

Boys and some men like to take violent exercise even in hot weather. Now we've got a special lot of new summer clothing made to stand violent exercise, and to help the wearer stand hot weather.

WHAT IS DONE WITH THE MONEY

Now 200 Boys, Girls and Widows in the Allahabad Orphanage, the Missionary Says.

The Bishop Thoburn Special Fund for India, Allahabad, India, May 20, 1939.

Editor World: In your paper of March 2 there appeared a letter signed by myself, an investigation with reference to the Indian missionary silver chain. You will find in the issue of the 19th of May, 1939, a long article explaining how the chain was made and the work being done by the chain in Allahabad, India, and how the money was being used to help the children in the Allahabad district, of which I am president.

More Children Every Day. Every day children were brought to us in large numbers. We then made arrangements to have them housed in the orphanage.

These Conditions Inscrutable. The condition of these children was so deplorable that they were almost naked and diseased. Large numbers died after being received into the orphanage.

When we began this work we had no money of our own, and during the entire time we were dependent on the generosity of friends and the public.

Corn From America. A large consignment of American corn was sent to us by Dr. Hobbs on the arrival of the steamship City of Everett at Calcutta, India with corn from San Francisco.

Will Carry the British Flag. Sixty members of the Knights of St. John left Toronto on Saturday evening for Allahabad, en route to Calcutta to attend the big convention which will be held there on July 1st.

Smash on the Pittsburgh and Western. The Pittsburgh and Western Railway was smashed on Saturday evening in a wreck on the Pittsburgh and Western Railway at Revere, Pa.

Special Appeals Were Made. So long as the money for the orphanage was not sufficient to meet the needs of the children, we were obliged to make special appeals for money to support them.

200 Boys and Girls. At present we have nearly 200 boys, girls and widows in our Allahabad orphanage.

DOWN WITH SENSATIONALISM.

Rev. W. F. Wilson Denounced the Press for Giving Details of Parrott's Execution.

BOY NEARLY KILLED IN A RUNAWAY.

Farmer Hood's Team Bolted When His Little Son Was Alone in the Rig-Ordination Service.

Hamilton, June 25.—(Special.)—At this evening's service at Wesley Church, Rev. W. F. Wilson denounced sensationalism in the newspaper press, and said an occurrence of the past week (the hanging) was reported in a manner which should not meet with the approval of right-thinking people.

Boy Nearly Killed in a Runaway.

Our Missionary Society provides 50 scholarships a year, and the rest is purely faith work. It costs \$15 a year to support a child, and for the next eight or ten years we shall have to care for most of the children. They are being taught to work, both boys and girls make their own clothing, and a large number of them are learning to do the needlework, which will enable them to support themselves in their own homes.

FRANCE SEETHING WITH EXCITEMENT

Continued from page 1.

Paris, June 25.—The Journal publishes the report of an interview with Marquis de Gallifet, Minister of War in the new Cabinet, in which he is quoted as saying that he does not intend to proceed against Gen. Zurlinden, Gen. Breda, Gen. Gouze or Gen. Peleux, and was convinced that none of his colleagues in the cabinet contemplate rigorous measures which would lead to a "resemblance" to the Dreyfus trial.

WITH THE AMATEURS.

The Night Owls had no difficulty in defeating the Park Nine in the Toronto League series at old Upper Canada grounds Saturday afternoon.

The Park Nine's first appearance in the league, The Globes having dropped out, considerable interest was shown as to how they would play in the company.

They were beaten by a pretty good margin, they apparently suffering somewhat from stage fright, but will doubtless be confident during the coming games.

GET AROUND AT MONTREAL.

Topmast at Prohibitive Odds Beaten by Kitty Regent—Stover's 3 to 1 Shot.

ONLY TWO FIRST CHOICES WIN.

Flag of Truce, 4 to 1, Beat Jim McGibbon, Another Odds-on Favorite.

Montreal, June 24.—This was get-away day at Bel-Air. The weather was fair, the track good and the attendance large.

The racing was interesting. The surprise of the day was the Montreal Hunt Club stake, which Kitty Regent, on whom as good as 3 to 1 was obtained, pulled away from Topmast, which was favored.

Despite the fact that only two favorites won, the public got all the money, as the winner was not a favorite.

The racing conditions were perfect, the weather being all that could be asked for.

Keep Out the Wolf. Poverty is the great, gaunt, hungry wolf that comes to the home when the bread winner is gone.

Life insurance is the strong stone wall that the thoughtful man builds around his home to keep the wolf out.

For a man thirty years of age, less than \$185.00 down and less than \$135.00 per year for nineteen years will build a \$5,000 stone wall that will stand strong and impregnable.

BUZZARD STRUCK A BERG.

British Warship Could Not Cope With the Frost King's Monster. St. John's, Nfld., June 25.—The British armed sloop Buzzard, while trying to reach the French treaty shore on Friday, collided with an iceberg, which stove in her bows. By means of collision mats and moving the guns and heavy gear to the stern, she made her way back here safely. She will be docked tomorrow. At the time of the accident perfect discipline existed on board and prompt preparations were made to leave the ship should it prove impossible to keep her above water. It was soon seen, however, that the damage was not serious enough to endanger the vessel.

Travelers visiting Brantford will find Alf Fleming's restaurant, 44 Market-street, a particularly nice spot to get a party a special lunch.

CANADA WELCOMES THE JAMAICA DELEGATES.

The delegates who were sent from Jamaica to negotiate a reciprocity treaty with the United States have been invited to proceed directly from Washington to Ottawa. They have failed in their mission to Washington, and negotiations for closer trade relations, perhaps for annexation, with Canada will now be made. We are pleased that the delegates are coming to this country. It is a matter of fact that the delegates which will be all-important to us in deciding the nature of the deal Canada ought to make with Jamaica. The island produces practically nothing which Canada raises, while we grow very little that is produced in Jamaica. The one country is the exact complement of the other. We require the tropical fruits and other products of the West Indies. They would furnish an excellent market for our flour, fish and dairy products. A tropical province or colony would appear to be the very thing Canada most urgently needs. If we could acquire the West Indies we would be almost as self-contained as the United States. The reasons which would prompt the United States to reject the offer of the Jamaicans for reciprocity are the very ones which should make us favor reciprocity or annexation. The United States does not see much benefit from a reciprocity treaty with Jamaica, because it already possesses more tropical lands than it requires. Several of the States are tropical, while its new colonial possessions are all tropical. Canada possesses not an acre of tropical country. What the Americans rejected we ought to accept with alacrity. In addition to being the complement of this country, geographically Jamaica is a colony of Great Britain. It will finally devolve upon Canada to concentrate within the confederation all the British possessions of North America, including Newfoundland and the West Indies. What specific relation the latter should bear to Canada, constitutionally, is a question which can be decided after the treaty of liberation. In the meantime there is no reason why closer trade relations should not be established between the two colonies. We trust that the Jamaica delegates will have better luck at Ottawa than they had at Washington, or than Canada has had at the same capital.

TRADE BETWEEN CANADA AND THE UNITED STATES.

The comparison between the United States exports to and imports from Canada does not afford pleasant reading for Canadians. During the ten months of 1892-93 our imports from the United States increased \$6,721,947 over the corresponding ten months of last year while our exports to the United States in same time decreased \$28,962. Our imports in 1892-93 exceeded our exports by \$2,022,251, or, in other words, we bought from the United States very nearly three times as much as we sold to them. A few days ago, The World quoted from the speech of an American politician, showing that in his opinion this state of trade arises from the superior conditions of the commercial newspapers held or affected to hold similar views as to the dependency of Canada on the United States as the market in which Canada must both buy and sell. Bradstreet's New York Journal, generally a fair and intelligent exponent of commercial questions, has a long article on trade between the United States and Canada, in its issue of June 17. It gives an abstract of the above tables, showing the large increase of exports to Canada and the decrease in imports, and concludes by saying: "To all appearances the United States has been more successful recently in finding a market across the northern frontier than Canada has been in finding one to the southward." Not a word about the duty of taking the necessary steps to preserve or extend this profitable commerce; no reference to the Liberal tariff policy of Canada or the prohibitory Dingley tariff of the United States; but rather an implied satisfaction with existing conditions and a desire to let well alone.

Paris, June 25.—After a week of hot weather Parisians have received an ultimatum that they are to be put on ration as regards water. The supply is to be cut off from 9 o'clock in the evening till 5 o'clock in the morning, until again the astronomical rains have replenished the reservoirs.

manufacturing classes, that the true policy for Canada to adopt is to grant such sufficient aid in the establishment of new manufacturing industries as shall enable the Dominion to manufacture all articles as its raw materials and other resources should enable it to make to advantage.

A SHOCK TO CANADIAN PRESBYTERIANISM.

While Principal Caven and other leaders of the Presbyterian Church in Canada are trying to fasten further restrictive Sunday legislation on the people of this country, in respect of their religious beliefs, the tendency of the church in Scotland appears to be in an opposite direction. Preaching in an Edinburgh church recently by Rev. Principal Story, moderator of the General Assembly of the Church of Scotland, said people who made a great profession of religion declared that no such places—clubs—should be open on Sunday, and that on the only day of the seven on which the working-man was free to rest his body and refresh his mind every place servable for doing both should be shut in his face—the public gardens, the museums, the art galleries, the libraries—all places, in short, except the church. He had seen prosperous Pharisees going in pretentious deputations to beseech Town Councils to shut up all such resorts on what they called "the Sabbath day," while all the time in the afternoon the factories which furnished their ill-gotten gains their wearied laborers were tolling as on other days to minister to their lust of gold—a sight abhorrent to men and angels, and welcome only to the demon of hypocrisy.

The reverend gentleman said he had been seen workingmen passing places and profitable hours with their families and friends in galleries full of beautiful works of art, the trophies of ancient civilization and the inventions of modern science, listening to sacred music fitted to elevate and refine their thoughts.

We are afraid Principal Caven will be shocked at these sentiments, emanating, as they do, from the moderator of the Church of Scotland, but he will probably be more shocked to learn that the General Assembly, which recently met at Edinburgh, countenanced the existence of a smoking room for the use of its members. The London Daily Telegraph, after referring to the popularity of this room during luncheon hour, goes on to say:

Nor is this all; there is worse—much worse—to come. The members of the Assembly will not content with indulging in this profane vanity during the luncheon hour; if they rightly construe the report of the proceedings they will be continually slipping out for a while "offices during the day," says the account from which we quote, "the odor of tobacco is wafted through the corridors, to the surprise of the ladies, who cannot imagine how the venerable court can be impregnated with the smell of the sacred Little do they suspect that a slight word meet their eyes if they were permitted to visit the basement. For the most part, the room is fairly large, brilliantly illuminated by a dim though not altogether religious light, a crowd of smoking men, who seem indifferently through their own haze, putting away like steam-engines. And this in the national land of King James! It is enough to make the "British Solomon" despatch a second counterblast from the shades. No one need to share that monarch's rooted objection to tobacco to be dismayed at the incongruity of the spectacle above described. Levity, we know, is a characteristic of the age, and has already invaded the ranks of the great ecclesiastics. But if there be one region of the realm, and one export, in that region, in which decorum, one would have thought, might have been relied upon to set up its last and strongest guard, it is Scotland and in the representative Synod of the Scottish Established Church.

The Synod and Its Tenants.

Editor World: From your report of the proceedings of the synod, it might be inferred that I had charged the Toronto Rectory Lands Committee with intentional wrong-doing. The committee know that I did not intend to do that, and there is no word in my resolution to that effect. Charter in Western Portion of York Township.

**CELEBRATIONS ON SATURDAY.**

**Latest Items From Toronto Junction, North Toronto, Thornhill and District.**

**Toronto Junction, June 25.**—Mr. Charles Hignett was yesterday married to Miss Clara Bond, at the residence of the bride's uncle, Richmond Hill.

J. Paterson had his wheel stolen whilst working on Western-avenue Friday.

The roofers yesterday beat Lambton Mills in a game of baseball, securing 7 to 4.

The Milton Lacrosse Club visited Weston on Saturday, and were beaten by the club there in a keenly contested game.

Rev. W. H. Barker preached his last sermon in Annan-street Methodist Church to-night, and took for his text the words in St. John's gospel: "At the wilderness, even so must the Son of Man be lifted up." Mr. Barker went to Orangeville, where he will be succeeded by Rev. Dr. W. K. Parker.

Coroner G. W. Cleland has decided not to hold an inquest upon the remains of the twelve-year-old child, who was drowned in Kennedy Park on Saturday morning.

The coroner will leave his chambers, 140 Dundas-street, at 1 o'clock to-morrow, for Springfield, where the inquest will take place.

The Sunday school children of Etobicoke were yesterday taken to the park in the cars in Hilda Park. There were 14 wagons, containing children from Zion, Ebenezer, Mitchell, Matton, Elmbank and other places.

**North Toronto.**  
The Toronto Suburban Railway are anxious to lose no time in securing, if possible, the granting of the charter the company are after in the western portion of York Township. The Council will meet in regular session on July 3, but this, it would appear, is too far distant for the railway, at least as one railwayer expressed himself, would leave too much time for the people to size up what the charter means.

A meeting of the Council has been asked for on Friday next, and on condition that the company pay the expenses of the meeting for the assembling, the request has been granted.

The annual garden party of St. John's Church, York Mills, associated with St. Clement's, Eglington, was held on Saturday at the seaside grounds of Mr. James Whitten at York Mills. The event was well patronized, special arrangements being made with the Metropolitan Railway serving to bring up a large company from the south. Musical selections of considerable merit were given by the North Toronto Orchestra, and the day closed with reminiscences of the social nature of the gathering. One of the most pleasing functions of the day was the presentation of a horse and buggy to Rev. J. W. Powell, which had been subscribed for by the parishioners.

Mr. Wm. Woods of York Mills is under treatment for a sprained ankle.

**Thornhill.**  
Miss Nettie Wilson entertained a large gathering of friends at her parents' residence, "The Maples," on Saturday afternoon. The occasion was the celebration of her 21st birthday, and the social gathering was a fitting tribute to such an auspicious event.

The village band played and the young ladies of the Methodist Church related tales of cream to couples who sat around the tables on the cool lawn of Mrs. James Shuter on Saturday night. This was the beginning of what is to be a weekly gathering of the hot weather, and the initial social augurs well for the future. The band has been benefited by new blood, and has made much advancement on its former good performances.

Father and son, A. F. & A. M., met on Saturday for the installation of its new officers. Rt. Wor. Bro. John Fisher was installing master, a duty he has performed now for nearly twenty-five years. The new officers are: Bro. J. C. Fisher, W. M.; Bro. S. W. Bro. J. Drury, J. W.; Bro. H. B. Schmidt, Chap.; Bro. J. E. Francis, Treas.; Bro. W. G. A. Langstaff, Sec.; Bro. H. S. Thompson, L. G.; Bro. **East Toronto.**  
East Toronto, June 25.—(Special).—Headed by the King William Pipe and Drum Band, Coronation L.O.L., No. 215, in uniform and regalia, together with visiting brethren marching in the Hope Methodist Church this morning, where their chaplain, Rev. J. D. Fitzpatrick, addressed them from words in Isaiah, 45, speak unto the children of Israel that they go forward. The critical position of the children of Israel with the Red Sea in front of them, mountains on either side of them and Pharon behind them, was likened unto Protestants today. The sea was the great sea of opportunities. The mountains were the social evils and the old Pharon was the Roman Catholic Church. The children of Israel, but a short time before elated at their escape from Egypt, were now depressed, so, after the victories won by Dewey and Sampson at Manila and Santiago, and the freedom of thousands of persons from the slavery of the Roman Church, came the apertly rising of a Roman tendency in the very portion of the church of England, and this monster again showed its head. He trusted that the great power of evangelism in the Church of England would grind under its heel every vestige of ritualism and popery, and that they would heed the cry to "go forward." Treating upon the social mountains on either side, and the old Pharon behind them, was the Epworth League of Hope Methodist Church leave per steamer White Star for London at 8.30 and 2.15 to-morrow (Monday). They are to have games, races and a baseball match there.

The proceeds of the garden party in connection with St. John's Church, Norway, after paying expenses, amounted to \$195. Rev. Layman spoke with great force on a week's bicycle tour.

The Norway Public School trustees will again discuss the water supply question at a meeting to be held to-morrow (Monday) night.

The East Toronto Baseball Club played on the Toronto baseball grounds yesterday against the Royal Canadians and were victorious by a score of 16 to 13. A somewhat remarkable play was made by Ed. Taylor, who ran about 100 yards to catch the ball in his hand, in doing so he was struck in the face by the ball. He was unable to play during the game from injuries received about the face, and E. Liddle had to pitch the ball.

Frank Wisler of Ontario-street, Toronto, appeared before G. W. Ormerod, J.P., yesterday and was fined \$10 and cost of 30 days for creating a disturbance at Victoria Park. The fine was made the heavier because in the first instance he gave a fictitious name to the police.

Fully 16,000 persons visited Manno Park on Saturday. The greater number of them were from the city, but there were also several wagon loads of children from Union School sections, between York and Scarborough, also some from Markham.

**MONTEAL'S ACCUSATION.**  
Says It Lost \$230,475 on the Bond Deal and an Investigation Is to Follow.

New York, June 25.—The main feature in municipal bond circles yesterday was the announcement that a syndicate of Chicago bankers had secured the \$3,000,000 3 1/2 per cent. 40-year Montreal gold bonds. The issue was taken on a 3 1/2 per cent. basis, and the syndicate included Parson, Leach & Co., the First National Bank, the Illinois Trust and Savings Bank, N. W. Harris & Co. and Tevitt, Trumbull & Co.

In the past Canadian capitalists have taken more or less interest in American securities, but American capitalists heretofore have rarely invested in Canadian securities, although many years ago part of the Quebec loan was taken in this city. Chicago in this last operation supplanted London in supplying capital to Canadian municipalities, and herein lies the importance of the deal.

The Demon Dysepsia—in odious times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dysepsia, is the same, only in the same way, seeking habitually in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parson's Vegetable Pills, which are ever ready for the trial.

Two Men Drowned From a Yacht at the Seawanhaka Corinthian Regatta.

New York, June 24.—Two lives were lost today at the 20th annual regatta of the Seawanhaka Corinthian Yacht Club at Oyster Bay. The men were lost off C. T. the spot, and stood by for three quarters of an hour, but the men had disappeared.

W. Gould Brokaw's America lost her fore-topmast in the storm, and all the boats were considerably delayed with the exception of Percy Chubb's Vigilant, which seemed to have it easy in all weather. As a result of the race Quitta beat America by 2.44. Quitta had a walk-over in her class, and Colgate Hoyt's yacht "Vile" steamed to schooners. Vigilant beat Queen Mab 51.59 seconds, and won the Commodore's Cup for sloops.

## BOYS, THIS IS CIRCUS DAY!

Big Aggregation of 4-Paw-Sells is Now on the Old Baseball Grounds Over the Don.

**ROUTE OF THE PARADE TO-DAY.**

World Man Was on the Grounds Yesterday and It is a Great Big Show.

To-day is circus day. To-day business, as a matter of course, will have to be suspended. The Forepaugh-Sells Bros' consolidation have not blasted it forth that they have the "greatest show on earth," but they convinced a sceptical World man yesterday that they have. The fact that two mammoth shows were combined is a guarantee of a sensational production. The curious crowds who yesterday swarmed the old baseball grounds over the Don showed that the circus folk in town of the past week or so had worked interest to a boiling point. All who went down to get their foretaste could not be satisfied that the posters had not done the thing justice. And this is decidedly an abnormal state of affairs.

**Remember It's the Ball Grounds.**

There were but few disappointed ones. These were they who had journeyed up to King and Dufferin-street corner lot, where the circus was advertised to locate. They must have felt that they had been deceived. But it was an unintended joke on the part of the management. It was only as late as midnight on Saturday that it was decided to drive in the stakes in the lot instead of the west. The site chosen is more convenient alike to the management and to the public. The Toronto and suburban population will be better car facilities in the east, the circus men more room. An idea as to its size.

With a show the size of the one which is leaving Toronto on Saturday, the site is a weighty consideration. It is no small matter to lay out a town, and it is scarcely a smaller one to survey a lot for the 4-Paw-Sells Bros' circus. It takes a veritable farm to suffice. Thirty tents, varying in size from an acre to a square rod, would not fit in a corner lot. Three trains, aggregating 90 cars and equipment, and carrying 700 persons and 60 horses, have swamped down upon the city. Circus, why is it a whole village. From the assessor's standpoint it would be a small city.

**No Morbid Features.**

In character it is to be purely a circus. There will be no spectacular features. They have not a success. The circus does not extort over them, and smaller shows have found them to be a losing speculation. The World saw the managers and gathered some inside tips about the side-shows. There is no attempt in evidence to cater to a morbid taste. There is nothing repulsive to the most delicate and refined sensibility. Freaks and deformities are replaced by natural history rarities and genuine phenomena.

None of the privileges are leased. Even the peanuts are sold by direct employees of the concern. So that the usually ubiquitous feeding fakir will not be leaving painful memories in his trail.

**Actors, Musicians and Brute.**

The talent comprises 200 performers, exclusive of "The Sealiskin Band" (of seals), and brute actors of varied sorts. The wilder animals are imprisoned in some 80 cages. The clowns are said to be of the best. Everything catchable has been caught by the agents of this company. They have an elephant securely chained, who has killed his man four times. They have the old Forepaugh white elephant, now transformed in his more advanced years to a more elegant color. Tickets on sale from 8 a.m. to-day, and follow the following route: Queen west to Jarvis north to Carlton, west to Yonge, south to Union, west to Spadina and north to the circus grounds along King-street.

**A RAILROAD COMBINE.**

C. P. R. and Great Northern Will Build a Line Together.

Vancouver, B.C., June 25.—The Canadian Pacific Railway and Great Northern, which were both recently thinking of building lines from Midway to Republic, have, it is understood, arrived at an agreement whereby a joint line will be laid to connect the famous Boundary Creek mining camp of British Columbia with the equally famous Washington camp. The line will be about 35 miles long.

**A Guide for Excursionists.**

A very neat and up-to-date summer catalogue has been issued by Michie & Co. It contains a world of knowledge for prospective visitors to Ontario summer resorts. The book is handsomely illustrated with views of Muskoka district and other places of interest. Intending excursionists should procure a copy of this book, which they will find to be of great value to them.

The Wabash Railroad Company will sell round-trip tickets to Los Angeles, Cal., at the lowest rate ever made from Canada to the land of flowers. Tickets on sale from June 24th to July 7th, good to arrive back at starting point on or before August 15th. All tickets should read over the Wabash, the short and true route to California; finest equipped trains in America. Full particulars from any R. R. agent, or J. A. Richardson, District Passenger Agent, North-east corner King and Yonge-streets, Toronto, and St. Thomas, Ont.

**HUMBOLDT IS AT SEATTLE.**

She Carried About \$600,000 Worth of Gold Dust From the Golden Klondike Country.

**TWO ENGLISHMEN THE RICHEST.**

Estimated Clean-Up Will Be About \$12,000,000 to \$16,000,000—3000 Men Begging.

Seattle, Wash., June 25.—Purser Carroll of the steamer Humboldt, which arrived Friday from Alaskan points, states that he had in his custody \$250,000 in dust, and estimates that there was about \$300,000 more in the different steamers, not turned over to him. To-day \$150,000 worth of dust was deposited in the United States Assessor's Office and \$50,000 lot was billed at an express office, for shipment to Philadelphia.

**Men With Big Wads.**

H. Wolsten and "Dan" Saunders of England had the reputation of being the richest two men on board. They were credited with \$1,250,000 between them about \$500,000. The price of the sale of several claims. A Mr. Happer of Philadelphia was credited with \$40,000. Other large holders were D. P. Williams, August Peterson, Dr. J. H. Hill, Palmer Hill, Alexander M. Hart, G. S. Allen, "Mike" White, K. Hill, S. J. Mille, E. A. Peck, M. Lamen, D. H. Boehm and John Nelson.

**The Estimated Clean-Up.**

Some of the passengers left as late as June 8. They report that the clean-up is practically finished. The estimate of the clean-up will amount to from \$12,000,000 to \$16,000,000. Times are quiet in Dawson and there are many idle men there.

James S. Clarke of Victoria estimates that at least 10,000 men will come out this summer, but that their places will be filled by men going in.

Michael Wiley, an old California miner, reports that there are 5000 penniless men at Dawson begging for assistance to get up the river. Many others are working for their board.

**Comes to Canada.**

News from the north is that the new boundary line has deprived nearly 2000 American miners of a gold output conservatively estimated at \$2,000,000 a year, and given this wealth to citizens of Canada. The territory involved is the Porcupine mining district, on the Dalton Trail, above the Indian village of Kikawana, a vast tract of placer ground, which gives dazzling promise of a great mineral outcrop.

The British Columbia government has a daily decision reached the Porcupine mine on the 15th and they were thrown into a state of frenzied excitement. The proposed new boundary is over 40 miles south of any point heretofore claimed by the Canadian police outposts, according to the stories floating down from the north.

**ARTHUR WIGLE DROWNED.**

Popular Young Farmer of Gosfield Township Went Bathing and Lost His Life.

Kingsville, Ont., June 25.—Last evening Arthur Wigle, aged 24, and youngest son of Phillip Wigle, farmer, living on the third concession of Gosfield Township, was drowned while bathing in Cedar Creek. Deceased and his two companions, Robert Drake and Mr. Moore, were all good swimmers, but without a word, after diving, deceased being seized with cramps or heart failure. His companions rescued the body with a net, and with the aid of a physician heroic endeavors were made to resuscitate, but in vain. Deceased was very popular and widely known all over Essex County. He was 19 years married in one month to a prominent young lady of the township.

**RYAN AND McDONNELL**

Montreal, June 25.—(Special.)—Messrs. McKenzie & Mann have just given an important contract to Ryan & McDonnell, Soudages Canal contractors. The contract embraces the entire 60 miles of the Inverness Railway, from Point Tupper on the Strait of Calcas, northward and includes grading, track laying and ballasting. 30 miles to be completed this year and a heavy start on the remaining section. DOCTOR HOWARD, Manager Orien's Mfg. Co., Carlton Place, Ont.

Dear Sir.—I have been a great sufferer from Piles. The last attack was the most severe I have experienced. For ten days I could neither sit nor stand, and walking was out of the question, so great was my suffering. I could find no relief anywhere until your Pile Ointment was recommended to me. I got a box. I was relieved by the first application. In two days I was able to resume work and felt perfectly cured within a week. I volunteer this testimonial. I desire that people who suffer as I have done may know where to get such prompt relief as I found in the use of Orien's Pile Ointment. A. H. W. [Signed] Bell St., Carlton Place, Sept. 4th, 1897.
