A LITTLE MORE HOPE AT GENOA

New Formula is Being Worked Out Today.

Hope to Satisfy Belgium About Property in Russia — French Representatives Say They are More Optimistic Than Two Days Ago.

(Canadian Press Cable)

Genoa, May 9.—British and Italian delegates to the economic conference met today with members of the Russian delegation and began working out a new formula concerning the restoration of foreign property.

Belgium although not participating in being kept in touch with these informal negotiations.

The French representatives this afternoon admitted that they were more optimistic than they were two days ago.

Genoa, May 9.—Genoa woke this morning to another day of uncertainty that the conference can be saved.

The centre around which the three controversies over the Russian question turns, it is Belgium's objection to clause seven in the allied memorandum.

Consequently, all eyes in Genoa are on Belgium and on M. Jaspars, foreign minister and chairman of the Belgian delegation.

Belgium invested two and a half billions of francs, gold, in Russian industry and possessed 861 factories, including blast furnaces, glass factories, electric street railways, cloth mills, water works and electric light plants.

He said "We used to produce in Russia before the war forty-two per cent of the country's output of the entire country, forty-eight per cent of the steel rails, seventy-five per cent of the chemical products, fifty per cent of the glass tableware and thirty per cent of the window glass.

In clause seven, Belgium admitted a formula which allowed for nationalization of property in Russia on condition that its use should be granted to the old proprietors or when this was impossible, compensation be given them.

M. Jaspars denied statements printed recently in newspapers concerning a military and economic alliance between France and Belgium.

Paris, May 9.—The whole European situation resulting from the developments at the Genoa conference will be submitted to President Millerand this afternoon at a cabinet meeting.

Genoa, May 9.—In a statement to the press tonight, M. Barthou, head of the French delegation, after reiterating that the differences between France and England meant the end of the conference, said respecting their meeting on Saturday last:

We had a very long and serious conversation. Mr. Lloyd George was sad and seemed profoundly discouraged, but he never uttered a word of menace against France.

GETTING COAL FROM STATES CHEAPER THAN FROM SYDNEY

Montréal, May 9.—Soft coal is being imported to Montréal by sea from the Virginia and Pennsylvania cheaper than it can be bought from Sydney at the present rates, according to a statement this morning by A. Dick, general sales agent of the Dominion Coal Company.

Although there is a strike in the American collieries there are several coal fields in the states, principally Pennsylvania and West Virginia, manned by non union labor and from these coal is coming.

Genoa, May 9.—(Canadian Press).—Yesterday in the Commons a resolution of W. G. McQuarrie, Conservative member for New Westminster, calling for the exclusion of oriental immigration, was debated all afternoon and evening.

Premier King announced himself in favor of restricting oriental immigration and declared it was the right of every country to control the composition of its population.

Hon. Chas. Stewart, minister of immigration, moved in amendment that the resolution should provide for the "effective restriction" instead of the "exclusion" of oriental immigration.

Alfred Stock, Liberal, voted against the amendment, which was supported by the Progressives with the exception of Messrs. Lucas, Keitner, McBride, Humphrey and Lewis.

While the law has permitted the importation and manufacture of oleonamide in Canada, there has been produced in this country 27,000,000 pounds of oleonamide worth \$9,000,000.

Hon. H. H. Halliday of Hartland, N. B., and J. H. Mellison, Montreal, represented the oleonamide growers.

Hon. Mt. Motherwell promised that the matter would be given every attention possible by the government.

HELP FOR POTATO GROWERS OF N. B.

Delegation Calls on Minister of Agriculture at Ottawa.

Declare Million Bushels on Farmers' Hands in Maritime Provinces—Ask That New U. S. Potatoes be Kept Out of Canadian Market.

(Canadian Press)

Ottawa, May 9.—That there is a danger of nearly a million bushels of potatoes being thrown out to rot in the fields unless the farmers of the maritime provinces and particularly New Brunswick were given some government assistance in marketing their crop, was declared by a delegation representing New Brunswick potato growers waiting upon Hon. Mt. Motherwell, last evening.

High freight rates and the U. S. tariff were largely blamed for the present condition, under which million bushels of potatoes were still in the farmers' hands in New Brunswick and present prices were declared too low to allow of marketing the crop and securing any return for it.

The potato growers asked that as a temporary relief, the new American potatoes should be kept out of the Canadian market, on the ground that the placing of American tariffs against Canadian potatoes had brought about the present glut of stocks in New Brunswick.

The New Brunswick farmers at the present time, it was said, were producing only forty cents a bushel for their crop, which cost them nearly \$2 a barrel to grow and harvest.

H. H. Halliday of Hartland, N. B., and J. H. Mellison, Montreal, represented the potato growers.

Hon. Mt. Motherwell promised that the matter would be given every attention possible by the government.

As Hiram Sees It

Glowing Words in Interviews on Return to Ottawa.

Revelation, Says Hon. Mr. Laird, of Regina—Declares There Should be Reduction of Freight Rates for Eastern to West.

(Canadian Press)

Ottawa, May 9.—The western and Ontario senators who accompanied Hon. W. H. Furness to St. John for the weekend as his guests, arrived back in the capital yesterday and all were very much pleased at the arrangement made for their comfort by the two railway companies by their host Senator Thorne.

Sir James Loughheed, leader of the opposition in the senate, expressed a desire that eastern senators and members of the senate and commons should also visit the west, so that the national feeling should be unified.

Senator G. H. Barnard, Victoria B.C., said: "If the energy and business of the west are to be maintained, we must have no more of this kind of a thing."

The Board of Trade of St. John is alive to the business to be developed," said Senator Bennett of Milton, Ont., "and it will not be their fault if they do not increase their ocean trade by the advantages given by the C. P. R. as well as by the C. N. R."

Mr. Hiram, said the Times reporter to Mr. Hiram Hornbessan, "what is this I hear about terms from the settlement hauling rubbish into the city?"

"Don't you hear about it before this? That's part of the get together movement between the city folks and the country folks. We were told you folks was getting a little short of garbage and stuff to throw around the streets—'as we had lots of stuff we didn't want we thought you'd like to get it."

Only two or three streets today with any ton or so of old papers and other trash scattered over 'em—and the rest of the city is clean and the streets are shining."

DEMPEY LOOKS FOR CARPENTIER TO BEAT LEWIS

Paris, May 9.—"I don't want to stay in London beyond Saturday," said Jack Dempsey, "I must get back to the U. S. and start training to meet Willard and all other common."

Asked who he thought would win the coming fight in London, the champion said: "I think a good friend of both Carpentier and Lewis and would like to see them stage a good fight. But from a selfish standpoint I would like to see the Frenchman win. Carpentier is much the better man and ought to win the fight."

LOVE TRAGEDIES MANY IN NEW YORK

Six Bodies in Morgues, Seven People in Hospitals.

Doctor Kills Himself Because Actress Would Not Go His Way—Postal Clerk Shoots Sweetheart and Self in a Wood—Woman Dead in a Bath.

(Canadian Press)

New York, May 9.—Romance and tragedy, walking hand and hand through the metropolitan area yesterday, left in their wake the longest list of violence and suicide the city has known in many months.

Seven persons are in hospitals, six bodies in morgues, and the story in nearly every case is one of unrequited love.

Dr. A. H. Riedel, eye specialist, separated from his wife, who lives in Scranton, Pa., had long been infatuated with a Broadway chorus girl.

He poisoned himself for her love, dying with an improvised spotlight glaring him in the face. One of his patients, coming to keep an appointment at his office apartment in the Hotel Markwell, found the door locked.

When it was burst in hotel attendants found his body covered with a black bath robe as a pall, and with an electric reading lamp turned full on the pallid countenance.

Wm. R. Green, hotel manager, said the doctor had been dependent because the actress would not take his advances seriously and had told him he was thinking of suicide as the only way out.

Double Murder. At Manamaronk, John C. Kane, Jr., thirty-four, post office clerk, led his school teacher sweetheart, Elizabeth Dunn, thirty-two, into Alton Wood park to bullet his suit for her hand.

Their bodies were found side by side, hers with a bullet through the heart, and his with a bullet through the brain. She still clutched a bouquet of spring flowers, they had gathered yesterday.

Kane's plan for marriage time and time again because he drank, although she admitted she loved him.

Vincent Lovell, eighteen, painter in a doll factory in West Houston street, called Margaret Volant, seventeen, into a hallway of the factory and begged her to elope with him to Pittsburg.

When she told him she did not love him, he whipped out a revolver and fired five shots. One pierced her chin. He then turned the weapon on himself, but again his aim was bad, and he suffered only a flesh wound in the cheek.

In other attempts at suicide, one successful, in which the love motive was not apparent, were reported. Mrs. C. F. Marvin was found dead in a bath tub in her home at Mount Vernon. She left a note explaining how she would find Divine forgiveness for her act.

A FURTHER CUT IN MILITIA EXPENSES

LeCanada Predicts More Lopping Off in Estimates by Hon. Mr. Graham.

Montreal, May 9.—LeCanada, organ of French Canadian Liberalism, returns to the question of reductions in militia expenses in a two column front page article, H. says in part:

Everything indicates, when the examination of militia credits is again taken up in the House of Commons, that Hon. G. P. Graham, minister of militia and defense will be a position to suggest further cut of several hundred thousand dollars.

We shall only know the exact figure when the minister and we believe the cabinet will announce it.

The sole motive, a very simple one, of which some people refuse to recognize the moral, is that the members of parliament sincerely desire a reduction in the cost of the militia.

Finally every one will approve the fact that the question of credits is a matter which affects the entire country and that the patriot of the people in facing the situation heroically is commendable.

The reduction in the militia and in a reduction in freight rates to enable the easterner to find a market in the west."

BOOTLEGGERS IN A PISTOL BATTLE. Girl, Woman and Four Men Shot in New York as Rival Groups Fight.

New York, May 9.—A girl, a woman and four men were shot last evening in the neighborhood of Grand street, a block east of police headquarters.

Two of the men were reported later to be dying. Mr. Boyce declared that instead of there being 2,000 cars of potatoes in the farmers' hands in New Brunswick at the present time, as has been reported at Ottawa, he was doubtful if there were more than 700 now held, while he believed the whole crop would be cleaned up without any being dumped.

It was quite evident that provincial officials did not look upon the situation as being so serious as the delegation sought to make it.

NAVY LEAGUE
BRANCH ANNUAL

President R. E. Armstrong Reviews the Year.

Joys and Sorrows; Ups and Downs—Statement re Purchase of Building by Executives of League and Seamen's Mission Society.

The annual meeting of the New Brunswick branch of the Navy League of Canada is being held this afternoon at the Seaman's Institute, Prince William street, with the president, R. E. Armstrong, in the chair.

In addition to the officers and sailors of the Canadian navy, a hearty welcome was also extended to the men of His Majesty's warships, Valerian and Cambria, when they visited the port last season.

The Christmas reception held in the Seaman's Institute, in co-operation with the officers and ladies of the Institute, for the League is under a debt of gratitude to the Daughters of the Empire, the Y. W. C. A., and the other women's organizations that assisted in carrying out the plans of the Institute.

In co-operation with the Seaman's Mission, a most humane work was carried on throughout the last winter in caring for unemployed and disabled seamen, as well as for other sailors passing through this port.

In co-operation with the Seaman's Mission, a most humane work was carried on throughout the last winter in caring for unemployed and disabled seamen, as well as for other sailors passing through this port.

In order to provide ample accommodations for the seamen of the port in future, it was deemed wise by the joint executives of the Navy League and of the Seaman's Mission, to purchase the Davidson building adjoining the Seaman's Institute.

Seamen's Mission, to purchase the Davidson building adjoining the Seaman's Institute. This building was acquired at a cost of \$16,000.

A question of some moment to the Navy League was the reaching of a satisfactory determination with the union executive as to the title of the institute building. It had been claimed by the Seaman's Institute that the title should be transferred to the Navy League of Canada on the establishment of the \$20,000 endowment fund which the institution received from the league.

The action of the Washington conference with respect to naval disarmament was a subject that was drawn to the attention of the branch executive by the dominion executive. The view was expressed that the new Brunswick executive should take absolute confidence in the representatives that Great Britain had carried out the Washington conference, and that it was sufficient to say that a letter was received in reply from the dominion executive, in which the statement was made that he could not see how the Navy League would benefit by having the title vested in dominion headquarters.

The death of Sir John Eaton, honorary vice-president of the Dominion Navy League, was reported in a telegram of regret from the N. B. Branch. A message was forwarded to the family of the late president of the Saskatchewan Branch of the league.

Your president had the pleasure, with the secretary, of attending the meeting of the dominion executive, which was held last year in the new Navy League building, Halifax. There was a good representation from other provinces of the dominion, and a most interesting meeting was the result.

In closing this report I would express my grateful thanks to the executive of the Seaman's Institute and to Manager Brindle for their kindly co-operation in the Daughters of the Empire, the Y. W. C. A., and other women's organizations for their helpful assistance, to ex-Mayor Schofield for helpful aid, to the executive of the league, to Captain Mulrany, chairman of the relief committee, and to the secretary and treasurer for the unselfish aid they have extended in carrying out the work of the league.

Belfast, May 9.—Snipers are continuing their activities. A woman was wounded yesterday, and a man on his way to work this morning was wounded.

Cuba's connection with the world was ended yesterday with a proclamation of peace, dated May 8.

New York, May 8.—(noon)—Trading during the first two hours was smaller than in any similar period since last March. Commission houses reported a slackening of public interest. Offerings of oils and motors extended to shippings, tobacco and numerous unclassified specialties where reactions from 1 to 2 points appeared.

Associated Oils, and Coca Cola also gave stability to the rebound. Before noon, however, shorts again attacked leaders, notably Crude Oil and Baldwin, causing renewed unsettlement. Call money opened at four per cent.

Mrs. Daniel Mullin arrived home on the Boston train at noon today from Pennington, where she went to see her youngest daughter Constance, who is a student at Eden Hall Sacred Heart Convent.

Mrs. J. M. Goodspeed, who spent the winter in Florida and several of S. cities while on her way home, arrived here on Saturday.

IN WALL STREET.
New York, May 9.—(10.30).—Oils continued to engross speculative attention at the irregular opening of today's stock market, gains extending from large fractions to 2 1/2 points in trading.

New Haven reacted slightly from yesterday's record, and other rails, specially coalers, were moderately lower. Preliminary exchange rates on London were moderately above yesterday's closing.

Montreal Stock Exchange.
Montreal, May 9.—(12.30).—The local stock market, in sympathy with Wall Street, was in a restless mood throughout the forenoon session today.

Associated Oils, and Coca Cola also gave stability to the rebound. Before noon, however, shorts again attacked leaders, notably Crude Oil and Baldwin, causing renewed unsettlement. Call money opened at four per cent.

Cup Customs (4)
Excavators exploring the site of Troy, and working down to the third city of Homer's time, have found drinking vessels like those of the 18th century, made with gold, silver and electrum, but without handles.
They also lacked a pleasure within our reach, Blue Bird Tea. Well might Sydney Smith exclaim, "I'm glad I wasn't born before tea!"

FIFTY-SIX NEW COMPANIES TO SELL RADIO APPARATUS.
Albany, N. Y., May 8.—Fifty-six companies supplying radio apparatus were incorporated in New York state during April. Their aggregate capitalization is \$1,759,600, according to tabulations made at the office of the secretary of state.

LEACH CROSS PETITIONS COURT TO CHANGE HIS NAME LEGALLY.
Los Angeles, Cal., May 8.—Lesch Cross, formerly a lightweight boxer, wants that made his legal name. His true name is Louis Charles Wallach. Born in New York thirty-six years ago, he has been practicing dentistry here for several years with the exception of a few months last year when he went back to the ring. In filing a petition in the Superior Court here for permission to change his name, he asked the same privilege for his wife and minor daughter. His reason for desiring the change is that nobody ever calls him by his true name.

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not mat or cake when burning. It is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

OUR PORTS AND THE GRAIN. Mr. J. G. Scott of Quebec has written to the Montreal Gazette a letter that will evoke a great deal of sympathy in the maritime provinces.

the level Transcontinental, from Winnipeg to Montreal if by doing so we can put a stop to the diversion of this enormous export traffic to New York—a diversion which is a national disgrace and a reflection upon our commercial intelligence.

As to the transcontinental not being a commercial road, and if business considerations had prevailed it would not have been built; and further that of upwards of 100 million bushels of grain exports from Montreal in 1921, it believed not a single bushel was carried by rail from the point of production to the ocean vessel; and also that if grain is carried by rail in winter to St. John and Portland it is because no other means of haulage exist.

Mr. Scott in dealing with the question asks in the first place if Mr. Vieu was justified in what he said about the diversion of the grain trade to American ports, and submits this telling evidence in the case—

"The statistics just issued at Ottawa, as to the grain trade, show that the shipments of western wheat from Fort William during the last seven months, since last September, 1921, have been 181 million bushels, destined as follows—

To United States direct (for consumption) 11 To U. S. seaports for export 88 To Canadian ports 82

"Of this quantity, less than a million and a quarter bushels seem to have been sent through by water to Montreal, though a good deal may have been transhipped into small vessels at Port Colborne.

"Here is a trade of enormous proportions—almost as great as volume as the wonderful export grain trade of Montreal of last year—which has slipped away from us. It is ours by right. We have paid for it. We are staggering under the load of paying the interest on the cost of the foolish railways we built to get it.

"In 1916, Mr. Hayes, who had the reputation of being one of the cleverest railway operators in Canada, made a special rate of six cents per bushel on export wheat from Armstrong to Quebec, over the Transcontinental, which made the rate from Winnipeg to Quebec eleven cents per bushel. It brought a big business, and the then minister of railways said it was profitable to the railway. What has occurred since 1916 to make it necessary to raise the rate from eleven cents to thirty-one cents?"

Referring to a request of the Quebec Board of Trade that the government make a rate of twenty cents per bushel over the transcontinental to Montreal and Quebec, Mr. Scott says—

"It cannot be argued that to carry wheat to Quebec or Montreal—1,800 miles—for 20 cents per bushel would mean service far below cost, because if you will refer to the tariff now in force, it will be seen that it is carried from Goderich to Halifax, 1,205 miles, for 12.14 cents. Or, in the case of points where there is no water competition, the rate from Edmonton to Fort William, 1,248 miles, is 23.12 cents. And, so as to favor shipments by Vancouver, it is carried over the Rockies, from Saskatoon to Vancouver, for more than 1,200 miles, for 23.12 cents. Would it not, therefore, be a pretty safe venture to carry this western wheat over

MAY. May is such a pretty girl— She fastens in her hair The tangle of apple blossoms And the white of summer pear. She has the most elusive scent That any girl could use. She owes a gorgeous sunset sky Of many different hues. She robes herself in softest green— That's most becoming, too. Although the changes in her gown Are really very few.

May is such a busy girl— With fingers always curled, Embroidering a centrepiece To decorate the world; A purple ain't for violets, With heads demurely hung; A yellow skein is used to work The graceful spider-loom. There's a certain place to fill With pansy beds and tulip cups Or nothings of that sort.

May is such a clever girl— She knows the way to blend The colors in her centrepiece. Just so they won't offend. She's formed a kind of heart And trims the poorest loss. With something as exquisite As the good things provided, and a hearty vote of thanks passed to the committee of management for their kindly thought.

Not in His Book. It was at a camp meeting, and had just been passed round to receive the collection. The preacher rose, and said: "Let us sing while the hats are coming in."

The planet, after some fumbling with the paper, turned to him and said: "I can't find it!" "Oh," said the preacher, not understanding, "that's the song 'While the Hats Are Coming In'—it isn't in my book," said the pianist.—Boston Transcript.

Their Excuse. Jack and Mary had just been to the grown-up's church for the first time. A day or two afterward they were found in the nursery whispering audibly to each other.

"What are you children doing?" their nurse asked. "We're playing church," replied Jack. "But you shouldn't whisper in church," admonished nurse.

"Oh," said the child, "we're playing church, and we're not supposed to whisper in church." Christian Advocate.

YEAR'S WORK FOR SAILORS HERE. Walter Brindle Reviews Seamen's Institute Activities.

Report at Annual Meeting. This Afternoon—Attendance Shows Reduction as Compared With 1920-21 Season, But Often Crowded to Limit.

The annual meeting of the Seamen's Mission Society is being held this afternoon, with the president, H. G. Scott, in the chair. The report of the manager, Walter Brindle, was presented and the financial statement was received by the trustees, E. J. Evans, Mr. Brindle's report was as follows—

"The management of the Seamen's Mission Society of the Port of St. John, N. B. Gentlemen—Another season—1921-22—has, like its predecessors, passed away, and in writing up the record of its days, weeks and months, we are once more compelled to remark upon the lack of employment, and its consequent hardships upon the men who follow the sea.

Last season had officially closed for a month before the Institute was cleared of men, and in June we had a visit from H. M. S. Cambrian, and in May the Valerian was here, whilst September brought us a visit from our own Canadian squadron.

On the occasion of each visit, the Institute was thrown open for the use of the men, and the evening refreshments of this and stowed their hammocks in favor of our beds. The crew of the Cambrian were invited to dance in the Institute, and were given a real good time. The young ladies of the I. O. D. E. and Y. W. C. A. and the organizations were gathered together by Mrs. M. B. Edwards, to whose efforts the success of the affair was largely due.

The malignity with which Mr. Lloyd George is pursued by a portion of the London press must be one of the hardest things he has to endure at a time when he is putting forth the utmost efforts to establish better relations between the powers of Europe.

We approached the city council, as we did last year, but without result, and Mr. Armstrong and myself interviewed the military authorities to see if some room at the army could not be set apart for sleeping quarters for the men who were flocking to St. John in hopes of finding employment on the ships, but we met with no success here. We were again thrown back upon our own resources, and finally decided to convert our only store room into sleeping quarters, but as this room would hold only one bed, we put in twelve bunks ship fashion, and were thus able to take care of that number of men. This relief of the situation was only temporary, however, as by the end of November we had more men on the floor, and so in spite of our resolve, we just had to make the best of it. The highwater mark was reached in Christmas and New Year weeks, when we had over fifty men in the building.

On Christmas day, all the waiting men to number of men, and several of the waiting men in the reading room of the Institute; the long tables were arranged down the centre, and covered with green cloth, and all set ready for business presented a very cheerful appearance. Roast pork with potatoes and green peas formed the menu, which was rounded off with tea and cake, and an apple for each man. Full justice was done to the good things provided, and a hearty vote of thanks passed to the committee of management for their kindly thought.

On New Year's day the men were equally fortunate, as a past president of the society called me into his office and handed me a bill for a provided a dinner for that day also. Whilst the dinner was in progress a local citizen dropped in to see what was doing, and he provided smokes for all. Both dinners were cooked and served by the staff. Of course, as always, the chief feature of the whole season was the Christmas treat and distribution of ditty bags, a treat by the way which is spoken of by school children as the whole world.

In readiness for this annual event the ladies' guild had cut, sewed and filled 1,100 ditty bags, and these were ready in the W. C. T. U. at Fredericton, Moncton and Sackville, and from the I. O. D. E. at Chatham and Newville, and the Doorkeepers' Circle of the King's Daughters of this city. Each bag contained the following articles: Pair of socks, handkerchief, packet of chocolate, packet of cigarettes, packet of court plasters, apple, orange, writing material and a portion of Scripture.

The following vessels were in port, and took part in the treat: C. P. S. liners Melita, Minnedosa, Pretorian, Scandinavian and Scyllian, Canadian liners were the Leonia, Harbinger, Bolbroke and Mano, and the C. G. M. V. vessels Canadian Runner, Canadian Spirit, Canadian Explorer and Canadian Navigator, and the Dominion steamer Laurentian.

An excellent programme was provided for the entertainment of the men on the night of December 21, over which H. G. Scott presided. The president briefly welcomed the men in the name of the society, as also did R. E. Armstrong on behalf of the Canadian Seamen's Ferris, Miss Daley, Miss E. B. Earle, Charlie Pidgeon and the manager were the entertainers. The speaker of the evening was the Rev. A. L. Fleming of St. John's (Stone) church, who gave an address on the subject of the sea, there were on the platform H. J. Evans, treasurer; J. N. Rogers, secretary; C. B. Allan, R. Hayes, M. L. S. Fisher, Theo. Graham, G. Henderson, Capt. Mulcahy and the manager. During an interval in the programme, a plentiful supply of coffee and cake was passed around by the ladies, to whom the men assembled for the treat, after the evening service, they fled out ship by ship, as they were called by the manager, and each received his ditty bag as he passed by the counter, the bell boys receiving a box of chocolates in place of the cigarettes, and a box of cigarettes was given to each of the stewards, from whom letters of thanks have been received. The men of the Melita and Scyllian were prevented from being present owing to date of sailing, but they were not forgotten, the bags for the whole crew being sent aboard, and letters of thanks have been received from each department of the vessel.

We are proud to say that we have had an excellent class of men to deal with this year, and the whole season passed without any real trouble. Not a man has been arrested from the Institute, and in fact, we have only had about half a dozen men who have shown any signs of drink, and these have been immediately appeared at the police court on four occasions this season to secure the release of the men, but men staying at the cheaper hotels, and the manager intervened to save men missing their beds when sailing. The ship's concerns this season, whilst they have added considerably to our returns, have been much less than last year, and in each case a spray of flowers was sent, and your manager attended the funeral.

We have during the season entertained six shipwrecked crews on their way home to Newfoundland, and several small parties of naval ratings going to leave, or expired service. Owing to the fact of fewer vessels carrying passengers coming to this port, and the cutting down of staffs on account of smaller passenger lists, our attendance has not been quite so large as last season, being 86,000 as against 42,000 last year, but we still had as many as we could comfortably take care of, and undoubtedly need more and in some points better accommodation.

The dormitory has again justified its existence, as the treasurer's report will show, and we have the satisfaction of knowing that it was the means of providing shelter and warmth to many who would otherwise have fared much worse. We have had much cause for gratification in the freedom of disease we have again enjoyed, particularly in our overcrowded state. There have only been two cases of infectious disease found in the building, and in neither case did the infection pass on to another. The Navy League have through the season paid us for over two thousand beds at cost, and in a similar way have paid for a like amount of meals at cost.

We have had picture shows this season as well as three times a week, and they have been enjoyed by the men, as their pictures supplied have been of the very best. The attendance has averaged over two hundred.

We have had twenty-three religious services, and they have been well attended and the various speakers listened to with much interest, and we are hoping to see good fruits in the future days from the seed thus sown.

I have my son with me this year, and he has charge of the content, and supplied the music for the Sunday services, and he and Earnes Tindie, who has had the care of the dormitory, have supplied

RECENT DEATHS

Mrs. John A. Brooks.
After an illness of several weeks, the death of Ella May, wife of John A. Brooks, of 82 High street, heard yesterday at the general public hospital. Many friends will mourn her loss sincerely. Mrs. Brooks was a daughter of the late Charles E. Farnham, once a printer in this city, and her mother, Mrs. M. G. Farnham, is now a resident in Oxford, (N. S.) Mr. Brooks is the Mayor's clerk at City Hall. Besides her husband and mother, the late Mrs. Brooks is survived by two daughters, Miss May and Vera, at home; four brothers, W. Scott Farnham, of Winchester, (Mass.); William, of Bangor, (Me.); J. U. and Charles E., of St. John; two sisters, Mrs. O. F. Vaughan, of Toronto, and Mrs. R. P. Heather, of Oxford, (N. S.) The funeral will take place on Thursday afternoon from her late residence, 81 High street.

WILL REOPEN NEGOTIATIONS

At the annual meeting of the New Brunswick Protestant Orphans Home yesterday afternoon it was decided to re-open negotiations with the directors of the Provincial Memorial Home, looking to the amalgamation of the institutions controlled by the two boards. An incomplete statement by the treasurer showed that all contributions amounted to \$17,919.
In view of past faithful services, it was decided to make J. A. Lively and W. S. Fisher honorary directors for the coming year.
The election of directors for the coming year resulted as follows:—D. C. Clark, H. C. Rankine, R. G. Magee, J. E. Arthur, Hon. J. G. Forster, W. H. Golding, F. A. Kinneer, T. H. Estabrook, C. H. Easiest Way to Remove Ugly Hairy Growths

(Beauty Culture.) Here is a method for removing hair from arms, neck or face that is unfeeling and is quite inexpensive: Mix a thick paste with some powdered dicalcium and water and spread on hairy surface. After two or three minutes, rub it off, wash the skin and every trace of hair has vanished. No harm or inconvenience results from this treatment, but be careful to get genuine dicalcium and mix fresh.

SCHOOL BOARD MEETS

Means for supporting a petition for the issuing of debentures for \$200,000 for the West St. John school site were discussed last night at a meeting of the board of school trustees, and power for the petition was given. Miss K. Robinson was granted six months leave of absence with half pay. Miss H. L. Hannah sent in her resignation from King George school. F. Neil Brodie recommended the paying of \$800 to H. P. Westerhead for completion of the new heating system in Centennial school. This was put in the hands of the finance committee to pay if found correct. Payment to Mr. Brodie of two amounts, \$1,500 and \$884.50 for professional services, was authorized. It was decided to send A. Gordon Leavitt to Fredericton to appear in favor of the issuing of debentures. The secretary's report showed an enrollment of 8,756 and an average daily attendance of 91.28 per cent. J. Boyd McMann, the trustee officer reported eight truants and fifty-four irregulars.

POLICE CHIEF KILLS SIX NOTCH GUNMAN

Beats "Bud" Ballew, ex-Oklahoma Deputy Sheriff, at Quick Draw.

Wichita Falls, Texas, May 9.—Former Deputy Sheriff Bud Ballew, noted for numerous gun fights during his career as a law officer and wounded on one or two occasions, was shot and killed when the police visited Domino Parlor, where a disturbance had been reported.

J. W. McCormick, a former state ranger and now chief of police, who surrendered after the shooting, said he fired as Ballew was reaching for his gun. One of the five shots entered Ballew's head. Two pistols were found on Ballew's body, one of .45 calibre, silver mounted and engraved with what appeared to be six notches cut under the barrel. The other was an unnumbered .44. McCormick was released on a bond of \$10,000 signed by fifteen citizens.

McCormick stated that he had gone to the Domino Parlor with Chief Detective Miller in response to a call that there was a disturbance there, and had found Ballew standing near the bar.

"I walked up to Ballew," said Chief McCormick, "and said, 'Bud, you are under arrest; give me your gun.' He didn't make a move, and I said, 'Put up your hands and I will get it myself.' He half way turned around and said, 'You're just out of luck.' Then he reached for his

NEW GOVERNOR FOR BERMUDA

Retiring Official Most Decorated Man in the British Army.

Hamilton, Bermuda, April 22.—(A. P. by mail).—General Sir James Willcocks, the most decorated man in the British army, is to be succeeded as governor of Bermuda by Lieutenant-General Sir John Joseph Asser, so advices received here today.

Sir James Willcocks has arranged to return to England by direct steamer leaving here on June 2. The date of the arrival of the new governor has not been determined.

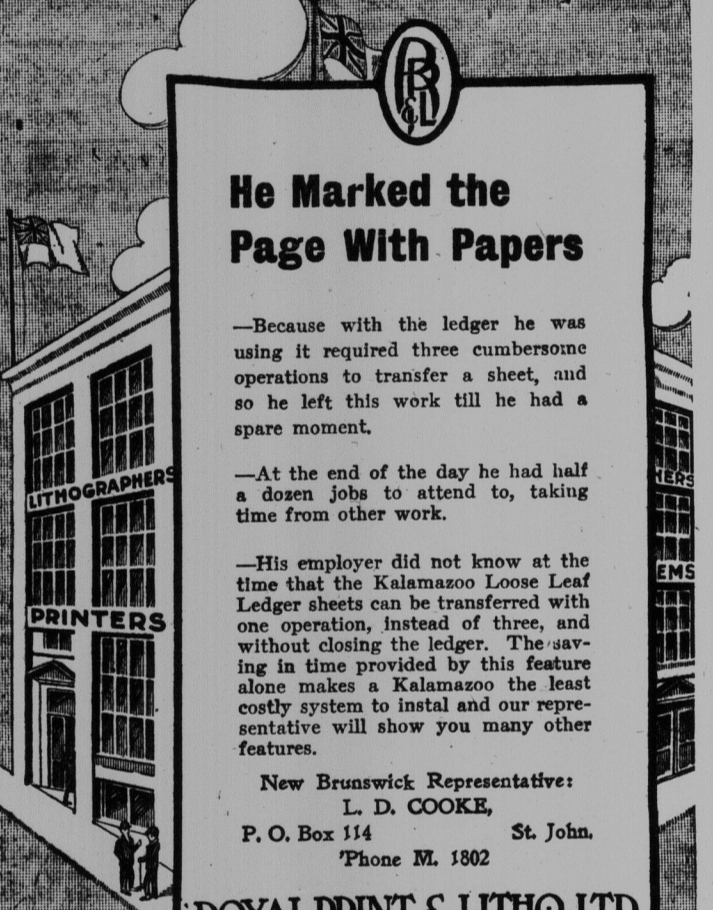

Sir John Joseph Asser was born in 1867, entered the British army in 1887, was attached to the Nile Expedition in

1897-98, was present at the battles of Atbara and Khartoum and commanded the Sudan Expedition, 1899. Although he had retired from the army when the world war began, he rejoined and was placed as commander of an area. In 1901 he married Lella, daughter of James Wetherston of New York.

He Marked the Page With Papers

—Because with the ledger he was using it required three cumbersome operations to transfer a sheet, and so he left this work till he had a spare moment.

—At the end of the day he had half a dozen jobs to attend to, taking time from other work.

—His employer did not know at the time that the Kalamasoo Loose Leaf Ledger sheets can be transferred with one operation, instead of three, and without closing the ledger. The saving in time provided by this feature alone makes a Kalamasoo the least costly system to instal and our representative will show you many other features.

gun on his left side. I beat him to it and shot."

Ardmore, Okla., May 9.—Bud Ballew was a deputy sheriff here under Buck Garrett, ousted from office last winter on charges of lax law enforcement. Ballew was one of the men wounded last Feb. 20 in a gun fight at the court house in which five men were wounded.

Ballew had a reputation for his ability to handle a "six gun." He was deputy sheriff here during some of the most exciting periods of Ardmore's history. When three men were killed near Wilcox, Okla., last December apparently as the result of an organized raid by men in motor cars, who charged the slain men with bootlegging, Ballew aided in arresting several of the alleged slayers. He later testified that one of the accused

men had told him that the Ku Klux Klan was involved in the attack.

In his service Ballew engaged in half a dozen or more gun battles with men whom he was attempting to arrest, in which several fatalities resulted. One occurred in the oil field district with an alleged outlaw named Pete Bynum, and resulted in the wounding of Ballew and the death of Bynum. Ballew had appeared when Bynum was said to have been staging a hold-up.

A row between Ballew and a man named Highnote in the oil fields resulted in Highnote's death. Ballew saved Garrett's life in a skirmish with two hold-up men on April 18, 1918. Ballew appeared in time to kill one of the bandits who was about to shoot Garrett.

Ballew owned a large ranch near Lone Grove. He leaves a widow and a nineteen-year-old son.

ENTHUSIASM AT LIBERAL MEETINGS

Delegates to the approaching convention to nominate a standard-bearer for the Liberal party in the by-election in St. John county to fill the vacancy caused by the resignation of Dr. J. B. M. Baxter, K. C., M. P., were elected at two meetings last evening, one in the Temperance hall, Fairville, with representatives present from Fairville, Milford, Randolph, South Bay and Grand Bay, and the other one at the home of John W. Long for the Beconsfield section of the county. Prominent and eloquent and considerable enthusiasm marked both meetings.

Councillor John T. O'Brien was elected chairman at the Fairville meeting and the following delegates were elected: Fairville, Joseph L. O'Brien, Arthur W. Carlton, H. B. Tippetts, John McKinnon, Frank V. Hamm, Thomas Conway and Dr. V. Davidson; substitutes, Daniel Cronin, Gifford Lawrence and William Hayes; Milford, Richard Mullaney and William Evans; substitutes, James Hayes; Randolph, George Melanson and Frank White; substitutes, B. Sonoyers; Grand Bay, Daniel Cronin; South Bay, Amadore Anderson; substitutes, Walter Smith.

J. L. O'Brien and H. B. Tippetts resigned their positions as chairman and secretary of the provincial executive for the district but still retain their offices on the federal executive. Councillor John T. O'Brien was elected president, Dr. V. Davidson was elected vice-president and W. C. Pink secretary of the new executive, with the following members: J. L. O'Brien, H. B. Tippetts, John McKinnon, Daniel Cronin, Richard Mullaney, George Melanson and Amadore Anderson. The executive will direct the campaign with the present member, Dr. L. M. Curran, and they will have power to add to their number.

The friends of the Foster government in Beconsfield met last evening at the home of John W. Long, Lancaster and elected officers for the district. The meeting was largely attended and the following officers were elected: Chairman, James McMurray; secretary, A. B. Thorne; delegates to the convention, Murray Campbell, James McMurray, William McKee, A. B. Thorne, John A. Barry, John McDade and John Trainor; substitutes, Murray Long, Harold Crouse and Charles Callahan. It was decided last evening to hold another meeting on Thursday evening at 225 Lancaster avenue.

Added Charms

Whiter, More Sanitary Teeth

Millions now enjoy them

If all knew what millions know, all would brush teeth in this new way. Everybody wants whiter, cleaner, safer teeth. Those who lack them envy those who have them. The way is easy and delightful. It means just combing a film. And this ten-day test will show you how to do that.

That dingy film
Teeth are coated with a film—that viscous film you feel. It clings to teeth, enters crevices and stays. Stains cause it to discolor. Then it often forms dingy coats, including tartar.

Old ways of brushing do not effectively combat film. So much remains to night and day threaten serious damage. Film clouds the teeth's luster.

It often becomes badly stained. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

GermS breed by millions in it. They, with tartar, are the chief cause of pyorrhea. So most things that wreck teeth and make them ugly are now traced to that film.

A way to combat it
Dental science, after long research, has found two film combatants. Able authorities have proved their efficiency. Now leading dentists the world over urge their daily use.

A new-type tooth paste has been created, based on modern requirements. The name is Pepsodent. These two film combatants are embodied in it. Now

This test is Free

Don't you owe it to yourself? It will bring to your home a new conception of what cleaner teeth means.

Watch for ten days the delightful effects, then decide for yourself.

careful people of some forty races apply it every day. And the glistening teeth you see everywhere show one of the results.

Other benefits
This new-day tooth paste brings two other much-desired results. It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth. It left to ferment they form acids. It multiplies the alkalinity of the saliva. That is there to neutralize the acids which cause decay.

Those are Nature's tooth-protecting agents. Every use of Pepsodent multiplies their powers.

Watch it act
Learn what it means to you and yours. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using, how refreshing the mouth tastes. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

You will continually combat film-coated teeth when you learn what this method does. Cut out the coupon now.

HARD PIMPLES ALL OVER FACE

Itched and Burned. Lost Sleep. Cuticura Heals.

"I had pimples and blackheads all over my face. The pimples were hard and quite large, and the itching and burning were so severe that I could not help scratching them. I was very restless and lost many nights' sleep."

"I tried different remedies without success. Seeing an advertisement for Cuticura Soap and Ointment I sent for a free sample which I used with success. I purchased more and after using three cakes of Soap and two boxes of Ointment even healed." (Signed) Miss Sade Dolce, 363 Admiral St., Providence, R. I., Aug. 11, 1921.

Use Cuticura for all skin purposes. Sample Soap Free by Mail. Address: "Cuticura, Dept. 484," P. O. Box 5400, Portland, Me. "Cuticura Soap" and "Cuticura Ointment" are sold in all drug stores. Cuticura Soap shaves without soap.

Dad is buying us a Disappearing Propeller Boat

"ALL the summer homes around us have them," "and they're so simple to operate. Just one lever controls the whole boat. Madge Scofield and I ran their boat most of last summer—till Dad was 'ashamed of us hogging it so—He's decided to get' 'one so Mother and Sis and I can have it all the time.' 'We're planning a great holiday this year—there'll' 'not be much at the Lake we are going to miss—' 'We'll be right there at the Dances, Parties and Re-gattas—' 'And we've planned some delightful side picnics up' 'the many streams around that up to now we've' 'not been able to explore.' 'You see the lever raises the propeller into the' 'housing, practically inside the Boat, so you can go' 'wherever you can row a boat. And if you do hit' 'something the propeller instantly draws in its head' 'like a startled turtle.'"

There's no doubt about it—no family spending vacations by the water can afford to be without a Disappearing Propeller Boat, especially when one considers the extremely moderate price at which they sell.

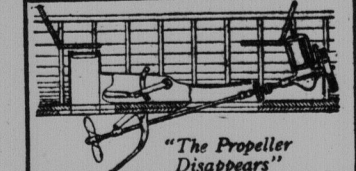

You see we specialize on this boat—we make three models only, and make enormous quantities. Thus by standardizing our production, you get the benefit—which means value and service. The Disappearing Propeller Boat has indeed merited its title as—
"The greatest little motor boat afloat."

There are over 600 in use on the Muskoka Lakes alone.

Alloy Steel and the Motor Car

FROM the ordinary commercial steels of which the early motor cars were built, we have progressed until today, we find motor car manufacturers using extensively the highest grade of alloy car steels. There is probably no mechanism in the world today that is subjected to such hard usage as the working parts of an automobile. Not only are the stresses dynamic, but they are subject to reversal; and because of the insistent demand that weight be kept down, it is necessary to reduce the size of the parts to a point where strength, the steel employed must have the combined qualities of hardness, resiliency, and ability to withstand sudden stress and a continued succession of shocks of the heaviest character. These features have all been made possible by the use of the wonderful alloy steels, which are used extensively by motor car manufacturers everywhere.

Alloy steels are used in the manufacture of low, as well as high, priced cars. The lowest priced car in the world uses the highest percentage of expensive alloy steel, and the builders claim the use of this high grade steel has made it possible.

All the steel now used by the large manufacturers of automobiles in Canada is imported in spite of the heavy freight rate, duty, and adverse rates of exchange. The demand for alloy steel is increasing with leaps and bounds, more particularly as many of the large manufacturers of the United States are locating in Canada for the purpose of taking advantage of the preferential tariff.

Because of this situation, experienced steel men and manufacturers who are associated with this industry are firmly convinced that Canada should not only supply the home market, but actually compete in the world's markets.

The Dominion Alloy Steel Corporation, Limited, will manufacture these steels at Sarnia with an initial output of 100,000 tons per year, or about one-half the present Canadian demand. It will have the executive experience that brought other companies to be the largest producers of alloy steels in the world. The Board is composed of men who have spent a lifetime solving the problems of the alloy steel industry, and other prominent men.

A descriptive circular giving complete information regarding the above industry will be mailed upon request.

TOM MEIGHAN AND THE PICKANINNIES

These Were the Imperial's Crowd-Drawing Features Yesterday—Good Show.

Imperial enjoyed most liberal patronage again yesterday because of the double attraction contained in the Pickaniny minstrel show as presented by the Rosely troupe of kiddies and a very delightful photoplay entitled "A Prince There Was," being a screen adaptation of George M. Cohan's play of the same name, featuring the manly star, Thomas Meighan. At this between-seasons period of the year when household apsects and weather have a tendency to make on feel blue, the Imperial's show is a sprightly reviver and sends everybody home laughing and happy.

In the Paramount picture Thomas Meighan, popular Paramount star, scored another decisive hit. The picture has a refreshing theme and is excellently presented. Mr. Meighan is seen as a son of the idle rich, who is unhappy and discontented for lack of something to do. The girl is a struggling young writer, trying to make a name for herself by writing short stories, but with little success. They are brought together by Comfort Brown, the little drudge of all work at the cheap boarding house where the girl is living, and a delightful romance develops, and at the finish all ends happily. The cast includes Mildred Harris, leading woman, Charlotte Jackson, Nigel Barrie, Guy Oliver, Sylvia Ashton, Fred Huntly and Arthur Hull.

Tomorrow Myrtle Reed's novel, "Lavender and Old Lace," which is as well known as "Way Down East," "East Lynne," "The Old Homestead," and "Uncle Tom's Cabin," will be the Imperial's attraction. It tells one of the sweetest love stories ever told and tells it so beautifully as to win universal commendation. Dealing with life in a little New England village it is one of the finest, cleanest, most entertaining pictures that has been brought to the screen in a very long time.

SHARKS CHASE FISHING BOAT.

Cape May, N. J., May 9—After fishing in a dory twenty miles east of Winter quarter lighthouse, Emanuel Lefredo and crew, Italian fishermen here from Cape Cod with the mackerel fleet, reported on returning that a school of seven sharks, which skipper here think were man-eaters, surrounded the little dory and refused to be scared off.

The sharks averaged more than fifteen feet in length and persistently tried to get into the fishermen's gill net to get at the mackerel catch. The skipper was so bold that they threatened to capsize the small boat.

Captain Lefredo put back to a big boat, the sharks in pursuit. Even the

WHY PAY MORE than pre-war price?

There is no need to pay more to-day for tooth paste than you paid before the war. Minty's Tooth Paste contains only ingredients that have been approved by the highest dental authorities. The highest priced tooth paste you can buy is not worth more than Minty's—and Minty's is sold everywhere for 25c. It represents the greatest tooth paste value obtainable.

Minty's positively removes the discolored coating without the use of harmful, gritty, scouring matter.

It is highly mentholated and antiseptic, hardens the gums, keeps the mouth healthy, is a sure preventive of pyorrhea and its delightful after-effect is refreshing and lasting.

Minty's is more economical because it is highly concentrated. For your teeth's sake, try a tube. If you are not more than satisfied your money will be refunded.

WHY ARE WOMEN ALWAYS USING POWDER PUFFS?

Most face powders come off before they have been on ten minutes. This is why women are always using powder puffs. MINTY'S MA CHERIE Face Powder is so fine in texture, so adherent, that it stays on until you wash it off. It is delicately perfumed with MA CHERIE perfume. Most good toilet goods counters carry a full assortment of MA CHERIE toilet preparations. If you're doesn't—write us.

SMP QUALITY

Cheaper in the Long Run Better from the Start

IT'S the same with kitchen ware as it is with dress goods—it pays to pay for quality. Shoddy is poor stuff at any price, no matter how nice it looks at first. If you want to be truly economical in the management of your kitchen, always buy

SMP Diamond WARE or Pearl WARE

"A Face of Porcelain and A Heart of Steel"

Lower Prices

Notice the new prices on Diamond and Pearl Ware. The pot that sold for \$1.50 last summer can be bought now for 90 cents.

SMP Diamond Ware and SMP Pearl Ware are both kitchen wares of quality. Neither is advertised for cheapness. The SMP trade mark in the pointed shield assures you of genuine quality and service.

Diamond Ware is blue and white outside with a pure white lining, and three coats of enamel.

Pearl Ware is grey and white with two coats of enamel. Grass-proof, rust-proof, acid-proof, germ-proof.

Does not stain, taste, discolor or grow dull or dingy. Soap and water keep it bright as new for years. Makes your kitchen work easy. Look for the SMP trade mark in the pointed shield.

NORTH END C. W. L.

The St. John north end sub-division of the Catholic Women's League at its meeting last night in St. Peter's hall heard an interesting report of the diocesan branch meeting in Moncton, which was given by Miss M. H. McCloskey, the president. A social evening was enjoyed and a musical programme was enjoyed. Those taking part were Miss Florence Kiernan, Miss Teresa Maxwell and Miss

Josephine Savage. Plans were made for a rummage sale to be held soon. At the close of the evening refreshments were served; those in charge were Mrs. P. Conaghan, Miss Alice Byron, Mrs. M. T. James, Mrs. William O'Connor,

Mrs. M. Corkery and Miss Helen Murphy, assisted by the executive. Mayor McLellan was installed as chairman of the board of governors and Mrs. J. H. Doody was welcomed as a new

member at the regular meeting of the board of governors of the Boys' Industrial Home in the mayor's office yesterday afternoon. Other members were H. H. Mott and F. W. Daniel. Routine business occupied the time.

Yesterday's Results.
New York, May 8—Western content in the Major League pennant chase drew first blood in the initial inter-league clash of the season by taking out of five games, and occupy all of the top positions in the first divisions of both circuits today. The pace setting Yankees and Giants are the only eastern clubs barring the way of a clean sweep or the west.

Pittsburg came from behind in the eighth and ninth to score six runs and win from the Dodgers, in the only National League game scheduled. Chief Yellowhorse, Indian pitcher, received credit for the victory.

Good pitching strategy and Baker's heavy hitting, which included a home run, helped the Yankees down Chicago, 5 to 4, but the rest of the eastern teams owed to the invaders.

Cleveland slugged three Athletics for a 15 to 4 verdict; Detroit's ruit pitcher, Olsen turned back Boston, while the St. Louis wrecking crew hauled a 6 to 4 triumph over Washington out of the fire in the ninth. The scores called in four pitchers to stop the Senators.

McIntyre Has Good Record.
Johnny McIntyre, light-welterweight champion of the maritime provinces on Sydney, N. S., is still in the city, and has been keeping in condition by working out in the Y. M. C. I. gymnasium. He is accompanied by his manager, Danny McInnis, and will leave for New York in a few days. While here, efforts were made to match him with arrest, Young Dempsey, Williams, or any other local boxer, but so far efforts have been unavailing. McIntyre weighs 88 pounds, but will meet anyone up to 45. He has engaged in upwards of seventy bouts, losing only three, two of them to Harry Jones, whom he afterwards defeated in a championship encounter. He has twenty-three knockouts to his credit. While in the city, McIntyre will continue to make the Y. M. C. I. his training quarters.

Dundee vs White.
Rock Island, Ills., May 9—Johnny Dundee of New York, punter, light-welterweight, and Charlie White of Chicago, will meet in a ten round bout on June 12, so it was announced today.

BASKETBALL.
Central Baptist Team Wins.
A basketball team from Central Baptist church defeated a quintette from the M. C. I. last evening by a score of 22 to 16. The game was keenly contested.

QUATIC.
The Puritan Fast.
Gloucester, Mass., May 8—The fishing schooner Puritan, prospective international fishermen's cup race contender, was unloading today her first catch of fish. On her maiden voyage of three weeks she caught 26,000 pounds of halibut.

Captain Jeffrey Thomas said he proved a fast boat on every point of sailing, and especially under heavy weather conditions.

Comments on New Shell.
The new racing shell "St. John," which Hilton Belyea will use in Philadelphia in his race for the championship of the United States, was given a thorough try yesterday and stood up well under test. Hilton's opinion of the new shell is "she is great." The first thing he did yesterday was to take her over and show her to her designer, John O'Neill, who was delighted with his

latest creation. The new shell was given another try-out today with the rigging raised a little higher. Hilton will take the "St. John" and "Mildred W." with him to Philadelphia. The latter is a thirty-two pounder and will be used for training.

ATHLETIC.
Meeting of St. George's A. C.
A meeting of St. George's Athletic Club was held last evening when plans for the baseball season were discussed. A report showed that new members had joined the senior team, which had been entered in the City League. It was decided to form intermediate and junior teams. New uniforms will be purchased for the senior and intermediate teams. Track sports were also considered.

DEAN CRITICIZES POST-WAR MORALS
Says Stern Choice Between Good and Evil Means Little Today.

London, April 17.—(By Mail.)—Dean Inge severely criticized post-war morals in a sermon preached at St. Paul's Cathedral yesterday. The stern choice between good and evil, he said, meant little today. We did not think that anybody ought to be punished. Our whole ambition was to give others a good time and to have a good time ourselves. The war had not improved the moral tone of our people; in some ways it had made it worse. We were threatened with a great outbreak of licentiousness, such as that which disgraced the country in the reign of Charles II., and again during the Regency, after the great war with Napoleon. Authority in morals seemed to have lost its force; men and women did what was right in their own eyes. By a curious contradiction, of which history has seen other examples, there was a widespread want of faith in the Christian revelation, combined with an outbreak of puritan superstition which carried us back to the mentality of primitive barbarians. Some would accept what they took to be the social ethics of Christianity, but they were not at all willing to accept the individual ethics of Christianity.

"How many people," he asked, "now take at all seriously what our religion tells us about repentance, conversion, prayer, and moral struggle? How many really understand that the Christian has to live as a soldier on a campaign, or as an athlete training for a race? How many make a practice of self-examination, of meditation, of earnest prayer? We do not see among us the temper of the combatant. Is it any wonder that we do not see the temper of the conqueror?"

The call of Christ was individual and its acceptance of rejection would be individual. The sign and seal of redemption was to be admitted to redemptive work. But our business was with our own souls. That was the little bit of the line which God had given us to hold, and we had to fight for our own victory as if the whole success of the cause depended on it.

DYSPEPTIC QUIT STOMACH DRUGGING
A physician says that in most cases of stomach trouble there is really no disease of the stomach at all, but just too much acid. Excessive acid prevents natural digestion, causes sour stomach, fermentation of food, and this upsets the liver and intestines and causes nervousness, weakness, sleeplessness and "blues."

Quit stomach drugs and artificial digestants. Simply take a teaspoonful or four tablets of ordinary Bisulphated Magnesia in a glass of hot water after meals to neutralize the excessive acidity and you will be all right.

It works fine. You can eat what you want and sleep all night—no more walking the floor at three and four o'clock in the morning and suffering from extreme weakness and nervousness all the next day. Bisulphated Magnesia is for sale by all druggists in powder or tablet form. Try this plan for three weeks.

MILK
For Young and Old Alike
Nature first gives the infant milk. Why ever stop it? Why deny nature's gift?

For the growing child, for the young man and woman, and for the maturer years, milk is a needful food.

Drink it slowly—eat it. That insures complete digestion. Considerable milk in the place of heavier, slowly digestible foods. Use milk as a substantial part of your meal.

Begin today to drink more milk. Teach every member of the family to know its value.

DELIGHTFUL PROGRAMME AT UNIQUE THEATRE
Marie Prevost is given opportunity for a display of all that girlish charm she has in such abundance in "Don't get Personal." The Universal attraction at the Unique theatre, with an undercurrent of truth in its dealing with the unexpected adventures of a flapper who leaves the Gay White Way for the perilous paths of a rural estate. It is the reverse of the story usually told of the girl leaving the country and treading the dangerous Broadway. If it proves anything, it is that a new atmosphere always contains dangers, even though it may be a simpler atmosphere than one is used to living in.

Miss Prevost exhibits that unusual talent at subtle comedy that she has gained from several years' work in films of all variety, from slapstick to her present high plane of Universal comedy dramas.

COUNCIL MEETINGS.

On account of the meeting of the municipal council, which opened at 2.30 o'clock this afternoon, the weekly meeting of the city council, scheduled for this afternoon, has been postponed until tomorrow afternoon at 3 o'clock.

ON INSPECTION TOUR.

A. D. MacTier, vice-president of the C. P. R. is expected to start on an inspection tour through the New Brunswick district on Thursday. J. Woodman, general superintendent of the district, will go to Megantic to meet Mr. MacTier and will accompany him on his tour of inspection.

REPAIRS ARE MADE.

The steamer Glendora, which has been discharging her cargo of raw sugar at the refinery wharf, shifted this morning to the Market Slip, where some repairs will be made. The Glendora suffered mishaps while en route here from San Domingo. She is the lake boat type and is somewhat of a novelty in this port.

ABLE TO GO HOME.

Friends of Mrs. Elizabeth Phillips, who was hurt in an automobile accident at the head of King street, will be glad to know that she was able to leave the General Public Hospital yesterday for her home in Hawthorn avenue. It is thought, however, that she will be under the care of a doctor for some time yet.

MILK PRICES.

A reduction varying from one to four cents a quart in the retail price of milk has gone into effect in the city shops in the city. One dairy has cut its price from twelve cents to eight cents a quart, delivered over the counter. Some of those who reduced the price to twelve cents a quart, delivered, on March 1 have made no change.

BURIED TODAY.

The funeral of Mrs. Agnes Cleary took place this morning from her late residence, 183 Chesley street, to St. Peter's church for high mass of requiem by Rev. D. C. O. S. H. Relatives acted as pall-bearers, and a large number of spiritual and floral offerings were received. The funeral was in the new Catholic cemetery.

NEW VICE-PRESIDENT.

At a meeting of the St. Vincent De Paul Society held on Sunday, Dominick Killoran was elected vice-president to fill a vacancy caused by the death of Joseph Nichol. Many expressions of regret were voiced at Mr. Nichol's death and the loss which the society sustained was referred to.

AUTOMOBILES LICENSES.

Several complaints have been registered with the Inspector of provincial licensing, W. H. McQuade, that license holders on some automobiles have been observed where they are obscured by the bumper or other accessories. Mr. McQuade said today that the inspectors will be out to be displayed in a conspicuous place on both front and rear of cars must be carried out. He also said that the action requiring licenses to keep the number clean so that they are decipherable will be followed up closely.

POLICE COURT.

William Spight, charged with having liquor in his beer shop, pleaded guilty and was fined \$200. W. M. Ryan appeared for the inspectors.

John Ryan pleaded guilty to a charge of assaulting his wife and said he had been sick and cranky when he did it. His wife said he had been drinking. He was sent below after a fine of \$20 or two months in jail had been imposed. The magistrate said he would have to get sureties to keep the peace.

LEAVE WEDNESDAY OR THURSDAY.

The S. S. Manchester Importer, which will convey Hilton Belyea to Philadelphia where he is to compete for the single scull championship of the United States, will sail on Wednesday night or Thursday morning, according to latest advice. Hilton will be accompanied by his brother Harry, who will assist him in his training, and he will have with him two shells, St. John and the "Mildred W." The former was to have been given another try out this morning, but owing to the high wind and rough water Hilton decided to take no chances, but expected to be able to have a work out this afternoon or evening. Speaking about his new shell he said from present indications it was a marvel and has more than exceeded his expectations. He said he is gradually rounding into shape and hopes to be in the pink of condition for the big aquatic classic.

SPORT TROPHIES DRAW ATTENTION

Two beautiful arrays of trophies are on exhibit in the windows of Waterbury & Rising, Ltd., and Charles Baillie King street and are attracting attention of sport lovers. In the former are prizes won by teams of individual members of the Clerical Bowling League—large silver cups, gold pencils, gold cuff links, gold stick pins, safety razors umbrellas etc. The large trophies were won by the N. B. Telephone Company's quintette, champions of the league, the second prize by the Railway Mail Clerks and the third by the Atlantic Sugar Refinery team. These prizes will be presented on Thursday evening at a banquet.

In Mr. Baillie's window are trophies won by Charles Gorman, maritime and provincial skating champion. They include thirty-seven medals won at the diamond trophy championship meet at Lake Placid this year, the International championship meets this year and last, the Canadian championships held last year at Montreal and the National championships held at Saranac Lake in addition to others won at provincial and maritime championships. There are seven cups, one large magnificent one presented by Alfred Johnson, skate manufacturer, for winning the maritime championships; the Eaton trophy, which he holds for this year as a result of winning the Provincial championship in Moncton, and others.

J. H. HAMILTON IS NEW CHAIRMAN.

South End Improvement League Annual Meeting—Plans for the Summer.

With an active list of officers and committees the South End Improvement League is away to a good start for another year. The annual meeting was held last evening in the boys' club, with President Frank White in the chair. He was made honorary president, and James H. Hamilton, last year's first vice-president takes the chair. Dr. L. De V. Chipman, who has been a very generous supporter of the boys' club was made a vice-president.

The retiring president, Mr. White, reviewed the year's work, paying a very warm tribute to Mr. Hamilton, upon whom had fallen a heavy share of the direction of affairs, and also commending all the faithful workers in the league. Mr. Hamilton gave a review of the work of the boys club, and Roy Cameron of the playground and skating rink activities. The reports of the secretary, A. H. Ellis, and the treasurer, Alex. Wilson, were also submitted, the latter showing that the year ended with a small balance on the right side.

All the reports showed that the last year had been more successful than any previous one, and that the boys' club especially had been placed upon a better working basis. Plans for the summer on the grounds were discussed, and the grounds will be put in condition as soon as possible. All baseball teams, senior and junior, seeking to play on the grounds, are asked to apply in writing to Roy Cameron, chairman of the grounds committee, before next Monday, in order that schedules may be arranged for the season. Mr. White announced that he planned to have athletic sports for the boys and girls of the south end once a month. Whether it will be possible to put an instructor on the grounds for the summer will depend on the finances, which at present are very low.

The following officers and committees resulted as follows: President, J. H. Hamilton; 1st vice-president, Dr. L. De V. Chipman; 2nd vice-president, Chas. Warren; treasurer, Alexander Wilson; secretary, A. H. Ellis; assistant to the secretary, Oliver Thomson; additional members of the executive, Oliver Thomson, Gordon Ward, Bert Waring, Isaac Mercer, William Lewis, Frank Lewis and M. Belding; grounds committee, Roy Cameron, chairman; Charles Warren, W. O. Cheley, Oliver Thomson, George Dickson, William Frost, Bert Waring.

Frank White was elected honorary president.

HERE TODAY FROM THE WEST INDIES

T. Geddes Grant, Canadian Trade Commissioner—Carriquet Brings 115 Passengers.

The Royal Mail Steam Packet Carriquet arrived in port this morning at 3.30 o'clock and docked at McLeod's wharf, to discharge her passengers and mails. At 4 o'clock she proceeded to the refinery wharf to discharge a cargo of sugar. She carried 115 passengers, of whom 71 were cabin, nine second and thirty-five third class. There were no St. John people on board. Among the cabin passengers for this city were Mr. and Mrs. T. Geddes Grant. Mr. Grant is the Canadian Trade Commissioner to the West Indies, and will remain in the city for several days, in the interests of trade extension.

Among the third class passengers were eight Chinese, who left on the C. P. R. this afternoon on the next stage of the journey to their homes in China. The Carriquet has 2,500 tons of sugar for the refinery and also 500 pouches of molasses and a quantity of onions for this port. The passengers reported a pleasant and uneventful trip.

GLEN FALLS TO HAVE COMMUNITY HALL

A Fine Entertainment Last Night—Lieut. Gov. Pugsley Donates Site.

The Glen Falls Community Club is a comparatively new but vigorous and helpful organization. Last night, under its auspices a most enjoyable entertainment of which was given in the factory, the use of which was enjoyed by Lieut. Gov. Pugsley, and the chairs loaned by the local church. There were thirty performers, all local talent, and despite the unpleasant weather the audience numbered about three hundred. After the concert a dance was enjoyed, with Felix McNamee, floor manager. The whole affair was a great success and shows what can be done when the community spirit is aroused. Much credit is due Mrs. Charles Dixon for the efficient manner in which the entertainment was conducted. John Whalen was chairman. At the close of the concert the thirty performers appeared on the stage and sang the national anthem, the audience standing at attention.

It is the intention of the Community Club to build a hall on a fine site donated by Lieut. Gov. Pugsley. This club, though only about six months old, has seventy-eight members, who are all deeply interested in its work.

Engagement Announced.

Frederick Glenier, captain and Mrs. Charles P. Lewis have announced the engagement of their daughter, Nina Lee, to Marvin Hartt White, son of Mr. and Mrs. Frank H. White of St. John. The marriage will take place early in June.

COUNCIL AND HYDRO

Not knowing that a change had been made, the Times last evening said that the hydro question would come before the city council today. It does not come up until tomorrow at three o'clock.
