BORDEN AND PROVINCIAL PREMIERS SPEAK HERE

Conservative Leader and Hon. Messrs. Roblin, Hanna, Hazen, Geo. W. Fowler, Dr. Daniel and Dr. Macrae Heard to Advantage in the Victoria Rink

The Conservative mass meeting in the Victoria Rink last evening was addressed by R. L. Borden, the Conservative leader, Hon. R. P. Roblin, premier of Manitoba, Hon. W. H. Hanna, provincial secretary of Ontario, Premier Hazen and others.

There was, Mr. Borden continued, one supreme question, that there should be an honest administration of public money and of the public domain. The government were in the position of trustees, and \$10,000,000 had been wasted, and that St. John had been left to her own devices while it had gone to finance the National Trading Company and other similar schemes.

THOUSANDS OF EXHIBITION VISITORS HERE YESTERDAY

Turnstiles Showed That More Than 11,000 People Passed Through the Gates Yesterday—Judging in Several Lines of Woman's Work and Some Cattle Breeds.

Table showing exhibition attendance to date: Saturday 4,072, Sunday 4,072, Monday 4,072, Tuesday 4,072, Wednesday 4,072, Thursday 4,072, Friday 4,072, Saturday 4,072, Total 28,504.

All yesterday the trains and boats brought crowds of strangers to the city. The result was that last night there was not a hotel in the city with an unoccupied bedroom.

Through the afternoon and evening the exhibition grounds were well crowded. When the turnstiles were closed at 10 o'clock, a steady stream of people kept the turnstiles on the move between 7 and 8 o'clock and at that hour the buildings were well crowded.

After the performance of Adie last evening she left her home in view of the spectators. On the Pike the shows are doing good business, and some are obliged to close rather early on account of lack of patronage.

One of the interesting exhibits on the Pike is the little horse, Germino, shown by its owner, Princess Starlight, an adopted daughter of the Indian chief Germino. The horse, which is a handsome little thing, coal black, stands twenty-four inches high and weighs 394 pounds.

LAURIER AT NIAGARA SAYS THE ELECTIONS ARE AT HAND

Speaking at Niagara Falls Premier Says He May Make an Announcement at Strathroy in a Few Days—He Defends the Administration Against Conservative Charges of Extravagance.

Niagara Falls, Ont., Sept. 15.—Sir Wilfrid Laurier, accompanied by cabinet ministers and other prominent Liberals, reached here from Toronto this morning on a government car and found Niagara Falls at the station to meet him.

There he was presented with an address of welcome by Mayor Carter. Repeating Sir Wilfrid warmly thanked the mayor and thanked the address and the hearty reception. The mayor had spoken of the honor to Niagara Falls in having the premier of Ontario here.

Mr. Laurier made a speech in behalf of the present government and said he knew the elections would either occur on Oct. 28 or 29. In his opening sentences Sir Wilfrid said he was not sure the election was to come off immediately, but it was not very far distant.

There is much difference of opinion in Toronto concerning the very costly technical school which it is proposed to establish in that city. Thus the World says: "The board of education last evening on a close vote decided to go ahead with the erection of a technical school at a cost of at least \$500,000, but which some members said may cost a million."

TWO. The rain is falling steadily from the leaden sky to leaden sea; In all the earth and sea and sky No soul's alive but you and I. No living soul but I—and you! The broad earth curves between us two. Yet you to me are dearer much Than those whom now my hands can touch. So you and I are quite alone. EXPERIENCE. "Of course," sighed the young man, who had been handed a fruit mummy, "you don't know what it is to have loved and lost." "Oh, yes, I do," answered the cry-battered maid. "My pet dog died last week."

A NEAR-RIGHT ANSWER. Some funny things happen in the school-room. A Brooklyn teacher called upon a small boy to define "multitude."

BIDDING HER TIME. A Boston child, not yet in her teens and unusually precocious, with exceptional penetration, asked her mother the other day, "How long, mother, will it be before I get old enough for you to say that I am nervous and not nervous when I do so and so?"—Boston Herald.

AUTO FRAGRANCE. One of the Indian motor car owners, who drives about in Calcutta occasionally, has been reported, invested a delightful refinement of motoring. He adds a little of rose to his petrol. A GRATEFUL HEIR GIVES TO CHARITY. D. B. Guioi Hands \$1000 to Boston Papers Who Found Him (Boston Herald.)

"As a token of appreciation to the Boston papers for having found me through an advertisement, I have pledged \$1,000 to be divided among four of them, including The Herald, for charitable purposes," said D. B. Guioi, of 76 Carver street, former manager of the Park square skating rink, last night. Twenty-two thousand dollars in cash and a \$50,000 interest in a vineyard at Solles in Pont, France, has been bequeathed to him through the death of an uncle.

"I came to America in 1892," continued Guioi. "I always observed the old French custom of sending my card to my friends on New Year's Day, but at first I left the Cunard Steamship Company, where I worked for nine years, I did not hear much from France. Last month my uncle, Francois Guioi, who was 86 years old, died in Solles in Pont. He left me \$22,000 in cash and a \$50,000 interest in a vineyard. "No one knew my address in France, and the administrator came to America to find me. He searched through the East, and during the week following Aug. 25 he published an advertisement in two Boston and five New York papers. "I am going to sell out everything I own here, and my wife and I are going to North Sydney, C. B., to meet my brother Eugene. The latter does not get any of the money because it goes to the eldest relative, according to the French law. "When I am going to St. Pierre, Miquelon, 118 miles from Sydney. This is a French settlement, and I was employed there as a telegrapher for four years. There I can file the necessary papers to establish my identity, and then my wife and I will go to France. "But I am going to sell the vineyard as soon as I can and come back here to Boston and get a home at one of the suburbs. We like Boston well enough." Guioi was employed by the Cunard Steamship Company in this city from 1885 to 1894. He then managed the Park Square Skating Rink for two years, where he was a prominent contestant for skating honors. For the last two years he has been manager of the Rockaway and Coney Island rinks in New York, but has retained residence here.

WORK ON THE G. T. P. Part of the Line From Winnipeg to Wainwright, Alta., Will be Ready Soon. Montreal, Sept. 15.—The G. T. P. will open passenger service over 608 miles of track from Winnipeg (Man.) to Wainwright (Alta.) soon. There will be ninety-seven stations between Winnipeg and Wainwright. Necessarily the business at some of these stations for some time to come will be very limited and to provide therefore satisfactory facilities at points where no regular agents for the time being are located, the Grand Trunk Pacific will inaugurate a new system, viz., a travelling train agent. This officer will handle all transactions between passengers and the railway when the train is in motion. In fact perform all the functions that are customary with regular station agents.

RANDOLPH.

NEW YORK FINANCIAL BUREAU.

The general stock market continues in the trading area with a temporary sagging tendency. Following the holding of yesterday morning special branch meetings were started and may be continued. Special bullish operations are likely today also. Currents will therefore present confusion and the daily operator should be guided by the individual positions shown in detailed stock gossip below. The list appears to be suffering from a political spasm. The liquidation started will probably be permitted to run its course. But you do not find evidence that it is large. Therefore on weakness today good stocks above suspicion of specific trouble should be bought for a turn with stop order protection. With the New York state machine now in line it is probable that Hughes will be elected against Chandler or any other Democrat according to well informed politicians. The talk of the street that Bryan will be elected referred to exclusively by us last week as coming from big people continues to be "Bryan scare" under which the market is working just now.

The Maine Republican loss is not a factor according to the best authority because of the local issue. Looking to the crops experts say that after October 1st no serious damage would be done by a killing frost in the corn belt. The Journal of Commerce today says the institutional demand for bonds has been very strong and that there are none offering now, that up to the present time the sales have been more than twice as great as in the corresponding period of last year with July and August sales breaking the record.

A few more points made by Harriman in his interview gleaned from various papers are: "There will be no U. P. hold-up because 100 per cent. better facilities are given at 25 per cent. less cost than some years ago, people are more friendly to the roads, including Roosevelt, business will not get back to normal until next year, he does not care who is elected president."

N. Y. FINANCIAL BUREAU.

Reading may be bought on this reaction for a turn. S. P. should be taken on a scale down. Harriman says his line has no idle cars. If the support in U. P. is not maintained a slump may temporarily be seen. Professionals are selling Steel, continues to show a reactionary tone and its technique is more vulnerable. N. P. should sympathize. Hill stocks are said to be weak on Paul new condition, which has made Hill pessimistic in his talks recently, but Paul is also weak and may go lower on the story we gave some time ago that it would not be possible to maintain the 7 per cent. dividend on the entire new stock. Erie is still held between 29 and 31. A.C.P. finds support toward 75 and 78. The room still sells the equipments on rallies. Important covering is found in Smelters on declines. A bear tip is reported on N.Y.C. H.I. Pitt and K.P. should be bought on reactions, also Con. Gas. The Sugar Trust victory may cause covering.

OUTLOOK BRIGHT
DECLARES MR. PEASE

Who Has Just Returned From a Tour of Western Canada.

The tone of optimism which is becoming general throughout Canada is very well expressed by Mr. Pease, general manager of the Royal Bank of Canada, who is touring the western portion of the Dominion. Mr. Pease, in the course of an interview, stated that with the prospects so good for a big wheat crop all over the western part of Canada, and the substantial recovery that was to be noted in almost all lines of business, he could see no reason to doubt that Canada is now in a position to stand another period of prosperity without disastrous results. The depression of the past eight years was anticipated, according to Mr. Pease, and the only wonder was that it was so long delayed. It was not necessary to expect that the country could always remain on the top of a wave of prosperity, and the "cropper" which had resulted from trying to run too fast should be seen as a lesson from which many may derive many beneficial results.

"Things are continuing wonderfully," continued Mr. Pease, "though I do not look for a resumption of the former good times for a little while yet. We are recovering slowly, and after the wheat crop is marketed, and money is available, the merchants will stock up and gradually business will resume its former proportions."

"British Columbia and the Maritime Provinces were affected in a lesser degree than other parts of the Dominion, and had there been a good crop last year in the Northwest it is a proof that the West is recovering and would have noticed at the depression which had so marked an effect on general conditions."

MARINE NOTES

Even the elements are apparently in league against the hooded bark Furian. After being delayed in starting on her long voyage around the Horn to Vancouver, B. C., by the President Roads, Cap. Chapman determined to get away yesterday as there was a good breeze. She was in the bay when the big craft was no longer out to sea, and she was blown about to portward, which spoiled all chance of the big four-stacker getting out of the harbor.

Capt. Chapman, who was at the wheel, prepared to start, saw the situation at a glance and reluctantly gave the order for the tug to hook on to her astern. This was done and the Furian was brought back into Nantasket roads, where she dropped her mud-hooks again at exactly 10 o'clock. Here she will stay until there comes along another wind that is less hostile—Boston Journal, Sept. 15.

STEAMER ARKANSAS NEARLY LOST AT SEA

Scandinavian-American Liner had a Thrilling Trip From Copenhagen.

(Boston Journal.)

Men of the sea, stout hearted rowers who brave danger and death, yesterday learned of the dread fate that threatened the steamer Arkansas on her last trip from Copenhagen, looking upon a broken sea cook and wondering that she ever reported—ship or crew.

The story of the threatened destruction was told for the first time yesterday, for no man spoke of it when she arrived here some little time ago.

The Arkansas is the Scandinavian-American line. Her captain is named Lunde and she is a goodly vessel to look upon. When she left Copenhagen on her last trip here there was every prospect of a quick passage, for the weather held fine up to the time that she reached the mid-Atlantic. Then a storm arose, and while all were busy attending to the ship's course and making things safe, a member of the engineer's department caused men's faces to blanch with the report that there was 15 feet of water in the hold and more rushing in every moment.

Looking on the waste of water beneath him, one of the ship's officers discovered something that instantly took his attention. It was likened to the bubbling of a spring.

"That port seacock!" he shouted. "It must be broken. We shall be down in a little while if it can't be stopped" and he sprang to the captain's side with the information.

Then the men of the Arkansas acted as befitted the best in their calling. Two boats went overhead, despite the high waves and the danger that threatened. Men took their places at the oars, while others brought out a great piece of canvas from the saloon's quarters, rigged it with lines, two of which were made fast to the starboard railing, and the additional ropes operated by the boat crew, so that within a short time they had hauled the canvas beneath the keel, rounded her up over the bulges, and hauling tail to port until it seemed as though a great piece of court plaster had been settled into place upon the wounded vessel.

The mighty Atlantic on the outside pressed the canvas into place, holding it fast with its weight, and the lines were tossed to the port railing and secured. With anxiety written upon their faces, men peered into the depths of the hold. They cheered, for what they beheld showed them that the ship was saved. The bubbling had ceased, and then all went to work to drain out the water beneath them. First the hand pumps were manned.

The water began to subside and the fires were rekindled in the furnaces. Then the steam donkey engines took up the work of securing the ship, until at last the broken seacock was bared. It still showed some leakage, but that was speedily stopped, when two of the engineering crew jumped down and plugged the hole with a greasy wooden stopper.

It took 12 hours to complete the work of securing the ship, until at last the broken seacock was bared. It still showed some leakage, but that was speedily stopped, when two of the engineering crew jumped down and plugged the hole with a greasy wooden stopper.

WILL CONTINUE THE HUNT FOR ELEVATOR

Ald. Etkin Will Shortly Leave For New York to Search For Floating Elevator. At a meeting of the harbor improvement committee in city hall yesterday afternoon it was decided that Ald. Etkin should go to New York to pursue his investigations for a suitable floating elevator. Those present at the meeting were Aldermen Keller, Baxter, Etkin, McGoldrick, H. B. Schofield, of the board of trade, and Superintendent William Downie, of the C. P. R. Ald. Etkin first presented his report on his recent visit to Montreal, showing that no suitable elevator could be obtained there, as they were all needed in the port.

ANGRY TAME BEAR TURNS ON WOMAN

Animal Tamer Painfully Bitten by Performing Bear at Port Plain, N. Y. Fort Plain, N. Y., Sept. 15.--While giving a performance at a fair here last night, with a troop of six trained bears, Miss Beatrice Woods was attacked by the largest of the animals and painfully injured before the brute could be driven away from her. The bear hit her in the shoulder and clawed her face. The struggle of Miss Woods to escape and her cries for help, caused the crowd to become panic-stricken and it was with difficulty that the police prevented the spectators from stampeding. Several women fainted. The excitement also caused the other bear to act ugly and this further frightened the crowd. It was some time before order could be restored. Miss Woods will recover.

WESTERN GRAIN MEN DREAD WHAT'S COMING

Blockade in Alberta is Said to be Complete--Wheat Yield is Turning Out Well. Winnipeg, Sept. 14.--While a blockade in the grain movement is not yet serious, it is evident that the immediate future of the trade is full of apprehension. Dealers here are not complaining much; they are able to get all the cars they want, but find difficulty in getting motive power to forward shipments. At Lariviere Thursday there were 98 loaded cars en route for which no engines were available and all over southwestern and central Manitoba and southern Saskatchewan are similar reports.

IN THE BIG LEAGUES

Changes in position among the leading clubs, both National and American Leagues, resulted from the playing of yesterday's games. In the National League, New York took a firmer hold on the lead by defeating St. Louis, while Chicago, losing in Boston, was forced to third place. Pittsburgh pulling out a ninth inning victory from Philadelphia and moving up to second position. Cleveland was the American League club to take step upward in the pennant standing, defeating Chicago and replacing that club in second place. Meanwhile Detroit, defeating St. Louis, materially strengthened its grip on the league leadership.

DURNAN AFTER GREER

Boston, Sept. 15.--Eddie Duran, the Toronto professional sculler, who is trying to get on a race with Frank B. Greer, the American amateur champion, who has decided to turn professional, has arrived in Boston with his trainer, and hopes to race Greer with Greer within a short time. A race for \$1,000 a side has been proposed, and if the arrangements can be made it will be rowed early this fall. Greer has asked for a 10-second handicap, which Duran won't agree to give. Duran wants the race rowed in Toronto bay, but Greer is holding out for a local course, such as Silver Lake.

THE SIX DAY RACE

New York, N. Y., Sept. 15.--When the six day two-hour-a-night race in Madison Square Garden had circled the track for the allotted time tonight, nine teams were tied for first position in the race, with scores of 99 miles flat. The leading teams are the Mayer-Anderson, Clark-Lawson, MacFarland-Downing, Amara-Hollister, Sherwood-Rupperecht, Moran-Root, Collins-Logan, Krebs-Vannot, Vannotch-Walker combinations. A team formed of Frank Kramer and Menus-Bedell, handicapped by one lap, because of its formation after the start of the race, tried hard all evening to make up the lost ground, but was unsuccessful, its score standing at 97 miles and 9 laps at the close of the night's racing. The formation of this team followed the withdrawal of J. Bedell from the Bedell team and Fogler from the Kramer-Fogler team.

MISS MARY DRISCOLL

Miss Mary Driscoll, daughter of John Driscoll, died suddenly at her home in Union street on Monday night after a very short illness. She was a well known and highly esteemed young lady. Only a week ago she had written home as a great shock to her parents.

GEORGE WOODWORTH

George Woodworth, a respected resident of Chemical Road, Albert County, died suddenly Saturday night. Mr. Woodworth was a son of the late Daniel Woodworth, who was about 65 years of age. He was twice married, his first wife being Miss Kyle, of Alma, Albert County. His second wife, who survives, was Miss Steeves, of Coveland. He also leaves two daughters, Mrs. Jessie Berryman, of Chemical Road, by the first marriage, and Miss Vera Woodworth, at home; three brothers--Ezra, Hillboro; Daniel, in the West; and Reuben, of Chemical Road; and two sisters, Mrs. Goldworthy, of Mangerville, and Mrs. John Kyle, Vancouver.

ANGRY TAME BEAR TURNS ON WOMAN

Animal Tamer Painfully Bitten by Performing Bear at Port Plain, N. Y. Fort Plain, N. Y., Sept. 15.--While giving a performance at a fair here last night, with a troop of six trained bears, Miss Beatrice Woods was attacked by the largest of the animals and painfully injured before the brute could be driven away from her. The bear hit her in the shoulder and clawed her face. The struggle of Miss Woods to escape and her cries for help, caused the crowd to become panic-stricken and it was with difficulty that the police prevented the spectators from stampeding. Several women fainted. The excitement also caused the other bear to act ugly and this further frightened the crowd. It was some time before order could be restored. Miss Woods will recover.

THE SIX DAY RACE

New York, N. Y., Sept. 15.--When the six day two-hour-a-night race in Madison Square Garden had circled the track for the allotted time tonight, nine teams were tied for first position in the race, with scores of 99 miles flat. The leading teams are the Mayer-Anderson, Clark-Lawson, MacFarland-Downing, Amara-Hollister, Sherwood-Rupperecht, Moran-Root, Collins-Logan, Krebs-Vannot, Vannotch-Walker combinations. A team formed of Frank Kramer and Menus-Bedell, handicapped by one lap, because of its formation after the start of the race, tried hard all evening to make up the lost ground, but was unsuccessful, its score standing at 97 miles and 9 laps at the close of the night's racing. The formation of this team followed the withdrawal of J. Bedell from the Bedell team and Fogler from the Kramer-Fogler team.

GOVERNOR HUGHES IS CHOSEN BY OVERWHELMING MAJORITY

He Was Again Nominated in New York State Convention Yesterday Despite the Most Desperate Efforts of Disgruntled Politicians to Defeat Him.

Saratoga, N. Y., Sept. 15.—Chas. Evans Hughes, of New York, was nominated today by the Republican state convention by an overwhelming majority, and on the first ballot, to succeed himself as governor of the state of New York. He received 827 votes out of a possible 1,000, as against 131 for James W. Wadsworth, Jr., of Livingston county, speaker of the state assembly, and thirty-one for former congressman John K. Stewart, of Montgomery.

CONDITIONS INSPIRE CONFIDENCE IN WEST

Crops are Safely Gathered, Fuel is Plentiful and a Freight Blockade is Unlikely.

Montreal, Sept. 14.—Reports on Western condition of crops, fuel and transportation, for the week ending September 5, show a most satisfactory conclusion of harvesting operations, a feeling of safety with regard to the present facilities for removing the grain, but in some districts a little uneasiness regarding the local supply of fuel for the coming winter. Practically speaking, all the grain has been harvested, and threshing operations have commenced. This will give employment to the surplus farm hands that have crowded some districts, nevertheless all reports state that there is ample supply of help for all local demands.

LAURIER AT NIAGARA SAYS ELECTIONS ARE AT HAND

(Continued from page 3.)

sands, in some cases approaching millions, have been spent in bringing from Europe large numbers of immigrants, who have gone to the prairie land to help us to build up this country. "If Mr. Foster had told his hearers that, of those millions a large proportion were used for building the Grand Trunk Pacific Railway, which has rolled the map of Canada over 100 miles northward; if he had told them that we were deepening the canals and in a thousand different ways have so improved the condition of things that the miracle has been performed, that our trade in twelve years has increased from \$200,000,000 to \$800,000,000. If he had told that out of those millions we have relieved the motherland of the necessity of the expenditure for the maintenance of the garrisons at Halifax and Esquimaux, for if we have become a nation we are a nation under the British crown, and we should as far as possible maintain our own military expenditure, and so, if we can, relieve the motherland. If Mr. Foster had told of these things he would have presented a true picture.

At the very moment Mr. Foster talks against our lavish expenditure, he goes to Prince Edward Island and promises a tunnel which at the lowest estimate would cost \$10,000,000. That is not bad for a man who preaches retrenchment. Coming to the tariff question Sir Wilfrid admitted Mr. Fielding had killed the national policy, but added that the result had been a policy which made the country prosperous. It was true the Liberals did not rush into radical reform. They were reformers not revolutionaries. In our day a policy dare not be revolutionized. It must be improved gradually. The preference when introduced, was a new thing, but now it was as much a part of the policy of Canada as any of the organic laws.

He gave the Conservatives credit for placing in execution the building of the C. P. R., though he did not approve of the terms on which it was built. They were, to use Foster's expression, criminally extravagant, but after the Conservative party had built the C. P. R., it fell asleep and for year after year let the country drift until in 1896, when the country was in a deplorable condition, trade and especially manufacturing was stagnated. Something had to be done, and the Liberals built the Crow's Nest Railway, and especially manufacturing was improved. Another question they were giving the greatest attention to and considering more seriously than all the others was the building of the national transcontinental. That project had been attacked by the whole force of the opposition but he was proud of it.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should at once buy, soothe, feed and soothe the irritated bronchial tubes. Don't blindly suppress it with a suppressing poison. It is a sure how some things finally come about. For twenty years Dr. Shoop's Cough Cure has been the only safe, reliable, and sure remedy for all coughs, colds, croup, whooping cough, and all other lung troubles. It is a sure cure for all these troubles. It is a sure cure for all these troubles. It is a sure cure for all these troubles.

Dr. Shoop's Cough Cure

FOR SALE AT ALL DRUGGISTS.

There was trade enough for both. All the terminals and diversions will be built by the government and retained under government control. Hon. Rodolphe Lemieux, postmaster general said: "There is in store for Canada another great postal reform which is of particular interest to the farming community. I refer to that system known as the free rural mail delivery. "The post office department has evolved a scheme of rural free delivery and collection from the present system of stage routes, whereby the rural population of the country may be able to receive and post all ordinary mail matter at their doors, instead of having to drive from two to three miles to the nearest post office for that purpose. "I have, therefore, determined, with the consent of my colleagues to equip all existing mail routes in Canada with rural delivery boxes, under regulations to be published and enforced shortly at the junction of every concession line with the main road. The people will also be given the privilege of having the boxes heated for the receipt and collection of their mail as desired. "The department has made all arrangements for the carrying out of the scheme, and will at once proceed to inaugurate it. This system of rural mail delivery can be introduced at a cost which the country can afford to pay. It will evolve and expand gradually with the growth and development of Canada and at a ratio of cost that will not prove burdensome. It is on the whole a great postal reform which will be hailed with delight by the farmers of Canada."

BORDEN AND PROVINCIAL PREMIERS SPEAK HERE

(Continued from page 3.)

John and of the interest taken in St. John which was recognized as the great ocean port to the markets of the world in the winter. Dealing with the present administration, he claimed that if some of their acts were known they would so shock the public that there would be almost a revolution. Referring to the policy of his government in Manitoba, he discussed the changes since they came into office laying stress on charges which had been put on railroads and corporations, which, with other revisions, had resulted in saving \$1,000,000 in cash. He went on to speak of Mr. Fielding's contention that the opposition picked out small cases in which 25 cents extra had been made on a few barrels of flour and asked if the affairs of the North Atlantic Trading Company and the timber limits secured by Theodore Burrows were in that category. Mr. Roblin also went into the probable cost of the C. P. R. and prophesied that the cost to the Dominion would be \$250,000,000 before it was completed and on a paying basis. He quoted from the Longue Point to show that Canada was spending too much and instanced the last loan as not being subscribed. Turning to the speech and in closing appealed with confidence to the people of St. John to support the west in their disapproval of the present government.

Mr. J. W. Dunn, M. P., in response to calls from the audience, spoke briefly of the pleasure he had experienced in listening to the speakers and expressed the belief that the people of New Brunswick would unite with the other provinces for a Conservative victory. George W. Fowler, M. P., in response to Mr. Borden, referred to the report of the civil service commission and damning indictments of Liberals themselves as the best evidence of the corruption of the government. He criticized Sir Wilfrid Laurier for selecting Hon. William Pugsley as minister of public works, and referring to the latter's speech at Gagetown, in which he said his (the speaker's) charges were untrue, he offered to meet Dr. Pugsley on the public platform and discuss his record. If he did not satisfy any fair-minded man that Dr. Pugsley's conduct with regard to the provincial finances had been dishonest, he said, he would step down and out of public life. Mr. Babbitt, in which the deputy receiver general informed him that when members of the late government wanted money they came to him and at the end of the year it was charged against the different departments. He prophesied that the same state of affairs would be found at Ottawa as existed in this province. Speaking of Dr. Pugsley's speech at the opening of the exhibition, referring to a railway down the St. John River, Mr. Hazen asked why Dr. Pugsley did not get the G. T. P. to adopt the river route. He also quoted from a letter from McKinnis & Mann, requiring \$50,000 a mile subsidy to build a road with the condition that for the first seven years the government should have no claim. In selecting Mr. Hazen appealed to the party to return two Conservatives here.

SYDNEY EXPRESS HAD CLOSE CALL

Halifax, N. S., Sept. 15.—The fast Sydney express from a Halifax broke down last night at Morrison's Lake, six miles from Mulgrave. The wheels of the tender flew to pieces and dented the engine, and the train came to a standstill three feet from the edge of a forty-foot embankment. The prompt application of the emergency brakes prevented a railway horror. Word of the accident was sent to Mulgrave, and a light special was made up and passengers and baggage were transferred and forwarded. Among others on board were Alex. Munroe, M. P., and a score of well known commercial men. The cause of the accident is unknown.

TERRIBLE ACCIDENT NEAR FREDERICTON LAST NIGHT

Edward Smith Shot His Brother Taking Him for a Moose in the Uncertain Light—The Wounded Man Was Left Alone in the Woods for Hours While Help was Summoned.

Fredricton, N. B., Sept. 15.—Shot by his brother in mistake for a moose while hunting together last evening, Benjamin Smith, of Beaver Dam, New Maryland, fourteen miles from this city, is now lying at his home at the point of death, with a bullet hole through his head. Referring to the policy of his government in Manitoba, he discussed the changes since they came into office laying stress on charges which had been put on railroads and corporations, which, with other revisions, had resulted in saving \$1,000,000 in cash. He went on to speak of Mr. Fielding's contention that the opposition picked out small cases in which 25 cents extra had been made on a few barrels of flour and asked if the affairs of the North Atlantic Trading Company and the timber limits secured by Theodore Burrows were in that category.

The terrible accident happened in the woods six miles from their home, and the unfortunate man was obliged to remain alone on the ground for hours, while his brother made his way out to a settlement and telephoned to the city for medical aid. Surgeon Bridges and Dr. McNally received the message at 10 o'clock last night and immediately started to drive to the scene of the accident. They left the carriage at Beaver Inn and made their way into the woods over a rough road by lantern light. It was nearly 3 o'clock this morning when they reached the side of the sufferer. They remained with him until daylight and then made a rough stretcher on which he was borne to his home. Dr. McNally did not get back to the city after his strenuous trip, until 3 o'clock this afternoon. He reported the patient to be in a critical condition, but thinks he has a fighting chance. The Smith brothers, Edward and Benjamin, sons of Israel Smith, and hunters of considerable experience, left home yesterday afternoon, to hunt moose. After pitching their tent in the early evening they started out to visit a small pond for calling purposes. While he was thus engaged, Edward approached cautiously, and hearing a slight noise he thought an object in the semi-darkness was a moose, but which was in reality his brother in a stooping attitude. Without stopping to investigate closely he raised his rifle, a forty-four calibre Winchester, and fired. As usual, in such cases, his aim was accurate, and the bullet struck his brother in the back just over the kidneys, and passing through the body emerged at the front of the abdomen. With a yell of terror the unfortunate man sank to the ground and the brother horror-stricken at the accident, was at his side in an instant. Making the sufferer as comfortable as possible, he wended his way out of the woods to a settlement, and after telephoning for doctors, returned with others to the scene of the accident. The victim of the shooting was removed to the tent where he suffered great agony till the physicians arrived. Morphine was administered to alleviate the poor fellow's sufferings, but not until daylight arrived, were the doctors enabled to ascertain the exact nature of the wound. They found the bullet had missed the kidneys and the spinal column, and as far as they could tell, it had not penetrated the bowels. As

A HANDY SEWING APRON.

Take a pretty bordered linen towel and turn one end over about eight inches, Cat-stitch the outer edges together, also cat-stitch between sections, making about four pockets across the entire breadth of the towel. The other end of the towel, which is to form the top of the apron, is gathered into a linen band which should button in the back. The deep pockets that run across the bottom will be found most convenient to hold thread, needles, hook and scissors, also any dainty bits of embroidery.

The GREAT SALE of BOOTS and SHOES at Waterbury & Rising's Union Street Store. Is producing a big sensation. All day long the store is crowded, and although a staff of extra salespeople have been provided, there were times yesterday when the rush was tremendous. Months ago we arranged for this sale. When our buyer was in the Upper Provinces he was successful in purchasing at a big discount from regular prices, an immense stock of Boots and Shoes. These goods had been made up for dealers here and there throughout the Dominion, and for various reasons had not been shipped. We determined on carrying on this sale at Exhibition time, when numbers of our customers from outside the city would be able to participate in the harvest of bargains. The sale is confined to our Union Street Store, directly opposite the Opera House. "You may gather the roses while you may, but bargains like these will not stay." Men's Box Calf, American Calf and Dongola Kid Laced and Elastic Side Boots at \$1.25, 1.28, 1.48, 1.58 and 1.68. Women's Fine Dongola Kid, Vici Kid and Smooth Box Calf, in both Laced and Buttoned, at 78c, 98c, \$1.18 and 1.38. Boy's well finished, shapely, long-wearing Laced Boots, in a variety of materials, at \$1.18, 1.25, 1.28 and 1.38. Youth's Laced Boots. These are made of good wearing material, on shapely lasts, at 88c, 92c, 93c and 98c. Children's Boots and Slippers in almost every style and of nice materials, at 42c, 52c, 62c, 72c and 88c. Attend this Sale as bargains are the order of the day. Remember, this is a money-saving proposition. Every member of a family must have foot-wear, and chances such as this do not often occur. Cash Only. No Goods on Approval. Be on Hand Early in the Day When the Rush is not so Great as Later. WATERBURY & RISING Union Street Store

 SANITARY FLOORING.**
 B. MOONEY & SONS believe they have one of the very best flooring
 materials yet produced. The originators of Bedford Flooring have made
 many improvements since its first introduction and have it as near per-
 fect as any floor laid in plastic can be made.
 It can be laid on wood or iron, is superior to tile in that there are
 no joints, and it does not work loose or have any cracks to collect dirt.
 Not only the floor, but the base board and wainscoting may be made
 of it, adapting it especially for use where sanitary requirements call for
 water-tight and dirt-proof floors.
 One of our claims is that Bedford Flooring does not crack or shrink,
 and never comes loose from wood or iron on which it is laid.

LATE LOCALS

St. John Exhibition, September 12th to September 19th.

Court Martelli will meet this evening in Foresters' hall.

The Grand band will meet at hand hall at 7 o'clock this evening for business of importance.

The Italian sailing ship Andretta arrived at Swansea last Friday from this port with a cargo of deals.

In the train shed to the Union depot today are a quantity of coats being shipped to McAdam and other points by the C. P. R. for the accommodation of strike breakers.

Fred Harrison, aged 37, was arrested on South Wharf this morning by Sergt. Baxter, and in lieu of the patrol wagon the conventional almsman was used to bring Harrison to the police station.

Norwegian steamship Vitula, Captain Bryde, arrived in port this morning from Sabini, Texas, with 700 tons of sulphur in bulk for the Chatham, N. B., pulp mill. The cargo will be discharged here to go forward by an I. C. R. train.

M. Rogers, representing William Davis Company in this city returned last evening from Toronto where he was a competitor in the Ontario tennis championships. He was the winner of the novice, defeating Barnes, but was defeated by Baird in the handicap finals. This latter play has since won out in the open finals.

It would be more profitable to miss seeing the Exhibition with its many attractions than to miss the gigantic sale now in progress at Waterbury & Rising, Union street store. This big sale was planned some months ago and was brought on during Exhibition week so that out of town people would be afforded an opportunity of sharing in the many bargains offered.

There will be a meeting held in Trinity church school room tomorrow afternoon at 3:30 o'clock when Mrs. M. K. Kilgus, the W. A. delegate to the Pan-Atlantic congress, will submit her report. Short addresses will also be given by other members who were present at the congress. All W. A. members and any others interested in the work are cordially invited.

Three Representatives of the Great Brown Family Encounter Three Different Brands of Trouble.

Browns in town and out of town were the instigators of much commotion in different sections.

John Brown, a teamster, driving a double team or draught horses attached to a heavy truck, allowed his team to collide with one of the suspension bridges, demolishing part of the railing, injuring the supports and tearing off several yards of wire netting.

He was reported by Robert Burns, the caretaker of the bridge and will be obliged to appear in court to explain matters.

Percy Brown, a visitor to the city from Petritoclas, accused a local man of picking his pockets and extracting a small sum of money which allegation the latter denied. Eventually Brown was induced to depart from Market street where the argument occurred, and on investigation it was ascertained that no money was missing from his pockets.

The police were summoned to quell a disturbance in a house in an alley off Duke street where George Brown, familiarly known to the police as "Fischer" was schooling himself in the intricacies of the many art with his wife as the unwilling victim. Needless to state the fire in Brown's anatomy, originated by the firewater in his anatomy, was promptly extinguished by the appearance of the bluecoats.

Ada Gloss a negress created a scene in court this morning, during the imposition of a sentence on her for drunkenness. On being sentenced to a term of two months in jail, she incoherently threatened the magistrate retorting "Old Judge Ritchie ain't fine me."

Despite a rebuke she continued to belabor his honor and as an appropriate culmination the woman was forcibly removed to jail breathing threats of vengeance.

James Hibby, William Atton and John Childred foreigners, who are visitors to the fair were fined \$8, but were released on payment of \$4 each by friends who were leaving for home today, and desired the prisoners to accompany them.

John Carlin was fined \$4.

During the Exhibition all who are convicted of infraction must expect to be fined \$8 or two months in jail was the ultimatum issued by the magistrate this morning.

A GAME PRESERVE

Editor of Times.

Sir—I notice in the Times a most interesting article regarding the work of the Game Preservation Bureau of the United States, which care for fifteen bird preserves ranging from Florida to Alaska.

I would like to see a beginning made in this direction in New Brunswick, and I suggest that the government set aside that section of the Nepesis Marsh, lying between the bridge at Westfield and the covered bridge at Nepesis and extending for a short distance on either side, where at no time of year will it be lawful to kill or molest a bird of any species.

This locality is a natural feeding ground and hatchery for many kinds of birds, both water and land varieties. Westfield and vicinity is rapidly becoming a suburban residential district and not a suitable place for sport, while a protected and therefore increasing number of birds would not only add to the pleasure of the sportsman elsewhere in the province but would materially increase the delight of the bird-lover and all people who are so fortunate as to dwell in this vicinity.

If the government will act upon this suggestion it will only increase the natural resources of the province but will place at the disposal of naturalists and the youth of our province a unique educational opportunity and so win the gratitude of this and future generations.

SARAH L. PETERS. Westfield, September 16, 1908.

MR. DIXIE'S TRAVELS

He was Hard Chased Last Evening but is Still at Large.

Sept. 15.—Mr. Dixie arrived at the exhibition at 3:30 p.m., a half an hour before his time. He killed time in the stock sheds and cattle pens until it was time for tea, after which he seemed quite ready for business. He threw his bits whole-sale, and consequently many people were after him close and hard; at 7 o'clock he was chased by a man who looked to him somewhat like Detective Killian so feeling a little frightened he made his way to a comfortable place underneath the "merry-go-round" where he stayed until long after dark.

Just after emerging from his hiding place he encountered 12 extremely vigorous chasers. He was seen many times by the Dixie agent hurrying through the pike, and the Machinery Hall; he reports that he did not have any time at all to himself between 8:30 and 10 o'clock, the latter hour he gave his time welcome making a bee-line for the Carmarthen street entrance.

During the evening he reports four changes in his appearance, the first was made under the "merry-go-round," the second in a stall in the stock yards, the third in the "mazes" and the fourth in Machinery Hall; Mr. Dixie made complete changes in all of these places, and doubtless his pursuers are now aware that they will have to go some for this man is really mysterious.

In earlier part of the evening Mr. W. H. Underhill, printer of the Opera House program was taken by mistake for the mysterious, but it took three strong and able men to bring him to the Dixie exhibit. H. R. Nixon was taken for him by E. E. Jones and Harry Doody; also Norman L. McGloan made a creditable chase after him but later reported that it was the wrong man. However, Mr. McGloan says that he will capture him tomorrow night.

Tonight Mr. Dixie will be on hand for any emergency, although he is aware of the fact that he has foemen worthy of his steel.

WEDDINGS

Bell-Lackie

A quiet wedding took place at St. Peter's Church, Upham, on Wednesday, 9th inst., when Miss Laura Lackie, daughter of James H. Lackie, of Upham, was married to Mr. John Bell, of Smitstown, Kings county. The Rev. Mr. Whally, of Hampton, officiated, assisted by his son, the Rev. Mr. Whally, of Upham. The bride, who was given away by her father, was attired in a light grey travelling suit with white hat and veil and attended by her sister, Miss Janie Lackie, similarly attired.

As the serious illness of Mr. Newell, brother of the groom, unfortunately prevented his attendance, Harvey Lackie, brother of the bride, acted as best man.

Williams-Barbery

A quiet wedding will be celebrated at the home of John Barbery, 69 Moore St., at 8:30 this evening, when his daughter, Sarah Louise will be united in marriage to Harry Lambert Williams. The ceremony will be performed by Rev. E. B. Hooper of St. Paul's (Valley) Church.

The bride will be given away by her father and there will be no attendants. She will be gowned in cream lace over silk. The groom is employed with Court Bros. The many and beautiful wedding presents attest to the popularity of both bride and groom. Among the gifts was a handsome oak chair from the employes of Dowling Bros., where the bride was employed.

Neill-Logan

A nuptial event that has been looked forward to with a great deal of interest in social circles, takes place this afternoon at 5:45 o'clock in St. Andrew's church, when Miss Hannah Muriel Logan, daughter of Mr. and Mrs. James T. Logan, 277 Princess street, will become the bride of J. Stewart Neill, of Fredericton.

Rev. A. Gordon Dickie, will perform the ceremony, only a few guests being invited. Miss Margaret McArthur will be bridesmaid and W. A. Vanwart of Fredericton will support the groom. The bride will be married in her travelling suit.

Will Bowman, Shipley Peters, Dr. Le Baron Peters, of New York and Charles F. Logan will act as ushers.

The newly wedded couple will leave on the Boston train for a tour through the United States, and on their return will reside in Fredericton, where Mr. Neill is associated with his father, James S. Neill, in the hardware business.

Very many handsome and costly gifts testify to the great popularity of the young people.

SAINT JOHN BUSINESS COLLEGE.

It is not surprising that this college retains its popularity, and that the year ending last June was by far the best in its history of forty-one years, considering the fact that the leading positions in almost every important office in St. John are held by its graduates.

AN HONEST LITTLE GIRL

Helen Desmond found a purse on the exhibition grounds yesterday afternoon containing a ticket for Moncton and some money, and handed it to Staff Policeman Smith, who handed it into the head office.
