Three Deputations Were Present At The Council

A Merry Time at Session Last Night—Finally Mayor Hartman Puts His Foot Down on Talk Fest.

Last night was deputation night at the city council. There were no less than three which waited upon the council. In fact there were five all told, as in two instances the deputations consisted of "pros, and cons."

The first deputation to be heard was that from Colborne Street regarding the erection of a building on the street line between Drummond and Colborne Streets.

DUBLIN STRIKE GROWS MORE SERIOUS TO-DAY

Employees of Two English Railway Systems Refuse to Handle Irish Traffic—Strike is Spreading Throughout All Ireland

NEW YORK, Sept. 16.—A cable from London this morning says: As the result of the action of 1,000 of their employees in Liverpool yesterday, two English railway companies became involved in the Irish transport workers dispute.

The strike in Ireland is said to be spreading rapidly, but so far there has been no disorder. In Dublin itself, more than ten thousand persons, now idle, the laborers in the building trades refused to give an undertaking required by the masters and boned the strikers.

How Rev. W. B. Caswell Lost His Furniture

Story Was Told in Winnipeg Police Court To-day—Former Brantford Pastor's Case.

WINNIPEG, Sept. 16.—The story of his theft of the furniture from the home of his benefactor, Rev. W. V. Caswell, a former well known Brantford pastor of Colborne St. Church, was told by Edwin L. Brewer in the police court in evidence in the prosecution of William Harris, a second-hand dealer, who purchased goods and who is now charged with receiving. Harris was remanded until next Monday.

LUCKY BRITISH WORKMAN GOT PARCEL OF PEARLS ON SIDEWALK

Famous Theft Case Partially Cleared Up--Lucky Finder, Will Not Wait Long to Receive Reward of \$50,000 for Recovery of Precious Gems.

(Canadian Press Despatch) LONDON, Sept. 16.—A workman this morning found on a sidewalk practically the entire pearl necklace valued at \$50,000 which was stolen on July 16, while in transit by mail from Paris to London.

HARRY THAW WINS VICTORY IN NEW HAMPSHIRE COURT TO-DAY

Legal Technicalities Still Keep Famous Homicide Away From Matteawan--Jerome Was Outpointed To-day in Small Court Room Although He Put Up Argument.

COLEBROOK, N.H., Sept. 16.—Harry K. Thaw, with his custodians and train of contending lawyers left at 6.18 o'clock this morning for Littleton, N.H., to appear in the United States district court in the habeas corpus proceedings to checkmate any attempt to rush him back to New York.

Thaw's attorneys had obtained this writ as a protection in case Governor Felker signed a warrant granting the fugitive's extradition.

The little court room began to fill up shortly after ten o'clock. The general public was not admitted, but perhaps 100 of select friends of court attendants and the like, managed to gain admittance. Outside the building a crowd in which women predominated, jammed the street from curb to curb.

Stiff Legal Battle Waged Against Street Railway

A battle of battles, with an array of counsel representing the defendants and City Solicitor Henderson fighting it out for the city, commenced this morning in the High Court before Mr. Justice Meredith.

City Clerk Leonard was the first witness called to the stand, and he produced by-laws as called for. The first by-law produced was No. 42. The by-laws were each taken up by sections.

Showed That Charges Were Real Hollow

Ald. Spence Last Night Administered a Decided Come-back to Ald. Ward, Regarding Assessment Matters.

What looked like a mayoralty gauntlet, was thrown down last night at the city council session. It all developed as a result of a skirmish between Ald. Spence and Ald. Ward. The chairman of the finance committee was on the attack. Just before the close of proceedings he called attention, sotto voce, to the wild charges made at the last regular meeting of the city council by Ald. Ward in reference to assessment matters.

Ald. Ward denied that he attempted any grand stand play. Mr. Dean, he said, was in earnest. There were houses on Strathcona Avenue assessed for more than houses in the centre of the city. He did not leave the committee satisfied. Then Ald. Ward charged Ald. Spence with hearsay as to the offers received by Mr. Dean for his property.

SIR EDWARD CARSON IS INSPECTING ARMY

Ulster is Said to Have Mustered 100,000 Men to Fight Home Rule While Number May be Doubled When Recruiting Takes Place.

(Canadian Press Despatch) BELFAST, Ireland, Sept. 16.—Sir Edward Carson, the leader of the Irish Unionists, landed in Ireland today with the object of inspecting the volunteer army which is being raised in the province of Ulster to support the provisional government which it is said, is to be brought into existence in the event of the home rule for Ireland bill becoming law.

An Arrest Is Made In New York Murder

Police Follow Up a Golden Plate Clue and Arrest a Dentist--Some Facts Established.

NEW YORK, Sept. 16.—A plate from which counterfeit \$10 gold certificates may have been struck off, found in the rooms of the Rev. Hans Schmidt, the confessed murderer of Anna Amatter, whose body he told the police he cut up and cast into the waters of the Hudson River in an effort to hide his crime, led to the arrest shortly after midnight this morning of Dr. Ernest Arthur Muret, a dentist on the technical charge of counterfeiting.

With Dr. Muret, was held Bertha Zeck, a girl 27 year old, who was his housekeeper, as a material witness on the counterfeiting charge preferred against her employer.

Best... Practical, yet smart-looking... for everyday wear. Her choice... a tailored suit, with plain... a mannish shirt and walking... with topcoat for cool and stormy... or to simple one-piece dresses...

The Northway Store

Splendid Showing of NEW AUTUMN COATS

Exclusively tailored garments from our own big city factory; all are distinctively cut, many prettily trimmed and beautifully finished; just such garments as careful dressers prefer to wear. They are made from the season's new materials, such as brocades, tweeds, Matalasses, two-tone diagonals and novelty cloths; in newest colorings and mixtures; all in the popular 3-4 lengths with slightly cutaway fronts, but all showing the newest in collars and handsome, big buttons; a coat showing every woman should see. The values are especially attractive. Every size for women and misses. Every price from \$30.00 to \$10.00

Special Waist Sale at \$1
Autumn's newest tailored waists—made from pique, linen and vestings. Excellent waists for business wear, and an excellent showing of equally pretty styles—all long sleeves and various styles in collars. All \$1.00 sizes and only \$1.00

Beautifully Tailored Costumes
What about your new suit? Have you thought it over? Have you seen our showing, and the values we have for every intending suit purchaser? You'll be pleased with the showing. We only

demonstrate these exceptional values—and no time like the present to look into the suit question. A few details only.
AT \$16.50—Strictly tailored, navy, brown and black; made from good quality suiting serge; all in the new cutaway style, coats beautifully lined with satin; skirts in the season's newest cut; all sizes, and for this money are special value.
AT \$15.00—A young woman's and Misses' costume, made from Diagonals, serges and chevots; the smartest little suits we have ever shown for the money; strictly tailored, coats satin lined, and skirts in good straight styles; best autumn browns, blues and black; perfect fitting and very smart. (Ask to see these).
AT \$22.50—A handsome costume in two-tone diagonals; shades in browns and greys; satin lined, with pretty collars inlaid with brocade silk; skirt in new draped design; all button trimmed and beautifully tailored; a handsome suit for the money.

The Northway Co., Limited
124 - 126 Colborne Street

Frost Damage Raises Prices

There was a good sized week day market this morning and plenty of vegetables now being offered for sale. Market gardeners and farmers who were on the market this morning reported that the heavy frost played havoc with all vegetables that were

exposed. Farmers claim that the potato crop is seriously damaged and many reported having lost nearly their whole crop. Tomatoes that were inside the vines escaped.
Quite naturally the price of vegetables took a jump upward this morning. The price of tomatoes was raised from 15c. to 25c. per basket. Cucumbers that sold for 2 for 20c. sold 30c. for 2. The price of cauliflowers was raised from 15c. to 25c.

MAUDE ADAMS.
Who will be seen at the Grand here in "Peter Pan."

SOMETHING MILITARY ABOUT NEW FALL SUITS.

There is a trimness and a slinness about some of the new tailor-mades for fall that portends, or should one say, promises—for the idea is agreeable—a return to more mannish and simple effects. This admirable little suit of black serge is made gay by bright silk facings and matching buttons. The high-buttoning front and pointed waistcoat showing below the cutaway coat at the waistline are modern style notes. With such suits buttoned boots of patent leather with tops of kid or cloth will be worn.

RAILWAY WORK RUSHED AHEAD

Activities of the L. E. & N. Railway—Grading Almost Complete.

Work on the L. E. & N. Ry is being rushed in the Holmedale section of the city. Two steam shovels are at work on the river front between West Mill street and the river front. One of them, Marion, is working on the right of way, and the other, in a gravel pit next to the corporation pit on West Mill street. The small dump cars are filling in earth along the right of way at the foot of Waterloo street. Tressle work has been built at this point and the earth will be dumped on both sides of it.
Another steam shovel is at work up near the Wilkes dam and the earth from there is being drawn and dumped along the line past the golf links.
The company's yards in the vicinity of the old Morrell street school have been levelled, and the ground is now ready for the placing of the sleepers and the laying of the rails. As soon as the work in behind the golf links is completed, the three steam shovels will be used to dig out earth to be used in filling in the high and wide embankment from Waterloo street to the Lorne bridge.

Taylor Faces Murder Charge

James Taylor will face a charge of murder at the Fall Assizes, November 11. Responsibility for the killing of Charles Dawson was officially pled upon him yesterday by a coroner's jury. The evidence and verdict were completely reported in the Courier. Although a coroner's jury is not empanelled to enquire into the guilt or innocence of any person, but simply to ascertain all the known facts and circumstances surrounding the death yesterday's jury, with the evidence adduced could do little else than say that James Taylor deliberately killed Charles Dawson in cold-blooded fashion. Certain details of the evidence had to be eliminated. Strong men within the court room were made sick by a recital of gruesome facts. There was not one sympathetic face in the entire room for Taylor.
The jury spent several minutes longer than was expected in arriving at a verdict, although there was no dissenting voice as to holding Taylor responsible. It was suggested that recommendations be incorporated into the verdict as to the hours young people be allowed out at night without parents or guardians. Finally however, these suggestions were rejected and the plain verdict was brought in.
In the meantime Taylor continues to thrive well at the County Jail.

Mrs. Munson Westbrook and Mrs. Leo Emery of this city left Saturday morning for a trip through the West, where they will be the guests of Mr. and Mrs. Fred Montgomery, Fort Qu'Appelle, Sask.

Social and Personal

The Courier is desirous of making this column of special interest to its many readers and items of personal interest will be gladly received at Telephone 1781 or 276.

Miss Jessie Stewart is visiting London friends.
Mr. Stewart Lavery is in Woodstock this week on business.
Miss A. E. Bould, of New York City has returned after spending her holidays in the city.
H. Charlton, Brantford, is a guest of Mrs. W. Charlton, 49 Locust street.—St. Thomas Times.
Miss Anna Savage, of Brantford, is the guest of Mr. Martin Bolger, this week.—Guelph Herald.
Mrs. J. Schofield and little son of Winnipeg, are visiting at the home of Mr. G. Thomas, 280 Darling St.
Miss Nina M. McKay of Woodford, spent Sunday with her sister, Mrs. Ed. M. Huffman, Fleet Street.
Solos were rendered at Colborne St. Methodist church yesterday by Miss Letta Hutchinson and Mrs. I. Eeming.
Misses Lena Bain and Cossey Mearns, left for their homes in Woodstock last night, after visiting Brantford friends.
Mrs. W. C. Boddy, Brantford, accompanied by her sister-in-law, Miss Boddy of this city, left last week for the boat trip up the Great Lakes.—Hamilton Spectator.
Mr. and Mrs. C. H. Clarkson have issued invitations to the marriage of their daughter, Edith Gertrude, to Mr. E. Dean Wilkes, B.A. Sc., of Brantford. The ceremony will be held at the Church of the Redeemer, Oct. 7th, and reception after at 4 Princes Arthur Avenue.—Toronto Mail and Empire.

W. M. German, K.C., M.P., of Wexford, accompanied by his son, Jack German, has left for Portsmouth, England, to be with his son, Barry German, who, according to a cable message received a few days ago, stated that his left hand has to be amputated in order to save his life, blood poisoning having developed from a wound Barry German is in the Royal Navy and occupied the position of sub-lieutenant on board H. M. S. Excellent. Mrs. German sailed for England a few days ago.

3,000 Out Now.
LIVERPOOL, Sept. 16.—The effect of the Transport Workers strike in Dublin was felt on this side of the Irish channel to-day when 3,000 workers at the Liverpool docks and at the various railway stations struck in sympathy with several of their comrades who had been discharged yesterday for refusing to handle Irish goods.

All the railway stations and the northern dock were thus made idle and great piles of goods including large amounts of provisions which are badly needed in Dublin and other parts of southern Ireland have accumulated in the yards.
In other sections of the docks men continued at work arguing that a strike had not been ordered by their leaders.

Good Shopping at Youngs

A Splendid Assemblage and Display of Autumn Millinery

To write effectively of the remarkable collection of new millinery now on display in our Show Parlors, calls for descriptive ability above the average; and truth to tell, we doubt if the ablest of fashion writers could do more than scant justice to the beautiful things now on display. We recommend our patrons who must have something distinctive and different, to see this early showing of ours; it embraces everything from simple tailored effects to the very elaborate models for dressy occasions.

Regarding Our Black and Navy Serges

We have the finest and most comprehensive stock of these ever popular suitings in every known weave and finish, imported from the best English and French makers; all guaranteed qualities, best fast unfading dyes and thoroughly soap shrunk, including black and navy, West of England serge suitings in fine and medium tweed, chevots, wide wale in worsted or Botany finish. Man-finished serges in fine twill and Vecuna finish; absolutely the best tailoring serges; 42 to 60 inches wide at, per yard, 50c. to \$3.50

Some of the New Fall Suits

There is no keener delight for the average normal woman than an hour spent in reviewing the new season's fashions; and there is no better place in the city to enjoy this sensational relaxation than the big department at this store. So new and complete is our collection that you will find it an excellent range from which to make selections for the coming season's suits of tweeds, serges, Bedford cords, two-tone cloths, beautifully lined with silk and satin; some are plain tailored styles for those whose taste is severe; others are dressier models; many with collars and cuffs to match. Prices range from \$30.00 to \$12.50 to \$40.00

A Word About Those New Fall Cloakings

The new fall cloakings are being shown in very large range of colorings and materials. The diagonal, two-tone effects in browns, blues, grey, tans, Chinchillas, in fawn, Gilip, navys, browns, reversible cloths, in King's Blue, tan, Brown, green, greys. The blanket cloth in six different colorings, 54 to 56 inches wide. Special \$4.00 per yard at \$1.00 to \$4.00

It's Cheaper to PREVENT THESE THINGS

Than To CURE Them

There are quite likely weak spots in your plumbing which may at any time give out, causing spoiled ceiling, carpets, rugs, and pictures, and expensive furnishings ruined. Let alone the inconvenience caused to you and your family.
Would it not be wise to have us send a man to your home, make a thorough examination and put everything in shape for the winter?
Phone us to-morrow, don't put it off. We have the men, the stock, the experience, and can give your order immediate attention.

T. A. COWAN, 81 COLBORNE ST.

Plumbing Heating Electric and Gas Lighting

THREE DEPUTATIONS PRESENT AT COUNCIL

(Continued from Page 1)
We have been deprived of getting any benefit whatever.
Mr. Charlie Snowden said the trees were likely to knock one's block off while walking. 8 years had Mr. Snowden lived on Campbell Street and he had to swim out of his house every spring. We're all workmen, our little homes are just as near and dear to us as the \$9000 castles on Dufferin Avenue.
The Tannery Affair
Mr. Percy Thornton, of Thornton's limited, in reference to his request for a license, said the firm had spent \$50,000 recently and had a sanitary system, which received the unqualified approval of the Medical Health Officer of Buffalo. Similar plans in Toronto and Hamilton excited no protest. It was expected to establish within a year, a leather industry in Brantford, employing 100 hands. Mr. Thornton said it would mean a big loss to his firm if they had to move. He wanted the committee to inspect the plant themselves. A statement was read by Mr. Thornton to the council.

Mr. W. E. Lung said he had no objection to Mr. Thornton's business, but he did to their odor from it. His men threatened to quit if it continued. He didn't propose to say anything about it, everybody had their own business.
John Patte, chairman of the board of health, said he had received numerous complaints. People sleeping on the south side of Colborne Street had complained. It might be true that rendering was done at night, but that didn't help the sleepers any. Even the policemen along the street complained, they were nauseated.
Mr. Patte mentioned days when the complaints were specific, whenupon Mr. Thornton interjected that on these days his plant was broken down.
Ald. Hollinrake: Don't you think it might be the civic dumping ground.
Mr. Patte: Small one and small the other, and you'll know the difference.
Continuing Mr. Patte showed that he was an expert on smells. He knew what the Matthews Company odor was, also the Varnish works, also civic dumping grounds. Even on the north side of Colborne Street, the odor was highly objectionable.
Ald. Hollinrake, lawyer like, said it was doubtful if it could be proved which place it was. He said he had walked past the City Hall recently, and he noticed something.
Mr. Patte: Just do your duty here as we are trying to do ours and you

won't notice only what you should. We've condemned, time after time, the city hall affair, and yet you don't do anything.
At this point, the mayor shut off the deputation propaganda and the council proceeded with other business.
SITUATION MORE SERIOUS.
DUBLIN, Sept. 16.—Over 10,000 men have joined in the strike movement started by the transport workers here, and the building and other trades are greatly affected. It is estimated by the men's leaders that unless peace between the men and the employers is soon reached, 6,000 more men will be thrown out of work, as their labor depends on that of the men who have struck already.
There is considerable suffering among the poorer classes, both in the Irish capital and in other towns of the south of Ireland, owing to the rise in the price of food stuffs, brought about by the lack of transportation facilities. A number of vessels laden with commodities are lying in dock where unable to discharge their cargoes.

MARKET REPORTS

CHICAGO, Sept. 15.—World shipments much larger than expected had a depressing effect today in wheat. There was a transient rally, but the market closed heavy at a range varying from 1/4c to 1/2c on an equal gain. In provisions the outcome was irregular, ranging out from the off to 1/2c up.

The Liverpool market closed 1/4 lower on wheat and unchanged on corn. Berlin and Budapest 1/4 lower.

THE ACCOMMODATION OF NURSES

In connection with a hospital investigation at Hamilton, it has transpired that the accommodation for the nurses has been poor.

Their sleeping quarters have been entirely inadequate and there has been overcrowding to a direct sanitary and health menace.

The truth is that there are too many chances offering to capable young men both in Canada and the United States to make a man-of-war discipline or army discipline attractive.

privates and develop the necessary qualifications, to secure promotion to be commissioned officers.

Does this look good to you? Don't you think it will pay you to investigate?

You are invited to call at any of the Army Recruiting Offices named below, where you will be treated with the utmost consideration and your questions answered.

A similar appeal set out on colored posters, is also freely distributed regarding the navy and there are recruiting agencies in all centres with a large number of petty officers eagerly looking for men.

The truth is that there are too many chances offering to capable young men both in Canada and the United States to make a man-of-war discipline or army discipline attractive.

The Conservative press shows perturbation over the promised campaign of Mr. J. A. Cooper of the "Canadian Courier," and Mr. Arthur Hawkes of "The Canadian and British News" against the centralization of naval defence.

This paper for one, hasn't noticed any wild desire, on the part of Tory journals to take to the woods because of the proposed tour.

It is equally certain that Premier Borden and members of the party as a whole are not losing any sleep over the matter.

The gentlemen named are both excellent and capable men, who, of course, have a perfect right to tell all the rest of us what should be done, if they see fit, but their views as far as the Conservative party is concerned, will be simply those of individuals without any backing from the ranks, unless they can create such, which is most emphatically unlikely.

The plain truth is that like Sir Wilfrid Laurier, the Globe, and others of the Liberal party, have got it wrong on this matter.

Leaving politics aside, as they should be left in such a case, every man who gives the subject any consideration at all must realize:

1.—That it would be a physical impossibility for Canada to build Dreadnaughts, save at the cost of many years.

2.—That it would be equally impossible; when built, to man them solely with Canadians, for the simple reason that capable young men in this fast growing country have many better opportunities.

3.—That the very fact that John Bull despite the action of the Canadian Senate, is himself going ahead with the proffered ships, is proof positive that he needs them as speedily as possible—far, very far, sooner than Johnny Canuck, under the best possible circumstances would be able to lay down even one keel.

The talk of jeopardizing Canadian autonomy because of the performance of an act long overdue, is, of course, the veriest buncombe, not calculated to fool any but the most simple-minded.

Hawkes and Cooper can spout as much as they like, and it is to be hoped that they will enjoy their self-imposed task, but they might as well make up their minds before they begin that they cannot make any inroads on the feelings of the vast majority with reference to the excellence and the suitability of the Borden plan.

And if the Globe really wants to note party defections on the subject, it can find hundreds of Liberals who do not approve of Laurier's "put off," and at present totally impracticable scheme.

Board, lodging, clothing, medical attendance, baths, lights, and the advantages of schools, libraries, gymnasiums, etc.

Full pay and allowances while sick and while on ordinary furlough. No doctor's bills.

A pension for life if permanently injured or incapacitated in line of duty.

A steady job for four years and upwards.

Retirement after thirty years' service with a Government check each month for \$34.50 to \$90.00 according to grade held at time of retirement.

You receive during your enlistment a clothing allowance of \$15.00. This will buy all the clothing you need and allow you a saving of \$40.00 to \$75.00 or more which will be paid you in cash upon discharge.

You will be paid upon discharge two cents per mile from place of discharge to place of enlistment. Example—If you are discharged at San Francisco you receive in cash \$7.10. Ask your present employer for these advantages, and see what he says.

NOTES AND COMMENTS.

If the deportation of Thaw from Canada involved an unconstitutional-ity of the immigration act, then said act had better be allowed to remain that way.

The announcement is made that women wear beards in the long distant past. It would take a pretty plucky man in more senses than one, to beard some of them these days.

President Wilson and his associates are stated to be now exceedingly anxious over the situation in Mexico. Sooner or later Uncle Sam will have to do the inevitable with regard to that country.

The Washington authorities have devised a bench for the parks which will prevent fliriting. This is done by the use of iron arms which are intended as a preventative of steel embraces.

Ulster continues to announce that it still proposes to take that garment off for the better purposes of a fight. It may sound strange but it is nevertheless a fact, that the West is tickled to death over coming the greatest cropper of his career.

British Anthropologists now in session in the Old Land have reached the unanimous conclusion that in the selection of a husband a woman has few or no aesthetic instincts; no sense of the beautiful. That accounts for the appearance of many hubbies the world over.

The Winnipeg Free Press each fall publishes an official estimate of the grain yields of the three prairie provinces and the figures usually turn out to be correct.

The commercial editor has spent nearly two months on the job, and has motored 1493 miles through crops. The result shows a grain output of approximately four hundred and fifty million bushels, and wheat alone exceeds 1912 by seven million bushels. The early receipts of all classes show high quality.

Manitoba has barred moving pictures of scenes in connection with Thaw's arrest at Sherbrooke, Quebec. Good for Manitoba. This continent has had altogether too much of "his nastiness." On the same basis, Evelyn Thaw, now doing a yau-deville stunt in the States should not be allowed to display herself in Canada.

Pictures and acts which depend upon licentiousness and murder for their drawing power should not be tolerated anywhere.

True Eloquence Chicago Inter-Ocean "Zip," is Maitre Labori's comment upon Chicago. No wonder a man who can say so much in such small compass is the leading lawyer in France.

The Farm, the Old Reliable Hamilton Herald. Ontario mineral production increases; but after all it is the product of the farm that the old province must continue to rely upon.

Merely a Suggestion Chicago Record-Herald. If they tear up the tracks and destroy the rolling stock they may be able to make the New Haven road comparatively safe.

BIG EXPENDITURE IS AUTHORIZED

City Council Does Not Question Big Purchases by the Hydro Electric.

The board of works and fire and light committees were the only ones to submit reports at the council meeting last night. Both reports were adopted without discussion.

The board of works reported as follows: That permission be given the Brantford Hydro Electric system to lay their wires and standards on the inside of the curb on both sides of the following streets: Colborne from Lorne bridge to Charlotte; Dalhousie from George to Brant Avenue; Market from Water to G. T. R. Ry station; George from Colborne to Dalhousie; Queen from Colborne to Darling; and that all work in connection with the laying and replacing of the walks is to be done at expense of said system.

That the request of the Paris Board that their account for cleaning snow at city parks be struck out, be not granted, and that they be notified that as long as this work is undertaken by the city the cost of same will have to be charged to them.

That in accordance with the request of the Board of Park Management, as contained in the letter of their secretary of July 14th, that portion of Grand River Avenue lying between Jubilee Terrace and Church street, be transferred to them.

That the request of the Brantford Foundry and Development Coy. as set forth in their letter of July 10th for permission to run switches from the Brantford and Tilsonburg Railway line through their property, be granted in accordance with the plan filed with their application and subject to the approval of the Railway Commission.

Switch (a) does not touch the city property and switch (b) takes from nothing on the south side of Grey street to 2 1/2 feet additional width on the north side of Grey street.

That the cement walk to be laid on the west side of Grant street from Balfour to Brant street be placed on the outside of the boulevard.

That the following communications be filed: G. W. Latimer of July 1st; Brantford Foundry Development Co. of July 10th; J. J. Hawkins of July 10th; and that the letters of Brewster and Heyd of July 18th and August 16th be referred to the city solicitor.

Ald. Spence said he would like to know if Rev. Latimer's letter called for any action.

The request was thereupon adopted. Fire, Light and Hydro. The fire and light committee reported as follows: That the tender of the Ornamental Lighting Pole Co. Limited, for 152

ornamental cast iron street lighting standards at \$30 each f.o.b. cars, Brantford, be accepted.

That the tender of the Canadian General Electric Co. Limited, for 152 ornamental magnetite street lamps including cutouts, also three fifty-light regulators and controlling equipment at a price of \$16,330, be accepted, the price to cover lamps, etc., delivered f.o.b. cars Brantford, and to include complete installation of regulators, etc., ready for operation by the Canadian General Electric Co.

That the tender of the Canadian Crocker-Wheeler Co. Limited, for two 750 K.V.A. substation transformers at a price of five thousand dollars be accepted, the price including installation ready for operation.

That the tender of the Canadian Westinghouse Co. Limited for recording switchboard instruments at a price of \$550 f.o.b. cars Brantford be accepted.

That the tender of the Canadian General Electric Co. Limited, for complete high tension and low tension switching and control equipment for substation be accepted at a price of \$9,425, the price to include installation ready for operation.

That the city solicitor be instructed to prepare forthwith contracts for all the above.

That the petition of the A. J. Reach Co. be handed to the water commissioners with the recommendation that the request be granted.

That a pulmotor be purchased at a cost of one hundred and fifty dollars.

That the music for the occasion was furnished by the Brant Male Quartette (Messrs. Crocker, Kerr, Styles and Green), and the quartettes, solos and duets they put on delighted the audience to such an extent that encores were the order of the evening.

Wherever the report went through without discussion. It pays to have a good engineer.

HARVEST HOME AT SNYDENHAM

The Harvest Home, entertainment given in Sydenham St. Methodist church last evening, was a splendid success. A very large crowd was present and the programme was an excellent one.

Mr. J. H. Fisher, M. P., of Paris, acted as chairman, in a most genial and pleasing manner. The decorations of Sunday were still in evidence and the whole evening was a most enjoyable one.

Paris News

(From our own Correspondent)
PARIS, Sept. 16.—Duck shooters, who migrated to the pond in this vicinity when the season opened yesterday, report much better luck than for several seasons past. Mr. J. H. Shawcross had an unpleasant experience when he endeavored to retrieve some dead ducks on the "North West" pond, using an old leaky punt for the purpose. The boat filled and capsized, and the duck shooter, clad in heavy garments and wading boots and loaded down with cartridge belts, had a lively few minutes in reaching the upturned boat. Luckily he escaped with no more loss than a valuable gun and the dead ducks.
The lateness of the Grand Valley cars on Saturday robbed Paris of a victory over Brantford in a Western Ontario cricket league fixture. The game did not commence until 3.30 and Paris declared all out at the end of six wickets they would have won, but the whole eleven went in to bat and the game dragged out until dark with nine Brantford men retired, the score standing, Paris 122, Brantford 80. The game was declared a draw.

The Cameo

is a revival of a style that was very fashionable years ago.
Our selection of cameo brooches, necklets, pendants, bracelets, lockets, rings and tie pins is worth looking at.
The prices you will find reasonable.
Rings from \$3.00 to \$6.00.
Pendants from \$3.00 to \$10.
Tie pins from \$2.50 to \$5.
Glad to show them to you.

PAIR OF OPTICS BADLY DAMAGED

Exhibited by Mike Solda in Police Court - Robbins Paid Stiff Fine.

With a very badly damaged pair of optics, which were beautifully colored as a result of an assault which was made upon him in the bar of the Belmont Hotel on Saturday afternoon, Mike Solda, a foreigner appeared as plaintiff in the police court this morning, while Bert Brown, Roy Lavery and Frank Robbins, three local youths were arraigned before the magistrate on a charge of aggravated assault. Solda claimed that he went into the hotel to get a pair of water and while he was having a glass of beer he set the pair on the radiator. A large gang of men of whom the three accused were members, were standing in the bar and one of the crowd grabbed the pair and told the bartender to fill it up. An argument between the owner of the pair and the men resulted and considerable language was hurled at the Italian. Finally one of the men struck Solda and a fight ensued, about ten men taking a hand against the foreigner. He was knocked down, kicked and punched severely.
Bert Brown and Roy Lavery, two of the defendants gave evidence denying that they were in the bunch that did the scrapping and denying that they had anything to do with the assault upon the plaintiff. Both admitted however that they had an argument with Solda's friend a few moments before the fight took place, and had been ordered to be quiet by the bartender. Robbins claimed that he was struck by a pair in the hands of the plaintiff, after the fight started and he simply attempted to take the pair away. He denied that he was a member of the gang which was fighting and stated that he had only been in the bar about two minutes when hit by the pair.
Magistrate Livingston said he had some doubt regarding the actions of Brown and Lavery, but he had no doubt regarding the actions of Robbins. He, therefore, dismissed the charges against Brown and Lavery and imposed a fine of \$20 and costs against Robbins. The plaintiff was allowed \$5 for loss of time, as a result of the injuries he received.
It simply looked like a case of an innocent foreigner being pummeled when there was no necessity for it, and it was done so quickly that the hotel authorities had no time to intervene. Solda is an Italian, who works for Pete Cancelli and bears an excellent reputation from all who know him.
Another Family Row.
Charles Priest and Nellie Priest, a local couple, have only been married two years but already there has been enough trouble to convince Mrs. Priest that she does not want any more married life for the present at least. This morning the woman appeared as complainant in a case in which Priest was charged with assault and she was most emphatic in her declaration that she would rather live alone than go back to Priest's home. Her lie, she said, had recently been made one of trouble and misery owing to the disagreeable disposition of her husband and on more than one occasion he had slapped her and endeavored to choke her.
Priest admitted that he had slapped his wife, but denied that the trouble was all his fault.
Magistrate Livingston expressed the opinion that the couple should take out separation papers, and in order that this might be done he adjourned the case for a week.
Poll Tax Cases.
Having disobeyed the notices recently sent out by Mr. J. A. Stark, poll tax collector, calling upon them to pay the annual tax, which each year is imposed upon all single men over the age of 21 years, 7 Brantford young men, including three Chinamen were called to court this morning and arraigned on charges of neglecting to "cash up." They were ordered to pay the fee to the collector who was present.

TAXING JUDGE'S INCOME IN DOUBT

Judge MacWatt, of Sarnia, Takes Case to Osgoode Hall.

Brantfordites will be interested in the following Canadian Press despatch, under Toronto date line, as a similar case was recently aired here.
Under the Ontario Assessment Act assessors' income is taxable. This is, in effect, a question raised by Judges Macwatt and Taylor, of Lambton, who appealed to the court of revision from assessment by the town of Sarnia. The assessor was upheld, and following the course prescribed by the statute, the judge then appealed to the county judge.
F. Aylesworth, for the Town of Sarnia, this morning applied to Mr. Justice Kelly at Osgoode Hall for an order appointing a disinterested person to hear the appeal. The application was assented to by F. W. Harcourt, K. C., representing the judge. His lordship named Mr. Justice Lennox to hear the appeal at the next sittings.

SHOWED CHARGES WERE HOLLOW

(Continued from Page 1)
tion and could not receive it. In making the attack, Ald. Spence declared he did not think Ald. Spence had done himself justice.
Ald. Spence came back again. It was a remarkable thing that Ald. Ward had heard of the property actually sold for \$7,250, 31 per cent more than assessed for. In 50 or 60 other transfers throughout the city, the assessor's value was \$66,100, and the amount secured by actual sale, \$79,150, or 27 per cent over the assessment. Right here was a difference of 4 per cent. It was a man who received offices of over 75 per cent, than the amount put on the roll by the assessors. What in the world did he want. In 1912-13, 30 transfers of property were taken. The assessed value of all was \$50,000, while the property actually sold for \$72,250, 44 per cent more than assessed for. In 50 or 60 other transfers throughout the city, the assessor's value was \$66,100, and the amount secured by actual sale, \$79,150, or 27 per cent over the assessment. Right here was a difference of 4 per cent. It was a man who received offices of over 75 per cent, than the amount put on the roll by the assessors. What in the world did he want. In 1912-13, 30 transfers of property were taken. The assessed value of all was \$50,000, while the property actually sold for \$72,250, 44 per cent more than assessed for. In 50 or 60 other transfers throughout the city, the assessor's value was \$66,100, and the amount secured by actual sale, \$79,150, or 27 per cent over the assessment. Bringing Up Father

By George McManus

FIGHTING FOR THREE FLAGS

The attention of the baseball world is centred these chill days on the International League, which is furnishing a neck and neck race for the pennant. The tobogganing Newark Indians slipped another cog yesterday when the Providence Grays snatched a game from them by 5 to 2. The 10 to 5 defeat of the Leafs by Rochester at the Island Stadium, Toronto, cut Newark's lead to one and one-half games. The slump of the Indians dates from the day Dalton and Swacina, their clean-up hitters, were banished from the game, and fined \$50 each for panning an umpire. Rochester now has a gilded chance to win the flag. The Histlers have everything to gain and nothing to lose, while the reverse is true of the Indians. A team fighting for the lead is in a more comfortable

position than one leading with a precarious advantage of a mere game and a half. The Athletics about clinched the flag in the American league yesterday by beating their only really dangerous rivals, the Cleveland Naps. The score was 8 to 6. These teams meet again to-day at Philadelphia, after which Cleveland go to Boston for a series, and the Athletics take two shots at the St. Louis Browns at Shibe Park. Connie Mack's team is now eight games ahead of Cleveland. The victory of the Giants in a thirteen-inning game at Chicago, and the tie game between Philadelphia and Cincinnati, find the New York lead increased this morning to seven and a half games. The Giants meet Chicago again to-day, and the Phillies will engage the Reds again at Cincinnati.

THE ATHLETICS ARE NAILING THE FLAG

Defeated Cleveland in a Battle of Pitchers.

PHILADELPHIA, Sept. 16.—Philadelphia and Cleveland played a see-saw game here yesterday, the former winning by 3 to 6. The home team took the lead in the third inning by scoring four runs on a pass to E. Murphy, singles by Collins, Baker and Walsh, and Barry's double. Cleveland came back by scoring six runs in the fourth. A pass to Chapman, singles by Jackson, Lajoie and Johnson, and Bush's tumble of Turner's bunt scored two runs and left

the bases filled. Plank took Bush's place and Grany scored on an out and Bregg's single. Philadelphia tied the score in the fifth on Baker being hit, his steal of second, Walsh's single and two wild pitches by Gregg. With the bases filled and one out in the seventh, Houck, who started to twirl in the fifth, was taken out. Bender went in and retired the next two barmen without a run being scored. Bender also retired his opponents in order in the last two innings, getting a record of five strike-outs. Philadelphia won the game in the seventh. Collins led off with a triple and Gregg was succeeded by Steen. A wild pitch scored Collins, while McInnis scored on an error by Chapman and Walsh's triple. The feature of the fielding was a wonderful one-handed leaping catch by Turner, on which a double play was made and Oldring's catch of a liner off Gregg's bat, on which Oldring ran to second base and made a double play.

GIANTS WON ON ARCHER'S BAD PEG

Took Them Thirteen Innings to Down the Cubs.

CHICAGO, Sept. 16.—New York defeated Chicago yesterday 4 to 3, after a hard fought battle which went thirteen innings. The winning run was scored by Fletcher. He opened the thirteenth for New York by a single, and Burns beat out a bunt. Archer then tried to catch Fletcher napping off second base, and his bad throw enabled Fletcher to reach third. He scored a minute later on Shafer's sacrifice fly. The league leaders had taken a two run lead on singles by Snodgrass and Doyle, a sacrifice hit by Fletcher, a sacrifice fly by Burns and Shafer's single. The game seemed won until the ninth inning, when the locals rallied. Schultz was hit by a pitched ball, but was forced by Phelan. Saier hit the first ball pitched to him for a home run, scoring Phelan ahead of him and tying the score. In the twelfth inning New York again took the lead on Merkle's double and a single by Snodgrass, but Manager Evers' men tied it again on Saier's double. Good's out and Archer's single. Leach argued with Umpire Klein on the calling of a third strike and was banished to the clubhouse.

WOMAN IN TERRIBLE STATE

Finds Help in Lydia E. Pinkham's Vegetable Compound.

Bellevue, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. Would not be without it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Bellevue, Ohio. Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills, such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need. The Pinkham record is a proud and peerless one. It is a record of constant victory over the obstinate ills of woman—ills that doctors despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine? Gratitudo. London Tit-Bits. A patronizing young lord was seated opposite the late James McNeil Whistler at dinner one evening. During a lull in the conversation he adjusted his monocle and leaned forward toward the artist. "Aw y' know, Mr. Whistler," he drawled, "I passed your house this morning." "Thank you," said Whistler quietly. "Thank you, very much." Unrecognized. London Tit-Bits. "Supposing I decided to let you have the money, how do I know that I shall get it back at the time you mention?" said Spiffkins. "I promise it, my boy, on the word of a gentleman," replied Biffkins. "Ah, in that case I may think better of it. Come round this evening and bring him with you."

LONDON MAY VOTE ON SUNDAY CARS

Council Will Hold Closed Session to Discuss Issues for Ratepayers.

LONDON, Ont., Sept. 16.—The city council will meet in a private session on Tuesday next to discuss the proposed electrification of the London and Port Stanley Railway, the by-law to provide \$300,000 for storm sewers, and another for \$75,000 for a breakwater to protect West London. The date for the voting will be set, and it is now believed that the balloting will be conducted on Oct. 15th. There is a possibility that a by-law authorizing the operation of Sunday street railway service will be presented to the ratepayers. Several times the people have expressed themselves strongly in favor of a Sunday service, but legal technicalities, that have since been cleared up, have hitherto prevented the operation of cars.

Music and Drama

Reams of matter have been written commending Barrie's fairy play, Peter Pan. The play has been one that those it pleased, it did so immensely and they did not hesitate to say so. Maude Adams feels that this play has brought her closer to her immense following than any other play that she has ever had. During the periods when the actress has been devoting herself to the work she has been in receipt of hundreds of letters from admirers praising her portrait of a boy who wouldn't grow up. It is the letters which she has had from children, however, that have pleased her the most, and she has many of them from youngsters who wanted to know more about Peter, and Wendy and Tinker Bell and all the other delightful fairies of Barrie's imagination. There were many enquiries the last season or so as to when she was going to revive the work and the present tour in it is probably the result of those inquiries. Miss Adams is finding her present tour in the work one of the most successful that she has ever known. The actress is to be seen in the play at the Grand Friday next.

CHIEF LEWIS DID BEST HE COULD

He Submits Account for Attending Big New York Convention.

At the city council meeting last night Chief D. J. Lewis of the Brantford fire department, reported on his visit to New York. He had a fine time and a fine opportunity to acquire knowledge. The motor apparatus had proved a genuine success, and fire departments should have a pump motor, although skill was required. A Waterous engine, said the chief, pumped 12 straight hours without a shut down, and this company had the best motor apparatus. The chief recommended the purchase of a combination hose and chemical motor truck, also a pump motor. The chief's expenses were \$135, including keeping up his end with the fire chiefs of the world, all of which he submitted "would prove satisfactory to your honorable body." (Laughter.) Badly Needed. At the city council meeting last night, Ald. Spence wanted to know from the board of works why a sidewalk petitioned for long ago on North Northumberland street had not been built. The city had been all summer on the sidewalk game, and it was surely time that this work was completed. He thought the board of works or city engineer's department should wake up. Ald. Ward said that construction would start in a few days.

NO DRINKING MAN NEED DESPAIR The Neal Cure—Greatest of All Modern Discoveries—Offers a Means of Escape from the Curse of Drink. A cure of the Drink Habit is Guaranteed in Three Days no Matter Whether the Patient is a Hard and Constant Drinker, Social Tippler or Goes on Occasional Sprees. There was wandering in the streets of Toronto lately a homeless man, who at one time held a splendid position, but drink was his downfall. To-day his wife, a cultured woman, works out by the day, endeavoring to support herself and little family. Think of it, you wives and mothers, who have homes of comfort and all that makes life worth living, what it would be to you to be deprived of these and forced to face the wash tub for an existence, as this poor wife has to do today? But this home which was made a hell on earth through strong drink—as every drunkard's is—may be made into a heaven upon earth, as many have been made, as a result of the Neal Treatment. Three days only—the wonder of it—to effect a cure and make the victim of strong drink a new man, physically, morally and mentally. We undertake to guarantee to effect a cure of the Drink Habit in Three Days, no matter whether the patient is a hard and constant drinker, social tippler, or goes on occasional prees. Are you interested in a poor fellow going down, down, through the curse of drink? Then bring your influence to bear on him and bring him to the Neal Institute for treatment, drunk or sober, and we will undertake to remove the awful appetite for strong drink and deliver him to you a new man. Here is an opportunity for REFORMATION SOCIETIES for INEBRIATES or any institution for the reformation of the drunkard, to test our ability to change the hard drinker into a new man, physically and mentally, in THREE DAYS' treatment. We invite these Societies or any institution interested in the poor drunkard and the problem of dealing with him, to send us for treatment any victim of the drink habit, it makes no difference how much enslaved, and we guarantee to effect a cure in each and every case. Can you spend your money to better advantage or in a way that will bring in greater returns than in redeeming these victims of strong drink and giving back to their families kind fathers, brothers, husbands, and to the country most desirable citizens? Write To-day for Free Book and Copy Bond of Given Every Patient—Address THE NEAL INSTITUTE COMPANY, LTD. 78 St. Alban's Street, TORONTO Phone North 2087

FIRST SECTION

FORTY-FOURTH YEAR

WHO WILL A HYDRO CO FOR TH

On January 1, the appointment of the Hydro Commission in this city must be made. The Courier is informed that the sure to be chairman of the commission in connection with the Hydro Commission. It is also said that Hartman who retires this year has a hobby with the Mayor; he is for work. There is no doubt that Ald. T. E. Ryerson is mentioned to-day the latter gentleman would not commit himself as to go before the electors or not. It is suggested as a member of the commission of politics around the council date. However, it is not known as to whether an election.

"The City B Now

Important Meeting of the Commissioners was held yesterday afternoon to meet Mr. Grubb of the firm of Dunington, Grubb and Co., landscape architects, Toronto. He addressed the board with regard to the beautification of the city, generally and also the neighborhood. He advocated a general plan for the beautification of the city, which would be gradually fulfilled in the future. All the most modern ideas would be followed. For special purposes plans will be furnished, as a plan for Agricultural Park, Homestead and so on. He stated he had already on request, submitted

Criminal Mo

New York Police on the S

NEW YORK, Sept. 17.—Gath up the loose ends of the evidence connects Elias Schmidt, priest confessed murderer of Anna Ater, with the making of spy money has been begun by detective Inspector Joseph P. Facts being brought to light in search show that Schmidt has man of varied activities. Everything in the rooms occupied by Schmidt in the rectory of Joseph's Church, where he was sistant rector have been seized to-day the work of translating to-days of letters and documents found in his trunks began. Insp. Faurot hopes through this correspondence to learn details many things concerning Schmidt's life that will throw light on his quering as Dr. Emil Molier's matter in which the body of a Ammuter was dismembered, led detectives to believe that Schmidt may have practiced medicine at time in his career. Schmidt's familiarity with photography and knowledge of engraving are points of the police will seek to into the evidence to present in event that the priest passed in at his trial for the murder of Ammuter. No man of Schmidt's varied suits could be insane, the det say, and they look upon him criminal with a master mind; trained in many things which turned to account in his open Schmidt's explanation of eyes of the murder of Anna Ater and of the counterfeiting—is in and of the command of God, declarations, the detectives saw part of a plan to feign insanity. That Schmidt did pose as Dr. here, a physician, as he has admitted, was indicated night by the finding among the focus of medicines and drugs use of some of these, the police is prohibited by law.
