Note the well dressed man. See if he's not our customer. You'll find that he is in a great majority of cases.

Good dressers have formed a habit of coming here. It is needless to say to them, "Get the Habit," for they have already got it.

There's a reason for contracting it, too. It's because the particular man knows full well that when he comes here his satisfaction is assured.

He gets the country's best in clothes at a moderate price.

growth prevents him from realizing as much as he expects."

Election Contributions. The first witness was Robert O'Hara, chairman of the expenditure committee of the Mutual Life Insurance Company.

He said there was no limit to the money the committee on expenditures may authorize to be paid out.

The Mutual Life maintains a confidential fund for legal expenses. The details of payments for this fund were not brought before the board of trustees.

He said he had made the contract with the firm of C. H. Raymond and Company, agents of his own volition and no one was responsible for the contract prior to 1903 but the witness and the president of the company.

Dr. Gillette also testified that the Mutual Life Insurance Company paid \$75,500 last year for lunches for its clerical force in this city. This was at the rate of almost \$250 a day.

WISCONSIN RAILROAD SOLD MAY BE PART OF THE ERIE Milwaukee, Wis., Oct. 10.—It was announced today after the annual meeting of the Wisconsin Central Railroad Company that the road had been sold to interests representing eastern financiers.

The change is expected to mean that the road will enter Milwaukee, and that it will become part of a great railway system in connection with the Erie.

LOCAL TOPICS. A branch of the Metropolitan Bank is to be opened at Toronto, Ontario.

St. Andrew's Society will meet at the Queen's Hotel on Thursday night to discuss annual reports and get ready for the fall on banquet.

BOWLING LICENSE REFUSED. Action of Police Commissioners About Boleson Aller.

After listening to the arguments of several lawyers yesterday afternoon, the police commissioners decided to refuse a license to E. Boleson for a bowling alley above Ryrie's jewelry store, William Ogilvie, proprietor of a shooting gallery at 27 West Queen-street, was notified that he will be prosecuted for maintaining a nuisance if he does not move.

The new bylaw for the licensing of rag-pickers was also discussed. The commissioners were divided into two classes, those who move merchandise and those who do heavy teaming.

Chief Graham was asked to report to the city council in favor of a new police station in the east end of the city.

HENRY MACKAY'S ESTATE. Wife Asks Buffalo Court for Committee of Management.

Buffalo, Oct. 10.—Application has been made to the supreme court here for a committee to manage the property of Henry Mackay, one of the late Wm. Mackay of Ottawa, the big lumber dealer, who left an estate of upwards of \$50,000 when he died a year or more ago.

Mackay, it is claimed by his wife, Emma, who makes the application, disappeared from Buffalo July 26, after disposing of or losing \$200,000 within a year. She has not seen him since the date given, nor is it thought he went away voluntarily while possibly irresponsible.

Mackay was secretary of the McLennan Paint Company here a concern in which his wife now supposedly has an interest. The court directed that notice be served on relatives and upon J. De Lott, a trustee of the estate of the father's estate.

RANSHEY'S FINISH. Toledo, O., Oct. 10.—No directors were chosen at the annual meeting of the Wabash Railroad here to-day. Although no figures had been given out by the inspectors of proxies it is believed that the vote to be taken the first thing to-morrow will show that Mr. Ranshey has behind him 200,000 of the bonds and that Mr. Ranshey has in the neighborhood of 100,000.

Mr. Ranshey has not shown sufficient strength to enable him to keep his seat as a director.

CHEERS WHITNEY. Continued From Page 1.

The Liberal leader when he went wrong for the government declined to apply the same rule to the opposition.

Speaking of the present situation, he asked, "Why should we be discouraged by the visit of the Ontario delegation four years ago. Hardly a hope there was then. Did they fail in that?"

He said he was not a party man, but he was a party man. He was not a party man, but he was a party man.

He did not want to be considered a teacher, but he asked for mutual forbearance and the encouragement of full discussion.

PANIC FROM EARTHQUAKE. Midnight Shocks in Scottish Counties Awe Inhabitants.

For the second time within two months the people of Perthshire and Stirlingshire, have been alarmed by an earthquake.

On the present occasion the shock was experienced between twelve and one o'clock in the morning, and was felt over an area embracing the greater part of the two counties.

In almost all the places from which reports have been received the earthquake lasted several seconds, and was more severe than on the last occasion.

The direction of the tremor seemed to be from northwest to southeast.

The Town of Stirling suffered most severely. Houses rocked so violently as to cause sickness among the inmates.

Furniture was thrown from one side to the other and back again; crockery was hurled off shelves and was scattered on the floor in broken pieces; and pictures rattled in the walls.

People, awakened from sleep by the crashing noises, jumped out of bed, and in many instances rushed into the street in amazement, and many were panic-stricken.

It was some time before the public mind was calmed down, and many a family disaster had overtaken them as a result.

Inhabitants of the villages at the foot of the Ochil Hills had a terrifying experience. Houses oscillated violently for several seconds, as though a great upheaval were taking place.

At Causewayhead the villagers were so alarmed that they ran for safety to the open country. There were several cases of nausea and hysterical, and many women were seen on the roadside weeping and praying.

The excitement continued through the night, people refusing to go to bed again or to be pacified by assurances that all danger was past.

A railway signalman on duty in a cabin at Cornton was driven almost distracted by the simultaneous ringing of a number of bells, which seemed to come from the opposite corners of the cabin.

An upheaval occurred in the villages round the historic field of Bannockburn, but no material damage was done.

At Tillicoultry houses rocked to and fro, and dishes were sent flying from the shelves, while the prevailing terror was increased by loud crashing reports as if the houses were collapsing.

At the waterside town of Alloa the disturbance was not so violent, but it was sufficient to rattle windows and send pictures swinging backwards and forwards on the walls.

Matters here took a farcical turn when several heads of families mistook each other for burglars.

The shock at Alloa had all the symptoms of a dynamite explosion. A terrific report reverberated from hill to hill, but, singularly enough, the only motion felt was a quiver.

Householders, however, were in a state of terror for some time, and many people ran to the streets half dressed, beseeching others who displayed more nerve to tell them what had happened.

At Dundblair the rocking motion was very severe, and heavy articles of furniture mounted on castors were rolled across rooms.

At Dundblair has quite a reputation for earthquakes, was only slightly affected. A low rumbling sound was heard, but no damage whatever was done.

Come Up Where You Belong. Perhaps you know why you fail in the plans for money, fame and position. Some don't. Just why the brain does not produce practical money making results is a puzzle to many men. Strong, healthy natural brains cannot be made from the food most men eat, and good brains can't work sharp when slugged to weakness by coffee. Unsuccessful brains come from improperly selected food and from coffee drinking. Coffee affects the stomach and nerves, thence the brain and prevents proper digestion of even good food. A distinct improvement in mental power will follow in a week or ten days after coffee is left off and Postum taken on. The results are multiplied when the brain-building food, Grape-Nuts, is used twice a day. There are well established and very clearly understood reasons for these sure results from the change in food and drink. You can make Money, Position, Fame if you have the kind of Brain that works that way. Postum well boiled produces a delicious beverage, satisfying and nourishing. Quit drugging and poor food and Come Up Where You Belong.

IT'S A GOOD TRADE To leave off Coffee and take on POSTUM THE LIQUID FOOD 10 days' trial is proof!

FAMOUS BOXER IN SIMPLE LIFE.

Tommy Ryan on His Michigan Farm. The He Hasn't Retired From Ring. Boston Harbor, Mich., Oct. 10.—It is doubtful if any pugilist, whether retired or not before the public, leads as free and independent a life as does Tommy Ryan, champion of the middleweight championship. Tommy's right name is Joseph Young, and while he has threatened time and again to go into permanent retirement and sail around the globe, he has never done so.

Men who have not spent their lives in the ring and retired from boxing, have bought a country place, seldom take up the active duties of a farmer. But that is not the case with the world's famous boxer. Ryan is a farmer, and is proud of it. He dresses as a workman, and is not at all distinguished in his appearance. He is a few dollars better off than the average man, but he is not a rich man. He has a few acres of land, and he has a few chickens, but he is not a rich man. He has a few acres of land, and he has a few chickens, but he is not a rich man.

ROSEBERRY'S LENGTHS

Brookdale Nymph Captured Two-Year-Old Stake in Track Record Time.

New York, Oct. 10.—Roseberry, holder of the world's record for a mile, circular, at the prohibitive price of 1 to 20, easily captured the fifth race at Belmont Park today. The Ben Strome gelding jumped away in front and, making all the pace, won by eight lengths in 1:25 1/5, within 1/5 of a second of the world's record for circular track, made by The Musketeer in 1902.

PENNY POSTAGE FOR WORLD. HENNIKER BEATON'S PLEA

Is Backed by Strathcona, Roberts, Kipling and Many Other Prominent Britishers.

(Canadian Associated Press Cable.) London, Oct. 10.—The strongest plea yet made for the universal penny postage appears in The Times in a three-column letter from Henniker Beaton, with an assurance from peers and members of parliament of their support. Among these are Lord Roberts, Lord Strathcona, Lord George Hamilton, and Sir John E. Gorst, also Rudyard Kipling, Bishop of Ripon, and others. All are willing to add their names to the league Mr. Beaton is forming to attain his object.

Lord Strathcona, after a note of praise for Mr. Beaton's efforts on behalf of imperial penny postage, said he believed further effort would be made to extend the boon till they meet with success.

Mr. Beaton says his letters represent national feeling, and that it is impossible to add to their force and authority. He reviews the reasons in favor of the adoption of the project, and estimates the cost for the first year at \$125,000, and concludes that the people of all the principal foreign countries are in sympathy with the project.

"It may suit England to agree to introduce the boon gradually," Mr. Beaton says. "If timid financiers decline to accept the whole burden I have the assurance of the support of the chief German commercial men and the leading French, Austrian and Belgian chambers of commerce, bankers and merchants."

The Westminster Gazette, in commenting, says the postoffice will easily be able to meet the cost of the project, and adds: "Now that we have penny postage within the empire, the other step only requires a little courage on the part of the administration of the postoffice."

HIT CURVE AT HIGH SPEED PASSENGERS HURLED TO ROAD

Mr. and Mrs. Joseph F. Mowat Are Victims of a Street Car Accident.

Mrs. Joseph F. Mowat, the wife of the accountant of the license branch at the parliament buildings, is confined to her bed at the Mowat residence on Avenue-road as the result of a street car accident. While her injuries are not thought to be serious, she is so wrought up over the accident that her internal injuries are thought of secondary moment.

Mr. and Mrs. Mowat were on an Avenue-road car on Sunday morning. They intended to get off at the corner of Bloor, and to this end walked out to the rear platform before the car came to a stop. To their surprise the motorist allowed the car to strike the curve at nearly full speed.

Mrs. Mowat was precipitated from the car by the jolt, and struck the curb about 15 feet away. Mr. Mowat succeeded in bringing his fall by catching the handle of the car. The force of the jerk was so strong, however, that he fell to the pavement beside the car, his head having struck the boulevard.

She was taken home, where she has been under a doctor's care since the accident.

CONCERNING A FELLOWSHIP.

Permission Was Given to Winner to Go to New York.

There is dissatisfaction among a portion of the students at the university regarding the award of a political science fellowship was awarded this year. It is worth \$300 a year to the recipient, and is consequently a much coveted prize. It is said the word went forth that the winner must continue as a student of Toronto University, which had the effect of deterring several students from entering because they intended to attend Osgoode Hall. Only three candidates wrote. Mr. Mason, the winner, has left the university, and is now going to Columbia, where he won another fellowship.

There is no difficulty regarding the fellowship," said Prof. Wrong yesterday. "Mr. Mason asked permission to take the fellowship with him and it was granted. It has been done before."

Fewer Students at O.C.P.

Owing to the higher standard of entrance examination required for admission, the registration of students at the O.C.P. this year is only 60, as compared with 145 last year. Whereas it used to be that the high school entrance examination was required, the university matriculation examination is now demanded.

A Friend in Need—

Dyspepsia Diarrhoea
Torpid Liver Flatulence
Appendicitis Hives
Rheumatism Neuritis
Catarrh Vertigo
Colic Sciatica Pimples
Womanly Troubles
Worms Blisters
Eczema Ulcers
Dysentery

In such cases a little Cascaret in time is worth fifty dollars worth of treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

A coming Headache can be warded off in short order, by a single Cascaret, and the cause removed.

Heartburn, Gas-belching, Acid-risings in the throat, and Colicky feeling are sure signs of bowel trouble from food poisons, and should be dealt with promptly.

One Cascaret will stop the coming trouble, and move on the Bowel, long, if taken at the first signs.

Don't fail to carry the Vest Pocket Box of Cascarets with you constantly.

A thousand dollars a year spent in amusements could not buy for you half so much hearty Happiness, solid Comfort, cheerful Temper and Health Insurance as that little Ten Cent Box of Cascarets.

All Druggists sell them—over ten million boxes a year.

WAGE WAR ON MORMONISM PRESBYTERIANS TAKE LEAD

Home Mission Committee Donates \$100 Toward Beginning of Active Campaign in West.

The Mormon question in the Northwest Territories has many long points about it that the Presbyterian denomination has decided to take active steps in the suppression, if possible, of the spread of Mormonism in Canada. At present there are about 6000 followers of Brigham Young in the district surrounding Lethbridge, and all are active in the propagation of their religion.

They are extending their influence and during the past summer have started a town for themselves situated between Lethbridge and Medicine Hat, and called Tabor. Its population is rapidly growing, as the result of stirring Raymond, McRaur, Springvale and Karisden, which are essentially Mormon towns. The presence of these colonies of the Mormons there are so strong that circulars are issued setting forth the particulars of their religious tenets.

"This distribution is even taking place in British Columbia," said Rev. Dr. MacLaren of the home mission committee. "They claim that polygamy is not practiced, but it is the foundation of their religion. Polygamy at Vancouver is a subject of a special act when the Mormons were allowed into Canada. The title of one of the Alberta papers, also a Mormon himself, admitted that it was being practiced. Another Mormon denied it flatly."

The Christian work in the Mormon towns is centered about the central portion of Gentile population, who are held together by missionaries, who work under disadvantages situated by the feeling there is against them in those towns. The Mormon population is gradually going northward, and the control of more territory. The Cochran estate of 5000 acres was recently purchased for the people from Utah. The Macleod Presbytery took the invasion so much to heart they appointed a committee consisting of Dr. S. Kilpatrick of Knox College and Messrs. Hamilton, Gordon and McKillop to see what could be done to quell it. The Vancouver Presbytery endorsed the action of the Macleod Presbytery and added the name of Dr. MacLaren to the committee. This year the work came up before the western section of the home mission committee of the Presbyterian Church in Canada, which held its half-yearly meeting yesterday in the Confederation Life Building.

It was generally considered to be one of the great questions of the west, and it was decided to aid the recommendation of Presbyterian literature in an anti-Mormon campaign. One hundred dollars was set apart for the purpose.

"We are going to make war a still bigger question of it," said Dr. MacLaren, after the meeting.

The following missionaries were appointed: Quebec, William Miller; Barrie, Rev. George A. Youmans, W. G. Patterson, North Bay, Rev. George Lamb, Rev. D. Smith, George Roland, James Erskine, Lindsay, Rev. T. Smith; Hamilton, Rev. J. J. Kelso; Toronto, Rev. A. Laine, Rev. Gillies Eadie, Rev. B. Bevan, Rev. W. W. Wilson, Rev. G. McGregor, W. Carpenter, K. McLean, K. F. McKenzie, Francis Longmore, Rev. W. W. Wilson, W. D. Misener, Rev. D. McKenzie, Rev. Jas. McMillan and F. Elliott.

The claims on the fund of the committee allowed during the past six months amount to \$4,000, of which the following are the amounts: British Columbia and Alberta, \$1,971; British Columbia and Quebec, \$1,365.50; Ontario and Quebec, \$1,702.25.

A resolution of sympathy for Rev. Dr. MacLaren, in his mission, was passed. He is the convener of the committee.

THACKERAY TRIES SUICIDE

Toronto Man Slashes His Wrist in Detroit Jail.

Detroit, Oct. 10.—Yesterday a man about 30 years of age, who gave his name as George Thackeray, was found in the cell of the Detroit House of Correction with a razor in his hand and a deep laceration in his neck and wrist. He held a razor in his hand and had cut his wrist and neck. He was overpowered and placed in the hospital ward. He had cut himself severely, and was not dangerous.

He got the razor yesterday from the officials while they were being handed out to prisoners who wished to shave themselves, and then hid it away.

COPY ONTARIO METHODS IN CARING FOR CHILDREN

J. J. Kelso Home From Tour in the South—Georgia Philanthropist Was Deeply Impressed.

J. J. Kelso, superintendent of neglected and dependent children for Ontario, returned yesterday from a vacation spent in the Southern States where he addressed meetings and got a number of pointers on methods of caring for neglected children. Among the cities visited were Atlanta, Ga.; Louisville, Ky.; Nashville, Tenn.; Cincinnati and Cleveland, Ohio.

At the Cleveland Orphan Asylum and the Children's Home in Cincinnati, he made a close study of the methods of those institutions, both of which have been about 20 years in existence.

In Georgia, where there is a great deal of child labor in the cotton fields, Mr. Kelso at a meeting in Atlanta impressed upon the people his views upon its evil. A strong sentiment is beginning to prevail against it there.

At the close of the meeting a gentleman endorsed Mr. Kelso's remarks, and offered a donation of \$25,000 towards establishing in the state a department similar to that in Ontario, of which Mr. Kelso is the head.

Great interest was manifested in Ontario's system of municipal and provincial government.

"Mr. Kelso said Mr. Kelso, "that in Ontario we have a smaller proportion of children in institutions than any state of the union or in Great Britain. The children placed in foster homes are all doing well."

"Ontario's laws regarding child labor have been copied in the United States. For instance, the juvenile court now used in Chicago is a model of our system. Our divorce and temperance laws, especially regarding liquor licenses, are also admired."

Mr. Kelso has considerable reputation in the United States along the line of his work and first came into prominence when elected several years ago to the vice-presidency of the International charity conference.

CONFERRING WITH MAYOR RE LEVEL CROSSINGS

While the last called meeting of the civic level crossings committee failed to get a quorum, and while another meeting will not be called for another week at least, Chairman Ald. Geary is not inactive. He has been conferring with the mayor on the question, and says that progress is being made independently of the rest of the committee.

Of the C.P.R.'s objection to the railway commission that the proposed bridge at the Don crossing would be too costly, Ald. Geary said that the attitude naturally to be expected. He did not see a great deal of force in the objection, and said that the railway suffer unduly thru land damage, as the value of surrounding property was not great.

TWO OLD WATER TANKS FOUND IN THE GROUND

Excavators for the new Sunnyside street water main yesterday morning uncovered two large water tanks of cedar planks and filled with water, probably half a century old. The tanks are of the sort used some sixty years ago in the fire protection of Toronto. The tanks found are about 12 feet in diameter and in depth.

DOCTORS IN LUMBER CAMPS.

Last year there was considerable negligence in reference to the regulation, providing for a medical man in each of the lumber camps in winter. The provincial board of health is sending out circulars reminding the lumbermen and lumbermen of the necessity of observing this regulation. The men are to be provided with a first aid kit for this protection, and in illness receive medicine, attendance and hospital attention free.

ESTATES OF THE DEAD.

Mrs. Mary Koch of Markham Township left \$4200, chiefly in Standard Bank shares worth \$235, and house and lot worth \$1500. Subject to the usual interest the rest goes to J. W. Ely and Elizabeth Ely, second cousins. A niece, Mary Haug, gets a half interest in the furniture.

Sarah Clarkson, widow, Etobicoke, left \$453.11 cash to her son.

To the Court of Appeal.

The court of appeal yesterday asked to take under consideration and to decide the question as to the eligibility for teaching of Christian Brothers and others who have no provincial certificates, submitted by the lieutenant-governor-in-council, and resulting from the case of Gratian v. Ottawa Separate School Board.

CANADA-CUBA LAND & FRUIT CO., LIMITED

The Land of Sunshine

Canadians Settling IN CUBA

Our best references are those who have visited our vast Cuban Estates and have returned and now are among the largest purchasers.

Those desiring to better their position in life, or anticipating a change in occupation, or looking for an investment which is sure to treble in a short period, will do well to call and get full information regarding this profitable proposition.

We will be pleased to give the names and addresses of hundreds of the best citizens of the Dominion who have purchased and are locating upon these lands, intending to cultivate the same, and make happy homes for themselves on these fertile lands.

As an illustration, the sales to the sons of Canada for ONE MONTH amounted to \$36,900.00. This is not the largest month's sales, but is taken as a fair average of the sales of these Rich Fruit Bearing Lands which are destined to make many Canadians independent in a few years.

An Orange Plantation is sure to produce a permanent income for the landholder of Canada-Cuba Lands, all of which lie in a rich fertile belt, and are so situated that they possess the best shipping facilities and a ready market for all the products in Havana and New York.

The lands have only been on the market for a few months, and upwards of 20,000 ACRES already have been sold.

The Company is composed of well-known business men of Canada, which is a guarantee that every representation will be found to be correct.

C. P. R. IS NOT SATISFIED.

Wanted Superstructure Made Exact and Will Fight Assessment.

The hearing of appeals against assessments in Ward Five was resumed by the court of revision yesterday. The respective liabilities to assessment of the occupants of the St. Lawrence Hall building at the southwest corner of King and Jarvis-streets were settled. The Dominion Bank branch is to be levied upon for \$10,500; Reisinger and Reisinger, for \$2500, and the assessment of residents in the Woodbine district for their share of the cost of the sewerage system to be installed was confirmed. A petition against the extension of Police-avenue from Queen-street to the city limits, and the assessment upon property holders, because his residence at Queen-street and Kenilworth-avenue has not city drainage, W. A. Warren protested against being assessed thereupon. The city engineer recommended reducing the taxation on the 60 feet frontage on Queen-street, and this was done. The C.P.R. claims exemption on its superstructure on Liberty-street, and from Queen's Wharf to King-street, and he discovered every man's business assessment from \$5000 to \$3300 per mile, but the C.P.R. threaten to go to Judge Wilson.

R. Douglas, 165 Dundas-street, complained that his business assessment of \$1000 was excessive. The value of his stock, it was explained that he is assessed at 25 per cent. on his premises.

DISCOVERED BAD CHEESE ALSO THE GUILTY PARTY

Brookville, Oct. 10.—(Special.)—N. G. Somerville, who has charge of the Dominion government cold storage stations here, states that while making an examination of cheese at the Beachburg Fair, from which he has just returned, he discovered every man's business conditions as from Ruddy's is reported to have met with in England.

Somebody had a quantity of sour curd worked into them. The cheese were made in Quebec and the guilty person has promised to make restitution.

STRIKE BREAKERS HOUSED IN BOX CARS ON SIDING

Chicago, Oct. 10.—A weary, hungry lot of non-union switchmen spent last night in box cars on a siding of the Grand Trunk freight yards in Etobicoke. They did not take the lodgings for choice, but because the residents of Etobicoke, out of sympathy for the strikers, had driven every non-union man from shelter in the suburb.

Even the saloons refused admittance to the unwelcome strikers.

TO PASS UPON SEWER PLANS BOARD OF HEALTH WILL MEET

Dr. Hodgets will call a meeting of the provincial board of health during the last week in October to pass upon plans for new sewers submitted by the various municipalities.

Every sewer constructed in any municipality must be endorsed by the board, and the department desire that the reports be as complete as possible as this is the last meeting before the winter.

NO SUBSTITUTE

has yet been found for cod liver oil. There are so-called extracts, wines and cordials of cod liver oil that are said to contain the active principles but not the oil itself. This is absurd on its face. You might as well extract the active principles of wheat and make bread with them. The best form of cod liver oil, that can be digested and assimilated most easily, is Scott's Emulsion.

THE JUDGE AND THE PLUMBER.

Pin Holes in Bath—Use it as a Shower, Then.

Judge Morson's observations yesterday about plumbers seem almost to have been weighted with experience. Guest & Co., sued C. W. Coleman in division court for \$83.34. Coleman said it had cost him that to have the plumbing properly repaired. Said the judge: "A man should be a plumber if he wants to get rich! Fifteen hours to connect a gas range. What on earth were you doing all that time?" "Did you do the work yourself?" "No. My men did it."

"I suppose, then, that they turned in their own time. Fifteen hours! Probably he was looking out of the window ten out of the fourteen charged for."

"The pipes were taken out and put in again," explained the plaintiff.

"Yes! Oh, yes! You take them out and put 'em back again, take 'em out and put 'em back again. That is the way the plumber works. He takes them out and puts them in again. They have been doing that for 40 years. It is a government contract, and the government are paying for it."

"Is this the bill of complaints?" he continued, as the defendant produced a list of alleged defects in the plumber's work.

"What! Pin-holes in the bath. Screw it to the ceiling and use it as a shower bath. Sit on the pin-holes and block 'em up. That kind of plumbing is all right."

Mr. Hogarth of Fiddes & Hogarth stated that the cost of the work was about right, but that the work should be put in better condition. It was only fair that the job should be left in good order. As to the time he could not say.

You plumbers should have some way of checking up your men's time," said Dr. Greig, declaring an inquest unnecessary. In his 20 years' experience, he said, he had never seen a suicide, so deliberately planned.

Hurst was an Englishman 46 years of age, and leaves a widow and four children.

AFRAID OF LOSING AN ARM PATIENT TAKES OWN LIFE

Thomas Hurst Hangs Himself at Hospital—Suicide Carefully Planned.

Thomas Hurst hanged himself in the Gardener's Lodge at the Toronto General Hospital during Monday night, and the body was found yesterday morning. Fear that he was to lose his right arm by amputation is thought to have induced the deed.

Hurst lived at 279 Farley-avenue, and was formerly a G.P.S. employe. In May he was admitted to the hospital with a badly splintered fracture of the right forearm. Two weeks ago he was told another operation would be necessary.

On Saturday Hurst was given permission to go and draw some money from the bank. It is thought he then purchased the rope. Hurst knew where the key of the lodge was kept, and so was able to secure admittance. At 7.30 yesterday Fred Woolston, the assistant gardener, found the body. After having the use only of his left arm he opened a trap door in the ceiling, crawled thru dust and cobwebs and knocked away the plaster to allow the rope to be attached to the beams.

Dr. Greig declares an inquest unnecessary. In his 20 years' experience, he said, he had never seen a suicide, so deliberately planned.

Hurst was an Englishman 46 years of age, and leaves a widow and four children.

Free Until Cured

Not One Penny in Advance or on Deposit

Forty years ago, when I first discarded drugs and devoted my whole attention to the study of Electricity, I could not afford to do business on to-day's basis, but I have so perfected my Electric Appliances, and the knowledge I have gained from all these years of experience and research is so great, that I will now give my world-famed Dr. Sanden Electric Belt, with Electric Suspensory, to any man who suffers from Nervous Debility, Varicocles, Losses, Rheumatism, Lame Back, Stomach, Liver and Kidney Troubles, absolutely

FREE UNTIL CURED

I don't ask you to pay or deposit one cent until I convince you. Simply call or write for a Belt and wear it for two months, and if cured pay me the usual price—in many cases not over \$5.00. If not cured, return the Belt, and that ends the matter. If you prefer to pay cash, I give you the usual wholesale discount. Be sure you get the genuine! My great success has brought forth many imitators, and I must caution the public against their worthless, blistering imitations.

Call to-day and take a Belt along, or write for one and my two valuable books on Electricity and its medical uses. Sent, sealed, free by mail.

Farmers' Horse Notes.

When you want the best give him plenty of oats and he will go thru the mill, but no other grain will take the place of oats.

Cleaning the Plow.

Neglect to thoroughly clean plows and harrows is a common fault in many instances. It always pays in the end to devote a liberal attention to this operation.

Slilage for Horses.

Slilage may be used in moderate quantities throughout the winter season. The silage should be sweet and well preserved. Moldy, sour or fire-fanged silage should not be fed to horses.

The Busy Hen.

Young fowls should soon get into snug quarters. One man has eggs when other men have chickens. It is worth while to find out their reason.

QUEBEC IS LAW ABIDING.

Quebec, Oct. 10.—The cases before the Criminal court are not of sufficient importance to justify the expense of holding a full term, and have been carried over until the spring term.

OTTAWA'S POPULATION 65,000.

Ottawa, Oct. 10.—Ottawa's population at the end of this year has been estimated by the assessment commissioner's report at an increase of 2000.

CATTLE MARKET RECEIPTS

Table with 3 columns: City and Junction, Week ending, Corresponding week, 1904, 1905. Shows an increase in receipts for both weeks.

The Boy on the Farm.

The boy on the farm should receive encouragement. There is nothing under the sun, moon, or stars that he is not expected to do.

C. F. R. Expressing.

Montreal, Oct. 10.—(Special).—C.F.R. traffic earnings for the week ended Oct. 7, 1905, were \$1,189,000 for the same period last year, \$1,057,000.

Anybody who has ever seen Rosa Bonheur's famous picture "The Horse Fair" and passed along Nelson-street, when the horses were being shipped from the Repository, must have been reminded of it.
