JAPAN DENIES THAT WAR WITH CHINA IS LIKELY BRITISH LABOR PARTY CRITICIZES LLOYD GEORGE'S PROGRAM SIR ROBERT BORDEN OFFERED U. S. AMBASSADORSHIP, IS REPORT

VISCOUNT NORTHCLIFFE IN ATTACK ON LLOYD GEORGE REFERS TO PREMIER AS A "POLITICAL CHAMELEON"

Labor Program of British Premier, as announced in His Reply in Speech from the Throne, Fails to Meet With Approval of Parliamentary Labor Party, Who Describe the Promises Made as Vague.

London, Feb. 12.—While the press generally approves of Premier Lloyd George's labor program, it fails to satisfy the parliamentary Labor party, which has prepared an amendment to the reply to the speech from the throne, regretting the absence of definite proposals dealing with "the present cases of industrial unrest and for securing, as regards wages and working hours, conditions of labor which will establish a higher standard of life and social well-being for the people."

Regarded as Vague.

Lloyd George's proposals are also adversely criticized by the radical section of the press, which regards them as vague and unlikely to be carried out by what is alleged to be a "reactionary Parliament."

The miners want a six-hour day and a 30 per cent increase in wages, while the transport workers demand a 44-hour week and a wage advance of 20 per cent. While the Northcliffe newspapers generally approve of the Lloyd George program, the premier is openly attacked by Viscount Northcliffe in a new weekly published today. The attack is in an article sent to the publication by cable by Viscount Northcliffe, who is in

British Columbia Timber Mills May Close While Borden's Govt. Remains "Asleep at the Switch"

Premier Oliver Wires Sir Thomas White That Mills of Western Province Have Practically No Orders Because Tonnage for Possible British Business Has Not Been Provided—Charges Ottawa Government With Inactivity to Arrange for Transportation Facilities for Overseas Lumber Trade.

Victoria, B. C., Feb. 12.—According to information received by Premier Oliver, from credible sources, unless the lumbermen can get new orders within three weeks most of the British Columbia mills will have to close down, as they cannot get tonnage for possible British business.

Yesterday the premier sent the following message, in part, to Sir Thomas White, minister of finance:

"I am informed that British Columbia saw mills have practically no orders for lumber and that unless orders can be secured nearly all mills will be closed down inside of three weeks. If this is done the result will be very disastrous.

"From information which I have received I am led to believe that the British timber controller is calling for tenders from American brokers on the Pacific coast. Should the brokers succeed in obtaining this contract, we shall feel that this result will have been caused by lack of persistent effort on the part of your Government to secure the necessary tonnage. We have a difficult situation facing us here, and we feel that it would be an abominable shame if, through lack of effort on the part of your Government, British Columbia fails to secure this business.

(Signed) JOHN OLIVER."

INVASION OF RUSSIA WOULD MEAN NEW WAR

Lord Curzon Tells Why Allies Prefer Prinkipo Conference Instead.

London, Feb. 12.—Lord Curzon, president of the council, said yesterday in the House of Lords that none of the Allies is prepared to invade Russia to extirpate the Bolsheviks. "It would have meant a new European war," he said, adding that as an alternative the Prinkipo conference was proposed.

JAPAN HAS NO INTENTIONS OF CREATING WAR

Vice-Foreign Minister Characterizes Reports to Contrary As Untrue.

MERELY A FORMALITY
Communication to the Chinese Government Only to Call Attention to Agreement.

Tokyo, Feb. 10.—Kijuro Shihbaru, vice-foreign minister of Japan, speaking today regarding the publication of the Chinese treaty with Japan, said that the latter had "simply called to China's attention the established procedure according to which neither Government has a right to publish confidential consulting the other."

Mr. Shihbaru spoke for Viscount Uchida, foreign minister, who is suffering from pneumonia.

"Japan has no intention of interfering with any demands or contention which the Chinese prefer to present to the peace conference," he said, "accordingly, Peking and Paris reports to the contrary are absolutely untrue."

KNOX MAGEE HAS A BUSY TIME WITH HIS LEBEL SUITS

Winnipeg Editor Finishes One With Tribune—Tackles Manitoba Free Press Next.

[Special to The Advertiser.]
Winnipeg, Feb. 12.—Knox Magee and the Telegram issue a writ for libel against some newspaper on an average of about once a month.

Last week he finished with the Tribune, and this morning E. H. Macdonald, manager of the Manitoba Free Press, and the acting editor, appeared in police court to answer the formal charge that his paper had libeled Magee in a report of the Great War Veterans' meeting held on Sunday. Secretary Law of the association was alleged to have said at the meeting that Hon. Robert Rogers and Magee were at the head of a conspiracy to use the veterans' association for political purposes by getting control of the organization. Mayor Grey, Col. Murray and Col. Poonce are also involved. The case was remanded by Magistrate Noble. Proceedings promise to be intensely interesting if ever they get to the light of day.

SOLDIERS' COMMUNITY MAY BE ESTABLISHED IN THE NIAGARA PENINSULA FRUIT DISTRICT

R. Home Smith Submits Proposal to Toronto Advisory Board Under Soldiers' Settlement Act—1,200 Acres Owned by Mr. Smith Available for the Purpose.

[Special to The Advertiser.]
Toronto, Feb. 12.—R. Home Smith has submitted a proposal to the local advisory board under the soldiers' settlement act, which may result in the establishment of a community of soldiers on some 50 farms in the Niagara Peninsula. All of these would be fruit farms. Mr. Smith is owner of 1,200 acres of fruit farms near Niagara-on-the-Lake. It is already planted with peaches, plums, cherries, apples, and other fruit. The red soil through this land, which is ten minutes' ride from Niagara, and 25 minutes from St.

FRANCE WOULD HAVE GERMANY PAY TO LIMIT DAMAGES WILL BE ASSESSED BY FRENCH AGAINST FOE COVERING ENTIRE WAR OUTLAY.

Paris, Feb. 12.—The reparations commission of the peace conference has before it, according to the Temps, three propositions as a basis for the settlement of claims against Germany. It is against Germany's proposal to assess the reparations on the basis of the war, national and individual, from the war, in addition to the reparations for military purposes. The British plan, proposed by Premier Hughes of Australia, gives no preference to any class of claims. The American plan proposes to assess the reparations on the basis of the damage and devastation by German armies, it is said.

Total claims under the first two plans are estimated at a thousand million francs. The American plan would reduce the total to an amount Germany probably will be able to pay. It is probably by the newspaper. The French plan is a basis of discussion, but the whole subject is still open.

BOLSHEVİK FORCES SECURE SUPPLIES

Stores of Food, Coal and Munitions in Hands of Soviet Troops.

Washington, Feb. 12.—Large stores of food, coal, munitions and other supplies have been obtained by the Bolshevik forces along the Dvina River, according to the state department, say today. The dispatches did not make clear whether the stores were captured by the Soviet troops or were abandoned by the Czech-Slovak and loyal Russians.

BORDEN IS OFFERED AMBASSADORSHIP TO THE UNITED STATES

London Daily Express Says Canadian Prime Minister Is Mentioned for Post.

OTTAWA UNINFORMED NO KNOWLEDGE OF SIR ROBERT'S INTENTIONS AVAILABLE AT NO. 10 DOWNING STREET.

SIR ROBERT'S REPLY IS MERELY A SMILE.

Paris, Feb. 12.—Sir Robert Borden, when interviewed today regarding a report from London connecting his name with the British ambassadorship to the United States, thought a moment, and then replied with a smile: "I do not believe I have any observations to make regarding the report."

While no official announcement has been made of the refusal of the British ambassadorship in Washington by Lord Robert Cecil, to whom it had been offered, it is known that Lord Robert is not inclined to accept the post for personal reasons.

NO INFORMATION AT NUMBER 10 DOWNING STREET ON THE OFFER.

London, Feb. 12.—Inquiring at 10 Downing street today regarding the Daily Express report that Sir Robert Borden had been offered the American ambassadorship, a representative of the Canadian Associated Press was told: "We know nothing whatever about it. It doesn't sound very probable, but we shouldn't like definitely to deny it. We have heard absolutely nothing."

The correspondent adds that while the report may seem surprising there is not the least doubt that several leading statesmen are firmly convinced and have privately expressed the conviction that Canada is bound to bear a predominant influence in promoting the Anglo-Saxon entente.

Sir George Pailey, Canadian high commissioner, also stated that he had no information, nor have the officials of the colonial office.

WOULD SIR ROBERT ACCEPT IS THE QUESTION ALL ASK.

Ottawa, Feb. 12.—Wide interest has been aroused in Ottawa by the report from London that Sir Robert Borden has been offered the post of British ambassador to Washington. Some doubt is felt, however, whether Sir Robert would accept, should the report be true.

PREMIER'S COLLEAGUES HAVE NO KNOWLEDGE OF HIS INTENTIONS

[Special to The Advertiser.]
Ottawa, Feb. 12.—If Sir Robert Borden intends coming back to Canada in the near future, he has not advised his colleagues here of the fact. If he has been offered, as reported, the United States ambassadorship, nobody here has been informed by him of the offer, and nobody's advice has been requested.

Sir Thomas White, acting prime minister, had up till noon today not been officially notified regarding either report.

POISONED HER THREE CHILDREN, THEN TOOK CARBOLIC HERSELF

Sault Ste. Marie Woman Failed to End Life Until Third Attempt.

Sault Ste. Marie, Ont., Feb. 12.—Mrs. Kitchen, wife of Alderman Kitchen of Sault Ste. Marie, who has been administering fatal doses of strychnine to her daughter, aged 12, and two sons younger than the daughter, and then, after poisoning her husband, took a dose herself, afterwards jumping into a well. She was rescued from the well, and then secured a bottle of carbolic acid, which she had hidden away, drank the contents and ended her life.

SPECIAL COMMISSION TO STUDY CLAIMS OF BELGIAN GOVERNMENT

Generals Pershing and Diaz to Advise on New Armistice Terms.

Paris, Feb. 12.—It is believed that a special commission will be appointed to study Belgian claims, as has been done in the consideration of other territorial problems, says a Havas report. In addition to Marshal Foch, Marshal Pershing and Gen. Diaz will be present at today's session of the supreme war council, which will discuss the terms for the renewal of the armistice.

BELGIUM ASKS FOR CHANGES IN FAMOUS "SCRAP OF PAPER."

Paris, Tuesday Night, Feb. 11.—The supreme council gave its attention today to Belgium, hearing Messieurs Foch and Vandervelde on Belgian claims for an international redoubt and for changes in the treaty of 1829, and for the return of Belgium and providing that it be permanently neutral state. It was this "scrap of paper" which was declared to be a "scrap of paper" when Belgium was invaded.

The modifications which are now asked are, first, freedom through the lower Scheldt, leading from Antwerp to the sea, either by the internationalization of the river or the acquisition by Belgium of the province of Southern Limburg in Holland, for defensive purposes; third, the emancipation of the Duchy of Luxembourg, preferably by assent of the people.

DEFENDS ORDER

Gen. Meuburn Says Law Protects Soldiers and Catch Boot-Leggings.

Ottawa, Feb. 12.—The drastic order-in-council preventing the sale of liquor to soldiers has been interpreted by some of the men as a reflection on them.

"Far from being a reflection on the men," declares Gen. Meuburn, minister of militia, "it was done at the instance of many of them for their own protection. The order-in-council is designed to apply chiefly to the operations of the bootleggers."

view today, "Who receives less salary than a university professor for the work he does and the long training he has undergone?" asked Sir Robert.

"The staff," declared Sir Robert, "are finding living very hard, because the scale of salaries is so low."

Not since 1907 has the scale of salaries been changed. Twelve years ago it came up at an early meeting of the board of governors of the university, and whatever rise of salaries is decided upon will be included in the estimates in May next, and sent on for approval by the Provincial Government.

AGED RESIDENT OF ST. THOMAS DIES

Mrs. S. E. Burns Expires After a Long Illness.

[Special to The Advertiser.]
St. Thomas, Feb. 12.—Mrs. S. E. Burns, widow of the late Alonzo Burns, one of the city's oldest and best-known residents, passed away at an early hour this morning after a lingering illness, in her 78th year. Deceased was taken very seriously ill on Saturday last, but although the end was not unexpected, her death will come as a great shock to the community. Deceased had resided in this city practically all her life, making her home at 42 Wellington street. Surviving her are two sons and two daughters, Mrs. Mabel Burns at home, Mrs. T. W. Burns of Ottawa, Dr. W. A. Burns, dentist, of this city, and Col. George Burns of Montreal. The funeral arrangements are not completed.

AUSTRALIA TO ACCEPT GIFT OF WAR VESSELS

Melbourne, Feb. 12.—The Commonwealth of Australia will accept a gift of six destroyers and six modern-type submarines, tendered by the British Government, according to announcement made here.

FOUR RUSSIAN FACTIONS TO ATTEND PRINKIPO CONFERENCE

Paris, Feb. 12.—Prospects are brightening for the assembling of at least four of the Russian factions at the conference to be held on the Princes Islands.

Word has come from the Ukraine that the Government of that former part of Russia will participate in the conference, and it is reported that the decision of the Government of General Denikin has given way to a desire to join the conference. The Government of the Crimea already has accepted the invitation as has the Russian Bolshevik Government.

It is beginning to appear that a sufficient number of other factions will be in evidence to meet the Bolshevik and the Entente and American representatives to assure the success of the conference plan.

BRITISH MINERS' FEDERATION REPRESENTING 800,000 MEN REFUSE GOVERNMENT'S TERMS

Action Is Taken at Conference Held Today at Southport—Offer of Government Is Rejected After Discussion of Proposals Outlined.

London, Feb. 12.—The conference of the Miners' Federation of Great Britain at a meeting at Southport today decided against acceptance of the terms offered by the Government for a settlement of the demands made by the federation. The Miners' Federation, which has 800,000 members, wants a six-hour day and a thirty per cent increase in wages.

When the conference met this morning President Smillie announced that the committee having the matter in charge had decided against acceptance of the Government's terms. The Government's terms were discussed at the conference this afternoon, after which the conference voted to reject them. The conference adopted the following resolution:

"We reject the terms offered by the Government as not being in reply to our demands, and we remit to the executive committee the duty of laying before the conference a proposal as to what should be the next step to press our demands."

EX-KAISER IS BELIEVED TO BE IN COMMUNICATION WITH HIS SUPPORTERS IN GERMANY

Secretaries of German Legation at The Hague Hold Long Conference With Former Emperor—Object of Meetings Cannot Be Ascertained, as All Proceedings Are Guarded With Secrecy.

Amsterdam, Holland, Saturday, Feb. 8.—There have been various indications during the last week that Count Hohenlohe, the former German ambassador in London, is maintaining communication with his former supporters of the German legation at The Hague. Koester and Schellbach, visited the castle at Amerongen and stayed overnight, having a long conference with Count Hohenlohe and Hans von Gontard, the sole remaining high functionary of the imperial court, who remains faithful to the former emperor. Last night Baroness von Rosen, the English wife of the German minister to Holland, arrived, and she is still at the castle today.

Everything Kept Secret.

The object of these meetings cannot be ascertained, as everything is kept secret under the influence of Herr von Gontard, who declines to permit any of his friends to be taken from his hands. With him is a minor functionary of the former German court, Count von Knapf. Herr von Gontard is the only member of Count Hohenlohe's suite to lodge at the castle. Gen. von Esdorff, Capt. von Isenmann and Dr. Forster, who is in attendance on the former emperor, have rented a house outside.

Further departures of the former emperor's domestics occurred during the last week, some of them, however, being replaced by new arrivals from Berlin. The German Government has given notice to all state servants in attendance on the former emperor and his wife that they must place themselves at the disposal of the Government by April 1 or forfeit all claims for pensions.

Countess Keller still remains with the former emperor.

COMMITTEE NAMED TO REVISE LAWS OF CHILDREN'S AID SOC.

No Provision For Care of
Kiddies Under Two
Years of Age.

At the adjourned annual meeting of the Children's Aid Society held yesterday, a committee was appointed to revise the constitution of the society. It was found that under the old constitution it was against the laws of the society to care for children under the age of 2 years. On many occasions it was necessary to do this. It was intimated by one of the members of the society that the present building should be enlarged allowing

for a nursery for infants. This will be brought up at a future meeting for discussion. The board of management, numbering more than thirty members, was re-elected and J. A. T. Hunt was appointed treasurer and E. V. Buchanan as acting treasurer in the absence of Mr. Hunt. J. K. McDermid, Rev. D. C. MacGregor and Major T. J. Murphy were the members appointed to revise the constitution. Inspector W. Kelly reported on several families which had been aided and returned soldiers' children who had been restored to the united parents, after having been cared for by the society during the father's absence.

Curtiss Airplane Coming to Western University Soon

President Braithwaite Notified
Last Night Machine
Was Obtained.

Western University is to have an airplane. Word was received by President E. E. Braithwaite last night from the aviation department of the imperial munitions board that the plane had been secured for the Western Ontario university, and that it was now awaiting shipping instructions from here. The machine is a Curtiss, and bears the name of Major. Hume Irons, M. P. of this city, the machine was obtained by special arrangement with the munitions board with F. J. G. Ericson, who has purchased the machine used by the Royal Air Force in Canada. It is expected that it will arrive here in the next few weeks, and will be stored at the London Technical and Art School, where it will be used for instructional purposes. Later, should occasion arise, it will be used by the university for instructional work.

Flossie Not Fit For Hard Work Now; Is Likely To Be Sold

Offer of \$25 May Secure the
Services of Mr. Brazier's
Pet.

Flossie is sick. It is not a sickness unto death, at least her friends hope not, but her physician says that she is not able to fulfill her duties as an employee of the city engineer's department. For three long years she has been suffering and now it has fallen to the lot of Engineer Brazier to tell her that her services are no longer required. He it is known that this task does not appeal to Mr. Brazier, as he is a man with a large heart. He has decided that he will not tell her in so many words that her drawing power can no longer be used in his department. Flossie is fair and fat, but she is not fit. For several years she has performed her duties without a murmur, and it is said that she never kicks. She has not complained at all, but has kept on working through the three years of her indisposition. Not wishing to turn her out on the street in search of some person who would give her a good home. At last his efforts have been rewarded. The kind-hearted citizen who proposes to take her does not wish his name made public, but if the council will approve Flossie will go to his home for the rest of her natural life. She is suffering from what the physician terms a bad case of "greasy leg." Flossie is a bay mare belonging to the garbage department, and the city engineer has received an offer of \$25 for her.

COLLECTION OF GARBAGE COST \$50,000 IN 1919

Tax Rate For This Work
Will Be 1.6 Mills This
Year.

STREET WORK COSTS
Engineer Presents Report on
Charge For Watering
and Oiling.

Tax rates for street watering and oiling, pavement sweeping, garbage collection and street cleaning, heating depots and sidewalks on Oxford street, from Elliott street to Linwood avenue, and Front street breakwater, the consideration of the requests of the city engineer's department for Saturday half holidays and the petition of the teamsters for an increase in rates, were among the questions considered at the meeting of No. 2 committee last evening.

The teamsters asked for \$8 a day, but on the motion of Alderman G. E. Drake and W. A. Wilson, they were given \$7. They are at present receiving \$6. The increase is to date from March 1.

The recommendation of City Engineer H. A. Brazier, that the garbage collectors be given Saturday half holidays during the summer months without any decrease in pay, and that they be allowed \$1.50 a day for Sunday work, was approved. He also recommended, and it was approved, that the incinerator employees and the ward foremen be granted Saturday half holidays without any shrinkage of the pay envelope.

Garbage Rate 1.6 Mills.
Regarding the garbage rate, Engineer Brazier reported that it would be necessary to fix it at 1.6 mills to raise the necessary \$40,000, which amount includes the cost of collection last year, \$8,000.20, a deficit from 1917 of \$8,475.28, and interest, \$2,194.32. Of the total amount the city will pay \$3,840, and the property owners will pay \$37,229.81. Mr. Brazier estimates that the 1.6 mill rate will raise the necessary amount. Last year the rate was 1.25 mills.

Street cleaning cost \$3,362.44 for 47.27 miles of streets. The cost will be 1.1 cents a foot frontage. The property owners will pay \$3,757.96, and the city will pay \$1,257.48.

For pavement sweeping and flushing, the rates recommended by Engineer Brazier are 14, 11 1/2, 10 and 8 1/2 cents a foot, according to the number of times the pavements are flushed during the week. Some are flushed once a week, and others more often. The total amount to be raised for this is \$3,783.43, from which a deficit of \$3,783.43 from 1917. The property owners will pay \$17,626.17, and the city's share is \$8,813.26.

Street watering and oiling will cost 1 1/2, 5, 7, 25 and 30 cents a foot, according to the service. The higher rates are for heavy oil and sanding and rolling afterwards. The total amount to be raised for this work is \$24,251.82, of which the city's share is \$8,083.91, and the property owners will pay \$16,167.91.

Ask for Sidewalk.
Urging that the committee take some action regarding a sidewalk from Elliott street to Linwood avenue, on the east side of Oxford street, a large delegation waited on the committee. The residents of the section requested that it be impossible to get a property signed petition for two blocks of the section, and they asked that the work be done

on a two-thirds vote of the council. On the motion of Alderman G. E. Drake, seconded by Alderman W. A. Wilson, this action was recommended. The delegation also asked for sanitary sewers, but this request was laid over until a properly signed petition can be presented to the committee.

The residents of Front street asked for a breakwater to prevent Father Thames from repeating his action of last spring, when he nearly succeeded in taking the houses on this street down to the lake. On motion of Alderman Wilson, Alderman C. G. Moorhead, E. R. Seabrook, Mayor C. R. Somerville and Alderman Wilson, with Engineer Brazier, were delegated to visit the street and report back on the question.

Parking Signs on Streets.
The streets committee passed on to the council for final consideration, and Engineer Brazier was instructed to report on the suggestion of Alderman L. S. Holmes that signs be placed on the down town streets for the guidance of strangers in parking automobiles.

Regarding the complaint of M. Inwood, Central avenue, about water backing up in his sewer, the city engineer said that the sewer was large enough to carry ordinary sewage, but the waste from the C. P. R. roundhouse at times taxed its capacity and caused the trouble. He was instructed to look into the situation.

The request of Major C. M. R. Graham that the return of W. C. Dore from overseas be urged by the council was denied.

Engineer Brazier presented his estimates for the year, but they were not adopted, being laid over for the next meeting.

Regarding the right of way from the Traction bridge to Grand avenue, the city engineer recommended that the city assume \$22,417, and the owners of the property be assessed for \$1,622.82. This was approved by the committee.

Bill for Foot Bridge.
For the foot bridge which was erected over the river by the London and Port Stanley Railway Commission, a bill of \$3,156.60 was presented. This was laid over for the next meeting.

In connection with the proposed survey of West London and eventually of the entire city, Engineer Brazier was instructed to go to Ottawa to see if any portion of the cost will be assumed by the Government in connection with the town planning movement.

The city engineer was also instructed to examine the water supply in the street crossing of the G. T. R. as Alderman E. R. Seabrook complained that they were dangerous to pedestrians.

TWELVE RETURNED MEN
NOW ON THEIR WAY HOME
En route from Quebec are twelve returned men for this district, according to word received by the local returned soldiers' information bureau. These men were diverted from No. 2 district to No. 1 district for disposal. They left Quebec at 7 o'clock last evening on a C. P. R. special train for Toronto.

LECTURE TO TEACHERS.
In connection with the sale of war savings stamps in the public schools, Mrs. Chenevix-Trenchard is giving a lecture to the teachers in Lord Roberts School on Wednesday afternoon next, at 4:30 o'clock. This is one of the London branch for the promotion of the sale of war savings.

WHISKEY IS SEIZED
BY QUEBEC POLICE
Quebec, Feb. 12.—The Quebec harbor police placed on guard to prevent the delivery of whiskey to the returned soldiers at the Quebec clearing depot made an important seizure yesterday afternoon, when they stopped a general-motor who was carrying twelve bottles of whiskey. One bottle of whiskey on the person of a lieutenant was also confiscated.

"MADE IN CANADA" SHOULD BE SLOGAN

Mayor Deprecates Buying of
Foreign Goods.

PATRIOTISM AND POLICY

More Work Offered in Canada
Less Likelihood of
Bolshevism.

Mayor C. R. Somerville is heartily in accord with the agitation which is being carried out in certain parts of Canada for the purchase of "Made in Canada" goods. "Any person who purchases goods made outside of Canada when similar goods are manufactured here is not at all patriotic, and is not a true Canadian," said the mayor, referring to the question. He pointed out that by purchasing home-made articles the people of Canada would help to keep the factories within the Dominion busy, and thus would materially assist in the purchase of Canadian goods.

Keep Men Busy.
Rumors of current several Canadian factories are closing down for some time on account of lack of orders. Mayor Somerville asserts that if every person would make it a practice to buy Canadian articles, these conditions would be averted to a great extent. It is due to the returning men who will want their old positions to keep the industrial wheels moving during this period of transition.

In this connection, the mayor calls attention to the fact that the purchase of labor unrest throughout the world would have been impossible if the men had been kept busy at remunerative work. Would Help City.

One of the members of the chamber of commerce would urge the purchase of "Made in London" goods as well. He asserts that if Londoners followed this practice, the output of the London factories would be greatly increased, and that London would reap large benefits.

In any event, the general opinion is that no true Canadian would consider for a moment the purchase of foreign-made goods at this time, if Canadian goods of the same kind are obtainable.

PROGRESS BEING MADE
TOWARDS ERECTION OF
LOEW THEATRE IN CITY

Decided progress is being made in the plans for the erection of the new local theatre at the corner of Wellington and Dundas streets. While the purchase of the Bernard property has not yet been completed, a deposit has been paid and the title is now being searched.

The Loew interests have decided to build one of the largest theatres in the city, at a cost of at least \$200,000, and will present here the same programs as at the Loew's in Hamilton and Toronto houses. A feature of these will be that a continuous performance will be given each day from 11 a.m. to 11 p.m., according to their local agents, the London Security Company.

It is announced that, so far as possible, contracts for the work to be done will go to local men, and local labor will be utilized.

SURVEY OF HEALTH CONDITIONS URGED ON HEALTH BOARD

Dr. Arnott Calls For Raising
Physical Standard.

WANT CENTRAL CONTROL

Effort to Co-ordinate All
Health Services Not Success
as Yet.

"I'm not content to sit on a board of health simply for the purpose of blocking contagious diseases. A board of health should know exactly the public health conditions as they exist in the city and should be interested in raising the physical standard of coming generations in the city."

This declaration, made at the meeting of the board of health held yesterday afternoon by Dr. D. H. Arnott, furnishes the clue to proposed action in the coming year of the board, which may appear to the public somewhat revolutionary.

Dr. Arnott's idea is that a complete survey should be made by the board of health of public health conditions in London, in order that the board may work with a thorough knowledge of the situation. In this he has the backing of at least the majority of his associate members.

The question of centralization of public health services has been the subject of much discussion on the part of the board of health, and looking round the benches, he didn't think that the board of health was doing enough to give an answer, which they had not yet done. Mr. Saunders wasn't sure if it would be wise to have all the public health agencies taken over by the board of health, seeing there were a lot of them, and it would likely be discussed at the committee meetings of this week.

At Different Angles.
Asked for the view of the matter from his experience, Miss Friend, public health nurse, stated that while there is a certain amount of overlapping in the city, they are working from different angles, hence their efforts are scattered and the maximum of benefit is not being derived.

Accepting the appointment to interview the public health agencies, since last meeting by Chairman Saunders, Dr. Arnott stated that he was not undertaking to keep in touch with all the agencies, but to have a general view of the interests of public health. "I believe those who are working school health, child health, tuberculosis, nurses, and so on, are interested in public health, and will be interested in the work of the board of health. We must serve the city, recognizing the problem in a large way as a city duty."

It is the duty of the board of health to try to unify effort by voluntary co-operation and council together.

Dr. Arnott stated that the spending of more money. We have been proud of our city, its fine water, its beautiful parks and its healthy place. I didn't feel very proud of London some eight years ago, when I visited Rochester, where great interest was taken in public health and child welfare. Rochester had a population of 125,000 people, many of them foreigners who could not speak English. But the death rate for children under seven in Rochester was just half what it was in London.

Save 100 Babies Yearly.
"When Dr. Hill made the infant mortality survey previous to the child welfare exhibit a year ago his estimate was that 100 babies could be saved every year in London by proper child welfare and public health service."

The city would spend a lot of money to bring an industry to London that would bring a hundred people here. But child welfare and public health are just questions of saving life. The idea is to make strong, vigorous people, who can work without being obliged to have days off because of disabilities which might have been corrected in infancy or prevented altogether. Toronto last year spent \$150,000 on public health service. Either Toronto is wrong or we are making a big mistake here."

Mayor C. R. Somerville commented that the sum of \$800,000 is being asked for public health in Toronto for this year, and that Toronto City will give at least \$200,000 more than last year. Promptly, he stated, London should be spending \$400,000 or \$500,000 a year on public health.

Bakery Regulations.
The new regulations governing bakeries were submitted and approved, though the wrapping of bread, not making it compulsory.

The statement was made by Dr. S. Downham, M. D. H., that he had been informed that wrapped bread would cost a cent a loaf more. The larger bakeries favored it, but the smaller ones considered that it involved too great difficulties.

The added cost of wrapping was the point which carried most weight with the board in refusing to make wrapping compulsory.

The regulations provide for absolute sanitary conditions in bakeries, which will be under the eye of inspectors.

One point to which Mrs. W. S. Partridge drew attention was the section, "No person who has any communicable disease or any communicable skin disease shall work in any bakery, or as owner, manager or person in charge of any bakery shall knowingly require, permit or suffer such person to be employed in his bakery."

Mrs. Partridge wanted to know if employees were inspected. There was much more news reported to the public, said, from employees in bakeries suffering from communicable diseases, than from unscrupulous bread. Dr. Downham stated that up to the present there has not been such inspection.

Copies of the new regulations will be sent to all the bakers in the city.

Report of contagious diseases presented by Dr. Downham showed that tuberculosis had a big lead in the communicable diseases reported during January, 32 cases in all. Diphtheria came second with 21 cases, and chicken pox followed with 19 cases. Suspected diphtheria and scarlet fever broke even, 8 cases each. Only one case of smallpox appeared and since that was some ten days ago, Dr. Downham expressed the opinion that it was likely to spread any further.

Commenting in her report upon the frequent misleading character of reports owing to tardy registration of deaths, etc., Miss Jennie Edgar, assistant vital statistics officer, the board of Public Health asked sanction of the board for keeping check on deaths and births, with newspaper notices and other reports of deaths, sickness, etc., and to give a part of one day a week to this work, the time to be principally spent at the city hall. Advantages pointed out were that welfare nurses could be notified of births at once and funerals necessary be promptly reported, etc. It was decided to leave decision over until the next meeting.

The permission of the council will be asked for the use of the room on the third floor of the city hall, formerly used by the London Social Service Council, as an office for Miss Friend, public health nurse, telephone to be installed.

Reimburse Church.
Elder Fisk, who appeared before the board of health in regard to the account from the Latter Day Saints Church for repairs necessitated owing to the use of the church as an emergency hospital during the influenza epidemic. The sum of \$225 was asked, though the actual expense, stated Mr. Gray, was \$249. Dr. Downham corroborated Mr. Gray's statements re spoiling of carpets, etc., however, asking if the sum of \$100 had not been paid as a result of decision of the 1918 board of health to meet the account to this extent. Mr. Gray replied in the negative. On motion of Dr. Arnott, it was decided

to pay the full amount, \$249, the doctor stating that the church people should be publicly thanked for coming to the rescue in a time of emergency when life and death issues were at stake.

It was decided to continue the publication each month of the inspection of dairies supplying milk to the city, the reports to contain the percentage of butter fat and the condition of the herds.

SAYINGS AND DOINGS
AROUND CITY HALL

INSPECTOR ACCEPTS.
V. K. Greer of Stratford has written the board of education formally accepting the appointment as assistant inspector of public schools of London. He will come to take up his new duties as soon as he can arrange to leave his present situation.

LIGHTS FOR SKATERS.
Lights have been placed at the cove for the benefit of the skaters who night up this cove.

PLAYGROUNDS WANTED.
The springlike weather is probably to blame for it, but there is some agitation in certain quarters towards the physical standard of coming generations for the children of the city. Some citizens think more money should be spent on these in preference to spending it on show parks.

WAS OLD BOYS' OFFICIAL.
Harry E. Battery, who died on Saturday, was a member of the executive committee of the London Old Boys' Association in 1905, and Treasurer James S. Bell treasures a group photograph of the members of that year which hangs in his office.

ANOTHER PROBLEM.
Traffic problems confront the city council at all turns, the London and Port Stanley, the London Street Railway and the traffic bylaws, have from time to time given the aldermen anxious hours, and now another one looms up in the motor service to Lambeth. A communication has been received from the promoters of the scheme, and it will likely be discussed at the committee meetings of this week.

PROVIDE LABOR.
Mayor C. R. Somerville says that the best way to combat Bolshevism and all unrest among labor men is to provide plenty of labor. He says that the council will boost the creation of the post office and custom house for this reason. He points out that there will be need of all the work that the city can supply this summer for the returning men and the war workers who have been on munition work.

FATEFUL TIME IS HERE.
Once again the time arrived for the citizens to be reminded of the certainty of taxes which are said to be as sure of getting an inhabitant of this earth as is death. The fact has gone forth from the office of Assessment Commissioner Grant that the time is now for the people of this fair city to be awakened from their dream of coal, bills, the price of hen fruit, butter and the other necessities of life, and have them concentrate on the question of taxes again.

His dauntless warrior assessors, M. O'Sullivan and A. McCoubrey, already have started on their annual rounds with their sticky documents and their arms. They are commencing in Ward 4. The temporary assessors have not yet been appointed, but it is anticipated that they will be named at the meeting of No. 1 committee on Wednesday afternoon.

Mr. Grant hopes to have the full staff out some time next week.

IT CANNOT LIE.
City Engineer H. A. Brazier has proved a modern Diogenes, for he has discovered one thing that cannot lie and that is skin to the honest man for whom the ancient lantern-bearer searched. Mr. Brazier is absolutely confident that his discovery is authentic.

"That cannot tell a lie or if it does happen to make a mistake, it is unintentionally make a false statement it now."

Recently the friend became enamored of the fair Oulga, and wooed her incessantly in an effort to procure information concerning the hundred and one subjects in which he was interested, from the winner of the next King's Plate at the Woodbine to the price of butter next summer.

The gentleman in the story has a friend, or at least he had one, from whom he had not heard for fifteen years, and decided to question Oulga as to his whereabouts. That lady, if one may call it such, hesitated not a second, but instantly spelled out the letters H-B-L-L, and now the once Oulga enthusiast is inclined to doubt that version of her answers. He refrains from asking as to where he will spend his future, however.

THE ANSWER CAME.
Oulga boards may be as right as a meditation of communion between the spirits of this and other worlds, but a friend of one of the city hall officials is rather inclined to doubt this just now.

calls attention to the fact by ringing a bell," he said, pointing to the time before mentioned. One man opines that if the citizens of London were as careful to call attention every time they made untrue statements, they could hear nothing else but the jingle of bells. In case some inquisitive person might wish to know what the thing of truth is, he it known that the city engineer referred to a calculating machine on his desk.

EQUAL PENSIONS TO ALL FIGHTERS, LIBERAL DEMAND

West Elgin Convention Would Place Officers and Privates on Same Plane.

WILLIAM WEST PRESIDENT

Excellent Addresses on Aims of Liberalism Marked Big Gathering.

DUTTON, Feb. 11.—That whereas the war being now over, and our heroic soldiers are returning, "And whereas many of them have been disabled and are unable to follow their former vocation,"

"And whereas the pensions awarded to them are in many cases entirely inadequate,"

"Be it therefore resolved that we go on record as being in favor of a pension system based on the equality of officers and privates."

The above is a copy of a resolution passed by a unanimous vote at the annual meeting of the West Elgin Liberals held at the town hall here today.

WOMAN'S HAIR REACHES TO KNEES

A Year Ago Was Threatened With Baldness. Tells How She Made Her Hair Grow.

Mrs. Esther Emery, now visiting friends in the city, is the fortunate possessor of marvellously beautiful hair, which, when loosened from its coils falls to her knees. Moreover, it is of soft, silky and fluffy texture, and in color a glorious glossy gold. Yet just one year ago she was threatened with baldness. Urged to tell how she had obtained this wonderful growth in so short a time, she said: "Had anyone told me such marvellous results could be accomplished so quickly, I positively would not have believed it. Twelve months ago my hair, which then reached barely to my shoulders, was falling out at an alarming rate and growing very thin, actually exposing the bald scalp in several spots. It was dull and lifeless in color, turning grey in patches, and very dry and brittle. My head was covered with dandruff and itched like mad all the time. I tried fully a dozen different hair-tonics, but they were all the same and never did me a bit of good. One day I chanced to read in my home paper of a simple home prescription to make hair grow that was recommended by a well-known physician. It said that by taking ordinary Lavona de Compose and mixing with Bay Rum and Menthol Crystals and applying to the scalp each night with the finger tips that new hair would grow very rapidly. I decided to try it, and I had my drugist mix 2 ounces of Bay Rum and 1/2 dram of Menthol Crystals, and started to use it. My hair quickly began to grow. First the hair stopped falling, the itching ceased and the dandruff disappeared. Then tiny hairs appeared all over my scalp. These grew and grew as though nothing would ever stop them. They are growing yet and, while, of course, I have used the treatment steadily and expect to continue it at least until my hair reaches the floor, I might have stopped and been perfectly satisfied at the end of three months, but I think that any woman can get long, thick, beautiful hair by using this prescription, and all are delighted with the result. The prescription is very inexpensive and any drugist can fill it. Those who use it should be careful not to get it on the face or where the hair is not desired. M.E.E.

Old Battle Again. A brief history of Liberalism from the early days was given by the speaker. He recalled the time when our forefathers fought a heroic battle. They had finally won and Liberalism triumphed in the Canadian for some time. Today they were back again, and fighting the same battle. He mentioned the school system, where power had been taken out of the hands of the trustees, and with Governmental power and finance were centralized in the hands of a few men. The good roads, he said, were like the banks, a means of taking away the money from the small municipality. These roads, he said,

took away the people from the rural districts. The only good road for the farmer was the road from his farm to the nearest town. He held, however, that the rural districts had not been as free with their money, and consequently had poorer highways. The Government will now build the provincial highways and tell the municipality to pay their share of the expense.

Centralized Funds. Mr. Charlton dealt briefly on the banking question. In Dutton, he said, there is a branch bank and the funds deposited by Dutton people are being centralized by the big interests.

He outlined various other means of centralizing power. The Union Government had taken advantage of it in the last election; pulp and press had alike been won over to win an election. The pulp, he said, "had come down to the dirt and had grovelled on its belly in the mud."

Mr. Charlton expressed his hearty thanks to The Advertiser. They had, he said, fought a good fight, and were continuing to do so under the most extraordinary conditions, and were deserving of the support of Liberalism.

Skunks in Power. He told a rather amusing story of three men walking along the highway. They were known as Bob, Robert and Clifford. They came to a polecat nest, and Bob went in. He soon came out, and Robert went in. He also came out, and Clifford went in. He also came out, and the skunks came out. The skunks, he said, had gone into the hole in the last election, and it would be a long time before the smell would be cleared away.

Mr. Charlton was eloquent in his praise of Liberalism. "It stands," he said, "for justice, right and democracy." W. Toimie, J. B. Ferguson and William West also voiced their sentiments at the close of the meeting. They were unanimous in the opinion that the next election would see a change.

The following resolution was passed in addition to the one above quoted: "We, the Liberals of West Elgin, in annual session assembled, desire to extend our congratulations to Sir Wilfrid Laurier on completion of his 77th year, 50 of which have been spent in the service of the country, and we also desire to express our continued confidence in his leadership and our belief in the triumph of the principles which he has so ably advocated in his life of service."

BAD SPRAINS OR MUSCLE STRAIN

Rub Pain, Ache, Soreness and Swelling Right Out With "St. Jacobs Liniment."

Rub it on a sprained ankle, wrist, shoulder, back, or a sprain or strain anywhere, that's when you realize the magic in old, honest "St. Jacobs Liniment" because the moment it is applied, out comes the pain, ache, soreness and swelling. It penetrates right into the injured muscles, nerves, ligaments, tendons and bones, and relief comes instantly. It not merely kills pain, but soothes and heals the injury so a quick recovery is effected.

Get a small trial bottle of "St. Jacobs Liniment" right now at any drug store and stop suffering. Nothing else sets things straight so quickly—so thoroughly. It is the only application to rub on a bad sprain, strain, bruise or swelling.

Presentation Made
At Valentine Tea
To Retiring Regent

Senator Coffey Chapter Act
as Hostesses at En-
joyable Event.

The new rooms of the Senator Coffey Chapter, I.O.D.E., in the Knights of Columbus Hall, Ridout street, were gay with many people yesterday afternoon at the tea hour, when Mrs. Frank Fallon, the retiring regent of the chapter, was presented with an address and a large bouquet of roses. The occasion was a Valentine tea given by the chapter, the proceeds to be used for purchase of comforts for the returned soldiers. The address, which was read by Mrs. R. C. Barkie, referred to the wonderful leadership of the past regent who had no doubt received some of the excellent power of leadership which her grandfather, the late Senator Coffey, possessed in so remarkable a degree. Mrs. Fallon, who received the roses from the hands of her small daughter, Peggy, replied in a most charming manner. The tea rooms and large entrance hall were prettily decorated with hearts and cupid and bright red garlands. Red shaded lights, combined with candles, proved most effective. Centring each tea table was a bowl of red carnations and roses which showed up beautifully in the subdued light. Mrs. E. R. Smith, Mrs. C. T. Campbell, Mrs. Niven and Mrs. R. C. Barkie presiding over the tables. Throughout the afternoon music was furnished by a small orchestra. The success of the tea was largely due to Mrs. R. C. Barkie, the general convener, Mrs. J. Leitch, convener of the decorating committee, and Mrs. J. Chase, convener of the refreshment committee.

SUGGESTIVE QUESTIONS ON THE
UNIFORM LESSON FOR SUNDAY,
FEBRUARY 16, 1919.
ONE GOLDEN TEXT SUGGESTION:
By Rev. T. S. Linscott, D.D.
The ten commandments.—Exodus
xx: 1-17.

QUESTIONS FOR TODAY.
8. Verse 9—Is the obligation to labor
six days as binding upon all men as the
obligation to rest on the Sabbath Day?
Why?

9. Verse 10-11—Does this verse mean
that, in that day, absolutely no work
was to be done on the Sabbath, such
as feeding and watering the cattle, for
example?

10. What benefit is it to man and
beast to rest one day a week from the
usual labor?
Golden Text: Thou shalt love the
Lord thy God with all thy heart, and
with all thy soul, and with all thy
strength, and with all thy mind, and
thy neighbor as thyself.—Luke x, 27.
LOVE DEPENDS UPON LOYALTY.
We must love him with all our hearts
as we are capable of. If we will do so,
so by rendering such loyalty to God
as we are capable of, we will do so. The
steps are simple. We must resolve to
follow him, and then we must give
him all we have, and that we by his
grace, are going to accomplish our
purpose to love him with all our hearts,
and that he now give us the power
and grace for which we have prayed.

Page of Interest to Women WANTED—A BABY!

Dear Miss Grey,—I have read the
Mail-Box with much interest for some
time. When I read of the different
things the readers are asking for, such
as recipes, crochet patterns, stocking-
foot patterns, songs, recitations, chil-
dren's remedies, correspondents (perhaps
husbands?), and last but not least,
clothes for a tiny-Citizen-of-Canada-to-
be (who may in time be premier of our
great country), and to think that the
Mail-Box has been able to supply all
their wants, seems remarkable.

Now, your Mail-Box has been so won-
derful in furnishing anything asked for,
I wonder if it could supply a baby?—the
wants of a friend who lives in the
States and who would like to adopt a
little Canadian. She would prefer a
boy.

NATIONAL COUNCIL OF WOMEN INTERESTED IN TECHNICAL EDUCATION

London Already Excellently
Equipped in This
Respect.

The National Council of Women in
Canada are deeply interested in the
question of a more extended technical
education in the country, and accord-
ingly Mrs. Carrick, the Ontario vice-
president of the Women's Council,
wrote to Mrs. H. A. Boomer, the local
council, asking her to take up the mat-
ter in London. A communication from
her to Principal H. B. Beal, of the
London Technical and Arts School,
resulted in the following letter from
him, which shows that as far as Lon-
don is concerned everything is already
being done to supply such an educa-
tion, to those who desire it.

"I have read over the resolution of
the National Council of Women refer-
ring to the necessity for a place in our
urban public school course for courses
involving industrial activities and
elementary practical science and that
such courses be adapted to local con-
ditions.

"This principle has been adopted by
the department of education in or-
ganizing technical and industrial
courses. These courses are for second-
ary schools, as students must at least
have seventh or eighth grade stand-
ing to enter industrial courses and

between one and three years of age, if
available, if not, would consider an in-
fant. Not particular as to sex, but
must be bright, healthy and of respect-
able parentage. Can furnish the best
of reference as to financial standing and
home life. They have no children of
their own, and as her husband's busi-
ness calls him from home a great deal,
have decided a little one would be lots
of company, and want one they can love
as their own. I feel that somewhere
there may be some little one homeless
that they can give a good home. If you
can find one for them they will come
here and adopt it. Will inclose a self-
addressed envelope should you receive
any replies.

Thanking you in advance, I will sign
myself,
J. D. P.

high school entrance standing to enter
technical courses.

"In accordance with the policy of the
department of education for technical
and industrial school courses, London
has in its new technical school very
thorough shop equipment, represent-
ing practically all the local industries,
and most modern equipment for
physical science and electricity and
chemistry. Much attention is given to
mechanical drawing, which is the
language of all the industries. For
girls very thorough equipment for
cooking, dressmaking, plain sewing,
millinery, embroidery and household
science is provided. This includes a
complete modern apartment for house-
hold science work.

"In reference to the resolution it-
self, let me say that I feel that all
who have given any thought to the
need of education under present-day
conditions will agree that such a course
is highly desirable.

"Let me say I very heartily approve
of the resolution to extend the work
now taken in technical and industrial
schools by giving a preparatory train-
ing in our primary schools."

Mrs. Boomer has forwarded Dr. Beal's
letter to Mrs. Carrick, accompanied
with an expression of the approval of
the scheme by the local council.

Chocolate— a food

IT is now universally admitted that chocolate
is a food—a sustaining food.

During the war millions of tons of chocolate were
sent to the front.

Our Canadian soldiers early found that eating
chocolate was not only pleasing to the taste, but
restored vitality and gave renewed energy.

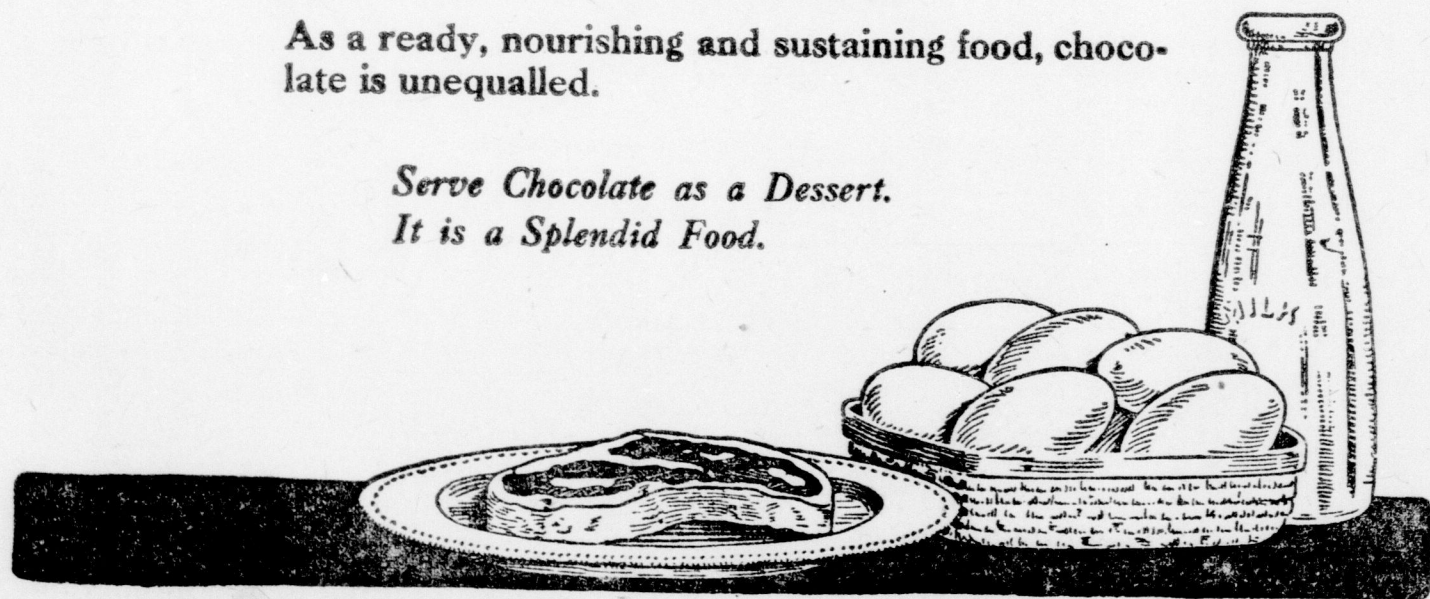

Brigadier-General L. W. Waller of the U.S. Mar-
ines, referring to the food value of chocolate, said—

"I never went into a campaign without chocolate. I
always have a few cakes in my haversack when I go into
action. Men fight like the devil on chocolate. Seasoned
soldiers take it on the march with them."

It is a matter of actual scientific demonstration
that one pound of chocolate produces the same
amount of body-building nutriment as six eggs, a
pint of milk and one pound of steak.

As a ready, nourishing and sustaining food, choco-
late is unequalled.

Serve Chocolate as a Dessert.
It is a Splendid Food.

Pte. Frank Wille also gave a splendid
address. The penny bags collected for

money to be used for refugee work.
The Institute is having a tea in the

ESSEX PATRIOTIC LEAGUE.

The Essex Women's Patriotic League
does not believe in stopping up one
whit, even though an armistice has
been signed. This is shown by the
enthusiastic crowd of
ladies at work in the Red Cross rooms
on the last work day, and as early as 9:30
they began to arrive, each one bearing
a contribution to the dinner that was
to be eaten in the workrooms, and by
noon goodly piles of carpet bags were
dotting the floor and tables preparatory
to a sewing bee in the afternoon.

A regular feed, as one lady expressed
it, was partaken of. Then the work be-
gan. By 4 o'clock the piles of rags
had been converted into balls of well-
sewn rags ready to be taken to the
weaver. The resulting rags are sold
and the money used to get material
for clothes for war refugees.

The Essex League has shown itself
to be a very live one, and a very great
amount of work has been done. A
money raised for every deserving cause.
One of its members, Mrs. E. A. Naylor,
passed away in the person of Mrs. C.
E. Naylor, and she will be greatly
missed, for she was a very active
and a hearty hand-shake for all
who came in contact with her.

The same evening a dance was given
by the Ward Beecher Company, the
members of which called personally
on the Red Cross rooms and com-
mended the ladies on their excellent
work.

A pretty but quiet wedding, owing
to the absence of the bride's two bro-
thers, who are somewhere in Bel-
gium, was solemnized by Rev. D.
Clarke at 68 Hamilton road on Monday
at noon, when Miss Ravenna Archer of
this city was united in marriage to Pte.
N. L. Johnston of Adrian, Mich. The
bride looked lovely in a dress of blue
satin, with overdress of
georgette crepe, and wore a bridal
corsage of Marquise roses. She was
attended by her sister, Elizabeth, who
looked charming in a navy blue dress
of georgette. The bride entered the
drawing-room leaning on the arm of
her father, to the strains of the Bridal
Chorus from Lohengrin, played by her
young sister, Dorothy, while another
sister, Mrs. George Currie, was matron
of honor. The groom was supported
by Pte. F. Crowhurst, both in khaki
uniforms. The house was attractively
decorated with palms, carnations and
roses, and flags of the Allies. Among
the guests were a number of boys in
uniform, wearing their chevrons. The
present to the young couple were
numerous, among them a silver service
checked from out-of-town friends. About
50 guests sat down to the wedding sup-
per. Guests were present from Det-
roit.

St. Patrick's Church, Kinkora, was
the scene of a very pretty wedding
last Tuesday morning, when Miss
Mary, youngest daughter of Mr. and
Mrs. Wm. Harrigan, was united in mar-
riage to Mr. John White. To the
strains of the Wedding March, played
by Miss Mabel Stock, the bride enter-

ed the church leaning on the arm of
her brother, William. The ceremony
was performed by Rev. Father Moran.
The bride, who was dressed in a
grey silk gown, with hat to match,
was attended by the groom's sister,
Miss Emma, who wore a gown of mauve
silk poplin, trimmed with fringe. Mr.
William Harrigan, brother of the bride,
acted as groomsmen, while the ushers
were Messrs. George and Frank White.
After the ceremony the bride and
groom, with their bridesmaids and
groomsmen, drove to the home of the bride's
parents, where a sumptuous dinner await-
ed them. The bride was the recipient
of many costly presents, including a
handsome sum of money. Guests were
present from Toronto, Hamilton, Stan-
dard and Stratford. The young couple
left on the evening train, and showers
of confetti, for Detroit, London, Stan-
dard and other places, and on their
return will reside on the groom's new
farm on the seventh concession of
Elliott.

WAR SAVINGS STAMPS SUBJECT OF ADDRESS AT CANADIAN CLUB

Mrs. Ada Chennell Speaks on
Behalf of the Dominion
Government.

The story of the war saving stamp
was told yesterday afternoon in the Y.
M. C. A. Auditorium to a large open
meeting of the Women's Canadian Club
by Mrs. Ada Chennell on behalf of the
Dominion Government. Mrs. Chennell
graphically told how the idea of war
savings had originated in England,
where \$500,000,000 was raised in stamps,
how it was taken up by the United
States with a result of \$1,000,000,000,
and "Canada's objective is \$50,000,000,
and of course she will get it," declared the
speaker.

Mrs. Chennell explained how her mis-
sion was to get the women interested in
various societies already organized, so
that stamps would be available at their
meetings. She suggested that each
society appoint a secretary, whose duty
would be the sale of the stamps, and
would at the same time serve as a con-
stant reminder that the Government
was waiting for money to be lent.

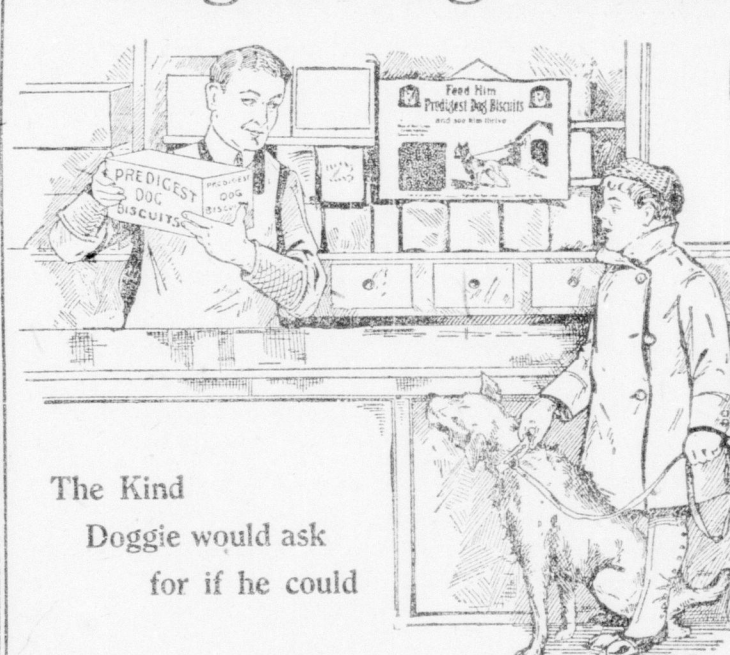

"Some Need Reminding,"
"Some will buy the stamps without
being reminded, but there are others
who need the matter constantly brought
before them. This in itself is a big
work."

"In addition to raising the money,
which will be spent entirely in Canada
for the re-establishing of returned sol-
diers into civil life, the campaign for
selling war savings and war thrift
stamps is also an educational one. The
war has made it necessary for people to
save, and this will be a means of teach-
ing them permanent saving. The stamps
are not only for children and people in
poor circumstances, but they are for the
wealthy as well. In fact, the campaign
aims at giving everyone in the country

Honey Cookies.—One cup shortening,
two cups granulated sugar, three eggs,
one cup honey, one cup raisins, quarter
pound lemon peel, half nutmeg, two
teaspoons vanilla, one teaspoon baking
soda dissolved in a quarter cup of sour
milk, flour enough to handle; form in
small balls with the hand, place in pan,
and press down with fork; bake well in
a slow oven. If someone thinks these
will they let me know if they like them.
The less flour used the better. What
does baking syrup mean—molasses or
golden syrup? Yours,
HONEY COOKIE.

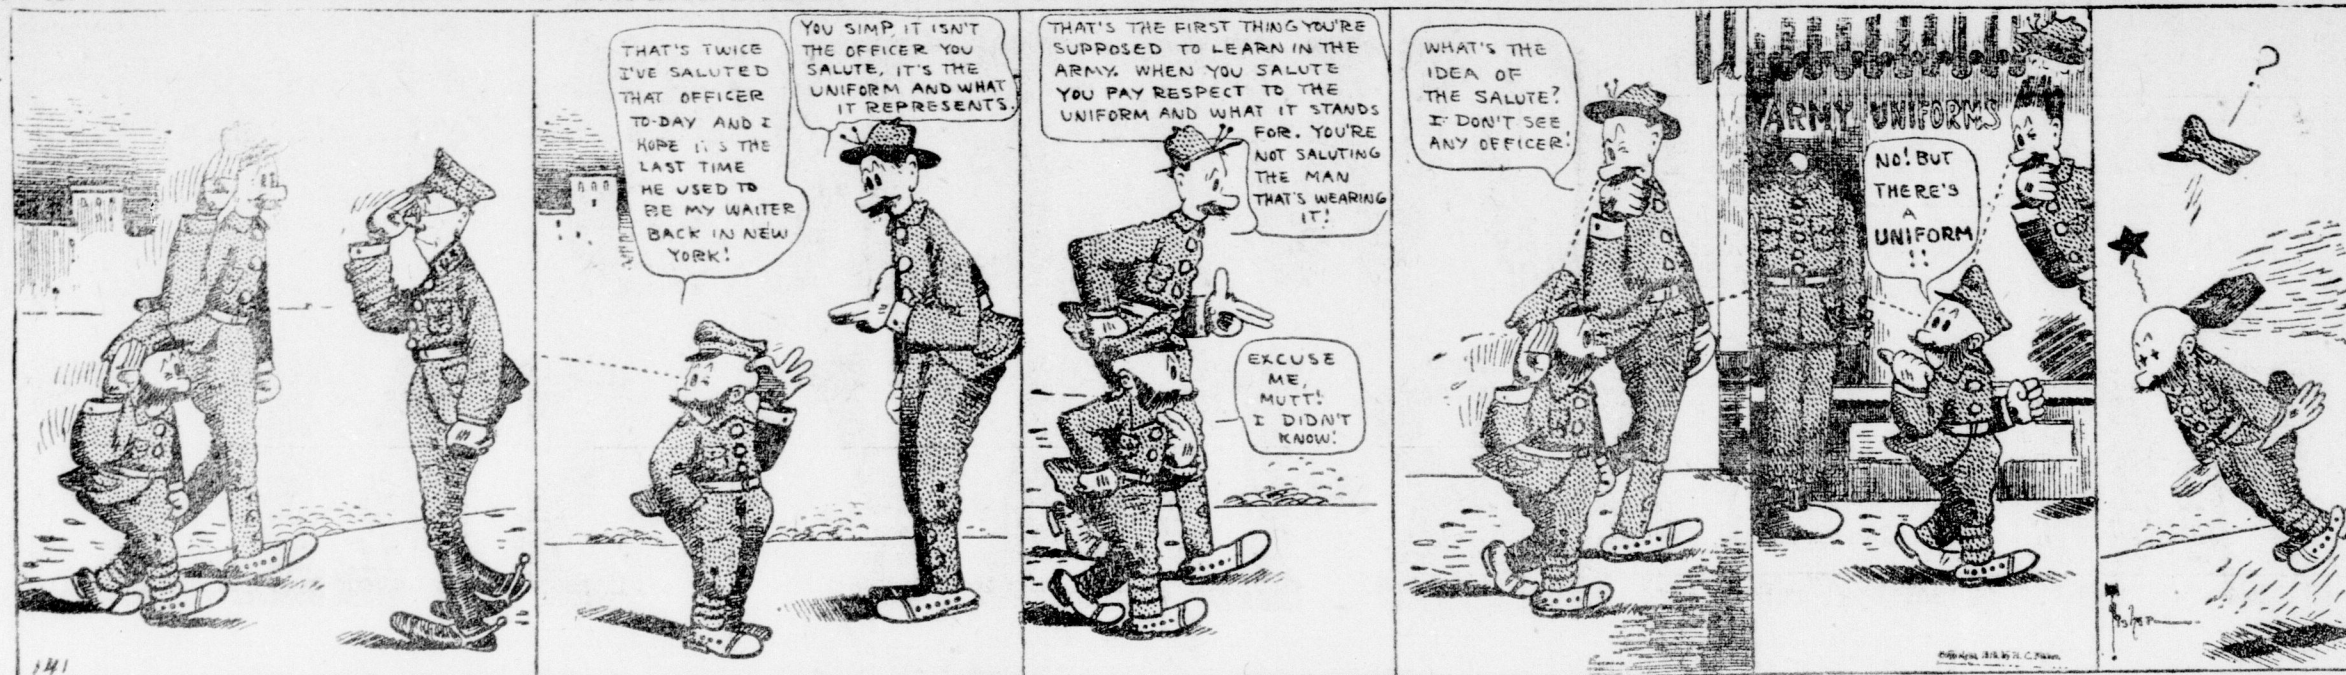

Chance for the Kaiser.
Dear Miss Grey,—I saw on your page
the other evening where one asks the
question, Where will the Kaiser go when
he dies? Now, I think we ought all
ask ourselves that. I think he has
some chance as the rest of us—repeat
and turn to God. I think there is a
lot of bad in the best of us, and a lot
of good in the worst of us. Even the
grackles are not any too good, espe-
cially when they advise us not to at-
tend prayer and class meetings—the
very best services we have in the
church.

A Dear Wee Baby.
Dear Miss Grey,—Here I come again.
I am afraid I shall be wearing out my
welcome if I keep coming so often. But
I see where Danish has some crochet
patterns that she will send out. Now,
I am inclosing a stamped envelope for
somebody who has a nice edging pat-
tern. I would like them.
Now, Miss Grey, since I last wrote
to you I have been very ill, but I have
a dear wee baby 2 weeks old, so I am
now the proud mother of two wee boys.
Yours as before,

would all love him to death. Shall be
very pleased to forward any designs

asking for a honey cookie recipe, and
as I have a good one I am sending it
along. Miss Grey, will you please let
me have that much-wanted stocking

The Western University basketball team won the Intermediate O. B. A. Group Y. M. C. A. five by the score of 30 to 21, at the Western "U" gym last evening.

The college boys had a three-point lead to start with, but the Y. boys kept them on their feet, all through the contest.

Both teams displayed good work. The Western had many opportunities to score on foul shots, but they did not use them.

In the first half Western started off strong. McGeoch and Simpson guarded the Western basket, and played a good defence game.

The Y. boys came back strong in the second period, and it looked as if

they would overcome the lead of the Western. Very little combination was played by the two teams.

Gus Markle was the referee, and handled the game in a satisfactory manner.

A large number of fouls were committed by the Western and Y. boys.

The Western girls defeated the Midgits by the score of 11 to 8 in a preliminary contest.

The girls played a remarkable game, but the winners were superior in shooting.

Western University basketball team will play for the semi-finals of the Intermediate O. B. A. shortly.

LONDON CURLING CLUB RINK WINS 2ND ROUND

Stratford, Feb. 12.—Three Stratford rinks, skipped by Cash, McFadden and Burnham, with Taylor's Galt rink, go into the semi-finals for the Western Ontario tankard. The second round games completed at 3 o'clock this morning left only these four still in the running.

The scores follow:
Harrison Stratford 10
McFadden Stratford 11
St. Marys Stratford 13
Northgraves Stratford 10
Galt Stratford 11
J. H. Crawford Stratford 10
Burnham Stratford 13

CANADIAN BOXER KNOCKED OUT IN EIGHT ROUNDS

New York, Feb. 12.—A London dispatch to the Herald, dated Tuesday, says:

"Eddie McGeochy knocked out Harold Roff, the heavyweight champion of the Canadian forces, in the eighth round of a scheduled fifteen-round contest at the National Sporting Club last night."

McGeochy, although at a disadvantage in height and poundage, proved the speedier and cleverer fighter, easily out-boxing his opponent, who very much resembled the late Bob Fitzsimmons, in the first six rounds.

In the seventh round, however, Roff made a good fight, and landing four rights to McGeochy's jaw, appeared likely to upset the odds in favor of the American.

In the eighth round, which was so sensational as to bring the immense crowd to its feet, the American got right to work at the bell, flooring the Canadian twice, and finally forcing him to take the count.

LONDON CURLERS LOSE OUT IN W. O. TANKARD GAMES AT STRATFORD

Twenty-Eight Rinks Play in Big Annual Bonspiel—Semi-Finals Today.

STRATFORD, Feb. 11.—With 28 rinks in attendance the annual bonspiel of the Western Ontario tankard, Victor trophy and Windsor Hotel trophy got away to a good start here today.

In the early games Stratford rinks fared well, three out of four being successful. Two London rinks lost out in the initial try. Bob Ensie, the National League umpire, of St. Thomas, took his first game from P. McKee of Plattsville. Bob, however, lost his second game to Cash's Stratford rink.

An extra end W. A. Watson of Stratford took his first game from Lackman of Plattsville, and then lost to Northgraves of St. Marys. Owing to a turn of the weather at 11 o'clock tonight the committee decided to stage the second round tankard games at midnight to permit of the semi-finals in the morning.

McFadden of Stratford will play McFadden of Stratford to get into the semi-finals, as will also the following: Northgraves vs. Cash; Taylor vs. Crawford; Burnham vs. A. R. Gouldie. In the morning play will resume at 9 o'clock.

FAMOUS LONG DISTANCE RUNNER GOES "WEST"

Hamilton, Feb. 12.—Jack Caffery, the famous long distance runner, died at his home here early this morning. Caffery was stricken with Spanish influenza during the recent epidemic here and has fought gamely for his life ever since. When at his best, Caffery had no superiors in the Marathon game. He first attracted attention in 1895, when he hung up a record of 1:54:05 for the Herald road race, a distance of 19 miles 158 yards.

The following year he finished second to Billy Sherring, who shattered the mark made the previous year. In 1900 Caffery came back and led Sherring home, at the same time establishing another new mark of 1:51:52. This stood until 1904, when Mellor completed the distance in 1:48:43.

The late Jimmy Duffy, who was killed in action during the war, beat Mellor's mark in 1912.

Caffery also won the Boston Marathon twice, and for a long time held the record for the 25-mile grind.

ASKIN STREET ELKS WIN FROM DUNDAS CENTRE BOYS

GLENCOE INTERMEDIATES TO PLAY TILLSONBURG TONIGHT

TILLSONBURG, Feb. 10.—On Wednesday evening the local O. H. A. Intermediates play the final game of the district with Glencoe at Thamesville, and a large crowd of fans is expected to accompany the team. Another interscholastic League game will be played here on the same evening between Woodstock Collegiate and Tillsonburg seniors. The locals have lost one game, and won two, and expect to take the district.

WOODSTOCK JUNIORS TO MEET KITCHENER BOYS THIS EVENING

Red and White Confident of Winning Second Round of Junior O. H. A.

WOODSTOCK, Feb. 11.—Hockey fans today, despite the loss of the red and white at Kitchener last night, are quite confident that the return game here tomorrow night will result in the elimination of the Union Jacks from the O. H. A. group. The fans claim that the breakers went decidedly against the Woodstocks last night, and are quite strong in their criticism of the work of Tommy Munro. The boys came out of the game in good shape, and with hand the team from the home of hockey champions a setback. The sale of seats has been tremendous, and the seating capacity of the arena, which is second only to the Toronto arena, will be taxed to the limit to hold the hockey fans coming from surrounding towns to witness the contest.

ST. THOMAS LADIES' CURLING CLUB ELECTS OFFICERS

ST. THOMAS, Feb. 11.—The St. Thomas Ladies' Curling Club was organized at a meeting held recently.

The following officers were elected: President, Mrs. J. M. McIntyre; Vice-president, Miss Muriel Cameron; secretary-treasurer, Mrs. G. W. House. The executive will consist of officers and Miss A. Tanner, Miss Jean Cameron, Miss Carrie and Mrs. W. K. Cameron.

FOREST CITY HOCKEY TEAM WILL PLAY AT ST. THOMAS TONIGHT

The London Intermediate hockey team will play at St. Thomas tonight. The locals will likely take down the regular team, and a first-class exhibition of hockey is assured. The Forest City boys have not dropped a single game this season and should put up a good game against the Railway City six.

LONDON INTERMEDIATES WILL STAGE GAME WITH RAILWAY CITY BOYS AT ST. THOMAS.

TORONTO, Feb. 11.—Arenas defeated the Canadians in the weekly National Hockey League fixture here tonight by 6 to 4, and have still an outside chance to overhaul Ottawa and figure in a play-off for the title. However, to do so they will have to play much better than they did tonight. They won the game strictly on their merits, but they did not show any extraordinary ability.

Randall and Noble again bore the brunt of the work for the Blueshirts, and both were prominent at all times. The former notched three of the six goals after clever end-to-end dashes, while the latter did some splendid back checking and notched two counters.

Lindsay showed up well in the net, while Munnery blocked in his usual good style.

TURNED SOLDIER. Q.—Does the law state that picture theatres may collect war tax from a returned soldier who was badly wounded while serving overseas, and wears a war service badge?

A.—If a man has a government position in a customs office, is he entitled to run a theatre and work there during office hours with his uniform on?

A.—If there are any means by which a needy returned soldier may obtain such a position in the customs house?

A.—Yes. Only soldiers in uniform are exempted from paying this tax.

2. Yes, provided that he holds the proper qualifications for same. He should have his branch of the Great War Veterans' Association take the matter up and arrange if possible for him to obtain a position in the customs department. Complaints such as outlined in query 2 should also be brought to the attention of the Great War Veterans' Association, and if confirmed will likely be remedied immediately.

VOLUNTEER 1916. Q.—What is being done with reference to the discharge of men from the Western Ontario Regiment who were granted leave of absence until further orders?

A.—Military forms are sent to them to be filled out and returned to the military authorities before discharge is carried out, thus eliminating the necessity of these soldiers reporting in person at London for discharge. They receive a demobilization certificate.

2. No. Of course, period of service as stated on discharge would vary according to facts of each individual case.

3. These cases are dealt with upon their individual merits, according to a definite routine outlined by the authorities. Some soldiers will receive the clothing allowance, while others will not, according to facts of the case, such as period of service, etc. Further than this no definite ruling can be laid down for precedent, according to information received at this office from local military headquarters.

4. Authority for information given in these columns is not usually quoted, but the above information was obtained from the office of the D. A. C. Q. M. G., Wolseley Barracks, London, Ont.

READER. Q.—I enlisted on March 20, 1916, and was discharged on April 6 of the same year. I re-enlisted on the 27th of January 15, 1917, and was discharged in June, 1917. Am I entitled to any gratuity?

A.—Unless you served in any "actual theatre of the war" that is to say France or Belgium, you are not entitled to any gratuity under the new scale, as the date of signing the armistice, November 11, 1918. Were you in England on service you are entitled to three months' post discharge pay under the old scale, otherwise you are not entitled to any gratuity.

161ST. Q.—How long does the Government intend to hold these conscript soldiers?

A.—It is so that when a soldier asks for his discharge he is cast into the clink for 12 or 15 days without any pay, and when he gets out he is compelled to sell his underwear to buy tobacco?

3.—Could a soldier obtain his discharge by writing to Ottawa, and if so, to whom should he write?

A.—Do you think that some of the military officers are getting their fingers greased the same as the Major?

5.—Is it so that Premier Borden has bought a gun factory in Liverpool, England?

6.—Do you think he would know enough to chew gum without a stick tied to it?

A.—Information given out here is that volunteers are to be discharged from the service after their discharge is filled by draftees, who will be discharged as soon as their services can be dispensed with.

2. No cases such as the above have been brought to light as yet in this district. Selling his underwear is liable to land a soldier in the clink, however, if he is caught doing so by a military policeman.

3. No. It is regarded as a military offence for a soldier to write to superior officers at Ottawa, and the only thing for him to do would be to apply to his commanding officer for discharge, and await his turn.

4. This cannot be discussed in these columns. If you know of such cases and can give evidence in proof of such misconduct you should send full facts with proof to the district intelligence officer, Wolseley Barracks, London, Ont., and they will be investigated and the guilty parties punished.

5.—No information is available here regarding such a purchase, but the premier may have invested for the purpose of supplying members of Union Government with something to chew over during the next session of Parliament, or to absorb fits of loneliness which may overcome them during his enforced absence overseas.

6. Yes, provided that it was "Union Made."

DRAFTEE. Q.—I was ordered to report on January 3, 1918, and was placed in Category B-2, in the Western Ontario Regiment. After four months' service I was placed in the Canadian Garrison Regiment, and when there about six weeks asked for a week-end leave, and was told that I was to be called. Will I now need to apply for a demobilization discharge, or will it be done for me?

2. If I must apply for same, to whom will I forward application?

A.—Am I entitled to the \$35 civilian clothing allowance?

A.—You will receive due time a form to be filled in and returned to military authorities, and your discharge will be granted without necessitating your appearing in person at London for same.

3. No application is necessary, as shown above are dealt

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and lasts about 12.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex (50 cents worth) in a 16-oz. bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make 16 ounces—more than you can buy ready-made for \$2.50. It is pure, good and very pleasant—children like it.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions for use. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

with upon their individual merits, according to information given out at military headquarters here. It depends entirely upon the decision of military authorities whether you will receive this allowance or not. Further than this there is no definite information available.

CANADIAN.—If you will send in your name, not necessarily for publication, but as an evidence of good faith, your criticisms regarding scheme of demobilization of Canadians overseas will be published, together with information desired regarding same.

Away With Constipation

Constipation and its kindred ailments are easily avoided. Munyon's Paw-Paw Pills are the liver into activity, carry off the bile and regulate the bowels. Don't be deluded by instant cures. Constipation cannot be cured by cathartics; they only offer temporary relief.

Munyon's Paw-Paw Pills is a purely vegetable preparation. Nature's own remedy. They will prevent constipation. Your druggist sells 25¢ Munyon's Paw-Paw Pills, 30¢.

EASY TO DARKEN YOUR GREY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Weyth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all grey hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Grey, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Weyth's Sage and Sulphur Compound and look years younger.

Farms Wanted for Soldier Settlers

Powers are proposed to be granted at the approaching session of Parliament to The Soldier Settlement Board of Canada to purchase lands to be resold to qualified returned soldiers settling on land. In the case of undeveloped lands the Board will be granted powers of forced purchase at prices judicially determined.

To enable soldiers to locate in any district in Ontario that they wish, the Advisory Board for the Province of Ontario desire to have filed with them a full description and lowest cash prices on a small number of select farms in each district of the Province, available for purchase.

The public are hereby informed that this land is for returned soldiers, and no tenders to sell are requested except for land of good quality and location, and reasonable value, making possible the success of the soldier as a farmer. The purchase price in all cases will be fixed by the Board after the land has been inspected and valued.

The information received will be treated as confidential. No commission will be charged or paid. No offer to sell will be binding on the person offering unless a sale is effected, and no obligation will be on the Board to accept any offer.

If application from a returned soldier be received for a farm listed with the Board, a valuation for such farm may be at once made by the Board and, if approved, negotiations may be entered into for the purchase and sale thereof. An approved list is desired for each district of Ontario.

10 MINISTERS OUT OF 23 TO SIT IN HOUSE

Premier Borden Will Pop In For Brief Spell.

IS ON THE ANXIOUS SEAT

Even Interest of Russian Bolsheviks Will Have To Be Put Aside.

OTTAWA, Feb. 11.—Sir Robert Borden, it is said, is coming back home. No particular reason is advanced for his coming, and it would appear that his presence at the peace conference is quite as necessary now as it was on any past occasion.

That he is coming, however, in response to S.O.S. calls which have been buzzing across the Atlantic ever since his colleagues left behind in Ottawa, after holding out the season for eight solid months, were finally in desperation, forced to announce the date for reopening at the twentieth of the present month—nine months after the last prorogation—is a matter of general knowledge at Ottawa.

"Sister Anne, Sister Anne, do you see anybody coming?" would appear to have been the burden of the song of Sir Thomas White, acting prime minister, and his little handful of devoted colleagues as they looked toward the east, where far out of their sight the waves of the Atlantic broke and the big ships came in at Halifax.

News that Sir Robert had decided that the Bolsheviks in Russia were more worthy of his consideration than those in his own party and in Canada generally, and that he was to get sail for Prince's Islands in the Sea of Mar-mora, there to endeavor to bring harmony and union out of chaos in a country vaster by far than his own, brought despair to their hearts, since the mission might be calculated to delay his return for months.

However, for some reason Sir Robert has apparently decided that the affairs of the Bolsheviks must wait because of the importance of the men he has left behind to run Canada. If his present reported intention to return does not slip up before the ship sails the premier will be here to counsel the shelving of controversial issues for the coming session.

Gaps in Ministry.

In the meantime the question arises as to who of the Government of 25 will guide the ship of state through the second session of the thirteenth (unlucky?) Parliament of Canada. There are five ministers overseas, including the premier, and three are heads, respectively, of the important departments of justice, customs, and trade and commerce. Sir Edward Kemp is still overseas minister of militia. Then Hon. C. C. Balfour, minister of marine and fisheries, is still very far in Montreal, and will not be here for the opening of the session. Hon. Frank Cochrane has been acting for some time, and in any case has no portfolio.

Apart from these partial or total absentees, three holders of important portfolios have no seat in the Commons and cannot be present there when their own estimates are up for consideration. They are: Sir James Lougheed, minister of civil re-establishment; Hon.

Gideon Robertson, minister of labor, and Hon. P. E. Blondin, postmaster-general, defeated at the last election in two different seats.

There are left, then, to look after the country's affairs in the House: Sir Thomas White, Hon. C. W. Rowell, Hon. Dr. Reid, Hon. F. B. Carroll, Hon. J. A. Calder, Hon. T. A. Crerar, Hon. C. S. Mewburn, Hon. Martin Burrell, Hon. Arthur Meighen and Hon. A. K. MacLean—10 in all out of 23. Assuredly, the country is safe.

THIRD DIVISION REACHES ENGLAND THIS WEEK

LONDON, Feb. 11.—(Canadian Associated Press).—The entire Third Canadian Division will be in England this week, the first units embarking for Canada at the beginning of March. Bransford Camp will be cleared of other troops, which will be moved to Ripon in Yorkshire. All the men of the third division arriving in England will receive eight days' leave. Willey Camp is being reserved for other divisions now in France.

EDITOR AND SOLDIER IS GIVEN GOVERNMENT SIT

OTTAWA, Feb. 11.—C. W. Cavers has been appointed director of information of the soldier settlement board. Mr. Cavers is a returned soldier, who, while serving with the 25th New Brunswick Battalion in France, was gassed. He was for some years editor of the Toronto Sunday World.

A recuperative diet in influenza. Horlick's Malted Milk, very digestible.

TWO MORE CHARGES ARE HEARD AGAINST WEBER OF NEUSTADT

Traveler Told Him To Go To Warmer Climate With Business.

OWEN SOUND, Feb. 11.—Two more charges against Joe Weber, reeve of Neustadt, were heard before the police magistrate here today, and the accused was set up for trial on these, as in the former charges. These charges were based on a letter to Maxwell, Limited, in which the aid of this company was asked to secure the exemption of Weber's son, and a verbal request to a traveler named Bayne, both to Maxwell, Limited, and to Bayne, Weber. It is alleged, threatened to refuse to give them any more business unless they signed the petition.

Bayne plainly told the Webers to go to hell with their business.

Weber was also charged with uttering seditious language to a traveler, Arthur Mutton of St. Marys, in which he was alleged to have stated that "The British were licked, and they knew it, and before either of his sons would go, they would die in the hard-ware store." The prosecution based its case on Mutton's evidence, and the defence, for the first time, in any of the cases, presented evidence. This case was not concluded, and will be heard again tomorrow morning.

SO EASY! LIKE
ROLLING OFF LOG

Sore, touchy corns stop hurting,
then lift right out
with fingers

You corn-pestered men and women need suffer no longer. Wear the shoe that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once, and soon the corn loosens so it can be lifted out, root and all, without pain.

A quarter ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callosity. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin. After you lift away the troublesome corn or callosity the skin underneath is as pink, firm and healthy as the palm of your hand.

VOICE OF THE PEOPLE

ADVOCATES A JOINT BUILDING.
To the Editor of The Advertiser: ...
I was pleased to read your articles in Saturday's issue advocating a joint postoffice and customs house on Richmond street and the turning of the present customs house into a city hall. As you say, the site is an ideal one, and plenty large enough for the purposes, consisting, as it does, of 200 feet on Richmond street, and with streets of three sides. The customs house is well adapted for the city offices, and could be transformed into a splendid city building at a trifling expense, and by turning the two upper floors into an auditorium, we would have one of the largest halls in the city. Let us all get together and strengthen the hands of the civic and government authorities in order to carry out this very desirable improvement. A petition signed by all the merchants on Dundas and Richmond streets, and all the members of the city council could not well be ignored by the Government, and would be authority for Messrs. Glas and Cronyn to push the matter to a successful issue. Whatever the conditions were five years ago, when parts of the so-called Federal Square were purchased, it is now evident that no government would be justified in wasting over one hundred thousand dollars in the purchase of a drill ground on the main thoroughfare of the city, while the country is under great obligations to the returned and wounded heroes. Nor would it be good business on the part of the city to induce the Government to purchase this property, thereby losing an immense sum in taxes for all time to come. Far better would it be to sell the land to private individuals for what it will bring, and pocket the present loss for the immense gain to be made in the future from the taxes derived from a very valuable business block of stores. As local newspapers are advocating the joint postoffice and customs house, and the sale of the Federal Square, it is evident that they are in the present instance giving voice to the general public opinion. Yours truly,
CITIZEN.

DRUGLESS HEALING.
To the Editor of The Advertiser:
There are many thousands of people in Canada who have availed themselves of the service of the drugless practitioner, and who have been brought back from the border of the life of renewed health and strength. In very many cases these sufferers have been given to die or doomed to chronic invalidism, according to the verdict of their family physician.
To such people it seems unwarranted perversion of justice that an act of the Legislature should be proposed, limiting the drugless practitioner from practicing his profession in Ontario. Whether the act is passed or not, it is a protest against depriving them of a natural method of cure which has been used for centuries. Government remains to be seen.
A number of letters have recently appeared in the Toronto papers on this subject, which are absolutely misleading, and in Thursday's issue of The Advertiser is another letter of the same type, signed "Educationalist." The writer of this letter makes a special plea for the Kirksville osteopath, and brands all other drugless healers as "unskilled and untrained imitators." In view of their lamentable lack of educational requirements, and of their recognition on the part of the Government.
It may safely be said that if the average medical practitioner had his way, all varieties of drugless healing would be outlawed and driven out of the long ago. If "Educationalist" was the arbiter, the so-called Still graduates would be on an equality with the medical men, and all others would have to go.
There are very few Kirksville graduates in Ontario, while those drugless healers who have come from other schools are more numerous, and are as a rule well qualified to practice their profession, whether they call themselves osteopaths, chiropractors or by some other designation.
Dr. Still conferred a great boon to suffering humanity when he substituted osteopathic methods for the practice of drugs, and his name will never be forgotten, but in practicing his profession and teaching it he still, consciously or unconsciously, clung to the tenets of his early days. Like every other medical practitioner, who has practical physical therapy, he was sadly hampered in his new methods of healing by the time-worn theories of his early days, and this was reflected in his college work. It was, therefore, not surprising that other colleges were organized by men who were able to advance from where the father of osteopathy left off. This was their unpardonable sin, and the colleges instituted by other than the Still family have been hounded and crushed out of existence, or have been forced to come under the banner of the so-called Kirksville osteopathy. The students who were taught at their mother's knee to persecute and condemn all those who differed from them are at the present time very busy trying to prevent every other drugless healer from practicing in Ontario. It is not necessary in endeavoring to secure legal rights to trample on the rights of others, and those who try to win by such methods deserve to meet with failure.
Thanking you, Mr. Editor, for the use of your valuable space, I am,
FAITH PLAY.

WHY THERE IS UNREST.
To the Editor of The Advertiser:
There are a lot of people wondering why there is industrial unrest at the present time in Canada. Those same people wonder why there should be unrest anywhere. That is the usual viewpoint of people in moderate circumstances to whom things come fairly easily and whose worries are few. Naturally they do not always see the other man's viewpoint.
Recently it was reported that the wife of Canada's minister of militia overseas had had furs and jewels to the value of \$40,000 stolen from her winter home, the colonnades of the \$40,000 worth of furs and jewels at a winter resort. It might have been added that these represented some of the profits of a highly protected industry at Toronto. That is one source of Canadian unrest.
A few days ago a dispatch recorded the execution of four grand dukes in Russia. The report of that dispatch was that this was an atrocity. Perhaps it was, and perhaps it wasn't. Russia is free of czarism today, and people who plot to restore czarism are enemies of liberty, whether in Canada or Russia. The loss of four Russian grand dukes is of no more account at this stage of world history than the passing of four Russian peasants, and the world doesn't need to be told how many of them have passed out in the last few years, victims of a bloody autocracy. And any special concern for grand dukes in Russia will not add to the success of labor in this country.
And today it is solemnly recorded in one of your contemporaries that the Duchess of Marlborough, passing London Bridge, picked up some ordinary, common working girls and gave them a ride home. Could snobbishness go further than to spend money in cabbing such drivers? And snobbishness, including all titles and distinctions, is also stifling the deaths of Canada.
In the meantime, while two London ecclesiastics are quarrelling over dogmas of the fourth century, the workmen of London are crowding another little church in the east end to hear a man who is proclaiming that the kingdom of heaven is at hand and doing his part to bring it. Yours truly,
A CANADIAN FIRST.

BEACHVILLE MILK PRODUCERS OPPOSE DAYLIGHT-SAVING

No Good For Dairymen—Tillsonburg To Withdraw Appeal.

WOODSTOCK, Feb. 11.—At a meeting of the Beachville Milk Producers' Association held recently the following resolution, moved by J. Collier and seconded by Jas. Nichols, was unanimously adopted:

"That the Beachville Milk Producers put themselves on record as strongly protesting against the re-enacting of the daylight saving bill, as being detrimental to the farming interests in general and the dairy industry in particular."

"BOYS' RETURN.

Two local men who arrived home today were Pte. W. Pargelone and Charles A. Thompson. Pte. McLeod of Beachville was also in the party.

TILLSONBURG WITHDRAWS.

According to word received here by the solicitor for the plaintiff, S. G. McKay, K. C., the town of Tillsonburg has decided to withdraw its appeal in connection with the recent judgment handed out by Judge Wallace, whereby John A. McKay of Tillsonburg was awarded \$500 and costs against Tillsonburg for injuries received when he fell into an unguarded catch-basin on a Tillsonburg street one night last winter.

J. C. Carruthers of Tillsonburg acted for the defendant.

FOR VICTORIAN NURSES.

At the regular meeting of the city council last evening the city voted \$350 to the local Victorian Order of Nurses for the purchase of an automobile for the use of the local nurse. Should the order become defunct in the city the ownership of the car is to revert to the city.

DIES IN OXFORD.

The death took place yesterday at the home of William Pollin, East Oxford, of Henry Edwin Elvidge, in his 31st year. Deceased was a son of Mr. and Mrs. Charles Elvidge, this city, and had been ill only a week from influenza. He was born at Burford, and spent the greater part of his life working in Blenheim Township. Besides his wife, one child survives. This is the second death in the family within two months. Just recently a brother of the deceased died with influenza in England.

LARGE GATHERING OF ODDFELLOWS AT TILLSONBURG

TILLSONBURG, Feb. 11.—This was a red letter day in the history of the Oddfellowship in Tillsonburg. The lodge, I. O. O. F., No. 50, was the hosts of a large delegation from Culloden, Port Burwell and many visiting brethren, including Deputy Grand Master C. M. Hemmingson of Toronto; Deputy District Grand Master Culloden of London District, No. 14, and District Grand Master George Whitley of Culloden. The degree teams present were: Bunka Lodge No. 30, Forest City No. 38, Dominion No. 43 and Chocoma No. 190 of London.

The centennial celebration of the District No. 17 was held in the form of a lodge of instruction, the second degree being exemplified in the afternoon, and the third degree in the evening. A banquet followed.

There are despairing men and women by the thousands in this city, whose stomachs keep them in constant misery that can be quickly restored to vigorous health by Dr. Hamilton's Pills.

We know of no other medicine that possesses such power to kindle into new life the exhausted energies of chronic stomach sufferers.

There is an extraordinary power in Dr. Hamilton's Pills that searches out the weak spots, that braces up the delicate glands and complex workings of the stomach and bowels.

There are invigorating, stimulating tonic ingredients in Dr. Hamilton's Pills which are derived from powerful juices taken from rare herbs and roots, and these are scientifically combined with other medicinal products so as to assist in a harmonious and proper working of the entire system.

The ingredients of Dr. Hamilton's Pills, coming from the great storehouse of Mother Nature herself, can be relied upon to be harmless. Guaranteed results follow to all who use Dr. Hamilton's Pills for Stomach Weakness, Gas, Sourness, Headache, Biliousness or Constipation.

Seekers of the better health cannot do better than invest 25c in this health-bringing family medicine.

Children Like It

"You know it is not an easy matter to get children to take medicine, and forcing it on them does no good. Most mothers know that a cough medicine, while palatable, should contain no drug injurious to the child.

The great popularity of Chamberlain's Cough Remedy is explained by the fact that it contains no opium or narcotic of any kind, and at the same time is so pleasant and agreeable to the taste that children like

Chamberlain's Cough Remedy

For this reason alone it is a favorite with the mothers of young children."

MUCH CREDIT GIVEN TO MRS. I. H. MOODY

Has Been Responsible for Educational Improvements.

FORMER LONDON WOMAN

Niece of A. J. Marsh of This City, and Lectured Here.

The Western Women's Weekly of recent date pays a warm tribute to Mrs. Irene H. Moody of Vancouver, B. C., a former London girl, daughter of J. C. Hawkins, at one time of this city and niece of A. J. Marsh, Westmoreland avenue.

Mrs. Moody, a graduate of the College Institute and Alma College, St. Thomas, and subsequently of the School of Expression, Boston, Mass., is probably the first Canadian woman who has held the office of chairman of the school board in a large city. She was chairman of the Vancouver School Board in 1917, and has this year been re-elected by acclamation.

Her Many Works.
The Western Women's Weekly states that while chairman of the board, Mrs. Moody was either directly responsible, or largely so, for the appointment of a woman physician, in order that all girls

should be examined by a woman; the appointment of a janitress for the two largest high schools, the position combining the work of matron and janitor of the girls' department; opening Little Mothers' League classes in four school centres, with the co-operation of the Women's University Club; organizing a course for home workers in the night school; appointment of a psychologist, and the opening of a psychological clinic and special classes for retarded children; the appointment of the first woman vice-principal on the high school staff, and the opening of the first night course in the King Edward High School, a three years' course in home economics, from which the girls may enter the Normal, or matriculate into the University.

Lectured Here.
A couple of years ago, Mrs. Irene H. Moody paid a visit to London, giving a series of lectures on "Education and development of the child in regard to the life force." In recognition of these lectures, given a number of places in Canada, the Boston School of Expression conferred upon Mrs. Moody the degree of associate, an honor only bestowed in recognition of some signal service to humanity.

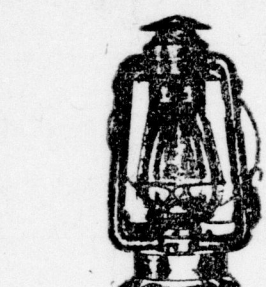

CINDERELLA DANCE AT COVALESCENT HOSPITAL

A "Cinderella" masquerade party was given at the Military Convalescent Hospital on Tuesday evening by the young ladies of the Canadian Smaltwares, Limited, and the patients of that institution. Although all the men were soldiers, not a khaki uniform was seen, all being dressed in fancy costumes, many of them made by the men themselves. Cards, dancing and a short musical program were much enjoyed, the merry party breaking up at midnight.

VETERANS PLAN BIG DEMONSTRATION HERE RE ALIENS' POSITION

Will Ask Chamber of Commerce and Others To Help.

"That the employment committee be instructed to organize a demonstration in conjunction with the Trades and Labor Council, Chamber of Commerce, Rotary Club and other bodies of similar character against employment of enemy aliens, such demonstrations to be held in a large hall or the open air. Suitable

speakers are to be obtained for the occasion.

This resolution was moved by Comrade Juggins at one of the best-attended meetings of the Great War Veterans' Association in the Masonic Temple last night.

A committee of five members was appointed to take up the city council with regards to the taking up of the housing scheme as formulated by the Government affecting returning soldiers.

Another question which caused much discussion was the land settlement question. Comrade Dr. Williams and Major Chisholm were appointed to draw up a resolution regarding the land settlement question. It follows:

"That the land settlement committee of the G. W. V. A. be instructed to interview the two local members of Parliament, asking them to vote in favor of the soldiers' land settlement scheme to be laid before the House."

The general business, it was found necessary to elect a new vice-president, through the resignation of Comrade E. Bull, who has transferred to the Windsor branch. Comrade C. M. E. Graham was unanimously elected to the position.

It was also decided that the station upon their arrival was not the most effective reception, and another plan will be formed so as to give the returning men a better and more effective welcome. The initiation of new members took place, of which there is a list of 155 at present. J. H. Warburton acted as chairman in the absence of President W. G. Collins.

The action brought by Bishop Benjamin R. McGuire, of the Reorganized Church of Jesus Christ of Latter Day Saints, Independence, Mo., against Bishop R. C. Evans, for an accounting of funds of the Toronto church, and has aroused much interest in this city owing to the fact that the defendant is a former London man, was prominently associated with the local church of Latter Day Saints, and for some years before going to Toronto was the elder in charge. He has frequently returned to the city of his birth to give addresses here, particularly in connection with the Reorganized congregation. He was the chief speaker in connection with the laying of the cornerstone of the new church on Mainland street some years ago.

On Tuesday the master in chancery, J. A. C. Cameron, at Osgoode Hall, made an order on the application of the plaintiff, adding the former officers of the auxiliary organizations of the church as parties defendant. Information re the case received from Toronto is as follows:

Asks Accounting.
The action is for an accounting of the goods and chattels of the Reorganized Church of Jesus Christ of Latter Day Saints received by or in possession or control of the defendant, and for an order for the moneys and properties.

The statement of fact says: "The plaintiff, residing at Independence, in the State of Missouri, is a bishop of the Reorganized Church of Jesus Christ of Latter Day Saints, and as such is trustee of the said church. The defendant, residing in the city of Toronto, is a bishop of the said church, and as such is trustee of the said church. The plaintiff claims damages for the said appropriation. (c) The plaintiff also claims his costs of this action."

In his statement of defence, R. C. Evans admits that he was bishop of the Reorganized Church down to June 3, 1918, but denies all the other

Church, Toronto branch. The defendant also diverted and appropriated certain funds of subsidiary and auxiliary organizations of the said Toronto branch, among which are following: (1) Zion Religion-Library Society; (2) Sunday school; (3) Ladies' Auxiliary; (4) new church building fund; (5) missionary preparation fund, including sermon fund. "The plaintiff therefore claims: (a) An accounting of all funds in the custody, possession or control of the defendant, belonging or in any way relating to the Toronto branch of the said church at the time of his resignation, namely, June 3, 1918; (b) the plaintiff claims damages for the said appropriation; (c) the plaintiff also claims his costs of this action."

Accounts Audited.
"The defendant says that his accounts connected with the church fund were duly audited at the end of the year, ending the 31st of December, 1917, and all moneys in his hands, as found due by the said audit, were duly paid over to the plaintiff, except a small balance required for current needs. "Immediately following the resignation of the defendant he had an audit made of his books, by which it was ascertained that there was a balance owing by him of church funds, including the balance retained at the end of 1917, amounting to \$2,394.22, which he remitted on June 5, 1918, \$2,350 to the plaintiff, and on June 21, 1918, paid the balance of \$44.22 to the president of the Toronto branch, the books of account used by him showing all moneys received and disbursed, and when such books of account were handed over the defendant expressed his willingness to pay over any further moneys which it might later be found had not been duly accounted for by him.

Furnished With Copy.
"After the delivery to the plaintiff of the defendant's books of account, he made, and after the commencement of this action the plaintiff furnished the defendant with a copy of such audit, from which it appeared that the defendant had received, on or about the 24th day of April, 1918, the sum of \$241.50, in addition to the various sums paid over by him. The defendant admitted that he is accountable for the said sum of \$241.50, and pays the same into court with this his amended defence. "The defendant denies that he has in his possession any church funds, or any moneys to which the plaintiff is entitled."

Where Quality Counts

OAK HALL

Where Quality Counts

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else, that contains too much alkali, for it is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulled coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats anything else in all pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair grows quickly and evenly, and is soft, fresh-looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

TO ALL WOMEN WHO ARE ILL

This Woman Recommends
Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it I have a fine, healthy baby girl, and have gained in health and strength. My husband and I both praise your medicine to all suffering women."—Mrs. John Koppelman, R. N. 1, McLean, Nebraska.

This famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has been restoring women of America to health for more than forty years, and it will help any woman who suffers from displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues" to give this successful remedy a trial.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Company, Lynn, Mass. The result of its long experience is at your service.

DASH AWAY AND SPEND, PROGRAM OF GOVERNMENT

Mapped Out Regardless of Where Money Is Coming From.

BUDGET OF \$800,000,000

Revenue For Present Fiscal Year Something Like \$300,000,000.

[Special to The Advertiser.]

OTTAWA, Feb. 11.—The Government is apparently going ahead with a campaign of expenditure for the coming year without giving very much consideration to the question of where the funds are coming from. It is a case of "dash away and spend," and never mind the consequences. With a net debt rapidly approaching the two billion mark, it intends embarking upon expenditures such as the Dominion in its present days, and with a debt not more than three hundred million, would never have dreamed of.

Here is a list of contemplated expenditures: For militia, \$275,000,000; for running expenses, \$75,000,000; for shipbuilding, \$60,000,000; for public works, \$20,000,000; for railways, \$80,000,000; for railway deficits, \$25,000,000; for gratuities to soldiers, \$75,000,000; for pensions, \$50,000,000; for good roads, \$5,000,000; for housing, \$15,000,000; for technical education, \$5,000,000; for interest on the debt, \$70,000,000.

This makes a total of close on \$800,000,000, and Canada's record of revenue for the present fiscal year is something like \$300,000,000.

And this takes no account of land to be purchased for soldiers; of advances to be made to those who go on the land of expenditure which may be incurred on the purchase of the Grand Trunk, and of the hundred and one other things, which the Government may decide to "invest" in before the budget comes down.

And yet the Government, it is said, has decided not to renew the war profits tax, which lapsed on December 31 last.

PRINCE OF WALES PAYS RESPECTS TO WILSON

German President May Receive Yearly Salary of a Million Marks

BASEL, Feb. 11.—Havas Agency.—The annual salary of the president of the German republic, who may be elected this week, by the national assembly, at Weimar, will be limited to 1,000,000 marks, according to a dispatch from Berlin. The president will reside in Berlin. He will select his executives from all parties.

GIRL CUSTOMER GOT DRUG IN A CHINESE CAFE AT CHATHAM

Druggist Says It Was Substitute For Aspirin.

CHATHAM, Feb. 11.—Ing Ming, manager of a local Chinese cafe, was in police court today on a charge of selling drugs to a girl customer of the cafe. The testimony was that the girl testified to this, and the manager testified that he purchased the article for the girl at her request. The druggist testified that the article was a substitute for aspirin, and did not contain any of the drugs mentioned in the opium and drug act.

ROYAL GEORGE SAILS WITH 1,316 CANADIANS BOUND FOR HALIFAX

OTTAWA, Feb. 11.—The militia department has received word that the transport Royal George, with 1,316 Canadian soldiers on board, sailed from England on or about February 10. She carries 55 officers, 17 cadets and 120 other ranks, and will dock at Halifax. Those from London district are five officers and one hundred other ranks and two cadets.

BROOKE ENNISKILLEN CLASS DOES MUCH EXCELLENT WORK

OIL CITY, Feb. 11.—The adult Bible class, "Overcomers" of Brooke-Ennis-Killen Baptist Sunday school, during the second year of its organization has had a most prosperous year. The average attendance has been 14 of an enrolled membership of 38, and the total attendance for the year has been 565. The amount of money contributed by the class and expended for various

purposes was \$153.32. This was used for class expenses and missions, the latter receiving more than two-thirds of the money, according to reports given at the annual meeting recently by Mrs. J. W. McDougall, secretary.

The class has held monthly social and business meetings. The most interesting feature of this class is the Sunshine committee, whose purpose is to visit with good cheer the sick and shut-in members of the neighborhood. The total amount raised for the committee for the year was \$22.50. Except for a small balance of \$2.40, this was spent for fruit, flowers, books or other

FOOD WILL PREVENT DISEASE

Food is always a better preventive of disease than serums, toxins or other drugs—but be sure the food is pure, clean, nourishing and easily digested.

Shredded Wheat

is the most thoroughly cooked cereal in the world. It is the whole wheat boiled in steam, drawn into filmy, porous shreds and then baked crisp and brown in coal ovens. Epidemics of disease may be traced to under-nourishment. Keep yourself fit by eating foods that fortify you against disease. Serve Shredded Wheat with hot milk or cream and fruits.

VOICE OF THE PEOPLE

POINTS TO INCONSISTENCY.

To the Editor of The Advertiser:
I read with a good deal of interest, not unmixed with amusement, the letter signed "Educationalist," in your issue of 4th inst., upon "Osteopathy." It would have been a small space in your column, in which to make a few remarks, if it was not my intention to criticize his words of praise for the osteopaths, with whom I have had no experience and whom, no doubt, are many instances capable men (or women) and efficient in the practice of their profession. My experience has been with the chiropractors, and I feel perfectly free to say that I have derived untold benefit from this form of treatment, and I also have no hesitation in saying, that if the Ontario Legislature decides to put the great "I AM'S" of the Medical Association, it will be another piece of "Prussianism," a form of government, which seems to be growing in popularity with the "powers that be" (wonder if "Educationalist" knows French?) Nor do I purpose to discuss the various "osteos," "chiro's" and "inco's," etc., rung into the letter by the person who hides behind the pseudonym "Educationalist," but by adopting that pseudonym, and using a lot of high-sounding language, and loud-sounding words, he evidently wishes to be inferred that he is "educated"! Well, he may be to a certain extent, but his education did not include "logic," because he is illogical in his remarks. He refers (I use his own words) to the "persecution of osteopaths" by the "persecuted, bitter, and determined crusade of persecution by allopaths" against osteopaths, forgetting that this crusade is also directed against chiropractors, which he (very properly, too) regards as unfair and unjust, and yet at the same time he avows that "each radically new development in science of healing has always been met by a storm of reproach and bitter opposition," and "Educationalist," in face of his objection to the names of procedure, is adopting the same tactics, to which he objects, towards the chiropractors! Presumably he is either an osteopath or a believer in them, but in any case, he is illogical. "Consistency, thou art a jewel," I am, yours faithfully,
F. E. TOBIAS.

BOLSHEVISM AND CHRISTIANITY.

To the Editor of The Advertiser:
May I suggest that political propositions or planks as a reply to J. W. Eaton's letter, which appeared in your issue of February 4, re Bolshevism and Christianity?
If the tillers of the soil and the laboring masses of today and many other organizations, too numerous to mention, want burdens placed upon their shoulders, let them go behind the screen and cast their ballots for lawyers to rule over them. On the other hand, if they want a yoke easy to be borne, so that they might have life, and that more abundantly, let them think not what they shall eat, nor what they shall drink, nor in what they shall be clothed, for that is what the Gentiles seek after; but seek first to establish the ethics of the Apostolic Church, and all these things shall be added unto them. For is it not evident that the ethics of the law came from Moses, but the ethics of Christianity came by Jesus? But who are lawyers? Are they not, as Paul says, men of no mean citizens under the "reign" of law? But stop, look, listen! Are they not identical with the children of the fathers who turned back into Egypt in their heart or mind, and became entangled again in Egyptian bondage? Are they not our own children? Therefore, must we not turn the hearts of the fathers to the children, and the hearts of the children to their fathers, lest God come and smite the earth with a curse? For it is obvious to the wayfaring man and the public-minded kings and rulers of today that it was not over-production or lack of corn in Egypt (for God had provided full and plenty) that brought the Egyptians under the servile chains of public slavery at the end of their

seven-year death; but it was the public carnal-minded "right" of accumulating public, carnal, individual wealth, and the public, carnal-minded competition of the producers of their labor against silver and gold, which is of no intrinsic worth, and the public carnal distribution of the same through their public, carnal, industrial system. So, likewise, it is not the lack of corn in the world today, or the public labor traffic, or public over-production, that causes the children of Bolshevism, Socialists, Anarchists, etc., of the soil, and the laboring masses, and many other organizations, too numerous to mention, to cry out to the public, carnal-minded political parties for clothes and warmed, that they might have life, and that more abundantly, but it is an account of our public, carnal, economic system, which has come down to us through the public, carnal ethics and traditions of public, carnal-minded men from the carnal-minded ages of oppression and tyranny. W. A. WAID.

A REJOINDER OF BISHOP FALLON.

To the Editor of The Advertiser:
In your issue of this date, Canon Tucker attempts to draw a red herring across the track by making certain comments on my sermon of Sunday evening. I do not propose to allow him to so escape the issue raised by himself. On the 3rd instant, Canon Tucker was reported as having said in the pulpit of St. Paul's Cathedral on the day preceding "that the name of the Jesus was substituted for the name of Jesus in a public letter of the 15th instant." In fact, on the same day, Canon Tucker repeated his slander in the following terms: "Leaders of the Catholic Church have been promoting the glories of Mary and ascribing to her the attributes of Christ himself." In his rejoinder, Canon Tucker attempts to evade the issue, but he has not produced the proofs. The charge he made is clear and intelligible: It can be established by producing the Psalms and the Te Deum in which the name of the Virgin Mary has been substituted for that of Christ. Until Canon Tucker produces those proofs, or publicly admits that he cannot do so, no other performance of his is worthy the attention of an honest man. Yours faithfully,
M. F. FALLON,
Bishop of London.

COKE TAKES DROP AT GUELPH: IS NOW SOLD AT \$6.50 TON
Does Not Include Delivery—Military Drill in Disfavor.

GUELPH, Feb. 11.—The Guelph Light and Heat Commission today decided to reduce the price of coke \$1 per ton. It will in future be \$6.50 per ton, while farmers and those residing outside the city will have to pay \$7 per ton. These prices are for coke at the gas works, and not delivered. The lowering of the price of gas was also considered, but the conclusion was reached that this could not be done until the price of coal had been reduced.

BUY War-Savings Stamps

What is a War-Savings Stamp?

It is the evidence of a promise of the Dominion of Canada to pay the owner \$5.00 on January 1st, 1924.

What does it cost?

A War-Savings Stamp costs \$4.01 this month; \$4.02 in March; and the price advances one cent each month in 1919.

What are the extra cents for?

These represent the interest earned.

What is a War-Savings Certificate?

It is a pocket-sized folder, containing spaces for 10 W.S.S. A completed War-Savings Certificate is the Government's "bond" to pay \$50.00 on January 1st, 1924.

Who should buy War-Savings Stamps?

EVERYBODY in Canada.

Why? Because in so doing, they help Canada, and benefit themselves.

War-Savings Stamps are sold at Money-Order Post Offices, Banks and other places displaying this sign.

Buy Thrift Stamps at 25 cents each; affix 16 to a Thrift Card, and present as \$4.00 in buying a W.S.S.

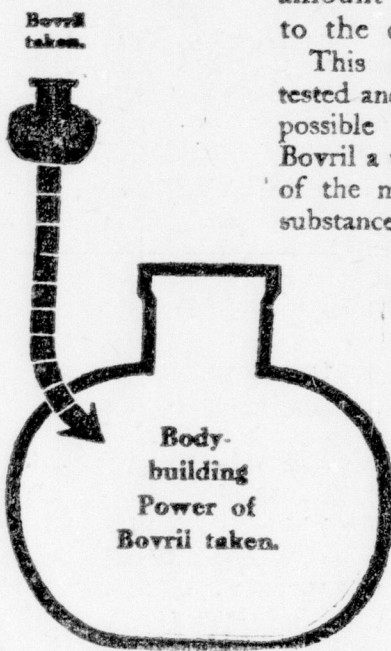

Enormous Food Value of BOVRIL

Proved by World-Famed Scientist at instigation of British Government Department

The great body-building power of Bovril does not admit of argument. It is proved, just as the circulation of the blood is proved, or the law of gravity.

The independent experiments carried out by an eminent physiologist under the most complete scientific control, proved the notable body-building powers of Bovril. The experiments were conducted with human subjects, on a standard diet, and the increase in weight was never less than 10 (and it actually in some cases reached 20) times the amount of Bovril added to the diet.

This tremendous fact, tested and proved in every possible way, has given Bovril a unique place as one of the most precious food substances in the world.

WILLIAM FAVERSHAM IN "THE SILVER KING" AT THE MAJESTIC

Excellent Program at Popular Playhouse Today, Thursday and Friday.

When Henry Arthur Jones' celebrated melodrama "The Silver King" was produced in London in 1882, its success was so pronounced that it was in great demand in this country. It was first presented in New York at Wallack's Theatre on January 23, 1883, within a few months of its London premier. The play achieved an instantaneous success, and it toured the country triumphantly for several seasons.

Third celebrated play has been pictured with William Faversham, the famous actor, in the stellar role, and it will be shown at the Majestic today, Thursday and Friday. One of the big features of the production is a representation of Derby Day at Epsom, and aside from this there are many other notable views of scenes in and about London.

Mr. Faversham is finely supported, his leading woman being Barbara Castleton, a talented actress, well-known on the stage and screen.

"Tell That to the Marines," a James Montgomery Flagg Comedy Showing at the Majestic Today and Thursday.

The third Paramount-Flagg comedy, "Tell That to the Marines," a humorous satire which teaches salutary lessons to pacifists in these days of war, is drawing large audiences to the Majestic Theatre today and Thursday. The principals in the cast are Olin Howland and Beatrice Tremaine, and they contribute vastly to the enjoyableness of the comedy.

Scenes from "The Silver King," a picture of Henry Arthur Jones' great melodramatic success of the same name, showing at the Majestic today, Thursday and Friday.

LILLIAN MORTIMER AND COMPANY PRESENT ACT AT THE PATRICIA

"Blindness of Divorce" Showing at Patricia Theatre Today Only.

Lillian Mortimer and Company present an excellent vaudeville playlet at the Patricia again today. This sketch, "How to Manage a Wife," is full of clean humor and amusing situations. Two comedies, "The Fatal Marriage" and "For Love or Money," are one long laugh.

The principal screen feature, "The Blindness of Divorce," conveys a great moral lesson.

The evils of the greatest scourge of society, divorce, are shown in a dramatic manner.

"Blindness of Divorce" will be repeated today for the last time.

HUNGARY WILL PROBE GERMAN ATROCITIES

BASLE, Monday, Feb. 10.—A full investigation of responsibility for the continuance of Hungary's participation in the war and also concerning "crimes and barbarities committed in Serbia, Belgium and France, the ruthless submarine warfare the inhuman war in the air and the use of gases and bombs," Count Karolyi, the president of Hungary, demanded today at a meeting of the Hungarian constituent assembly, according to a dispatch from Budapest.

LATEST PARISIAN STYLES REVEALED IN PLAY AT GRAND

Anita Stewart in Her Supreme Triumph, "Virtuous Wives."

Local feminine patrons of motion pictures have an opportunity to acquaint themselves with the most recent wartime styles in women's apparel by studying the multitude of fiery worn by the star and principal actresses in "Virtuous Wives," showing at the Grand again today and Thursday.

"Virtuous Wives" is a story of married life in New York society, and as such it had to be accurately and lavishly "dressed." Miss Stewart, in the role of Amy Forrester, wears eleven different dresses and suits in the changing scenes of the story.

Mrs. De Wolff Hopper, who will be seen as Mrs. Irma Delahure, was obliged to provide herself with nine new gowns and frocks to keep pace with the demands of George Leane Tucker, director for Miss Stewart, for the proper costuming of the women principals who play the part of social personages.

The vaudeville feature of the bill at the Grand today will be the Rene Vincent Quartet of Harmony Singers, who will be heard in a varied offering of the newest song hits.

Other features on the bill will include a splendid comedy "Her Unmarried

Life" featuring Alice Howell, and a Pathé news film.

Pierrot Players at the Grand on Friday and Saturday.

The Pierrot Players will appear at the Grand on Friday and Saturday evenings at 8:15, and Saturday matinee at 2:30, in an all-star vaudeville revue of the season. This attraction is composed of twelve stellar vaudeville acts, comprising the most artistic players, picturesque costumes and original stage settings that have appeared in this city.

Heading the list of players are: Eugene Lockhart, who will sing his famous English songs, "The Galloping Major," "It Does Go," etc., and his famous imitation of an English village curate; Miss Grace Lang, who is possessed of a remarkably fine voice, will offer some new songs that are sure to please; Sam Shull-

TWO NEW "MOVIES" FOR AMHERSTBURG

AMHERSTBURG, Feb. 11.—Mr. Marr, who has had a store at the Brunner-Mond, has purchased the lot on the corner of Richmond and Sandwich streets, paying \$5,000 for it. He will erect a moving picture house with seating capacity for more than six hundred.

The young son of Mr. and Mrs. Courtney, Dalhousie street, is ill with scarlet fever. There are a couple of other cases in town.

Anniversary services will be held in St. Andrew's Church on Sunday, February 27. The pastor, Rev. Mr. Monteith, will conduct both services. The evening service will be in the town hall. For Monday evening special attractions have been arranged.

The regular meeting of Amherstburg Literary Society was held at the home of Mrs. E. P. Scratch.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine, so it no longer is a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Milwaukee Man Says Mother
Suffered Eighteen Years—
Tanlac Restores Her

& St. Paul Railroad, living at 26 25th street, Milwaukee, recently. Mr. Passage's mother, Mrs. Minnie Passage, at the time she came to Milwaukee, four years ago, had been a resident

"For eighteen or twenty years," continued Mr. Passage, "my mother has been afflicted with indigestion, and can truthfully say that Tanlac is the only medicine I have ever seen able to find a cure for it. I have done so frequently. Nothing she would eat agreed with her and she was obliged to eat so frequently that she was almost sick from the little while after eating her food would come back. I was obliged to sit up and cause her to suffer for hours. At times this gas would press on her heart and she would feel as if she was going to actually thought she was going to die. She complained of awful pains through her stomach and back, and she would belch up sour gas for hours. I have often had to get up in the middle of the night to put her up and give her of this gas, and I don't believe she has ever got a good night's rest on account of this gas. I have seen her suffer in the past year she lost 25 pounds in weight, or more, and all her strength has been lost. She has failed very much the last six months. She has failed to eat much of a thing, and she has failed to eat eggs, and even this would hurt her. After condition became so serious that she was obliged to go to the hospital in order to stay home and take care of her.

"One day I noticed a Tanlac testimonial in the paper which was so straightforward that I decided to try it. Afterward wanted her to try the medicine. She agreed, and at the time she started taking it, she was down on her feet for five weeks and couldn't stand on her feet, but a few minutes after she started taking it, she was up and taken two bottles now and you may believe it or not, she is up doing a good deal of work. She is now 63 years of age, but I declare she gets around as well as a young girl. She now sleeps like a child, eats anything she wants and that gas and indigestion has been cured. I have never seen anyone as Tanlac has made in medicine. I have never seen anyone feeling mighty happy herself. We can say too much in behalf of Tanlac, and I am sure that it will be a great neighborhood about it."

Tanlac is sold by the Standard Drug Company, Limited, and by all established agencies in every town

PROBE TWO FATALITIES.
Dr. J. S. Labelle, coroner of Essex County, has ordered inquests into the deaths of William Shilton, and George Kline, who were killed in the yards of

The Michigan Central at Windsor late Monday night.

Shilton was found alongside the tracks. He had been picking up coal, being hard of hearing, he failed to hear the approach of a passenger train, it is thought.

Shilton was employed by the company. The prosecuting authorities have been unable to find witnesses who can shed any light on the fatality. Kline was released on \$1000 bond.

WE MUST NOT FAIL!

WE ARE NOT through yet helping the boys who went across and held the lines for us against Frightfulness and Hunnishness. We promised to help them, not only over there, but when they came back. One of the very best ways to keep the promise is to put the Salvation Army in a position to do everything for them that they need, and everything the Salvation Army wants to do, but CAN'T unless we make it possible by giving the money.

Are some of us "tired of giving"? Let such a one think how many of the wounded, sightless, broken-down soldiers must be "tired of suffering."

Have some few said, "We have the Salvation Army with us all the time?" Let such remember that never were so great demands made upon these devoted, self-sacrificing men and women. Your peace-time donation does not fill the bill. DON'T say you're not going to give! DON'T say the call is unnecessary! Give to this needed effort. Your money will continue to work long after you've forgotten you gave it. Away into next year and the next your gift will go on doing good and helping some poor fellow.

THREE-YEAR PRISON TERM FOR RUSSIAN GUILTY OF ASSAULT

Judge at Kitchener Gives Sentence—Crime Committed at Galt.

KITCHENER, Feb. 11.—Three years in the Kingston penitentiary was the sentence imposed upon Harry Stephen, a Russian of Galt, who was found guilty of attempted assault by a jury in the supreme court of Ontario sitting in Kitchener today.

Hon. Mr. Justice Sutherland imposed the sentence. The prisoner on October 25 entered the home of a Galt girl, and finding her in bed suffering from the "flu," assailed her.

POLISH ASSEMBLY IS
ADJOURNED TO FEB. 12

WARSAW, Monday, Feb. 10.—The Assembly opened today, with a speech by Gen. Plandski, who requested the oldest delegate to preside as temporary chairman, and two of the youngest delegates to act as temporary secretaries.

The assembly adopted a proclamation assuming control of Poland by virtue of the election of the delegates by the people, and stating that the representatives are the national representatives of Poland. The assembly was then adjourned until February 12, when a constitution will be adopted.

Entire Naval Bill Is
Passed by U. S. House

WASHINGTON, Feb. 11.—Administration leaders in the House tonight won their fight for a declaration by Congress of a policy of naval expansion unless limitation of world armament is agreed upon at the peace conference.

After an all-day debate the House voted 194 to 142 to approve the new three-year building program of ten battleships and ten scout cruisers, and immediately afterwards adopted the entire naval appropriation bill.

Britain and France Send Notes to Enemy in Nature of Threat

United States Is Expected to Follow Suit—Armistice Terms May Be Shortened—Germany Soon to Invoke Conscription.

PARIS, Feb. 11.—Havas Agency.—Mathias Erzberger and the other members of the German armistice commission were preparing to leave Weimar today, according to dispatches received here, for Treves to carry out negotiations for a renewal of the armistice.

Representatives of the German Government have asked permission from the armistice commission at Spa to be allowed to use warships against the Bolsheviks who are seizing towns on the Baltic coast, according to an Amsterdam dispatch to the Central News. Germany has also requested the support of Allied warships.

COPENHAGEN, Feb. 11.—Great Britain and France have sent notes to Mathias Erzberger, president of the German armistice commission, the Weimar correspondent of the Berlingske Tidende says he learns from a reliable source, dealing with the failure of Germany to deliver locomotives and agricultural machinery as agreed.

He says the tone of the notes virtually constitute a threat to Germany.

The correspondent adds that it is reported that a similar note is expected from the United States.

MAY SHORTEN ARMISTICE.
PARIS, Feb. 11.—A proposal to change the Allied armistice policy and greatly shorten the armistice periods is understood to be before the supreme war council. This proposal calls for the limiting of the armistice periods to about ten days, at the end of which time new terms would be imposed on Germany.

The sentiment is expressed by many in attendance on the peace conference that this would give the Allies a better hold on the situation and enable them to meet the constantly changing conditions. No intimation is given as to the attitude of the supreme war council in the matter.

The demobilization of the French army has not been suspended, contrary to persistent rumors, but is proceeding on schedule, according to a statement made to the Associated Press today by a French official.

Since Marshal Foch's announcement before the armistice commission that the Germans could mobilize two million men in six weeks, there has been a feeling of uneasiness expressed by the French public. Possibilities views have been openly discussed, as also has been apprehensions of a renewal of the German offensive. The newspapers have commented on the situation in a manner such as to call for frequent blanks in their pages, due to censorship.

Germany Considers Resort To
Conscription To Rebuild Army

BERLIN, Sunday, Feb. 9.—(By the Associated Press).—Conscription of various classes of men, up to 35 years of age, will shortly be decreed, according to information given the correspondent today. Authority in this direction, it is explained, will be given the Government by the National Assembly in the near future, and it is understood that Gustav Noske, who has been mentioned for the post of minister of national defence, will proceed forthwith to adopt the measures needed to re-establish the army and put it on an effective footing.

Field Marshal von Hindenburg has indicated that it would require four well-equipped army corps to solve the problems on the eastern border. It is estimated that these corps would aggregate 200,000 men.

The Bolsheviks are now near enough the German frontier to be able to bombard Lyck, Bydtkuhnen, Tilsit, Memel and other important points with long-range guns.

In addition to the military activities of the Poles, who daily are reported to be becoming more emboldened, Ger-

U. S. CARPENTERS DEFER STRIKE TILL SATURDAY

NEW YORK, Feb. 11.—A truce has been signed between the striking unions of the building trades and the Building Trades Employers' Association, extending from Thursday morning to Saturday noon, in the hope of arbitrating the differences with the Carpenters' Union, which brought on a sympathetic walk-out, it was announced tonight.

CHIEF TURK BUTCHERS ARE BROUGHT TO TRIAL

PARIS, Feb. 11.—Havas Agency.—The trial of those responsible for the Armenian massacres by the Turks has begun in Constantinople. The leader of the Turkish officials being tried at present is Keimial Bey, governor of Diarbekir.

TORONTO BAKERS STILL SLASHING BREAD PRICES

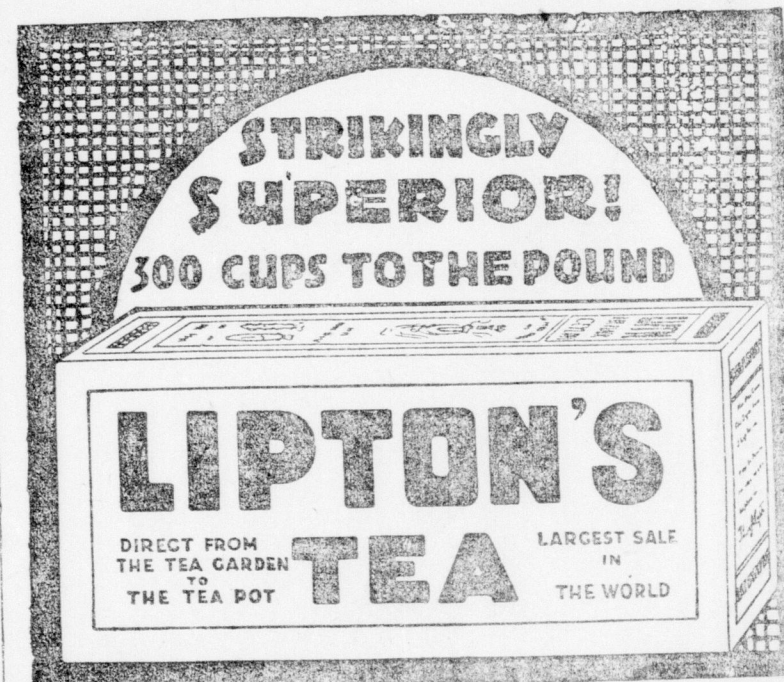

TORONTO, Feb. 10.—The bakers' price war still continues here, and today bread is selling at 3 cents for a 24-ounce loaf or fourteen tickets for \$1. The Canada Bread Company and the George Lawrence Company are the

big firms that are cutting prices. It is said that the actual cost of bread per pound is 6.7-10 cents, which makes the cost of a pound and a half loaf delivered 10 1/2 cents. "We will have to compete till somebody comes to his senses," said the manager of one of the concerns today.

G. THOMAS E. MARTIN DIST. REPRESENTATIVE, GOES TO BARRACKS

M. S. A. Official Returns to Military Headquarters Staff.

G. Thomas E. Martin, whose services were loaned by the military authorities to the M. S. A. deputy registrar's office in the capacity of district public representative, is now returning to district military headquarters at Wexley Barracks here.

Sergeant-Major Martin (W.O.) is a returned soldier, and was formerly chief clerk to Lieut.-Col. H. D. Smith, general staff officer of this district. On going to the deputy registrar's department Mr. Martin was appointed assistant district public representative, and efficiency and fairness which marked his work was later recognized by his appointment to the position of district public representative.

STAR

Corinne Griffith in a Thrilling Play at the Star Theatre.

Corinne Griffith, the girl of many charms, will appear as star in the latest Vitaphone picture, "The Adventure Shop," which will be shown at the Star Theatre today and Thursday. This picture tells the story of a country "hook" (that is, a fellow supposedly a "hook"), who comes to New York for adventure. He happens to fall in with a group of society folk led by Phyllis Blake which has grown tired of its prosaic existence. They have banded themselves together into a clique known as the Adventure Shop. Posing as a gang of underworlders they proceed to pick on Josephus Blake. But Josephus turns out to be a wise bird after all and turns the tables on them in a manner both amusing and thrilling.

Special interest is attached to "The Adventure Shop" in that it introduces Bud Fisher to the photoplay world as an author. Mr. Fisher is known the world over as the creator of "Mutt and Jeff," those funny fellows who amuse us on the daily comic page. And their activities on the screen have also made thousands laugh. "The Adventure Shop" is Mr. Fisher's first venture into the field of scenario writing. That he has met with success is not at all astonishing, considering his well-developed talent along other creative lines.

RESPONSIBILITY RESTS WITH WOMEN, SAYS W. C. T. U. PRESIDENT

About 20 new members were added to the list of the "white ribboners" at the meeting of the W. C. T. U. Tuesday afternoon.
Discussion centred on keeping the provincial referendum constantly before the members of the union.
Speaking on the subject, "Singing

Up For Prohibition," Mrs. Gordon Wright, Dominion president of the W. C. T. U., said:

"Never were there such serious times or such terrible issues as are trembling in the balance at present, and the responsibility rests largely with the women."
