TOKIO IS RACIAL AGAINST U.S.

SPEEDS AUTO AT NEWCASTLE CHIEF; BOWLS HIM OVER

Policeman Hill is Smashed in Face and Hurlled from Running Board.

CAR IS CAPTURED

Proves to Belong in Maine—"Edwards" or "Jenkins" Still is Sought.

(Special to Times-Star.) Newcastle, June 9.—Newcastle's new police force had thrills aplenty over the weekend, including assault on both officers, the recovery of a stolen car containing a hit of burglar tools, and a man-hunt through the woods at Lower Newcastle, which so far has proved unsuccessful.

On Saturday the police were asked by the authorities in Richibucto to detain a man driving a Cadillac sport car, on suspicion of a break in the Forbes store there on Tuesday night. The car has been in Newcastle for several days, and driven by a man who gave his name as both Jenkins and Edwards.

About seven o'clock on Saturday evening Policeman Hill noticed the man drive up in front of the Miramichi Hotel, and stepping on the running board, informed him that he was under arrest.

Instead of acceding to the officer's request to accompany him, Edwards stepped to the gas and Hill endeavored to stop the car and was given a severe blow in the face, which knocked him off the car. Near the top of Call's Hill Chief Hopkins made an attempt to hold Edwards up, but the latter, going about forty miles an hour, swerved the car towards the chief, and striking him over into the ditch and quite badly injured one of his arms.

With a clear road ahead of him, Edwards then started in the direction of Bathurst. Seizing a car, Chief Hopkins and Deputy Sheriff Doran started in pursuit, and came upon the car near Connell's, on the new Bathurst road, but could find no trace of the driver. In the car was a set of burglar tools, including diamond glass cutters, cold chisels, jimmies, etc. The officers took charge of the car and brought it to Newcastle.

When the car was first noticed in Newcastle it had Maine license plates, but these were missing when it was captured. Under the rear seat were found a set of N. B. plates, said to have been stolen from a car in Nelson. A wire was sent to the Chief of Police at Bangor, who advised Chief Hopkins that the car was the property of J. L. Hobson of Woodland, Maine, and had been stolen about two weeks ago, and also that he believed Edwards to be a ticket of leave man from Thomaston Penitentiary, where he had been sentenced for auto theft.

On Sunday morning the officers again set out in quest of Edwards. It was found that he spent the night at Martin Fox's, Bathroque, and left there early, going towards Newcastle. He was seen by several persons during the afternoon, but as yet the officers have been unable to locate him.

Many Enter For Ocean Yacht Race

Going Blind, Kills Wife, Then Suicides

New York, June 9.—After passing two hours in consultation with an oculist, who told him he would become totally blind within six months, a 37-year-old man, 32,000-year-old Oriental rug expert, drove in a taxi-cab to his apartment at 81 West Thirty-seventh street, shot and mortally wounded his bride of four months and then turned the weapon on himself and died half an hour later in Bellevue hospital.

AUTO REVENUE IN PROVINCE GROWS

Receipts up to End of Last Week Amounted to \$345,000.

Fredricton, N. B., June 9.—Indicating the increasing number of automobiles in New Brunswick and the buoyant state of automobile sales in this province this year, is a statement of receipts of motor vehicle license fees up to date this season, given at the motor vehicle branch of the provincial public works department on Saturday. Receipts to date this year amount to \$345,000, as compared with \$240,000 up to June 6, 1923. The fact that the extra impost of 20 per cent. to cover highway patrol has been in effect all this year and did not go into effect in 1922 until passed by the provincial legislature is a factor in increasing this year's receipts, but while figures are not obtainable, there is a largely increased number of new auto registrations this year in New Brunswick.

COOLIDGE LIKELY CHOICE TOMORROW ON FIRST BALLOT

Would be Unusual Occurrence in Political History of U. S.

MARKED CONTRAST

Harding Republican Nomination of 1920 Recalled—Notables at Convention.

Cleveland, June 9.—(Associated Press).—With the disappearance of a new and prominent part, the Republican national convention here tomorrow will furnish some striking contrasts to the 1920 convention, held in Chicago.

Former President Warren G. Harding, nominated only after a long battle on the convention floor and hours of conference behind closed doors in the early hours of the morning at Chicago, has passed away. Differing from the heated convention of 1920, which resulted in Harding's nomination, the Cleveland convention promises only a mild thrill, with every indication of President Coolidge being nominated on the first ballot—an unusual occurrence in political history.

Edmonton, Alta., June 9.—Edmonton and the surrounding district is threatened with a plague of caterpillars. Already caterpillars have appeared in millions in some parts of the district and have stripped the trees bare of their leaves. They cover railway tracks and cause the engine wheels to slip, stopping the trains temporarily.

Wills and Madden In the Ring Tonight

New York, June 9.—Harry Wills and Bartley Madden will meet in a 15-round heavyweight bout at the Queensboro A. C. tonight. Three postponements were occasioned by injuries to Wills and interference on the part of the authorities prevented a clash a fourth time. On the outcome of the bout depends Wills' chance to meet Lou Fipps and Jack Dempsey.

Smith Would Revise The Volstead Act

New York, N. Y., June 9.—For the first time since he became an avowed candidate for the Democratic nomination for President, Governor Alfred E. Smith yesterday expressed himself in favor of revision of the Volstead Act to allow States that were so disposed to legalize the sale of light wines and beer. He also said he believed the Ku Klux Klan to be "contrary to the very principles upon which this country was founded."

VOTING ON UNION THIS AFTERNOON

Presbyterian Assembly Expected to Divide 375 to 125—Next Year's Convention.

Owen Sound, June 9.—The question of church union comes up again this afternoon in the Presbyterian General Assembly. Some of the real war horses of the assembly, such as Rev. Dr. Ephraim Scott of Montreal, are still to be heard from on this question, and a vote is taken it may not be taken until six o'clock. It is possible that the assembly will prolong the sitting until six o'clock in order to get the vote taken. It is anticipated that 500 commissioners will vote on this question and it is computed that about 125 will vote against the proposals of the union committee with 375 in favor.

Lord Carson Criticizes Course in Naming Irish Boundary Commission

London, June 9.—(Canadian Press Cable).—In a speech at Belfast Saturday, Lord Carson, one of the leaders in the Ulster opposition to Free State dominance in Ireland, said he had been told there were to be a number of different appointments from the far ends of the British Colonies to try to solve the knotty problem. He was sure that whoever was chosen would do his best, but the speaker did not envy him his job. No matter how many men were brought from the antipodes to decide the affair, they would come down in the long run to the solid question whether they were going to settle the frontier by Ulster and the Free State, or by Ulster territory.

Agitation Over Exclusion Act Takes Several Forms Over Week-end.

BOYCOTT IS BEGUN

Political Ruffians Invade a Dance—Picture Houses Forced to Close.

(Canadian Press.) Tokio, June 9.—Tokio's Sunday largely was given over to various phases of anti-American agitation.

Throughout the day the grave of an unknown subject of the Mikado, who committed suicide by harikari as a protest against enactment of the U. S. exclusion measure, was a Mecca for thousands of pilgrims, who came to pay their devotion to the man who has become a martyr in the public eye. A mammoth crowd attended a public memorial service over the grave. Hundreds of wreaths were banked around the small mound of earth where the body lies.

COMMISSIONER'S DECIDE AGAINST HARBOR FRONT PROPERTY PURCHASE

Mayor Rules Against Gas Station at Princess and Germain.

The common council this morning decided against the proposition to purchase the Lawton, Germain and McArthur properties, Water street, for the purpose of building another deep water berth on the eastern side of the harbor. Mayor Potts ruled that an application of W. E. A. Lawton for permission to install gasoline tanks and pumps at the corner of Princess and Germain streets was out of order as the location was within 300 feet of a church and the church had objection pipe were noted and referred to the Commissioner of Water and Sewerage. Commissioner Wigmore gave authority to proceed with the installation of water and sewerage in Brunswick Place, North End. Gasoline Station.

Commissioner Harding moved that the application of W. E. A. Lawton for permission to install gasoline tanks and pumps on the corner of Germain and Princess streets be taken from the table. The common clerk of the city read a petition from residents of Germain street protesting against the erection of a service station on this lot and one from the trustees of St. Andrew's church also protesting.

Commissioner Wigmore asked about the by-law in connection with garbage near a church and was informed that no garage be erected within 300 feet of a church if the church trustees objected. Mr. Lawton said this building would be 300 feet from the church.

This was questioned by Mayor Potts who said it was only 400 feet from street corner to street corner and the church was near the middle of the block. Commissioner Harding said the by-law did not mention service stations but the mayor said this building came within the meaning of the by-law and he ruled the application out of order.

This ruling was questioned by Commissioner Frink and on the question being called the ruling of the chair was sustained. Mr. Lawton objected on the ground that the by-law did not cover the building which they intended to erect and that the lots fronted on Princess street and it was the Princess street line which should be taken into consideration. Commissioner Wigmore reported that it would cost \$1,250 to install water and sewerage in Brunswick Place and he moved for authority to proceed with the work by day work, payment to be made by bank check, providing that a 10 per cent. guarantee be obtained. Carried.

Commissioner Bullock reported that 150 feet of cast iron pipe, leading to No. 3 shed, West Side, should be renewed at an estimated cost of \$640 and moved for authority to undertake the work. He said they had not record of when this pipe was placed under the wharf. Commissioner Wigmore said he understood this was laid in the time of Commissioner Russell and the Mayor said there surely must be some record. Commissioner Wigmore said the experience of his department was that wrought iron pipe did not stand up nearly so well as cast iron. They found that galvanized pipe did not last. This was endorsed by Commissioner Frink.

The Mayor said he wanted to see how much the engineer knew. Commissioner Wigmore said that he believed any engineer would say that cast

The ministerial conference will hold its first session tomorrow evening, and the first general session will be held on Wednesday evening.

BURIED TODAY.

The funeral of John Hanlon was held this afternoon from his late residence, Milford, to St. Rose's church. Service was conducted by Rev. Charles Collins, interment in Holy Cross cemetery. The funeral was attended by many friends and many spiritual offerings were received. Six grandsons, John, William, Leo and Charles Doyle and Joseph and Charles Murphy, were bell bearers.

THE ROTARY CLUB.

Sydney forces presided at today's Rotary Club luncheon. H. E. Gouda gave a five-minute talk on Rotary education, urging the broader idea of fellowship in service. The club voted to adhere to its decision to erect next year the Allison pavilion at the ground pavilion at a cost of about \$2,500. E. C. Weyman was made the club's representative on the Rotary juvenile committee. There was a discussion on the project of a permanent boys' camp, introduced by Fred Miles.

NO WORD OF MISSING MAN.

No word has been received here yet regarding the whereabouts of William Palmer, assistant to Charles McKee, lighthouse keeper at Cape Sable. Palmer disappeared early Saturday morning, being last seen by his mother, Mrs. F. Palmer, at that time. She says he complained of pains in his head for the last six weeks. J. C. Chesley, local agent for the Marine and Fisheries department, reported this morning that two men came to his office about two weeks ago and inquired about Palmer's job, saying he had told them he was going to leave. Mr. Chesley referred them to Mr. McKee as under the regulation of the department, the keeper hires and pays his own men. Mr. Chesley says the missing young man was well-built and seemed quite clever.

New York, June 9.—The steamer "Cannova" was in collision last night with the schooner Vincent A. White, of Parrabrook, S. S. off the Delaware coast, officers of the steamer reported on arrival today. Part of the rail, ports and bulwarks amidships on the port-side of the steamer were smashed. The schooner had her bowsprit carried away and lost her anchor. She is bound from Lunenburg, N. S., for Norfolk.

FANCETT RANGES DRAWN IN ATTENTION AT HORTON FAIR

Fine Cooking Qualities, Neat Appearance and Durability Demonstrated

Splendid cooking qualities, neat appearance and great durability were well demonstrated in the kitchen and range shown by Charles Fawcett Ltd. of Sackville, N. B., at the Demonstration Week fair in the public hall in Fredericton. The Fawcett ranges were prominently placed at the main entrance on the lower floor and the booth was in charge of J. P. Fitzpatrick, special representative of the firm.

Cooking demonstrations were given daily with Fawcett ranges and actual working tests were given the delight of the cook. The exhibit attracted a great deal of attention and the special interest in the kitchen and range displayed were pointed out and quickly appreciated. The Fawcett special range was tested daily in cooking demonstrations and the appetizing delicacies which it produced were sufficient proof that the range was a compact range large enough for all purposes and can be had in a variety of styles.

The new model of the Champion steel range, which was also shown, is a new Brunswick firm. It is equipped with an immense fire box with grate and is made to burn coal also. With its handsome enamel back concealing the pipe, its advantage from the viewpoint of being easy to clean was readily appreciated. The full pipe model was especially appealing to the women among the visitors and brought much special commendation. Its various good points were demonstrated and it was shown how the heat could be turned directly to the household tank so that the water in the reservoir could be brought to the boil in about 20 minutes, assuring to the household quick and certain hot water supply.

SAINT JOHN TEAM WON SECOND PLACE

C. P. R. First Aid Competition Honors Taken by Men of McAdam.

At a "First Aid" competition last week in McAdam, teams representing St. John, McAdam, Woodstock, Fredericton and Brownsville in the C. P. R. New Brunswick district took part. The examination was conducted by Dr. H. A. Beatty, chief medical officer of the C. P. R., a brother of President Beatty and whose headquarters are in Toronto. He was assisted by Mr. Shakespeare, first aid instructor of the railway.

The team from McAdam was awarded the championship trophy as they had aggregated nearly 600 points out of a possible 650. The team from St. John was a close second. It was the first time a team from St. John had participated in a contest of this kind and their good work evoked flattering compliments from Dr. Beatty and Mr. Shakespeare.

At the competition J. R. Gilliland, superintendent at Woodstock presided. At the conclusion of the tests Dr. Beatty addressed the members of the teams and congratulated them. Mr. Shakespeare also addressed them. He

ATTORNEY GENERAL'S ACTION IN SUNDAY CASES NOT INVITATION TO DO BUSINESS

Text of Hon. Mr. Byrne's Letter to St. John Chief of Police.

A letter from Hon. J. P. Byrne, Attorney General of New Brunswick in which he refused to consent to prosecution in 14 cases of alleged violation of the Lord's Day Act in St. John on Sunday, May 25, was received by Chief of Police Smith on Saturday at noon, about an hour after the Chief was in conversation with the Attorney General over the long distance telephone. The letter was mailed from Bathurst on June 2 but the Chief said this morning that it did not reach him until Saturday.

While withholding his consent to prosecute in the cases reported Hon. Mr. Byrne says that it is not to be taken that his action is an invitation for the carrying on of general business on Sunday for gain. He expressed the opinion that in the cases reported it had not been shown that the people affected had shown an inclination to keep "open shop" although they might be considered violators of the letter, if not of the spirit, of the act.

Here is the text of the Attorney General's letter as follows:—
"Your letter dated the 28th day of May with reference to complaints made to the Mayor and commissioners of violations of the Lord's Day Act is at hand. It is noted you instructed your constables to investigate the above complaints and in consequence thereof report the following list of violations on Sunday, May 25, 1924 and ask for leave to commence prosecutions. As you know, no prosecution shall be commenced without the leave of the Attorney-General for the province in which the alleged offence is committed, nor after the expiration of sixty days from the time of the commission of the alleged offence. In your letter you report as follows:—

"1924, May 25th.
1. Walter B. Laird, 20 Clarence street, (grocery store), sold bread, cakes and bologna to Mrs. Mary Campbell, 120 Prince Edward street at 11:10 p.m. Sunday. It does not appear to me that the sale of bread, cakes and bologna is sufficiently serious to justify me in giving my consent to a prosecution. It may be, so far as your report is concerned that the bread, cakes and bologna were a necessity to

Figured silk will keep its colour washed the Lux way

—says well-known manufacturer

ONE of the largest silk manufacturers on this continent writes regarding their tests of washing their silk and other goods as follows:

"The silks kept their sheen. They were as lustrous as before the washings. The crepes de Chine did not pull or look "waxy" as they often do after laundering. The colours in the printed fabrics remained clear throughout.

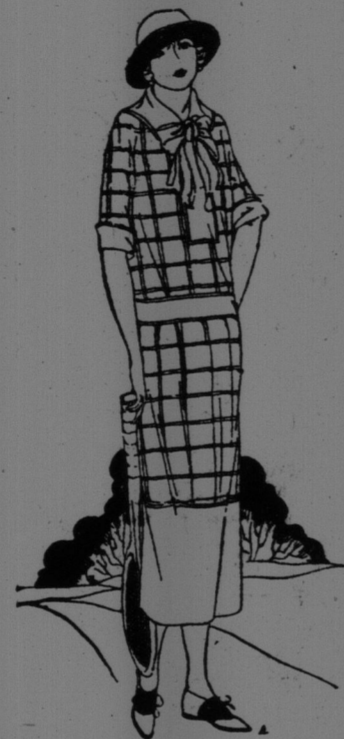

"In our opinion, the results obtained with Lux are due to its very unusual mildness and purity. Our sheepest and most delicately-colored silks were laundered in it in entire safety."

Your finest silks will come out of the pure Lux suds with colour and lustre unharmed. They will look as fresh and new as the day you bought them.

F. W. DANIEL & CO. HEAD OF KING ST.

decided also to withhold my consent in this case, as I do not consider it as a serious violation of the law.

"14. Hugh Deberry, 801 Charlotte street, sold candy to Gordon Bond, 29 Harding street, at 2:20 p.m. Sunday. In this case I also withhold my consent unless it is made to appear to me that he makes a business of Sunday selling as his ordinary calling, but the sale of two or three apples does not seem to me a serious infraction of the Lord's Day Act and is not likely to create any disturbance sufficient to justify my interference.

"It is not to be supposed, however, that in withholding my consent upon the cases submitted, some or all of which may be offences against the letter of the act is an invitation to carry on the general business of their ordinary calling on Sunday for gain. It has not been made clear to me that these people have shown any readiness to carry on their usual business so as to keep 'open shop' so to speak, although violators of the letter if not of the spirit of the Act. It seems to me the object of the Lord's Day Act is to make Sunday a day of rest and to prevent private citizens from being disturbed in their enjoyment of the day by others practicing their ordinary trades and pursuits, or indulging in, disturbing or boisterous amusements, but the sale of a loaf of bread, a quart of milk or a bag of coal is not in my opinion sufficiently serious to call for my intervention. As to the sale of apples, fruit and candy mentioned in your report, I have had considerable hesitation before reaching the conclusion to withhold my consent, but have decided to do so, under the circumstances. I trust, however, they are isolated cases, and are not cases where the people keep 'open shop' and carry on their business in the same way as they would do on a week day."

Cow Girl Rides Up Borough Hall Steps

New York, June 8.—In the presence of several thousand spectators, Miss Edith Sterling, a cow-girl, rode up the steps of Brooklyn Borough Hall astride a broncho, and landed in Borough Hall to attend the Knights of Columbus Rodeo, which opens at Flatbush and Nostrand avenues today. Before the presentation of the invitation a band of cowboys entertained with jazz selections. A company of Sioux Indians from Pine Ridge, S. D., and a stage coach recalling early days of the West were admired by the crowd. Miss Sterling's horse made the journey up the granite steps of the Borough Hall Building without any mishap, but in the descent it slipped and required all the horsemanship of Miss Sterling to save herself and the animal from injury.

BARN AND CONTENTS ARE LOST IN BLAZE

Last evening, about 6:50 o'clock, the fire department was called out by an alarm from Box 423 and found a blaze in a large barn owned by John Connor, manager of the Pease Coal Company. The barn is situated in a field off Egbert street. The building was a mass of flames when the firemen arrived, although two good streams of water were played on the building it was totally destroyed in a very short time. The contents including a wagon, a pump and a pile of coal bags were also burned. It is reported that there was no insurance and it is believed that the fire was started by some boys playing about the building. The wagon and pump were said to be owned by Joseph McGrath, of Haymarket Square, who had them stored there.

TONGUE COATED BAD TASTE IN MOUTH EYES TINGED WITH YELLOW

Liver Trouble The Cause. Mrs. A. C. Brown, Ormoco, Ont., writes: "I have been troubled with liver for a few years back, and was so bad I did not feel able to do my work. I had severe pains in my stomach, so bad I could hardly stand them at times; coated tongue; bad taste in the mouth, especially in the morning; whites of eyes tinged with yellow, and had a muddy and sallow complexion. I had read a great deal about Milburn's Laxa-Liver Pills and decided I would try a trial, and after taking two or three I found I was greatly improved, and can truthfully say that I feel more like living and can now do my own work without any trouble." Milburn's Laxa-Liver Pills are 25c. a trial at all dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WEDDINGS

Whittaker-Lordly.

One of the prettiest weddings of the season was that of Miss Jean Fisher Lordly, daughter of Mr. and Mrs. W. A. Lordly, Elliott Row, to Lorrie H. Whittaker, son of Frederick S. Whittaker, which took place on Saturday afternoon, June 7, in St. John's (Stone) church, at 5 o'clock, in the presence of a large gathering of relatives and friends of the bride and groom.

The church had been tastefully decorated by the members of the Stone Church Guild in tribute to the popularity of Miss Lordly. Apple blossoms and other spring flowers were used in artistic arrangement at the chancel rail and at the guest pews and made a very pretty picture.

The bride wore her mother's wedding gown of old lace and ivory satin, with pearl trimmings; and veil and orange-blossom crown by her aunt, Mrs. G. Frederick Fisher. Miss Lordly carried a shower bouquet of Ophelia roses, which was attended by her cousin, Miss Kate Lordly, as bridesmaid, wearing a dress of orchid georgette beaded with crystal with black hat and bouquet of pink roses.

The ushers were young lady friends of the bride—a daintily gowned trio—Miss Louise Sheldon, in deep orchid crepe with a nosegay of pink sweet peas; Miss Marjorie Manning, in fuschia colored organdie with black hat and a

nosagey of mauve sweet peas, and Miss Hilda Brandage, in jade organdie, with black hat and nosegay of sweet peas.

The groom was supported by Lawrence Elliott Van Buskirk, of Dartmouth, N.S., and the bride was given in marriage by her father.

After the wedding a reception was held at the home of the bride's parents, Elliott Row. It was attended by a large number of relatives and friends.

Mr. and Mrs. Whittaker left on an automobile trip through the province and on their return in two weeks will make their home in a newly built apartment at 64 Elliott Row. The bride has been on the staff of the Bank of Montreal for some time and the groom is associated with his father in business here.

The wedding of Miss Winifred G. Smith, daughter of Mrs. Maud E. Smith and the late Samuel Smith, of St. John, to Russell A. Coulter, of Toronto, was solemnized at Trinity church Saturday afternoon at 3:30 o'clock by Rev. Canon E. A. Armstrong in the presence of a large number of relatives and friends.

The bride, who was very attractive in a suit of navy blue polka dot tulle, with hat to match, and a corsage bouquet of lilies of the valley, was given in marriage by her brother, Walter Smith, of St. Stephen. She was attended by her cousin, Miss Doris King, of Chipman, who was very pretty in a yellow tulle gown, with touches of mauve, her picture hat being of yellow with streamers and her bouquet a profusion of lovely sweet peas.

The out-of-town guests were Mr. and Mrs. Harry King, of Chipman, with their family; Mr. and Mrs. B. L. Stevens, of Hampton, Mrs. King and Mrs. Dean, of Worcester, Mass., and also go to several other cities during their three weeks' tour. They will return to Toronto, where they will be given a reception by the groom's mother and brother, after which they will go to Iaucau, Ont., where they will reside.

many presents, testifying to their popularity. After the wedding they will make their home at 287 Wentworth street.

Paterson-Garland. On June 9, Edwin Harding Paterson, son of Mr. and Mrs. W. P. B. Paterson, and Alice L. Garland, eldest daughter of Mrs. Rhoda Garland, were united in marriage by the Rev. R. G. Fulton, pastor of Centenary Methodist church. After the ceremony Mr. and Mrs. Paterson left by motor on a trip through the province. The many and valuable presents received testify to the esteem in which the young couple are held. On their return they will reside at 88 Elliott row.

Notfell-Lean. A quiet wedding was solemnized on June 9 at the Edmouth street Methodist church parsonage when Rev. Dr. H. E. Thomas, the pastor, united in marriage Miss Mabel Lean, daughter of Frederick Lean and the late Mrs. Lean, and Harold Notfell. Both are of St. John and will reside here.

Deaths. James E. Bigelow. Truro, N. S., June 9—James E. Bigelow, aged 74, head of the firm of Bigelow and Hood, dropped dead at his home here on Saturday while dressing preparatory to taking a train to Halifax to consult a heart specialist. He was a Mason, Anglican and Conservative and had resided here for more than fifty years. He is survived by his wife, one son Mr. Justice H. V. Bigelow, Regina of the Supreme Court of Saskatchewan, and four daughters. Mrs. Muir of Halifax, wife of Dr. Walter Muir; Mrs. Cox of Philadelphia, wife of Rev. W. J. Cox; Mrs. Vanderleek, wife of Professor Vanderleek, and Mrs. Fred Seaton of Toronto.

John H. Sinclair. New Glasgow, N. S., June 8—John H. Sinclair, former member of Parliament, and member of the C. N. R. Board of Directors, died here this evening.

FUNERALS. The funeral of Gerard Driscoll was held from his late residence, 222 Chesley street, to St. Peter's church Sunday afternoon, the service being conducted by Rev. Francis Hill, C. S. R. Six of the schoolmates of the late friend acted as pall-bearers and interment was made in the New Catholic cemetery.

The funeral of Mrs. David Charters took place on Saturday afternoon from her late residence, 86 St. George street,

West St. John. The service at the house was conducted by Rev. J. H. A. Holmes. The body was taken to Welsford and the services at Welsford Anglican church and at the cemetery in Welsford, where interment was made, were conducted by Mr. Holmes, assisted by Rev. J. Belyea, of Welsford. Relatives acted as pall bearers. Among the many and beautiful floral tributes were a wreath from the yard office and employes of the C. P. R., a spray of white roses from the Ladies' Auxiliary of the B. R. T., and a spray from the maintenance of way employes of the C. P. R.

Other floral tributes were as follows: Wreaths, J. Connell and the Misses Charters of Boston; pillow of roses, Mr. and Mrs. Benjamin Webb of Boston; crescent from the family; sprays from Mr. and Mrs. George Fitzpatrick, Mr. and Mrs. W. A. Tobin, Mr. and Mrs. J. H. Lee, Mr. and Mrs. A. Bonnell, Mr. and Mrs. W. Armstrong, Mr. and Mrs. J. Robinson, Mr. and Mrs. Dorman, Mr. and Mrs. W. E. Marks, Mr. and Mrs. G. Parren, Charles Wood and sisters; Mrs. A. Sheffield, J. Jennings and Fred Crocker.

Next Sunday Trinity. Next Sunday will be Trinity Sunday. It was announced in the Catholic churches yesterday that next Sunday would mark the close of that period during which every Catholic was obliged to perform his Easter duty.

EMBER DAYS. Wednesday, Friday and Saturday of this week are the Ember days for Trinity, and are observed as fast days of obligation in the Catholic church.

SPANISH CONSUL IN MONTREAL IS HELD

is Charged With Drug Trafficking—R. C. M. P. Sgt. Made Trip to Spain. Montreal, June 9.—In their task of striking at the drug traffic affecting Canada, members of the Royal Canadian Mounted Police played the part of traffickers themselves, went to Spain to bring back drugs, had them smuggled through the Customs at Montreal and then worked on their return to Canada for a year. When the episode came before Judge Cusson in the Quebec court, the complete story was told. It was a person named Miguel Moliner, consul for the kingdom of Spain at Montreal, another Spaniard named Henry Tey de Torrens, and J. S. Marrie, a Frenchman, who were introduced to Torrens, who gave him letters of introduction whereby he could buy drugs, and who also was to make the arrangements whereby the drugs would get through the Customs by means of bribery of Customs employes.

Must Muzzle Dogs For Five Months

Jackson, Miss., June 9.—Unless law enforcement officers close their eyes or look the other way, a dog's life in Mississippi hereafter will be in truth a dog's life, for a new law signed unwittingly by Governor Whitfield became effective last week. For six months each year, from March 1 to August 1, under the law, all dogs must be muzzled and chained to their kennels. The law also provides for a collar with a metal plate bearing the name and address of the owner. Another provision, effective on Jan. 1, 1925, is a tax of \$1 a year on male and \$2 on female canines. The measure was fought in both senate and house, but managed to slip through a hair's breadth. Governor Whitfield, sympathizing with the canine population, had a veto ready, but in the jam at the end of the session, when he had to sign scores of new laws, he approved it.

IRREGULAR AND HIGHER PRICES

Buying in Parts of Wall Street List, But Cautious.

New York, June 9.—The stock market ushered in the new week with irregularly higher prices. Advancement of Congress with its removal of uncertainty regarding legislation inspired buying in various sections of the list, but it was of a cautious character, most of the initial price changes being of a fractional nature. Rails were in fairly good demand. Erie and Atlantic Coast line opening half higher.

Montreal, June 9.—Spanish River Common recovered active leadership on the Montreal Stock Exchange this morning. This stock came out with a week-end loss of 1/4 to 1/2. The preferred stock unchanged at 115. Price Bros. suffered a loss of 1/4 to 40%. The balance of the market was dull and steady.

Morning Stock Letter

New York, June 9.—We had a sharp upturn a year ago, and a very sharp move upward in the last year which carried through into February. Since then the decrease in production has been extraordinarily sharp. Whether this presages just as sharp an up-turn in a question. Through the Middle West there is talk of improvement, mostly in the steel business. As settled the trade situation. There seems just as much chance for improvement as there is of further slackening and on dips good stocks look like a better purchase than a sell.

LOST CHILD RESTORED.

On Saturday afternoon a three-year-old child was found wandering in Main street and taken to the North End police station. A sister, Lillian Clarke called later and took the child home to 198 Metcalf street.

Current Events

New York, June 9.—Maxwell Motor advances prices of Christie line about \$100, and on Maxwell line about \$20. Ford Motor Max raises 200,001 cars and trucks, against 211,000 in April, and 285,000 in March. Lincoln made new high record of \$88 each.

Brokers' Opinions

New York, June 9.—Bache—"We do not expect a good sized rally until the middle of this week. In any event, a strictly conservative attitude in buying for the next few days is advised."
Horsley & Weeks—"We would take advantage of further recessions early this week to enlarge positions."
Housman & Co—"Signs of continuing buying power in the industrials are absent."

ANTI-AMERICAN SENTIMENT GROWS SWIFTLY IN JAPAN

(Continued from page 1.)

Attributing their action to "public demand" owners of motion picture theatres in Tokyo at a general meeting today launched a boycott against United States films. Beginning July 1 the theatre proprietors will not buy or rent United States films, or show them in their theatres, according to a resolution passed at the meeting. Several motion picture theatres showing United States films were forced to close when they were invaded by gangs of Ronin raised a clamor to solidify national sentiment against the U. S. exclusion act. No arrests have been made, although the police say they are "investigating" the chief of police expressed chagrin. It is learned the demonstration was the combined effort of two groups who, it is alleged, met outside the Imperial Hotel bent on the same purpose of shaming Japanese dancers for mixing with foreigners, which certain classes of Japanese have condemned.

Another Suicide

Another furore, or protest by suicide at the exclusion clause of the new U. S. immigration law is reported. A youth threw himself in front of a train and was killed. Letters asserting why he was committing suicide were found on his body.

London, June 9.—(United News)—

Leaders in the anti-American movement, which has sprung up in Japan as a result of American exclusion of Japanese are planning further demonstrations according to a Tokyo dispatch to the Central News. The dispatch reports that demonstrators planned to visit three foreign churches last night to protest from the pulpits against exclusion.

London Views

London, June 9.—The anti-American demonstration at the Imperial Hotel in Tokyo has focused attention afresh on the immigration trouble and the content of the morning newspapers is tinged with anxiety.

The Morning Post, expressing sympathy with both the Americans and Japanese, says the former have the legitimate ambition to protect their country against a peaceful invasion which might threaten its economic stability, while the latter have a legitimate grievance.

"It is one of the most difficult and dangerous problems besetting our age," the paper says. "It is a manifestation of a racial struggle which, unless carefully handled, may re-plunge the world into bloodshed."

PACIFIC COAST RESENTS ACTION BY THE SENATE

(Continued from page 1.)

The Council views with regret attempts to bring the Canadian Government Merchant Marine and the Canadian National Railways into the sphere of politics.

The British Columbia Lumber and Shingle Manufacturers' Association, representing thirty-eight of the lumber companies operating in British Columbia, in a letter, a copy of which has been forwarded to the Prime Minister of the Dominion, also outlines the views of its members as expressed at a fully attended meeting. It was the unanimous opinion that the purchase department of the Canadian National was efficiently managed in the interests of the railway and the Dominion.

Keep Politics Out.

"I do not think it would be a difficult matter," says the secretary-treasurer of this Association, "for Senator Taylor or his representatives to be allowed access to the order file of any one or all of our member lumber mills, and it would then be an easy matter to determine whether or not the Canadian National Railways were paying more than others for their lumber. What concerned us more than anything else was the all too evident desire to bring these services into the political arena, and the unanimous opinion was that the country as a whole, but British

be under by inefficient or incapable management of the departments."
Dealing with the Canadian Government Merchant Marine, the British Columbia Lumber and Shingle Manufacturers' Association emphasizes the value of the services maintained from British Columbia ports.

"We wish to state unequivocally that the lumber industry, which is the premier and most important industry in the province, has been greatly benefited through the co-operation of the Canadian Merchant Marine, and various instances can be cited where orders have been secured through the instrumentality of this organization. Some of these orders were obtained at times when they were vitally necessary to the lumber industry of British Columbia, which means that they were vitally necessary to the working population of this province."

"Previous to the inauguration of the Canadian Government Merchant Marine the lumber export sales to China, India and Egypt were very small, but since the Canadian Government Merchant Marine put on services to these countries a market has been opened up which gives an outlet for a grade of lumber which in the past has been very

hard to dispose of. We wish to stress the point of the competition which we run against with the United States Shipping Board, who have inaugurated a line to New Zealand and Australia giving monthly sailings, and these sailings favor United States shippers to secure space for parcel shipments. Consequently one of the most useful

features of which we call attention of the Senate of Canada to is the amount of good that could be done by representation to the Minister of Marine of the necessity of continuing the service of these steamers to Australia, New Zealand, China and if possible India. We speak only of what we know, and that is that the present western

management of the Canadian Government Merchant Marine have always been willing to co-operate in any way with the lumber industry in opening up new markets, and we desire to bring to your attention the advisability of every effort being made to not only keep the present services but extend them at any favorable opportunity"

The Part Hart Batteries play in British Submarines

Dependable under the ocean—and everywhere!

British sailors volunteered for the submarine service whenever new underwater units were placed in service. They knew the reputation of the equipment chosen—and Hart Batteries drove their craft during the most critical periods of submerging.

Motor Car owners feel the same dependability in Hart Batteries for starting and ignition. The great railways depend on Hart Batteries to light their trains. The Government long-distance wireless stations depend on Hart Batteries. Hydro substations chose Hart Batteries for emergency use in case of power interruption. Phone exchanges are Hart equipped for every-day 24 hour service and when power stand-by is required the Hart Battery gives the same measure of reliance.

Through the whole range of storage battery service, in war and peace, in climates hot and cold, the Hart Battery name for dependability goes deeper than reputation—it is the battery with character.

800 Hart Battery stations supply equipment and complete conscientious service.

GET CHURCH SITE AT EAST ST. JOHN

Anglicans Purchase 3 Lots—Yesterday in Churches of City.

Three building lots in East St. John have been purchased for a site for an Anglican church. Yesterday morning the first services for the Anglican congregation in that locality were held at the home of Mr. and Mrs. W. J. Woodroffe. They were conducted by Rev. R. Taylor McKim of St. Mary's church. Sunday school session was held at 10 o'clock with 24 in attendance and at 11 o'clock the morning service was held with 38 present. In accordance with a recent decision of the Anglican synod, services will now be held each week in East St. John with Mr. McKim in charge.

The three building lots desired for a church site are on the corner of Park Avenue and were purchased at a cost of \$1,400. It is not definitely decided when building will commence and no definite plans have been made in this regard.

The services in St. Mary's church directed by Rev. A. LeDrew Gardner, Mr. McKim's assistant. Mr. McKim is not only rector of St. Mary's church, Anglican chaplain for the Municipal Home, the General Public Hospital and the jail, but also has charge of the Coldbrook congregation and yesterday with Mr. Gardner he was assisting in the parish of Rothersey. The two city clergymen conducted services at Gondola Point and Quispamsis. The Coldbrook congregation is flourishing one and at a meeting of the board of the church last week it was decided to make a vigorous effort to wipe out the mortgage.

Anniversary Service.
The fiftieth anniversary of the founding of the Sons of England in Canada was celebrated yesterday morning at St. Luke's church. The two silk Union Jacks of Marlborough lodge draped as marshal and the members marched from the Sunday school into the church to seats reserved for them. Following the processional hymn, the choir led in singing the National Anthem, and solos were sung during the service by Mrs. D. Brunstrom and Willard Smith. R. P. McKim, rector, past supreme chaplain of the Sons of England, reminded his hearers of the traditions

of loyalty and service of the English race from the time King John was forced to sign the Magna Charta in 1215 down to the present day. After the service the members met in the school room and a vote of thanks was tendered to Mr. McKim for his excellent address, to the wardens and vestrymen of the church for the splendid welcome they had proffered, and to the soloists of the morning.

At Centenary Church.

A large congregation heard the powerful sermon preached by Rev. Robert

G. Fulton last evening in Centenary church. He urged the people to hear and follow the word of God. The music was greatly enhanced by the violin playing of Miss Rebecca Brady, a graduate of Mount Allison, who assisted in the hymns and played with fine technique and expression a selection from Mendelssohn's concerto in C minor. Fred Meek, a special student in vocal, sang sweetly "Hosanna" with clear enunciation and good quality baritone voice. Mrs. L. M. Curran sang a solo in the morning service and was warmly welcomed after her extended

absence abroad. Rev. Mr. Fulton completed his series of Whitsuntide sermons yesterday morning with a discourse from Acts 2:12: "What maneth this?" The flowers were especially beautiful and were in memory of the late Mrs. W. H. Hayward, given by her son.

Visitor Heard.
Rev. J. M. Marchison, recently appointed secretary of the Bible Society in New Brunswick and Prince Edward Island, was the preacher in St. Andrew's Presbyterian church last night. His message was heard with appreciation by a large congregation. He took for his text Romans 1:16: "For I am not ashamed of the Gospel of Christ; for it is the power of God unto salvation." He spoke of the Bible as revealing the power of God in that it was a great lever, in that it helped and lifted up the weak and in that its message reached the hearts of the outcasts. It was the power of God, he said, in that it was a channel of salvation to save unto the uttermost.

Rev. J. W. Brittain, of Elmsdale, N. S., conducted the services in St. Matthew's Presbyterian church yesterday and large congregations heard his inspirational messages. Mr. Brittain is the guest of Mr. and Mrs. A. W. Petch, 39 Peter street, during his stay in the city.

Rev. W. B. Styles, of Wilson's Beach, was the preacher in the Waterloo street Baptist church yesterday, and his addresses were heard by appreciative congregations.

COOLIDGE LIKELY CHOICE TOMORROW ON FIRST BALLOT

(Continued from page 1)
Many of the Ohio political powers, so conspicuous at the Chicago convention, have been succeeded in the political firmament by the Republican leaders of New England. The death of Senator Boies Penrose, and the defeat in the Pennsylvania primaries of Governor Gifford Pinchot for a delegate's seat, places the political destinies of the keystone state in the hands of new leaders.

Massachusetts and Virginia have climbed a rung on the political ladder through appointment of two native sons—William M. Butler, Massachusetts, as the presidential national campaign manager—and G. Bascom Slamp, Virginia, the chief executive's private secretary. Both are of the Coolidge type—calm and reticent political leaders.

Radio This Year.
Science's contribution provides a new convention feature. By the use of radio in broadcasting convention proceedings for the first time, 20,000,000 people throughout the United States will be enabled to "listen in" through 14 stations reached by telephone from the convention. In addition, approximately 50,000 Clevelanders may hear through loud-speakers outside Convention Hall.

Through the co-operation of engineers of the American Telephone and Telegraph Company, it is planned to transmit official convention pictures by telephone to New York papers in five minutes.

Some Notables.
Political celebrities in American public life, as well as notable figures from abroad, will attend the Republican national convention which convenes here June 10, either as delegates or as guests.

Arrangements for seating the prominent visitors who are not delegates are being made by David W. Mulrann, Kansas, chairman of the national committee on arrangements, who has compiled a list of the notables who are to be the guests of the Republican party. Outstanding picturesque and imposing personages are Chauncey M. Depew, New York, and "Uncle Joe" Cannon, Illinois. Mr. Depew, coming as a delegate from New York, participated in the renomination of Abraham Lincoln in 1864, and has missed national conventions since that time. He recently celebrated his 90th birthday, and has known, more or less intimately, every president from Lincoln to Coolidge.

"Uncle Joe" Cannon was a member of Congress for 46 years, and was speaker of the house in four Congresses. He celebrated his 86th birthday anniversary on May 7. Among the distinguished guests will be several members of the bench of the Supreme Court of the United States, including Chief Justice William

Howard Taft and Associate Justices James McReynolds, George Sutherland and Pierce Butler.

Representatives of the diplomatic corps in Washington, especially those of South American embassies, have notified Chairman Mulrann of their desire to attend the convention.

Members of the President's cabinet, Congressmen, Senators and members of the Republican national committee, will be present. Among cabinet members who will be seated are Secretary Andrew Mellon and Secretary Herbert Work. Mr. Mellon heads Pennsylvania's delegation of 79 members and Mr. Work is a delegate-at-large from Colorado. G. Bascom Slamp, the President's secretary, is a delegate at large from Virginia, but it is understood he will allow an alternate to serve while he cares for the interests of Mr. Coolidge here.

Not the least interesting of the delegates will be Harry M. Daugherty, for-

mer attorney general, and a member of "Ohio's Big Seven" slate. Mr. Daugherty has been a conspicuous political character since 1916, when he was one of the leaders in the movements to reunite the Republican and Progressive parties. He was instrumental in Hand-

ling's nomination at Chicago in 1924 and, although defeated for delegate-at-large in the Ohio primary in that year, managed former President Harding's campaign. Fifteen United States Senators will be present.

Ball Problems By Billy Evans

QUESTIONS.
1. Back of the right field fence is a sign that is about a foot from the fence and about six feet higher. The fence is of wood. Player batted ball over fence, that fell between fence and sign, and then came back on playing field through a slight hole at the bottom of the fence. Is such a hit a home run or has the fielder the right to make a play on the ball? If the ball hit the sign and then bounded directly back on the playing field, would the ball be in play?—F. P. D.
2. If a batter dodges a wild pitch, and in doing so the ball comes into contact with his bat sticking up in the air, what is the decision if the ball goes four or fair?—C. R.

ANSWERS.
1. The fence that surrounds a ball park always marks the end of playing territory. When the batsman knocked the ball over the fence, and it struck the sign back of the fence, the batsman was entitled to a home run. No consideration should be given to the fact that the ball came back on the field through a hole in the fence. Once it passed outside of playing territory action on that ball ceased. In either of the cases cited the batsman was entitled to a home run.
2. If with less than two strikes, the batsman dodges a wild pitch and his bat comes into contact with the ball, a foul ball resulting, it is a strike. If it goes fair it is a fair ball and the ball is in play. In all cases whatever happens is legal.

REAL OLD TIMER IN CHORUS.
When Weber and Fields had their famous reconciliation after their long and equally break-up of partnership, according to Popular Magazine, they decided to employ for their show all the members of their old company that they could find. When they were all lined up, one of the chorus girls struck Joe Weber as being much older than any of their former singers could possibly be.
"Say," he asked William Raymond Still, the man who had got the assemblage together, "does that one belong here? Was she in our old company?"
"No," she wasn't," Bill said. "A newspaperman asked me to give her a trial."
"What newspaperman?" asked Weber.
"Horace Greely?"

HON. W. E. FOSTER GOES TO OTTAWA

Opening Session of National Waterways Advisory Com. Wednesday.

Hon. Dr. W. E. Foster, former Premier of New Brunswick, who has been appointed a member of the National Advisory Committee on the St. Lawrence Waterways, is leaving this afternoon for Ottawa where the first meeting of the committee will be held on Wednesday morning at 11 o'clock.

Hon. George P. Graham, Minister of Railways and Canals is chairman of the committee and the other members, beside Dr. Foster, are—Thomas Ahearn, Ottawa; Beaudry Leman, B. S. C., E. Montreal; Edward D. Martin, Winnipeg; Dr. Wilfred Laurie McDougald, Montreal; Hon. Sir Clifford Sifton, K. C. M. G., K. C., Toronto; Major-General John W. Stewart, C. B., C. M. G., Vancouver; Hon. Adela Turgeon, C. M. G., C. V. O., Quebec.

The advisory committee will go into all matters pertaining to the question of improving the navigation on the St. Lawrence Waterway so as to provide access to the Great Lakes for maritime commerce. The project involves collaboration with the United States and the expenditure of large sums of money. Therefore the problem, in all its aspects, financial, economic, technical and international will be thoroughly investigated by the national committee.

The International Joint Waterways Commission has held hearings on the subject in both the United States and Canada and has submitted an elaborate report on their investigations; the engineering problems involved have been the subject of enquiry and report by an international board of engineers and are to be further investigated by another similar board.

The national committee will consider generally whether or not the project would, if completed, be beneficial to Canada; whether the benefits which might accrue and the pecuniary returns which might be anticipated were such as to counterbalance its disadvantages, if any, and whether Canada should indicate a readiness to enter into discussions with the United States looking towards the negotiation of a treaty for the carrying out of the necessary work, and what the character of the stipulations which this treaty contained should be.

McQUADE IS NEW M. P. B. SECRETARY

Succeeds P. J. Legge, is Announcement Today by A. W. Covey.

W. C. McQuade of St. John has been appointed secretary-treasurer of the Maritime Province branch of the A. A. U. of C., according to an announcement made this morning by A. W. Covey, president, with whom the question of appointment had been left by the executive at a meeting last Saturday night in Moncton. Mr. Covey said that Mr. McQuade would assume his general duties at once and would take over the books of the association when an audit had been completed. P. J. Legge of St. John is the retiring secretary-treasurer.

The new official, who is a son of Mr. and Mrs. W. H. McQuade, is a returned soldier, having enlisted in the 104th Battalion, C. E. F. He was transferred to the 28th Battalion, C. E. F., as lieutenant and served in the trenches. He also served in Germany at the close of the war. He is a young man and very popular. He has taken an active interest in amateur sport and quite recently acted on the Maritime boxing committee.

MILL PLANT AND LUMBER SEIZED

Reported Action Taken in a Workmen's Compensation Act Case in N. B.

The Fredericton Gleaner of Saturday says: The entire mill plant and lumber stock of ex-Ald. Harold M. Young at Bentons, on the Transcontinental division of the C. N. R., were seized yesterday afternoon by Sheriff J. B. Hawthorn for the purpose of satisfying claims under the Workmen's Compensation Act, workmen's liens and minor claims for which executions have been issued, to the amount of between \$10,000 and \$12,000, including some \$4,000 in workmen's liens.

This is the first case on record in which an actual seizure of mill property and lumber has been made under amendments to the Workmen's Compensation Act adopted at the last session of the Provincial Legislature which gave the right to make seizures for assessments under the Workmen's Compensation Act. The plant, lumber, etc., will be sold to satisfy the claims which have been filed.

In the meantime work at the mill has been suspended, the shut down occurring with the seizure yesterday afternoon.

OLYMPIC MATTERS

A. W. Covey said today that he has not yet received any word from the Provincial Government regarding the Olympic grant. Raymond "Nisey" Kennedy, William Cannanagh, George Wright and Louis Donovan, four boxers chosen to go to Toronto left for Rothsay this afternoon to continue training. They are to be in charge of Tom Foley of Halifax. President Covey said this afternoon that some definite action regarding the wrestlers who are to be sent to Toronto, would be decided on this evening. If satisfactory arrangements can be made Leo McCrossin and Bud McCreilly will be trained for the final by Walter O'Toole.

Paris admitted that the automobile he was driving had been stolen from Miss Dorothy O'Connor of Swampscott, Mass. Found in the automobile was a rifle, which Paris said he found on the road. The Swampscott police were notified of his arrest, but no reply had been received up to 2 o'clock this afternoon.

GETTING A REPORT ON FACILITIES HERE

Sir Henry Thornton Writes on Matter of St. John Development.

A statement from Sir Henry Thornton, head of the Canadian National Railways, relative to additional facilities for the handling of overseas traffic at this port is a matter of interest in the news today. It comes in a letter to R. E. Armstrong, secretary of the Board of Trade.

Some days ago the port and traffic committee of the board wrote to Sir Henry, congratulating him on the line report which had just been issued by the C. N. R. and calling attention to the need for further terminal facilities here. The hope was expressed that the board of directors of the C. N. R. could see their way clear to do these facilities.

Sir Henry's reply is as follows: Montreal, Que., June 7, 1924. Dear Mr. Armstrong: I beg to acknowledge with many thanks receipt of your kind letter of June 2, and I shall be grateful to you if you will kindly convey to the Board of Trade my deep appreciation of the kindly sentiments they have been good enough to express through you.

You may rest assured that the Canadian National Railways will always be anxious to do everything within their power to further the interests of our maritime province ports which have been justly described as the only all-year-round entries and exits to the Dominion of Canada.

In regard to further developments at the port of St. John, I instructed our traffic and engineering department early in the month of May to examine the position to see what we should recommend in the way of developments. I hope to have these reports shortly and upon receipt I will probably be able to write you more definitely. Meanwhile, please be assured of our desire to assist you in every way.

With warm personal regards and renewed thanks for your letter, believe me, Yours sincerely, H. W. THORNTON, Secretary, Board of Trade, St. John, N. B.

WORD COMES FROM HILTON BELYEA, NOW IN FRANCE

Hilton Belyea now is in training at Nodent-sur-Marne, France, and will remain there until June 25, according to letters received this morning by Mrs. Belyea from her famous husband. Hilton says that, through the generosity of the champion of France, he is putting up at the club boathouse at Nodent and likes his quarters much better than Henley. When he reached Paris on May 29 he put up at a hotel that cost him 30 francs a day. He fell in with a Scotman, however, who had seen him row at Henley only 18 francs a day was charged. At the first hotel he stayed the charge for dinner was 18 francs.

When he went out to the boathouse, Hilton says he was given a great reception. His letter was dated May 30, and up to then he had not been able to try out his new shell. He reports his funds are running low. A big hole was made in his account when he was compelled to put up 1,000 francs as bond when entering France. He says he will remain at Nodent until he starts on his return journey to England to compete in the Diamond Sculls.

MISS GALLIVAN IS GOING TO THE U. S.

Miss Kathryn Gallivan, one of the brightest gems in St. John's diadem of musical artists, is saying farewell to the city this week before leaving for the United States to resume her professional concert work. Since her return from New York last year Miss Gallivan has been heard in many delightful concerts and she will leave with the best wishes of a host of friends for continued success in her career.

As Hiram Sees It

"Hiram," said the Times reporter, to Mr. Hiram Hornbeam, have you got all your potatoes planted yet?" "Yes, sir," said Hiram. "I heve so."

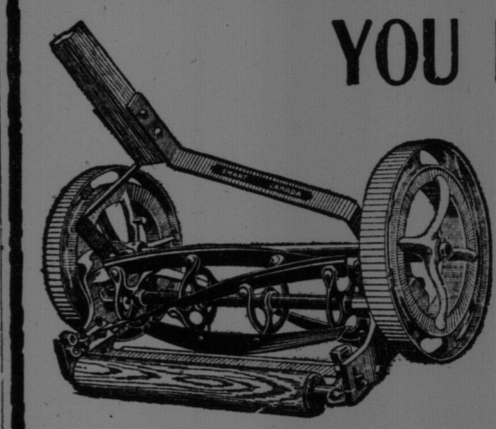

"I suppose," said the reporter, "that is about all you are putting in this year?" "What makes you think that?" queried Hiram.

"So that you may gather in many shekels next fall and fatten your bank account," said the reporter.

"That's where you're wrong," said Hiram. "Do you despise wealth?" asked the reporter.

"No, sir," said Hiram, "I don't. But when I hear everybody else is going in for one thing I tackle another. I ain't takin' no long chances. If they go in for potatoes, I raise a few more calves and pigs. If I don't make no big haul I don't take no risk. In the long run I pays to play safe—yes, sir."
