Fruit Growers' Association.

The annual meeting of the Nova Scotia Fruit Growers' Association, adjourned from February, opened in Witter's hall, on the 26th ult., at 2 p.m. The report of the secretary reviewed the work of the association in the past year and showed the finances in a highly satisfactory condition. The president, Dr Henry Chipman, in his opening address, congratulated the membership on again meeting in an annual session with officers and members all spared to answer the roll-call; referred to the fact that the officers had spared no pains to make the annual meeting popular and successful in the highest sense of the term; spoke of the good work done in the past in exhibiting our fruit in the horticultural shows in Great Britain and the great World's Expositions in London, Paris and Vienna; the almost unlimited market for our apples in Great Britain; the fact that while in 1888 Canada sent to the English market 875,000 lbs. the United States exported 1,648,000 lbs. to the same market, and proved that the Mackinac Bill had, as regards our apples, done us but little injury; that we must in future, as in the past, seek a market in Great Britain for the bulk of our fruit; noted the fact that the rate of freight from this valley is much higher than it should be, that in point of fact it is much higher than it is in many other localities on this continent, while it should be, in point of fact, as much lower. In regard to the future of the society, he said that it depended largely on its officers, while it depends more largely on the interest taken in it by the farmers of this province; that these should give the association a more generous support, and be alive to their own best interests, so that they should have at least 500 members in this valley alone and 100 or more in each of the other counties of this province. He strongly advised growers to ship their own apples, and showed by actual returns, taking the experience of the past, that it would pay them to do so; but that the advantages would accrue to those who honestly and carefully packed their fruit. He spoke of the establishment of an evaporator at Annapolis, by means of which we are now able to dispose of our refuse apples at paying rates. In regard to tree planting, he stated that fewer trees were set out in '89 than in '88 or '89, and that the danger lies not in over-planting, but in rash planting and careless selection of orchards in advancing the value of real estate, and stated that \$1,000 per acre had been offered and refused for more than one here in Horton. In closing he referred to the shipments of the last season, the quantity of fruit shipped and prices received for it.

U. R. Replies to N. P.

EDITOR OF THE ACADIAN.—A correspondent signing himself "N. P." in your issue of the 20th inst. indulges in a good deal of "hifalutin" and misrepresentation, calculated, and doubtless intended, to deceive the unwary. Perhaps you will accept the apology for a reply, I purpose dealing with the misrepresentations only. I have no time for hifalutin.

1st. The statement of the Government's majority, "N. P." claims a majority of four in Quebec and Ontario. Surely he must know that the Conservative press concedes a majority in Quebec for the Liberals and only claims half the seats in Ontario. Taking the most favorable view for the Government, there is undoubtedly to-day an average majority of ten in those provinces. So far as the other provinces are concerned his statement is probably accurate enough. In this connection it is well to remember that the Government went to the country with a majority of fifty strong, which, at the best, is reduced one half.

2d. "Unrestricted Reciprocity was killed on 5th March." When we reflect that the two most populous provinces of the Dominion, Ontario and Quebec, having a representation of 157 in a House of 215 members, have converted a Government majority of about 30 into a minority of 10, at least, it would seem as if Unrestricted Reciprocity, if dead, must be a very lively corpse indeed. Moreover, nearly one-half the votes at the recent election were cast in favor of that policy and it would seem now to be about time to drop the "Wynne-Farrer" epithets. They are not arguments—simply a very unworthy exhibition of spleen; and those who make use of them know well enough that the Liberal party is as loyal as any party in Canada.

Mr W. J. Higgins informs us that he has now a large quantity of best Spring-hill coal in storage and will be pleased to fill all orders at short notice.

WANTED.—A boy to learn the carriage building business. One with some experience preferred. CHAS. H. BORDEN, Wolfville.

A full Stock of Marcelline, Wall Tint and hand for spring. WALTER BROWN.

Mr Vernon Griffin, of Greenwich, informs us that he has a flock of ten sheep from which he has and is raising eighteen lambs. We doubt if this record can be beaten.

The balance of our report of the Fruit Growers' meeting will be published in next issue. Owing to lack of room we are unable to give more than an installment this week.

Extra fine line 5 ct. Room Papers, at Wolfville Book Store.

We are informed by Mr G. V. Rand our postmaster, that the Wolfville office has been made a post-office savings bank. This is a move that will give general approval, we think.

Eider-down Wool for Slippers and Afghans, M. A. WOODWORTH, Kentville.

Our correspondents will please remember that our space is limited, and in future try and contract their articles as much as possible. We are always glad to receive articles on live topics, but it will not do to have them too long. Please bear this in mind.

New Novels, just received at Wolfville Book Store.

Mr Harry N. Shaw, the popular instructor of elocution at the College, is to give a recital in College Hall, next Friday evening, assisted by his pupils and Miss H. E. Wallace, Miss Marie Fitch and Miss Ida Jones. The mere announcement should be sufficient to draw a large house.

Fencing Wire and Posts for sale, 32 WALTER BROWN.

Our lady readers will be glad to learn that Miss Hattie Bishop is about to start a millinery business in Wolfville. She has a reputation of being a very artistic and fashionable milliner, and will no doubt do a successful business. Miss Bishop is now away buying a stock and will be ready for customers the last of next week. Ladies will do well to wait and see her new goods.

Just think, an Elegant Curtain Pole complete for only 40 cents at Wolfville Book Store.

It becomes our sorrowful duty this week to record the death of Mr Earl Sleep, a young man who was very popular among his acquaintances and generally liked by all. Some years ago he injured himself in lifting, sufficient to cause bleeding from the lungs, and has since been slowly falling. His death occurred on Saturday evening last, and the funeral took place on Tuesday. He leaves a widow and one little girl, who, as well as the other members of his family, have the heartfelt sympathy of the community.

Census Taking. This year, this month, mark an era in the history of our country. The third census is to be taken on the 6th of April; the second was in 1881; the first in 1871. The rest of the British Empire has the 6th of April as census taking day. For several months past quite preparation has been going forward at Ottawa under guidance of George Johnson, Esq., chief statistician, for taking stock of our population and products for comparison with ten years ago, and with other countries. Fourteen chief officers have charge of the whole Dominion. Mr J. Parsons represents Nova Scotia. These went to Ottawa for instruction in February, and in March the County Commissioners met in Halifax and were instructed in the schedules and the details of the business. Each polling district has an enumerator, who, after taking lessons from the County Commissioner, will visit every home and gather the facts, which, when added together, will comprise the census of Canada. Dr Fitch, of Lakeville, is Commissioner for Kings County. All census officers are bound to secrecy, so that what is told them cannot be divulged. The eight sheets contain some two hundred questions, classified so as to give the most information with the least possible trouble. The first schedule asks for name, age, sex, place of birth, religion, occupation, &c., of every person living in the district. The second makes record of those who died during the past year. It also has a space for the Public Institutions. The third takes real estate owned and occupied, and orchard products. The fourth is a return of farm products; acres planted, and bushels grown. The fifth takes count of the live stock owned now or during the year. The sixth requires details of industrial establishments of all kinds, from the big factory to the small industry. The seventh records the products of the forest, square lumber, deals, lumber, logs, poles, laths, staves, shingles, cordwood, tanbark, &c. The eighth picks up the number of shares of shipping and the tonnage owned by each person; also the number and tonnage of barges and boats. It also takes facts concerning the mines, the quantity produced, the capital, power used, the number mines and laborers, the time in operation, the wages paid, accidents, &c. Small matters must not be omitted—the few vegetables raised or the 1/2 bushel of fruit should be given. The many little shells of the aggregate. We expect Kings County to make a fine showing, as also every county in the Province. Enumerators who have received their instructions from the County Commissioner, Dr J. N. Fitch, for Kings County are as follows:—

- Sub. Div. Census Dist. Enumerators. 1 Sheffield Mills, Herbert Harris. 2 Canaan, J. L. Cox. 3 Kingsport, J. P. Corkum. 4 Scott's Bay, J. P. Beckwith. 5 Canard, J. P. Lyons. 6 Port Williams, Ross Chipman. 7 Centreville, W. J. Ross. 8 Upr. Dike Val., J. M. Marchant. 9 Brooklin St., R. D. Bentley. 10 Woodville, David Bartlett. 11 Somerset, E. McConnell. 12 Kenville, John D. Moore. 13 Canaan, J. Fryor Bishop. 14 Gasperau, Rupert Porryth. 15 Grand Pre, John A. Johnson. 16 Wolfville, C. R. Willow Bank Cemetery. The annual meeting of the Willow Bank Cemetery Corporation was held in the vestry of the Methodist church on the evening of Wednesday, April 1st, when the usual business of the year was transacted. The report of the committee on management showed that the past year had been an unfavorable one in regard to getting suitable labor when wanted; yet considerable work had been done. A portion of the free lot had been levelled, drains and fences looked after and reported in good repair. The trustees' report showed a balance on hand of \$37.13, with an uncollected balance of \$238.39. During the year \$73 had been collected and \$72.61 paid out. Six lots had been sold.

Professor Jones, A. J. Woodman and Professor Keirstead were elected trustees in place of J. E. Eagles, A. J. Woodman and J. F. Tufts, retiring.

J. W. Caldwell was elected President; J. W. Wallace, V. P.; A. J. Woodman, Secy.; and C. H. Borden, Treasurer. The committee of management are: G. V. Rand, A. J. Woodman, C. A. Patiquin, Professor Keirstead and C. H. Borden. Surveyor, J. B. Davison.

Greenfield. Quite a rove is taking place in this locality this spring. Asa W. Davidson has moved to Avonport on a farm owned by his daughter and has sold his home to Edward Croft, who will soon move. Edward Croft has sold his place to William Thompson and son. Thompson has built a saw-mill on the upper end of Halfway river, some two miles southwest of William Fielding's on the road known as the Fielding Mill road, and is doing excellent work.

The lumbermen have had a fine winter for their work in the woods and have taken advantage of the opportunity with becoming vigilance.

John Graham has sold his farm to his son Alvin and is talking of leaving these parts.

It has been our lot for a number of years to have our young men and women from all over the province leave the land of their birth and try their fortune elsewhere, generally in the United States. We hear of them in every state and territory in the union, and many of them are fighting the battle of life bravely and successfully. Of our boys who have left Horton, one is a judge of the courts in Ill., another, High Sheriff in California; and another, in the Legislature in Colorado; while others, too numerous to mention, are acquiring fame and accumulating wealth in their various occupations. But Mr Graham's case appears to be a little out of the common line and will as a general thing be regarded more than the ordinary cases of emigration. He has been a faithful member giving liberally and taking an active part in all church matters and every other benevolent and religious institution. Mrs Graham will also be missed in the community, in the church and particularly in the school room, where her labors are never tiring and nothing too urgent to prevent her attendance.

A young collegian occupied the pulpit last Sunday and delivered a very good sermon.

Minard's Liniment for Rheumatism. Strange Revolution in Women's Dress—Will American Ladies Dare Adopt it?

Some predict that the great change in the fashioning of the clothes which are to be worn by women this coming season is the most wonderful victory of the nineteenth century—if fashion leaders can be induced to adopt it, and appear just once in public so arrayed.

Men will hold their breath in wonder at the marvelous change it makes in lovely woman. "Few of the fair sex can help being beautiful in these glove-fitting costumes," says a writer in a recent number of The New York and Paris Young Ladies' Fashion Bazaar. "This magazine is the only one in Europe or America which makes a specialty of giving those inclined to stoutness an unrivaled appearance of sculptured slimmness," said Her Royal Highness the Princess of Wales. Madame Patti has ordered from the Paris house four magnificent costumes, the designs of which appear in the APRIL number of this Fashion Bazaar—and in this magazine only.

Mrs Harrison is greatly fascinated with the exquisite gem, costume No. 4, in the APRIL number. It is expected she will give an order for an exact counterpart of it, the whole front of which will be incrustated with pin-head diamonds. This gown alone will be worth a king's ransom.

EDITOR ACADIAN.—Your readers are aware by this time that on Monday next, April 6th, the machinery for taking the third decennial census of Canada will be put in motion, and a small army of enumerators, trained for the work, will be let loose upon the people. In view of this uprising I wish to utilize a little of your valuable space in a few remarks made especially to the residents and property holders of Ward 8. In the first place it is required by law that this census shall be taken, and that it shall be taken now. The enumerator who visits you, is taking it simply because he is paid for doing so, not that he wishes to pry into your affairs; and he will ask you what may seem to some an endless and even importunate list of questions, not to serve his own ends, but because he has taken his oath to ask just that many questions and no more of every resident of his district. Next, as to the purpose of the census. It is not taken, as some people suppose, with a view of increasing your taxation, nor is there any object sought that will in any conceivable way injure you or your possessions. The aim is simply to ascertain as exactly as possible the population and resources of our country, and to see where we stand in comparison with other nations. The enumerators are sworn to secrecy and will divulge nothing you may tell them—not even your age.

In the light of the above facts surely it will not be expecting too much to ask that each individual assist the enumerator in his task; that you be prepared to meet his questions with intelligent answers and not, upon spying his portfolio, mistake him for a book-agent and slam the door in his face. With the co-operation of the people the enumerator's task will be a few weeks duration will not be a burden to be borne; the residents themselves will feel happier and more peaceful, and Ward 8 at least will not be behind in helping to subserve the best interests of our country.

Why are some people always late? They never look back nor think. People have been known to wait till planting season, run to the grocery for their seeds, and then regret over it for 20 months, rather than stop and think what they will want for the garden. VICK'S SEEDS never disappoint; is the verdict from the millions who have planted them. It is a Flower of Virtue, Pinks, Holly, or anything in the line. MAKE NO MISTAKE this year, but send 20 cents for Vick's Floral Guide, deduct the 20 cents from first order, is coming nothing. This pioneer catalogue contains three colored plates, Grandest Novelty ever offered, 20c in cash premiums to those sending club orders. Grand cash prizes at one of the State Fairs. Grand offer, chance for all. Made in different shapes from ever before; 100 pages big & richly illustrated. JAMES VICK, SEEDSMAN, Rochester, N. Y.

The Woman of To-day. Let others sing the praises of the Woman of the Past...

Wise Words. There is no bitterness like self reproach. Time which deadens hatred, secretly strengthens love.

ITEMS OF INTEREST. Minard's Liniment is the Best. All is but lip wisdom which wants experience.

There can be no friendship where there is no freedom. An Englishman wagered that he and another would consume a bushel of potatoes in half an hour.

Thousands of Lives Lost. Poets and novelists go into ecstasies over what they romantically call "beautiful spring" and "gentle spring."

Of Course He Was. Last Saturday afternoon eight school-boys all armed with guns and bows and arrows, who had been out in the country on a hunt were coming down Cass avenue when a boy who didn't go, met them and asked: "Where's your game?"

Intellectual efforts in the early years of life is very injurious. All labor of mind required of children before the seventh year is in opposition to the laws of nature, and will prove injurious to the physical organization, and prevent its proper and mature development.

Johnson's Anodyne Liniment. UNLIKE ANY OTHER. AS MUCH FOR INTERNAL AS FOR EXTERNAL USE.

Johnson's Anodyne Liniment takes the lead; it is none better," says a Boston druggist. There can be no friendship where there is no freedom.

Johnson's Anodyne Liniment requires no puffing, as one trial will convince you that it is far superior to any other sold in this Province.

Johnson's Anodyne Liniment is the best. All is but lip wisdom which wants experience. "It's all very well to talk of writing for posterity," sighed the poet.
