The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Assurers have the choice of two separate Classes of Assurance.

IN CLASS A. THE BONUSES are paid in Money to the Policy-holder himself, commencing AT AN EARLY STAGE OF THE POLICY.

An allocation of Profit in Cash is made every year in this Class to all policies of not less than five years' standing at the preceding Annual Balance, and each Policy-holder's share is applied in payment of his next Annual Premium. The Outlay required for the policies has thus, for many years been only from 62½ cts. to 75 cts. per \$1 of the premiums according to standing, and commencing with those due at the end of the sixth year. CASH PROFITS of more than £300,000 sterling have been distributed in this manner to the Policy-holders during their own lives.

IN CLASS B. THE BONUSES are unusually LARGE ADDITIONS to the SUM ASSURED, and may be exchanged for a MOST IMPORTANT PROVISION IN OLD AGE to the Policy-holder himself.

AT THE DIVISION for 5th December, 1865, the LARGE BONUS ADDITION of ¼ per cent. on the sum Assured was declared for every Premium paid on each participating policy, and payable along with the Sum Assured, provided the Life attain the average expectation of persons at his age of entry. It is evident that at this rate of Bonus the SUM ASSURED will be MORE than DOUBLED in a comparatively short period.

But the Policy-holder has the option of exchanging these large Bonus Additions, when he reaches the average period of life, for an Equivalent in a

VALUABLE PROVISION FOR HIS OWN AFTER LIFE-TIME by a CASH PAYMENT or ANNUITY.

For example, a Policy-holder for £1000 at age of 25, on his attaining the average period of persons of that age, will, at the rate of Bonus, have had an Addition to his Assurance of £1500, making the Sum Assured £2500, instead of £1000.

Or he may then exchange this large Bonus Addition for ONE CASH PAYMENT of about £1000 to himself.

Or he may exchange the Bonus Addition for an ANNUITY of about £102 payable during his life.

Such Exchange will in no respect affect the Sum Assured, which, as well as the right to future Bonuses, will remain intact for the Heirs or other purposes of the Policy-holder.

UNDER NO OTHER SYSTEM can anything like the same amount of benefits be obtained, whether as regards increase of Sum Assured, or an equivalent in Cash Payment or Life Annuity.

An ASSURER during the current year in Class B. will receive, at next Division, ONE-FIFTH MORE BONUS than later Entrants—the difference being—probably so much as £40 on a £1000 Policy.

Weekly Transcript,

\$2.00 PER ANNUM, IN ADVANCE.

Since the first named journal fell into the hands of its present proprietor, its circulation has gone on steadily increasing, and he has now great satisfaction in announcing his confident belief that the DAILY NEWS has the largest subscription list of any Montreal Morning Journal. It has been his object to supply the public with a first class daily commercial and family Newspaper. The measure of his success is attested by the unqualified favor accorded him, and the very general expression of public approval. The principles which have hitherto guided the management, and so materially conduced to that success, will be steadily kept in view in the future, and the proprietor hopes to establish fresh claims on the public confidence, in the ratio in which he receives support.

The proprietor is gratified to announce a sensible increase in the Advertising patronage extended to him. It must be obvious to all, that a solid subscription list forms a sure index to the value of a newspaper as an advertising medium. The NEWS finds its way to the Banks, Mercantile Counting Houses, Military Messes, Retail Stores, and to nearly every Private Family in the City. In these directions it is to the advantage of Advertisers to have their announcements made known, and the knowledge that this fact is recognized, is proved by the large accessions to the advertising columns of the NEWS.

The DAILY NEWS is published every morning and mailed in time for the early trains.

The only condition of cure recognized is obedience to physiological law.

Truly remedial agents are materials and influences which have *normal* relations to the vital organs, and not drugs or poisons, whose relations are *abnormal* and *anti-vital*.

Nature's *Materia Medica* consists of "Air, Light, Temperature, Electricity, Magnetism, Exercise, Rest, Food, Drink, Bathing, Sleep, Clothing, Passional Influences, and Mechanical or Surgical Appliances."

TO SAW MILLOWNERS AND LUMBER MEN. THE BEST SHINGLE MILLS IN THE WORLD!

PATENTED 1867

PATENTED 1867

THE DOUBLE CARRIAGE SELF FEEDING MILL,

Capable of sawing from thirty to forty thousand Shingles per day.

No Saw Mill should be without one.

Great saving in working up waste lumber, ends of logs, &c., &c., which can be cut into first quality shingles at very little expense.

Fifteen per cent of the lumber saved by the thinness of the saw.

Shingles are sawed with the grain, nearly as smooth as if planed.

The single carriage hand feeding mill is easily managed, does not get out of repair and makes from fifteen to twenty-five thousand shingles per day.

Our mills are built to secure the perfection of their work, not only when new, but for years to come; several of them are now in use in Ontario and Quebec, and make smoother, better, and more shingles, and give greater satisfaction, than any other machine in the United States or the Dominion.

To satisfy the public of the excellence of our mills we take pleasure in referring to the following gentlemen who have them in use:

IN presenting to the Public the MONTREAL DIRECTORY for 1868-69, the Publisher congratulates himself that it will this year be found to have attained such a degree of accuracy as is seldom met with in a work of this description. As he has determined that neither trouble nor expense should stand in the way of his producing a *correct* Directory, he determined, after the names had been taken and put in type, to send out his agents a *second* time, in order to compare the printed *Street lists*, by a house-to-house investigation, thus ensuring, as far as it was possible to do, a thorough and reliable ALPHABETICAL and STREET DIRECTORY. With regard to the MISCELLANEOUS part of the work, it also will be found to be fuller and more complete than in any previous year. To the Officers of Government, of Private Companies and Public Institutions, he is deeply indebted—not only for the useful information they were good enough to supply, but for the kind manner in which it was conveyed.

The Publisher is gratified in being able to state that the relative increase in the number of occupied houses, and consequently in the number of names in the DIRECTORY, exceeds that of any former year, from which it seems fair to adduce that the City is rapidly gaining in population and in material wealth.

JOHN LOVELL, *Publisher.*

Excellent Photographs of Children at 372 Notre Dame St., by B. F. BALTZLY.

Daily News,

\$6.00 PER ANNUM, IN ADVANCE.

Weekly Transcript,

\$2.00 PER ANNUM, IN ADVANCE.

Since the first named journal fell into the hands of its present proprietor, its circulation has gone on steadily increasing, and he has now great satisfaction in announcing his confident belief that the DAILY NEWS has the largest subscription list of any Montreal Morning Journal. It has been his object to supply the public with a first class daily commercial and family Newspaper. The measure of his success is attested by the unqualified favor accorded him, and the very general expression of public approval. The principles which have hitherto guided the management, and so materially conduced to that success, will be steadily kept in view in the future, and the proprietor hopes to establish fresh claims on the public confidence, in the ratio in which he receives support.

The proprietor is gratified to announce a sensible increase in the Advertising patronage extended to him. It must be obvious to all, that a solid subscription list forms a sure index to the value of a newspaper as an advertising medium. The NEWS finds its way to the Banks, Mercantile Counting Houses, Military Messes, Retail Stores, and to nearly every Private Family in the City. In these directions it is to the advantage of Advertisers to have their announcements made known, and the knowledge that this fact is recognized, is proved by the large accessions to the advertising columns of the NEWS.

The DAILY NEWS is published every morning and mailed in time for the early trains.

SUBSCRIPTIONS and ADVERTISEMENTS are received by

JOHN LOVELL, *Printer and Publisher.*

Daily News,

\$6.00 PER ANNUM, IN ADVANCE.

Weekly Transcript,

\$2.00 PER ANNUM, IN ADVANCE.

Since the first named journal fell into the hands of its present proprietor, its circulation has gone on steadily increasing, and he has now great satisfaction in announcing his confident belief that the DAILY NEWS has the largest subscription list of any Montreal Morning Journal. It has been his object to supply the public with a first class daily commercial and family Newspaper. The measure of its success is attested by the unqualified favor accorded him, and the very general expression of public approval. The principles which have hitherto guided the management, and so materially conduced to that success, will be steadily kept in view in the future, and the proprietor hopes to establish fresh claims on the public confidence, in the ratio in which he receives support.

The proprietor is gratified to announce a sensible increase in the Advertising patronage extended to him. It must be obvious to all, that a solid subscription list forms a sure index to the value of a newspaper as an advertising medium. The NEWS finds its way to the Banks, Mercantile Counting Houses, Military Messes, Retail Stores, and to nearly every Private Family in the City. In these transactions it is to the advantage of Advertisers to have their announcements made known, and the knowledge that this fact is recognized, is proved by the large accessions to the advertising columns of the NEWS.

The DAILY NEWS is published every morning and mailed in time for the early trains.

SUBSCRIPTIONS and ADVERTISEMENTS are received by

JOHN LOVELL, *Printer and Publisher.*

In each of the above stations there are three

 in each of the others, viz: 1, 2, 5 & 6, who are
 called out in three separate sections, according

 is done by calling one section by the first alarm,

MERCANTILE AGENCY.

Established in New York nearly twenty-seven years ago, on June 21st, 1841, for the promotion and protection of trade; Union buildings, St. François Xavier st., Montreal, C.E.

Our object, and that of our eighteen branch and associate offices in the large cities of the United States of America, Canada, and in Lon-

don, England, is to give information to subscribers of the standing of those who purchase goods on time, or otherwise require credit.

We are supported by fully three-fourths of the merchants, bankers and manufacturers of every community where our advantages are known.

"This institution, established in the city of New York over twenty-six years ago, for the promotion and protection of trade, was the first organized effort ever made to relieve the merchants and manufacturers of the Union from the insecurity of credit operations, and to substitute for the tardy, expensive, and unsatisfactory results of individual investigation, a system that should be alike prompt, economical, and reliable—whose purpose it should be to supply (to subscribers only) all necessary information as to the standing and responsibility of merchants, traders, manufacturers, public companies, &c., throughout the United States, their Territories, and British North America."

Collections of past due debts particularly attended to for all, whether subscribers to the Agency or otherwise.

Terms of subscription will be made known at the office, where we shall be much pleased to afford information as to the system pursued and to give (free of expense) to those who contemplate joining the institution, a reasonable test of the correctness of our reports.

Mails.—Mails are conveyed twice each way
y day, except Sunday, over the principal
es of railway in Canada. Over the less
ortant lines of railway they are carried only
e each way every day, except Sunday.

Mails are also conveyed once each way every
y, except Sunday, over the principal lines of
amon road; and once, twice, or three times
week over the less important lines of com-
road.

The postal communication between Ontario
d Quebec and the Lower Provinces is six
es per week each way *via* Quebec, and once
week each way by Steamers from Quebec
Pictou. Also three times per week each
y in summer by steamers between Portland
St. John, N. B., and daily by way of Ban-
e, Maine and Calais to St. John, once per
ek by Steamer between Portland and Halifax.

The most speedy and direct postal route from
Canada to almost every portion of the globe
with the exception of the Continent of North
merica, the Isthmus of Panama, and the West
Indies Islands, is by way of England, whence
Mails for the several British Colonies and
Foreign Countries are regularly despatched.

The most speedy and direct postal route from
Canada to all parts of the Continent of North
merica, the West Indies, Central and South
merica, and the Australian colonies is *via*
New York.

Mails for England are despatched as follows:
Mail Steam Packets sailing from Quebec in
summer and Portland in winter every Satur-
day; and from Halifax, Nova Scotia, every al-
ternate Friday. By Cunard Steamer from New
York every Wednesday.

The following post offices in the Dominion
of Canada make up mails direct for certain
post offices in the United Kingdom, viz.:

- | | |
|-----------|---------------|
| Hamilton, | Fredericton. |
| Toronto, | Sackville. |
| Kingston, | St. John. |
| Ottawa, | St. Stephens. |
| Montreal, | Chatham. |
| Quebec, | Dalhousie. |
| Halifax, | Newcastle. |

Mails are exchanged daily with the United
States post offices at all the principal frontier
points, and closed mails are exchanged daily
between the principal cities of the Dominion
and New York and Boston.

Montreal exchanges Mails direct with the
following American Offices:—Boston, Buffalo,
Burlington, New York, Plattsburg, Portland,
Rouse's Point, Rutland and Whitehall.

Mails for Bermuda and Newfoundland are
made up at Halifax, Nova Scotia, whence
steamers sail once a month to Bermuda and St.
Thomas, and once a fortnight to Newfound-
land.

Rates of Postage on Letters.—The rate of post-
age on *pre-paid* Letters between any place in
Canada and any other place in Canada, is regu-
lated by weight, irrespective of distance, and
is as follows:

- | | |
|---|---------------------------|
| On a letter not more than $\frac{1}{2}$ an oz. | 3 cents. |
| " more than $\frac{1}{2}$ oz., but not ex. 1 oz., | 6 cts. |
| " " 1 oz. | 1 $\frac{1}{2}$ " 9 cts. |
| " " 1 $\frac{1}{2}$ oz. | 2 " 12 cts. |
| " " 2 oz. | 2 $\frac{1}{2}$ " 15 cts. |

And so on, 3 cents being charged for every
additional $\frac{1}{2}$ oz., or fraction of half ounce.

If the weight be exceeded to the smallest
extent, even though the balance be merely
turned, the letter becomes liable to an addi-
tional rate.

Letters posted in and addressed to any place
within the Dominion of Canada, if sent unpaid,
are liable to a charge of 5 cents per $\frac{1}{2}$ oz.

In applying the 5 per cent unpaid rate to
letters passing within the Province posted un-
paid or not fully prepaid—it should be observed
that a letter passes either as prepaid at 3 cents
per $\frac{1}{2}$ oz., on condition that the whole postage
due be fully prepaid—or at 5 cents per $\frac{1}{2}$ oz. if
posted unpaid, or only partly prepaid—in the
latter case the full rate at 5 cents per $\frac{1}{2}$ oz. will
be marked and a deduction made therefrom of
the amount which may have been paid—thus
on an ounce letter prepaid 3 cents only—the
rate will be 10 cents and crediting the 3 cents
paid—7 cents will remain to be charged, and
collected on delivery.

The object of the 5 cent unpaid rate, is to
induce pre-payment and thereby relieve the
Post Office from costs and trouble of account
and collection, but this object is equally defeated
whether the letter be wholly unpaid, or but
partially prepaid—and therefore the 5 cent rate
applies to the whole charge upon the letter in
both cases.

The charge on local or drop letters, viz., let-
ters posted at an office in Canada for delivery
from that office, is one cent for each letter,
which *must be* pre-paid, or the letter will be
sent to the Dead Letter Office for return to the
writer.

The charge on letters delivered by letter-
carrier in Canada, is two cents for each letter
in addition to the ordinary postage.

The rate of postage on letters to Prince Ed-

ward Island is 3 cents per $\frac{1}{4}$ oz. if prepaid and 5 cents if not prepaid.

The rate of postage on letters to Newfoundland is 12 $\frac{1}{2}$ cents per $\frac{1}{4}$ oz. which must be prepaid.

The rate of postage on letters to British Columbia and Vancouver Island is 10 cents per $\frac{1}{4}$ oz., which must be pre-paid. This rate covers the letter to San Francisco only; there will be an additional charge on delivery.

The rate of postage on letters to Red River via the United States, is 6 cents per $\frac{1}{4}$ oz., which must be pre-paid.

The rate of postage on letters between any place in Canada and any place in the United States, is 6 cents per $\frac{1}{4}$ oz. if prepaid, and 10 c. per $\frac{1}{4}$ oz. if not prepaid.

Upon a letter or packet, of any weight, addressed to the *United States*, the *whole* postage or *none at all* should be pre-paid. If anything less than the whole is pre-paid, no account is taken of it, and it is *entirely lost to the sender*.

The scale of weight under which the above letters are charged is the same as the scale under which letters, passing between places in Canada, are rated.

The single rate of postage on letters between any place in Canada and any place in the United Kingdom, is as follows:

By Canadian Steamer, sailing every Saturday from Quebec in Summer, and from Portland in Winter, and from Halifax fortnightly, 12 $\frac{1}{2}$ cents per $\frac{1}{4}$ ounce.

By Cunard Steamer, sailing from New York every Wednesday, 15 cents.

Letters addressed to the United Kingdom, and forwarded by either the above routes, will be charged according to the following scale:

Letters not over $\frac{1}{4}$ an oz., 1 rate.
 " more than $\frac{1}{4}$ oz., and not ex. 1 oz. 2 rates.
 " " 1 oz., " 1 $\frac{1}{4}$ oz. 3 rates.

And so on, adding one rate for every additional half ounce or *fraction of a half ounce*.

The postage on all letters posted in Canada for the United Kingdom, and in the United Kingdom for Canada, should be prepaid.

If sent unpaid, 6d. sterling will be charged on each letter, on delivery, in addition to the ordinary postage rate.

Letters posted in Canada for the United Kingdom, and in the United Kingdom for Canada, unless specially addressed "By Canadian Steamer," or "By Cunard Steamer," are despatched in the first mail that is made up—whether for Canadian or Cunard line—after the letter is posted, so that letters intended for the Canadian Packets must either be posted on the proper days for the Canadian Packet Mails, or bear the words "By Canadian Mail Steamer" on the address.

Three cents will be charged on the delivery of letters which have been forwarded as above by Cunard Steamer, but on which 6d. sterling or 12 $\frac{1}{2}$ cents, only per $\frac{1}{4}$ oz. have been prepaid.

The charge on dead letters, returned to the

writers, is five cents on each letter in addition to the postage.

Soldiers' and Seamen's Letters.—Non-commissioned officers, embodied pensioners, seamen and soldiers, and army schoolmasters of all first class, while they are employed in Her Majesty's Service, can send and receive letters at the rate of 2 cents each, under the following regulations:

1. The two cents must be paid by post-stamp at the time the letter is posted.

2. The name of the soldier or sailor, his color or description, and the name of his ship, corps or detachment to which he belongs, must be specified in the direction of the letter; and in the case of letters sent by soldiers or seamen the officer in command must sign his name, specify his rank, and the name of the ship, regiment, corps or detachment, which he commands.

3. The letter must not exceed half an ounce in weight.

4. The letter must refer solely to the private affairs of the soldier or seaman.

All the foregoing descriptions must be fully written in the address in the following form, the initials of the name of any ships or regiments being insufficient:

SEAMAN.	SOLDIER.
From A. B.—Seaman of H.M.S. _____ (Insert direction of Letter.)	From A. B.—Sergeant _____ Regt. _____ (Insert direction of Letter.)

To A. B.—Seaman, H.M.S. _____	To A. B.—Private, Sergeant or Corp'l. _____ Regt. _____
(Direction to be finished.)	(Direction to be finished.)

Letters for soldiers or seamen may be forwarded at the above rate to or through any country requiring the payment of any foreign or transit rate, but subject to the payment of such foreign or transit rate as may be chargeable thereon.

Soldiers' and seamen's letters are not liable to any additional rate on re-direction.

All soldiers' and seamen's letters are conveyed between Canada and the United Kingdom by the Canadian line of steamers.

Letters sent by commissioned or warrant officers, midshipmen or masters' mates, gunners, gunners, boatswains or carpenters in the navy, captains' clerks, or first class sergeants, masters, or commissioned or warrant officers in the army, are not included in the privilege attached to letters of soldiers and seamen, and are chargeable with the same rates as ordinary letters.

sioned officers and privates of the Volunteer
Battalions of Canada when on active service posted
and addressed to places in Canada, pass, under
the above regulations, at the reduced rate of 2

Rates of Postage on Newspapers.—The law
declares that for post office purposes a news-
paper shall be held to mean a periodical pub-
lished not less frequently than once in each
week, and containing notices of passing events,
that is to say, general news.

Although provision is made for forwarding
newspapers through the post, it is not compul-
sory on any one to employ this mode of trans-
mission; everything except letters may be sent
by any other way.

A newspaper to pass at the undermentioned
rate is subject to the following restrictions:

1. It must have no cover, or a cover open at
both ends.

2. It must not contain any enclosure.

3. It must have no writing or mark thereon
but the name and address of the person to whom
it is sent, nor anything on the cover except
such name and address.

Newspapers which are not posted in accor-
dance with the above regulations, are not forward-
ed, but are sent to the Dead Letter office and
destroyed.

An extra newspaper, or a supplement to a
newspaper, is deemed a distinct newspaper, and
charged accordingly.

Newspapers published in the Dominion may
be sent by post from the office of publication to
any place in Canada at the following rates, if
paid quarterly in advance, either by the pub-
lisher at the post office where the papers are
posted, or by the subscriber at the post office
where the papers are delivered.

Newspaper pubd.	6 times per week,	30 cts. per quar.
"	3	15 "
"	2	10 "
"	1	5 "

When the above rates are not paid in ad-
vance by either the publisher or subscriber,
the papers are charged 1 cent each on delivery.

It is not necessary that the commuted rate
of newspapers should be paid absolutely on
the first day of each quarter. The regulation
intended to be carried out with all due
consideration for the convenience of the public,
and it will be sufficient if the person desiring
to pay the commuted rate declares his inten-
tion and offers the payment when first calling
at the office within a reasonable time after the
commencement of the quarter; but after having
made his option to prepay the commuted
charge, or to pay for his papers as received at

one cent each, as the case may be, postmasters
are not expected to alter their newspaper ac-
counts to allow of a change until the commence-
ment of the next quarter.

The commuted rate of payment cannot be ac-
cepted from new subscribers during a quarter
for any unexpired period of the quarter.

Newspapers published in Canada, which are
not posted from the office of publication, must
be pre-paid two cents each by postage stamps,
otherwise they will not be forwarded, but be
sent to the Dead Letter office and destroyed.
Papers of this class are termed "Transient
Newspapers."

Publishers of newspapers in Canada are al-
lowed to enclose in copies of their papers sent
to subscribers, subscription accounts, and re-
ceipts for the same, without rendering them
liable to any additional postage.

Packets of unbound newspapers published in
Canada may be returned by a subscriber to the
office of publication at the rate of 2 cents per 8
oz. or fraction of 8 oz., which must be pre-paid.

Transient newspapers addressed to the Unit-
ed States must be pre-paid two cents each
newspaper by postage stamp, otherwise they
will not be forwarded, but be sent to the Dead
Letter office and destroyed.

Transient Newspapers posted in the United
States and addressed to Canada, are liable to
two cents each on delivery. The stamp paid on
these papers indicates that the United States
postage only has been pre-paid, the Canadian
rate of one cent remaining to be collected.

American newspapers posted or re-posted in
Canada must be pre-paid one cent each, by
stamp, otherwise they will not be forwarded.

The option of paying the commuted rate on
newspapers does not apply to papers published
in the United States; papers addressed to re-
gular subscribers must be paid for at the full
rate of one cent each.

Canadian news agents and booksellers may
post American newspapers unpaid, when ad-
dressed to regular subscribers in the Province;
but such newspapers are chargeable, on deliv-
ery, with one cent each.

Newspapers posted in Canada and addressed
to the United Kingdom must be pre-paid by
stamp, two cents each newspaper.

When two or more newspapers are enclosed
under one cover, postage must be prepaid by
stamp at the rate of two cents for each news-
paper, or the package will be detained and
sent to the Dead Letter office.

Newspapers forwarded by Canadian Steamer
are delivered in the United Kingdom without
additional charge.

Newspapers forwarded by Cunard Steamer
are liable, on delivery, to one penny each, being
the American transit rate.

Newspapers posted in the United Kingdom
for Canada should be prepaid one penny each,
by stamp.

If forwarded by Canadian Steamer they are
subject, on delivery, to no additional charge.

If forwarded by Cunard Steamer they are subject, on delivery, to two cents each, being the American transit rate.

British newspapers re-posted in Canada must be pre-paid two cents each by stamp.

British newspapers distributed to regular subscribers by Canadian booksellers or agents, pass free in the same way as if received by the Canadian Steamers.

Canadian newspapers addressed from the office of publication to subscribers in the United States, the United Kingdom, Lower Provinces, &c., may be forwarded on pre-payment of the commuted rate applicable to subscribers within the Province; but they cannot be forwarded if unpaid.

Exchange papers passing between publishers in Canada, and between publishers in Canada and publishers in the United States, are carried free through the post.

No newspaper, properly so called (except exchanges), whether devoted to education, temperance, agriculture, or to any branch of science, is entitled to exemption from charge. The law exempts only periodicals, (until 31 Dec. 1868,) other than newspapers printed in Canada, and devoted exclusively to the above objects.

Newspapers addressed to Newfoundland must be prepaid two cents each, by stamp.

No United States newspapers of any kind or description (with the exception of exchange papers) are on any ground entitled to pass through the Canadian mails free of postage.

In cities and towns where newspapers are published, the printers and publishers should send them to the post office put up in a manner to admit of their being readily counted, and, if necessary, withdrawn from their covers for examination. The newspapers for each office also should be made up in strong paper in a separate parcel which should be plainly addressed.

When the numbers of a newspaper published in Canada, or in either of the other British North American Provinces, or in the United States, and issued daily, have remained in a post office in Canada uncalled for during two weeks; of a newspaper issued semi-weekly, or tri-weekly, during three weeks; of a newspaper issued weekly, during one month; and of a monthly periodical during two months, or when such newspapers and periodicals have been refused to be taken by the party to whom addressed, the postmaster is instructed to notify the respective publishers in the proper form, which is to pass free of postage. If the newspaper or periodical continues to arrive after the notice has been sent, the postmaster is instructed to notify the publisher in the same way a second time, specially calling his attention to the first notice.

To enclose a letter, or any writing, or to make any written marks to serve the purposes of a letter, or to enclose any other thing (except publishers' accounts and receipts, as before

mentioned) in a newspaper posted to pass as newspaper, is a misdemeanor. Postmasters are requested at once to transmit all newspapers containing such writing, marks and enclosure to the Postmaster General.

Periodical Publications.—Periodical publications are publications issued at regular intervals but less frequently than once per week. An Almanac or any work of a like character published at stated periods and containing matter of general interest is deemed to be a Periodical.

Periodical publications can be transmitted by post to any part of Canada and the United States at the following rates:

Periodicals passing by Mail in Canada.—The rate on all periodicals, other than newspapers, passing by mail in Canada, save such as may be addressed to or received from the United Kingdom, and such as are exempted from postage by statute, is one cent per 4 oz. weight of package containing periodical matter, whether the package contain one or more numbers.

Any fraction of 4 oz. to be charged as a full rate.

On Periodicals posted from the office of publication or by news agents or booksellers to regular subscribers within the Province, this rate may until 31 Dec. 1868, remain to be collected on delivery, and must in such cases be marked upon the packages and charged in the letter bills; but when mailed to go out of the Province, such periodical matter must be pre-paid by postage stamp. British and United States periodicals may be posted in Canada by news agents and booksellers to regular subscribers in the Province under this regulation.

Transient periodical matter posted in Canada must in all cases be prepaid by postage stamp.

The above rate is payable on delivery on all periodical matter received from the United States, except that Canadian editors may receive exchange periodicals from the United States free of Canadian postage.

Canadian Periodicals posted for United Kingdom by Canadian Packets.—Periodicals, printed and published in Canada, may be posted addressed to any place in the United Kingdom by Canadian Packet, on pre-payment by postage stamp of two cents each number.

This rate is applicable to all classes of Canadian periodicals posted as above for the United Kingdom, the exemption until 31 Dec. 1868, to which certain classes of Canadian periodicals are entitled, extending to such numbers only as are addressed from the office of publication to places within the Province.

Periodicals printed in Canada other than newspapers, when specially devoted to education, meaning the instruction of youth (both religious and general), to agriculture, to temperance, or to any branch of science, and addressed directly from the office of publication, to be transmitted to any post office in Canada, are conveyed by mail free of charge until 31 Dec. 1868, after which date no periodicals whatever, except exchanges, will be entitled

to exemption from postage. Such periodicals must not contain general news or general advertisements, or they forfeit their claim to exemption.

A periodical devoted to education to pass time must be either strictly scholastic in its subject matter, or manifestly adapted and intended for juvenile as distinguished from adult instruction. It is in this primary sense that the word education, whether religious or secular, is understood to be used. Religious publications are not as a class entitled to exemption from charge. The law exempts only those which come within the foregoing definitions. It must, however, be borne in mind that when such periodicals are addressed to the United Kingdom or to foreign countries, they become liable to ordinary periodical (as above) postage.

No United States periodical of any kind or description can, upon any ground, claim exemption from Canadian postage.

Periodicals to pass at the above rates must be put up in covers open at the ends or sides; and if these regulations are not complied with, and if such periodicals are found to contain anything other than the address, they are liable to full letter rates of postage.

No packet of periodicals can be forwarded through the post if exceeding the weight of four pounds.

Bound volumes of any periodical published in Canada may be forwarded at the rate of one cent for every 4 oz. if prepaid by postage stamp.

Book Post.—British Provinces and United States.—Books bound or unbound posted in Canada, and addressed to any office in Canada, British North America and the United States, are chargeable with a rate of one cent for every 4 oz., which must be pre-paid by postage stamp.

Books addressed to places in Canada can be sent through the mails in closed packets at the rate of postage applicable to parcels sent by parcel post.

Bound volumes of any periodical or newspaper published in Canada, if bound in a form which comes within mailable dimensions, that is to say, not exceeding two feet in length, breadth or thickness, nor exceeding 4 lbs. in weight, may be sent from the office of publication to any place in Canada at a charge of one cent for every 4 oz. or fraction of 4 oz. if prepaid.

Letters, whether sealed or unsealed, or any enclosure found in a book parcel, are liable to the same as unpaid letters, and the packet in which they are enclosed to an additional rate of 12½ cents as a penalty for a breach of the regulations.

Book Post.—United Kingdom, France, &c.—Book packets are forwarded by post from Canada to the United Kingdom, and vice versa, at the following rates:—By Mail steamers sail-

ing from Quebec or Portland and Halifax: For each packet weighing

Not more than 4 oz.....	7	cts.
Exceed. 4 oz. and not exceed. ½ lb., 12½	“	“
“ ½ lb.	“	12 oz. 19 “
“ 12 oz.	“	1 lb. 25 “
“ 1 lb.	“	1½ “ 32 “

And so on, the scale progressing throughout by a single rate for every four ounces.

By Cunard and other steamers sailing from New York, as above: 4 oz. 9 cts.; 8 oz. 17 cts.; 12 oz. 25 cts.; 1 lb. 33 cts.; 1½ lb. 41 cts.

Book Packets addressed to the United Kingdom may in future be registered upon payment of a registration fee of 8 cents, in addition to the ordinary rate of postage.

Book packets, printed matter, or single newspapers can be forwarded from Canada to France, or vice versa, by *Cunlian Steamers only*, at the following rates:—

If not exceeding 2 oz. in weight...	5	cts.
If exceed. 2 oz. and not exceed. 4 oz.	10	“
“ 4 “	“	8 “ 20 “
“ 8 “	“	1 lb. 40 “

And so on, adding 20 cents for each additional ½ lb. or fraction of ½ lb.

The following conditions must be carefully observed:

1. Every book packet must be either without a cover or in a cover open at both ends or both sides.
2. It must not contain any letter open or sealed, or writing to serve the purpose of a letter, or any sealed enclosure whatever.
3. It must not exceed two feet in length, breadth, or width.
4. The postage must be pre-paid by stamps.

A book packet may contain any number of separate books, publications, works of literature or art, almanacs, maps or prints, photographs, daguerreotypes, when not on glass or in frames containing glass, and any quantity of paper, vellum, or parchment (to the exclusion of letters); and the books, maps, paper, &c., may be either written; printed or plain, or any mixture of the three, and may be either British, Colonial, or Foreign.

All legitimate binding, mounting, or covering of the same, or a portion thereof, will be allowed as part of the packet, whether such binding, &c., be loose or attached, as also rollers in the case of prints and maps, and whatever may be necessary for the safe transmission of literary or artistic matter, or whatever generally appertains thereto, and the postage is rated upon the gross weight of the packet.

The name and address of the sender may also be written or printed on the envelope or cover of the packet, in addition to the name

and address of the person to whom it may be forwarded.

Book and Newspaper Manuscripts and Printers' Proofs.—In Department Order No. 65, dated 24th Nov. 1863, permission was given for Book-Manuscript, and Printers' Proofs, whether corrected or not, to pass at the printed matter rate of one cent an ounce, and it now appears to be necessary to explain that by Book-Manuscript, was meant the written sheets of any Book intended for publication, and the intention was to encourage literary productions, by affording facilities for Authors to send and receive such matter to and from their Publishers by Post. Printers' Proofs are the printed impressions taken by a Printer, for correction or examination, of any matter passing through his Press. By Newspaper Manuscript is meant written articles (not including advertisements) intended for insertion in a newspaper or periodical, and addressed to the editor or publisher thereof for insertion. Under former regulations the written marks correcting such proofs rendered them liable to letter postage when sent by Mail, and the intention of the Department Order referred to was, to relax the rule in favor of such proofs, and allow them when corrected, to retain their character as printed matter, and pass at printed matter rates of charge.

PRINTED PAPERS, CIRCULARS, PRICES CURRENT, HAND BILLS, &c.—Printed circulars, prices current, hand bills, and other printed matter of a like character, posted in Canada, and addressed to any place in the Dominion, British North America, or the United States, are chargeable with a rate of one cent per oz. (one cent each when sent singly), which must be pre-paid by postage stamp.

The half-yearly School Returns made by School Trustees to the Local Superintendents of Schools, may, though the printed form be partly filled up in writing with the names of the pupils and days of attendance, be transmitted by post in Canada at the rate of one cent each, to be pre-paid by stamp.

When not filled up the above forms are printed matter, and liable as such to one cent per oz. postage.

Military returns, states, and rolls, policies of insurance, containing written figures and signatures, may be forwarded as printed matter on pre-payment of one cent per oz.

Printed circulars are transmitted by post to the United Kingdom under the regulations and charges of the Book Post. They must be forwarded, however, open at the ends or sides. If sent in envelopes, sealed or unsealed, they are liable to letter rates of postage.

Prices current, posted in Canada and addressed to any place in the United Kingdom, are liable to a rate of 2 cents each, which must be pre-paid by stamp, when sent singly; when, however, sent in packages to one address, they pass at book rates.

Prices current enclosed in envelopes sealed or unsealed are by the regulations of the Imperial post office liable to letter postage.

Lithographed letters and circulars are allowed to pass through the Post at the same rate as printed circulars.

Printed Votes and proceedings of the Imperial Parliament and Colonial Legislatures pass to and from the United Kingdom at the ordinary book post charge.

Parcel Post.—Parcels closed at the ends and sides, and not exceeding 3 lbs in weight, may be posted at any post-office in the Dominion addressed to any other post-office in Canada at the following rates:

For each parcel weighing not more than 8 oz.	12½ cents
Exceeding 8 oz. and not exceeding 1 lb.	25 "
Exceeding 1 lb. and not exceeding 1½ lb.	37½ "
and so on up to the limit of 4 lbs.	

The following conditions must be carefully observed:

1. No letter or letters shall be enclosed.
2. The parcel shall not contain any explosive substance, glass, liquids, or other matter likely to injure the ordinary contents of the mail.
3. The weight of the parcel shall not exceed 3 lbs., nor the size exceed one foot in length or breadth, or six inches in thickness.
4. The postage must be pre-paid by stamp.
5. The parcel should have the words "Parcel Post" plainly written on the address. It should be well and strongly put up, and legibly addressed to the post office address of the intended receiver, the name of the County in which the said office is situated being added.

If the name and address of the sender is written on the parcel, it will, if delivery should fail from any cause, be returned from the Letter office unopened to the sender, on payment of an additional rate for the return conveyance.

If the number of stamps affixed to a parcel be insufficient to pre-pay the proper rate, the amount deficient will be rated unpaid, with a fine of 12½ cents in addition.

Parcels may be registered on pre-payment by stamp of five cents in addition to the postage. When registered, the postmaster should give a receipt to the party posting the parcel.

Parcels sent by post may contain books, daguerreotypes, photographs, printers' proofs and copy, military returns, statements and rolls, containing written figures and signatures; returns of deeds, legal papers, and all transmissions of like character not being strictly letters.

Should it be ascertained that a packet posted for the Parcel Post contains a letter or letters, the stamps it may bear will be cancelled and the parcel rated as a letter with full unpaid rates.

Parcels cannot be transmitted by post at the above rates to any place beyond the limits of the Dominion of Canada.

The following is an example of the address recommended :

By Parcel Post.

*Mr. Thomas Jones,
Paisley,
County of Bruce.*

Sent by William Smith, Toronto.

Franking and Free Letters.—The following matter is exempt from Canadian Postage :

All letters and other mailable matter addressed to or sent by the Governor-General of Canada.

All letters or other mailable matter addressed to or sent by any department of the Government at the seat of Government at Ottawa, under such regulations as may from time to time be made by the Governor-General in Council.

All letters and other mailable matter addressed to or sent by the Speaker or Chief Clerk of the Senate or of the House of Commons, or to or by any member of either House at the seat of Government, during any Session of the Parliament, or addressed to any of the members or officers in this section mentioned at the seat of Government as aforesaid, during the ten days next before the meeting of Parliament.

All public documents and printed papers sent by the Speaker or Chief Clerk of the Senate or of the House of Commons, to any member of either House, during the recess of Parliament.

All papers printed by order of either House, sent by members of either House, during the recess of Parliament.

Petitions and addresses to either of the Provincial Legislatures of Ontario, Quebec, New Brunswick and Nova Scotia, or to any branch thereof, and votes, proceedings and other papers submitted by order of any such Legislature, or any branch thereof, during any session thereof, provided such petitions and addresses, votes, proceedings, and other papers are sent without covers or in covers open at the ends or sides, and contain no letter or written communication to serve the purpose of a letter.

Letters and other mailable matter (except that provided for as above) addressed to or sent to the Provincial Governments or Legislatures

of Ontario, Quebec, New Brunswick and Nova Scotia will be liable to the ordinary rates of postage.

Public documents and printed papers sent under the foregoing clauses, should bear, as part of the address, the *bond fide* superscription of the Speaker, Chief Clerk, or officer specially deputed for this purpose, to act for those functionaries, or of the member sending the same.

All letters and other mailable matter to and from the Postmaster General and the Deputy Postmaster General ; and all official communications to and from the Post Office Department, and to and from the Post Office Inspectors, are to pass free of Canada postage.

Abating and Refunding Postage.—Postmasters in Canada are allowed to refund postage in the following cases only :

Letters originating and for delivery in Canada, charged as weighing more than the actual weight.

Postage incorrectly charged on editor's notices addressed to publishers and editors, and exchange papers, which should legally pass without charge.

All other claims for the return and abatement of postage must be specially referred to the Postmaster General for his decision, with the letter or packet on which the return is claimed.

Undelivered and Dead Letters.—All letters remaining undelivered in a post office on the first of each month, excepting drop letters and such letters as are daily called for, are advertised in a list posted at the office door for the information of the public.

If a newspaper is published in the neighborhood, the Postmaster is, at the discretion of the Postmaster General, directed to insert this list therein, provided the proprietor will give it insertion at the authorized rate.

Parties applying at an office for advertised letters should always ask for them as such.

Letters and papers after remaining undelivered in an office for two months are sent to the Dead Letter office, as also are all letters refused by the person to whom they are addressed, or letters addressed to persons deceased.

Letters are opened in the Dead Letter office in order that they may, when necessary, be returned to the writers.

Registration.—By the pre-payment of the following fee, in addition to the ordinary postage, letters and parcels can be registered at the office at which posted :

- On letters addressed to any place in Canada or the other British North American Provinces..... 2 cents.
- On letters addressed to any place in the United States..... 5 "
- On letters addressed to any place in the United Kingdom 8 "

On books addressed to any place in the United Kingdom... 8 cents.
 On parcels to any part of the Dominion 5 "

The registration fees on letters to British colonies and foreign countries will be found in the tables.

Every letter or parcel containing value should be marked for registration and presented to the Postmaster or his clerk, and a receipt obtained therefor. On no account should it be dropped into a letter box.

When letters are registered, both the postage and the registration fee must in all cases be pre-paid.

Books, periodicals, newspapers, circulars, and other printed matter cannot be registered (except books addressed to the United Kingdom) unless pre-paid the full letter rates, in addition to the ordinary registration fee.

Registered letters and packets can only be delivered to the parties to whom they are addressed or to their order; and a receipt must be given on the delivery of each registered letter in a book kept by every Postmaster for that purpose.

It should be clearly understood that the post office is not responsible for the safe delivery of a registered letter or parcel. The registration simply makes its transmission more secure, by rendering it practicable to trace it, when passing from one place to another in Canada, from its receipt to its delivery; and when addressed from any place in Canada to any place in the United States, the United Kingdom, or parts abroad, if not to its delivery, at least to the frontier or port of despatch.

Postage Stamps.—Every Postmaster is required to have on hand a sufficient stock of postage stamps, and to sell them to the public at $\frac{1}{2}$ cent, 1 cent, 3 cents, 6 cents, and 12 $\frac{1}{2}$ cents, each.

The Department has discontinued the supply of stamped envelopes.

Under the authority of the Postmaster General, postage stamps are sold to certain dealers in the principal cities to retail again to the public, but no person other than a Postmaster, can sell postage stamps unless duly licensed to do so by the Postmaster general under a penalty of \$40 for each offence.

Pre-payment of letters should, in all cases where practicable, be made by postage stamps.

A mutilated stamp, or a stamp cut in half, is not recognized in pre-payment of postage.

A medallion stamp cannot be accepted in pre-payment of postage separate from the envelope of which it may have formed a part.

No British stamps, or stamps of a foreign country, can be received in pre-payment of postage in Canada.

In affixing the stamp to the letter, wet slightly the corner of the envelope and the gummed

side of the stamp, and gently press the stamp till it is firmly fixed. Stamps should be placed on the front or address side of the letter, and on the right hand upper corner.

Letters cannot be pre-paid partly in stamps and partly in money: the postage must be pre-paid either wholly in stamps or wholly in money.

If the stamps affixed to a letter addressed to any place in British North America be not adequate to the proper postage, the letter is rated with an amount equal to the deficiency; the whole postage being calculated at the *unpaid rate*, e. g. a single letter pre-paid 1 cent would be rated 4 cents additional: a double letter pre-paid 5 cents only would be rated 5 cents additional.

Letters addressed to the United States, on which stamps are affixed representing less than the amount of postage to which the letters are liable, are rated with full unpaid postage.

Postage stamps are received at all post-offices in payment of postage on unpaid letters delivered therefrom.

Postage Rates on certain Miscellaneous Matter passing within the Province of Canada, or to and from the United States.

1. Packages of seeds, cuttings, bulbs, roots and scions, or grafts, may be posted in Canada for delivery within the Province or to an address within the United States, on pre-payment by postage stamps of a rate of one cent per ounce; and when received from the United States to any place in Canada, such packages may be delivered on payment by the person addressed, of a like rate.

2. The limit of weight for such packages will be one pound. No communication, whether written or printed, must be enclosed in them and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags, the bags must be simply tied at the neck, so as to admit of inspection; and in the case of such packages mailed in Canada, the nature of the contents such as "seeds," "roots," &c., as the case may be, must be marked on the package by the sender, as a statement of the claim to postage at the reduced rate above mentioned.

3. Book manuscript, and printers' proof sheets (whether corrected or not), maps, printed drawings, engravings, photographs when not in glass, or in cases containing glass, and sheet music (whether printed or written), may pass in covers open at the end or sides, and provided that no letter or other communication intended to serve the purpose of a letter, be enclosed therein, on pre-payment, when posted in Canada, by postage stamp of the ordinary printed matter rate of one cent per ounce; or on pre-payment of that rate on delivery of such matter when received in the mails from the United States.

Transmission of Patterns of Merchandise and Samples between Canada and the United Kingdom, and certain other countries.

4. Patterns of merchandise and samples may be forwarded between Canada and the United Kingdom, and Denmark, France, Italy, Belgium, and the German States by the Canadian packet mails, at book-post rates, and subject to the following conditions :

A. The patterns or samples must not be of any intrinsic value ; and this rule excludes all articles of a saleable nature, and whatever may have a value of its own, apart from its mere use as a pattern ; nor must the quantity of any material or article sent as a pattern or sample be so great that it could have on this ground an intrinsic value.

On this point an explanation in a subsequent Departmental Order, appears as follows :

B. It has hitherto formed part of the Imperial post office regulations that "samples or patterns must not be of intrinsic value," but in consequence of the difficulty that has been experienced in determining what is, and what is not, a pattern or sample of merchandise of intrinsic value, this prohibition has been removed.

The modification is a verbal one, and will not alter nor enlarge in any way, the character of the transmissions permitted to pass by pattern post.

The special prohibition as to intrinsic value has, it is understood, been withdrawn, not because the question of value will not still influence a decision as to whether an article offered for transmission by pattern post is a genuine commercial sample (or pattern) or not, but because as a general proviso it could not well be enforced ; inasmuch as every article whether properly a pattern or sample or not, has necessarily more or less of an intrinsic value, and might be held to be amenable to a strict construction of this prohibitory clause in the regulation.

C. The patterns &c., must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and such like, which cannot be sent in open covers, may be enclosed in bags of linen or other material, simply tied at the neck ; or, provided that bags be transparent, they may be entirely closed, if they are for delivery within the United Kingdom. Bags however, entirely closed, even though they be transparent, must not be used for the transmission of seeds to foreign parts.

D. The rule which prohibited the transmission through the post, as patterns, of articles of cutlery, &c., has been rescinded ; and scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like articles, are now allowed to be forwarded by the post as samples, provided they be packed and guarded in so secure a manner as to afford complete protection

to the contents of the mail bags, and to the persons of the officers of the post office. Such articles, however, must be so packed that they may be easily examined ; and it is made a rule that any packet containing such articles, which may be found to be insufficiently guarded, shall not be forwarded through the post.

The limits of weight are as follows :

If for Canada.....	24 oz.
" United Kingdom.....	24 oz.
" France.....	36 "
" Germany.....	8 "
" Kingdom of Italy.....	36 "
" Belgium.....	8 "
" Netherlands.....	16 "
" Portugal, Azores, and Madeira....	16 "
" Denmark.....	48 "
" Switzerland.....	48 "

A packet of patterns or samples sent to France or Portugal must not exceed 18 inches in length, 12 inches in width or depth ; a packet to any other place abroad must not exceed 24 inches in length or 12 inches in breadth or depth.

None of the articles named in the rule D, may be sent as patterns or samples to any place abroad, except Germany, Belgium, and the British colonies, and not to these places when addressed " *vid* France."

There must be no writing or printing other than the address of the person for whom the packet is intended, the manufacturers or trade mark and number, and the price of the article.

Any infringement of the above regulations will render the packet liable to be treated and charged as a letter.

MONEY ORDERS.

Post offices in Canada at which money orders are issued and paid, are distinguished in the List of Post Offices by being printed in *italics*.

Every money order office in Canada issues money orders on every other money order office in Canada, as well as on every money order office in the United Kingdom. Every money order office in the United Kingdom also issues money orders on every money order office in Canada.

MONEY ORDERS ON CANADA.

All the money order Post Offices in Canada are authorized to draw money orders on each other for any sum up to \$100, and for as many orders of \$100 each, as the applicant may require, upon the following terms, viz :

On Orders up to \$10	5 cents.
" over \$10 and up to \$20..	10 "
" over \$20 ..	\$40..20 "
" over \$40 ..	\$60..30 "
" over \$60 ..	\$80..40 "
" over \$80 ..	\$100..50 "

MONEY ORDERS ON THE UNITED KINGDOM.

The Canadian money order offices also draw upon all the money order offices in England, Ireland and Scotland, and the Channel Islands, for any sum up to £10 sterling, and grant as many orders for £10 sterling each, as may be needed to make up the amount remitted. The terms are as under:

On Orders up to £2	25 cents.
“ over £2 and up to £5..	50 “
“ over £5 “ £7..	75 “
“ over £7 “ £10..	\$1.00.

MONEY ORDERS ON THE LOWER PROVINCES.

The Canadian money order offices draw also upon all money order offices in Nova Scotia, New Brunswick, Prince Edward Island, and Newfoundland. The orders, like those of the United Kingdom, are made payable in sterling money, and for sums up to £10 sterling. The terms are:

For orders up to £5, 25 cents.
“ over £5 and up to £10, 50 cents.

No half cents can be introduced into orders.

No money order exceeding \$100 in amount can be granted on any office in Canada; but Postmasters are at liberty to grant two or more orders for \$100 or for any lesser sum.— They cannot, however, grant two or more orders for sums of or under \$30 on the same day to the same applicant in favor of the same payee.

Tables showing the amount of Provincial currency required for money orders issued in Canada upon the United Kingdom, in addition to the commission, and for money orders issued in the United Kingdom upon Canada will be found subjoined.

Applicants for money orders should always use the printed application forms, in which they should fill up the particulars of the order required. These forms are supplied gratuitously at all money order offices.

The Christian and surnames in full, and residences, both of the remitter and payee, should be furnished to the issuing postmaster. When a married woman is either the remitter or payee, her own Christian name should be given, and not that of her husband, thus—

“Mrs. Mary Smith,” not “Mrs. John Smith.”

If the remitter or payee be a Peer or a Bishop, his ordinary title is sufficient. If a firm, the usual designation of such firm will suffice, such as “Baring Bros.,” “Smith & Son,” “Jones & Co.”

Parties procuring money orders should examine them carefully to see that they are properly filled up and stamped. This caution will appear the more necessary when it is understood that any important defect in these respects will throw difficulties in the way of payment.

Money orders, which, in consequence of misapprehension of the name of the remitter or place of payment, have been erroneously made

out, can be returned to the postmaster, and a correct order given in exchange; a new commission, however, will be charged on the corrected order.

Parties obtaining money orders on Canadian offices, can procure re-payment thereof on presentation of the orders at the office at which issued, signing the receipt at the foot. No order, however, can be re-paid without the authority of the superintendent, unless presented for re-payment on the day on which it is issued. Neither can orders on the United Kingdom be re-paid without his special authority.

When a remitter desires an order on the United Kingdom to be paid through a bank, it is left to his option to give or withhold the name of the payee, or to substitute for the name of the payee any other designation or modification, such as “the Cashier of the Bank of England,” “the Chief Clerk of the Foreign Office.” Such orders must, however, be crossed by the issuing postmaster with the name of the bank through which the order is to be paid.

The issue of money orders on credit, or for cheques not marked “good” by the bank drawn upon, is strictly prohibited.

If a payee is unable to write, he must sign the receipt at the foot of the order, in the presence of the paying postmaster, by making his mark, to be witnessed in writing; as for example

His

Witness—John Kenny, Joseph + Allen.
Queen Street, Toronto. Mark.

In cases of money orders issued in Canada, postmasters are at liberty to accept the written order of the payee on the order itself in favor of a second person, if through illness or insuperable difficulty the payee is prevented from presenting the order in person.

When a Canadian money order has been lost, either by the remitter or payee, the circumstance must be made known to the superintendent, who, under certain precautions, will issue a duplicate.

Duplicates of sterling orders can only be granted by the paying country. Thus the British post office issues duplicates of orders drawn in Canada on the United Kingdom, and the Canadian Head Money Order Office grants duplicates of orders drawn in the United Kingdom on Canada.

Money orders which are not presented until one full year after their date are considered as lapsed orders, and cannot be paid without the special permission of the superintendent. In all such cases satisfactory reasons should be given explanatory of the delay in the presentation of the order.

The Deputy Postmasters General of Malta and Gibraltar are authorized to issue money orders on the several money order offices in Canada. Money order offices in Canada do not, however, grant money orders on Malta and Gibraltar.

POST OFFICE SAVINGS BANKS.

The Postmaster-General will receive at any of the Post Office Savings Banks, deposits paid to the post-masters by persons wishing to place their money in the Government Savings Banks.

2. The direct security of the Dominion is given by the Statute for all deposits made.

3. At each Post Office Savings Bank, the Savings Bank regulations may be read by the public, giving full information with respect to the mode of depositing and withdrawing money, and these regulations are printed on the cover of the pass-book supplied to each depositor.

4. Any person may have a deposit account, and deposits will be received daily, during the ordinary hours of post office business, of any number of dollars, from \$1 up to \$300, the total amount which can be received from a depositor in any one year, except in cases to be

5. The postmasters of the offices named will act as agents for the receipt of the money deposited for transmission to the Postmaster-General, and for the payment by the Postmaster-General of money withdrawn by depositors.

6. Each depositor will be supplied with a pass-book, and the sums paid in, or withdrawn, will be entered therein by the postmaster receiving or paying the same. In addition, a direct receipt for each amount paid in, will be sent to the depositor from the Postmaster-General, and the Postmaster-General will issue a cheque, payable at any Post Office Savings Bank desired, for any sum withdrawn.

7. Every depositor's account will thus be kept with the Postmaster-General, and a depositor may pay into his or her account with the Post Office Savings Bank, at any of the Savings Bank Post Offices which at the time may best suit his convenience, and may exercise the same choice in drawing out money, subject only to the obligation of producing the pass-book, in proof of identity—whenever paying in or drawing out money.

8. Interest at the rate of 4 per cent. per annum will be allowed on deposits lying in the ordinary deposit accounts, but when a depositor has \$100 deposited, he or she may request the Postmaster-General to transfer this sum to a special account, and will then receive certificate of such special \$100 deposit, bearing interest at 5 per cent. per annum.

9. Postmasters are forbidden by law to disclose the name of any depositor, or the amount of any sum deposited or withdrawn.

10. No charge will be made to depositors on paying in, or drawing out money, nor for postage on communications with the Postmaster-General in relation thereto.

11. The Postmasters-General will be always ready to receive and attend to all applications, complaints, or other communications addressed to him by depositors or others, relative to Post Office Savings Bank matters.

12. A List of the Post Office Savings Banks in Canada, may be seen by the public at any Post Office in Canada.

BILL STAMPS.

Bill Stamps.—Are distributed for sale very generally throughout the Post Offices in the Province: these Stamps are of various values from 1 cent upwards. Bill Stamps cannot be used in pre-payment of Postage.

Law Stamps.—Are also for sale at the principal Post Offices in Lower Canada.

General Regulations.—Postmasters and certain other officers of the department are exempt from serving on juries or inquests. This exemption applies to mail carriers, but not to assistants appointed and paid by postmasters.

Postmasters are not authorized to give credit for postage: if they do so it is entirely at their own risk.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer, or to any other person.

A letter addressed to a firm may be delivered to any member of the firm. If addressed to several persons, it may be delivered to any one of them.

A letter delivered to the wrong person in consequence of his name being the same as that of the person for whom the letter is really intended, should be at once returned to the postmaster from whom received, the party writing on the cover "opened by me through mistake," and signing his name thereto.

Letters posted without any direction or addressed so imperfectly that they cannot be forwarded to their intended destinations, and also unpaid or insufficiently paid letters addressed to countries to which letters cannot be sent without the postage is prepaid, are returned to the writers through the Dead Letter office.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed.

Parties desiring their letters and papers to be re-directed should send an intimation to that effect, in writing, to the postmaster of the office from which the letters and papers are to be re-directed.

Postmasters are allowed to re-direct letters to the known places of residence of the parties to whom they are addressed, after allowing a reasonable time to elapse without their being called for.

Letters and papers are not subject to any additional charge when re-directed from one post-office in Canada to another post-office in Canada.

Postmasters are instructed not to receive any letter or packet which there is good reason to believe contains glass or anything likely to injure the contents of the mail bag or the person of any officer of the post-office.

The transmission of indecent Photographs or prints, and immoral books, papers or publications through the Post is strictly prohibited, and all Packets containing such articles should be stopped and sent to the Postmaster General.

A postmaster is not legally bound to furnish change; but may require that the exact amount of postage on any letter or packet be tendered to him in current coin, or in Canada postage stamps.

Postmasters and their assistants, in the above matter, as well as in all their official intercourse with the public, are expected to afford every accommodation, and to treat every person having business at their offices with the utmost courtesy.

Letters cannot be delivered at any intermediate office *en route*, but must be conveyed to the office to which they are addressed.
