OTTAWA AND THE FARMERS' INTERESTS

A Move by the Federal Government
to Find Out What Ails Agriculture in Canada--T. W.
Caldwell Busy

(Special to The Observer)
Something over a month ago, Mr. Miller, the Progressive member for Qu'Appelle, Sask., moved a resolution in the House, asking that the Government appoint a Commission to inquire into the grain marketing trade of Canada, and made a strong speech in support of it, claiming that there were certain abuses in the transportation and marketing of this immense crop. T. W. Caldwell, the Progressive member for Carleton-Place, is followed by Mr. Miller and urged that the Government would not limit the scope of this inquiry to grain marketing alone, but should extend it to include all agricultural exports from Canada, including an investigation into the spread of the price in agricultural products between the producer and the consumer; the relative cost of agricultural products and manufactured articles, which are the farmers' raw materials entering into that production; the banking and financial resources and credits of the country as affecting agricultural producers, with an investigation of the various rural credit systems in this and other countries.

The result was the Government appointed the following Committee to carry on the proposed investigation: Messrs. Bowden, Caldwell, Clifford, Elliott, Gardner, Grimmer, Hammett, Lacroix, McKay, McMaster, McMur-ray, Milne, Munro, Robinson, Sales, Stanger, Stannell, Sullivan and Tomin, and the following is the agenda as outlined by the Committee at their first meeting:

The present condition of agriculture:
(a) in the Maritime Provinces;
(b) in Ontario and Quebec;
(c) in the Prairie Provinces;
(d) in British Columbia.

2. The causes of such conditions: Where these conditions are unfavorable, an examination into remedies, with special reference to the best methods of livestock marketing; the lowering of production costs; the development of the bacon industry; of the beef industry; a special investigation into the fruit industry as regards apples, tender fruits, small fruits and bush fruits; involving the problems of production, marketing and transportation. An investigation into the dairy industry along the lines of direction or encouragement of breeding, suitable crop production and marketing. Consideration of special lines of farming or particular crops as likely to increase farm returns and afford diversification in production, with regard to sugarbeets, tobacco, flax, hemp, potatoes, special Northern grown seeds or cereals, grasses, clovers, vegetables and roots, fur farming, maple sugar industry, beekeeping.

3. The cause of the difference between the prices of agricultural products sold to the producer and the ultimate cost of the same to the consumer.

4. The relation of prices of commodities purchased by agricultural producers and the prices obtained by such producers for their own products.

5. The banking and financial resources and credits of the country as affecting agricultural producers, with an examination into the various systems of rural credits in this and other countries.

6. The marketing and transportation facilities of the country in respect to agricultural products, with a special investigation into the merits and demerits of co-operative buying and selling, and including an examination into alleged abuses connected with the mixing of grains in elevators.

The above agenda will show that the work of the Committee is directly along the lines suggested by Mr. Caldwell. Up to the present time, a great deal of evidence has been adduced before this Committee and just here I may say that all the evidence given this Committee is sworn testimony.

The evidence given is sworn along the different lines of agricultural production so to show that all branches of agricultural production are being carried on at a loss at the present time. Probably one of the most convincing witnesses before the Committee was Professor Leitch, of the Agricultural College, who has during the past two years carried on experiments in the Province of Ontario to determine the cost of production of the different farm crops, as well as the raising of beef cattle and dairying. Professor Leitch, realizing that the general public do not take statistics on the cost of production from the various Dominion Experimental farms very seriously, selected 17 average farms in the Province of Ontario, so as to get his statistics under normal farming conditions.

He installed an accurate system of book-keeping on each of these 17 farms, whereby an accurate account was kept of all the necessary outlay, as the expense of carrying on the farming operations, and credited the farms with every item produced on them. The farmer was allowed 54 cents per hour for 10-14 hours per day for 355 days in the year on the stock farms, not even allowing them Christmas Day as a holiday; and at the end of the year, these 17 farms showed an average deficit of \$1400 each for the year.

This will be rather interesting information for the people of Carleton-Place, and especially for the Government of New Brunswick, who have stated during the present session that if the farmers of Carleton-Place had been growing cattle instead of potatoes, they might have been in easy

circumstances today.

The evidence given before this Special Committee so far would indicate that the cattle growing and dairy industry, including hog raising, is the most profitable branch of farming in Canada at the present time and the statement above of the financial result of this industry in one of the most favorable sections of Canada for its successful operation, will indicate to the general public the very serious plight in which agricultural finds itself today.

This Committee had a witness before it from the Province of Quebec, who is a milk dealer in the City of Montreal, who had no hesitation in testifying under oath that the farmers in the vicinity of Montreal, who were carrying on mixed farming and producing milk for the city market, were doing so at a heavy financial loss annually. He stated that due to this fact, the young men and young women were leaving the farms of Quebec some going to the cities of Canada but the larger number drifting to the United States in search of employment, and unless some action was taken by the Government to lower the cost of production by removing the duty and sales tax on the implements used by the farmer, as well as that on boots and shoes, woolen clothing, etc., used by the farmers, he could see no hope for the continuance of the farmers on the land, even in the Province of Quebec.

This came as something of a surprise to the members of the Committee, as Quebec has been held up as the one province in which the farmers were both prosperous and contented, and it is possible that there is no other province in Canada that is in a better position to make farming pay due to several reasons, one of which being that they have a very good home market for the farmers' products, with a very short freight haul. Then again it is a noted fact that the families in the Province of Quebec are larger than in any other province in Canada, which enables the farmer to carry on with the assistance of the members of his own family with very little outlay for hired help, and practically every witness who has appeared before this Committee is of the opinion that freight rates should be lowered. Nearly all agree that the duty on sales tax should be lowered on the tools of production and the necessities of life.

This Committee is fortunate in having for its chairman, Andrew McMaster of Broms, P. Q., who is a man of long practical experience and sound judgment and who has a wide knowledge and a sympathetic understanding of the life from which agriculture is suffering at the present time. Mr. McMaster stated one day recently that he had served on a great many parliamentary committees and that he considered the members of the present Committee the most wide-awake, aggressive and hard-working of any committee on which he had ever served, and the member for Carleton-Place is not one of the least of these.

While this committee will not be able to complete its labors in less than another month at least, it hopes to make an interim report to the House before the Budget is brought down, in order that the Government may have an opportunity of embodying its recommendations with regard to tariff reductions in the Budget.

MRS. ROBERT CARVELL

Mrs. Robert Carvell who has been ill a month, died at her home at Lakewood, on Sunday morning, April 23rd, aged 44 years. Everything that most of skill and careful nursing could do was done to save her for her loved ones, but it was of no avail. Miss Bertha Carvell, R. N., of Boston, Mrs. A. Y. Dickinson, R. N., of Hartland, and the Misses McLean and Haines, Woodstock nurses, with the deceased during her last illness. She is survived by her husband, her mother, Mrs. William Ames of Lakeville, one sister, Mrs. A. Y. Dickinson of Hartland, and one brother, Coun. W. F. Anderson of Lakeville. She was the daughter of the late Wm. Anderson of Lakeville.

The deceased was a prominent member of the W. M. S. of the Methodist church, and an active worker in every movement to promote civic righteousness. She was a model housewife, mother, and neighbor, known to everybody. Her faith enabled her to cultivate a strong Christian character which delighted in generous giving to every worthy object and in constant activity for the welfare of her church. Death came unexpectedly, in the midst of a happy and useful life, and for her means a deeper joy in a happy eternity.

The funeral was held at her home at 10 o'clock on Tuesday morning and was attended by the Methodist clergymen, Rev. Hugh Miller. Burial was in the family lot in the Williamstown cemetery. Hon. F. E. Carvele, Mayor, Mrs. Carvell were present from Ottawa, and Miss Bertha Carvell, R. N., from Boston. The pall bearers were R. F. Jones, Haystack Wilson, Thomas Emery and Scott McAuley.

DEBATE POWER AT GRAND FALLS

Representatives of Large Financial
Interests Discuss Matter With
Premier Veniot

Fredericton, April 15.—Reports of impending industrial development in New Brunswick, and especially upon the upper St. John river, as a result of the anticipated development of the Grand Falls power are being generally circulated in well informed circles today following the important announcement made in the Provincial Legislature yesterday afternoon by Premier Veniot that he had just completed a conference with the representatives of powerful European capitalists who were seeking location in the province for pulp and paper industries.

For some time it has been said that an American syndicate in which some of the leading newspaper publishers of New York are said to dominate have also been negotiating in connection with the establishment of pulp and paper mills in New Brunswick, and it is said that some of their representatives have recently undertaken negotiations in connection with certain extensive timber lands in the province and it has been reported that these American interests might bring about an amalgamation of some kind with certain existing provincial pulp and paper interests.

While no intimation was given by Premier Veniot as to the identity of the representatives of the European interests with whom he conferred yesterday, it is said that they were traveling incognito and that no mention would have been made of the meeting had it not been that some disposition was suddenly shown by the Opposition to hold up the amendment of the New Brunswick Electric Power Act under which the borrowing powers of the Hydro Commission are increased from \$2,800,000 to \$3,800,000, to provide for the preliminary expenditures in connection with the Grand Falls development if the Government determines to go on with the project. From one generally well-informed source it was learned that the financial interests they represent are Parisian capitalists.

It is also learned that other industrial development now crystallizing on the Upper St. John river include an immense hard woods industry, in connection with which some contracts are said to have already been entered into, and it is said that the International Paper Company are about to make a big enlargement of their pulp mill at Van Buren, which is on the Maine side of the St. John river, a few miles above Grand Falls.

The announcement by Premier Veniot that a certain market for 5,000 horsepower of electric energy developed from Grand Falls is in sight is taken as making it definitely certain that the development of the most potential water power east of the Niagara Falls in Canada will be proceeded with practically as soon as the necessary detailed arrangements have been completed.

NEW SCHOOL ON THE VILLAGE GREEN

This is the Latest and the People
Hope the Last Decision

Tis considerable amount of business transacted by the School Board in session Tuesday forenoon. Besides the ordinary routine a good deal of time was spent in discussion of reports from the Medical Inspector, the School Inspector and a communication from Capt. Harvey Reid. As Mrs. Winifred Laskey had intimated to the Board that she did not desire the principalship for next year, the position had been offered to Mr. Reid, who was considering some good offers from the United States. He has concluded to try the work here provided he qualifies during the June and July exams, which no doubt he can manage, having taken a Carleton County Scholarship, B. A. degree with honors at Acadia, Gov. Gen. Medal highest standing for 4 years, B. A. degree with honors Oxford, England, a Rhodes Scholarship, as well as the Fishman Law Prize. He was also senior instructor for two years in a large military school in England and has a good war record to his credit.

Inspector Moore agreed to the revised plans for the new school house with the request that 5 feet be added to the width of the building, making the site as now agreed on by the Board 75 x 90 ft., two-storey with basement and situated to be erected on the school garden site, so called, on west side of Main street. After considerable discussion the Board passed a motion to reconsider the matter of the site and finally agreed as outlined above.

As regards the resignation of one of the members of the Board who has moved to another parish, the matter was referred to the Inspector.

Woodbridge, Ont.—"I took Lydia E.
Pinkham's Vegetable Compound for fe-
male troubles. I would have headaches,
backaches, pains between my shoulders
and under my shoulder-blades and
sneezing down feelings on each side.
I was sometimes unable to do my
work and felt very badly. My mother-in-
law told me about the Vegetable
Compound and I got some right away.
It has done me more good than any
other medicine I ever took and I recom-
mend it to my neighbors. You are
quite welcome to use this letter as a
testimonial if you think it will help some
poor sufferer."—Mrs. EDGAR SIMMONS,
R. 2, Woodbridge, Ont.

In nearly every neighborhood in every
town and city in this country there are
women who have been helped by Lydia E.
Pinkham's Vegetable Compound in the
treatment of ailments peculiar to
their sex, and they take pleasure in
passing the good word along to other
women. Therefore, if you are troubled in
this way, why not give Lydia E. Pink-
ham's Vegetable Compound a fair trial.

This famous remedy, the medicinal
ingredients of which are derived from
roots and herbs, has for forty years
proved its value in such cases. Women
everywhere bear willing testimony to
the wonderful virtue of Lydia E. Pink-
ham's Vegetable Compound.

Petty, says:—"For four years
I had an obstinate dry eczema.

"My skin peeled off, and disfiguring

my face and head. A well-known skin
specialist said the eruption could not
be cured, but friends out in Maine got
me to try some Zam-Buk. To my great
delight, I soon saw an improvement.

The peeling skin stopped within a

the use of Zam-Buk, my skin has been

To Be Continued

Continued for two reasons—first, because I said I would pay six dollars for the first one who sent me the six missing words which were "Seed time and harvest no matter," and the first came from Miss Helen Reid, Glassville, at 3 p.m., Saturday, and two others at 6 p.m., one from Hartland and one from Florenceville, and as I said I would pay the first one, the six dollars went to Miss Reid.

The second reason was because I know someone would ask why use the letters F. L. T. so careless when they are worn as emblems and respected by so many people and beg to say that I did not place the same meaning in them that many would suppose, although a little of the genius would not harm any business. For larger turnover has been our aim and the only way that we can see clear to make prices any better, so with your corporation and a little more work for the same pay for ourselves this year, we are looking

LOCAL AND PERSONAL ITEMS

Miss Hildred DeLong was the recipient of a number of congratulations on the occasion of her victory in the "Miss Carleton" contest, decided on Wednesday last. All her friends were delighted to see her win, as she had given unstintingly of her time and energy to the interest of the Carleton Observer and for the personal enjoyment accruing therefrom. As we intimated at the outset, PLUCK will always come through and bring home the bacon. Sometimes in life, luck is a saving grace, but the plucker is sure to get there. We hope that in the enjoyment of the reward "Miss Carleton" may get more than enough pleasure to repay her for her industry.

Pearl White in "Any Wife" on Tuesday last gave a vivid portrayal of the temptations besetting a wife, who has too easy a time. In this instance she was brought to an intimate understanding of her true place by a vivid dream ending up in a startling climax. The 15th and final episode of "Bride 18" was shown where all the villains and Malcontents got their just deserts.

On Saturday evening, Jack Holt held forth in "Call on the North," this story had its setting in the old days of Western Canada, when the Hudson Bay Company had full sway of that region, and the several trading posts were presided over by autocratic factors, who used strong arm tactics in their rulings, extending so far as to be able to send culprits and undesirable on "la longue traverse," where they were left to grope around in the dark.

Jack Holt was admirable in the role of a free trader, who came up in these parts to avenge the death of his father who had been sent on the long traverse by one of the factors. Helen Ferguson portrayed the feminine side of a pretty love idyl, and Noah Berry lent admirable support.

A Burton Holmes Travelogue, "Busting Brussels" completed the bill. On Saturday, a good picture, "Three Lys Ghosts," will be shown and on Tuesday the matinee idol Antonio Moreno, will be seen in "Secret of the Hills." Other supplementary films will be shown on each occasion.

Burpee & Teddie are to be congratulated on their enterprise in opening up yet another picture house in Bath and the people of Bath are most fortunate in having this cleanly modern amusement brought to their doors. This is one of the most potent measures in making small towns habitable and should be given every encouragement.

The many friends of Lewis Wilmot Kennedy were much surprised and pained to hear of his sudden death at his home in Tracey Mills in the early morning hours of Thursday, April 12. Although Mr. Kennedy had been in rather poor health through the winter, no one realized that his trouble

was of a serious nature. Less than 24 hours previously he stopped at his brother, L. L. Kennedy's at the Kennedy House, where he complained of not feeling well and despite remonstrations insisted on going home. Of a good nature, Mr. Kennedy will be much missed by his neighbors and many friends. He was 69 years of age and a lifelong devoted member of the Baptist church at Centreville. He was a true and faithful member of Carleton Lodge No. 35, F. & A. M., and of Centre Lodge No. 109, I. O. O. F. He leaves to mourn, a widow, three sons, Guilford of Waterville, Me., Leland of Detroit, Mich., and Harry at home, and two daughters, Mrs. Harry Owens of Royalton and Miss Nadah at home. The funeral was held from his late home and the Baptist church at Tracey Mills, Rev. Mr. Burrows officiating. Carleton Lodge attended in a body and buried their late brother with full Masonic honors.

After a lingering illness, borne with patient fortitude throughout, Joanna, wife of Hiram J. Clark passed to her rest on Thursday morning, April 12, at the age of 73 years. Mrs. Clark along with her husband has spent the greater part of her life in Centreville. She leaves to mourn, her husband and one son, Leland L. Clark, and three granddaughters. The funeral services were held from her late home on Friday afternoon and in the U. B. church, Rev. H. R. Bell officiating, and interment made in the family lot in the adjoining cemetery.

At Woodstock on Thursday, April 12, Vaughn Grant of Centreville, was married to Miss Vesta McLary of Bloomfield by the Rev. M. E. Conron. The happy couple left on the afternoon train for Bangor, where they will make their home.

A fine baby girl arrived at the home of Mr. and Mrs. Robert Lee on Monday, April 9.

Miss Beatrice McKenzie is convalescing after an attack of diphtheria.

Dr. and Mrs. B. R. Field are getting the best of results from their newly installed radio set, and are entertaining many friends with concerts from Schenectady, Newark and other American broadcasting centres.

C. N. Boyer is busily engaged in getting the several cars in his garage ready for the road.

J. R. D. White of Aroostook Junction was calling on friends here on Friday.

S. W. Burt and son, sold and delivered their prize team to the municipality of Woodstock last week, receiving a cheque for \$600 in exchange. The team will be used in the fire department of that town.

G. W. Bishop of Grand Falls was here on Monday and Tuesday.

LONG SETTLEMENT

George Long returned to River Glade on Thursday, after spending his Easter holidays at his home in this place.

Miss Faye Buchanan of Royalton is spending a few weeks with her uncle and aunt, Mr. and Mrs. J. E. Long.

Mr. and Mrs. Geo. Williams have sold their farm to Henry Boone of Good Corner and expect to go to Boston in the near future to make their home.

The community was saddened to hear of the death of Mrs. Edward Walton which occurred at an early hour Sunday morning. Although Mrs. Walton has been in failing health for some time her death came as a shock to her many relatives and friends. The funeral took place Monday afternoon at Tracey Mills church and was largely attended. Rev. Mr. Burrows spoke words of comfort and love to the mourning ones. Much sympathy is expressed to the bereaved husband and family. The bearers were Ellis Carmichael, Lee Long, Wendel Gray and George Williams.

Mr. and Mrs. John Toms spent Saturday in Royalton the guests of Mr. and Mrs. Perry Crawford.

Mr. Wilbur spent Tuesday in Woodstock.

Mr. and Mrs. Ambrose Folsom of Lakeville took dinner with Mr. and Mrs. James Page on Saturday.

Mr. and Mrs. Wilmot Meritt were visitors at Wilbur Williams on Tuesday.

Mrs. Geo. Long, R. N., went to Presque Isle last Friday on professional duty.

Hollis Gray, who is working at Connel, spent the week-end at his home in this place.

The Bible Class met at the home of J. E. Long last Thursday. Will meet this week at Wilmot Kennedy's.

Miss Faye Scott and Annie Toms took tea at Mrs. Cassie Gray's on Wednesday.

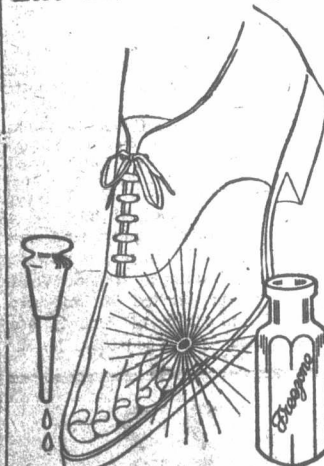

Lee Long has tapped some trees and plans to make some honey—if spring ever comes.

C. P. R. TO IMPROVE SERVICE

From time to time The Observer has been urging the placing of a cafe parlor car on express trains 151 and 152 so that these trains will be equipped equally with the express trains that parallel them on the competing lines, the B. & A., and the C. N. R.

We have no official authority for the statement, but it is understood that the plan may be carried out commencing with the change of time on May 15. The car, it is said, will run between St. John and Edmundston. This will be about the best thing the C. P. R. has offered in the maritime service for a long time. The thought of getting up in the dark hours before dawn, eating a hasty breakfast and beating it to the station to take the early train from St. John is always a disquieting one, but to be able to take forty winks more, go to the station board the car and have a good warm breakfast at your leisure is a pleasurable anticipation. Then the many travelers between St. John and Edmundston will be relieved of the change at McAdam and the long, long day ride between the two terminals may be made one of real luxury and ease and one of the most delightful train rides in the eastern part of the continent. It is the only whole-day train ride that can be made in the province that does not pass almost wholly in the wilderness.

East Florenceville

The united choirs of East Florenceville and Bristol presented a most enjoyable Easter Cantata entitled "The Garden of Joseph" on Wednesday night of last week, to a crowded audience in the Baptist church. The platform had been most tastefully decorated by the young people to represent the garden in which was the tomb. The choir comprising about 35 voices had been specially trained by Rev. L. W. Williamson and was able to render the music with splendid feeling and variation. The choruses were very inspiring and the solos were admirably sung by Mesdames Roy Hunter, Jas McIsaac, Roy Hunter and L. W. Williamson. Three special tableaux were very impressive. The first representing the soldiers of Pilate around a camp fire guarding the tomb. Ora Bill and Wilbur Tompkins looked very valiant in their Roman costumes with swords and spears, while Mr. Williamson sang the commission, "Guard Ye Him." The second tableau representing the women coming to the tomb and instead of finding the dead, discovered Angel in white, impersonated by Cecil Semple, to tell them that the Saviour had risen. The final tableau, representing Easter victory, was beautifully presented by Miss Mildred Tompkins, adorned with a bright silver crown, carrying Easter lilies and attended by six little girls in white. Between each musical number B. F. Smith, representing the gardener, read the beautiful story in an impressive manner. All the members of the choir were dressed in easter costumes of many colors and in the special light which had been arranged gave a very real oriental setting and atmosphere to the cantata. Mrs. L. A. Simonson presided at the organ in her usual efficient manner. James Davis has arrived in our village from Moncton to engage in the general store business with his brother.

Mr. and Mrs. Burton Bell drove over to be away on business for several days.

Miss Laura Banks went down to Woodstock on the express Thursday afternoon for a short visit.

Miss Haines, registered nurse, of Woodstock arrived here on Monday afternoon to nurse Miss Edna Kinney who has had a very severe operation.

The members of the community choir had a sleigh ride to Bristol last Friday night to assist in the cantata "Garden of Joseph". About 20 young people were in the party.

Mr. and Mrs. Wm. Burnham are now receiving congratulations from their many friends on the arrival of a lovely baby girl at their home. Both mother and child are doing well.

The ice in the river is looking very shaky and uncertain and everyone will breathe a happy sigh of relief when it begins to move down to the ocean.

Jas. Withers has sold his residence on Maple Street to Bradstreet Tompkins.

Mrs. Guy Lawlor is making her post natal call this week.

Gordon Milbury spent the week-end at the home of his father, who is surprising all his friends by his constant improvement.

Our local garages are open again and the mechanics are busily engaged putting the cars into order, to be ready for the spring which seems to have really come to stay.

Mrs. F. L. Tompkins and family leave on Thursday of this week for Detroit where Mr. Tompkins has been working for several weeks. We understand that Frank is very well pleased with the situation in Detroit. He has secured a good position with the Henry Ford company.

We hear that several more of the young men of this community are being lured away by the gold which seems to be running freely about the great American cities at the present time.

The L. O. B. A. are holding a special social evening to bid good bye and God speed to Sister Mrs. F. L. Tompkins who has been a faithful member of the lodge. The function was entertained at the home of Mrs. Hartley Lewis on Wednesday night in the Baptist church.

The regular quarterly business meeting of the Baptist church was held on Wednesday night where reports from all branches of the church were received.

The young people of the Baptist church were organized into a Tuxis group on Tuesday night under the leadership of Mr. Williamson.

Miss Edna Reid had the misfortune to fall from a sleigh on Monday. She struck on the back of her head and was rendered unconscious. After a short time she recovered and it is hoped that no serious consequences will follow.

G. F. Smith has taken up his residence on the farm which he recently purchased from Burton Bell.

A young girls party was held on Monday night at the home of their Sunday school teacher, Mrs. L. A. Simonson, to bid farewell to Miss Eva Tompkins who is leaving this week for Detroit. Games were enjoyed by the girls for a time after which Miss Helen Melville on behalf of the girls presented Eva with a beautiful pencil as a token of esteem and goodwill. Eva thanked the girls for their kind thought of her, after which refreshments were served before the girls went home.

Word has been received from Jay Dow, who has arrived in Detroit, and was successful to secure work the next day. Jay is well satisfied with things in Detroit and intends to stay there with his brother Harold.

CARLETON CO. SEED FAIR

Held at Florenceville on March 22 was a Success

The Annual Carleton County Seed Fair was held in the I. O. F. Hall, Florenceville, on March 22. Weather conditions being favorable there was a very good attendance. While the number of exhibitors was less than in former years, they showed a great interest and had fine exhibits. The eighteen exhibitors made 120 entries. Owing to the judges having to go on the afternoon express, the public meeting had to be called off. Following is a list of prize winners:

CENTREVILLE

(Received Late)

Rev. H. R. Bell will preach on Sunday at Centreville, 11 a.m.; Lakeville 3 p.m.; Good Corner 7 p.m.

Cyril Brown had the misfortune to cut his arm quite severely last week while adjusting the belt on a sawing machine. The wound required considerable surgical assistance, but he is making a nice recovery.

The principal and scholars will stage another mock trial at the Opera House on Friday evening the 20th. The proceeds will be devoted to the gymnasium fund.

At C. R. Clifts drawing on Saturday night Jack Riley won first prize and Arthur Smith second prize.

A number of the friends of Miss Eva Alexander enjoyed a pleasant birthday party and supper at her home on Tuesday evening. Those present included Mesdames S. W. Burt, C. R. Clift, B. E. Clift, B. B. Estabrooks, G. F. Burpee, A. C. Giberson, S. W. Niles and Miss Jean Estabrooks. A couple of hungry Hanks arrived while the supper was in progress and were allowed to grab the crumbs that fell from the table. The

evening was spent most pleasantly.

Mr. and Mrs. J. Chesley Stevens entertained on Tuesday evening at an impromptu bridge party of four tables. The guests included Mr. and Mrs. A. J. Lee, Mr. and Mrs. L. R. T. Lee, Mr. and Mrs. J. R. Lee, Mr. and Mrs. W. M. Bruce, Mr. and Mrs. C. H. Sullivan, J. B. Lee, Dr. and Mrs. H. W. Popper, A. G. Baird and Miss McKenna.

Yes, P. and B. Ginger Ale and Purity Ice Cream, "Cream of Quality," now at the Centreville Drug Store with the choicest Fruits and Syrups.

JUNIOR RED CROSS SHOWS RESULT OF CHAUTAUQUA TRAINING

On Friday afternoon, the pupils of Grades 7 and 8, the department presided over by Mrs. DeGrass, met for one hour as the Junior Red Cross. The business session was ably presided over by Clinton Clark and it was remarkable indeed, to note the ability, confidence and dispatch with which the pupils put through the various items, such as motions, nominations of committees, minutes and so on. Fred Dickinson conducted the program section with ease and grace. The readings, recitations, solos, duets, school songs and instrumental music is gotten up entirely by the pupils without taking time that should be given to other work. Ines Smith acted as secretary and gave a good report of the last week's meeting. A few lines of one of the songs still linger with the secretary, who, with the members of the school board, was fortunate enough to get an invitation: I am proud of Hartland / In Hartland proud of me / I'll be a good citizen / And make Hartland proud of me.

KNOWLESVILLE SCHOOL

The scholars making an average of 50 and over on the easter exams are as follows:

Grade V.—Mabel Hemphill 88.7, Roy Hemphill 74.8, Ernest Whitehouse 78.2, Ines Hemphill 73.1.

Grade IV.—Stella Whitehouse 71.1, Grade III.—Viola Carle 66.6, Ivan Branscombe 55.7.

Grade II.—Clayton Hemphill 65, Mary Whitehouse 50.8, Lorne Whitehouse 50.8, Lorne Whitehouse 50.8.

Grade I.—Ellie Hemphill 71, Edna Whitehouse 56.2.

Teacher, Lily M. Robinson.

AT THE BAPTIST CHURCH

Large audiences were present at all the services of the Hartland United Baptist Church last Sunday. The morning preaching service is well on the way to equaling in attendance and interest the evening service. Next Sunday the pastor, Rev. G. F. Bolster, will preach at both services. The subject of the morning sermon will be "Edifying Oneselves" and in the evening the subject will be "The Waiting Christ." A cordial welcome, good singing, together with a warm hearted presentation of the gospel makes these services well worth attending.

GLAD SHE TOOK FRIEND'S ADVICE

Mrs. Hartley States Tanlac, Taken On Mrs. Brathwaite's Recommendation, Restored Her Fully

"It certainly is remarkable how quickly Tanlac restores a person's health. When I had taken my second bottle, my indigestion was gone and I gained eleven pounds. No home should be without Tanlac." This statement was made the other day by Mrs. Alma Hartley, 18 Bright St., Toronto, Ont.

"Stomach trouble, sleeplessness and a badly run-down condition kept me in misery two years and I was just a nervous wreck. When I look back now I wonder how I lived on the little I ate, my appetite was so poor. My food soured, gas bloated me and caused terrible pains, and I was dreadfully nauseated. I almost forgot what a good night's sleep was, and became alarmingly thin and weak."

"It was Mrs. Brathwaite, my neighbor, who advised me to try the Tanlac treatment, and I am surely thankful. My appetite is so ravenous now I can't wait for meal time. My nerves are calm, I sleep like a child and always feel strong and refreshed. Tanlac is simply grand."

Tanlac is for sale by all good druggists. Accept no substitutes. Over 35 million bottles sold.

MURDOCH-GOODGE

A wedding of much local interest took place on Wednesday, April 18, at 1 p.m. in the Methodist church when Miss Reta Murdoch, youngest daughter of Mr. and Mrs. J. F. Murdoch, was married to L. O. Goodge of St. John. The ceremony was performed by Rev. Thos. Pierce, pastor of the church.

The bride party entered the church and took their places at the altar to the strains of Lohengrin's Wedding March played by the organist, Miss Marion Stevens, who during the solemn and impressive ceremony also played softly a voluntary.

The bride wore a suit of navy blue tulle with touches of original embroidery, and a navy blue silk hat and black vampire fox fur. She carried an immense bouquet of pink premier roses and looked very charming.

After the ceremony the wedding party left the church while the Mendelssohn's Wedding March was played, and repaired to the home of the bride's parents when a buffet luncheon was served. The Misses Martha and Yolande McDermott and Miss Beth Somerville (St. John) assisted in the serving. The living rooms looked very pretty with its many pink and white carnations and other flowers. In the centre of the room was the table over which was suspended a silver basket containing pink and white flowers. Only the near relatives and a few most intimate friends were the guests.

The church, which was filled with relatives and friends, presented a very pleasing scene with its beautiful floral decorations which were arranged by C. S. Baker. The ushers were Clinton Clark and Howard Taylor.

The bride received many beautiful presents including silver, cut glass, linens, etc. Mr. Goodge's office staff presented them with a large handsome mahogany clock. The groom's present to the bride was a platinum pin set with diamonds, and to the organist was given a platinum pin set with a single pearl.

The groom is with the Dominion Express Company in St. John and the bride has been in the past four years a valued stenographer in the same office.

Mr. and Mrs. Goodge left on the 8.30 express for a visit to Montreal and other points. A large crowd was at the station to wish them off and to tender good wishes and to shower them with confetti.

DEATH OF A FORMER N. B. BOY

On Sunday last James M. McLeod received a telegram from his brother George in Glendale, Cal., that their brother, William D. passed quietly away on Saturday night with paralysis.

Deceased was born 68 years ago in the Parish of Wilmet; was a graduate of the University of N. B.; had practiced law in Kansas City, Mo., the greater part of his life, until three and a half years ago his health became impaired and he removed to Glendale. He leaves to mourn, two brothers—George of that place, James M. of this town, and a half sister, Mrs. John Grant of Lakeville.

His remains were taken to Kansas City and placed beside his wife who predeceased him some years ago.

SHOWERY

On Friday night the ladies of the Methodist church surprised Miss Reta Murdoch by calling at her home and tendering her a shower of gifts in preparation of her approaching marriage. Among the many nice things were a set of silver fruit spoons from the Ever Ready S. S. class, of which she is a member.

Again on Monday night Miss Murdoch was surprised when a score of her girl friends gave her another shower of many beautiful, useful and costly things.

Canada's Standard Four

McLaughlin Buick "Master Four" Touring 23-35 Special

IN beauty of appearance, dependability and economy of operation, this "Master Four" Touring has established an entirely new standard for four-cylinder cars. Sturdy, dependable, always ready to go, it is perfectly suited to the needs of the average family.

The seats are deep and low, with plenty of leg-room in both compartments. The steering column is in exactly the right position for driving comfort and the gear shift lever is high enough to prevent bending and reaching. Some of the many unusual refinements on a car of this class are transmission lock, windshield adjustable from the inside, nickelled bumper, walnut dash, rear vision mirror, combination tail and stop light, drum type head and parking lamps, crown fenders and scuff plates.

Built in Canada by Canadians for service under Canadian highway and climatic conditions. No "Four" on the market is so well suited for rugged use at so low a cost, both initial and upkeep, as the McLaughlin-Buick Master Four edition of "Canada's Standard Car."

What Will You Put in the Pot?

When you drink tea every cup should be a delicious refreshment—a distinct pleasure. But this demands good tea in the pot. You cannot possibly get satisfactory results from inferior tea.

Now consider the small cost of a cup of King Cole Tea—a mere fraction of a cent. Surprising isn't it? But its secret is in the rich liquoring King Cole blend which yields so generously in the number of cups to the pound. It makes King Cole the truly cheap tea. From whichever point you view it—economy—quality—or the wise combination of both, King Cole Tea claims your preference. You'll like the Flavor.

JAMES LONG

On Saturday, April 14, the death of James Long, sr., occurred in his home at Howard Brook, his great age being the cause of his death. He would have been eighty-six years of age in two months. He was one of the early settlers, coming to this country at the age of nine years. He experienced religion about twenty years ago and kept faith down to the end, leaving a strong consolation with loved ones who mourn at his death. He leaves to mourn, his wife, two sons, Andrew and James; two daughters, Mrs. Miles Sherwood and Mrs. Lee Dyer; also twenty-three grand children. Funeral service was held at home, a large company being present, services conducted by E. H. Giberson assisted by Bros. William Petchy and Duddy. Interment was made in Armond cemetery.

To Victory Bond Holders

Victory Bonds have never sold so high as at the present time. Many who hold Victory Bonds would improve their investment position by taking advantage of these high prices and reinvesting in non-taxable Provincial Government and Municipal Bonds. Victory Bonds are subject to local taxation.

These bonds are quoted:

1923.....5 1/2.....100.60	1924.....5 1/2.....100.90
1927.....5 1/2.....102.70	1933.....5 1/2.....106.30
1934.....5 1/2.....103.00	1937.....5 1/2.....108.30

Enquiries will receive prompt attention. Better write at once as these prices are very high and may go off any day.

BATH BREEZES

Bath Breezes here wishes to extend to R. K. Tracey, M. L. A., its sincere congratulations on the able speech delivered in the House of Assembly in Fredericton.

The Hon. Premier has been given the appellation "Good Roads Veniot" and this title is significant of much good work done by him on the highways of this province. The writer of Bath Breezes has travelled many of the same roads during the past two years as Mr. Tracey has and which he mentions in his recent speech. The coast road from Chatham to Bathurst, a distance of 116 miles, is one of the best. The tarvin road from Chatham to Nelson is excellent as also that from the city of St. John to Rothesay. The State of Maine is always in the limelight, when the subject of highways is broached but residents of the northern part of that state, as well as tourists cross in great numbers the international bridge at Edmundston. "Actions speak louder than words," so why mention the condition of the main trunk artery of Madawaska county.

Mr. Tracey delivered a speech, which was logical throughout and which better still could be substantiated by facts. Facts are rough concrete, and are obstacles which are hard to evade. The roads of Carleton county, as a whole are also rough and are evaded by the majority of tourists. The residents of the county, though, are forced to grin and bear it. We do not wish to set the dog in the manger to benefit this section, at the expense of the whole province, but the stubborn thought, which is drilling its way deeper and deeper into the average voter's mind is that vice-versa has been the case—that Carleton county has suffered for the benefit of the whole. Why should this section, which is so rich in scenery and fertility of soil and which is commonly known as the Garden of the Province, be ostracized—placed on the black list, and motorists warned "that they should leave the county at Woodstock, proceed to Houlton, then via the state road to Grand Falls?" Much is said about inducing tourists to the Maritimes. In Carleton county to partake of the financial benefits to accrue from this influx of motorists? And are the towns of Hartland, Florenceville, Bristol and Bath to suffer the loss of tourist trade on account of the condition of our highways?

If the powers that be, decree that such shall be so, then the border counties of Carleton and Victoria will suffer. Moreover, the loss of every dollar thus retained, must necessarily be detrimental in some degree to the province as a whole.

Ask any resident of Bath, the pertinent question—Are you satisfied with the condition of the Main Street? and secondly, Are you satisfied that sufficient money and labor has been expended, during the past four years on the road from Mousquash to the Mouquet bridge to keep this main highway in a trunk road in proper condition? We feel sure that their answer would be anything but complimentary.

Mr. "Progressive" Tracey we appreciate your efforts. Once again we congratulate you on your mastery attempt.

Miss Mabel McSherry, nurse-in-training at Boston, Mass., is spending a few weeks vacation at her home here.

The Fifty-Horsepower Motor Fills the Hood!

YOU need not be an engineer to appreciate Jewett's great power. Just look under the hood at the Paige-built motor. No car within \$300 of the Jewett price has a motor of equal piston displacement—249 cubic inches. And Jewett's power is not obtained at the expense of high engine speed, with its premature wear.

From the six cylinders, 3 1/2 x 5 inches, a moderate r. p. m. gives peak power. However unusual the emergency, Jewett never strains to meet it, but handles every situation smoothly and easily. In a word, there's Paige quality in every particle of Jewett power. Let us prove to you there's no motor like it in the fifteen hundred dollar field!
