STATE-OWNED CABLE PROJECT POSTPONED

On Motion of British Postmaster-General Matter is Deferred to Subsidiary Conference - Sir Joseph Ward Makes a Strong Plea for Nationalization.

LAURIER PREFERS TO RESERVE JUDGMENT

LONDON, June 15.—The imperial conference to-day discussed resolutions providing for cheaper cable rates through the empire, and the laying of a state-owned cable between England and Canada, thus securing an "all red" route, linking up all the British dominions.

The postmaster-general, the Right Hon. H. Samuel, explained the steps that have recently been taken to secure reductions in Atlantic cable rates. He said that in view of this the government was not justified at the present time in incurring the expense of laying a new cable.

A resolution was adopted that if considerable reductions in transatlantic cable rates were not effected in the near future the project of laying a state-owned cable between England and Canada should be considered at a subsidiary conference.

LONDON, June 15.—(C. A. P. Cable)—Sir Joseph Ward, at the imperial conference, moved a resolution declaring the urgency of a reduction in cable rates through the empire. He said much had been accomplished, but the cheapening process had not gone nearly far enough. High cable rates were clamorous from a public point of view. There was a restricted use of the cables themselves. There was a feeling in the overseas countries that the prohibition of the cable was a fine or combination in the cable industry.

Postmaster-General Right Hon. H. L. Samuel said that the home government cordially sympathized with and supported the resolution. Since last conference the press rates to Australia had been reduced from a sailing to a minimum, but the progress was quite inadequate. The United Kingdom was taking steps to bring about a cheapening of rates. He instanced the reduction of 50 per cent. in the rates for cablegrams unenclosed, but liable to be called for, secondly, the steps taken towards a reduction of press rates; thirdly, that the government intended providing that in all new landing licenses there should be inserted a clause giving the government a right of control over rates, with due security to companies against abuse of that power; fourthly, the wireless system must have some effective control.

Laurier Approves Suggestion. Sir Wilfrid Laurier pointed out that in all the trouble which existed at present in connection with the Atlantic cable, the British government had a preponderance almost amounting to conviction in Canada that a combination existed regarding the old cables. It seemed to him that the remedy suggested by Mr. Samuel was a sound one, dealing with that combination if it had existed. They in Canada were endeavoring to act practically along the same line.

Mr. Fisher asked whether it would be feasible to grant a low rate so far as the Pacific cable was concerned for cables from Australia to Montreal, and vice versa, as suggested. This would mean a great saving of time.

Hon. G. S. Pearce, Australian minister of defence, said the rates had been brought down in haste, not by the voluntary action of the companies, but by the threat to lay the Pacific cable and by the fact that the government was asked to give information in regard to the refusal of the treasury to sanction the construction of a new cable, which would mean increased revenue to the Pacific Cable board of \$14,000,000 per annum.

Desires pointed out that the Union of South Africa had already subsidized the Eastern South African Telegraph Company. Each year the company's revenue had remained untouched at a certain figure, and the government had not having been affected by the strike. The Canadian Northern steamship Royal Edward, from Montreal for Bristol, called from Father Point at 7:45 a.m. Thursday.

Not Delayed by Strike. MONTREAL, June 15.—The Canadian Northern steamship Royal George sailed from Bristol on Wednesday afternoon, on schedule time, her departure not having been affected by the strike. The Canadian Northern steamship Royal Edward, from Montreal for Bristol, called from Father Point at 7:45 a.m. Thursday.

Will Lay Cornerstone. Hon. W. O. Charlton, chairman of the Laymen's Missionary Movement, will lay the cornerstone of the new North Broadway Presbyterian Church Sunday afternoon, June 17, at 2 o'clock. Rev. T. H. Rogers, Moderator Joseph Oliver, Alex. MacCullough, Thomas Flindley, and Donald F. S. Penney. Rev. Daniel Strachan, Rev. Harper Grey and others will take part. A garden party will be held at Mr. C. W. Richards' Danforth avenue, at 7 o'clock, following the ceremony of the laying of the stone. An orchestra will be in attendance.

BASEBALL PLAYER MURDERED. ALBANY, N.Y., June 15.—First-Base man Arthur Brown of the Albany State League baseball team died from a gunshot wound received from a bullet fired from an illegal telegraphic route which involved the construction of a cable through the Atlantic and a land line between Canada and the United States. He was shot at an estimated cost of \$480,000 for the line from Killala to New Scotia, and \$250,000 for a land line across Canada.

Hospital Not Criticized. The World regrets that in connection with the report of the death of a medical student Harry Potts, at the Isolation Hospital, an impression was created as if the hospital was a man were not made aware of his illness. His mother was notified a week before he died that the illness was almost certainly fatal, and was informed from time to time of his condition, which was also known to several intimate friends.

State-Owned Cabled Best. It is estimated the expense of working the complete cable system at \$21,500,000, and of the land line at \$2,500,000, against which he set certain existing expenses which would no longer be incurred, \$2,000,000, leaving a net annual

TROOPS WIN GLORY IN BLOODLESS BATTLE. Indians Proved Apt in Tactical Work - Athletic Events Brought to a Finish.

NIAGARA-ON-THE-LAKE, June 15.—(Special.)—The tactical manoeuvres to-day were excellently executed. With an imaginary enemy pushing them back on their reserve, the men fell back in skirmishing order, firing as they retired. The Army Medical Corps a half mile in advance of the retreating forces, established bandaging stations, keeping the ambulances well out of danger.

Will Stimulate Business. COCHRANE, June 15.—(Special.)—The board of trade members continued their land spying operations to-day, and traveled the line of the national transcontinental railway. The party traveled eastward from Cochrane to Lake Abitibi in the morning, and westward in the afternoon to Fatigue Bros' camp at pit No. 2. The construction camp was enjoyed by way of refreshments, and the party returned to a banquet at Cochrane in the evening.

SOME LVELY THRUSTS BY SCHOOL TRUSTEES. Dr. Noble Speaks of "Grafters," and Chairman Levee Comes Back With "Blackguards."

Excitement overlapped itself at the meeting of the board of education last night. Chairman Levee and Trustees Noble and Brown all joining in a fire of personalities that continued hot until the dawn of peace flapped in and dispersed the "grafters" and "blackguards" and "no gentlemen."

Political Intelligence. LIBERAL RALLIES. Lemieux and Others to Speak in Quebec on Navy and Reciprocity.

MONTREAL, June 15.—Big Liberal rallies are planned for June 17, 18, and 20. The speakers will include Hon. Rodolphe Lemieux, Hon. Jacques Bureau, Hon. C. Devlin, Hon. J. DeCarie.

On Saturday afternoon at Joliette, the speakers will include Hon. Mr. Lemieux, Messrs. J. A. Dubeau, A. M. Beaudry, G. A. Wilson, D. A. LeFortune, J. W. Levesque and J. Carrière.

On Sunday, June 18, there will be an afternoon meeting at St. Constant, where Hon. Mr. Lemieux, Messrs. R. Lanctot, J. Demers, G. Boyer will speak.

There will also be an assembly on Sunday in Laval County at St. Martin, when C. A. Wilson, Hon. J. DeCarie, J. W. Levesque and L. Gauthier will speak.

On Tuesday, June 20, a meeting will be held at Nicolet, when the Hon. Mr. Lemieux, Hon. Jacques Bureau, Hon. C. Devlin and O. Gladu will speak.

The orators will be heard on the questions of the navy and reciprocity. The arguments of the Nationalists will be answered.

BORDEN OFF FOR WEST. OTTAWA, June 15.—(Special.)—R. L. Borden left for the west to-night, accompanied by G. H. Perley, M.P., chief Conservative whip, and Andrew Broder, M.P. of Dundas. The party will pick up Col. Hugh Clark and T. W. Crothers, M.P. at Sudbury. Andrew Broder goes as the second star performer. The main appeal as from a farmer to farmers will be made by him.

Panama Hats at Your Own Price. There is good wear and comfort in a Panama. It will stand the test of a hot sun and may be made new with a little clean water and some spinning. The Dinsen Company is offering you some wonderful bargains in these splendid hats, starting at Five Dollars and at reduced prices up to Twenty.

Open-Air Service. The open air evenings at 7 o'clock with complete weather permitting next Sunday at St. Alban's Cathedral.

MILLION DOLLAR BLAZE. ST. LOUIS, June 15.—Two blocks were burned and a number of residences threatened by fire that started to-night in the plant of the Huttig Sash & Door Co. The damage is \$1,000,000.

Five factories, covering four blocks, were destroyed, including the plants of the Huttig Sash & Door Co., the F. S. Miller Planing Mill Company, the Koken Iron Works, the Missouri Stair Company, and a large number of passenger coaches and freight cars.

The Sealing Question

WASHINGTON, June 15.—Indications are that an agreement will be reached by the international seal conference on the basis of a reasonable compensation by the United States and Russia to Canada and Japan for the relinquishment by them of the taking of seals at sea, a certain proportion of the profits derived from the killing of seals on the rocks being diverted for that purpose.

The meeting of the conference arranged for to-day was postponed until next Saturday because of British Ambassador Bryce's temporary absence from Washington.

White Star and Canadian Pacific Lines Concede Advance of \$2.50 a Month - Cunard Line to Follow Suit.

LONDON, June 15.—The independent department development in the general shipping strike to-day was the concession of the advance of \$2.50 a month in wages to all employees involved by the White Star Company and The Canadian Pacific Railway, an example, which was followed later by the Holt and another line at Liverpool. The present outlook is that the strike will come to a speedy end, owing to the lack of organization or their indifference, in addition to the plentiful supply of foreigners, who are ready to take their places.

The meeting of the large ports no inconvenience because of the strike has yet been caused, and nowhere has there been any real accession to the strike. On the contrary, there were several instances where the crews sailed on without protest.

It is believed that the Cunard Company will conclude a similar advance to that of the White Star and Canadian Pacific next week, and that this course is likely to be generally followed by shipowners.

Germans Will Not Strike. HAMBURG, June 15.—The seamen's organization in Hamburg has notified the German government that the Germans will not participate in an international strike, because their demands have not been met. The German organization will prevent the engagement of German sailors for British, Belgian or Dutch vessels.

American Seamen May Go Out. NEW YORK, June 15.—American seamen on coastwise vessels, who have threatened to strike, sent a committee to present their demands. The delegation will report at a mass meeting of sailors, foremen, cooks and stewards, at 12 o'clock to-morrow night. The success or failure of their mission.

Govan Cup Competition. The shooting match for the Govan Cup was held to-day. The condition of the competition called for a team of one officer, two sergeants, one bugler and twelve men. After a five mile march, the teams shot 21 rounds, skimming from 500 yards up to 100 yards. Competition is open to all rural regiments taking camp tripping throughout the year.

Sports Are Over. The sports program was concluded last night. No. 15 F.A., who easily defeated the C.A.S.C. The banner for athletes goes to the 12th York Rangers, who secured 61 points, as compared with their nearest opponent's 25.

Confirmation at St. Alban's. There will be a confirmation service to-morrow evening (that antedates the Martyrdom of St. Alban) in St. Alban's Cathedral at 8 o'clock, when the Rev. G. D. team, who easily defeated the C.A.S.C. and Trooper Mulaley of the Brant Dragons, second and third.

Not Delayed by Strike. MONTREAL, June 15.—The Canadian Northern steamship Royal George sailed from Bristol on Wednesday afternoon, on schedule time, her departure not having been affected by the strike. The Canadian Northern steamship Royal Edward, from Montreal for Bristol, called from Father Point at 7:45 a.m. Thursday.

BASEBALL PLAYER MURDERED. ALBANY, N.Y., June 15.—First-Base man Arthur Brown of the Albany State League baseball team died from a gunshot wound received from a bullet fired from an illegal telegraphic route which involved the construction of a cable through the Atlantic and a land line between Canada and the United States. He was shot at an estimated cost of \$480,000 for the line from Killala to New Scotia, and \$250,000 for a land line across Canada.

Hospital Not Criticized. The World regrets that in connection with the report of the death of a medical student Harry Potts, at the Isolation Hospital, an impression was created as if the hospital was a man were not made aware of his illness. His mother was notified a week before he died that the illness was almost certainly fatal, and was informed from time to time of his condition, which was also known to several intimate friends.

State-Owned Cabled Best. It is estimated the expense of working the complete cable system

**HAMILTON HAPPENINGS**

**HAMILTON UNDETERRED BY CATARACT'S THREATS**

Warned by Company of the Awful Fate in Store for Municipality if Hydro Bylaw Carried.

HAMILTON, June 15.—(Special.)—If all the dire consequences threatened by the Cataract people materialize as the result of the passage of the proposed municipal power and light bylaw, Hamilton will surely be wiped off the industrial map of Canada. For the last two years the citizens of the Ambitious City have not for a moment been allowed to forget that under the beneficent influence of this great institution the city has developed into the greatest electrical city of the Dominion. There now appears to be grave danger that this benign influence will be withdrawn and this promising industrial centre left to a fate which will serve as a warning to the cities with a penchant for municipal ownership.

When the Sifton report on the electrical situation in Hamilton was published a few days ago, the Dominion Power and Transmission Co. rushed into print with the solemn warning that if the bylaw embodying Sifton's recommendations for a municipal plant was passed the company would refrain from spending several hundred thousand dollars which it had intended to lay out in the extensions to its plant in this city. This warning was evidently considered insouciant to deter the people from their folly, and to-day W. C. Hawkins, general manager of the Dominion Power and Transmission Co., issued a statement that if the proposed municipal plant is approved by the ratepayers, construction of the Hamilton and Galt Electric Railway, for which Mr. Hawkins says the company has been making plans, will be indefinitely delayed, and the bylaw is defeated the road will be built at once. Mr. Hawkins optimistically figures that the road, if built, will open up to Hamilton a population of 27,000, who will spend \$50 a year on electricity.

**A Unique Record.**

Mr. M. Cunningham to-day completed a twenty-five year record as a photographer in Hamilton. Within that time he has made more than 75,000 photographic negatives, which he now has in his possession, and which include likenesses of the present king and queen, as well as a great number of other royal personages and other notables. In connection with the "Made in Hamilton" display, Mr. Cunningham has arranged an interesting window, showing some of his earlier pictures. These include many of the city's former prominent citizens, in addition to the professional work. Mr. Cunningham has been of great help to amateurs and has delivered many valuable lectures before the Hamilton Camera Club.

Harry Wilder was arrested by Constable Smith of Aldershot this afternoon and lodged in number three police station on a charge of horse stealing. It is alleged that Wilder tried to sell a team of horses belonging to his employer, a farmer named Armstrong of Waterdown, to some gypsies.

Angus Delisle, 18 years of age, a structural iron worker, employed by the Hamilton Bridge Works, at the Oliver plant, fell 40 feet from a girder on which he was working late this afternoon and sustained several fractures and internal injuries, from which it is feared he will die. He was taken to the city hospital.

Constable Geo. Blankstein died at the city hospital this afternoon of typhoid fever. He had been on the police force about two years. He was a single man, 24 years old.

While in Toronto call on Authors & Cox, 135 Church-street, makers of Artificial Limbs, Trusses, Deformity Appliances, supporters, etc. Oldest and most reliable manufacturers in Canada.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates \$1.50 to \$2.00 per day. Thos. Hanrahan, proprietor. Phone 1465.

**Held Railway Conference.**

A conference was held between City Engineer Rust, Railway Expert Cousins and G. T. B. officials re-charged to be made for rolling stock used on grade separation. There was much difference of opinion as to the charges for locomotives and the question was referred to C. Mountain, engineer to the Dominion Railway Board, who was also present and decided for a material reduction in favor of the city.

**The Tenth of a Second.**

It is not common to find a person who can correctly estimate the lapse of a single second. But in these days of speeding automobiles the exact time when each of two colliding vehicles must have occupied particular spots may be a matter of great importance. In a recent experiment a car took nearly two seconds to stop after brakes were applied, and in that time it moved 19 feet. So even fractions of a second are important. One can train himself to estimate even tenths of a second. Try it with a watch, and it will be found that it is just possible to count ten in the lapse of a single second. But most count very fast to do it—Scientific American.

**NO DISCRIMINATION**

About Thirteen Per Cent of Emigrants From United States Rejected.

OTTAWA, June 15.—The officials of the immigration department say there is absolutely no truth in the statements made by E. B. Osborne in The London Morning Post to the effect that while British emigrants are handicapped, Americans are given free access to Canada.

"The system of inspection is applied to all nationalities in exactly the same way," said an official this morning.

"While 220 people were rejected at ocean ports last year, those rejected at the border totaled 15,400, or about 12 per cent of the United States emigration."

**SNAP IN A MOTOR CAR**

Twenty-five Horsepower Four-Cylinder Car. Suitable for city or country use. In fine condition. Worth \$1200. Will sell for \$800. Box 64, World.

**HAMILTON BUSINESS DIRECTORY.**

**HAMILTON HOTELS.**

**HOTEL ROYAL**

Every room completely renovated and newly carpeted during 1910. 63.00 and 19 per day. American Plan.

**PURITANICAL METHODS NOT FOR ANGLICANS**

**H. T. Beck Attacks Alliance at Synod Meeting—Morals of School Children.**

While the Anglican Synod of Toronto Diocese at last night's sitting supported the report of the temperance, moral and social reform committee, in endorsement of the work of the Lord's Day Alliance, it was not until after views in strong opposition had been expressed by H. T. Beck, whose report on behalf of a minority of the committee was recently published in The World.

Mr. Beck considered that the public libraries should be open on Sunday, as it would be a means of keeping many people out of mischief, and he thought it would not threaten to disturb the quiet and prevent the proper observance of Sunday. Mr. Beck said the Lord's Day Alliance was very lively in prosecuting people; very often the prosecutions were most unjustifiable and redolent of bigotry. He thought the act was good enough for Presbyterians and Methodists, but the Church of England did not care for such acts. He thought they were more Puritan in their ideas, and what might suit them would not be consistent with Anglican views.

Hon. S. H. Blake moved the following resolution, which was added to the report and carried by sixty-eight to six: "The committee has learned with profound satisfaction of the disapproval of his majesty King George, which had been expressed because of the interference with the domestic in the various households where week-end parties had been held."

The committee's report regretted that the City of Toronto shows an increase in the arrests for drunkenness in 1910 of 2406 over the previous year.

The committee noted with pleasure that the Ontario Government had taken cognizance of the moving picture shows, and have appointed an officer for the province to act as censor.

**Morality in Schools.**

The question of morality in the public schools came in for a great deal of discussion. The report of the committee considered it was the duty of the church to organize a wise and vigorous effort on the part of parents and teachers to combat the evil and apply the remedy. It also thought the church should demand the introduction into the public schools of a more complete systematic teaching of morals, based upon religious principles, and that perhaps the most natural teachers of their children in purity and chastity, but parents are not always willing to do so, nor are always capable.

D. Creighton did not think the charges had been proved. He thought there were not more Christian people than the teachers in the public schools, and they did what they could to inculcate morality.

Bishop Sweeney reminded the speaker that no restriction had been placed on the teachers, but on conditions of the schools.

**Should Teach Morality.**

Canon Davidson said that a systematic teaching of morals was required and the teachers should be helped to make this definite before their pupils; there was a great need of the boys and girls being taught these things.

Rev. J. Bennett Anderson thought there was a grave danger to the morality of our youths. There was an awful neglect of conscience on the part of parents and if it could be done in a delicate way, it should be done.

Rural Dean Cayley thought the Bible should be introduced as a text-book in the schools.

Hon. Mr. Blake said there were 40,000 Roman Catholics, besides Jews and Baptists, in the schools, and it would be very difficult to introduce the Bible on that account.

**Prison Work.**

Ven. Archbishop Inglis brought forward the report regarding prisoners' aid, which was adopted.

The report states that the police court work and work of the children's court are not touched directly by the church; that the work of the chaplains at the central prison and at the Toronto jail has been carried on until the great difficulty of the chaplain of the jail resigned last December, and no work is now carried on at the institution by a clergyman.

The bishop pronounced the benediction, after which the synod adjourned till 10 o'clock this morning.

**FIND MICHAEL FRASER TO BE OF UNSOUND MIND**

**Judges Declare Him Incapable of Managing His Property—His Wife Severely Censured.**

According to the voluminous judgment handed down by Chief Justice Mulock and Justices Teetzel and Middleton, Michael Fraser, the aged farmer who was married under somewhat exciting circumstances at Midland a year and a half ago, is of unsound mind and incapable of managing his own affairs. The judges pass severe sentences on Mrs. Fraser and her conduct and Chief Justice Mulock says:

"Her marriage with Fraser was simply a device on her part to acquire his property and for no other purpose. Within a couple of hours after the marriage she commenced her efforts to that end, and unless protected by the court there is, in my opinion, no doubt that she will at the earliest moment, obtain a transfer from Fraser of his interest in the property, leaving her remaining property the nature and extent of which he is incapable of understanding."

"Then having stripped him of every thing, Fraser will be entirely at her mercy and if she chooses to desert him he will be a pauper, dependent on charity for the necessities of life."

**Trustee Suggested.**

"For the time being she might be appointed trustee of his person, but the Toronto General Trusts Corporation should be appointed trustee of the estate, and should institute proceedings to recover all properties of which Fraser may have fraudulently possessed himself."

"The costs of the matter including costs of the appeal to be paid out of the estate."

Mr. Justice Middleton concurs in this decision, and remarks that "Fraser had developed what is called by one of the medical men an indication of senile deterioration, the sexual perversion, senility, and was, consequently, ready to propose marriage to any woman upon the least provocation, and even without previous consent. He had means lost all his intelligence, and when the woman was absent he repented him of his rashness. He found that he had gone too far with Miss Robertson, and that he might have rendered himself liable to an action for breach of promise. The persistency of her attentions appears to have alarmed him and he consulted his solicitor. The solicitor told him he need not worry, that no jury would award damages, and he returned to his home on the 27th of September Fraser consulted his solicitor as to how he could be protected against the visits of Miss Robertson. The first visits of the Robertsons are described.

"Shortly prior to Jan. 15, Miss Robertson decided upon a vigorous measure. After consultation with some friends, a party was organized. This party, nine in all, went to Penetang, registered at a hotel, and proceeded to the home of Fraser's house early in the morning, arriving there long before Fraser's breakfast. The entrance having been effected to the house, Smith and Johnson, the two men in charge, were overpowered.

**Not Much Ceremony.**

"The old gentleman was aroused from bed, and without an opportunity to complete his toilet or without any breakfast was married to Miss Robertson, the ceremony being performed by the father. Notwithstanding the evidence of some of the witnesses there can be no doubt that the old gentleman had no intelligent apprehension of what was going on. From this day on they have been entirely excluded, and Mr. Fraser has been in the charge of his wife, her father, and a lawyer and doctor selected by her."

"Immediately after the marriage ceremony, the wife of her own motion, telephoned the three banks where Fraser kept his accounts to stop payment of cheques, and later on in the same day her father took to the banks instructions countermanding payment of any outstanding cheques, which she and her sister had prepared, and Fraser signed."

**Soon Got Busy.**

"Almost immediately thereafter an injunction was obtained restraining the banks from paying over any moneys pending an enquiry as to Fraser's sanity. This was dissolved on the 14th of February, and on the same day Mrs. Fraser obtained cheques transferring the balance in the different banks to her. From the Bank of British North America \$2384.46, the full balance, was drawn from Michael Fraser's account and placed to the credit of Mrs. Fraser, and in the Standard Bank \$445.73 with interest, amounting in all to \$2830.19, was by a cheque in favor of Margaret Fraser, transferred to her credit in the Bank of Montreal.

"I can give no other answer to the question before us than to find Michael Fraser of unsound mind, and unable to manage himself, or his affairs. I also find that at the time of hearing before Mr. Justice Britton, he was of unsound mind and unable to manage himself or his affairs."

"I think Mrs. Fraser should be appointed committee of the person. There is no doubt that she has treated Fraser with the greatest kindness, and has succeeded in keeping him clean and sober."

"A trust company should be appointed committee of his estate, and should at once obtain possession of his real and personal property."

**Disposition of Costs.**

"The costs of the applicants including the cost of this appeal, and of the various interlocutory motions, should be paid out of the estate."

"The cost of the solicitor and counsel assuming to represent Mr. Fraser should also be allowed out of the estate."

"Upon these costs, credit must be given for all sums paid to the solicitor and counsel by either Mr. Fraser or by his wife, or anyone she paid out of money which was originally Mr. Fraser's."

"In the taxation of these costs professional allowances should be made for the medical examinations."

"The return of an appeal will be made from the decision."

"There is also a strong possibility that the original action, to set aside the marriage may be proceeded with."

**CAN SELL SOFT DRINKS**

But Ice Cream Is Tabooed on Sunday—Restaurants Fined.

A number of restaurant keepers and others will appear in police court today to answer charges of selling cigars, ice cream cones and candies and soft drinks, which are carried from the premises, Crown Attorney Corley, speaking of Judge Middleton's decision, said in court yesterday that the decision permitted the selling of soft drinks by the restaurant, and pleaded guilty. He said that the judgment did not dispose of Sunday ice cream.

Arthur E. Lansbury sold cigars at his restaurant and pleaded guilty. He paid \$5 and costs. A. E. and B. Pritchard of the Kingston-road sold candies and pleaded guilty. They paid \$10 and costs.

Other cases will be heard to-day.

**Q.J.C. FOR LONG BRANCH?**

Options on \$80,000 and \$70,000 Properties Secured.

The Ontario Jockey Club has secured an option on the 97-acre farm of G. O'Donnell on the Lake Shore-road, directly opposite Long Branch Park. The option runs until July 1 and the amount mentioned is \$70,000 cash. The Lunness farm, immediately to the west of the O'Donnell place, is also said to be involved. The price of the Lunness farm is placed at \$80,000 for its 30 acres.

It is understood that the O. J. C. will, if they take over these farms, convert the property into a racetrack, as it is felt that the Woodbine race-course is becoming too valuable for the little use it is given. The York Radial Railway runs along the south of the Long Branch farms, and the G.T.R. cuts thru them about 200 yards from the Lake Shore-road.

**Charged With Stealing Tools.**

William Smith, 445 East King-st., and John Kennedy, 72 Saultier-st., worked for David Pearce, 116 Palmers-avenue, yesterday repairing a house at 445 East Front-st. Last night they met him on Sumach-st. and, he says, they took a quantity of tools from him. They were later arrested charged with the theft.

**FEATHERS COME HIGH**

The cost of new plumes, tips and feathers is not always within the reach of the average purse. A simple and practical solution of the problem is to place a few drops of the "Feather Cleaner" in the water used for dipping and re-dipping. It is a new, in fact, we have promoted dress economy in households for over twenty years. "MAY VALET," 30 Adelaide W.

**WEARY OF LIFE, TOOK ACID**

John Scotland Was Despondent, Following Disappointment.

John Scotland, who has lived for six years at 45 Northcote-avenue, committed suicide in the lavatory of the Bromell House yesterday noon by taking carbolic acid.

He left a note saying that he was tired of the struggle and determined to end it. He was about 33 years of age and is believed to have been suffering from depression following disappointment. The body was removed to the morgue. An inquest is unlikely.

**Merker Is Committed.**

Louis Merker, found by Coroner Geo. W. Graham's jury to be blamable for the death of Mrs. E. M. Stokes, whom he drove over in Yonge-street when she was returning to the curb from an attempt to board a street car, was committed for trial for criminal negligence in police court yesterday morning.

**BASEBALL PLAYER SHOT.**

ALBANY, N. Y., June 15.—Arthur Brown of Westchester, Pa., first baseman of the Albany team of the New York State League, and formerly of the Montreal Eastern League team, was shot and probably fatally wounded to-night by John McStes of New Orleans, an actor.

APPROVE THE PLANS OF NEW INTAKE PIPE

Board of Control Decides to Stipulate Contractors Must Finish the Job by July 1, 1912.

The board of control yesterday approved of the city engineer's specifications for laying the new intake pipe. The pipe will extend 8000 feet out into the lake. The location chosen is virtually that recommended to the city council by the board of experts.

The specifications recommended by the city engineer and adopted by the board of control differ in some important respects from those drafted by the experts. Instead of covering the pipe with concrete or putting concrete saddles on it, pipes will be driven alongside the pipe for the first 1800 feet of its length and sand tightly packed over the pipe. This, the city engineer thinks will prevent the pipe from rising. No piling will be placed alongside the outer 1200 foot section of the pipe, as it is believed that it will be in water sufficiently deep to prevent any damage occurring to it. The intake recommended by the city engineer is about one thousand feet longer than that planned by the board of experts.

Mr. Rust urged the board of control to set the date for completion of the work at Dec. 31, 1912. That will give the contractors 12 months in which to complete the work, and I doubt if that time is long enough," said the city engineer. "As an emergency measure the new intake pipe evidently has very little to recommend it," observed Controller Hocken.

"I am afraid we will have some difficulty getting tenders if we stipulate for the completion of the work by the first of July next year," said Mr. Rust. "You cannot depend on getting any work done before the first of May or after the beginning of October."

The board, however, refused to extend the time allowance for the completion of the job, and the date, July 1, 1912, set at a former meeting, was adhered to.

A clause is to be put into the contract providing for a bonus of \$25 for every day the work is finished ahead of time and a penalty of like amount for each day's delay thereafter.

REORGANIZATION IN SIGHT

Mr. Rust Willing to Relinquish Control of Waterworks Affairs.

The question of making a permanent appointment of a chemist at the new filtration plant came before the controllers yesterday. The city engineer recommended that J. Race, who has been doing the work under a temporary arrangement, get the job at \$150 per month.

"I object to any except a temporary arrangement under the present circumstances," said Controller Hocken. "This matter should wait until the investigation is over and reorganization completed. Mr. Rust says he doesn't want to handle waterworks affairs any longer than he can help, and it is not good policy to load up the department with new officials just when reorganization is in sight. Just when reorganization is in sight, just when reorganization is in sight."

So Mr. Race was refused his permanency for the present.

Caledonian Society Outing.

The members of the Caledonian Society of Toronto enjoyed their annual excursion yesterday to Niagara Falls. Nothing was wanting to make the time pass pleasantly, and the pleasure-seekers were delighted with the day's outing.

The president, F. S. Mearns, and the secretary, William Campbell, looked after the arrangements, and there was a high time in the proceedings. Bagpipes were supplied by the band of the society, and the graceful dancing of four young misses—Annie Ross, Hattie Gordon, Maud Sinder and Muriel Sinder—proved a very attractive feature of the day's proceedings. Singing on the boat on the return trip lent an additional charm to the closing hours of the excursion.

If There is a Weak Spot

In Your System or a Faltering Organ It Will Be Worse at This Time of Year.

Vigor and Energy Run Low in Spring Unless You Use

Dr. Chase's Nerve Food

It may be the stomach, the heart, the lungs, the filtering or excretory organs, but if there is a weak point it is likely to show up at this time of year.

The blood is thin and watery. It fails to supply proper nourishment. The all-essential nerve force is lacking, and you feel the effects first in your weakest organ.

Your trouble may take the form of indigestion, you may have neuralgia or twinges of sciatic rheumatism. The cause is the same—weak blood.

Dr. Chase's Nerve Food will help you as nothing else can, because it supplies in condensed and easily assimilated form the elements which are necessary for the strengthening and invigorating of the various organs of the body.

Every dose of this great restorative remedy goes to form new red corpuscles in the blood to make the blood rich and the fatiguing organs resume their functions, appetite improves, digestion becomes good, and gradually new energy and vigor find their way to every nook and corner of the body. To keep strong and well this spring use Dr. Chase's Nerve Food, 50 cents a box, \$ for \$2.50, at all dealers, or Edmanston, Bates & Co., Limited, Toronto.

LOSS OF LIFE TOTALS NEARLY ONE HUNDRED

Enormous Damage Wrought by Hurricane at Austria's Adriatic Port—8 Liners Loose.

TRIESTE, June 15.—A great hurricane which swept over this section last night did enormous damage. The loss of life totals nearly a hundred. Some of the fishing boats, however, which it was feared had foundered, have returned to port. The entire crew of the Dalmatian coasting steamer Andromeda perished.

Eight steamships of the Austrian-Lloyd Line broke from their moorings and were more or less seriously damaged. Several lightships were driven ashore. Quays, piers and embankments suffered severely, but the Lloyd and Stabilimento shipbuilding yards, which are well protected, escaped damage, and the Dreadnought-Regina Unitas, which is to be launched from the latter yard next week, was not injured.

C. O. F. ELECTS OFFICERS

J. A. Stewart Chosen High Chief Ranger for the Eighth Time.

The election of officers of the Canadian Order of Foresters was held yesterday.

J. A. Stewart was re-elected high chief ranger by a vote of 872 as against 187 obtained by T. W. Gibson, deputy minister of mines for Ontario, this being the eighth time he has been elected high chief of the order.

J. A. A. Brodeur was re-elected high vice-chief ranger by a majority of 258 over David Allan of Grimsby. P. P. Hoar was elected high secretary in place of Geo. Faulkner. Robt. Elliott, high treasurer; W. L. Roberts, high auditor; Wm. Walker, high registrar, were elected by acclamation.

The executive committee elected are: A. P. Van Someren, Saskatoon; W. M. Couper, Montreal; N. J. Stevenson, Toronto; R. T. Kemp, Listowel; and A. R. Galpin, London.

The high chaplain of the order, Rev. W. J. West, M.A., of Bluevale, was re-elected.

Next year's meeting will be held in Hamilton.

The convention will meet this morning at 9.30 and it is expected the business will be concluded by noon.

BROKERAGE CLERK ARRESTED

Police Raid Offices of Mutual Brokerage Company.

Acting upon information supplied by the New York authorities, the city police yesterday raided the offices of the Mutual Brokerage Co. in the Dineen Building, William Garrett, a clerk, who has charge of the local office, was arrested, charged with an illegal use of the mail.

It is said that Alfred Bingham, also known as "D. Bingham" of New York, is at the head of the concern, which has been doing a mail order business in mining stocks on the installment plan. From letters found in the office, it appears that the business is carried on in the United States has been reorganized and that many orders have been taken. There were also a number of letters from various persons who had completed their payments and who were anxious pressing for delivery of stocks, which did not appear to be forthcoming. The New York authorities say that the business is purely that of a bucket shop and that delivery was never made.

IT WILL BE A BIG DAY

Saturday, June 17, will usher in a number of very important sporting events in this Canada of ours. In Toronto there are two lacrosse matches at the island between Brantford and Toronto Hockey Club and Capitals v. Tecumseh. At Scarborough Beach there will be a hot contest between the Eaton Lacrosse Club and St. Catharines. Derby Day opens the racing week at Hamilton. The Toronto "All team and the series at Rosedale, and it is to be hoped, with a few days more, will be over.

All the Toronto city amateur and the Beaches League will be ready to start on Monday.

No one can afford to wait until Monday to get the results of all these events. The moral is to buy a Sunday World, and in addition to getting the very latest sporting news, there are also recorded the happenings of five continents in the great Coronation Number. For sale by all newsdealers and newsboys at five cents per copy.

FIRST HOSE WAGON TRANSFERRED

Yonge-street firehall has a new hose wagon yesterday sent to the new Howland-avenue hall.

It isn't generally known that the latter wagon was the first to take the place of the old-fashioned two-wheeled hose-wagon and that it was built by Fireman John Robinson, now captain of the Toronto firehall. The wagon is in excellent condition still, and is in use more than 10 years.

SITE FOR PARKDALE FIREHALL

Controller Ward, with the property commissioner, Ald O'Neill, chairman of the property committee, and Ald. Hill, chairman of the fire and light committee, visited Parkdale yesterday to consider the question of a site for the proposed new fire hall. Several places were looked over and Mr. Harris will prepare a recommendation in a couple of days.

The party also visited the Ford-st. fire hall in Ward 7 to decide the matter of having some necessary additions made.

\$3.10 to Muskoka Lakes and Return, Saturday, June 24th.

The Grand Trunk Railway System offers for the opening tourist season, a popular excursion via the favorite way, viz., Muskoka Wharf to all points on Muskoka Lakes, passing Lakes Simcoe and Couchiching, the Severn and the delightful rise from Gravenhurst, via Beaumaris, Carling and Rosseau, Royal Muskoka, Cleveleys, Port Carleton, and finally to the Severn for above price, and tickets will be valid returning until June 27 inclusive. The new "Muskoka Express" makes its first trip June 24, leaving Toronto 12.30 noon. Select the Grand Trunk route and no other.

Tickets and full information at city ticket office, northwest corner King and Yonge-streets. Phone Main 4299.

RAISING INTAKE EASY IF LINSEED WERE USED

Captain Medford Deems Job a Kindergarten One—E. H. Keating Tells of Pipe Laying.

The waterworks' enquiry was continued by Judge Winchester in the city hall yesterday, but no new light was thrown on the situation, either by E. H. Keating, former city engineer, or Waterworks Engineer Fellows, who gave evidence. Capt. Medford's opinions on how the laying should have been done, however, were interesting.

Mr. Keating was in office at the time the pipe was laid, but he shelved responsibility for the laying of it, "as was under a committee," he said, "and was practically finished when I got hold of it." He admitted that the broken pipe may have been the result of faulty benches, which may have given way in a storm.

Captain Medford, an engineer with experience in pipe work, declared that such a pipe should be weighted with a submerged equal to its own weight, to provide against the sagging of the pipe. He also thought it should be laid in a bed so that "scouring" could not take place and weighed with stone or concrete to prevent creeping. In his opinion the pipe should have been all one length, which would have to be launched and carried to the spot before laying.

A Simple Remedy

He thought little of the idea that a vacuum had formed in the pipe. He also thought that Capt. Leslie's job was a trifling one, and that he could have moved the pipe in a short time by introducing linseed into it. The linseed would swell, he said, and raise the pipe.

Judge Winchester went down to the foot of John-street to examine the length of the broken intake pipe there. They wanted to see if all the bolts had been put into the pipe in the first place.

"Mr. Fellows was on the stand for some time in the afternoon, but could give no explanation for the broken pipe. He explained the intentions for the laying of the new pipe, however. It will be laid under the bottom of the lake, and will be protected from "scouring" by a row of piles on each side the whole length of the pipe.

Mr. Drayton questioned if he thought there was any connection between the troubles on December 13 and on February 7, but he declined to answer. He said it was a trifle and a creak in December, and that he did not think the pipe was broken until February. He admitted that it would have been possible for the supply to have kept up in the meantime if the pipe had broken, however.

Men's Suits Below Half Price For 8 o'Clock Rush

Our Own High-class Suits and American Models \$11.95. Two-piece Summer Suits, \$8.95

Here's a case in which you'd better come early and get in the rush. The \$11.95 Suits are reduced to about half what we usually ask for them. They are new materials, made up in new styles, but the sizes are broken. We are offering them at a sacrifice to keep our stock in good condition.

The \$8.95 suits we bought at much less than we pay for the same goods when we buy them in the regular way. They comprise a clean-up made of an over-make and odd sizes of a big Canadian clothing manufacturer, and for that very reason we want to clear them quickly, because they can't go into our regular stock. Every suit offers a saving of one-third, and most of them more.

Stylish Suits at About Half-price, \$11.95

Suits of distinctive appearance, stylishly made of seasonable materials, in fashionable patterns, permanently tailored and serviceable. The materials are high-grade, good wearing, Canadian tweeds, in a fine finish, a pretty brown with a green stripe and yellow thread stripe; American smooth finish tweeds, fawn with brown stripe, and plain drab; also a few grey Canadian tweeds, in a pincheck weave; single-breasted coats, three-button length, shoulders naturally padded and formed, collar close fitting, lined with twill and lustre lining; trousers fashionably cut, with belt loops, and some have cuffs on the bottom. Sizes 36 to 44. Marked at about half regular price. \$11.95

Suits in Two-piece Suits, \$8.95

Hot Weather Suits, for wear at business or for outing suits; two-piece suits, bought very low and marked at a small profit to clear quickly; tropical worsteds in snappy patterns; grey, in small checks and fancy weaves, light greenish shade, with a dark green thread stripe, a fancy diagonal weave, single-breasted coats, half lined and well finished, medium width trousers with belt loops and cuffs at the bottoms. Marked at two-thirds value. \$8.95

The EATON Piano---An Ideal Wedding Gift and Remarkable Value

There's no gift more suitable for the new home, or one that could give greater pleasure to the June bride than an EATON Piano.

The high construction is not affected by changes of climate, and the perfect adjustment of parts prevents warping. The elegant design makes this piano an elegant piece of furniture, and the responsive action produces a resonant volume of tone that is rich and pleasing.

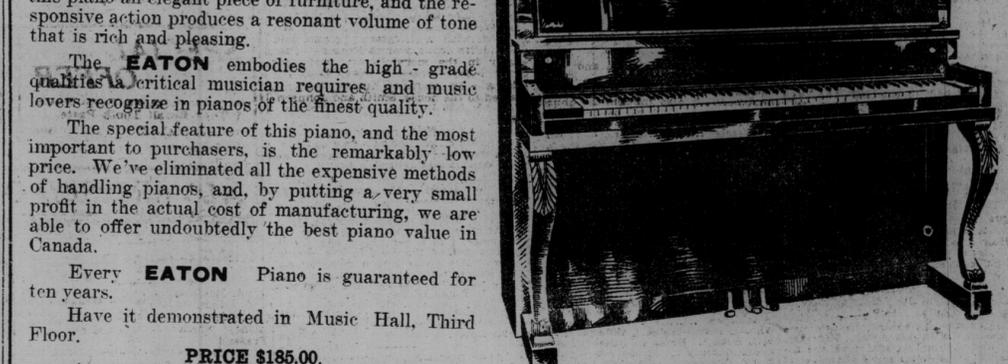

The EATON embodies the high-grade qualities a critical musician requires and music lovers recognize in pianos of the finest quality.

The special feature of this piano, and the most important to purchasers, is the remarkably low price. We've eliminated all the expensive methods of handling pianos, and, by putting a very small profit in the actual cost of manufacturing, we are able to offer undoubtedly the best piano value in Canada.

Every EATON Piano is guaranteed for ten years.

Have it demonstrated in Music Hall, Third Floor.

PRICE \$185.00.

RETAIL COAL DEALERS

J. M. Peregrine, Hamilton, is Elected President of Association.

Delegates from all over Canada assembled in the King Edward Wednesday night at the 14th annual convention of the Canadian Retail Coal Dealers' Association. Over 200 were present. Acting-Mayor Spence welcomed the visitors. Arthur H. Hull, editor of The Retail Coalmen, Chicago, delivered an address of wide scope.

The following officers were elected: President, J. M. Peregrine, Hamilton; vice-president, J. K. McLaughlin, Owen Sound; secretary-treasurer, R. J. Webster, London; directors, J. C. Heyd, Listowel; J. M. Davy, London; B. Blair, Woodstock; B. Brown, Port Hope; F. Mahon, Brampton; D. B. Jacques, Toronto; and W. Heman, London.

Two delegates will travel to the Falls to-morrow, and will dine at the Cliff House, as guests of the Anthracite Coal Association.

TO COMPEL INTERCHANGE

City Would Force Railway to Accept Civic Line Transfers.

The city has made application to the Ontario Railway and Municipal Board to direct the Toronto Railway Co. to afford proper and reasonable facilities for receiving and forwarding passenger traffic over the Toronto Railway Co.'s tracks from the civic car tracks, which are to be constructed on St. Clair-avenue and on Gerrard-street. The board has appointed Wednesday, June 21, at 2.30 p.m., in Manning chambers, as the date for hearing the application.

INSTANTLY KILLED

Came in Contact With Live Wire Carrying 2200 Volts.

CORNWALL, June 15.—(Special).—Robert D. Byers, chief electrician on the dredges used in cleaning out the canal by the St. Lawrence River Power Co. at Massena, across the river from here, was instantly killed in the carbon building of the Aluminum Co. of America yesterday by coming in contact with a live electric wire carrying 2200 volts. Mr. Byers had worked all night on one of the dredges with an electrical apparatus, and then went to the carbon building to take down a starting box to remove it to the dredge. The box was double wired, and Mr. Byers apparently did not know this. He cut three wires, but the fifth left three. He had cut one wire, but when his piers came in contact with the second one he received the full voltage and dropped over backwards. Mason was sent for, but could do nothing for the unfortunate man. Byers was a Canadian, born at Ponteford, Ont., and was a son of Wm. Byers, who now lives at Orono, Ont. He is survived by his wife, one sister, Mrs. Wm. Linde of Oshawa, and one brother, Wm. Byers of North Carolina. Secretary E. F. Edwards of the Rochester Industrial Exposition Association is in Toronto investigating the methods of the Canadian National Exhibition, and is getting some good pointers on the management of affairs.

The Toronto World

THIS CERTIFICATE, with 25 others of consecutive dates, (Sundays excepted) if presented at the business office of THE WORLD, 40 Richmond St. West, will entitle the bearer to one WORLD COOK BOOK absolutely free. If the Cook Book is to be sent by mail, send the necessary certificates in an envelope, also enclosing 14c in stamps, to the Cook Book Editor, care of Toronto World.

Not more than one Cook Book will be given to one person.

This is an opportunity for every good housekeeper to become possessed of the very best Cook Book on the market. The size is 8 1/2 x 6 1/2. It is substantially bound in oiled muslin and is designed for utility.

Caution:—Not more than one coupon bearing the same date will be accepted.

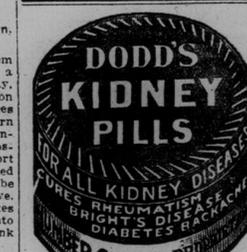

HEARD WAGE GRIEVANCES.

Controllers Ward and Hocken visited the island yesterday to investigate the question of wage increases for the men working on the city dredges and scows. After the workmen had stated their case, the civic solons sought refreshment at the plant for the "inner man." They will report their findings to the board of control in a few days.

Building Permits Issued.

The Milnes Coal Co. have taken out a permit to build a one-storey, steel and galvanized iron elevator for coal at Bloor-street and Perth-avenue, the cost to be \$4000.

A permit has also been granted to J. Beers to make a \$9000 addition to his hotel at Niagara and Wellington-streets.

FIRST DAY AT SEAFORTH

FAST TIME, SPLIT HEATS Knight Onward and Sylvia T. the Winners—Furioso Wins Two Heats and is Distanced.

SEAFORTH, June 15.—(Special.)—It is quite possible and altogether probable that the time made in the two races today will not be lowered thru the Canadian circuit this season; such racing, say it would make your head swim; halves in 1:04 and 1:06, and miles for 2:30 pacers in 2:14.

The first race on the card was the 2:30 stude for pacers, with 11 entries and six of them faced the starter, and they were a field of very classy fellows.

Second race—2-year-olds, selling, 4 1/2 furlongs. 1. Sandoz, 105 (Koerner), straight \$7, place \$2.80, show \$2.80.

At Latonia, June 15.—The first disqualification of the meeting occurred in the fourth race when Fireman, which finished third, was placed last and the show position given to Colton.

At Latonia, June 15.—The Latonia entries for Friday are as follows: FIRST RACE—Selling, 2-year-olds, 4 1/2 furlongs.

At Latonia, June 15.—The Latonia entries for Friday are as follows: SECOND RACE—Selling, 2-year-olds, 5 furlongs.

At Latonia, June 15.—The Latonia entries for Friday are as follows: THIRD RACE—Selling, 2-year-olds and up, 1 1/8 miles.

At Latonia, June 15.—The Latonia entries for Friday are as follows: FOURTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: FIFTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: SIXTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: SEVENTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: EIGHTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: NINTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: TENTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: ELEVENTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: TWELFTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: THIRTEENTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: FOURTEENTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: FIFTEENTH RACE—Selling, 2-year-olds, mile and 70 yards.

At Latonia, June 15.—The Latonia entries for Friday are as follows: SIXTEENTH RACE—Selling, 2-year-olds, mile and 70 yards.

FIREMAN FINISHES FIRST AND IS DISQUALIFIED

HAMILTON JOCKEY CLUB SPRING MEETING JUNE 17th to 24th 7 RACES EACH DAY, INCLUDING A STEEPLECHASE

TO-MORROW June 17th DERBY DAY FARE \$1.25 Special Train on the G. T. Ry. will leave Toronto at 1 and 1:30 p.m., returning after the last race. Admission including Grand stand \$1.50 LADIES \$1.00

STEVE DAVIDSON Vancouver Hotel HAMILTON DROP IN I NEED THE MONEY

WILL DISCOUNT THE ADVANCES. LISBON, June 15.—The commission appointed to investigate the advances made by the treasury to members of the royal family has issued a report showing that the queen mother, Amelia received \$32,000 and the Duke of Oporto \$122,500. The government will discount these advances from Manuel's private property.

PREPARING TO RECEIVE DIAZ. VIGO, Spain, June 15.—The Mexican minister to Portugal has arrived here for the purpose of receiving General Porfirio Diaz, ex-president of Mexico. The workmen and members of the Progressive party are organizing a manifestation of protest against Diaz, if the ex-president lands. This is unlikely, as the steamer Ypiranga will arrive at an early hour and will remain only a short time in port.

Clcott Beach Route Very Popular. The new steamer Clcott is now making daily trips between Toronto and Clcott Beach, leaving Yonge-st. Wharf, east side, at 7:30 a.m. and 2:30 p.m. Returning leaves Clcott at 7 a.m. and arriving back in the city at 10. Steamer makes direct connection at Clcott for Niagara Falls, Buffalo and Rochester. For information as to rates, etc., telephone Adelaide 340.

"The horse is a contrary brute." "Yes; he will often go better for a man dressed in overalls than for a chap attired in the most accurate driving togs."—Washington Herald.

ORGANIZED LABOR TO BE FACTOR IN POLITICS

Local Trades Council Pass Strong Resolution—Moving Picture Operators Want Inspector.

That organized labor in Toronto is experiencing severe growing pains in a political direction, was evidenced at the meeting of the District Trades and Labor Council last night, when a resolution was adopted by a standing unanimous vote, endorsing the principle of direct labor legislation in municipal, provincial and Dominion legislative bodies. The resolution was adopted on the motion of Mr. J. H. Porter, president of the council, and was carried by a vote of 10 to 0.

THE WEATHER

OBSERVATORY, TORONTO, June 15.—(8 p.m.)—Showers have occurred locally to-day in Eastern Ontario and in Ontario, and quite generally in Quebec and the maritime provinces. The weather over the greater part of Ontario, and the northern provinces has been fine and moderately warm.

THE BAROMETRER.

Table with 3 columns: Time, Bar. (Barometer), Ther. (Thermometer). Rows for 8 a.m., Noon, 2 p.m., 8 p.m., Mean of day, and above highest.

STEAMSHIP ARRIVALS.

Table with 3 columns: June 15 At, From, and June 16 At, From. Lists ship names and origins.

TO-DAY IN TORONTO.

June 15. Royal Alexandra—Miss Percy Haswell, in "The American." Princess—Baldwin-Melville Stock Company, in "The Lion and the Mouse." Star—All-Star Burlesque Stock Company and Paragon Secor, Board, 2:15 and 8:15.

MARRIAGES.

WATSON—DIXON, Wednesday, June 14, 1911, at 83 Clinton-street, by the Rev. Mr. Gibson, Church of St. James, Toronto. The bride, Miss D. E. Dixon, of 45 St. George-st., Toronto.

DEATHS.

ELLIOTT—At her late residence, Lambton Mills, on Thursday morning, June 15, Elizabeth Elliott, aged 84 years. Funeral at 3:30 p.m. to the Methodist Church, Ontario-st., Toronto.

WOODS-NORRIS PICNIC.

The Woods-Norris Advertising Agency held their annual picnic at Hamilton yesterday. The perfect weather, the good things provided, and the excellent spirit of comradeship existing between the members of the staff and their friends, all contributed to a delightful and memorable outing.

CHURCH WILL HAVE CHIME OF BELLS.

On Thursday next, June 22, on the occasion of the 75th anniversary of St. John's Church, Peterboro, the Lord Bishop of Toronto will dedicate the new chime of bells at that church. Through the indefatigable energy of the popular rector of the parish, Rev. Canon Davidson, M.A., and the generosity of past and present citizens of the city, regardless of class and creed, thirteen bells, the largest weighing 3200 lbs. and the whole chime aggregating 16,000 lbs., made by John D. Taylor & Co. of Loughborough, Eng., will adorn the church of St. John.

CHARGED WITH THEFT.

Beatrice Butler, 25 years, 14 Pleasant-ave., an employee of the S. H. Knox & Co. store, was arrested yesterday, charged with theft of \$2.10 from the store.

GOOD TEMPLARS ELECT OFFICERS.

LONDON, June 15.—The grand lodge of Good Templars here today elected F. S. Morrison of Hamilton, grand chief templar; J. T. Dutton, grand councillor; and G. Locke McCrae, grand secretary.

HOMES OF HEBREWS BRANDED AS SALOONS

Baptist Missionary Declares That Macedonian Houses Are Also Secret Taverns.

"Every Hebrew house in the ward on Sunday is a secret saloon," every Macedonian domicile is a secret tavern on our day of rest," declared Rev. John Koloski yesterday afternoon at the 22nd annual gathering of the Toronto Association of Baptist Churches, held in First-avenue Church.

He claimed that he was in a position to know the facts regarding the lower sections of Toronto, that being his sphere of labor and he himself being a Russian. He said that the authorities acquired more control in the foreign sections, troubles and general unpleasantness may be looked for.

There were 4,000 foreigners in Toronto, he said, and they were bringing blood, customs and morals, and until they were forced to become Canadianized they would remain in their ignorant and ungodly manner.

Rev. John Koloski is a Baptist missionary among the foreigners here, and, being conversant with seven languages, is able to gain entrance into homes and investigate matters which to others would be closed.

In his opinion night schools and Bible women could do more toward converting these people into good citizens than any other agency.

He has started evening classes and he has another shortly in the school of Beverly-street Church.

Driven out by foreigners. George H. Hawkins, of Beverly-street Church, endorsed Mr. Koloski's words, and said that Beverly-street Church now depended upon the efforts of its young men to carry on the work. The surrounding property was being bought by foreigners and the English people were forced to move to other localities, leaving Beverly-street Church with a dwindling membership.

The tendency of Toronto citizens to move to the outskirts had shown a decidedly detrimental effect on the work of Beverly-street Church, and of other districts had drawn greatly on the membership of the downtown congregations. The audiences or composed of a large percentage of people who were in rural parts and who very often did not unite with any religious body.

The marked progress had stamped the church as a place where the individual churches and Sunday schools showed decided decrease in numbers and also in givings. These churches were peculiarly situated in the older parts of the city.

Notify or Removals.

The solution for decreased membership could, it was shown by several speakers, be solved to a great extent by pastors notifying the heads of other churches of the removal of members from one locality to another.

Rev. J. Nobles, who presided, declared Rev. Mr. Koloski's words were a warning to all churches to be on their guard against the loss of members.

Rev. Mr. McLean spoke of the evangelizing campaign of the church, which had increased on that account even in all other efforts had failed.

Ministerial salaries through the association have, in the year, increased by \$9,000, but some of the pastors are not receiving very high stipends.

But on the other hand Walmer-road church was organized by 70 people. The following spring, under the pastorate of Rev. Mr. Harris, the membership increased to 160 and to-day 107 names are on its membership list.

During the past 12 months 210 baptisms have been recorded, independent of those reported by postoffice officials. The total increase of membership was 15 per cent.

The non-resident membership has increased by 100, and it is suggested that the register should be maintained. The individual churches will revise their lists whenever considered advisable.

Property Worth \$20,000.

The value placed upon all church buildings in the association was \$20,000, an increase of \$4,000 over the last report. For all purposes \$14,747 was raised, or \$19,000 more than the previous year. Of this \$51,000, or \$3 out of every \$11, was granted to missions.

The Sunday school statistics showed a decided decrease in membership and collections and that more money had been used for general maintenance.

The trade roll and home departments, however, showed a healthy growth. In the adult Bible classes and young people's societies traces of development were noted.

In the adult Bible classes and young people's societies traces of development were noted. The success of the Baptist book room and also of improvements in the Canadian Baptist, the denominational paper, was mentioned.

Committees Apointed. Arrangements for the ensuing year are as follows: Rev. Dr. Graham, T. McGillicuddy, G. R. Roberts, E. R.

NO CHURCH SHOULD GET GOVERNMENT FAVORS

Rev. W. T. Graham Criticizes Privileges Given Denominational College in Queen's Park.

That the church and state should be entirely separate was the sentiment which dominated last night's meeting of the Baptist Association of Toronto in First-avenue Baptist Church.

"We must not stand in the way of any movement or law which would advance the interests of mankind. For instance, it is quite right for us to pass resolutions condemning the liquor traffic and such like, but we are not to interfere with matters which have absolutely no relation to the spreading of the Gospel," said Rev. Dr. W. T. Graham.

"The position of Baptists is simply this: Baptists have absolutely no right to go to the state and ask for special privileges or favors to advance that denomination or ask for the loan of money."

"No Favors to Churches." "On the other side, the state has no right whatever to favor the Baptist or any other church or lend them money for the sake of advancing denominationalism."

"Baptists have always been consistent in this respect and we pray alike that this will remain so."

"A few days ago it was announced that the Ontario Government was about to grant a section of Queen's Park upon which a denominational college is to be erected. Moreover, they are about to loan \$50,000 to erect a building."

"As an illustration to show the evil effects of a state church, the speaker referred to Montreal, where he was pastor for eight years. He said that Quebec was fully a thousand years behind the times, and that because of the grip the Roman church had on it."

"Defiance to Church of Rome." "It's time we told the Church of Rome to take its place. The C. N. Y. has no business with," declared Rev. Mr. Graham in denouncing the Ne Temere decree.

"The separate school had not the proper equipment and its education was imperfect where it was forced to have proper equipment and to properly educate its scholars."

CANADIAN PRESS ASSOCIATION

Annual Meeting Will Commence in Toronto on June 20.

The fifty-third annual meeting of the Canadian Press Association will be held in Toronto from June 20 to 22. The question of applying for a Dominion charter of incorporation will be one of the important topics of discussion and the new copyright law will also be dealt with.

Don C. Seitz, business manager of the C. N. Y. World, is to be the guest of honor in connection with the conference. This will include a "tally-ho" prepared on the city for the lady visitors on Tuesday afternoon and a trip to Scarborough on Wednesday evening in special cars over the Toronto and North York Company and big time is expected on the arrival of the party. Thursday and Friday the members and friends will take a trip to Niagara Falls, and will arrive at 8 a.m. Thursday. The town of Niagara, Parry Sound and Collingwood will be in the itinerary. The party will arrive in Toronto again about 8 o'clock on Friday evening.

THE TROUBLE LEAKED OUT

Father Hanley Says Story of Rumpus at Kingston Board is Incorrect.

KINGSTON, June 15.—(Special.)—A special meeting will be called to-day to settle the school troubles. When the district board of trustees meets again, it will be as one trustee state an eye for an eye and tooth for tooth. With a full board meeting, the question would be a tie, and the school would be a deadlock. One of the trustees severely criticizes the provincial inspector because he has not insisted upon repairs, the claim being made that St. Mary's school is overcrowded.

The board meetings are private and the members are raising a big row over the fact that someone gave the press information about the trouble over the principal. Father Hanley, chairman of the board, says that the report of the meeting given by a member of the board is largely untrue and grossly insulting to several members of the board. If the facts of the case were made public, they would be at all to the credit of some of those who left the meeting. However, he says, Catholicity of the act of the press in this matter will be dealt with at the proper time, in the proper place and by the proper authority.

MAY SELL ON SUNDAY

Conviction Against Kingston Restaurant Keeper Was Quashed.

KINGSTON, June 15.—(Special.)—J. Campbell, proprietor of the Grosvenor Cafe, was fined recently by Magistrate Farrell for selling ice cream on Sunday in the front portion of his place of business, the magistrate holding it was merely an ice cream parlor and apart from the restaurant. Campbell entered an appeal this afternoon. Judge Maden quashed the police court conviction, saying that there was no ground for a conviction, as evidence was produced to show that regular meals were served.

WATERWORKS EXTENSION BY LAW.

The application made by the city to the Ontario Railway and Municipal Board for the extension of the waterworks extension bylaw was held over from a previous date till more material has been submitted. The order will be issued on June 17.

Alleged Theft Thief.

Roderick Grant, 29 Osborne-street, was arrested yesterday by Detective Mitchell, charged with theft of cattle upon the warrant issued by Superintendent of Provincial Police Joseph Rogers.

KINGSTON, June 15.—(Special.)—The farm produce board boarded 1121 boxes colored cheese, 516 boxes white. Sales made 11 1/2 cents.

**PUBLIC AMUSEMENTS**

"Thelma" at the Princess.

For next week the Baldwin-McMillan Stock Company will present a dramatization of the life of the world-famous opera singer, "Thelma" Miss Adelaide. Miss Adelaide will appear in the title role, and the part is one admirably suited to her, giving wide scope for the display of her powers as an emotional actress. She will be supported by Arthur Brown, Will Downing, Margaret Kroya, Lena Barré and a strong cast. In the matter of scenic decorations, electrical and mechanical effects, "Thelma" will probably prove to be one of the most brilliant efforts ever attempted by a stock company in this city. The Land of the Midnight Sun, being a special subject for the brush of the painter.

"Old Heidelberg" at the Royal.

Yesterday morning the sale of seats began for the immense production of "Old Heidelberg" to be given at the Royal Alexandra Theatre next week. That Miss Haswell has made a wise choice as her attraction for the third week of her summer engagement is evinced by the many enquiries as to the reservation of seats for the production of "Old Heidelberg" is exceedingly popular in Toronto, and those who have not secured seats are being urged to do so. The production of "Old Heidelberg" has also the satisfaction of being a German play given in an elaborate presentation. Nothing will be sacrificed in the staging, scenery and costumes.

**New Bill at the Star.**

Commencing Monday evening at the Star Theatre, the all-star stock company will present the third of their popular house all last week, and whose members have shown their worth as comedians and entertainers of the highest order in the burlesque field. For the approval of their patrons two new burlesques, entitled "A Day in the Country" and "Madame Excuse Me" have been selected. The burlesques are of a sensational nature, and are replete with burlesque and completely original situations. The company is the best that has ever been presented with a stock burlesque organization. At every matinee the Paragon score board showing all the answers to the game, will reveal at the one price of admission for the night the game and the show.

**PASSENGER TRAFFIC.**

**GRAND TRUNK RAILWAY SYSTEM**

**AS USUAL G. T. R. LEADS IN SUMMER TOURIST SERVICE.** Charming Muskoka, Beautiful Lake of Bays, Picturesque Georgian Bay, Scenic Algonquin Park, Magnificent and French Rivers, Peerless Temagami.

Conflicting Crop Reports  
Keep Market on Tenterhooks

Reports of Break in Drought Affirmed and Denied Alternately—Wheat Closes at a Decline.

CHICAGO, June 15.—With rains northwest and more moisture promised, the wheat market today suffered sharp breaks in price. Closing figures were 1/2 to 3/4 cent lower than last night.

Altogether it was the weather which counted most against the value of wheat. The market was also heartily affected by hedging sales against actual purchases of new wheat to be delivered in this city.

Barley—For feed, 50c to 56c; for malting, 67c to 68c, outside.

Buckwheat—5c to 52c, outside.

Manitoba wheat—No. 1 northern, \$1.04; No. 2 northern, \$1.02; No. 3 northern, \$1.00, track, lake ports.

Manitoba flour—Quotations at Toronto are: First patents, \$5.10; second patents, \$4.90; strong bakers, \$4.70.

Corn—No. 2 yellow, 57c, c.i.f., bay ports.

Peas—No. 2, 75c to 80c, outside.

Ontario flour—Winter wheat flour, \$3.30 to \$3.35, seaboard.

Millfeed—Manitoba bran, \$21 per ton; shorts, \$23; Ontario bran, \$22 in bags; shorts, \$24, car lots, track, Toronto.

Toronto Sugar Market. Sugars are quoted in Toronto, in bags, 100 lbs. net, as follows:

Winnipeg Wheat Market. Close. Open. High. Low. Close.

ST. LAWRENCE MARKET. Receipts of farm produce were 1200 bushels of grain, 15 loads of hay and several lots of dressed hogs.

Receipts at Primary Centres. Receipts of wheat in car lots at primary points, with comparisons, were as follows:

Winnipeg Inspection. Winnipeg receipts of wheat to-day graded as follows: No. 1 northern, 24 cars; No. 2 northern, 42; No. 4 northern, 6; No. 5 northern, 2; rejected, 1; No. 6 northern, 1; winter wheat, 7; oats, 24; barley, 20.

European Grain Exchanges. The Liverpool market closed today 1/2 cent higher on wheat, and 1/4 cent lower on barley, than it had been at the end of the day.

LOTS OF STRAWBERRIES  
COMING TO HARVE

Demands are Good, But Heavy Receipts Keep Prices Down.

Strawberries continue to dominate the market, the bulk of the trade yesterday being largely devoted to writing the market and the result was a steady decline.

It would be almost impossible to gauge accurately the number of cases of strawberries on the whole market.

Friday it is not thought will be a very heavy day, and the beginning of the week, Tuesday and Thursday, will be the big runs of the season.

Quotations are given below: Asparagus, basket, \$2.00 to \$2.75; Beans, wax, \$2.50 to \$3.75; Cabbage, \$1.50 to \$2.00.

Liverpool Grain and Produce. LIVERPOOL, June 15.—Closing—Wheat, spot, steady; No. 1 Manitoba, 7s 1/2; No. 2 Manitoba, 7s 1/4; No. 3 Manitoba, 7s 1/8.

Montreal Grain Prices. A MONTRÉAL, June 15.—There was an improved demand from foreign buyers for Manitoba spring wheat, and as the prices bid for the crop were higher.

Charged with Wife Murder. CHARLOTTETOWN, P. E. I., June 15.—The preliminary trial of William Molynaux, charged with the murder of his wife, who was found hanging in the pantry of her house on the evening of May 4, was concluded yesterday.

FAMOUS BATHS OF TIBERIAS. America and Europe boast of many springs and hot springs, but none so famous as those of Tiberias.

Montreal Dairy Market. MONTREAL, June 15.—Cheese is fairly active and the demand for butter is increasing.

London Wool Market. LONDON, June 15.—A sale of 8700 bales of sheepskins was held to-day.

Cheese Boards. BELLEVILLE, June 15.—At 10 a.m. market here for cheese was active.

Liverpool Cotton Exchanges. LIVERPOOL, June 15.—Receipts, 26,000. Market, 50 to 100. Mixed and butchers, \$2.80 to \$3.10.

Chicago Live Stock. CHICAGO, June 15.—Hogs—Receipts, 26,000. Market, 50 to 100. Mixed and butchers, \$2.80 to \$3.10.

Buffalo Live Stock. EAST BUFFALO, June 15.—Cattle—Receipts, 200. Market, 50 to 100. Mixed and butchers, \$2.80 to \$3.10.

Chicago Gossip. J. P. Bickel & Co. from Logan & Bryan: "Because of the serious injury to the wheat crop last year the wheat trade is on the alert for anything which looks like a serious condition in that quarter."

New York Cattle Market. NEW YORK, June 15.—Receipts, 100. Market, 50 to 100. Mixed and butchers, \$2.80 to \$3.10.

75 CARS AT CITY MARKET  
CATTLE PRICES STEADY

Stable Cattle Still High—Sheep Easy—Lambs Steady—Hogs Higher at \$7.30.

The railways reported 75 car loads of live stock at the City Market, consisting of 78 cattle, 244 hogs, 28 sheep and lambs, 123 calves and 6 horses.

The quality of fat cattle was as a rule good, but more of the grass-fed class was in evidence.

Prices for fat cattle ranged all the way from \$5.50 to \$7.50 for steers and heifers, and one lot of sold by H. P. Kennedy was reported at \$6.25; cows, \$4 to \$5.25; bulls, \$4.00 to \$5.15.

Stockers and Feeders. Feeder, 900 lbs. sold at \$5.40; stockers sold at \$5 to \$5.25.

Milkers and Springers. The bulk of milkers and springers sold from \$4.00 to \$5.00 on Wednesday.

Veal Calves. Veal calves sold at \$7.00 to \$7.50 per cwt., and in a few instances \$5 was paid for choice new milk fed veals.

Sheep and Lambs. Prices for sheep and lambs were steady, with a few instances of higher prices for choice new milk fed veals.

Hogs. The market for hogs was firm all week, and worked up by selected, fed and watered, being sold at \$7.00 per cwt., and \$7 to \$7.25 for hogs, 100 lbs. and over.

Representative Sales. Maybee & Wilson sold 1 load of cattle, 120 lbs. each, at \$5.25; 12 cows, at \$4.50; 1 milker, at \$6.00.

Wm. Armstrong had orders for more, but only bought 10 at \$10 to \$20 each this week.

Charles Maybee and R. Wilson bought 100 stockers at \$5 to \$5.25; 1 load butchers' cattle, 100 lbs. at \$6.10.

Alexander Levaack bought 20 butchers' cattle, 100 lbs. at \$6.15 to \$6.20.

At the Union Stock Yards on Thursday there were 47 carloads of Chicago export cattle consigned by the S. & C. Co.

These are the days when icebergs both on the transatlantic steamship skippers. It isn't pleasant to run along there a fog or a murky night.

DR. A. W. GHASE'S 25c CATARRH POWDER 25c. Is sent direct to the diseased parts by the Improved Blower.

# Hollinger and Northern Exploration Get Up to New Records

## Porcupine Gold Camp

### More New High Records Hung Up But Market Is in the Dog Days

#### General List of Porcupines Taking the Rest Cure—Shorts in Timiskaming Bite Off More Than They Can Chew.

World Office, Thursday Evening, June 15.

New high records were reached by both Hollinger and Northern Ontario Exploration to-day, but outside of these two features there was very little of interest in the mining exchanges. The market seemed to have run into a period of waiting, and while offerings were by no means free, there was not sufficient demand for stocks to warrant any other raising of prices.

It would seem that Northern Ontario Exploration might run Hollinger close second for attractiveness. The shares were in strong call on both boards, and the price reached \$7.50 before the demand was satisfied, this representing an appreciation of 70 points above last night's top figure. The stock was strong at the close, with bids of 7.74 in evidence.

Hollinger established another record top price at \$16.20, an advance of 20 points above the previous high hung up yesterday. Profit taking was in evidence on the bulls, however, and the shares sold back to \$15.87 1/2 under this influence. Traders who had been playing the market for a quick turn, were reported to be taking their profits at the high figures.

There was not much doing in the other Porcupines, the market bearing signs of being in the doldrums as regards activity. Rea sold up to \$15, and then lost 25 points, closing at \$9.00, or 5 points below yesterday. Preston dropped back a point at \$33, and closed offered at that price. Vipond sold as low as \$6, but moved up to \$1 on the afternoon board.

Outside of a few fireworks in Timiskaming, there was practically nothing whatever doing in the Cobalts. Timiskaming was under pressure of what was taken to be short selling early in the day, and sold as low as \$6.00, over two points below yesterday. The shares rallied sharply from the low figure, and recovered to \$8, when the shorts were forced to cover.

The market closed dull, but with prices generally firm.

### HIGH-GRADE ORE

#### Bailey Runs into Rich Ore on the Fourth Level.

By far the richest strike made at the Bailey Cobalt is just what the management. A vein about 9 inches wide, of high grade ore was struck on the fourth level, about 250 feet below the surface, and five cars have already been bagged.

Under the supervision of Mr. Weed, Bailey is being rigidly explored, and the strike now reported has instilled confidence that this mine will become one of the real shippers of the Cobalt camp.

### MAY CAPITALIZE MILLER-MIDDLETON.

Mr. John McMartin, one of the largest shareholders of the Hollinger Co., told The World yesterday that the Miller-Middleton property, which is in close proximity to the Hollinger, might be capitalized and put out to the public, but not till the property has been thoroughly explored.

"From surface showings, the Miller-Middleton is better than the Hollinger," Mr. McMartin said, "but until values have been tested to depth, no further comparison can be made."

### ELDORADO IN LUCK.

Word was received in the city yesterday that free gold had been struck on the Eldorado. No particulars were given in the private wire, but some interesting news is promised.

### Mining the Mine And Not the Public

#### Promising Developments on American Gold Fields Property—Rich Samples.

Development on the American Gold Fields Company's Porcupine properties is proving up values much quicker and beyond the expectations of those largely interested in the claims.

Carl Willis, M.E., who is superintending the development work, is himself surprised, although before taking charge he was confident that the location and surface showings on the company's three claims would ultimately bring them into prominence as mines.

Last week on locations 12, 13 and 12-602, which adjoin the West Dome, while sinking on one of the large dykes, which are equal to the best in the country, over 500 feet, or running very high in sulphides, was struck at a depth of 8 feet.

Mr. Willis was so enthused that he immediately left for Toronto to convey the good news to his principals.

Speaking of the ore to The World, Mr. Willis said: "The samples brought up to a depth of 500 feet, which the Hollinger or Dome, I am exceptionally well pleased with the strike, and intend to test the dyke by shot drill to a depth of 600 feet. The shot drill is now at Kelso and the boiler will leave Toronto in a day or two."

In speaking further of what was being done by the American Goldfields Co., Mr. Willis stated that on the claims from which the sulphides were taken, there was another dyke 3 feet wide, and that four other quartz veins had been located, on one of which free gold was visible.

On the Reilly claim, which also belongs to the company, adjoining the Hunter, 35 men are at work and free gold has been found in several places. From one of the Reilly veins, on which there was no visible gold, assays ran to 100 to 150 ounces to the ton. It is Mr. Willis' intention to place a shot drill also on the Reilly property, and to make a full test of values to depth.

The properties of the American Goldfields Company are being operated for the purpose of thoroughly proving up values before the public will be asked to participate. A thoroughly laudible idea, and similar to that which was done in the Hollinger, the Pearl Lake Co., and others.

Improved Grand Trunk Summer Service, Effective June 24.

10:15 a.m. Penetang-Huntsville Express (daily except Sunday) will not run to Muskoka Wharf, but through Huntsville, making direct connection with steamer for Lake of Bays points. Connection is also made at Penetang with steamer for Honey Harbor, Rose Point, Parry Sound and intermediate ports.

First-class coaches and Pullman parlor car to Penetang. First-class coaches, parlor-library-buffet car and dining car to Huntsville.

12:30 noon, new fast Muskoka-Huntsville Express (daily except Sunday), making connection with steamers for all Muskoka Lakes and Lake of Bays points. First-class coaches, parlor-library-cafe and buffet cars, Toronto to Huntsville, 2:05 a.m. express, daily will carry through coaches and Pullman sleeping cars to Muskoka Wharf, Huntsville, North Bay, Temagami and New Liskeard, making connection with steamers for Muskoka Lakes, Lake of Bays and Temagami Lake points.

4:31 p.m. Buffalo Express will carry through Pullman sleeper to Pittsburgh (daily except Sunday), commencing June 25.

1:40 p.m. Jackson's Point Special will leave Toronto Saturday only. Return will leave Jackson's Point 7:30 a.m. Sundays only, arriving Toronto 9:40 a.m.

11:45 p.m. New Buffalo Express will leave Toronto daily, carrying Pullman sleeper.

On Welcome League Board.

Dr. Gwalia Evans, R.A. M.D., has been elected to the board of the British Welcome League.

### NEW GOLD HUNTERS INVAD THE PORCUPINE

#### Each Day Sees New Arrivals Who Make For Unstaked District's.

PORCUPINE CITY, June 16.—(From Our Man Up North).—Extremely enthusiastic as to what a summer's work will bring to them, each day finds 50 to 75 eager and light-hearted gold hunters arriving in camp. Various means of travel are employed, some coming on handcars, others on the morning walk train, while others walk the grade.

It is freely predicted to-day that by July 1 some kind of a temporary passenger train will run into Golden City, just to accommodate those who are anxious to arrive in the camp early.

But the crowds now on the trails are here to stake claims. They have heard of the wonderful finds in the real gold belt and are after a piece of it. Real conditions have not appealed to them and as the old prospector, the man who has become seasoned to the musk road and the rough bed, is returning to record his finds of the last month, the new ones, the untitled, are packing for the woods.

Men from the west who arrived yesterday morning, after a long journey, their night's weary walk over the railway grade, started out to stake a couple of claims before dinner. The intended trip was interrupted by other westerners who had spent some weeks in the camp. The prospective prospectors were advised to prepare for a 30-mile hike before claims were looked for.

This is the spirit that is making Porcupine. Men are willing to wade swamps, fight flies, carry foodstuffs 30 miles or more, and suffer anything to get into the new country.

where the marks of the early prospector have not been made. And then he takes his chances with a thousand others in the new district.

Should the new district make good this summer, roads will be ready for the traffic by next fall, for already stage men are cutting a line from the Mattagami River to Cripple Creek, which is to be continued on towards the old "Flying Post" station.

### THE TROUBLOUS CORNER

#### C. P. R. Will Let Contracts for Sky-scraper Building To-day.

The C. P. R. solicitor, Angus MacSpence, has notified Acting-Mayor Spence that he is proceeding to let contracts for the erection of a sky-scraper at Yonge and King-street, which that nothing has been decided upon concerning street widening or rounded corners.

The company says that they have been delayed two months to no purpose and that they are not prepared to wait any longer.

Controler Spence says as rejoinder, the company would cease its opposition to the expropriation scheme, and the C. P. R. would then have a city larger block than in any other hold.

It is stated that the contract for building the sky-scraper will likely go to the United States Realty and Improvement Company, and that it provides for an expenditure of \$1,000,000 on the work.

### AN ACCUSATION OF BRIBERY

#### Brought Against Four Montreal Policemen by a Jockey.

MONTREAL, June 15.—A serious charge was made against four constables of the Montreal Police, in the enquete court to-day. He accuses them of having accepted bribes, \$1000, to allow a jockey to race a horse named "Blue Bonnets" with a horse named "Invited him to call he had spent over \$30 for champagne, etc. He was kicked out of the house and his money, \$100 in cash, stolen. He told the court that he had brought four policemen to the house with him. The constables, he said, were made presents of greenbacks by one of the women in the house, and advised to depart. This they immediately did.

Mme. Tosca was committed for trial, and will be brought up for voluntary statement on June 27. In the meantime, Simms' charges will be investigated. The four policemen, who he accused were present in court, but were not called to give evidence.

Said the Horse Was Blind.

Henry Heddy, a London horsedealer, brought half a dozen farmers to Judge Denton's court yesterday to prove that a horse he had sold to J. Graham of Toronto was sound, particularly as to eyesight.

Graham had sold the horse to a third party, who returned it because of defective eyesight. Plaintiff, therefore, asked for the return of \$265 purchase money and \$35 spent on freight of the horse.

The case was adjourned to September to get expert veterinary opinion as to the condition of the horse when sold to Graham.

Sold Liquor in Restaurants.

Philip Conroy, waiter in a restaurant at 229 West Queen-street and Guipr Pesachowitz, an Elizabeth-street restaurant keeper, were each fined \$100 and costs in police court yesterday morning for selling liquor on the respective premises.

Congratulations to Earl Grey.

The board of control has instructed the city clerk to prepare a memorial to be sent to Earl Grey, congratulating him on his successful tenure of office.

Are Asking for Pointers.

Several American cities which are establishing medical school inspection systems, have written the educational authorities of Toronto asking for pointers.

On Welcome League Board.

Dr. Gwalia Evans, R.A. M.D., has been elected to the board of the British Welcome League.

### STAMP MILL IS READY TO POUND OUT THE ORE

#### Trial Run at Detroit-New Ontario Will Soon Be Made—Rich Stringers Cut.

PORCUPINE CITY, June 16.—(From Our Man Up North).—The Tremain stamp, rock crusher and engine to supply the power at the Detroit-New Ontario Mines, Limited, in Munro Township, ten miles to the east of Matheson, are placed and the machinery will be ready to start up this week.

One of the dump piles will be crushed first in a trial run of the machinery, and the results are eagerly awaited, for this is the first stamp in the Munro district to be put into action.

The vein matter is extremely hard and somewhat mixed with the country formation, but carries well in values.

In working in the cross-cut about 20 feet to the east of the west drift, at the bottom of the 100-foot shaft, several stringers of quartz, from three to six inches in width, were encountered.

The dip of the stringers is to the north, which apparently means that they are dropping into a large vein indicated thru surface outcroppings about 40 feet north of the main shaft. It was from this vein, known as No. 3, that oxidized quartz carrying free gold was taken, and where evidently rich values lie.

Work to drive the cross-cut thru No. 3 vein is being carried on with force, and the remaining 20 feet of cutting should be finished within a couple of weeks.

### SUITS FOR \$3,500,000

#### Filed Against Alberta Government in A. & G. W. Railway Project.

EDMONTON, June 15.—Claims for damages amounting to \$3,500,000 have been filed with the executive council of the Alberta and Great Waterways Railway project against the provincial government. One of the claims is for \$2,500,000, made by the railway and construction companies. The Royal Bank of Canada have put in a claim for \$888,000.

The Empire Supply Co. ask \$131,786.65 for ties, timber loss and loss of profits. Campbell and Brown have an claim of \$940 for building roads and breach of contract.

### STEAMERS TO BURN OIL

#### Important Change Contemplated by R. & O. Line.

MONTREAL, June 15.—At a meeting to-day the Richelieu and Ontario Navigation's management had under consideration several innovations, which will mean a still further curtailment in operating expenses.

In this connection the announcement was made that it is proposed to introduce oil fuel on several of the R. and O. steamers plying the great lakes and rapids between Toronto and Montreal, and that negotiations to this effect are being conducted with the Imperial Oil Company.

WILL SEEK RUNNING RIGHTS.

Nothing having developed from further negotiations with Manager R. J. Fleming of the Toronto Street Railway, the City Council Drayton has decided to press the city's application to the Ontario Railway and Municipal Board for running rights for civic cars over the company's lines. In case this application is refused, and the city will use a strong case for the interchange of traffic between its suburban lines and those of the street railway company.

### FOUND BODY IN HAY MOW.

#### SHERBROOKE, Que., June 15.—A

sensation has been caused by the finding of Edward Francois' body in the hay mow of a 4-1/2 year old boy, while watching an automobile here to-day, in the middle of Dalhousie-street, was run over by an ice wagon and severely crushed. It is feared that the lad will die.

### SWASTIKA VEINS WILL BE THOROUGHLY TESTED

#### New Engineers Take Charge of Property—1600 Feet of Development Accomplished.

SWASTIKA, Ont., June 16.—(From Our Man Up North).—Engineer Summerhayes of Porcupine, formerly with Thomas J. Reinhardt of the Porcupine Central, has taken charge of the work on the Swastika Mines, Limited. One of the first things that will be done is to thoroughly sample and test out the quartz veins from the surface down to the bottom of the shafts and in the drifts. An accurate average of values as summed up from each basket of muck from the blasts will be made.

In the meantime, a geological map, now in process of construction by Engineer J. B. Tyrrell, on the Swastika holdings and the surrounding country, will be issued, giving valuable information from which the Swastika engineers may be guided. Work on the Swastika property will proceed in a most intelligent manner.

There are now over 1600 feet of sinking and cross-cutting done on the property, and whatever plans Engineer Summerhayes has in view for the future development will no doubt be made public soon.

### CIVIC MILK DEPOTS

#### For Supplying Poor Families Opened in Montreal.

MONTREAL, June 15.—Strong efforts are being made to reduce the high infant mortality rate which for years has been a sad feature of Montreal summers.

The first pure milk depot to be opened by the local branch of the National Council of Women for the Supply of Milk at low rates to poor families, opened yesterday at 189 West Dorchester-street, and another was opened to-day by the Local Council of Women at 65 Britannia-street, Point St. Charles.

Soon there will be three depots under the supervision of the

World Office Thursday Evening, June 15. Except for a continuance of activity in the southern fractions, the Toronto stock market was uninteresting to-day. Sao Paulo showed strong vitality, sales being made equal to 18 1/2 cumulative dividend. Rio made a small fractional advance against a large volume of offerings. Investment purchases were mainly confined to the industrials and the shares of the financial institutions. As far as speculation is concerned, the majority of issues are marking time, and, altho the temper of the supporting interests is bullish, these are not at present disposed to take more stock than can be avoided.

Looks Like Distributing Move And Market Runs Into Reaction

Prices Sag Gradually in New York When Traders Try To Put Out Stocks—No Outstanding Changes in Toronto Market. World Office, Thursday Evening, June 15. Less activity in domestic stocks caused no special changes in prices to-day, and any declines were equalized by other advances. As usual the market ran into extreme dullness during the afternoon session, and at the close, prices, if anything, were the easiest during the day. Sao Paulo was strongly supported in the early business. Sales were made as high as 1 1/2 ex-dividend, but closing offers were made at 1 1/4 without bids. Rio held steadily all day, the last sale being at 1 1/4 and within 1/4 of a point of the high prices. Twin City was freely liquidated at 108, and more was offered at that price. Mackay common had better support to-day. Offerings of 100 shares were taken at 90 1/8, and the bid price raised 1/8, but further stock was held at 91. The company owning a large block of Hillinger stock, was raised nearly one dollar a share, sales being made up to \$7.80. The market was free of any special news. The weekly statement of the Bank of England showed a further increase in the proportion of reserves, which left the impression that at the leading financial centre, money rates promised to remain easy.

WALL STREET TRADING WALL-STREET POINTERS.

Americans in London, irregular. Bank of England rate unchanged. Trade reviews find more cheerful outlook in steel and iron situation. J. J. Hill attacks Senator Root for effort to attack redemptory agreement. Chinese Railroad loan of \$30,000,000 formally offered for public subscription. LONDON—Copper close: Spot, 45 1/2; futures, 45 3/8, advance 2 1/2 for both. General Banking Company capitalized at \$25,000,000 will include 21 concerns in 17 cities. Sub-treasury lost \$1,580,000 to the banks yesterday, and since Friday has lost net \$1,290,000 to the banks. Steel investigation rests until next week when James Farrell president of the United States Steel will be called. May exports aggregated \$152,261,278 the largest May on record. Imports also exceeded any previous May, being \$139,577,753. The directors of the Erie Railroad have authorized the immediate purchase of 35 Mikado type freight 5 Pacific type and 20 switching engines. It is reported that the directors of the Philadelphia Company of Pittsburgh will meet shortly for the purpose of declaring an extra dividend of one per cent. on its common stock. Irregular improvement is still probable in the stock market. Purchases of good stocks on soft spots continue advisable. Outside interest is increasing. Steel should do better. Joseph says: There is talk of listing the shares of the American Tel. and Tel. in Paris, and it is only a matter of a few days before arrangements will be completed. Keep ions of Steels and Coppers. Hold C. & O. Average B.R.T.

COPPER MARKET FIRMER.

NEW YORK, June 15.—The copper metal market was strong, some of the independent producers having advanced their selling price to 12 1/4 for electrolys. Sales have been made at 12.70, and indications are that a general rise will follow.

STEEL OUTPUT STEADY.

NEW YORK, June 15.—U. S. Steel Co. is operating about 83.5 per cent. of its inport capacity, and this percentage is expected to increase materially before middle of July. Railroad buying is expected to show large increase before summer is over.

THE INEVITABLE REACTION.

LONDON, June 15.—A further sharp break in spot pig-iron was shown to-day, the decline reaching 52 per cent. from yesterday's closing to 1197; futures were off 11 from the opening, but still showed an advance of 2 1/2 from yesterday's close to 1138 1/2.

BIG ONTARIO LOAN.

An Ontario Government loan of \$500,000 was issued in London, Eng., yesterday thru the Bank of Montreal at 101. This is part of the loan of \$5,000,000 which was authorized by the legislature at its last session. It is in the form of provincial stock, bearing 4 per cent. interest.

NEW HAVEN SHOWS DEFICIT.

New Haven Road for ten months ended April 30, total income, \$19,902; dividends after charges, \$5,822,947; deficit, \$4,534,238.

LONDON MARKET EASY.

LONDON, June 15.—Money was abundant to-day, but discount rates hardened. The markets of the Stock Exchange were mostly quiet, but firm. Consols and gilt-edged securities opened better, but failed to make materially improved. Home rails were higher on more reassuring news regarding the shipping strike, and better technical returns. Foreign securities closed firm.

ON WALL-STREET.

Erickson Perkins & Co. had the following: The early strength of stocks was met with realizing sales and in the last hour lowest prices of the day were reached. It looked as if the general list was being distributed under cover of steel and the metal group, whose rise came last. The most interest in steel has been materially reduced and technically some setback is in order. The same is true of Copper stocks. The moderate reaction in wheat, with reports of rains in the west and some parts of the southwest, was avoided of sell stocks. We must have good rains in the corn belt before stocks will be taken hold of aggressively again. We think stocks will do to buy for a turn on any further drive.

CHARLES HEAD & CO. TO R. R. BOND.

London was spotty and featureless, and our market opened in the same manner. Steel held 1-4 up and gained an additional 3-8 to 80, very speedily, where it met with much realizing and dropped back to 75 1/4. Good judges of the copper situation report conditions most encouraging and better than at any time in the past two years, and we look for further substantial gains in values for copper shares of quality. Closing was dull and heavy at lowest for the day, with net declines of 1-2 to 1 point. We still believe in buying the better class of dividend stocks on all recessions, and that the market for these issues, owing to the continued ease and plethora of money, will work to a higher level.

BANK OF ENGLAND STATEMENT.

LONDON, June 15.—Bank of England discounted at 3 per cent. The weekly statement follows: Circulation This wk. Last wk. Public deposits 12,823,000 12,934,000 Private deposits 41,822,000 41,432,000 Gov. securities 14,971,000 14,971,000 Other securities 29,021,000 28,890,000 Reserve 29,197,000 28,986,000 Prom. reserve 10,250,000 10,250,000 Bullion 32,250,000 32,995,000

College Heights Association.

Architect J. P. Hynes, of the civic improvement committee, will address the meeting of the College Heights Association, which is to be held in Brown School, Avenue-Rd., to-night. The subject will be "City Planning and Aesthetic Suburbs."

Local Bank Clearings. This week \$29,437,208. Last week \$29,504,722. Last year \$27,822,672. Two years ago \$29,991,956.

For Sale Valuable vacant land. Highly suitable for business purposes. For full particulars apply to A. M. Campbell, 12 Richmond Street East, Telephone Main 2351.

Late Reaction Met In Montreal Market

MONTREAL, June 15.—With the exception of some activity in a couple of issues, trading on the Montreal stock market to-day was quiet, and after some early strength, prices showed a reactionary tendency in the late market, with the close heavy. Richelieu, under good buying advanced in the early trading to 118 1/2, but in the late trading in line with the general heaviness of the market, it sold off to 115, with that figure bid and 116 1/4 asked at the close. Nova Scotia Steel was a strong strength, prices showed a reactionary tendency in the late market, with the close heavy. Richelieu, under good buying advanced in the early trading to 118 1/2, but in the late trading in line with the general heaviness of the market, it sold off to 115, with that figure bid and 116 1/4 asked at the close. Steel Corporation, after selling at 58 1/4, eased off to 58. Soc. Rail was weakened to 147 3/4. The close was irregular, with the general tone heavy.

Cotton Markets

Erickson Perkins & Co. (J. G. Bealy), 14 West King street, report the following prices on the New York cotton market: Close. Open. High. Low. Close. July 15.52 15.45 15.45 15.20 15.27 Aug. 15.52 15.45 15.45 15.20 15.27 Oct. 15.52 15.45 15.45 15.20 15.27 Dec. 15.52 15.45 15.45 15.20 15.27

FOREIGN EXCHANGE.

Bank of England discount rate, 3 per cent. Open market discount rate in London for short bills, 2 1/2 per cent. New York call money, highest 2 1/2 per cent. Western Union, 2 1/2 per cent. Cable transfers, 12 1/2 per cent. Sterling, 60 days sight, 48 1/2 per cent. Sterling, demand, 48 1/2 per cent.

NEW VETERINARY COLLEGE

Will Be Located at University-avenue and Anderson-street. It is stated definitely that the new building of the Ontario Veterinary College will be located at the southwest corner of University-avenue and Anderson-street. The property runs thru to Simcoe-street, with a frontage of 45 feet on University-avenue, and about 40 feet on Simcoe-street. It was bought from Lawrence Soltman for about \$25,000. The college will be a structure of six or seven storeys and will cost about \$100,000, for which the provincial government has made provision. The lease of the present building on Temperance-street does not expire for two years.

SEE THE NORTH COUNTRY.

Low Rate Excursion to New Ontario, via Grand Trunk and T. and N. O. Railways, Thursday, June 22, from stations in Ontario, Kingston, Madawaska and west, to all stations on T. and N. O. Halloway and north. Return limit July 4. Tickets will be issued at the rate of one cent per mile each way. This is an exceptional opportunity for farmers to visit New Ontario. "Cobalt Special" leaves Toronto 8.30 p.m. daily, carrying through coaches.

SHAM, SAYS DONOVAN

A. E. Donovan, M.L.A., for Brockville, has the same opinion as W. K. McNaught, M.L.A., regarding the report of Montreal having secured contracts in the Home Bank Building on King-st., this city. The new company has a capital of \$1,500,000. In addition to its board of directors it will also have a special Toronto board, which will include William Stone, director Bank of Toronto; Col. James Mason, general manager, Home Bank of Canada; Edmund Bristol, K. C., M.P., director of Murray-Kay, Ltd.; and W. J. Green, managing director Canadian Debenture Corporation. Lt.-Col. Jeffrey H. Burland, Montreal, is president of the new company, while the vice-presidents include Geo. H. Balfour, Quebec, general manager Union Bank of Canada; W. R. Allen, Toronto, president of Murray-Kay, Montreal, who is managing director. There is also a special board of directors in London, Eng., of which the Hon. Lord Furness of Granley is chairman.

SAFETY DEPOSIT BOXES

can be rented in our Safety Vaults at \$3 a year and upwards. The cheapest insurance for valuable papers and jewellery against fire or burglary.
