TUESDAY MORNING MARCH 22 1921 41ST YEAR—ISSUE NO. 14,741 TWO CENTS

Sensational Charges Against Police Court Officials to Be Probed City Council Passes On Proposal For Widening of Upper Yonge St.

SERIOUS CHARGES AGAINST OFFICIALS OF POLICE COURT

Ald. Singer Produces Affidavits in Support of Demand for Inquiry.

TO GET LEGAL ADVICE

Following the reading of affidavits by Ald. Singer last night, making serious charges against officials of the police court, the city council adopted a resolution calling upon the legal department to advise them as to how to proceed to get the police court situation cleared up. Ald. Singer had asked for a judicial enquiry under the enquiries act and he got substantial support from the members. The discussion dragged along until nearly one o'clock this morning, when Controller Nesbitt's motion to refer the matter to the legal department was carried.

The motion was not carried without a heated argument which was at times tinged with bitterness and considerable politics. Mayor Church ought to have the affidavits referred to the police commission, who would hold an enquiry, but the sense of the members was that the police commission was not the proper body to investigate its own court.

Misconduct Alleged.
The affidavits alleged misconduct against interpreters of the police court. The burden of the charges were that the interpreters had used their position to squeeze money out of persons who had the misfortune to be accused in the police court and the former crown attorney, J. S. Corley K.C., it was alleged, had been seen drinking in the house of Markovitch, one of the interpreters.

Controller Nesbitt raised the question whether an investigation could be conducted by the police court.

DOLLAR'S SHRINKAGE DUE TO HOUSEWIVES

Drayton Says Lavish Buying in U. S. Will Spell National Bankruptcy.

Montreal, March 21.—Sir Henry Drayton, minister of finance, speaking today before the American Women's Club here, laid at the door of the Canadian housewife a large part of the responsibility for the shrinkage of the Canadian dollar in the United States market, and uttered a warning that if the Dominion continued on her way of lavish importation of United States goods at the expense of Canadian producers and manufacturers, national bankruptcy would be inevitable.

PLEBISCITE VOTE DISAPPOINTS PARIS

Do Not Yet Give Up Hope That Silesia Is Not Lost to Poland.

Paris, March 21.—In French official circles keen disappointment was expressed over reports received this afternoon from Upper Silesia saying that Germany would retain the district as a result of Sunday's plebiscite, but the officials do not yet admit the area is lost to Poland. They pointed out that the reports of the plebiscite were unofficial and came mostly from Berlin. It was said that in the event of the majority of the vote being German the territory probably would be divided, leaving to Poland those places which voted Polish.

ACCEPTED WAGE CUT.

Boston, Mass., March 21.—The threatened strike of employees of the Boston, Revere Beach and Lynn Railroad, a narrow-gauge line, was averted today when the men accepted a wage cut of about 22 cents a day. The company had proposed a reduction of 37 cents.

CHAMPION WOMAN SKATER HONORED
Miss Gladys Robinson (Mrs. Ralph Blaber), with the gifts she received on her return to the city yesterday from her skating triumphs at Pittsburgh. The silver service was the gift of the Sportsmen's Patriotic Association, the club bag was presented to her by Mayor Church on behalf of the city, and the basket of roses was the gift of Miss Church. The ceremonies took place in the King Edward Hotel.

SEATS FOR MINISTERS IN EITHER CHAMBER WHEN BUSINESS CALLS

Commons Discusses Motion by Hon. Rodolph Lemieux Which Brings Up Constitutional Question—Meighen Doubts Whether Resolution, Either of House or Senate, Would Effect the Change—Some Members Doubtful of Wisdom of the Proposal.

Ottawa, March 21.—(By Canadian Press).—Private members' day in the house brought a constitutional discussion which both sides agreed in terminating of prime importance. It touched on relations between the senate and the house. Hon. Rodolph Lemieux initiated it on a motion to enable ministers of the crown to sit in either chamber "whenever measures and policies are introduced affecting their respective policies." The senate, Mr. Lemieux argued, was never more necessary than at present with the world passing through a period of reconstruction. At present, the government had three ministers in the senate—and it was essential that the head of the labor department and the head of the interior department (now in the senate) should be entitled to be given effect by a resolution near Berlin. The prime minister saw no strong objection to the principle of the proposal, but he doubted if it could be given effect by a resolution either of the house or the senate. Would it not rather require a constitutional amendment? In any event, it was a step which could be taken only after mature consideration. "It should be open," Mr. Meighen declared, "to the consideration of the people through the press, and there should be general agreement on the subject."

BILL NEXT SESSION TO REFORM LORDS

Earl Curzon Says It Will Be Introduced at Earliest Possible Moment.

London, March 21.—In the house of lords today, Earl Curzon, secretary for foreign affairs, and leader in the house, replying to an enquiry as to the progress of the bill for the reform of the lords, said that the reform proposal, which he had introduced, would bring in a bill at the earliest possible moment, but this could not be done until the next session of the house.

Seven Soldiers Killed In Another Irish Ambush

Dublin, March 21.—Seven members of the crown forces, including an officer, were killed, and twenty were wounded when a train was ambushed today, according to official announcements. The attack occurred near Headford Junction, County Kerry.

A civilian passenger was killed and two others were wounded. The casualties among the ambushing party, with the exception of one man found dead, are not known.

TRADE DELEGATIONS TO GO TO RUSSIA TO OPEN COMMERCE

No Ruling as to Seizure of Gold Will Affect the Agreement.

MAY HOLD UP TRADE

London, March 21.—The despatch of British trade delegations to Russia this spring may be expected as the first tangible result of the recently concluded Anglo-Russian trade agreement, according to official circles. Upon the investigations and reports of these agents will be based attempts to Anglo-Russian commerce, starting in a small way and increasing as the volume of goods from Russia becomes increasingly available.

No eventuality, not even a ruling by British courts that creditors have a right to seize Bolshevik gold brought into Britain, will make the agreement inoperative, say the officials who have dominated the six-months' negotiations with Leonid Krasin. It is pointed out that the British government is the largest Russian creditor in Great Britain, with from five to six hundred million sterling involved, while the largest private creditors' claims are approximately \$100,000,000.

If the courts uphold the right of seizure, then the government will insist upon a division of the gold among the various creditors, but the greatest share for the government, while private creditors would get a relatively small share in payment of what was their money.

Little Trade, Says Hoover.
Washington, March 21.—Trade with Russia is more a problem than an economical question as long as Russia is controlled by the Bolsheviks, Secretary Hoover declared today in a statement in discussing the problem of resumption of trade relations with Russia.

Under their economic system," Mr. Hoover said, "the return of a moderate it in name, there can be no real return to production in Russia, and the Bolshevik government has no commodities to export, and consequently, no great ability to obtain imports."

The whole question from a trade point of view develops into furnishing commodities equal to the platinum and jewelry, variously estimated from \$60,000,000 to \$200,000,000 in the hands of the Bolshevik government, and which has been expended there can be little export of continued trade.

SILESIA DECIDES TO REMAIN GERMAN BY HUGE MAJORITY

Polls Sixty-One Per Cent. of Vote, According to Official Figures.

London, March 21.—The official returns of the plebiscite in Upper Silesia, as given by Dr. Simons, the German foreign secretary, in a telegram to London, are:
Germany 713,700; Poland 460,700, in the whole plebiscite area, or approximately 61 per cent. for remaining German territory, and approximately 39 per cent. for incorporation in Poland.

REJOICING IN BERLIN

London, March 21.—The official returns of the plebiscite in Upper Silesia, as given by Dr. Simons, the German foreign secretary, in a telegram to London, are:
Germany 713,700; Poland 460,700, in the whole plebiscite area, or approximately 61 per cent. for remaining German territory, and approximately 39 per cent. for incorporation in Poland.

GERMANY IS Jubilant.

Berlin, March 21.—Dr. Walter Simons, German foreign secretary, today announced that the returns from the plebiscite held yesterday in Upper Silesia showed a complete German victory. "The German people," he said, "are rejoicing in the fact that the plebiscite has been held in honor of the event, the colors of the German republic and of Prussia being hoisted."

FATAL CAR CRASH ON BRIDGE CAUSED BY BROKEN AXLE

Coroner's Jury Finds That Defect Made Trailer Leave the Tracks.

PASSENGERS TESTIFY

That a broken axle on the Queen street trailer caused the accident on the Gerrard street bridge on March 14th last, resulting in the death of John J. Evans, was established at the inquest which concluded last night.

The following verdict was brought in:
"We are of the opinion that John J. Evans came to his death while traveling on a trailer belonging to the Toronto Street Railway Company on Gerrard street on March 4, 1921, and we are of the opinion that, from the evidence received, the accident was caused by the breaking of a defective axle causing the derailment of the trailer."

The accident happened about 5:30 p.m. on March 4, as a loaded Queen street car proceeding over the Gerrard street bridge when the trailer ran off the track and was struck by a westbound car, injuring about twenty people and causing the death of Evans.

Passengers' Evidence.
The seven passengers who testified gave evidence which was much of the same nature. All thought that there was no increase in the speed, which was in direct contradiction to the testimony given by Mr. Arnold, who testified at the last inquest that the car was traveling about 20 miles per hour. The trailer was rocking and dipping, but this was a usual occurrence.

CHAMBERLAIN NOW LEADER OF HOUSE

Also Chosen as Chief of the Unionist Party in House of Commons.

London, March 21.—J. Austen Chamberlain, chancellor of the exchequer, was today elected leader of the house of commons and leader of the unionist party in the house of commons.

His selection at a meeting of the Unionist members of the house at the Carlton Club was unanimous. He succeeded Andrew Bonar Law, who retired because of ill-health.

Mr. Chamberlain was received with loud applause when he entered the house. His first duty as leader of the house was to answer "yes" to a question as to whether the government would hold and maintain a controlling interest in the Anglo-Persian Oil Company after the issue of the new capital was completed.

Congress to Rush Thru Fordney Tariff Measure

Washington, March 21.—The Fordney emergency tariff bill, precisely as vetoed by former President Wilson, will be rushed thru the congress as the first important legislation of the extra session. According to the request of President Harding for passage of the measure to help the farmers, asking for protection against foreign competition, Republican members of the house ways and means committee turned about today and voted to revive the Fordney bill after agreeing almost unanimously a week ago not to consider any emergency legislation ahead of a permanent tariff and revenue revision.

Senators Penrose, Smoot and McCumber, conferees from the senate finance committee, agreed to the new program, which it was explained, meets the approval of the president. Mr. Penrose expressed the belief that the emergency measure would be in the hands of Mr. Harding within ten days after the convening of the special session April 11.

COUNCIL APPROVES RECOMMENDATION FOR WIDENING YONGE ST.

WHAT THE COUNCIL DID

Asked the legal department to advise as to the proper procedure to clean up the charges of misconduct against officials of the police court.

Adopted the report of the works committee recommending the widening of Yonge street.

Referred to the parks committee the question of buying land for a park in the vicinity of York avenue.

Authorized the issue of \$4,000,000 of bonds for harbor work.

REORGANIZATION OF NATIONAL RAILWAYS IS PLEA OF CREAR

Also Urges Immediate Co-ordination With the Old Grand Trunk.

The largest crowd that ever attended a Canadian Club luncheon swarmed into the King Edward yesterday to hear Hon. T. A. Crear, M.P., leader of the Farmers' party in the federal field, discuss "The Western Farmer in Business and Politics." Some came, no doubt, in search of information, but the great majority were there to see and size up the man who may some day become the premier of Canada.

With much of what Mr. Crear had to say his audience did not agree. The westerner was courteous in expressing his views, but he expressed them with commendable firmness and vigor. Once or twice when the great crowd visibly squirmed under a blunt statement Mr. Crear smiled and, especially noticeable, when he said it was not the western grain growers, but the eastern manufacturers who had driven the farmers into politics by their defeat of reciprocity.

IRISH "MINISTRY" TIGHTENS BOYCOTT

Will Issue Decree Naming Prohibited Articles From Ulster.

Belfast, March 21.—Tightening of the Ulster boycott until the British war of aggression on the Irish people ceases," was considered at a meeting of the available members of the Dail Eireann today. From time to time, it was decided, the Sinn Fein "ministry" should pass the prime minister's decrees naming the prohibited articles. Fair notice will be given before their enforcement.

Another measure passed by the Sinn Fein "parliament" authorizes the minister of home affairs to forbid next month's census "as an invasion by alien authorities on the Irish people's rights."

Discussion Reserved for By-law Stage—Deputation insists That No Time Be Lost Carrying Out the Improvements—Claim the Increase in Taxes Would Cover the Cost—Commissioner Ross States Financial Position.

Council yesterday adopted the report of the works and assessment commissioners recommending the widening of Yonge street to a width of 88 feet from the C. P. R. tracks toward the city limits. There was no discussion when the matter came up in the report of the committee on works, but several members, including Controller Maguire, said they were allowing the report to go thru on the understanding that council would have full opportunity to discuss it when the by-law to authorize the work came before them.

Since the proposal to widen the street was resumed, some opposition had developed, both inside and outside the city hall, and a statement was submitted by the finance commissioner setting forth the plea that owing to other burdens, the city was not in a position to go ahead with the scheme at present.

This opposition was partly overcome, however, by a deputation from North Toronto, one hundred strong, which filled the rear of the council chamber and the gallery. Spoken for the deputation insisted that no time be lost in getting Yonge street improvements started, including the widening.

Commissioner's Report.
Following is the commissioner's statement in part:
"Local improvement works authorized in the years 1917-1918 totaled \$159,248. In 1919, \$3,468,510 was the amount authorized, but of this tenders were let for only approximately \$1,000,000."

SOCIAL COMMISSION CHAIRMAN RESIGNS

Declares Mud-Slinging Campaign Was All the Thanks for Services.

W. H. Smith of "Inglewood" fame, chairman of the social service commission of Toronto, tendered his resignation at a meeting of the commission held yesterday evening. As only Messrs. W. H. Smith, R. S. Hudson and James Simpson were present at the meeting it was decided to defer acceptance of chairman Smith's resignation until a meeting of all seven members of the commission could be arranged.

The retiring chairman drew attention to the fact that for some years past he had devoted a major portion of his time to the work of the commission had been on the job night and day, and in addition the use of his car had contributed thousands of dollars to charitable purposes. The late "Inglewood" investigation, followed by a mud-slinging campaign, was all the thanks he had received. For the past month he had been allowed by his family to resign and devote his time and energy to his own affairs, and he had at last decided to do so.

FOUND NOT GUILTY OF KILLING INFANT

But Col. Laughran Found Guilty of Lesser Crime by Guelph Court.

Guelph, Ont., March 21.—(Special.)—Not guilty of murder, but guilty of concealment of birth. This was the result of the trial here today of Colonel Laughran of the township of Maryboro, charged with the murder of his illegitimate child on the 28th of July, 1917. It was almost midnight when the jury, after being out exactly one hour, came in and returned the above verdict, and Mr. Justice Masten then remanded the accused for sentence until tomorrow. The evidence was all in before the court adjourned for the supper hour.

Counsel Heard. The evening session was devoted entirely to the addresses of counsel and the charge by the judge. The court room was crowded all the evening and the verdict was generally expected after the judge had explained the law with regard to the concealment of birth. As the prisoner has already been in jail for the past ten months, it is not expected that he will be given a very heavy sentence. Mrs. Seisel, who is also accused of murder, will not be tried at this sitting of the court.

Courtroom Was Crowded. The courtroom was crowded to its utmost capacity long before the time came for the opening, many coming from that section of the country from whence the prisoners came, as there is widespread interest there over the suit of the case. Laughran has been in jail here since last May, but when he was brought into the courtroom this afternoon he did not show the effects of his incarceration to any great extent, and appeared to be the coolest man in the room. He was nattily dressed in what looked like a new suit of blue, but he did not pay attention to anyone around the courtroom. Mrs. Seisel, who is also accused of murder, was in the courtroom with her husband and a babe a few months old. She has been at her home under heavy guard, and she did not look nearly as well as she did at her preliminary hearing. She left the courtroom soon after the trial commenced, as her trial will not be proceeded with yet.

Mr. Justice Masten is the presiding judge. Nicol Jeffrey of this city is the crown prosecutor, and G. L. Dunbar of this city is counsel for Laughran. Col. E. H. Green of Toronto associated with J. A. Mowat of Toronto as counsel for Mrs. Seisel.

The first witnesses called were the residents of Drayton, who accompanied High Constable Green to the old well at the rear of the house in Drayton where the remains of the infant child were placed. The little body had been placed in a milk can, and a heavy plank fastened on it with barbed wire.

Swearers to a Confession. The principal witness for the crown was High Constable Green, who testified that the prisoner told him to Guelph in his motor car, and to take the connection with the case. Green advised that the prisoner told him that the child was alive when he put it in the milk can, and told him where the well was located.

From the evidence given by other witnesses it was disclosed that Laughran met the woman at the Queen's Hotel in Drayton, on the evening of the 28th of July, 1917, and drove with a circuitous route to the rear of the Laughran farm, and here the baby was disposed of.

Laughran himself was the chief witness for the defence. He went into the box testily, and gave his evidence in a clear manner, but told a wild story. He admitted all the facts in the case up to the time they left the hotel at Drayton. He then stated that he asked the girl to marry him, but she refused, and stated that she would not take the baby to his home. He swore that after the matter had been discussed at some length he told her that she would smother the child if he would get rid of it, and when they reached the spot at the rear of the farm where the well was located he took the baby from her and put it in the well. He swore that he heard and did not move. Evidence was submitted to show that the prisoner was sane-minded, and that he knew right from wrong.

ROCKY KANSAS WINS FROM WILLIE JACKSON

New York, March 21.—Rocky Kansas of Buffalo received the judges' decision over Willie Jackson of New York after a 12-round bout in Madison Square Garden here tonight. Jackson weighed 127½ and Rocky 124½. Rocky won by a knockout in the boxing benefit for the suffering poor in Ireland, which netted a sum estimated at more than \$20,000. This did not include donations made by contestants and a collection taken before the start of the bout.

Kid Norfolk, New York colored heavyweight, who knocked out Dick Ward of Philadelphia in the third round of the round match, donated his share of the purse, \$10,000. Norfolk weighed 185 pounds and Ward 205.

OLD CONSERVATIVES RETURNING TO FOLD

Hon. Robert Rogers Says They Are Disgusted With U.F.O.

"We are now well on our way along the primrose path of success, and everything is looking lovely. Thus spoke Hon. Robert Rogers last night when interviewed by The World during his short visit in the city. The grand old party is stronger than it has been for a long time, and there is now hardly any doubt as to the result of the next election. The Farmers are not having their own way in Ontario either. Old Conservatives who voted U.F.O. last election have returned to the fold, disgusted with the way things have been managed under the present administration.

ROBBERY WITH VIOLENCE. Charles Garratt, 204 West Dundas street, was arrested last night by Detective Albert Johns on a charge of robbing with violence Samuel Carson, 9 Burnham place, at West Dundas street house on Saturday night.

COUNCIL APPROVES WIDENING YONGE ST.

(Continued From Page 1.) \$500,000, leaving about \$3,000,000 to be undertaken in 1920.

"During 1920 council authorized works of this nature totalling approximately \$4,000,000, so that with the works of previous years authorized but not commenced—the city last year stood committed to works totalling approximately \$4,000,000, and this sum something over \$3,000,000 was completed by December 31, 1920, and approximately \$3,000,000 worth of works have not as yet been commenced. In order to provide employment, tenders have recently been let for works involving \$40,000, and the city is about to be called for on a further list of work totalling \$125,000. Both these lists cover works authorized previous to 1921. On top of this, works totalling \$1,250,000 have been authorized since the first of January as forming part of this year's program. In view of the fact that the program of works for the year 1921 has yet to be undertaken, it would be strongly urged that you give directions that no works on this year's program be proceeded with in the event that the city is not able to meet its obligations.

At the end of 1920 the city had bonds outstanding for \$20,795,871, representing local improvement works, and when you add the unpaid amount of programs of previous years it will bring the total up to approximately \$30,000,000. If this total is to be kept within the safe bounds, then the amount of new work to be undertaken in 1921 must be measured by the amount of debt maturing. It should also be borne in mind that the local improvement works are being borrowed, and it is clearly out of the question that the city should be overburdened with this financing this year, when undertakings of inordinately great importance will have to be financed.

Would Offset Expenditure. Speaking for the deputizing R. L. Baker, president of the North Toronto Ratepayers' Association, made the argument that if the city is to undertake great work, the statement that the improvement works would cause an increase in assessment and would in a few years offset the city's expenditure thereon.

E. V. Donnelly said the North Toronto people were getting somewhat tired of being asked to contribute to the city for improvements and getting nothing. The opportunity would be taken to discuss the low cost would never come back, he said, if not embraced this year. He stated that the cost of the widening of Yonge street was fifty per cent lower than on the east side, and the placing of the tracks in the middle of the street would be a great benefit to the city. He stated that the widening of Yonge street would be a great benefit to the city.

A. E. Brookley said it would be a calamity to drop this important program. He stated that the Toronto City Council, said he had followed the history of street widening in the city, and that he would regard it as a poor year for big improvements. He did not think it was wise to undertake such a program at the present for the widening of Yonge street.

Mayor Church said he was not opposed to the widening of Yonge street, but he thought it was a matter for the people to vote on. He also felt that the scheme should extend to 1500 street. There was no discussion by members of council, and the report passed without a show of opposition.

After opening council, Mayor Church called attention to the fact that the bill introduced in the legislature by private members of the government pledged to improve more tax the streets of the City of Toronto. These bills, he said, should be opposed by the Toronto members, and he hoped to see a conference with the City of Toronto, and present the city's case in opposition to these measures.

Controlled Maguire objected to this remark, and the alderman withdrew it. Council authorized the issue by the Toronto harbor commissioner of \$4,000,000 more bonds for harbor development work.

PITTSBURG MAN MAKES WONDERFUL STATEMENT

Declares Tanlac Enabled Him to Eat Better, Sleep Better and Work Better—Has Gained Thirty Pounds.

"I consider Tanlac the greatest medicine in the world, for I have actually gained 30 pounds in weight since I began taking it. It has just simply filled me with new life and energy and for the first time in years I eat all night to the table and enjoy three square meals a day like other people. In fact, Tanlac has made me eat better, feel better, sleep better and work better, and I guess that's all a man can expect of a medicine.

"Before I took Tanlac I was of 26 pounds in weight and was so badly run down I was hardly able to do my work. Nothing seemed to agree with me and my food invariably soured on my stomach. I would always have an uncomfortable feeling in my stomach, my stomach, and I tried many kinds of medicines, I never got relief until I took Tanlac.

"I also suffered considerably at times from Rheumatism, but this has all disappeared. In fact, this wonderful medicine has made a new man out of me in every way. I feel years younger and can do as much work as in any day of my life.

"Of course, I am only too glad to give you my testimonial because I want other people who are suffering as I did to take this medicine and get relief."

The above remarkable statement was made by Harry M. Allen, resident of 1009 Saint Martin street, Pittsburg, Pa.

PROPER LOYALTY MUST BE SHOWN

Conditions on Which Veterans Will Join in Unemployment Meeting.

Opening of the meeting by the singing of the National Anthem, and the speaker's brief covered with the Union Jack, were the conditions on which the Great War Veterans Association demanded that the speaker take part in tonight's mass meeting on unemployment at the Massey Hall.

The loyalty question was brought forward by J. Conroy of the G. W. V. A., at the executive meeting of the Toronto Trades and Labor Council which was held at the Labor Temple last night to make arrangements for the joint gathering of soldiers and workers. Fred Marsh, of the Grand Army of United Veterans, represented that organization.

It was agreed to abide by the loyalty conditions laid down by the soldiers, especially as the terms on which the meeting was obtained specified that the first gallery would be reserved for the singing of the national anthem. James Scott, president of the Trades and Labor Council, will be chairman. The speakers will include James Simpson and John Dorsett, representative labor, and John Macdonald, leader of the Communists, and Fred Peete to speak for the unemployed. The speakers for the veterans will probably be Messrs. Conroy and Marsh.

One-minute addresses will be invited from the audience in which individual experiences of the unemployed will be given. The main floor in order will be left to J. Munro and J. Peter McCallum will have charge of another lay and order detachment in the first gallery. The order of the top gallery will be looked after by Alex Lyons and an additional hundred others.

Resolutions to be submitted. Resolutions will be put before the meeting for the following subjects: Opening up of public works for the provincial and federal governments. Unemployment insurance and old age pensions. Protection against the stoppage of present relief measures. Proposal that relief be made in the form of money payments weekly of probably \$20 for married men and \$15 for single men. This money would be raised by taxing the capitalist interests.

Prison and Police Court Work. The Salvation Army officer visits the prisoner, counsels him, undertakes to find him employment on his release and befriends his family. Your contribution to the Salvation Army Annual Self-Denial Appeal is a wise investment in sane and practical world-betterment efforts.

Light and Power Plant Faces Destruction—Outlook Causes Grave Concern.

DAMAGE WILL BE HUGE. Parry Sound, Ont., March 21.—All Parry Sound is at the river bank watching a mighty sea of water pouring through its splendid new light and power building, flooding it feet deep to its entire destruction. Saturday's downpour, together with the usual spring flood, has been so great that about 50 feet of the wing wall of the dam at the power house gave way and let the Niagara-like flood flood seem in no wise to diminish.

The new plant, scarcely yet completed, together with the dams, cost about \$100,000 and it would almost seem as if it will be all destroyed. The calamity which has stricken the town down to the people who are compelled to stand by and see the terrific destruction caused their splendid fifteen-horsepower electric light and power plant by the breaking of part of the wing dam this morning. In the first rush of water, the dam was broken, and had escaped, but this did not tell of their narrow escape. A number of men were hurled into the power house, and were trying to turn aside the streams of water which were pouring over the top of the big dam and wing dams.

DESERVED TRIBUTE TO GLADYS ROBINSON

Congratulatory Speeches at Luncheon; Also Gifts to Skating Champion.

The tributes were given by the delightful reception given by the Sportsman's Patriotic Association to Miss Gladys Robinson (Mrs. Ralph Halsey), who has returned from winning the speed skating championship of the world. The recognition took the form of a luncheon given at the Kings Edward yesterday, at which Mr. F. J. Mulqueen was chairman and the champion on her skill in her artistic and graceful sport.

He presented Miss Robinson with a handsome silver tea service suitably inscribed, which was accepted by Miss Church, who presented a basket of roses and congratulated the champion on her skill in her artistic and graceful sport. His worship the mayor, who was introduced by the chairman as "the greatest sportsman and municipal mayor," congratulated "the little lady" upon the great manner in which she accepted the honors that had fallen upon her and on the skill with which she had won the championship as a amateur. He hoped she would remain in that class. On behalf of the city fathers, the mayor presented her with a check for \$100, and congratulated her on her success. The recipient of the gifts and laudatory speeches made a graceful reply, and thanked the mayor and the city fathers for their kindness. While invited to go into the pro, ranks she would remain with the amateurs, she declared.

OWNERS CONDEMN FAIR RENTS BILL

Building owners and managers of Toronto are up in arms against the fair rents bill introduced at Queen's Park by Hon. Walter Robt, minister of labor for Ontario. They assembled a hundred strong last night at the Trustee and Guarantee buildings, Bay Street, and passed resolution severely condemning the bill as both radical and ineoperative. The resolution declared that the bill would be a failure, and the state of New York had declared it to be unconstitutional. Further, it pointed out that the whole fabric of property rights was attacked by the bill, and if it was passed no loans would be made on real estate, and as a result the operations of the building exchange would cease. This would further result in general lack of employment in the building trades.

BILL IS CONFISCATORY, CONTENTION OF BACKUS

Premier Meighen and Colleagues Hear Legal Argument Against Proceeding With Measure to Control Water Powers—Drury Has Been Urging Dominion Government to Give Backus Chance to Be Heard.

Ottawa, March 21.—(Special.)—Premier Meighen and several of his colleagues, including Sir James Lougheed, lunched today on a legal argument. The premier had announced that at noon today he would hear any representations that the parties interested might make against the concurrent legislation which places under a board of control the water powers and power works in the Winnipeg River and its tributaries. The board is to consist of four members, two appointed by the Dominion government and two by the Ontario government. Identical bills for the establishment of this board were introduced some weeks ago in the Dominion senate and the Ontario legislature, and are now being passed by the Dominion government.

between the Dominion government or any member thereof and the government of Ontario or any member thereof, regarding bill No. 28 (letter D of the senate) entitled "an act respecting the Lake of the Woods control board on the subject matter thereof." Backus puts up fight. Today Mr. Backus appeared with his attorney, Judge Rockwood, an American lawyer, who delivered a lengthy argument against the passage of the bill. He declared that the passage of the bill would confiscate the property rights of his client, inasmuch as the work of the international waterways commission and the right to fish in the waters of the Minnesota. The argument was exceedingly technical. During its course, however, Premier Meighen intimated that the Dominion government had supreme jurisdiction over the Winnipeg River as a navigable stream, and that neither the province of Ontario nor any other jurisdiction could override the superior jurisdiction of the Dominion in matters of navigation.

FOR ALL RELIGIONS Every Citizen May Use His Own Language, According to New Constitution.

Watsaw, March 21.—The new constitution adopted by Poland will go into effect as soon as the necessary legal machinery is set in motion. The present parliament is expected to be dissolved in April, by which time it is believed the arrangements for the election of a new parliament under the constitution will be perfected.

The executive power is vested in a president and a responsible cabinet. The president will be elected for a term of seven years by a national assembly, composed of the members of the house and the senate. The president may be a Catholic or a Protestant. He is commander-in-chief of all the military forces in time of peace, but in the event of war the responsibility shifts to the minister of war, who is empowered to appoint the commander of the army.

Catholicism continues to be the leading faith of the country, but all religions are accorded equal rights. The relations between the church and the state will be legally defined by an agreement with the Vatican, which agreement shall be subject to ratification by the parliament. The constitution provides for free, compulsory education in district and municipal schools. Every citizen has the right to the use of his own language, and a special bill ensures the free development of the minority nationalities living in Poland. The different nationalities are permitted to have their schools and teach their own language under government supervision and with parental support by the state.

Let's reformers provide for restriction of the individual ownership of large tracts and all classes are given equal rights in this respect. The care of orphans by the state is provided for, and night work by women and by children under 15 years of age is prohibited.

RAY, BETTLER KILLS NEIGHBOR. Edmonton, March 21.—Following a dispute over ownership of a hay rack, Edward Thew, is dead from a bullet wound and his neighbor, Clair Johnson, is facing a charge of murder. Both men were homeesteaders in the Ent-whistle district.

RAILWAY DIRECTORS' FEES. Ottawa, March 21.—(By Canadian Press.)—Directors who compose the board of management of the Canadian National Railways were paid \$18,000 in fees, plus traveling expenses to and from their homes during 1920, according to a return tabled in the house today.

Former Emperor William and his son, Eitel Friedrich, who is ordered to stay in Doorn for some time, frequently pay short visits to the sick room, as the exertion of talking for any length of time fatigues Augusta Victoria. RAWLINSON SCHOOL OFFICIALLY OPENED

Trustee Leads Two Youngest Pupils Into New \$200,000 Building.

WYCHWOOD.

Among the out-of-the-usual features which were witnessed at the official opening of Rawlinson School, Glenholme avenue, yesterday were when Trustee M. Rawlinson, after whom the building is named, led into the school the two youngest pupils, Victoria Critchell and Keeline H. Edwards, the former holding an apple in her hand and the latter his penny bankbook; and later, when the two pupils marched from the six porticoes which are in use, around to the front of their new quarters, where they lined up on the steps and platform with the trustees and officials in the background. Here the party was frequently photographed, a special picture being taken of Trustee Rawlinson and the two young children above named.

Chairman McClelland asked the children to take as good care of the new educational home as if it were their own domestic home. After the children had repeated the third Psalm a prayer of dedication was offered by Trustee Rev. H. A. Berila. He prayed that the King of kings might always be honored in the building. The children then joined with him in repeating the Lord's prayer.

Trustee Rawlinson, for the past fifteen years a member of the board, said he was sure the pupils would do credit to the school and would always do honor to the name of Rawlinson.

Miss Annie Eubank is the principal of the school and she has a staff of seven teachers to begin with in the new building. Among those present at this morning's ceremony were: Chairman McClelland, Trustees Mrs. Grove, Edmunds, Rawlinson, Bell, Laxton, Berila, Chief Inspector Cowley, Administrator W. W. Pearce and C. J. Doughty, superintendent of maintenance.

The school is estimated to have cost approximately \$200,000. It has eight class rooms in addition to the usual administrative offices and kindergarten. It is quite different in appearance from all the other public schools, and its yellow stucco exterior looks, as one remarked, more like a country club than a school.

Disappointment was expressed yesterday by the large number of deputations, under Thomas Jones, J.P., president of Wychwood Branch of the Ratepayers' Association, at the lack of support given to them by the city council in their request for a park to be located on Tyrone avenue, Wychwood. According to A. W. Hoffman, a member of the deputation, Ald. Blackburn's support was easily lacking, when it was most needed. "Commissioner Chambers," he said, "did his best, and even mentioned to the council how beneficial the park would be to the district. Besides being a playground, Mr. Hoffman added, it would be a resting place and a beauty spot, located in the heart of the district."

Residents in favor of the park site are of the opinion that the opposing deputation was formed thru misunderstanding—that they thought the park would be a quiet, respectable place. Mr. Jones, who has the interest at heart, informed The World that there was no place whatever for athletic teams to practice or meet, and the children of the district had only the streets for a playground.

The question of land offered to the deputation as a compromise, was entirely out of the question, Mr. Jones contended, as being located on the top of a hill, it would not be as convenient for all the residents as the Tyrone avenue property.

DOCTOR, ORE.—I am more than pleased with Doctor Pierce's Favorite Prescription. I was run-down and so nervous that I could not even stay in the house alone in the daytime, and tried every kind of medicine I heard of, but got no result. One of my friends advised me to take "Favorite Prescription"—said that it would cure me, and it did. After taking four bottles I felt like a new woman. SECOND PUPILS DO HONOR TO TRUSTEE

Formed Human Aisle for Wesley Hume Bessey Cortège.

DANFORTH.

Hundreds of children from the Second Public School, formed up in a double line as an aisle thru which the funeral cortège passed, did honor yesterday afternoon to the late Wesley Hume Bessey, school trustee, who was locally known as the "father" of the school. This pupils sent a large floral anchor, while the teachers sent a wreath and a broken column. There were other floral tributes from neighboring school sections from the various organizations of Calvary Baptist Church, of which Mr. Bessey was senior deacon, and from the Imperial Life and other insurance bodies.

One of the pall bearers was Dr. McGuire of Ferguson, who 22 years ago yesterday stood up as best man at the wedding of the late Mr. Bessey.

Rev. John Johnson, pastor of Calvary Church, conducted the funeral service, and referred to the many years of faithful service that Mr. Bessey had given. He had practically laid the foundation of the church in the starting of a little mission a quarter of a century ago in an old firehall on the Dawes road.

The funeral service was held at 1 o'clock at the family home, 31 Enderby road, and the body was taken on the 3:35 train to Georgetown, Mr. Bessey's birthplace, for burial.

Prizes were awarded to the six best and original costumes, the winners in the euchre contest being also awarded handsome prizes. The judge was Bowers Downes of the Downes Dunlop firm. Talbot's orchestra contributed the dance program, and refreshments were served by the entertainment committee, under the supervision of Mrs. Kirby, president, and Mrs. Tucker, secretary.

Hydro electric poles are now being erected in the Danforth Park district. It is stated that 150 poles will be erected and wired in preparation for lighting the section at an early date.

VOICE GRIEVANCE AT TRAIN SERVICE

Eastern Residents Want Better Traveling Facilities at York and Riverdale.

DANFORTH.

Residents in the eastern section of Toronto are up in arms regarding the unsatisfactory suburban steam railroad service at present existing at stations east of the River Don, and a resolution was adopted at a recent meeting of Ward 18, Ratepayers' Association, as follows: "That, owing to the great inconvenience caused to the traveling public in general and to the commercial travelers in particular of the eastern section of Toronto, the Canadian National Railways system having all their express trains stop at the stations at West Toronto and Sunnyside stations and not granting the same privilege to those using the stations at Riverdale and York, the Canadian National Railways management be requested to give the matter prompt attention."

The question will be discussed at the next meeting of the Riverdale Ratepayers' Association, and also at other organization meetings thruout the east end.

Good progress is being made in connection with the Riverdale ratepayers' proposed lawn club, which is being organized under the supervision of the special committee appointed by the association.

The report of the traffic census takers appointed at the Riverdale station G.T.R. crossing, East Queen street, by the civic authorities, has been concluded. The report, which is a lengthy and comprehensive document, makes interesting reading and will be discussed at a meeting of the Riverdale Ratepayers' Association, which body requested the city council to have a traffic census taken.

Among other interesting facts, the report states that traffic during one week was held up for sixteen and a half hours by the railway.

Objections are being raised by the residents of Browning avenue to the erection of a large warehouse within a few feet of the city limits in York township. The building, which is at present under construction, will be between 40 and 70 feet high, and it is stated, will be a menace to the neighborhood. The matter will be discussed by the North Riverdale Ratepayers' Association at their next meeting.

A destructive fire, which destroyed 74,000 pallets of dressed lumber, occurred at Joseph Russell's brick yards, 40 Blake street, yesterday afternoon. The damage, which is not yet ascertained, will amount to several thousands of dollars, according to the superintendent.

ADVISE CARE OVER SECESSION PROBLEM

Reeve Miller Says Borrowing Powers Will Be Curtailed After Split.

YORK COUNTY.

"If the township secession bill goes thru the house, a vote will be taken in that part that is going over, and I would advise you men to be very careful," said Reeve F. H. Miller to a deputation from Riverdon Park, who appeared at yesterday's meeting of York Township Council.

"It means that the less area you have the less power you have when you try to get money. You have schools going up, and you will find that out when you try to get money."

Mr. Miller contended that there had been more improvement made in the last five years than in the previous thirty-five, when men from the south part of the township had been in the council. Before that time the township was 20 years behind the times. "I hope the people in the north will consider very carefully" he advised, "for it is only a short time when a great portion of the township will become part of the city. In the south part we can get along well enough. In the north you have wealthy farmers who are trying to get away from helping the working and struggling people who helped them to make their wealth."

Geo. Whitlock was spokesman for the insurgents.

Landlords Harass Soldiers.

The council recommended to the York County Patriotic Association a number of cases of returned soldiers who are finding their homes harassed by landlords because of unpaid rentals due to unemployment.

No Labor at Forty Cents.

Many applications for street and road improvements were received from all over the township. A strange anomaly of living costs was revealed when Gordon Thompson, superintendent of the waterworks department, reported that he was unable to get labor at 40 cents per hour. Members of the council explained that men could be got to kill time, but not to work, at that figure, and that it was impossible to carry on economically the township affairs in that way.

DEFER CONSIDERING TOWNSHIP DIVISION

LONDON TO ABANDON SUMMER GRAND OPERA

London, March 21.—Abandonment of the summer grand opera season, which has been a part of London social life for a hundred years, appears certain this year in view of the excessive cost and the difficulty of obtaining good singers. Adverse conditions in Europe, due largely to the war, says The Chronicle, have resulted in the migration of continental songsters to north and South America, where they find plenty of engagements and high fees.

It is practically impossible, the newspaper adds, to make grand opera pay because persons who formerly supported the opera now refuse to buy tickets at the prices necessary to charge if the venture is to be financially successful.

ANTHRACITE PRODUCERS HAVE REDUCED PRICES

Wilkesbarre, Pa., March 21.—Three of the largest coal producers in the anthracite region with headquarters in Wilkesbarre and Scranton have announced to retailers that effective April 1, prices of coal in domestic sizes will be reduced 50 cents per ton. The reduction will be based on the usual summer rate schedule which provides for the addition of ten cents per ton each month beginning May 1, until the present price is restored.

The reduction, which it had been stated would not be made this year, is caused by the slump in the coal market.

CAPT. EDWARDS TALKS ON EMPIRE'S VASTNESS

Montreal, March 21.—"The British Empire, unlimited," was the designation given to "The Greatest Business in the World," which formed the topic of an address delivered at the Canadian Club here today by Captain Evan J. Edwards, senior trade commissioner for Canada and Newfoundland.

Captain Edwards said he was engaged by the British Empire, which was worth billions and billions and engaged the services of three million hands, while the extent of territory covered was about one-sixth of the world.

LIVE STOCK TRADE IN TORONTO IS ON SOUND BASIS AND OUTLOOK IS BRIGHT

HAVE CONFIDENCE IN THE LIVE STOCK TRADE

Sentiment is more hopeful than for some time—Cattle now being marketed is of improved quality.

While the live stock industry of Canada has recently passed, and it is still passing, through a period of comparative quiet and low prices, it is manifest to anybody who is in close touch with the Union Stock Yards that a more hopeful tone now generally prevails. It looks as though the live stock market is beginning to show signs of a steady recovery. Heavy losses have undoubtedly been incurred by many of the drovers and farmers doing business for the local exchange, and nobody will be surprised to see a good turnover from now on.

AS SOLID AS GIBRALTAR.

Known from one end of the province and Dominion to the other, the established commission house of Dunn & LeVack occupies a unique position in the live stock history of Canada. In the local butcher trade, in the early export business and in the commission trade they have been equally successful. The secret of it all lies in the splendid personal service given by the members of the firm. No order is too large or too small. The members of the firm actively engaged in the business are Wesley Dunn, W. B. LeVack and James Dunn in the cattle, and Fred Dunn in the sheep and lambs. As solid as the rock of Gibraltar, the names of the firm stand for stability and service. Dunn and LeVack are always ready to give you information.

A SPLENDID COMMISSION HOUSE.

Few firms have acquired a greater measure of success in the live stock commission business than Quinn & Hisey, and none have better merited it. Always on the job, looking perfect.

CATTLE TRADE WAS STEADY AT CLOSE

The Run Was Light and the Drovers Took Advantage.

With a comparatively light run of cattle at the Union Stock Yards yesterday, around 1,600 head in all, as compared with 2,500 and receipts of 1,500 or so, the drovers and commission men were inclined to look for a stronger market than the close of last week. The run was very light, but steady, and holding off with the best prices of last week.

ANNUAL REPORT OF THE DIRECTORS

Submitted to the Shareholders at the Annual General Meeting of the Company in Toronto, on Monday, March 21st, 1921.

Your Directors in submitting their Annual Report for the year ended 31st December, 1920, have pleasure in drawing attention to the fact that the past year has been one of the most progressive and prosperous in the history of the Company.

In the Annual Report for the year 1919 our Shareholders were advised that owing to the period of reconstruction which ensued after the Armistice conditions were far from encouraging, but that during the last six months of 1919 our orders exceeded any similar previous period. Fortunately that growth in the volume of business accepted by the Company both continued and increased during the year 1920, and at the close of the year there were carried over uncompleted contracts amounting to seven and a half million dollars.

The Profit for the year amounted to \$2,318,731.14, from which is deducted the sum of \$336,800.14 for interest and \$530,741.96 which has been reserved for Depreciation, leaving a net Profit of \$1,851,189.04. Dividends at the rate of 5% per annum and a Bonus of 2% were paid on the Common Stock and 7% on the Preference Stock of the Company, leaving a balance of \$345,174.55 carried to the credit of Profit and Loss account, which added to the balance of \$436,007.48 brought forward from the previous year makes a total of \$781,182.03 at the credit of that account. This amount, together with our Reserve of \$5,000,000.00, makes a total Surplus of \$5,781,182.03.

While Dividends have been earned and paid since the Company was first organized, your Directors have always been careful to set aside from year to year an adequate sum for Depreciation and Reserve. As a result of this conservative policy continued over a long period the amount at the credit of Depreciation Reserve stands at \$5,091,949.40, and the amount at the credit of Surplus account stands at \$781,182.03. Having in mind the fact that our Shareholders in the past have been agreeable to the policy of a reasonable distribution of the profits earned, in order that the Company might build up an substantial Reserve, it is proposed to submit to the Shareholders at a Special General Meeting to be called for the purpose, a proposition whereby a portion of our accumulated Surplus may now be distributed to the Common Stock Holders in the form of a Stock Dividend of 20%.

A record of Dividends paid out since 1920 will be found on page 17. This amount added to the Reserve set aside for Depreciation, and the Surplus which has been accumulated, aggregates the sum of \$5,858,516.07.

With regard to our Inventory, your Directors have adopted a conservative policy. All active materials have been taken at or below cost; any goods that may be considered obsolete have been taken at the scrap value, and adequate reserves have been provided to guard against any shrinkage in value.

The Company has no outstanding Bonds, Debentures, Mortgages or prior liens of any description, other than a nominal charge of \$3,750.00 on properties purchased, and on which existing Mortgages still current are not yet due.

Water Power Privileges in New Ontario to Be Protected.

REAL ESTATE TAX Toronto Not to Be Deprived of Big Source of Revenue.

Replying to Conservative Leader Ferguson, Premier Dewar in the legislature yesterday, said he originally intended to go to Ottawa to attend the meeting now being held there in connection with the water levels around Kenora.

The bill now before the Ottawa house, H. H. Dewar said, seemed to have the approval of many of its members. The province should have the right to the casting vote before the waterways commission.

The province of Ontario will not go on until it is assured that it will have the deciding vote on the board which will control the water levels in the Lake-of-the-Woods-Winnipeg River arrangement, and also that whatever that board does will have to be ratified by the lieutenant-governor of Ontario in council.

Adjourn Over Easter. He also said that the house should sit Tuesday and Wednesday night and then adjourn until the following Tuesday.

Police Magistrates. The attorney-general's bill, which was given a second reading, providing for the appointment of police magistrates and for the extension of their jurisdiction, the details of which have already been published in The World, provoked a considerable discussion.

The suggestion that magistrates should be dismissed for causes such as old age, incompetence, etc., was not approved by the attorney-general, who added that there was no disposition on the part of the government to turn things upside down.

Legal Adoption. Ontario has never had a law providing for the legal adoption of children. The attorney-general's measure to this end was given a second reading. Its details have already been published.

Real Estate Transfer Tax. The government's bill for the taxation of real estate transfers was given a second reading. It provides:

A tax of one-fifth of one per cent upon the amount of the purchase price shall be paid by the purchaser, whether any land, tenements or other realty sold shall be granted, assigned, transferred or otherwise conveyed to or vested in the purchaser or purchasers, or in any other

"Up in Mabel's Room"—Royal Alexandra. A large audience at the Royal Alexandra last night laughed uproariously and applauded heartily the amusing comedy entitled, "Up in Mabel's Room," which was seen less than a year ago in Toronto. The motif of the comedy is the tribulation which befalls an extremely innocent man being placed by a combination of accidents in a compromising position. Someone is in the way of getting into the wrong room by mistake.

MUSICAL PROGRAM DELIGHTS HEARERS

New York Philharmonic Orchestra Earns Golden Opinions.

Satiated as is Toronto with the good music of the season, it was with fresh delight that those fortunate enough to hear the New York Philharmonic Orchestra at Massey Hall last night listened to its altogether interesting and wonderfully well-ordered program. Even from the chords of the National Anthem, with which the evening opened, it was evident that there was a solidarity of tone and richness of instrument that has not been excelled, if equaled, by any other combination heard in Toronto.
