EVERY COUNTY IN NOVA SCOTIA VOTED "DRY"

Total Province Majority About 50,000 No Doubt of Defeat of Importation advocates in Western Provinces — Features of Voting and Some Press Comment.

Halifax, N. S., Oct. 26.—Belated returns from outlying districts of the province received this morning only served to swell the high majority voted by the dry forces in yesterday's referendum on the question as to whether or not the importation of liquor for personal use will be given out for some days, it is believed that they will show a majority of upwards of 80,000. Halifax city was the only centre giving a wet majority.

Table with columns: County, Drys, Wets. Includes Annapolis, Antigonish, Cape Breton, Cumberland, Digby, Guysboro, Halifax, Kings, Lunenburg, Pictou, Queens, Shelburne, Victoria, Yarmouth.

Will Convey Body of Lord Mayor To Cork

Tentative Plans for the Funeral of T. MacSwiney

Large Delegation from Ireland as Escort — More Shootings Are Reported Today — Reports from Several Cities.

London, Oct. 26.—Inquiries which have been made of members of the family in behalf of the government regarding the arrangements for the funeral of Lord Mayor MacSwiney have been interpreted by Father Dominic, the late lord mayor's private chaplain, as an indication that there will be no interference with the family's plans, and that the body will be turned over to them immediately after the inquest. This, the home office states, will be held on Wednesday morning.

London, Oct. 26.—Announcement of plans for the removal to Ireland of the body of Terence MacSwiney, late lord mayor of Cork, were expected today. It was understood that final decision of the question of whether the body would be turned over to the family or would be turned over to relatives here, was left to the administration at Dublin Castle.

London, Oct. 26.—Crowds along the Grand Parade, one of the principal thoroughfares of this city, were thrown into a panic last night when several shots were fired from a military lorry and an accompanying armored car. So far as is known, however, there were no casualties.

London, Oct. 26.—Although declaring France must not interfere in questions relative to the interior policy of England, newspapers of this city, containing reports of the resignation of MacSwiney, pay tribute to his courage.

London, Oct. 26.—Arthur Griffith, founder of the Sinn Fein yesterday sent a message to Lady Mayores MacSwiney saying that he had received information that Ireland embitties his memory forever in that freedom in the struggle for Ireland's freedom is not to those who can inflict the most, but to those who can endure the most.

London, Oct. 26.—Three men were shot and killed by masked men who were alleged to be wearing khaki uniforms here yesterday. The shooting took place in the Thurles district. One of the victims was the registrar of the local arbitration court, Michael Ryan, another one of the slain was shot while lying in bed, where he had been suffering from pneumonia.

Dublin, Oct. 26.—A hall which was to be held last night in connection with the Protestant Hospital fete, was postponed in consequence of the late mayor's death, notwithstanding the fact that it had been promoted mainly by Unionists.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "I want you to help me with a little lesson in arithmetic."

"Go ahead," said Hiram. "A quart of milk," said the reporter, "costs seventeen cents, a gallon would cost sixty-eight cents."

"Well," said Hiram, "you don't need to her no addin' machine to do that sum."

"Two and a half gallons of milk at seventeen cents a quart, or sixty-eight cents a gallon, would cost \$17.00."

"Well," said Hiram, "what if it were a quart of milk at that rate to make a pound of butter. And butter was sold at auction in Montreal on Saturday at a fraction under forty-eight cents per pound."

"I guess," said Hiram, "you ain't takin' no account of the freight on a dealer's profit on that milk."

"Well," said the reporter, "let us leave it out. What is it—six cents? If so, the farmer would get eleven cents or forty-eight cents a gallon, would it not?"

"I guess," said Hiram, "you ain't takin' no account of the freight on a dealer's profit on that milk."

THROUGH MANY TROUBLES IN THE PORT OF HALIFAX

Steamer American Finally to Get Away for Bermuda Today or Tomorrow.

Halifax, N. S., Oct. 26.—The steamer American after an adventurous year and a half in this port, will sail for Bermuda today or tomorrow. During her sojourn here she has been four times twice twice by the sheriff, and has had three actions brought against her.

The American, then owned by the American S. Co. of Montreal Bay, arrived here in April 1919, and was ordered sold by the sheriff to pay the crew's wages and to complete Caracanda Brothers of New York, purchased her, reimbursing the Firestone interests for what they had paid the shipyard. In last January, loaded with coal, the American sailed from here for the West Indies, but encountered a terrible storm and was compelled to put back to port, with a heavy list and encased in ice.

Her cargo of coal was discharged and in March action was brought against the steamer for damages arising because of non-delivery of the coal. Later another action was brought by the captain for wages due the crew and disbursement of the coal. In August and September action was brought by the sheriff and purchased by parties in Bermuda. She has landed for here at New York, and will likely get away today or tomorrow.

WOMAN SEEKS TO TAKE SEAT IN HOUSE OF LORDS

Viscountess Rhonda Claims It as She Is Peeress in Her Own Right.

London, Oct. 26.—Viscountess Rhonda, a peeress in her own right, has petitioned King George to order a writ issued summoning her to serve in parliament as a member of the House of Lords.

Peeresses in their own right, of whom there are about twenty-five, have all the dignities and privileges of peers except that of sitting in the House of Lords, but being in a different position to the wives of peers, who merely take their husband's titles.

Lady Rhonda contended that recent legislation entitled the position of the peeresses, and declares the wishes to participate in legislation before the House of Lords. This is the first time a peeress has sought the right of admission to the upper house of parliament.

The title was bestowed on Viscountess Rhonda, who was created a baron in 1896. She was a successful food controller of Great Britain.

London, Oct. 26.—Fifty-three of the 1920 persons who received the laying of hands by James Moore Hickson during the two day healing mission in London, were announced here last summer have been cured of their ailments, according to the report of a committee appointed by the rural deanery of Toronto to carry on the mission. Fifty-six per cent said that they had received some benefit.

The number of cases treated by the "healer" included nine Catholics. The great majority were Anglicans though there were Presbyterians, Methodists and Baptists in the gathering of afflicted ones.

GOVERNMENT CALLS OUT ITS FULL STRENGTH

Rally of Supporters on Bill re Emergency Power

Designed for Use in Case of Trouble Over the Coal Strike — Asquith, Thomas, Adamson and Clynes Oppose.

London, Oct. 26.—Strong opposition to the government emergency power bill, giving the administration far-reaching authority in the event of a general strike or of disorders, was anticipated in the hour of commons today. The measure entered the committee stage of consideration, and the government issued instructions for all supporters to be present at today's session of the house.

In the house of commons last night, a motion for the rejection of the bill, offered by Wm. C. Adamson, labor leader, was defeated by a vote of 227 to 35, and the measure was passed to second reading.

Mr. Asquith, former premier; J. H. Thomas and Mr. Adamson, and John Clynes, former food controller, made strong appeals to the government to withdraw the measure which Mr. Adamson characterized as "panic legislation, which is always dangerous."

Mr. Thomas based his appeal on the ground that emergency powers were needless, pointing out that although 1,000,000 workers were directly affected by the coal strike, and that a million more were indirectly interested, there had been no disorders.

Premier Lloyd George replied to these criticisms and defended the bill which, he declared, was not intended as an attack on trade unions, but absolutely necessary to "face the threats of railwaymen and the triple alliance to cripple our national life almost without notice."

Further consideration of the bill was postponed during the night session, as T. P. O'Connor, leader of the Irish Nationalists, secured permission to begin the debate on taxes in Ireland. Mr. O'Connor discussed recent acts of repression in the island, but no new points were developed.

London, Oct. 26.—Sensational charges were made in Bow street police court today against a mysterious man of un-identified nationality, the government attorney declares, has been acting before members of revolutionary circles in this country and the Russian revolutionists.

The government attorney said that among letters found on the accused was one from Sylvia Pankhurst to Nikolai Lenin, premier of Soviet Russia, saying: "The situation is most acute. Not ready for revolution yet."

The accused declined to answer questions put to him. He was remanded for a week.

St. Petersburg, Oct. 26.—Fifteen thousand Russian Bolshevik soldiers have been taken prisoner and many cannon and large quantities of war material have been captured in raids carried out by Gen. Wrangel's army recently. An attack along the line running from Marioupol to Simklovo resulted in the capture of 10,000 men, and the remainder of the Soviet forces were being pursued by the enemy two weeks ago.

Winnipeg, Oct. 26.—(Canadian Press)—Application for suspension of the order granting increased freight rates pending the reconsideration of the matter, was made yesterday before the board of railway commissioners by H. J. Symington, K. C., representing the interests of Manitoba.

Hon. F. B. Carvell, chairman of the board, refused to grant the suspension at present, declaring that the application must be made to Ottawa in the ordinary way.

SOMEONE VOTED LAUNDRY CHECK AT LEAST 60 DAYS BEFORE LIQUOR BARRED

Other Disclosures Made in Re-Count of City Ballots This Morning.

The record of the city votes was continuing this morning. Those present besides Judge Armstrong were J. MacMillan, William M. Ryan, and J. MacMillan, representing the government, and Roy A. Davidson and Dr. J. Roy Campbell representing the opposition.

Another envelope was found an opening position circular, which was the result of the re-count. The result of the re-count was that the laundry check was found to be at least 60 days before liquor was barred.

FOR PROTECTION OF HUMAN LIFE IN N. B. WOODS

Halifax, N. B., Oct. 26.—The death of a returned soldier, who was killed while hunting on the Gulf of Mexico to Lake Superior, was due to an accident, but "due caution" was not taken in the firing of the rifle, according to a verdict rendered last night.

The verdict included a recommendation that the provincial government take steps to provide further protection for human life in the forests of New Brunswick.

DOMINION I. & S. CASE ON AGAIN

Ottawa, Oct. 26.—(Canadian Press)—When the exchequer court today reopened the hearing of the Dominion Iron & Steel Company's action against the dominion government, the hearing of the evidence of Controller C. S. Cameron of the Dominion Iron & Steel Company, taken before the registrar, Dr. Charles Morse, was continued.

It was expected that the reading of the evidence of Dr. Morse would occupy the time of the court until noon today.

SALE OF PATTERN AND TRIMMED HATS AT M. R. A., LIMITED. Wednesday an event of interest to fashion loving women commences at the M. R. A., Ltd., store. Three large groups of handsome pattern and trimmed hats—some of them French, English and American models will be selling at decidedly reduced prices. These are fashioned of velvets and other fashionable fabrics, small and large shapes, and are trimmed with ostrich, metallic laces, flowers, feathers ornaments of various kinds and other novel ornaments that only a visit to the store will explain. These three special prices are very exceptional for hats of this kind. Wednesday, prices are \$1, \$1.50 and \$2.

SHIFT IN THE CONTROL OF DEFENCES OF NEW YORK. Boston, Oct. 26—Primary defence of New York city against an invasion by sea would be directed from this city, under a war department order received at the headquarters of the First Corps area.

The order transfers to the First Corps area that part of the state of New York that lies east and west of 72nd street, comprising the eastern half of Long Island, with Forts Wright, Terry and Mickle, and the extensive defences of Block Island.

These defences were erected for the protection of New York, but are now judged to be more important for the protection of New London, Bridgeport and southern Connecticut in general.

ALL IS TO BE "BLACK" IN HOME OF BRIDE. Paris, Oct. 26—Calling marriage "a tragedy for which the mind must be adequately prepared," Germaine de la Boisserie, French artist, has designed a black apartment in which she and her prospective husband will spend their honeymoon.

The nine rooms of the apartment are covered with black, some with black velvet, others with satin, linen or wall-paper. Curtains and portieres are black. Black the furniture, black the bed, black the sheets, black the table-ware. The bathroom is a huge block of black marble.

The bride's trousseau is a mass of black chiffon and cantilly lace, which she has sent notes written with white ink on black paper informing her friends that only black-clad persons will be received.

STATEMENT BY HARDING. Washington, Oct. 26—In a pre-election statement to the people of the United States, Senator Harding, Republican presidential nominee, declared that the Republican party goes to the people assured that they will recognize its superiority as an instrumentality of administration and that in the election now impending they will give it the certificate of their confidence and trust.

As to the league of nations issue, Senator Harding summarized his party's position as follows:—"The Republican party purposes... such an association of nations as will most effectively further the aspiration for world wide peace and permanent peace without sacrificing any part of the independence of the United States. It believes the United States can and must assume its responsibility for the world, but it also believes that the United States alone must decide what that part shall be."

At a special meeting of the St. John Art Club last evening, W. F. Burditt was chosen president, Miss C. O. McGivern, corresponding secretary, and N. Woodley recording secretary. Two vacancies on the executive council were filled by Mrs. J. W. V. Lawlor and P. N. Woodley. They were tendered a vote of thanks for their work on the exhibition catalogue. The annual fee of \$1 was continued. It was announced that Dr. Ritchie of Halifax will lecture here on "Art in Rome." W. E. Barber and Mrs. Lupton were voted in as new members. The refreshment committee was composed of Mrs. Powell and Miss McGivern as conveners, with Mrs. Mulcahy, Mrs. P. N. Woodley and Mrs. McTavish. Alex. Watson, Miss Ildian Hazen and C. H. Flewelling were appointed on the refreshment committee.

PREMIER AND CALDER HECKLED

Much Interruption in Winnipeg Meeting at Which Western Campaign Is Resumed.

Winnipeg, Oct. 26—A defence of the government's course over the last three years, an attack on what he termed the "Political Jig-Dancing" of Hon. W. L. Mackenzie King in his present western tour, and a statement on the government's tariff policy featured an address here last night of Hon. Arthur Meighen, Premier of Canada, in the opening meeting of his tour of the Western Provinces. He was preceded by Hon. J. A. Calder.

Mr. Calder spoke of the appearance of Mr. Meighen in Winnipeg three years ago in the war election, and asked if the government had not carried out its mandate. There were vociferous cries of "No" from various parts of the hall. "That," said Mr. Calder, "is a matter which will bear discussion." He declared that from that election to the end of the war the government bent every energy towards its fulfillment. There were isolated shouts of "sugars," "Rags rifles" and "Give soldiers a square deal."

"I have never had any regret as to my own course in joining the union government, and I have no apology," said Mr. Calder.

There were further interruptions, and the chairman asked for a fair and attentive hearing for the speakers. This request was cheered by the majority of the audience.

"I would like to make a confession," the speaker said. "I was what was called a 'Grit of the Grits.' Today I have not the slightest desire to play the old game. There are some who hint that I have been a traitor to Liberalism and to western Canada. That is not the way I see it. I am not a traitor to myself or to my duty, and I am not a traitor to my country."

Premier Heckled. The prime minister was half through his speech last night before he met with any real interruption.

"Is there," he asked, "any human being with a well ordered mind who will say that the government record of the past three years has been a record of...

MR. KING'S TOUR

Conference in Regina Over Return of Liberals Who Supported Union Government.

Regina, Oct. 26—Hon. W. L. Mackenzie King addressed two meetings here last night. Both were well attended. Assisting the Liberal leader were W. C. Kennedy, M. P.; Wm. Duff, M. P.; and Hon. W. F. A. Turgeon, provincial attorney general. Mr. King alleged that the present attempt to break up the progressive forces into various opposed groups as inspired by the backers of the National Liberal and Conservative party.

CANADA'S COAL

Plenty of Bituminous, Says Mining Journal Editor at Convention.

Winnipeg, Oct. 26—Canada has sufficient bituminous coal within her borders to supply not only her present population, but also that of the future," said F. W. Gray, editor of the Canadian Mining Journal, at the western convention of the Canadian Institute of Mining yesterday.

SHAREHOLDERS SAY YES TO THE PRICE BROS. SALE

Quebec, Oct. 26—(Canadian Press)—At a meeting of the shareholders of the Price Bros. yesterday a resolution of directors to sell to the Price Bros. & Co., Ltd., was unanimously approved. The transfer will take place on Nov. 1.

The capitalization of the new company will be \$42,971,000, as compared with \$8,884,000 capitalization of the present company. The increased capital will enable the new company to realize the extensive developments in the lumber, pulp and paper industries for which plans have been made.

The Young People's Association of Carleton Place church held a citizens' night last night. Charles Beatty, vice-president of that department, read a paper on moving pictures, discussing them under four heads—production, censorship, commercial viewpoint and the church's duty.

Dancing at Diana's every evening. 10-27

Fired on by Pursuing Police, Their Car Crashes Into Stoop—Thieves Escape.

Four burglars who had carried a heavy safe from the rear of Liggett's drug store, at 8641 Broadway, near 192d Street, into a stolen automobile driven up near the curb, led the police an exciting chase early yesterday morning down Broadway, West End Avenue and Riverside Drive to Ninety-second Street where they abandoned the machine and escaped on a southbound subway local leaving the Ninety-first Street Station, says the New York Times.

## The Evening Times and Star

ST. JOHN, N. B., OCTOBER 26, 1920.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

Subscription Prices—Delivered by carrier, \$4.00 per year; by mail, \$3.00 per year in advance.

The Times has the largest circulation in the Maritime Provinces.

Special Advertising Representatives—NEW YORK, Frank R. Northrup, 303 Fifth Ave.—Chicago, E. J. Power, Manager, Association Bldg.

The Audit Bureau of Circulation audits the circulation of The Evening Times.

**THOSE RECOUNTS.**  
The Standard says: "The application for a recount is nothing but a put-up job to irritate and annoy Mr. Bentley."

This is wholly untrue. Mr. Bentley believes he got a majority of votes in St. John county and should be declared elected. In asking for a recount he is exercising his rights.

But what of the recount in the city? Did Mr. Tilley ask for it? Not at all. Mr. Tilley, who is the candidate personally concerned, did not want a recount. Nor did the other candidates.

It is the opposition leader who took this course, presumably in the hope that Mr. Bentley would reconsider. The Standard has grossly misrepresented the case. In one case a candidate demands a recount because he believes he was elected. In the other the candidates did not desire a recount, but one was demanded at the instigation of the opposition leader, upon whom the responsibility must rest.

**NO IMPORTATION.**  
Nova Scotia and the three provinces have spoken. They have said that they wanted it—and they propose to have it. So long as liquor could be imported legally into any of these provinces they could not enforce the dry law. That importation will now be stopped. Through cowardice the federal parliament passed the bill to the provinces, and because of that there has been delay, and we have had Quebec in the four provinces which voted yesterday.

The wets were in a majority yesterday in Halifax, Windsor and a few other large centres—but not in all. We would expect a large vote in Winnipeg, where the radical foreign element is strong. On the other hand, in Cape Breton, where it was predicted the wets would have a majority, the workingmen voted in a majority in favor of the bond province. Their feeling was expressed by Secretary J. B. McLachlan of the I. M. W. when he said: "I hate the liquor traffic with a white-hot hatred, because I have seen it used over and over again to dash the hopes of working men when they were on the eve of doing something for themselves."

The St. John Boys' Club, with a trained director in charge, was opened last evening for the season. More than a hundred boys were there. Soon there will be two hundred. With only one large hall and a tiny reading or class room, it is necessary to do many things on the one floor, but the arrangement has been greatly improved, with more equipment, and there will be more to interest the boys than in any former season. To hear that hundred voices joined in the choruses of popular songs, followed by whistling choruses, would put the musical director of the Rotary Club on his mettle. The citizens should have a kindly interest in the Boys' Club, the only one of its kind in the city.

**PRODUCTION AND PRICES.**  
The monthly letter of the Canadian Bank of Commerce gives an admirable summary of the present situation in regard to industry, labor, and commodity prices. It says: "In practically all business centres in Canada a condition is developing in which labor has to be employed whereas from the beginning of the late war until the present time the supply of labor has not been equal to the demand. Employers are now in a much better position to adjust their labor forces so as to obtain more efficiency, and the effect of this has been in evidence for some time past. On the other hand, there has been a marked diminution in the demand for many classes of commodities. These two tendencies—the one towards greater efficiency in production, and the other towards more careful purchasing—will accentuate the trend towards lower prices. In the absence of any marked changes in wage schedules, however, and with only a slight surplus of labor on the market, it would appear that the decline in prices cannot be rapid."

It has been asserted in behalf of labor that no reduction in wages would be agreed to, but in the New England textile mills, when confronted by the alternative of a decline in wages or no wages at all, because the plants could not be operated, a reduction was agreed to and the mills are busy. But even where wages are not reduced there can be an adjustment of the labor forces so that production will be increased, and that is equivalent to a lower scale of wages when the whole output is considered. The fact that Mr. Lloyd George is insisting upon it that if the miners get more pay they must produce more coal. In regard to industrial conditions in Canada, the tendency is now toward increased production, and this in turn will have its effect upon prices, the more so that the people are purchasing more carefully than for some years past. Expectation of a sharp general decline in prices is not justified.

The refiners have reduced the price of sugar to seventeen cents. The retail price must now come down and as one sugar company is quoting sixteen cents there is a prospect of further decline in the wholesale price. The sugar now held in immense quantities on a falling market had been offered some months ago at a reasonable figure the refiners would have fared better.

**OUR FOREST WEALTH.**  
Canada's domestic exports for the twelve months ending in August were valued at \$1,219,228,896. Of this amount nearly 22 per cent, or \$267,480,144, was represented by wood, pulp and paper, exported chiefly to the United States. The exports of wood pulp increased 10 per cent, and of paper 15 per cent, in twelve months. The growth is likely to continue. When there is added to the export of forest products the annual forest wastage due to fire and other causes, the question arises: How long can the country stand the drain? Sooner or later, unless there is a very judicious regulation of cutting, and a system of replanting, the growing scarcity of lumber and pulpwood will seriously affect prices, and in the case of certain lands it will deprive provinces of a very profitable source of revenue. The Dominion Forestry Branch points out that so long as forest products are comparatively cheap there will be no extraordinary effort to protect and develop them, and herein lies the danger. With a growing export demand, which may be expected despite the present overstocked market, the chances are that the source of supply from year to year will be steadily diminished, until scarcity and high prices arouse the government to a sense of the necessity for a more careful policy. New Brunswick is as yet in a very favorable position, but the conservation policy of the government will need to be continued and perhaps made more restrictive as time goes on. Heavy exports, at the expense of future industry and profit, are not wise economy, and constant vigilance and careful stock-taking must mark the policy of the province.

**THE WETS.**  
The wets were in a majority yesterday in Halifax, Windsor and a few other large centres—but not in all. We would expect a large vote in Winnipeg, where the radical foreign element is strong. On the other hand, in Cape Breton, where it was predicted the wets would have a majority, the workingmen voted in a majority in favor of the bond province. Their feeling was expressed by Secretary J. B. McLachlan of the I. M. W. when he said: "I hate the liquor traffic with a white-hot hatred, because I have seen it used over and over again to dash the hopes of working men when they were on the eve of doing something for themselves."

**THE ST. JOHN BOYS' CLUB.**

Rippling Rhymes by Walt Mason. Copyright by George Matthew Adams.

THE PRICE of silks and motor cars has reached a lower spot; but necessities, like cigars, still cost a frightful lot. The price of many silken duds is lower, I admit, but when I press a peck of spuds I straightway have a fit. I could exist without a hat all trimmed with costly lace; but I must have some bacon fat to feed my haggard face. Expensive hats have slumped, they say, but bacon does not fall, and so I bash my head-piece against the kitchen wall. The price has slumped on linens, which ought to soothe my soul; but when I open a can of beans, it puts me in the hole. The things really do not seem to be slumping, you will find, and here a buck and there a seed the prices have declined; the doodads worn by gilded loons cost less, if loons will buy; but oh, my friends, the poor man's prunes are still too beastly high. Don't think the profiteers are dead because some prices shrink; still, still they cling on. Our bread costs more, and our drink, until his profiteering stops, the situation's blue; we can't afford to buy the hops and raisins when we'd brew.

### HON. MR. DUGAL (Frederickton Mail).

It is generally conceded that Hon. L. A. Dugal of Miramichi, who yesterday was removed from the provincial cabinet, has rendered good service to the province. Hon. Mr. Dugal was first elected to the House of Assembly in 1912, being one of two members returned in opposition to the Fleming government. Handicapped as he was by a lack of knowledge of the English language, he was constantly at his post and kept a watchful eye on the administration. During the session of 1914, he preferred grace charges against Premier Fleming from his place in the House, which charges he was able to establish before a royal commission named by the government. Finding made by the royal commission resulted in the withdrawal of Premier Fleming from public life, and the cabinet was reconstituted. Hon. Mr. Dugal has been a member of the House since the formation of the present government, and his record is one of pleasing personality and sound judgment and unimpeachable honor. His relations with the government have been cordial, and his retirement, which has been brought about by pressure of private business, is deeply regretted by one and all of them.

### THOMAS E. WILSON.

Thomas E. Wilson was born in London, Ontario, of Scotch-English parents. He is forty-two years old. His family moved to Chicago when he was a school boy and it was in that city that he finished his meagre education. Then he came to St. John, N. B., where he got a job as a clerk with the Burlington Railway. He stuck to the job but a short time. B. Forbes, then works manager, saw in him a comparatively young man and it is to be hoped that some time in the near future the province will be able to avail itself of his valuable services.

### HARVEST TIME.

Followed and hushed on the silent plain, Wrapped in her mantle of golden grain. Wearing of pleasuring weeks away, Summer is lying asleep today.

Where winds come sweet from the wild And the smoke of the far-off prairie fires, Yellow her hair as the golden rod, And brown her cheeks as the prairie sod.

Purple her eyes as the mist that dream At the edge of some laggard sun-drown'd stream; But over their depths the lashes sweep, For summer is lying today asleep.

The north wind kisses her rosy mouth, His rival frowns in the far-off south. And comes caressing her sunburnt cheek, And summer awakes for one short week.

Awakes and gathers her wealth of grain, Then sleeps and dreams for a year again. —E. Pauline Johnson.

## The Prestige of the Enterprise Scorchier

is firmly founded on efficiency and durability—not on words, but on deeds. Hundreds of these heaters are in use in St. John and vicinity—most of them have been in use for years. They're still favorite. Why?  
Because—It's Easy on Fuel.  
—Burns Hard Coal, Soft Coal or Coke.  
—Simple to Operate.  
—Easily Kept in Over Night.  
—It's a Quick Heater, too.  
—Presents a Good Appearance.

If you are going to buy a Heater, let us show you the Scorchier. We have all kinds of Heating Stoves—for any place—to burn any fuel.

## PURGING THE LANGUAGE.

The so-called split infinitive has been abused so much and those who employ it in newspaper and other writings have been called to account so often that it must be a relief to many to find the cudgels taken up in its defence, and by a no less doughty brigade than the Society for Pure English of Great Britain, which numbers among its members such prominent authorities as Robert Bridges, the poet laureate, Sir Walter Raleigh, Oxford professor of English literature, Hon. A. J. Balfour and Mrs. Humphry Ward. In its campaign for pure English, this society is not only on the trail of whatever is aliphond and ungrammatical, but opposing also "the tyranny of schoolmasters and grammarians, both in their political conservatism and their ignorance of the history of the English language." It is such tyrants, "rules" based, not on principle, but merely on what has come to be considered a "correct usage." It is such tyrants in their "pedantic conservatism" that would bar the split infinitive from the language.

## FARM UNDER A HAT.

"The farmer must be educated to be the intellectual peer of any man," says Wm. G. Smith of Minnesota, "and so he must be taught successfully those systems that absorb too much of his profits." A bright young boy once said he had a farm which was exempt from taxation. The Hon. Dr. Smith is intensely interested in the rural school, and hopes to see every school adequately staffed.

**SWEETHEART AND MOTHER OF BANDIT HELD FOR INQUIRY**

**Elder Woman Had Hidden \$25,000 Worth of Jewelry Belonging to Her Son,**

Cleveland, O., Oct. 26.—Two women, said to be mother and sweetheart of Albert Joyce, the bandit who was killed during the battle following the robbery of the Cleveland Trust Company's branch at Bedford, were held by the police for investigation.

Jewelry worth \$25,000, including unset diamonds valued at \$17,000, and \$8,200 in cash were found on the elder woman when she was searched, according to the police. The women were seized when they attempted to get possession of Joyce's body.

The younger woman gave the name of Hazel Grey and later that of Norma Scott and said her home was in Oakland, Cal.

While being searched the elder woman is alleged to have offered the man \$1,000 if she would withhold the information concerning the hidden jewelry and money.

The detention of the women, through whom the police hope to establish the identity and activities of other members of the gang, occurred through a singular incident.

Employees of a down-town department store recognized pictures of Joyce, alias Albert Johnson, as a man who purchased a silk bathrobe costing \$100, and other articles several hours before yesterday's hold-up. The women returned the bathrobe today, explaining that the man would not be able to use it because he was killed. Their acknowledgment of the clerk's expressions of sympathy aroused her curiosity and the police were notified.

Through an undertaker it was learned that the women had arranged for the transportation of the dead bandit's body to New York.

During examination the elder woman asserted herself as Mrs. Mildred Johnson. She insists she was the mother of the dead man, and said she has four

other children, who were with her husband at their home in New York. The jewelry, she said, belonged to her son. She found it while packing up preparatory to leaving for New York with the body.

George "Jiggs" Lestner, said to be the leader of the bandits, and two of his confederates, Harry Stone and Orville Taylor, who were wounded and captured, were indicted by the Cuyahoga county grand jury in charges of robbery in connection with the hold-up. Three "true bills" were returned.

Lestner, however, faces two indictments for first degree murder.

The members of the gang who escaped after the battle were all at large tonight, although believed to be wounded. An all day search by officers and posse failed to reveal their hiding place.

Eight Bedford residents who took leading parts in the rescue of the robbers were rewarded by Alfred Goff, president of the Cleveland Trust Company.

E. W. Porter, who killed Joyce, driver of the bandit car, received \$1,000. Five others got \$250 each and two women were given \$100 each.

**DANCING.**  
 Dancing 8-12 every evening at The Dania Dance Room.

**Philadelphia's Birth Rate.**  
 Philadelphia, Oct. 26.—Philadelphia's birth rate has shown a notable increase in the first eight months of 1920, after a decline during the war.

The excess this year has been 198 births a month over 1919, and if the present rate continues will be far in excess of previous years.

Don't Spoil or Streak Material in Dyes that Fade or Run

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, whether wool, silk, linen, cotton or mixed goods.

Buy "Diamond Dyes"—no other kind—when perfect results are guaranteed even if you have never dyed before.

**GREEK KING DEAD**

Succumbs to Wounds from Attack of Pet Monkey.

(Associated Press Despatch.)  
 Athens, Oct. 25.—King Alexander of Greece died this evening at 4:20. His death was due to wounds which he had received in an attack on him by a pet monkey early in October, the king being badly mutilated.

Alexander succeeded to the throne of Greece in June, 1917, when his father, King Constantine, abdicated in response to the demand of France, Great Britain and Russia, the three powers which had guaranteed the constitutional liberties of the Greek people. Alexander was the second son of Constantine and was not quite twenty-four years old. His elder brother, Crown Prince George, was considered ineligible for the throne because of alleged pro-German sympathies.

**RECENT DEATHS**

The death occurred in St. John last week of George W. Dunbar of Pennfield, Charlotte county. The deceased was in his fortieth year. He leaves his parents, one sister and four brothers. The funeral took place at Pennfield on Saturday and was very largely attended.

The death of Mrs. Thomas Robinson occurred on Saturday in New Westminister, B. C. She was born in Charlottetown, P. E. I., in 1819, and was formerly Miss Watt.

The death of Mrs. May E. Gordon occurred at her home in Moncton on Monday after a brief illness. She had gone to the Canadian west to visit her son and was taken ill while there. She was advised to return to her home, which she did, accompanied by her daughter. She was unconscious when she reached Moncton on Saturday and passed away on Sunday. Sturgeon Gordon of this city is a son.

**MRS. D. P. CHISHOLM AGAIN PRESIDENT OF ST. MONICA'S**

At the annual meeting of St. Monica's Society yesterday afternoon, Mrs. D. P. Chisholm was re-elected president, and satisfactory reports were presented with the following committees: Charity committee, under the chairmanship of Mrs. W. E. Scully; immigration work, under Mrs. John Owens; sewing committee, Mrs. Joseph Stock; convalescent committee, Mrs. J. H. Doody; convalescent committee, Mrs. J. Gleason, and the tea committee, Mrs. S. Comeau and Mrs. A. J. Meehan. She also reported in connection with the work of the Cathedral High School. Her report also included a list of thirty yards of flannel for the Catholic Girls' Guild.

With the conclusion of the reports which were all most satisfactory and most enthusiastically received the election of officers was proceeded with and resulted as follows: By acclamation, president, Mrs. D. P. Chisholm; secretary, Mrs. D. C. Dearden; treasurer, Mrs. Weston Hogg; by ballot, first vice, Mrs. M. Bohan; second vice, Miss A. O'Neill; members of the executive, Mrs. James McMurray, Mrs. Richard Sullivan, Mrs. Atkinson, Mrs. E. O'Toole, Mrs. Hugh Doherty, together with the convalescent standing committees, as follows: charity, Mrs. W. E. Scully; immigration, Mrs. John Owens; sewing, Mrs. Stock; Mrs. M. Nugent; industrial home, Miss G. Coll; Miss K. Cotter; Home for incurables, Mrs. J. H. Doody.

The delegates to the Local Council of Women appointed were Mrs. M. Bohan, Mrs. P. Lynch, Mrs. M. Arty, Mrs. E. Mullin, Mrs. M. Margett and Mrs. D. P. Chisholm.

### LOCAL NEWS

#### HERE NEXT WEEK?

A report this morning was that the Commission on Tariff matters in Canada, may be in St. John next week to hold sessions here. This, however, is not definite.

#### IN MAIN STREET.

A leak in the service pipe to the cold storage plant has been repaired by members of the water and sewerage department and the men are now engaged installing a man hole in that section of Main street.

#### RUMMAGE SALE.

A rummage sale was held today in a store at 250 Union street by members of the Catholic Girls' Guild. Mrs. T. Fox was convener of a large and energetic committee, and was assisted by president, Mrs. Fred J. Power, and a corps of workers. The sale was a success.

#### HIS BIRTHDAY.

About thirty little friends of Edward Kemp, son of Mrs. Nellie Kemp of 98 Smythe street, gathered at his home yesterday afternoon in honor of his seventh birthday anniversary. Games and music were enjoyed and a dainty birthday supper was served. The little had received beautiful gifts.

#### TRIDUUM AT ST. PETER'S.

A triduum in honor of St. Clement is being conducted in St. Peter's church by Rev. J. Kane C. S. R., of Montreal. It was started on Sunday morning and will be concluded this evening. The church has been filled to capacity at all services.

#### NAVY LEAGUE AHOY!

The Navy League fund keeps growing. Among the latest contributors are: W. H. Thorne & Co., Ltd., \$50; Jones & Schofield, \$25; City Cornet Band, \$25; A. R. Williams Machinery Co., \$25; Smith Brokerage Co., \$20.

Frederick reports a contribution of \$1,000 with campaign incomplete. St. John contributors should send checks to H. C. Schofield, treasurer.

#### CITY PROPERTY MATTER.

That some purchasers of leasehold and freehold property in the city are making a practice of taking possession after the sale of the property has been sanctioned by the council and the necessary papers are drawn up, without making payments as agreed, was a statement of Commissioner Bulkley this morning. He said that this practice of applicants has been brought to his notice and he will immediately take action to see that there is a stop put to this practice.

#### RETURN TO CITY.

Major T. Pugh, senior ordnance officer for Military District No. 7, and Mrs. Pugh, who have been in a motor car in the United States and in Ontario and Quebec, have returned home, and Major Pugh is again in the city. On his way from Quebec, Major Pugh visited Edmundston, Perth, Hartland and Woodstock, where he inspected the clothing and equipment of the various companies of the Carleton Light Infantry (6th Regiment), with headquarters at Woodstock.

#### PROBATE COURT.

In the matter of the estate of Walter Lynch, \$700 personally, Margaret J. Lynch has been appointed administratrix. U. J. Sweeney was executor.

The will of Anne O'Brien was probated at \$1,300 personally and \$500 ready. Joseph O'Brien was appointed executor. Dr. J. B. M. Baxter, K. C., was proctor.

#### AT MT. ALLISON.

It was announced at local military headquarters this morning that in connection with the re-organization of the Canadian officers' training corps at the University of Mount Allison the faculty has nominated a military committee to look after the work. The names will be forwarded to Ottawa and their nominations and appointments will be announced as follows: President, Dr. B. C. Borden, president of the university; secretary, Dr. J. W. Elliot, professor of classics; Lieutenant Colonel H. C. Sparling, D. S. O., general staff officer of M. D. No. 7; Dr. H. S. Blower, dean of the faculty of science, and F. L. West, assistant professor of engineering.

### APPROVE ISSUE OF \$400,000 MORE CAPITAL STOCK

#### Authorized Capital of New Brunswick Telephone Co. Now \$2,322,020—Matter Before Utilities Commission.

Permission was granted the New Brunswick Telephone Company this morning by the New Brunswick Public Utilities Commission to increase the company's capital stock by \$400,000. This amount is to reimburse the company for money borrowed for plant extension and some for maintenance, to which the company's application for increased rates, were presented.

The full commission, consisting of A. B. Connell, K. C., of Woodstock, chairman, and Felix Michael and J. D. P. Lewis, members. Fred P. Robinson, secretary of the board, and A. R. Midram, an expert who recently made a survey of the company's books in connection with the company's application for increased rates, were present.

Supporting the application for permission to increase the capital, H. P. Robinson, managing director of the company, submitted data, on which publication of the application was made. O. J. Fraser, general superintendent, in evidence said that the application was based on plant extension and additional supplies obtained, paid for by money borrowed for the purpose.

Regarding the matter of supplies, the chairman asked if the supplies were not for maintenance. Mr. Fraser replied that some were for permanent extension and some for maintenance, to which the chairman responded that the board had no power to authorize such issues to cover cost of maintenance.

Mr. Robinson asked if they could not authorize the issue for the purpose of raising "working capital."

Mr. Fraser said that the capital stock of the company on March 31 was \$1,750,000. This was increased to \$1,747,020 on June 30, 1920, the increase being taken from other funds in the company's books. The capital stock had been increased \$151,850 since that time, the commission having authorized an issue of additional \$172,000. About \$5,000 of this amount had been taken up by employees of the company.

In reply to the chairman, Mr. Fraser said that he had not heard any opposition to the present application.

Mr. Robinson remarked at this point that the time had come when the whole question of capitalization should be got out of these figures and the company report made by Mr. Midram was a very complete one, but there were principals with Mr. Midram did not mention. One of these was that the company requires capital for other than plant matters, including supplies, etc. in connection with the application and decided to approve the request. The order will therefore be issued.

Hearing in the matter of the application of the "Parners" Telephone Company for permission to increase rates was set for tomorrow morning at 10:30 o'clock.

### AFTER 50 YEARS

#### Brother and Sister Enjoying Re-Union After Half Century.

Alexander Dunlop of Glasgow, Scotland is visiting his sister, Mrs. Margaret Norris in Lunenburg. Fifty years ago Mrs. Norris left her home in Scotland when her brother was only five years of age, and this is the first time they have met during that long period. Mr. Dunlop will remain here until December when he will return to his home in Glasgow.

### SUIT FOR \$25,000 DAMAGES BEGUN

#### Action in Circuit Court Today Alleging Alienation.

Damages to the amount of \$25,000 are claimed in a suit commenced this morning in the Circuit Court. His Honor Judge Crockett presiding. The plaintiff is John F. McDonald, commercial traveler, and the defendant Herbert J. Fleming, manufacturer. The claim is based upon a charge for the alienation of the affections of the wife of the plaintiff by the defendant. D. Mullin, K. C., appears for the plaintiff, and Dr. J. B. M. Baxter, K. C., and W. H. Harrison for the defendant.

The defendant's pleadings, enter only an admission of the marriage of the plaintiff and his wife, but deny the other allegations set out in the statement of pleadings of the plaintiff. These allegations were read in court this morning by Mr. Mullin.

Miss Maymie Brown of Pleasant Point and Miss Ruby Watters, both formerly employed in the plaintiff's home, gave evidence this morning.

#### POLICE COURT.

In the police court this morning George Lavine was charged with being drunk and also with assaulting Francis Veno at Long Wharf yesterday afternoon. The complainant said he came home and found the accused at his residence and when he went in the house the accused struck him in the head with his fist.

The accused said he did not know anything about the incident but on the evidence given by Veno a fine of \$20 or two months for the drunkenness was imposed. Lavine, according to the police, was arrested in 1918 by Detectives Biddiscombe and Donahue for having liquor in his possession at the Prince Albert Hotel. He was taken to the police station and lodged in jail, but soon afterwards he escaped. This charge was not preferred against him when he was arrested yesterday.

Two men charged with drunkenness pleaded guilty and were each fined \$5 or two months in jail.

### REAL ESTATE NEWS

The following real estate transfers are included amongst those recently recorded:

W. E. Collins to W. J. Osborne, property at Glen Falls.

Coldbrook R. & D. Co. to Josephine A. Thorne, property at Glen Falls.

Coldbrook R. & D. Co. to Ida M. Watson, property at Glen Falls.

Amanda Chappin and husband to J. Peir and others, property in Lancaster.

F. Hart to Edith I. Hughton, property in Lancaster.

Isabelle I. McKean to Mabel A. Shea, property in Princess street.

F. L. Peterson to Margaret Walker, property in Queen street, west.

Kings County.

William Arthur to J. L. Heans, property in Westfield.

William Arthur to E. O. Heans, property in Westfield.

F. E. Hayes to Leslie Hayes, property in Studholm.

Alexander Hayes to Leslie Hayes, property in Studholm.

C. H. McNutt to S. H. O'Dell, property in Sussex.

Alfred Murphy to Marion Ingilton, property in Rothessay.

Myrtle Wood to S. H. O'Dell, property in Hammond.

### Mass at St. Peter's for the Lord Mayor

Rev. William Hogan C. S. R., rector of St. Peter's church announced last evening before services that a solemn requiem high mass would be celebrated on Wednesday morning at 7:30 o'clock for the repose of the soul of Terence MacSwiney, Lord Mayor of Cork, who passed away in Brixton prison, London, yesterday morning.

#### MONTREAL STOCK MARKET.

Montreal, Oct. 26.—The local stock exchange was very dull during the first half hour this morning and practically no trading took place. There were no sales in Abitibi, Atlantic Sugar, Brazilian, Laurette or Wayagsnack. Brompton remained unchanged at 75½, while Spanish River dropped a half point to 104. National Breweries also lost a half point to 64.

### You Pay for a Kitchen Cabinet Whether You Buy One or Not

Many women feel they have a plausible excuse for not owning a Kitchen Cabinet when they say they "can't yet afford one."

They look at the monetary part as the sole expense, forgetful that their time, energy, temper are all important considerations quite more worthy of conservation than money. In this way they buy a Cabinet without getting one.

We'd be glad to show in detail what our line has for you.

**A. Ernest Everett**  
"THE HOUSE FURNISHER"

### Timely Specials in Coats For Men and Women

MEN

"Coolproofs" and "Showerproofs" of autumn weight. Coolproof coats costing \$85 for \$50; coats costing \$66.50 for \$50; \$70 coats for \$53.50; \$80 and \$95 coats for \$65.50. Showerproofs: \$47.50 for \$37.50; \$50 coats for \$39; \$65 coats for \$41.50. It goes without saying that these represent the utmost in quality.

WOMEN

Autumn weight Gabardines that will quickly appeal to the naturally thrifty sense of a woman so far as quality goes and with the following additional attractions on the point of price: Coats that regularly sell at from \$34 to \$68.50 for from \$27 to \$54.50. Also some pure Illinois woolen mufflers of the \$10.90 quality for \$10.25 each.

**D. Magee's Sons, Limited, Saint John, N. B.**

COMMODITIES  
DUE FOR FURTHER  
PRICE DECLINES

Purchasing Agents Agree  
Peak Passed

A Few Exceptions—Little  
Likelihood of Lower Prices  
for Coal, Building Materials  
and Gasoline.

(Financial Post.)

The opinion that price declines will  
become more general emanated from the  
conference of the Purchasing Agents  
Association in Chicago last week. The  
delegates hesitated to estimate the extent  
of the rate of the decline, expressing  
the hope, however, that it would be  
gradual in order that business might  
not be seriously depressed.

The convention was attended by more  
than 3,000 purchasing agents of the  
purchasing agents of the United States  
and Canada. The total membership of  
the association is about 6,000 which  
figure includes some 200 members in  
Canada. Practically every industry on the  
continent was represented, and these  
delegates represent a combined buying  
power of many millions of dollars. For  
this reason any expression of opinion  
on this point by this body is of unusual  
importance.

Prices, they agreed had reached the  
peak, and the downward movement for  
a number of commodities was already  
under way. Coal was one exception,  
however, and lower prices are not  
expected for some time yet. The railroads,  
they contended, were a factor in this  
condition through their inability to  
provide adequate facilities to move the  
coal as rapidly as it could be produced.  
In fact the North-western States are in  
a serious plight, on account of their  
inability to receive sufficient fuel supplies,  
and the convention submitted a resolution  
to the Interstate Commerce Commission,  
calling for a special effort to supply  
this section with coal during the remainder  
of the navigation season, even at the  
expense of eastern industry.

Outlook for Building Materials.

Nor was any pronounced improvement  
looked for in the price of building  
materials, and some of the delegates  
even expressed the fear of the possibility  
of a further increase. As a reason for  
this they pointed out that during the  
war the amount of building undertaken  
was wholly inadequate to meet requirements.  
With the building shortage on this continent and in Europe so  
pressing, and with a continued demand  
for raw materials, price reductions, if  
they materialize, will necessarily be of  
small dimensions.

According to the opinion of the American  
delegates clothing prices are due for  
further declines next summer. It is  
improbable that there will be any reduction  
in cotton and woollen goods in the  
meantime, notwithstanding the decline  
in the price of raw wool and cotton,  
because of the fact that goods manufactured  
from the cheaper product will not be on  
the market for six or eight months.  
Food prices, too, they declared would  
likely undergo material reductions.

The members look for a continuance  
of high prices for pulp and paper, due  
to the world wide shortage. A development  
which may have an important bearing  
on the paper situation is the fact that  
German news mills are quoting paper  
prices for export, at figures which are  
practically on a par with pre-war  
rates.

The Steel Outlook.

Lower prices for steel and steel products  
are looked for, although the decline  
will not be rapid. The outlook for  
steel prices was carefully reviewed  
recently by F. H. Whitton, vice-president  
of the Steel Company of Canada, at the  
convention of the Canadian Wholesale  
Hardware Association in Toronto. He  
pointed out that those lines which  
employed the least labor would come  
down first and to the greatest extent.  
Iron and steel premium prices, he  
pointed out, would probably disappear,  
but prices would not come down as  
rapidly as other lines, and the new  
normal level of steel would probably be  
a general surprise. Too rapid production  
would cause unemployment, and the  
lessening of purchasing power, and  
only steady production would bring  
values down.

Oil men at the agents' convention  
took a pessimistic view of the outlook  
for gasoline and oil supplies. At the  
moment the consumption of gasoline has  
declined somewhat, due to the lessened  
demand for automobiles, but the  
declaration was made that at the present  
rate of consumption there was barely  
enough crude material in sight to supply  
the world's motor cars for from seven  
to ten years hence. Indications were  
for steadily increasing gasoline prices.

Relatives of Howard Foster in  
Whitstone, Long Island, New York, are  
instigating enquiries in this province  
regarding the whereabouts of the young  
man, who has been missing from his  
home in Whitstone, since April 17 last.  
Foster had been suffering from a nervous  
breakdown and when he left home he  
told his relatives that he intended going  
to New Brunswick to spend some time  
fishing and shooting wild fowl. Nothing  
has been heard of him since that time.  
Foster is five feet six inches tall and his  
left hand is amputated near the wrist.

HOW TO DARKEN  
GRAY HAIR

A Cincinnati Barber Tells How to Make  
a Remedy for Gray Hair.

A well known resident of Cincinnati,  
Ohio, who has been a barber for more  
than forty years, recently made the following  
statement:

"Anyone can prepare a simple mixture  
at home, at very little cost, that will  
darken gray hair, and make it soft and  
shiny. To a half-pint of water add 1 ounce  
of bay rum, a small box of Orlex Compound  
and 1-4 ounce glycerine. These ingredients  
can be bought at any drug store at  
very little cost. Apply to the hair twice  
a week until the desired shade is obtained.  
This will make a gray-haired person  
look twenty years younger. It is  
easy to use, does not color the most  
delicate scalp, is not sticky or greasy  
and does not rub off."

Every Woman's Ambition  
For Rosy Cheeks  
Now Easily Satisfied

Hollow cheeks with dark lines under  
the eyes, how a woman hates them!  
But rosy cheeks, clear skin and bright  
eyes, give them to a woman and she is  
happy.

The woman who attracts, whose fresh,  
dainty complexion compels admiration,  
is always careful of her health, particularly  
of her blood condition. Bad complexion  
always means bad blood.

Girls, don't let your blood grow thin  
and watery. To do so brings on sagged  
looks and declining strength.

Many a woman who has allowed herself  
to run-down, to develop that tired,  
worried look has built up again in this  
simple way. Why don't you try it?

At the close of every meal, just take  
two small chocolate-coated Ferronone  
Tablets—any person can do this in a  
minute. The action of Ferronone is apparent  
at once. It sets you up, makes you  
feel good, starts up your appetite,  
aids digestion, brings that old-time  
feeling of youth into the system again.

Ferronone puts you on the right road—  
the one leading to health.

Not a man, woman or child needing  
blood, vigor, endurance—not a person  
who is weak, nervous or flabby, not a  
person in ill-health who won't receive  
immediate help from Ferronone.

As a tonic and restorative, as a health-  
bringer and body-builder, Ferronone is  
unrivalled. It cures because it feeds and  
nourishes, because it contains the elements  
that build up and strengthen.

For better looks and better health try  
Ferronone yourself, sold every where, 50c  
per box, 6 boxes for \$2.50, or by mail  
from The Cataractose Co., Kingston,  
Ont.

The King's Daughters' rummage sale  
opened yesterday afternoon in Clayton's  
hall, Brasenose street, and met with great  
success. A large number of articles  
were received, priced and quickly  
disposed of. The sale is to be continued  
each morning and afternoon so long as  
there are any articles coming in to be  
sold. The conveners hope that the amount  
received will be sufficient to pay for  
the heating of the guild this winter.

Mrs. A. C. Clark, the president, is the  
convenor of the sale and Mrs. A. P.  
Crockett is the convenor of the evening  
and pricing committee. A different  
committee takes charge each morning  
and afternoon. The results of the opening  
day were very gratifying.

GUARD AGAINST CHILLS

Simple Precaution Against Dangers  
of Cold and Damp.

Cultivate the habit of taking a  
cup of hot Oxo—a cube to a cup—  
before going out in the cold or  
damp. Such weather is a tax upon  
the system, and the strengthening  
and warming powers of the concentrated  
beef-goodness fortify you  
against the evils consequent upon  
exposure.

If the uses of Oxo are new to you,  
try a tin of four cubes. Oxo greatly  
improves gravies, stews, or  
soups, and is a delightful, sustaining  
and appetizing beverage. It is  
excellent for children.

Regular users of Oxo prefer the  
larger tins of 10 and 50 cubes,  
using them in many different ways  
in place of meat.

PIMPLES ITCHED  
AND BURNED

Face Was Badly Disfigured.  
Cuticura Soap and  
Ointment Healed.

"Small red pimples and black-  
heads began on my face and my  
face was badly disfigured.  
Some of the pimples  
were so large and  
swollen that they  
were in places  
where the pimples  
used to be. They  
itched and burned  
terribly. I saw an advertisement  
for Cuticura and I tried them.  
They stopped the itching and  
burning and I used four cakes of  
Cuticura and three boxes of Ointment  
which healed me." (Signed) Miss V. A.  
Hayes, Stormont, N. S., Dec. 26, '18.

Soap 25c, Ointment 25c and 50c. Sold  
throughout the Dominion. Canadian Depot,  
100 Front Street, Toronto.

Cuticura Soap shaves without rasor.

MARINE NOTES.

The R. M. S. P. Caraque arrived in  
port last night direct from the British  
West Indies. She brought passengers,  
mail and general cargo. William Thom-  
son & Company are the local agents.

The steamer Grand Manan arrived last  
evening from Wilson's Beach with pas-  
sengers, mail and cargo.

A party of six sportsmen from St.  
John went on a hunting trip on Satur-  
day in the direction of Black River and  
they returned late last evening bringing  
with them a fine large moose which had  
fallen to the excellent marksmanship of  
Abraham Ricker, of 13 Johnston street.

TARAL SIZES UP  
JOCKEYS OF TODAY

Rider, Back From Germany,  
Says Waiting With Horse  
Is Now Lost Art.

(Toronto Mail and Empire.)

There have been few riders to pos-  
sess the confidence of the public in the  
same degree as Fred Taral, who recently  
returned to the United States to take  
up a permanent residence after many  
years of absence in Germany, and none  
is better qualified than the "finest  
Dutchman" to comment on the change  
in the quality of the horsemanship on  
our courses since the period when he  
was one of a galaxy of riders that were  
conspicuous for their excellence. That  
was the day of Sloan, Maher, O'Neill,  
O'Leary, Simms, Shaw, Dorsett, Mc-  
Gee, Odum, Martin, Spencer, Clayton,  
Perkins, Redfern, Turner, Burns, Lanie,  
O'Connor, Bullman and a score of lesser  
lights, but each of them capable of  
handling a horse with skill and judg-  
ment.

The veteran was surprised to find that  
the practice of waiting with a horse ap-  
peared to have become a lost art, inas-  
far as the present day jockey is con-  
cerned. After watching a day's sport at  
Jamaica, during which each rider in  
the six races was engaged in an effort to  
drive his mount at top speed from the  
moment the barrier was released, he  
remarked to some friends:

"I can't see why a boy shouldn't wait  
in second or third place when he has  
his horse in hand and is going easy.  
Making the pace is a handicap in any  
instance. Every jockey should study  
his fields the night before the race, and  
he ought to know something of the  
characteristics of the horses opposed to  
him and their riders as well. He could  
then map out a plan of action for the  
following day. This way my custom,

and I know that it was done by many  
other lads as well."

When asked how he could solve the  
present day jockey problem, Taral said  
that the system is vague abroad ought  
to be hopeful.

Races For Apprentices.

"On every program," said he, "there  
is at least one race a day for apprentices.  
Then there are races also for  
boys who have ridden only one winner,  
and also at times events are carded for  
those that have never ridden as certain  
to be hopeful.

As apprentices receive an allowance  
of seven pounds (110 dollars) and then  
three pounds till the term of their ap-  
prenticeship has expired. The term of  
apprenticeship, however, is five years,  
so that there is an ample reward for  
the pains in teaching a lad the rudiments  
of the profession of jockeyship.

THE best rider in Germany is O. Smith,  
whom I took from a foundling asylum  
and developed in the Weinberg estab-  
lishment. Under such play boys are  
more dependable and do not in their  
tender years get hold of too much  
money. They are under discipline at all  
times when they need it most, and when  
they are full-fledged riders they are all  
the better for it.

Taral began riding at the age of 12  
years, when he had the mount in a  
number of matches between "quarter  
horses in what was then called Indian  
Territory, but which is now the State of  
Oklahoma. He has a record of 29 years  
in the saddle, riding his last race at the  
age of 41, and has won great prizes of  
the turf here and abroad. He also has  
the unique distinction of having trained  
and ridden a winner of the German  
Derby, this feat being accomplished with  
MacDonald, a son of Bona Vista.

record of having won all three of the  
then classic handicaps—the Metropolitan,  
Brooklyn and Suburban—in the  
same year, taking the first named at  
the Suburban with Ramapo, while the  
Gravesend feature was carried off with  
Dr. Rice. He also won the Brooklyn  
with Diablo and Sic Walter. Taral has  
a great admiration for the latter, which  
he said was as game a horse as he ever  
rode.

It was Taral who rode Domino in his  
match race with Dobbins, and while he  
was cordially hated by the flying son  
of Hymus, which tried to harm him  
whenever he approached the mount, once  
in the saddle, Domino would give him  
the last ounce of the great speed he  
possessed.

USE The Want Ad Way

Insure Your Furniture by  
Insisting on its being  
Upholstered in Fabrikoid

THIS attractive furniture covering cannot be told from leather of  
the finest grade and it gives you a greater insurance against wear,  
deterioration and stains. Leather has uncertain length of life;  
leather rots and tears; leather absorbs moisture. Craftsman Fabrikoid  
does none of these things. It is all that a furniture covering should be and  
the better furniture manufacturers are using it in their upholstery  
departments.

When you replace your furniture or when you have the old recovered,  
demand Fabrikoid. You will get a covering that looks better than the  
best leather, wears longer and costs less than the cheapest split leather.

You owe yourself this economy in these days when furniture prices  
are so high. It will guarantee the best in appearance and wear at the  
lowest cost in new furniture. In recovering old furniture with Fabrikoid,  
you are increasing further a household asset that has already doubled  
in value during the last ten years.

Ask your dealer to show you Fabrikoid-covered furniture. Insist upon  
it. There is but one Fabrikoid.

Canadian Fabrikoid Limited  
Head Office, Montreal  
Halifax Toronto Sudbury  
Winnipeg Vancouver

Most of the motor cars in  
Canada today are up-  
holstered or topped with  
Fabrikoid.

Who Gets the  
9 Pounds of Sugar?

THE genuine Barbados—the pure concentrate of the finest juice of the  
ripe British West Indian cane—contains 9 pounds of SUGAR to the gallon.  
It is the sugar that gives it its food value—its delightful flavour—its heat and energy  
producing qualities.

It's YOURS!!

But sugar jumped in price—so high that they began to take the 9  
pounds of sugar out and sell you the refuse as Molasses, or blend it  
with glucose, water, and chemicals as table syrups—with fancy names.  
It wasn't fair to you, and it wasn't fair to the British planters in Barbados, who have  
always tried to serve Canada faithfully. These planters have united to protect your  
interests, by shipping their finest Super-Fancy grade, whole-sugar molasses under the  
safeguard of a REGISTERED name—"Windmill".

Buy it in Bulk—Just as Much as You Need!

Windmill  
Barbados  
Super-Fancy

Pure Cane Molasses Co. of Canada, Limited  
ST. JOHN, N. B. MONTREAL, P. Q.

Beware of Blends!  
Get Back to Nature!

"WINDMILL" Barbados comes in puncheons and barrels  
as shown. The genuine, old-fashioned Barbados is only  
made of the rich juices of ripe sugar cane, concentrated in  
open copper kettles. There's nothing added, and nothing  
taken away, except superfluous water. It's real health food.  
Children love it—give them plenty. Have it on the table  
at every meal. Use it in your baking and cooking. With  
9 pounds of sugar in every gallon, "Windmill" Barbados  
is the finest kind of sweetening money can buy—and the  
most economical, BECAUSE WINDMILL BRAND  
COSTS NO MORE THAN THE WORTHLESS  
SUBSTITUTES.

**GOVERNOR AND  
MAYOR SPEAK OF  
PROGRESS HERE**

**Hon. Dr. Pugsley Tells of  
Improvements in Courtenay  
Bay at Dinner in Union  
Club Last Evening.**

The development of Canada, and the part New Brunswick and St. John are taking, particularly the work at Courtenay Bay, were features of an address delivered before the Life Underwriters' Association of New Brunswick, at the Union club last night, by Hon. William Pugsley, lieutenant-governor of the province, in welcoming the president of the dominion association, O. H. Shorty, and J. H. Cassell Graham, of Toronto, the national secretary. Robert Reid, president of the St. John association, presided.

Hon. Dr. Pugsley said he regarded life insurance as a matter of the very greatest importance to our people. The growth of the insurance companies was an indication of the growth of the country at large, and this had been very marked in the last few years. The day was coming when the west would be one of the great

est granaries of the whole world. Ontario was rich in mineral and agricultural wealth, and in coming down to the maritime provinces our own little province of New Brunswick was second to none for natural resources. The St. John river valley was the great agricultural district of the province; that north shore was rich in its wealth of forest and fisheries, and the city in which we stood was one of the main gate-ways of the whole dominion.

They were erecting in Courtenay Bay a dry-dock which would be 1350 feet long, 125 feet in width and with a depth of forty feet at high water. He hoped to see the day when a great ship-building plant would be erected in East St. John,

**"FREEZONE"**

Lift Off Corns! No Pain!

Don't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses.

employing thousands of men and turning out steamers for trade in all parts of the world.

International Happenings.  
Referring to international happenings, the lieutenant-governor called attention to the fact that while so many kings

**THE WONDERFUL  
FRUIT MEDICINE**

Every Home in Canada Needs  
"Fruit-a-tives"

To those suffering with Indigestion, Torpid Liver, Constipation, Sick or Nervous Headaches, Neuralgia, Kidney Trouble, Rheumatism, Pain in the Back, Eczema and other skin affections, "Fruit-a-tives" gives prompt relief and assures a speedy recovery when the treatment is faithfully followed.

"Fruit-a-tives" is the only medicine made from Fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and cathartics.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

and rulers of different countries had been dethroned their sovereign was more firmly entrenched than ever in the hearts of their people, sitting, as he does, on the throne not to dictate to but to guard the liberty of his millions of subjects so that they may have the most democratic form of government in the world.

Mayor Schofield in welcoming the guests to St. John spoke particularly of what Hon. Mr. Pugsley had referred to in connection with the growth of the city of St. John. He said that eight berths were being built at Courtenay Bay, one thousand feet in length, so large ships afloat. The whole basin was to be dredged out and acres and acres of flats to be reclaimed. He hoped in a short time to show that there had been marked improvement in the streets of the city.

Mr. Shorty congratulated the members on their city and said he was much impressed with St. John and the solidity of the place. He reminded the insurance men that they had a great responsibility in a great country.

The general tone of the gathering was to promote good fellowship among the insurance men.

During the evening a musical programme was given by Miss Blenda Thompson, vocalist; Mr. Beggs, vocalist, and by the company singing several patriotic pieces. Robert S. Coupe, organist of the Mission church, accompanying with piano. A reading was given by Stella Fox, Miss Verta Roberts and Helen Purdy. The banquet came to an end with the singing of Auld Lang Syne.

**BOYS' CLUB OPENED.**  
The Boys' Club opened for the season last evening in their rooms, Victoria Rink, when 108 boys, besides visitors, were present. Mrs. Good was in the chair and Mrs. A. J. Mulcahy acted as secretary. A vote of thanks was tendered to the speakers, on motion of E. R. Machum and seconded by G. Wetmore. The banquet came to an end with the singing of Auld Lang Syne.

**REPORT ON  
EMPLOYMENT**

Dominion headquarters of the employment service of Canada, Department of Labor, reports that, for the week ended October 2, employment reports were tabulated from 5,050 employers with an aggregate payroll of 722,413 persons. At the end of the preceding week these firms had 722,940 persons in their employ and at the middle of January they had 682,722 employees. Since the end of the preceding week there has been therefore, a decrease of 2,946 persons or four-tenths of one per cent in the number employed by these concerns and as compared with their pay-roll of the middle of January, an increase in staff of 40,691 workers or seven and three-tenths per cent was shown. For the following week, these employers estimated that they would have further, though slight reductions in the volume of employment afforded. It may be noted that the figures used in this report do not include loss of time to strikes or lock-outs.

Of the thirty-three industrial groups included in the inquiry, ten reported increases in employment over the previous week aggregating 2,082 workers, while in twenty-three groups there were declines amounting to 5,619 employees. The net decrease, therefore, registered by these firms was 2,936 persons or four-tenths of one per cent, as noted above.

Considering the returns by province, it is found that Saskatchewan only registered an increase in employment as compared with the reports for September 29. Of the reductions recorded in the remaining provinces, that of 1,086 persons in British Columbia was the most pronounced. For the following week, however, increased employment was anticipated by firms in New Brunswick, Nova Scotia, Prince Edward Island, Manitoba, Saskatchewan and Alberta, while Quebec, Ontario and British Columbia anticipated having further small declines. In comparison with their returns for January 1, firms in all provinces registered substantial increases in the number of persons on their pay-rolls.

**Give This to a Constipated Baby**

Why Dr. Caldwell's Laxative Syrup Pepsin is the Favorite Constipation Remedy with so Many Mothers

**YOUNG Mothers** in the midst of bringing up a family of small children should consider it a duty to investigate the action of the various remedies for constipation. This is the ailment most common among children, and it often leads to nervous diseases. It is important for the mother to know the right remedy to give, for they differ widely in action.

Children do not take kindly to drastic drugs, salt waters, cathartics, mercurials and such things, and they find difficulty in swallowing these harsh medicines even when disguised in sugar-coated tablets or pills. It is not only that the child doesn't like the taste, but these drugs are so violent that they weaken the little system. They should not be given to children.

Thousands of wise mothers, after having tried many things, give only a combination of simple Berberis with Pepsin, known to druggists as Dr. Caldwell's Laxative Syrup Pepsin.

The formula is on the package. It is a mild, gentle remedy, free from all narcotics, that relieves constipation and its symptoms, such as headache, biliousness, colds, fever, indigestion, loss of appetite and sleep, and it does it without griping or weakening. A bottle of Dr. Caldwell's Laxative Syrup Pepsin can be bought at any drug store for sixty cents and is enough to last an average family many months.

Last year over eight million bottles of Dr. Caldwell's Syrup Pepsin were sold in drug stores, the largest selling liquid laxative in the world, and as the preparation has been on the market over thirty years the second generation of mothers are now giving it to their babies. No other gentle in action, as pleasant-tasting and safe, as I claim. Let such write me for a free sample. It will be sent postpaid. Simply say "Dr. W. B. Caldwell, 19 Front Street, Bridgeburg, Ont." Send a free trial bottle of your Dr. Caldwell's Laxative Syrup Pepsin, and give your name and address. I will see that the rest is attended to promptly.

**TRY IT FREE!**

There are heads of families who will come to prove to their own satisfaction that my Laxative Syrup Pepsin is as effective in constipation, as mild and gentle in action, as pleasant-tasting and safe, as I claim. Let such write me for a free sample. It will be sent postpaid. Simply say "Dr. W. B. Caldwell, 19 Front Street, Bridgeburg, Ont." Send a free trial bottle of your Dr. Caldwell's Laxative Syrup Pepsin, and give your name and address. I will see that the rest is attended to promptly.

**The Housewives Burden**

When a woman is almost distracted from overwork, her home is in disorder, crying children, and on top of all is suffering from backache, bearing down pains, or some other form of feminine ills, then she should remember that hundreds of women in just her condition have been restored to health and regained their youthful strength by taking Lydia E. Pinkham's Vegetable Compound and not rest until she has given it a fair trial.

**Proof that it Restored the Health of These Two Women**

**Cairo, Ill.**—"Some time ago I got so bad with female trouble that I thought I would have to be operated on. I had a bad displacement. My right side would pain me and I was so nervous I could not hold a glass of water. Many times I would have to stop my work and sit down or I would fall on the floor in a faint. I consulted several doctors and every one told me the same but I kept fighting to keep from having the operation. I had read so many times of Lydia E. Pinkham's Vegetable Compound and it helped my sister so I began taking it. I have never felt better than I have since then and I keep house and am able to do all my work. The Vegetable Compound is certainly a grand medicine."—Mrs. J. R. MATTHEWS, 3311 Sycamore Street, Cairo, Ill.

**Chattanooga, Tenn.**—"I used Lydia E. Pinkham's Vegetable Compound before my baby came when I could no longer keep up. It strengthened my back and relieved me of the ill effect which so often develops at such times. That was my first experience with the Vegetable Compound. Years afterwards I took it during the Change of Life and got along so well I scarcely ever had to lie down during the day and seldom had dizzy, fainting spells, and I am now well and strong, can do all my housework with perfect ease and it is a comfort to me to be able to say to other suffering women 'take Lydia E. Pinkham's medicine and be strong.' I will be glad to have you use my name if it will be the means of helping any one."—Mrs. R. A. FARRINGTON, 608 Orchard Knob Ave., Chattanooga, Tenn.

**You Can't Escape  
Tooth troubles if you leave a film**

All statements approved by authorities

You should try this new method of teeth cleaning. Try it ten days without cost. It combats the film which dims the teeth and causes most tooth troubles. See and feel the results. To millions they are bringing cleaner, safer, whiter teeth.

**The tooth wrecker**

Film is the great tooth wrecker. A viscous film clings to the teeth, enters crevices and stays. The ordinary tooth paste does not end it. Old ways of brushing leave much of it intact. And very few people have escaped the troubles which it causes. It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea—a disease now alarmingly common.

**A new dental era**

Dental science has now found ways to combat that film. The methods have been amply

WANTED - ONE DRIVING HORSE, 1 Rubber Tire Buggy, 1 Set Harness. 45 Germain street. Phone 938. 14176-11-2. PUBLIC NOTICE Public Notice is hereby given that all owners of Buildings (or their agents) within the City of St. John, shall before work is started, apply to the Inspector of Buildings, 91 Water street, and procure a permit for the erection of any class of building additions, remodeling, alterations, and repairs of any Building within the City. All persons carrying on the above mentioned erections, remodeling, alterations or repairs without first procuring a permit shall be prosecuted as the law directs. - JAMES CARLETON, Inspector of Buildings. CHILDREN'S TEETH IMPROVE A remarkable improvement in the condition of the teeth of children is reported by Dr. James Wheatley, medical officer for St. John, in the "British Dental Journal". Dr. Wheatley says that of 37,227 children of five years of age examined before the war, only 5 per cent were free from caries, whereas now no fewer than 44.4 per cent are free from dental decay. Dr. Wheatley attributes this improvement largely to the restriction and modification of food during the war. The chief point of interest is the confirmation of the belief that the cause of caries lies in the food and not in assumed constitutional conditions. Comprehensive. Tom - So Miss Bluegore rejected you. On what grounds? Dick - Well, it sounded to me like an essay on eugenics, genealogy and finance. - Boston Transcript.

### EASIER MONEY IS PREDICTED SOON BY HEAD OF BANK

Export of Much Wheat to the States Big Factor

Mills Need Less — Textile and Milling and Others in Better Position — Commercial Loans Must Decline.

(Montreal Cor. Financial Post.)

That from now on the commercial requirements made on the Canadian banks will ease up steadily was the definite statement made to THE FINANCIAL POST on Wednesday afternoon by the head of a Canadian bank. Several factors have combined very recently to this result. One direct result is the moving of the wheat crop, which has already begun to release large sums to the banks in the West, as farmers are paying back their loans when the export movement of wheat becomes accelerated the effect of this will be felt much more.

Then the drop in commodities must be considered at once. A prominent flour mill man is authority for the statement that the requirements of the milling companies for the coming winter will be many millions of dollars less than for several years past. Ordinarily the mills stock up at this time with wheat in order to take advantage of the saving in water transportation charges of about 5 cents per bushel to be paid when wheat is liable to drop 10 cents in a single day. A prominent bank official says that the requirements will be light for months to come, and our calls on the banks will be little, if any thing.

### THE BUSINESS COLUMN

EDITED BY MANSFIELD F. HOUSE (Continued)

#### Our Merchant Who Capitalized His Goods

A certain Iowa grocer, whose name is withheld for obvious reasons, uses the natural curiosity of debtors to collect his slow accounts.

"Most of my customers are financially able to pay their bills," he said, "or they would not get credit from me. My trouble has been with the customers getting slow and allowing their bills to pile up before they think about paying. Then it is harder to get the money than ever."

He determined to make a complete canvass of his list of customers who were habitually slow and induce them to pay up.

He felt that he went to see them personally with a bill they might withdraw their trade from his store. They were not used to it, so he had to take that fact into consideration.

To send other than a formal statement on the first of each month would be to take the same risk. The merchants in his community, had, by their own day, educated the trade to their present indifferent attitude. The average customer was good pay, but paid up only once or twice a year.

Our friend then resorted to the curiously appeal in a manner which could be used under other circumstances with equally good results.

He appealed in a manner which could be used under other circumstances with equally good results.

He appealed in a manner which could be used under other circumstances with equally good results.

#### Why Mention It?

Mary Ellen, "from the country," got into an omnibus. Presently the conductor said affably: "Your fare, miss." The girl blushed. The conductor repeated, "Your fare, miss," and she blushed more deeply. By this time the omnibus had come to a stop. "Well," said the girl, "after a pause, he again repeated: 'Miss, your fare, miss.' 'Well,' said the girl, 'they do not see why you want to say it out loud.'—Japan Advertiser.

#### Lesson In Business

"Pop!"

"Yes, my son."

"What a gardener?"

"A gardener is a man who raises a few things, my boy."

"A man who raises a few things?"

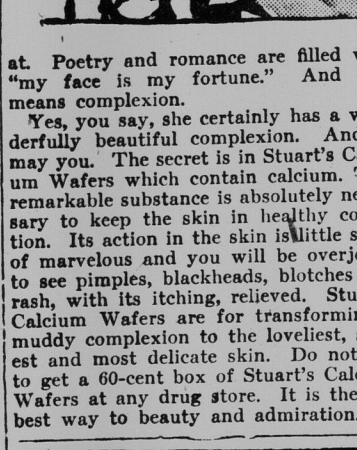

"A man who raises a lot of things."

"Well, what is a middleman, pop?"

"Why, he is a fellow who raises everything my son."—Yonkers Gazette.

## It's The Face You Look At

If Disfigured With Pimples and Such Blemishes Don't Delay to Use Stuart's Calcium Wafers.

Beautiful hair and Cinderella feet are desirable but it is the face you look at that counts.

Farmers—I'm sorry, son, but I dissent you near the barn today. My three men have just waxed the floor for their weekly dance.—Kansas City Star.

#### ST. JOHN MAN IN FIRM WHICH TAKES OVER MCDURDY & CO.

It was announced recently that Johnston & Ward had acquired the business of F. B. McDurdy & Company, which was founded by Mr. McDurdy in 1901, and was subsequently extended until it became one of the leading financial houses of Canada, with branches at Montreal, Halifax, Sydney, Moncton, St. John, Sherbrooke and St. John's (Nfld.). The firm, the proprietor of two seats on the Montreal Stock Exchange, the exchange members being Alfred Bower and K. Schofield.

During the first ten years of the business Mr. McDurdy gave unremitting attention to the development of the firm, the date of his entry into politics in 1911, owing to his extended absence, the more active conduct of the business has been in the hands of his partners. His assumption of the duties of Minister of Public Works demands the whole of his time, and since the by-election of September 20, the announcement of his retirement from business, has, therefore, been generally expected by the Street.

The purchasers of the business are Johnston & Ward. Capt. Stanley Johnston, M.C., late of the Canadian Machine Gun Corps, has associated with him in the new firm, R. H. Metzler, Alfred Bower and K. Schofield, all of whom have been actively connected with the firm of F. B. McDurdy & Company for many years. Captain Johnston has enjoyed extensive previous experience in banking.

Johnston & Ward will continue business along the lines of the firm of F. B. McDurdy & Company, as a commission house.

Mr. Schofield, one of the members of the new firm, is a native of St. John.

#### AGRICULTURE IN GERMANY.

Before the war agricultural production by means of skillful farming had been brought to a high point in Germany, although much of the soil is of inferior quality. During the war, however, commercial fertilizers were commandeered for war purposes, and the quality of barnyard manure was reduced by the lack of concentrates in feeding. The quantity was reduced as well by the curtailment of herds and flocks. As a result, says a writer in Hoard's Dairyman, the present impoverishment of the soil is an accumulated one and it will take several years of very high feeding to bring the land up to its former condition.

To Preserve Infant Life Of Prime Importance

(Montreal Herald.) The Dominion Child Welfare Conference in progress at Ottawa again directs attention to a subject which, it is becoming more and more evident, is closely associated with the welfare of the community. Intertwined with this subject are many others concerning domestic life and the various problems of every day existence. Overcrowded tenements, insufficient nourishment, the high cost of food, the care of the mother in maternity, recreation, nursing—all these enter into a consideration of a problem the solution of which means so much to the future of the dominion.

the aid of the Dominion Department of Health has been promised. As usual in so many good movements the Province of Quebec stands out as one of the leaders in this movement. Under the Child Welfare Commission rapid strides have been made in the province as far as educational propaganda, recreational facilities and nursing and medical attention are concerned. A child welfare week has been held in Montreal for the past four years. One of the delegates expressed the opinion that it should be a week of 365 days.

The infant mortality of every country is alarming. Of the children who die before reaching the age of twelve months the main cause of death is premature birth or debility, and it is now fairly well known that the debility at birth is very largely brought about by some error of diet on the part of the mother before the child is born. Medical men tell us that another of the chief causes of death among infants is disease of the stomach or intestines, due to defective food, or food that the stomach or intestines cannot digest.

An investigation carried on at Brighton, England, revealed the fact that mortality among infants fed on cow's milk was forty-eight times as great as among breast-fed children; and among those fed on condensed milk and other artificial foods it was ninety-six times as great as among those fed on mother's milk. The medical profession are agreed that defective teeth are caused by defective diet. Sound teeth depend chiefly on the food taken in the early part of life. The effects of improper feeding in early life are seen in adult life—stunted growth, mis-shapen legs, "pigeon chest," and all those circumstances that made up the "C-S" population found to exist to such an extent during the war.

**McCormick's Jersey Cream Soda Biscuits**

For the prevention of these nutritional disorders the public requires to be educated on the question of proper food for both mother and infant. It has been said that an increase of 10 per cent. in the milk supply for the home would be of more service to the workman than an increase of 100 per cent. in his wages.

**SHOOTS TWO SONS AND HIMSELF**

(Canadian Press Despatch.) Meriden, Conn., Oct. 25—John A. Taylor, forty years old, of this city, shot and killed his two sons, Arthur, aged fourteen, and Frederick, aged ten, late today and then committed suicide.

GIVES HIMSELF UP TO POLICE

(Canadian Press Despatch.) Philadelphia, Oct. 25—William Purdon Brines, the University of Pennsylvania student charged with the killing of Elmer C. Drewes, the Dartmouth College senior, surrendered to the police this afternoon and after a two minute hearing before a police magistrate, was committed to the county prison without bail.

A COMMUNITY HOUSE FOR WOMEN WORKERS.

Progressive Measures Adopted by N. B. Firms on Behalf of Employees. (Financial Post.) The Atlantic Underwear Company of Moncton, an industry in which a large amount of Nova Scotia money is invested, is well supplied with orders and the mills are kept actively at work. The company has made a new departure in the erection of a community house for its women employees, of whom there are more than 100.

Moncton is a boom town these days, and it has been a very difficult matter for the employees, many of whom come in from the country, to obtain lodging places except at a high price. Accordingly, the company has fitted up a community house on its own property where the girls can live in comfort and in decent surroundings. The building includes rest room, dining room, hospital and dormitories. An experienced housekeeper has been engaged and the rate is put down at cost. It is expected that this improvement will make the "labor turnover" much less, and that the improved health of the workers will produce greater efficiency.

Another New Brunswick concern that spends large sums in the care of its workers in this way and with good results in the Fraser companies, lumbermen. At their mills they erect hotels of handsome appearance for the accommodation of their workers. This undoubtedly pays, for men work more contentedly and steadily where living conditions are thus made more worth while.

**BOWLING.**  
McAulley League.  
McAulley's bowling league opened last evening, Patrick Kilien rolling the first ball. The game was between a team from the Vulcan Foundry and one from King Street store. The former won, taking all four points. Their total pinfall was 1315 and the losers 1216. The schedule for the remainder of the first series follows:  
Oct. 27—McAulley Standards vs. McAulley Worlds.  
Oct. 29—King Street Office vs. R. A. P.  
Nov. 1—King Street Store vs. King Street Office.  
Nov. 3—Vulcan vs. McAulley Standards.  
Nov. 5—McAulley Worlds vs. R. A. P.

**THE TURF.**  
**Races Called Off.**  
London, Oct. 25.—The Jockey Club has declared all racing off this week on account of the strike and consequent by the Cambridgehire stables, as Newmarket will not be run, on Wednesday next.

**BASKETBALL.**  
**Y. M. C. A. to Enter League.**  
A meeting of the Y. M. C. A. basketball players was held last evening in the Y. M. C. A. when it was decided that the Y. M. C. A. would enter two strong teams in the senior city league and one team in the intermediate league. A meeting of representatives from all city teams will be held Wednesday evening at 7:30 in the Y. M. C. A. to arrange details for the formation of the City Basketball League.

**HOCKEY.**  
**Team of Women.**  
(New York Times).  
The first American women's hockey team to go abroad is the Philadelphia Hockey Team, which sailed yesterday for the steamship Carona for England. Eleven players and four substitutes made up the party. Miss Gertrude Hearne, manager, said that the trip had been planned for some time but had been postponed. The team will play its first game in Surrey soon after arriving, and will then go to the various countries of the British Empire.

**THE RING.**  
**At Montreal.**  
Montreal, Oct. 24.—Jack Thomas, the local waterweight, knocked out Adrien Blazy, French fighter, now living in the United States in the third round of their ten-round bout at the Monument National here tonight. Thomas had recently been barred by the chief of police here from participating in bouts for a foul committed in the previous fight with Blazy. This ban was lifted by the chief of police today. In the preliminaries Young Lewis, local lightweight, outpointed Young Bennett of Syracuse, in a ten-round bout.

**THE TURF.**  
**Winter Plans.**  
Although the local racing season is drawing to a close, there will be no letup in the sport during the winter months. Extensive plans are being made for the New Orleans, Havana and Havana meetings, all of which will begin about Thanksgiving. The fair ground track at the Crescent City is being improved and will be in fine shape in a few weeks. Havana is offering more than \$500,000 in purses in expectation of attracting large crowds, and Havana expects to have the most successful meeting ever held in Cuba.

**BILLIARDS.**  
**Run of 231 For Hopps.**  
(New York Times).  
Before a gallery that was estimated at 1,000 at the Commonwealth Club in Upper Montreal last night, Willie Hopps, the professional billiard champion, made the longest run he has completed this season. The champion ran 231 points before he missed on a simple draw shot off the cushion. Carelessness alone interrupted the run, for he had the ball in perfect position to continue clicking off points indefinitely. Hopps won the match by a score of 250 to 8. He made an average of 92%, completing the game in four innings.

**Y. M. C. I. This Week.**  
Tuesday, Oct. 26, Hawks vs. Eagles.  
Wednesday, Oct. 27—Robins vs. Falcons.  
Thursday, Oct. 28—Sparrows vs. Swans.  
Friday, Oct. 29—Owls vs. Crows.  
The standing of the Y. M. C. I. House League to date is as follows:  
Won. Lost.  
Owls ..... 12 0  
Hawks ..... 12 0  
Robins ..... 9 3  
Sparrows ..... 5 3  
Crows ..... 2 0  
Eagles ..... 2 10  
Falcons ..... 1 11  
Swans ..... 1 11

Rich delicious Purity Ice Cream served plain or with crushed fruit, is not only delightfully refreshing, but healthful as well.

Its purity and smoothness make it doubly palatable. One portion hardly satisfies the normal appetite.

Thousands of people order it by name, because they are then certain of highest quality. Only the finest material goes into the making, while the most sanitary precautions are exercised in keeping it pure. Be sure and order it by name. You'll then be sure of getting the genuine.

**Purity Ice Cream Co. Ltd.**  
"THE CREAM OF QUALITY"

MAIN 4234  
92-96 Stanley Street.

**WARM IN THE ROOM** where the match was held. Hopps was in the best stroke. He failed to count in his first inning and made only 10 in the second, but in the third he cleared off 231 points. He made out the game with an unfinished 9 in the fourth. Peterson had no chance. Hopps' big run put the game on ice; in fact, it so decisively settled the issue that the playing out of the string was a mere formality. Peterson, however, found some consolation during his exhibition of fancy shots, which followed the match with Hopps. He did everything but make the balls talk.

**FOOTBALL.**  
**U. N. B. Defeats King's.**  
The University of New Brunswick football team defeated King's College fifteen at Fredericton yesterday by a score of 8 to 3. King's played a strong defensive game, but were weak on the offensive. They scored their points on a penalty kick. The U. N. B. backs showed superiority in kicking and kept the play pretty much in their opponents' territory.

**ATHLETIC.**  
**Maritime Championships.**  
The result of the maritime championships, which were held in Amherst, N. S., last evening, were as follows: 100 yards—1st, Charles Hall, Ramblers; 2nd, McAdam, Imperials; 3rd, Moffat, Ramblers. Time, 1:20. 220 yards—1st, A. McAdam, Imperials; 2nd, Chas. Hall, Ramblers; 3rd, Chesley Smith, Ramblers. Time, 3:00. 440 yards—1st, Stan Jackson, Imperials; 2nd, Chas. Hall, Ramblers. Time, 1:10. 880 yards—1st, Stan Jackson, Imperials; 2nd, Chas. Hall, Ramblers. Time, 2:20. 1,760 yards—1st, L. McDonald, Pictou; 2nd, Dan Fleming, 3rd, Dan Sutherland, W. A. C. Distance, 18 ft 2 in. Shot-put—1st, Dan Sutherland, W. A. C.; 2nd, Dan Fleming, Ramblers; 3rd, Norman Turnbull, Springfield. Time, 5:05. Discus—1st, Dan Fleming, 2nd, Dan Fleming, 3rd, Norman Turnbull, Springfield. A. C. Pole vault—1st, Len McDonald, Pictou; 2nd, Dan Sutherland, W. A. C.; 3rd, Dan Fleming, Ramblers. Time, 2:00. 5 mile—1st, A. H. Rogers, Halifax; 2nd, James Turnbull, Springfield, A. C.; 3rd, Norman Turnbull, Springfield, A. C.

**NOTED HORSE IS KILLED BY A BOMB.**  
A. W. Atkinson of Camden, N. J., is having more hard luck than "belong" to one of the most liberal supporters of the horse shows. After importing from England last year the Hackney James mare, Atkinson and his wife, Mrs. Atkinson, they caught cold coming home after their first horse show this season and died of pneumonia, in spite of all that could be done for them. To replace this valuable pair, Mr. Atkinson said a long price to Miss Constance Vachin for the bay mare, Dragon Fly and The Wasp, regarded by many horsemen as the most promising pair in their country. He exhibited them for the first time at the Rochester in September. At the country show, in Brockton, a few days ago, the Wasp stepped on an unexploded bomb in the stable. The explosion had fractured the bone of the foot in three places, which would have made it necessary to destroy her, so Dr. Clayton said. The unusual accident breaks up Mr. Atkinson's small party for the coming National Horse Show in Madison Square Garden.

**BIG WINNINGS.**  
New York, Oct. 26.—According to statistics compiled by Daily Racing Form, Extremator stands second in the list of money-winning horses on the American turf thus far this year. Mar of War, of course, being far in the lead. Boniface is third. Step Lightly, winner of the Futurity, is on the list on the distaff side of racing. The ten leading horses are as follows:  
Mar of War ..... 1st. 3d. Amount  
Man of War ..... 10 0 416,140  
Extremator ..... 9 3 2 45,225  
Boniface ..... 11 5 3 41,922  
Paul Jones ..... 3 2 1 41,843  
Step Lightly ..... 3 1 2 36,221  
Leonardo II ..... 4 0 0 36,078  
Cavendish ..... 3 1 0 34,588  
Dr. Clark ..... 7 3 0 31,781  
Upset ..... 2 3 0 25,989  
Tryster ..... 2 3 0 25,320

**DANCING.**  
Dancing 8-12 every evening at The Diana Dance Room.

**FULTZ WARNS BIG LEAGUES.**  
"Keep Your Hands Off Baltimore and Toronto Territory," He Says.  
New York, Oct. 25.—The minor leagues will oppose any plan on the part of major league owners to start a twelve club league if it involves invading minor league territory. This was the warning issued by David L. Fultz, president of the new International League. He said that Baltimore and Toronto were being mentioned as possible clubs in the new circuit which may be established should Ban Johnson and his enemies in the American and National Leagues fail to come to terms.

**Owners are Reluctant.**  
Colonels Ruppert and Huston are saying nothing about the managerial situation except that Huggins still is in charge of the playing end of the club. There was some disappointment over the failure of the Yankees to come through with the pennant after taking the lead in mid-September, but whether the owners believe in Huggins in any way is responsible for the failure only time will tell. The two Colonels are saying not a word that is disparaging to the managerial ability of the mite manager. With important baseball meetings looming up ahead of the next few days, it would not be surprising if Huggins gets into communication with his employers during the next few days to find out whether he should start work on the 1921 Yankees or look to other fields.

**Catarhal Deafness and Head Noises.**  
Tells Safe, Simple Way to Treat and Relieve at Home.  
If you have catarhal deafness or head noises caused by catarhal, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare from your druggist 1 ounce of Parmant after the first day's treatment. (Double Strength) Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless treatment.

**MANAGERS OF MAJOR LEAGUE TEAMS ANXIOUS**

Both Huggins and Robinson Seeking Light on Renewal of Their Contracts — Why Cobb Will Not Manage Detroit.  
(New York Times).  
Within the space of another week it is expected that two questions of considerable importance to baseball fans in Greater New York will be settled. One concerns the possibility of Miller Huggins being superseded as manager of the Yankees and the other revolves around Wilbert Robinson, who led the Brooklyn team to a National League pennant during the season just closed.

Both leaders are anxious to learn definitely whether or not they are to be re-engaged for the 1921 season in order that no real opportunity will be passed up while waiting for word that may not come. Huggins came to New York during the winter series, after making a brief visit with friends in Rochester, in order to have a conference with his employers. He is expected to return to Cleveland for the big series. So Huggins' departure for Cincinnati without having had the important talk with the owners of the club.

Since arriving at his home, Huggins has been quoted as saying that he had no intention of resigning as leader of the Yankees and that his fate was in the hands of his employers. At the same time it is known that he is somewhat concerned over the numerous stories that have been written about another manager being appointed as leader of the Yankees and that his fate was in the hands of his employers. At the same time it is known that he is somewhat concerned over the numerous stories that have been written about another manager being appointed as leader of the Yankees and that his fate was in the hands of his employers.

President Fultz's statement in full follows: "Reports have recently appeared in various newspapers to the effect that certain major league owners have stated that in the event a twelve-club league is decided upon, minor league cities will be taken to complete the circuit and Baltimore and Toronto have been mentioned as possibilities.

"It is hardly conducive to a restoration of confidence in the honesty of the game that the first official act of the proposed new board will be an attempt to violate not only a definite agreement to respect minor league territory, but to violate a tradition as long standing and as mutually grounded as the game itself.

"Without wishing in any way to enter into the major league controversy, we are forced to say that if either faction attempts to invade such territory it will not only destroy the unity of every minor league in the country, but will bring upon itself legal action in which it will be difficult to secure a verdict either from the courts or from the public."

**Cobb Prefers to Wait.**  
The fact that Ty Cobb is the star player of the Detroit club has led some of the dopesters to advance the possibility of Fred Mitchell being engaged to lead the Cubs for another season, and his silence adds to the belief that Mitchell's place is none too secure. Veck confines himself to the statement that there is nothing to be said one way or the other until the stockholders of the Chicago Club hold their annual meeting early in November. The naming of a manager is one of the important features of the meet-

ings. With Hugh Jennings temporarily idle, it is possible that an effort will be made to interest the E-Yab leader in a National League berth. Huggins probably would welcome a change to the other major league after spending fourteen seasons in the American. It might be added, however, that if there is any dissatisfaction over Mitchell it hardly can concern the finish made by the Cubs. A close analysis of the strong and weak points of the Chicago Nationals leads one to believe that Mitchell landed his team about as high as any manager might be expected to do with the material at hand.

**POLISH WOMEN  
ENDURED MANY  
TRIBULATIONS**

For Days Without Undressing — Thirteen Hours March Without Food or Water — Pack Weighed 60 Pounds.

Warsaw, Oct. 4.—(By Mail)—A Polish woman soldier who took part in driving back the Bolsheviks from Warsaw, writing to a Polish newspaper, says she went ten days without taking off her clothes, and that frequently the members of her detachment went five and six days without having opportunity to take down their hair. During one march, in keeping pace with the retreating Red forces, the women were in the go fourteen hours, thirteen of which were without food or water.

The letter says: "At 11 o'clock at night we were ordered to be in readiness. Our detachment, all women, at this time, had been ordered out for patrol duty. Our pack consists of a coat, rifle, ammunition and other articles, on all weighing sixty pounds. After four hours of marching and when I felt that I couldn't go a step further, we received orders to return to our former post several miles away. I scarcely remember how I reached our destination, I was so tired. I dropped onto a pile of straw and slept for an hour."

"When I awakened I was informed that my detachment had gone away without me, to take part in a movement to surround a force of Bolsheviks hidden in a clump of woods. After six miles of good roadway I encountered a road which made walking so difficult that my feet pained me at every step. I was covered with dust, and hadn't had a drink of water for hours. After walking fifteen miles I reached my comrades who were resting under trees, in the shade of a hot sun. A peasant boy brought a bucket of plums, but we privates rarely get a look at them; the plums all went to the officers, who were women, too. And then the march started again, through a forest."

"Now and then, as we advanced, I saw some of the women faint, and I heard others crying 'mercy, and I thought I heard curses which must have come from the men on our right. This march has continued fourteen hours. For thirteen hours we had neither food nor

**PAIN GONE! RUB  
SORE, RHEUMATIC  
ACHING JOINTS**

Rub pain away with a small trial bottle of old "St. Jacobs Oil."

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spots" and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

water. When we reached a series of trenches, we were promised something hot to eat. But the food never came, and then the fighting began. Oh, how I longed for a drink—longed for sleep, away from the rear of battle! But above everything there was a feeling of satisfaction—a feeling of undreamed of happiness—despite the suffering from hunger, from lack of water and the misery due to cold at night and heat during the day, when I thought and was thrilled as we fought that I, a woman, was a soldier of Poland."

**AMERICAN GETS  
FIRST HONOR IN  
POLISH AIR SERVICE**

Warsaw, Oct. 4.—(By Mail)—Award of the virtuti militari, announced by the Polish War Department, to Lieutenant Edwin Noble, of Boston, of the Kosciuszko squadron, carried with it the rank of captain and is the first of this decoration to be given in the Polish air service. The citation is for the part Lieutenant Noble took in the drive on Kiev in April when Noble was wounded to such an extent that it may be months before he is able to take up flying again.

After silencing a Bolshevik battery with bombs, Lieutenant Noble attacked an enemy armored train in the railroad yards at Berdycew, causing the train to leave in a hurry which gave Polish troops opportunity to take the town virtually without losses. Several hundred Polish prisoners who were interned

**LOOK FOR PREHISTORIC  
RELICS IN SCOTLAND**

Glasgow, Oct. 7.—(Associated Press correspondence)—A party of archaeologists which have been searching for some time in the Isle of Rùm, in Loch Sunart, for prehistoric relics has discovered what is believed to be a sacred lake of a date long before the Christian era. The rock sculpturing of the priestly leaders of long past ages have been found and the lines of the walls of their homes and temples have been traced. The excavations reveal rows of black circular spots where uprights stood.

**PROFESSOR WILL HAVE  
PICTURE OF EACH STUDENT**

Philadelphia, Oct. 26.—More than 800 students in Princeton University, mostly juniors who have enrolled in the economics course, will have their photographs taken to be used in a card index by professors in the Department of Economics.

To help identify the students, each instructor will bring to the recitation rooms a small box bearing cards, on which will be the name, seat number and photograph of a student.

Professor Frank A. Peter, head of the Department of Economics, said the teacher has been handicapped by not knowing each pupil by name whenever he meets him and that the proposed scheme should enable an instructor to get acquainted with all in his class within a few days.

This plan was used here with marked success in the Student Army Training Courses during the world war.

**SCHOOL BOARD DECIDES  
ON SITES IN THE WEST  
AND NORTH EAST**

At a special meeting of the school board last night, Dr. A. F. Emery, chairman, presided, and the matter of school sites was taken up. It was decided to ask the city council to deed to the board sufficient property in King square for a school site and to negotiate for a fresh site in the North End, the leasehold property having been voted against by the members of the board. A. McIntyre was appointed as a member of the finance committee to fill the vacancy caused by the death of Mr. Russell.

Mr. Green asked concerning the salary of a janitor for the high school annex. The building committee and the superintendent of schools were given permission to dispose of any old desks. The following were present at the meeting: Dr. A. F. Emery, Mrs. Richard O'Brien, Mrs. E. R. Taylor, G. H. Green, J. D. P. Lewin, H. C. Smith, George E. Day, A. McIntyre, Thomas Nagle and Dr. H. S. Bridges.

**A. W. COVEY IN AMHERST.**

Halifax Echo: A. W. Covey of St. John is in the city and will hold a meeting of all clubs interested in amateur athletics at the Y. M. C. A. this afternoon. Mr. Covey, in coming to the city has done to get matters lined up if possible for the coming hockey season as well as for general routine business. All those interested are invited to attend. In taking up the question of the winter sport at this early date Mr. Covey is showing excellent judgment and is demonstrating that he is on the job at the right time. He wishes to have all those who are thinking seriously of the winter sport in attendance.

Some Try Both at the Same Time. "A housewife has many problems." "Yes, and here's one I could never solve."
