

HURLED TO DITCH FROM FAST TRAIN

Man Brought Here Says He
Lay Unconscious For Nearly
24 Hours.

Night, Side-Door Pullman
Fight Is Waged.

Claiming to have lain unconscious in a ditch beside the Grand Trunk tracks near Komoka for nearly 24 hours after he had been hurled from a fast freight train, a man giving his name as John Lowrey, and his address as Niagara Falls, was taken to Victoria Hospital last night. Blood was matted in his hair, and his face was badly cut and bruised.

The man appeared to be in a half stupor.

Marks of Fight.

According to stories told by railwaymen, the man walked into the telephone office at Komoka shortly after 5 o'clock yesterday afternoon. His clothes were badly torn, his face grimed and wounds, from which blood had oozed and dried on his face, were plainly visible.

He stated that he had been riding in a box-car on a fast westbound freight train, in company with a couple of other men, Thursday night. He did not know who they were. While the train was thundering along, the men, an altercation started between the two.

Lowrey says that one of the party pulled him up and threw him through the car door.

Landed in Ditch.

He stated that he landed in a ditch beside his head and shoulders. Bushes and rank vegetation beside the track broke his fall, which otherwise, at the high velocity of the through freight, might have proved fatal. After that, he declared, his mind was a blank until he regained consciousness late yesterday afternoon.

He hobbled along the tracks to Komoka station, where he asked to be sent to the nearest hospital. The Santa Accommodation, for this city, was due a few minutes later, and he was sent into this city.

Dr. F. P. Drake and the police ambulance had been summoned, and were waiting at the station when the train pulled in. A hasty examination showed that the man's feet were badly swollen, and that he was unable to walk.

His story will be investigated, and an effort will be made to unearth the identity of the men said to have been in the car.

HEART WOULD PALPITATE

HAD WEAK and DIZZY SPELLS

Palpitation of the heart is one of the most common of all heart troubles.

The heart will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over the system, accompanied by weak and dizzy spells, making you feel that you are surely going to die. When you feel this way what you require is a real good heart and nerve tonic: one that will strengthen the weak heart and build up the nerve system. For this purpose we know of nothing that can equal Milburn's Heart and Nerve Pills.

Mrs. J. S. Nicholls, Liatovel, Ont., writes: "I was weak and rundown, my heart would palpitate, and I would take weak and dizzy spells. A friend advised me to try your Milburn's Heart and Nerve Pills, so I started at once, and found that I felt much stronger, and my heart was ever so much better within a short time. I cannot praise your medicine too highly for it has done me a world of good. My husband has also been bothered with heart trouble ever since childhood and finds great relief in using your valuable pills."

Milburn's Heart and Nerve Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

INDIA PRESENTS FIELD OF UNPARALLELED OPPORTUNITY

Is Field For Canadian Manufacturers To Capture, Declares Representative of Indian Agricultural Department.

That India at the present time offers a field of almost unparalleled opportunity to the Canadian manufacturer, was the statement made to The Advertiser yesterday by Samuel Higginbotham, of the Indian Agricultural Department, who is spending a week in Canada at the invitation of the Laymen's Missionary Society, and who yesterday gave a splendid address on "India and the Empire" before the Canadian Club of the city.

"India," Mr. Higginbotham said, "is rapidly developing agricultural implements of all kinds. Blaise crushers, mechanical pumps, gasoline engines and machinery of all kinds will be wanted and the man who goes after the trade, generally speaking, will get it."

Pumping Machinery Demanded.

Pumps and pumping machinery in particular, Mr. Higginbotham said, would be in great demand, since in practically no part of India is there sufficient wind to turn windmills.

A splendid opportunity offered, also, pointed out for Canadian manufacturers to capture some of the trade in India, which until the present war has been held by Germany and Austria. These two countries, he said, exported to India, last year, goods to a total value of \$23,000,000 sterling, or over \$36,000,000. This trade they had lost entirely.

Information was received yesterday of the death of Pte. John Morrison, of the Third Leicestershire Regiment, only brother of Mrs. H. A. Schaefer, 462 Grey street, this city, on Oct. 29, in the military hospital at Portsmouth, England. Pte. Morrison died from wounds received while in action in France. He was buried in Portsmouth churchyard with full military honors.

Mrs. Schaefer received a letter from the lieutenant in charge of her brother's company, and expects an official war office notification at any time. Her brother had served 22 years in the British army and had been in the hospital branch for a considerable period of that time. Whether he was fighting in the ranks when wounded, or whether he was in the ambulance section, was not stated.

For 19 years Pte. Morrison was groomman to the Khedive of Egypt and had served in India, Egypt, China, Malaya and other foreign stations of the British army.

SPECIAL "Y" MEETINGS

Women of South London Will Be Addressed in Askin Street Church—Men in Knox Church.

Two special meetings, in connection with the campaign for men in the churches, have been arranged for the South London on Sunday night by the Y.M.C.A. At 7 o'clock there will be a meeting of men only in the Knox Presbyterian Church. At the same hour there will be a meeting for women only at the Askin Street Methodist Church.

Rev. Maurice P. Elkes, past pastor of the Woodward Avenue Baptist Church, Detroit, will address the men and Perry Parks, of Toronto, will address the women. The latter's address will be on "Life of Soldier at Valcartier Camp." Vernon Cooper, baritone, of Toronto, will sing at both services.

EDITORIAL NOTES

The German guns have smashed at everything in Belgium but the Belgian spirit.

The Kaiser has failed to hack through to France, and pretty soon he may have to hack through to Germany.

A Middlesex map has been found

The German press continues to tell the German public fairy stories of German successes.—Exchange. One fairy story they are not telling is, that of the Russian Bear striding towards Berlin in his seven league boots.

There are indications that some of those South American governments have winked at German breaking neutrality regulations. If John Bull were not so busily engaged elsewhere, the rules would be obeyed to the letter.

This is the feeling of almost every one of our German-Canadians and United States Germans, should they be so foolish as to attempt an invasion of Canada, will be suppressed by the aid of Canadian loyal Germans in Ontario as Boers have been suppressed by Boers in Africa.

when he settles in a country and makes it his future home, what his native country is doing? My answer to the above is "Yes," especially so, as I gather from him that he was a British subject. I should say that naturally he would stand by his country, both of adoption and of his nativity, seeing that he is now in Canada.

Then he goes on to say, "Does any man mean to tell me that a man, securing a place where he can make his home, will still have in his heart a feeling for his birthplace that he has abandoned?" This question is as absurd as one as I have ever heard. I am an

Englishman, and honor and respect this land of my adoption, but in any event my love would be for my native country, and I would stand by her for all I was worth, just the same as Canada and the British Empire—black and white—are standing shoulder to shoulder at the present time. This is only natural in all cases where patriotism is common.

You talk to any man or woman from any country, and they always admire and respect the country of their adop-

on, but at the same time their hearts
are all for their native country.
I do not know Mr. Glaubitz, but I
know a lot of Germans in this country.
I have always found them just, hon-
est and above board, but in these times
you never know how they are standing
for our country and for our country's
affairs, and I, for one, sincerely hope
and trust that Mr. Glaubitz may prove
himself above suspicion of being any-
thing but a gentleman. But Mr. Lerner
stood on my corns with his notion of

riotism. I thought he would have
better versed in these matters
I gather from his letter. I am,
ENGLISHMAN.

OTTAWA RUGBY TEAMS HAVE NOT YET WON A GAME—THIS NEWS OUGHT TO CHEER UP DOC. REISLING

Somebody May Be Cheering Mr. Hoppe's Victory Over Mr. Inman, But You Will Have To Use an Ear Trumpet To Hear It.

WILL SHOW PETROLEA TODAY THAT BEST TEAM WON DISTRICT

Western University Squad All Ready For Game in Oil Town
—Every Member of Team but One Attended Signal Practice Last Evening.

[BY BEAT PERRY.]

After a splendidly attended signal practice in the Jubilee rink last evening, the Western University rugby team is ready for Petrolia today. The boys will leave by the 11:10 train, changing at Wyoming for the Oil Town. About eighteen players will be taken along on the trip, and a dozen or so fans will also make the trip.

Sarnia Officials Named.

Over the long distance telephone last evening, Manager Dr. Stephens and the Petrolia club decided on the referees. Sarnia men will officiate, despite Petrolia's loud protests about the treatment given them in London by Sarnia officials. No better referees in the game can be found than Dick Leseuer and Bill McCart, the two Sarnia boys, who will handle the game.

Cancelled Auto Trip.

It was decided to make the trip in autos yesterday. Dr. Stephens had engaged several cars to take the crowd to Petrolia by road, but owing to the chill in the air, he decided not to take the chance of having some of the players laid up with colds, so the Grand Trunk will be utilized. The teams will return about midnight.

Petrolia Worked Hard.

The Petrolia club has been hard at work all week preparing for the game. One of the members of the club told Dr. Stephens last night that a full team of players had a two-hour workout yesterday. Terry McGowan, who has gone to Petrolia, will be missed, but his place has been satisfactorily filled. The boys on the Hard Oil club are confident of winning today's contest, and say they will show Petrolia fans that the best team didn't win the district.

Line Uncertain.

Just how the local team will line up is hard to say. Dr. Stephens intends

to work in several substitutes, so as to make them eligible for the games in the next round of the series. "Tiny" Sage, Scotty Hogg, Kenny Ritchie, "Dusty" Campbell and "Haldy" McQueen will be given a chance. McQueen and Gus Edwards will likely divide the team at flying wing. Ireland, Chatto, Campbell and Ross will all get a chance to work on the back division and Hogg, Fitzgerald, Kenny and Little will likely take turns at quarter, but Little will fill in there, in case "Rogie's" ankle has not recovered sufficiently. Sage and Duffield will likely hold the inside wing positions, and Rowan, Doupe and Steele will divide the time up on the middle wing positions. McKay and Ritchie will be at outside wing. Martin, Stephens and Pierce will be spares.

The big game practice of the week was held in the Jubilee rink last night. Every man on the team, with the exception of Edwards, was present, and a good hour was spent in practicing signals.

"Hogan" Rowan and Gus Edwards are the comedians of the team. This pair puts out a lot of life in the daily practice, and they seem to get more and more enjoyment out of it than anybody else. When one is absent, the other always makes up for it. Ritchie and Kenny intend to play hockey this winter. They have been attending the rugby practice nights, and are in great shape. They are also good rugby players, and both will figure in today's game.

It looked like old times to see "Tiny" Sage out working with the boys. "Tiny" has come back, and just now his great-est problem is taking off a few pounds of the surplus weight that he has gained since last he fondled the pig-skin.

Gus Edwards was missed at yesterday's workout. When the Belgian home boy does not turn out, somebody else makes up for it. Gus was taking some more French.

Clare Steele and Tommy Chatto insisted upon being noticed. They want it mentioned every time they are mentioned.

Just how the local team will line up is hard to say. Dr. Stephens intends

CITY BOWLING LEAGUE FORMED WITH 8 TEAMS

Pin Spillers Will Open the Season on Monday Evening.

OFFICERS WERE ELECTED
Advertisers and Marconi Club To Meet in Opening Match.

SCHEDULE ENDS IN MARCH
Cup Will Be Donated For the Winning Team—Banquet Also Planned.

At a meeting, held in the National Alleys last evening, the City Bowling League, composed of eight teams, was organized and officers were elected. The eight teams that make up the league are as follows: Occident Club, Marconi Club, Advertiser Club, B. C. C. Club, St. Peter's Club, London House, B. C. C. Club, and Advertiser Club.

The league will open on Monday night when the Advertiser and Marconi clubs meet. The schedule runs from then until March 30. Four games will be played each week. The officers of the league are as follows: President—B. C. C. Club; Vice-president—St. Peter's Club; Secretary—Ed. Katsulos.

It was decided to call the league the City Bowling League. A set of rules will be drawn up and printed for each club. The teams will consist of five men each, and each club is allowed to sign up seven players. None of the players can play with any other team, however, and no team will be allowed to add to its list during the season unless by special ruling of the league. A silver cup will be given to the winning team at the end of the season, and it is also likely that a special prize will be given to the bowler making the highest average score during the season. It is also mentioned to hold a banquet at the end of the season at which the prize will be donated.

JIMMY CLABBY WON DECISION OVER GEORGE CHIP

Hammond Middleweight Was Aggressive and More Cautious Than Newcastle Boy.

San Francisco, Nov. 7.—Jimmy Clabby, of Hammond, Ind., won a decision over George Chip of Newcastle, Pa., in a 20-round fight here last night. Clabby fought cautiously, but never failed to take the aggressive when the opportunity offered. In the fifth round he solved Chip's awkward but dangerous style, and from that time on began to cut the larger man to pieces with long range and another him with blows in the clinches, keeping himself well covered.

In the ninth, while Chip was going backward, Clabby shot in a straight left that knocked the Pennsylvanian to his haunches. He got up instantly, somewhat jarrily, but nobly held his. Clabby did his best to finish with a rush in the last round, but Clabby easily battered him down, and when the referee gave the decision, Chip waved over and congratulated the winner.

Promoters hope to slip in another fight before the anti-prize fighting amendment adopted Tuesday goes into effect, which will be five days after the vote has been certified.

INMAN, OFF HIS FORM, LOST SERIES TO HOPPE

WINNIPEG, Nov. 6.—Traveling in the worst kind of luck in the final stage of the last match of the international billiard series, Melbourne, Inman failed to catch Hoppe's long lead, the American winning the match by 11 points. Both sessions today were occupied with billiards, and the English champion failed to settle to his real game, was unusually erratic, and otherwise bungled lead luck, in that the balls were not running to his liking. With victory in sight, he fell down on unconsciousness on an easy winner, allowing Hoppe to reach the figures which put the game on ice.

On the day's play, aggregated 1-250 to Hoppe's 478, his average being 89; Hoppe's 154.

The letter gave a good account of himself, easily demonstrating that he can make a better showing in the English game than Inman can in American billiards.

In our humble opinion baseball has prospered in spite of the national commission rather than because of it, any scheme of things that involves the retirement of B. B. Johnson and Harry Herzmann at the head of baseball is as futile as striving to fumigate a barn while leaving the polecats under it.

SLAUGHTER BROKE, TAKES UP AVIATION AND AUTO DRIVING TO WIN BACK FORTUNE

BY HUGH S. FULLERTON.

Chapter IV.
Tod Sloan, cut off from his means of earning huge sums of money through the arbitrary action of the Jockey Club in England, found himself in a position that would have daunted a less courageous or reckless fellow. He had acquired expensive habits, and had made his friends. The money that had poured in upon him by tens of thousands of dollars suddenly ceased.

He had saved little. His idea was not to economize, but to earn more. For a time he battered himself against the bars raised by the Jockey Club and demanded that the charges against him, if there were any, be made public, and that he be given a hearing. His friends rallied to him—but it was useless. The Jockey Club declined to state any charges; merely forbidding Sloan to ride. He went to Russia, where, for a brief season he prospered again. Then he returned to Paris, where before he had ridden to the cheers of thousands. Paris was his favorite city. It suited him exactly. But he could not ride there. The ban in England reached out and operated against him there.

That was the commencement of a really remarkable period of his life. He returned to America for a time and appeared in theatrical performances, being paid well. Meanwhile, he had been estranged from his beautiful wife, who then was in London. Sloan raced for London, hoping to effect a reconciliation, but passed his time in mid-ocean and his mission failed.

He was warmly welcomed in England—but found the bar of the Jockey Club still against him. He even found himself treated as an unwelcome guest on race courses where a short time before he had been an idol.

Sloan went to Paris again, to Berlin, to St. Petersburg, following the races. Usually returned to Paris, which he had adopted as his home, and occasionally visited English tracks, where his dressing and manners made him a marked man.

Tod Sloan ever was discouraged or "down on his luck" no one heard him complain. He maintained his cheerful manner and always managed to keep an income from some means. He went into the automobile business; he attempted driving racing automobiles, and at one time was earning a high salary as demonstrator for one of the great racing cars. He had rich patrons, too, who paid him well for his racing commission and he held the gallop.

With the coming of aeroplane Sloan, who even then weighed little more than 100 pounds, thought he saw a great chance for himself. He developed into an enthusiastic pilot, and was among the pioneers of flying over Paris.

In 1911 Sloan had a stroke of luck.

After almost ten years on the ground because of the edict of the Jockey Club, he found a friend in Theodore Meyers, the immensely wealthy Belgian sportsman. Meyers made Sloan the manager of his racing stable, and in control of a magnificent team of horses, Sloan returned to Paris.

Under his charge the horses raced even on tracks where Sloan could not ride. In Europe,

1911 he weighed only 105 pounds and frequently rode his own horses in excess of strength and training them, and it is recounted that he developed two of the foremost jockeys of Europe to ride the Meyers horses.

Sloan again was on the high road to riches, in a steadier if less sensational occupation, when the war broke over

Money for Four Clubs A Big Boom for Baseball

Magnates Can Create New Interest in Game By Offering Prizes to Teams Finishing First, Second, Third and Fourth.

Why don't the big league magnates get together and offer cash rewards for the teams that finish second, third and fourth each season? The idea is not a new one. It is the world series and each of the players gets a nice divvy.

But here's a chance and reward for the clubs that finish second, third and fourth, even if they are only half the size of the world series. In 1908, when the Tigers beat out the Naps.

If the magnates offered \$10,000 to be split among the players of the team finishing second, \$5,000 to the third team players and \$5,000 to the players on the fourth team, it would result in adding to the income of the players, because there would be rivalry to the last day of the season and therefore increased attendance.

There'd be a merry little battle among the players of the teams that finish second, third and fourth, even if they are only half the size of the world series. In 1908, when the Tigers beat out the Naps.

QUESTION OF PEACE UNSOLVED BY AMERICAN LEAGUE OWNERS

Wind-Up of Annual Meeting Yesterday Left the Federal League Question No Nearer Solution—Shake-Up in New York Club Considered Advisable.

CHICAGO, Nov. 6.—American League owners, in winding up their annual convention today left unsolved the two most important problems supposed to be on the program. The question of peace with the Federal League appeared no nearer solved and no change in ownership in the list of stockholders in the New York Club was announced.

Regarding the latter point it was given out that no formal discussion of the terms of the proposed peace had taken place. But it was noted that while most of the magnates caught early trains for their homes tonight, Frank Farrell, of the New York club, and James Lannin, of the Boston club, Farrell's leading supporter, stayed over, saying they would start back east tomorrow.

A shake-up in the membership of the New York club was considered advisable by some of the magnates as a prelude to an attempt to strengthen the team in the metropolis.

Wards of the Brooklyn Federals, who were elected to the New York club, were announced on the Federal situation. Everybody admitted that terms of peace could not be reached would not be possible until after long negotiations. The club owners agreed to erect a monument over the grave of "Empire" "Jack" Sheridan, whose death occurred this week at San Jose, California.

Charles Somers, of the Cleveland club, was re-elected vice-president of the league without opposition, and the board of directors for the ensuing year will include representatives of the Chicago, Cleveland, New York and Boston clubs.

Will Reduce World Series Prizes. Some of the owners declared themselves in favor of a reduction in the number of players carried. They agreed that 20 was a more convenient number than twenty-five, but definite action was deferred until the spring meeting, and meantime, the National League will be consulted on the plan.

Price of seats at world's series games also found unanimous support and the magnates agreed that the prices charged should exceed the regular admission prices by only a single dollar. The National League again will have to agree to this suggestion before any change is made. Seats for the series will cost \$10.00 in a good many cases, extended far beyond the time really necessary, the club

owners agreed that managers, umpires and players should be instructed to hurry up the games.

Minor League Problem Discussed. In connection with the American League meeting some of the minor league problems were discussed in the lobby of the hotel, where the meeting was held. Among the statements that came out was one that there is now no prospect of Roger Bresnahan's purchasing the Cleveland or St. Paul franchises and putting a team in Toledo.

Bresnahan this afternoon conferred for a long time with Charles Thomas, president of the Chicago Nationals, and it was reported, though neither confirmed it, that the Chicago catcher had agreed to stay with the Cubs. Whether he would succeed O'Day as manager could only be guessed at.

As a matter of fact, league leaders stayed over to leave for Omaha tomorrow night to attend the national minor league meeting. It is expected that President C. A. Comiskey, of the Chicago Americans, will attend the Omaha meeting.

To Oust Devery. When the agreement, which led to Frank Chance's resignation, became public last summer, some of the magnates learned for the first time that Wm. Devery was a stockholder in the club, and it is his retirement that was said, they thought, led to leave Farrell a free hand in the club. Some of the owners went into the session with the suggestion that Devery sell out his holdings that Farrell be assured support toward making the Yankee team a winner.

Peace between organized baseball and the Federals seemed remote, though it was generally admitted desirable. Hope that the purchase by the Wards, of the New York Americans, might be a solution grew dim in the statement of Farrell, that he would not sell.

Several clubs, it was given out, have refused to waive their franchise rights, and will make offers to the Philadelphia club for them.

Princeton Meets Harvard Today

Two Unbeaten Teams Will Match Strength and Skill On Gridiron.

CAMBRIDGE, Mass., Nov. 6.—Two unbeaten football teams, Princeton and Harvard, will match strength and skill in the stadium tomorrow in the first of the round-robin series, which includes Yale. The game will be the first of the major contests of the season in the East. The second will be fought a week from tomorrow between Princeton and Yale at Princeton. On the following Saturday will come the Yale-Harvard clash at New Haven.

For tomorrow's contest, Harvard was a slight favorite tonight in what little betting was reported.

LUNDGREN NOT BLAMED FOR PUGILIST'S DEATH

Gary, Ind., Nov. 7.—John Lundgren, of Chicago, a middleweight pugilist, charged with involuntary manslaughter as the result of the death of Battling Sarsfield, of Michigan City, Ind., was exonerated by Judge Dunn here yesterday. Lundgren died after fighting two rounds with Sarsfield at Toletown, Ind., last month.

The greed of boxers has killed one of the most popular of the "green" of the ball players has damaged baseball. How long will it take the athletes to realize that the owners are the only ones to indulge in greed.

It was also reported today that "New York" Lalonde was among those booked to confab with the new league's representative, who was said to be Joe Carranah, the National lacrosse player.

"Art" Ross, late of the Wanderers, declines connection with the new professional organization. He may be seen this year with the Canadians.

One of Jack Marshall's Toronto Club stars came to terms yesterday, and "Minnie" McGiffin is now the only player of importance on the hold-out list. Harry Cameron, the great coxswain of the champions, came here yesterday and signed a Toronto contract.

OTTAWA HOCKEY PLAYER SHOWS CLASS AS BOXER

Charley McCarthy Knocks Out Eddie Moran in Seventh Round of Montreal Bout.

Montreal, Nov. 7.—Charles McCarthy, Ottawa hockey player, knocked out Eddie Moran, of New York, in the seventh round last night at the Club Canadian, after having the best of him nearly all the way. A succession of hard, jolting punches to the body in the closing minute of the sixth round sent Moran staggering to his corner.

While Charlie McCarthy was winning, his brother was losing. Frank McCarthy, also a hockey player, made his ring debut and was knocked out in the sixth round of a bruising battle by Reilly, a Londoner.

NONOGENARIAN DIES IS ASHFIELD TOWNSHIP

[Special To The Advertiser.]
Lucknow, Nov. 7.—Death yesterday morning claimed another of the old Ashfield, in the person of Donald McIntyre, aged 90 years. Interment will be made in Lochalsh Cemetery on Sunday. The deceased was very highly respected, and leaves a large family.

S. SCHOOLS CONDEMN CANNTEENS FOR SOLDIERS

[Canadian Press.]
Kingston, Ont., Nov. 7.—The Ontario Sunday School Association, which has just closed its 49th annual convention here, has received invitations from Peterboro, Port Hope and Smith's Falls for next year's gathering. The place of meeting will be decided on by the executive. The association passed a resolution strongly condemning the army canten in England for the Canadian contingent.

Mack Wants Only Men Who Are For the Team

Philadelphia Manager Makes Suggestive Remarks in Explaining Why He Asked Waivers on His Famous Pitching Trio.

PHILADELPHIA, Nov. 6.—Paris, who believe that Connie Mack does not want to get rid of Phil Bander and Combs, but was merely trying to scare them, so that he could sign them at his own terms, are mistaken.

Mack said yesterday that the three pitchers would never again appear in Athletics uniforms. Mack didn't give the full secret away for his sudden feeling of displeasure toward the three veterans, but he did tell the reason for his action were different in each case.

The tall tutor declared emphatically that he did not believe that the pitchers had outlived their usefulness.

The papers have overlooked the fact," observed Connie, "that these men are still great pitchers. Mack is a wonder, and as he has always taken good care of himself, he should be good for two or three years more. Bander is still a young man, and should last longer. Why, he was the leading pitcher in the American league last season. I haven't the slightest doubt that Combs will come back and pitch as good a game as he did last year. This may sound funny for a man to say after the action took, but it is a fact, nevertheless. For reasons which I won't divulge I am through with them, and that's all there is to it.

Mack, in closing made a significant remark, when he said: "I don't want any more on the team who is not for the team. That goes for the whole bunch." Mack would not admit receiving any waivers for the three pitchers, but he said that he wanted them to leave on their own terms. If a club, or clubs, wants them they can bid to the skies if they can't get them. He was competition for his services, he could be sold at the waiver price, if anybody offered that amount.

The giant general informed a friend yesterday that he was tired working for ball players, and wasn't going broke for two or three years more. Bander is still a young man, and should last longer. Why, he was the leading pitcher in the American league last season. I haven't the slightest doubt that Combs will come back and pitch as good a game as he did last year. This may sound funny for a man to say after the action took, but it is a fact, nevertheless. For reasons which I won't divulge I am through with them, and that's all there is to it.

One good thing about losing a world's series is that it keeps the players off the stage.

CANADA'S DEBT INCREASED 65 MILLIONS THIS YEAR; OWES LONDON \$326,500,000

In October Incumbency Increased Nine and a Quarter Millions—Customs Down \$9,500,000 in Seven Months.

[Special to The Advertiser.]
OTTAWA, Nov. 3.—Increase in debt and falling revenue mark the first seven months of Canada's operations this year. The funded debt payable in London has increased by almost \$65,000,000 during the past year, and now amounts to \$326,500,000. Temporary loans have increased by \$11,000,000, and now total \$29,500,000.
During the month of October alone Canada's debt increased \$9,250,000. In the seven months of the fiscal year, customs revenue has fallen by \$9,500,000. Excise revenue did not decline. The total debt in Canadian revenue in the seven months was a little over \$26,000,000. In the month of October alone, Canadian customs revenue declined by \$3,750,000. The expenditure of Canada on public works declined by \$7,000,000 in the first seven months.

400,000 MEALS A DAY REACH BRUSSELS ENEMY'S AIM

Being Supplied By American Relief Commission—Plans For Extending Work Considerably.

[Canadian Press.]
LONDON, Nov. 3.—At 3:20 p.m.—Provisions sent to Brussels by the American commission for the relief of Belgium already are supplying 400,000 meals daily and plans are now complete for carrying on a similar work throughout that part of Belgium occupied by the Germans.

The Dutch steamer Jan Block will sail some time tonight loaded with two thousands tons of wheat, rice, peas, beans and flour, and it is expected that the Dutch steamer Telius will leave tomorrow with 1,700 tons of wheat. Both ships will proceed to Rotterdam, where their cargoes will be taken over by representatives of the American commission.

Herbert Clark Hoover, chairman of the American Commission, today received the following telegram from Captain F. F. Lucey, the commission's representative at Rotterdam:

Rich and Poor in Line.
"Morris M. Laughon, secretary of the American Commission, and E. B. Wyman, member of the relief commission, and Edward Bell, secretary of the American Commission, today returned from Brussels, where 400,000 meals per day are being issued. Those people who are able to pay are being charged five cents for the meals. The meal costs fifty cents and Bell says that rich and poor stand in line and these meals as it is the only way they can get food."

"They state that very complete plans have been entered into by the commission for receiving and distributing supplies throughout all Belgium. The country has been divided into provinces, each province handling its own distribution and being represented by two members on the central committee. All requisitions on this office will come from the central committee through the American and Spanish ministers. A sub-committee in turn will sell food to the communes which will sell, or distribute free, to those in need."

An Official Organization.
"The sub-committees are formed generally by members of the town councils so that the whole organization has an official and unquestionable standing. They are all in accord and are holding meetings from time to time at Brussels and compiling data, as to the needs of every district regardless of how remote. The people are informed of the situation and the practical results given."

"Some uneasiness is felt here by the Belgians, the result of quotations from the American press, to the effect that supplies would be seized by the military authorities. They are afraid that this will stop the shipment of supplies. I have assured them that the supplies would come regardless of these unfounded suppositions."

Will Watch Germans.
"That all emergencies are being forestalled is evident from a note issued by the Central Committee of Belgium, in which it is stated that the commission will have a delegate in each province who will see that the shipments of food arrive intact and that the German troops of the guarantee given by Field Marshal Baron Von Der Goltz, military governor of the province of Antwerp, Belgium. If this delegate, protected by the American flag, learns of any infraction he will verify it and immediately call attention to it. When the ministers of Spain and America will make proper representations to the German authorities."

BETTER THAN SPANKING.
Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W12, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with these difficulties by day or night.

CATTLE YARDS ARE UNDER FUMIGATION

Rats, Pigeons, Cats and Dogs All Being Poisoned.
[Canadian Press.]
Chicago, Ill., Nov. 3.—The Chicago Union Stockyards, for the first time since its organization, forty-nine years ago, was closed today because of the epidemic of foot and mouth disease, which is raging among cattle in thirteen states.

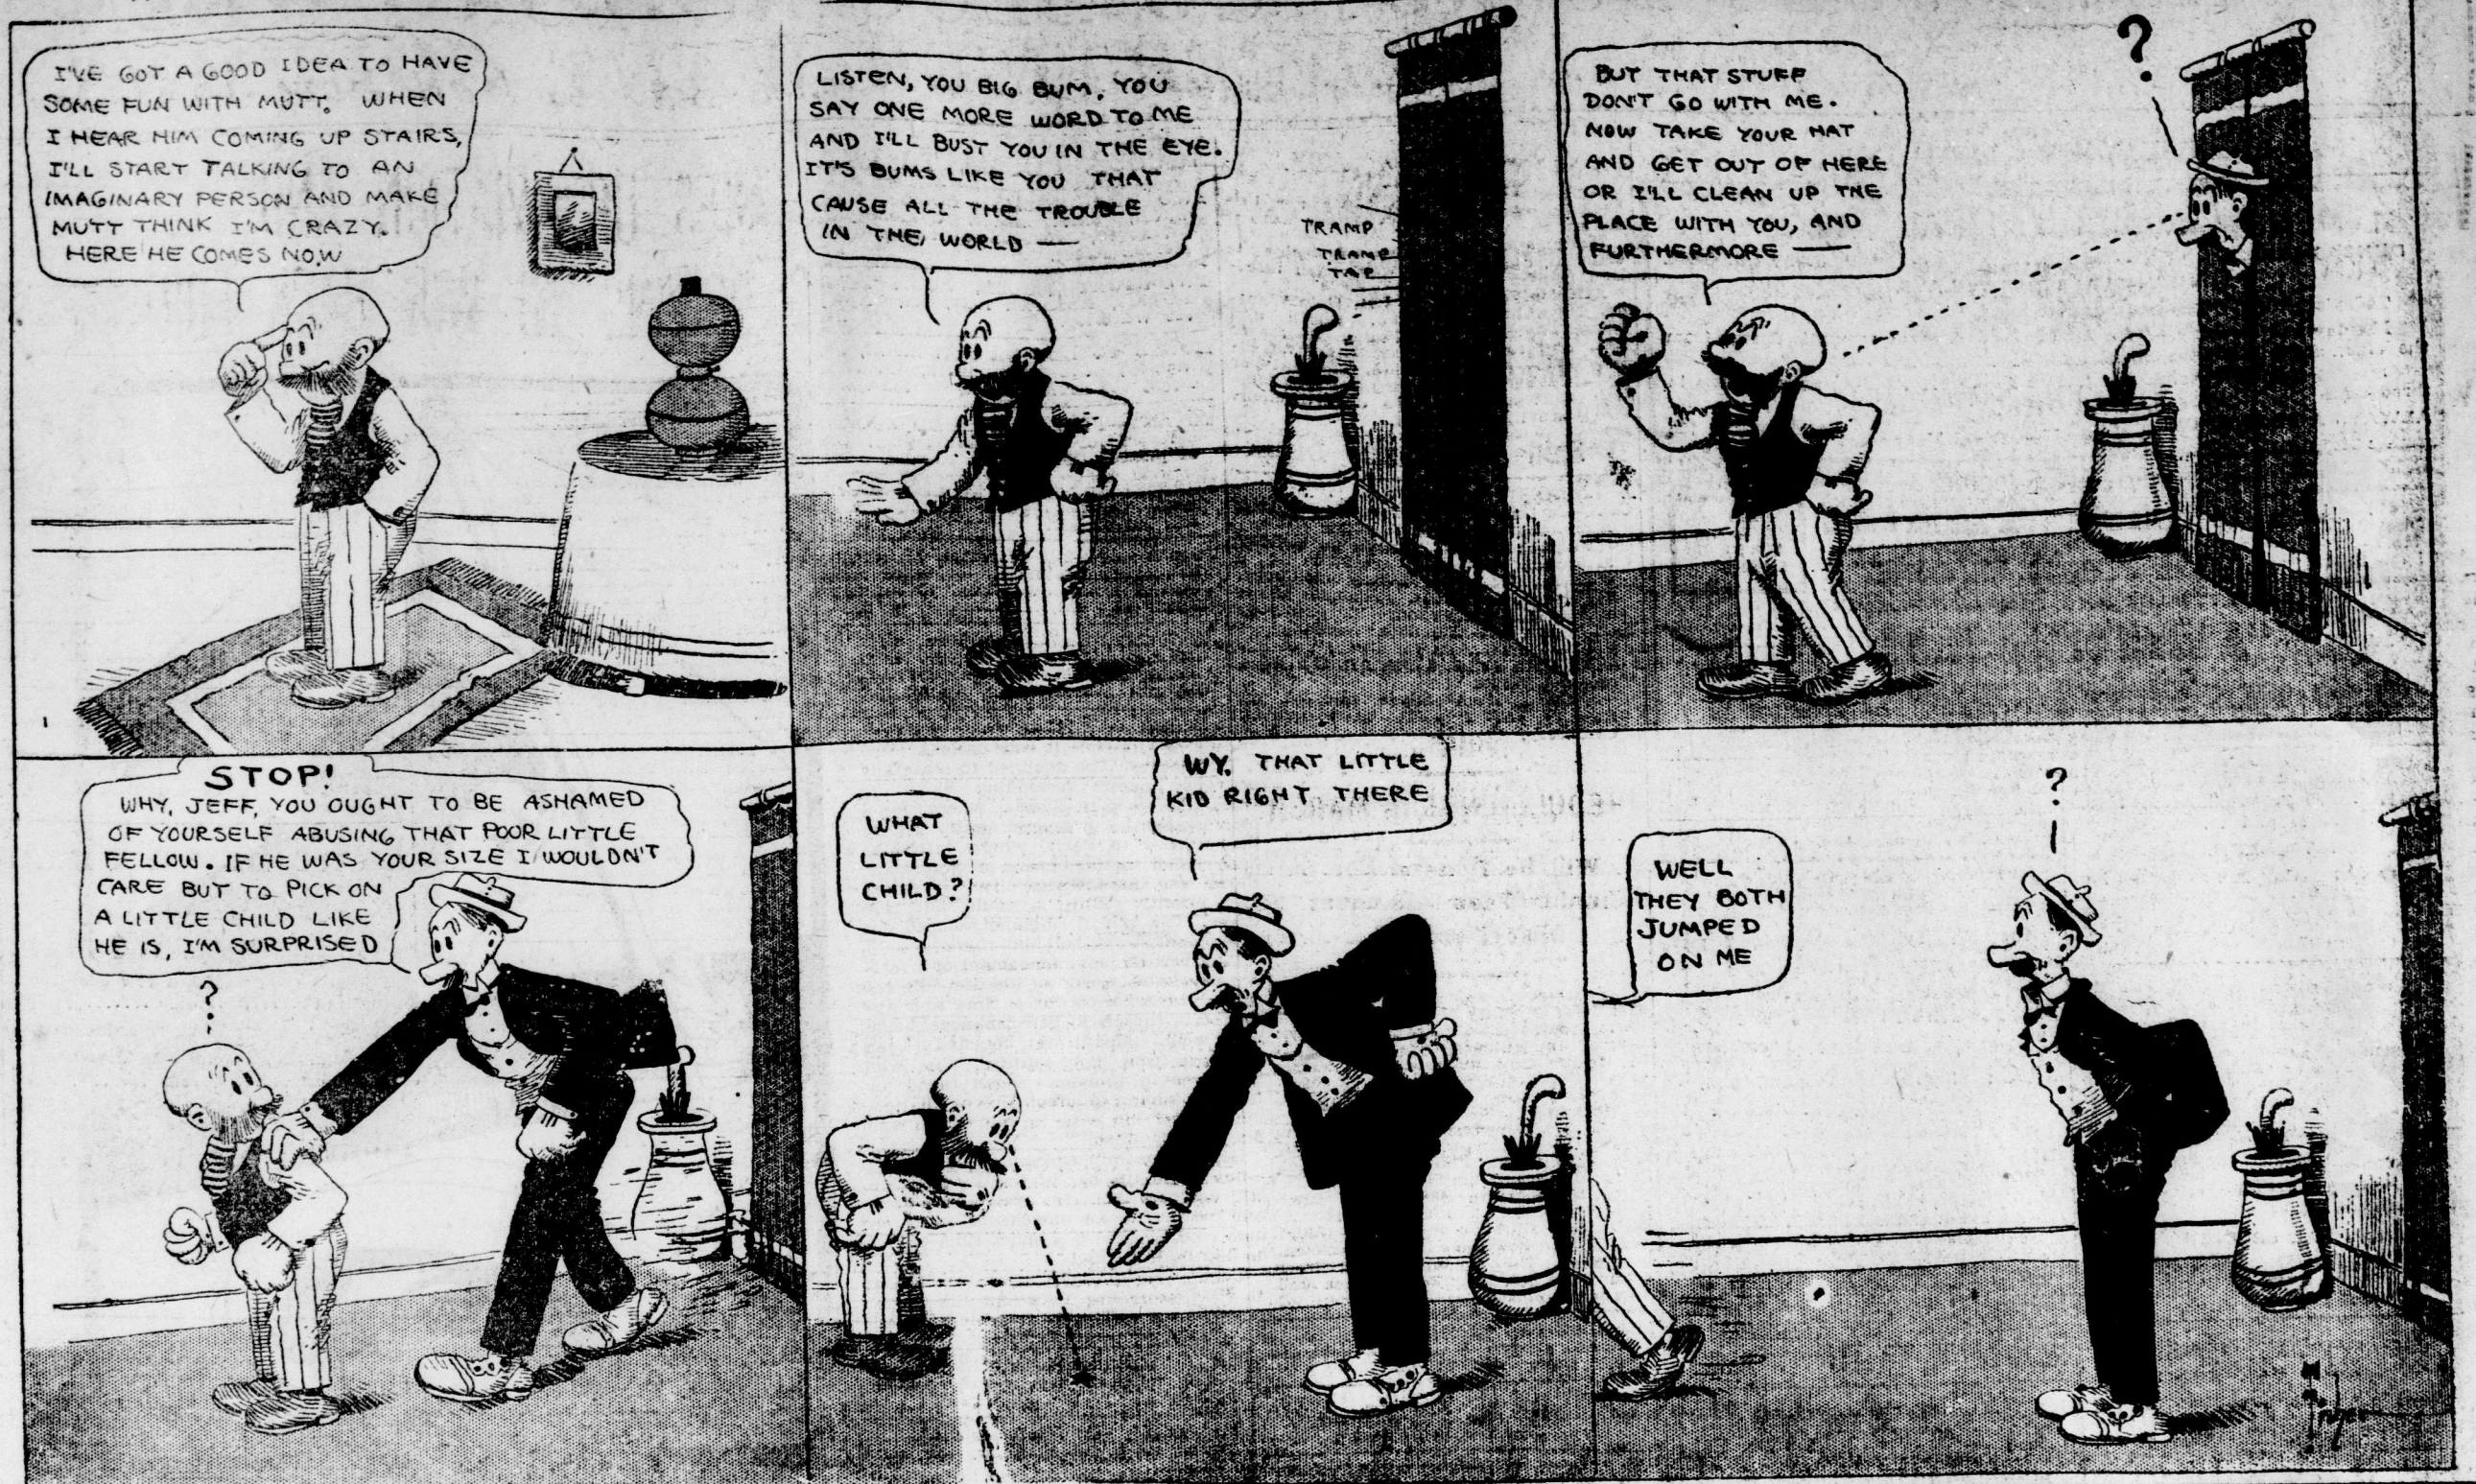

The yards will undergo a thorough process of fumigation before the slaughtering of animals is permitted to be resumed. A force of 1,000 men, working day and night in three shifts, is spreading disinfectant over the 540 acres of ground comprising the yards, in addition to miles of schutes, pens, water-troughs and big packing buildings.

Professional rat catchers began to destroy the thousands of rats which infest the yards, and trap shots blazed away at pigeons, thousands of which live among the cattle pens. All dogs and cats within the neighborhood of the yards were ordered killed.

A GOOD MEDICINE FOR THE BABY

Baby's Own Tablets are the very best medicine a mother can give her little ones. They sweeten the stomach, regulate the bowels, break up colds, promote healthful sleep—in fact, they cure all the minor ills of little ones. The mother may feel absolutely safe in giving them to her children, for they are guaranteed by a government analyst to be free from all injurious drugs. The Tablets are sold by medicine dealers or by mail at 25 cents a box, from The Dr. Williams' Medicine Company, Brockville, Ont.

MINES VERY THICK IN THE NORTH SEA

Evidently Raid Was Not Only Activity of Germans Lately—Recruiting Suggestions.

[Canadian Press.]
LONDON, Nov. 3.—The raiding is growing here that the recent raid of a German fleet off Yarmouth was not the sum total of naval activities in the North Sea, and this impression has been increased by the news that Dutch fishing vessels have found floating mines to be so thick, some of them even catching in their nets, that they have given up all efforts to continue their occupation. These fishermen report, also, that they have seen many bodies floating in the sea.

The British press is continuing its campaign in favor of more effective measures of recruiting. Some papers only advocate some form of compulsory service, while others advise the government to act upon by shooting an appropriate number of inhabitants, burning the town and levying a tax.

HAITIEN PRESIDENT FLEES HIS COUNTRY

[Canadian Press.]
Curacao, N. W. I., Nov. 3.—Gen. Orestes Zamor, former president of the Republic of Haiti, arrived here today on board the Netherlands steamer William V., driven away from his country by the successful revolutionists. Gen. Zamor is accompanied by his wife and a group of friends.

BRITAIN APPRECIATES U. S. AMBASSADOR'S HELP

[Canadian Press.]
Washington, Nov. 3.—The British embassy today made public a letter from Ambassador Spring-Rice to Secretary Bryan, expressing an appreciation of the British Government for the services of American Ambassador Morgenthau at Constantinople in assisting the departure of Sir L. Mallet, the British ambassador to Turkey, and his staff, and a number of British subjects who were prevented from leaving previous to Mr. Morgenthau's intervention.

MINARD'S LINIMENT CURES COLDS, ETC.

GENERAL ORDERS From Berlin

(From Life, New York.)
1. When a town is invaded by Germans, either with or without its consent, a reception committee shall meet them with choice viands and fervent welcoming oratory. If this is neglected, all the school children will be shot, the town burned and a tax levied.

2. In the event that a German soldier, either while under the influence of alcohol or not, shall playfully stab a citizen with a bayonet, such citizen shall show no sign of displeasure. Otherwise he will be shot, all his goods confiscated and the town burned.

3. All citizens shall not fail to show due respect for German officers by removing the hat and saluting in approved style. In case of doubt whether it is an officer or not, all common soldiers shall be saluted. To be on the safe side, it is best for all citizens to hold themselves in a constant attitude of salute in anticipation of the possible arrival of a German soldier. Failure to observe this rule will cause everybody in the immediate vicinity to be shot, the town burned and a tax levied.

4. All ladies of invaded towns shall have a high regard for the personal beauty, high character and general attractiveness of German officers in particular and of German soldiers in general. If any lady demurs at the attentions of a German soldier, her family will be shot, the town burned and a tax levied.

5. All prayers in all cathedrals shall be for the unvarying success of the German forces. If any inhabitant is suspected of praying for the safety of the town from assault, the cathedral will be destroyed, the town burned and a tax levied.

6. The inhabitants of invaded towns shall be held strictly responsible for all suspicions of German officers. Such suspicions will be promptly acted upon by shooting an appropriate number of inhabitants, burning the town and levying a tax.

7. The German officers and soldiers, having a high regard for culture, will aim to be uniformly kind and considerate, provided it is not possible to be otherwise, and in no case will the German soldier harbor any ill-will against any innocent person who escapes suspicion.

GERMANY CLAIMS TO HOLD NEARLY HALF A MILLION

Over 400 British Officers and 15,000 Men in List of Prisoners.

LONDON, Nov. 3.—A dispatch from Reuters' Telegram Company from Amsterdam says that advices received there from Berlin are to the effect that up to last Sunday the German concentration camps and hospitals held the following prisoners:

French—3,138 officers, and 188,618 men.
Russians—3,121 officers and 186,779 men.
Belgians—537 officers and 34,907 men.
British—417 officers and 15,730 men.

The correspondent adds that the Berlin dispatch says the figures do not include prisoners not encamped.

TURKEY CONFISCATES SHIPS OF HER ENEMIES

All Lying in Smyrna Harbor To Be Held.

[Canadian Press.]
London, Nov. 3.—At 10:40 a.m.—In a dispatch from Athens dated Friday, November 6, the correspondent of the Exchange and Telegraph Company says the authorities of Smyrna, in Asiatic Turkey, have confiscated all the British, French, Belgian and Russian steamers lying in the port.

The public treasury has been transferred from Smyrna to the interior, the correspondent continues, and the transmission of cypher telegrams between neutral consulates and legations has been forbidden by the Porte.

THE STOCKYARDS AT KANSAS CITY BURNED

Loss Estimated at \$125,000—No Loss of Cattle at Present Known.

[Canadian Press.]
Kansas City, Mo., Nov. 3.—A fire that burned fiercely for several hours early today, swept over the Kansas City stock yards and destroyed 30 acres of pens, covering one-third of the cattle section of the yards. The loss, at first estimated at three-quarters of a million dollars, was a little more than \$125,000, according to stock yard officials.

Several men were slightly injured by flames and falling timbers, but none was seriously hurt. Whether any cattle perished in the flames was not known.

WOUNDED GERMANS STRIPPED OF UNIFORMS

Left to Die of Exposure—Monday's Contest for Ypres Supreme Effort.

[Canadian Press.]
London, Nov. 3.—A Daily Mail correspondent in Northern France, writing under date of Friday, says: "The big contest for Ypres which raged all last Sunday, culminated Monday afternoon in the supreme effort. The Germans advanced all along the line after a terrific cannonading of the British position, but the entrenched British soldiers had not been shaken, and as the German infantry approached they met them with volley after volley of rifle fire."

"The Germans staggered forward, falling by dozens under the withering hail of bullets. They held on bravely for 90 minutes, determined to win through if at all possible. Then, finding all attempts vain, they withdrew under cover of darkness, leaving thousands of their wounded behind on the field."

Now that the Germans are short of uniforms, it is growing a quite common practice for them to strip the wounded of every scrap of military clothing owing to this cause.

Though railway communication with Lille has not been re-established, the Germans evacuated the city five days ago. Wells and cellars were full of dead bodies, and there was not a drop of water fit to drink. Rigorous sanitation will precede the granting of permission to the inhabitants to return to their homes."

SCHOLARSHIPS WILL BE OPEN TO GERMANS

[Canadian Press.]
London, Nov. 3.—Dr. George Robert Parkin, organizing representative of the Rhodes scholarship trust, denies the report that the trustees propose to take legal steps to annul the codicil of the late Cecil Rhodes' will providing scholarships for German students.

The trustees are hopeful, he states, that a new Germany will arise to send its men to Oxford again.

BULGARIA MAY YET AID ALLIED FORCES

Times Correspondent Does Not Believe Rumania Will Intervene.

[Canadian Press.]
London, Nov. 3.—The Sofia, Bulgaria, correspondent of the Times, in an interesting survey of the position of the Balkan countries in the European war, thinks there is no prospect of the resumption of the movement in Rumania in favor of intervention, and he points out that the well-equipped Rumanian army of 400,000 men, on Austro-Hungarian territory, would probably decide the issue of the campaign in Galicia and Poland.

In regard to Bulgaria, he says that should she receive a mandate for the occupation of Macedonia, similar to that apparently accorded Greece for the occupation of Epirus, he understands that no difficulty would exist in mobilization of the Bulgarian army and placing it at the disposal of the entente powers. Some 200,000 men would thereby be available to act against Turkey, while, should Serbia refrain from action against Bulgaria, another 100,000 Bulgarian troops would aid Serbia against Austria.

GOLD RUSH IN B. C.

LIKELY THIS WINTER

An official of the Grand Trunk Pacific Railway, who has just returned to Montreal, states that he expects to see a new gold rush into Northern British Columbia this winter.

"Fifty years ago," he said, "miners in search of placer gold struggled through the wilderness and negotiated rapid rivers to reach the Omineca region, which had been reported to be rich in both gold and silver. It was a long and hard trek to get into that remote part of the country, for Victoria, B. C., was then the nearest base of supplies. Prospectors took a small steamer up the Fraser, Nechako and Stuart rivers and over mountain ranges in order to facilitate transportation of supplies and outfit, but the best route presented had many difficulties and such hard and costly work, that after a

few years the field was abandoned and almost forgotten, although recently some mining has been done with good results."

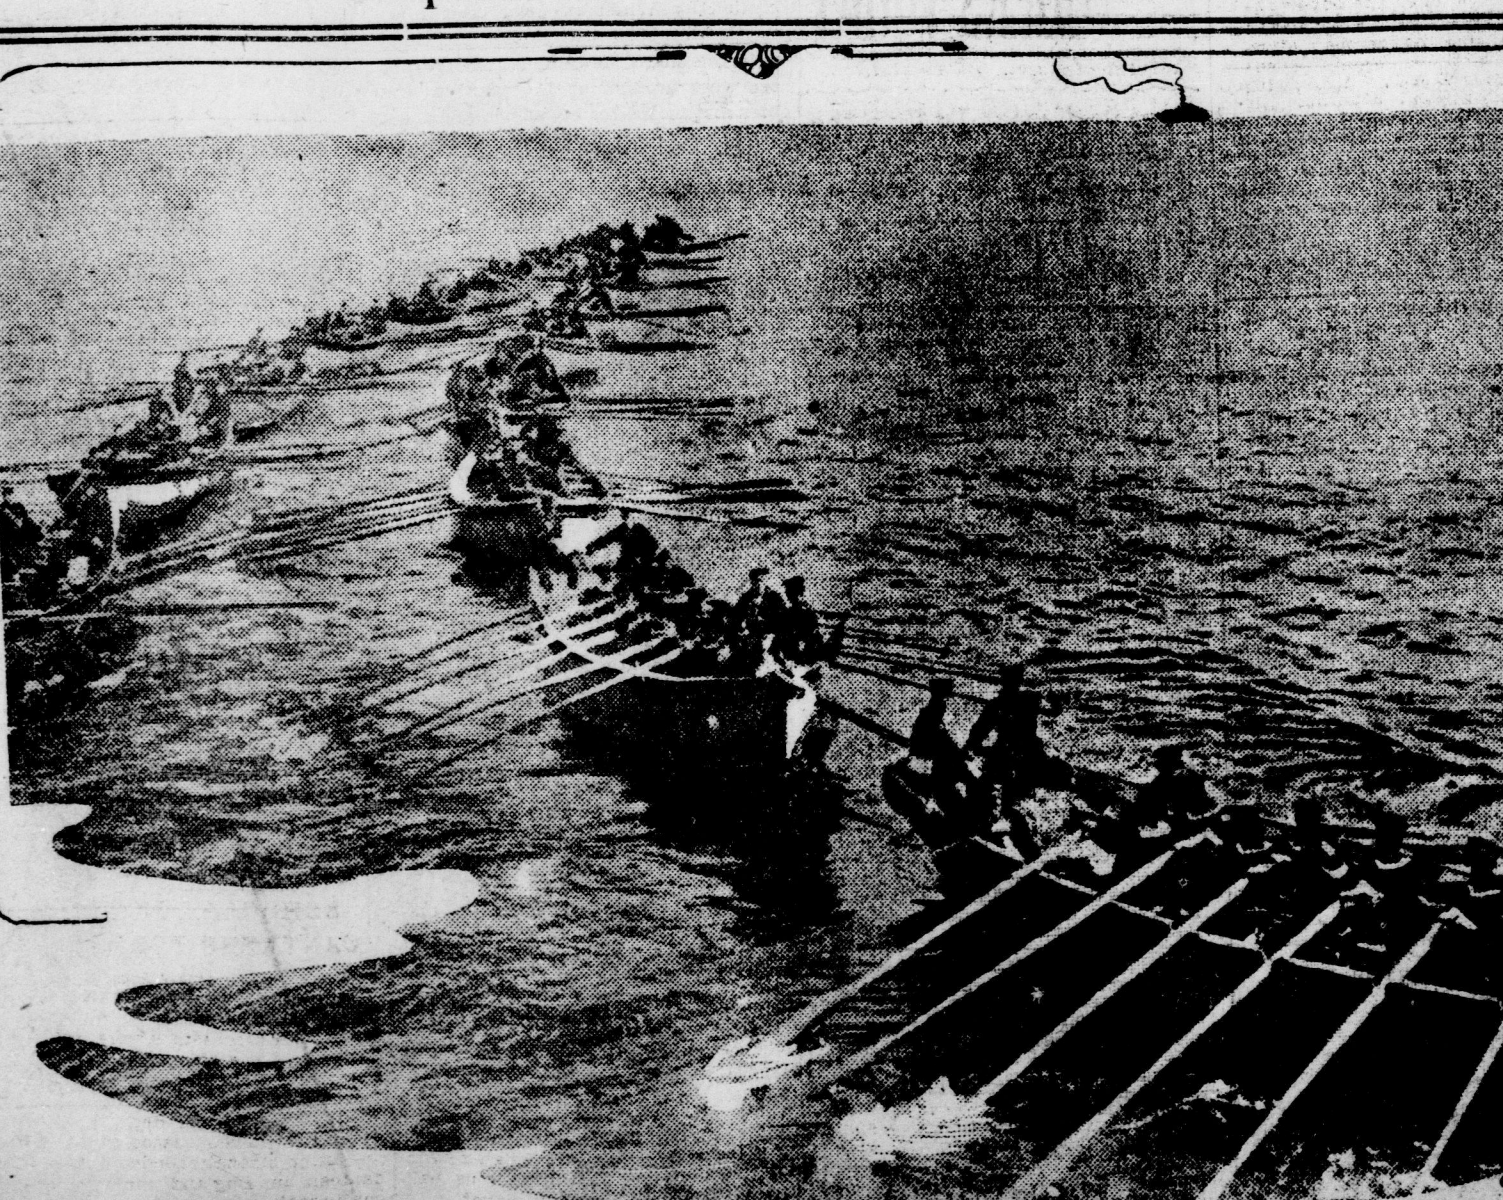

"With the opening of the Grand Trunk Pacific this region has been brought several hundred miles nearer a supply centre, and interest in this district is reviving to such an extent that there is likely to be a rush of prospectors during the coming winter. They will take in their supplies from Vanderhoof, B. C., so that they can begin work immediately spring opens and thus get in a full summer's work. Mining men declare that big strikes will be made when the region has been thoroughly explored, and state that there are rich quartz deposits, as well as placer gold and silver. It is common knowledge among Hudson's Bay men that the Indians hunting in that part of the country use silver nuggets for bullets, and also carried considerable quantities of gold and silver to Fort Simpson and Hazelton in exchange for goods."

Best Treatment For All Complexion Ills

I'll tell you my panacea for all complexion troubles. If the skin be colorless, sallow, muddy, over-red, if it be rough, chapped, blotchy, pimply, or freckled, there's nothing that will so surely overcome the condition as ordinary medicated wax. The wax literally takes off a bad complexion—absorbs the dead and dead-dead particles of surface skin; so gently, gradually, you experience no inconvenience at all. A new complexion is then in evidence, one so clear, spotless, delicately soft and beautiful, you look many years younger. One ounce of this wax, procurable at any drug store, will rejuvenate even the worst complexion. It is answered on like cold cream before retiring and removed in morning with warm water. The medicated wax habit is a healthier and more economical one than the cosmetic habit.

If the skin is wrinkled or creased, bathe it daily in a solution made by dissolving an ounce of powdered salicylic acid in a half pint of water. This acts immediately, affecting even the deepest wrinkles—Parisian Desmod, in Beauty's Mirror.—Adv.

DOM. TRUST MANAGER LOANED PECULIARLY

Committee Finds Things Done Without Authority.

Vancouver, B. C., Nov. 6.—The specially-appointed committee of the Dominion Trust Company's shareholders reported tonight that the assets would likely meet the liabilities. The directors are the heaviest losers, many being depositors.

The late Mr. Arnold had apparently been in the habit of making loans without the authority of the directors. From the accounts, it appeared that he had made a loan to the Alvo Von Avenarben Company, the firm which was acting for large German interests, to the extent of \$1,143,549.

LEFT HIS CHILDREN TO SAVE HIMSELF

Charge Against Engineer on Government Steamer.

[Canadian Press.]

QUEBEC, Nov. 6.—That the collision between the government steamer Montmagny and the collier Langan, below Cape Island, on September 13, when the former vessel was sunk and thirteen women drowned, was due to the faulty navigation of the pilot and crew of the steamer Langan was the decision rendered by the court of inquiry.

The court was composed of three members. Capt. Pouliot, of the Montmagny, is exonerated, yet the court states emphatically that the proverbial bravery of seafaring men was not displayed in this case; that the captain was not the last man to leave his vessel; that the steward had failed to awaken and assist the passengers, who were practically under his sole care; that the engineer, who claims he had two children with him, abandoned them to save himself.

THE LOCAL MARKET

Although the weather was fine, the local market Saturday was not any larger than last Saturday's. Potatoes were the feature of the market. There were easily 50 large loads, and double the number of small loads on sale. Prices were a trifle easier accordingly. By the load, they sold for 50 and 55 cents a bag, while single bags sold from 60 to 65 cents. Cabbages and cauliflowers were also plentiful.

Over 100 loads of hay were sold on the market this week. The demand has been brisk all week. Straw is selling at \$7.50 to \$8 per ton. One load was for sale Friday. The demand is brisk.

Poultry prices were unchanged at 9:30 a.m. The demand was poor, and the chances are that it will be cheaper before the day is out. There was a good supply in the market house. On account of the scarcity of eggs, the market house price was boosted to 25 cents a dozen. However, the housewives refused to pay the advance, and the price remained at 25 cents a dozen.

Butcher's meats were slow. Mutton was down a cent a pound, and was also spring lamb. A shipment of live hogs was made, the price being in the neighborhood of \$6.50 per hundredweight.

Grain. Per cwt. to \$1.75. Oats, per cwt. 1.40 to 1.45. Wheat, per bushel, 1.05 to 1.06. Oats, per bushel, .47 to .51.

Winnipeg, Nov. 6.—Wheat prices opened, unusually steady today, being 1/2c higher on the Winnipeg market. Trading was quiet in futures, while offerings of all grades of cash wheat were eagerly taken up. Oats opened 1/2c higher. The demand for cash oats was improved, also for barley. A lighter trade in export was transacted, but a fair turnover in this department was in evidence.

Wheat futures closed firmer. Be to 1/2c advance. Oats closed stronger for all months, and flex closed 1/2c to 3/4c higher. May, 10 to 11.00. Inspections Thursday were 457 cars, as against 1,281 last year; and in sight were 275 cars.

The weather throughout the west has been unsettled and cooler, with light snowfalls in Saskatchewan and Alberta. Deliveries through the clearing house, 10,000 bushels, and flour, 10,000 bushels. Grain: Wheat—No. 1 northern, \$1.10; No. 2 northern, \$1.05; No. 3 northern, \$1.00; No. 4, \$1.00; No. 5, \$1.00.

WHEAT RECEIPTS. Montreal, Nov. 7.—Wheat receipts, 217,785 bushels. Chicago, Nov. 7.—Better weather in Argentina and reassuring reports that the crop would not be small, had a restraining influence today on the bulls in wheat. On the other hand, predictions of lighter domestic crops tended to prevent any great increase of selling pressure. After opening unchanged to 1/4c lower, the market rallied to a moderate extent, but then sagged again to below last night's level.

BAR SILVER. London, Nov. 7.—Bar silver, 23d per ounce.

NEW YORK PRICES FOR MEAT MOUNTING. [Canadian Press.] New York, Nov. 7.—The retail price of beef advanced today 1 to 2 cents a pound above the opening prices of the week. By Monday, the butchers say, the price will have advanced 2 cents a pound above today's quotations, and beef will be selling at 19 to 20 cents a pound at wholesale.

Lamb and mutton also advanced 2 cents a pound. Mutton was quoted at 15 1/2 cents wholesale. The increases, except in the price of beef, were attributed to shortage of lighter domestic crops, most of which is obtained from Chicago.

RESERVES INCREASE. [Canadian Press.] New York, Nov. 7.—The statement of the average condition of clearing house banks and trust companies for the week shows that they held \$15,914,560 in excess of legal requirements. This is an increase of \$999,000 from last week.

OPEN COTTON MARKET GRATIFIES SPINNERS. China Places Orders in Lancashire; India to Follow. [Canadian Press.] MANCHESTER (via London), Nov. 6.—The Lancashire spinners are much gratified over the first day's operations of the Liverpool cotton market since the war began. The spinners believe even restricted dealing is a decided step forward and confidently expect that the Liverpool Cotton Association will regard the impediments to general trading as soon as the New York Exchange opens. President Roxburgh, of the Liverpool association believes this will be the case by November 10.

China has commenced placing orders with the Lancashire spinners, which has stimulated the market and is regarded as the forerunner of orders from India, and a general demand for cotton goods.

The Liverpool Spinners' Association has from nine to twenty points above the minimum fixed by the association. The futures have been so generally sold here that today's prices are believed to be generally bettered.

It is estimated that the Lancashire cotton workers are now earning 10s. 6d. per week, and the time. Orders for army supplies have somewhat offset the dullness the war has caused to general trade.

STEAMERS ARRIVED. New York, Nov. 7.—Steamer St. Paul, from Liverpool, Nov. 6, signaled 123 miles east of Sandy Hook at 7:15 a.m. Dock late tonight or 8 a.m. Sunday.

EXCHANGE OPENING WAITS. [Canadian Press.] New York, Nov. 7.—The naming of a date to reopen the New York Cotton Exchange was still further delayed today by the action of the United States District Court in deterring decision as to the disposition of 80,000 bales of unliquidated cotton held by the suspended firm of S. H. P. Bell & Co. The disposition of this cotton has to be settled, it is said, before a day will be appointed to open the exchange.

ZOOLOGIST DEAD. [Canadian Press.] Berlin, Nov. 6, via London, Nov. 7, 4:35 a.m.—Professor August Weismann, famous zoologist, died today at Frankfurt. He was born in Frankfurt in 1833.

DOUBLE MURDER IN JERSEY CITY, U.S.A.

Blacksmith Wanted by Police For Killing of Brothers-in-Law.

[Canadian Press.] New York, Nov. 7.—The police of New York and Jersey City are searching today for Gustav Martin, 40 years old, a blacksmith, who, it is alleged, last night shot and killed his two brothers-in-law, Raymond and George Leonard, in a blacksmith shop in Jersey City.

The Leonards were 21 and 23 years of age and were employed with Martin in the blacksmith shop of their father, John Leonard. When Martin entered the shop Raymond was shoeing a horse and George was bending over an anvil. Martin approached Raymond, it is said, fired a bullet into the back of his head, then, turning on George, Martin fired, wounding him over the heart.

Besides her husband, Mrs. Colter leaves one son and four daughters.

DIED VERY SUDDENLY, VISITING DAUGHTER. Mrs. Jas. Colter, of Morris, Stricken in Her Sleep.

[Special to The Advertiser.] ELTHAM, Nov. 6.—Mrs. James Colter, aged 71, died very suddenly last night at the home of her daughter, whom she had just come to visit. She had been in good health, but died during the night from the effects of an attack of heart failure. The remains were taken to the family residence in Morris Township today. Besides her husband, Mrs. Colter leaves one son and four daughters.

Members of Lord Elgin Chapter Daughters of the Empire have now turned their entire attention to the forthcoming Grand Patriotic Minstrel Show which is to be given under their auspices by local newspapermen in the Grand Opera House on Friday and Saturday, November 20 and 21. There will be a grand street parade on both days at noon with 50 men in line. The house has been sold out for the first night with the exception of the gallery, and a few tickets for other parts of the theatre. There is to be a matinee performance on Saturday, but only reserved tickets at the theatre are to be sold for this show.

Best Amateur Talent. The reserved seat sale will open on November 18. The best amateur talent in the city has been obtained for the minstrel show, and in addition to the first part there will be seven big specialties in the latter piece. This includes a drill by the uniformed corps of Arab Patrol Mocha Temple, Ethel Barrymore's sketch called "Miss Civility" in which Miss Irene Plowes takes the leading role; a funny sketch called "A Few Minutes With the Squire," a newspaper sketch full of fun and specialties all having local color; Madden and Hendricks, a comedy dancing team; Frank Nickle, M. Wolfe and James McLaughlin in a musical act that is different from the rest, and a grand finale featuring the Hon. Col. Stan Siewa and a detail of "soldiers."

The first part, under the direction of Bert Pette, includes the following excellent amateur end-man talent: Sam Friendship, James Moran, Athol Henry, Charles Boyce, George Wardrope, and C. Stirling. Among the belted singers are Walter McCutcheon, William Rosier, James Fowler and a surprise quartette.

The Chorus. In the chorus are the following: Thomas Brodison, Gordon Burdick, Carman Anderson, W. N. Minihick, E. Fraser, William Loney, Fred Leach, David Farquhar, Frank Nickle, Fred Ball, John Yohn, Thomas Selby, Athol Henry, Jas. McGregor, Sturti Draper, Walter Ruse, John Burgess, Frank McCutcheon, Reginald Sanborn, Frank Houston, Lenry Cohen, Al Wagnot, Trevor Thomas, Victor Vinen, William Armstrong, O. C. Dowling, D. Flint, Norman Moore, M. Wolf, Fred Cook, Joe Murray, James McLaughlin, R. E. McLean, Nesbit, Kenneth Wilkes, W. K. Parkinson.

The proceeds of the show will go to the Victorian Order of Nurse.

LONDON NOT AFFECTED BY NEW P. M. SCHEDULE. Other Employees Will Get a Seven Per Cent Increase.

[Special to The Advertiser.] ST. THOMAS, Nov. 6.—T. H. May, George Hayes and Frank Morneau have returned home after being in conference with the officials of the Pere Marquette at Detroit for several weeks past. Their activities have been successful and it is announced that the same schedule of pay received by the trainmen on the main line of the road. This is a 7 per cent increase over their present pay. Half of the increase goes into effect on Nov. 3, and the full amount to commence on April 1, 1915.

The new schedule does not apply to the London and Port Stanley division nor other subsidiary lines.

Changes in Staff. Superintendent D. J. Hackett, of the Canadian Southern division of the Michigan Central Railway, has been promoted to the position of superintendent of the Jackson, Michigan, division. J. L. McKee, trainmaster at St. Thomas, has been appointed superintendent of the Canadian division, to succeed Mr. Hackett, and James R. Blackwell, assistant trainmaster, has been appointed to be trainmaster. Mr. Blackwell's successor has not yet been named.

General Manager E. D. Broomer and General Superintendent S. W. Brown, of the Michigan Central, were in the city Friday evening, and while here made the announcement of these changes. Mr. Hackett came to the city from Detroit as superintendent about three years ago, and has made a great many friends. He was well liked by the men under him and his departure will be learned with much regret.

Did Not Use Cathedral. ROME, Nov. 6.—The Pope has received from Cardinal Lucon, archbishop of Rheims, an embassy denial of the reports that the Cathedral of Rheims has been used by French troops for military purposes.

"No More War For Them," They Tell Harry Payne Burton—Men Are Well Fed and Docile—Eighteen Guards Watch These "Terrible Huns."

BY HARRY PAYNE BURTON. Staff War Correspondent.

Frith Hill, England, Oct. 22.—"Wie geht's, Fritz?" I tossed the question to one of the 6,000 Germans roaming over the great compound England has built for her prisoners-of-war in a tight little valley tucked in amid the hills of Surrey.

"How goes it, kid? And when did YOU see the Woodworth tower last?" The German prisoner answered the question JUST THAT WAY, in just those English words, and his very lips smacked "New York" with each syllable.

HOME GUARDS NEEDED

Everyone Should Have Some Military Training, Say Officers.

Great emphasis was laid today on the necessity of recruiting all local corps to full strength for home defence or any other military emergency which may arise. High military officers were of the opinion that all men available for the service should volunteer for some branch of the service and get the training of military men.

There are men needed to fill out the Seventh Regiment and other corps in this division.

FIGHTING PARSON READY FOR WAR

Now Attending School For Officers Here To Go With Second Contingent.

DRILLS MEN IN CHURCH

Rev. Dobson Peacock, Sandwich South, Organizes a Home Defence Company.

A "fighting parson" in every sense of the word is Rev. Dobson Peacock at present in London attending the provisional school for officers at the army, where he hopes to qualify as a lieutenant, and later be accepted for service in the Eighteenth Battalion under organization here.

Rev. Mr. Peacock is the rector of St. Stephen's Church in Sandwich South, Ont., but the Bishop of Huron has very considerably given him a leave of absence to go to the front. He came to the Diocese of Huron in 1912 from the diocese of Qu'Appelle, Saskatchewan, where he served six years. In that diocese he was instrumental in forming a Squadron of the Sixteenth Light Horse, which is now doing efficient service.

Did Great Work.

In this diocese he is a lieutenant in A Company, Essex Fusiliers, Twenty-First Regiment of Windsor. He helped to form this company, and drilled them in his church, and it is said to be one of the finest companies in this division. Every member can rifle, shoot, and march in an excellent manner. It was organized especially for home defence, but if there is opportunity the members will undoubtedly go in a body with the rest of the contingent.

Rev. Mr. Peacock comes of a patriotic family, and now has three brothers in the service in England. One is in the motor transport, another is at the front, and a third is getting ready to go. The family lives in Birmingham, England. All of the brothers left positions to serve their country. They are distinctly British, of the kind whose blood leaps hot from the heart at even insult or menacing danger to the Crown.

In addition to his military and clerical activities, Mr. Peacock is one of the best-known cricketers of the province, and is a member of the Orange movement and is at present chaplain of the Provincial Lodge of Ontario West.

WINTER TOURIST TRIPS TO SOUTHERN STATES

are becoming more popular every year, largely on account of the fact that the tourist facilities and modern, luxurious equipment, making the journey to California, Florida and other resorts a pleasure trip.

With one change of cars, you can travel from almost any point on the main line of the Grand Trunk Railway to your destination in the Sunny South, where the flowers bloom and warm, balmy breezes blow. Meals served in dining cars make it unnecessary to leave the train for food. Travel is an education, and it is delightful to get away from the everyday grind, the monotonous or strenuous life to mingle with successful, happy people, and besides, it pays. Round-trip tickets are issued by the Grand Trunk Railway at exceptionally low fares, giving choice of the best routes, via Chicago, Detroit or Buffalo. Fast trains are run daily from Hamilton, carrying electric lighted Pullman sleeping cars, dining and parlor coaches, making connections with through trains for the south, etc.

Before deciding on your trip, call at city ticket office, 11 James Street north, for full particulars, or telephone 80.

800 MORE STUDENTS THAN CAN BE HANDLED

Lack of School Accommodation Presents Serious Problem For Trustees.

An attempt to arrive at a solution to alleviate the overcrowding which exists in the city's public school, occupied practically the entire session of No. 1, committee of the board of education, yesterday afternoon. According to members of the committee there are at least 800 more children on the attendance rolls than there is adequate accommodation for in the class rooms.

The result is a general overcrowding all over the city, which places both teachers and pupils at a disadvantage. The matter of better accommodation has been brought to the attention of the board on various occasions. While the opening of the Boyle Memorial and Trenchard schools will help to ease the situation, somewhat, it is stated that further accommodation for schools will have to be made. The committee will deal with this at the next meeting of the board.

The suggestion of dental clinics for the schools was also raised. The purchase of three dental chairs was discussed. No definite action could be taken, however, until further information was obtained. Dr. R. W. Shaw, chairman of the committee, and School Inspector C. B. Edwards, were appointed a committee to secure the necessary details, as a prelude to threshing the matter out before the school board.

CURED OF PILES AND ECZEMA

By Using Three Boxes of Dr. Chase's Ointment.

Mr. Abram Buhr, Herbert, Sask., writes:—"I want to say that I was troubled with eczema and piles and suffered greatly from the itching, burning sensations caused by these annoying ailments. I sent for a free sample of Dr. Chase's Ointment, and this did me so much good that I bought three boxes more, and after using same was cured of both eczema and piles."

This is the kind of letters we receive daily from people who have been cured of these distressing skin diseases by the use of Dr. Chase's Ointment. No matter how skeptical you might be, you could not read these letters for many days without concluding that Dr. Chase's Ointment is undoubtedly the most prompt relief and certain cure for these ailments.

If you have doubts send for a free sample box and be convinced. It was by use of a free sample box that Mr. Buhr was convinced of the merits of this treatment. For sale at all dealers Edmondson, Bates & Co., Limited Toronto.

GRAFT RAMPANT IN POLITICAL LIFE

Canada Must Cleanse Herself, Says Rev. MacGregor at Men's Meeting.

Although Conditions of Poor Are "Unthinkably Terrible," Says Speaker.

That social service must be the part of any successful mission work in the cities, was the contention of Rev. D. C. MacGregor, pastor of St. Andrew's Presbyterian Church, in the course of an address delivered last night at the annual meeting of the Men's Missionary movement of the city in Talbot Street Baptist Church.

Slum conditions constituted one of the biggest needs in the city, he said. Christianizing foreigners who come to the city, he said. In the cities they were subjected to all the worst influences and were shut out from the good influences by the very fact of their environment. Before their spiritual condition could be bettered it was necessary to improve their material conditions.

Graft is Rampant.

"Before you can Christianize others," Mr. MacGregor said, "you must Christianize yourselves." He went on to say that graft was rampant in the politics of the city and this must be eradicated before we could expect newcomers from other countries to be influenced by our attempts to Christianize them.

A splendid inspirational address was given by Samuel Higginbottom, of the agricultural college at Guelph, who was coming to Christianity in tens of thousands every year. Mr. Higginbottom, who is a native of India, was a member of the Indian Missionary Society, and he appealed to his hearers to do their part in the great work waiting to be done.

Mr. Higginbottom described the social conditions of the poorer classes in India as almost unthinkably terrible. He and his colleagues were doing their best to help these people in a material way by inducing them to farm and make the land productive.

The meeting was attended by laymen of every Protestant denomination to the number of well over a hundred. They were tendered a banquet by the Ladies Aid Society of the church, for which a vote of thanks was passed on a motion by J. A. K. Pope.

Canon Tucker, who presided at the meeting, was on record as approving the general recommendations of the Men's missionary movement, the duty of the church being to collect and the every-man canvass.

Personal canvassing, Canon Tucker declared, was the only method of securing money for mission purposes. The old system of sending out circulars was not effective.

An outline of the work done during the year was given by the honorary president, A. F. Nash, who stated that a series of meetings had been arranged to be held in January, February, and March, reported that the society now had a balance on hand of \$2,045.

The report of the statistical committee, presented by the chairman, A. McVicar, showed the following figures: Anglicans, \$9,105.31; Baptists, \$5,727.25; Methodists, \$2,838.10; Presbyterians, \$1,197; Brethren, \$700; Congregationalists, \$111; Christian Workers, \$453; Christians, \$105; Salvation Army, \$560; X. M. C. A., \$250; Chinese, \$100.

Officers for the ensuing year were elected as follows: Honorary president, A. F. Nash; president, A. E. Silver; vice-president, D. H. Gilles; secretary, J. H. K. Pope; treasurer, J. S. Taylor; and clerk, J. H. K. Pope.

During the evening a solo was rendered by Messrs. Rowe and Maynard.

Fruit-growers will find John Sharmil, representative of E. D. Smith, nursery stock, etc., at Darch & Hunt, 250-252, Market Street, entrance, Thursdays and Saturdays.

TOWNSHIP WOMEN PLAN BELGIAN AID

Women's Institutes Will Canvass London Township in Systematic Manner.

Miss Ethel Robson, of Ilderton, convenor of the Red Cross and Belgian relief committee, which is canvassing London Township, writes: The Advertiser as follows: "The Women's Institutes of Ilderton and Hyde Park have undertaken to canvass London Township for the Red Cross fund and the Belgian relief fund. While a number of contributions have been sent in from different parts of the township, a systematic canvass has been made. When the people all over the empire are making such sacrifices, the farmers of this favored township will assuredly be ready to do their share, and a goodly response is looked for. The Belgians have suffered so terribly, and are no wrong-doing on their part, that we, with our homes of peace and plenty, must be ready to stand by them in their hour of need. The war has meant to them almost unending sacrifice and suffering; to us it means the maintenance of the supremacy of the British Empire, our honor, not less than our domestic comforts. We do what we can to lessen their burden."

The Canadian Red Cross Society is working faithfully to supply the comforts needed by our soldiers in the hospitals; they have to suffer not only from the enemies' bullets, but also from the terrible scourge of disease. The Canadian Government has appointed Major Hodgetts to represent the Red Cross in London, England, and he has a war pension there and Red Cross shipments to the front are now made through him; thus we have the assurance that our assistance will reach those for whom it is intended.

The collectors were engaged to do their work during the week of November 12-14. The Hyde Park Institute will canvass the ground not already covered up to the 17th, concession, the Birch Institute will canvass all territory north of this. The committee in charge makes a strong appeal to everyone to be ready to respond generously when the collectors call. Presumably we have received, let us freely give.

WOULD SUBSTITUTE FOR H. J. GLAUBITZ

Engineer Easton Comes Forward With Suggestion To Meet Difficulty.

Agrees To Fill Position Until War Is Over When Glaubitiz Can Return.

James W. Easton, chief engineer of the Progressive Engineering Company, of Peoria, Ill., and who has been a resident of this city, intermittently, since May, 1911, comes forward with a suggested solution of the case of H. J. Glaubitiz, general manager of the public utilities commission, whose resignation has been demanded by some of the aldermen, because of his German birth.

Engineer Easton suggests that he be temporarily appointed to fill Mr. Glaubitiz's position, at half the salary now paid the latter, and that as soon as the war clouds blow over, Mr. Glaubitiz can resume his duties, unless some of the charges have been proved. He sends the following letter to The Advertiser:

London, Ont., Nov. 6, 1914.

To His Worship the Mayor, Board of Control, City Council, Public Utilities Commission, and Citizens of London:

Gentlemen:—Permit me to suggest the following as one solution of the difficulties attendant on the case of Mr. H. J. Glaubitiz, now an active question.

Born in Brantford.

I was born in the village of Scotiana, county of Brant, Canada West, on the 22nd day of May, 1881. My father has been a loyal Canadian, British subject, as may be verified by about 50 applications in file in the patent office of the U. S. A. Some of my friends in the states tell me that I am more than half a good Yankee, but my reply has been that we have a free people in Canada and have kept out of the war, whilst there have an oligarchy, under the form of a republic. I have been a resident and citizen of London since the 22nd day of May, 1881. I am a resident and citizen of London since the 22nd day of May, 1881. I am a resident and citizen of London since the 22nd day of May, 1881.

I have performed the services expected of me in the following positions: To the expressed satisfaction of all: Apprentice, St. James & Burns, London, Ont.; machinist and electrician, Ball E. L. Company, New York; assistant engineer, E. Penn. Tel. Co., Peoria, Ill.; chief engineer, Bell & E. M. Co., Watford, Ont.; chief engineer, Easton Electric Company, Newark, N. J.; engineer electrical department, J. M. W. & Co., Toronto; Toronto engineer electrical department, the Stevens Manufacturing Company, London, Ont.; working manager, J. M. W. & Co., Toronto; working manager, town electric plant, Whitby, Ont.; chief engineer, L. and P. department, Brockville, Ont.; assistant engineer, J. M. W. & Co., Toronto; chief engineer, Merralls Engine Company, Toronto, Ont.; chief engineer, Progressive Engine Company, Peoria, Ill.

The latter is my present nominal position, but owing to the conditions produced by the present war we are unable to secure the necessary services and execute the responsibilities of the position held by Mr. Glaubitiz, as his substitute; if I satisfy all concerned, will resign the position of the year to the present time, so I am at liberty to do the best that I can see possible for myself, my family and my country.

I have no objection to the services of the position held by Mr. Glaubitiz, as his substitute; if I satisfy all concerned, will resign the position of the year to the present time, so I am at liberty to do the best that I can see possible for myself, my family and my country.

I have no objection to the services of the position held by Mr. Glaubitiz, as his substitute; if I satisfy all concerned, will resign the position of the year to the present time, so I am at liberty to do the best that I can see possible for myself, my family and my country.
