The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

NOTE.

As I have been asked by hundreds of students that have attended the College of Pedagogy and the Normal School to place my figures in fancy drill, dumb bells, wands, clubs, etc., in book form, I have done so for the benefit of them and others who may come after.

WANDS.

1. The position of the wand at the shoulder: Held by the forefinger and thumb of the right hand, about six inches from the lower end.

2. The ready position, is the wand held by both hands; the hands to be about as wide apart as the shoulders; both arms at the full extent; wand touching the lower limbs. The lines should be four paces apart.

CLUBS.

1. The positions with clubs are, the order, at the side, the carry, arms at the half bend, the slope, clubs resting on the shoulders, from the carry.

DUMB BELLS.

1. According to the different exercises, sometimes on the floor, at others one in each hand.

As this drill is only for the students attending the School of Pedagogy and the Normal School, I do not deem it necessary to give the details of the different movements, as students of the coming session will go through them, and those who have passed through can take them as a reference.
