BRIDGETOWN DEFEATS BEAR RIVER 7 TO 4

The local baseball team won handsomely over Bear River here on Wednesday afternoon with a score of 7 to 4. The attendance owing to an abundance of Sunday School picnics, was slim, about twenty-five accompanied the Bear River boys here. The battle was to a very considerable extent a pitchers one, with Malcolm as usual on the long end. Bridgetown scored two runs in the first inning and at the beginning of the seventh the score was three to two in favor of the visitors. A batting streak in the seventh inning piled up four runs for the local boys, four batters in succession making the circuit. Details below:

Score by innings:—

VISITS OLD HOME AFTER ABSENCE EIGHTEEN YEARS

Weymouth.—The many friends of Holland Payson are glad to see him home again, after an absence of over eighteen years. Mr. Payson, for the last three years, has been making his home in Dawson City. Previous to this he has been residing in the Klondyke and is now enjoying a well deserved rest. While here he will spend the summer with his sister, Miss Ida Payson. Mr. Payson motored through from Halifax, accompanied by his sister, Miss Clara Rice, and her daughter, Dr. Grace, and Francis.

CELEBRATES 100th ANNIVERSARY

All Living Members of Family Present—Four Generations of Family and Many Others Pay Respect

An event unique in many of the features connected with it took place at Dalhousie on Thursday when relatives and friends gathered to felicitate Mrs. Sarah Ann Todd, of this place, on the arriving at the hundredth anniversary of her birthday.

The occasion was an altogether delightful one in its various details and all present enjoyed most thoroughly the hours spent with this remarkable old lady whose lifetime has extended through the reign of four British Sovereigns: William Fourth, the long reign of his successor Queen Victoria and of her successors, Edward VII and George V, the present ruler. Few persons now living have had their lives pass through such remarkable periods of industrial development and modern invention. All the latter so called have come into being during this period, and mark developments such as these from the tallow dip to electric light from travel on foot and by horses and carriage to railway travel, autos and aeroplanes from telegraph and telephone, radio from sailing vessels to ocean greyhounds and so on through the long list.

The old lady herself, though she has reached the five score years, possesses her faculties to a remarkable degree and is much more acute than many a woman twenty-five years her junior. She still takes an active interest in all around her and while she no longer reads she still recognizes readily her relatives and neighbors. She delights to converse about the old days and on Thursday evening in her parlor recalled some sitting and circumstances of years long gone by. She was the first person in Dalhousie where she has lived ever since her marriage at the age of twenty-three, to use an old lamp to replace the formerly familiar tallow candle.

When she first used the lamp she laughingly said, the neighbors thought her very wise on this. She recollects very well the day when Mrs. Rice was dancing on the river bridge. At that time many years ago one of the planks in the wooden bridge had become loosened and the unfortunate lady stepped on a loose end, fell into the stream and perished. Mrs. Todd crossed the bridge on the same day. Mrs. Todd, nee Sarah Ann Dargie, was born at Dargie Settlement near Annapolis, her father being Sergeant William Dargie, of Lord Dalhousie's Regiment. He served with distinction through the phases of the Napoleonic wars and won a medal which is now in the possession of Mr. Charles Dargie, of Annapolis, a nephew. The Sergeant was also regimental school master and after the regiment disbanded received a grant of land in Nova Scotia. Mrs. Todd's late husband was also from soldier stock.

A unique and pleasing circumstance was the presence at Thursday's anniversary of Mr. Todd's living children, eight in number. The only break among them caused by the death of James, the eldest son, quite a number of years ago. Those present were: John, Thomas, Will, Charles and Miss May Todd, the latter two reside with their mother; Miss Ellen Todd, Cambridge, Mass.; Mrs. John Merry, Albany Cross, and Mrs. William Buckler, Lawrencestown.

Miss Georgia Cunningham took some nice photos. Some showing the old lady seated in a chair in her parlor holding a handsome bouquet of roses, white roses and other flowers formed a most inviting background. Photos were also taken showing four generations of the family. These made most interesting groups.

Dainty refreshments were served and after a time spent in social intercourse, Rev. J. H. Freestone spoke appropriately on the occasion. A number of Mrs. Todd's favorite hymns were sung concluding with "God be With You Till We Meet Again".

A very nice piece of money, about \$70, was presented to Mrs. Todd, and all left wishing her further returns of her anniversary, and so far as present appearances are any indication this well preserved old lady may see several more anniversaries.

MARGOT'S OPINION OF AMERICAN MEN

New York.—Margot Asquith, wife of Herbert H. Asquith, former premier of Great Britain, who deals with men and events in a manner which, if a man handled her vocabulary, would be characterized as brutally frank, pays her respects to the American man following her visit to this country in an article in a magazine for August.

Her observations are far from flattering. She declares that American men are uncultured, money-grubbing, lacking in individuality, too overgrown in business, victims of standardization, indifferent to the arts, and never insistent upon the principles of freedom.

She names "some admirable and charming individuals" among American men, but they are all dead. She uses a criticism ascribed to her fellow countryman, the late Oscar Wilde, to sum up the American male. "He is a man who knows the price of everything and the value of nothing."

She says: "Leisure to the American man means loss. He seldom enjoys art, he rarely enjoys music, he has no time to read, and he leaves the things that go by the name of culture to women." The average American man I know is not cultured.

"Not knowing the value of money or of leisure, he works too hard and either refuses to exercise his intellect or is unable to enjoy other people's."

"America is more violent than free and takes constant interference with cow-like obedience. Details of private life are regulated by the state or by some society that claims—and is tacitly accorded—police powers. If you do anything that you appear to enjoy, you may be quite sure some one will form a society to prevent you from going on with it."

VICTORY

Miss Mary Simpson, who has been teaching at Ashmore, has returned home on her vacation.

Miss Dorothy Simpson has been visiting relatives in Clonessvale. Miss Phyllis Dargie, of Bear River, is spending a few days at her cousin's, the Misses Eleanor Davies and Blanche Hawry.

Mr. Fred Simpson, late of the R. C. M. F. Ottawa, accompanied by his wife, arrived here July 15th and will spend the summer with his parents, Mr. and Mrs. Joshua Simpson.

Mrs. Willard Rosenkrantz has returned home from her visit at Aylesford.

Mrs. Todd has twenty-five grand children and forty great grandchildren and most of these were present on Thursday and are scattered from Halifax to Cambridge, Mass., though the larger number live within a comparatively short distance of the old home.

Children of Mrs. James Todd: Miss Katie, Bridgetown; Mrs. H. F. Hamilton, Lawrencestown, wife of Provincial G. W. V. A. Secretary, H. F. Hamilton; Mrs. H. R. Saul, Boston, Craig and Joe (Bridgetown).

Children of Mr. John Todd: Fred (Perotte), Malpolm H. (a prominent business man of Bridgetown), Leslie and Bert (Dalhousie), Mrs. Bertram Wagstaff (Round Hill).

Children of Mr. Thomas Todd: Mrs. Perry Harnish, Walter and Worden (Halifax), Mrs. James Hartish (Annapolis), Helen and Mark (Dalhousie).

Mr. William Todd's children: Mrs. Chas. Merry, Lawrencestown; Ritchie (Dalhousie).

Children of Mrs. William Buckler, Lawrencestown: Thomas (Middleton), John (Somerville, Mass.), Mrs. Arthur Duncan (Lawrencestown).

Mr. Thomas Buckler, Collector of Customs, Annapolis, is a nephew.

WINDSOR DEFEATS LOCAL CRICKETERS

Bridgetown Misses the Presence of R. Whiteaway and the Oilerhead Brothers

Bridgetown sustained their first home defeat, at the hands of Windsor, the league champions, since cricket was revived here two years ago. They had a very depleted team. Of last year's team they were without Charles and Owen Oilerhead, Phillip and John Donat, R. and T. Snape, Jack Ruggles, Ron Whiteaway and C. Palfrey, all of whom have left Bridgetown. In addition to this exodus Herman Young and Dr. Rice were unfortunately not available for this match. The Bridgetown team is therefore going through a reconstruction period and the new recruits, many of whom are playing cricket for the first time, gave a splendid account of themselves against such strong opponents as Windsor. The home team batted first and thanks to the fine bowling of Weatherbed, Mounce and Anslow, and backed up by splendid fielding were all out before lunch for 43.

The Windsor captain, Harold Anslow, and Tremain, the latter having recently made big scores at Ottawa, gave the visitors a good start and 25 appeared on the score board before they were separated. They were chiefly assisted later by Caudle 17, and Mounce 10. It is a great pleasure to all Valley cricketers to see Fred Caudle who unfortunately broke his knee-cap whilst playing at Bridgetown last season on the cricket field again. "Billy" Donat, who was the only Bridgetown batsman to get double figures, bowled unchanged throughout and took six wickets. He was assisted by R. J. Evans and J. Malcolm, Bridgetown's "star" pitcher.

The first ball "Jack" bowled was a wide, he however afterwards found the mark and was responsible for the dismissal of two of Windsor and should prove an acquisition to the cricket team. With a little more practice he will make the same for himself as a cricketer as he has a baseball player.

The following are the full scores of both teams.

QUARTER MILLION WORKING DAYS LOST

The loss of time on account of industrial disputes during June was less than during May, 1927, but greater than during 1921, according to Labor Department returns.

There were in existence at some time or other during the month 25 strikes, involving about 10,155 work people, with an estimated time loss of about 254,134 working days.

In the previous month there were thirty strikes, involving 13,186 working days, and entailing a time loss of 278,100 working days.

In June, 1921, there were fifty strikes, involving 10,239 work people and entailing a time loss of 188,020 working days.

JUNIOR BALL TEAM DEFEATS DIGBY

Bridgetown junior ball team played their first game this season with Digby on the new athletic grounds and won by a score of 13 to 10. The tally, while rather large, was due in great part to the condition of the ground which accounts for the size of the error list, but as time goes on and further improvements are made these difficulties will be eliminated. The boys enjoyed their trip. The local boys hit Henshaw much more freely than the Digby players were able to connect with Longmire's twirling.

FRUIT GROWERS GET PROTECTION

Legislation to protect Canadian fruit growers against dumping of fruit from the United States was proposed in an amendment in the Customs Act submitted to the Commons last week.

The amendment provided that if it appeared to the government that natural products of a kind similar to those produced in Canada, were being imported into the Dominion, either on sale or on consignment, under such conditions as prejudicially or injuriously affected the interests of Canadian producers, the government might authorize the Minister of Customs and Excise to value such goods for duty and the value so determined should be held to be the fair market value thereof.

REDUCTION OF FREIGHT RATES

7 1-2 P. C. on Basic Commodities. Effective on Aug. 1st. Not Applicable to Gov. Rys.

A reduction of 7 1/2 per cent in the railway rates on basic commodities, to become effective August 1st, has been ordered by the Board of Railway Commissioners. The decrease reduces the increase of September, 1920, to 12 1/2 per cent in Western Canada, and 17 per cent in Eastern Canada. The original increase ordered by the Board in 1920 was 40 per cent in the East and 35 per cent in the West. Subsequent reduction brought these figures down to 25 per cent in the East and 20 per cent in the West. The present decrease applies to forest products, building material, brick, cement, lime and plaster, potatoes, fertilizers (other than chemicals), pig iron, blooms and billets, ores, wire rods and scrap iron. Grain and flour rates were fixed by Parliament during the session just closed in accordance with the rates prevailing under the Crow's Nest Pass agreement.

The judgment rescinds all increases provided for in September, 1920, on coal, other than anthracite, and coal from the head of the Lakes westward.

The principle of arbitrariness from the Maritime Provinces to all points west of Port Arthur has been approved. The St. John arbitrary being 26 cents per 100 pounds first class, and 12 cents fifth class.

The Board has no jurisdiction over the Canadian Government Railways, and no directions were made regarding that system. These arbitrations do not apply to traffic between the Maritime Provinces and Montreal or to points west of Montreal and east of Port William.

The election of officers which took place at the opening session of the Provincial Dental Association resumed as follows:—President, Dr. J. F. Parks, Sydney; First Vice-President, Dr. S. H. Halls; Second Vice-President, Dr. H. O. Harding, Yarmouth; Executive, these officers together with Dr. J. T. Lebbetter and Dr. Chas. H. Representatives to the Dominion Dental Council, Dr. George K. Thompson; alternate, Dr. F. W. Ryan.

Miss Georgie and Miss Joan Whitman, daughters of Rev. A. H. and Mrs. Whitman, are visiting friends at New Albany.

NOTES ON EARLY ENGLISH SETTLERS

Loyalists and Other Immigrants Who Settled in the Centre of Annapolis County

(LETTER V)

Among the early or first New England settlers were here and there located families direct from the old land, English, Irish or Scotch and an occasional one of German or Dutch descent. Some of these had come as young men, adventurers to seek their fortune in this far away new land, these married daughters of the New Englanders and thus added new blood and virility to the hardness of our pioneer stock; others were disbanded soldiers from the same direction who now were to settle down "and learn our county names."

A godly number belonged to these latter classes, amongst them the Baths, Burns, Clarkes, Elliots, Armstrongs, Neileys, Shaffners, Longmires, Munros, McEwans, and others who began life here about the same time or soon after the immigrants from New England. Twenty years after the coming of the first New England settlers and when they had become well established in their simple homes, others, of logs, there was another important exodus in this direction; and we received our second large immigration; these were the Loyalists.

The first vessels bringing these arrived at Annapolis in 1782 and they continued to come for the three following years until it is estimated 30,000 of them had landed on the shores of the Maritime Provinces. They came from the whole length of the American coast from Maine to Georgia and were bound to suffer most severely under the best of conditions in our more rigorous climate.

The first ones to land at Annapolis Royal were cared for in the unfinished Church building and other empty houses and by the twenty or thirty families that made up the entire town at that time. Gradually they found their way into the townships where they received lots on much the same terms as the earlier settlers and here they went bravely to work clearing the forests and building new homes, drowning their sorrow and hardships with long hours of toil which they heroically had chosen rather than remain in the newly formed American Republic.

It has been said that the real story of the Loyalists has yet to be written and that in this respect they have been less fortunate than the exiled Acadicians, since Longfellow's "Evangeline" has made story the Acadicians' misfortunes and tragedy quite familiar every where but not so the story of the Loyalists. Some one has said further that it seems strange that the shores of Nova Scotia should behold within thirty years two such sad dramas as the expulsion of the Acadicians and the landing of the Loyalists.

The Loyalists were at that time the best people of the American colonies. They were made up of the wealthy class, of professional and business men in every line, and who could not believe that the revolutionists could succeed, and having made a stand for Great Britain they were obliged to take an active part, there was little chance in these days for an independent position. When the British cause was lost they were obliged to get out and were of the leading and influential men of every city, town and hamlet. Farmers, lawyers, clergymen, doctors, merchants and mechanics, men of wealth and women of leisure, never accustomed to exposure or want from city, town and country, where they owned homes of elegance and luxury in many cases were suddenly deprived of everything and compelled to flee with their children for their lives.

Everywhere they were called "traitors" by the mobs that seized and destroyed, often, their property. In some instances they saw their homes destroyed with fire and their men carried away as prisoners and even shot. It was the fortunes of war and "War is Hell" always.

To our welcome but unprepared shores many of them came to find a home under the Union Jack escaping from their lives only. Their sufferings here we cannot imagine, we know very little and the story has never been told, some died broken-hearted, many perished from exposure and were buried in private fields in unmarked graves, many more went back or elsewhere because unable to live here.

It is recorded that 40,000 souls came away from New York City at its evacuation, and settled in Canada. Bishop Chas. Inglis, the first Bishop of Nova Scotia, and himself a Loyalist, was rector of Trinity Church, New York, at this period said when he first visited Digby that almost the whole settlement there were parishioners of his, in New York City. He found them very destitute, and felt the only remedy for it was for them to disperse into the townships and take up farming.

They were assisted by the British Government until they had established themselves.

THE HORRORS OF INDIGESTION

Relieved by "Fruit-a-lives" the Fruit Medicine

Indigestion, Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles. Those who suffer with Indigestion, almost invariably are troubled with Rheumatism, Palpitation of the Heart, Sleeplessness and excessive Nervousness. "Fruit-a-lives" will always relieve Indigestion, because these tablets strengthen the stomach muscles, increase the flow of the digestive juices and correct Constipation, which usually accompanies Indigestion.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa

Capt. Fowler purchased this from John Hageman and Anthony Doxey millers, for 200 pounds, the lot only containing about five acres. The following year Fowler agreed with his neighbor, John Wright, to grind sixty bushels of wheat and rye each year for him for the privilege of raising his dam toward Wright's property on the brook on which the mill was situated and the same as the Kelly mill pond and Bridgetown's ice supply.

Capt. Fowler continued a busy miller on this brook until his death in 1794. Mr. F. H. Fowler who occupies his great great grandfather Hicks' homestead at Carleton's Corner is a great grandson of this New York Loyalist, patriot, who conducted the grist mill making the flour for Granville in these early days. Tradition says that a great deal of the wheat brought to this first mill in this part of the old township was carried on the shoulders and backs of our first settlers and that families living on the mountain, at what is now Hampton, were obliged to carry their grist to and from the mill in this fashion as there were no roads suitable for a team or cart up the mountain side in those early days.

The homes of these two Loyalists, Capt. Caleb Fowler in the west, and Capt. Joshua Temple de St. Croix in the east, marked the eastern and western limits of what later became Bridgetown, but little did they dream in their day of our electric lights, automobiles, telephones, and telegraphy, and even wireless news and musical concerts, as they toiled thru the clay roads on horse back or with rude wagons. They did not live to even see a bridge span the river, but doubtless anticipated this at no distant day, even if they could not foresee our fair town, and its busy industries and shops of fifty to one hundred years in the future.

Another Loyalist settled in the centre of the town, midway between the other two, this was Joseph Gidney, who lived on the James DeWitt place, he came from near New York, also, and probably not far from the St. Croix's and Fowler's. He had taken an active part on the British side, in the Revolutionary war, and his property was confiscated and he obliged to flee for his life, hiding in the woods, etc. A family tradition says his New York property, taken from him for his loyalty, was given by the Americans afterwards, to Tom Baine, for his religion.

Joseph Gidney died in 1811, and was buried on his own land toward the river, his neighbor, Joseph Troop, used the land adjoining his lot for a similar purpose, and these private burial lots were the nucleus of Riverside cemetery, the surrounding hill side and fields being added to the original small areas from time to time during the last one hundred years.

Joseph Gidney had located on first coming to Nova Scotia, at "Felsen Point", Yarmouth township. He later received a large grant of land on Digby Neck below Sandy Cove, and where the name still is found and where several well-known descendants, of this worthy ancestor have been reared or still occupy the original lot. Among them are Samuel Gidney, and E. A. Gidney, of Mink Cove, and Angus M. Gidney, ex-M. P. for Digby County, the recently superannuated Collector of Customs, Digby, N. S.

This Loyalist moved here from Digby Neck about 1800, he left three children, John, Elizabeth and Frances, the latter married Capt. Angus Morrison, an officer of the British army, and after his death became the second wife of Capt. John Crosskill.

By her first husband, Angus Morrison, she had one daughter—Phoebe Morrison—who married a New Brunswick Gidney and the late well-known Angus Morrison Gidney, founder and publisher of the Bridgetown "Free Press" was a son of this union.

The late A. M. Gidney, who died at Carleton Corner in 1881, was the last of this name to live at Bridgetown. For many years he was a prominent official of the Baptist Church and a useful citizen.

Jesse Oakes, another Loyalist, settled at Bloody Creek, occupying the anted. Mail orders promptly attended to.

THE HORRORS OF INDIGESTION

Relieved by "Fruit-a-lives" the Fruit Medicine

Indigestion, Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles. Those who suffer with Indigestion, almost invariably are troubled with Rheumatism, Palpitation of the Heart, Sleeplessness and excessive Nervousness. "Fruit-a-lives" will always relieve Indigestion, because these tablets strengthen the stomach muscles, increase the flow of the digestive juices and correct Constipation, which usually accompanies Indigestion.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa

Capt. Fowler purchased this from John Hageman and Anthony Doxey millers, for 200 pounds, the lot only containing about five acres. The following year Fowler agreed with his neighbor, John Wright, to grind sixty bushels of wheat and rye each year for him for the privilege of raising his dam toward Wright's property on the brook on which the mill was situated and the same as the Kelly mill pond and Bridgetown's ice supply.

Capt. Fowler continued a busy miller on this brook until his death in 1794. Mr. F. H. Fowler who occupies his great great grandfather Hicks' homestead at Carleton's Corner is a great grandson of this New York Loyalist, patriot, who conducted the grist mill making the flour for Granville in these early days. Tradition says that a great deal of the wheat brought to this first mill in this part of the old township was carried on the shoulders and backs of our first settlers and that families living on the mountain, at what is now Hampton, were obliged to carry their grist to and from the mill in this fashion as there were no roads suitable for a team or cart up the mountain side in those early days.

NOTES ON EARLY ENGLISH SETTLERS

(Continued from Page Two)

and here this old patriot reared a large family and ended his days. His children grew up and settled in this and Digby County.

Jesse Oakes, Jr. was one of the first to buy a lot in the new town site in 1822 and built where Dr. Deuchman now lives and opened a store on that corner. His shop is of more than passing interest for it was in it a few men of the new town gathered and held the meeting that decided to build a school house soon after the town was named.

Another son, Edward Randolph Oakes, built a shop where K. Freeman's hardware shop now stands and conducted a general business, he later sold out and removed to Digby where he became a member of parliament and prominent public man. A son of Jesse Oakes, Jr., Morrison Oakes, M.D., practised his profession in this his native town, until his early death in 1849, aged thirty-two years.

Other members of this Oakes family moved to Wilmot and others to New Albany, where the name is still found, all of them descendants of this early pioneer.

The Rugles, Barolays and Bayrards and FitzRandolphs, in Wilmot, the De Lancesays at Tupperville, and many more distinguished and influential Loyalists up and down the county added much to its improvement in every way and its social life was at once improved and enlivened.

They entered the forests of the Valley to make new homes, among the great hemlocks and pines of the original forests. The severe winters and rough weather were their greatest enemies. With bitter struggles those first years of banishment in the heart of our forests with all their privations and dangers, we can but dimly imagine or picture, but with brave hearts, hardships and difficulties were overcome, children were born and grew into vigorous manhood and helped level the forests and till the new lands.

To Nova Scotia, these banished Loyalists brought stout hearts and sturdy frames with all their early training, experience and virtues we could scarcely have found better ancestors.

One feels, as we look back at these forebears, like making a comparison between our early immigrants here and much of the type that goes into our west to-day. We can be thankful we are so well born.

We have them in our mixing-pot, out of which is to come our generation. (1) New England planters; (2) Disbanded soldiers from the old land; (3) Young men from England, Ireland and Scotland, adventurers; (4) An occasional German who came through from Luzenbug colony and a Dutch Hollander here and there, and lastly (5) The Loyalists from the cities of Maine to Georgia. Sufficient variety to relieve any monotony; enough contrast to give color and abundance of freshness, to give virility and sturdiness to the race, and ample room for development for several generations.

POISONED BAIT FOR CUTWORMS

The Dominion Entomological Laboratory at Vineland Station, Ont., recommends the following poisoned bait for the control of cutworms:—
Bran, 20 lbs.; Paris green or white arsenate, 1 lb.; molasses, 1 qt.; water, 2 or 2½ gals.
Mix the dry bran and poison in a tub. Dissolve the molasses in the water and wet the bran and poison with same, stirring well so as to dampen the bran thoroughly. The bait should be scattered thinly over the infested area after sundown.

SASKATCHEWAN WOMAN RECOVERS

Found Health by Taking Lydia E. Pinkham's Vegetable Compound

Melaval, Saskatchewan.—"I saw Lydia E. Pinkham's Vegetable Compound advertised for women's troubles and when a friend recommended it to me I tried it and it has done me so much good in the two years in which I have been taking it that I find I am a different woman since then. I recommend your Vegetable Compound as much as I can and you may use my letter as a testimonial."

—Mrs. Wm. J. THOMAS, Melaval, Saskatchewan.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subjected.

Mrs. Thomas writes that she is a different woman now, if you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as has Mrs. Thomas and many, many other women.

This medicine has been helping sick women nearly fifty years—surely a long record of service.

KEEP CHILDREN WELL DURING HOT WEATHER

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, dysentery, colic and stomach troubles are rife at this time and often a precious little life is lost after only a few hours illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevents stomach and bowel troubles, or if the trouble comes suddenly—as it generally does—the Tablets will bring baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

ST. JAMES' CHURCH SUNDAY SCHOOL ANNUAL PICNIC

An ideal day, a twenty-five mile auto drive to and fro through lovely country, a rendezvous delightful in every way, a jolly crowd, and a hearty welcome, were the feature that combined to make this event, which took place as we were going to press with our last issue, an unqualified success.

Morton's Point, about two miles beyond Clementsport—the village now known as "The Queen of the Basin", was the objective, than which it would be difficult to find a better place for a picnic.

Charming hosts and hostesses, a spacious playing field, a fine beach—what more could be desired!

The party numbering ninety-eight children and forty adults got under way around ten o'clock. The drive took about one hour and a half and was pleasure unalloyed to old and young alike.

Arriving at their destination, the water's edge claimed the attention of the majority, (although some few ventured in) until dinner was announced. This, of course, was served "Al fresco".

Justice being done to the good things provided and a short respite allowed for digestion, the race programme was carried out. Then came the inevitable baseball in which the "old boys" showed the sub-juniors that even they have a few wrinkles yet, to learn when it comes to the finer points of "classy ball". There is yet a very great deal of life and vigor, as well as some delicate strokes in the super-seniors, and none enjoyed the game more than they, unless it were the ladies looking on.

For those not interested in "ball" the beach again gave ample amusement, and thus the afternoon passed all too quickly. At five o'clock candy and peanut scrambles were in order, then came the prizes for the successful competitors in the various athletic events earlier in the day, and then all aboard for home.

The Rector and Sunday School staff hardly find words to express, on behalf of the children as well as themselves, their appreciation of the kindness of the many friends who made this picnic possible; the kindness of the ladies and gentlemen who so kindly donated their cars for the day (nineteen in all), of those who contributed the prizes, the candy, the peanuts and the lemonade, of that of the Rev. A. W. L. Smith, who so kindly introduced them to Mr. Morton and assisted in other ways, of Mr. D. H. Long, of Capt. Rawlings, and last, but by no means least, of the hearty welcome accorded them by every member of the Morton family and their charming hospitality.

GRANVILLE FERRY

Mrs. Boyle, of New Windsor, Maryland, accompanied by her three sons, is making her annual visit in the village.

Mr. and Mrs. Ross Smith and son and daughter of Derry, N.H., are spending the summer months with Mrs. Smith's parents, Mr. and Mrs. Reed Blair.

Miss Alice Gilliat is home from the United States on her vacation.

Miss Marion Troop has returned from her school in Lawrencetown. Miss Troop has accepted the position of teacher in Lawrencetown for another year.

Miss Dorothy Smith, of Queen's County, for the Advanced Department, and Miss Madelyn Merriam, of this village for the Primary Department, are the teachers who have been engaged for the coming term in this school.

Miss May Gilliat has returned from Windsor and will spend her vacation with her parents, Mr. and Mrs. Rupert Gilliat.

Mrs. Wagstaff, accompanied by her daughter, Miss Kathleen and Mrs. LeBeau and her two children, came from Northampton, Mass., last week and has opened up her home here for the summer months.

Miss Edna Wade has returned from her school in Wolfville. Miss Wade will be teaching in Port Williams next term.

Little Arnold Silverman came from the United States on Saturday to pay a visit to his grandparents, Capt. and Mrs. Samuel Mills.

Mr. Edwin Caswell and sister, Miss Nettie Caswell, of St. John, N.B., are spending their vacations with their mother, Mrs. E. D. Caswell.

Miss Eva Mills is the guest of her sisters in the United States.

Miss Jean Reid is spending her vacation with her parents, Mr. and Mrs. E. R. Reid.

Miss Emma Parker, who was teacher of the Primary Department here, during last term, returns to her home in Port Wade this week. Miss Parker has accepted the position of teacher in Karsdale school for the next term.

Mrs. Parr and Miss Winnie Ellis have returned from spending the winter in Newton Highlands, Mass.

Mr. Grant, of Halifax County, has purchased Mr. Burbridge's property, which is situated in the east end of Granville Ferry. While waiting to take possession of his new farm Mr. Grant and his family are guests at the home of his brother, Mr. Albert Grant.

PREST-O-PLATES Mean Plenty of "Pep"

THEY are the backbone of Prest-O-Lite Batteries. Better than ordinary plates, they make Prest-O-Lite Batteries better than ordinary batteries.

Prest-O-Plates combine a peculiar porosity with an unusual hardness, which explains their quick delivery of power in cold weather, and great heat-resisting, non-buckling strength in summer.

Prest-O-Lite Batteries are specified by the majority of leading Canadian manufacturers, and this list is growing.

How is your battery working? Is its pulse low? Come around and consult our specialists. We prolong the life of all batteries, and we never tell you that you need a new battery until you do. Drive around and get our friendly expert advice.

CLEMENTSPORT

"THE QUEEN OF THE BASIN"

On Tuesday St. James' Sunday School, Bridgetown, held their annual picnic on 'Morton's Point', the famous picnic ground, where years ago hundreds came from many miles to enjoy a few hours of pleasure beside the Basin shore. And what a time they had! Tuesday Bathing and racing and candy scrambles, to say nothing of the baseball. There was to have been a game between Clementsport and the Bridgetown boys, but the former were unable to get together. The game that did materialize was certainly a treat, and the ladies on the sloping green sward bleachers rocked and swayed with laughter as they saw the rector of St. Clements climbing to second, while his letters followed like a comet's tail behind him. Mr. T. Chipman fanning carefully at the bat; Capt. Longmire with his keen sense of justice looking after the interests of his opponents and the genial umpire ever ready to hesitate before giving a decision—Oh, it was grand! Let it be the same crowd another game.

The village has been greatly improved by the repairs and painting done on the McLaughlin house and is really a chance for a summer tourist bungalow resort, second to none in the Province, on this beautiful point, easy of access and with unrivalled advantages and charms. We understand the Balcom estate wishes to dispose of this property and we hope soon to see it a flourishing resort. Mr. Chas. Ray is here at present looking after the property.

As you enter the village by the curving hillside road from Deep Brook, three attractions present themselves to you to the Winnasonookim falls—a scene which lingers long in the memory. After a rest opposite the foaming cataract you wend your way back again and enter at the corner on the main road the "Lucerne ice cream parlor" where you partake of delicious Purify ice cream, and thus refreshed you come out turn at once to your right, and if it be a Wednesday or Saturday afternoon or evening you enter the little Handicraft shop of Mrs. M. H. Dumas. Now we all know what handicraft work is and here you will find it "par excellence". Souvenirs of many kinds and varied prices should find a snug corner in those attractive bags or baskets, which every lady tourist carries. Stop your car at the sign of the "Rucerna" and take in these three attractions.

We are glad to be able to report that Mr. Fred Ruggles who has been very ill for some weeks past is now convalescent and able to see his many friends.

Mrs. T. W. Williams, Capt. and Mrs. Arthur Hillon and two daughters, of Yarmouth, spent the week-end with Mr. and Mrs. H. Hicks.

Mr. and Mrs. Chas. Baras, of Wolfville, spent several days recently with Mr. and Mrs. C. F. Tupper.

Miss Ada Hicks, of Bridgetown, spent Sunday 9th inst. with Mr. and Mrs. H. Hicks.

Mrs. Herbert Gammage, of Providence, R. I., Mrs. Everet Rand, Mr. and Mrs. Byard Brown and child, of Upper Canada, were recent guests of Mr. and Mrs. H. Hicks.

Schooner Ekimo, Capt. Capt. Wm. Burritt, arrived at Boston, July 14th, from Clementsport, after a tedious passage, owing to head winds and thick fog.

Miss Shearing, of Halifax, niece of Mrs. Alanzo Daniels, is visiting Miss Bertha Potter.

On Wednesday evening, 12th inst, a most enjoyable clam bake was held on Rice's Beach. Ten or twelve came from Annapolis Royal. Mr. and Mrs. Robertson and Mrs. Bateman, we understand were the promoters of this festive event. Nearly all the Eastern Star members were present with their friends. Some sixty or seventy enjoyed the luscious clams and the flickering fire light on the shore.

The Orangemen of Clementsport, Deep Brook and Bear River, members of Marquis of Lorne L.O.L. No. 95, Deep Brook, celebrated the "Glorious Twelfth" most appropriately by marching in full regalia from their lodge room to St. Matthew's Church where they participated in the service and listened to a sermon on the nature and value of the Orange heritage from their chaplain, the Rector. The Church was well filled, service hearty. Collection for the Protestant Orphanage, Truro, amounted to \$16.81.

For some weeks now the painting of the railway bridge has been in hand and the work will probably last until the autumn. We are told it is seven years since it was painted before and that in many places one quarter in. of rust has to be removed before the paint can be applied. This explains the constant noise as of rivetting which we hear from time to time. The following comprise the staff at work: Mr. Riley, of Hantsport, foreman; Capt. Barkhouse and Mr. Graham, also of Hantsport; Reg. Gilliat, Smith's Cove; Edward Adams and John Anderson, Deep Brook. We extend to them all a hearty welcome to our village.

The annual garden party of St. Clements Parish will be held on the Rectory grounds, Wednesday afternoon, August 9th. This year the net proceeds will be used as a fund, the interest of which is to keep the old grave yard in good condition. It is felt if a fund is once started, persons who have dear ones buried there, will add thereto. Will all those who read this notice plan to be present on Wednesday, August 9th, with their friends and assist in this good work.

On August 30th the annual decoration service will be held in the Old Church. It will be quite an event. Mr. Wm. Dunn, the first of last week, loaded his last car of pulpwood on his old contract for the Sissiboo Power and Pulp Co. This contract furnished work for a number of men last winter and we trust a new and larger contract may be secured with this strong and reliable firm.

H. C. Warren, Digby, via water, 250,000 stave wood and has still 100,000 which is being gradually taken to its destination. When you are awakened in the early summer morning by the twin cylinder motor boat, it is another raft or two or more of logs being towed out of the basin.

Mr. Freeman, railway machinist of Keene, New Hampshire, is visiting his daughter, Mrs. Chas. Stronach. Mr. Freeman says that labor conditions in railway circles in Keene are very unsettled and critical.

We have with us again our old friends the Riders and Letneys. They certainly are the people who know how to enjoy God's open air. Ever on the move—not any high powered twin six for them, unless it be a steady equine of twin six years, behind which they gently float from stream to stream and dell to dell, through woodland roads and sunny glades. And this year you should just see their prairie schooner, it is a beauty. All the comfort of home, and when they anchor for the night, and the crackling fire produces the fragrant roasts and comfortably they sink to rest beneath the star-lit sky. Even a Rommany Kral would envy them. Any intending campers should interview Stephen B. Redon before starting on a tour.

In "The Nome Nugget" published at Nome, Alaska, June 17th, we find that extensive mining operations are being carried on in the gold fields there and that "Mr. P. E. Morse, Constructive Superintendent of the Yuba Manufacturing Co. is in Nome and will have direct supervision of all construction work. The two mine cubic feet still dredges are the largest ever built for operation on Seward Peninsula. Mr. Morse will employ approximately one hundred men, many of whom will remain in the Nome camps during the winter, working on the new construction." Mr. Morse is a brother of Mrs. Jessie Balcom, Clementsport.

Mr. Alvin Vroom, Exeter, N. H., son and daughter, are spending a few weeks motoring through the Province. They have been calling on their friends in Clementsport, who are delighted to see them. Mr. Vroom is a brother of Miss Florence Vroom, Bear River.

Capt. Mabee and Mrs. Mabee, and niece, Miss Gaunce, of St. John, spent last week at Riverside Cottage, Miss Grace Gossipp and Miss J. McLeod, of Halifax, came Sunday night for their annual visit to Clementsport and at Riverside Cottage—Welcome back again.

Mrs. Mary Beeler and Mrs. John Morse, of Bridgetown, are visiting Mr. and Mrs. Avarad Beeler, at Rosebank Cottage.

Rev. Mr. McQuarrie conducted service in the Baptist Church here Sunday morning. We understand that he has been given a call.

Your correspondent has had a number of favorable comments on last week's notes and such encouragement shows the appreciation felt. We thank them and ask their assistance in obtaining interesting material for our column and in sending the paper to friends in other places.

CHERRY CARNIVAL AT BEAR RIVER
There is to be a carnival held here on Tuesday, July 25th, called the Cherry Carnival. This carnival will be under the auspices of Friendship Lodge, No. 122, I.O.O.F. This institution always makes the day a great success, meals this year will be served in their new hall, now under construction, the roof of which will be on for a covering. One of the chief factors of the day will be the laying of the corner stone in regular ceremonial form by Grand Master Wood, assisted by a number of P. G. M.'s. All members of the order are requested to bring regalias and take their places in the march. We understand that the Liverpool Band will furnish music. There will also be a baseball match besides the usual sports.—Chronicle.

REMAINS ON PERMANENT STREETS

Thoroughfares to be Put in as Good Condition as Possible. Other Routine Matters

The Town Council held their regular monthly session on Friday night and transacted considerable routine business.

O. K. bills were ordered paid. A communication was read from Dr. W. H. Hattie, Provincial Health Officer, giving in detail the cost to the Municipality and portion of Digby exclusive of Clare of the Public Health nursing service for the five months of the current year. Bridgetown's share was apportioned at \$46.32.

The Electric Light Committee reported recommending a renewal for five years of the old agreement with the Bridgetown Electric Light Company rates and service and terms generally the same as prevailed previously. The report was adopted.

Some discussion took place on permanent streets and it was resolved to proceed at once with necessary repairs. A wearing surface will be put on the permanent portion of the streets and the streets generally put in as good condition as possible.

A number of letters were received from Victoria General Hospital for board and treatment of persons who claimed residence in Bridgetown and had been patients at that institution. These claims will be fully investigated. Some are doubtless good, while others rest on an apparently flimsy foundation.

After the discussion of a few other matters of routine the Council adjourned.

WORRIED WOMEN NEED RICH BLOOD
If the Blood is Not Kept Pure Health Will Break Down

It is useless to tell a hard working woman to take life easily and not to worry. To do so is to ask the almost impossible. But, at the same time, it is the duty of every woman to save her strength to meet any unusual demands. It is a duty she owes herself and family, for her future health may depend upon it.

To guard against a complete breakdown in health the blood must be kept rich, red and pure. No other medicine does this so well as Dr. Williams' Pink Pills. This medicine strengthens the nerves, restores the appetite and keeps every organ healthily toned up. Women cannot always rest when they should, but they can keep their strength by the occasional use of Dr. Williams' Pink Pills. Among those who have found benefit from this medicine is Mrs. Cora Conrad, Broad Cove, N. S., who says: "My system was very much run down, and my blood poor and watery. I suffered a great deal from headaches and dizziness; my appetite was poor, and I tired easily. I decided to try Dr. Williams' Pink Pills and have every reason to be glad that I did so. Soon I felt better, and under the continued use of the pills the headaches and dizziness were gone, and my blood seemed in a better condition than before. For this reason I recommend Dr. Williams' Pink Pills.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

WORK PROPOSED BY MARITIME LIBRARY ASSOCIATION

The Editor,

Dear Sir: Certain people of the
Maritime Provinces who are vitally
interested in library organization and
in the spread of book culture among
our people have formed themselves
into a body known as the Maritime
Library Association. This was or-
ganized in 1918, and at first consist-
ed of professional librarians only.
When it met in Wolfville on June
13th of the present year several were
present who are librarians only by
virtue of their place in our social
order as people who own and collect
books, but who were attracted to our
meeting by their interest in an ad-
vance movement in education. Among
these were Dr. A. H. McKay, Super-
intendent of Education for Nova
Scotia, President Cutten and Dr.
Rhodeizer of Acadia University,
Rev. J. H. MacDonald, D.D., the
pastor of the Wolfville Baptist
Church, and Mr. A. J. Crockett, Stip-
endiary Magistrate of New Glasgow.
Throughout the day's proceedings it
was evident that a new life had come
to the organization, and that its ac-
tivities henceforth would have a
broader, more intellectual scope. The
election as President of Mr. W. C.
Milner, Dominion Archivist for the
Maritime Provinces, insured for the
work of the Association a strong and
well considered propaganda.

Now, the soul of a movement like
this is publicity. For this reason we
ask the co-operation of all the news-
papers in the three Provinces. Our
aim is to put libraries, carefully se-
lected, well administered libraries, in
every city, town and hamlet in Nova
Scotia, New Brunswick and Prince
Edward Island. To this end, it is
necessary that the people's attention
be called again and again to the ad-
vantages that would accrue to them
if they had continuous free access to
the "best books on every subject. In
many communities the people are al-
ready alive to this need. President
Milner, having heard that travelling
libraries were coming to Nova Scotia
from McGill University, investigated
the matter. He found that travelling
libraries have been coming to Nova
Scotia for many years and besides
being sent to various clubs, an ar-
rangement was made some time ago
by the Department of Agriculture at
Truro by which any of the Women's
Institutes could obtain libraries from
McGill, the fees being paid by the
Department of Agriculture. I pre-
sume the McGill travelling libraries
are also being sent to New Brun-
swick and Prince Edward Island. This
is good, but the time is surely ripe
for the Maritime Provinces to have
libraries of their own. With the
hearty co-operation of the people, the
Maritime Library Association could
soon accomplish this. A strong com-
mittee is now working with Presi-
dent Milner to investigate library
conditions and prepare the way for
a free and abundant circulation of
books. This would mean the im-
provement of existing libraries, the
establishment of public libraries
where at present there are none, and
the multiplying of travelling libra-
ries and mail libraries. I doubt not
that very soon it would lead to the
establishment of library schools.

Membership in the Maritime Lib-
rary Association is open to all upon
the payment of a fee of one dollar.
Send your application with the fee
to the undersigned, and you will re-
ceive a certificate of membership
signed by the President and the
Secretary-Treasurer. This will en-
title you to receive free all literature
published by the Association, and
will give you the privilege of voting
at the various meetings. Further, it
will mean that your name will go
on record as one committed to the
work of removing from the people
of the Maritime Provinces the stigma
of being a people without libraries
and without interest in establishing
them.

MARY KINLEY INGRAHAM,
Secy.-Treas. to the Maritime
Library Association.

Mrs. McArthur Tells How Tanlac
Brought Complete Relief From
Stomach Trouble That Was so
Bad She Couldn't Walk up the
Stairs—Gains Weight Too.

"My friends all express surprise
over the fine change in my health, and
I always tell them how Tanlac caused
my improvement," said Mrs. Ken-
neth McArthur, 52 S. Bentinck St.,
Sydney, N. S.

"I was dreadfully weak and run
down for six years, suffering from a
bad form of stomach trouble. No
matter how careful I was of what I
ate I had awful attacks of indiges-
tion. I had trouble with my heart
skipping and jumping, but I know
now it was due to the condition of
my stomach. I was nervous and mis-
erable, getting little rest day or night,
and so fagged out I couldn't climb
the stairs.

"I began taking Tanlac just in time
for I had almost lost hope. Now I
am feeling like a different woman. I
have a hearty appetite, eat anything,
sleep restfully and have gained
weight. I think Tanlac is truly won-
derful."

Tanlac is sold by all good druggists.

CORRESPONDENCE

The Editor of THE MONITOR—

Dear Sir:—It seems that each
year there is something to interfere
with the tourist travel on our roads
in this section, i.e., Digby and Annapolis
Counties on the shores of our
beautiful basin. It either seems to
enter into the minds of the Highway
Board to tear up the roads at this
particular time or our bridges have
to be repaired, thus holding up traffic
or impeding it. One would not mind
if things were done in a modern and
courteous manner. At present we
have an illustration at Victoria
Bridge. Only last year at consider-
able expense and annoyance to motor-
ists this bridge was newly planked.
Now the eastern end is being torn
up and piles are being driven, an
"impromptu" pile driver which extends
on the bridge, blocks traffic, and while
cocked this is the method of pro-
cedure—on the main highway be-
tween Halifax and Yarmouth, a
hurdle is placed at the pulp mill with
a red flag on it. Another at top of
hill at fork of roads at western ap-
proach to bridge. The motorist going
west, passed at Deep Brook the road
to take him to Bear River to cross
the river there and thence to Digby
on to Yarmouth, and does not know
that he is to be held up at the bridge
until he is two miles beyond the Deep
Brook corner. Then he stops his car
at the hurdle, walks down to the
bridge, interviews the foreman who
states plainly he is not interested
in the convenience of the travelling
public especially tourists and you
wait while with peevish and levers
the men twist around the pile driver,
place planks at either end and upon
it and you drive through it, and
everything has to be re-arranged so
as to continue the work. Of all the anti-
dated methods, and inconsiderable
treatment, and waste of money, this
is a prize. Having stated this com-
plaint, the natural question is what
is the remedy. I humbly suggest:

1.—That those in authority realize
they are stewards of the peoples
money, and natural resources—and
see to it they do not put the cart
before the horse—not to put a new
cover on a bridge that has rotten pil-
ing beneath, and that they realize the
tourist traffic is a valuable asset to
the Province and during the summer
months make the roads and bridges
passable.

2.—If necessary to close the bridge
for a time, put on a gang of men
large enough to do the work speedily
and to post road signs that are effec-
tive and intelligible. As it is now if
the public is accommodated, the
men are half their time moving the
pile driver to let the traffic through.
Thus a waste of public money.

3.—Obtain an engineer who can
devise a pile driver that can permit
of traffic without the waste of time
and money now expended.

All the above suggestions can be
carried out, if the people take inter-
est enough in our magnificent coun-
try and desire to show those who
come to our shores that courteous
treatment one gentleman naturally
shows to another.

Thanking you for your space Mr.
Editor.

Sincerely yours,

A. W. L. SMITH,
St. Clement's Rectory,

COMING TO PRIMROSE THEATRE WEDNESDAY, JULY 26th.

Wholesome and Really Human Entertainment.

The S. R. O. sign was hung out at the Majestic theatre and the occasion and cause was Van Arnhem's Minstrels. The audience was well sprinkled with many an expectant "old timer," who remembered the days of St. Patrick's famous minstrels, and who, in their view, saw their superiors only in Primrose and West or Lew Docstader's Minstrels. In the audience, too, were many of the younger generation, who had heard the traditions of the mirth and melody that are associated with old time minstrel shows, and had come to the Majestic to see what this kind of entertainment might be. And, again, in the audience were still larger numbers than any of these kind—there because they were tired of ordinary vaudeville and the vogue of pictures, and wanted to sit back and just listen to melody, and to laugh at the wags, cry of Brother Bones, and all the comic-ities of the other end—won in repartee with the interlocutor.

At once this must be said for Van Arnhem's Minstrels that they furnished an evening of wholesome, and really human entertainment, with song, dance, gags, topical hits, and hilarious bizarre, bougeois, no doubt, but still innocent, infectious, and gladdening. All this they furnished at popular prices—and everyone went away feeling that they had got their money's worth.

The program comprised two parts—the first consisting of genuine old-time minstrelsy. The songs embraced "the homely pathetic," as for instance, "Somebody's Mother," sung sweetly by Edward Leahy, and "Silver Threads Among the Gold," sung engagingly by Leo Dube; and also topical and other comic songs, such as Billy Conkling's "That's What the Doctor Did to Me," and Charlie Morris' "Too Hood." Perhaps the vocal gem of the evening was Hugh Norton's fresh, warm singing of "The Vales of Killarney." The added choruses were good, and the end men sprang some infectious jokes. The second part of the program consisted of vaudeville in which Jack Duncan, "The Roping Ace," proved himself a genuine marvel. Bill Conkling was a fetching negro "gloom chaser," and the other vaudeville specialties were excellent. The program will be repeated this afternoon and evening. It may sincerely be recommended as genuinely entertaining.—Halifax paper, of July 15th.

MIDDLETON

A resolution was passed at the last meeting of the Town Council, Middleton, whereby all veranda lights were ordered to be detached from the regular house metre, said lights to be kept on at the expense of the owner, thus providing extra lighting and at the same time adding to the general cheerfulness of the town. Another innovation proposed and nearly ready for use is the erection of "silent policemen" at the dangerous corners of certain streets.

Miss Kathryn Dodge, of Middleton, has been awarded one of the scholarships given by the Summer School of Science to Digby and Annapolis. Miss Dodge left for Truro, where she takes the six weeks' training.

Mrs. E. A. Cunningham, Kulucaire Farm, arrived home on Friday from New York. She was accompanied by her daughter, Mrs. Frank Ruggles, and Mr. Ruggles.

Mrs. E. T. Nelly arrived home after several weeks' visit in the United States. She was accompanied by her daughter, Miss Lela Nelly, graduate nurse of the R. I. Hospital, and Miss Mildred Lee, Providence.

OBITUARY

At St. Croix Cove, on Saturday, July 8th, after a short illness, Miss Clara Brinton, daughter of Capt. and Mrs. Eber Brinton, passed peacefully away to her heavenly home. She was baptized seven years ago, by Rev. Asaph Whitman, and identified herself with God's people, taking a very active part with them in all the work of the church. Her sunny disposition endeared her to all who knew her and the memory of her beautiful Christian character will linger as a benediction with the home, church, and community. The funeral service was conducted on July 9th, by the pastor, D. W. Dixon, assisted by Rev. A. Whitman, of Port Lorne.

She leaves to mourn, her parents and five brothers, who have the sympathy of all who know them.

FUNERAL OF MR. BENJ. PRINCE

The funeral of the late Benjamin Prince took place on Tuesday afternoon, July 4th, from the residence of his mother, Mrs. Fredrika Prince and a very large number followed to the last resting place the remains of this popular and talented young man.

The services were conducted by Rev. A. H. Whitman, pastor of Lawrenceville Baptist Church, assisted by Rev. Mr. Rackham, the Methodist pastor. Feeling reference was made to the sudden removal by death of Mr. Prince to the splendid future to which his record naturally pointed, to his personal popularity among all who had the honor of his acquaintance.

The Paradise quartette rendered feelingly "Crossing the Bar," "Abide With Me," "Jesus Saviour Pilot Me." Interment took place in the Lawrenceville cemetery.
