"THE CITY OF FEAR"

By H. F. Gadsby

Ottawa, June 17.—Ottawa is the city of fear. To begin with, there are two hundred and thirty-one members of the House of Commons who realize how frail is the thread on which their political existence hangs. A general election might cut them off any day.

Their shudderings and shiverings are bad enough, but when you add to them the tremors of fifteen thousand employees of the Inside Civil Service who don't know where the lightning is going to strike next, a deep gloom naturally falls over the community. Roughly speaking, one-half the population of Ottawa depends directly or indirectly on Government jobs, so that when the signs of the times point to a large number of officeholders getting it in the neck the landscape takes on a solemn hush and the blue Laurentian Mountains look bluer than ever.

Some seven years ago there was a little tiff between the Hon. Robert Rogers and Dr. Shortt, then chairman of the Civil Service had about three men to every one job. This statement was never positively denied, but which persist in lingering superfluous. The war bureaus and the supernumerary employments of returned soldiers. The war bureaus and the supernumerary employments of which are still at full war strength, gave opportunity to many young Ottawa ladies from servant girls with trepidation, remembering Gen Mac-Lean's experience—to go on their country's payroll, where they remain to this day, having learned in the mean-while the gentle art of pull, which keeps a job going after the job itself has run down. Several persons believed to have been leaders of the mob will be examined today, according to Warren E. Greene, county attorney, Arrests will be made on charges of "inciting riot," he said.

Mr. Raney, in reply to this, states that "in the future, as in the past, the railway board will be at the service of the city of London to bring about a fair and equitable adjustment of the street railway difficulties."

Paid 4.82 Per Cent.

Mr. Ellis in his memorandum declares that "In the first place, the auditors of the board made a thorough investigation into the accounts of he company. They found that there as no watered stock, and that 'the aurage yearly dividends of the shareholders for the 25-year period has been 4.82 per cent. No dividends were faid in 1918 and 1919."

The Labor Representation Committee's letter stated: "If \$65,000 a year is sufficient to pay the employees he extra wages asked, why should your board recommend advances in fires equal to \$150,000 a year?"

Mr. Ellis says: "The answer to his is that the board never made any such recommendation. The only proposal ever made by the board is contained in the letter addressed to the city concil. The proposition to increase fires to five and seven tickets for 25 cents was never made or suggested by the board. The board's opinion was that an increase in fares by issuing six and seven tickets for 25 cents would enable the road to be operated."

Loaded to capacity, Ridout car No. 4, in charge of Motorman William Hudd, left the rails at the corner of Horton and Ridout street, at 11 o'clock Wednesday night, and crashed into the southwest curbing. As he started down the hill he tried to apply the brakes. Owing to the tracks being wet his efforts to control the speed of the car were unavailing.

VOICE OF THE PEOPLE

CORRECTION.

To the Editor of The Advertiser:

Dear Sir,—Would you kindly permit me as the author of a certain report presented at a meeting of the district held at Chatham on May 13, 1920, to correct a false impression which has been made on the public mind by the press reports of both district meeting and the conference recently held at Stratford. Such a statement as "the prostitution on Walpole Island," is the said. "The sanely patriotic people are those wanted as nation builders. The women were nearly all patriotic. If you want to see the sanely patriotic. If you want to see the sanely patriotic. If you want to see the sanely patriotic man you must look to the returned man. The worst enemy of Canada is not Germany, but our own sin, our disregard for truth. Character is the greatest thing in a country." Dedication Service.

Capt. (Rev.) Norman McGillivray of Orillia, and formerly chaplain of the Father, God the Son and God the Holy Ghost, we dedicate this to these lads.

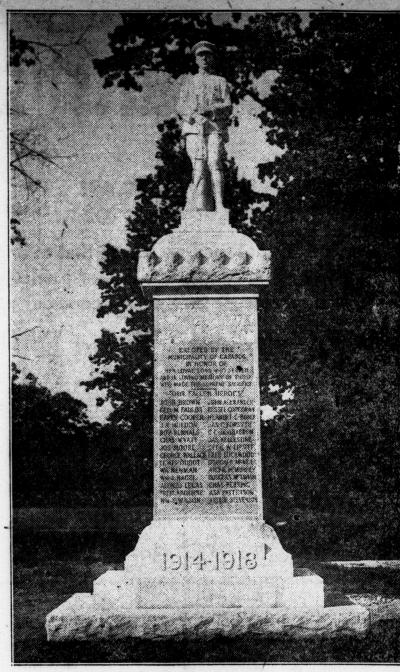

"God help you and God help me unless this inspires us to a higher life. Why shed a tear for the boys as we stand here with a feeling of pride and service." very misleading. There are no more prostitutes on this island than there are among our white population as far mothers prostitutes on this island than there are among our white population as far as I know. But there are some victims here, and it is these the good people of Walpole would protect by their Curfew bylaw. The bylaw itself speaks eloquently of the very high value the rank and file on this island place on virtue. All honor to them, I am very sorry such a fale impression has been made, and I hope you will give this explanation a prominent place in your paper. Yours sincerely, A. E. ALLEN.

Proposition of the attributed much honor to the mothers, who were brave enough and big enough to bring the boys into the world and to have boys who thought so much of life that they would iay down their life for it.

"Not all the money in Carudoc con pay for one single life of those whose names are chiselled there," he said.

The speaker remarked that he would have liked to have seen the words "and others" chiselled at the bottom of the list. That would have stood for all those who were buried beneath those thousands of crosses on the battlefields of France and Flanders.

Shag's Error Started Things.

Shag started a lot of trouble for himself and minions when he dropped Behan's perfectly good throw of Crichlow's bouncing grounder. Pittinger followed with a single, Crichlow going to third. The best Neitzke could do, pinch-hitting for Dowling, was a high fly, which the shortstop gathered in. Crichlow romped in on Carmen's grounder, the little pitcher being safe at first. Reilly hit Kennedy, and that was his finish, Shag chasing him to the bench. Pete Behan then took up the task of staving off defeat, Brer Reilly being olled off for duty in left field, while Corcoran took up Pete's duties at the third sack.

Shay hit the first ball pitched for a wicked single between short and second, which Zinn obligingly fumbled long enough for Pittinger and Carmen to hustle in with the runs that tied the score. (Much joy in the stands.) Calbert walked and Kuhn hit a sharp bounder to short, forcing Kennedy at the plate. Lapp made a lightning throw to first, completing a doubleplay at Kuhn's expense.

In the Ham's half of the tenth Shag singled through second, after Behan had been retired. The Hamilton leader was made the first victim of a fast double when Zinn pasted one at Walter Shay.

In London's half of this session a double-play cut short Crichlow's life on the bags, and the fans looked forward to the eleventh.

Corcoran started out the Hams' last inning with a hit, but died on second after arriving there on a fielder's choice. Conley popped out to short, while Purcell whifted the atmosphere for three strikes.

Buzz Wetzel, who took Dowling's blace at second in the tenth, started out the winning inning with a pretty the sacrificed him on to second by laying sacrificed him on to second by laying Texas Leaguer over short. Carmen sacrificed him on to second by laying down a neat bunt. The London manager was thrown out at the plate by Reilly when he tried to push over the winning run on Kennedy's hit through third. It looked like bad judgment on the coacher's part. Kennedy, who became perched on second on the throwin, trailed round third and made for home in record time with the winning run when Conley mussed up Shay's grounder.

home in record time with the winning run when Conley mussed up Shay's grounder.

And the First Part.

What about the first part of the game? Well, Hamilton stored in the very first frame when, with one down, Behan singled over shortstop. Shag chased one down between first and second which Kennedy let through him, Behan scoring on the play. The Hams didn't enter the score column until that awful eighth, which Reilly started with a hit. He was retired on a fielder's choice, Carlin holding down first. Kennedy let the ball wiggle between his legs and Carlin went to third, Shag's Texas Leaguer over second scored Carlin. Zinn, after three strike-outs, found Carmen for a Texas Leaguer over short, scoring both Shag and Behan. Corcoran's two-bagger put Zinn over the pan. Cork then pilifered third. Lapp flew out to Kennedy, and Corcoran scored on the throw-in. Conley lifted a high one to Dowling, ending the agony.

The first run for London came in the fourth after Morrisette, who started the heaving for the Hams, had been chased for arguing with Umpire Huhn. Shag and his mob declared that Calbert had been given three strikes, but Huhn couldn't see it that way. The temperamental Tiger pitcher simply crabbed himself out of the game. Up until that session he had been pitching air-tight ball, showing a world of speed. He finally walked Calbert, and while pitching to Kuhn got rid of something that Huhn thought worthy of banishment. Kuhn singled and Briger's smash to centre field scored the big London left fielder. This ended the local scoring until the aforementioned eighth rolled round. The score:

Week.

The London G. T. R. Wasps won from the St. Thomas City eleven in a W. F. A. game last night at Carling Heights, by the score of 4 to 2.

In the first half St. Thomas City, who won the toss, played with the wind in their favor and immediately drove the sphere down into the Wasps territory, the visitors' inside right making a splendid shot which struck the crossbar and went out of play. Shortly afterwards the Wasps conceived the idea to even up matters by taking the ball to the other end of the field and after a nice piece of combination play the Wasps' crack centre forward. Spillsbury, drove in a splendid shot which went into the net, thereby drawing first blood. The Wasps kept pressing on their opponent's defence immediately after the kickoff, and from a nice pass from Lownie, Stockley scored number two for the railroaders.

Fast and exciting play ensued, but no more scoring took place in this period, and when the whistle blew for the interval the score stood: London (G. T. R.) 2, St. Thomas City 0.

The second period started off with a rush, the Wasps playing the sphere down into the visitors' goal area, which in turn was carried down to the other end of the field by good combination which ended in the visitors' centre forward. Davey, locating the net for his side. After the kickoff mid-field play took place, which later on went into the visitors' ground. Spillsbury again scoring, which was disputed by the visitors' goalie, Pullan, who threw the ball, in retaliation at the referee, and was ordered off the field. The Wasps kept bombarding their opponents' goal, and after a clever piece of passing, Parker scored for London, No more scoring took place in the remainder of the game.

In a suit entered by Robert Baldwin in a suit entered by Robert Baldwin of this city against Bertha M. Davis also of London, the plaintiff was granted a declaration to the effect that he is half-owner of certain properties on Rectory street, partly owned by the defendant. He applied for an injunction restraining the defendant from excluding him or preventing him from enjoying the fruits of the property.

To Issue An Injunction.

Appointment of a special committee to investigate the situation arising from the service charge of 85 cents a month proposed by the City Gas Company was recommended by No. 1 committee of the city council Wednesday afternoon. William Tite and Harry Wray of the Labor Representation Committee appeared to urge action of this kind.

Mr. Tite said the city should issue an injunction to stop the company making the charge. He quoted the following section of the Ontario companies' act and declared that it had been contravened by the City Gas Company.

"The company may pass bylaws regreting the cast, which includes Gladys Field, Alexander Shannon, Harold Forshay, Leslie Austin and Dora Mills Adams.

"The company may pass bylaws regarding the control and management of its undertaking, its dealings with the public, the collection of tolls, charge rates or levies for the public service given by the company, and for the use, protection and care of its property while being used, enjoyed or otherwise subject to public use; but no such bylaw shall have any force or effect or be acted upon until approved by the lieutenant-governor-in-council and notice of the approval has been published at the place where the undertaking of the company is carried on, or as near thereto as may be, and in the Ontario Gazette, unless such publication is dispensed with the text."

In some of the scenes, particularly those in which Mr. Hyde has the centre of the screen, Mr. Lewis seems to bring out with distorted horror of Dr. Jekyll's bale*2l double with greater effectiveness.

Harry Wray said that the labor committee wanted an impartial examination of the company's books before any increase was granted. He claimed that the company admitted a loss of only \$70.000, but that the proposed increase would yield \$110,000.

Ald. Cunningham said the service charge was most unjust, as it meant a very large increase to the small consumer and only a small increase to the large consumer. If nothing could prevent an increase he would rather see the rate advanced directly, as the consumers would then pay for what they received, and not be penalized for using only a small amount.

Ald. Cameron Wilson moved the appointment of the special committee.

At The Theaters

AT THE GRAND. The inimitable Percy Hutchison appeared as "Monty" in "Brewster's Millions" at the Grand Theatre last night, dominating the whole drama with his strong dramatic personality. The spending of a quarter of a million pounds a year, the raison detre of the play, which is an almost endless succession of exciting moments and in-cessant misunderstandings, gives Mr. Hutchison an opportunity to adopt the happy-go-lucky boyish manner which suits him well. He gives to every situation a touch of quiet humor, which is fascinating. His ever-ready smile follows even the most serious moments, and when he comes upon the stage every eye is turned in his direction.

Outside the acting of Mr. Hutchison. Outside the acting of Mr. Hutchison, perhaps the most striking feature of the play is the big third-act yacht scene in which revolving scenery at the back gives the yacht an appearance of getting under steam and starting on the way for England. The beautiful coast line passes in view with its brilliantly lighted buildings, its flashing lighthouse, its ships at anchor, its overhanging

its ships at anchor, its overhanging moving clouds and its rolling waters. The deck of the yacht itself forms the stage, the play reaching its climax when "Monty," amid the rolling of thunder, hoists the signal of distress.

In this play again Miss Elsie Stronach takes the lead as "Peggy." the sweetheart, whom "Monty" may not marry, nor tell the reason why, until the year is up. Miss Stronach here again displays some very fine acting. Miss Eleanor Street as Janice Armstrong, the suffragette type of girl, who preaches a platfalic street and the preaches a platfalic street and the preaches a platfalic street and the the suffragette type of girl, who preaches platonic love and then in the end "fell," is another outstanding member of the cast. The play will be repeated tonight.

BILLIE BURKE AT LOEW'S. The charming little screen artist, Billie Burke, will grace the screen at Loew's for the next three days in "Wanted a Husband," and should bring out capacity houses at every perform-

Being obliged o produce a husband on short order, she commandeers one from her fel-ow-passengers on the train. It leads all sorts of laughable complica-ons. James L. WHO'S WHO AND WHAT AT THE MAJESTIC.

Arbuckle comedies and Mac Sennett comedies.

There's an invitation extended to everyone to come to the great opening and see the Haines Musical Revue present their first attraction in London. With pretty girls, gorgeous costumes, a wealth of mirth and laughter and music, it will be a regular Packard show at Ford prices—for the prices are ridiculously low. It's the best musical revue that has ever visited London, and their opening piece, "Follies of the Day," presented Monday, Tuesday and Wednesday, together with Dorothy Dalton in her splendid Western picture "The Lady of Red Butte" and Roscoe Arbuckle in one of his latest comedies, will be one of the best attractions London has seen for some time. Don't forget, pretty girls, gorgeous gowns and clever comedians, all set to jingling melodies and clever humor. Get the Majestic habit.

What would you do if your sweetheart had been kidnapped and taken east by her former lover? Well, I'll tell you what Louis Bennison did in "The Road Called Straight," that thrilling stunt picture, which is on the double program at Allen's today, tomorrow and Saturday. His sweetheart had been kidnapped, and he followed in one of the most exciting cross continent chases you ever heard of. He used everything from racing cars to ice boats, and he got her at last, Oh, what a fight he put up for her.
