STRIKING SUMMING UP IN THE VALLEY RAILWAY INQUIRY

The Evidence Reviewed In Masterly Fashion—Reference To A Master Mind As Directing The Whole Business—The Temerity Of Geo. B. Jones In Taking That \$20,000 To Office Of Crown Official Of The Day—Premier Foster's Determination

Sensational developments marked the close of the Valley Railway inquiry, which was brought to a conclusion at a final session held this morning in the council chamber of the court house before Commissioner Stevens.

The entire session was devoted to the summing up by Hon. W. P. Jones, K.C., who succeeded Hon. F. B. Carvell as counsel for the provincial government, and who has been assisted by Peter Hughes.

Besides a careful review and analysis of the evidence, Hon. Mr. Jones' address contained several important announcements and recommendations.

He informed the court that it would not be necessary to go further into the matter of the first contract on account of evidence having been given by A. R. Gould before another court that he had paid \$100,000 to Hon. J. K. Flemming, then premier of the province in consideration of the latter's agreeing that the provincial government would guarantee the bonds of the Valley Railway. Mr. Jones pointed out that the province is entitled to this money, but that Mr. Flemming had converted it to his own use, and that the attorney-general has undertaken to secure the return of the amount and to institute proceedings in the chancery court, if the money is not refunded promptly.

After reviewing the circumstances under which tenders for the second railway contract were submitted; Mr. Jones charged that the evidence plainly showed a conspiracy, and suggested that the commissioner recommend that indictments on the charge of conspiracy be found against W. B. Tennant and Thomas Nagle of this city; Hamilton Lindsay, managing director of the Nova Scotia Construction Company, and Alexander K. MacDonald, of Kennedy & MacDonald, who also tendered.

Another indictment was asked for by the counsel for the government, this being against W. B. Tennant, under the provisions of the election act, on the grounds that Mr. Tennant, while a contractor to the government, had contributed to campaign funds, and also that he had secured money by representing that he had influence with the government.

Hon. Mr. Jones informed the commissioner that he had the assurance of Hon. W. E. Foster, premier of the province, that his government would take all possible steps to secure the punishment of those who conspired against the people of the province.

This dramatic conclusion of an inquiry, marked by many startling features, sets a new standard in provincial politics. The previous government permitted an investigation, but took no action on the evidence secured, and there is no previous record on any New Brunswick government undertaking to secure the punishment of men for offences which, in the past, have been classed as political. The evident determination of the government to take action to secure the restitution of moneys so diverted, and the punishment of those responsible for graft and corruption in itself is sufficient to justify the election of a reform administration and to show how well worth while has been the time and money spent in the investigations.

MR. JONES' ADDRESS.

Mr. Commissioner: We have decided not to offer any evidence in addition to that which has already been laid before you. We do not consider it useful or necessary to trace the railway money which passed through Mr. Tennant's hands and became part of the huge campaign fund, any further towards its final destination. It would involve a very considerable expense and expenditure of time to show how this money was distributed in each one of the counties of the province until it finally reached the hands of the voters; and however interesting such an investigation might become, it seems to us that the benefit derived therefrom by the public would not justify the expense. We have already shown that the money was used for campaign purposes generally throughout the province.

Your commission, whereby you are authorized to investigate all acts done by any of the directors of the St. John & Quebec Railway Company since the first day of January, 1912, would empower you to deal with the making of the first contract between the province and the railway company. This was negotiated by Mr. J. K. Flemming, then Premier of the province, on behalf of the Company, on behalf of his company, but in view of certain testimony which has recently been given before His Honor the Chief Justice of the King's Bench Division, we will not have to ask you to enter into a consideration of the circumstances affecting that contract.

THE ORIGINAL CONTRACT.

You will remember that by legislation the government of the province was authorized to guarantee the bonds of a railway company for a railway between Grand Falls and St. John, to the extent of \$25,000 per mile; and that the St.

Many Met Death In One Building

Two German Bombs Struck Shelter in London—Raid of Last Night Was a Failure

London, Jan. 30.—A large number of persons killed in Monday night's air raid, according to the Central News, met their deaths in a building, the basement of which was used as a shelter. It is believed that two bombs struck the buildings as the walls were blown out in large sections and all the floors collapsed. In addition to the persons from the outside being sheltered in the building there was a large number at work at the time of the raid. This accounted for the serious mortality. Although a number of bodies have been recovered, it is feared that others are still buried in the debris.

One of the touching incidents in connection with the raid was the death of a minister, who, whenever raid warnings were given, had been in the habit of visiting various shelters. Monday night he was addressing people who had collected in one shelter when a bomb dropped on it, killing the minister and a number of others.

The Central News says that twenty-nine bodies have already been recovered from one building. Firemen and soldiers are still pouring water on the burning debris. Many bodies were buried most severely. Among the number was that of a woman who still clasped two small children to her breast.

The success of the British airman against the German invaders in Monday's raid has caused discussion in some quarters that a heavy barrage over London during a raid is rather more harmful than helpful. It is said that the air board should give the airman a clear field in dealing with the raiders, instead of employing gunnery which caused damage to property and some casualties through falling shrapnel.

London, Jan. 30.—German airmen, as far as could be learned early today, failed last night to penetrate to the heart of London. Bombs, however, were dropped in the suburbs.

The enemy raiders during the past two nights did not succeed and apparently did not attempt to bomb any military objectives. They merely attempted to kill civilians and a majority of the victims, as usual, were women and children.

London, Jan. 30.—About fifteen airplanes took part in last night's raid. One of them dropped bombs in the northwestern district. There were no casualties reported in the raid. This raid appears to have been checked by the combined activity of airplanes and anti-aircraft guns, which kept the raiders from the heart of London. Conditions for the raid were as favorable as those on Monday night. The sky was clear and there was little wind.

DATE NOT SET FOR NEXT DRAFT OVERSEAS FROM UNITED STATES

Washington, Jan. 30.—Expansion of America's fighting forces beyond their present strength depends upon such factors as events abroad and the shipping situation, said Secretary Baker last night in disclosing the war department's plans in disclosing a date for another draft, nor even determined how many new men should be called.

When Mr. Baker told the senate military committee that the United States would have half a million men in France early this year, and, in all, a million and a half could go across if ships could be found to carry them, he referred to the divisions now in training camps and those already in Europe. Future developments will decide what additional forces will be sent.

NEW STANDARDS OF BREAD

Ottawa, Jan. 30.—A committee of bakers which has been discussing with representatives of the food controller's office proposals to enact regulations providing for the making of "standard bread" from the standard flour now being milled in Canada has completed its work. Its recommendations will be farther considered by a small committee and the food controller, after which the regulations will be promulgated.

It is understood that it is proposed to provide for not one standard loaf for Canada, but five standards.

An additional water-front guard of 100 policemen in plain clothes went on duty today in New York to protect docks and shipping.

John & Quebec Railway Company was incorporated for the purpose of constructing the railway, with power to accept the guarantee of bonds and to enter into a contract with the government for the building of the road. The record of the proceedings before the Chief Justice shows that Mr. Flemming, representing the province, and Mr. Gould, representing his company, after the dominion government had granted a subsidy and had also agreed to enter into a lease of the railway after completion for the term of ninety-nine years, and pay as rental therefor, forty per cent. of the gross receipts, made a contract whereby the province agreed to guarantee the first mortgage bonds of the railway company and Mr. Gould amongst other stipulations for such guarantee, agreed to pay to Mr. Flemming the sum of \$100,000 in cash. The bonds were guaranteed, the dominion granted the subsidy, an agreement to lease by the dominion was entered into with the province and the railway company, and \$100,000 was paid by Mr. Gould to Mr. Flemming, after which the railway company entered upon the construction of the railway.

WILL TRY TO GET IT BACK.

Mr. Flemming, after receiving this money, did not deposit it to the credit of the provincial treasury, but kept it, and disposed of it to his own use. Although many documents were drawn, evidencing what the public supposed to be the real contract between the parties, no mention whatever was made of the cash in charge of Mr. Gould's company, and in fact it did not become publicly known that there had been any cash payment until Mr. Gould gave evidence thereof in the arbitration proceedings before Chief Justice McKenna.

We have brought this matter to the attention of the Attorney-General, who will at once demand restitution, and if Mr. Flemming does not pay over the amount, will take action in the courts for its recovery. If the testimony of Mr. Gould is true, and there has been no repudiation of it by Mr. Flemming, then it would seem clear that a court of chancery would declare Mr. Flemming to be a trustee in respect to that money for the people of this province and would order him to pay it back to the province. AGREEMENT AS TO CONSCRIPTION

Washington, Jan. 30.—Agreement between the United States and Great Britain and Canada on the terms of the conscription convention was announced today by Secretary Lansing. The conventions give to the citizens of each country the right of returning to their own country for military service within a fixed period, after which they would be subject to military duty under the laws and regulations of the country in which they reside. They would also permit each country to exempt nationals from military service if deemed necessary.

A PLEASANT EVENING

A piano solo by Miss Mary Gilchrist and Scotch dances and song by Alex. Gibb were followed by games and refreshments.

MORE STRIKES IN GERMANY ARE REPORTED

Men of Torpedo Factory And of Dockyards

ONE CORRESPONDENT CAUTIOUS

Warns Against Exaggerated Idea of Importance of Uprising—Another Report Declares Workmen of 40 Factories Have Gone Out

London, Jan. 29.—A despatch to the Exchange Telegraph Company under date of January 28 says that a thoroughly trustworthy report from Kiel declares the workers in the torpedo factory at Friedrichsort struck work on Friday afternoon. In consequence some of the men's leaders are being called to join the army. The despatch adds that the employees at the Germania dockyards also struck yesterday.

London, Jan. 30.—While some morning newspapers print with much prominence messages from Holland and Switzerland representing the strikes in Germany as being on a great scale and very serious, the Rotterdam correspondent of the Daily News warns against an exaggerated idea of the size and importance of the industrial uprisings. He says newspaper reports that the workmen in forty war material factories in Berlin have struck and that many strikes elsewhere have been accompanied by grave disturbances. The Daily News correspondent says that the cessation of work in Berlin apparently was not general. The central committee of the metal unions intended a general strike, but according to the latest information reaching the correspondent in Rotterdam, this was revoked after the speech made by Dr. Von Kuehlmann, the foreign secretary, with which the labor leaders were satisfied temporarily. The correspondent says that the strikes which occurred consequently, were sporadic. In many cases, he adds, the trades unions committees made demands very mild in character. The demands were:

"First—An answer by the German government to the speech made by Premier Lloyd George to British labor unions. "Second—A statement on German war aims in the west. "Third—Direct representation of the working classes in the peace negotiations proportionate to the representation of capitalistic interests. "Fourth—No further postponement of Prussian franchise reforms."

NOTICE IT AT LAST.

Mexico City, Jan. 30.—(By Mail)—German propaganda at last has reached the military cross. Lieutenant J. D. G. Brendel, aged twenty-six, Flying Corps, a Canadian, was killed by falling 6,000 feet into the River Mersey. The following Canadians are prisoners of war—A. Corfield, E. Clark, R. Gray and one of our posts south of the River Scarpe (Arras area) under cover of a heavy barrage. The raiding party was repulsed with loss without entering our trenches. On Monday British airmen dropped 400 bombs on Roulers, Menin and the airfield near Tournai. Several thousands rounds were fired at enemy troops. Two hostile machines were shot down and six brought down out of control. Three British machines are missing. During the night of Monday-Tuesday six tons of bombs were dropped on enemy billets, railway stations and trains and sidings.

ON THE BRITISH FRONT

London, Jan. 30.—"Last night one of our patrols successfully attacked a German post northeast of Havrincourt and killed or took prisoner a number of the enemy's garrison," the war office reports. "Further casualties were inflicted on the enemy in patrol encounters in the neighborhood of Bailecourt, where we captured a machine gun. "Early yesterday the enemy attempted a raid on one of our posts south of the River Scarpe (Arras area) under cover of a heavy barrage. The raiding party was repulsed with loss without entering our trenches. On Monday British airmen dropped 400 bombs on Roulers, Menin and the airfield near Tournai. Several thousands rounds were fired at enemy troops. Two hostile machines were shot down and six brought down out of control. Three British machines are missing. During the night of Monday-Tuesday six tons of bombs were dropped on enemy billets, railway stations and trains and sidings.

Collision In Channel; British Gunboat Sinks

London, Jan. 30.—The British torpedo gunboat Hazard, 1,000 tons, was sunk in the English Channel on Jan. 28 as the result of a collision. The admiral announced this last night. Three men were lost.

ASSESSMENT SHOWS AN INCREASE OF \$70,549

That Part Controlled By Council is Reduced \$12,000; Total of \$1,096,546; Further Discussion of Grants

At a meeting of the common council this morning a request for a grant of \$500 for the Anti-Tuberculosis Society made by J. A. Lacey, A. C. Russell, the amount was the same as last year. Commissioner McLellan moved that it be granted. This was seconded by Commissioner Wigmore and unanimously passed.

Mayor Hayes then spoke about the request for a grant of \$1,000 by the Young Women's Christian Association. He said he had made some enquiries and learned that it was non-sectarian and that it was permitted to become members. Commissioner McLellan said that he had also made enquiries and learned that Catholic young women could affiliate, but could not hold office. He said, therefore, that it was denominational and he opposed this grant if it was to be the same as last year.

A general discussion regarding the patriotic assessment then took place. Dr. J. B. M. Baxter, city solicitor, was present and explained the city's position in case certain procedure was carried out. The matter was set aside until a meeting of the council this afternoon.

REVOLUTIONISTS IN FINLAND FORM A GOVERNMENT

Sweden Warned That There is no Guarantee for Safety of Her 400,000 Subjects

Stockholm, Jan. 30.—The Finnish revolutionists have formed a government under the presidency of Kullervo Manner, according to a telegram from Helsinki. The members of the Finnish senate were not notified by the revolutionists. On Monday night Helsinki was calm and the Russian soldiers were passive. Viborg also was reported quiet. The Finnish government has notified Sweden that it cannot be responsible for the lives of Swedish subjects, of whom there are about 400,000 in Finland. Reports from Helsinki are contradictory. All Southern Finland as far as Tampere, is reported to be in the hands of the Red Guard, but the government troops have vanquished the Red Guards at various places in Northern Finland. The general strike continues at Helsinki and the Socialists are reported to have made common cause with the revolutionists.

TEACHERS' SALARIES

To the Editor of The Times—Sir,—There is a feeling abroad that since the war began the lady teachers here had a most substantial increase in their salaries. I wish to correct this erroneous impression. Since the war began we have asked for an increase of \$100. In lieu of that we were granted a bonus of \$60 last term. Now we are assured by the board that they will grant us the extra \$40, making an increase of \$100 per annum in the last four years. Surely this is a small amount in view of the vast increase in the cost of living of at least one hundred per cent. and in comparison with other increases of city officials.

SHORTS DRIVEN TO COVER

New York, Jan. 30.—(Wall street)—Steels and other equipments were the strong features at the opening of today's stock market, the short interest again being driven to cover. U. S. Steel's first transaction consisted of 6,500 shares at a maximum advance of a point. General Motors made an initial gain of three and a half points, and other motor issues tended higher with various specialties. Shipments were reactionary, with moderate irregularity in rails. Liberty 3 1/2 established a new low record at 97.40. (Wall street, noon)—Pools availed themselves of the early rise to resume operations in special stocks, but prices soon reacted from 1 to 2 1/2 points. Steels were subjected to realizing for profits, and the setback in kindred issues was partly due to bear pressure based on the absence of public demand. At noon moderate rally was in progress under lead of war specialties. Liberty bonds continued to fall to new low records, the 3 1/2's dropping to 97.40, first 4's to 96.20, and second 5's to 96.02.

### EVEN LIVE STOCK TO BE RATIONED

There is So Great a Scarcity of Fodder in Britain

London, Jan. 29th is estimated that the quantity of fodder stuff in Great Britain is insufficient to maintain the existing stocks of animals and poultry until the present season's crop is available in September. The secretary of agriculture announced today that plans were being considered for the rationing of all classes of live stock, of which milk cows and work horses would receive the major portion of the available supply. The quantity of feed, which is to be given to poultry will be sufficient to maintain only one-twentieth of the normal stock.

### RECENT DEATHS

The death of Miss Ida May Flewelling, daughter of Hon. G. Hudson Flewelling, of Clifton, occurred at her father's home on Friday, Jan. 18, at the age of fifty-two years. She was a life-long resident of the village.

The death of Abner W. Mersereau of Hoyt Station occurred on Monday at the age of eighty-seven years. Mrs. Mary L. Hoyt of St. John is a daughter.

The death of Mrs. John E. Fryer occurred at her son's residence, Moncton, yesterday afternoon after a long illness.

George Bishop passed away suddenly at his home in Coronation, N. B., on Thursday last.

The death of Miss H. Sophia Jordan occurred at Woodstock, N. B., yesterday. The funeral will be in this city.

### POLICE COURT.

In the charge of receiving stolen goods against Fred Hannah, two more witnesses identified their belongings yesterday afternoon in the police court. Thomas Elliott of the Hygiene Bakery, identified a blanket and a J. Myles identified a lap robe. Detectives Briggs and Hiddescombe took the stand and described going to the defendant's house in Wall street. Charles Perry, aged sixteen, on charge of theft of two of the blankets, told of selling the robes to Mr. Hannah. He told him that he had got them at Carrie's fire. The defendant then spoke. He pleaded not guilty and said that he did not know and had no means of telling that the articles he bought from Perry were stolen. He was allowed out for the present on \$1,000 bonds, \$800 of which he entered in himself.

A woman was in court on charge of receiving a stolen manure set, the property of Miss A. L. Brock of the LaFour Apartments. She was up before on the same charge and had been allowed to go unpunished. She was allowed to go again yesterday.

### RECENT WEDDINGS

Patrick Kinsella of this city and Miss Helen McAloon, daughter of Mr. and Mrs. John McAloon, of Stanley, were married at North Devon, N. B., yesterday morning.

Miss Mary Rose Noel and John Joseph Connolly were united in nuptial mass at St. Rose's church, Fairville, early yesterday morning. Rev. Charles Collins officiated.

### MILITIA DEPT. CHANGES

Ottawa, Jan. 29—Several changes in the staff of the military department have, it is understood, been authorized by the order-in-council and will shortly be announced officially. Among these is the appointment of Colonel Langton of Toronto to succeed J. W. Borden, who has been supernumerated, as paymaster-general. It is understood that Brigadier-General J. L. Biggar, director of supplies, and transport will soon succeed Major-General H. Smith, as judge advocate general, the latter remaining on the headquarters staff. R. P. Brown, who has been assistant accountant in the paymaster-general's branch, will, it is stated, be promoted to chief accountant.

### MORE EARTHQUAKES

Guatemala City, Jan. 29—Three severe shocks of earth were felt last night. Many of the buildings were completely razed. One person was killed and several others were injured. There have been seismic disturbances daily since Christmas.

### HE RAISED CHECKS.

Montreal, Jan. 29—John J. O'Neill, returned soldier, charged with having stolen about \$2,000 from the military authorities by converting to his own use checks of the pay department, pleaded guilty today and was remanded till Tuesday for sentence.

### STEEL'S CONTRIBUTION

New York, Jan. 29—The United States Steel Corporation paid to the federal government more than half its earnings in the final quarter of 1917, according to a statement of the corporation issued today.

Total earnings for that period amounted to \$29,724,125, after making allowance for \$60,860,864 paid into the government treasury as war income on excess profits. Net income for the final quarter was \$48,085,844, and surplus for the same period amounted to \$16,938,272.

This compares with total earnings of \$68,248,784 net income of \$32,245,877 and surplus of \$21,824,554 for the previous quarter.

### NEWSPAPERS ON STRIKE

New York, Jan. 29—Crowds of striking news boys who are demanding one hundred and two cent newspapers for \$1.20, instead of \$1.40, surged along Park Row and adjoining streets all day and until late tonight, enacting realistic mob scenes. They scattered when the police appeared, but soon were back.

### Italians In Big Successful Drive

Notwithstanding the fact that deep snow still cover the ground, the Italians have carried out successfully a spectacular drive against the Austro-German lines in the mountain region of northern Italy and captured strong positions and more than 1,500 men.

The blow was delivered on the Asiago plateau sector and the enemy positions penetrated were tenaciously held, despite strong counter attacks, in which the Austro-Germans were repulsed with heavy casualties. The Berlin war office, in admitting the reverse to the Teutonic allied line, asserts that the Italians repeatedly tried to bring up reinforcements to widen the breaches they made in the enemy front, but that their efforts failed and that 360 Italians were made prisoners.

That airplanes aided materially in the fighting, full details of which have as yet been received, is indicated in the Italian official communication, which asserts that during the progress of the battle the enemy lost twelve aircraft.

### A RECORD YEAR FOR THE EXCELISOR LIFE INSURANCE COMPANY

An analysis of the twenty-eighth annual report of the Excelsior Life Insurance Company, as presented at the annual meeting on Jan. 24, gives evidence of continued progress marked by the making of several new records in the year just closed.

Applications for new assurances were received for \$61,114,830, an increase of 27 per cent over the corresponding total of 1916. The total assurances in force now amount to \$24,118,226.75. A noticeable feature during the year was the increased number of applications from male lives under twenty and from self-supporting women.

The company's interests in New Brunswick are ably looked after by Mr. F. S. Harris, of St. John, provincial manager.

FOR CLEANER POLITICS.

There is a prospect that the Valley Railway enquiry will have results which will discourage future promoters of New Brunswick from encouraging graft and corruption, and future promoters of operations were regarded by the party in power as a mere matter of course.

RETRIBUTION—WHEN?

If anything were wanting to strengthen the determination of the English people to greater war effort, it is surely furnished by the account of the latest raid on London.

THE "UNION" MANIPULATORS.

As a union boost for the namesake group of politicians who are seeking to get union government in New Brunswick the Standard yesterday printed an article from a correspondent of a Regina newspaper.

COAL AND DAYLIGHT SAVING.

Retiring President Kent of the Toronto board of trade, in his address last week is thus reported: "Suggesting that the executive council of the board renew its efforts to have the daylight saving measure enforced in Canada, legislation for which was refused by the late government, Mr. Kent pointed out that during the summer of 1916 Great Britain saved 800,000 tons of coal by setting its clock ahead one hour, while France saved \$10,000,000 in coal and light by the same method.

FIVE MORE BODIES.

Word comes from New Glasgow, N. S., that five more bodies have been taken from the Allan shafts, mine up to 3 o'clock last evening. They are those of Francis Lunny, William Mintie, Desiré Landry, Andrew Bosman and Andre Duko.

THE MAN OF THE AGES.

I walk with the Man of the Ages, Who once walked in old Galilee, He walked with the Prophets and Sages, But now He is walking with me.

I talk with the Man of the Ages, Each morning communion have we, We search through the Word's holy pages, And He is so gracious to me.

I work with the Man of the Ages, And O what a Master is He, One never thinks of reward or of wages, When once this dear Master you see.

I live with the Man of the Ages, He dwells in the home here with me, He shields when the storm wildly rages, A mighty protector is He.

I walk not with rich or distinguished, They never have time here, you see, I walk with the Lord of the Ages, And He enjoys walking with me.

I walk and talk, and I work with Him, And He walks and He talks with me, O what a glorious fellowship, In this wonderful walk have we.

In this wonderful walk have we, E. W. KENTON, Spencer, Mass. (All Rights Reserved.)

LIGHTER VEIN

Good-Bye to His Pursue, We are told that the coal situation in Canada and the United States will be worse next winter than this; but, apart from that, the Globe very properly says: "Would it not be wise to economize in coal when it can be done not only without loss, but at a great gain to the health, ease, and pleasure of the people?"

The hour of daylight the world wastes in the morning could be turned to innumerable uses if added to the already heavy work of the evening. The gardening that is done, the field games that are played, the trips that are made by motor, trolley, or boat, would all be lengthened and bettered. No is daylight having an untold experiment. It has been tried and pronounced a success in England, France, Italy, Germany and Austro-Hungary. Canada and the United States nearly adopted it last spring. They should try again, and see it through this time."

Another Color, The Alta Vista Journal says it was in the local high school where a little girl happened. The teacher asked a little freshman girl, "Have you any freckles?" And the little girl replied: "No, I have brown ones."—Kansas City Star.

Just the Thing, "I hope you will like a better man after hearing my speech." "I did. I needed just that two hours' sleep."

Plenty of Credit, The grocer was looking over the credit sales-slips one day. Suddenly he called to the new clerk: "Did you give Geo. Callahan credit?" "Sure," said the clerk. "I—"

Did I tell you to get a report on any order asking for credit? "Why, I did," retorted the clerk, who was an earnest young fellow. "I did get a report, but the agency said he owed money to every grocer in town, and, of course, if his credit was that good, I knew that you would like to have him open an account here!"

AT CLAN MACKENZIE.

Clan Mackenzie celebrated Burns' evening last night. J. A. Murdoch, the chief of the clan, presided. Among those who assisted in making the evening the decided success that it was were Mr. and Mrs. C. Girvan, Miss Grant, J. A. Murdoch, J. T. Laidlaw, H. McGeorge, Hay, Woodstock, and James Gilchrist, secretary, St. John. Only routine matters were discussed at the meeting.

James Kelly, of Scotland, who died recently, was buried yesterday with full military honors in the cemetery of Holy Cross. Mr. Kelly was of naval rating and was on his way to join one of his majesty's ships at another port when he was taken with pleurisy and died Sunday on shipboard.

Ringworm on Child's Head

Caused Great Distress and Spread to Neck and Ears—Cure was Speedily Effected When Right Treatment was Recommended

Grand Bend, Ont., Jan. 25.—There is no disease of the skin more obstinate than ringworm, and the mother who writes this letter does so fully realizing what it will mean to other anxious mothers to know about Dr. Chase's Ointment.

This remarkable cure was brought about two years ago, and as there has been no return of the distressing disease there can be no doubt that the cure is permanent.

Mrs. D. Stebbins, Grand Bend (Ont.), writes: "I am going to tell you of my experience with Dr. Chase's Ointment. My little girl had some come out on her head which looked like ringworms. They were spreading fast, and I tried home treatment, but nothing helped her. I took her to the doctor, and he opened some of the sores, which were as big as the yolk of an egg. The saline he gave me to put on was very severe, and the poor child would cry for an hour or more after an application. For six weeks it continued to spread all over her head, and came down to her neck and ears. She suffered terribly. At last some kind ladies told me about Dr. Chase's Ointment, so I got a box, and the first time I put it on she was relieved of pain, and the second time the swelling was all gone. Before we had finished the first box the sores were nearly all gone. I have told all the people around here about your Ointment, and I cannot praise it too much. It is now two years since my little girl was troubled in this way, and it never came back, so you can see she is completely cured. You are at liberty to use this statement for the benefit of others who may be suffering in a similar manner."

Joseph Brenner, J.P., endorses this statement as follows: "This is to certify that I am personally acquainted with Mrs. D. Stebbins of Grand Bend (Ont.), and believe her statement with reference to Dr. Chase's Ointment to be true and correct."

You Get Better Cough Syrup by Making it at Home

What's more, you save about \$5 by making it at home and this is true.

You'll never really know what a fine cough syrup you can make until you try this famous home-made remedy. You not only save \$5 as compared with the ready-made kind, but you will also have a more effective and dependable remedy in every way. It overcomes the usual cough, throat and chest colds in 10 hours—relieves even whooping cough quickly.

Get 2 1/2 ounces of Pinex (50 cents worth) from any good drug store, pour it into a 16-oz. bottle and fill the bottle with white granulated sugar syrup. Here you have 16 ounces—a family supply—of the most effective cough syrup that money can buy—at a cost of only 55 cents or less. It never spoils.

The prompt and positive results given by this pleasant tasting cough syrup readily make it a household necessity. It relieves the inflamed membranes that line the throat and bronchial tubes, and relieves the irritation that causes the cough. It relieves the hoarseness, bronchitis, and whooping cough.

Pinex is a highly concentrated compound of genuine Norway pine extract and has been used for generations for throat and chest ailments. It is especially valuable for relieving the irritation caused by smoking, drinking, or eating anything else. A guarantee of absolute purity and effectiveness is given by the Pinex Co., Toronto, Ont.

LOCAL NEWS.

A meeting was held in Canterbury church last evening for the purpose of organizing a group of pastor's helpers. The object of the organization is to promote more sociability in the church.

E. J. Fleetwood, while passing the store of W. H. Hayward Co., Ltd., in Princess street, yesterday afternoon, slipped on the ice on the sidewalk and fell, breaking his ankle.

The Tuesday night meeting of the Boys' Club was educational as well as entertaining. A. M. Belding gave an address on the subject of "The Boy's Club." Dr. Kierstead, in an address, said he would be in charge of the club.

A company consisting of members of the Calvin church congregation assembled last night at the home of James McEarg, 609 Main street, and made a presentation to Lester McEarg his son, who is to leave with a draft from the 9th Siege Battery.

The New Brunswick Farm Settlement board held a meeting at the Victoria hotel last night. The report of the board was presented by W. K. Reek, deputy minister of agriculture. Mr. Reek was accompanied by Hay, Woodstock, and James Gilchrist, secretary, St. John. Only routine matters were discussed at the meeting.

James Kelly, of Scotland, who died recently, was buried yesterday with full military honors in the cemetery of Holy Cross. Mr. Kelly was of naval rating and was on his way to join one of his majesty's ships at another port when he was taken with pleurisy and died Sunday on shipboard.

GAVE HER DELICATE CHILD VINOL

It Built Him Up and Made Him Strong

Newyago, Mich.—"My little boy was in a delicate, weak, emaciated condition and had a cough so we had to keep him out of school for a year. Nothing seemed to help him until Vinol was recommended, and the change it made in him was remarkable. It has built him up and made him strong so his cough is almost entirely gone. We can not recommend Vinol too highly."—Mrs. E. N. Hamlin.

Mothers of weak, delicate, ailing children are asked to try this famous cod liver and iron tonic on your guarantee. Children love to take it. Watsons Drug Store, The Ross Drug Co., Ltd., St. John. Vinol is sold in Fairville by T. H. Wilson, and in Hampton by Donald's Drug Store.

Fans Want Major League Clubs From U. S. to Play Series

Ottawa, Jan. 30.—Baseball fans in Toronto do not expect to be without their portion of games next season, regardless of how the war may affect the local activities here. Plans are being made to have several major league teams from the United States play games. Sol Solman, Detroit Tigers, Cleveland Indians, and St. Louis Browns. The proposal is for sixteen consecutive games at the Island Stadium, each of the western teams playing four games with the Washington team at Toronto instead of at Washington. The Toronto and Washington teams are now negotiating to this end."

The experience of the Chicago National, Detroit, Cleveland, St. Louis and New York Americans in Toronto last summer has caused the club to be deluged with applications for exhibition games at the Island Stadium next year. "Should the International magnates at their schedule meeting on Feb. 13 decide that it would be inadvisable to play ball during the 1918 season, it is proposed to bring the Washington team to Toronto to play series with the western teams of the American League, viz., the world's champion Chicago White Sox, Detroit Tigers, Cleveland Indians, and St. Louis Browns. The proposal is for sixteen consecutive games at the Island Stadium, each of the western teams playing four games with the Washington team at Toronto instead of at Washington. The Toronto and Washington teams are now negotiating to this end."

\$25 FOR SARDINES Dr. Kierstead of the food controller's office, Inspector Calder of the fisheries department, T. A. Hart, M. P. for Charlotte county, and weir owners from every section of Charlotte and St. John county met yesterday in St. George for a meeting of the Weir Owners' Association. The following names were present: Colin Ingalls, Grand Manan; Fred. Lord, Deer Island; Will. Hall, St. Andrews; Mrs. Catherine, St. George; Harry Bell, St. John; Dan Cassidy, Mace's Bay; and A. Cassarby, Dipper Harbour. After a lively discussion the meeting instructed this committee to fix \$25 as a minimum price a hoghead for sardines the coming season.

CARNIVAL AT THE VIC. The carnival held in the Victoria rink last night was a great success. It was estimated that fully 900 persons were on the rink. The first prizes for the evening were \$10 and the second prizes were \$8. The prizes for skating were provided by the rink's own twelve-piece band. The prize winners for the evening were as follows: First prize, ladies, Bessie and Groom, Miss Eva Kerrigan; second prize, ladies, Liberty, Miss A. Campbell; first prize, gentlemen, The Allies, G. W. Macaulay; second prize, gentlemen, Spanish Pirates, John Straight; first prize, combination, Telephone Girls, Miss Woodworth and Miss Butler; second prize, combination, John Bull and Jonathan, Henry Garnett and B. Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast, fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-checked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that internal cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

THE PHONE INQUIRY. A committee formed of the representatives of various municipalities in the province affected by and appealing against the increase in the rates of the N. B. **THE VALUE OF TIME**

Did you ever get down to business and become acquainted intimately with the priceless commodity that everyone has exactly the same amount of—Time? In a year there are 365 days, 24 hours in a day. This means 8,760 hours all told. If you pencil eight hours a day, six days in the week, fifty weeks in the year (two weeks for recreation) give you 400 hours in the year. Deduct 10 days, 3 hours for holidays, and you have left only 2,820 hours for work. Life consists of three supposed eight-hour shifts, one for work, one for sleep and one for recreation. Do you know that you sleep 30 hours more than you work and that on load, or recuperate, 600 more hours than you labor? Think it over.

We are now pretty close to a working line of time and we get a startling view of the cost of waste.

If you make \$1,500, each hour is worth \$1.875.

If you make \$2,250, each hour is worth \$2.8125.

If you make \$3,000, each hour is worth \$3.75.

If you make \$3,750, each hour is worth \$4.6875.

If you make \$4,500, each hour is worth \$5.625.

If you make \$5,250, each hour is worth \$6.5625.

If you make \$6,000, each hour is worth \$7.50.

Again allow me to say your time is your capital—a liability. Is it impaired? Do your assets exceed your liabilities? An hour mispent is a dissipation of your assets. Can you afford to "Time" has a mortgage on your future which it will foreclose if you don't begin to earn

dividends with it. Remember, time constitutes your capital and capital is a reality. To properly spend your time is to create assets and surplus; to waste time is to make a gigantic failure. A corporation with \$1,000,000 capital will fail unless the capital is put to judicious use. This means 8,760 hours all told—properly invested same as your capital—Time.

He also made tribute to the work of the Hon. Mr. Hanna, his predecessor in office.

**COMB SAGE TEA INTO GRAY HAIR**

Darkens Beautifully and Restores its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with a little of the tea, and brush it over your hair, strand by strand, at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear younger.

Weyth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Have Sufficient Maize to Feed Population Till May, But Diet Insufficient

Petrograd, Jan. 30.—British officers who have made a thorough investigation of conditions in Roumania, returned to Petrograd and gave an account of the food situation there. They said the Roumanian peasant women have been almost starving for months or existing solely on maize. The effect is shown particularly among newly-born children, many of whom are deformed.

Notwithstanding this and other privations, the Roumanian army is maintaining discipline. Information from authoritative sources emphatically contradicts rumors of any pronounced movement against King Ferdinand. It is declared that only the smallest minority seeks to overthrow the government.

Aid Russians to Demolish.

Roumanian troops are aiding the Russian commander in the gradual demolition of the Russian army on the Roumanian front. The Roumanians are on guard against marauding bands of soldiers, insisting that all give up their arms before being released from their units.

A battle occurred four miles from Jassy between Ukrainian and Bolshevik forces. It lasted for eight days.

An attempt to assassinate Lieut.-Gen. Stecherbatoff, commander of the Russian forces in Roumania, was defeated on Dec. 20.

Several persons were killed recently in a battle at Kiev, brought on by an attempt on the part of soldiers to compel officers to give up their epaulettes.

**ETHEL HARRIMAN TO WED LIEUT. RUSSELL**

War Nurse, the Daughter of Mrs. J. Borden Harriman, Betrothed to New Yorker

Paris, Jan. 30.—The engagement of Miss Ethel M. B. Harriman, daughter of Mrs. J. Borden Harriman of New York, to Lieutenant Henry Potter Russell, son of Charles H. Russell of New York, is announced. The marriage will take place in Paris in the near future.

Miss Harriman sailed from New York last June for France at the same time as Mrs. Vincent Astor, to serve as a war nurse, having completed an intensive course in training a few days before sailing. She was a debutante of last season, and was among the few girls of that year to be presented at Newport, New York and at Washington, D. C., where her mother resides.

Several entertainments were given for her during her debutante year. At the annual entertainment given by the Junior League last January, called "Around the Clock," she made the hit of the extravaganza in the role of Madame Benethum, a fashionable modiste. The summer of her Newport presentation she gave a thrill to society by making an alpine flight over Narragansett Bay.

In the winter of 1914, soon after the death of her father, Miss Harriman accompanied her mother to Colorado on a visit to the strike zone. Mrs. Harriman formerly president of the Colony Club, from which she resigned, and of which her father was a member, was chosen by President Wilson a little

**TORONTO HAS A JAIL FARM FOR WOMEN**

(Toronto Star)

The opening of the new building on the women's jail farm, which will take place next week, will be one more big step in the work that is being done toward the reclaiming of erring women.

The building is modern to the minutest detail and Commissioner Gibbons and Controller O'Neill may be justly proud of the culmination of their plans.

The building is a two-story brick building, fire-proof in construction and will accommodate about sixty people. The interior is finished in grained maple with the dark oak finish, the massive doors of the same wood are designed without panels, and are dust proof. The concrete floors are covered with battelshiplinoleum to deaden the tread, and save sensitive nerves from unnecessary jarring.

At the south side of the building is a large assembly hall. A big open fireplace hints to cozy winter evenings while opening off the side a balcony overlooking the grove, in the summer months, will be an inviting shelter. Another big balcony opens off the sewing rooms on the opposite side of the building.

There are two large sewing and knitting rooms, for summer or winter the women are never idle.

All their own clothing and that worn by the men at the neighboring farm is made by their busy fingers, while one hundred pairs of socks and stockings per week are turned out by their two knitting machines. Many of the girls are especially interested in this part of the work, and intend to continue in the trade after they leave the farm.

**Sunlight Is Best Cure.**

The two sleeping corridors are large airy rooms filled with the bright sunlight that streams in through the windows that line the rooms, and none of the windows are barred. "I consider sunlight the very best cure for my girls," said Miss Margaret Carson, the head matron. "We can't get sunlight into them, unless we have a well outside too."

Nervous inmates may choose one of the twenty comfortable single-bed-rooms, but as a rule, unless particularly ill, the women prefer the company of the corridors. There is also a hospital ward, and a large medicine cabinet. "We don't spend much on doctors' bills here," commented Miss Carson. "Two hundred and fifty dollars is all our own dispensing. Every night at 7 I give out the medicines to those who need it." Miss Margaret Carson and her two assistants, Miss J. A. Carson and Miss F. Thierry, are all trained nurses, and their training is of particular value in their work among the girls.

There are three big lavatories, all finished in spotless white, with red tiled floors. The open plumbing is of the

**BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS**

Cleanse the Little Liver and Bowels and They Get Well Quick

When your child suffers from a cold don't wait for the little stomach, liver and bowels to get a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs," to evacuate the bowels, no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

**PAPE'S DIAPEPSIN FOR INDIGESTION OR BAD STOMACH**

Relieves Sourness, Gas, Heartburn, Dyspepsia in Five Minutes

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasurable stomach preparation which truly belongs in every home.

**GIVE SOME CREDIT TO THE STAFF COLLEGE**

London, Jan. 30.—Some days ago the Chronicle gave prominence to an article extolling Canada's army as being democratic and free from staff college standards and pointing out, quite correctly, how hardly any Canadian commander is a professional soldier. Another writer, however, declares that much of the efforts of the Canadians is due to the efforts of staff college men who have been lent to Canadians from the war office, and due also to officers of the Canadian permanent force. This writer makes a point of saying that when men like the Canadians have been soldiering as long as two or three years they become all to intents and purposes professional soldiers.

The Canadian Press adds: It is worthy of remembering that many Canadian militia officers who came here, so to speak, "amateur soldiers," have since been absorbed into the regular war office staff.

Friends of Lillian H. Wallace gathered at the home of Mrs. J. H. A. Anderson, 387 Union street, Monday night, and tendered her a novelty shower in view of an approaching happy event. She received many useful gifts.

THE CHARMING MCKAY SISTERS WITH TOM MCKAY'S SCOTCH REVUE AT THE OPERA HOUSE THIS WEEK

The Highland lads and lassies in Tom McKay's Scotch Revue at the Opera House this week are a whole lot of themselves and making lots of friends at every performance. The other acts on the programme are exceptionally good, all five making up a complete evening or afternoon entertainment in which clean, refined comedy is the predominating feature.

KILMER DECLINES SUN BRIAR OFFER

Refuses to Sell His Three-Year-Old to English Turfman—To Retire the Colt

Louisville, Ky., Jan. 29.—That Willis Sharp, Kilmer had received a large offer from an English turfman for the three-year-old colt Sun Briar, and that it was refused, was announced by Mr. Kilmer himself during the course of a flying visit he was paying to Churchill Downs recently. The offer came last week by cable from an owner ranking high in English turf circles, but whose name Mr. Kilmer would not disclose. In the event of a deal being consummated the crack colt was to be shipped to England without delay. Mr. Kilmer politely turned down the flattering offer, with the additional information that the colt was not for sale at any price.

Mr. Kilmer came here from Lexington, accompanied by his secretary and several friends, and remained long enough to look over his band of yearlings at the Downs being trained by Al

Women Everywhere Use Lemon Juice To Beautify Skin

The beauty lotion which is becoming so popular throughout the country is easily prepared by anyone, and a whole quarter pint of it doesn't cost any more than a small jar of the common, ordinary cold cream. Add the juice of two fresh lemons to three ounces of orchard white and shake well in a bottle. Strain the lemon juice two or three times through a fine cloth so no pulp gets into the lotion, then it will keep fresh for months. Regardless of what price you pay or how highly advertised, there is nothing else really more mentioned in beautifying, softening and clearing the skin. As a tan and blemish remover, also to remove oiliness and sallowness, lemon juice has no rival. Massage it into the face, neck, and arms once or twice each day, and just see if it doesn't bring out the roses and hidden beauty! Lemons have always been used to bleach the skin, but pure lemon juice is too highly acid, therefore should never be used except in this manner. If properly prepared, this sweetly fragrant lotion will speak for itself. Any drug store will supply the three ounces of orchard white at very little cost, and the grocer will supply the lemons.

made necessary and commencing this week and until further notice the current week's programme will close on Thursday evening and the new programme open on Friday evening instead of Saturday afternoon. There will be no performance on Friday afternoon. Thursday night of this week will be the last opportunity to enjoy McKay's Scotch Revue and the balance of this week's programme. Friday night, with the usual two performances will come the regular weekly change of bill.

D. Steele, and to conclude arrangements with Steele for his acceptance of the position as manager of the Kilmer breeding establishment at Binghamton, N. Y. It was arranged that Steele would assume his new duties upon the arrival here next week of Trainer Henry McDaniel, who will bring Sun Briar and eight other horses to be trained for the Kentucky spring season.

Steele has had wide experience in the breeding business, having been J. E. Madden's right hand man at Haverburg Place for more than five years. It was Madden's recommendation that obtained for him his new position. Steele has been in charge of twelve yearlings that Mr. Kilmer bought from Madden last August, and these will be turned over to McDaniel upon his arrival here.

During his visit Mr. Kilmer inspected these yearlings, it being the first time he had ever seen them. He had purchased the dozen—all of which are by Ogden—from Mr. Madden, relying solely upon that astute horseman's judgment. He was much impressed with the appearance of the youngsters as they were brought out for his inspection. A colt out of Quebec in particular took his fancy, owing to its striking resemblance to Sun Briar. He developed a colt was an exact prototype of the famous son of Sundridge.

Only one of the youngsters was found to be in ill-health, this one being a colt out of Belle Glendale, which was found to have developed spinal meningitis, and which will have to be destroyed. Mr. Kilmer talked entertainingly regarding his big breeding and racing interests, and expressed high hopes for the success of Sun Briar in the Kentucky Derby and other rich features for three-year-olds. He believes the colt has a royal chance to capture the Churchill Downs classic, and in the event that he is not successful he thinks some outsider will carry off the prize. If his colt even finishes in a money, Mr. Kilmer declared he would be a very happy man. It is his intention of retiring the colt to the stud after the coming season to be mated to one of the best mares now at Sun Briar Court.

Incidentally, Mr. Kilmer took occasion to correct the general impression that he is a comparatively new recruit to the sport of racing. He declared that he had been breeding thoroughbreds in England some years prior to his entry into the turf as an owner in this country. The breeding of high-class horses is his hobby, and this branch of the sport appeals more strongly to him than that of racing horses. Accordingly he has set out to indulge his whims in this respect on a very large scale. He is the owner at present of 120 thoroughbreds, including stallions, mares and young horses. This number embraces the four high-class mares he secured at the Corrigan sale. With these purchases he is particularly pleased, being of the opinion that with mares like Royal Quest, sister to The Temach, for which he paid \$5,000, and Midge, which cost \$3,100; Ruby Grand, costing \$4,100; and Lady Echline, which was knocked down to him for \$2,800, he possesses some of the most highly bred matrons in the country. All of these, with

## War Flour Good Flour

By Caro M. Brown  
Chemist—Lake of the Woods Milling Company Limited

**I**N the interest of food conservation, it has been proved most economical to insist upon a standard loaf of bread from all bake-shops, and this is only possible when a standard flour is manufactured. In order to effect this standardization of flour all over Canada, the Government requires that the mills make not less than 74 per cent flour from wheat, that is 74 pounds of War Flour is to be made from 100 pounds of wheat. This is only very slightly more than most mills are already extracting.

**Not "Graham" Flour**

The slight increase of flour extracted will be true flour, and not bran or dust. Formerly this slight amount of flour had been allowed to go into the feeds for animal consumption, but when every grain of wheat counts as it does now, this is too extravagant a practice. There need be no apprehension as to the quality of Government Regulation flour. It is NOT to be "Graham," nor even so-called "Whole-wheat" flour, and it is NOT flour mixed with Bran and Shorts. It will be simply pure flour as taken from the wheat berry, purified and sifted exactly as in the past; but, instead of several grades, such as FIVE ROSES, HARVEST QUEEN, LAKEWOODS, etc., being separated, all the flour will be blended together and only one brand will be on the market.

**Colour More Creamy**

The War Flour will not have quite the white colour of FIVE ROSES, but for all practical uses it will give identical results in baking. Flavour, texture, general appearance and nutritive value will not be impaired in any way.

**Excellent Baking Results**

Foreseeing that some regulation of this sort was imminent, we have been trying out in our Laboratory recipes for Bread, Cakes and Pastry, using the new "War Flour." Our idea being to ascertain if any modification of present methods should be adopted. There need be no fear that the new flour will make unpalatable bread, cake or pastry. We were more than pleased with the results, and found that for bread no variation seemed to be necessary.

**Some Suggestions for Housewives**

In making pie crust and puff paste, we have obtained the best results by using very slightly less water than with FIVE ROSES. The crust was flaky, crisp and well-flavoured. For cake, we followed exactly the same recipe in using FIVE ROSES and the War Flour; the cake from the War Flour was equal to that from FIVE ROSES in lightness and texture, was excellent in flavour and of a rich, creamy colour.

As the War Flour will be rich in gluten, care should be taken in making baking-powder biscuit and pastry not to work it or handle it any more than is absolutely necessary, as this toughens the gluten, resulting in a texture less tender and flaky. It will require a little study and ingenuity on the part of each housewife to adapt her favourite recipe to this flour, but the little time given to this will be more than repaid by the results obtained.

**FIVE ROSES IN KHAKI.**—To conserve wheat so essential to the Allied Cause, your favourite brand is now being milled according to Government Regulations. But the name "FIVE ROSES" which, for over a quarter century, has been a positive assurance of quality is still your protection. Users of "FIVE ROSES Government Grade" Flour are assured of the best available flour under all conditions. Fortunate possessors of the famous FIVE ROSES Cook Book can bake with the new FIVE ROSES with practically no change in their present recipes and in the certainty of excellent baking results.

the exception of Royal Quest, are in foal, and next season they will all be mated to Assagai, for which Mr. Kilmer paid a large sum at the Belle Meade dispersal sale, and which, with Allemeur and Magic, both imported, comprise the list of head stallions at his breeding establishment.

**PLANK EMBARKING ON SEVENTEENTH YEAR**

Fleider Jones Explains Why Plank Quit Browns — Says he Should Win Many More Games

When Eddie Plank reports to manager Huggins at Macon this spring he will embark on his seventeenth year as a big league pitcher. The Gettysburg southpaw joined Connie's Athletics in 1901, and has watched scores of youngsters come and go while he remained on the job. While with the A's Eddie was Connie's best bet, and he kept up the good work with the St. Loey Peds and later with the Browns. He quit in mid-season last year because of the torrid weather in the Mound City and also because of some run-ins with Fleider Jones. Eddie and his manager are said to have been as friendly as a pair of milk-pots, but Fleider denies this. He states that he and Plank are the best of friends and even exchange cards at Christmas. Jones gave out the following interview regarding Plank a couple of weeks ago in Portland, Ore.: "The writers in the east said Eddie Plank and I had a disagreement and that Plank quit the team in August. True, Plank quit, but here are the facts: "I used to tell Eddie the day before he pitched that he was to work. On one of

these occasions when it came time to warm up Plank said he couldn't work, that his arm was sore. He went to his room after the game and the next morning called me on the phone and asked me up to his room.

"When I opened the door he was crying. It seems that he had been to a doctor and was advised to quit baseball for the rest of the season, that his arm was in bad shape. He told me then that he thought he was through."

"I told him to go home and rest. The papers published a report that Plank quit the team because of a fuss with me. Why, it was only last Christmas that I received a long letter and a picture of his baby from Plank with best wishes from himself and family."

At any rate, we wish Eddie all kinds of luck in his new job, and hope he gets away to a good start. He always keeps himself in shape and his salary will still be good enough to grab off a flock of victories for his new boss.

Pitchers who can hit 300 are oft heralded in the feature stories and other branches of fiction, but the moundsman whose general average entitles him to recognition in polite swatting society now exists only in one instance. According to the records, this rare specimen of sport humanity is "Babe" Ruth, the Red Sox heaver, who through the run of three years in a big league uniform is

entitled to a place in the hitting hall fame at a fraction above the minimum qualifying limit. His respective batting marks are 316, 372 and 326.

During his American League career the pounding hurler has played in 19 games, has batted 261 times, scored forty-nine runs, made 109 hits and is credited thirteen times. His big drive or lurch includes twenty-two double seven triples and nine home runs. Four-bagger off Bill James on Aug. 1st is guaranteed to have been the game, home-ride and exclusive "longest of the season." The ball went into centre field bleachers at Boston.

The American League was crows with pitchers who could hit last season. Among those who the records sh didn't have to step aside as weaklings when a waz was demanded were the Russells, of New York and Chicago, Mays, Cunningham, E. Myers, Caldwell, Ehmeke and Bagby. Of these, Caldwell and Bagby are good pinch men and hitters, although their averages are as high as some others. Russell, of Yankees, hit .318, standing next to Ruth, while his namesake of the White Sox barely missed 300, being only one point under that figure. Only four pitchers the National showed any ability with the willow, according to the figures. These were Mitchell, Hendrix, C. Gore and Barnes. As a bunch, they not class with their American confrer. But if the big Boston southpaw must classed as a freak performer on account of his ability to consistently hit in 8 society, he yet is altogether consistent. A pitcher in one respect. He has yet steal his first base as a big league player

**THE MAN IN THE STREET**

Those old-fashioned winters have nothing on the 1917-18 variety.

The coal shortage keeps us from overlooking the fact—if there is any danger of our doing so.

If that increased production movement better than they look—to say nothing of the fact that the fuel controllers to control.

Next question is: "Are you one of the 144,000?"

It is some consolation that we are given seven years to qualify.

Bolsheviki are willing to do their part towards bringing on the millennium. They are determined to have peace if they have to kill off everyone who stands in their way.

Which is not so awfully unlike the Kaiser's method.

Bolsheviki ideas of democracy sound better than they look—to say nothing of the fact that their campaign smells of Prussianism.

We'd Like to Know.

The local paper which insists that the entire amount for the pension should be included in this year's estimates, and also that the tax rate should be reduced this year, might tell us how to pay a ten dollar account with about \$7.69 in real money.

An Even Choice.

If you are interested in the war news you have your choice between the European despatches and the upper Canadian hockey games.

What's this western Progressive party that Hon. Bob Rogers is tut-tutting about? Is it a Canadian branch of the Bolsheviki.

London seems impressed by the horror of the Hun aviators' fall from a height of 10,000 feet. Do they really think it would have been only half so fatal if they had not dropped more than 5,000 feet?

School board cheerfully adds \$50,000 to the city estimates—and the city commissioners are aced because the assessment may be as big as last year's!

Recommendations of counsel for provincial government in the Valley Railway inquiry seems to furnish a conclusive answer to that popular question: "What's the use?"

Looks as if the political buzz-saw isn't going to be any safer to monkey with than the other kind.

Counsel refers to a "Master Mind" directing the Valley Railway graft. Who on earth could he mean?

Of course the fact that certain transactions took place in a certain office in Princess street could not be regarded as a clue to the mystery.

When the government goes after that \$100,000, which Hon. Mr. Fleming received, they should not overlook the interest. Quite a tidy sum in itself.

**ARISE FROM AN ASSAULT CHARGE**

Trouble in Marsh Road Section on Saturday—Three Dollars for a Bottle of Whiskey is Evidence Then Arrest

In the police court this morning Jas. Vermer was charged with assault and battery by Frank Coleman. The alleged assault is said to have taken place on Sunday, according to Coleman's testimony, in an alley off Frederick street. "I was pretty drunk," was the frank admission of the complainant, "and don't remember the exact hour. I gave Vermer a drink and Tom Pye as well. Tom was along with us. I had a bottle in my pocket. Tom held a hat up and we were trying to see how high we could kick. I slipped on the ice and made a grab at Vermer to save myself. We both fell to the ground. Vermer then jumped up and kicked me in the face. A man was there later and he drove me home. The doctor said that it will be a week or more before he can tell the extent of the injury."

The prisoner then asked some interesting questions.

Q—"Didn't we get talking about fighting?"

A—"No."

Q—"And didn't you say that they called you the white hope?"

A—"No."

Q—"And then I said you might be but—"

A—"I don't remember anything at all about that part of it."

Q—"What time was it when all this took place?"

A—"You were soberer than me and you ought to be able to tell yourself."

Q—"If I kicked you as you claim wouldn't your face be cut?"

A—"You couldn't do that (showing bruise) with your hand, could you?"

There was some discussion here as to whether the bruise had been done by Vermer's feet or his hands.

The magistrate then asked a few questions and succeeded in eliciting the information that the complainant had paid Tom Pye \$2 for a bottle of Scotch whiskey which he went and purchased. It was on his return that they went into the alley to take a drink.

The case was here postponed and immediately Inspector Crawford placed Coleman under arrest in view of what had come out in evidence, for having liquor in his possession and drinking in public. The prisoner was held until an attempt could be made to arrest Pye. This was accomplished very soon afterwards.

**LABOR COMING INTO ITS OWN**

To Have "A Place in the Sun"—An Important Move in United States

Montreal, Jan. 29.—Sidney Hillman, New York, general president of the Amalgamated Clothing Workers of America, addressed a gathering of workmen here tonight, and said the workmen were not satisfied with the big pay they were receiving, but wanted a say in the country's affairs. He said one result of the war would be that labor would have "a place in the sun." All over the world labor is coming into its own, he said. He added that the Russian revolution would affect Germany. He advised every workman to put his energy and brains into the work of reorganizing the world.

Washington, Jan. 29.—Virtual re-organization of the department of labor has been decided on by Secretary Wilson as the first move in a plan to establish a war labor administration which will formulate a broad national labor policy for the duration of the war.

Secretary Wilson will be supreme labor administrator and industrial service sections of other departments, although they will continue their activities as at present, will be centralized under his control.

Seven new labor department services, or bureaus, will be created to deal with all phases of the labor problem.

Officials who handle the war labor situation expressed the opinion tonight that the labor problem at last is in a fair way of solution.

**MRS. ANN KERRIGAN.**  
Many will learn with regret of the death of Mrs. Ann Kerrigan of Musquash, which occurred on Jan. 29. She was seventy-four years of age and is survived by three sons, John of New York, Thomas of Fairville, and James of Musquash; three daughters, Mrs. Daniel Toban, Mrs. Joseph Shannon of St. John, and Mrs. Daniel Murray of Dipper Harbor. The funeral will take place on Thursday morning from the residence of her daughter, Mrs. Daniel Toban, 108 Lancaster street, West St. John.

**SAYS PRICES WILL NOT GET BACK TO A PRE-WAR BASIS**

Montreal, Jan. 30.—Zephirin Hovert, retiring president of the Montreal board of trade, in addressing the board yesterday, uttered a warning that Canada's present prosperity was the result of war orders and was transitory and that unless thrift was practiced dire results would follow. He said prices were not likely to resume the pre-war basis, because the cost of labor would not recede. He urged three things to be looked to as remedies for the high cost of living—increased production, limitation of consumption and elimination of waste.

**CHARGED WITH KEEPING A DISORDERLY HOUSE.**

In the police court this morning hearing was given on a charge of keeping a disorderly house against Ebel McDonald, a soldier's wife, and Private Egan of the 62nd O. S. draft, charged with being an inmate. Detectives Biddiscombe and Briggs testified as to entering the house after receiving complaints. The prisoners were remanded. Three small children of Mrs. McDonald will be looked after by the Children's Aid Society.

Italian Army Headquarters in Northern Italy, Jan. 28.—(By the Associated Press)—Two Americans named William Platt and Richard Fairfield, attached to the Red Cross were killed at Mestre on Sunday night by bombs dropped by German raiders. Five bombs fell in the courtyard of the hospital, killing four persons and wounding several patients.

**THE QUEENSLAND FLOOD**

Sydney, N. S. W., Jan. 28.—Although the property damage caused by a cyclone and tidal wave at Mackay, Queensland, was very heavy, latest reports from the town show that the loss of life was small, probably not aggregating more than a score of persons. Most of the damage was done to sugar in storage, the loss on sugar alone being estimated at \$8,000,000. The town is still largely under water, and the streets are filled with wreckage, while the relief roundabout is flooded. The federal and state governments are extending relief to the stricken district.

**NOT A REAL TITIAN.**

Rome, Jan. 29.—Germany claims to have found in the Italian occupied province the original Titian painting "Venus and the Organ Player" which, it is asserted, was transported to Berlin.

Italian art experts are much amused over this report, as the original picture has been in Madrid for a hundred years, having been bought at a sale of pictures of Charles First of England. It is a well known fact that several copies of the painting are in the Venetian provinces and in England.
