NEWCASTLE BOYS PASS THEIR EXAMS

The following results of the Pharmaceutical examinations were given out by the registrar J. Benson Mahoney:

Those who qualified in General Subjects—Ralph Logan, William McCauley, Francis Veniot, S. Folkie, Alonzo Brewer, J. F. Robertson.

Passed in Materia Medica—Miss Emma Moore, George Steele. Passed in Chemistry—A. Jessie Peters.

Passed in Pharmacy—Harry Campbell, B. P. Toal, J. V. Butler, George Steele, A. Jessie Peters, Norman Sutherland.

Passed in Dispensing—Jas. Monroe, William McCauley, B. P. Toal, A. Jessie Peters, Norman Sutherland, Edgar Fallerton.

Passed in All Subjects—F. H. Lenke, J. H. Morris, Miss Mona Fleming, Bert Boone, Francis Veniot, LeEvan Stears, Miss Frances Sharpe, Charles D. Dickinson, J. G. Edgett, C. W. Smallwood, J. C. Reade, Harry G. McLean, John Steele, F. J. Bowdin, Miss Agnes Short, J. F. Robertson, D. R. Cochrane, Ralph Logan, Austin McDonald, Leo Durick.

The examiners were:—In general subjects, Dr. H. S. Bridges; Materia Medica, E. R. W. Ingraham; Chemistry, M. V. Paddock; Pharmacy, N. B. Smith; Dispensing, A. D. Johnston. Twenty-one took examinations in general, and thirty-eight took the different subjects, making a total of those examined fifty-nine.

This is the largest class which has ever been held. A number of those examined are students of the Maritime College of Pharmacy at Halifax, and several of the classes are boys who have seen service overseas.

DONATION TO HOSPITAL

The Miramichi Hospital Board hereby acknowledges with thanks, the receipt of a donation of \$5.00 from a friend on June 7th.

METHODISTS OF CHATHAM HOLD ANNUAL SESSION

The Chatham District of the Methodist Church held its annual meeting at Millerton on Wednesday, June 2nd, at 7.30 p. m. Rev. Geo. Ross, chairman of the District, presiding. The following delegates were present:

Chatham—Rev. H. S. B. Strothard, M. A. B. D. Newcastl—Rev. F. T. Bertram and Mr. Thos. A. Clark. Derby—Rev. Ernest Rowlands and Mr. Percy Quail. Highbucto—Rev. Thos. Pierce. Buctouche—Rev. John Lund. Bathurst—Rev. Geo. Ross. Harcourt—Rev. Chas. Stebbings, B. A. Campbellton—Rev. Jas. F. Rowley, Mr. John Watling. Gaspé and Cape Ozo—Rev. H. Scott.

Rev. E. Rowlands was elected secretary of the Ministerial Session; Rev. F. T. Bertram, Journal Secretary; Rev. Chas. Stebbings, Asst. Journal Secretary; Rev. John Lund, Statistical Secretary.

Much business of a routine nature was carried on in connection with the financial and membership reports. Rev. F. T. Bertram and Rev. Chas. Stebbings were each recommended to be granted 12 months' leave of absence, the former to pursue further studies, the latter to visit relatives in England.

A request came in from Gaspé Mission asking that a minister be sent to them as soon as possible, for which purpose they are prepared to pay the sum of \$1,000. Previously one minister served the two appointments of Gaspé and Cape Ozo. Gaspé now seeks a pastor of its own.

The status of Derby Circuit was changed from that of Semi-Independent to that of a mission, thereby incurring a better salary to the pastor. This circuit (Derby) also reported the completion of a new church at English Settlement, to be opened on June 27th and valued at \$3,000. Conference was asked for a grant of \$200 towards this new building. Delegates both Lay and Ministerial were elected on the various Conference Committees and after an expression of appreciation to the people and pastor of Derby, the meeting adjourned on Thursday at 10 p. m.

A vote of thanks was given to the U. S. Long may it was

NEWCASTLE HAS \$200,000 MILL FIRE

James Robinson's Saw Mill and Large Quantity of Lumber Totally Destroyed—Greatest Blaze on the Miramichi For Many Years. Large Number of Men Deprived of Season's Employment—Fear Shortage of Firewood.

At 4 o'clock, this morning Mr. James Robinson's mill was totally destroyed by fire. The fire broke out at 4 o'clock and within an hour had burned the mill to the ground. When the alarm was sent in the building was in a mass of flames and was absolutely beyond control. The firemen realizing that the mill was doomed, turned their services to the saving of the lumber piles which were in close proximity. The morning was calm, and had a wind been blowing the lumber piles which were in front of the lumber yard would no doubt have been destroyed as well. A large quantity of Princess Pine Boards estimated at 1 million feet, and which were piled on the face of the wharf was also totally destroyed. The woodwork of the Morrissey Bridge caught on fire several times but was quickly extinguished by the Fire Department. It is reported that the watchman had been through the mill 20 minutes before the fire was noticed, and at the time of the breaking out of the fire the watchman was in the Boiler Room making up steam for the days work. The Boiler room is built of brick and is a very short distance to one side of the mill, but no damage was done to it. This mill was built in 1919 and last season was its first year in operation and was considered one of the most modern mills on the river. It is estimated that the loss will reach close to \$200,000. Insurance was carried. In the vicinity of 125 men were employed and the loss sustained by Mr. Robinson as well as by the Town of Newcastle is a large one. A great number of our towns people depended on this mill for their years wood supply and this will cause a great hardship and inconvenience to many. We understand that Mr. Robinson the owner is at present in Montreal. The origin of the fire is unknown at the present writing. The fire Department answered the call promptly and did good work in saving the lumber piles. The loss of this mill is a hard blow to Newcastle and its destruction will be keenly felt by the citizens in general. The burning of this mill, which had a daily capacity of 75,000 a feet per day was the largest conflagration that Newcastle has experienced since the fire which destroyed the Anderson Furniture Factory some years ago, and which was located on the same site.

Sir Ezekiel McLeod Died At His Home In Hampton

St. John, N. B. June 11—Sir Ezekiel McLeod, retired Chief Justice of the Supreme Court of New Brunswick died of pneumonia at 7.15 o'clock this evening at his home in Hampton. He had been ill seriously only a few days although for a week or two previous to the pneumonia attack he had not been in the best of health.

Sir Ezekiel became quite well known in the Dominion when he represented St. John in the House of Commons and his name came into greater national prominence when he played an important part in the investigation of the sinking of the Canadian Pacific liner Empress of Japan, which collided with the Norwegian coal carrying steamer Storstad in the St. Lawrence River. He was born at Penobscus, October 29, 1840, and was educated at King's School, Sussex. He studied law and in October, 1867, was admitted as an attorney. In October of the following year he was called to the Bar and in 1882 was made a Queen's Counsel. In May, 1882, he was appointed attorney general in the Government of New Brunswick. He remained a member of the Government until March, 1883, then he resigned. He was appointed Justice of the Supreme Court and local judge in Admiralty. In 1914 he was appointed Chief Justice of New Brunswick, resigning in 1917, when he was appointed Knight Commander of the Order of St. Michael and St. George.

Sir Ezekiel was never married. He is survived by two brothers, Willard McLeod, a prominent resident of Boston, and Edward, of Petitcodiac, and a sister, Isabelle, who resides at the old homestead in Penobscus.

SURPRISE PARTY

Friends of Mrs. Claude Brown (nee Miss Laura Cox) gave her a delightful surprise party on Monday evening, in honor of her recent marriage. The guests, about sixteen in number presented Mrs. Brown with a beautiful cut glass and silver-two-in-one, and good wishes were expressed for much future happiness. Several hours were pleasantly spent in games. The young ladies had with them lunch boxes from which dainty refreshments were served. The affair was a complete surprise to Mrs. Brown who was greatly pleased with the remembrance. The evening passed most enjoyably to all.

MIRAMICHI WATER FRONT WORKERS HOLD MEETING

A meeting of the Miramichi Water Front Workers' Union was held on Monday night. Joseph P. Manderson Vice-President of the Union presided. The chairman in his opening speech informed the members that at an executive meeting held in Nelson, the river was divided into sections, each section to have its own President and secretary and other officers necessary, in order that meetings might be held more conveniently.

There are at present about 2500 men in the union and all the members feel that it has already accomplished much for them.

The following officers were elected for the Newcastle Division of the Union.

Pres.—Jos. P. Manderson. 1st Vice-Pres.—Wm. A'Hearn. 2nd Vice-Pres.—Ernest MacLean. Finance and Rec. Sec.—Geo. M. Lake. Marshal—Allan MacDonald. Mr. Lake thanked the members for taking him into their confidence and gave them some advice. He told the members not to be suspicious of their employers, but to ask for a good wage and do good work, let the employer see that the union man is the best man. The speaker thought it time that the laboring man should have his say in running of the affairs of the country as it is he who ultimately pays the bills.

The chairman read several by-laws, which will be strictly enforced. It was decided to make a strong effort to have all water front workers union men by Saturday night. On motion it was resolved that the business manager will visit the mills this week. On motion it was resolved to raise the monthly fees to 5 cents.

REPUBLICAN CANDIDATE

Warren G. Harding, United States Senator from Ohio, was nominated for the Presidency Saturday night by the Republican National Convention after a deadlock which lasted for nine ballots and which finally forced out of the running all the original favorites. As his running mate the convention named Governor Calvin College, of Massachusetts, upsetting a plan of combination of the Harding backers to nominate for the place Senator Lenroot, of Wisconsin.

Says Gratitude Is Beyond Words

Mrs. John McIsaac Declares Tanlac Brought Health And Happiness

"Tanlac has brought me health and happiness and words just can't express how grateful I feel for the good this wonderful medicine has done me," said Mrs. John McIsaac, 175 Prince street, Sydney, Nova Scotia, recently.

"Only my friends know how I suffered during the past ten years. In fact, I was so bad off I lost interest in everything and got no pleasure out of life," said Mrs. McIsaac. My appetite was so poor that I ate very little of anything and some mornings a glass of water would be all I would take for breakfast. Whenever I did eat anything I would begin to bloat up with gas shortly afterwards and my throat and chest would get so choked up I thought I would suffocate. Sometimes at night I lay in bed so long with out closing my eyes that I just couldn't stay there any longer and I would have to get up and walk the floor. I suffered from severe headaches and at times I would be walking along the street and get so dizzy I would have to catch hold of something to keep from falling. I got so weak that my household became a burden and it was an effort for me to get around the house.

"But now, I just feel like a different person, for Tanlac has given me new life and strength and I am enjoying better health than I have in over ten years. I can hardly wait for meal time to come and everything I eat digests without a particle of trouble. I never suffer from a headache spell any more and the dizziness has disappeared entirely. My sleep is sound and refreshing and I get up every morning feeling so full of life that I do my housework without tiring in the least. Every suffering woman should certainly know about Tanlac and I feel it my duty to tell others publicly what this medicine has done for me."

Tanlac is sold in Newcastle by J. Morris, in Redbank by Wm. M. Sullivan and in Doaktown by G. Hildebrand.

Mangel Growing

The growing of mangels has received a great impetus in many districts owing to the serious loss among turnips, caused by club-foot. The mangel is attacked by very few insects or diseases, and when successfully grown produces immense yields of succulent food, so necessary for live stock during the winter and spring months.

Sound fresh plump seed should be sown and large quantities of the very best home grown seed are now on the market. The mangel requires plenty of moisture and should be planted in good well tilled land early in the season. It works in very well with the following five year rotation: Barley or Mixed grain, Mangels, Grain seeded down with clover and grasses, Hay, Pasture. About one half of the manure (one ton) is applied to the barley stubble and plowed under in the autumn; the balance (1 1/2 tons) is worked into the land as soon as it is fit to work in the spring. When the land has been worked so that it is mellow and friable it is thrown up into low drills 30 inches apart and the tops of these dragged off with a pole or fence rail. The seed is then sown about 1 1/2 inches with at from 4 to 6 lbs. per acre, according to the quality of seed. The "Planet Jr." cultivator and seeder is a very satisfactory implement for this work. This is followed by a heavy roller firming the earth about the seed so that it may get sufficient moisture for germination. During a dry period it is well to seed in the evening so that the earth may remain damp about the seed for a longer time. The most important point in getting a good catch is to have the seed deep enough, so that it will not dry out and so have the soil pressed firmly about the seed. It pays to take extra time and trouble to put the seed in right, even if it is necessary to make a trench with a hoe for the seed and to cover and pack the earth down with the feet.

As soon as the plants are up in rows they should be edged with a hoe or hand cultivator. The latter will straddle the row and do both sides at once. The horse cultivator should then be run through the rows every week or after every heavy rain until the tops cover the ground. Thorough persistent cultivation will add greatly to the crop by conserving moisture and by despoiling weeds. The plants should be thinned to about 10 inches apart in the rows by the time they get four leaves, and hoed a second time before the roots swell.

Mangels should be harvested before severe frosts occur. They should not be topped so close that they will bleed, and should be handled carefully if they are to be stored for a long period. They should receive plenty of ventilation when in storage. The "Yellow Intermediate" is usually harvested. It is one of the best yielders and contains a large percentage of dry matter.

Journalists Who Will Arrive Here To-Morrow

Member's of the National Editorial Association Party from all Parts of the United States.

The members of the National Editorial Association party who will arrive in Newcastle tomorrow, are as follows:

- Edward Albright, News, Gallatin, (Tenn.)
- W. W. Aikens, Evening Star, Franklin (Ind.)
- Fred W. Allsopp and Mrs. Allsopp, Daily Arkansas Gazette, Little Rock (Ark.)
- Mrs. H. U. Bardwell, Telegraph, Dixon (Ill.)
- Colonel E. P. Bowen and Mrs. Bowen, Tribune, Fort Scott (Kan.)
- James M. Brown, Editor and Publisher, New York City.
- H. U. Bailey, Mrs. Bailey, Miss Dorothy Bailey, John Bailey, Republican Princeton (Ill.)
- Francis G. Burrows, Sunbury Daily Sunbury (Penn.)
- Charles W. Baum and Mrs. Baum, Central News, Pekasee (Penn.)
- E. S. Bronson, American, El Reno (Okla.)
- Will E. Beeson, Journal, Winchester (Ind.)
- Thomas J. Blain and Mrs. Blain, Daily Item, Port Chester (N. Y.)
- Lyman F. Black, Mrs. Black and Miss M. Black, Daily News, Elgin (Ill.)
- Mrs. S. H. Bakewell, Herald, Plankinton (South Dakota.)
- George P. Collins, Independent, News, Belle Plaine (Kan.)
- Charles Beeson, Journal, Winchester (Ind.)
- J. Byron Cain and Mrs. Cain, The Carrington (North Dakota.)
- F. E. Crampton, Mrs. Crampton and Miss Hazza Crampton, Odd Fellow, Montgomery (Ala.)
- Willard E. Carpenter and Mrs. Carpenter, Courier Herald, Lincoln (Ill.)
- Mrs. Nancy B. Canavan, American, El Reno (Okla.)
- Mrs. L. Crampton, Clarion, Lapeer (Mich.)
- John E. Clavey, Jr., Eagle, Madison (N. J.)

It Has that deliciously fresh and fragrant flavor, so uncommon in "Just ordinary teas"

"SALADA"

Your Tea-Pot will demonstrate this, in a 5 minute infusion

A New Character

When, four years ago, KING COLE ORANGE PEKOE TEA first appeared, something more than a new tea had been produced—a new character in tea had been created. Only after most searching experiments in flavor-blending were we at last able to develop that peculiarly mellow richness of flavor so delightful to the taste, which has won for KING COLE ORANGE PEKOE the high place it holds. The total annual sale of KING COLE ORANGE PEKOE has doubled twice in the last two years.

We are confident that you will say that it is different to any tea you ever tasted.

Shortage of Ties Holds up Work on New Railway Line

Inability to procure sufficient supplies of railroad ties, or sleepers, is hampering numerous railroads in Canada and the United States. An ordinary tie costs \$1 while extra quality are worth 25 to 80 cents more, and are difficult to get at that price. Lumbermen say that the shortage will exist several years. During the great war the number of ties cut fell greatly. Last year there was an excessive demand for ties and the supply was soon absorbed. The scarcity of ties has stopped construction of the proposed electric road across northern Maine from Presque Isle to the border of the province of Quebec, more than one hundred miles. This road, backed largely by A. R. Gould, the original contractor for the Valley road, is designed to provide a short route between Quebec, Montreal and St. John. It is probable that work will not be undertaken on the proposed line until next year.

Animal Diseases Eradication Board

At a meeting held in Toronto on Thursday, May 27th, the final steps were taken in the organization of a body to be known as the "Animal Diseases Eradication Board". As its name implies, this Board has for its object the formulation and carrying out of plans for controlling diseases of live stock in Canada, it being the intention to pay particular attention at this time to tuberculosis of live stock, a disease which contributes to a greater extent than is generally recognized, to the spread of tuberculosis in human beings, besides causing an enormous economic waste of food products by reason of the necessity for condemning as unfit for human food, carcasses or portions of carcasses, of tuberculous animals. The Board is composed of twelve members, four from the live stock associations, four from the meat packers, and four from the Federal Department of Agriculture, and the headquarters of the Board will be at Ottawa. Co-operation with Provincial Governments, Railways, Banks, Press and public health bodies will be sought.

At the Toronto meeting, an Executive Committee of three members one from each of the interests represented, was appointed to consider and make recommendations to the full Board with reference to the details of a plan of campaign for controlling this disease most effectively, the board outlines of the plan having been agreed upon by the Board. These details will deal with the methods for obtaining the necessary funds for the work, the executive organization, the areas to be covered, the methods by which the work can best be carried on and the administration of any fund that may be established for the purpose. The objects in view will involve hearty co-operation between the packers, the live stock men, the Federal and Provincial Departments of Agriculture and the solid backing of all interested in the disease from the human as well as the live stock standpoints. The preliminary meetings have indicated that there are good reasons to believe this co-operation will be secured. The plans are necessarily tentative but a great deal of progress has already been made, and after the representatives and the groups have had an opportunity to consult the executives and membership of the various associations it is expected that a full plan will be developed and details announced.

FROM DAVY JONES

Inventor is Confident He Can Wrest Riches.

Simon Lake is Man Who Claims He Has Devised Perfect Salvaging Submarine—Will Seek Gold Long Under Water.

With the waters of the Atlantic ocean swashing over his head, Simon Lake, submarine inventor, expects to excavate the bottom of Long Island sound, off Port Morris, N. Y., and try to salvage \$5,000,000 gold bullion from the treasure chests of the H. M. S. Huzzar. The treasure has nestled on the bottom for 119 years. If Lake desires, he says, he will be able to smoke a cigar, sing a song and twang a ukulele on the bottom of the ocean while the treasure is being recovered with a new salvaging submarine machine which he has just perfected. The story of the Huzzar and its buried gold is as romantic as any sea yarn ever spun by Jules Verne or Robert Louis Stevenson. It begins at a date when pirates roved the Atlantic, and promises to end with a submarine climax.

Chapter 1 shows the British warship Huzzar, launched about the year 1700, to the pop of a wine bottle. From this point the story carries the wind-jammer through the adventurous times when Captain Kidd might be found at any time hiding behind the next wave, and narrates her exploits as a utility vessel in the British navy. The last trip of the proud Huzzar was when she started to the American colonies in 1780, carrying a cargo of golden wealth in her hold. In making the waters of the harbor, at a time when Hell Gate was not adequately charted, she struck a rock and stove a hole in her bottom. She tried to make shore, but didn't, and sank off Port Morris. The treasure, which was to have paid off the soldiers of the crown, sank with her.

Thirty years ago a company was organized on Staten Island to attempt the salvage of the Huzzar gold. The most accomplished diver of the day spent much time in the water. He succeeded in bringing up a hard oak rib of the ship and a few coins of little value, and then was forced to give up his efforts. The experiment cost the salvage company \$20,000.

The oaken rib of the good ship Huzzar was worn-eaten, but it was saved diagonally, and just enough good wood was recovered to make two canes. One of these canes is now in the possession of C. F. Lester of Brooklyn. Just when Simon Lake will begin operations to salvage the Huzzar gold has not been made public.

Don't Let Him Sneak Up on You

Old Potato Bug doesn't blow a horn to let you know he's coming. He's when your potato plants are already infested. He's when you see the green leaves of a potato plant turning yellow and the leaves dropping. He's when you see the holes in the leaves and the plants are not receiving all the food they need.

MUNRO'S PURE PARIS GREEN

It is the good old killer that always does the job right. Spray early and as often as required, and your potato plants will be impervious to attack. Munro's Pure Paris Green is made to conform to Government standard. It is a fine, fluffy, rich green powder, which mixes evenly in water. Ask for it by name at all stores where garden supplies are sold.

HOW YOU CAN TELL GENUINE ASPIRIN

Only Tablets with "Bayer Cross" are Aspirin—No others!

There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only acid imitations. Genuine "Bayer Tablets of Aspirin" have been prescribed by physicians for almost a century and proved safe by millions for Pain, Headache, Neuralgia, Colic, Rheumatism, Lumbago, Neuritis. Handy boxes of 12 tablets—also larger "Bayer" packages, can be had at any drug store. Made in Canada. Aspirin is the trade mark (registered in Canada) of Bayer, Manufacturer of Monoclonal Aspirin of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross".

Millions of Miles of Desert.

The great Sahara desert covers the major part of northern Africa, consisting of 2,500,000 square miles—an arid region as large as the whole of Europe. From 100 feet below sea level it rises in one instance to 8,000 feet above, and some of its elevations are covered with snow for three months of the year. Most of it, however, is a dry, sandy waste, dotted here and there with an oasis where drink may be secured. The winds are all very hot and dry, while rain is almost unknown. The ostrich, camel, jackal, horned viper and numerous lizards are the principal animals of the region. Several varieties of hardy birds are also found. Arabs, Moors, Jews and negroes jostle each other on the caravan routes and the fierce-looking Arabs who bring their produce to the Egyptian markets are probably robbers and cutthroats in their desert home. It is impossible for travelers to get off the road, as the caravan routes are bordered with the bones of countless camels which have fallen by the wayside during the thousands of years these trails have been traveled.

Hotel's Famous "Royal Suite."

On the wall of the so-called "royal suite" in the old Revere house, Boston, Mass., hung a decorated shield bearing the names of distinguished guests: Jenny Lind, 1850; Daniel Webster, 1850; prince of Wales, 1860; Patti, 1860; Parepa, 1865; Christine Nilsson, 1870; Grand Duke Alexis, 1871; King Kalakaua, 1875 and Emperor Dom Pedro, 1876. But, even if the hotel had remained in operation, the present prince of Wales, coming to Boston, would hardly have gone there for his temporary dwelling place. For a good many years the old hotel has stood as a survival, in a part of the city where distinguished travelers were no longer among the common sights; and now it goes out of business. But, in its time, it was proud of that "royal suite."

Centuries-Old Images Found.

Investigations by the Mexican government to find out who built the great pyramids at San Juan Teotihuacan, 27 miles from Mexico City, have brought to light two great granite heads of the ancient Mexican god of the sun, Quetzalcoatl. These heads are almost perfect specimens, bearing all the symbolic markings. The long-disputed point as to who erected the pyramids is, as yet, undecided. These huge mounds, one to the sun and the other to the moon, the former being 705 by 721 feet, at the base and 216 feet high, are generally attributed to a tribe that preceded the Toltecs, probably dating from about the sixth century.

TUESDAY, JUNE 15, 1920

MUSICIANS FOR MUSIC The truth is that musicians are not taught now, and never have been taught, to consider music in relation to anything but itself.

Let us visit a few mills. Here is a saw-mill which makes boards and shingles out of logs. The finished product is worth more than the raw material.

Musicians were made for music and not music for musicians.

EDITORS MAIL

We are not responsible for opinions expressed by writers under this heading. Correspondents would oblige by writing legibly, and on one side of the paper only, name and address (not necessarily for publication) must always be sent.

PROHIBITION

To the Editor of the Advocate Sir: Permit me to make a few quotations and remarks in your valuable paper bearing on the question of prohibiting the liquor traffic.

In a publication of the United States called the Outlook bearing date of August 8, 1914 the following three paragraphs are credited to a manufacturer of railway cars:

"Religion as such had little to do with it except that it started it. The thing that made these men efficient was cutting out the drink. Billy Sunday got them all on the water wagon. They became sober and stayed sober. They could run their machines with steady hands and true eyes. The men themselves realize what a difference it makes. They are strong for prohibition. If the people of Pittsburg and its vicinity could vote on the temperance question today, the saloon would be wiped out there."

"The manufacturers are strong on prohibition, too. They never gave much thought to the matter before. But this demonstration of Billy Sunday has made us all strong for prohibition. We know now that most of our accidents are due to whiskey. For years we have been trying to find a way to secure a high degree of efficiency among our men. We

EGZEMA You are not experimenting when you use EGZEMA. It is a scientific preparation...

never succeeded. Along comes this preacher and accomplishes more in a few weeks than we have ever been able to do.

"We know now that until booze is banished we can never have really efficient workmen. We're fools if we don't profit by what he has shown us. Take it from me booze has got to go. We are not much interested in the moral side as such. It is purely a matter of dollars and cents. They say corporations have no souls. From this time forth corporations are going to show mighty little soul toward the man who drinks."

Archbishop Ireland, the famous Roman Catholic, said of social crime that seventy-five per cent is caused by drink and eighty per cent of the poverty.

"Personal liberty" is for the man, if he has the inclination and the price, who can fill himself so full of booze that he is changed into an irresponsible, dangerous brute. It is not for his wife, who has to endure his curses and blows; nor for his children, who are robbed of a father's care and grow up neglected and abused; nor the sober and industrious citizen who has to pay, willingly or not, the tax bills which pile up as the result of drunkenness, disorder and poverty; nor for the people who travel our streets at the risk of being insulted or injured by some drink-crazed creature.

The Saturday Evening Post of November 9, 1907, had the following extract from an address given by a brewer: "It appears from these facts that the success of our business lies in the creation of appetite among the boys. Men who have formed the habit scarcely ever reform but they, like others, will die, and unless there are recruits made to take their places, our coffers will be empty; and I recommend to you that money spent in the creation of appetite will return in dollars to your tills after the habit is formed."

The raw material of the saloon is our boys and in some cases our girls. How can you best regulate a mad dog or a rattle-snake? Some advise taking a piece of the tail, license, and there will be less to regulate. The best way would be to take all the tail off and amputate at the neck. No law will absolutely prohibit? Where would we be if we repealed all the laws that do not completely prohibit? Remember that the Ten Commandments have not yet been repealed though often violated.

On behalf of the young people of our province and those yet unborn I thank you for the space occupied and subscribe myself an enemy of the drunkard-maker and his factory.

A. C. M. LAWSON Fredericton, N. B. June 10, 1920.

PROROGATION JUNE 15TH

Ottawa, June 12—With quite a little work to do yet on the budget and with the Frauchies Act and the report on soldiers' pensions yet to come before the House, talk of prorogation of parliament has swung still further than Dominion Day and the expectation is now that it will be July 15. At one time the Liberal opposition was reported to be anxious to finish by June 25, in order to allow of a western tour of Hon. W. L. Mackenzie King. Now the proposed trip has been pushed back until the fall, thus allowing of more latitude in talking against the government proposals. The talk of a fall session has also been revived, but the older members of the House do not see any likelihood of such being the case this year.

Some members believe the fall session idea was planned to overcome the increased indemnity question, but others merely scout the idea declaring that only the imminence of a general election would bring on a second session.

Utterly Helpless From St. Vitus Dance

The Sufferer Restored to Health Through the Use of Dr. Williams' Pink Pills

St. Vitus dance is a disease of the nerves brought on by a morbid condition of the blood. It is a common disease with children, and attacks girls more frequently than boys. Irritability is frequently one of the first signs noted. The child frets, it is quarrelsome, and does not sleep well. The jerky movement that characterizes the disease comes a little later. The patient becomes pale, languid and often constipated. The limbs and sometimes the whole body jerks spasmodically, and in severe cases the power of speech is affected. Such a child should be allowed to study, but should be kept quiet, given a nutritious diet remain out of doors as much as possible, and above all things given a course of Dr. Williams' Pink Pills to build up the blood and restore the shattered nerves. Without this treatment the trouble may become chronic and the patient a life-long sufferer. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the following statement by Mr. Frank J. Scriven, a doctor, Ont., who says: "In January, 1917, when I resided at Milton, Ont., my daughter Gertrude, then aged fourteen, had a bad attack of rheumatic fever, which left as its after effects a severe attack of St. Vitus dance. For weeks she was confined to her bed under the doctor's care. She was entirely helpless, being unable to even hold a spoon to feed herself. For a time she lost the power of speech almost entirely and with great difficulty made herself understood. The twitching of her muscles was so bad it was painful to see her. After a long time and taking a lot of medicine she seemed to improve. But she did not seem to get along as she ought to. In November, 1917, we removed to Acton, and in January, 1918, she was again confined to her bed with St. Vitus dance. She was again in a terrible state and quite helpless. She was under a doctor's care, and while there was an improvement, she was still very nervous, did not look well and was always tired. In May, 1918, we decided to try Dr. Williams' Pink Pills, and see what they would do for her. She took them regularly according to directions, and after taking several boxes there was a decided improvement. After a further use of the pills she now has a healthy color and is strong and lively. The neighbors to whom she is well known remark on the wonderful change in her appearance since taking Dr. Williams' Pink Pills. Both her mother and myself are convinced that the pills have done her a world of good as she is now far healthier than we at one time thought she ever would be."

For all trouble due to poor blood and weak nerves there is no other medicine can equal Dr. Williams' Pink Pills. You can get these pills from any dealer in medicine, or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

Big Circus Here On June 25th.

Action, color and music, plenty of each, from the time the trumpets announce beginning of the grand entry until the final strains of the band tell that the big show is over, are paramount features of the Hagenbeck-Wallace performances, which will be seen in Newcastle, on Friday, June 25. Not only is it true that there is not a dull instant during the whole period of entertainment, but the most blast "circus fan" comes away admitting that, for novelty and variety of character here has been seen so much of the new and unexpected that the experience of beholding it all is similar to that felt when the beholder saw his first circus, perhaps many years ago.

Animal acts? To be sure. The Hagenbeck-Wallace show has the biggest and best animal performance in the world, as has been practically admitted by all for three decades. But animal acts do not constitute the entire program, by any means. Among the human performers are to be found the world's greatest skill, daring comedy—all will be seen under the big tent at Jane street.

The afternoon show will begin at 2 o'clock, with the doors opening an hour earlier, in order that all may have time in which to visit the immense menagerie. In the evening, the doors will open at 7 o'clock, with the show starting an hour later.

SEE OUR WINDOW DISPLAY. We also have in stock a complete line of Boys' Caps, in all sizes. RUSSELL & MORRISON Castle, St. Phone 50

Methods Of Collecting Luxury Taxes Discussed

Ottawa, June 11—Suggestions that the finance minister might decide even yet to change his mind and collect the luxury tax at the fountain head—the manufacturing or wholesale establishment—fell on deaf ears in the house tonight. The great part of this evening's debate on the luxury tax hinged on the method of collection, but in the face of all appeals the minister held firm. The people, he said, must know how they were being taxed and why, and the only means of bringing the lesson home to them, was to collect the tax through the retailers.

When the tax of three cents had been placed on cigarettes it had been levied at the source. That such a plan was a mistake was shown by the fact that cigarettes immediately advanced in price three cents per package to the consumer.

W. F. Cocksbutt (Brantford), protested against impressing 200,000 retailers into service as tax collectors. Theirs would be the most thankless job possible and the minister was unfair and irresponsible to demand this of them when about 8,000 larger establishments would collect the tax more efficiently and more economically.

Hon. W. S. Fielding feared there would be pyramiding of taxes under the method proposed by the minister. The tax to the ultimate consumer would eventually amount to anywhere from sixty-five to 100 per cent.

Profiteering Sugar Firms To Be Published

Ottawa, June 10—The Board of Commerce purposes, at an early date, to issue a list of persons and firms liable to indictment for sugar profiteering. The list contains the names of retailers and wholesalers who are scattered in many parts of Canada, chiefly in Ontario and Quebec.

Whether prosecution will follow depends upon the action of the Attorney-Generals in each of the provinces. These officials will be furnished with particulars of the profiteering alleged by the Board, and it is up to them to indict the offenders under the criminal code, as provided for in the Combines and Fair Prices Act.

The announcement that this list would be made known at an early date, probably Friday, was intimated this afternoon by Mr. W. F. O'Connor, acting chairman of this board, following the hearing of H. D. Marshall, Ottawa, general broker in the sugar investigation. The facts contained in the list are the results of the country-wide investigation which the board has been carrying on for some time. It has gathered the information through questionnaires sent to thousands of retailers and others, and contains particulars of prices to buyer and seller.

Mr. Marshall was called and after reviewing events, Mr. Murdock asked him if he claimed a commission on two cars of sugar which he sold to Provost and Allard, Ottawa, which resulted in sugar being boosted from 22 to 30 cents a pound. Mr. Marshall said first that he did not claim commission, and then when Mr. Murdock asked "did you or did you not write a letter claiming commission of 1 per cent?" Mr. Marshall said he did. He did so when he heard that he was entitled to it.

THE ONE PER CENT SALE TAX

Ottawa, June 11—It has come to the attention of the Department of Customs and Inland Revenue that certain purely retail dealers are charging their customers with the sales tax on the sales made to consumers, and showing such sales tax as a separate item on their bills or invoices.

The amount of the sales tax which the retailer has paid upon goods at the time of purchase from the wholesaler may be included in the retailer's bill to the consumer, provided that it is not included in the cost on which profit is calculated, and provided also that it is not shown as a separate item on such retailer's bill or invoice.

The Federal Budget has at least provided more employment. Look at the array of tax collectors it has made. With the price of potatoes almost prohibitive, many struggling households substituted rice. Now the Union Government puts the extra sales tax on rice.

President Wilson refused to dishonor his signature to the Peace Treaty. History will vindicate him against his opponents even if the elections do not.

WEDDINGS

RITCHIE—HILL
Miss Henrietta Hill, daughter of Mr. and Mrs. Adam Hill, of Cassville and Peter Ritchie of 34 North Main street, North Andover, were united in marriage Thursday evening, May 27th by Rev. T. C. Atchinson, at his residence, 597 Haverhill street, North Andover.

WEAVER—SUTHERLAND
The marriage of Miss Violet Ellen Sutherland, daughter of Mr. and Mrs. William B. Sutherland, and William Melvin Weaver, son of Mr. and Mrs. David Weaver, of Blissfield, was solemnized at St. Mary's Catholic church on Wednesday, June 2nd with nuptial mass celebrated by Rev. Father Chaisson.

After the ceremony the bridal party drove to the McKay Hotel, where a dainty wedding breakfast was served. Mr. and Mrs. Weaver then left for Calais, Me., where they will spend their honeymoon with the groom's sister. Going away the bride wore a travelling suit of navy blue with hat to match.

Mrs. R. KNOX,
86 Mecklenburg St.
St. John, N. B.

Could Not Sleep
Mr. Earnest Clark, Police Officer, 338 King St., Kingston, Ont., writes:
"For three years I suffered from nervousness and sleeplessness. I believe my condition was brought about by overwork. I had frequent headaches, neuralgic pains and twitching of nerves and muscles. I had indigestion, was short of breath and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine cured me of all my symptoms. I am now feeling one hundred per cent. better than I was, and have to thank Dr. Chase's Nerve Food for the good health I am now enjoying."
Dr. Chase's Nerve Food, 50 cents a box, \$ for \$2.75, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

Dr. Chase's Nerve Food

SUNNY CORNER

Necessities and Luxuries
Whatever other qualities the Finance Minister may or may not possess, he is evidently not lacking in a sense of humor. His list of luxuries proves this beyond a doubt. At their present soaring prices clothes are indeed a luxury, and they will be more of a luxury with Sir Henry Drayton's tax affixed to their cost. But in our rigorous climate we have not learned to do without them—at least the men have not learned to cut them down so near to the vanishing point as the women are doing. Clothes, therefore, for the present are a necessity. But when we go to the tailor to order a suit he tells us that he cannot make a suit today that will give any satisfaction in wear for forty-five dollars; that the most expensive clothing which a man can wear is cheap shoddy. A good suit will outwear two or three poor ones and it is economy to buy good cloth. It costs no more to make a suit of clothes out of good cloth than it does to make one of shoddy. The difference is the price in the cloth. Then Sir Henry Drayton steps in and says if you try to economize by buying clothes that will give you satisfactory wear and look well while you are wearing them I will tax you ten per cent. on their cost. The same thing happens when you go to buy a pair of boots. Shoe merchants tell us that a pair of boots that can be bought for less than nine dollars are shoddy. But if we persist in buying a good article we must pay the penalty of a luxury tax. The men

HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON
P. O. Box 123, Parraboro, N. S.
"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back. In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since. Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."
JOHN E. GUILDERSON,
Contractor and Mason.
50c. a box, 6 for \$2.50, trial size 25c.
At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

most hardly hit by this tax on clothing are not "those best able to bear it," but the salaried man, whose income has not risen with the advance in prices, but whose position requires him to appear neatly dressed. The rich can well afford to pay the extra cost of clothing, and the very poor may go to the second-hand clothing store or even beg cast-off clothing from house to house; but the clerk and the professional man with slim salaries must pay for the luxury of clothes

Self Feeder For Swine

One often hears the statement made that it does not pay to perhaps give pigs more than the most ordinary attention and the farmer can scarcely be blamed in this respect if his hired help is inexperienced and yet has to be paid as high a wage as a real good experienced man. The keeping of a few pigs is practically always a paying proposition but, to make it more so, means must be restored to whereby the labour can be reduced to a minimum, particularly as the pigs are apt to receive the scantiest of attention in any case. Towards this end, therefore, it seems only natural to try to find out just how well pigs will thrive if allowed to feed themselves. By feeding themselves is meant the adoption of a "self-feeding" method whereby the pigs are allowed access to a limited supply of dry feed whenever they feel so inclined. This system is of value to the breeder who goes in for swine-raising on a large scale and also to the small farmer who has other countless duties to perform but finds the feeding of pigs the chore of all. The latter might find the "self-feeder" of great value particularly in reducing expenses. With a view to gaining some definite information of the use of the "self-feeder" for swine, experiments have been carried on at the Experimental Farm, Agassiz, B. C. for several seasons. Comparisons have been made in the use of the "self-feeder" as against the trough-feeding method. As far as cost of feed is concerned, results go to show very little difference one way or the other but when the labour question is considered the value of the "self-feeder" cannot be ignored. This comparison of the "self-feeder" with the trough feeding method is being continued until absolute and definite results are obtained but up to date, however, the advantages of the "self-feeder" has been strikingly evident. With all classes of feeders this advice can be used to advantage while it also may be made use of in the feeding of young sows up to breeding age. With mature breeding stock, however, it is wise to avoid the use of the "self-feeder." The "self-feeder" for swine has many features to commend it, one of the most important being the fact that of all farm animals, none adapt themselves so probably to its method as do swine. Where only two or three pigs are kept, the use of a "self-feeder" can hardly be recommended but, with more than ten pigs the adoption of a "self-feeder" is well worth a trial. Finally, as a means towards the reduction of the labour expense, the "self-feeder" has a distinct advantage over hand-feeding methods.

A BAD EGG.

The railings of a big transport on its way to France were lined with very new soldiers when a massive gob hurried by, bent upon some urgent duty. "Gangway! Gangway!" he shouted as he passed along the deck. "Gee, that guy'll catch hell when they find him," murmured one of the recruits. "They been hollerin' for him all mornin'." "Hollerin' for who?" "Why, that guy Gangway."—The Home Sector.

No Demand for It.
"At some time or other every man has expressed a fervid desire to kick himself."
"Sure."
"But if you were to invent a cheap and practical device which would enable a man to give himself a vigorous kicking, you wouldn't sell one in a year."

In the Days to Come.
"Papa, Uncle Tom has been showing me his coin collection and he had a funny little piece he said was a nickel. What did people use it for?" "My child, in former times you could buy things with that coin. Strange as it may seem to you, you could even get a street car ride with it."

BOTH ALIKE.
Mr. Newgilt—Yes, sir, I started in life a barefoot boy.
Mr. Oldfam—I too, was born without shoes.
Literary Approval.
She reads the novel, every line 'Twas written by a prize.
But auntie says the book is fine Because the type is big.
Not Very Far.
"I told that promoter I'd buy two shares of his stock."
"Well?"
"He said two shares wouldn't do me any good."
"He's probably right. Two shares wouldn't go very far as wallpaper."
Unappreciated.
The Judge—Your wife complains that you contribute nothing to the support of your family.
The Accused—She's got me wrong. My conduct prompts the neighbors to give her enough food and castoff clothing to keep them in luxury.

Precaution.
"Why have you placed this sheet of iron behind the screen?"
"Now and then one of the cowboys takes a notion to shoot at somebody in the play," explained the proprietor of the moving picture palace at Pisen Gulch.

One Out of Many.
Knicker—Burton surely got a peach of a wife. Her father brought her up all right.
Bocker—Has she wonderful characteristics?
Knicker—I'll say so. Knows a good box of cigars when she buys them.

An Expensive Luxury.
Neverwed—Doesn't a daughter in your family add greatly to your expenses?
Longwed—It didn't amount to so much until she went into business in order to become self-supporting.

The Conditions.
"When I put my foot down it stays there?"
"People in your neighborhood must be liberal with ashes on their pavements."

GOING MONOTONOUS.
"Why don't you call your hotel 'The Breakers' any more?"
"Aw, everybody had to crack an alleged joke as he paid his bill."

The Play's the Thing.
The things that poor old Shakespeare wrote are queer and that's a fact. They're strangely easy when you quote, but mighty hard to act.

Gene.
"I have a novel idea for a film play."
"What is it?"
"The husband and wife in the plot have no serious marital difficulties."

Accounting for It.
"He showed his grit when he was scolded out of the machine."
"No wonder, he had to hit the dust."

Speaking of Kings.
Mr. Pecked—Smith is king in his house.
Mrs. Pecked—Yes; I was there the day his wife crowned him.

"It has the flavor"—
a rich, satisfying flavor that every man who chews, appreciates.
And the quality is always the same—
buy it where you will.

ONE CENT SALE The Rexall Stores CANADA'S FAVORITE DRUG STORES **ONE CENT SALE**

The Plan
Buy a tube of **Rexall Pearl Tooth Paste** at the regular price, 85c., and we will give you another tube for **1c.** or the **2 tubes for .36**

ONE CENT SALE!

Another Example
Buy a 50c. box of **Stationery** and we will give you another box of this high-grade **Linen Paper and Envelopes** for **1c.** or the **2 boxes for .51**

Sale - THURSDAY, FRIDAY and SATURDAY - Sale

This ONE CENT SALE Plan was originated by the United Drug Company for the Rexall Drug Stores. The United Drug Company are the largest manufacturers and buyers of Toilet Articles, Remedies, Chocolates, Perfumes, Rubber Goods, Stationery and Drug Sundries in the world, and this is an advertising plan pure and simple, of which they bear most of the expense. Instead of spending money in the regular way, such as Free Samples, etc., it is their desire that we place full size packages, or articles, in your hands, giving you an opportunity to judge the real value of these goods, the cost of which they charge to advertising. We will only be permitted to run this sale occasionally. Beware of imitations in other stores, and take advantage of this exceptional opportunity. We can not afford to charge or deliver goods during this sale. So please don't ask us to do it. These prices do not include the War Tax.

FOR Sale of Light Wines and Beers under Government control.	
AGAINST Sale of Light Wines and Beers.	

An affirmative vote shall be given by making a cross opposite "for" on the ballot, and a negative vote by marking a cross opposite "against."

General Assembly To Meet Next Year In Toronto

Change Made from Vancouver on Account of Expense of the Trip to Coast City

Ottawa, June 9—The two important features at the fifteenth seditious of the Presbyterian General Assembly this morning were the reconsideration of the place of meeting for next year, which will now be in Toronto instead of Vancouver as formerly decided on, and the passing of a motion which practically does away with the indeterminate term of pastorate of Presbyterian ministers. It was decided to send to presbyteries for their consideration the motion which recommended a seven year term for ministers. It was agreed, however, that should there be no application from either he minister or the congregation that there would be no change.

During the discussion on the place of meeting for next year there was a lively scene when Rev. Dr. Pringle Sydney, supported a motion that the meeting be in Winnipeg.

Professor Welch, Montreal, alleged that the reason for Dr. Pringle's support was because of the question of organic union which will come up for discussion at the assembly. Professor Welch insisted that Dr. Pringle was in favor of the union as were also the majority of the members of the Assembly from Western Canada. It was just an attempt to localize the question, he said.

The reason given for the reconsideration of the place of meeting was that of economy. It was stated that the cost to meet in Vancouver would be \$100,000, while the cost if Toronto was decided on was \$25,000. Many veiled insinuations were made however, that the church union question was the real reason for bringing up the question again.

Toronto, Winnipeg, Vancouver and St. John were the cities voted on, but Toronto and Winnipeg were most strongly supported and the former was decided on by a vote of 125 to 150.

In a discussion which followed, the western members raised great objections to holding the Assembly meetings in the East year after year. The question of expense should not be considered for it would be greatly outweighed by the uniting influence it would have.

Judge Forbes, St. John, thought it beneath the dignity of the Assembly to change its mind. There is something greater than dignity stated Rev. J. Rollins, Peterboro, and that is economy.

Rev. Dr. Pringle, in moving Winnipeg, as the place of meeting thought as it was the centre city of the Dominion, it was the logical place. Rev. Dr. Laddling, seconded.

Judge Forbes moved for St. John. A strong protest by Rev. Dr. Pringle, Sydney, was made at this morning's session of the General Assembly regarding the precedence at state functions. He stated he did not think His Excellency the Duke of Devonshire was to blame, rather the Secretary of State.

Prohibition Vote On 10th Of July

Plebiscite to be Taken Four Weeks from Saturday

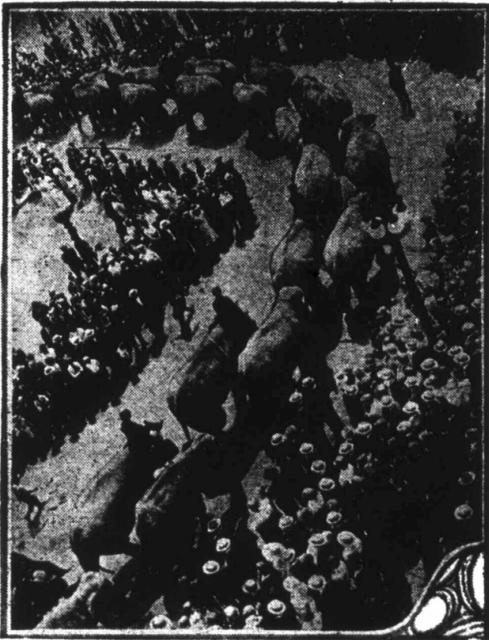

FREDERICTON, June 9—Saturday, July 10, was announced by Premier Foster, this morning, as the date of the plebiscite on the Provincial Prohibition Act.

The provincial government opened their cabinet meeting here last evening and shortly before noon today the Premier gave out the date which had been reached for holding the plebiscite, and said that later on he would issue a formal statement indicating the action taken by the government and stating the conditions under which the plebiscite will be held.

There will be two questions referred to the people in the plebiscite. Premier Foster declared, one of which will be on the retention of the present prohibitory law and the other as to the sale of beer and light wines. In other words, there will be a simple ballot such as was used in the plebiscite in Quebec rather than a complicated lot of questions such as were submitted to the people of Ontario.

The prohibition act was enacted in 1918 by the late provincial government and was declared at the time to be the most drastic prohibitory act placed on the statute books of any province in Canada up to that time. It became law as a "war measure," with a provision that after the declaration of peace the Lieutenant Governor-in-Council should have authority to name a date for the holding of a plebiscite on the question of the retention or not of the act. It is under that authority the government is now proceeding in calling on the plebiscite.

The plebiscite will be the first election in New Brunswick under provincial laws at which women will have equal suffrage.

Another Royal Suggestion GRIDDLE CAKES and WAFFLES From the NEW ROYAL COOK BOOK

THERE is an art in making flapjack pancakes, griddle cakes or waffles, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

Royal Hot Griddle Cakes

2 cups flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder
1 1/2 cups milk
1 tablespoon shortening

Mix and sift dry ingredients; add milk and melted shortening; beat well. Bake on slightly greased hot griddle.

Griddle Cakes with Eggs

1 1/2 cups flour
1/2 teaspoon salt
3 teaspoons Royal Baking Powder
2 eggs
1 1/2 cups milk
1 tablespoon shortening

Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

Buckwheat Cakes

2 cups buckwheat flour
1 cup flour
6 teaspoons Royal Baking Powder
1 1/2 teaspoon salt
2 1/2 cups milk or milk and water
1 tablespoon molasses
1 tablespoon shortening

Sift together flours, baking powder and salt; add liquid, molasses and melted shortening; beat three minutes. Bake on hot greased griddle.

Waffles

3 cups flour
4 teaspoons Royal Baking Powder
1/2 teaspoon salt
1 1/2 cups milk
2 eggs
1 tablespoon melted shortening

Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1 1/2 minutes to bake each waffle.

\$1465 F.O.B. CHATHAM WAR TAX EXTRA GRAY-DORT

Motor-Wise Men Judge Gray-Dort Value at \$1465 (PLUS WAR TAX)

Particularly if he has driven another light car, does a man appreciate these Gray-Dort features at \$1465.

The Gray-Dort motor, with its big bore and long stroke—a bigger motor than the light car buyer has been getting—with a much heavier crankshaft, as heavy as in big cars. A motor with a cellular radiator and big water-jackets; with a dual exhaust for greater power; a newly-improved Carter carburetor; Westinghouse starting and lighting; improved Connecticut ignition.

The high-grade Gray-Dort Chassis has for foundation an extra heavy frame of channel steel. A big, sturdy rear axle, designed for the Gray-Dort. A new steering gear, surprisingly big and strong for a light car. Big brakes, now with Thermoid lining. Long springs, built in Chatham under our inspection—rear springs full cantilever. When you drive, you drive in comfort. A shorter, smarter coil-spring gives more room in the driving compartment. A new Gray-Dort feature does the same for the tourist. The gears can be shifted with two fingers. The emergency brake is now on a lever, as in big cars. And like big cars, the Gray-Dort has side curtains opening with the doors. The new gasoline tank is in the rear, with Sargent vacuum feed system. The seats are tilted at the most comfortable angle.

New beauty has been added to the Gray-Dort. You still get the wonderful Gray-Dort finish, made of 50 years' coach-building. But there is a new and smarter top, hand-tailored to your own shape. A new hood, with many less curves. The fenders have been raised to give them the front of the top. And there are such style touches as the French-plated upholstery, the top-edge of the body, the full-coverage fenders.

At \$1465 there will probably not be enough Gray-Dorts to meet the demand. It will be wise to see the Gray-Dort dealer right away.

PRICES

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black with standard equipment is \$1465 f.o.b. Chatham. War tax extra. The roomy 2-passenger roadster is the same price.

THE GRAY-DORT SPECIAL

For the man who wishes something a little extra in his car, we have built the Gray-Dort Special. Maroon body, with brown sporting top. Plate-glass rear window. Gipsy curtains. Rocker tan wheels. Motometer. Tilting steering-wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. \$150 extra on the standard.

AND THE ACE!

The Gray-Dort Ace—the most beautiful light car of to-day. Sapper green body, with handsome California top to match.

Trouble lamp and half-o-gas flashlight. Electric cigar lighter. Rear-vision mirror. Plate-glass windows. Over-size grooved-tread tires. This is the best car for the man who does not wish to pile up a tremendous operating cost. \$255 extra on the standard.

Weekly Agricultural Report

J. H. King, B. S. A., Agricultural Representative for the Counties of Westmorland, Albert and Kent, reporting on June 5th, reports ideal seeding conditions in his district for the week ending June 5th, reports ideal seeding conditions and splendid progress; and comparative acreage in crop to date, nearly ninety per cent. Grain is appearing nicely above ground, but rain is badly needed to give it a good start. Little growth is taking place because of drought.
 In Restigouche, Northumberland and Gloucester Counties, the report is that wheat is doing fine; late grain growing slowly on account of dry weather; clover doing exceptionally well; pastures not improving; milk production increasing gradually.
 J. H. Hoyt, Agricultural Representative for Carleton, Victoria and Madawaska, reports:—Seeding and planting well advanced. Grain crops nicely started, but have been at a standstill owing to dry weather, until the arrival of recent showers. Newly seeded clover seems to have wintered well and promises to be a good crop.
 Many potato growers planned for a considerable increase of acreage, but not a few have been held up, more or less, owing to difficulty in securing fertilizer.
 Pastures will be greatly improved by rain.
 Live-stock does not occupy a very prominent place in the farm work in any of the districts where potato growing is carried on extensively. In many districts somewhat remote from the railways, there seems to be a desire to improve the live-stock conditions.
 Experienced farm help is scarce, with wages ranging from \$45.00 to \$75.00 per month, depending on the ability of the man.
 Since the above reports were written, heavy rainstorms have very materially helped the outlook for big crops. Cattle are going to pasture in good condition.

Satisfies the epicurean taste
APROL
 Made from ripe Apricot Kernels

In Case of Colic
 Give your horse Dr. J. Woodbury's Horse Liniment internally—and at the same time, build up the general health and digestion of the horse, with Dr. J. Woodbury's Condition Powders.
 Colic in a horse comes from the same cause as colic in a baby—acute indigestion.
 These remedies tone up the stomach, regulate the bowels and kidneys, help the digestion and soon put the animal in the best possible condition.

Dr. J. WOODBURY'S Horse Liniment and Condition Powders
 Used whenever an animal is troubled with Cough, Cold, Distemper, Glanders, Spavin, Curb, Swain, Cracked Hoof, Enlargement, Cut, Sore, Burns, Fever, these two reliable remedies will give prompt relief and change the sick, lame animal into a vigorous, healthy one.
 Keep these standard preparations always in your stable in case of sickness or accident.

Lift off Corns!
 Doesn't hurt a bit and Freezeco costs only a few cents.

With your finger! Yes you can lift off any hard corn, soft corn, or corn between the toes, and the hard skin surface from bottom of foot.
 A tiny bottle of "Freezeco" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it slips off, then shortly you lift that bothersome corn or callus right off, red and well, without one bit of pain or soreness. Truly! No kidding!

Looking After Summer Visitors

The great value of tourist traffic is to be given special attention this summer by the railways. During the war tourist travel of course languished to a great extent. There was not the same desire to travel for pleasure or recreation, nor was it easy or permissible. Travel was, in fact, "tabooed" by the railways by order of the government, and train service was restricted during the war time because of the tremendous strain of transporting troops and munitions.
 In spite of all restrictions, however, travel was brisk. Increased rates did not prevent people from taking trips. It seemed as if people previously unaccustomed to travel found themselves possessed of the means to purchase railway tickets and the desire for excursion naturally followed. Now that peace conditions prevail the flow of summer tourist travel is expected to be greater than ever, and already the railways are preparing to take care of it.
 Tourist business, summer travel, fishing, sightseeing, in fact all forms of travel, have already become a vast and recognized industry. That the grand assets of Canada should attract thousands and hundreds of thousands is not to be wondered at. Canada has the attractions in manifold form such as the average summer tourist sighs for. Here in the maritime provinces we have an abundance of superb scenery and a summer climate that cannot but appeal to the dwellers in heated and crowded industrial centres. We have our long lengths of coast where the sea breaks upon the smooth beaches and the tempers the atmosphere with the cool "tang" of the sea. We have our salmon rivers and our trout streams; networks of rivers and chains of lakes, ideal for camping and canoeing, where the sportsman may get away for a time from civilization and live luxuriously in the very lap of nature.
 Our forests abound with moose and deer and the best of guides are always available. It is, therefore, to our advantage to have the summer visitor. We need him in plenty and invite him to come and see our country, because we know that he will come again. We even have the hope that when he comes he will bring others with him. As a matter of fact the tourist business often leads to industrial development and the investment of capital. This summer Canada should receive much good advertising from the visit of the National Editorial Association. This association of American newspaper men, chiefly from the western states, will convene in Boston the latter part of May. At the close of the convention about 200 of them will make a tour of Canada, beginning at Yarmouth and journeying via the "South Shore" to Halifax, from thence to Sydney and taking in the maritime provinces generally, travelling on a special train furnished by the Canadian National Railway.
 Canada will also be favored by a visit from a thoroughly representative British press party. The Imperial Conference will this year be held in Canada, and about 150 eminent British newspaper men will be the guests of the Canadian Government and will make a tour of the Dominion. They will land at Halifax on July 25 and will travel by special train on the Canadian National Railways, going to Sydney, then to St. John and thence, via the Valley and Transcontinental Railway to Quebec. Therefore, the British journalists will have their first glimpse of Canada through a maritime province gateway. The Canadian Government is making special preparations for their entertainment.
 Coming at the end of the world war this meeting of the Imperial Press Conference on Canadian soil has great significance, inasmuch as the present is regarded as a time most opportune for the drawing of closer unity between the Motherland and the greatest of her dominions. The visit of the press representatives will be of great benefit to Canada, and no effort will be spared to set forth the natural beauties and economic resources of the Dominion, nor no point of interest allowed to escape their attention.
 From Quebec the delegation will go to Montreal, Ottawa and Toronto and afterwards visit the west.
 An English soldier, a French soldier, and a German soldier were discussing the merits of the gas masks of their respective armies, and it was decided to try them out. A live skunk was procured and placed in a small shack.
 The Englishman went in first with his mask and stayed inside for a full hour.
 The Frenchman then went in, but had to come out after half an hour had elapsed.
 The German then went inside, and in less than two minutes the skunk came out.
 Ottawa despatches say that members of the Union Cabinet are lining up for big appointments plums. They must figure that the people are bound to have a general election.
 Sir Robert Borden, it seems, has some back "considerably unwell," and Hon. Bob Rogers, we believe, stands ready to administer a further tanning as soon as opportunity offers.

DANCE AT CHATHAM

The dance held in the Exhibition Building, Chatham, on Thursday evening proved a most successful and delightful evening. The music supplied by Perry's Orchestra of Moncton was much appreciated. A large number of Newcastle people attended.

MILL SAW BILLS

The Advocate Office has just finished printing a stock of the latest Mill Saw Bills, which was drafted up by the Mill owners on the Miramichi River. This Saw Bill is suitable for any mill on the river and we are now prepared to supply them to all desiring same.

METHODIST STATION SHEET

Chatham District—Chatham, H. S. B. Stothard; Newcastle, J. B. Champlion; Derby, Henry Scott; Richibucto, George Orman; Buctouche, John C. Lund; Bathurst, George A. Ross; Campbellton, Alexander, D. McLeod; Gaspe, W. R. Pepper; Cape Ozo, Bonaventure, New Brandon, Harcourt, Tabusintac, vacant.

CHILD INJURED

A four year old child of Mr. and Mrs. Fred Stothart, Ferryville, received a bad kick in the head from a horse while playing in a field near their home, Friday afternoon. The child was removed to the Hotel Dieu Hospital, Chatham, in an unconscious condition, and did not regain consciousness until the following morning. The child will recover.

MEETING HELD

A meeting of the several local committees which have been organized in the interests of the coming Prohibition Referendum was held last evening in the Mission Hall. A good attendance of members was present and matters pertaining to election day fully discussed. Another meeting will be held in the same building Friday evening.

ADDRESS TONIGHT

Mr. W. A. Threlchley of Winnipeg, Manitoba, will give a complete Scriptural answer to the question "Is the World's Judgment Day Here?" tonight at 8 o'clock in the Temperance Hall. Mr. Threlchley is a pleasing and forcible speaker of wide reputation and the meeting will be held under the auspices of the International Bible Students Association. The seats are free, no collection will be taken and all are cordially invited to attend.

NEW STEAMBOAT COMPANY

John P. Burchill, M. P. P., of Nelson, and W. B. Snowball, J. Kerr Loggie, G. Jasper Sproul and Charles Ramsborough, of Chatham, have been incorporated as the Miramichi River Service, Limited with capital stock of \$24,900, and home office at Chatham. The company is empowered to maintain a service by steam navigation between points on the Miramichi River and ports on the Gulf of St. Lawrence within New Brunswick or other ports in the province. It also is authorized to build or acquire craft of various kinds.

CHATAQUA COMING

The Chataqua, will again visit Moncton this season and is scheduled to give their opening entertainment Monday, July 12th.

GREATLY APPRECIATED

"The Man who Went," staged by Chatham Amateurs in the Opera House here on last Wednesday evening was well attended, and greatly appreciated by the audience.

OTTAWA RUMORS

Ottawa rumors suggest that Sir Robert Borden will go to London as High Commissioner, and Hon. N. W. Rowell to Washington as Canadian representative, leaving the way clear for the selection of Hon. Arthur Meighen as leader of the government party.

BIG RECEIPTS FROM MOTOR LICENSES

Receipts from motor vehicle license fees in New Brunswick this year have already exceeded \$150,000. The total receipts for last year from this source were \$117,000, but for this year the estimate was \$185,000.

FIRE ALARM

The Fire Department was called out yesterday morning about 11:45 o'clock for a fire on the roof of Mr. James Hachey's residence. The fire originated from the fue and spread along the attic, breaking through the roof. It was quickly extinguished on the arrival of the firemen.

RECEIVED MEDAL

Mrs. Adam Hill of Cassilis has received a Silver Cross Medal with her son's name W. J. Hill inscribed on same, from the Militia Department a few weeks ago. Her son was killed on Easter Sunday, April 9th 1917, in the Battle of Vimy Ridge.

LEMON EXTRACT CONVICTION

The first conviction in Newcastle under the Prohibition Act, for the sale of lemon extract was registered in the police court on Wednesday when Magistrate Lawlor fined Geo. O'Brien, a local Syrian, \$50 and costs for selling lemon extract for beverage purposes.

VARIETY SHOWER

A number of Newcastle friends of Miss Gladys Parker of Millerton, N. B., tendered her with a variety shower last Thursday evening. The party motored to her home and took her completely by surprise. A pleasant evening was enjoyed by all. Miss Parker will be one of the principals of a happy event which occurs this week.

REPORTED DEAL

IS TO BE CLOSED
FREDRINGTON, June 14—Archibald Fraser, of J. A. Frasers, Ltd., went to Montreal on Saturday night and the rumor is that the deal for the purchase of the Dominion Pulp Company for their holdings on the North Shore is being closed. The price involved is said to be between a million and a million and a quarter of dollars, but it includes 288,000 square miles of Crown timber lands and pulp mill of 50 tons capacity, which it is said will be increased to 65 tons. With this purchase the Frasers will control two pulp and 10 saw mills and an enormous block of timber lands.

PAY TEACHERS OR STUNT CHILDREN

(New York Sun-Herald)
Within one month the schools will close for the summer holidays. Unless the people of the United States take steps in that time to give a living wage to the teachers they are likely to find, when September comes, that they have dealt a crippling blow to their own children. In almost every part of the country the school teachers are not only underpaid but are so miserably paid that they are finding conditions intolerable.

The summer vacation will offer, to thousands of teachers an opportunity to seek fields of employment where they will have a chance to make enough money to live with self-respect. In this city in a year two thousands school teachers have already left their places because they could no longer feed and clothe themselves on the wages which, poor enough five years ago, have been starvation wages since the dollar's purchasing power was cut in two.

A pilgrim from Tibet might regard this as a very peculiar country. "These people," he would say, "view with deep solicitude the bodily hunger of the children of other continents, but contemplate with equanimity the intellectual starvation of their own offspring." That's what it amounts to.

AMERICAN NEWSPAPER PARTY

Information received by Mr. E. A. McCurdy, Secretary of the Board of Trade, states that there are 59 men, 57 women and 13 children in the American newspaper party which will be in Newcastle tomorrow.

STRONG COMMITTEES

St. James' Church, Newcastle has appointed a number of strong committees to look after that particular congregation in the Prohibition Referendum which will be held July 10th.

Would Not be Without Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. They are the ideal home remedy for the baby; being guaranteed to be absolutely free from opiates or other harmful drugs. They are a gentle but thorough laxative and have been proved of the greatest aid in cases of constipation, indigestion, colic, eczema and simple fevers. Concerning them Mrs. Ernest Gagne, Beauséjour, Que., writes: "I have used Baby's Own Tablets for constipation and colic and have found them so successful that I would not be without them. I would strongly recommend every mother to keep a box in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co. Brockville, Ont.

Mr. Neale's Letter To Longshoremen

The Effect of Labor Demands And Restrictions

Mer: May I say a few words to you as a body, regarding the changed labor conditions at this port, pointing out the effect it is going to have on yourselves in particular and the port in general?

As a result of the raise in wages to 75c for inside men and 60c for outside men, for a nine hour day, and the exacting regulations made as to the number of pieces allowed in each sling load the quantity delivered to a steamship per day is being considerably reduced.

I am informed that at Sinclair's mill, recently, the S. S. Helmsdale took on board only an average of 90 stds. per day, whilst the quantity called for in the Charter Party was not less than 125 stds. per day, and that the shippers have found it necessary to charge the steamship \$4 per std. for delays and \$4.50 for boards, against a pre-war rate of \$1.50 per standard all round.

May I point out to you, that these conditions practically mean that owners will not send their boats to this port if they have to pay any such stevedore rates. Freight rates are coming down, and present conditions mean disaster, not only to the port but to yourselves in loss of work.

Not being exactly a shipper myself as the millmen from whom my firm buy have to do the shipping, I can speak without prejudice. With all the lumber on pile here, some of it lying for some years, we had hoped for a very busy season, but I can assure you that at present the outlook for ships is very blue unless something is done. The present conditions have given the port a "black name."

It's no use saying that the case of one steamer would not do this. You may be sure that every owner is in possession of the facts, and I can assure you that there will be great difficulty in chartering. I understand that the rates at St. John and Campbellton are \$2.50 and \$3 per standard. Miramichi has always been 50c per standard more than these ports, but when it comes to being \$1.50 per standard more, you will readily see how it will work against Miramichi.

Now I would suggest to you, that you authorize your Executive Committee to confer with the shippers and come to some reasonable arrangement whereby the loading rate may be placed on the same basis as in other ports in the Province, so that vessels may be obtained to remove the goods lying here and at the same time provide you with steady work.

I think you know me well enough to feel sure that I am only tendering this advice in your best interests, and at the same time in the interests of the port.

The conditions are serious and call for serious and prompt action.
Yours truly,
E. E. Neale
