FINED ON FIRST OFFENCE.
Hamilton, Saturday, March 31.—On a charge of committing a breach of the Ontario Temperance Act, William Sullivan, 131 Mary street, appeared before Magistrate Juffs yesterday and was fined \$200. Sullivan pleaded that it was his first appearance in court and that he had been dismissed by the magistrate and that the law permitted no alternative.

WAR SUMMARY
THE DAY'S EVENTS REVIEWED

THREE more French villages captured. Ruyalcourt, Sorel le Grand and Fins, mark the extent of the British advance yesterday in France. They lie between Berthincourt and Roisel, on a four and a half-mile front, south of the Bapaume-Cambrai road. Ruyalcourt is seven miles distant from Cambrai. In addition, after sharp fighting nearby, the British gained ground near Heudicourt. Early yesterday morning they drove off a German attack on positions south of Neuville-Bourjonval. The French also reported progress in the sector of Vregny-Margival. In the Champagne, where the Germans had attacked the French and gained ground in an effort to relieve the pressure north of Soissons, the French regained the positions lost, and they took 633 prisoners.

In thus approaching close to the new German fortified positions, the British are preparing to make another drive by the driving of wedges into the German line again. Sir Douglas Haig is also striving to draw as close as possible to the German lines to be able to exert tremendous pressure and when making a charge to give his infantry only a narrow strip of no man's land to cross. Signs point to the speedy beginning of another big battle to force the enemy back. The French operations north of Soissons also aim at making the apex of the new German defensive triangle too thin to retain. This has the Champagne on one side and the country north of Soissons on the other. It still rests on a solid base.

The demolition of buildings and the detonation of explosives proceed in the rear of the German lines, press correspondents at the British front say. Some persons interpret these movements as signs that the Germans have grave doubts as to the durability of their new line when subjected to the formidable British attack. This reading of the signs may prove the correct one; but, on the other hand, this activity of the enemy may merely denote the destruction of landmarks useful to guide the British artilleryists in finding the correct range of the new German positions. That the British heavy batteries have reached the front at some points is discovered from the report of Reuter's correspondent. He says that in the northern part of the line a violent bombardment by the enemy broke out but a tremendous concentration of the British counter-battery silenced his guns.

Britain must have national compulsory service for everybody. Britons want to knock the enemy out this year, and they are beginning to do it. These words form part of a speech of William Hayes Fisher, parliamentary secretary, to the local government board, made before a Hull audience. It was no exaggeration for him to say that the country was in deadly peril at the present moment. They had not intended to have more than three years of war. Germany's idea was to starve Great Britain out before Great Britain could knock her out. By compulsory service for everybody, Mr. Fisher means that there will be conscription of labor. Germany conscripted labor last autumn, and altho British publicists demanded it at once the government has delayed action until the present.

Estimates of submarine destruction to shipping in the course of the past two months, because sent out without details, are not receive acceptance as correct. One despatch transmitted from New York yesterday said that the U boats had sunk a million tons in the past two months. This despatch gave no data to support its statement and it suspiciously resembles the exaggerated figures given out in the reichstag by German ministers. When questioned about the submarine campaign yesterday no person was saying that it was causing a great deal of destruction; no person was trying to minimize it, but it did not exceed what the British Admiralty had foreseen and had taken adequate means to combat.

The annex of the Russian workmen to the German social democrats to overthrow the kaiser and all his works, so as to secure a peace without victory has called the bluff of the German socialist propaganda abroad. The German Government, while closely watching socialism in Germany, has long turned it into account for agitations among a section of the working men of other countries for concessions of a tendency to weaken those countries. Since the war began the Germans have been conducting a subtle propaganda in allied countries thru workmen's and other organizations for peace on a basis of a draw. This propaganda has had extensive ramifications in Russia. The action of the Russian workmen has compelled the enemy, previously promising internal reform, to show his hand. He has shown it by forbidding the publication of the Russian manifesto in Germany.

NO SOLDIERS' HOME WANTED IN HIGH PARK
Ward Seven Ratepayers Protest Against Erection of Proposed Institution There.

Car lines, High Park, and tax reduction were the chief topics of discussion at last night's meeting of the Ward Seven Ratepayers' Association in the Amette Street Public School. President H. S. Mott occupied the chair.

In speaking upon the proposed soldiers' home in High Park, the following resolution was passed: "That, while we as citizens are strongly in favor of providing every comfort for the soldiers, we object to the utilization of the park for soldiers' homes. The construction of a home of this kind in High Park would be a disgrace to the city and would be a detriment to the health of the citizens. We believe that the city council should leave this question to the government. The citizens concede a soldier's home is a necessary and a noble institution, as there are plenty of suitable places elsewhere. Aid whatever's opinion was that the matter need not be treated seriously. The alderman stated that while he favored all patriotic grants made by the city he had not been treated as doing the work of the government. Several of the citizens expressed themselves as being dissatisfied with the manner in which the money was being spent by the city on the soldiers' home. The extension of the Bloor street line was deemed an immediate necessity, as Mayor Eves proposed and a committee was named to take the matter in hand.

LT-Col. T. H. Lennox will on Wednesday night be tendered a banquet by the people of Newmarket. The officers of the 28th Irish Fusiliers Battalion, together with many of the prominent citizens of Newmarket will attend. Hon. T. W. McClary, Hon. J. B. Lucas and other members of parliament will be present. The affair will be entirely non-political.

SUDDEN DEATH FOLLOWS ONE DRAUGHT OF WINE
Second Man Taken Violently Ill After Partaking From Same Bottle.

Harry Finchuk, 89 Maria street, died yesterday while being taken to the St. Michael's Hospital. He had purchased a bottle of wine from Loy Kaufman, of 267 Maria street, and had taken only one draught when he was suddenly taken ill, dying almost at once. Dr. Norman was summoned, and the body was taken to the morgue, where an inquest was opened by Coroner Dr. Hopkins. Alcoholic poisoning was believed to have caused his death. Mike Pano, who also drank some of the wine, was taken sick also, and was removed to the Western Hospital. The case was managed by the Western End Wine Company, where the beverage was procured, admitted the selling of fifty dozen bottles recently. An investigation was commenced by the police, and analysis of the drink will be made. Kaufman is held as a material witness.

Derailment Blocks Traffic On Grand Trunk Line East

Both tracks of the Grand Trunk main line from Toronto to Montreal were blocked for several hours by a derailment which occurred yesterday morning, delaying the Montreal train due in the Union Station at 7:35 until after 11 p.m.

A westbound freight train was derailed when one car derailed and was struck by the tender of the westbound passenger train. The engine threw the derailed freight into the ditch and carried nine other cars along with it, while the tender of the westbound train jumped the track. This effectively blocked the main line, and it required several hours' work to clear the track, all traffic being held up in the meantime. None of the men of the crews were injured.

Royal Flying Corps' Campaign Is Successful in the West

Capt. T. F. D. Strubell, chief recruiting officer of the Royal Flying Corps, has just returned to Toronto from a two weeks' tour in the west, where he made arrangements for recruiting. Already 30 men have been signed on to complete the 19th and 20th regiments. The R.F.C. hope to recruit between 500 and 1000 men in western Canada during the next month.

Up to date over 500 mechanics have been accepted for service with the R.F.C. At Camp Borden 15 hangars, each capable of housing six aeroplanes, are being rushed to completion. Ninety airplanes have arrived at the Borden aviation field. About 150 flight cadets are now in training at Long Branch and Camp Borden.

MRS. GAULT GETS SEPARATION.

Montreal, March 30.—Mrs. Gault, wife of Major A. Hamilton Gault, was granted separation from her husband's bed and board today by Justice Weir, who recently heard the action. Mrs. Gault was held to have disproved the husband's charges, and the major's action was dismissed with costs. On the cross action by the wife the judge held that she had proven ill-usage and grievous insults from her husband, and an allowance of \$1,400 a month was ordered. Major Gault has an income of over \$60,000 a year.

ASKS UNITED SUPPORT FOR NEW DEFENCE FORCE

Major-General Logie Addresses Highlanders, Making Impressive Appeal For Support.

Major-General Logie spoke to the 48th Highlanders Regiment at the armories last night and made an impressive appeal to the officers and men to give united support to the movement for the speedy organization of the quota asked for from the Toronto district for the new Canada defence force.

FRANCE TO EXECUTE REPRISALS FOR BARBARITIES OF HUNS

Paris, March 30.—France always respects the laws of justice and humanity, said Premier Ribot in answering in the chamber of deputies today an interpellation by Deputy Leon Pasquel, who asked what measures of reprisal the government planned to take against Germans accused of executing French prisoners to the fire of French batteries. The premier said the government would settle the question of measures which would settle the question.

IRONWORKER HURT

Doctors Held No Hope for Recovery of Tony Carhuk.

So badly hurt was Tony Carhuk, aged 28, of 425 West Adelaide street, yesterday afternoon while at work in McGrew and McIntyre's iron works, 1139 Shaw street, that hope of saving his life has been practically abandoned by the Western Hospital authorities. His chest was crushed and he suffered internal injuries.

UNITED STATES NOW PREPARED

(Continued from Page 1.)

Lives on the high seas, because she has destroyed American ships by the wholesale, because millions of dollars worth of damage has been done as a result of German plots in the U. S., because she has attempted to set on foot a conspiracy with Mexico and Japan to dismember the republic, and finally because of the belief that Germany triumphant will constitute a future menace to the peace of the world in general, and of the U. S. in particular.

The U. S., it is emphasized in official quarters, has not in the past and does not now desire war with the German people, but on the German government responsibility is placed for that it has been directed against American citizens, and American interests, must be actively combated.

Part Not Determined.

Just what is a question the United States has yet to determine. The subject has been discussed generally within the administration, but the broad policy to be pursued will be developed only after the nation's status has been defined by congress and urgent defence steps completed.

After the president has delivered his address congress is expected to take under consideration promptly the granting of a large credit to the government and to provide for the raising of an army of perhaps 1,000,000 men. Other measures, such as a censorship bill, a spy bill, the regular army appropriation bill and emergency legislation for the army and navy also will be submitted.

What day the president will appear before congress to deliver his momentous message will not be fixed until it is seen how long it will take the house to organize. The administration hopes this will not take more than one or two days.

Four London Doctors Guilty Of Breach of Temperance Act

Special to The Toronto World.

London, March 30.—The four London physicians charged recently in a local police court with furnishing certificates to individuals for the purchase of liquor in contravention of the Ontario Temperance Act, have been found guilty. The maximum fine of \$200 was imposed in the case of Dr. C. C. Ross, who is said to have written more than 700 prescriptions for liquor since last September. An appeal to a higher court to quash the conviction is being contemplated by the four doctors.

Neckwear That's Lovely as Spring Flowers in its Coloring

FASHIONED OF FILMY GEORGETTE, WHICH IS SOMETIMES WHITE, BUT OFTEN YELLOWS, DAFFODIL YELLOW, ROSE PINK, OR ROSE PINK—ACCORDING TO THE DICTATES OF PRESENT MODE.

\$2.00

C. Behold the new fish-tail back in this collar of white Georgette crepe, edged with imitation Mechtin lace—a delightfully soft, becoming collar that promises endless usefulness for wear with either dress, blouse or silk suit. Price \$2.00.

D. The collar proper is white, and the border and lapels are daffodil yellow, rose and Copenhagen, the junction of the one with the other being marked by buttonhole stitch in heavy yellow silk. The material is Georgette crepe, and the price \$2.95.

E. A fold of deep rose pink runs across the broad collar back and the two narrow fronts of this extremely smart collar of white Georgette, the chief style of which lies in its strict simplicity. The price thereof is \$1.50.

F. Another all-white collar—a dainty confection in Georgette crepe, bordered with fine lace and decked with tiny white satin buttons—designed for either suit or dress wear. Price \$2.00.

Model Hats Offered at Greatly Reduced Prices

Charming Productions From Such Famous Milliners as Germaine, Louise, Hermance, Julia, and Saget of Paris, and Gage, Cupid, Bendel, Rawak, and Ferie Heller of New York.

FOR QUICK CLEARANCE ON MONDAY THEY WILL BE PLACED IN THREE GROUPS, PRICED, RESPECTIVELY, AT \$9.50, \$14.50 AND \$23.50, IN MANY CASES LESS THAN HALF THE USUAL AMOUNT.

Each hat has the distinction that the name of its Paris or New York maker would lead you to expect, and practically every type of hat known to the mode is represented. There are large picture hats with the sweeping lines of a Gainsborough, there are the very modish mushroom and drooping poke effects, high turbans galore; little flower hats, and the smartest of smart tailored hats.

Most of them were used for display purposes at the Preliminary Showing of Spring Millinery a few weeks ago, hence the great reduction.

For Monday's selling they will be divided into three groups, reduced prices, \$9.50, \$14.50 and \$23.50.

Crepe de Chine Camisoles Moderately Priced at \$1.19

Notable Values and New Patterns in Fine Handkerchiefs

G. The stripes you see on this white crepe are folds of pale blue, pale yellow and pale pink—producing a deliciously dainty bit of pastel coloring. Price \$1.50.

1. Always in demand—the fine Irish linen handkerchief with the hand-embroidered initial. In this one the initial is encircled with a charming little wreath, with a bow-knot at the top. Price \$ for \$1.00.

8 and 9. Two from the alluring selection of 75 cents each: "8" a beautiful Madeira handkerchief, hand-embroidered on fine linen, with characteristic scalloping and eyelet work; and "9" a charming presentation of delicately hand-embroidered butterflies and daisies on sheer, filmy linen.

12. A beautiful Madeira linen handkerchief, embroidered all round with delicate vine border, the four corners showing a picturesque basket motif. The edges are scalloped in the fashion typical of this style of needlework. Price \$1.50.

French Chantilly Laces, Half-price, 63c to \$1.50

THESE Exquisitely Designed Chantilly Laces of machine manufacture may be had in white, cream and black. Half price Monday: 9-inch width, yard, 63c; 14-inch width, yard, 88c; 18-inch width, yard, \$1.13; 22-inch width, yard, \$1.50.

—Main Floor, Centre.

35 cents each.

2. This is pure Irish linen, too, the tiny spray of shamrock that lies beside the initial being embroidered by hand. Price \$ for 50 cents.

3, 4 and 5. Three from the multitude of attractive designs in fine sheer linen handkerchiefs at 55 cents each—"3" bordered with a hand-crocheted edge; "4" hand-embroidered in pale blue and white, and "5," hand-embroidered in a shadowy butterfly and eyelet design.

13 to 17 (Below). A group of designs from the immense selection of handkerchiefs featured at 55 cents each, every one of them in pure linen of fine, soft weave, some, like "14," with colored borders; some, like "16," embroidered in color; some "15," for instance—bordered with a crocheted edge; or, as in "17," boasting an Irish crochet corner, and others, like "13," embroidered in one corner and edged with lace.

25 cents each.

THE T. EATON CO. LIMITED

H

H. Here's an interesting neck-flap, cleverly contrived of deep rose Georgette, with over-collar of white, the points on both pink and white portions being finished off with white satin balls. Hemstitching and fine tucks add further to its nicety of make. Price \$1.50.

6 and 7. Two of the many delightful handkerchiefs at 50 cents each: "6" in beautifully fine sheer linen, with eighth-inch hem, a butterfly and forget-me-nots embroidered by hand in one corner; and "7" a smaller "glove" hanky, scalloped and embroidered in Madeira fashion.

10 and 11. \$ for 50 cents are the handkerchiefs in the group from which these two have been selected—all of them in pure linen, with hemstitched edges, and embroidered corners, some of them showing a touch of color in the embroidery. The variety of designs is immense, and the good value quite unique.

14. And representing the splendid showing of real lace handkerchiefs, for weddings and gift purposes, this one in beautiful Maltese, with centre of fine, sheer linen—priced \$4.00. Others may be had in rose point, Honiton and Carrickmacross.

—Main Floor, Centre.

"Joffine"—Taking for granted that the baby carriage question is the one nearest your heart, let us begin with that. Not all folding go-carts are the vehicles of discomfort you imagine. There is one that would soon reconcile you to the sacrifice of the big wicker 'gram of your dreams. It is finished in grey, with wood sides, heavy springs, reclining back, a good roomy seat that will accommodate large pillow, footwell with apron, 4-bow hood and 10-inch wheels with half-inch tires. It folds up conveniently in the usual manner, and is specially priced at \$10.50.

When it comes to rompers, the kind I think you would like best are those in white cotton poplin, quaintly smocked by way of ornamentation—priced \$1.95 and \$2.50 (the latter representing better quality material). In white mercerized poplin with smocking and baby Irish lace are others at \$2.95. And while there are none in plaid, you may have good models in white cotton repp at \$1.25, in white basket cloth at \$1.50. They button across from knee to knee.

As for the furnishing of the living-room, your start sounds most promising. What could be happier than grey walls in a southwest room? And the golden brown rug can be made to do as well as any other in working out a pleasing scheme. Generally speaking, one would advise you to select your \$100.00 as follows: \$50.00 to a Chesterfield sofa (the without-which-not of a comfortable living-room); \$25.00 to a mahogany table—plain, good and large enough for books, reading lamp, etc.; \$20.00 to brown casement cloth for curtains (judging that it would require about 3 yards for your three windows), and the remaining \$12.00 to two low wicker chairs. What think you? Of course, it is only the foundation of a room, remember. The brown denim on the sofa should afterwards be changed to chintz or repp, the wicker chairs supplemented by upholstered arm chairs, and bookcases and small tables added to the equipment. But it is better to get a few things slowly, and have them worth while, than everything at once and have them trashy—which is hardly an original theory, is it?

"Sunshine"—The best examples of mustard color silk are found in a crepe de Chine at \$2.50 a yard, 40 inches wide; a khaki-kool at \$4.00 a yard, 36 inches wide, and a shot taffeta, \$1.25 a yard, 36 inches wide, the latter having more of a gold tinge, really.

Navy, Copenhagen and pale blue beads are procurable at 12 cents per bunch. They are on strings, you know. And, finally, the caterpillar braic—the likeness is remarkable—can be had in black, white and purple at \$2.00 per length of 10 yards.

Ottawa.—Ivory walls, green rug and mahogany furniture—it sounds an ideal setting for a certain delicious little taffeta-like chintz which shows a black and cream striped ground—stripes about an inch and a half wide—patterned with mulberry pink roses, white daisies and lots of green foliage. Use it for the side curtains and slip-covers, and you couldn't help having an enchanting drawing-room. The pattern is simple, and though distinctive is very softly blended—admirably suited, in fact, to a small room of southern exposure. It is 66 cents a yard, and 31 inches wide.

HALF WAY ACROSS THE DOMINION I AM CELEBRATING MY BIRTHDAY

Take the
Elevator
and
Save Ten

Today is my birthday—I am four years old. This will be the proudest day of my business life.

I want every man and woman in Toronto to celebrate with me. Just four years ago today I started the first Upstairs Clothes Shop in Canada with \$400.00 Capital.

This first shop was started in a 15 ft. square upstairs back room with small expense and honest values as a corner-stone.

Today—just four short years later—this great chain of Upstairs Stores extends half-way across the Dominion.

Wherever these Stores have been inaugurated they have swept everything before them—because they had the people to support them—because the people in every city of Canada knew that nothing but Honesty, Truth-telling and Values are to be found in my shops. There can be no element of fraud, deception or misrepresentation in a Robinson statement.

I want every man and woman in Toronto to come up—There will be service as well as business. You who haven't seen this great Upstairs DAYLIGHT SHOP—COME UP. You who are customers, bring your friends.

I have cut out all sham, hypocrisy and false display—have cut out all ground floor rents, delivery service, book losses and every other item that makes it necessary for the buyer to pay more than the actual value of the clothes themselves.

Last October I was sued in the Courts by the Merchants' Association of Canada, representing the ground floor clothiers and others, they claiming that I was not selling \$25.00 Clothes for \$15.00.

The decision in this case was handed down by Sir Hugh John Macdonald, and I proved in Court that I was actually selling \$25.00 Clothes every day in the year for \$15.00.

After this verdict no one can doubt further.

I am the only clothier in the world who has proved in Court by expert testimony that he is selling goods at 40 per cent. less than his competitors. While the Big Clothing Strike has delayed deliveries of Spring goods to all other retailers—who depended on the factories for supplies—my factory has been running full time, and I am now ready with the greatest stock of beautiful Spring Suits and Overcoats that I have ever shown at any time. Nothing is lacking in this great institution—Style—Patterns—Quality—Quantity and Saving Price.

I AM SELLING, and will continue to sell, Genuine \$25 Suits and Overcoats for

HOW WE HAVE GROWN
In four short years these Stores have grown to occupy more floor space than any Clothier in Canada, from a 15 x 15 start.

To the Ladies
I wish especially to invite the ladies to this opening display, as it is to them that I feel I owe the greater part of my success, FOR THEY KNOW VALUES.

Floor Space - 1120 Sq. Feet (1913)

Floor Space - 3,740 Sq. Feet (1914)

Floor Space - 10,470 Sq. Feet (1916)

Floor Space - 24,650 Sq. Feet (1917)

If You Can Duplicate

these \$15 clothes at ground floor stores regularly for less than \$25, come back and get your money.

\$15 INSTEAD OF \$25

What's the Use?
High ground floor rents cost money and they have to be paid. But you don't have to pay them. They add nothing to the style or value of a suit. Come up and see how we cut them out!

That is the one and only reason that I am selling more Suits and Overcoats than any other shop in Canada.

My \$20 Clothes will be of more interest than usual this season, for they are the same kind of clothes that the "ground floors" are showing at \$30—with a much greater assortment of patterns.

CASES DECIDED AT OSGOODE HALL

Judgments Given in Several Cases of Minor Importance.

The appellate division at Osgoode Hall yesterday allowed the appeal of the City of Ottawa against the decision awarding W. M. German, K.C., M.P., \$2000 damages for injuries sustained thru a fall on an icy pavement in Ottawa. The action is dismissed. In his remarks Mr. Justice Lennox stated that it was more a question of law than of fact—the proper interpretation of the statute. He held there was nothing exceptional or peculiar about the condition of the sidewalk on Besserer street, where the accident occurred.

Mr. Justice Middleton has refused the mother of Ethel Grace Sinclair the custody of the child at present, but if she continues to maintain her home she may apply again in six months.

In the appeal of R. H. Bullen from the conviction by Magistrate Kingsford and fine of \$20 and costs for maintaining a public nuisance in the garbage chute at the Matland Apartments, Judge Morson yesterday decided to defer judgment in order to see the condition of the chute over the sanitary conditions of which authorities differed.

Judge Morson yesterday dismissed the appeal of W. H. Liscombe against a conviction, and fine of \$10 imposed by Magistrate Kingsford on the charge of permitting children to en-

Charged With Assault Turned Crown Witness

Tony Stata, a Greek merchant, appeared on the stand in the police court yesterday to tell how he had been attacked by men in his stable at the rear of his store, West Queen street, some time ago, and badly injured. When he awoke to consciousness in St. Michael's Hospital, his mind was a blank.

Investigation led to the arrest of two soldiers, Privates George Mack and Joseph Cook and Alfred Boddy, on a charge of being concerned in the affair. At the request of Crown Attorney Hughes, Boddy was discharged and allowed to take the stand as a witness. He told the court how, on the day before the assault, arrangements had been made for the attack upon Stata. Cook, however, swore that he took no part in the affair.

Mack took all the blame, saying that he had gone down the lane for private reasons, and had been attacked by Stata. The loaded swag-gear stick found in the stable was his. "I have information which leads me to believe that the man Cook was behind the whole scheme," Mr. Hughes said, whereupon Magistrate Denison remanded the prisoners pending further investigation.

DENOMINATIONS UNITE IN MISSIONARY WORK

Presbyterians and Methodists Will Co-operate in Northern Ontario.

At a special conference of the standing committees of the Methodist Missionary Society held behind closed doors in the Wesley Building yesterday afternoon it was unanimously decided to co-operate with the Presbyterian Church in missionary work in northern Ontario. The question has been considered carefully and action taken by the committees and boards of both churches, and the towns to be affected have been approached and their views heard on the proposed union. This was the final meeting, and the secretary was instructed to inform the Presbyterian board that the new plan will be inaugurated in July.

The places to be affected are all of the towns north of Orillia to Couchiching and west as far as the Soo. A series of meetings were held recently at North Bay, Bracebridge, Sudbury, Haliburton and other sections in the northern country, and, according to remarks made by delegates representing the different towns, the people are satisfied with the movement and are of the opinion that it will do away with the overlapping.

It is the intention of the missions to minister in every community. In places where there is both a Presby-

BOYS NOT ENTHUSIASTIC

Principal G. A. Smith of Parkdale Collegiate stated yesterday that the boys attending that institution are not very enthusiastic over the idea of spending their summer holidays working on farms. The principal stated that out of 200 pupils but 15 signed the cards expressing willingness of helping in the thrift campaign. They gave as their reason that the work was too hard.

THE ONLY MEDICINE FOR LITTLE ONES

Mrs. Timothy Bowes, Hillsdale, N.E., writes: "I have always used Baby's Own Tablets for my three children, and I can speak very highly of them, as I could not get along without them. Baby's Own Tablets are the only medicine I would use for my children." The Tablets cure all the minor ills of little ones and the mother who always keeps a box of them in the house may feel reasonably safe against the consequences of sudden attacks of illness. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

MOTOR CAR STEALING PROVES BIG PROBLEM

Criminal Code Section Makes Imposition of Heavier Sentences Difficult.

Despite the increase in motor car thefts in Toronto, there does not seem to be any tendency on the part of the magistrates or county judges to create a deterrent by imposing heavier sentences on the offenders. The only comparatively stiff sentence handed out for this particular crime was to three youths who stole a car from a Toronto man and smashed it against a bridge at Bridgeburg. They received each one year in the Ontario Reformatory. Recently, two youths who stole and smashed a machine in the west end, and damaged it to the amount of \$700, were discharged and allowed to enlist.

Under one section of the criminal code, where a man is convicted and the evidence shows that the act was premeditated, he can be sent down for three years. But the great trouble seems to be that the crown has to first prove that there was intent to steal before it can impose the maximum sentence. Youths caught with cars belonging to some one else have stated, when arrested, that they had only taken the car for a joy-ride, and the crown, being unable to prove otherwise, has been compelled to impose the fine of \$50 or 30 days in jail. The authorities are of the opinion that this part of the act should be amended so that a penalty commensurate with the crime and the damage done to the stolen cars may be imposed.

SAURDAY MORNING, MARCH 31.

The Need For Men.

Among the gratifying reports that are coming from across the ocean, there are others that should not be lost to sight. A certain optimistic spirit leads many to enlarge on the favorable news and suppress or disregard the disquieting notes.

In Canada there is a disposition also to magnify anything that might be considered an excuse for not helping on the war-movement. We suggested last week that the best we might be able to do was to hold on till the United States organized an army force big enough to decide the issue.

There are German influences at work in the United States to keep the Washington government out of the main line.

For many years, however, Russia was regarded as the traditional friend of the United States. The late Czar Alexander II, who emancipated the serfs, was bracketed to some extent in the public mind with Abraham Lincoln, who emancipated the slaves.

wages congress may assess, then congress, in fairness to the stockholders and bondholders, must take over the roads. If the men cannot strike because they are engaged in a quasi-public capacity, will they not demand that they be taken into the public service of the country?

Our neighbors who have something of the French fondness for logic and definition, may say that the roads, if nationalized, ought to be under the control of the war department, and that the men who operate them should be soldiers rather than civil servants.

The decision may have a tendency to make capital, already fearful of railway investments, even more timid about them, and we know, on the best authority, that the United States railways, in order to become, thoroughly efficient, must expend ten billion dollars in the next ten years.

Nothing has so accelerated the tendency of the United States to enter the war as the successful revolution which has apparently put an end to Russian despotism. Millions of people in that country, formerly subjects of the czar, were anti-Russian to the point of being pro-German.

For many years, however, Russia was regarded as the traditional friend of the United States. The late Czar Alexander II, who emancipated the serfs, was bracketed to some extent in the public mind with Abraham Lincoln, who emancipated the slaves.

ANOTHER AVALANCHE ABOUT DUE.

From the Wilds.

Editor World: A discussion arose a few days ago in regard to the cruelty to animals, such as dogs, cats, horses, etc. Now, after having had some warm discussions in reference to the good work that has been done by the humane society I thought I would like to say a few words thru your valuable paper.

In some of these traps they would find an animal caught by the leg, this poor creature having been there from two or three days, and when the trapper's work this is what they would see: They would find steel traps set all along these streams for mice, rats, coon, martens, fisher, etc.

The Ontario Department of Agriculture has secured the services of Miss Louise Klein Miller, curator of Home Gardens, Cleveland, Ohio, to deliver an address to the citizens of Toronto in the Foresters' Hall auditorium, 22 College street, on Tuesday evening, April 3rd, at 8.15.

INQUEST IS ORDERED. Aldin Broadbent, 267 Mutual street, died in the Wellesey Hospital last night, and Coroner Dr. Homer Mason has ordered the removal of the body to the morgue, where an inquest will be opened today.

EX-TREASURER WILL BE TRIED. In the police court yesterday, James H. Hird, a former secretary-treasurer of St. John the Baptist Church, Norway, pleaded not guilty to the charge of stealing \$149 from the church funds. He elected to be tried by jury and was allowed out on \$2000 bail.

FOUND VALUABLE PURSE. Policeman 179 found a valuable purse, containing a roll of bills and highly prized diamond ring on Thursday, at the corner of Richmond and Bay streets. The loser of the purse was overjoyed at finding the lost valuables at police headquarters yesterday.

Nathan Schwartz Says Doctor's
Fees Made Him Attempt Suicide

"I did it because the doctor had
 charged me twenty-five dollars," replied
 Nathan Schwartz, aged 46, of 61 Centre
 Avenue, when asked at Agnes street po-
 lice station last night why he had at-
 tempted to end his own life. Schwartz
 was taken from his home suffering from
 gas poisoning and removed to the Gen-
 eral Hospital. He was discovered in his
 room by the landlady of the house, and
 she called in a policeman. The man was
 later removed from the police station to
 the reception hospital.

 of Provincial Government," by Sir
 William Hearst.

The Call of the Motherland—Ontario's, too!

More Food Production

Even a normal harvest, much less a big increase, cannot now be sown, owing to a tremendous shortage of labor on Ontario's farms, unless thousands of business men, retired farmers, Y.M.C.A. members, high school boys, etc., volunteer, quickly, for this noble work. Come to the Mass Meeting—this vital question must be grappled with. The possibility of a crop shortage in 1917 is as grave a menace as any in our history.

CONGRATULATIONS MAYOR TO CHAMPS

Open Letter to Dr. LaFlamme Expresses His Gratitude to Allan Cup Holders.

In an open letter to Dr. W. J. LaFlamme of the world's amateur hockey champions, the Dental Hockey Club, the mayor has written as follows: "Dear Jerry—I write to congratulate you and your Dental team on having won the Allan Cup and on the fair and sportsmanlike manner you conducted yourselves in Winnipeg, and in bringing back the Allan Cup to Toronto. It is needless for me to say that the people of the city appreciate the clean amateur sportsmanship of your team. As you understand, the war is on at present and the city is not having any public receptions for that reason, but no one was more worthy of one than your team. The honor you won was well-merited as it was deserved. As an old friend of the Dental Club, I appreciate all your profession has done in this war and its splendid contribution of men and money. Please convey to the members of your team my heartfelt congratulations on their good work. It is also true that the O.H.A. has done magnificently in this war, and I cannot speak too highly of the way they have acted, including all the officers and members of all the clubs. Toronto is no mean sporting city, and the sportsmen of Canada generally have done magnificent work in this war. Mayor Waugh of Winnipeg informs me that your team won considerable public approbation there on the way you acted while in that city, and you won many good opinions. I am glad to hear that many of your team are going to join the Dental Corps, and congratulate you on the most successful season you have had. Wishing you all well and with kind regards, Yours sincerely, Mayor.

Eatons Play Ulster Today For Brigden Cup

The Toronto and District Football Association will open their season today at Danforth's Athletic Ground, when Eatons and Ulster will meet in the semi-final of the Brigden Cup competition. It will be remembered that owing to various causes this competition was not finished last season, and it was decided that it should be the opening competition for the current season. Both teams will be allowed to play the players who were on their list at the close of last season, and, as both teams had some of the best players in the city, a good game should result. The game is called for 3 p.m. and will be refereed by A.H. Beaton.

At a largely-attended meeting of the Wyckwood and Lancaashire Football Club held at Occident Hall it was proposed and adopted that the two clubs be amalgamated for the coming season, on account of the large number of players of both clubs who have existed for over a year. The record of both clubs is well known by soccer followers throughout the city. The new club is to be known as the "Wyckwood-Lancaashire Football Club." The following officers were elected for the ensuing year: President, W. R. Curry; vice-president, E.A. Tomlinson; secretary, Fraser; A. Fraser, secretary; treasurer, 543 Greenwood avenue. The president read a list of seventeen good players who have already affixed their signatures to forms for the coming season. Any good player wishing to join a good club will be made welcome by communicating with A. Fraser, secretary, 543 Greenwood avenue. Patrons of football in Toronto will be still well and doing his bit to crimp the ball's hopes on the western front. Percy will be remembered as one of the best forwards the Overseas Club ever had. He has been in France over a year and a half.

Jim Thorpe Again Back to the Minors

Big Jim Thorpe, sturdy son of the Sac-and-Fox tribe, is the last of his race to make a fight for a big league berth, for the day of the Indian in baseball is soon to pass. Chief Meyers, with the Dodgers, is still holding his place as major leaguer, but when he was traded to the Dodgers by John McGraw the major league knew that he was on the back ward trail, for McGraw doesn't let 'em go until they commence to slip. The passing of Chief Bender during the winter marked the retreat of the Red Man, and the unsuccessful attempt of Big George Johnson and Jim Blue-jacket to hold their own in major league company within the past two years is evidence of the passing of real American players from a real American game. Jim Thorpe, past the 30-year milestone, is now in his prime, for he is an athlete among athletes. But Thorpe, great as a track man and a football star, has found the wiles of major league pitchers too much for him, and his third attempt this year has been no better than the others. McGraw has always hoped that Thorpe could be developed into a real star, for in Thorpe he saw physical ability that only one man in a thousand can boast of. But for some reason Thorpe has been unable to meet the requirements of a major leaguer, and McGraw will probably hesitate to call him back again. Thorpe stands today as the best all-round football player in the country. He has turned professional, and his team at Canton, O., last season was one of the greatest ever gotten together. It is said by those who watched Thorpe thru several seasons during his time at Carlisle that he is a 50 per cent. better grid-iron man today than he was at college.

Paxton and officers of the Ontario Hockey Association have issued a limited number of invitations to the dinner on Monday evening at six o'clock at the St. Charles to the Dental Hockey Club, O.H.A. senior champions, and Allan Cup holders. Mayor Church and the aldermen, members of the Dental College faculty, Col. Bickford (president of the Military Athletic Association) and his staff, members of the press, and representatives from the O.H.A. senior and junior teams in Toronto, and the Hamilton Hockey Club, intermediate champions, have been invited. There will be accommodation provided for others desirous of attending, and tickets may be had at the St. Charles. There will be the presentation of medals, following the dinner, but no speech-making, as the players of the champion team will attend Shea's Theatre, where the boxes have been reserved for them by the O.H.A. CONNIE PLANS NEW TEAM OF SWATTERS

Athletic Recruits Are Picked For Their Ability to Pound Ball.

Jacksonville, Fla., March 28.—Any baseball manager or team in the American League that has been laboring under the belief that the Athletics are going to be easy to beat this year wants to revise that opinion right now. Connie Mack is hitting up his forces for a real fight this year. He is going to be led by a team much superior to the one he had last season, and it can be safely said that the "Empire State" of the much-maligned White Elephants has arrived.

Not since 1909, when Connie began to develop the players who, with a few veterans, gave him the greatest team in the history of the game, have so many good young ball players been seen in the training camp of the White Elephants as

are now getting into condition for the 1917 campaign. There is not a department of the team that will not be improved over last season.

In 1916 there was one weak link in the Athletics. This was the pitcher. The team managed to get bunches of players on the bases, but the needed hit could not be produced. Another fault was in the pitching department. Connie had two star pitchers in Bush and Myers and nothing else. This year his twirling staff will show a decided improvement, and there is every reason to believe that the team will show a punch which will be surprising as compared with the lack of hitting ability of the combination in 1916.

No one in the Athletics' camp is ever so much as whispering about a pennant or of the team even being in the thick of that fight for a short time. But all who were with the club a year ago realize after watching the players in their first week in the camp that Connie Mack has strengthened his team in many ways. He sent his scouts out last season with instructions to bring in players who could hit. The scouts did as they were told, with the result that there are now several players with the club who either led their respective leagues in hitting last year, or else came very close to doing so.

Four News Who Can Hit. Some of these sluggers from the minor leagues are Bodie, the fence-buster from San Francisco; Thrasher, from Atlanta,

who many believe can hit a ball as hard as any player in the league; not even excluding Frank Baker, Grover, formerly of the Seattle team, and Bates, who compiled a batting average of close to .300 with the Vernon team.

There are also some other promising outfielders in the squad. One of these is W. Johnson, who played with a semi-pro team in Chicago, last year. W. Johnson is a left-hand hitter, and he looks very good at the bat. Ley, who comes from Boulder, Colo., may prove to be a find. He is a dandy fielder with a strong throwing arm, and the only question about him is as to his ability to hit the ball.

Taken altogether, Manager Mack has the best looking bunch of young players that he has had in a training camp in several seasons. The thing to do now is to work off the rough edges and polish up the youngsters. Then, when Connie makes his selections, he will start on the process of developing the team work.

There should also be better hitting strength at other places in the infield. Melmes is his old self again. A year ago Sturly was a worried youth, and for weeks hit around the 125 mark. After the recovery of his mother from a serious illness and an operation on his nose, Melmes hit his first big home run at the finish of the season his batting average was close to .300. Sturly has come back this spring with a vengeance and he should drive in many runs this season.

Not only will the Athletics have a better hitting infield than they had last year, but the outfield should have grown up. The famous "100,000 infield," but the outfield should have grown up. The famous "100,000 infield," but the outfield should have grown up.

A FREAK DOUBLE-PLAY.

At the White Sox training camp in Texas, during a practice game, a hot drive by Albinson hit Trumpe, Gleason on the leg and caromed to Rieberg, who converted it into a double-play, as there was a runner on first. Gleason called both men safe, of course.

A bug in the stand thought both were out and yelled "We'll umpire down here for less than that."

"One of the rookies near yelled back: "Ain't there a rule book in this state?"

HAD SOMETHING TO LEARN.

Golf was being discussed as a possible aid for spring training of ball players. The White Sox, who had just returned from the new nine holes of the Mineral Wells course.

Buno Haas, recruit outfielder, listened attentively. It was evident that the subject sounded good to him.

"Why don't you try it, Bruno?" asked one of the veterans finally. "Come out to the links with me and I will show the 'd' be glad to," replied Haas, "but I wouldn't even know which end of the links to hold."

HE CAN HEAR.

Charley Ebbets' hearing is improving. At a recent practice game in Hot Springs the umpire announced to the assembled "The Boston Red Sox, champions of the world, will play the Brooklyn National League team here Sunday."

"What's that, Mr. Empire?" asked Mr. Ebbets, as he leaned over. "Please make that, Brooklyn, champions of the National League."

The umpire made the correction.

Duffy Lewis of the Boston Red Sox, who is a hold-out, played with an independent team in Fresno against the second team of Chicago Cubs on March 7, and scored the only run of the game in the ninth inning. Dutch Leonard of the Red Sox, supposed to be all in with typhoid, pitched part of the game for Fresno.

Joe Wood is gone from the Red Sox. Sprague declares Manager Barry has discovered a new Joe Wood in Tyson, the youngster from the Buffalo International sale. If anything, he has a better and freer arm movement than Wood," says one critic. Now, he can show the speed, the curves and the brains.

IMPORTED HORSES IN KENTUCKY DERBY

Macomber Stable Will Provide the Favorite—Early Training.

New York, March 28.—There has been more talk about the Kentucky Derby, to be run at Louisville this year, than of any Derby since its inception. This is probably due to the presence of so many imported horses. No matter which way one turns among racing folk the question is: "What do you think about the Kentucky Derby for the English line of argument there is no reason why the same should not exist in this country. Some have said, English critics chiefly, that it is doubtful if North Star III will go a Derby route. While these critics may be correct in their statements, it is a question which will not be known until Walter Jennings has given this son of Sunstar—Angelo a good and sufficient trial.

Mr. Jennings evidently believes North Star III will go the route judging from the financial outlays of his friends, many of whom have backed the colt for goodly sums and they would not have done so had not they been actuated by the opinion of Mr. Jennings or satisfied by reports of the colt's work at Charleston.

Will Go to Post Favorite. That the Macomber stable will go to the post a slight favorite there is little question if the work of North Star III, which he has done in the past, is spread a week or so ago that the colt had pulled up lame. This was not true. North Star III, according to a letter from Mr. Jennings, has never taken a bad step since he was shipped to this country. He is a colt of the highest quality, and he is a colt of the highest quality, and he is a colt of the highest quality.

Syracuse has a dream of getting into the International League next year. This is about what it will cost: The New York State League will ask at least \$100,000 for release of the territory and the Montreal franchise, which it is proposed to hand, can't be bought for less than \$20,000. Then Syracuse will have to build a new ball park at a cost of say \$25,000. That is the initial cost. Expenses of operation come next.

Jimmy Mason, former manager of the Jacksonville South Atlantic League team, who failed to come to terms on an offer to manage the Raleigh North Carolina League team, has signed as a player with the Greenboro team. He will have a team-mate Karl Burns, former Jacksonville pitcher, while Jimmy Laval, former Jacksonville outfielder, will manage Greenboro.

The Indianapolis Indians ran into military training staff right off the bat at their Albany training camp. John Mock, secretary of the Albany Chamber of Commerce, who is a Spanish war veteran and a National Guardsman, etc., had arranged in advance, supposing the Indians would drill them, and they had to accept whether they liked it or not. Manager Jack Hendricks was tickled, the drill master made them go thru the morning and grinded with glee when the drill master made them go thru the pace.

FRANCHISING LISTS OF NEW VOTERS

To Give Women and Soldiers the Franchise is Introduced.

When Attorney-General Lucas yesterday afternoon introduced his bill to amend the method of making up the supplementary election lists for the purpose of Ontario, he explained that the primary object of the bill was to give the newly enfranchised women and also the soldiers at the front, the right to vote at the coming elections. The bill, he said, in many parts of the province had already made up their minds and it would be unfair and impracticable to have them do their work again. It had been suggested that the women might all register by themselves, the soldiers at the front, and the bill would be cumbersome, costly and inconvenient.

The bill therefore provides for an enumeration of the voters of Ontario and the names are not placed on the supplementary lists. Hereafter, in making up the election lists, part three will disappear.

Boards of enumeration or registration are to be established in every county of Ontario. In the rural counties the board will consist of the two county judges, the sheriff and the crown attorney. If there be only one judge in the county, the local justice shall act; and where the county judge is also the local master, the county registrar shall be the fifth member of the board.

Appeals Provided For.—Whenever a general election is imminent this county board shall appoint an enumerator for every township, whose duty it shall be to place on the election lists every qualified voter not already on the municipal lists, including women and soldiers, and men entitled to vote under the manhood suffrage statute, and persons

entitled to vote but who for some reason have been omitted from the municipal lists. An appeal will lie from the enumerator to a court of revision, consisting of one member of the county court of registration to be chosen by themselves.

In cities like Toronto, where registration of voters has existed for some time to a limited extent, the old board will become the new board of enumeration and registration. Such board will appoint enumerators for small, well defined areas in the city. Each enumerator will place on the list every person entitled to vote at the parliamentary election not already on the municipal list. He will then post this list, and appoint a day, when persons may register who have been omitted by him. The usual appeal will also be allowed as at present in the case of manhood suffrage registration.

Bill Provides For Refining of Ontario Ore in This Country

Hon. G. Howard Ferguson, minister of lands, forests and mines, introduced a bill yesterday providing that hereafter all leases or grants from the crown on mineral bearing lands should contain a condition that all ore mined therefrom shall be refined in Canada unless otherwise directed by the lieutenant-governor-in-council.

Mr. Rowell: "It is precisely the same law you passed twenty years ago."

Mr. Ferguson: "Practically, except that permission must now be granted to refine outside of Canada by the lieutenant-governor-in-council instead of by the minister."

Mr. Rowell: "It does not apply to lands already patented."

Mr. Ferguson: "No."

LICENSING OF MOTOR DRIVERS.

G. H. Gooderham will bring up the licensing of motor drivers in the House. The municipal committee yesterday again refused to report his clause providing for it. His bill regarding head lights on radial and street railways fared better. The lights must be so constructed that the rays do not reach a higher level than 3 feet 8 inches seventy-five feet in front of the car.

CANADIANS NOT AFFECTED.

Canadians or British subjects who have been resident in Canada for one year are to be admitted into the United States for a period of 90 days without payment of the eight dollar tax to be imposed on alien sons of May, provided they are on a bona-fide tour. Visitors are allowed to stay on the other side for 24 hours without having to pay the tax on conditions that they have a return ticket.

THE FORMAN MYSTERY

By GEORGE HUGHES.

(Continued From Yesterday.)

Arrived in the ante-room adjacent to the court room he found Mrs. Forman, her daughter and Norah Rafferty already there. All were seated, but the constant fidgeting of Mrs. Forman and Norah told eloquently of ragged nerves and anxious anticipation of what lay before. If Edith Forman was nervous she did not show it. She sat beside her mother with white face and closed lips, and did not participate in the greeting extended to Warrenner by her mother and Norah. For a moment, as he stood on the threshold of the room, her eyes rested upon him, then turned away without exhibiting the slightest emotion.

Edith uttered a loud commotion outside, the shutting of many feet and the hum of many voices, protesting, entreating, as their owners sought to wild their way through the doorway of the court room for admission. The door of the ante-room was thrown open, and those within were able to watch the crowd as it entered the court, trickled off individually and in groups, and finally deposited itself in the place selected. Those admitted to the court first naturally secured the best seats and the most advantageous positions.

The time set named and court clerks and other officials entered, and took their respective places in the well of the court. Followed the jury, the twelve good men and true who were to decide the fate of Rupert Marden. They had been carefully selected from the city's most influential citizens, and espoused to listen to and sift the evidence that would be given for and against the prisoner and bring in a verdict compatible with the testimony submitted.

"Oyez! Oyez!" rang out the raucous voice of the court crier as the jurymen filed to their places. Next came counsel: Mr. Fortescue, prosecuting attorney, and Mr. Bright, counsel for the defence. Both were considered without peer in their respective lines of law.

The judge entered, slowly, as befitted one of his dignity and position. The crowd rose, stared and held its breath. In hushed silence he mounted the steps of the dais deliberately and took his seat between the twin shaded lamps on opposite ends of the dais. The crown case was formally opened.

"Rupert Marden," the crier's voice rose high above the murmured conversation. Instantly every tongue was stilled, and every eye cast hither and thither in the hope of first looking upon the face of the accused. The cry was taken up by a uniformed official at the other side of the room. Presently Marden appeared, escorted by two policemen, at the head of the stairs. He walked between his captors, head held high, eyes looking straight ahead. He mounted the steps of the dais amid dead silence.

There he faced the court calmly and fearlessly, his frank, open and intellectual countenance betraying no emotion.

In a deeply sonorous voice the court clerk read out the charge against Marden.

Judge Bowman turned his stern eyes on the prisoner.

"Rupert Marden, you have heard the serious charge preferred against you—that have you to say?" he asked.

Marden's steady grey eyes met those of the judge as he replied, in a voice which thrilled the court with its clarity and firmness:

"Only that I am innocent!"

At which fearless declaration the crowd voiced its approval by a subdued cheer. But the court ushers silenced it immediately.

The prosecution began. Detective Barton was the first witness called for the crown. Briefly he told how he, with Detective Waller, had been called to the Forman home on the night of the tragedy by Dr. Warrenner. There they had found Ethel Forman dead, shot thru the heart.

"At first I believed it to be a clear case of suicide, but when I was unable to find any weapon I came to the conclusion that it was murder, he continued. Proceeding, he mentioned the discovery of the hat with the slit crown on the ravine bank, the subsequent visit to the Marden home, where they found the tragedy by Dr. Warrenner. There they had found Ethel Forman dead, shot thru the heart.

CONGRATULATE RUSSIAN DUMA.

With much oratory and applause, the house yesterday unanimously passed a resolution introduced by H. H. Dewar, K.C., congratulating the Russian people on the establishment of free institutions in their country. G. H. Gooderham, who also has a number of Russian constituents, seconded the motion, which called for much eloquence on the part of the leaders of both parties in the house in tribute to the Russian people.

If You Want Evidence

That Hemorrhoids, or Piles, Can be Completely Cured Read These Letters—Both Are Sworn Statements.

Toronto, Ont., March 30.—Next to personal experience the sworn statements of reliable people are the strongest evidence obtainable. If you have a trial, or a box of Dr. Chase's Ointment will positively and completely cure piles, these letters should convince you.

Mr. Samuel Parker, fruit grower Grimsby, Ont., has made the following declaration before M. W. W. Kidd, notary public of the same place: "I have never been troubled with piles since I am now seventy years of age, and want to recommend Dr. Chase's Ointment to all sufferers from piles. My wife has used it for itching skin and obtained complete cure."

Mr. Donald M. Campbell, Campbell's Mountain, N.S., writes: "I have used Dr. Chase's Ointment with great success for hemorrhoids or piles of fifteen years standing. After trying all kinds of so-called pile cures, three boxes of Dr. Chase's Ointment gave me a complete cure. I have also used Dr. Chase's Kidney-Liver Pills, and there are no others so good. You may use this letter, if you wish, for the benefit of others who may suffer as I did."

Sworn before me, Murdoch Gordon Campbell, J.P., at the county and for Inverness County.

If you would like to try Dr. Chase's Ointment at our expense, send a two-cent stamp for post postage, and we will mail you a sample box free. Full size box 60 cents, at all dealers, or Edmondson, Bates & Co., Limited, Toronto.

ACCOUNTS COMMITTEE PROBES EXPENDITURES

Discusses Action of Assistant Provincial Secretary Now on Hospital Commission.

S. A. Armstrong's brothers-in-law were the objects of chief interest in the public accounts investigation committee yesterday. H. H. Dewar, K.C., sought to show that Mr. Armstrong had used his influence as assistant provincial secretary to get one brother-in-law, J. D. McGibbon, appointed deputy registrar in the provincial secretary's department, and to have drug contracts in public institutions go to another, P. T. McGibbon. Under strict cross-examination Mr. Armstrong maintained that he had not been a party to these matters. J. T. Walter, solicitor to the treasury, who has been called to appear before the committee in respect to correspondence regarding the Devonshire race track, did not show up. Chairman McCrea said he would return to Toronto today (Saturday).

Mr. Armstrong said he had been appointed director of the military hospitals commission, at a salary he declined to name, in December, 1916, had been on leave of absence with a salary of \$4000 from his provincial position for three months, that is, until the end of this month.

"Flowers," said Mr. Dewar, when Mr. Armstrong told him that an item in the accounts regarding Ontario Reformatory industries, namely, "storage of plants," referred to flowers. Yes, replied the assistant provincial secretary, plants, some of them expensive orchids, valued at \$25,000 purchased by the late government. They had not been able to dispose of them.

FINES ARE INCREASED.

Legal Committee Takes Action to Stop Sale of Habit-forming Drugs.

The legal committee yesterday decided that fines for selling habit-forming drugs should be raised from \$20 to \$50 for the first offence, and from \$50 to \$200 for the second. The fines are to be equally divided between the college of pharmacy and the government. The committee agreed also to give a committee of the pharmaceutical council power to cancel licenses for violation of the law. This is to amend the present situation by which the council alone has power to do this at its annual session.

ORANGEMEN PROTEST.

The following resolution signed by District Master Robert Nelson and passed by the Centre District Orange Lodge, has been mailed to the British

Premier Lloyd George: "Centre District Orange Lodge, representing nearly four thousand Canadians, including a thousand Orangemen, and another thousand sons of Centre District Orangemen on the fighting line, protest that advantages should not be taken of Ulster's loyal sacrifice to force our fellow subjects and coreligionists in subjection to a Sinn Fein Parliament in Dublin."

PHEASANT IN CELLAR.

When Mrs. Fred Lee, 181 Concord avenue, went into the cellar yesterday morning she found a large pheasant perched on a box. Mrs. Lee was ignorant of how the bird got into the house and it was believed that it escaped from the zoo. The bird was very tame and easily captured. The zoo officials were communicated with, and they stated that the bird was not from the park.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up, and cause all sorts of distress, particularly back ache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus sending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.

PLAYS, PICTURES AND MUSIC

SECOND WEEK OF OPERA.

The eight performances of the Aborn Grand Opera Company this week at the Royal Alexandra will be followed by nine performances in the second week, as there will be an extra holiday matinee on Good Friday. The double bill of Mascagni's "Cavalleria Rusticana" followed by Leoncavallo's "Pagliacci" will be given Monday night only; Verdi's "Rigoletto" will be sung Tuesday night and Friday night; Coucoud's "Faust" in Wednesday's business; Wolf-Ferrari's "The Jewels of the Madonna," Wednesday night; Offenbach's "The Tales of Hoffman," Thursday night and Saturday afternoon. Saint-Saens' "Samson and Delilah" Friday afternoon, and Verdi's "Il Trovatore" Saturday night complete the engagement.

"MOTHER CAREY'S CHICKENS."

"Mother Carey's Chickens," which was dramatized by Mrs. Wignin and Rachel Crothers, comes to the Royal Alexandra Theatre for the week beginning on Monday, April 16.

"THE FLAME" RETURNS.

Richard Walton Tully spared no expense in making the production of his play, "The Flame," which comes to the Alexandra for a return engagement beginning Monday night, April 9. The scenes of "The Flame" are set in a country at the edge of the Spanish main, and the first of these, it will be remembered, shows an ancient church high on a cliff beside the Caribbean.

"CHIN CHIN" AT GRAND.

Montgomery and Stone, the premier entertainers of America, will be seen next week at the Grand Opera House in the world-famous musical production of "Chin Chin." This musical fantasy is founded on the story of Aladdin and his wonderful lamp, and was first presented in Philadelphia in September, 1914. Since then it has established records in New York and Chicago, and comes direct from the latter city to Toronto.

"STOP! LOOK! LISTEN!"

In the creation of the marvelous dresses worn by Miss Leona Thompson in "Stop! Look! Listen!" two Paris couturiers of the first rank have made the most of an unusual opportunity to display their originality and artistry. "Stop! Look! Listen!" opens a week's engagement at the Grand with a special matinee Easter Monday.

LOEW'S YONGE ST. THEATRE.

"The Mimic World," a one-hour musical comedy, with a company of 30 people, will be the headline attraction of the coming week at Loew's Yonge Street Theatre. The usual vaudeville bill will be shown in addition. Scott and Tierney will present "Driving," a drama by Agnes Scott. Others will include McClure and Dolly; Santucci, the famous accordionist; Smith and Jones, in a comedy sketch; and a live act photo production featuring Miss Gladys Coburn in "The Primitive Call."

NEXT WEEK AT SHEA'S.

Eddie Leonard, "prince of minstrels," will headline Shea's next week. Mabel Russell offers an amusing playlet entitled "Call It What You Like." Mrs. Vernon Castle is featured in "Fascina." John E. Hyman and company in "Tom Walker of Dixie." Claudia Coleman, Knapp and Cornelia, Spenser Kelly, Marion Wilder and company, and Herbert's dogs, pigeons and roosters complete the bill.

THE HIPPODROME.

Berry McCormack and company in "You Can't Beat Them," a comedy sketch, headlines the bill at the Hippodrome next week. Wilfrid Lucas will be featured in the photoplay, "A Love Sublime." "The Greater City Four," a quartet of originality; the Three Musical Britons; Inman and Wakefield, Bronte and Aldwell, Seymour's Canine Family, and "Keystone" films complete the bill.

GAYETY.

"The Spiegel Revue" on Monday begins a week's engagement at the Gayety Theatre, a production which will be to burlesque what Ziegfeld Follies is in its own particular department. It is a mammoth production, with ten massive sets of scenery and a wardrobe appointment that would dress three or four ordinary burlesque shows.

STAR.

Simonds and Lake's "Auto Gloria," one of the most prominent successes on the road this season, is to be the next week's attraction at the Star Theatre. The organization, which numbers forty people, is composed exclusively of artists of the highest rank in their various lines.

THRIFT CAMPAIGN A GREAT SUCCESS

Several Organizations Are Now Interested in Latest Movement.

Much progress in the thrift campaign was reported at the meeting of the central committee in the city hall yesterday and general satisfaction was expressed by the members. Thrift efforts of the committee the services of more than 300 Toronto clergymen have been enlisted, and the majority of church congregations on Sunday will be treated to addresses on thrift and food production. It is estimated that the addresses will reach upwards of 50,000 people.

Advances have been made to the Toronto Board of Trade, which has just launched the War Production Club, and good results are expected from the co-operation of the two bodies. The campaign has spread in a surprising manner and many societies and women's organizations are advocating its principles. It has also permeated the military circles, and in a letter read at the meeting from Gen. Loeb, he stated that measures of thrift were observed at the camp.

Mrs. West pointed out that as spring had arrived the time was opportune to obtain help in the nature of expert advice for those who intended cultivating their garden in vegetables, etc. But to obtain advice about \$1000 would be required, and the question was how that amount could be raised.

MAKES GENEROUS OFFER

English Women in the States Will Give Residence as a Hospital.

Mrs. J. Elliott Langstaff, head of the Daughters of the Empire in the United States, and who is well known in Toronto, has offered her country estate at Stony Brook, L.L., with its house valued at \$100,000 to the government as a hospital. In making the offer the donor, who is English, is reported to have stated that she does so to show the appreciation of the women of her country who are in America, for the generous aid American women have given to British wounded. Mrs. Langstaff has asked the Daughters of the Empire to manage the transformation of her house into a hospital.

WILL ADMIT WOMEN

It has been decided by the executive of the Greater Toronto Labor Party to recommend that women be admitted to full membership in the organization. It is proposed that women's organizations be formed with separate officers. The matter will be brought up for consideration at the coming convention next month.

FRENCH CONTINUE STEADY PROGRESS

Cavalry and Infantry Force Germans to Hasten Flight. LEAVE STRONG LINES. Evidently Planned Longer Stand in Positions—Destroy Castle.

With the French armies on the west front, Thursday, March 29, via a staff correspondent of Associated Press—The progress of French advance in the vicinity of Cource-le-Chateau, now firmly in French hands, continued methodically today. Both cavalry and infantry were keeping in the closest touch with the Germans, and forcing them to hasten the speed of their retreat.

Castle, March 29.—The French army, after the strength and heroic determination of the German defenders, it was evident that a longer stand was intended. The castle of Cource-le-Chateau, a large historical monument which has been since the 18th century, was found by the French officer who was the first to enter the fortress told the story of capture on Tuesday.

ALMOST ANNIHILATE AUSTRIAN ATTACKERS

Italians Repulse Hostile Detachment in Region of Monte Fait. Rome, March 30.—"Yesterday there was desultory artillery fire along the entire front," says today's war office announcement. "It was more than ordinarily lively in the Lagarina valley and the Carso. After violent artillery preparation an enemy detachment attempted to storm our position on Monte Fait. It was repulsed and almost annihilated by our machine gun fire. Successive assaults were likewise unsuccessful. The enemy suffered severe losses. We took some prisoners."

Canadians Save Half Billion Within Past Two Years

By a Staff Reporter. Ottawa, March 30.—That the thrift campaign is proving eminently successful is shown by the returns of savings in chartered banks and the number and amount of war savings certificates and debenture stock issued by the department of finance, says an official statement from the finance department. The total savings in Canadian chartered banks at the end of February amounted to \$1,200,000,000 in round figures. For the same month in 1916 the amount was \$1,100,000,000, and for 1915 \$1,000,000,000. This shows an increase in the savings of the people during the last two years of no less a sum than \$200,000,000. In addition, nearly eighty thousand war savings certificates have been sold, aggregating \$5,000,000, and five per cent. debenture stock aggregating \$8,000,000. To this there should be added the amounts of the two previous war loans, which aggregated \$200,000,000. On the whole it would appear from these figures that over \$500,000,000 has been saved by the people of Canada in the past two years.

SOLDIERS GIVEN PLACES.

Special to The Toronto World. Galt, March 30.—The public school board tonight decided that it would require \$45,000 from the city council to run its affairs this year, an increase of ten thousand dollars over last year. Mrs. Cork, wife of a returned soldier, was appointed caretaker of the new ward one school, and A. Mason, also a returned soldier, caretaker of Victoria School.

JOINS FLYING CORPS.

Special to The Toronto World. Galt, March 30.—Lieut. Bryant W. Fryer, of Galt, son of Mr. and Mrs. J. H. Fryer, of Ingersoll, formerly of Galt, has been transferred to the Royal Flying Corps as artillery observer. He was attached to a battery for some time, and recently was shot down, but after six weeks in a private hospital in England, has fully recovered.

RESIGNS AS DIRECTOR.

Vancouver, March 30.—R. F. Green, M.P., national service director for British Columbia, has resigned. Green felt that his parliamentary duties and the fact that he was one of the Conservative party would make it difficult for him to serve on the board. H. H. Watson, ex-M.L.A. for Vancouver, is mentioned as likely to succeed him.

HEALTHIEST ONE IN THE FAMILY

No Sign of Dropsy and Kidney Trouble Since Taking "Fruit-a-tives."

HATTIE WARREN. "Fort Robinson, Ont., July 28, 1915. We have used 'Fruit-a-tives' in our house for over three years and have always found them a good medicine. Our little girl, Hattie, was troubled with kidney disease. The doctor said she was threatened with dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally we decided to try 'Fruit-a-tives.' She began to show improvement after we had given her a few tablets. In a short time the swelling had all gone down and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We cannot say too much for 'Fruit-a-tives' and would never be without them." WILLIAM WARREN. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

More Than Forty Americans Taken to Germany by Moewe

Copenhagen, March 30, via London.—More than forty Americans were among the prisoners taken to Germany by the German commerce raider Moewe, according to Jack Benson, an American seaman who has arrived here. The Americans, he said, are now held as prisoners of war in Germany. Benson, who for a time was a fellow-prisoner of the men now held, says that nearly all of the forty men were horsemen aboard the horse transport Emma, which was sunk by the Moewe. The only exception was an American named Smith, an iron accountant, for the reason that he was a member of the British armed merchantman Brecknockshire.

BERLIN STILL IN SEARCH OF LEAK

(Continued from Page 1). despite the submarine war, we hoped America would maintain neutrality. Rebut Given U.S. "My instructions were to be carried out only after the United States declared war and a state of war supervened. I believe the instructions were absolutely loyal as regards the United States. Gen. Carranza would, up to the present, have heard nothing of it if the United States had not published the instructions, which came into its hands in a way which was not unobjectionable. Our behavior contrasts considerably with the behavior of the Washington government."

"President Wilson after our note of Jan. 31, 1917, which avoided all aggressions in tone, deemed it proper immediately to break relations with extraordinary roughness. Our ambassador no longer had the opportunity to explain or elucidate our attitude. The United States Government thus declined to negotiate with us. On the other hand it addressed itself immediately to all the neutral powers to induce them to join the United States and break with us."

"Every unprejudiced person must see, in this hostile attitude of the American Government, which seemed to consider it right, before being at war with us, to set the entire world against us. It cannot deny its right to seek allies when it has itself practically declared war on us. Excitement Cools Down. "Here Hiss says it caused great indignation in America. Of course, in the first instance, the affair was employed as an incitement against us. But meanwhile the storm abated slowly and the calm and sensible politicians, and also the great mass of the American people, saw there was nothing to object to in these instructions. Even at times newspapers felt obliged to admit, reluctantly, that very much had been made of this affair."

"I was reproached for thinking just of Mexico and Japan. First of all, Mexico was not a belligerent state of the American Government, which seemed to consider it right, before being at war with us, to set the entire world against us. It cannot deny its right to seek allies when it has itself practically declared war on us. Excitement Cools Down. "Here Hiss says it caused great indignation in America. Of course, in the first instance, the affair was employed as an incitement against us. But meanwhile the storm abated slowly and the calm and sensible politicians, and also the great mass of the American people, saw there was nothing to object to in these instructions. Even at times newspapers felt obliged to admit, reluctantly, that very much had been made of this affair."

"When I thought of this alliance with Mexico and Japan I allowed myself to be guided by the consideration that our brave troops already have to fight against a superior force of enemies, and my duty is, as far as possible, to keep further enemies away from them. That Mexico and Japan suited that purpose even Herr Haase will not deny. "Thus I considered it a patriotic duty to release those instructions and I hold to the standpoint that I acted rightly."

Hun Troops Fall Back After Engagement With British. Berlin, March 30.—This afternoon's official statement reads: "Western front: On the Artois front the artillery duel was lively. On both sides of the road from Reims to Fins our protecting troops, after an engagement with stronger British forces, gave way on the line of Royallieu and the secret of great strength and endurance and held his blood with iron before he went into the fray; while many another has gone down in ignominious defeat simply for the lack of iron."

PTE. MARRS KILLED.

Special to The Toronto World. Brockville, March 30.—Information has been received here that Pte. George D.S.O. has been killed in action. He had received the decoration three days previous to being mortally wounded. Pte. Marris came to Brockville from the Quarrier Homes in Scotland.

SOLDIER-MINISTER RETURNS.

Special to The Toronto World. Cobourg, March 30.—Pte. J. P. Marris has been invalided home. Before enlisting he was Presbyterian minister at Ormeau and was also stationed at one time at Harrowsmith. He was given a hearty reception.

Answering Questions.

The duty of the switchboard operator is to answer your number calls and get connection for you. If she stopped to converse or to answer questions, the calls would pile up and the service be disorganized. So the operator is trained to use certain set phrases relating strictly to her work. When, in response to your question, she says, "I'll give you information," she is carrying out instructions and protecting the service. If you cannot find the information you want in the Directory, ask the operator for "Information" and she will, if possible, answer your question.

Doctor Says Crying Need Of the Woman of Today Is More Iron in Her Blood

TO PUT STRENGTH IN HER NERVES AND COLOR IN HER CHEEKS. Any Woman Who Takes Easily, is Nervous or Irritable, or Looks Pale, Haggard and Worn Should Have Her Blood Examined for Iron Deficiency.

Administration of Nuxated Iron in Clinical Tests Gives Most Astonishing Youthful Strength and Makes Women Look Years Younger. "Iron is also absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, you merely pass it through you without doing you any good. You don't get the strength out of it, and you look pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks, then test your strength again and see how much you have gained. I have seen men of nervous run-down habit who were doing all the while double their strength and endurance and entirely free themselves of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking

ARMORED CAR RAID DEFEATS SENUSSI

British Motor Column Travels Two Hundred Miles Into Desert.

FIGHT TWENTY HOURS

Machines Safely Penetrate the Position of Enemy by Passing Ridge.

British Headquarters in Egypt, Feb. 5.—(Correspondence).—In the recent raid of the Egyptian armored car column on the Senussi, an Arabic order of Mohammedans, the crews of the cars traveled 200 miles into the Libyan desert, fought a stubborn and well-hidden enemy for 20 hours, and, during the night, 22 men in the cars remained within 200 yards of a foe outnumbering them fully 25 to 1. The story of the raid is told by the British official eye witness.

The Grand Sheik of the Senussi, Sayed Asamed, was known to be at the Siwah oasis with his commander-in-chief, Mohammed Saleh, and the remnants of his army, 800 rifles strong. The problem of supply made it imperative that the journey of 400 miles out and back should be performed in a week. It was exclusively a motor column.

The British force bivouacked the first night 30 miles from the coast, and went on next day to the summit of a sharp ridge fifteen miles from Siwah. The Senussi were hidden on a series of low hills, Sequa Pass, considered by the Senussi the only possible road from Siwah to the outer country, was mined and the armored cars had to surmount a ridge to gain access to the little valley facing the Senussi position. Every car safely negotiated the rough and tumble pass, except those in the supply service.

The armored cars led the way toward Girda, chief town of the oasis, and all but two of them got into action within 200 yards of the Senussi position by 10 o'clock. Got Hot Reception. They had a hot reception. The tops of the currets had been removed to save weight, and the Mohazis, as Senussi sharpshooters are called, scampered from their places of security behind rocks to the top of the hills. Limestone cliffs and poured down a plunging fire in the hope of hitting the machine gunners inside the cars. Leaving one car in the centre to engage the enemy, the remainder moved to the right and left to enfilade the position, and for half an hour the one car at the centre received the fire from two ten-pounder mountain guns, two machine guns and 800 rifles.

Further in the rear the patrols in unarmored cars, with machine guns, came into action, and so sprinkled the hill with bullets that the enemy dared no longer show a head. At noon a Senussi bugler sounded the charge, and many of the Senussi rose to advance, but the automobile machine gunners did such execution that they quickly dropped back to cover.

All thru the night the armored cars were stationary. Such a wholesome dread had the Senussi of the armored cars that 800 of them made no attempt to rush the little band of Mohazis while the unarmored cars had gone back for supplies of food and ammunition. Before daybreak the Senussi retired. When dawn broke figures silhouetted against the sky showed the enemy and their camels trekking westward, a long way out of range and impossible to reach, owing to the precipitous hillsides. The crews of the cars destroyed their camp and collected a large quantity of arms and ammunition. Fully 200 Senussi soldiers were killed or wounded.

On the next day the Egyptian forces entered Siwah. Sayed Ahmed and his commander were never in the fighting, but left Siwah when they learned of the arrival of the cars.

IMPURE BLOOD IN THE SPRING

The Passing of Winter Leaves People Weak and Depressed.

As winter passes away it leaves many people feeling weak, depressed and easily tired. The body lacks that vital force and energy which pure blood alone can give. Dr. Williams' Pink Pills for Pale People are an all-year-round blood builder and nerve tonic, but they are especially useful in the spring. Every dose helps to make new, rich, red blood. Returning strength commences with their use, and the vigor and cheerfulness of good health quickly follows.

There is just one cure for lack of blood and that is more blood. Food is the best, but Dr. Williams' Pink Pills double the value of the food we eat. They give strength, tone up the stomach and weak digestion, clear the complexion of pimples, eruptions and sores, and drive out rheumatic poisons. If you are pale and sallow, if you feel continually tired, if you have headaches or backaches, if you are irritable and nervous, if your joints ache, if your appetite fails, if your sleep is not nourishing, nor does food do you well and strong. To build up the blood is the special purpose of Dr. Williams' Pink Pills, and that is why they are the best spring medicine. If you feel the need of a tonic at this season give Dr. Williams' Pink Pills a fair trial and you will rejoice in new health, new strength and new energy. Do not let the trying weather of summer find you weak and ailing. Build yourself up now with Dr. Williams' Pink Pills—the pills that strengthen.

Get for Dr. Williams' Pink Pills for Pale People and do not be persuaded to take something else. If your dealer does not keep these Pills they will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams Medicine Co., Brockville, Ont.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied. Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

SUBMARINE WARFARE CONTINUES TO SUCCEED

Von Bethmann-Hollweg Practically Claims Victory in West.

London, March 30.—Reuter's Amsterdam correspondent says Dr. von Bethmann-Hollweg in his address referred to the events on the battle-fronts, and especially the western front, where he said things had been accomplished for which warm thanks were due the brave troops. Field Marshal von Hindenburg and Gen. von Ludendorff. His remarks were greeted with applause. The chancellor is also quoted as saying: "The submarine warfare in March has been as successful as in February," a statement that was also greeted with applause.

Referring to domestic affairs, the chancellor said that the day's speeches had not convinced him that a reform of the Prussian franchise could be begun now. It would be a very serious matter to decide such a question while millions of men were in the trenches. The chancellor concluded by expressing confidence that the unity of the German people, who were without differences, would make them invincible.

Russia Plans to Increase Taxation of War Profits

Petrograd, March 29, via London. March 30.—The new financial program, which will be undertaken to remedy the deficiencies of the past administration and by means of a system of revenues enable the government to share in the increased industrial profits, was outlined to the Associated Press today by M. Tereshchenko, minister of finance. "The country is full of capital," said M. Tereshchenko, "which has grown out of the increased industrial activity since the beginning of the war, and my plan is to institute immediately a new system of taxes based on war profits. Since 1915 all industrial enterprises of the country have shown most remarkable increases in earnings and have issued millions of new shares. It is only proper that the government should have a more adequate share in these profits."

John Ward, Labor M.P., Hero of the Tyndareus

London, March 30.—According to the newspapers today the colonel of the Middlesex troops on board the transport Tyndareus, which struck a mine recently, but was saved, was John Ward, Labor M.P. for Stoke-on-Trent, who raised a battalion of navies early in the war. The newspapers say that Col. Ward, after the vessel had hit the mine addressed his men as follows: "This is the hour in which you are to be tested. We ought to have lived for this hour all our lives. Obey orders and we may be able to save you; but if we cannot save you, let us die like Englishmen."

LAKE CAPTAIN DEAD.

Special to The Toronto World. Brockville, March 30.—Captain Daniel Murphy, one of the best known mariners on the rivers and lakes, died at his home in Ogdensburg following a surgical operation. Capt. Murphy was a Canadian, born at North Augusta, in Grenville County, 73 years ago. He began his career of a sailor with the old Northern Transportation Company. He was afterwards connected with the Rutland fleet of boats and remained with that company until a few years ago. His last service was rendered in the Wolvin Line. He is survived by his widow and five sons.

CANADIANS ARE GOOD SHOTS.

Special to The Toronto World. Brockville, March 30.—A letter received here from an officer of the 15th Leech and Grenville Battalion states that the Canadians are making a splendid record at the rifle ranges in England. Recently a contest took place and the marksmen from these united counties made the highest average ever recorded by a unit, and that of the Canadian division, the 15th Battalion scored the highest average.

CANDIDATES FOR ALDERMAN.

Special to The Toronto World. Galt, March 30.—D. R. Ray and William Caldwell were tonight nominated as candidates for alderman. The election was made necessary by the death of William Stuart, representative for ward three. D. R. Ray announced himself as a candidate and Mr. Caldwell intimated that he might stand. If there is an election it will take place next Wednesday, April 4.

ROYAL NAVY CADETSHIPS.

By a Staff Reporter. Ottawa, March 30.—Candidates for cadetships in the royal navy are to be interviewed in Canada by a board of royal naval officers supervised by the director of the naval service. Applications for consideration this year must be in before April 15.

High School Boys--the Empire Calls You

You strong, free, patriotic youths of Ontario, props of Empire—here and now is a man's part for you to play. Help to feed this people—hear the CALL of the Motherland for more food. Let your sturdy young shoulders at this time of seeding lift the menace of want from our gallant soldiers, from our people, our women and children—your own parents, brothers and sisters:

Ontario's Farms Need You at This Seed-Time

"Our food stocks are alarmingly low," is Lloyd George's warning. This is Great Britain's appeal to Ontario for more food. And not only is the beloved Mother Country short, but our own available surplus of food is exhausted. This coming harvest must not be a failure if human hands can prevent it. YOU can help to prevent it.

Parents—Let Your Boys Help Their country calls them—it is an honorable duty to help feed the people. Your boys will be paid. They will be well treated. They will gain in strength. They will learn something of the land and the farmer's point of view—advantages of great value in your boy's education. The work will be suited to the age and strength of your son.

But—there is less than 1 man per 100 acres left on Ontario farms, due to the calls of War. What will we do?

To City, Town and Village Dwellers in Ontario

The Empire's emergency call

Instead of now embarking upon the critical period of the great war-struggle with every confidence of victory, what if we were to-day bemoaning a lost war! Such an unthinkable catastrophe would undoubtedly be ascribed to the food shortage. Help to increase production!

Statemen and economists agree that the universal food shortage is to-day the most dangerous menace of all! Yet the weapon to conquer it is in the hands of everyone able to increase production. If you have even the smallest plot of ground available, think of your responsibility. Let not selfishness or indifference rob you of this very real duty of rendering to your country a practical patriotic service. Grow vegetables.

Here is the tremendous significance of the present universal shortage as seen by the Premier of Great Britain. Lloyd George declares:

"One year's unselfishness will save the British Empire! It will save humanity!"

The splendid patriotic efforts of those who toil for victory on the farms cannot cope with the vast need. City, town and village dwellers should help. Even then there cannot be too much food production. Grow vegetables this year.

It matters little that you can reap real, worthwhile profits in delicious fresh vegetables on your table, beneficial exercise and even a money profit from any surplus produce. The big, pressing reason for growing vegetables is that great desire in every patriotic heart at this vital moment, to contribute something, even though it be only a mite, to help end this horrible war with victory.

Everyone should help. Let one and all take this appeal to heart. Let the slogan for 1917 be:

"A Vegetable Garden for every home"

How does vegetable growing help? It saves money otherwise spent for vegetables. It helps to lower the "high cost of living." It sets free for vital war work the labor that would otherwise be engaged in producing vegetables for your use. It increases the supplies of vegetables for your use. Are these not worth-while contributions to victory? Grow vegetables this year!

The Ontario Department of Agriculture appeals to Horticultural Societies, labor unions, lodges, school boards, etc., to take the initiative and actively encourage vegetable growing. Organizations are requested to arrange for instructive talks by local practical gardeners. If local speakers cannot be secured, the Department of Agriculture will endeavor to send

Write for free literature giving instructions about methods of preparing the ground and cultivating the crops; also plan of garden, indicating suitable vegetables to grow, best varieties, and their arrangement in the garden, etc. Write for Poultry bulletin.—The scrap from the average table are sufficient to feed hens. You will be highly repaid in fresh eggs. Bulletin gives full directions how to keep hens.

ALLYLING TENDENCY IN MINE STOCKS

Complete Reversal of Form From the Previous Day Shown.

The initial depression brought about by the announcement of increased taxation began to wear off yesterday and a distinctly better tone was in evidence throughout the list with corresponding improvement in prices. No doubt the bear element in the market made the most of the tax to force stocks down, but it must be admitted that they did not meet with signal success. The list has apparently settled down to a more normal level and would appear to have more than discounted any news of an adverse nature. Well informed brokers are of opinion that the technical position of the market could not be better and surprise would be occasioned if substantial advances occurred through the list.

Big Dome was firmer, opening at \$2.25 and gaining to \$2.50. The adjustment in the depreciation allowed on buildings by the government will actually offset the increase in taxation in all cases in, of course, a matter of conjecture.

McIntyre displayed a tendency to become buoyant again, rallying 2 points to 186 and closing in strong demand at 185. Newray also rose, going up to 184. Hollinger became more active, changing hands at \$5.20, steady with the preceding day. Dome Lake recovered 3 points from the previous day's low record at \$7.

Considerable improvement was also apparent in Dominion Extension, which was forced down to 21 1/2 on Thursday. Business orders appeared yesterday inspired by the suggestion that the dividend was made to 22. West Dome showed a rallying tendency, firming up to 28. Thompson Krist, on the contrary, was weak, making a new low of 18 3/4. Visona strengthened up to 45. Hargraves rose in the silver stocks to 20 on fairly active trading. Chambers-Ferland also displayed an improved tone, rallying to 18. A group of advanced stocks, including McIntyre, Visona, and Shamrock, were better at 23 1/2. Dohr advanced 1 1/2 point to 11 1/2.

NEWRAY CAME INTO PROMINENCE

Newray came to the front again in Friday's market, rising 2 points to \$1.84, which is within 6 cents of the high record on the stock. There has been a consistent buying movement during the past week, and the majority of the purchasing orders have been for out-and-out investment. The Newray is now commencing to reap the results from the extensive development program, and the prospects are bright for the coming year.
