THREATENS COUNTY COUNCIL

Middlesex Court House.

TALKED OF A BILL TO INDICT

On the Ground That the Place Is Unfit for the Dispensation of Justice or Housing

of Prisoners.

In addressing the grand jury at the assizes this morning His Lordship Mr. Justice Riddell said that he had postponed addressing them till today because he had been considering the because he had been considering the advisability of bringing in a bill pected that others will take it up. against the county for maintaining a public nuisance. He had learned, however, that steps were being taken to agitate for an improved court house, and he would withhold any such action awaiting further develop-

ments in the case. Riddell began his address. His lordship mentioned, with commendation, the absence of criminal offense among cess. the cases to be heard at these sessions but stated that this did not argue a on the other side," said Mr. Mower. total absence of crime.

His lordship then went on to menof the office of grand jurors. "You are here to protect the interests of the people," he said, "to see that the people are getting the worth tractions. The hotel-the Invererieof their money. The court does not would have to be enlarged and imexist for the sake of the judge or for the sake of the lawyers or jurors, but don and St. Thomas would have to be for the sake of the people. No coun-instituted. It would be a distinct try can last unless life, liberty and

courts; and when courts are weak then anarchy is very close. The Public Pays. public pays me, it pays

pays the lawyers, and you are here to see that this money is well expended. "Then, you are here to see that the law is properly administered. Ninetynine per cent of law is merely common sense, and it is your business to see that this common sense is administered to the advantage of the

The Court House. "The place in which the administration of justice is carried on is of the utmost importance. This, indeed, is the most important matter that will come before you at this session of the

"The jurors must come to court They come to serve their country, and they deserve to be comfortably ac-commodated. All his majesty's subjects have a right to come here and see how justice is administered. They have a right to comfort, to be received a room that is not deleterious to their health.

Ventilation Is Bad.

"Here and there about the country I find court rooms, like this one, where the ventilation is defficient. I only recall one court room as bad as this in that respect. I am told that the air in this court room can be changed every hour and a half; this is just cause a great deal of interest. six times to seldom. Every court room should have the air changed every fifteen minutes at least. There are men suffering from different diseases who are compelled to attend on juries: Such persons cannot help breathing out deleterious matter which other persons, unless the air is properly purified, are compelled to take into their lungs.

Men Made Sick.

"I myself have known of men who have been made sick by being compelled to sit in this courtroom. I am forced to have the windows kept open in order to have the air even of a he came here from Bothwell, was fairly breathable character. Even the remanded for a week. ducts for ventilation of the room have mud and dust in them, so the air also remanded for a week. brought in through them is worse the dust and dirt. gravate these conditions.

Times Have Changed.

about ventilation, and hence the building was not erected under the best ventilation systems.

"You will examine this building and see in what condition it is. It was days. with the idea of bringing a bill against county for sustaining a nuisance that I postponed addressing you til this morning. But, I understand, that the health officer and other authorities are agitating in the matter, and, considering this, at the present time, I do not think I will bring in this bill. It is sometimes necessary when circumstances such as this are allowed to maintain for a long time to take matters out of the hands of the local

Must Be Public Spirited.

"It is expected that county councillors will be public spirited men, but if they do not prove tremselves so, it nay be necessary to take other measures, so I want you to examine the courtroom and fall. We send men to fail to punish them, not to kill them, and they ought to be sent to a place where their health will not be inlured. You have a right, too, to inquire into the way in which prisoners

"You have a right, too, to consider whether in other respects also the courtroom is all that can be desired. I believe that the more public and open the administration of justice is the better it will be. I like to see the people watching the courts. (Continued on Page Eight.)

Justice Riddell Scores the STEAMBOAT PLAN APPEARS POPULAR

Traction Company Will Look to Ottawa for a Sunday Car Charter.

The proposition to establish steamboat service between Cleveland and Port Stanley, with traction connection with London on Sunday, as well as week days, provided a charter can be obtained from the Dominion Government, will be laid before the London board of trade very shortly. The idea is meeting with consider able favor, both in Cleveland and St. Thomas, as well as in London, according to the officials. A company is being formed in St. Thomas to float the enterprise, and several Londoners are interesting

Before Board of Trade. The local board of trade will discuss the matter within a few weeks.

Southwestern Traction Company, is Promptly at 9 o'clock Mr. Justice enthusiastic over the idea, and is confident that if properly undertaken and managed it will prove a decided suc-

"They are quite enthusiastic over it SETTLEMENT IN They are confident in Cleveland that if such a service were instituted, it tion the serious and important nature would meet with great favor, and would be a success. Of course they would have to see something to come to. There would have to be some atproved, and Sunday cars from Loninstituted. It would be a distinct benefit to London and Port Stanley, try can last unless life, liberty and property are secure, and the only way and no serious consequence would accrue. It would be a decided benefit. The question will be laid before the London board of trade, and the opinion of the members will be asked and

also their support." Ottawa Hears It. A dispatch from Ottawa states that the Southwestern Traction will make application to the Dominion as a result of the accident. Government for a charter to operate cars on Sunday, provided a service across the lake is instituted. From advices it is learned that the request is favorably looked up by a large per-

centage of the members of the House. A GRAND CONCERT IN HYMAN HALL

On Wednesday Night-Mock Parliament on Thursday Night.

There will be a concert in Hyman take part. Songs and musical selections will be given, as well as some short, pithy addresses.

On Thursday evening the last mock parliament of the season will be given. Two most important bills will be introduced, one on the taxing of bachelors, and the other the granting of the franchise to women, by Mr.U. A. Buchner and Mr. Jared Vining, and should All are invited.

ST. PATRICK'S DAY.

Tomorrow is St. Patrick's Day, the day of all days to the Irishman. One thousand four hundred and forty-three years ago, on March 17, according to the most trustworthy account, the saint's death and beatification took place.

Since that time Irishmen throughout the world have carefully cultured the national emblem, the Shamrock, and it is worn with a degree of pride that cannot be overestimated. The popular notion is that St. Patrick used the Shamrock as a symbol when preaching the doctrines of the Trinity to the pagan Irish. Pliny, in his natural history, says that snakes have never been found upon the trefoil, and that it prevails against the stings of serpents and scorpions.

However on Oct. 30, 1902, the splentreal equipped with wireless outfit, and between that city and Montreal it was demonstrated without a shadow of doubt that communication could be maintained between a station and a fast moving train means of electric waves. No attempt was made to cover distances Montreal, March 16. - The Lake comparable with those attained by Shore's recent experiments with Marconi and others, but with comparatively simple laboratory fits it was possible to keep

eight to ten miles. St. Dominique was selected as the ransmitting station, where large metal-plate vibrators 10x12 feet, connected with an induction coil of he usual pattern, were situated. On the train itself the waves were received by collecting wires connected to a coherer of nickel and silver powder. The relay operated electric bells merly of McGill, but now rector of in three cars. The collecting wires were run through the guides for the signal cord, and extended on train

To obtain the maximum effect it forty-seventh annual convention of was impossible the horizontal wire

In speaking of the difficulties to be overcome in this first experiment agents were, of course, the guests Prof. Barnes said: "Although these wires were placed inside framed cars, strong and definite signamed. Another difficulty militated against obtaining the maximum sensitiveness as, owing to the natural vibration of the train resulting from its great speed, it was impossible to have the relay adjusted to its most sensitive point. In spite of these difficulties the distance to which signals could be sent to the DOES IT PLAY OUT FIRST WHEN train was eminently satisfactory, and with more refined apparatus great distances could, without doubt, be obtained. The success of this form of wireless telegraphy, of which this was but a pioneer experiment, opens up yet another method of providing for he safety of the travelling public." The speed recorded on this special train showed that the train was moving at the rate of a mile a

SOLICITOR DROPS DEAD

Town Attorney of Goderich Meets With Sudden Death.

Goderich, Ont., March 15-Town Solicitor E. L. Dickinson, of the firm of Other symptoms are deposits in the Dickinson & Garrow, dropped dead seen that his figures are correct. It drine after standing, pain and smart- early this morning at his home in Goderich. He had not been well, and for the past week had been away from

his office, being troubled with neuricoming here from Wingham to go into partnership with Charles Garrow at the time the firm of Garrow & Garrow was dissolved on account of the senior member being raised to the sineer a long time to go over bench. Mr. Dickinson was a clever same ground covered by himself. bench. Mr. Dickinson was a clever same ground covered by himself. If and conscientious lawyer, and his this were confined to the items of his death is a great loss to the municipality, as he was particularly well posted

in municipal law. He was a warm personal friend studied law in his earlier years. He method of arriving at the conclusions. was of a quiet, reserved disposition, him. He was married a year or two

QUESTIONS FOR THE ENGINEER

Who Is To Be Engaged Re Niagara Power.

ALDERMAN BEATTIE

started the only real argument on engineers. this question, when he brought in a recommendation that the consulting engineer be asked certain questions or the information of the council. After arguing for more than an our, during which time the several aldermen expressed various degrees of of Ald. Beattie was passed unanimous-

The Motion.

Ald. Ferguson:

the following information: "(1) What is the probable amount of power which the city can sell, as per Engineer Sifton's first report? "(2) What amount of power should the city contract for with the com-

"(3) What will be the probable load factor of the city? "(4) What will be the probable

power factor of the city? "(5) Will power require to be sold to the consumer upon the peak-load basis or by meter? That is to say, will the consumer have to pay for the peak load? or, if sold by meter, will the price by meter require to be put enough to cover the consumer's peak load for the entire month? "(6) If sold on the peak-load basis, will the consumer's peak load be a momentary or a 20-minute continued

"(7) Supposing the city to contract with the power commission for the against it. number of horsepower which the consulting engineer recommends, what prices should the city sell power for the following purposes: "(a) Incandescent, residences, stores

and factories.

"(b) Power. "(c) Arc lighting for streets. "(d) Street Railway Company,

"(e) Southwestern Traction Com-"(f) London Electric Company. '(g) Waterworks pumping."

Mayor Objects. Mayor Stevely was the first to in erpose an objection. "I cannot see how the consulting engineer can say how much power we

can sell," he said. "Well, if he can't he can at least say so," retorted Ald. Beattle. "Cannot our own engineer answer all the questions asked?" interposed

Ald. Parsons. Ald, Cooper started an argument before the question of Ald. Parsons was answered, and objected to the line of questioning. He thought that the consulting engineer would cost a great ures of Assessment Commissioner Grant and Engineer Sifton just how much power was needed. He thought the people would know in five years all about the cost of power, and he worth of debentures would have to be ssued in addition to the sum already accounted for before this power business amounted to anything. Ald. Reattie was the only man in the coun-

who knew anything about power, and the people of London would know will cost the city two or three times \$235,000 before they got power.

was necessary to have a consulting engineer go over the figures. Another Engineer Necessary.

Mr. Sifton said it was quite necessary. He went over the proposed recommendation of Ald. Beattie, and suggested that the first clause be amended, as it would take a consulting enreport, and the method of arriving at the figures, it would be sufficient. He time to take Ferrozone. suggested that the consulting engineer pick out certain items at haphazard.

Check the Figures.

was not that the consulting engineer light of being at your best-in pershould visit all power users and find fect good health. out how much they required, but he desired to check Mr. Sifton's figures in every possible manner, so the truth

the information contained in his mo-tion. He wanted to know whether the city would sell on the absolute peak-load basis, or by the overlapping-load basis. By this method it would be discovered whether the city would need 500-horsepower, or more, or less, as

the case might be. As to the amount that could be sold. t was a matter of judgment, and he would like to go into that question with the consulting engineer as well as the engineer of the hydro-electric commission. He had no objection to the other questions.

Whatever This Means. "The Government gave power away, and then the commission comes along

as middlemen and sell power to the PRODUCES THEM municipalities," said Ald. Garratt. "It's Ald. Saunders thought it best to get all the information possible, but was Quite a Debate in the Council Last of the opinion that too much expense was being incurred. He had great faith in Niagara power. All great

enterprises were failures at first, and while the power question might cost It requires but little at a council the present generation some money, it meeting to stampede the aldermen would be of inestimable benefit to the into a lengthy argument on Niagara coming generations. He hardly thought power, and last evening Ald. Beattie it necessary to spend more money on

Wasting Time.

Ald. Stewart considered the council were wasting too much time, and that it would be better to go ahead immediately with the construction of the distribution plant, rather than waste knowledge on the subject, the motion the wires were laid and the plant built a definite proposition could be made to consumers of power.

Mayor Stevely explained that the Ald, Beattie's motion is as follows: idea in obtaining the services of the "Moved by Ald. Beattie, seconded by consulting engineers was to go over the figures and verify them, and make TEST IN CANADA from McGill were optimistic, though not sufficiently so to guarantee success.

engaged by the mayor and chairman for by Aid, Beattle would be cording to the clause was amended acceptable from the suggestions of Engin-"That the consulting engineer to be suggestions, All the information asked engaged by the mayor and chairman for by Ald. Beattle would be obtained, of Engineer Sifton, be asked to give eer Sifton, there would be little or no difficulty.

Ald. Beattie Explains.

Ald. Beattie explained that a mistake in the figures might be disastrous, and it was necessary that the truth be arrived at. It was no reflection on Mr. Sifton, but rather a protection to him.

"This proposition means the expenditure of a great deal of money.' said Ald, Beattie. "I have been accused of being opposed to Niagara power when such is not the case. I am not opposed to it, but I do want whole month for the amount of his to understand it, and I do not intend to commit myself to it until I have received all the information possible on the subject. I want light on this subject. We may have to go further and pay more for our information." He again pointed out that the clause had been amended as suggested. The question was then put, and car-

Special \$1.00 THIRD FLOOR-TAKE ELEVATOR.

WATER COMMISSION MAY KEEP SURPLUS

A REMARKABLE RECOVERY For the Purpose of Building Extensions, Etc.

> The board of water commissioners will, some time this autumn, deal seriously with the suggestion made by of the surplus from the sale of water be used to form a reserve fund, out of which all the extensions and other necessary work could be paid for

without issuing debentures. "This fund would mount up rapid-"," said Mr. Darch, "and in a short time the commission would be in a position to extend the system without issuing debentures." The other members of the board agreed with him, but they suggested

that the matter lay over until later in the year, when something could be To this Mr. Darch agreed, and he promised to bring the question before them at the proper time. The Estimates.

The estimates for the year were submitted. Engineer Moore's figures show a balance of \$36,928 46, an increase of approximately \$3,000 over last Revenue.

Water rates from consumers \$ 96,000

Total surplus, \$36,928 46. On the motion of Commissioner Darch the estimates were ordered move, as the membership could there-

sent to the council. Apartment-House Service. John Hayman appeared before the

board and asked that the cost of put-ting in the service in his apartmenthouse be not charged against him. He pointed out that there were tically eight houses in one, and if they had all been separate he would have received 160 feet of free piping from the commission. The apartmenthouse was a credit to the city, and he considered it nothing but right the cost should be paid by the com-

The matter was referred to the engineer to report on. Mr. William Buchanan, who received half the contract for coal with Heamon & Son, withdrew his tender. and the whole contract was awarded to Heaman & Son

The Summers Property. Mr. W. H. Ferguson appraised the Summers property at Springbank to be worth \$200 an acre, or \$260 for the piece of land. The other piece of property needed was valued at \$600 The owners ask \$1,200 for the land and it was decided, on motion of Commissioner Darch, to offer \$1,000 for the property, and if this was not accepted to submit the matter to arbi-

tration. Meters To Be Installed. Engineer Moore recommended that all places using motors for power be metered. It would require 175 meters to effect this.

Commissioner Darch was in favor of this, and the recommendation of the engineer was adopted. Those present were Mr. William Jones, chairman, Commissioner F. J. Mayor Stevely, Engineer Darch.

Moore and Secretary Ellwood. **NEW MEMBERS FOR** PET STOCK ASSOCIATION

LONDON, TUESDAY, MARCH 16.

NICHOLAS WILSON.

Nicholas Wilson died full of years and honors. There was much that and happy-troops of friends, easy preference given to Cuban and Porto respect to London's "Grand Old Man," circumstances, an unclouded mind, the Rican sugar by the United States, and messages of condolence are com-

something to marvel at. He entered ing on important Canadian products the teaching profession in 1844 and competing with the United States. continued in it until 1907. His career There is a very general desire, howas an instructor of the young spanned three generations. In his later days he taught boys and girls whose grandfathers and grandmothers had been his pupils. He was teaching before the birth of the present public school system. The year 1844 saw the appointment of Dr. Ryerson as chief superintendent, and the beginning of his investigations which resulted so fruitfully for the province.

By reason of the nature of his work and the length of it, Mr. Wilson's life touched intimately the lives of a mulgirls. In this range of influence he ever find the man behind the gun? was privileged beyond many who have been more conspicuous in the public eye. Not least among the lessons he 1mparted for over 60 years was his own undeviating example of straightforwardness and sense of duty, which must have left its stamp upon a host of his former pupils. They are in every walk of life and scattered far got the upright old man. The conaffection warmed his heart and cheered his last days. He has gone the way of all flesh, but he is one of the favored company who live in lives made

better by their presence.

The French Chamber of Deputies will presently have before it a bill. prepared by a parliamentary commission, for a radical revision of the tariff. Nearly one thousand changes in

The Government, which had no hand in the framing of the new schedule, is urged by the agriculturists to assist in the passage of this bill. On the other hand, the measure is opposed which have memorialized the Government to reject all duties likely to provoke reprisals and instead to conclude reciprocity treaties for long

Meanwhile, the Ministry is using may be, there is always some girl who every endeavor to secure a modification of some of the proposals before the bill is formally introduced in the Chamber. Some of the new schedules are peculiarly unfavorable to articles of United States manufacture imported extensively into France, and to enforce them would be certain to lead to reprisals, and possibly to a tariff war. Indeed, Premier Clemenceau is that the Government at Washington, that this Government should have to rewhile holding the best of feelings towards France, will not be restrained public out of their right to ask for justice from taking such steps as self-protection might dictate. It is not by any means certain, however, that M. Clemenceau will be able to keep the dep-

uties in hand. The United States Congress is meanwhile being urged to consider, at I have to pay for their keep and buy the the special session which opens this eggs from him, and he eats them.' week, the desirability of adopting the system of minimum and maximum schedules in the tariff which it is to frame, and thus have a weapon ready to hand in case it is needed.

Canadian producers will have little to fear from any increase of French night when a gang of college boys are on express No. 36 yesterday afternoon tariff duties, as under the commercial a tear." treaty concluded with France they have an advantage over the United -States. The treaty was negotiated in

A DEVELOPMENT OF EMPIRE.

Earl Crewe, colonial secretary, announces that a royal commission, to be. composed of two representatives each from the United Kingdom and Canada, will inquire into the relations between the Dominion and the West Indies, including the questions of trans-

portation and communication Neither the British nor the Canadian delegates have yet been named, tory, owned by E. M. Welford & Co. but it is known that Sir Daniel Morris, has changed hands, Mr. W. Scarlett until recently head of the imperial department of agriculture in the West Indies, will represent those colonies. Lord Crewe recognizes that it is mainly to the policy of the present Gov- Buffalo, asking for the address of Mr. ernment of Canada that the steadying of the sugar trade of the West Indies of the famous Page estate, which is Mountain Railway, was in the city tion, and as they are at present conand British Guiana is due, and it was at Canada's suggestion that the royal the American writer. commission is to be appointed. As Lord Crewe says, when the Panama Canal is completed, the position of the West Indies will vastly increase in imwhich has prompted the Government at Ottawa to open negotiations look-

ing towards permanently close rel tions with the islands.

In this connection the Standard of Empire considers it an interesting fact, as showing the stage reached in the constitutional development of the Empire, that there appears to be no precedent for a definitely binding agreement, commercial or otherwise, between any two British countries. There have been, of course, numerous treaties, conventions, and agreements between different portions of the Empire and foreign countries-for instance, Canada with the United States, ...\$2 00 The Standard, therefore, regards Lord Crewe's announcement as a remarkable step in the evolution of the Empire. Canada's preference on West Indian sugar, it points out, has been a body. the most potent influence in preserving that industry just when it was islands have shown their appreciation everybody knew him. Mr. Wilson's record of activity was of Canada's preference by reciprocat-

Mother Gave Her Child Away Had Given up all Hope of Living.

Heart Trouble was Cured by Milburn's Heart and Nerve Pills. Mrs. Andrew Savoy, Gratten's, N.b., writes:—"In the year 1905 I was taken

sick and did not think I could live any length of time. My trouble was with my heart and people told me that nothing could be done for a case like mine. I consulted the very best doctors but they could do me no good. For seven weeks I could hardly cross the floor. I had no pain, but was so weak nobody in the world can believe how I felt. I had given up all hopes of living and had given my little girl to my sister-

"One day a friend came to see me, and calling me by name, said, 'Lizzle, if I were you I would try a dose of Milburn's Heart and Nerve Pills as they are good for heart trouble.' My husband got me a box, but for two days I was not feeling any better, but on the fourth day my husband said, 'I believe those pills are doing you good. I was able to say, 'Yes, I feel a good deal better this morning.' He said, 'Well, I will get you another box right away.' I took two boxes and three doses out of the third one, and I was perfectly well and have not been sick since then.

"I will never be without them in my home for God knows if it had not been for Milburn's Heart and Nerve Pills, I would not have been alive now.'

Price 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited Toronto. Ont.

BECK BILL'S EFFECT

which no concern about herself had May Stop Building of Hamilton Car Barns, olthout their horses," said the driver,

Moodie, president of the Dominion and Transmission Company, expressed the opinion today that the new Beck bill, which is intended to prevent any municipality granting a franchise for longer than one year, would stop the building of the new car barns and shops, on which company intended expending \$100,000 nquire, yet unless Baxter's scout had this year.

THE SUPPLEMENTARIES

Three Millions for Expenses During Fiscal Year Closing March 31.

Ottawa, March 15 .- The Minister of Finance today tabled in the House as most important. "They'll want more than that to escape us, once we are on their track supplementary estimates amounting to for certain. Let us ride on quietly. We \$3,521,935, with which to defray exyear which closed on March 31, 1909. These show that a further amount

Baxter spoke as though the game were already half won, but it was extremely additional cost in connection with the don, distribution of seed grain in the west any relation to his words. His comlast year. panion had hardly spoken since they had left the inn by Tyburn turnpike, and he was anxious to encourage him.

The expenditure on the militia last year exceeded the estimates by \$300,-000 and that sum is being asked for to The morning came presently with a meet the expenses incurred as folgrey belt low down in the east, grey lows: Pay and allowance, \$170,000; that was soon shot with color, and annual drill, \$105,000; transports, \$12,grey belt low down in the east, grey then throbbed with gold, which sent 500; Royal Military College, \$12,500. straight shafts of light towards the

FOR CHANGING AGE

Young Woman in Trouble in France for Old Trick.

Paris, March 15 .- Although a Paris nagistrate will smile indulgently when woman gives her age as "ante ans"which may be taken as "vingt ans" (20 rears), or "trente ans" (30 years) -he is not so forgiving toward those who set down their own age in black and A certain couple recently married

were summoned to appear in court for the rectification of the certificate placing that event on record. It seems that the woman, having been born in 1861, had changed the "1" to a "4" in her

When she made her appearance in the civil court to which she was sumnoned, she was asked for an explanation, and with a blush she shyly confessed, "I only wanted to seem younger than I was by altering the date on my certificate of birth."

"That is a very feminine desire," the public prosecutor remarked, in dulgently, and she was saved. The judge promptly ruled that the mayor should be invited to rectify the date on the marriage register and the heroine of this trying adven-

zenith. It was a good hour later that I ture, after duly thanking the court, went away with a countenance so beaming and a step so brisk that she looked, not three, but ten years younger than when she had entered

BRANTFORD SIGNS WITH CATARACT

Company Must Furnish Power Ten Per Cent Cheaper Than the Hydro-Electric.

Brantford, March 15.-The ouncil tonight adopted the bylaw ratilying the agreement with the Western Counties Power Company now operating here as a subsidiary of the Cataract Power Company. In 1906 the company was given a

-years' franchise for commercial and domestic lighting here at a maximum rate of nine cents per kilowatt. Its street lighting contract with the city, however, at a rate of \$55 per light per year expired last September, and has continued until the present without a

specific agreement. Under the new agreement the company gets a five-years' contract chargstreet lighting and \$7 65 per kilowatt for commercial and domestic lighting. On street lighting this is a saving of said Dubuisson. "A true story is worth \$8,750. The rates for commercial and something to you now, and something domestic lighting are reduced seven per cent, which will mean a saving to the citizens of \$2,100 per year, or I woke all of a sudden and saw a lan- \$10,500 in five years, making a total saving in street and private lighting of \$19,250 in five years.

While the centract is for five years only the city can renew it for 10, 15

The agreement calls for the company to furnish Brantford with light and power for all purposes ten per ance being made for the differences in by any municipality using hydroelectric commission power due allowince being made for the differences in vided also that such municipalities are not getting rates below cost. This means that rates are ten per cent better than the hydro-electic commission could do here.

In this connection the transmission rates of the hydro-electric commission will be regarded as standard, and in case the city considers it is not getting rates ten per cent lower than those of the hydro-electric elsewhere, transmission distance being considered, an appeal for adjustment can be made to the Ontario municipal railway board.

Further, the company agrees local rates shall not be higher than the Cataract rates in Hamilton, the difference in transmission distance being considered. As a matter of fact, the new rates quoted are about half per cent higher than Hamilton prices, while it is said that the transmission gaged in the lumber business, and ence of 10 per cent. Thus the agree Cataract rates at Hamilton and the hydro-electric rates elsewhere, is considered favorable.

KILLED HUNTING AT 70

Mrs. Stuart Johnston Falls From Horse Jumping Ditch.

Dublin, March 15. - At the age of 70 an Irlsh lady has been killed in the hunting field. She was Mrs. Stuart Johnston, of Clones, County Meath, who for many years had been an enthusiastic follower of the hounds. jumping a low ditch she was thrown and pinned down by her horse, which kicked her on the head, and she died in a few minutes.

There are many aged people who still take active part in hunting. Lord Harrington, who is nearly 70, master of the famous Quorn in Leicestershire; and the late Earl of Leicester, who died aged 87, used to follow the hounds until a few years of his death.

Hamilton, March 15. - Colonel PICTURE CARD MAN ARRESTED AT HAMILTON

Toronto, March 15.-What the police regard as one of the most important of arrests in recent police history was made today when M. T. Grof, registering from Buffalo, was taken into custody at the Palmer House.

In Grof's room was found a box containing 30 postcard plates and many picture postcarde, to which the police have taken objection. Grof was taken to headquarters and remanded or examination

The police and postal authorities have been working for some time to make this capture, which they regard

SUES GAS COMPANY.

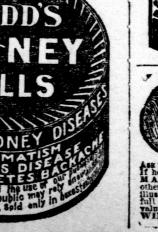

Toronto, March 15 .- R. J. McKee, of Buffalo, has issued a writ against the Quebec Gas Company, J. A. McKee, R. A. Smith, H. A. Richardson and W. the cost of the Cassels inquiry. A H. Pearson, Toronto; Lorne C. Websimilar amount is asked for to defray ster, Quebec, and J. C. Duffield, Lon-

The plaintiff claims "the issue and transfer to him of shares in the defendant company, for which he has paid in eash and to which he is now entitled as the owner thereof." Smith sued as representing the shares controlled by him, and standing in the name of himself and O. E. B. Osler, of Osler & Hammond.

A RICH VEIN.

Cobalt, March 15 .- A five-inch vein was struck under the south end of Cobalt Lake today at the one hundred and thirty-foot level. The vein is five inches wide of two-thousandounce ore.

Over the whole of the Haddington coast on the 10th ult. darkness continued till after 11 a.m. Rain fell in

DOCTORS SAID "NO CURE. Sores Defied all Remedies for 7 Years.

DON'T think, because some eruptions or sores which afflict you have dofied all remedies, that Zam-Buk cannot overcome them. Mrs. J M. McCormick, of Invermay, says—"About seven years ago, my face broke out in rough tebes, which burned, and itched, and smarted in turn almost d endurance. I commenced to try every known remedy get for face and skin troubles. Some of them gave a little relief, some none; but no matter how much I used them, as soon as I went out, the trouble started all over again. I consulted doctors, and they out, the trouble started all over again. I consulted doctors, and they fold me there was absolutely no cure for me, but that I should have

tally, my husband sent for a supply of Zam-Buk. We applied Finally, my husband sent for a supply of Zam-Euk. We applied a small sample to a small patch of the disease. To our delight, the portion treated with Zam-Buk very quickly healed. We then obtained a proper supply, and began the Zapt-Buk treatment.

I am now delighted to state that, after having used a few boxes. I am free from the old trouble, and completely cured. I will never be without Zam-Buk in the house as long as I live, and to all who are troubled with skin disease in any form I would say, waste no time to obtaining a supply of Zam-Buk.

in obtaining a supply of Zam-Buk."

Since proving it in my own case, I have obtained a supply or end lady who had an ulcer on her leg for thirty years. Three boxes of Zam-Buk were sufficient to close the wound."

Cuts, burns, bruises, sprains, piles, festering sores, ulcers, scalds, blood-poisoning, eccema, scabs, chapped hands, cold cracks, chilblains, ringworm, scalp sores, bad leg, diseased ankles, and all other skin diseases and injuries. Rubbed well into the parts affected, it cures neuralgia, rheumatism, and sciatica. All Druggists and Stores sell at box, three for \$1.25, or post free from Zam-Buk Co, Toronto,

AFTER THE HATTERS.

New York, March 15.-Papers in a njunction suit brought by the Samuel Mundheim Company, were served up on John A. Moffitt, president of Inited Hatters of North America, Orange, N. J., today. Moffitt and sixty other officers of the United Hatters are ordered to show cause on March 29 at Trenton why they should not be restrained from fining and intimidating union members who wanted return to work at plants where strikes are now in progress.

A novel point raised by the manu facturers in their application is the contention that were they to comply with the demands of the United Hatters and use the union label in the hats they manufacture they might render themselves liable to punish ment for violation of the Sherman anti-trust law.

EDWARD CHAUSSE DEAD.

Montreal, Que., March 15 .- Ex-Ald later president of the office of wood ment, as compared both with the ince, died today. He was born in 1844.

The Charming Winter Resorts of California, Mexico, Florida, Etc.

Now is the time to escape the cold pring months, and visit the milder climate of California and the Pacific coast, or the "Sunny South," where fruit and flowers grow profusely. It is a pleasure to visit these de lightful resorts, mingling among th most successful people of the world; is truly an education, and breaks monotony for most of us.

Round trip tourist tickets have been placed on sale by the Grand Trunk Railway System to principal resorts of North and South Carolina, Georgia, New Mexico, Texas, Alabama, Florida Cuba, Louisiana, Virginia, New Jersey Old Mexico, California, Washington, Oregon, British Columbia, etc. Rates and full information may b obtained from E. De la Hooke, city agent, and R. E. Ruse, depot agent.

Cannon Again Selected Speaker of the U. S. House.

Washington, March 15 .- After one of the stormiest sessions in its history, the House of Representatives today, regardless of party alignment, adopted by 211 to 172 a resolution by Mr. Fitzgerald (Democrat), of New York, whereby the rules were amended in several important particulars. The resolution was a substitute for one prietary medicines and every box of the insurgents, with the aid of the Democrats, with one or two exceptions, had won a decided preliminary victory, by voting down a resolution by Mr. Dalzeil, of Pennsylvania, making the unamended rules of the 60th Congress applicable to those of the

present Congress. As analyzed by parliamentarians. the amendment makes three important changes; first, it establishes a calendar for unanimous consents, the effect of which is to enable a member to have a proposed resolution brought before the House without having to go to the speaker for recognition. This change, it said, would have been a relief to the speaker.

Changes in Rules.

Second, when consideration of a bill is concluded, and the previous question is ordered, the rules heretofore have provided for a motion to commit with or without instructions. It has been the practice to recognize a member of the majority party to make this motion and thus prevent the minority may desire.

The new rule gives the minority the preference in making such a motion, and thus enables them to get a record vote on propositions which otherwise would be settled in committee of the whole House, where no record

vote is possible Third, it protects the calendar Wednesday by requiring a two-thirds instead of a majority vote to set it

A prominent feature of the Clark resolution was one amendment providing for a committee of fifteen members to revise, amend and codify the Berlin is pessimistic, while Western tion. REFUSED CANADIAN MONEY AT THE BOWLING TOURNAMENT

Some Hamilton Opinions of the Way Canadians Were Treated Across the Line-Some Facts of Interest

to Londoners.

Hamilton, March 16.—The Hamilton No man was allowed to roll a trial Herald says: While the Hamilton ball on the alleys before the championbowlers did not manage to cop any money outside of what Green and in the weighing-in paddock to have Moon won in the doubles, the trip his ball weighed and measured, was was not altogether a useless one. Bowlers from all parts of the States were in attendance at the big tournament, many of them travelling a great deal farther than the local thousand persons gathered in City teams and many failed to make even great deal. Mitchell also had a foul Hall Park and cheered Weston as he as good a showing as the Hamilton teams. The attendance of the Ca-

by the decorations, it was Uncle Sam Hamilton and London all sent teams to Bowling Association's representative ket, blue trousers and leggings, and the congress, but their efforts were not recognized in any way excepting a little cheering when they went on the There were hundreds of flags used in decorating the interior of the building, but not a Canadian flag could be seen. In fact, they would not accept Canadian money as entrance fees, so that the only international tinge about the affair was the games

It must be said, however, that the Pittsburg people tried hard to entertain, and their efforts on the whole were successful. As long as a person was a bowler he got the glad hand no matter where he came from. The visiting delegates to the congress were entertained in a novel form on Thursday For instance, the use of such subnight, some of the Hamilton men sharing in the fun. When the meeting of the congress adjourned last Thursday afternoon the delegates were invited to a beefsteak dinner. After a march strong, invaded the Elks' temple, where

THE TIGERS FEAR JAMES M'GUIRE

Last Autumn They Were Saying: "If It Wasn't for Fielder Jones," and Now It's "If It Wasn't for McGuire."

San Antonio, Texas, March 15.—There is no man absolutely fearless, and there is no man absolutely fearless, and there is no ball team whom no one can worry. Individually and as a team there is someone in the American League whom the Tigers fear this year. No team causes them worry. Just one single man, and the man is James McGuire.

When the end came last year, Chicago was standing in the way. But it was not the White Sox whom the Tigers had to beat. It was Fielder A. Jones. This year the White Sox will not be in the road. They'll have to stand aside and let the Tigers pass, for the men of Jennings do not have to meet Fielder A. Jones.

Cleveland, with its array of grand ball players and Larry Lajoie, the brilliant instrument of the Cleveland infield, would cause no worry. "Cy" Young does not worry the Tigers—not in the least, for they expect to beat him, but it is "Jim" McGuire, the silent general of Napland, who causes them worry.

Cleveland has needed a man behind. who causes them worry.
Cleveland has needed a man behind Cleveland has needed a man belind.

Lajoie is a great ball player, but not a good leader. He has a great machine, but he has never put it together properly and it has always been lame at some point or another. Lajoie does not understand his machine, and so Cleveland has greatly man an opposing player.

"If Altizer retains his health and is worked regularly in the outfield and is

machine working as badly as those at When right, and should make a grand Cleveland have been working. It was a showing in the outfield."

working order. After that the parts will be adjusted.

Probably the most efficient work that

mile. The official time was 5:06.

The runners passed the second mile mark in 10 minutes 42 seconds, which is 36 seconds better than the time made on Thanksgiving Eve by them action every second, is pretty hard the wind. A bit of that every day the wind. A bit of that every day wind and Hayes permitted him to do the pacing throughout the third and fourth miles.

The time at the finish of the third mile was 16:20 and at the end of the stiffness worn off, Jennings will begin the men to play as a team.

MAY NOT WELCOME JACK

The time for the five miles was If Johnson Has White Wife Texans Will Abandon Celebration.

HAMILTON BOWLERS WIN THE GOLD CUP

Pittsburg, Pa., March 15.-In the match game rolled at the Palace Alleys, between the Hamilton Bowling and Athletic Club of Hamilton, Ont., and the famous Germans of Chicago, the Hamilton boys won two out of three, and the gold cup donated by George Gebhardt. The match was for \$100 a side, and being an international affair, attracted so much attention that every seat in the immense hall was taken. The work of the Canadians was splendid, and the score indicated that the Middle West, National and A. B. C. champions, who rolled against them for the world's championship on

could hit and could field. He has a throwing arm second only to that of Birmingham," commented the lengthy The Germans took the first game by that when Altizer first went to the Naps he showed a lot of class. He Cabrelle Two. Moon, Mitchell, Bell, Schwartz and Connolly, other crack rollers of the Hamilton team, could not be drawn from for this game, as they shortstop was made by Altizer a few years ago in Boston," "Falkey" continued. "We were in a pretty tight game dens. The scores:

GOES TO RESCUE

At Risk of Personal Danger Constable Prouse Saves Homer Zavitz From Injury.

Constable Charles Prouse, of Port stanley, risked his life on Saturday night to save Homer Zavitz, a blind man, of St. Thomas, from serious injury. Mr. Zavitz was crossing the street in front of the Southwestern Traction Company's office in St. Thomas, and had got bemain line, and a city car, passing on a siding. It was a dangerous predicament action. He jumped between the cars, and, despite the fact that he had one of his hands and arm crushed, he was able to pull Mr. Zavitz, who had in the meantime been knocked down, into a place of

A LECTURE ON "TUBERCULOSIS"

Was Given Last Night by Dr. John D. Wilson.

"Tuberculosis" was the subject of a most instructive lecture given in the First Methodist Church last night by Dr. John D. Wilson.

In commencing, Dr. Wilson gave a history of the disease, tracing it back to 1500 C., following these remarks by a history of the tuberculosis bacillus and its discovery by Dr. Koch.

People cannot get too much sunlight and fresh air," said Dr. Wilson. "This refers to people who are in good health, and very much more so to those who show any predisposition whatever to consumption. There are at the present time 89,000 deaths from tuberculosis every year in the United States, and the death rate is increasing. This means a loss in wages and expenses of various kinds of \$200,000,000. A very large percentage of this might be saved by a little care in regard to living. Tuberculosis is practically unknown in wild animals and Domesticated animals, however, are subject to it, and it seems to be in-

"The great cause of infection is dry sputum, which mingles with the air and lodges in the mucous membrane in the throat, bronchial tubes, lungs and all-mentary canal. Public libraries have done much harm in one way. People who are in delicate health will sit in the house reading trashy novels when they should be out in the fresh air getting exercise. Children at school should be warned most strongly against putting pencils and other things in their mouths.

Dr. Wilson went at length into the proper means of ventilating houses in order that sufficient fresh air may be obtained, and gave directions for preventing the spread of the disease. the speaker.

CANADA'S TRADE SHOWS GOOD TIMES RETURN

Imports and Exports as Compared With Last Year.

Ottawa, March 15 .- The figures of Canada's trade for February tell the better protection, and we should acsame story of returning good times cede to their demands. I think it as that told by the increased Government revenues for the month. Total unprotected when it is so easy imports entered for home consumption were \$23,125,380, an increase of tion. \$2,188,614 as compared with February of last year. This is the first large increase in imports recorded for over fourteen months. Total exports protection given to all parts of the ments and then, if no objection was of domestic products for the month vere \$14.233.101, as compared with \$14,636,818 for the corresponding month of last year. The grand total of Canadian trade for the month, including coin and bullion, was \$38,088,827, an increase of \$1,614,799.

For the eleven months of the fiscal year, which ends with this month, the imports of merchandise entered for consumption have totalled \$254,372,-419, a decrease of \$67,815,871. tic exports have to talled \$224,205,610 a decrease of \$4,811,871.

STRICT REGULATIONS FOR PICTURE SHOWS

Operating Cabinet Must Not Obstruct Passage-Immoral Scenes Barred.

Toronto, March 16 .- Stringent regulations for the control of the operation of moving picture exhibitions, with a view of lessening danger from fire, have been framed by the Provincial Government and will be brought into effect under the bill which is now act that was passed last session. All tions will be followed by the forfeiture of the license, which practically means that the offender will be put out of business. It is provided that the operating cabinet must occupy a position which does not interfere with any passageway, and must be lined with asbestos paper, covered with metal, with a door opening outward without any lock, and equipped with an automatic cut-off. Electrical connection must be properly insulated.

The regulations also provide for the keeping of flims under fireproof protection, while only the films actualy in use must be kept on the premises. No one under the age of eighteen will be permitted to operate a machine, and his whole attention must be directed to that particular work, no other individual will be allowed to enter the cabinet while the machine is being worked except a police officer entitled to inspect it. An perator violating the regulations will be liable to suspension for five years. Strict regulations have been framed as to the provision of exits and fire extinguishing apparatus, while no pictures depicting crime, scenes of riolence or of an immoral nature must

The intention of the regulations is to prevent the occurrence in Ontario of any such catastrophe as that which happened in Mexico city a short time

COAL RECIPROCITY WITH U.S. OPPOSED

Canadian Producers Say It Would Mean Ruin to Them.

Montreal, Que., March 16.—Canadian soft coal producers are considerably agitated over the report that a reciprocity agreement with Canada on soft coal is now in the Payne bill before Congress. A telegram from Washington states that it is understood that the Canadian Government will remove its tariff on soft coal if the American tariff is taken off. F. L. Wanklyn, vice-president of the Dominion Coal Company, said: "Canadian coal operators have always contended that the Canadian tariff is less onerous to the American operator who seeks to market his coal in Canada than it is to the Canadian operator seeking to market his coal in the United States." Mr. Wanklyn referred to the Canadian customs tariff, which shows that the duty on bituminous coal, round and run-of-mine, coming

into Canada from the United States is 60 cents per 2,000 pounds. That the duty on bituminous slack coal that will pass through a quarter-inch screen is 14 cents per ton when coming from the United States into Canada, while the duty on Canadian rade, her mother and father are to be bituminous slack coal that will pass recalled, and the police say they have through a half-inch screen is 15 cents twenty more witnesses. A number o

COUGH REMEDY

A MEDICINE OF REAL WORTH AND MERIT.

It Not Only Cures Colds and Grip, But Prevents Them From Resulting in Pneumonia.

Chamberlain's Cough Remedy is intended especially for acute throat and lung diseases, of which colds, croup and whooping cough are the most common. Those who have used it for years and are in a position to know its real value, assert that it is without an equal for the treatment of these diseases. It not only cures colds and grip, but counteracts any tendency toward pneumonia. It has come into almost universal use as a preventive and cure for croup, and has never

been known to fail. In cases of whooping cough it keeps the cough loose, expectoration easy and renders the paroxysms of coughing less frequent and less severe, depriving that disease of all dan. gerous consequences.

It is pleasant to take, which is of much importance when the medicine must be given to small children. It contains no opium or other harmful

substance, and may be given as confidently to a baby as to an adult.

It is an ideal remedy both for adults and children, and we think the most perfect and most effectual yet produced in any country.

FINANCIAL AND COMMERCIAL

OATS TOOK ANOTHER JUMP IN PRICE TODAY

A Few Loads Sold for 28 High as \$1.40 Per Cwt.

Oats took another upward glide on the local market this morning, a few loads selling for \$1 40 per cwt. Prices have contracted the habit of breaking records, evidently, and are doing the trick regularly of lots. The present figure is the highest on this year's crop, and at the present rate last year's record of \$1 50 will soon be

LIVE STOCK. OLD COUNTRY PRICES.

Glasgow, March 15.—Edward Watson & Ritchie report 129 cattle on offer; short supplies, trade good; prices 130 to 131/4c; secondary, 12c to 121/2c; bulls, 10c to 101/2c TORONTO.

Toronto, March 15.—"Prices can go no higher. They have reached the limit, and butchers are paying more now than they can get back again from the qual-

FIRE -- A OCIDENT -- LIFE

ity of cattle offering," said a prominent dealer this morning. Nevertheless, the trade was brick at the comparatively high prices now prevailing, and strengthened as they were by another very light run of cattle on hand. The run was only 45 loads all told, including nine or ten loads of export cattle, leaving a small supply of butcher cattle available. The high prices going, however, checked the demand somewhat, thus steadying the market. Except for a few picked extra choice butcher cattle, which sold at around \$5, and in some cases a little more, the general run of butcher cattle sold steady and firm at last week's prices.

Choice export cattle are steady at \$5 25 to \$5 50.

The run was 45 loads, with 886 head of cattle, 80 sheep and lambs and 24 calves.

Exporters—Market steady to firm; good demand.

Butchers—Steady demand for choice

> Quality of Grain, Hay and Cattle on Hand Throughout the Dominion.

Ottawa, March 16.-The census and statistics office has issued a statement of the quantities of grain, hay and roots on hand in Canada at the end 142% of February, and the condition of live 32½ stock in the country at that date. The statement says: statement says:

The reports of correspondents made to the census and statistics office at the end of February show that the quantity of wheat then in farmers' nands in the whole of Canada was 20.22 per cent of the crop of last year, which is 22.747,000 left out of a total product of 112,434,000 bushels. oats there was 43.62 per cent, being 109,222,000 out of 250,377,000 bushels. Of barley there was 33.56 per cent, being 15,692,000 out of 46,762,000 bush-Of buckwheat there was 29.05 per cent, being 2,078,000 out of 7,153,-000 bushels. Of potatoes there was 44.10 per cent, being 32,542,000 out of 73,790,000 bushels. Of turnips and other roots there was 39.18 per cent, being 39,671,000 out of 101,248,000 bushels. Of hay there was 34.51 per cent, being 3,952,000 out of 11,450,000 tons. Of fodder corn there was 36.86 per cent, being 1,079,300 out of 2,928,-000 tons. In the provinces of Manitoba, Saskatchewan and Alberta the quantity of wheat in farmers' hands at the same date was 18.93 per cent, being 17,391,000 out of a total product of 91,853,000 bushels. Of oats there was 45.93 per cent, being 44,425,016 out of 96,718,000 bushels. Of barley there was 33.63 per cent, being 7, 722,000 out of 22,926,000 bushels. the case of each of these crops the quantity in farmers' hands indicates what is available for seed and for consumption in the country between the 1st of March and the gathering of 660 the next harvest, while the difference between the total product in each case and the quantity in hand indicates what has been sold and consumed at home since the gathering of the last

trade and commerce made up to the also somewhat affected. date of 1st of March shows that (57.909.600 bushels of wheat, 13,939,- ing. 200 bushels of oats, and 2.896,800 bush-

The condition of live stock in the Dominion at the end of February was 81.40 for horses, 78.70 for milch cows, 73.79 for other horned cattle, ant Cemetery. 78.32 for sheep and 74.34 for swine, 100 being taken as the standard for

There will in all probabily be a defact that there is a shortage in Chi-Trunk have been hauling from eight ducted the service. to ten cars of tubers a day from this

plus potato crop in Southwestern On- leaves this afternoon on a busines trip tario will be taken," said a Grand to Brandon and other points in the Trunk official to The Advertiser today. "American buyers have agents going all over the district, and they T. Askey, of 24 Campbell street, died are buying up every bag of potatoes yesterday. they can get their hands on. It will not be very long at this rate before the supply here will be exhausted, and then, of course, prices will go up."

Local Prices. Potatoes have been seiling at from 55 to 65 cents a bag here all winter. and there has been plenty to meet the demand. It is not likely that the great majority of citizens will suffer, as many of them at the beginning of the winter laid in enough to do them until the new potatoes arrive. Many of the local grocers have also laid in quite large supplies, but as soon as these are exhausted and they have to get more, they will find prices much stiffer.

five are Londoners. The meeting is to be held in the head offices in Montreal on Friday, March 26, at 2 p.m. The rules will be amended to provide that members of the permanent service of the road between 40 and 50 years of age shall be admitted to the society with a policy for \$250.

An auditor will be elected and the reports of the year received. EAST END FAMILY

ALMOST ASPHYXIATED

By Escaping Gas in the Home of Mr. William Proctor, Rectory Street.

The family of Mr. William Proctor, of 404 Rectory street, had a narrow escape from asphyxiation early this morning when gas from the kitchen range filled the house. As a result of the trouble Alfred. a little fellow of five, and Frank, a young man, are both laid up today. The little boy was found unconscious. Last night when the family retired two covers were left off the stove, and the escaping gas soon filled the rooms in the rear portion of the house.

On awakening this morning Mr. Proc tor noticed a strong odor of gas in his room and aroused the family Alfred was unconscious, while Frank was in a semi-conscious condition. The report of the department of The other members of the family were They are feeling somewhat better

the case had been settled. Under the workman's liability act, offered to settle for \$1,000, Mr. Gibbons decided to accept that

amount. The case was a very complicated one, and Turner's evidence proved very confused, and made the case uncertain, so that Mr. Gibbons thought it best to accept the settle-

P. M. RESTORES THE OLD RATES

Grievances of the Westminster People Are Smoothed Over by Mayor Stevely.

The difference between the residents of half of Mr. R. H. Smith, and Mr. T. Westminster and the Pere Marquette has G. Meredith, K. C., will represent the been adjusted, and the old tariff will be city. Word to that effect was received b

Mayor Stevely this morning from Mr. F there had been inspected at Winnipeg today, however, although Frank, who agent of the company. The old fare will be on the five-mie measurement. Mr. Moeller, in his letter, states that rather than disturb the amicable and company and the city, and the small amount involved, it was decided to base the fare on a five-mile measurement which is giving the Westminster resi-

> dents practically all they desire. Well, Well, Well! He also pays his respects to the residents of Westminster by stating that they seem to take great pleasure in being continually dissatisfied with the efforts of the P. M., and cause more trouble than any one town, in fact, than all the towns combined along the line. He expresses the hope that the new arrangement will be entirely satis-

factory to them. The New Tariff.

The new tariff is as follows: Single, 15 cents; return, 25 cents; 26-ride adult ticket, \$1 95; 52-ride adult ticket, \$2 60: 26-ride tickets for students. \$1 52-ride tickets, students, \$1 30. The Saturday rate of 15 cents return is abolished. It is pointed out that the commutation tickets would give passengers a fare of 10 cents return, and that should be ample.

Mayor Pleased. His worship is more than pleased with the outcome of the negotiations, and complimented the company very highly on their generous treatment on this occa

"The company has always tried to be generous and fair," said his worship. 'I think the new arrangement will be satisfactory and that harmony will

prevail. WILKINS CASE

And Force Pavements on People of Many Streets.

PECULIAR MOVE AT LAST NIGHT'S MEETING &

Ald. Cooper Spoke Against the Proposal and Then Voted For It.

There will be no end of paved streets in the city if the council continues to keep up the pace they set at last evening's meeting, for at they decided on six blocks of perman-ent pavement, without the ratepayers having an opportunity to say, "By your

> When the report of No. 2 committee was considered, it was recommended that an asphalt block pavement be initiated on Carling street between Talbot and Ridout streets, and an asphalt block pavement on Wellington street, between Queen's avenue and Dundas street, and sheet asphalt on Waterloo, Colborne, Maitland and Wiliam streets, between Dundas and Queen's avenue.

Spoke Against, Voted For It. Ald. Cooper objected to the initiation n his speech, but he voted for every clause in the report recommending the initiation.

Several attempts have been made to ut down pavements on these streets, but the residents have always objected to it. There was one petition in against the initiation of the pavement on Waterloo street, Dr. W. J. Stevenson and several thers were on this petition. No at-

ention was paid to it whatever. Ald. Garratt Hot For It. Ald. Cooper moved that the recomnendation of the committee be referred back. There was no need of hurrying the matter through. "What is the use of sending it back?" said Ald. Garratt. "These

streets are disgraceful, and the committee has recommended the only thing possible under the circumstances. They will petition against them all the time and no good will result. Put down the

"If the matter is sent back there will be a horde of paving agents in the city, and as a result the whole business will he held up," said Ald. Rose "Something should be done to protect the pavements on Queen's avenue and Dundas street."

Believes in Initiation.

pavements should be initiated, and here should also be one to Victoria Hospital and the other hospital for the ambulances. I am surprised that an alderman would sign a petition against a pavement." Ald, Cooper still continued to object

stating that the council exhibited considerable cheek in forcing the pavement on the ratepayers. He thought it premature at least to rush the thing through without consulting with the property-owners along these streets. He asked the council to let the matter stand until next meeting.

Ald. Ferguson asked that the streets be voted on separately, as there were certain streets some of the members were not convinced needed pavements. This was agreed to. The Votes.

The Carling street pavement went through without an objection. Wellington and Waterloo streets also passed unanimously. There was one nay vote registered against the Colborne street initiation, Ald. Ferguson voting against it. Ald. Ferguson and Ald. Beattie voted Thomas, aged 88 years. On Sunday, against the Maitland street pavement, Mrs. Bell was around, apparently in and Ald. Ferguson, Ald. Beattle and her wonted good health, but death came Ald. Fitzgerald voted against a pavement on William street, but as the as a result of heart trouble. Deceased

two-thirds vote was recorded the pavements will have to be laid. Hospital Expenditures. The sum of \$5,000 will still have to be spent on the Victoria Hospital laundry and on improvements on the present isolation ward. On the motion of Ald. Ferguson the

Legislature will be petitioned to grant Trott, J. Crockett, Dorchester; G. the council permission to issue the sum | Poad, and Secretary Hunt. of \$5.000 debentures to complete this don; Thomas, G. T. R. shops, Battle Ald. Stewart said in this regard that Creek, Mich., and Robert, Illinois Centhe account for the building of the isolation hospital was not overdrawn, but there was still standing to their

credit the sum of \$2,618. The motion of Ald. Ferguson passed Resolution of Sympathy. A resolution of condolence on the death of Mr. Nicholas Wilson was passed by the council by a standing minster circuit. The choir of White

Oak Church sang three favorite hymns of deceased: "Jesus, Lover of My Soul," "Shall We Gather at the cil attend the funeral of Mr. Wilson in River?" and "Take the Name of Jesus a body.
