Express Rates Hearing Is Told  
Hundred of Prescriptions  
Are Filled Daily.  
INSPECTOR'S EVIDENCE  
Ottawa, Dec. 14.—(Can. Press)—  
Some illuminative evidence as to the  
extent of what might be described  
as the one-bottle liquor movement in  
Ontario under the provincial govern-  
ment dispensary system was submit-  
ted to the board of railway commis-  
sioners today before resumption of  
the argument in the express rates  
case.

The information came from A. H.  
Birmingham, an inspector for the  
Ontario License Commission, which oper-  
ates the several dispensaries from  
which liquor may be obtained on  
presentation of a doctor's prescription.  
Mr. Birmingham explained that as  
there are only seven dispensaries in  
the province, orders from a great  
many of the smaller places have to  
be sent by express. In the case of an  
individual sending in an order based  
upon a prescription he can get only  
one imperial quart bottle, for which  
the government charges four dollars,  
including a charge of 35 cents for ex-  
press.

Affect One-Bottle Movement.  
Mr. Birmingham expressed the view  
that if there is to be an increase in  
express rates the higher rates would  
necessarily affect this movement.  
Shipments to doctors,  
dentists and veterinarians, who are  
entitled to larger quantities than an  
individual, are always sent by express.  
On the other hand, the government's  
importations of the liquor necessary  
to supply the demand is brought into  
the province by freight and the vari-  
ous dispensaries are supplied by  
freight.

Hundreds Per Day.  
Questioned as to the extent of the  
one-bottle movement, Mr. Birming-  
ham would not give the exact figures,  
but said that they would average three  
hundred per day.  
PAPER MILL  
AT KAPUSKASING  
Government Enterprise Will Soon  
Be Delivering News-  
print.  
DRURY IS ENTHUSIASTIC  
Newspaper manufactured in a govern-  
ment constructed, owned and oper-  
ated mill at Kapuskasing will be sold  
in Ontario next summer. The first  
unit of the plant is expected to be  
completed by May 1 next.

Back from a tour of inspection  
Premier Drury yesterday said that the  
abandoned soldiers' settlement colony  
was now one of the busiest places in  
Ontario. There were at present in the  
district about 12,000, employed getting  
the land ready for planting. They are  
generally preparing the country  
for settlement. A power plant is al-  
ready in operation, and furnishes elec-  
tricity for the settlers.  
The township, to be known as Spruce  
Hills, is rapidly shaping up, and J. A.  
Ellis, the town-planning expert, and a  
staff of assistants are in charge of the  
work of surveying and laying it out  
into lots. They are making good pro-  
gress.  
A number of French-Canadian fam-  
ilies have settled, and are prosper-  
ing and contented. "They are de-  
cidedly making good in the new coun-  
try," said the premier.  
In the cutting of pulpwood, the  
premier said, a new system was be-  
ing adopted. Instead of cleaning  
small blocks at a time, operations are  
extended over large areas. Immedi-  
ately after the wood is cut the  
brush is burned and the land pre-  
pared for reforestation.

MONEY EXCHANGE WAR  
OVER CANADA'S SILVER  
Brookville, Dec. 14.—All is not har-  
mony among the merchants of Og-  
denburg, N. Y., who are being com-  
pelled to refuse to accept Canadian  
silver at par. Thirty-five retailers who  
have cut loose from the movement  
announce that they are not in sym-  
pathy with it and will continue to ac-  
cept Canadian funds at par. Gener-  
ally speaking, those retailers which do  
accept Canadian trade are against the agi-  
tation, while the rest favor it.  
LAY OFF COTTON WORKERS.  
Sherbrooke, Que., Dec. 14.—(Can-  
adian Press)—Over 900 employees of  
the Canadian Cotton Mills plant here  
will be given an enforced holiday for  
the remainder of the year after  
Thursday night of this week, at  
which time the plant will close down.  
SEVEN HUNDRED IMMIGRANTS.  
A C.P.R. immigrant special arrived  
in Toronto about 1.30 a.m. today with  
about 700 persons aboard, the majority  
from Poland.

# DISARMAMENT BY DEGREES LEAGUE OF NATIONS DECISION

## Campaigners for School Program Encounter Hostile Audience

### ONE-BOTTLE LIQUOR GOVERNMENT SALES CONVICTION IN ONTARIO

Lords Passes Home Rule Bill  
London, Dec. 14.—The house of lords today passed the third reading of the home rule bill after a short debate, in the course of which Lord Dunsraven reproached the government with having apparently created a sort of axiom in political science that minorities must rule.  
Lord Birkenhead, lord high chancellor, replying to various criticisms of the bill, insisted that under the existing conditions there was not the slightest chance of inducing the north to accept a single parliament. As no acceptable alternative to the government bill had been suggested, he thought the government plan deserved a trial.

### THREATEN CHURCH BOLT IF UNION IS DELAYED

General Conference Officer Makes Report to Methodist  
Headquarters on Returning From West—New Denomi-  
nation Is Predicted—Life or Death Issue for Church.  
Another general conference officer has just reported at the Methodist Church headquarters, Toronto, that a big church bolt is imminent if the Presbyterian hold back the church union movement.  
Rev. Dr. Creighton made the first report, and he is now more than corroborated by Rev. J. Armap.  
Not only a church split, but also the early establishments of a new denomination is predicted.  
Rev. J. Armap, in a report to the Methodist Church officials at Toronto on his recent official trip west, makes startling declarations, which are regarded as having considerable local significance for Toronto Presbyterians, in view of the agitation for the formation of a Union Church in North Parkdale.  
Rev. J. Armap says: "Church union is looked upon as a life or death issue for the church, local unions multiplying on all sides. Commit-tees on co-operation are in almost continuous session.  
Unless the prospect of early or-  
ganic union can be soon revived, it would seem as if nothing can prevent the formation of a new denomination in the west."  
"Some observers freely predict that in the event of rejection of union as a nation-wide measure, practically the whole of Presbyterianism on the prairies will break from existing denominational relationships and be swept into union with a type of organization suited to western needs."

### NO EX-CONSTABLES ASKED PASSPORTS TO MONTREAL FUND

Kingston Veterans Say Money  
Needed to Ease Unem-  
ployment.  
Ottawa, Ont., Dec. 14.—In despatches from Washington published on Satur-  
day morning it was alleged that three former members of the Royal Irish Constabulary, each of whom had been assigned as a protest against British mis-rule, appeared before the com-  
mittee of 100 and gave evidence of raids, in which they said they had been forced to participate upon orders from British commanders to destroy land and property. One of the men, Cadden, declared he had seen men, women and children dragged from their beds amid showers of bullets to watch their homes burn.  
The attention of Sir Hamar Greenwood, chief secretary for Ireland, was called to this evidence by Richard H. McDonald, Ottawa, secretary of the Orange forerunner movement, and the record of these men asked for.  
Having your cablegram of the 11th inst. As far as we know no ex-Royal Irish Constabulary man has applied for passport to America to give evi-  
dence before Washington committees. There may be ex-Royal Irish Constabulary men living in the U.S. of Amer-  
ica, but none of them have any author-  
ity to speak for this splendid and loyal force."

### HOLLAND IS OPPOSED TO VILNA EXPEDITION

The Hague, Dec. 14.—The Dutch foreign minister, H. A. Van Karnebeek, on his return from Geneva, found Hol-  
land strenuous in its opposition to the government's decision to participate in the Vilna expedition. Arrangements are going ahead for the formation of the contingent, but it will not leave until parliament consents.  
IS KILLED BY TREE.  
Port Arthur, Ont., Dec. 14.—Fred Larocque, a lumberman, was killed by a falling tree at Austin and Nichol-  
son's tie camp.

### UNION STATION DELAY DUE TO GRAND TRUNK

Government Disclaims Responsibility for Irritating Delay in  
Making Use of Toronto's New Terminal—Track  
Elevation Pre sents Problem.  
Ottawa, Dec. 14.—(Special).—Accord-  
ing to the government, the adaptation of the new Union Station for trans-  
portation and postal services is de-  
pendent on the decision of the Grand Trunk arbitrators on some action  
being forced upon the Grand Trunk by the government without awaiting the decision. The government claims that, without action by the Grand Trunk, they are unable to use force until that road is definitely acquired by the government. It is understood that the government has made the strongest representations to President Kelley, of the Grand Trunk, to take action to have this terminal put into use.  
Three also is the question of street level or elevated tracks to be arrang-

### MAW CANDIDATES WILL ENTER FIGHT FOR CIVIC HONORS

Maguire and Ramsden Men-  
tioned as Likely Starters  
for Mayoralty.  
RUMORS GOING ROUND  
Dame rumor, who is always a busy party around election time, seems to be camping right in the city hall this year so that no possible turn of the tide may be overlooked. The report was current in the hall yesterday that both Controllers Maguire and Ramsden would be in the field for the mayoralty, with Mayor Church and Controller McBride. The only cer-  
tainty so far is that Messrs. Church and McBride will run, the latter hav-  
ing announced his purpose definitely on Monday night. Mayor Church told the press yesterday that he had not announced himself yet and prob-  
ably would not until next Tuesday, but he has said that if the people want him, he will run, and that seems to be straight enough.  
It was published some days ago on the authority of Sam McBride that a nation-wide measure, practically out and the controller has not, up to date, issued a denial. Mr. Maguire, it is said, may come to the conclusion that he would have a chance in a three-cornered scrap. With the Lib-  
eral vote behind him, it is said that Controller Ramsden is also sizing up his chances in a four-entry field.  
Assuming that all the controllers decide to seek re-election to the board there will be a great battle for the four positions. Three others have al-  
ready announced their candidacy.  
(Continued on Page 6, Column 4.)

### SCORE DRURY GRANT TO MONTREAL FUND

Kingston Veterans Say Money  
Needed to Ease Unem-  
ployment.  
Dublin, Dec. 14.—A party of armed men attacked a military lorry, carry-  
ing six black and tans at Ballsbridge, on the outskirts of this city, this morning. The black and tans took cover in the postoffice. Reinforce-  
ments were rushed up and relieved them.  
The raid was aimed to secure the government mail. The attacking party seized all except the registered number of the lorry, and in his pocket. The tramway siding on the main line was suspended while the attack was in progress.  
This was the fourth successful raid for official letters. In each case the raiders made their escape.  
Father MacSwiney's gold watch and money was taken, and one of the men, when the raiders discovered the priest, exclaimed:  
"Now we've got one of those fellows who have been advising people to murder us."  
Father MacSwiney, whom the men thrust me down and ordered me to write on the pavement "To hell with the Pope," when they promised to let me off. Then, King told me what to write, and they thrust me away with a curse, firing shots after me."  
Father McCarthy suffered more bodily injuries than Father MacSwiney, being beaten and kicked almost insensibly.

### FEARS FOR SAFETY OF GRAIN STEAMER

Toledo, Dec. 14.—Fears were ex-  
pressed in marine circles here today for the safety of the freight steamer Winona, Toledo-bound, with 110,000 bushels of grain for local mills.  
The Winona is said to have left Fort William, Ontario, early Sunday and should have reached her destination today.  
No word had been received from the ship tonight and it is feared she may have been caught in the fifty-mile gale that has been blowing across Lake Erie since early last night.  
There are no lighthouses at this end of Lake Erie, all having been closed when the regular insurance on vessels expired, December 12.

### ADVOCATES OF "FRILLS" ROUSE IRE OF PARENTS

Dr. Noble, Ex-Controller McBride and Other Upholders of  
Lavish School Expenditure Accused of "Butting Into"  
Proceedings at Winchester Street School.  
Politics in the schools was hotly denounced at the monthly meeting of the Home and Schools Club, con-  
nected with the Winchester Street School, when parents last night got up from their seats and protested against the enjoyment of the children being interfered with by political speakers, five of whom, including Ex-Controller Sam McBride, spoke during the evening. Further, it was pointed out to the principal, E. H. Carr, that the children's musical pro-  
gram was to have begun at 8 p.m., but that at 8:15 p.m. the political speakers had "butted in," and were still speaking at 9:45 p.m. Mr. Carr stated that he understood that all that was to have been attempted was

### SOME HARD-HEARTED LANDLORDS INCREASE TROUBLES OF NEEDY

Number of Evictions Reported  
—Appeals for Relief in  
Steady Volume.  
BETTER TIMES AHEAD  
Hope was very generally expressed yesterday to the W-trid that the sub-  
committee of the citizens' relief com-  
mittee of Toronto would soon be able to do much toward relieving the un-  
employment situation in the city. Be-  
lief was expressed in various quar-  
ters that the employment in the city could lessen, labor difficulties of the moment by a process of leasing the days of the employable week and hours of the employable day. This might give employment to a much larger num-  
ber of workers than is now possible. Reports from the various employment offices under the operation of the cen-  
tral relief bureau "visited" yesterday showed that a total of perhaps 100 new were given employment, the central office at 45 West King street, placing perhaps a total of 40, the Salvation Army bureau at 466 West Richmond street, placing about 15, the Dundas street bureau a few men, and other such bodies the remainder. Private agencies are placing many men and women, but for the most part the jobs are out of town, and the men and women applying at these places are unable to pay over the necessary dollar. As the situation stands a total of about 2000 men and 200 women have applied for relief. This number does not include repeats, these 2000 hav-  
ing applied only once for relief. Out of this number, none of whom are  
(Continued on Page 6, Column 3.)

### MODUS VIVENDI FOR OPERATING GERMAN CABLES

To Be Carried On as At Pres-  
ent, the Income to Be  
Apportioned Later.  
AGREEMENT REACHED  
Washington, Dec. 14.—Sessions of the international communications con-  
ference, threatened by disruption sev-  
eral days ago, over failure to agree on disposition of the German cables, will continue under a modus vivendi adopted today at a plenary session.  
Representatives of France, Great Britain and Japan, in the meantime, will return home to confer with their governments relative to the primary questions at issue, none of which had been settled at the sessions which began here October 8. The ambassadors of the three nations will continue the negotiations as substitutes for the specially appointed delegates.  
The modus vivendi, as drawn up at today's session and made public by the United States state department to-  
night, further provides:  
That after January 1, the German cables seized by Great Britain, France and Japan during the war, shall be operated as at present, but for the financial account of the three powers (Great Britain, France, Japan, Italy and the United States); provided however, that in accounting for such operation, the income, after deducting operating expenses, shall be apportioned in accordance with the final disposition to be made of such cables.  
Agreement by February.  
That should a final agreement as to disposition of the cables not be reached by next February 15, the conference operating expenses shall be apportioned in accordance with the final disposition to be made of such cables.

### PRICES MOVEMENT IS STILL DOWNWARD

Chief Retail Decreases Is in  
Sugar; Wholesale in Grains,  
Meats and Foods.  
Ottawa, Dec. 14.—(Can. Press).—  
During the month of November the prices movement continued downward, according to the statement published for publication in The Labor Gazette. In retail prices the average cost of a list of staple goods in sixty Canadian cities was \$116.23 at the middle of November, as compared with \$116.23 at the middle of October, \$114.23 for November 1919 and \$116.96 in November, 1914. The labor department index number of wholesale prices was down 3.04 for November, as compared with 317.5 for October, 307.7 for November, 1919, and 187.5 for November, 1914.  
Chief Decreases.  
In wholesale prices the chief decreases were in grains, animals and meats, miscellaneous foods, textiles, metals, coke, paints, oil and glass, chemicals and raw wool. There were slight increases in prices of dairy products and fresh vegetables.  
In retail prices, the chief decreases were in sugar, but there were slight decreases in other items. Potatoes and eggs were somewhat higher in price. There were some increases in the price of fuel and in rents.

### NEWFOUNDLAND LOSES THREE FISHING BOATS

St. John's, N. F., Dec. 14.—News of two fishing schooners lost at sea and another ashore and probably a total loss was received here tonight. All three vessels were from this port.  
The Ludwig, laden with a cargo of fish, has been lost off the Spanish coast near Malaga, a message said. Her captain was drowned.  
The Bellevue, returning here in ballast from Spanish ports, foundered in mid-ocean. Her crew is safe.  
The schooner Harriet, bound from this city for European ports with a consignment of fish, is ashore on the north coast of the island and is be-  
lieved to be a total wreck.

### LEAGUE OF NATIONS DECISION

Go Slow in View of U. S. and Enemy Nations Remaining Outside—Agree to Limit Expenditure for Two Years to Last Year's Appropriations.  
Geneva, Dec. 14.—The first step for disarmament of the nations must be cautious and deliberate, the assembly of the League of Nations decided today, despite sharp criticisms by George Nicolai Barnes, the British labor leader, and Christian Lange of Norway.—Mr. Barnes said there was "too much quibble and not enough pluck" in the decisions to go slowly. The policy of the United States on this question was "by more or less veiled allusions, invoked as one reason why general disarmament cannot be boldly grappled with at this time." Mr. Barnes said H. A. Fisher of the British delegation referred to "nations with powerful and munitions-making facilities that still are outside the league." The absence from the league of former enemy countries also was referred to by Mr. Fisher. This brought from Mr. Barnes the retort:  
"They are practically disarmed, and cannot constitute a menace for years to come."  
A curious manifestation of the session was the general applause of the delegates, while at the same time accepting the conclusions of the disarmament committee. These are, briefly, an effort to prevent the future increase of armaments, and the propaganda in favor of a decrease as a steady means of bringing about eventual, but remote, general disarmament.  
Accept With Limitations.  
France and Belgium accepted the committee's conclusions upon limita-  
tions of armament expenditures dur-  
ing the next two years on the basis of (Continued on Page 6, Column 2.)

### PREMIER OUTLINES NEW PARTY IDEA

Caucus of U. F. O. Members of  
House Generally Give It  
Approval.  
SOME ISSUES ARE SHELVED  
The U.F.O. members of the legis-  
lature held a caucus at the parliament buildings yesterday, when, it is un-  
derstood, the premier's proposal for a people's party, with a platform broad enough to attract all shades of political thought, was the principal mat-  
ter up for discussion, and took up the greater part of the session. While there was said to be some objection to the idea, it found, however, approval in the minds of most of those present.  
The question of proportional representation which has a warm champion in Premier Drury, was expected to come up for discussion, but was not reached by the caucus. The attitude of the U.F.O. party towards the Labor group in the house was also not taken up, as was expected, neither was the question of again urging the govern-  
ment to grant increased indemnities to members of the legislature.  
MERCHANDISE MARKS ACT  
PREPARED FOR BRITAIN  
London, Dec. 14.—The house of commons discussed the naval and other supplementary estimates and several bills of minor importance.  
The legislative program has already been lightened by the temporary abandonment of some dozen small measures.  
It is understood that the government has already prepared for the next session of parliament a mer-  
chandise marks bill, which will give power to the board of trade to decide which articles shall be labeled with the country of their origin.  
It is now apparently decided that parliament cannot be prorogued until December 30. There will, how-  
ever, be a short adjournment for Christmas.  
It is reported that the cabinet has decided that the department of the ministry of food must close by March 31 next.  
BIG TURKEY SHIPMENT.  
Brookville, Dec. 14.—Thirty-eight thousand pounds of turkeys purchased by United States buyers at poultry fairs in this county, held last week, were exported here today at market prices. The shipment represents the outlay of some \$19,000.  
FOUR NEW THEATRES.  
Montreal, Dec. 14.—New theatres will be constructed in the near future in Guelph, Belleville, Vancouver and Regina, according to plans announced last week. The first, to be built at Guelph, is to be financed by Trans-Canada Theatres Limited, thru George F. Driscoll, general manager, today.

### CONGRESS IS ASKED AGAIN TO BUTT IN

Washington, Dec. 14.—Congress, under a resolution introduced today by Representative Burke, re-  
publican, of Pennsylvania, would go on record as appealing to the British government to withdraw its armed forces from Ireland and to "give recognition to the govern-  
ment established by the majority will of the Irish people."  
Mr. Burke's resolution declares that "congress, in the name of humanity and in vindication of the principles for which the United States entered the war, offers protest to the government of Great Britain against the footing of the British army in Ireland and the terror now existing in Ireland under British rule."  
Mr. Burke's resolution declares that "congress, in the name of humanity and in vindication of the principles for which the United States entered the war, offers protest to the government of Great Britain against the footing of the British army in Ireland and the terror now existing in Ireland under British rule."

### GOVERNMENT MAIL OBJECT OF RAID

Military Lorry Carrying Black  
and Tans Attacked at  
Dublin.  
Dublin, Dec. 14.—A party of armed men attacked a military lorry, carry-  
ing six black and tans at Ballsbridge, on the outskirts of this city, this morning. The black and tans took cover in the postoffice. Reinforce-  
ments were rushed up and relieved them.  
The raid was aimed to secure the government mail. The attacking party seized all except the registered number of the lorry, and in his pocket. The tramway siding on the main line was suspended while the attack was in progress.  
This was the fourth successful raid for official letters. In each case the raiders made their escape.  
Father MacSwiney's gold watch and money was taken, and one of the men, when the raiders discovered the priest, exclaimed:  
"Now we've got one of those fellows who have been advising people to murder us."  
Father MacSwiney, whom the men thrust me down and ordered me to write on the pavement "To hell with the Pope," when they promised to let me off. Then, King told me what to write, and they thrust me away with a curse, firing shots after me."  
Father McCarthy suffered more bodily injuries than Father MacSwiney, being beaten and kicked almost insensibly.

### LEAGUE OF NATIONS DECISION

Go Slow in View of U. S. and Enemy Nations Remaining Outside—Agree to Limit Expenditure for Two Years to Last Year's Appropriations.  
Geneva, Dec. 14.—The first step for disarmament of the nations must be cautious and deliberate, the assembly of the League of Nations decided today, despite sharp criticisms by George Nicolai Barnes, the British labor leader, and Christian Lange of Norway.—Mr. Barnes said there was "too much quibble and not enough pluck" in the decisions to go slowly. The policy of the United States on this question was "by more or less veiled allusions, invoked as one reason why general disarmament cannot be boldly grappled with at this time." Mr. Barnes said H. A. Fisher of the British delegation referred to "nations with powerful and munitions-making facilities that still are outside the league." The absence from the league of former enemy countries also was referred to by Mr. Fisher. This brought from Mr. Barnes the retort:  
"They are practically disarmed, and cannot constitute a menace for years to come."  
A curious manifestation of the session was the general applause of the delegates, while at the same time accepting the conclusions of the disarmament committee. These are, briefly, an effort to prevent the future increase of armaments, and the propaganda in favor of a decrease as a steady means of bringing about eventual, but remote, general disarmament.  
Accept With Limitations.  
France and Belgium accepted the committee's conclusions upon limita-  
tions of armament expenditures dur-  
ing the next two years on the basis of (Continued on Page 6, Column 2.)

### CONGRESS IS ASKED AGAIN TO BUTT IN

Washington, Dec. 14.—Congress, under a resolution introduced today by Representative Burke, re-  
publican, of Pennsylvania, would go on record as appealing to the British government to withdraw its armed forces from Ireland and to "give recognition to the govern-  
ment established by the majority will of the Irish people."  
Mr. Burke's resolution declares that "congress, in the name of humanity and in vindication of the principles for which the United States entered the war, offers protest to the government of Great Britain against the footing of the British army in Ireland and the terror now existing in Ireland under British rule."

### GOVERNMENT MAIL OBJECT OF RAID

Military Lorry Carrying Black  
and Tans Attacked at  
Dublin.  
Dublin, Dec. 14.—A party of armed men attacked a military lorry, carry-  
ing six black and tans at Ballsbridge, on the outskirts of this city, this morning. The black and tans took cover in the postoffice. Reinforce-  
ments were rushed up and relieved them.  
The raid was aimed to secure the government mail. The attacking party seized all except the registered number of the lorry, and in his pocket. The tramway siding on the main line was suspended while the attack was in progress.  
This was the fourth successful raid for official letters. In each case the raiders made their escape.  
Father MacSwiney's gold watch and money was taken, and one of the men, when the raiders discovered the priest, exclaimed:  
"Now we've got one of those fellows who have been advising people to murder us."  
Father MacSwiney, whom the men thrust me down and ordered me to write on the pavement "To hell with the Pope," when they promised to let me off. Then, King told me what to write, and they thrust me away with a curse, firing shots after me."  
Father McCarthy suffered more bodily injuries than Father MacSwiney, being beaten and kicked almost insensibly.

### ADVOCATES OF "FRILLS" ROUSE IRE OF PARENTS

Dr. Noble, Ex-Controller McBride and Other Upholders of  
Lavish School Expenditure Accused of "Butting Into"  
Proceedings at Winchester Street School.  
Politics in the schools was hotly denounced at the monthly meeting of the Home and Schools Club, con-  
nected with the Winchester Street School, when parents last night got up from their seats and protested against the enjoyment of the children being interfered with by political speakers, five of whom, including Ex-Controller Sam McBride, spoke during the evening. Further, it was pointed out to the principal, E. H. Carr, that the children's musical pro-  
gram was to have begun at 8 p.m., but that at 8:15 p.m. the political speakers had "butted in," and were still speaking at 9:45 p.m. Mr. Carr stated that he understood that all that was to have been attempted was

### UNION STATION DELAY DUE TO GRAND TRUNK

Government Disclaims Responsibility for Irritating Delay in  
Making Use of Toronto's New Terminal—Track  
Elevation Pre sents Problem.  
Ottawa, Dec. 14.—(Special).—Accord-  
ing to the government, the adaptation of the new Union Station for trans-  
portation and postal services is de-  
pendent on the decision of the Grand Trunk arbitrators on some action  
being forced upon the Grand Trunk by the government without awaiting the decision. The government claims that, without action by the Grand Trunk, they are unable to use force until that road is definitely acquired by the government. It is understood that the government has made the strongest representations to President Kelley, of the Grand Trunk, to take action to have this terminal put into use.  
Three also is the question of street level or elevated tracks to be arrang-

TO IMPOSE CHECK  
ON IMMIGRATION

U. S. Labor Secretary Makes  
Recommendations in  
Annual Report.

Washington, Dec. 14.—(By Canadian Press).—Establishment of machinery to increase in co-operation with foreign governments thru which aliens before breaking up their homes may determine whether they will be admitted to the United States and legislative consideration of the proposals of the second industrial conference are outstanding recommendations in the annual report of Secretary Wilson, made public today.

The labor secretary devotes much of his report to discussion of immigration and the expulsion of alien revolutionaries. He asserts that he alone has the authority to order the arrest and expulsion of aliens, altho the bureau of immigration has assumed to itself power not only to make recommendations, but also to make findings. The report shows that 533,371 aliens arrived in this country during the last fiscal year as compared with 297,021 the year before. Of the total arrivals 11,795 were excluded at the ports where they sought to enter. Of those arriving, 480,991 are classed as immigrants and 195,675 as non-immigrants. Departures of aliens totaled 428,062 including 288,315 emigrant aliens and 139,747 non-emigrant aliens, making the net increase in the immigrant population for the year 19,514.

Japanese admitted numbered 16,174, as compared with 14,904 the year before. The total number of Japanese departing is placed at 15,553, making, the report says, the indicated increase in Japanese population 521. Of those admitted, 3,195 were males and 5,851 females. Besides the immigrants turned back at the ports of arrival, 2,762 were ordered deported during the year on departmental warrants as compared with 2,044 the year before. Of those deported on warrants 469 were classed as anarchists and criminals.

Anarchists Deported. Warrants for 6,000 immigrants alleged to be revolutionaries were issued during the year. Mr. Wilson says, but a very large proportion of them were needed, "because the charges upon which they had been issued were not sustained by lawful proof at the hearing." In addition to the 314 anarchists deported, 591 others are awaiting transportation, according to the report.

Turning to the industrial situation, Mr. Wilson urges legislative action to carry out the recommendations of the second industrial conference proposing joint organizations of management and employees for prevention of industrial disputes, and a comprehensive plan for adjusting such disputes when they occur. Attention is called that during the year the labor department's division of conciliation was called upon to settle its good offices in more than 4,100 industrial disputes "directly involving more than 3,155,000 workers and indirectly involving more than 8,500,000."

BOATWOMAN WRECKED; CREW SAVED. Boston, Dec. 14.—The loss of the four-masted schooner, Anna G. Lard, and the rescue of her crew was reported in a radio message received by her owners here today from the British steamer, Queen Elizabeth. The schooner was bound from Setubal, Portugal, for Boston, with 1,400 tons of salt. She left Setubal October 14.

DOWNTOWN WINNIPEG FIRE. Winnipeg, Dec. 14.—An early morning fire which threatened several business places on Main street, opposite the city hall, with destruction, caused damage variously estimated at between \$15,000 and \$20,000 here today. Four business places, including the Manitoba and City Hotels, suffered loss.

SUFFERED DAY

The Tortures of Dyspepsia  
Relieved By "Fruit-a-lives"

LITTLE BRAS D'OR, C. B. "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try "Fruit-a-lives". In a week, the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous". ROBERT NEWTON. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

NEW FEDERAL LINE  
VIA PANAMA CANAL

Government Merchant Marine  
Forges Another Important Link  
in Inter-Empire Trade.

Montreal, Dec. 14.—Another important link in inter-empire trade is being forged by the Canadian Government Merchant Marine. In addition to their service of cargo steamers to Australia from Vancouver, an extra line is to be established from St. John, N.B., to Australia, via the Panama Canal. The Canadian planter, of 6,000 tons, or sister ship of similar tonnage, will open the new service early in January. The service from the Atlantic to Australia will be maintained by larger freighters than those running from Vancouver. The ports of call will be Sydney and Brisbane, Australia, also Auckland and Wellington, New Zealand. During the summer the original port of departure will probably be Montreal. Preparations for this new service are now under way at the Canadian Government Merchant Marine's headquarters here.

CHRISTMAS HOLIDAY TRAVEL.

The new fast service of the Canadian National-Grand Trunk Railways between Toronto, Ottawa and Quebec offers a convenient and comfortable manner of travel for those planning Christmas and New Year holidays. "The Capital City" leaves Toronto at 12.00 noon daily, except Sunday, and reaches Ottawa at 7.15 p.m. At Ottawa connection is made with through sleeping car which arrives at Quebec (Palais Station) at 6.15 on the following morning. The best of modern equipment is in use on these trains. For full particulars apply to agents of the Canadian National-Grand Trunk Railways.

BEAVER TRUE GUIDE  
ON NORTHERN WEATHER

Cobalt, Ont., Dec. 14.—Mac Lang's faith in the north-country beaver is in course of being justified today. The wet spell, which the member for Cochrane predicts on the authority of the fur-bearing rodent, arrived last night. And since then rain has been falling steadily, while the snow which preceded it fast disappearing. The power situation locally is consequently improved to a very considerable extent, as there has been no general freeze-up of the lakes which supply this district with water.

SEEK SUBSTITUTE  
FOR LUXURY TAX

Leading Montreal Organiza-  
tions Arrange Meetings to  
Hear Suggestions.

Montreal, Dec. 14.—The abolition of the luxury tax is being earnestly considered by many Montreal organizations, who recognize, however, that the government must have revenues and who are anxiously seeking a tax to replace it, without the recognized faults of the luxury tax. The members of the council of the Montreal Board of Trade, it is stated by J. Stanley Cook, secretary, have the matter under consideration, and will, at their meeting tomorrow, receive a report on the opinions of prominent retailers as to the faults or advantages of the luxury tax, together with suggestions for a tax to replace it. A similar conference is being held next Tuesday afternoon in the board room of the Canadian Manufacturers' Association, Montreal branch.

Method Suggested. Amongst methods suggested so far, merchants favor two schemes. The first is a one per cent. tax on the turnover of all retailers. The other suggestion, which meets better the desires of retailers, is to increase the present sales tax of one per cent. on manufacturers, and wholesalers by a quarter of one per cent. It is thought that the latter suggestion would be better. If it is put in force, it is said that the imports tax of two per cent. would have to be correspondingly raised.

SECRET CONSISTORY  
TO BE HELD THURSDAY

Rome, Dec. 14.—Official invitations to all cardinals to participate in a secret consistory, to be held Thursday morning, were despatched today by Monsignor Car Rognigni, pontifical prefect of ceremonies. Cardinal Mercier, primate of Belgium, was received by Pope Benedict yesterday, the meeting between the two being of a most touching character. During their talk they recalled the vicissitudes thru which they had gone during the last six years, and exchanged expressions of hope for the regeneration of the world.

PONZI IN COUNTY JAIL  
ACTING AS LIBRARIAN

Plymouth, Mass., Dec. 14.—The county jail received a new librarian when Charles Ponzi, the quick-rich schemer, became an inmate. After Ponzi had finished his morning chores today he put his mop and broom away and began the work of cataloguing the books of the jail library. As a young man just arrived in the United States he had performed duties of this nature for a university in the south several years ago. Sheriff Blake said the prisoner seemed well with his new surroundings.

Britain and France Decide  
To Disarm Wrange Forces

London, Dec. 14.—A wireless despatch from Moscow today asserts that Great Britain and France have decided to disarm the troops of General Wrangel, recently driven from the Crimea by the Russian Soviet forces. General Wrangel, the message reports, has applied to the Brazilian government, requesting permission for a part of his soldiers, "who desire to return to peaceful labor," to settle in Brazil.

NICKLE IN THE FIELD.

Kingston, Ont., Dec. 14.—Mayor H. C. Nickle, following the requests of a large number of ratepayers, as well as deputations from retail merchants and other representative bodies, has consented to be again a candidate for the mayorship.

Dineen's are prepared to assist you in doing your Christmas shopping. They have determined to turn their stock into cash at once and thus give the public the advantage of mid-winter prices in the Christmas season. We give herewith samples of the wonderful bargains we are offering in ladies' and children's sets, muffs and neckpieces. Our stock is varied and we can supply your most exacting requirements. Needless to say it is impossible to describe every line in this advertisement. Come and see for yourself. It is a pleasure for us to show our goods.

Can YOU give a Man a Job?

20,000 men are out of work in Toronto this morning. Half of these are returned men. Every one of them wants a job NOW. Any kind! Haven't you something you could let some man do? That odd job you may have been putting off? That little bit of wiring or carpenter work or cleaning up in house or factory?

Work of any kind, no matter what! Let one of these men do it now. Have it done at once and thus provide a job in order to relieve the distressed and painful circumstances of those who want work this very day.

Take up your phone now. Call Main 3501—and simply say: "Send me a man."

HIGH-GRADE LIQUORS  
FROM CANADA SEIZED

Boston, Dec. 14.—A seizure of high grade liquors valued in Canada at being \$15,000 and \$20,000 that was being run into the country under cover of letters of shipment, was announced by treasury agents today when they arrested Louis Weintraub, of Montreal, as a fugitive from justice in Vermont. The seizure, which is said to be the largest of high grade liquors made at a New England border point, was accomplished at Richford, Vermont. Special Treasury Agent William A. Harney, in the formal complaint, said Weintraub was wanted there to answer to a charge of making a false declaration to customs officials.

REMAINS OF GOV. PRIOR  
ARE LYING IN STATE

Victoria, B. C., Dec. 14.—The remains of the late Lieutenant-Governor Prior are lying in state in the ballroom at Government House today. The funeral will be accompanied by state military honors. Services will be held at Government House at 3 o'clock on Wednesday afternoon and at Christ Church Cathedral at 5.30. It is not certain whether the funeral rites will be carried out under provincial or Dominion auspices, as word is awaited from Ottawa.

Master of Wrecked Ship  
Used Old-Time Charts

Halifax, N. S., Dec. 14.—"I mistook Sambre Light for Chebucto headlight, and, not seeing the Halifax Lightship, felt safe in my course," said Captain Harry Pay, master of the Norwegian steamer Romdalsford, wrecked off Halifax harbor last Friday, in testifying today before a court of inquiry into the loss of the ship ordered by the minister of marine and fisheries. Captain Pay said that while his ship, which was bound from Narvik, Norway, to Baltimore, and was pulling into Halifax for bunkers, had the latest charts of the United States, the directions for the Halifax coast were two years old.

Four Burned to Death  
In an Airplane Crash

London, Dec. 14.—A large passenger airplane which was leaving for Paris from Cricklewood, near London, with six passengers this morning fouled a tree, burst into flames and crashed to the ground. The pilot, a mechanic and two passengers were killed and other passengers injured. The four who lost their lives were buried beneath the wreckage and turned to death, calling frantically for help, which it was impossible to render in time to save them. Of the four passengers who escaped two were slightly hurt, but the others were not injured.

GERMANS ARE ORDERED  
TO DESTROY BIG GUNS

Berlin, Dec. 14.—General Nolot, head of the allied control commission here, has informed the German government that his explanations regarding the disarmament of people's guards cannot be accepted, and has ordered the government to direct the destruction of several siege guns before December 15. He has declared these guns were kept in contravention of the Versailles treaty, and in spite of the reiterated demands of the allies.

SIR EDWARD KEMP  
AT CABINET MEETING

Ottawa, Dec. 14.—(By Canadian Press).—Sir Edward Kemp this morning attended his first meeting of the cabinet council, after a long illness. Sir Edward's duties as minister of overseas military services automatically terminated with the close of the last session of parliament. In the present administration, he is minister without portfolio.

MURINE YOU CANNOT BUY NEW EYES. But you can promote a Clean Healthy Condition. Use Murine Eye Remedy "Night and Morning." Keep your Eyes Clean, Clear and Healthy. Write for Free Eye Case Book. M'Bernd, 100, 9 East Dale Street, Chicago.

FRANK PEDLEY PASSES;  
WELL-KNOWN OTTAWAN

Ottawa, Dec. 14.—By Canadian Press.—Frank Pedley, former deputy minister of Indian affairs, died this morning after a short illness. He was 55 years of age and a native of St. John's, Newfoundland. The late Mr. Pedley was widely known in Ottawa, where he had resided for a number of years, and was a staunch supporter and personal friend of the late Sir Wilfrid Laurier. He retired from public office about four years ago.

VOLCANO IN CHILE  
CAUSES HEAVY DAMAGE

Santiago, Chile, Dec. 14.—Advices to the ministry of the interior today confirm the reports of the eruption of the volcano Villarica, near the town of Pucun, in Valdivia province. The volcano is throwing out quantities of lava, and the messages state that considerable damage also has been done to agricultural lands in the vicinity as a result of a series of earthquakes last week, centering in the Valley of Trancura. Several rivers changed their courses, and Lake Villarica, which covers about 250 square kilometers, overflowed its banks. Entire hills have been razed and many cattle killed by landslides. So far as is known there has been no loss of life, either from the eruption or the earthquakes. The volcano of Villarica is about 8000 feet high.

FRENCH LOSE MEN  
IN AMBUSH IN SYRIA

Paris, Dec. 14.—A body of French troops was ambushed near Bimbl, Syria, on the night of December 1, losing twenty men killed and having forty others wounded. Premier Leygues informed the cabinet council to this effect at the meeting of the council, presided over by President Millerand, today.

NEW B.C. LIQUOR ACT  
IN FORCE BY MAY FIRST

New Westminster, B.C., Dec. 14.—Premier John Oliver while in the city today stated that the government hoped to have the new moderation liquor act in force by May 1. No intimation of the nature of the probable legislation was given, but the premier stated that when the act was passed the municipalities would "find it worth while to apprehend all the booze-runners and bootleggers they could get hold of."

PRICES FALL IN SWEDEN.

Stockholm, Nov. 25.—(By Mail).—The tendency of prices to fall has now reached Sweden, and according to the Svensk Handelsstatistik, during the month of October it amounted to four and one-half per cent.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your drugist and get 1 ounce of Parmin (don't be strong), and add to it 1-4 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a try.

WEDNESDAY MORNING, DEC. 15.

Under Which King?

Our neighbor, The Globe, is still calling loudly for a Dominion general election. But suppose Mr. Meighen yields and calls upon the people to say whether Meighen, King or Crerar is to be prime minister.

Improved street car and radial services are in sight in and about Toronto. The result will be a lot of new houses will be started as a result of the material firms have the foresight to modify their charges for building material: brick, lumber, lime, cement, plaster, hardware, plumbing fittings, paint, etc.

Remarked in Passing.

They say women curates will soon be at work in English churches. But what will young unmarried members of the congregation say about this proposal?

Two men are under arrest charged with the theft of a cigar case valued at \$10,000 from Charles M. Schwab. Does this mean that Mr. Schwab will henceforth be reduced to carrying his cigars in his vest pocket in the ordinary way.

Old ladies who set buildings afire by the careless smoking of cigars should be induced to turn from the frivolities of youth and take to pipes, as more in keeping with the dignity of age.

Probably by the time the radial commission has finished its work aerial navigation will be so far advanced as to make radials quite unnecessary.

It begins to look as if only the limitations of human life or another and better job will release Toronto from the incumbency of her present mayor.

At Etewah, Sask., they are turning out briquettes made from lignite that are being used for the heating of homes. There is lignite in Ontario, and here is one way in which Mr. Drury might use prison labor and help the fuel situation in this country.

The appointment of an ex-pinkerton as O.P.A. enforcement officer ought to spell worry for some bootleggers if the law is at all enforceable.

If clergymen could post a notice on their church doors, "No one under sixteen admitted," they might not have to complain of empty pews.

LEAGUE DECIDES IT WILL GO SLOW

(Continued From Page 1.) of appropriations for last year. They added, however, that they could not consider the restoration of armaments destroyed during the war as increased expenditure, but pointed out that measures were being taken to reduce the cost of military service.

"Belgium has received no reparations. She cannot spike her guns while the League of Nations is in the process of formation."

The committee in its report pointed out that a convention for the control of the traffic in arms and ammunition was signed by Great Britain, the United States, France, Japan, Belgium, Bolivia, Cuba, China, Ecuador, Greece and Italy at St. Germain when the Austrian peace treaty was signed, but that this convention had not yet been ratified and that no steps had been taken to make it effective.

The report proposes that the council urge the signatories to ratify the treaty without delay.

Prohibits Trade in Arms. The convention in question prohibits exports of arms and munitions except under special licenses for deliveries to the governments themselves. It was especially intended to prevent the quantities of arms remaining on hand at the end of the war from falling into the hands of the less civilized peoples.

It provides for an international office to control the trade in arms. The committee proposes that this body be used in a more general way to exercise control over the private manufacture of arms.

The league council, this morning virtually approved the plan for an international credit organization, framed at the Brussels financial conference. The economic commission appointed by the council, after more than 20 sessions, has amplified the scheme into what the commission members believe will be a working organization, but the fundamentals of the plan remain unchanged.

The council met again this afternoon to ratify finally several remaining provisions of the plan.

PASSENGER STEAMER ASHORE. Havana, Dec. 14.—The steamer San Pablo of the United Fruit Line, bound from Boston for this port with passengers and a cargo of print paper, is aground at the entrance to Havana Bay. Apparently she is in no immediate danger, although she rests at the foot of the Prado. The sea is relatively calm and the vessel shows no list.

Lower Passenger Rates. There is a steady falling off in the passenger traffic earnings of our Canadian railways—people will not pay the increased passenger rates authorized by the board of railway commissioners. The board made provision for a reduction after the New Year in these higher rates; and the roads will find that it will pay them to concede something to the public who must or would like to travel.

The real way to help the railways out in their finances is for the Ottawa government to press for an early judgment as to the amount it must pay for the Grand Trunk. When that is done let the management of the National Railways cut out any unnecessary trains in the two systems; then have a conference with the Canadian Pacific for a doubling up of some of their competitive trains.

Half the Halifax-Montréal trains.

The Farmers are Consolidating.

The one clear thing on the political horizon these days is the increased solidarity and broadening outlook of the organized farmers of Canada. They are growing in numbers and making a close study of politics and of economics. And they are tackling their own business problems at the same time that they are tackling politics.

Cheaper Building Material.

Improved street car and radial services are in sight in and about Toronto. The result will be a lot of new houses will be started as a result of the material firms have the foresight to modify their charges for building material: brick, lumber, lime, cement, plaster, hardware, plumbing fittings, paint, etc.

Some Landlords are Hard-Hearted.

(Continued From Page 1.) able to pay for the privilege of getting work, 90 have been placed in positions since last Friday night. Counting those who have repeated requests for relief, the number granted relief totals nearly 6000.

Perhaps the most unpleasant factor in the present situation is the threatened eviction of tenants, the threats carried out in some cases. It is understood that at present there is not quite the desired co-ordination of effort in this matter between the Salvation Army and the city, because there are so many cases, and the cases are difficult to deal with. But cordiality has featured all the work carried out. The difficulty has been to deal satisfactorily with the problem which is tickling at the disposal of the authorities, namely, the \$50,000 granted by the city council.

Brigadier Fraser of the social service department of the Salvation Army yesterday cited the case of Ray Larson, who lived with his wife and child in the East Dundas street district of the city. While this man was looking for work on Monday at the central employment office, the landlady bundled him and his wife and child all their belongings out of the house. The brigadier and Captain McElhinney, immediately they received word of this, got in touch with their reception home and they were taken to the "home," and there they will remain until the Army can find them comfortable quarters. Captain McElhinney reported that when necessary, with the brigadier's office, told of 150 extreme cases of unpaid rentals and threatened evictions.

Salvation Army's Work. An interesting feature of the work being done by the Salvation Army, under the direction of Dr. Hastings and Sergeant-Major Creighton of the city hall, is the provision of bed accommodation for extreme cases of homelessness. Beds have been arranged at the corner of King street and the corner of King street. On Monday a large number of men slept on bare boards. Tonight they will sleep in modern comfort. A large number of men made their way to the Albert street quarters all day yesterday, and they were provided in most cases with beds, and in some cases, to a bed for the night.

The Army is providing men and women, whenever necessary, with undereclothing, and all men of parole are also being provided with undersuits. The World noted two great cases of these suitings at the Albert street office.

Brigadier Fraser stated that provisions had, to date, been provided for 400 families. He believed that, so far as that part of the situation was considered, ample relief was being afforded. It was the cases of rent evictions which were troubling his department. The situation being the threatened or actual eviction of tenants. This, he said, was a most deplorable situation, which some legal enactment should be made to reach.

Trade Unionist's First. John Doggett, at the session of the special citizens' relief committee, stated that mechanics and trades unionists would not stand for any "butting in" on their trades while trade union mechanics were out of employment. Touching upon the question of wages Mr. Doggett asserted that wages in Toronto were lower by 25 per cent. than those paid in many other cities.

James T. Gunn urged the need of the government guaranteeing loans made by banks to essential industries, thus enabling many industries to resume work and creating more employment. It is the intention of the committee to survey the situation by means of circulars, publicity and personal canvases of employers.

Domestic Shippers' work is making good progress, but Mr. Dalrymple, the superintendent of the union, stated that it would not be possible to get into full swing for some days yet. More than 1000 men were employed in the plant in two hours yesterday. No men have been taken from the Collingwood plant to Toronto.

Protest Wage Scale. It is interesting to note that John W. Bruce, general organizer for the plumbers' and steamfitters' union in Ontario, has wired to Hon. Gideon Robertson, minister of labor, to the effect that he is in favor of the company's intention to pay wages less than those prevailing in the locality. He protests against what he terms a violation of the government contract clause, which calls for union "or prevailing" wages.

Herbert Wright, business manager for the shipbuilders' union, stated that none of his men had been taken on to date, and that the management was evidently preparing to out wage. The union had applied to the vocational branch of the S.O.S.—establishment for men, he said, as follows: Carpenters, 75 cents an hour; blacksmiths, 75 cents; joiners, 75 cents; bolters-up, 50 cents, and reamers, 50 cents.

REAPPOINT R. BRETT ALBERTA GOVERNOR

Term of Office Extended Another Five Years—Native of Ontario.

Ottawa, Dec. 14.—(Special).—Hon. Dr. R. C. Brett has been reappointed lieutenant-governor of Alberta. His term of office expired October 31, but he was asked to continue for the remainder of the year, and now has been reappointed for the full five-year term. Hon. Dr. Brett has given the greatest satisfaction to all classes in Alberta during his term of office, and his appointment for another term will meet the wishes of the electorate of that province.

A Native of Ontario. A native of Ontario, he went west in 1880 and has been closely identified with western development for forty years. During that period he was one of the founders of Manitoba University, and was also a member of the Canadian Pacific, member of the legislative assembly of the Northwest Territories, president of the territorial executive council, and leader of the opposition. In 1886 he established the Banff medical school and was for many years medical director of that institution. The Banff Hospital, at Banff, of which he was also founder, is at present conducted by his son.

Two other western lieutenant-governors must shortly be appointed. Sir Richard Lake's term as lieutenant-governor of Saskatchewan expired last October, but he has continued in office before the request of the government. He will retire definitely at the end of the year, and his successor will probably be named within a few days.

The death of Hon. Colonel Prior has left the lieutenant-governorship of British Columbia vacant. A. C. Phumpeck, chief surgeon of the Canadian Pacific, Vancouver Daily Press, and the both mentioned for the appointment.

MANY CANDIDATES WILL ENTER FIGHT

(Continued From Page 1.) namely, ex-Aid. H. H. Ball, Aid. Hiltz and ex-Controller Robbins, and there are likely to be others.

All the present aldermen will be candidates again with the exception of Aid. Hiltz in Ward 1, who is out longingly out of the house. The brigadier and Captain McElhinney, immediately they received word of this, got in touch with their reception home and they were taken to the "home," and there they will remain until the Army can find them comfortable quarters. Captain McElhinney reported that when necessary, with the brigadier's office, told of 150 extreme cases of unpaid rentals and threatened evictions.

Salvation Army's Work. An interesting feature of the work being done by the Salvation Army, under the direction of Dr. Hastings and Sergeant-Major Creighton of the city hall, is the provision of bed accommodation for extreme cases of homelessness. Beds have been arranged at the corner of King street and the corner of King street. On Monday a large number of men slept on bare boards. Tonight they will sleep in modern comfort. A large number of men made their way to the Albert street quarters all day yesterday, and they were provided in most cases with beds, and in some cases, to a bed for the night.

The Toronto World's Weekly Novel

THE MASKED WOMAN

By Johnston McCulley Copyright, 1920.

Continued From Yesterday's World. There was a commotion in the butler's room, but Madam Madcap restrained Slade and Wilger from entering. The professor and Riley should be able to take care of things there, she said, and a few minutes later the professor joined them in the hall, "Red" Riley remaining to guard the butler, as he had been instructed.

"There is the dining room," Madam Madcap explained. "You'll find excellent plates there. When you have finished, go to the library that room at the end of the hall. Take anything of value you find, but do not touch the safe; we don't want finger-prints. Show a card to Miss Dorcas Darcan myself."

Slade and Wilger slipped into the dining-room and began to work. The professor following them and aiding in putting the plate in bags they had carried for the purpose. Riley was not to be fooled, they gave no attention to Madam Madcap's part of the enterprise. Once they heard a woman scream and presently Madam Madcap came down the stairs to them.

"Well, I got the pearls," she said. "And I was forced to put Miss Dorcas Darcan to sleep. Now to finish and get out. Professor, call Mr. Riley and tell him that the professor hurried away on his mission, and Madam Madcap went into the library. Wilger and I had found only a few articles of value."

Riley came to the library, and Madam Madcap held the torch and directed the light on the roof of the safe. Riley was prepared for the task. He drew on this rubber gloves that would prevent their fingerprints from being on the safe, and began working the combination. For five minutes he worked, now and then grunting in disgust, and then he voiced a sibilant sentence that meant victory, stood up, and threw the door of the safe open. Madam Madcap played the light inside. Riley ripped open the strongbox and took out some currency, which he handed to Madam Madcap. A couple of diamond rings followed, and an old-fashioned bracelet.

He investigated another compartment, and found a few bonds. Then he went thru the safe methodically, handing the things to Madam Madcap, who discarded the most of them as worthless or unobtainable.

"That's all," "Red" Riley said. "Leave the door open and step back." Madam Madcap commanded. Riley saw the professor and a package in her hand; and now she opened it and took out a rubber glove. She handed it carefully to Madam Madcap, who cautiously pressed the tips of her fingers against the polished door of the safe, to bear the combination. "What's the idea?" Riley wanted to know.

"To throw the police off the track—and on to a certain other track," she whispered in reply. "I got a cake of soap Hamilton Bone used when washing when you let him wash his face and hands. His fingerprints were upon it. I prepared the request of the government that took up the fingerprints from the safe. And you've just transferred this Bone's fingerprints to the safe door!" Riley gasped.

"Exactly!" "I getcha! The cops know Bone has disappeared, they know he was crazy about you, and they'll be sure to look for you and hasn't been seen since—"

"Precisely!" Madam Madcap interrupted. "And if you find any more prints are Hamilton Bone's, they will be sure to look for you. And you've just transferred this Bone's fingerprints to the safe door!" Riley gasped.

"Exactly!" "I getcha! The cops know Bone has disappeared, they know he was crazy about you, and they'll be sure to look for you and hasn't been seen since—"

"Precisely!" Madam Madcap interrupted. "And if you find any more prints are Hamilton Bone's, they will be sure to look for you. And you've just transferred this Bone's fingerprints to the safe door!" Riley gasped.

"Exactly!" "I getcha! The cops know Bone has disappeared, they know he was crazy about you, and they'll be sure to look for you and hasn't been seen since—"

"Precisely!" Madam Madcap interrupted. "And if you find any more prints are Hamilton Bone's, they will be sure to look for you. And you've just transferred this Bone's fingerprints to the safe door!" Riley gasped.

"Exactly!" "I getcha! The cops know Bone has disappeared, they know he was crazy about you, and they'll be sure to look for you and hasn't been seen since—"

"Precisely!" Madam Madcap interrupted. "And if you find any more prints are Hamilton Bone's, they will be sure to look for you. And you've just transferred this Bone's fingerprints to the safe door!" Riley gasped.

"Exactly!" "I getcha! The cops know Bone has disappeared, they know he was crazy about you, and they'll be sure to look for you and hasn't been seen since—"

SCARBORO RATEPAYERS PREPARE HYDRO SLATE. At a meeting of the election committee of Victoria Park Ratepayers' Association, held last night in the Victoria Park school building, the slate of candidates for the coming year was agreed upon.

Reflections of a Bachelor Girl. It's a Beautiful World, BUT—From all the ills of Nineteen-twenty Deliver us! We've had a plenty.

NOT VERY FERTILE. Percy—Each night before retiring I put down my thoughts in a little book. Priscilla—How long have you been doing that?

FOSSILIZED BLOOD. Fossilized blood corpuscles have been discovered in the remains of antediluvian monsters in Canada. The brains of tiny fishes have also been found petrified in coal mines.

FIGHT JACK DEMPSEY IN TWELTH ROUNDED OUT BILL BRENNAN

DEMPSEY CUT LOOSE IN TENTH, THEN GOOD FIGHT BILL BRENNAN

Great Crowd See Fight for Championship in the Madison Square Garden—Titleholder Was Always Best, While Challenger Stood Hard Gruelling.

Madison Square Garden, New York, Dec. 11.—Jack Dempsey, the world's heavyweight champion, knocked out Bill Brennan of Chicago tonight in the twelfth round of the first heavyweight championship fight staged in New York since the Walker law became operative. The battle was at 15 rounds.

There were many opinions expressed by flaccid fans as to Dempsey's inability to quickly finish his opponent. When Dempsey did cut loose, however, the crowd certainly made a quick job of it, but it was not until after Brennan had shown that he was absolutely unafraid of the champion's punches and had split Dempsey's left ear with a right hook.

The champion proved to be Brennan's master in nearly every stage of the bout, but the challenger withstood many hard blows in the ring and showed the magnificent physical condition.

A steady stream of ticket holders poured in each entrance of Madison Square Garden as soon as the doors were opened at 7 o'clock and one hour later nearly every seat was filled. It was estimated that 14,000 persons were present and that the receipts would reach \$200,000.

The management announced that Dempsey's share of the purse was \$100,000. It is understood that Brennan will receive \$35,000.

The crowd was representative of the city's cosmopolitan and professional life, a large sprinkling of women being noted in the reserved floor and arena seats.

Marty Farrell, a local middleweight, defeated Frank McGuire of Williamsport, Pa., in the first preliminary round, which was the first round of the championship.

Two negroes, Bill Tate of New York and "Kid" Norfolk of Baltimore, from the rival training camps of Dempsey and Brennan, were the principals in the ten-round bout, which preceded the main event.

Tate had six inches taller and 15 pounds heavier than his opponent, who weighed 182 pounds.

While half a dozen photographers got into the ring to be ready to snap the principals in the big event when they arrived, the moving picture business on both sides of the garden busy grinding out yards of film.

Four powerful lights suspended from the roof high over the ring made the roped enclosure almost as bright as day-light.

Brennan entered the ring at 10:30, his green trunk and coat from under a crimson sweater. Dempsey came thru ropes in Brennan's corner a moment later. The champion stopped for a moment to shake hands with his challenger and then each then examined the sandpaper on the other's hands.

Announcer Humphreys introduced Dempsey as the fastest hitting heavy-weight champion ever known. Dempsey was introduced as from Chicago, and the most popular heavyweight in the middleweight division. Dempsey weighed 185, Brennan 197.

not put much power into the blows. Dempsey showed a slight scratch over his nose. There were a few rapid exchanges, with honors fairly even. Dempsey crossed his right hand to the head of Brennan so far in the fight. The champion, whether intentionally or not, missed a couple of right hooks for the head and then brought his left to Brennan's mouth, which was bleeding at the close of the round.

Fourth round—They exchanged body blows with both hands and then landed light and right hooks at close quarters. Brennan landed a left lead into the face and sent a short right over the head. There was a good deal of ineffective work at close quarters. Brennan sent his right twice to the head. The champion came back with a stiff left to the face and a short right cross to the head. Then Dempsey met Brennan with a left hand and shot two vicious rights to the head. Dempsey was putting more steam into his blows at this stage and hooked his right to the face and head. Brennan was bleeding from the mouth when he went to his corner. Dempsey's round must break clean.

Fifth round—After some short arm exchanges and a clinch, Dempsey was cautioned for touching his man lightly on the face and the breakaway. Brennan dodged from a right hook and sent three hard rights to stomach and ribs, forcing Brennan to a neutral corner. Brennan's right right twice to the stomach and when they came to the centre of the ring Brennan drove a hard right into Brennan's mid-section. Brennan sent two rights to the body just before the gong rang, but it was Dempsey's round by a good margin.

Sixth round—They added for a minute, Dempsey jabbed with his right hand and hooked his left to the head and Brennan with two right body blows. They exchanged hard body blows with both hands, and Dempsey hooked a left over the head. In the mid-air Dempsey hooked his right to the head and blocked many attempts by Brennan with short arm upper cuts.

Seventh round—Dempsey jabbed left to face and hooked two hard lefts to the body. Dempsey kept jabbing with his left and missed a right hook. Brennan's returns were very light. After some sparring Dempsey drove his right hand to the body and hooked a short left to the ear. Brennan sent his right to the head, but received a right in return. Dempsey put two rights to the head just before the bell. Dempsey's round.

All Dempsey. Eighth round—After a few exchanges at close quarters, Dempsey let go with a full length to the body. Then he tried to hook Brennan's chin. Brennan hooked left to face and Dempsey hooked left and right to head. Dempsey missed another right cross, but came back quickly with right and left to head, shaking Brennan up. The going became a bit rougher at this stage with Dempsey jabbing the better of the exchange. They were fighting in close quarters. Dempsey's round.

Ninth round—After a moment's sparring with Dempsey, Brennan hooked his right to the head. Dempsey came back with a right to the head. Dempsey drove a long right to the head and hooked a short left to the ear. Brennan kept after his man with provoking and Dempsey ducked into a short right to the body. Brennan hooked his left to the body and sent back left and right to the head. They were sparring at the bell. Brennan's round.

Tenth round—Dempsey danced around, Brennan turning right to face and head, with Brennan missing a left hook and Dempsey sent three short uppercuts to the head, while Brennan hooked his left to the head and sent short rights to the head and used short rights to Brennan's chin. Brennan landed a left hook and Brennan missed a left hook and Dempsey sent three short uppercuts to the head, while Brennan hooked his left to the head and sent short rights to the head and used short rights to Brennan's chin. Brennan landed a left hook and Brennan missed a left hook and Dempsey sent three short uppercuts to the head, while Brennan hooked his left to the head and sent short rights to the head and used short rights to Brennan's chin.

Eleventh round—Brennan came out in fairly good shape, they exchanged lefts and rights to the head, one of which cut Dempsey's left ear. Brennan missed a right cross and Dempsey hooked his left hand to the head. Brennan landed a left uppercut, and Dempsey drove his right to the head and Brennan fell into a clinch to avoid Dempsey's right, but Dempsey pushed him off and sent left and right to the body. They exchanged lefts and rights with a hard right cross at close quarters. Dempsey landing three or four short right arm jabs to the body and neck. Dempsey's round.

Dempsey bled considerably from the mouth and ear while in his corner. Twelfth round—Dempsey led right to the head and Brennan landed a similar blow. They exchanged rights to the head and Dempsey jabbed left to face and put a hard right to the head. Brennan landed a left to face, and Dempsey sent right to body. At close quarters Dempsey shot two hard lefts to the head. Brennan landed a left to the head, but Dempsey stepped in with a hard right over the head and hooked his left to the stomach. Brennan crumpled under the blow and right smash on the head. The blow over the head had done its work, and Brennan, while he tried his utmost to regain his feet only rolled about on the floor of the ring while Referee Hankup counted out the ten seconds. Brennan's seconds then jumped in and carried his man to his corner. The champion bowed to the crowd and gave a salute to a left and right to the head. Brennan then started after his man with left and right hooks, but seemingly did

POSS WE HAVE TWENTY SENIOR GAMES AT HOME

OLD NAME AGAIN FOR TOOLE LEAGUE

New Monicker Lasted Just One Day—Boost President's Salary.

New York, Dec. 14.—The National Association of Professional Baseball Leagues, born yesterday as the successor of the New International League, was called into existence today when the club owners voted to return to the old name, and to reorganize, continue as the New International League.

This was agreed upon when it was learned that the National Association of Professional Baseball Leagues, had copyrighted the name. The club owners also agreed to change the name of the league to the American League, which is to run for 25 years, and to be adopted and formed by each of the eight clubs and President Heydler.

The new agreement with the American League, which is to run for 25 years, was adopted and formed by each of the eight clubs and President Heydler. The agreement was adopted without dissent on the suggestion of an amendment.

Mr. Toole estimated in an address to the owners that, while he was pleased at the unanimous election, the terms were not exactly to his liking. After consulting with the club owners, he decided to make his election as president, which took place yesterday.

He then assumed the chair, and with John Dunn of Baltimore and S. L. Robinson of Buffalo, was named a committee to draft the schedule for the 1921 season. The schedule will consist of 158 games in the regular season, and 20 games in the playoffs.

A new plan of meeting the league expenses was adopted. This provides for a fund on each club of two cents on each admission. By this arrangement each club will contribute to the expenses of the league its share in proportion to its total attendance of last season.

The board of directors of the league shall be composed of the presidents of the eight clubs, instead of six, as at present. This will obviate the holding two separate sessions when the league meets.

The 1920 season, said President Heydler, proved the most successful in the history of the National League, the attendance being more than 1,000,000 in excess of the previous season. During the season the attendance at the games was an increase of 10,248 over 1919.

A constitutional amendment was adopted, providing that the league shall be known as the National League of Professional Baseball Clubs, and that the league shall be organized under the laws of the United States.

The league voted to recommend to the new advisory committee organized under the name of the National League, the name of the league be changed to the American League, and that the league be organized under the laws of the United States.

The new board of directors elected included Fisher Bill Doak of the St. Louis Browns, and Samuel B. Braddon of Philadelphia. The new board will meet on Saturday, Dec. 18, at 10 o'clock.

The eight o'clock game will also be a good match, when the Dunlop A.C. meet the Broadview juniors, who have been steadily improving the last few weeks. These will be the last big games before the holiday season.

PLENTY OF YOUTHS FOR JUNIOR TEAMS

Varsity Pick Strong Team to Meet Aura Lee—Hockey Practices.

The juniors get their first test tonight. Aura Lee are down to defend the S.P.A. Cup, and they take on Varsity. The student outfit have about thirty candidates for their team, and in the lot are some classy boys. Several of these youngsters have had O.H.A. experience, and Dr. Dafeo has picked a smart team for tonight's game.

Joe Sullivan, star with U.T.S., is in the nets. He is the cleverest goalie in junior hockey, and Varsity are off on the right foot with easy working. Three of last year's team are left in Walters, the defence player, and Grey and Wolfson. Walters is round out the team they have Munroe, a very effective defence player with St. Michaels a year ago yesterday.

The prep colleges all had hockey practice today. The prep colleges all had hockey practice today. The prep colleges all had hockey practice today. The prep colleges all had hockey practice today.

Varsity Pick Strong Team to Meet Aura Lee—Hockey Practices. The teams will be: Varsity: Position Aura Lee; Sullivan... Moore; Walters... Defence... Applegath; Munroe... Defence... Hitchman; Smith... Defence... Young; Grey... Right... Denard; Grey... Left... Dinsmore; Sullivan... Sub... Polard or Phillips; Wolfson... Sub... Polard or Phillips.

Then Dempsey jabbed with his right hand and hooked his left to the head and Brennan with two right body blows. They exchanged hard body blows with both hands, and Dempsey hooked a left over the head. In the mid-air Dempsey hooked his right to the head and blocked many attempts by Brennan with short arm upper cuts.

Seventh round—Dempsey jabbed left to face and hooked two hard lefts to the body. Dempsey kept jabbing with his left and missed a right hook. Brennan's returns were very light. After some sparring Dempsey drove his right hand to the body and hooked a short left to the ear. Brennan sent his right to the head, but received a right in return. Dempsey put two rights to the head just before the bell. Dempsey's round.

All Dempsey. Eighth round—After a few exchanges at close quarters, Dempsey let go with a full length to the body. Then he tried to hook Brennan's chin. Brennan hooked left to face and Dempsey hooked left and right to head. Dempsey missed another right cross, but came back quickly with right and left to head, shaking Brennan up. The going became a bit rougher at this stage with Dempsey jabbing the better of the exchange. They were fighting in close quarters. Dempsey's round.

Ninth round—After a moment's sparring with Dempsey, Brennan hooked his right to the head. Dempsey came back with a right to the head. Dempsey drove a long right to the head and hooked a short left to the ear. Brennan kept after his man with provoking and Dempsey ducked into a short right to the body. Brennan hooked his left to the body and sent back left and right to the head. They were sparring at the bell. Brennan's round.

Tenth round—Dempsey danced around, Brennan turning right to face and head, with Brennan missing a left hook and Dempsey sent three short uppercuts to the head, while Brennan hooked his left to the head and sent short rights to the head and used short rights to Brennan's chin. Brennan landed a left hook and Brennan missed a left hook and Dempsey sent three short uppercuts to the head, while Brennan hooked his left to the head and sent short rights to the head and used short rights to Brennan's chin.

Eleventh round—Brennan came out in fairly good shape, they exchanged lefts and rights to the head, one of which cut Dempsey's left ear. Brennan missed a right cross and Dempsey hooked his left hand to the head. Brennan landed a left uppercut, and Dempsey drove his right to the head and Brennan fell into a clinch to avoid Dempsey's right, but Dempsey pushed him off and sent left and right to the body. They exchanged lefts and rights with a hard right cross at close quarters. Dempsey landing three or four short right arm jabs to the body and neck. Dempsey's round.

Dempsey bled considerably from the mouth and ear while in his corner. Twelfth round—Dempsey led right to the head and Brennan landed a similar blow. They exchanged rights to the head and Dempsey jabbed left to face and put a hard right to the head. Brennan landed a left to face, and Dempsey sent right to body. At close quarters Dempsey shot two hard lefts to the head. Brennan landed a left to the head, but Dempsey stepped in with a hard right over the head and hooked his left to the stomach. Brennan crumpled under the blow and right smash on the head. The blow over the head had done its work, and Brennan, while he tried his utmost to regain his feet only rolled about on the floor of the ring while Referee Hankup counted out the ten seconds. Brennan's seconds then jumped in and carried his man to his corner. The champion bowed to the crowd and gave a salute to a left and right to the head. Brennan then started after his man with left and right hooks, but seemingly did

not put much power into the blows. Dempsey showed a slight scratch over his nose. There were a few rapid exchanges, with honors fairly even. Dempsey crossed his right hand to the head of Brennan so far in the fight. The champion, whether intentionally or not, missed a couple of right hooks for the head and then brought his left to Brennan's mouth, which was bleeding at the close of the round.

Fourth round—They exchanged body blows with both hands and then landed light and right hooks at close quarters. Brennan landed a left lead into the face and sent a short right over the head. There was a good deal of ineffective work at close quarters. Brennan sent his right twice to the head. The champion came back with a stiff left to the face and a short right cross to the head. Then Dempsey met Brennan with a left hand and shot two vicious rights to the head. Dempsey was putting more steam into his blows at this stage and hooked his right to the face and head. Kitchener play an exhibition game in Hamilton on Saturday night.

The Hamilton Tigers have hopes of having Billy Boyd with them again this season. Boyd has been in the air force, but he met with an injury a short time ago, and has been trying to secure his discharge ever since. There will be a few new faces on the team this season, but with Boyd back in harness, the Tigers would have practically all of last year's team to choose from.

Kitchener, Ont., Dec. 14.—(Special.)—Dick Carroll, the man whom Kitchener fans look upon as the genius who will pull Kitchener thru to the Allan Cup this year, arrived in the city this afternoon, and began to make himself acquainted. When interviewed regarding Kitchener's chances to bring home the cup, Carroll declared that he would like to disabuse some people of the idea that all Kitchener has to do is to put a team on the ice to win the cup. He declared that it will be a hard fight for the afterwarriors this season, and stated that if Kitchener wants to bring home the boon it means that harmony and real playing will have to characterize every game. Dick admitted that he had good material to work on in Kitchener, but, judging from his attitude, he intends that the material will work for all that is in them before the gong rings in the first real game.

THE PARKDALE RANGERS held a meeting tonight at 8 o'clock at 1024 West Bloor Street.

Dunn's Baltimore Stock is Worth Over Hundred Thousand. Baltimore, Dec. 14.—While a New York train stood in a Philadelphia station yesterday, Jack Dunn, president-manager of the Baltimore Internationals, completed a transaction with Eddie Collins, second baseman of the Chicago White Sox, which made Dunn virtual owner of the Orioles. In exchange for a certificate representing 75 shares of the club's stock, Collins received a cheque for \$50,000, and Dunn, with other recent purchases, became owner of 100 of the 1250 shares issued by the club, which he has managed for the last 15 years. Dunn was on his way to the baseball meeting at Philadelphia. At the above price Dunn's thousand shares are worth \$128,865.

CORNELL BOYS SAIL FOR ENGLAND. New York, Dec. 14.—Cornell's cross-country runners sailed for England on the Aquitania today, to meet a team of Old North's, to meet a team of Cornell's, to meet a team of Cornell's, to meet a team of Cornell's.

U. S. POLO TEAM PONIES SHIPPED. New York, Dec. 14.—Twenty highly-prized polo ponies, mounted for the United States team which will compete for the Inter-land, next June, were sent across the Atlantic to London today on the steamship Old North's. On their arrival there the ponies will be taken to Salisbury Plains, where the British team's mounts are now quartered. In April they will be transferred to Sunbury, near Hampton Court, where they will be put thru a hard course of training before they start their final practice on the adjacent polo fields.

COLLEGE FOOTBALL PLAYER DIES. South Bend, Ind., Dec. 14.—George Gibb, Notre Dame football player, died tonight of pneumonia, which he contracted during a game on Nov. 29. His illness was interrupted by a game at Northwestern on Dec. 5, when he was injured as a football player on a game with the Chicago Bears. His home was in Laurium, Mich.

PAT MOORE AND BENNY GOULD. It is stated that Pat Moore is going to box Benny Gould at the armours on Boxing night, Monday, Dec. 27. Moore is a referee's decision over champion Jimmie Wilde, earned in the final bout for the Old North's, to meet a team of Cornell's, to meet a team of Cornell's, to meet a team of Cornell's.

WOMEN CURATES MAY COME SOON

Church of England Expected to Admit Them to Holy Orders.

London, Dec. 14.—Judging by the resolutions of the recent Lambeth conference, a clergyman writes The London Daily Mail that the admission of women to holy orders may be definitely expected.

After all this is not a post-war innovation, but the revival of the ancient order of deaconesses. In the future the ordination of women will be as definite as that of any curate, and the rule will hold that "once ordained, always ordained."

The bishop has decided that the standard of education and training must be high and the stipend of the lady curate must be such as to rule out any idea of a woman's work.

The question of age is not fixed, and an ordained woman may marry and still retain her office.

Whether the title of "reverend" will be given these women, and whether they will wear any distinctive dress corresponding to the clerical "dog-eared" points, are interesting but unsettled points.

Mrs. Pictou-Turberville, the champion of the cause, advocates the use of cassock (a distinctly feminine garb), and surplice, with soft silk cap in church. This would not shock us by its similarity to the dress of a nun.

One duty of the lady curate specially mentioned by the bishop is the preparation of candidates (presumably girls) for confirmation. Few would deny that this assist in ministrations to the sick.

First sight it is puzzling to know exactly how a woman could "assist at holy baptism," the ordinary vicerger does not assist in ministrations to the sick.

With the approval of the bishop the lady curate would read morning and evening prayer on the days when women are present at the church.

Full year's effort to see whether a low rent and smaller profits will overcome the advantages of location in centre, where high rents prevail.

Mathewson, of 703 Yonge street, is trying an experiment with a high-class clothing store, where he has removed from his high price rent district.

He was asked \$3,000 a year, or more than \$25 a business day, for a store like mine downtown, when stores were renting uptown at \$25 a day.

"As I am selling Semi-Ready tailored suits at profits fixed by the label, and today at no profit at all, one can figure what a volume of business I would have to do before the landlord would pay his rent."

"Yet my profits for the first six months of my experiment were so small that I lost \$2.75 on every suit and overcoat which I sold."

"I am not discouraged, not a bit. In fact, I am giving now a bargain festival for men and boys during the Christmas month, setting the finest quality suits and overcoats away below cost."

"Boys' suits and overcoats, worth \$18, I sell now at \$14."

"Boys' garments at \$20 I offer at \$15.50."

"Boys' overcoats at \$25, I offer at \$21."

"Suits and overcoats for boys in all sizes, even the highest quality suits and overcoats at \$30, I have marked down to \$22.50."

"Youths' suits at \$35, I sell now at \$27.50, whilst the youths' suits at \$27.50 are marked down to \$17.50."

"Men's winter overcoats at \$45, for \$30; the \$45 label goes for \$38.50 and the \$50 overcoats will be sold at \$32.50."

"I may say that these garments would be \$10 more if I had to pay high rents and employ a large staff."

"Men's suits, too, including fine serges, are all reduced in price—\$40 serge suits for \$27.50."

"All the high quality English worsted suits as good as \$55 and \$60 are reduced below the tax-bearing level. I'm going to sell suits here in quantity if I have to give them away without a cent of profit. I tailor to custom measure splendid suits for \$40 and \$45, and I'll venture to say that no one can match their quality under \$60."

Swimming Championship At West End "Y" on Friday

The swimming meet at West End Y.M.C.A. on Friday promises to be one of the finest ever pulled off in the city.

The hundred-yard Ontario boys' championship no doubt will be the tit-bit of the evening, as regards who is the real champion, there are at present two or three outsiders.

# FARMERS SUCCESSFUL IN CO-OPERATIVE PLAN

### Big Increase in Turnover Reported at Annual Convention—New Company to Be Formed to Supply Cheap Fences—Further Increase in Capitalization to Be Sought.

When the seventh annual convention of the shareholders of the United Farmers' Co-operative Company, Limited, opened at Massey Hall yesterday morning over 800 members were in attendance, while the officers strolled in some forty minutes later, and the hall looked a cold and cheerless place when at 10.45 a.m. President A. A. Powers rose and indicated that the press could not be admitted to the meeting, while at the afternoon session everyone who did not hold a share-holders' ticket was told where to get one, and reporters were again asked to leave, it being pointed out that the company was a private business, whose affairs were to be closely guarded.

President's Address.

President A. A. Powers, in his annual address to the shareholders, furnished the fact that the annual turnover of the United Farmers' Co-operative Company, Limited, had jumped from \$1,500,000 for the year 1925 to the handsome figure of \$19,372,000 for 1926. The rapid strides being made by the company was further indicated by the expansion in the number of stores. In 1925 the company operated only four stores. To these were added last year twenty-four new stores, and four others are now in progress of establishment, bringing the United Farmers' chain up to 32 stores for Ontario.

Directors Elected.

At last night's meeting of the United Farmers' Co-operative Co., Ltd., the following men were elected: Directors, A. A. Powers, Orono, R. W. Burnaby, J. Z. Fraser, Burford; Secretary, Col. J. Z. Fraser, Burford; H. V. Hooper, E. J. Van Allen, Dundas. The new directors are J. B. Levert, Nipissing district, Elmer Lick, Ontario County, and E. A. Ashton, Dundas.

Capt. Lott in speaking of the necessity of an estimate by the member of their fence requirements, in order to obtain the lowest possible price, said that the estimated profit of 8 per cent. would be entirely reasonable. In the new fence company which would be formed, the United Farmers' Co-operative Co. would be on the board of director and also the price would not be under 20c, the fence would cost the farmers much less than they could buy from the five or six companies operating in Canada.

Morrison's Review.

J. J. Morrison, the oldest officer of the company, gave a short review of the history of the company. On March 15-20, 1914, the company was born in the Labor Temple, Toronto, with 243 delegates present. Today there were over 800 members, over 50,000 bing paid up. The Farmers' Co-operative Company shortly followed the United Farmers' Organization, with a capital of \$10,000, which had been increased from time to time until it reached \$1,000,000, and incidentally it was decided last night to ask for a further increase, bringing the capitalization up to \$1,250,000. It was important, said Mr. Morrison, that the farmers discharge their obligations honorably and he cited an instance where one club had refused to buy when the price went down, although an order had been placed. The bank standing was so good that an overdraft of over \$400,000 had been put thru. The business turnover had increased by leaps and bounds from \$213,000 in 1915 to \$19,372,000 in 1926. The company had seven offices, 10 departments, about 800 employees, and 13,000 shareholders. The past presidents were W. C. Goode, Anson Groh, John Prichard, B. C. Tucker, A. W. Burnaby and A. Powers, Burford. "Class consciousness and self-interest has been the dynamo which has done all this work," said Mr. Morrison. Our young men must be given opportunities to develop, and there is just as good material on the back concessions as on Yonge street. They must be taught not to be ashamed in their own country. The girls are needed too, and they must work together if success is to be assured.

When the seventh annual convention of the shareholders of the United Farmers' Co-operative Company, Limited, opened at Massey Hall yesterday morning over 800 members were in attendance, while the officers strolled in some forty minutes later, and the hall looked a cold and cheerless place when at 10.45 a.m. President A. A. Powers rose and indicated that the press could not be admitted to the meeting, while at the afternoon session everyone who did not hold a share-holders' ticket was told where to get one, and reporters were again asked to leave, it being pointed out that the company was a private business, whose affairs were to be closely guarded.

President's Address.

President A. A. Powers, in his annual address to the shareholders, furnished the fact that the annual turnover of the United Farmers' Co-operative Company, Limited, had jumped from \$1,500,000 for the year 1925 to the handsome figure of \$19,372,000 for 1926. The rapid strides being made by the company was further indicated by the expansion in the number of stores. In 1925 the company operated only four stores. To these were added last year twenty-four new stores, and four others are now in progress of establishment, bringing the United Farmers' chain up to 32 stores for Ontario.

Directors Elected.

At last night's meeting of the United Farmers' Co-operative Co., Ltd., the following men were elected: Directors, A. A. Powers, Orono, R. W. Burnaby, J. Z. Fraser, Burford; Secretary, Col. J. Z. Fraser, Burford; H. V. Hooper, E. J. Van Allen, Dundas. The new directors are J. B. Levert, Nipissing district, Elmer Lick, Ontario County, and E. A. Ashton, Dundas.

Capt. Lott in speaking of the necessity of an estimate by the member of their fence requirements, in order to obtain the lowest possible price, said that the estimated profit of 8 per cent. would be entirely reasonable. In the new fence company which would be formed, the United Farmers' Co-operative Co. would be on the board of director and also the price would not be under 20c, the fence would cost the farmers much less than they could buy from the five or six companies operating in Canada.

Morrison's Review.

J. J. Morrison, the oldest officer of the company, gave a short review of the history of the company. On March 15-20, 1914, the company was born in the Labor Temple, Toronto, with 243 delegates present. Today there were over 800 members, over 50,000 bing paid up. The Farmers' Co-operative Company shortly followed the United Farmers' Organization, with a capital of \$10,000, which had been increased from time to time until it reached \$1,000,000, and incidentally it was decided last night to ask for a further increase, bringing the capitalization up to \$1,250,000. It was important, said Mr. Morrison, that the farmers discharge their obligations honorably and he cited an instance where one club had refused to buy when the price went down, although an order had been placed. The bank standing was so good that an overdraft of over \$400,000 had been put thru. The business turnover had increased by leaps and bounds from \$213,000 in 1915 to \$19,372,000 in 1926. The company had seven offices, 10 departments, about 800 employees, and 13,000 shareholders. The past presidents were W. C. Goode, Anson Groh, John Prichard, B. C. Tucker, A. W. Burnaby and A. Powers, Burford. "Class consciousness and self-interest has been the dynamo which has done all this work," said Mr. Morrison. Our young men must be given opportunities to develop, and there is just as good material on the back concessions as on Yonge street. They must be taught not to be ashamed in their own country. The girls are needed too, and they must work together if success is to be assured.

# AMERICAN EXPERT IS RADIAL SKEPTIC

### Populous Terminal Connections Principal Factor for Success.

Announcement is made of a free special winter course at the University of Toronto, "intended to appeal particularly to the men and women on the farms of Ontario, but open to any citizen of the province." It will last from Feb. 7th to 19th, and there will be six or seven lectures in each of the following subjects: Economics by Prof. W. T. Jackson; Architecture, Prof. C. H. C. Wright; public health and hygiene, Dr. J. G. Fitzgerald; English literature, Prof. M. W. Wallace; Canadian history, Prof. G. M. Wrong.

Populous terminal connections were declared the principal factors in the success of a radial project by F. W. Coen, president of the Lake Shore Electric Railway, when he appeared as a witness before yesterday's Radial Commission. Mr. Coen expressed no opinion on the merits of the local project, but inferred that a judgment should be passed upon its separate divisions in accordance with the criterion which he outlined.

He gave, however, a frank pessimistic review of existing radials, and was frankly a skeptic of the contemplated suburban and rural development upon which the local Hydro project, the experience of his own company, he stated, had been that suburban growth in keeping pace with the rising operating costs.

Terminal Connections.

In cross-examination by I. F. Hellmuth, K.C., Mr. Coen instanced the Detroit and Toledo as a road which was successful because of its terminal connections. As examples of failures he cited the Chicago, Lake Shore and South Bend and Aurora, Elgin and Chicago lines.

He further gave the following catalog of typical American radials, together with a brief description of their successful features: Northern Traction Line, the best revenue-producer in the state of Ohio, at present paying bond interest and an annual dividend of 7 per cent.; Cleveland, Tramsville and Ashtabula, no bond interest, but a dividend for past seven years and at present enduring an operating ratio of 110 per cent.; Ohio electric road, 110 per cent. revenue, and a dividend of an excellent freight revenue thru terminal connections with steam roads, but nevertheless at present being divided for conversion into a measure in Detroit and Jackson and Union Traction Road, financially situated in varying degrees of poverty.

"There are twenty or seven roads out of 25 in the northern central states that are doing as well," stated Mr. Coen, in concluding his survey. "How do you account for this condition of the roads?" inquired Commissioner Mitchell.

"I can account for it only in part by the automobile, which has cut into our revenue, and suburban growth, and the failure to grow in proportion to operating expenses," replied the witness.

In reply to a further question by Commissioner Mitchell, he expressed the belief that his own railroad would make a good suburban road, and that the revenue, and the suburban growth, and the failure to grow in proportion to operating expenses," replied the witness.

Advantages Enjoyed.

Anti-Hydro municipalities' counsel Mr. Robertson, referred to the advantage enjoyed by the radials, re-expressed was to the effect that the fact of their established and constant having been built before the increase in construction costs. He further adduced evidence touching upon the fact that the Hydro project, which general business conditions occasioned. He was informed in this connection that the Lake Shore Electric Railway had a 25 per cent. decrease in its branch of its traffic.

"If that should continue your road would be considerably in the hole," commented Mr. Robertson who had "Yes," agreed the witness.

A final anti-Hydro caution which the witness, under counsel's guidance, expressed was to the effect that constant maintenance and equipment charges rendered the initial capital expenditure by no means final.

Mr. Coen at the morning session gave intimate details regarding the finances and business of the Lake Shore Electric Railway. It had, he stated, paid preferred dividends to the effect of \$75,000, but had, against this, increased its bonded indebtedness.

He admitted, however, that the condition had successfully emerged from a receivership in 1914, and that since then invested considerable of its earnings in maintenance and equipment.

When the seventh annual convention of the shareholders of the United Farmers' Co-operative Company, Limited, opened at Massey Hall yesterday morning over 800 members were in attendance, while the officers strolled in some forty minutes later, and the hall looked a cold and cheerless place when at 10.45 a.m. President A. # "TO PLEASE ONE WOMAN" IS PICTURE AT REGENT

The success of "To Please One Woman," appearing at the Regent this week, is due to the high-class directing of characters that have been well chosen to fit their respective roles. The influence of a designing woman with nothing to do, the lives of everyone who comes in contact with her, the abuse of money, and the old, old story of love healing all, are used with dramatic effect. Claire Windsor, as Alice Granville, is a beautiful girl, who easily secures the sympathy of movie patrons in her suffering. She is in love with the village doctor, Dr. Ransome, until Lella, the vampire, gathers him up her net. Her husband commits suicide, following an illegal attempt to desert her and Alice, and she is reconciled at the deathbed of a young patient. The minor characters are given good opportunities to stand out distinctly, and lessons are taught wholesale in the last act. The night photography is excellent, and "To Please One Woman," with a comedy starring Charles Conklin and a Pathé color, all make a most all-round entertainment is presented.

# HENRY FINSMAN NOW MISSING FOR MONTH

Henry Finsman, aged 49, has been missing since November 15 last, and no trace of him has been found. He left his room at 248 Jarvis street on the morning in question and completely disappeared as far as friends and relatives are concerned.

The boy's parents live in Woodstock, Ont., but he lived in the city and was in the employ of the T. Eaton Co. His father, James H. Finsman, could give no reason as to why his son should disappear as the boy appeared to be doing well and was in excellent health.

# ORFORD CASE DRAGS ON

The action brought by Mrs. Frederick Orford to recover \$600 a month alimony from her husband yesterday developed into a reading of the evidence taken on commission in England. This was the seventh day of the hearing.

# CHARGE SHOPLIFTING

Margorie Miller, 1074 Dufferin street, was arrested yesterday afternoon on a charge of shoplifting from the T. Eaton Co. Detective-Sergt. Mulholland made the arrest.

# SENTENCE DEFERRED

In the sessions yesterday before Judge Coatsworth the jury returned a verdict of guilty of doing grievous bodily harm in the charge of criminal negligence against Harry Johnson and Reta Brennan. A jury in October disagreed. Sentence will be passed on Monday.

# POSITIVE OR NEGATIVE, WHICH?

Lighting of the single unit starting and lighting systems have the positive wire grounded, while the other half is grounded. There is no standard practice in this regard. Usually the terminals of impossible to connect that it is next to impossible to connect them up in accordance with your car or the instruction book of your car or the service station, we can specialize on your make of battery.

# UNIVERSITY OFFERS FREE COURSES FOR FARMERS

### Announcement is made of a free special winter course at the University of Toronto, "intended to appeal particularly to the men and women on the farms of Ontario, but open to any citizen of the province."

Announcement is made of a free special winter course at the University of Toronto, "intended to appeal particularly to the men and women on the farms of Ontario, but open to any citizen of the province."
