ABOUT THE WAR CLOUD

Nothing of Startling Import Has Occurred Yesterday, But Both Britain and France Are Going on with Preparations—Stock Markets Were Depressed Yesterday and Wheat Took an Upward Bound—France Still Shows Stubbornness in Regard to Fashoda.

The British Admiralty has ordered the reserve warships to take stores on board immediately, and the projectile factories at Sheffield are working day and night at high pressure.

The dockyards at Portsmouth, Devonport and Chatham have each received instructions to prepare six 30-knot torpedo boat destroyers for commissioning so that they will be able to put to sea in 24 hours.

Overtime has been ordered to be begun on the first-class cruisers Europa and Andromeda, so as to hurry them for sea service.

Financial circles in London do not regard the political situation as serious, yet there was a decided slump in securities yesterday.

A rumor was current in London yesterday that the British Government has secured the principal vessels of the Cunard and White Star lines as auxiliary cruisers.

It is stated that the British North American squadron has been notified to mobilize at Halifax.

The French newspapers warmly endorse the position of M. Delcasse, Minister of Foreign Affairs, on the Fashoda question, as set forth in the yellow book just issued. The *Reclaire* of Paris says: "As to an outlet on the Nile, we have an absolute right thereto and will brook no refusal."

The crux of the situation is this: Will France recall Marchand? If that is done there is a prospect of amicable settlement; if not, war seems inevitable.

The slump in stocks in the London and Paris markets yesterday, and the rise in the price of wheat at New York, Chicago and other markets, are signs which show the direction of the wind, and add seriousness to the situation; for it is generally acknowledged that the money markets constitute the surest barometer in war matters. However, a London despatch says that the best financial quarters consider war as out of the question.

The Regent of Egypt appears to favor Great Britain.

STUBBED OUT HIS TOES.

COBLER LAURIER: Seems queer how that young feller Sifon has wore out his shoes so soon.
MR. MANITOBA: The C.P.R. "lies" done it mostly, boss. That young man's too fond of railroad tracks.

ANOTHER BLUE BOOK.

British Government Makes a Further Deliverance Which Has Given Satisfaction.

London, Oct. 24.—The French Ambassador to Great Britain, Baron de Courcel, will arrive here from Paris to-night, and there is good authority for the statement that he is the bearer of a proposition to the Marquis of Salisbury, which may satisfy both Governments.

The British Government will issue another blue book to-night, the most important feature of which will be a despatch, dated Oct. 12, from the Marquis of Salisbury to the British Ambassador at Paris, Sir Edmund Monson, reporting the previous interview with Baron de Courcel, in which the latter wished to ascertain what solution of the question was possible, and in which the Marquis of Salisbury says:

"I generally insisted that the Nile valley had belonged and still belonged to Egypt, and that whatever delimitation that Nile had suffered by the Mahdi's conquest had been removed by the victory at Omdurman."

The Marquis of Salisbury then pointed out the helplessness of Major Marchand's position, which Baron de Courcel denied, and finally the British Premier, in response to Baron de Courcel's suggestion, offered to supply Major Marchand with food and ammunition in order that he might be able to reach French territory.

Baron de Courcel then said France wanted an outlet to the Nile, and the Marquis of Salisbury requested that the whole proposition be made in writing.

This was the last interview between the Ambassador and the Premier on this subject. Baron de Courcel then went to Paris, and it is thought that the proposition which he brings to-night embodies the points indicated in this communication.

The British Cabinet Council has been fixed for Thursday next.

Some Significant Orders.

The British Admiralty issued a number of significant orders this morning. The dockyards at Portsmouth, Devonport and Chatham have each received instructions to prepare six 30-knot torpedo boat destroyers for commissioning, so that they will be able to put to sea in 24 hours.

Overtime has been ordered begun on the first-class cruisers Europa and Andromeda, so as to hurry them for sea service.

Several galleons in the different dockyards have been ordered to postpone unnecessary re-fitting.

MISGIVINGS DISSIPATED.

Monday's Blue Book Welcomed by the London Papers.

London, Oct. 25.—The Fashoda yellow book issued by the French Government, having left some slight misgivings in the minds of the London papers, the French Ambassador, Baron de Courcel, is reported to have been despatched to relieve the British mind.

The Standard says: "The blue book removes apprehensions regarding Lord Salisbury's position which it would have been unsafe to leave uncorrected."

The Daily News thinks the blue book confirms the impression left by the yellow book, namely that France is seeking a loophole.

WARLIKE PREPARATIONS.

France May Be Peaceably Disposed, But Has a Very Strange Way of Showing It.

Paris, Oct. 24.—The municipality of Toulon has been notified that the place will be the centre for important military and naval preparations, and to arrange for the immediate reception of four battalions of infantry, 1500 marines and 800 artillerymen. Consequently the municipality has decided to close the schools of Toulon, which will be used to lodge the troops.

The naval authorities of Toulon have been ordered to expedite preparations for fitting out a new squadron of warships.

The newspapers here to-day warmly praise the exposition of the French side of the Fashoda question presented by the Minister of Foreign Affairs, M. Delcasse, in the yellow book on the subject issued yesterday.

The *Figaro* says: "If the British Government rejects France's first proposals, it can only be because the Government of Great Britain desires, before everything else, the humiliation of France."

The general tone of the French press comments is reflected by the *Reclaire*, which remarks: "An agreement regarding Fashoda can be arrived at, provided Great Britain does not persist in asking for the immediate recall of Major Marchand. But, as to an outlet on the Nile, we have an absolute right thereto, and will brook no refusal."

A Week for Comparisons at Dinneen's.

The best kinds of logic, like the best kinds of hats, sometimes get passed after constant use and wear through years. "Buying in large quantities direct from the makers (or spot cash) always meant the largest trade with intelligent buyers, at the lowest cash prices, at Dinneen's. This will always remain the logical trade attraction at Dinneen's—but this week, the great hat house, on its entry upon the thirty-fifth year of its existence, is engaged in a gigantic effort to permanently and conclusively fix the reputation, strengthened through years, that no exclusive hat house in Canada, and no hippopotamus variety store dealing in "hats on the side" are able to offer the same qualities of hats which may be compared to Dinneen's at Dinneen's spot-cash prices. There are larger varieties of styles, greater assortments of qualities, a wider selection of standard makers and a nicer grading of prices at Dinneen's than a man in quest of a good hat will find anywhere else. Examine the grand "special" \$2.50 and \$3 hat at Dinneen's, and the comparative high values of styles and qualities, above and below these prices, in the show-week displays of fine hats at Dinneen's."

FRUITFUL MISAPREHENSION.

The Salisbury despatch, in conclusion, said: The extreme indefiniteness of Baron de Courcel's propositions made it impossible for me to express or form an opinion relative to the territory claimed by France in the Bah-el-Ghazal region. Under the circumstances, the discussion has been fruitful of misapprehension. I informed the *Reclaire* that it was in no way my duty to discuss the French claims now, but that in abstaining therefrom I must not be understood as in any degree admitting their validity.

The blue book also contains interesting letters from Mustafa Fohy, the Regent of Egypt, to General Kitchener, and Lord Cromer, the British diplomatic agent, respectively, showing Egypt's attitude. He writes to General Kitchener, warmly thanking him for taking possession of Fashoda, and the province recognizing Egypt the province which she has ever existed, and from which she only retired provisionally.

The Regent, in writing to Lord Cromer, protested against "the French violation of an Egyptian territory," adding that Egypt had never lost sight of the re-occupation of the provinces of the Sudan, which are the actual sources of the vitality of Egypt, and from which she only withdrew owing to force majeure. He also said that the reconquest of Khartoum would fall to have its effect if the Valley of the Nile was not restored to Egypt.

Mustafa Fohy concluded with refer-

LEAPED TO DEATH.

His Postponed Marriage Preyed Upon His Mind and He Sought Death in the Water.

Sault Ste. Marie, Oct. 24.—A telegram reached here on Monday that John Plunkett had jumped overboard from the steamer *Desmond* when off An Sable on Sunday and was lost. The deceased has been working in the vicinity of the Sault all season. He left the Queen's, and had boarded for a couple of weeks, on Friday last to seek work on the American side. His father is Division Court Clerk at Meaford and is very wealthy. John who was about 25 years of age, was a good natured generous boy who was liked by everybody. The father who is a close friend refused to give this boy who was a good and steady worker anything to support him, barely allowing him food and clothes. A year ago he entered suit against his father for wages due him for several years services. Recently the case was decided against him. He was engaged to a bright and winning young lady. The result was broken and two large plantations of the marriage. This disappointment evidently preyed upon the poor fellow's mind causing him to commit the rash act which ended in his death.

A hard-hearted and grasping parent may realize as he gazes on the form of his noble boy, covered with death, that it was owing to his unnatural course towards his son that this awful calamity has been visited upon him.

A Sailor Lies at St. Michael's Hospital in a Hopeless Condition—Fingers Crashed.

George Warren, of 85 Centre-avenue, an employee at Deacon & Eddy's coal docks, had his left leg badly crushed yesterday while adjusting a pulley, the tip of it was amputated at the Emergency Hospital.

Edward Ouldred of 21 De Grass-street, employed in Telfer's paper box factory at Johnson-lane, had his hand crushed in a stitching machine yesterday, crushing off the point of his left index finger. The injury was looked after at the Emergency Hospital.

John Lacey, 11 Virgin-place, was taken to the General Hospital with a dislocated right ankle. The injury was received while the father was broken and two large plantations of the marriage. This disappointment evidently preyed upon the poor fellow's mind causing him to commit the rash act which ended in his death.

MONTREAL MAN DEAD.

J. C. Roddiliard, a Wealthy Man, Cut Down in New York.

New York, Oct. 24.—J. C. Roddiliard, a wealthy citizen of Montreal, died tonight suddenly in his room at 53 West Broadway-street. He is believed that Mr. Roddiliard, who was 80 years of age, was attacked with heart disease as he was in the act of lighting the gas. He was found seated in a chair near by and in a position to indicate that he had just time to sink into his chair before expiring.

Mr. Roddiliard has a son, Orville Roddiliard, a lawyer, with an office at 25 Pine-street, this city. The son could not be found to-night, and it was thought that he was out of the city on business.

MONTREAL IS EXCITED

Because of Rumored Charters of Steamships by the British Government—What Would French Canada do in Case of an Anglo-French War?—Mr. Tarte's Paper Advocates an Alliance Between the Two Nations Now at Daggers Drawn.

Montreal, Oct. 24.—(Special)—A most important rumor reached the city to-day. A well known citizen told your correspondent that he had seen a telegram to the effect that the British Admiralty had chartered the entire fleet of the Cunard Company, and that similar action would be taken by the British Government, regarding other trans-Atlantic liners. This action on the part of the Imperial authorities, is of course, in anticipation of trouble with the French Republic. In case a war should ensue between England and France it has often been asked during the last days, what side the French Canadians would espouse. The answer is easy enough, they would espouse the side of common sense. The masses know nothing about France, and care less, and would look for the news from day to day with about the same interest as during the fight between Spain and the United States. The clergy to a man, would regret to see war between the two nations, but they would be as loyal to Great Britain as in 1776, 1812 and 1837, and that means a great deal.

A reading French Canadian newspaper sentiment in Montreal, an allowance is made to be made for the fact that their leading writers are French from Old France, and in nine cases out of ten, do not speak for French Canada. The editor of *La Presse*, for instance, is Frenchman, and has always discussed Canadian questions through French spectacles. He is a sincere and able man, but it is, as they say, "plus fort que lui." Here is one of his articles. "The English Minister of Finance heavily put two big Anglo-Saxon feet into the diplomatic dish, at a moment when the authorized representatives of English trade and industry were solemnly expressing their desire that there should be no conflict between the two nations." The article then adds, "The absurd brutality of Sir Michael Hicks-Beach has the effect that might have been expected. It has aroused public indignation in France and rendered a continuation of courteous relations between the two countries almost impossible."

La Patrie Keeps Cool.

La Patrie, the organ of the Dominion Government, keeps quite cool, for Hon. Mr. Tarte evidently feels that he is treading on razors. "For me" he writes "war between England and France would be particularly painful; for while we are loyal subjects of the Empire, we are still French, and our fellow-countrymen of British origin would despise us if we did not entertain a filial affection for our old mother country. We believe that if England declares war against France, she will also declare it against Russia." Mr. Tarte then goes on to blame Lord Rosebery for trying to outbid the Government in his efforts to secure popularity, and adds that it was Rosebery that forced Lord Salisbury to take so threatening an attitude towards France. In England, says *La Patrie*, a reverse of fortune or defeat would not in any way shake the Queen's authority or the political institutions of the country, yet in France they would lead to a revolution.

Further on *La Patrie* says: "Can anything be sadder than the action of a portion of the French press seeking to dishonor the leaders of the French army? 'What is necessary' concludes Mr. Tarte, 'is an alliance between England and France, and not war. This alliance would be based on natural laws, and the wants of humanity, which aspire to progress in peace and in concord.'"

ST. ANDREW'S TO CONNELL.

A Cablegram Sent Last Night to Yokohama, Japan.

Offering Rev. A. Connell \$5000 and the Mause-A Reply Expected To-day—An Unanimous Call—The Story of St. Andrew's Romantic History Told in Six Chapters—There Will Be a Sequel.

Chapter One.

A bright-eyed clergyman, Irish of an ancient clan, magnetic, a wonderful preacher; hair that caught the light and gleamed like gold; a man, powerful, with a voice deep as a tomb, courageous and well beloved, preached Sunday after Sunday.

"The most popular preacher in Canada," his thoughts were noble, his words burning, his delivery stupendous. The congregation was one of the happiest in existence; wealthy adherents, capable management, a traditional record, fortune smiled.

Chapter Two.

But behold how things change! The idol is fallen, a sermon has been preached holding the congregation up to the light of the world as heavily in debt, having misappropriated the debt to the pastor. Indignation is rife. The old members are angry—it is a direct blow in the face. Why was it done? Did he presume on his undoubted popularity or—then a call to Chicago was mentioned. The preacher had shown his grasp of dollars and cents in the sermon; was he still betraying the trait?

Chapter Three.

Some two weeks later, and the preacher, free as a young colt, leaves the city where he has spent only some 18 months, and goes to Chicago. He has been allowed to go by his congregation. They have lost faith in him, and he says he is disappointed in them. The church is without a pastor—no leader, and hundreds of Toronto's influential families waiting to be ministered to. The successor is the next thing. Who will it be? Names are mentioned by many who do not know, rumors are flying, nothing is known, except—

Chapter Four.

Last night again were the lamps of St. Andrew's Church lighted, and once again, many times since some three weeks ago, did the Board of Management and the Session sit jointly. The subject was as momentous as any preceding; it was the selection of a pastor for the flock.

However, names drafted to one name, and that the Rev. A. Connell, pastor of the Regent-square Church, London, England. It was plain the choice of the evening had settled on this gentleman. It was resolved to wire him, as the case was urgent. He was away across the ocean, at Yokohama, Japan. A message would cost \$100; nevertheless, it was decided to send the message.

Chapter Five.

Mr. Langmuir then rose, and proposed that the following cable should be sent: "To the Rev. J. Connell, Yokohama, Japan: St. Andrew's vacant; call from congregation unanimous; \$5000 a year and manure. Will await return from the East. If you accept, reply."

This message was criticised, but only as to the wording. It was pointed out that the congregation had not really tested the call—the crude mention of the \$5000 was objected to.

So the wire was twisted till it met the wishes of all, and at that was very little altered from the original form.

The message was signed "Thomas Kirk-

Some Were Not Consulted.

Enquiry at the house of Rev. J. A. Macdonald drew from him the remark that Dr. Connell was an impossibility. "Why," said Mr. Macdonald, "Dr. Connell will be absent eight months on his present trip, and, besides, he has one of the largest churches in London, England." The editor of the Westminster thought there could be no foundation for Dr. Connell's call. "The is out of the question," was his opinion.

It is understood that the pulpits will be supplied by Rev. J. A. Macdonald and Prof. Balantyne till new pastor is found.

OUR DWINDLING EXPORT TRADE.

A comparison of the trade returns for the first three months of the current fiscal year, viz, July, August and Sept., 1898, with the corresponding period of the previous year discloses an unexpected, if not a startling, situation.

TORONTO THE MANUFACTURING CENTRE.

The Hamilton Glass Co. like several other concerns, have found out that Toronto is a better manufacturing centre than any other city or town in Ontario.

SAVED BY PLUCKY INDIANS.

Narrow Escape of the Schooner Bavaria in the Gale. Mantowaning, Oct. 23.—The three-masted schooner Bavaria, Capt. M. Mahoney, lumber-laden from Byng Inlet to Walkerville, and owned by Kidd & Miller of Sarnia, went ashore one mile south of Cape Smith in a terrific gale of wind from the southeast last night.

FOUGHT TWO MORE BATTLES.

Savages Bent on the Extermination of the Japanese. Chicago, Oct. 24.—A special to The Record from Tacoma, Wash., says: The first battle between the Japanese and the natives was fought in Pohna between Japanese troops and the native savages, who seem to be bent upon exterminating the Japanese.

THE ALLIANCE AND THE PULPIT.

No truer words were ever spoken than the fearless utterance of the Rev. Mr. Hossack last Sunday, in regard to the Lord's Day Alliance. Evidently the Alliance is in a bad way. In debt so hopelessly that the treasurer threatens to resign because of its inability to pay, denounced from Christian pulpits as unfit for the task it has undertaken, described as lacking the most important essential of the religion it professes so loudly, and charged with employing wrong men and wrong methods.

Shot Himself in the Ear.

Gananoque, Ont., Oct. 24.—Joseph Lalonde, who recently returned from Klondike and bought a new hat and shoe business of J. B. Lewis, tried to end his life last evening about 6 o'clock with a revolver. The bullet entered the ear, and struck the brain, and the brain and, taking a downward course, lodged somewhere in the jaw or neck.

Swallowed a Piece of Wood.

Quebec, Oct. 24.—Vicar-General Routhier of the Basille, swallowed a piece of wood in some bread on Friday and has since been unable to attend to his duties. The wood, which was about an inch long and as thick as a pencil, and inflammation has since set in. The attending physician made an attempt to remove the obstruction, but was unsuccessful. An operation will be performed to-day.

Edwin Gould For President.

New York, Oct. 24.—At the meeting of the St. Louis and Southwestern Railway Company in this city to-day, S. W. Fordyce declined a re-election to the presidency, and he nominated Edwin Gould, who was unanimously elected, Russell Harding of the Great Northern Railroad Company was elected to succeed Edwin Gould to the Vice-Presidency. There were no other changes.

Lindsay Votes a Bonus.

Lindsay, Ont., Oct. 24.—A bylaw was voted on here to-day by the property-owners for the granting of a loan of \$200,000 to R. Sylvester, agriculturist, to assist in the manufacture of Lindsay. The voters gave a majority in favor of the loan of nearly 500.

How to Make Fort.

After crossing the shoal at the lake entrance to the eastern channel vessels must keep a N.W. course, which will bring them through the deep channel along the eastern pier, where there is fourteen feet of water.

Only those who have had experience can tell the torture course. Pain with four feet on pain with them off—pain night and day; but relief is sure to those who use Holloway's Corn Cure.

THE JOB BELONGS TO THE WIDOW.

A petition was presented to the Public School Board the other day recommending the appointment of Mrs. Charlton as caretaker of the new school that is now in process of erection at Kew Beach.

A Resolution Adopted and a Committee Appointed re the Establishment of a Poor Men's Club in the City—Speeches Outlining the Scheme.

A meeting was held in St. James' School House last evening to discuss the question of establishing a poor men's club. Among those present were: Bishop Milne, Mr. J. W. Wood, T. C. Macklem, J. F. Southworth and Dr. J. B. Street.

The Bishop's Idea.

Bishop Sullivan, at whose call the meeting assembled, took the chair, and stated that the object of calling them together was to try and arrive at some practical method of attracting men from the saloons to a club, and gradually extend the work.

Mr. Henry Toynebe's Plan.

Mr. Henry Toynebe, who is thoroughly conversant with the saloon business, and whose relatives built the Toynebe Hall on Whitechapel-road, London, England, next spoke. He favored a large establishment, and strongly urged that they should be opened at 5 a.m. and kept open all day.

Rev. T. C. Macklem thought it would be well to establish a small coffee house, and to have a large establishment.

WHO IS THE MAN?

Rev. D. C. Hossack Roundly Scores a Certain Unnamed Individual.

In his sermon last Sunday evening, in Parkdale Presbyterian Church, Rev. D. C. Hossack took occasion to refer to the recent meeting of the Lord's Day Alliance at the following manner. He said: "These were a meeting held a few days ago—I am not going to tell you what meeting it was—in the interests of a society which has worthy objects in view, and which has, I believe, accomplished a great deal of good. At that meeting there were only some fifty people present, although it had been liberally advertised, and efforts made to arouse widespread interest in the proceedings. One good brother deplored this fact and lamented that as he came down in the car he found members going to regals and other entertainments, who he thought should have been at that meeting. He blamed the ministers for it, and claimed that the people were asleep so far as this question was concerned, and that it was the fault of the ministers that they were so. I tell you it is not so. The people are not asleep—they are awake. He who aspires to be a leader of the people must give evidence of a large-hearted charity, that will be powerfully effective for good. It takes heart to win a heart. It is as true now as it ever was, that a man may give his body to be burned and if he have not charity it neither benefits him nor any one else, and the sounding brass and tinkling cymbal are with us yet. You can fool the people for a while, for a year—perhaps two years—but sooner or later they find you out, and see that you are lacking in that noble generosity of character which gives a man power over others; and further, it is my firm belief that the question of Sunday street cars would not have been settled as it has been, if it had not been for one man who was prominent in opposition to them, and who was sadly deficient in the directions which I have indicated."

JOINT TRAFFIC ASSOCIATION RAILROADS.

Case Decided in Favor of the United States.

Washington, Oct. 24.—The United States Supreme Court to-day decided the Joint Traffic Association case in favor of the United States and against the railroads. The case is considered one of the most important that have ever come before the Supreme Court, not only to the railroads, but to the general public, and because of the vast railway property involved in the case.

ABOUT THE WAR CLOUD.

Continued from page 1.

being arrived at, and they believe that, provided Major Marchand is recalled, the dispute is susceptible to an arrangement by which France will receive some satisfaction in the Bah-el-Ghazal district.

The Steele's Head is Level. Paris, Oct. 24.—The Steele, after urging peace, remarks: "France would hardly come off better in a war with England than did Spain in the war with the United States. France would be better employed in developing her colonies than in thwarting England."

The Autorte declares that France ought never to have gone to Fashoda, adding: "It was a stupid mistake, and now England will get out of it. Well, it is no use talking we shall have to get on, otherwise there will be war, which would be madness."

Activity at Halifax. Halifax, N.S., Oct. 24.—Admiral Fisher, commander of the British squadron stationed in the North Atlantic, has received from London a significant order to collect his vessels, which are now scattered. The Pallas and the Indefatigable, which arrived at Montreal several days ago from Halifax, have been ordered to return here as soon as possible. Similar orders have been forwarded to the commanders of the other British cruisers.

A correspondent called at the Admiralty House this morning and was told that after the ships arrive the fleet will be kept together to await orders.

Activity is displayed in the navy yards and arsenals. Contracts have been let for extra large quantities of coal.

Repairs are being made to the battleship Renown. The torpedo boats and destroyers are being overhauled. This is unusual so late in the season. Heretofore in the fall these kind of craft have been dismantled for the winter.

Officers Ordered Home. Major Graham of Great Britain's Service Says He Expects War. Chicago, Oct. 24.—"All officers of the English army and navy on absent leave in this country have been ordered in readiness to return home by the end of the month. This statement was made yesterday in this city by Major James B. Graham of Her Majesty's Foot Guards, one of the oldest military organizations in England. Major Graham also served for many years in the regular service and did duty in the Zulu campaign. The order, which he had just received, he said, could have but one significance. It meant that England did not intend to allow any nation to anticipate it in preparation for war, England, he said, was ready to put 672,000 fighting men in the field. The troops in the history of Great Britain was the country in such perfect readiness for war. Major Graham thinks war with France is almost certain.

France Will Get Out. London, Oct. 25.—The Paris correspondent of The Daily Chronicle claims to have authority for the statement that a decision has already been taken by the French Government to evacuate Fashoda, and that M. Delcasse, the French Foreign Minister, will do his utmost to facilitate a pacific solution.

ANARCHISTS ARE AFTER HIM. An Extraordinary Precaution Are Being Taken to Ensure the Safety of the German Emperor.

Haifa, Palestine, Oct. 24.—The police made an arrest of a well-known anarchist here yesterday. Extraordinary precautions are being taken to insure the safety of Emperor William and Empress Augusta Victoria. During the time that they are here, women will not be allowed in the streets, as the police fear that anarchists might assume this disguise.

Alexandria, Oct. 24.—An Italian anarchist was arrested here today. He was a passenger on a steamer bound for Palestine.

A COMPROMISE PROPOSAL. The American Reply Is to a Certain Degree of This Nature.

Paris, Oct. 24.—The American Peace Commissioners were in session today from 10 a.m. to almost 2 p.m., when they reported to the joint session. They took with them a memorandum in which they set forth the amended proposals of the Spaniards regarding Cuba. It is understood that the American commissioners are in a state of indecision. The consideration of the Porto Rican and Laredo questions has been merged with the Cuban question, and all the points in dispute are being carried forward to a simultaneous conclusion. When this has been arrived at, the Philippine question will be taken up. Of course, there is a possibility of a disagreement, and the Spaniards, if the American Commissioners desire to assume any portion of the Cuban indebtedness, may announce their unwillingness to proceed any further with negotiations.

The session of the joint commission today continued from 2 o'clock in the afternoon until 6:45 p.m.

NEW TROUBLE IN CHINA. Chinese Soldiers Attacked an English Engineering Party.

London, Oct. 25.—The Pekin correspondent of The Daily Telegraph says: "Chinese soldiers attacked a party of English engineers and their families at the Marco Polo bridge on the Pekin-Hankow Railway. Two engineers were injured and a railway wagon was killed. The situation there is serious. The telegraph wires have been cut at Pao-Ting-Fu, in the Province of Peccut. The foreign envoys will hold an emergency meeting to-morrow."

General Goodenough Is Dead. Cape Town, Oct. 24.—Lieut. Gen. Sir William Howley Goodenough, in supreme command of the British troops in South Africa, died today.

The Captain a Corpse. Belfast, Oct. 24.—The British barque Romanoff, Captain Hawthorne, which sailed from this port Sept. 22, for Newcastle, N.B., has returned with the captain dead.

Steam Pipes Damaged. Plymouth, Oct. 24.—The new British steamer Glencairn, from Antwerp, Oct. 21, for Montreal, has put in here with steam pipes damaged.

HIS CONDITION IS SERIOUS. What the French Doctor Says Regarding China's Emperor.

London, Oct. 24.—A special despatch from Pekin says that a French doctor, who has examined the Emperor, reports that he is suffering from albuminuria, incipient phthisis and general debility. His condition is serious. Constant foreign assistance is necessary, which the Chinese are not likely to provide.

Chinese Emperor Dead Again. Shanghai, Oct. 24.—It is reported here today among the influential Chinese that the Emperor of China was "made away with" yesterday.

A VERY WARM MEETING. Was That of the Toronto Conservative Club Last Night—Nomination of Officers.

Before the nomination of officers for the ensuing year at the Toronto Conservative Club last night a rather spirited discussion took place in regard to those members who are indebted to the club and have given 1.0-U in settlement thereof. The Executive in their report advised that those members who are in arrears to the club should have their names read out before the meeting and afterwards posted up in the club rooms. The president, E. M. Dumas, however, ruled that this would be out of order, and not in accordance with the constitution of the club. He also mentioned that those who are behind in their dues should be notified, and if they still remained behind they would be barred from voting at the coming elections, and their names would then be made public. The motion was carried.

Before proceeding with the nomination of officers, the president called upon Mr. Dumas, the ex-president of the Toronto Conservative Club, to address a few words to the meeting. Mr. Gray in a short speech complimented the club upon the good work it was doing, and proposed a great future for it. The nomination of officers was then proceeded with, with the following result:— President—E. M. Dumas, Claude Macdonald. First vice-president—Walter Bruce (elect). Second vice-president—J. R. Allen (elect). Third vice-president—J. Francis, Nicholas Murphy. Recording Secretary—Harry Johnson, T.A. Hunt. Corresponding secretary—D'Arcy Hinds (re-nomination). A. Gould (re-nomination). Chairman House Committee—W. Lee (re-nomination). Secretary House Committee—H. C. Brown (re-nomination). Committee—J. R. Mason, E. M. Dumas, R. Elliott, A. Downey, C. M. H. World, J. Rodgers, W. McLaughlin, H. Alderson, C. Malinpie, George Semple.

CATHOLIC LADIES' GAY TIME. In St. George's Hall Last Night—Many Present.

The second annual at-home of the Catholic Young Ladies' Truth Society was held in St. George's Hall last night. About 150 couples were present, who, indulged in dancing, besides a large number of older people. The evening was a very enjoyable one, and the younger ones having a good time. The musical part of the program was particularly good, and was looked after by Miss McMahon, Mr. Wickert, Mr. Gill, Mrs. McKinnon and Mr. Handley. Peterboro, also took part. The dance hall was beautifully decorated, and the supper room and tables were festooned with yellow and white bunting, and the society's colors. Altogether, a most enjoyable evening was spent, and it is the society's intention to hold several more at-homes during the coming season. Among those present were: Dr. and Mrs. McLaughlin, Mrs. Dwyer, Mr. and Mrs. L. J. Cosgrave, Mr. O'Reilly, Dr. and Mrs. Fletcher, Mr. and Mrs. Lang, Miss Bertha, Mr. W. Kavanagh, Mr. E. J. Kavanagh, and the officers of the society—Mrs. W. Kavanagh, Miss Sogh, Miss O'Rourke, Miss O'Donoghue, Miss Goodie.

The party, including the surveyor, was swept off by an overbar and drowned. All the provisions were saved. The party reached an exhausted condition.

The Washakie Railroad. With its superb and magnificent service, it now acknowledged most perfect railway system in the great western tourist route. The great winter tourist route is now westward, including the famous Arkansas, Old Mexico (the Egypt of the West), Texas and California (the sunshine and flowers). Passengers by the Washakie will be afforded the advantage of other routes. Will reach more large cities than any other route in the west. The service will be cheerfully furnished by road agent, or J. A. Richardson, Passenger Agent, northeast corner of Yonge-street, Toronto, and out.

St. Peter's Bazaar. St. Peter's Roman Catholic holding their annual bazaar in Hall, Richmond-street west, evening of Monday, Oct. 26, at 8 o'clock and 5 o'clock tea. A concert will be given each evening. In charge of the ladies: Mrs. J. D. Ward and Mrs. Fredericton, N.B., 74 years of age, moving to Toronto joined the Volunteers, and served for some 40 years.

A Baggageman's Doan's Kidney Pills. A Baggageman's lot is none so heavy lifts strain the back and kidneys. They cry out in protest. Make the back pain and ache poisonous urine acid which it never fails to alter out of the carbed back into the system. Headaches, Neuralgia, Rheumatism, the end Bright's Disease, I death!

Help the kidneys to health with Doan's—the remedy that Mr. A. Wall of Galt, Ont., used—Doan's Pills. This is what he has to tell: "I have been a great sufferer from kidney trouble for some time. The pain in my back was very bad; the urine very thick and carrying a heavy sediment. I was so bad that it seemed for me to die. I used a great many remedies, but could get no relief. When I heard of Doan's Kidney Pills, I bought a box, and concluded to try it. The marvelous change took place in a few days. I am now in the best of health. I have recommended them to my friends, and can say that I believe Doan's Kidney Pills to be the best remedy for kidney trouble. I have tried many others, but Doan's is the only one that has done me any good. I have written to the Doan's Kidney Pills Co., and they have sent me a box free of charge. I will be glad to send you a box if you are troubled with kidney trouble. Doan's Kidney Pills are sold by all druggists. Price, three for \$1.25. The Doan's Kidney Pills Co., Lowell, Mass., U.S.A. MANY GRAVES ALONG THE TRAIL.
Terrible Hardships of a Party of
Gold Seekers in Their Trip
to the Klondike.

Seattle, Wash., Oct. 24.—A. Baker
of Portland, Ore., who has arrived from
Alaska, says he met two men and a
woman at Skagway who had just
finished a trip of incredible hardships
over the Edmonton trail. They were
Henry Mitchell and wife of Golden, Wash.,
and George Letevre of Spokane, Wash.,
who left Spokane fourteen months ago
for the Klondike by the overland route.
When they started they had 20,000
pounds of provisions and twenty-one
horses. Now they have nothing. All
their supplies and animals were lost
and they consider themselves fortunate
in having escaped with their lives.

Nine Men Drowned.
Seattle, Wash., Oct. 24.—A Post-Intelli-
gencer special from Seward, Alaska,
Alaska, contains the report of the loss
of a small schooner and the drowning
of nine men near Cook Inlet last September.
The drowned men were all Americans.

Government Surveyor Drowned.
Seattle, Wash., Oct. 24.—Copper River
advice says that while a detachment of
Captain Abercrombie's Government sur-
veying party were crossing the Tonsina
River their raft became unmanageable
and was carried down stream. One of
the party, Atcher, from San Francisco,
was swept off by an overhanging bush
and drowned. All the provisions were
swept away. The party reached Tonsina
in an exhausted condition.

St. Peter's Bazaar.
St. Peter's Roman Catholic Church are
holding their annual bazaar in Richmond
Hall, Richmond-street west, every day this
week, in anticipation of the dedication of
8 o'clock and 5 o'clock tea. A first-class
concert will be given each evening. The
bazaar is open from 12 to 6 p.m. on the
ladies: Mrs. J. D. Ward and Miss Dunbar
fraser tables; Mrs. Rose Butler, Miss
Fraser, refreshment table; assistants, Miss
O'Connell and Miss Rogers.

An Old Resident Dead.
Mr. A. H. Quinn, a resident of Toronto
for 46 years, passed away at his residence,
154 Argyle-street. Mr. Quinn was an ad-
herent of the Church of England and a
staunch Conservative. He was born in
Frederick, N.B., 74 years ago, and on re-
turning to Toronto joined the Volunteer Fire
brigade, and served for some time as lieut-
enant.

A Baggeman's Back
A. G. T. R. Employee Tells How
Doan's Kidney Pills Took
Out the Pains and
Aches.

A baggeman's lot is none too easy. The
heavy lifts strain the back and cramp the
kneys. They cry out in protest. Allow
the back pain and aches! Allow the
poisonous uric acid which it is the kid-
neys' duty to filter out of the blood to be
carried back into the system, producing
Headaches, Neuralgia, Rheumatism, and
Gout!

"I have been a great sufferer from kidney
disease. The pain in my back and side
was very bad; the urine was high-colored
and carrying a heavy sediment. I was
unable to work. I used a great many dif-
ferent medicines, but could get no benefit
whatsoever. I heard of Doan's Kid-
ney Pills, and concluded to try them.
I purchased a box, and took them after
the first few doses, and now I am as well
as ever. No more pain; the urine is
clear, and I am now in the enjoyment
of vigorous health."
"I have recommended them to many of
my friends, and can say that they are the
best remedy for kidney troubles ever put
before the public. I say this knowing it to
be true from my own experience."
"I am troubled with Backache,
Rheumatism, Diabetic Dropsy, Grav-
el, Rheumatism, Urinary Troubles, Head-
ache, Weakness, take Doan's Kidney Pills—
they cure you—never fail in the worst
cases. Sold by all druggists, or by mail

A BLOODY RAGE (CONFLICT)
5000 WEAK MEN

Caused by the Attempted Arrest of
a Negro.

Fortified His Hut and Had Fifty or
Sixty Other Negroes in Ambush
to Assist Him—Ten Negroes Re-
ported Killed and Many Others
Wounded—Whites Are Being Re-
inforced.

Meridian, Miss., Oct. 24.—The most
bloody race conflict in this section since
the reconstruction period is raging in
Scott County, 50 miles west of Meridian.
It grew out of an assault on Charles D.
Freeman, a white man, by Billy Burke, a
Negro. Freeman and Burke became in-
volved in a quarrel, which ended in
Burke assaulting Freeman with a hoe.
A warrant was sworn out for the
arrest of Burke, and Constable Thompson
with 15 men went to the house of
Burke, who lives a mile from Harper-
ville, at 9 o'clock Saturday night to exe-
cute the writ. When Constable Thompson
and his posse arrived they found
Burke fortified in his little log hut with
50 or 60 negroes. Four negroes were
premises, and the officers' demand for a
surrender was answered with a volley.
Officer Sibley, one of the posse, was
instantly killed and three others, includ-
ing Constable Thompson, seriously
wounded. The posse was thrown into
confusion by the volleys, but the fire
was returned and for a time a desperate
battle raged in the dark. The negroes
were greatly in the majority, however,
and the officers retired and sent runners
for help. The Sheriff responded with
heavy reinforcements and the battle was
renewed Sunday morning.

Fought All Day.
The fight was kept up all day, and
when the last courier reached the nearest
telegraph office, 10 miles from the scene
of the battle, at a late hour last night,
he reported 10 negroes had been killed
and several wounded. Four negroes
were captured and taken to Forest,
where they are guarded by 200 white
men to prevent their escape. Many
sympathizers. A general alarm has been
sent over Scott and the adjoining
counties of Rankin, Newton and Smith,
and hundreds of white men are under
arms and on their way to Harperville.
Sheriff Stevenson, realizing the danger
apprehended, immediately wired Gov-
ernor McLaurin at Brandon for aid in
quelling a probably widespread tur-
bulence. Upon receipt of this telegram,
the Governor procured a special train
at Brandon, and accompanied by a posse
of 30 men, armed with shot guns, pro-
ceeded to Forest. Arriving there early
in the evening they found that there
was small danger of the riot assuming
proportions beyond the ability of the
posse on hand to keep order.

WHEAT MARKET IS EXCITED

Options Advance at Chicago and Liverpool

War Talk a Factor in the Upturn

The Small Visible Supply in Canada and the U.S. Also an Element of Strength—Grain on Passage—Ocean Steamer Space Scarce—Consolidated

Monday Evening, Oct. 24

Liverpool continued strong this morning, opening at a premium over Saturday's final figure.

To the war scare and to the above advance in the Liverpool market may be chiefly attributed the excitement which prevailed on the Chicago board today.

Other bullish factors were the extremely small increase in the domestic visible supply and the failure of the large receipts to more than meet the heavy foreign and domestic demands.

There was an increase last week of 1,400,000 bushels in the English visible supply of wheat.

Exports at New York today: Flour, 6,000 barrels and 11,574 sacks; wheat, 191,102 bushels.

December wheat puts at Chicago, 67 1/2c; calls, 74 1/2c.

Primary wheat receipts today, 2,002,000 bushels, against 1,549,000 bushels the same day of 1897.

Wheat receipts today at Minneapolis and Duluth, 1451 cars, against 1640 cars same day of 1897.

Car receipts of grain at Chicago today: Wheat 333, corn 509, oats 331, estimated for Tuesday; Wheat 210, corn 500, oats 253.

Minneapolis flour mills are working to their full capacity, their output being all previous records.

The deliveries at Western primary markets last week were 236,578 bushels flour and 9,611,354 bushels wheat.

Wheat receipts today at Minneapolis and Duluth, 1451 cars, against 1640 cars same day of 1897.

STOCK MARKETS DEPRESSED

Fashoda Affair is Still a Bearish Influence.

Consols Lower in London and Paris

Monday Evening, Oct. 24

Startling rumors were circulated on the stock exchanges today regarding the dispute between the English and French at Fashoda.

Another bearish influence was the decision of the United States Supreme Court, in the case of the railway companies.

In Canadian securities, C.P.R. was about 10% noticeable.
