London, Jan. 18. — Complete returns from yesterday's elections for members of Parliament make the standing of the parties to date as follows:

Government Coalition—Liberals 79, Laborites 17, Irish-Nationalists 16.

Opposition-Unionists 96. Net Unionist gain, 30.

UNIONISTS GAINED FOURTEEN.

The Unionists gained 21 seats, the Liberals 5, and the Laborites 1, making a net gain for the Unionists for the day 15, the same number that they gained at the elections Saturday. The Unionists' greatest gains were in Portsmouth and Preston, where two seats in each were won. Lord Charles Beresford captured Portsmouth by a

great margin, carrying his running mate with him

show:
Midlands—Unionists 8, Liberals 6; Unionist gains, 4.

South of England—Unionists 11, Liberals 4; Unionist gains, 7. London—Unionists 18, Liberals 9; Unionist gains, 5; Liberal gains, 1. Lancashire, Yorkshire and North of England-Unionists 7, Liberals 24;

Scotland-Liberals 3. Wales—Liberals, 1.

A feature of the polling was the losses sustained by the Labor party, it is a liberal candidate.

half a dozen seats going to the Unionists, and one to a Liberal candidate. Will Crooks, the prominent, was among the fallen. GOVERNMENT MAJORITY ASSURED.

London, Jan. 17.—Mr. Lyons' special to the Toronto Globe says:

The Liberals are jubilant tonight. The industrial north has voted against food taxes most emphatically. The great centres of Yorkshire—Leeds, Bradford, Huddersfield—have given huge Liberal majorities. London has also returned more Liberals than anyone anticipated. The changes are mostly in the small boroughs in the south and the Midlands.

It is now certain that the Government will have a clear majority conservatives and Nationalists. This will be much better than having to depend upon the co-operation of the Irish members in the re-passing of the budget. The Nationalists opposed the heavier taxes on spirits when the budget was going through the House of Commons before dissolution, and they will probably do so again in the interests of the Irish distilling industry. GREENWOOD DEFEATED.

Canadians fared better at the polls today than was anticipated, though Hamar Greenwood went down in York, a double-barrelled constituency. The seat formerly held by him goes to Rowntree, his running mate, and the second seat to Butcher, a Unionist. H. Riley Smith, the Unionist brewer, was at the bottom of the poll. Defeat by 104 votes by no means involves Greenwood's eclipse—a seat is sure to be found for him.

London, Jan. 17 .- At the conclusion of today's polling in the general election, the parties stood as follows:

Unionists 92. Liberals and Labor 93.

Total gains for the Unionists 29.

The Government fared much better today than its most ardent supporters expected. The Unionists gained nineteen seats, the Liberals four, and the Laborites one, making a net gain for the Unionists of 14, one less than

they gained at the elections on Saturday.

This practically assures the return of the Liberal power with a fair majority, for among the places still to poll are those in Scotland and Wales, which are solid Liberal.

BURNS WON HANDILY.

There were few surprises today. Some expected that John Burns, president of the local government board, would be defeated in Battersea division of Battersea and Clapham, but he won handily. Other successful officials were: Augustine Birrell, chief secretary for C. E. Hobhouse, financial secretary to the treasury in Bristol, and Dr. T. J. McNamara, secretary to the admiralty in Camberwell. The Irish

majorities were considerably reduced. John Burns, of Battersea, comes back to Parliament with flying colors. Although in the great landslide of 1906, he won by 1,600 votes, his normal majority is about 200, and in today's hard-fought battle he beat A. Shirley Benn, the Unionist, by 555.

There was a lengthy battle last evening at the council meeting over the proposed investigation into the several departments of the city hall. Ald. Saunders fought to keep the city engineer's department under the control of the board of works.

Ald. Morgan brought the question up. He moved that an investigation be conducted into the city hall by the chairmen of the three committees Ald. Richter, Ald. Tancock and Ald.

"I have no idea of a clean sweep," said Ald. Morgan. "I desire to know whether or not any improvements can be suggested, or better work secured. I am convinced that we have a fine staff of officials, but such an investigation would produce much good, and would satisfy the public." Ald, Tancock seconded the motion.

"We are going to go through the departments under our charge, and be one of the cases. discover for ourselves what improvements are necessary. We intended adding the chairmen of the different committes also, to assist us.' "Has No. 1 committee power to make a thorough investigation?" asked Ald.

Mayor Beattie read the bylaws governing the duties of No. 1 committee, in which it was stated that the city officials should be under control of No. 1 committee, but that the engineer's department was under the control of the oard of works.

Your Blood Is Poisoned

ACHES OR NEURALGIA.

Frequent attacks of Headches or Neuralgia are Nature's warnings of Blood Poisoning. The pain is due simply to the tortured flamed by the blood being overloaded with impurities, because of inactive bowels, kidneys or skin.

There is usually chronic Constipation and the foul matter, instead of passing from the body, is absorbed by the blood. The kidneys are not as strong as they should be and fail to filter from the blood, the necessary amount of impure matter.

Instead of the skin throwing of one and a half pounds of waste matter every day, it becomes inactive and does only half its work, leaving threequarters of a pound of this waste to poison the body. Headache powders and pain killers simply numb the nerves and have no helpful action on the organs causing this poisoning of the blood. To cure Headaches and Neuralgia, the blood must be purified, which can be done only by making the kidneys, bowels and skin healthy and

"Fruit-a-tives," made from concentrated and intensified fruit juice, is the greatest blood purifying medicine. "Fruit-a-tives," or "Fruit Liver Tablets," is a scientific cure for Headaches and Neuralgia, and never fails to cure because "Fruit-a-tives" stops the cause of these troubles. Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" place, which at times makes it agony for you to go about your household duties? If so. Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night, Zam-Buk's rich healing essences will sink into the wounds, end the smarting, and will heal quickly.

Mrs. Yellen. of Portland, says: "My hands were so sore and cracked that it was agony to put them near water. When I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything I put on them until I tried Zam-Ruk and it succeeded when all else had failed. It closed the big cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands.'

Zam-Buk also cures chafing, rashes, winter zam-bus asso cures chaing, rasnes, winter eczema, piles, uieers, festering sores, core heads and backs, abscesses, pimples, ring-worm, etc., cuts, burns, bruises, scalds, sprains. . It would take a whole page in this paper to explain to you why Scott's Emulsion is such a wonderful help in curing consumption. The fact is simple, for it's simply a case of strength, more strength and more strength. Every dose of the emulsion adds strength. Soon the losing of flesh and strength is stopped. Then, soon there is more strength than necessary for ordinary work and the surplus goes to driving out the disease.

Keep on adding strength; nothing does it so quickly and surely as Scott's Emulsion. Keep on taking the Emulsion and get all the sunlight and fresh air you can.

In Ireland a man of 70 years of age—that being the limit at which the old age pension becomes due—is often very far from decrepit. Not long ago I took a walk with an old age pensioner, who wished to show me

and to explain some ruins in the neigh-borhood. We walked about four miles at a good pace and on my expressing astonishment at his great "form," he replied laughingly, "Oh, when I was young I could walk to Limerick." This would make a journey of about eighty miles. He said he meant to enjoy his pension for another 20 years, and that was one way of getting something back as recompense for the former hardships inflicted on Ireland.

CHRISTMAS ANNOUNCEMENT

THE Company has allotted extraordinary BONUSES to its Industrial policyholders payable in 1910. These are CASH BONUSES which may be used in payment of premiums upon their Industrial policies. They were not promised in the policies, either expressly or by implication, the policies being strictly non-participating. No such bonus has ever been given by any company to its policy-holders, and no such bonus ever will be given by any other company.

BONUSES TO LIVING POLICY-HOLDERS

To every holder of an Industrial whole life policy of the Company who shall pass the age of 75 during 1910, a bonus on its anniversary date thereafter equal to

To every holder of an Industrial policy in force issued in 1879 and 1880, a bonus To every holder of an Industrial policy in force issued in 1881-2-3-4-5, a bonus on

To every holder of an Industrial whole life policy in force issued in 1886-7-8-0-1800. a bonus on its anniversary date equal to premiums for15 weeks To every holder of an Industrial whole life policy in force issued in 1891-2-3-4-5.

a bonus on its anniversary date equal to premiums for 10 weeks To every holder of an Industrial whole life or increasing life and endowment policy issued in any year from 1896 to 1905 inclusive, a bonus on its anniversary date equal to premiums for..... weeks

These bonuses are thus for percentages varying from about TEN to ONE HUNDRED PER CENT. of the amount of weekly premiums for a year. It will be observed that the bonuses are graduated by the age of the policies.

The whole life policies issued between January 1, 1907, and July 1, 1909, have received a reversionary dividend of about ten per cent. of their face during the past year (that is, have been increased in amount about ten per cent). This cost the Company \$600,000 in 1909; and will cost many hundreds of thousands of dollars in subsequent years in increased Reserve. The whole life policies, issued since July 1, 1909, have been increased about ten per cent. in amount above the amount of insurance previously provided for the same respective premiums.

BONUSES ON DEATH CLAIMS

.Death Claimants on whole life policies issued between January 1, 1907, and July 1, 1909, whose claims had been settled, have received in the last six months a payment of mortuary bonuses of about ten per cent, in addition to the amount previously received, at a cost to the Company of over \$250,000.

Payment on Death Claims in 1910 will be increased over and above the face of the Industrial policies by amounts determined by the following scale.

, -	OI the	AIIGUS	tricer pe	III.ICS	Dy ear	1041	acs ac	CCI.	111111	L Dy	LAC	Tono wing	state

The cost to the Company of these CASH bonuses is estimated at

\$5,204,639.95

Added to the bonuses heretofore paid for the last sixteen years OVER AND ABOVE THE PROMISES MADE IN THE POLICIES, this will bring the total CASH bonuses up to

Twenty-one Millions of Dollars in CASH in 17 Years!

The Additional Cost of Concessions in Reserve Liability has been Four Millions of Dollars

The sources of these bonuses are:

I. Decrease in expenses—TEN PER CENT. in nine years to the close of 1908.

Saying in the Mortality which was expected when policies were issued.

Gains in Interest actually earned over the amount required by statute for accumulation of Reserves. The fact that on a premium income of nearly \$50,000,000 a year the Stockholders receive only \$140,000, which is more than earned from the income of their own capital and surplus; the balance of such income going to the increase of the fund from which Bonuses are paid.

Board of Works Likely to Have a Small Lumber Yard

The city is liable to have a lot of lumber on its hands. At the last meeting of the council in 1909, a recommendation was received from the board of works that some lumber be purchased for the Wellington street bridge. One tender was opened, that of the London Lumber Company.

There was a confusion of motions in respect to the matter, and this company was notified that their tender pany are published yesterday.
