transferred to her by her husband during coverture, and therefore she can hold the property against his creditors unless the transfer is made for the purpose of defrauding them, and there was no evidence of such a purpose in this case. Appeal allowed with costs and judgment to be entered for claimant with costs. J. I. Meredith for claimant, J. H. Moss for execution creditor.

**CHOSEN FRIENDS DELEGATES**

TENDERED A RECEPTION

Interesting Affairs Marks Beginning of Convention.

Executive Committee Has Prepared Programme for All Sessions.

The sixteenth annual convention of the Canadian Order of Chosen Friends opened at the city hall today, with 690 delegates present from the 400 lodges in the jurisdiction. Several questions of the utmost importance to the order are to be considered. The executive committee has prepared a programme for the sessions was arranged.

**RECEPTION TO DELEGATES.**

The local councils last evening tendered a reception to the visiting delegates, and the delegates were met at the city hall by a large number of local members.

Mr. E. T. Essery was in the hour, and with Grand Councilor W. J. McCann and Grand Vice-Councilor Dr. Bell, mayor of Kingston, made a short address. Dr. Bell stated that the order had paid out \$1,250,000 to the widows and orphans, \$28,000 to the sick and afflicted, and \$72,000 for permanent disabilities.

The musical and literary programme was pleasing to all, and especially to the visitors, who for the most part had not before.

The selections by the Imperial Male Quartet were among the features, and as the organization had made itself so popular among its admirers, it was regretted that it may not again appear in public. The programme included: Quartet, Imperial Male Quartet; recitation, Miss Blashill; solo, Miss Pick-

and; recitation, Miss Anthistle; solo, Miss Mowat; quartet, Imperial Male Quartet; recitation, Miss Mowat and Mr. E. A. Webster; solo, Miss Pickard; recitation, Miss Blashill; solo, Miss Mowat; quartet, Imperial Male Quartet. Dancing to music by Cortese's orchestra followed.

The committee in charge of the preparation included: Friends E. T. Essery, L. L. chairman; George B. Nash, secretary; Mrs. Lemon, R. H. Cullis, Mrs. J. W. Thorp, A. Legg, R. H. Cullis, J. Smith, T. Blanchard, R. H. Cullis, D. Davidson, Mrs. G. Burton, Wm. Pepper, Mrs. S. L. Allin, L. Baker, Mrs. G. Bonser, Mrs. J. Gramshaw, F. J. Fitzgerald, treasurer; Mrs. J. H. Davidson, P. A. Bogue, Hyslop, H. Burton, Miss E. Patterson, Mr. Lemon, Mrs. P. Stewart, C. A. Burgess, Mrs. M. Smith, H. Roswell, Mrs. F. J. Fitzgerald, J. Walton, Mrs. E. J. Griffith and Mrs. C. W. Lytle.

**GRAND OFFICERS.**

The grand officers in attendance are Rev. H. I. Allen, Ottawa, past grand councilor; W. J. McCann, Belleville, grand councilor; J. H. Bell, M. D., Montreal, Que., grand vice-councilor; Wm. F. Montague, Hamilton, grand recorder; S. Broadfoot, Guelph, grand treasurer; A. Wolverson, M. D., Hamilton, grand medical examiner; Mrs. M. C. Graham, Strathroy, grand prelate; A. E. Ross, Virdee, Man., grand marshal; Mrs. C. O. Read, Hagersville, grand warden; P. A. Bogue, Montreal, Que., grand guard; Mrs. F. Johnson, Sarnia, grand sentry; W. F. Campbell, Hamilton, grand organizer; Lyman Lee, Hamilton, grand scribe; Alex. Morris, Pembroke; J. W. Frost, Owen Sound; W. F. Miller, Hamilton, and D. Robertson, St. Catharines, representatives on executive committee.

Miss H. M. Hill at the Auditorium Friday evening, March 27, are some of the views of the halls of Windsor Castle, showing the long corridor through which her late Majesty Queen Victoria would come to welcome her guests at the castle; Westminster Abbey, the coronation robes of the King and Queen, full length portraits of Lord and Lady Curzon, the great camp for the Durbar, and dozens of other pictures of interesting and important incidents. In her lecture Miss Hill describes her pictures in a most entertaining and vivid manner.

**VOLUNTARILY RAISE PAY**

Dominion Transportation Co.'s Pleasant Announcement.

Local Men Will Also Be Paid for All Overtime.

The Dominion Transportation Company, the large teaming concern that handles all the C. P. R. freight in this city, through its efficient and popular manager, Mr. William McNaughton, gave all its employees here a pleasant surprise yesterday. This came in the announcement that besides a substantial increase in the regular wages, all overtime would henceforth be paid for at the rate of 15 cents per hour. Needless to say the men are pleased at this liberality, and appreciation of their services on the part of the company, and it has added to their good feeling towards the local manager as well.

**STANDING ROOM AT LONDON**

House Was Packed for Performance of Stock Company.

"THE LIGHTS OF GOTHAM."

"The Lights of Gotham" were presented last evening at the London Opera House by a stock company of more than thirty actors. The company is known as Culbreth, Chace & Weston's, and consists of some twenty members. Their first performance in this city was witnessed last night by a large audience, so large that every seat was sold. The audience were particularly pleased, as the acting went with a vim that was quite appropriate to the style of play that was put on. It was a sensational melodrama, in which there had been incorporated many a funny situation, and as a comedian Mr. William H. Chace gave ample proof of his ability. The play itself was not more enjoyed than the specialties, all of which were of a first-class nature. Misses Henrietta and Clementina St. Felix and Mr. De Chamar in their dancing as wharf rats were good, the ladies especially taking the house by storm. Other specialties were of a new character, and were in themselves very good, spreading of an evening at the London. It is the intention of the company to stay here this week, putting on a repertoire of creditable plays.

Tonight the western comedy, "In the Rockies," will be the offering, and patrons are assured of a good evening's enjoyment in witnessing it, as the company is above the average in line of repertoire. Friday night will be another night.
