Nathanson, George
Pennington, Louise Alberta
Stoddard, Robert Harvey
Whitehouse, Samuel.

Minard's Liniment Lumberman's Friends.

FUNERAL OF THE LATE C. H. BORDEN

Wolfville, May 1—The funeral service for the late C. H. Borden was held at his late residence on Sunday afternoon at three o'clock. Although the day was uncomfortably cold a large number of friends from Wolfville and other parts of the county gathered to participate in the last sad rites. Mr. Borden was a true man, and men of every class gathered at his grave, and no finer tribute to his worth could possibly have been given. The service was conducted by Rev. R. F. Dixon, rector of the Church of England, assisted by Rev. G. W. Miller, of the Presbyterian Church.

The members of the 219th Battalion stationed in Wolfville under command of Captain Cutten and Lieut. Noblett led the procession to the grave. Then followed the Oddfellows, clergymen, the funeral car, carriage with flowers, members of the family, and friends. It was the largest funeral procession ever seen in Wolfville. After the service at the church the Oddfellows gathered at the grave and conducted service, led by the Rev. Mr. England, Chaplain of the Orpheus Lodge. The pallbearers were E. S. Crawley, L. Harvey, Hugh Calkin, Capt. Salter, Geo. Munro, I. B. Oakes.

The floral offerings were many and beautiful, among them the following: Gates Ajar, 219th Battalion, Halifax; pillow and wreath, wife and children; wreath, Mayor and Council; harp, Orpheus Lodge, Oddfellows; cross, Sir Frederick Borden; wreath, Dr. and Lady Borden; wreath, B. C. Borden, Sackville; wreath, classes of Sixteen and Seventeen, Acadia College; wreath, Faculty Acadia Seminary; wreath, Frank Bishop and Lewis Pick; flowers, Mrs. G. H. Gillmore, Boston; wreath, G. H. Waterbury and family, St. John.

Mr. Borden will be much missed, although he was only 55 years of age at the time of his death he had nevertheless been in business for a longer period of years than any other man now doing business in Wolfville. He took a deep interest in civic affairs and was an ideal man in his home. He has left to mourn a widow, who was a daughter of the late C. R. Burgess, two sons, Douglas and Robert, both of whom have enlisted in the 219th Battalion, and one daughter, Gertrude, who is at present a member of the Teaching Staff of Acadia Seminary, Wolfville.

Dalhousie Men Recommended For Bachelor of Laws.

The following students of Dalhousie university have been recommended for the degree of Bachelor of Laws:
Ernest Victor Ackhurst
Charles Rossiter Barry
Ernest Doiron
Gregory Thomas Feehey
James Lorimer Illsley
George Manning MacDade
Andrew Joseph Macdonnell
William Noblett
Frank Harris Patterson.
Lawrence V. Titus.

Miss Evelyn Stewart, daughter of Major Dugald Stewart, of Bridgewater, has been recommended for the degree of Bachelor of Music.

Mr. W. C. Harvey, inspector of the Royal Bank of Canada and for years manager at the Kentville branch has retired from his bank duties to devote himself to the war in any capacity in which he can give effective service. Some time ago, Mr. Harvey offered his services in a military capacity, but on account of an old injury which rendered an operation necessary, he was not able to pass the medical examination required for enlistment. It is understood that Mr. Harvey will go to London with the expectation of finding some opportunity of serving his country in a capacity which will not make such demands upon his physical health as service at the front, from which, through no fault of his own, he is debarred.

NEWS FROM THE TRENCHES
Letters from Earl Webster and Ray H. Eaton.

The following letter was recently received by Mrs. Martha I. Hsley, Waterville, from her son Earl Webster, who has been on active service for one year. He enlisted on Oct. 28, 1914 in Prince Rupert, B. C.:
France, April 1, 1916.

Dear Mother:
Just a few lines to let you know I am O. K. and also to thank you for the socks and this writing pad which I am using. I got your letter today.

Please thank the Lakeville and Woodville Red Cross Societies for the socks they sent. You can also tell them that I have one pair of them on now if you wish.

We were having a march yesterday and I put them on as soon as I got them, as my feet were a little sore. If you look at the address you will see we have changed our billet. I saw Lorne yesterday as we came past. He was in the automobile and as greasy as ever.

I don't know when I will be able to send this letter, but it is a month old as we get nothing to write.

The things that we could make interesting we are not allowed to write, so I guess you will understand if you get a post card once in a while.

I can put as much news on one as I can in a letter. Well I must close for now. From your loving son,
EARLE.

Another Kings County boy at the front writes home that his unit has been having a lively time of late. He tells of his first experiences in the front line. There was nothing half-hearted about his baptism of fire. The censors unkind pen has deleted names and interesting details, but what is left of the letter is well worth reading. The writer is Ray H. Eaton, son of W. P. Eaton, of Grand Pre. Young Eaton went to England with the 40th Nova Scotia Battalion, but has since been drafted to some unit unknown. He writes as follows:

Dead Dad:—I received letters from you and mother, also tobacco for which I can't thank you enough.

The 40th that I came over with is drafted out. I am with (censored), which comes from (censored), and they are a fine lot of officers and men. They treat us great. Our first trip in the trench was a hard one for the (censored). We lost quite a number. As for myself I was scared blue. We were shelled continuously. Two men were killed alongside of me, and another died of wounds. A shell burst alongside of me that knocked me gally west, but I am going back. A lot of things I would like to tell you but cannot.

I saw a lot of German prisoners, just a bunch of kids, and certainly glad to get clear of the war. They were frightened of us at first, as they were made to believe that the English would make them tell all they knew and then kill them. They said if others knew the treatment they would receive they would give themselves up by the hundreds. They were a hard looking lot, half starved and pieces of cloth and bags on their feet. Anxious to hear from you. I remain,
RAY H. EATON.

Miss Helen Parker, little daughter of Mr. and Mrs. Clarence Parker has received the following reply from her Christmas stocking:
No. 2 Can. Stationary Hospital, Outreau, Boulogne, 30, 3, '16

Dear Miss Parker:
Many thanks for the useful present I received whilst in the hospital. It goes to show the un-

dyne affections which you otherwise people shower upon us soldiers fighting for a common cause. Everything in the present was so timely and useful just what was required at the moment. My trouble is a bad throat, and I am going under an operation for it. There was no need to send the name or mention the little giver of the twenty-five cents for one glance at her photograph shows depths of generosity and undying sympathy for anyone in trouble. No doubt, I shall be back at my original billet by the time you receive this, so please reply to
O2107,
L. Cpl. R. H. Thompson,
No. 4 Coy. A. O. C.
Henriville Camp,
No. 2 Hut,
Boulogne Base
France.

It is the careful consideration of such good natured ones like you that make a soldier's life worth living, and brings home to him gently that he is not forgotten whilst away from hearth and home which are so dear to him. I live in Scotland, and if ever I do come across your side of the sea, it will be one of the greatest pleasures of my life to call and thank you all personally.

The photograph, money and letter shall be a treasure to me and all in my family circle which is not large, I shall keep it always and impress upon my surroundings the nature of the gift and the heartfelt sympathy of the Canadian people. Mention me to the little girl personally and tell her it made a soldier boy very happy.

Very sincerely yours,
REGINALD THOMPSON

Daring Exploit By French Airship

Paris, May 2.—Details of one of the most daring aerial exploits recorded during the war have been ascertained by the Matin's correspondent at the front. The feat was achieved by a young French aviator Muelhausen in Alsace, and has already been briefly mentioned in the official despatches.

A large French aeroplane squadron, which had set out to raid Muelhausen, was met by a German squadron, which included one of the powerful new German Kampffliezzeuge, which is the name given to the latest type of the kaiser's battle planes, which are equipped with a double motor and two machine-guns.

Violent combats ensued between the two squadrons, in the course of which the German battle-plane's machine guns riddled one of the French machines with bullets. One bullet pierced the gasoline tank, and within a few seconds the French machine was a mass of flames. The French pilot realizing that he was doomed to certain death, headed straight for the German plane, plunging into it with the full speed and force of his own machine, whose propellers, entangled in the planes, dragged it along. Both machines in flames plunged to the ground.

MOTHER AND BABY

The fond mother always has the welfare of her little ones at heart. She is continually on the watch for any appearance of the maladies which threaten her little ones. Thousands of mothers have learned by experience that nothing will equal Baby's Own Tablets in keeping the children well. Concerning them Mrs. R. Morehouse, Blissfield, N. B., writes: "Baby's Own Tablets are the best medicine I have ever used for my baby. He was very cross but the Tablets soon put him right again." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

French Have Driven Back Germans at Verdun.

London, May 2.—Heavy fighting which has been in progress about Verdun for the past three days continues without abatement. The French are continuing their counter attacks launched with the failure of the German assaults on LeMorte Homme yesterday.

At the latter position General Petain has won back the first line trenches over a distance of nearly a mile, with a depth of between 300 and 600 metres. Another drive launched east of the Meuse—about Douanmont was equally successful and trenches extending over a front of 500 metres were occupied. The German attempts to recapture this ground, the loss of which Berlin denies, were broken up by the French artillery. The Germans attempted two concentrations—first after their failure the effort was given up.

The ease with which the German lines were taken came as a surprise to the French officers. Although German assaults had just been delivered in the Le Morte Homme sector, when the French counter attacked they found the forward trenches held by the minimum number of men.

German artillery also failed of its customary efficiency, arguing two things. Either the Germans are suffering a shortage of ammunition about Verdun, which might explain the lull during the recent weeks, or the German guns are already being transferred to other sections of the front. Some French observers hold that the Germans, realizing that Verdun could not be taken, had begun the transfer of their troops to the lines facing the British sometime ago. General Petain's attacks, they say, have simply been taking advantage of that fact to delay the movement as long as possible.

As long as the French staff can keep the Germans attacking at Verdun, these observers say, that the Allies' purpose will be doubly served. Not only will losses continue to be inflicted in proportions favorable to them, but the allies will be enabled to gain time to complete dispositions for the offensive which they are expected to begin before long. There has been a general regrouping of forces on the west front this spring. The arrival of Russian contingents is only a hint of what has been going on behind the veil of the censorship.

KENTVILLE, MAY 5, 1916.

KENTVILLE TOWN COUNCIL

The May meeting of Town Council was held on Wednesday evening, present: Mayor Pelton, Councillors Newcombe, McBride, Caldwell, Lamont, DeWolfe, Deputy Clerk and Recorder.

MONTHLY REPORTS

Finance—Chairman Caldwell reported receipts for month of \$2,219.26 being \$500.95 more than the expenditure. The outstanding taxes unpaid had been greatly reduced for the month being now reduced to \$1200 for all taxes, water rates, sidewalk construction, house connections, war tax and sewer interest. The bank overdraft had been reduced \$453.43.

Mayor Pelton said this was an excellent showing and gave great credit to the Finance Committee for giving such full and satisfactory reports. The Council thought the state of uncollected taxes was unexcelled by any Town in the Province.

Water—Councillor Newcombe reported \$34.55 expended for April or a total of \$222.64.

Poor—Chairman DeWolfe reported \$25 paid undertakers bill.

Streets—Chairman Newcombe reported expenditure of \$204.57 or a total of \$425.10 to date. This heavy expenditure was on account of the expense of removing great quantity of snow from streets and opening up gutters. The expenditure for first quarter was only \$25 more than the pro rata estimate for the year.

Schools—Chairman McBride reported expenditure of \$835.36 or a total of \$2782.64 to date.

Police—Chairman Lamont reported receipts of \$73.58 or a total of \$292.32 to date. The monthly receipts was increased by \$30 by fines paid.

All the reports were received and adopted. The bills for the month were read, considered and ordered paid.

The quarterly report of Dr. Moore, Health Officer, was read and adopted.

Councillor Lamont moved that Wednesday next be a general clean up day in the town, that the Mayor ask the stores to close at one o'clock and the schools to give a half holiday so that all might engage in the work of clearing up premises and streets in the Town. If weather was stormy the work was to be postponed until the following Wednesday. Motion after considerable favorable discussion was carried and it was also decided that members of the Council Board would immediately afterwards make a tour of town to see that proper sanitary conditions were carried out.

Revisors were appointed, J. R. Webster, C. B. Lockhart and H. G. Harris.

Councillor Newcombe brought up the matter of water tax for Arena and also the extension of pipe line to new house built by Arthur Turner. Resolved that a two inch pipe be laid to the new house mentioned, which would give direct connection to four other houses.

The matter of a license fee for a merry-go-round was referred to license committee.

Councillor McBride called attention to the bad state of the Town the previous night and the ease with which soldiers who came here were able to obtain liquor. He declared that something special should be done to remedy this. Councillor Lamont spoke on the same point stating some of the difficulties for doing effective work and mentioned many good things accomplished already this year. He said the Temperance Committee was not accomplishing what it desired. He said the committee was ambitious to stop liquor selling and drinking and would be happy to

get any good evidence of breaking the laws that the citizens could give.

Mayor Pelton said that on account of the liquor on Tuesday night we were being held up to ridicule in other towns. This illegal business must be stopped.

Coun. Newcombe asked if the Council would support the police committee in spending more money to stop liquor drinking and selling. Mayor Pelton and all the other members at the Board spoke on the subject and gave assurance with no uncertain sound that they wished to have the laws fully enforced. Mr. M. Bond was appointed firewarden and inspector.

Where the Municipal Council Could Save Money

In this issue we publish in full the motion made by Councillors Bill and McNeil in reference to a change in the manner of the appointment of the Registrar of deeds, so that the county might effect a saving of many hundreds of dollars to be expended on our much needed road repairs or other necessary County expenditure.

The motion would mean the appointment to the office permanently of the present competent official who is performing the work or some worthy person and the payment to said person of a reasonable sum for all the work performed. The County is paying in fees nearly double the amount required as a sufficient recompense for such services and the balance would make a fund which could be well applied for the great needs of the County.

There is no doubt but that this is a move in the right direction. This is a time when saving in every line is most necessary and here is one in which our Council, if carried out in a proper manner can benefit the County which they have sworn to serve and at the same time pay full value for the nature of the services rendered. The people who are obliged to turn and twist every way to save a dollar to pay the increased taxation will require some expression from the Councillors they vote for on a matter of this kind.

DISASTROUS FIRE AT PORT WILLIAMS

Yesterday morning about 3.45 o'clock the citizens of Port Williams were aroused from their beds by the alarm of fire. It was in the barn of Mr. George Gates and when discovered it was impossible to remove anything from the barn. Mr. Gates lost eleven fine horses including his most valuable stallion Gloucester and all his carriages, waggons and equipment of the barn. A cow, horse and two colts belonging to Mr. Silas Gates were also burned. The loss is over \$4000 with some insurance on the stallion, etc. The barn was quickly consumed. Only for the rain and drenched roofs the village could not have been saved from further conflagration. Mr. Gates is an exemplary citizen and will have much sympathy in his heavy loss.

HORSE SHOW

Reserve Saturday, June 3rd, for the Kentville Horse Show. This date has been chosen instead of April as in former years because of its being a public holiday. Coming at Apple Blossom time and at a time those who have horses to exhibit are through with the hurry of seeding.

It is expected that scores will visit the Valley from all parts of the Province motoring here on Saturday in time for this show and remaining in the Valley over Sunday.

The Classes are the same as last year with the addition of some special prizes and a very much increased prize list.

Mother! Now is the time to have your door and window screens attended to, flies are coming. Everything in this line at W. Wylie Rockwell's.

MOTION IN REFERENCE TO REGISTRY OF DEEDS

The following is a resolution made in the Municipal Council by Coun. C. R. Bill, Jr., and seconded by Coun. A. A. McNeil but voted down by the Council.

Whereas a vacancy has for a long time existed in the Registrar of Deeds for this County and whereas the amount received for fees for registration of deeds, etc., in this County is far in excess of the amount a competent person could be obtained for, to fill said office, and whereas it is desirable as far as this municipality is concerned that the Municipal Council should have the selecting of a competent person to fill said office during good behavior at a salary to be agreed on and the surplus proceeds to be used by said municipality for County purposes.

Therefore resolved that the Legislature be asked to amend the Registration Act and allow the Municipal Council to appoint the Registrar of Deeds for this County and that our representatives in the House of Assembly be asked to present this to the Legislature.

TERMINATION OF A LONG PASTORATE

Rev. J. D. Spidell, M. A., after a long and faithful pastorate over the Kentville Baptist Church tendered his resignation last month and it was accepted by the church. At the regular prayer service, April 26th, the following letter was read and unanimously approved as a slight token of appreciation of the members of the church and congregation:

To Rev. J. D. Spidell:
Dear Sir:

It is with deep regret that we the members of the Kentville Baptist Church sever our connection with you as pastor of our church. During the eleven years of your ministry with us we have enjoyed and endeavored to profit by the able sermons which you have presented to us week by week and a large addition in our church membership has been the result.

You answer to the call of the Empire for men to take up arms in the support of right and justice and the defence of our own country has brought about this separating of Pastor and People. We have every good wish for you in the period of training yourself and others and in the work of inducing others to enlist, and when the call shall come for you to go overseas and take your place in the trenches and firing line; we pray that the God whom we have unitedly worshipped may protect you from harm and bring you safely back to your people and country.

ST. JAMES' CHURCH.

The great Easter Festival, with all its extra attractions of brightness, gladness and music was observed in St. James' Church. Lilies, sweet peas, mayflowers, etc., adorned the Holy Table, while potted plants were to be found at the entrance to the Chancel and on the Font.

The whole of the services of the day and its repetition on the following Sunday were bright and inspiring and the messages from the pulpit were those of hope and assurance.

The special features in the musical part were the rendition of the anthems "King of Kings" and "O Son of Righteousness," and the Te Deum, by Simper, together with the bright hymns and psalms.

The duet by Messrs Morash and Oyer was a delight to the worshipers and Sunday last the solo by Mr. Morash "Ora nobis" was well rendered. The choir deserved much commendation for their part in making the services so acceptable.

Major J. W. Margeson, M. P. P., has sufficiently recovered from his illness to attend his legislative duties at Halifax.

THE ST. LAWRENCE FLOUR MILLS COMPANY LIMITED. MONTREAL

FERTILIZERS

We all know the principal fertilizing elements lacking in our soils are nitrogen, phosphorus and potash. More of these elements are used by plants than of any others although many other elements enter into the composition of plants.

When we purchase commercial fertilizers we are buying simply these three elements in one combination or another. The higher the grade the greater the percent of these plant food elements. This year, and probably for several years, we cannot hope to get potash at a reasonable rate, in fact this year bought it in small amounts if it is in the mixed fertilizer not more than 20 pounds of actual potash in a ton and you will likely have to pay at the rate of \$200.00 a ton for Muriate of Potash that such a fertilizer may contain.

Our commercial fertilizers therefore, this year contains only two of the three principal elements, nitrogen and phosphorus.

The nitrogen in a fertilizer may be obtained from one of three sources, nitrate of soda, sulphate of ammonia, or animal tankage and bonemeal. Many of our mixed fertilizers are composed pretty largely of tankage. Probably tankage and bone gives us our cheapest nitrogen at the present time.

The nitrogen in animal fertilizers such as tankage (tankage is made from the waste materials from slaughterhouses) and bone are not so quickly available as is the nitrogen in nitrate of soda or sulphate of ammonia. The animal fertilizers must be acted upon by the soil organisms causing decay and rot before the plant can make use of it. The nitrate of soda and sulphate of ammonia are much more quickly available; in fact, the former can be used as soon as it is dissolved by the soil waters.

It should be kept in mind that animal fertilizers such as bone or tankage are not likely to give up all their food constituents the first year, whereas, nitrate of soda and sulphate of ammonia are likely to be used up during the first crop.

The three principal sources of phosphorus is slag, acid phosphate and bonemeal. These can be divided into two groups

our acid soils as nitrate of soda and the clover crop is not likely to be as good following its application as it would if nitrate of soda is used unless lime is to be applied.

Nitrate of soda contains about 15 per cent of nitrogen, a ton would therefore contain 300 pounds of nitrogen which costs \$75.00 or .25 cents per pound. We usually advise 190 pounds of nitrate of soda per acre for grain crops which would cost as present prices \$3.75, 400 pounds of average bone will give the same amount of nitrogen as 100 pounds of nitrate of soda. Bone contains approximately 3 per cent of nitrogen, it will be remembered that this nitrogen may not be all available during the first year, the finer the bone the more rapidly does it become available.

We usually advise 300 to 400 pounds of acid phosphate or 400 to 500 pounds of slag per acre for grain crops.

The acid phosphate contains 15 per cent phosphorus and the slag 12 per cent. The former costs \$24.00 and the latter \$16 per ton. The reason for the advance in the acid phosphate is that sulphuric acid used for treating the rock has become scarce due to the War and has doubled in price. The phosphorus in the acid phosphate costs 8 cents per pound, while in slag it costs 6.66 cents. It should be kept in mind however, that the phosphorus in the former is more profitable due to giving the plant a quick start. The 300 pounds of acid phosphate would cost \$1.20 per hundred or \$3.60. The 400 pounds of slag at .80 cents per hundred \$3.20.

Bone contains approximately 20 per cent phosphorus and 1 ton would have 400 pounds of phosphorus in addition to the nitrogen which it contains making it worth \$26.66 for its phosphorus plus 3 per cent nitrogen, or 60 pounds in 1 ton at .25 cents \$1.00 a total value of \$41.60 per ton. Bone I believe is offered at \$33.50 or \$1.66 per hundred so that the nitrogen and phosphorus in it is really cheaper than nitrate of soda and slag.

A 4-10 mixture offered by the Fruit Companies for \$33.00 or 1.65 per hundred would on the basis of nitrogen value in nitrate of soda and slag be worth \$33.33. The 4-10 mixture means 4 per cent nitrogen or 80 pounds in 1 ton and 10 per cent phosphorus or 200 pounds in 1 ton.

80 pounds nitrogen @ \$20.00
25 cents @ \$13.33
200 pounds phosphorus acid @ \$6.66 \$33.33

400 pounds of bone per acre would give approximately 12 pounds of nitrogen @ 25 cents \$3.00 and 80 pounds of phosphorus at \$6.66 cents \$5.33. Total \$8.33.

100 pounds nitrate of soda as contains 15 pounds nitrogen stated above is worth \$3.75 and 300 pounds acid phosphate containing 45 pounds of phosphorus is worth \$3.60. Total \$3.75.

100 lb nitrate of soda containing 15 lbs nitrogen .375
400 lbs slag containing 48 lbs phosphorus @ \$6.66 3.20

Total \$6.95

400 lbs of 4-10 Fruit Companies fertilizer would contain 16 lbs nitrogen @ 25 cents 2.66
40 lbs of phosphorus @ \$6.66 6.66

It will be seen therefore, that the 4-10 mixture is as cheap as any, but to offset this you have probably considerable material not quickly available, and in many cases you may have decided advantage from the use of slag that does not result from the 4-10 mixture.

You will also see that in the bone you are getting practically double the phosphorus you are getting practically double the phosphorus you have in the other combinations! It is necessary to use 400 pounds to get the required nitrogen however.

Having purchased the property occupied by the Niagara Spray Co. on the C. V. Ry, Kentville, I purpose erecting a Wood Working Establishment with all necessary machinery. All persons Requiring Sawing Done should make arrangements for hauling logs to the premises to be manufactured into frame or boards as required. Mill will start sawing April 1st. For further particulars and where to place logs. Apply to A. B. WARD, Kentville. July 17, Phone 115

SHE RECOMMENDS "FRUIT-A-TIVES"

Mrs. Corbett Read the Advertisement and Tried It

Avos, May 14th, 1914.

"I have used 'Fruit-a-tives' for Indigestion and Constipation with most excellent results, and they continue to be my only medicine. I saw 'Fruit-a-tives' advertised with a letter in which some one recommended them very highly, so I tried them. The results were more than satisfactory, and I have no hesitation in recommending 'Fruit-a-tives'."

ANNIE A. CORBETT.

Time is proving that 'Fruit-a-tives' can always be depended upon to give prompt relief in all cases of Constipation and Stomach Trouble.

50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

PORT WILLIAMS

Mrs. Manuel of Halifax is visiting her parents, Mr. and Mrs. John Bezonson.

Miss Irene Gates spent last week with friends in Granville Ferry.

Mrs. Ray Frazee of Hantsport is visiting her sister, Mrs. G. H. Gates.

Mrs. Kempton Gates spent Easter with her aunt in Amherst.

Mrs. Edson Wood of Harborville is visiting her mother, Mrs. M. P. Wood.

Tuesday evening Rev. Mr. Sanford of Halifax preached to a large audience here. His subject was "The value of a man" and it was well handled. Mr. Sanford has just severed his connection with the Disciple Church, Halifax, after a successful pastorate of two years and now takes up work in Everett, Mass. While here he was guest of Mr. and Mrs. G. H. Gates whom he married in Brockton nine years ago.

There is more moving than usual going on here this spring. Mr. G. H. Gates, who has bought his brother Silas' property, is vacating the Newcombe house where he has lived for nine years.

Mr. Silas Gates moves into the new house he built three years ago, that has since been used as a boarding house for his men.

Mr. Balcom goes to the Regan House where he will still keep boarders.

Mrs. Silver will again go to housekeeping with her mother and brother in Mr. B. Chase's cottage.

Mr. D. A. Hoag spent Sunday with his family here and delighted the congregation at the Baptist Church with a baritone solo "All Joy be Thine," accompanied by Mrs. Hoag.

The choir of the Baptist Church intend going to Upper Canada on Sunday evening next (May 7th) to give a Service of Song.

The patriotic concert given in March at Citizens Hall is to be repeated by request on Monday evening next (May 8th).

Those who missed the drill of the Allied nations will be glad to know it is to be repeated. Some new music will be added as before half proceeds towards Red Cross Fund.

TENDERS

Tenders will be received by the undersigned until the first of May for the purchase of the Estate of Four Acres of Orchard in good bearing with House and Barn, situated in Town of Kentville.

JOHN DRISCOLL,
Box 22 Amherst
Executor Estate Mrs. M. Driscoll

among them Prof. Blair of Kentville who gave a very interesting address on gardening. The roadwork is being rushed along under the efficient management of Miss Annie Stuart.

Below are the averages made by the pupils of the advanced department of Grand Pre school in the third quarterly examinations. Some of the marks are low on account of lack of home study. If the parents would only attend to this part of it, instead of leaving everything to the teacher, the results would be gratifying to them as well as to her.

No report is given from Class I on account of irregular attendance.

The majority of the low averages are due to irregular attendance.

Parents will note that these are the last examinations before grading and pupils who make poor marks have little chance of grading unless helped at home.

Eggs for Hatching—S. C. Rhode Island Red, 75 cents per setting of 15. G. L. Parker, Lower Canada

For Sale—Pair Steers in good flesh, partly broken, weight about 2100. Also Seed Oats (Pure Tartar King) J. S. Lamont, Biltown.

NEW STRENGTH IN THE SPRING

Nature Needs Aid in Making New Health-Giving Blood

In the spring the system needs a tonic. To be healthy you must have new blood just as the trees must have new sap to renew their vitality. Nature demands it, and without this new blood you will feel weak and languid. You may have twinges of rheumatism or the sharp stabbing pains of neuralgia. Often there are disfiguring pimples or eruptions on the skin. In other cases there is merely a feeling of tiredness and a variable appetite. Any of these are signs that the blood is out of order—that the indoor life of winter has lessened your vitality. What you need in spring is a tonic medicine to put you right, and in all the world of medicine there is no tonic can equal Dr. Williams' Pink Pills. These Pills actually make new rich, red blood—your greatest need in spring. This new blood drives out the seeds of disease and makes easily tired men, and women and children bright, active and strong. Mrs. Eugene Cadarette, Amherstburg, Ont., says: "I suffered for a long time from dizziness, pain in the back and sick headache, and nothing I took did me any good until I began Dr. Williams' Pink Pills. These cured me after taking six boxes and I now feel better than ever I did in my life. I had fallen off in weight to 82 pounds, and after taking the Pills I had increased to 100 pounds."

These Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

England to Take Closer Grip on Neutrals' Trade Connections

London, April 27.—The report that Great Britain intends to tighten the commercial blockade is reiterated in a despatch from the Copenhagen correspondent of the Exchange Telegraph Company, who says there are persistent rumors to that effect in circulation there. It is stated, he added that Great Britain desires all Danish merchants to pay in advance thru London for goods purchased in America, with the object of gaining thorough control over the commercial connections of neutrals.

For Service, Registered Holstein Bull, Service fee \$1.00. C. P. Magee, Church St. 3 mos

For Sale—8 young pigs also heavy seed oats. G. F. Watkins, Church Street. 30

For Sale—25000 feet Pine Boards. J. W. Wood, Coldbrook.

FOOD FOR A YEAR

Meat 200 lbs.
Bread 240 lbs.
Butter 100 lbs.
Eggs 27 doz.
Vegetables 100 lbs.

This represents a fair ration for a man for a year.

But some people eat and cat and grow thinner. This means a defective digestion and unsuitable food. A large size bottle of

Scott's Emulsion

equals in nourishing properties ten pounds of meat. Your physician can tell you how it does it.

FOR SALE BY ALL DRUGGISTS

Send for name of doctor and this ad. for our beautiful Serravallo's Balm and Child's Serravallo's Balm. Each bottle contains a Good Luck Penny.

EXCHANGE OF WOUNDED PRISONERS.

Germany has accepted the British proposal for the transfer to Switzerland of British and German wounded or invalid prisoners of war for exchange. Swiss doctors are now in Germany and in France and Great Britain examining the prisoners.

FOUR IRISH REBELS SHOT.

Four signatories to the Republican proclamation in Ireland have been tried by Court Martial and were found guilty and shot on Wednesday. Those who suffered the penalty were Peter Pease, styled Provisional President; John Connolly, Commandant General of the Irish Republic Army; Thomas McDough and Thomas Clark. Three others signers were sentenced to three years imprisonment. Sir Roger Casement will be given a speedy trial.

POTATO PRICES LOWER

The price of potatoes in the Halifax market has been reduced considerably and the demand seems to be very light. Prince Edward Island shippers are finding it more difficult now to get a market for their surplus crop and no prices over 80 cents per bushel are paid so reports the Charlottetown Guardian. Here in Kings County the idea seems to be prevalent that after planting potatoes will be lower in price and more plentiful.

The engagement is announced of Mary Catherine daughter of Mr. and Mrs. Howard MacMillan, Isaacs Harbor, to H. H. McColl, King's County. Wedding to take place on or about the first of June in Worcester, Mass.

C. B. Robinson of Harbor Beach, Michigan, has purchased the F. Griffin farm at Greenwich and has taken possession. He is an American, a nephew of L. D. Robinson of Berwick. Mrs. Robinson is a daughter of Mr. E. K. Palmer of this County. She will remain here but a short time and then will return to Michigan for the summer.

Will housekeepers when house cleaning remember to gather up all Surprise Soap and powder coupons and send them at once to Mrs. J. R. Neville, who will forward them to help on the good work so often referred to in the press, of aiding friendless girls as they pass through Toronto. Last year the coupons sent by the Kentville W.C.T.U. netted The Travelers Aid of the Francis Willard Home over \$8.00. Can we not double the number this year?

KENTVILLE DRUGGIST PLEASES CUSTOMERS

The Clark Drug Store reports customers greatly pleased with the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. This simple remedy drains the old foul matter from the bowels so THOROUGH that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. Adler-ika never gripes and the instant ACTION is surprising.

"Basic Slag"

On account of war conditions Basic Slag is the cheapest fertilizer you can buy to day. But we can always supply you with mixed fertilizer. But in our mind Slag is the best value for a farmer to buy this season. Ask us for prices by the car load delivered at your station. Also don't forget us on Seed Oats—we have a very low price on them. Banner, Sensation, also Black.
