COULDN'T PLAY SUNDAY BASE-BALL IN BOSTON

Police Awed Teams Ready for the Game, But Manager was Arrested.

Boston, Sept. 18.—Boston's puritanical laws met the Sunday base ball question fairly today and won out, and the first organized attempt to play a scheduled game on the Lord's day failed. Eugene O'Connor, Jr., manager of the All Church League team of Jamaica Plain, was arrested, and the case will be threshed out in court tomorrow.

A game between the All Church League and a team from Fort Banks at Revere has been advertised for several days, to be played at Jamaica Plain, and a quasi permit for the affair secured from the deputy superintendent of police. When a thousand or more spectators had gathered for the game and admitted free to the grounds, the police of division 13 showed up. The Fort Banks team refused to go ahead with the game. The All Church League team also held back, and Manager O'Connor donned a base ball suit and batted a home run over the fence. He was at once arrested.

The All Church League team claimed to have the backing of a large number of citizens and several clergymen in their endeavor to promote Sunday baseball in Boston.

AERONAUT TO TRY PERILOUS FEAT

Will Start Today a Flight Across the Simplon Pass to Italy.

Brig, Switzerland, Sept. 18.—The cross-Alps aeroplane flight from this place over the Simplon Pass to Italy, which was scheduled to begin today was postponed until tomorrow. The local authorities declined to allow the aeroplanes to depart before noon on account of a religious fete held in honor of a local Swiss hero, and the race committee announced a postponement.

Two thousand spectators had assembled in the aerodrome, which is located on a plateau about 900 feet above sea level, and they strongly manifested their discontent over the disappointment, some of them demanding the return of their money. Many of the visitors even went so far as to assert that it was a trick to keep the crowds here.

Estabrooks' Coffee is full of snap and fine flavor. It gives genuine satisfaction to the last drop, and brings back the cup for more. It is as uniformly good as Red Rose Tea. It does not contain an atom of chicory, nor any other adulterant. You will certainly enjoy it.

A MIRAMICHI MOOSE

Crippen Trial is Sensational

Miss Leneve's Former Landlady Tells of a Conversation Which She Had With The Prisoner.

London, Sept. 19.—Something of what Ethel Clare Leneve suffered as, half mad with jealousy, she impatiently awaited the fulfillment of Dr. Hawley H. Crippen's promise to make her his wife, was revealed at today's session of the inquest into the death of Belle Elmore, with the murder of whom the doctor and his typist are jointly charged.

In her distress, Miss Leneve confided in her landlady, Mrs. Jackson, and the story that the latter told on the witness stand rivalled the most sensational evidence introduced at the murder trial. Mrs. Jackson said that the accused girl gave up the room which she had occupied at the home of the witness on March 12, explaining that she was leaving to be married to Dr. Crippen. Until the first week in February Miss Leneve had slept regularly at Mrs. Jackson's. After that she stopped at the house only occasionally. She said that she spent the other nights at the homes of friends. On one occasion, Miss Leneve mentioned having been at the Hill Drop Crescent, the home of the Crippens, early in February, to help the doctor in a search for a bank book which showed an account of \$1,000. She added that a diamond tiara and rings had been found in the home and that the doctor had raised \$850 on these.

About the middle of February, the witness said, Miss Leneve appeared miserable and depressed. Such was her state that Mrs. Jackson followed the girl to her room to learn if possible the cause of her trouble. Miss Leneve, the witness said, was in a terrible state

Miramichi Better Than Maine

Says New Jersey Sportsman Who Knows—Hunters Here From Germany and England—Moose and Partridge Abundant.

The game is unusually plentiful this fall, especially moose and partridge. A day or two ago three moose were seen on the road together at Barti, bogue and several have been shot there since the 15th.

H. J. Ward of New York, who was here three years ago and has hunted since in Maine, arrived Saturday at Hotel Miramichi and along with J. D. Hall of Warrenton, Virginia, has gone with Edward Menzies as guide, to hunt on Bald Mountain. Mr. Ward says that New Brunswick, rather than Maine, is the home of big game. He is delighted with hunter's opportunities on the Miramichi.

A. Woods of New York has gone to Tabusintac after moose.

A. St. G. Hammersley, M. P., and son of Oxford, England, came on Saturday and have gone up the Little South West Miramichi, with David Manderville as guide.

Mr. and Mrs. Rudolf Kleinjung of Ridgewood, N. J., and Mr. Kleinjung's brother, Emil Kleinjung of Wilkan, Germany, has gone to Renous with Norris Manderville, as guide. The distinguished German is loud in his praises of New Brunswick scenery and people.

Chief Game Warden D. Doyle, has returned from Bathurst. Mr. Doyle reports game to be plentiful in that direction.

Ernest A. Mullin is very ill and is at Hotel Dieu, Chatham.

Miss Louise McEncrowe visited her home in Shediac last week.

Rev. F. C. Simpson left last week for a vacation in Cape Breton towns.

Miss Bessie Ferguson has returned to her teaching duties in the Ladies College, Halifax, and Miss Lucy Lisagoy and Miss Laura Willson to their studies at Mount Allison.

Among Tuesday's arrival of sportsmen at Hotel Miramichi were: H. H. Boston; S. T. McDonald, Ashland, Ohio; W. H. Griffin and H. C. Davis, Manchester, N. H.

TRAGIC END OF WINNIPEG POLICE OFFICER'S SPREE

Threatened to Kill Two Men on C. P. R. Sleeper and Later Killed Himself.

Toronto, Sept. 18.—Having threatened the lives of two men in the C. P. R. sleeper from Ottawa to Toronto Friday night, Alfred Robertson, inspector on the Winnipeg police force, and formerly the big drum major of the 48th Highlanders, fired two shots into his own brain in the ladies' lavatory of the car "Cascade" after he had arisen Saturday morning.

The cause given is reaction after a night's dissipation. The conductor of the train took Robertson's revolver away, but when he quired down gave it back again.

NATIONALISTS CARRY SOUTH AFRICA ELECTION

London, Sept. 18.—The final result of the election in the South African Republic was a decisive victory for the Nationalists, 56,000 votes to 47,000 for the Laborites, 3,100 to 1,000 for the Farmers.

Mr. J. M. KOLSON may be elected with nearly 50,000 votes by the Nationalists, or suffering from a severe cold or a gripple.

E. J. PERRY CUT WOMAN'S THROAT AT TRURO N. S.

Gave Himself up to Police and Claimed he Acted in Self Defence.

Truro, N. S., Sept. 19.—What looks like a case of desperate murder came to light this morning at four o'clock when E. J. Perry gave himself up to the police. He told a story of having been attacked by Mrs. Maud Wright in her house on Foundry Hill, and killing her in self defence. The woman's body was found covered with blood and with her throat cut from ear to ear.

Perry exhibited cuts on his wrists and throat to substantiate his story of the attack, but the cuts appear to be self-inflicted.

The Wright woman has led rather a checkered career, and her husband is said to be living in the west. Perry belongs to Charlottetown, P. E. I., but has been in town all week. The deed, the outcome of which will likely result in a charge of murder against Perry, was the result of jealousy.

It is the opinion of the doctors that the woman was killed Saturday night though nothing was heard of it until early this morning. Three razors were discovered in the house, and Perry is said to have borrowed a couple of them from a neighbor yesterday.

When a reporter visited the house the upstairs portion was in a topsy-turvy condition and the room in which the crime was committed was covered with blood.

The inquest will be held this afternoon at two o'clock, when some interesting evidence will be heard.

Mrs. Clifford Sullivan of Boston, is visiting her brother, Lawrence Coughlan of Nelson, N. B.

Mrs. H. B. Anslow and children have returned from Taymouth, Yeak Co., where they were visiting Mr. and Mrs. Wm. Munroe.

MOTHERS WHO HAVE DAUGHTERS

Find Help in Lydia E. Pinkham's Vegetable Compound

Winchester, Ind.—"Four doctors told me that they could never make me regular, and that I would eventually have dropsy. I would bleed, and suffer from bearing-down pains, cramps and chills, and I could not sleep nights. My mother wrote to Mrs. Pinkham for advice, and I began to take Lydia E. Pinkham's Vegetable Compound. After taking one and one-half bottles of the Compound, I am all right again, and I recommend it to every suffering woman."—Mrs. MARY DEAN, Winchester, Ind.

Hundreds of such letters from girls and mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by The Lydia E. Pinkham Medicine Company, Lynn, Mass.

Girls who are troubled with painful or irregular periods, headache, dragging-down sensations, fainting spells or indisposition, should take immediate action to ward off the serious consequences, and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use.

If you want a special advice about your condition, write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

NEWCASTLE, NEW BRUNSWICK, SEPT. 20, 1910

BOOSTING NEWCASTLE We note a good deal is being said at present in the way of boosting our eastern towns by means of writing them up and picturing them in papers and magazines. Would it not be a good time just now, when wealthy men and women are coming in large numbers to our town en route to North Shore sporting grounds, if each citizen would spend a few minutes each morning and evening to clear away the grasses, weeds, and rubbish from the street, sides and grounds around their houses, and remove the cow pasture print from street and sidewalk and give these people an impression that they see a town of enterprise, or at least taste and cleanliness? Their impression will tend to boost the town or discredit it in proportion as they see progress or lothargy in its appearance.

OYSTER BEDS. We were much interested last winter when the Northumberland County Council passed resolutions asking the government for assistance to enable the farmers of Miramichi to secure for their farms the fertilizer which nature heaped in abundance in our midst, namely the Oyster mud beds of the Miramichi River, but have heard of no move on the part of the government to further this scheme of practical benefit for farming. This would mean real assistance and apparently there is not sufficient funds to supply the "white collars" and "silk gloves" of its agriculture policy and also do something practical, hence the latter must wait.

B. OF R. T. MEN IN SESSION AT CHARLOTTETOWN

GOOD HEALTH FOR BABY AT VERY LITTLE COST

Baby's Own Tablets only cost 25 cents a box. A box bought now may save baby's life. Summer complaints come suddenly, and carry away thousands of little one every year. If the stomach and bowels are kept in order there is little danger from these troubles. Baby's Own Tablets is the best medicine in the world for preventing and curing stomach and bowel troubles. They can be given with perfect safety to the new-born baby or the well grown child. An occasional dose of the Tablets will regulate the stomach and bowels and prevent summer complaints. The mother who keeps these Tablets on hand may feel assured her little ones are safe. If you have not got a box of the Tablets get one without delay. Do not wait until trouble comes; it may then be too late. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PANAMA-PACIFIC INTERNATIONAL EXPOSITION

San Francisco is determined to be the city in which the completion of the Panama Canal will be celebrated. 1915 is fixed for the event. Already, five years ahead, Chas. S. Fee, Chairman, Committee on Publicity and Exploitation is urging all friends of San Francisco to request their representatives in Congress to select San Francisco as the celebration City. New Orleans and Washington are also aspirant Cities, the City of the Golden Gate appears to have a long lead. Among the interesting claims now advanced by Mr. Fee, are that the citizens of San Francisco have subscribed \$6,300,000 and will make it \$7,500,000—and that the city or State of California will add as much or more; that 90 per cent. of the people who take vacations do so in the summer and on of the factors influencing their destination is cool climate; that (contrary possibly to general belief in the East) cool summer climate is San Francisco's strongest card, temperature averaging 59 degrees which is only seven degrees higher than winter; that the new San Francisco built in the past four years at a cost of \$300,000,000 is the last word in great Cities, and in itself is a magnificent exposition of everything modern and beautiful in structure and the things that stand for a clean, healthy place to live and do business; that it is best equipped in hotels, and finally that the success, financially and otherwise, of the exposition is assured from the fact that experience has shown that 75 per cent. of the attendance at previous great exhibitions came from within a radius of 250 miles, and as San Francisco and the Cities around its Bay within 30 minutes ride, have a population of 900,000 within 50 miles of San Francisco 1,000,000 and with in 240 miles 1,400,000 the people nearby can be depended upon to make it go as well as to give sufficient life and snap to insure pleasant reception for those coming from a distance. ST. JOHN WOMAN THROWN FROM THIRD STORY

Shocking Act of a Husband Crazed With Drink.

St. John, Sept. 18.—With her jaw dislocated, one rib broken and her arm broken, Mrs. Kenneth Kerr was picked up Saturday night on St. Patrick street in the yard where her husband had thrown her from a third story window. The man was crazed with drink and after the woman had been taken to the hospital the police returned and placed him under arrest, his screams alarming the neighborhood. The body of Patrick O'Neill, of Restigouche Co., who escaped from the insane asylum and jumped from the suspension bridge into the river on June 25th last, was recovered today.

Where Mary And Her Little Lamb Went To School.

"Mary Had a Little Lamb" is as familiar to school children as their A B C's, but not many of them know that it is a "really, truly" story. It all happened in Massachusetts many years ago. Mary Sawyer lived in a pretty little house in Sterling. Her father owned a number of sheep, and when one of them died, leaving a dear little lamb motherless, Mary carried it into the house, gave it milk and made a little bed in a box by the fire for it. The lamb grew day by day and before long showed its devotion to Mary by trotting after her wherever she went. But the story of its faithfulness did not reach the world until "it followed her to school one day." No wonder the sight of a snow white lamb within the halls of learning "made the children laugh and play."

It was not long after that a friend of the teacher, who had been told the story, wrote a poem which soon known throughout the entire country, and has ever since been a favorite with the children. Mary's care of the lamb was amply repaid. Many years later, when she was a grown woman, happily married, and a member of the Old South Church of Boston, Mary unravelled a stocking made from the wool of that very lamb, wound bits of it on cards and sold each of them for twenty-five cents. The money she made in this way she gave to the fund which saved the Old South Church from being razed to the ground.—The Designer for January.

Amatite ROOFING Ideal for Farm Buildings

AMATITE is the ideal roof for farm buildings. No other approaches it in economy or durability. Here are some of its features: 1. Low Price. Amatite costs, weight for weight, about half as much as ordinary smooth-surfaced roofing. 2. No Painting Required. Amatite costs absolutely nothing to maintain because it has a real mineral surface. 3. Absolutely Waterproof. Amatite is waterproofed with coal tar pitch, the greatest waterproofing compound known. 4. Easy to Lay. No skilled labor is needed for Amatite. It is just a matter of nailing down. 5. Stormproof. Amatite is not a flimsy, paper-like felt. It is one the heaviest and most substantial ready roofings made, weighing 90 lbs. to the square, against 40 to 60 of material in the ordinary "Rubber" roofings. The three important points to be remembered are that Amatite has a real mineral surface, that it needs no painting, and is waterproofed with Coal Tar Pitch. You are only sure of getting them in Amatite. We send samples free to everybody that asks for them. Drop a postal to our nearest office.

 The Campbellton Foundry and Machine Works have their buildings up and are now able to attend to all orders for castings, mill repairs and general jobbing. Mr. W. J. Duncan is the manager.

SHORTAGE OF LUMBER.
 There is such a demand for lumber of all kinds that it is impossible for the dealers or contractors to procure stock to keep up with their contracts. Time is lost in consequence of the scarcity.

THANKS
 We are indebted to Wm. Ryan, Mrs. Martha Chisholm, Miss E. Pritchard and Miss Janet Robinson for several copies of Graphics of dates previous to the Campbellton fire and we return thanks for same.

A GOOD POSITION.
 Can be had by ambitious young men and ladies in the field of "Wireless" or Railway Telegraphy. Since the 8 hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance for advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.—Sept. 13-9 ins.

MANY CONTRACTS LET
 Besides the contracts already mentioned in the Graphic, the following additional ones were let last week for substantial brick buildings on Water Street: H. A. Marquis, general store; McRae Bros. Boots and Shoes; John Gray, restaurant and lodging house; Edward Sullivan, farm implements, and Leon Cantin, jewelry.

MRS. JOHN McRAE
 The death of Mrs. John McRae, whose maiden name was Mary McRae, occurred at her home St. Godfrey, Que (Nouvelle), on Tuesday morning Aug. 9th 1910 at the age of 66 years six months and five days. Mrs. McRae had been ill for several months suffering much at times but bearing all with calm resignation. Deceased left a husband three sons and three daughters to mourn the absence of a dutiful wife, a kind and motherly mother. The funeral took place on Thursday afternoon to the Presbyterian church, Hopetown, Que., many friends and acquaintances attending, and from thence to the cemetery not far away. The Rev. George P. Tattrie, pastor, conducted the service. The hymn, "Now the laborer's task is o'er" was sung at the house of mourning. "Asleep in Jesus" and "Take Comfort Christians," were sung at the church. And I heard a voice say, write, Blessed are the dead who die in the Lord.

I. C. R. BOARD OF MANAGEMENT INSPECT I. C. R.

The I. C. R. board of management was in Campbellton last week, and left in their private train of four cars on an inspection trip over the Intercolonial Railway, Mr. Thomas Malcolm, conductor of the road and a few friends accompanied them.

Therun through from Campbellton to St. Leonards was made in good time, and in an interview with the Fredericton Mail, Mr. Campbell is reported to have said the road was in good shape.

The Mail says: The I. C. R. board of management arrived in the city at about 12:30 in a special train of four cars, which came over the C. P. R. from St. Leonards. The board is making a regular inspection of the line of the I. C. R. and also the branch lines. Mr. Campbell, deputy minister of railways, was one of the party. Other members of the party were Messrs. Pottinger, Brady and Tiffin of the Board of Management, Mr. W. A. Bowden, Chief Engineer of the Department of Railways and Canals, Ottawa, W. B. McKenzie, Chief Engineer of the I. C. R., and R. W. Simpson.

Mr. Campbell informed The Mail that the inspection of the International Railway from Campbellton to St. Leonards was completed, St. Leonards being reached at 6 p. m. The road is in good condition and runs through a country which though scarcely settled, is heavily wooded and capable of great development.

The Board will report on the availability of the I. C. R. taking it over.

I. C. R. NOW RUSHING WORK ON CAMPBELLTON TERMINAL FACILITIES

Three Hundred Men Engaged in Excavating for Roundhouse and Laying New Tracks—Will be Modern in Every Respect.

READY BY CHRISTMAS

The most skeptical citizen must now be convinced that Campbellton is to be the I. C. R. divisional point. Despite the effort which has been made to have the terminal works removed to Belledune, they are today well under way at Campbellton, and hundreds of men are hard at work on the excavating for the Roundhouse.

The site chosen is that formerly occupied by the Wm. Richard Co's upper mill, and is an ideal one in many respects. It is on the river bank, away from residences or stores with ample room for growth.

The roundhouse will be of brick on a concrete foundation. It will contain twenty-eight stalls, capable of holding twenty-eight of the largest type locomotives, while the old one had only sixteen stalls, and some of them were not long enough for the large engines. Besides these stalls there will be a turntable of the latest pattern, offices for the officials, and restrooms for the men, besides store-rooms etc.

On this work, which is being done by days work, and which is being rushed, there are about three hundred men engaged, and more will be added from time to time.

The scene of labor is a very animated one and is worthy of a visit.

Already shacks with sleeping accommodation for nearly two hundred men have been erected. These shacks have cook houses and dining hall, and therein some of the men will live. Then in the sidings are trains of shanty cars, in which a large number of men are housed, and are fed.

The officials in charge are pushing the work as it is expected that by Christmas the walls will be up and roof on so that the locomotives can be housed, and then the interior will be finished during the winter months. This work will cost about \$150,000.

Diarrhoea is always more or less prevalent during September. Be prepared for it. Chamberlain's Colic, Cholera and Diarrhoea Remedy is prompt and effectual. It can always be depended upon and is pleasant to take. For sale by all dealers.

The Trade of Royalty. No advertisement is more valuable than the royal warrant which allows him to place the royal arms over his place of business and describe himself as "purveyor by appointment to His Majesty the King."

Each tradesman who has the royal custom must send in his bill at the end of the month. It is compared with his ledger account kept at Marlborough House and if correct is paid in the first week of the month. No discount is asked on any of the royal accounts, a tradesman who receives the royal custom is informed that he must supply goods at the lowest reasonable price and there is never any attempt at bargaining by the official of the royal household. If a tradesman is thought to be making extortionate charges he simply loses the royal custom.

Coal is supplied to Marlborough House by contract, the contracts being made for three years and the contracts paid in equal half yearly payments. Window cleaning, carpet cleaning and chimney sweeping are all done by contract and the glass frames of large pictures are also kept clean by contract.

Servants' wages are paid monthly, the upper servants being paid by check sent to each from the Treasurer's Department. The King's accounts for clothes, cigars, theatres, newspapers, books and other personal articles are sent to his secretary, not the Treasurer, and are also paid monthly. King George always like to see these accounts before they are paid and it was once a rule that they should be initiated by him before they were discharged.

A Wet Harvest Retic. A curious token has just been found at Barton, inscribed "Tunstead and Happing, 1812. One Halfpenny. Payable at the Corporation House." This was the year of the wet harvest, the worst ever known. It rained incessantly all September, October and during most of November, and on November 29 farmers were carting barley, a sharp wind frost prevailing. Wheat was 63 shillings a comb, and so bad was it in quality that dough made from the flour resembled slime. Every Monday morning the overseers and church wardens met at the parish churches to devise means to provide employment and relieve the starving poor.—London Standard.

John Perford, aged 109 years, and said to be the oldest man in Australia, died at Oceanmundra recently. He had lived under six monarchs, from George III. to George V.

The destruction of the house fly is a public duty. Almost every American State Board of Health is carrying on a crusade against him.

His filthy origin and habits, and the fact that his body is generally laden with disease-producing germs, makes him one of the greatest enemies of the human race.

If the housekeepers of Canada will use

WILSON'S FLY PADS

persistently, this peril would be tremendously reduced.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 50 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties.—Must reside upon the homestead or pre-empt from six months in each of six years from date of homestead entry (including the time required to earn homestead patent and cultivate fifty acres extra).

A homesteader who has exhausted his homestead right and cannot obtain a pre-empting section for a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$900.00.

Deputy of the Minister of the Interior, N. B., will be held in abeyance for May.

BLESSED HALF MILLION CATHOLIC DEAD

Archbishop Bruchesi Hopes That Religious Barriers Will Be Swept Away, and That One Cemetery Will Hold All.

Montreal, Sept. 18—The feature of the annual ceremony of blessing the half million dead lying in the Catholic cemetery behind Mount Royal this afternoon, was the reference by Archbishop Bruchesi to the recent Eucharistic Congress. His Grace paid an eloquent tribute to "The support received from our separated brethren," and added, he hoped the time was coming when through the mercy of God there would be but one cemetery in Montreal, and that all religious barriers separating the people would disappear.
