

DID WIFE KILL HER HUSBAND?

Sensational Murder Trial Begun at Lyons, N. Y.

Woman's Father and Mother to Testify Against Her.

But She Declares Her Innocence and Expects Acquittal.

Lyons, N. Y., April 5.—Calmly asserting her innocence and belief in her ultimate acquittal, Mrs. Georgia Allyn Sampson was placed on trial to-day before Justice A. B. Rich, of the Supreme Court, on a charge of shooting and killing her husband, Harry Sampson, a nephew of Admiral Sampson, at the Allyn homestead, near Macedon, N. Y., on last November 1st.

There was a large throng of townspeople gathered in the Wayne County court house to-day to attend the opening of the case against the young defendant, which promises a deal of mystery before the jury shall determine the evidence.

Harry Sampson was shot following a quarrel with his wife over a letter she had received from a young man in Rochester, and it is the State's contention that Mrs. Sampson killed her husband with the rifle which was found in the pantry re-cooked and the discharged shell half ejected.

No powder marks were found on Sampson's clothing or body. The defendant told her mother, Mrs. Allyn, that she was upstairs when the shooting took place.

Mrs. Allyn, mother of Mrs. Sampson, it is expected, will testify that she heard Harry say during the quarrel, that morning, "I would rather be dead than live another day with Georgia."

District Attorney Gilbert has pinned the whole of the State's case on the testimony of the defendant's father and mother and her family and Dr. Hamilton, a gun expert.

From the mouths of the State's witnesses the defence possibly will seek to show that Mrs. Sampson was not down stairs when the shooting took place, but on the second floor of the Allyn homestead, where both the Allyn and Sampson families lived when the shot was fired, and the husband staggered into the Allyn dining room and fell dead at the feet of his mother-in-law. He spoke no word after being shot.

One hundred and thirty-six talesmen answered the roll call when Justice Rich opened court, and the work of selecting the jury, which is expected to occupy several days because of the numerous relationships and close friendships that exist in this community, was commenced.

District Attorney Gilbert said to-day that he believed the case would be concluded within two weeks. Not once during her long incarceration in Wayne County jail has Mrs. Sampson indicated any apprehension over the outcome of her trial, but has declared: "I am innocent and that's all there is to it."

Attorney George Tinklerpaugh and Assemblyman Hamm represented Mrs. Sampson in court.

QUITS CHURCH.

Not Room in Kingston For Two Congregational Churches.

(Special Despatch to the Times.) Kingston, Ont., April 5.—Rev. Chas. Villiers, pastor of the First Congregational Church, caused a sensation at yesterday's service when he announced without any previous notice, his intention of retiring from the pastorate at the close of his third year. In explanation, he pointed out that Congregationalism in the city is in a position of humiliation, Bethel Church, the other congregation, being without a pastor. His idea was that by resigning, he would leave the way open for a union of the two congregations, that would permit one pastor preaching to both.

Are You Looking For coffee that has the right flavor, the right strength, that is absolutely pure, that is blended and roasted, so as to produce that aroma that you can't get in the ordinary run of coffee? Ours is perfection. It's all that the best possible can be. Sold only by us.—Bain & Adams, 89, 91 King east.

BOOM HAS BEGUN ACROSS THE BAY.

Chicago Millionaire Buys Carroll Property—Many Agents Taking Options on Land.

It looks as if the promised boom in property on the north side of the bay has set in. Within the past few days agents have been around trying to buy up the most desirable waterfront property, and some fancy prices have been offered. A building boom is also in sight. It is announced that a wealthy man who resides in the fruit section will put up a \$5,000 house this season, and several other first class residences are already being arranged for. A line of ferry boats around the bay is assured, and the talk of an electric road is renewed.

A deal that has just been closed ensures an early and good start on the north side boom. Acting for Mr. A. W. Brown, Mr. J. L. Connell has just closed with Mr. John Hewitt, the Chicago millionaire, for the purchase of the Carroll estate. Mr. Hewitt has given instructions to Munro & Meade, architects, for the laying out of the property and the erection of a number of substantial residences.

JUMPED TO DEATH

Mobile, Ala., April 5.—Mrs. Carrie Cain, aged 18 years, last night jumped from a burning launch into Mobile River and drowned. She was in the launch with Jefferson Saxton and family. The vapor of leaking gasoline caught fire and the boat was soon in flames. Mrs. Saxton, her son and her daughter and Mrs. Cain jumped into the river. Lieut. Bender, of the U. S. revenue cutter Winona, manned two life boats and saved all but Mrs. Cain after Saxton had saved himself and daughter by steering the blazing boat into a slip.

FINE DRIVEWAY

From Fort Erie to Queen Victoria Park, Niagara Falls.

To Raise \$200,000 For That and Other Purposes.

(Special Despatch to the Times.)

Toronto, Ont., April 5.—The Niagara Falls Park Commissioners have been given authority to issue an additional \$200,000 debentures in addition to the \$100,000 issued by them last year. The biggest work on hand is the construction of the very fine driveway from Fort Erie to Queen Victoria Park, about 20 miles. The total debt of the park is \$700,000, inclusive of park and driveway. By 1912 it is expected that everything will be done, all the expenditures completed, and the undertaking will be beginning to pay back the sums expended. In addition to the ordinary expenditures on the roadway a sea wall will have to be built to protect the bank of the river, a very expensive undertaking. There are also several bridges to be constructed.

BOARD OF CONTROL.

Hamilton Deputation Trying to Find the Bill.

(Special Despatch to the Times.)

Toronto, Ont., April 5.—Hamilton's desire to have a Board of Control, which fell by the wayside in the Statute Revision Commission last year, is by no means dead. Mr. Allan Studholme raised the ghost of the clause which came before the Private Bills Committee last year in the same committee the other day, and as a result the whole thing was again opened up in private conference before the Provincial Secretary this morning. Mayor MacLaren, Aldermen Perrine, Allen and Farmer, and City Solicitor Waddell were introduced by Mr. Studholme and remained in conference with the Minister for some time. It was generally understood that an endeavor was to be made to find out just where the fault lay in connection with the smothering of the Hamilton clause last year.

The Hamilton men pointed out that everything in the city was favorable to the scheme, and that as a vote on the power question would be coming up shortly and the proposal would have to be submitted to the people, the present was a favorable time for the submitting of the vote.

The Minister replied that the reason the plan had not gone through last session was because the Statute Revision Commission had not got so far yet. He hoped, however, that the matter would be cleared up this session.

It is understood that a special effort will be made before the House adjourns on Thursday, and that Gordon C. Wilson will introduce the measure, otherwise it may take some years.

COL. BERTRAM.

Dundas Man Will Command Bisley Team This Year.

Ottawa, April 5.—Col. A. Bertram, lieutenant-colonel commanding the 3rd Canadian Trench Brigade, Western Ontario command, has been appointed commandant of the Canadian Bisley team, which will soon be selected. The team will go to England early in June.

D'ARVILLE GOES DOWN.

Learned Prophet Gets No Honor in This City.

Two Crap Shooters Fined \$10 Each by Magistrate.

Patrick Mulvale Committed on Charge of Intimidation.

Telling fortunes may be profitable in some places, but it is not in this city. Professor D'Arville was found guilty on Saturday and this morning he appeared for sentence. "D'Arville," said his worship, "I'm going to fine you \$200 or nine months. A man who has brains and some education, such as you, should not make a living by defrauding the public. You are able to earn your living in a better manner than by taking money from the simple and innocent people the way you do."

D'Arville took his dose with a smile and once more tried to explain the difference between fortune telling and prophesying, but he was hustled off to a cell, and later taken to the jail.

Yesterday afternoon at Sunday School time the police swooped down on a crap game on Liberty street, near the G. T. R., and arrested three men. Two of them were assessed \$10 this morning, for playing and the third was dismissed.

Constable Braman had charge of the raid, and had at his disposal Constable R. Duncan and two of the new men, P. C. Campaign, jun., and P. C. Goodman. The quartette of officers started to stalk the players and they almost surrounded them when Constable Duncan showed himself. "There's a cop," shouted a sentinel, and the gang scattered. Constable Campaign did a little rousing and managed to get hold of Thomas Murphy, 441 MacNab street north, and John Walsh, 85 John street south. Constable Goodman caught John Hendrick, 145 Walnut street. This morning the three appeared in court after a night in the cells, and pleaded not guilty. The officers swore that they saw dice rolling and heard finger snapping, but they could not swear to seeing money change hands. "We might have been playing marbles for all they know about it," said Walsh, but Magistrate Jift told them there was enough evidence to put them on their defence. Hendrick took the stand and said that he had never

ENDS IN LAW.

Albert Almas Issues Writ Against Charles H. Herman.

Albert Almas, the well-known barber, James street north, has instructed M. J. O'Reilly, K. C., to issue a writ against Charles H. Herman, former proprietor of the Cecil Hotel, for \$800 under an agreement. Herman, the plaintiff alleges, agreed to buy the White Star Hotel from Frank Post, and wanted to make use of the property adjoining. Almas alleges that a written agreement was entered into by him to surrender his lease, for five years, for the sum of \$700. Almas claims that \$100 was paid down to bind the bargain. Almas then moved and fitted up another place, on James street. In the meantime the deal fell through for the sale of the White Star Hotel, and Mr. Herman declared the whole thing off. Not so with Mr. Almas, however, and he intends making Mr. Herman live up to the terms of the agreement, if he can.

HAD TO QUIT.

Rev. Mr. Whiting Too Ill to Take Evening Service.

Rev. Richard Whiting, of Centenary Church, who contracted a severe cold some days ago, but has been sticking to his duties with his usual determination, was forced to give up yesterday. He preached at Centenary in the morning, but was so much worse in the afternoon that he had to take to his room. Rev. J. Roy VanWye, of Westminster Presbyterian Church, came to his assistance and took the evening sermon. Mr. Whiting is not seriously ill, but will have to keep to his bed for a few days.

BY TROLLEY

Chicago, April 5.—Direct connection between Chicago and New York by trolley became a reality last night when a two-car train pulled into Pullman over the tracks of the Kensington and Eastern Railroad, completed less than fifteen minutes before. The line spans the last gap in the system of interurban railroads, which stretch across the continent to Chicago from the eastern seaboard and a trip to New York over lines operated by electric power is now possible. The route is round about, it is true, but it is there, and the dreams of electric railroad promoters have been realized.

TRIP FOR CZAR

St. Petersburg, April 5.—Preliminary preparations are being made for a round of state visits by the Emperor to the Scandinavian ports and possibly to London in the early summer. According to the plans His Majesty will leave in June aboard the Imperial yacht Standart, escorted by a division of the fleet and torpedo boats and will go to Stockholm, Christiana and Copenhagen and perhaps thence to England to return King Edward's visit during the summer. In any event it is regarded as certain that this is the first extensive Imperial trip projected since 1901.

Is Settled for all Time

Beamsville, April 5.—(Special)—Municipal councils may come and go, but from now on the Beamsville water supply goes on for ever. Such was the final settlement made on Saturday afternoon here with Senator Gibson. The question of tapping springs on the Senator's land at the mountain to feed the reservoirs has been a bone of contention between him and the various councils for several years. At a meeting behind closed doors on Saturday afternoon an amicable arrangement was reached, and now everybody is happy. Senator Gibson, C. H. Connor, of St. Catharines, and John Jennings, of Toronto, on the one side, and Reeve Davis and the council on the other side, adjusted the settlement.

A SCARE.

Passengers on 9.10 Radial Car Had Exciting Time.

Passengers on the 9.10 car from this city, on the Radial Railway, had an exciting time last night, and firmly believed, as did the crew, that there had been a shooting affair. As the car was near the Beach Road Crossing, a rig was seen to be right by the track. A crash seemed imminent, but just at the critical moment the horse was pulled around, the buggy careened over on two wheels, cleared the car, righted itself and evidently was driven rapidly away just as two loud reports added to the excitement. The car was stopped, but no trace of anything out of the usual could be found.

Early this morning a search was made and two exploded torpedoes were found, accounting for the explosions, but not for the rig.

MISSIONS.

Many Addresses Yes'erd'ay on the Great Convention.

Missions and the great missionary convention of the laymen held in Toronto, was the theme of the sermons in many churches of the city yesterday. In St. John Presbyterian Church last evening the platform meeting was held, at which stirring addresses were made by Messrs. W. F. Campbell and J. H. Horning, both of whom attended the convention, and who spoke ably upon the work done and the objects of the movement.

In All Saints' Church the rector, Rev. Canon Forrester, delivered a very fine address on the same subject. In Central Church in the evening Rev. Dr. Lyle gave an appropriate address upon "A Chapter From the Life of the World's Greatest Missionary."

ARE BUSY AT THE BEACH.

No Danger of Flooding, as Water is Low This Year.

Building Operations Already Under Way, and Demand Good.

Commissioners Having the Old Birely Property Cleared Off.

There will be no flooding at the Beach this year. In comparison with last spring, the water is low. The high water mark on the trestle bridge, where there is seldom any "sea" and where a good idea can be formed, is about three feet higher than the present water mark. To-day houses on the Beach are high and dry, that could not be reached except by rowing or wading to them last April, May and June. The winter's accumulation of snow was not great, and most of it is gone, so that, while the water is almost sure to be higher before the turn comes a couple of months hence it cannot be high enough to cause any annoyance.

The ice banks on the lake, which were quite large, have disappeared. Building operations are already in progress on the Beach. There will be a number of new houses, some of them of a superior sort. The demand for houses is quite brisk, too, a number having already been leased. There have also been several sales, and a number of places are being offered, both for sale and rent.

The Birely house, which stood on the property which the Commissioners will convert into a fine park, has been moved about a quarter of a mile to the south, and is now south of the city. The other buildings on the Birely property are also being moved.

Muskat trappers have had a busy season. It is estimated that five trappers have secured 900 skins. They have also secured a number of muskrats.

Work on the sand dredge in the north end of the filtering basin is going on briskly. The pontoons are also being calked.

Inspector Kerr has succeeded in finding some illegal nets during the past few days.

Fishing is very poor just now. In the inlet near the Tuckett farm is the carcass of a horse that was drowned when ice cutting was going on, floating. It should be taken out without delay.

THE MAN IN OVERALLS

Is the St. Andrew's Society to stand quietly by while the Trades and Labor Council is jumping on a brither Scot? Ma conscience!

It is high time the friends of the Art School were rallying to its support. It can see its finish unless they act promptly.

Yet it strikes me that Mr. Foster is a lonely as well as an unhappy man. His sharp tongue makes few friends.

Duncan C. Ross has lifted the veil the least bit that hangs over the way contracts are secured from Whitney for New Ontario bridges and so forth, and from what we have seen a graft investigation would be quite in order.

112 YEARS OLD

New York, N. Y., April 5.—The death of Mrs. Fannie Friedman at the age of 112 years was reported to the Health Bureau here to-day. The woman, who was born in Hungary January 3, 1797, died at the home of her daughter in Harlem after a few days' illness. It was her boast that she never had a doctor in her life and one was not called in until Friday. Five children, fifty-four grand children and 18 great grand children survive her.

LOCAL OPTION.

Hamilton Power Bill Had Dangerous Clause

About Submission of By-Laws at Any Odd Time.

Toronto, Ont., April 5.—The temperance interests have taken alarm at certain possibilities in a bill introduced some time ago by Sir James Whitney. The bill applied particularly to Hamilton in relation to its power questions, and by it municipalities were allowed to take special votes at any time without waiting for the arrival of the regular election time. The temperance people saw in this a possible menace to their cause, as it was possible that by the operation of this act local option or reduction by-laws might be submitted at a time when it would be difficult to get the people out to vote, and when the liquor interest might have special opportunities to kill the measure.

This morning Rev. Dr. Chown, Rev. Dr. J. H. Hazelwood (West Toronto), and Miles Yokes saw the Provincial Secretary with regard to the act. The Government had, however, already foreseen the possibility contained in the Premier's bill, and a small clause was inserted in the Provincial Secretary's newly announced act, amending the License Act. This clause contains the following words: "Nothing contained in any act passed at the present session of the Legislature shall apply to or affect the provisions of sub-section 2 of section 141 of the Liquor License Act." This effectively disposes of the difficulty and renders the temperance cause secure from surprises.

Money Coming to a Former Hamilton Club Waiter.

Because some money is coming to him through the death of an aunt in Australia, relatives in England are endeavoring to find John Bush, who lived at 38 Bay street north, this city, the last time they heard of him. Bush was a waiter, and was employed at the Hamilton Club. After leaving that place he set up in business as a waiter at private dinners, luncheons, suppers, etc., and also undertook the care of furnaces.

Manager Jack Appleton, of the Bennett's and Savoy Theatres, has wired Jimmie Baum, the actor-author, of Portsmouth, Virginia, to come to this city for a week's engagement at Bennett's, beginning Monday, the 19th inst. Up to this afternoon he had not received an acceptance.

Provincial Detective Miller paid a visit to Crown Attorney Washington's office this morning and the two were closeted for some time. Detective Miller was interviewed on leaving and was asked if there was anything new in the murder case.

"There is more daylight on the murder, but we can't do anything," he replied. "We are satisfied that our theory is correct, but we have no evidence yet to substantiate it."

The Parliament of the Transvaal has approved the constitution without revision.

RAILROADS FIGHT

OVER THE BEACH.

T., N. & W. Wants to Expropriate G. T. R. Lands For Its Electric Line.

The Toronto, Niagara & Western Railway will have difficulty in securing a right of way over Burlington Beach. It wants to expropriate part of the Grand Trunk property from the filtering basins to Burlington along the lake shore, and also the swamp lands near Fitch's Hotel. This would necessitate the crossing the railway tracks at the Beach road and if the right of way along the lake side is secured, it would mean the wiping out of a hundred or more shacks, owned by the Grand Trunk and leased to summer residents of the sand strip. The city was consulted this morning, and City Engineer Barrow was shown a plan of the proposed route. He could not see where the city was interested, and the two companies will have to fight it out. The Grand Trunk will vigorously oppose the electric company's move, and it may have the backing of the Beach residents, who declare that another railway across the sand strip will spoil it as a summer resort.

Engineer Montgomery, of Toronto, who has the contract for installing the air pressure system to pump water to the east end mountain top, is in the city to-day consulting with City Engineer Barrow about the work, which will be begun shortly. Mr. Barrow says that although the job will not be completed until the fall, some of the residents will have water this summer.

KILLED FIXING HIS 'PHONE.

Man Tries to Cut Connection and Silence the Bell.

Heavy Trolley Current Was on Telephone Wire.

Man Falls at His Wife's Feet and She Gets Shock.

Chicago, April 4.—While attempting to end some trouble with a telephone, John Sheddin was electrocuted in his residence at 559 Centre street, Elgin, last evening. Shortly after dinner the telephone began ringing wildly. Mr. Sheddin went repeatedly to the phone, but could hear nothing but a buzzing noise. His efforts to communicate with central were unavailing. Sometimes the bell would stop ringing for a moment, but only to begin again.

Mr. Sheddin and his wife had planned to pass the evening at the residence of a friend. Living with them is Mr. Sheddin's father, who is 82 years old, and he was greatly annoyed by the constant ringing.

Mr. and Mrs. Sheddin decided that they would stop the noise before leaving the house. He secured a pair of shears to cut the wire.

"Are you sure that will stop it, John?" asked Mrs. Sheddin.

"It certainly," replied Sheddin, as he put the shears to the wire, only to fall back dead without a cry.

Mrs. Sheddin thought at first that her husband had merely fainted, and she summoned Dr. Tilton and Dr. Sisson. The physicians declared that he had died instantly from the effect of an electric shock.

When Mrs. Sheddin tried to catch her husband as he was falling, she also received a shock, but was uninjured. The death of her husband affected her greatly, and the physicians were obliged to devote their attention to her and to the aged father, who became so excited that his condition is regarded as critical.

Investigation by the telephone company revealed that the wire leading into the house had become crossed with a large electric wire from a trolley road, and the full current was carried into Mr. Sheddin's house.

PASSED AWAY.

Estimable Hamilton Lady Died at Smithville Yesterday.

A host of friends in Hamilton and vicinity will sympathize with Mr. Alex. M. Snyder, 194 Main street east, in the death of his wife, Mrs. Jessie Ellen Snyder, nee Walker, which took place at her mother's residence in Smithville at 10 o'clock last night. On Christmas afternoon Mrs. Snyder gave birth to twins and never regained her health. She was born in Smithville and was a trolley teacher there for a number of years. Mrs. Snyder was an energetic worker in the Presbyterian Church, and her sweet disposition made her a favorite with all with whom she came in contact. Mr. and Mrs. Snyder were married six years ago in Portland, Ore., where Mr. Snyder was engaged in newspaper work. Shortly after they came to Hamilton Mr. Snyder joined the Herald staff, and later going into the electrical business with his brother at 13 John street north.

Beside her husband she leaves four children, the eldest five years of age. The funeral will take place from the T. H. & B. station at 3 o'clock on Wednesday afternoon. Rev. Beverly Ketchen, of the MacNab Street Church, of which Mrs. Snyder was about to become a member, conducting the services.

THE HAMILTON TIMES

MONDAY, APRIL 5, 1909.

A WORLD MOVEMENT.

The Canadian National Missionary Congress, brought to a close in Toronto last night, was a gathering deserving of more than passing notice, and which, if the plans laid are successful, may have far-reaching and beneficial results.

But, alas! within a few days this same Government put through a bill to allow the City Council of Hamilton to issue debentures to incur a debt of \$237,000 upon the property of the ratepayers without having their consent to do so.

And now we are likely to have another illustration of this beautiful inconsistency. It is a tenet of municipal idolatry that the municipal councils shall absolutely control the streets. Of course responsibility should go with control.

THE ART SCHOOL.

The threat of the aldermen to discontinue the annual grant to the Art School was cause for some anxiety to the friends of the school. But the proposal to sell its home is almost tantamount to the wiping of it out of existence.

BEAUTIFUL CONSISTENCY.

Consistency is a jewel; but it is not a jewel prominent in the decoration of the Ontario Government. The newspapers of the Province pressed upon Mr. Fox the justice of their claim that the libel laws should be so amended as to put an end to the persecution to which they are subjected under the law as it stands by a class of persons closely allied to blackmailers.

EDITORIAL NOTES.

Admiral Cervera is dead at the age of 70 years. His memory will live principally because of his being such a prominent figure in the Spanish-American war, a struggle which is already almost universally admitted to have been a crime against civilization.

Shades of Alexander Mackenzie! What must some of the ancient fossil mossback Tories who heard Mr. Hoyle at the Con. Club eloquently enlarging on the glories of the Rainy River district and Fort Frances have thought? Time has truly vindicated Mackenzie against the traducers of his policy while he was in the flesh.

FEEDING THE SICK.

A Dinner for a Convalescing Patient—A Satisfying Meal.

The convalescent stage is the most trying time for both patient and nurse. He is well enough to care what happens, but not well enough to have much judgment. He does want anything that he can get, and he wants everything that he cannot have. His imagination is unbounded by time or space.

The nurse should be pleasant and tactful. If she cannot accomplish her end directly she should resort to indirect means. She should know what is good for the patient and stick to it; and she should be able to divert him.

It is in every sense the season for fresh air, sunshine, good cheer and sanity.

When the patient is fed three points should be observed: First of all, the patient is weak and needs nourishment. Second, he cannot digest large quantities at a time, nor heavy kinds of food. Third, the taste should be satisfied, within reason.

For a dinner a patient could have: Chop or squab, cooked in buttered paper. Baked potato. Boiled onions in cream sauce.

This will prove a very satisfying meal. The dishes all have flavor and are easy to digest.

For the squab in paper Sings, remove the pin feathers, head, feet, tips of wings and crop; split through the back; clean and wipe inside and out with a damp cloth. Fold in a buttered paper, put in a pan and bake in a hot oven about 25 minutes. It should be turned frequently while cooking. It may be broiled over the fire 15 minutes.

For the chop: Scrape the fat and skin from the bone to the lean meat. Fold in a buttered paper and broil about five minutes. Sprinkle with salt. Put on a hot dish and garnish with parsley. The squab should be sprinkled with salt immediately after it is broiled, garnished with parsley and served hot.

Baked potato: Bake on the grate of a hot oven 40 to 60 minutes, according to the size. Serve uncovered, as the steam causes the potato to be wet and soggy.

Boiled onions are very good when they are cooked well, and very bad when they are not cooked well. Use the little silver-skinned onions, discussing, that will settle itself auto-

matically in each case according to the men.

"Still there are many men not natural fighters, but who have in them a spark of fight, to whom this question of whether to fight or not must often recur. Shall I kick against this injustice or these cold plates at the boarding house or this poor pay? Shall I kick against any of the many things that may afflict us or shall I be patient and say on we shall continue to be sat on; but what are we going to do about it? Are we going to kick or be patient?"

There is much in knowing when and how to kick, for there are men who kick blunderingly and futilely, and then there are men who kick gently and kindly and yet with an evidence of reserve power and resolution behind the kick that brings respect and results.

"I am speaking now, you understand, not of the natural hardy kickers who, with abundant ability to back them and rights in considering whether they shall stand up and fight or let things go."

"These men must have a clear cause, and they must know when to kick and how. If they succeed they take a step up, and then with broader resolution and greater strength, if they have not the stuff in them, they keep on. If they fail their case may be worse than before. It is a grave question for many people."

"As to many things that may not be purely personal we commonly leave the kicking to be done by other people; and in their kicking we may find much relief, but as to whether we ourselves shall kick or be patient, whether we shall try taking the bull by the horns and take the chance of being tossed, or sit down and wait, why, that still remains a question that each man must settle for himself."

TO KICK OR NOT TO KICK.

A Hefty Problem Which Each Man Must Settle for Himself.

"Do we," said Mr. MacQuillincee, "want more for kicking for what we get more in the long run do we get more by being patient and waiting?"

"This is a matter that each of us must settle for himself and it is, I suppose, largely a matter of individuality, of temperament. Some men are natural, hardy, able kickers, who kick for what they want and get it, and some of us are timid, and non-aggressive, and kickers at all, and so it might seem that really this is a question not worth discussing, that will settle itself auto-

Y. M. C. A. BANQUET.

The members of the Y. M. C. A. have decided to close the social work of the season with a banquet on a larger scale than ever before undertaken. The gymnasium will be prettily decorated for the occasion, affording accommodation for three hundred or more men.

MISSIONARY MEETING.

The regular Sunday afternoon meeting for men at the Y. M. C. A. was in the form of an open conference on "Missions." Many helpful thoughts and some inspiration was gathered from the great missionary conference in Toronto.

CAREY BROS.

For a popular entertainment, that put on by the Carey Bros. in Association Hall is hard to beat. Their illustrated songs are a feature of the programme. They are excellent singers and carry a fine stock of slides. The moving pictures are of the latest make, and well put on. There is sufficient variety to suit all tastes, carrying the audience from tears to laughter. They will appear in Association Hall again on Good Friday and Saturday.

Mesrop Mooradian, a native of Turkey, died early this morning at the City Hospital, aged 45 years.

The funeral will take place on Tuesday afternoon at 2 o'clock from Blachford & Son's rooms to Hamilton Cemetery.

Much sympathy will be extended to Mr. and Mrs. George D. Bovard, 289 Bay street north, on the loss of their infant son, De Lore, who died early this morning.

The funeral of the late Mrs. Amos Murray took place yesterday afternoon from her late residence, 28 Chestnut avenue, to the Free Methodist Church burying grounds. Rev. Mr. Benn conducted the services at the house and grave.

The pall-bearers were: Charles Clement, J. Wright, Peter Midgley, F. Midgley, Thomas Veale and Mr. Griff. The floral tributes were numerous and beautiful and bore silent testimony of the high esteem in which the deceased was held.

MISSIONARY PLATFORM.

Declaration of Policy by the Canadian Congress.

Every Community to Have a Co-operating Committee.

Expenses of the Movement For Next Three Years.

Toronto, April 5.—The accompanying policy and declaration were adopted unanimously amid a scene of great enthusiasm at the Saturday night meeting of the Canadian National Missionary Congress in Massey Hall.

The following are the amounts raised last year in each of those twenty-four cities, with the amount pledged to be raised in future, and the average per member which these new pledges will mean.

"thirteen shares \$130 from the family," "eleven shares \$110 from the family," "twenty shares \$200 from us four," and so on were characteristic announcements read by Mr. White from the cards.

Table with columns: City, Last year, Am't per member, Am't pledged, Total.

CANADA'S MISSIONARY POLICY. (1) Your committee recommends that the report of the Canadian Council of the Laymen's Missionary Movement to this Congress be received, approved and printed as part of the record of the proceedings of this Congress.

Opening devotional exercises were conducted at Saturday morning's meeting by the Rev. W. T. Gunn, Secretary of the Congregational Union of Canada and Secretary of the united missionary societies of the Congregational Churches.

"Let the whole world be filled with His glory, amen, amen." Nothing could more concretely express the feeling of the great Canadian National Missionary Congress which terminated last night than these words, quoted from the 72nd Psalm.

RAISING THE MONEY. After the adoption of the report Mr. J. Campbell White suggested that the amount necessary to guarantee the salary and expenses of the new secretary for the next three years be raised there and then, and for this purpose cards asking for subscriptions of ten dollars per year for three years or "ten-dollar shares" as the subscriptions were called were distributed among the audience.

great Laymen's Movement. Health and strength permitting, I hope to continue being associated with it, but it would not be fair to leave you to leave here under the impression that I can hold out any hope that my association should bear any different relation in the future than it has in the past.

HIS OWN FAULT.

John Tompkins Killed on the M.C.R. at Charing Cross.

Chatham, April 3.—Attempting to cross the Michigan Central Railway tracks at Charing Cross in front of an approaching train, John Tompkins, aged 50, blacksmith, from South Buxton, was killed about 7.55 last night.

HORRIBLE STORY.

Mother Made Cannibals of Her Two Little Ones.

Detroit, April 4.—A horrible story, almost incredible in its barbarity and gruesomeness, is told by Hilton George, an employee of the Hudson's Bay Company in the Algoma district, who arrived at Traverse City, Mich., yesterday to visit relatives.

Little Boy Burned to Death. Rosneath, April 4.—At the village of Fenella, three miles south of here, on Friday, Mr. H. Dovey's little son, who was left alone in a room for a few moments, got the coal oil can, and, it is thought, attempted to pour some of the oil into the stove, and thereby set fire to his clothing.

THE CZAR HUMILIATED.

Germany's Ultimatum to Russia on Balkan Question.

Russian Hatred of Germany Intense - But Impotent For the Present.

Popular Alarm in Britain Demands Increase in Armament.

New York, April 3.—A cable despatch to The Sun from London says: It is now definitely known, despite semi-official denials from Berlin, that Germany delivered a distinct ultimatum to Russia on March 25 summing her to recognize Austria's annexation of Bosnia and Herzegovina forthwith or else military operations would begin against her immediately.

The German Ambassador informed Foreign Minister Izvolsky that if Russia refused to take the step required by Germany would consider the refusal an act of hostility to her. Russian officials and most German troops would at once cross the frontier.

It is necessary to recall here an important bit of history. When the first German Emperor was dying he summoned his grandson, the present Kaiser, to advise him on the foreign policy of the empire.

Russian anger knows no bounds, but it is impotent anger for the time being. The rage of Russia is matched by the alarm of England. No where has Germany's masterstroke created so much uneasiness among all thinking classes as in Great Britain.

POPULAR ALARM IN BRITAIN.

Even Mr. Balfour, whose careless language in politics for the last few years has exasperated his friends and foes alike, is developing qualities of vigorous leadership.

Germany's high-handed settlement of the Balkan questions has completely clarified the European situation in an important sense. Germany has completely solidified, as nothing else could have done, what will henceforth be the putative alliance against her of Russia, Great Britain and France.

GERMANY'S SUDDEN SURPRISES.

Experience has just taught Germany as she learned in 1870, the immense value of secret preparations and sudden surprises. It is this feature of her ultimatum that has most startled Britain.

ANNIVERSARY DAY AT FIRST.

Special Service For School—Rev. W. B. Caswell Preacher.

Rev. Dr. Wilson, of Toronto, at Zion Anniversary.

Rev. Mr. Jaffray, Missionary, in Gospel Tabernacle.

Yesterday was anniversary day of First Methodist Sunday School, and the people of the church had the pleasure of hearing a former Hamilton minister, Rev. W. B. Caswell, now of Colborne Street Church, Brantford, formerly of Charlton Avenue Church. There was a large attendance of the school at the morning service, the primary class occupying the front part of the ground floor, and the rest of the school filling the gallery. Mr. Caswell spoke especially to the scholars, on the subject of money. He built up an original, instructive and highly interesting talk around the incidents in the life of the Saviour, in which His enemies sought to trap him by asking if it was right to pay tribute unto Caesar. His text was "Show Me a Penny." Mr. Caswell showed the children Hebrew coins of the time of Christ, a Roman coin exactly like the penny which Christ had asked for and some modern pieces of silver, and drew a number of lessons from all money comes out of the mint bright, and clean and good. It is all Christian money, for every nation that issues coins dates them from the birth of Christ; therefore they should never be used for unchristian purposes such as the purchase of liquor. Sometimes the coins get into dishonest hands, are drilled and pegged, just as boys sometimes get into bad hands. Then they are sent back to the mint and made over again, and he thanked God that through the Saviour's blood the boys could be purified and come out bright and good again. Mr. Caswell announced a bright ten-cent piece he held in his hand was for some boy in the primary department, if any one wanted it. A number of hands went up, and a little lad was called forward. From the ready way in which he responded, Mr. Caswell drew a lesson of faith. The sermon was greatly enjoyed by the children, who kept the best of order.

In the evening Mr. Caswell preached an excellent sermon from "And the parched ground shall become a pool."

This banner Sunday school has had another prosperous year. It had an enrollment of 681 boys, 213 girls and 116 in the primary class, and 61 officers and teachers. During the year it raised \$1,414.45, and after paying running expenses, etc., contributed \$350 to missions, \$350 to the building fund, \$45 to the young men's club and \$35 to Ryerson Church. The total debt on the school building is now only \$1,213.75. The officers are:

- Rev. R. J. Treleaven, pastor.
Mr. James Hamilton, superintendent.
Mr. Thomas Epps, assistant superintendent.
Mr. W. G. Moore, Secretary-Treasurer.
Mr. Fred M. Moore, assistant secretary.

- Mr. Albert E. Baker, Librarian.
Mr. Wilfred Oaten, musical director.
Miss Jean Kilvington, pianist.
Representatives from Quarterly Boards—
W. B. Smith, J. N. Tallman, Dr. Thos. Wickert.

The annual entertainment will be held on Tuesday evening, at which Rev. Mr. Caswell will give an illustrated address on "Old London," and the scholars will present a fine programme.

FIRST CONGREGATIONAL.

We must realize that the Christian church locally is not a cold storage plant where people are preserved for heaven, but rather a dynamo charging men with energy that they may work out the will of God, said Rev. R. B. Blyth of Burlington, Wis., in his stirring sermon at First Congregational Church last evening. Impressing, in his earnest, vigorous style, the necessity of church members taking a broader view of the work in which they are engaged, he built his discourse on this text, "Lift up your eyes, for the fields are white and ready to harvest."

The Christian church at large, he declared, was afflicted with short-sightedness, so strongly was it taken up with the affairs of local work. In many cases it lost the powers of vision, and when called upon to discern things at a distance resorted to the use of glasses. If Christians would rise to their opportunity, they must lift up their eyes, heeding Christ's admonition. They must grasp the thought that the church was not an organization or institution having to do only with the souls of men, but their bodies as well, that it was not intended merely for a local work, but a broader field.

This wider vision in every case, declared the speaker, would show a reflex action upon ourselves. Glance beyond the mission fields of Africa and one would find the natives so devoted to what they believe in as their gods, they would not close a business transaction without them. What a contrast in this country where often men, leaders in social and business circles, made sure they drove God as far as possible out of their hearts before transacting their business.

The time had arrived, Mr. Blyth declared, for the most rapid development Christianity had ever known; "the fields were white, all ready to harvest."

FROM SOUTHERN CHINA.

The capacity of Gospel Tabernacle was taxed to the limit last night to hold the large congregation that gathered to hear Rev. R. A. Jaffray, of China, a son of Senator Jaffray, of Toronto. Mr. Jaffray was one of the first missionaries to go to Southern China, having entered the field thirteen years ago. He has been conducting a training school for native evangelists and has been very successful. His subject was "Complete Deliverance for All." He pointed out that of all the parables of the Old and New Testaments there is not one but has a meaning. There is not a miracle in the Old or New Testaments that is not a parable. They tell the story of man's fall by sin and Satan and man's redemption by truth and God. It is a mighty miracle how God sent His angels into the jail and how Peter was led into the pure, fresh air of the street. Peter was arrested by King Herod and put in a dark, dank, dingy cell. What a picture is this of our own lost condition. We do not believe the stories of a lot of thinking men who tell us that our race is lost. They say that man can be his own saviour. Man is becoming a god

unto himself and making a god according to his own imagination. We belong to a lost race. We have been apprehended and are imprisoned by our own sin. Many are in the bondage of sin, and do not know it. Peter as he lay in prison slept. He was to have been led out the next morning and slain, and yet he lay asleep. Many men are lying asleep while their souls are condemned to hell. The speaker likened the position of the people to that of Peter. Peter was in prison and two soldiers stood as sentinels at each side of his door. The sinner has the demons of Satan to stand sentinels. Peter was shackled in chains. The sinner is bound in the chains of his evil habits. We are all imprisoned, we all need the light, and how are we going to get it? Open your windows and the light will force itself in. Jesus holds out a helping hand to all who want to come to the kingdom of light.

The congregation and the scholars of the Sunday School of Zion Tabernacle turned out in large numbers yesterday at both services to hear a former favorite speaker in this city, Rev. Dr. W. F. Wilson, preach on the anniversary of the church. Dr. Wilson has lost none of his splendid qualities as a speaker, who at once charms and impresses one with what he has to say. His sermon last evening was a simple gospel one, but in his own inimitable way he brought home some several forcible truths to the large congregation. Speaking from the text of John xii. 32, "And I, if I be lifted up from the earth, will draw all men unto Me." Dr. Wilson sought to show how Christ's ascent to heaven, had made it possible for every man, woman and child to enter into the kingdom of the Lord and Master. It would require no argument to prove that humanity is down, under the dominion of sin. When Jesus was in the world He did much by His own personal work to help the world. Since He has gone the work has developed upon Christian men and women. Dr. Wilson referred to the congress held in Toronto of the Laymen's Missionary Movement, as a start in the right direction. He was beginning to see the error of their ways, on the subject of saving the heathen. The only way to bridge the chasm would be to believe in the principles as laid down by the Master Himself.

During the evening Mrs. Faskin McDonald sang a solo.

FUTURE PUNISHMENT.

"Future Punishment" was the subject taken up last night by Rev. H. R. Christie at Simcoe Street Methodist Church. There was a good turnout of members and the sermon was very interesting. Mr. Christie said that it was unnecessary to say much about the immortality which begins at the resurrection of the body when the anniversary of the resurrection was so close. He said he intended to keep to the New Testament for his points, and to depend on what Jesus Christ was pleased to reveal. His text was "For in the day of the resurrection, the Lord will judge the living and the dead." He said that immortality was a doctrine almost universally held and even the Pharaohs of Egypt believed in the life beyond the grave. They built themselves mighty pyramids, which stand there to-day, as an everlasting habitation for them till the day of resurrection.

Scientific exploration of uncivilized places, he said, discovered the expectation of life after this life. Lo, the poor Indian with his untutored mind, believed in his happy hunting grounds. The ancient Greeks, said he, had their Hades as a place of intermediate dealing. Old Greek mythology set up the throne of Pluto in Hades. There were also the "furies" in Hades, and there were Pluto's minions of vengeance, to execute vengeance on those who had done wrong.

The Greek mind, said Mr. Christie, was fully saturated with the idea of future punishment, but the Greeks also believed in the reward of the good.

On March 19 last Cooper got a divorce, and the decree gave him the custody of the boy. He noticed from time to time that the boy was depressed and he tried to cheer him. When he was ready to take his son out for dinner to-day, Willie told him he had a cold and did not care to go. While Mr. Cooper was absent, the boy killed himself.

SUICIDE AT SIXTEEN.

Boy's Love For His Mother Preyed on His Mind.

New York, April 4.—William Cooper, sixteen years old, son of Oliver Cooper, superintendent of the printing house of F. W. Tuttle & Co., of Liberty street, in his home at 508 Knickerbocker avenue, Williamsburg, strangled himself with a piece of clothes line.

The boy's love for his mother and his separation from her since his father obtained a divorce is believed by the father to have prompted the act.

On March 19 last Cooper got a divorce, and the decree gave him the custody of the boy. He noticed from time to time that the boy was depressed and he tried to cheer him. When he was ready to take his son out for dinner to-day, Willie told him he had a cold and did not care to go. While Mr. Cooper was absent, the boy killed himself.

Garrying Things Too Far. A suspicious sound came from the cellar. Mr. Vanastorbilt sat up in his silken-canopied bed and listened. The ormolu clock on the onyx-and-gold mantel struck the hour of midnight.

Again came that suspicious sound from the subterranean regions. "Burglars busy in the coal bin, eh? It strikes me that this is carrying things just a trifle too far!" remarked Mr. Vanastorbilt, bitterly. And springing from his couch he grasped his trusty revolver and hastened cellarward to checkmate the daring purloiners of his precious anthracite.

Interest at the Bennett Theatre this week will centre in the appearance of Mrs. Eva Fay, the world's greatest and most gifted mental telepathist. This will be her first visit to Canada since her great triumph at the Hammerstein roof garden, New York city. Since then she has made a tour of the world, and has appeared before the rulers of Europe by special command. Her wonderful talent has been recognized with signal honors by European nobility and she possesses numerous costly tributes presented by the crowned heads as marks of appreciation of her mystic works.

Mrs. Eva Fay is without question the most wonderful woman in the world to-day, and her ability to read the human mind like an open book is marvelous to say the least. She, however, claims no supernatural power and plainly asserts the manners and means of her mind reading feats are purely scientific and that there is nothing supernatural about it whatsoever. She has made a life study of the psychology of thought transference and predicts that in a few years it will be considered no more wonderful than the wireless telegraphy of to-day. Her demonstrations of mind reading at her every performance sets her audience wild with suppressed excitement and wonderment at her ability to read her thoughts almost as fast as they themselves think them.

The balance of the bill will include such high class attractions as Charles Falke Semton, one of Vancouver's cleverest entertainers; Earl Reynolds and Nellie Donegan in their great roller skating novelty; Robert Rogers and Louise Mackintosh, presenting "The Green Mouse," a clever little playlet; Smith and Heagney, in a musical skit; Amos, comedy juggler, and Laura Buckley, comedy and character impersonator.

"AN ENGLISHMAN'S HOME."

Berlin, April 5.—There are indications that when Guy du Maurier's "An Englishman's Home" is seen for the first time on the German stage at the Neues Theatre in Berlin on Easter Sunday night, the German public will be witness to a performance of unusual interest. Herr Schmieden, the manager, who has found in this play a drama before Teuton audiences, is the target of furious attacks in the newspapers. If they continue until the day of the opening performance it will be necessary for the Kaiser's police department to send a squadron of bluecoats to the theatre for riot duty.

The manager has sent the newspapers advance copies of the text of the play with a view to convincing them that it is of real dramatic merit, but they decline to view with favor a theatrical piece which ends with the rout of Germany's invincible battalions. The completeness with which the menace of these terrible legions sufficed to induce Russia to back down on the Balkan question has not put German humor to see the point of a play which has the defeat of Teuton soldiers for a climax.

AT THE SAVOY.

There is a large sale of seats for every performance, including the special matinee Good Friday—a week of prosperity is promised for the Selman Company, who are nearing the end of their engagement in this city. Miss Rose Curry, a stage beauty of repute, is now the leading lady of the company, and her beauty, youth and personality will make her the idol of Savoy regulars. The gowns worn by this young lady are strikingly artistic, some of the colors being a genuine pleasure to look upon. "As a Man Sows" is said to be unquestionably one of the most novel, entertaining and forceful English rural dramas ever staged in this or any other country. Its situations are strikingly effective and original. It is a play of rapid action and picturesque, pulse quickening happenings follow one another in quick succession. Du Bois has equipped "As a Man Sows" with scenic apparatus of surpassing beauty, with ar-

tistic and appropriate furniture, mountings and bric-a-brac. Joseph Selman will play the young artist Morton. The brilliant young actress, Miss Helena Rapport, will have a chance to display her emotional ability as the wife and mother. She has already established a following and her work this week will be watched with interest. Seats can now be secured for the week.

MR. HEWLETT'S RECITAL. Despite the fact that the weather conditions were not at all ideal to tempt one out, there was a goodly crowd at Centenary Church on Saturday afternoon to hear Mr. W. H. Hewlett's monthly organ recital. The programme, a miscellaneous one, proved very interesting. The numbers for the most part being familiar to the auditors. The soloist was Miss Bertha Crawford, of the Metropolitan Church, Toronto, and she pleased everyone with her artistic singing. She has a delightful style, and freshness of quality. The featured attraction of the evening was given by Mr. Hewlett on May 1. The programme was: (a) Bourree, (b) Gavotte, (c) Pastorale (J. S. Bach); Allegretto in F (Lefebvre Wely); aria, "I Will Extol Thee" ("Eli") (Sir Michael Costa); Miss Bertha May Crawford; Andantino in modo di Canon (from Symphony No. 4 in F minor) (Tschaiikowsky); Gavotte Moderne (E. H. Lemare); Cavatina (J. Raff); song, "I Heard the Voice of Jesus Say" (Harriss); Miss Bertha May Crawford; Triumphal March (from the opera "Aida") (Verdi).

MISS GLASER TO-MORROW.

When Miss Glaser comes to the Grand to-morrow evening in the newest Viennese operetta, "Mlle. Mischief," she will be seen in male make-up, for the first time since she became a star. It will be recalled that in "Dolly Varden" and in "A Madcap Princess" she appeared in the costume of a previous generation. Charming as she was in ermine and powdered wigs, her vivacious personality is said to show to even better advantage in "Mlle. Mischief," and she not only wears the daintiest array of feminine costumes, but also dons the masculine garb of a fashionable youth as a result of a wager to gain entrance and remain for a whole day in the German garrison at Fremstadt. The production is said to be the finest seen in Toronto this season.

GOOD FRIDAY ATTRACTION.

Musical, mirth, scenic splendor and feminine attractiveness sums up the offering at the Grand Good Friday afternoon and evening, where "The Wizard of Oz"—that exceedingly popular extravaganza—holds forth. Few musical comedies entertain as does "The Wizard," which accounts for its continuance before the public, this being its seventh season. Seats go on sale on Wednesday morning.

"THE VIRGINIAN" COMING.

The offering at the Grand next Saturday, matinee and night, will be "The Virginian," as presented by the Kinke La Shields company, with W. S. Hart giving his excellent portrayal of the name part. This stage portrayal of Owen Wister's widely read novel is exceeding popular, and one of the most successful dramatic offerings of recent years. As a fascinating stage picture of life on the untamed ranges of the West, "The Virginian" has won the endorsement of thousands familiar with the book, and its well-kept story charms all who see the play.

A. J. SMALL IN VAUDEVILLE.

Toronto, April 5.—To-day the Majesty Theatre, of Toronto, representing the last melodrama theatre in Canada, the joint partners of Mr. Ambrose Small, of Toronto, in the immense amusement interests, covering Canada and the United States.

All papers have been signed and every arrangement completed for the in-

stallation of a high-class picture machine and the booking of the necessary acts.

The new lessees have taken the building until the end of August, but may renew it at that time if the venture is a success.

Stair & Havlin, who, with Mr. Small, control a large number of theatres, recently leased by the Amusement Company for the moving picture business, are anxious to have it understood that soprano, has been recognized by the publisher policy of maintaining dramatic and musical theatres and going into vaudeville. As a firm this is not their intention. The houses are only under lease. The Majestic will form a circuit with the Academy in Buffalo, Pike's Theatre in Cincinnati, Burt's in Toledo and others.

"THE RED MOON" GOOD.

Cole and Johnson, in their new vehicle, "The Red Moon," made a big hit at the Grand on Saturday afternoon and evening. It is enjoyed by two large audiences. The play is called a musical comedy, "a study in red and black." It has something to do with the entente cordiale, it might be called, between the Indian and the negro. The plot revolves about these two races, and their love-making. What it was all about, of course, nobody knew, but there was plenty of fine music, some comedy and real good singing. The chorus was quite large, and the girls and boys sang well. One of the contralto singers was certainly the original brass band. The show was the best ever put on here by a colored company.

A POPULAR SOPRANO.

Mme. Macdonia, the popular American soprano, has been recognized by the public throughout the country as one of the best of contemporary coloratura sopranos. She is always relied upon to fill an engagement to the full satisfaction of all concerned. Mme. Macdonia possesses a fine voice, smooth, resonant, flute-like in quality and dominated by a technique that has the merit of not being obvious. It is at all times sympathetic and of that appealing quality which immediately wins hearers. She will be heard at the Grand on the afternoon of April 15th, with the Dresden orchestra.

THE STORY OF THE CROSS.

The sacred cantata, "The Story of the Cross," will be given in Central Presbyterian Church to-morrow evening (Tuesday) evening at 8.30. Miss Eva Mylott, the great Australian contralto, will sing on this occasion, and Miss Gertrude Carey, Miss Esther Horne, Mr. Vernon Carey, Mr. Simon Swartz and Harold Hamilton will take the solo parts in the cantata.

SOCIALISM HURT.

London, April 4.—The recent Parliamentary elections have spread dismay in the Socialist camp in England. The absolute collapse of the Socialist candidacy in Croydon this week can be explained by no other theory than that it marks a severe slump in Socialism.

Socialist leaders admit that they are prepared for a temporary setback to their cause because of the interest the country is now taking in imperial questions. One of them said that the developments of the naval sensation which is before the people will sidetrack the Socialist movement for probably ten years.

In other ways, too, English Socialists have cause for unhappiness. Hanging over their heads is the decision of the courts on the use of trades union funds for political purposes. It is pretty generally believed that the Lords will uphold the ruling of the lower courts, and without the subsidies which they have hitherto received from levies made upon members of the trades unions—many of whom, it should be noted, were not Socialists, and unwillingly saw their forced contributions applied to purposes of which they disapproved—Socialist candidates for Parliament have a very general election are likely to be very few.

STRIKE AT OXFORD

Conducted by Students on Strictly Union Methods.

Oxford, April 3.—The students of Ruskin College, which was founded here in 1899 by Walter Vrooman to provide workmen with facilities for the study of social and economic subjects, have been on strike for a week past on account of the dismissal of Dennis Hird, the principal of the institution.

The students are nominated by the labor unions, and the strike has been conducted on a strictly union method, the students boycotting the other lecturers and picketing the grounds against any possible attempt on the part of Mr. Hird's successor to take charge.

After a lengthy meeting held to-day the students decided to appeal to the unions for 100,000 subscriptions of a shilling each to start a new college. Mr. Hird was removed on the ground that he was unable to maintain discipline. The students scoff at this explanation, and think that pressure was brought to bear for his deposition because his teachings were considered too socialist.

POWDER IN COAL.

Something Near a Tragedy Happened at Brockville.

Brockville, April 4.—Thos. McGraw is a hero around the G. T. R. shops at present. Yesterday afternoon while lighting an engine preparatory to a trip over the road and as the coal was being shovelled into the fire-box McGraw noticed a five-pound tin can of blasting powder used in the mines for disintegrating bituminous coal. A sample of the powder on being tested proved a very powerful explosive. Had the can escaped McGraw's eye it is hard to say what might have been the result.

It is reported at Winnipeg that the C. P. R. and its mechanical unions have made a compromise, whereby the Schedules Committees will sit both at Winnipeg and Montreal.

The Ways and Means Committee at Washington has decided to drop the provision of the Payne tariff bill imposing a consular duty on lumber.

SCALDED TO DEATH.

Toronto, Ont., April 5.—As the result of falling into a tub of hot water yesterday morning, little Freddie, the 3-year-old son of George Stewart, 25 Sheridan avenue, died at the Sick Children's Hospital this morning.

MEMORIAL SERVICE

The memorial service of the late Mr. Arthur Carpenter in Emerald Street Church yesterday morning was very largely attended. The church was suitably draped in remembrance of the deceased. Rev. Dr. Williamson preached from Psalm 137, which he had previously repeated during his last hours. The doctor dwelt on the fourth verse, "Yea, though I walk through the valley of the shadow of death, I will fear no evil, for thou art with me, thy rod and thy staff they comfort me." The doctor went on to show that death was not really the suffering of the human body, but the departing of the soul. And in reference to the life of the late Mr. Carpenter he said: "deceased was not only in a department here, but in every department of church work and always willing and ready. Arthur never sought offices, but was willing to do the humble work, and every one knew if he was not at church at any service something unusual had happened. The choir sang very appropriately hymns. The service was an impressive one."

SHORT ENDS.

Atlanta, Ga., April 5.—Leading his only rival by a wheel's length, Eddie Root, of Boston, won the day bicycle race here Saturday night from Bobby Walthour, of Atlanta. The three teams that were on even terms at the close of the long grind covered 995 miles and two laps. In the final mile sprint, the following riders took part: Root, for Root and Fogler; Walthour, for Walthour and Collins; Cameron, for Cameron and Mitten; Cameron was left in the final sprint.

## ST. YVES WON MARATHON DERBY.

### Longboat and Shrubbs Quit After Running Twenty and Twenty-Five Miles Respectively.

New York, April 5.—A monster crowd of more than 30,000 spectators saw Henri St. Yves, of France, win the \$10,000 Marathon, 26 miles 385 yards, with comparative ease, at the new Polo Grounds, Saturday afternoon. St. Yves, who had never been seen before in this country, afforded a stunning surprise by setting a smashing pace a greater part of the distance, and by passing the finish post with four laps to spare, in 2:40:50.25. Dorando Pietri, the famous Italian Marathon runner, finished second, in 2:45:37, with about 3-4 laps over John Hayes, the little Irish-American, who won the London Olympic Marathon last summer.

ST. YVES.

Hayes ran the distance in 2:49:27, and took third money from Matt J. Maloney by a rather small advantage, the latter's figures being 2:50:49. Tom Longboat, the Canadian Indian, was seen when his feet after going 17 miles, and stopped for repairs. He was induced to resume, but after several weak attempts to stick it out he finally quit, after finishing 20 miles and 5 laps. Alfred Shrubbs, the noted English professional, who battled with St. Yves with superb gameness, and ran on even terms with him for a trifle more than 18 miles, could not stand the Frenchman's terrific pace, and after struggling along in a desperate attempt to get second money, he broke down several times, and when Dorando overhauled him at the end of 24 miles and 3 laps, it was all over with the Englishman. When Shrubbs had finished 25 miles 2 laps, lunched up in a heavy sweater and so footsore and weary that he could scarcely take a stride, he was compelled to throw up the sponge and leave the track.

**WEATHER CONDITIONS BAD.**  
The race was run under decidedly unfavorable weather and track conditions. A drizzling rain fell nearly all the afternoon, and because of the soggy condition of the outfield Tim Hurst decided at noon that the Marathon should be run over a six-lap track. A greater part of the race, therefore, was run over grass, and the turf was thoroughly rain-soaked. Fast time was out of the question. Had the weather been pleasant, and the going dry, St. Yves might have lunged up a new world's record for the Marathon distance, but that record is held by the Italian, who set the best time on record for a race of this kind out of doors, 2:26:15.5, made by Maloney when an amateur, several months ago, in a race from Rye, N. Y., to Columbus Circle.

St. Yves ran the Marathon in faster time than that recorded in any of the recent indoor races at the Garden. At the very beginning of the race he began to show dazzling speed, and when he covered the first seven miles in 29:42-2-5, he began smashing the Garden figures. He made the running up to 11th mile with an ease that amazed the multitude, but at that point Shrubbs, who had been traveling at a slower pace than usual, with Dorando and Longboat close at hand, suddenly took a notion to test the grit and fleetness of foot of the Frenchman. So Shrubbs, leaving Dorando and Longboat with a brilliant turn of speed, overhauled St. Yves and was the leader at the end of the 11th mile. But in spite of all that Shrubbs could do in the way of setting a heart-breaking pace, he found it impossible to shake off his plucky antagonist, and after going 18 miles, St. Yves, tiring of the long duel, drew away as Shrubbs began to show weariness, and rushed on to a brilliant victory. When St. Yves finished his 19th mile in 1:51:24, which was faster time than that recorded in the indoor Marathons, it was only a question of endurance with him.

### Weather and Track Conditions Bad, But 30,000 Spectators Watched an Exciting Race.

bothered by the soggy track, and when he finished in fourth place a bunch of red-hot sports from Yonkers, who had made a pool of \$2,500 to bet on him, turned away sadly.

The Derby, by the way, afforded an opportunity to many sporty citizens to make wagers over their favorites. A dozen former race track bookmakers moved around quietly in the grand stand with little cards in their hands, bet the race and displayed a set of prices which quoted Longboat favorite at 8 to 5, Dorando second at 9 to 5, Shrubbs at 7 to 2, Maloney at 5 to 1, Hayes at 6 to 1 and St. Yves as much as 10 to 1.

The speculators handled plenty of money, but several of them got a scorching because of wagers they recklessly accepted on the Frenchman.

When 12 miles had been finished, with Shrubbs leading St. Yves by a yard, the odds shifted with Dorando as the favorite, Longboat at 11 to 5, Shrubbs and St. Yves both quoted at 2 1/2 to 1, Maloney at 4 and Hayes at 10. At that stage the wise men figured that Shrubbs and St. Yves would run each other in to the ground, and that Dorando would come home with the money. They had a feeling that Longboat would not do, and for that reason they would not bet a dollar on him. St. Yves foiled the smart fellows, as well as every body else, and afforded an upset long to be remembered. The gross receipts amounted to nearly \$40,000, it is said, which means that the Derby will be an annual fixture.

### Records Made on the Closing Day.

### Detroit Men Were in Limelight.

### Leaders in the Various Classes.

The third annual tournament of the Canadian Bowling Association wound up at the H. B. & A. C. alleys on Saturday night in a blaze of glory. The last day was marked by high rolling and records were established. In the open doubles Allan and Menninger, of Detroit, rolled 1,238, while their teammates, Whitenash and O'Connell, rolled 1,235 in the open doubles. These scores were by far the best of the tourney, Menninger putting a 669 in his fame. In the open singles, R. O'Neil, of Toronto, made an excellent score—578. This gave him second place.

Nearly 2,000 bowlers have competed in the tourney just closed. In the open singles, Reg. Graham, of London, set a mark of 641 early in the tourney, and this was never equaled. B. Neil, of Toronto, with 636, made Saturday, coming the closest. Smith, with 578 in the novice singles, and the Hamilton Gun Club, winners of the Gun Club event, were the only Hamilton people to carry off first prizes, while Behrman, and Williams, of Toronto, with 1,187 in the doubles, and Ryan's Ponies in the five-man team novice event, were the Queen City winners.

### Leaders in the Various Classes.

The wetterweight wrestling championship of America will be decided at the Grand Opera House this evening, and judging by the advance sale of seats a new record for attendance at a mat event will be established. Al Ackerman, of Lima, Ohio, arrived here yesterday, and this morning he reported he was within a few pounds of the weight, and that a boil out at a vapor bath would make him ready for the scales. Reports from Conkle's camp are to the effect that the title holder is in fine shape, and ready for the battle of his life. The bout will be called at 9 o'clock.

There will be two boxing preliminaries, possibly three. The curtain raiser will be provided by Nott, of Brantford, and Fair, of this city. Burns Kolitz was anxious to meet Fair again, but it was decided to send him against Kai Ferguson. The first bout will be called at 8:15.

### AMERICA'S CUP.

Prince of Wales May Try For It.

New York, April 5.—Commodore Arthur Curtis James, of the New York Club, and other well-known yachtmen, read with interest Saturday a report cabled from London that inquiries had been made here on behalf of the Prince of Wales as to how a challenge from him for the America's Cup would be received. None of those seen, however, knew to whom the reported inquiry was made.

### KING TO REVIVE OLD DANCES.

Enchanted With Minuets Presented at German Court.

London, April 4.—It is understood King Edward is considering favorably a petition from the dancing teachers, who wish old dances revived at State balls. It is said the King and Queen were so enchanted with the pavan and minuets as danced at the German court that they have decided to introduce them at the Buckingham Palace State balls, when the men as they wear either court dress or uniform, will not look so out of place dancing stately minuets.

### CORNS ARE LIKE KNOTS.

Year by year they grow harder and incidentally more painful. Why suffer when you can be cured for 25c apert on Putnam's Corn Extractor? Fifty years in use and guaranteed to cure.

### More to the Point.

In a certain restaurant the electric lights were suddenly extinguished. When they were turned on again after a few moments, a lady whispered to her companion: "Somebody kissed me!"

Langford points to the fact that when he and Johnson met some years ago he (Langford) weighed about 140 pounds to 200 for Johnson, and that the big fellow got so spirited a thumping from the smaller man that he has no further desire for a meeting. Langford declares that he has now grown much heavier and would enter the ring at about 170 pounds. At this weight he is confident he would be able to make it still more interesting for the champion.

## COMMENT AND GOSSIP

Now that the bowling tourney is over, certain well-known high rollers are without an excuse to stay out late.

Ship of this paper. For many long years his name has stood at the head of the pages as chief and for many long years he has vigorous writings, his common-sense arguments and his denunciations of wrongdoing elicited admiration. Mr. Dodds was fearless in all his doings. Friendship never stood in the way when he felt that condemnation was merited or that the rights and liberties of the people were at stake. No man ever more truly had the courage of his convictions or in a more stalwart and sturdy way stood up for them. And then his reminiscences of by-gone days—of good races run and of good sports had with red gun! His memory was marvellous, and as a raconteur he was hard to beat. For a long time to come his name and his writings will be missed with keen regret from the columns of this paper. His place will be hard to fill. In fact, in his own brave, bright, strenuous way, it is doubtful if it ever can be filled. Improvements, or whatever arguments and his made the paper, who saw scores of rivals go down, will linger long in the memory of readers of "The Canadian Sportsman."

The work of Allison, Buffalo's new pitcher, is attracting the attention of his team mates, and he promises to be one of the surprises of the season.

One of the surprises for the Buffalo fans will be the work of Dave Brain on third base. He is fast on his feet, a sure fielder, with a whip that sends the ball spinning across the diamond with ease, covering the territory in the region of the third sack.
