Provincial Rights Making Mischief.

The Globe has for years been engaged in running the Provincial rights business into the ground regardless of consequences; but now apparently is begins to take the alarm, and to fear that it has gone too far. Our contemporary feels the pinch of its own inconsistency in this way: The Globe of other days used to be noted for its uncompromising opposition to the usurpations of the Church of Rome, and all such like. But more recently the "Protestant" Globe, as it used to be called in the old time, took more interest in "Provincial rights" than in anything else; and in effect maintained that to push the rights of the provinces as far as possible was the be-all and the end-all of Reform or Liberal policy. Mr. Mowat took the same course, and between the persuasions of the two its the content of the called in a least of 2,000,000 purchasers to the number who are at this time.

and between the persuasions of the two it seemed as if all the leading men of their party had lost their heads over the subject of Pro vincial rights. Any man who venturthe Dominion, or to say that the Dominion, or ne Nation, of Canada, had rights, was denounced as a Tory. As The World has often out, Ontario should have been the one of all the provinces to exaggerate local rights, for the simple reason that she had the most to lose and the least to gain by such rse. But this is exactly what the Liberal party of Ontario did do under the guidance of Mr. Mowat and The Globe, All the time there was another Province-Quebec-which rights to the extremest verge, Had Ontario Liberals been more blessed with common sense, and less dominated by their tavorite party craze, they would have foreseen that it cularly dangerous to talk Provincial rights to the Quebecers, who were sure to de-mand an ell if so much as a whisper were other advisers of the Liberal party in Ontario

your wisdom comes too late, for you and your friends, at all events. You should have thought of this years ago, when you were driving the country crazy over Mr. Mowat's wonderful advocacy of Provincial rights, also later on when you were maintaining that Manitoba had a right to make a bargain with a foreign railway company, even to the detriment of the Dominion of Canada. Now these Provincial rights chickens are coming home to roost. You urged Mr. Mowat and Mr. Greenway on "to fits," as we may say: what wonder that Mr. Mercier should even improve

We are not exaggerating the importance of the conflict between The Globe's crazy teach.

More About the Outrages That Were Pering as to Provincial rights, and the rights of nion citizens that may thereby be affected. That there is a conflict of opinion, and a serious one, within the party, The Globe admits. As witness now its avowal that it dissociates itself from any complicity with any action of politicians prominent, or politicians obscure, condoning the allowance of the act. It is surely keeping quite within bounds to say this: That The Globe's exaggeration of

Provincial rights has been a main influence in bringing about that particular assertion of such rights as we see in the Quebec Jesuits Estates Act. The Globe and certain Liberal eaders in Ontario along with in have led the party into a false position; and now there trouble about it.

The Salt Question. Editor World: I see by your paper of the 11th a report from Sir Charles Tupper dealing with the great fall off in butter shipments from Canada. I hope you will take the matte up and advocate the farmers' rights. Cardwell s as fine a county as any in Ontario for dairy. ieve, Sir, we are getting behind in butter on account of Canadian salt. As we ge it it is yellow, dirty and slushy and light in weight. We have no alternative but to use it, and strong disflavored butter is the result. Who is to blame for all this? I think the Government should look after the salt interest, as this is important in butter making. I purchased a barrel of salt lately and rolled it on chased a barrel of sait sately and rolled it on my scale in the barn and to my surprise it only weighed 220 lbs., web marked 220 net. There is dishohesty somewhere. I now see by The World that all salt is sold by one firm. I presume they have control of all: if so, the poor farmer may look out. Why do the Government not get their inspector at work they appointed some time ago, and let him examine every barrel shipped by this big company in Huron; if they charge dear for it, let us have honest weight and good salt. THE ASSEMBLY AGAIN DIPS INTO Two Million More Purchases for Boston. The World has time and again said that the

motive the people in the United States had in advocating Free Trade with Canada was the securing of an increased market for their manufactures. The influence of the United States manufacturers is at the bottom of the agitation on the other side of the border, and the same influence has a good deal to do with the Commercial Union shouting on this side. Hitherto the overwhelming advantage to be gained by United States manufacturers in the event of complete Free Trade with Canada has been kept quiet, but The Boston Herald has supporters were bound to vote it down by a come out stating plainly what the advantage party vote. EDNESDAY MORNING, MARCH 20, 1889,

The gain to Boston, New York, Buffalo and Detroit would plainly mean loss to Montreal, Toronto, Hamilton and London. We need all the markets we have just now for ourselves. If Boston wants "two million additional pur-chasers" it need not look northward for them.

The United States Government will soon send out missionaries to thirty foreign coun-tries; not, however, for future "conversion of the heathen," but for past service in convert ing heathen Democrats.

The Catholic citizens of Toronto were in very pleasant mood yesterday. The unprovoked attacks on their churches have set them

thinking as to what means to adopt to protect their places of worship from such wanton outrage. The acts of vandalism by young hoodiums on Monday night were much more serious than at first supposed. St. Patrick's Church had many of the front windows smashed in on Monday night and the repairs will cost a round sum. The rowdies, not content with wreaking their vengeance on the Catholic churches, also broke the windows of Christ Church Reformed Episcopal, where by-the-bye Mayor Clarke worships.

Inspector Stephen is still suffering from the clout in the side of the head he received from a stone while protecting the audience in Temperance Hall. So far no steps have been taken by the police to find out the author of the outrages, but it is probable in the near future a bylaw will be introduced in council forbidding night parades of all bands other than military. The Police Commissioners had a meeting yesterday, when it is understood this matter was discussed.

Heavy Loss in Barley.

From The Napanee Beaver.

Last fall when the price of barley ranged from 75 to 78 cents per bushel, those best acquainted with the fluctuations of the market advised and urged the farmers to sell promptly, but just at that important juncture an individual supposed to be good authority sent word to all farmers to hold their grain, that the price would go to \$1. The result was a loss of inousands of dollars. One syndicate in Fredericksburgh reckons the loss at \$2000, and this is only about one-fifth of the barley still held in that immediate neighborhood. Lost.—Thirty-seven thousand dollars lost between Yong-street and the Army & Navy store, 136 Kingstreet ease. It seems to the Army & Navy store, 136 Kingstreet ease. It seems to the less solid less solid loss to the less solid loss would now be in the pockets of our thousand if they had gone direct to the Army & Navy stores for their clothing, but fakir bankrupt sales, wholesale supply shops and high-sounding advertisements have finduced a great many people to part with good money, for bad value. igust moved should commend itself to every member of the House, and he was convinced it would, from the sentiment that had been manifested, commend itself to the people of the province. He wished not only to provide regulations and laws but also to see that they were carried out. Such regulations did indeed exist making the teaching of English obligatory. But unfortunately these regulations had not been carried out.

Mr. Craig here quoted from The Prescott and Rusself Advocate. This journal, in commenting upon the speech of the Minister of Education, delivered when Mr. Craig before introduced this question, while generally approving of it, said that Mr. Ross must have been missinformed when he stated that English was taught in every school of the Province. [Applause.] All of which went to prove Mr. Craig's original assertion, that there were schools in the Province where English was never taught. He also contended that, contrary to the claims of the Minister of Education, the teaching of English was not increasing but decreasing in these schools and was being gradually driven out.

The Attorney-General replied that while perhaps as he understood the motion there might be no objection to it, yet brought forward as it had been an insuperable difficulty to was created. It had been offered as an amendment to go into supply and therefore forced a division upon the House. This was his first objection. Secondly, the amendment asserted the right to legislate in regard to the text books used in the Separate Schools. The Attorney-General was not prepared to say that the House had that jurisdiction. It seemed to him that it had not.

only a Parliamentary Trick. The Minister of Education characterized the amendment as a parliamentary trick by which a censure upon the Government migh be secured. If Mr. Craig desired to prosecute a crusade against the French language in thes schools he should have brought it up in some other manner. With regard to that portion of the motion which stipulated that every seacher should be able to teach. English, the fact was, said Mr. Ross, that all these teachers could teach English. It might be that some of these teachers supplemented the English tongue by the French or the German languages. Then with regard to the statement that in the schools of the eastern counties the English was being driven out Mr. Ross, continuing, proceeded briefly to enter into some of the arguments which he had adduced on a previous occasion when Mr. Craig placed a motion of a somewhat similar nature on the paper. He claimed that the Government had accomplished that which the mover asked. He merely came in at the tail end of the hunt after the work had already been done. He repudiated such intreference and claimed that the Government would be competent to deal with this matter as is had been competent to deal with this matter as is had been competent to deal with this matter as is had been competent to chools he should have brought it up in some ther manner. The Gentleman From Prescott. Mr. Evanturel said that while attacks were urled at the French Catholics of Ontario and Quebec it was impossible to find one article rom the pen of any editor in the Province of Quebec in retaliation. [Applause.] It would therefore he fitting that he should proceed to a consideration of this question in the same moderate manner. The position of gentlemen opposite was taken merely upon information, whereas the Minister of Education had furnished reports and facts in support of his. The French of Quebec, he claimed, had made far greater concessions to the English minority there than did the English of Ontario extend to the French minerity in this Province. [Liberal applausa.] Because an isolated correspondent in his own county makes the broad assertion that the English language was being taught there did it therefore follow that such a statement was true? He made a very hard hit on "the great Mail correspondent who went to Quebec but who spent more of his time in every little barroom of Quebec than in any of the educational institutions of that Province." But report of some nature was demanded by the proprietor of that sheet. It was furnished and Mr. Evanturel characterized at as a most amusing production. therefore be fitting that he should proceed to

What the old Man Did for Jean Baptiste. If Mr. Mowat would only do for the French Canadians what Sir John A. Macdonald had fone in Ontario the former would be well-off, declared Mr. Evanturel Among the concessions made to the minority in Quebec was that which permitted an English legislator in that which permitted an English legislator in that Province to rise on the floor of the House and address the assembly in his native tongue. [Hear, hear, from both sides of the House.]

The member from Prescott made an eloquent historic allusion to that emergency in Canada's record when the Catholic clergy now so abused had told the French Catholic people that they must turn their back upon their Mother Country if they would be true to the British flag. [Applause.] He referred humorously to Mr. Crang's attempt on a previous occasion to quote from the inside of a book, the title of which, Mr. Evanturel said, the mover could not tell him. [Laughter.]

French's bill to amend the law of slander Mr. Meredith contended that the provisions conteined in that amendment should extend equally to men as to women. To discriminate against men would be unjust and unfair.

The Attorney General was of opinion that whatever merits the provisions might possess it would be out of the question to extend them to women. It was decided that the provisions should apply only to women. Both Mr. Meredith and the Commissioner of Clower Lands seemed to agree in mutilating themeasure, and although Mr. French did his best to retain the parts in their primal condition, but little of the original mensure could be recognized when the committee rose.

Rochester, March 19.—The annual squable lover the adoption of the schedule of games to be played by the International Association of haselfull clubs took place to-day at the Kentucky Association course, The track is in fine condition and the horses are moving along lively." Despatches received from Lexington yesterday convey this intelliguence: to be played by the International Association of baseball clubs took place to-day at the Livingston Hotel. The Schedule Committee went into session and at once proceeded to see how the pudding would be digested by the clubs. London, Rockiester, Buffalo and Syracuse all presented schedules to the committee, which finally decided to adopt that proposed by Manager Chapman of Syracuse. There was a hot contest over the appointment of the umpire staff. The report of the committee was rejected and the following were selected as umpires: Carter of Philadelphia, Bauer of Columbus, Ed. West of Brooklyn and Robert Emslie of St. Thomas. As

season of 1888, the president of the said club agreed that Sutton should not be reserved by said Rochester Club. This agreement is not only proved by what we believe to be credible testimony, but is admitted in the broadest terms in a letter from said president to the secretary of that club directing him to release Sutton accordingly. There are other circumstances strongly corroborating this conclusion. The point now relied on, that the president had no authority to make such an agreement, cannot be upheld. In the absence of some express notice to parties dealing with the chief executive officer of an association that his powers are limited, good faith requires that such parties be not prejudiced in assuming that he has the power hydring the control of the control of the sex of the control of the party alleged to have made it, a great wrong would be done should we disregard it. We therefore find that the Rochester Base ball Association has no right to reserve Suttern in the face of their agreement and he was oadest terms in a letter from said president ball Association has no right to reserve Surton in the face of their agreement and he was therefore free to sign with the Milwaukee Basaball Club.

An Australian writer says: "Baseball is played with nine men on a side, but I believe it is the custom to keep supernumeraries in reserve under cover to take the place of any killed and wounded; for, though not always fatal to a wakeful man, this sport is much more productive of compound fractures and other bodily allments than lawn tennis, or euchre, or forfeits even, being near allied to football in supporting the undertaking interest and providing overtime for coroners."

Compared with last year, and in fact man previous years, trainers have not been as forunate in the matter of weather about Toronto as they have been so far this year. It will be remembered that last season both Woodbine Park and the Newmarket course were covered with snow at this time of the year, while now both tracks are free from snow and in a few days will be ready for working upon.

This preparation relieves the difficulty of breathing and invariably cures the complaint.—David G. Starks, Chatham, Columbia Co., N. Y. I have used Ayer's Cherry Pectoral in my family for many years, and have found it especially valuable in Whooping Cough. This medicine allays all irritation, prevents inflammation from extending to the lungs, and quickly subdues any tendency to Lung Complaint.

—J. B. Wellington, Plainville, Mich.

I find no medicine so effective, for Croup and Whooping Cough, as Ayer's Cherry Pectoral. It was the means of saving the life of my little boy, only six months old, carrying him safely through the worst case of Whooping Cough I ever saw.—Jane Malone, Piney Flats, Tenn. Aver's Cherry Pectoral, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; six bottles, \$5.

Flour,—The recent collapse in the Chicago morket has had a disastrous effect upon the Canadian trade in general. Confidence was Canadian trade in general. Confidence was being restored and operation was the rule rather than the exception after the depression of December, January and February, but this break in Chicago has caused a panic here. Wheat—On call to-day at the Board of Trade \$1.06 was bid for No. 2 fall, \$1.05 for No. 2 spring and \$1.08 for No. 2 red. These grades were offered at \$1.10 at outside points. No. 1 hard was offered to arrive, Winnipeg inspection, at \$1.33, with \$1.30 bid for same on track at Toronto. Sellers of No. 1 hard winted \$1 for year delivery. No. 2 hard offered at \$1.29 to arrive on track here, Winnipeg inspection. Sellers of No. 3 forsted wanded 80c on track here, with 75c bid. No. 3 fressed wanted over the tack here, with Jobbid.

Burley, — Unchanged. Very little business doing, and at prices anything but satisfactory. Stocks in Toronto are very heavy, showing an increase of some thousands of bushels over last week. On cult boday at the Board of Trade No. 1 cut offered at 56c, C.P.R. elevator, with 50c bid. No. 2 offered at 56c. Naminally quoted at 32 to 34c on track here, with demand greatly decreased.

Trade for the past week in tobacco and cigars has been fair. Prices are nominally higher, but orders she being placed freely at the old prices. American advices report a firmness in raw material, and to this the increase is due. Payments not so good as last month.

Business is reported as very much improved, with a much better Eastern demand, and local demand also increased. A brisk spring trade is expected. Lumber dealers report no change in prices. Green stuff is not in so good demand. Payments are about as usual.

Coal and Wood. Prices are unchanged. Trade for the past week has not been as active as was expected, and a considerable percentage of the season's supply will be held for next year's stock. There is a feeling of discontent amongst dealers, but the decreased business to be accounted for only by the mild weather.

Horses and Cattle.

Horse market has been fairly active, bu prices paid are not up to expectations, and al-though supply has been decreased, the prices favored buyers rather than sellers. Offerings are still fair, with some enquiries mainly for farm and general purpose animals. In live stock, business has been duil. Offer

Ex-Mayor Robert Bowie, Brockville, Ont., says: I says: I used NASAL BALM for a bad case of recommend NASAL BALM highly to all who catarrh, and it cured me after having ineffectually tried many other remedies. It never fails to give immediate relief for cold in the head.

Mr. S. E. Chase, Port Arthur, Ont., says: I have been using your NASAL BALM for head. Miss Clara Machider, Little Metis, Ont., says: I have used two bottles of your NASAL-BALM for catarrh with the most beneficial results. To anyone suffering with this most disagreeable disease I can heartily recommend it are radical cure. I cheerfully give you permission to use this if you desire it. MR. THOMAS ROCHE, Rechefort, Ont., says:
I have suffered severely from catarrh, and
never got any relief until I meed NASAL
BALM. I never thought I could find so sure
a cure, It is a pity all afflicted with catarrh de
not know of and use this wonderful medicine,

MR. S. E. CHASE, Port Arthur, Ont., says: I have been using your NASAL BALM for catarrh and find myself cured with only one bottle. To call it the best preparation made for catarrh is scarcely strong enough. C. McDonald. Serpent River, Algoma, says:
I have used NASAL BALM for a bad case of catarrh, and it has done me more good than all the remedies I ever tried before. It is worth its weight in gold.

MR. G. T. Gorrell, Mail Clerk on C. P. R. says: NASAL BALM is a boon to all suffering from cold in the head. It gives relief rapidly and never falls to effect a speedy cure.

MR. J. D. Kennedy, G. T. R. agent at Brock ville, says: A short treatment with NASAL BALM radically removed all symptoms of my actorrh. The preparation is pleasant and easy catarrh. The preparation is pleasant and easy to use, and gives immediate and permanent recommending it to all suffering from that continue to directions and the second content of t

Samuel Bolton, Caldwell Mills, Ont., writes: It gives me great pleasure to testify to the great merit of NASAL BALM. I tried other remedies but got no relief. The disease had brough on partial deafness. Yet two applications of NASAL BALM gave me great relief and before the bottle was finished I was completely cured.

P. B. MACNANARA, merchant tailor, Brockville, Ont. says: As an instant relief for Cold in the Head and Catarrh, NASAL BALM is unequalled. The effect is noticed as soon as it is used.

MR. JOHN BROWN, Kegawony, Aigoma District, writes; I have used your NASAL BALM and have no hesitation in saying that it is the best-remedy on earth for catarrh, I have only used one half bottle, and it has fully oured my catarrh. I have no hesitation in giving my name as an endorsation of NASAL BALM, as the greatest remedy yet discovered for catarrh and cold in the head.

By "Laying on of Hands." PROF. LEMON. Esoteric Physician and Magnetic Scientist. Formerly of the Medical Faculty of the University of Buffalo. Wonderful case of Capt. Nelson Smith of Hamilton, paralyzed and fell on the floor on getting out of bed last September. Since then had to be helped every way, could get down stairs alone by sitting on each step and lifting the helpeds imb with the sound one. He was brought to Dr. Lemon at the Revere House, Toronto, Thursday, March 14, who treated him by the "Laying on of Hands" and fervent prayer for his restoration. The Captain on leaving desired to walk down stairs alone, joyfully exclaiming, "I can do it," but his devoted wife kept a firm hold of him. He returned on Saturday, 16th, for further treatment and left still more improved, saying, "Doctor, I will circulate you in the papers for this."

Dr. Lemon is the only regularly educated and legally qualified physician in the world who goes on the stage and in full view heals the sick.

A young lady's blood turning to water, she

goes on the stage and many sick.

A young lady's blood turning to water, she was chalky white to her lips, and dropsical looking, had seen nothing and was 17 years old, catarrh and dyspepsia also. After six weeks she is a new girl, red as a rose is she.

This is to certify that I have been a great sufferer for some longth of time from NEURAL GIA OF THE NERVES, and am happy to state that I am feeling much better from the "magnetic treatment" of Prof. Lemon, M.D.

MRS. BATE,

67 Gloucester-st., Toronto
George Pringle, Esq., Oshawa, restored to his
hearing two months ago, after many years
deafness; can hear sermons as well as ever, and
thanks God daily for His infinite goodness to

dearness; can hear serious act when according to thanks God daily for His infinite goodness to him.

Miss M. C. Haslett (by permission), 77 Huron street, was a very great sufferer from dyspepsin, could not bear anything on her stomach, and the pain was as bad when empty, inflamed with entarrhal ulceration, liver inactive, stools white, urine red from kidneys trying to do the work of the liver. She writes: "Dr. Lemon saved my life. I was a perfect wreck, dying by inches. Could not sleep or eat."

Jno. B. Partidge of Massey, County Grey, stiff knees from rheumatism, very painful, could not work, crooked, contracted, went hong rejoicing, walking freely without pain, limbs straight in a week.

On no account does Dr. Lemon ever put his patients to sleep in his office, neither does he ask embarrassing questions, or make delicate examinations. 35 years' experience render both unnecessary—requires bonnet or hat, overcoat or cloak to be removed, places his hands on the head, implores the blessing of God and then makes the Magnetic passes. This is done once or twice weekly to each until cured.

Dr. Lemon is, without the shadow of a doubt.

ored. Dr. Lemon is, without the shadow of a doubt, the most powerful magnetic healer since Kin Charles II, of England, who cured 90,000 peop Charles II of England, who cared 90,000 people by his mighty touch.

I hereby certify that my daughter, Miss Lily Lucas, who has suffered from "Ulcerated Catarrh" for the last 8 years, is now perfectly cared after two months' treatment by Prof. (Signed) G. N.
