Little Girl In Playful Race With Brother to Get Into Her Home Meets Death in Sad Way

A most deplorable accident happened on Saturday night which resulted in the death of a dear little girl and throwing her family into the deepest sorrow which is shared by the numerous friends of the family. Saturday night Mr. and Mrs. Robert Adair, who live on William St., with their two children, Margaret aged nine and her brother somewhat older, had been to a moving picture show.

My Ridge Tag Day Is Productive of Nearly \$600 to the G. W. V. A. Funds

My Ridge Tag Day proved very successful Saturday. All day long the taggers persisted and not many escaped their vigilance. When the street collections were made up at night about \$580 was secured to have been taken in by the taggers. This does not include the factory collections which it is expected will add pretty materially to the sum total.

Question of Half-Holiday

At the request of several merchants the Chamber of Commerce is calling a public meeting for Thursday night of this week in the Standard Hall to give opportunity for discussion on the question of a half-holiday in mid-week during summer. It is expected that a large attendance of merchants will turn out together with clerks and other employees so that an arrangement that is satisfactory to the great majority can be reached. Store keepers, whether members of the Chamber of Commerce or not, are invited to attend and express their views.

THE ASSESSMENT ROLL

Criticism has been offered by a member of the City Council because of the delay in the printing and delivery of the assessment roll, a job authorized by the Council of last year with the expectation that it would not run to any such number of pages as it has totalled. Not knowing all the difficulties attending the setting and printing of the work, at the contract figure, a member of the present Council may be sincere in his anxiety to have had the roll put out in book form some time ago, but if he were in the printing business there are facts with which he would soon become familiar.

There was no time set for its delivery for it was assumed, and properly so, that any established printing house would deliver the finished job as soon as it reasonably could and that there would be no motive in carrying along the job from week to week. There has been fair despatch in turning out the booklet.

It is logical to state that the printing house do not purposely delay delivery of any large job because there is usually considerable money locked up in the work and payment is not received until sometime after delivery. At the same time at the price at which the contract was let it would not pay a printer to neglect the other work of a variety of kinds that comes in each day and must demand attention. Nearly all overtime on such jobs as that of the assessment roll is necessary and where jobs have to be done over regular work hours, at nights and on Sunday the cost is not only greater than where it can be done on straight time but it takes much longer to produce.

Now that the printed work has been delivered some five or six days it may be enlightening to the public to know that no more anxiety exists on the part of the citizens to go to the City Hall and take them away than as though the documents were a treatise on Greek Mythology. If the booklet had been delivered two months ago it is not likely there would have been any greater rush.

It seems to be an example of where something is wanted very badly until it is obtainable and then there is no demand for it. The assessment roll is a document worthy of perusal. It is available free at the City Clerk's office to every ratepayer, but it is not a booklet that will walk of itself to the homes of the tax payers and unless there is some of that real genuine curiosity on the part of ratepayers to see how much less their neighbors are paying in taxes than they are, the experience of previous years will be repeated when the booklets were left to molder in the City Hall cellar.

MAY BE NEW TAX ON BRITISH SPIRITS

LONDON, April 12.—Extra taxes on imported wines and an import duty of \$5 per horse-power on automobiles are two provisions to be embraced in the Budget to be presented to the House of Commons on Monday. Beyond these Austin Chamberlain, Chancellor of the Exchequer, perhaps a proposal for a complete new tax. The liquor trade is expecting additional taxation as large profits are made by the sale of spirits. If more taxation is demanded in this quarter it is expected to be accomplished by a ban on increased retail prices.

The Chamber of Commerce held a luncheon at noon at the Grand Central.

A New Blood-Food Called Ferrozone Sure to Restore You Quickly . .

Every day comes the good news of wonderful cures with Ferrozone. In Peterboro' it worked marvels for Louis Meehan—put him right on his feet—made him entirely well.

"About three years ago," says Mr. Meehan, "I had the Grippe which left me in a very run-down condition that finally developed into dyspepsia. I was unable to eat but a few things and had a craving for acids. I gave up treating with the doctors because they did not help me and on the advice of a friend used Ferrozone. It not only cured me of Dyspepsia and Biliousness, but has built up my strength to what it was before I had the Grippe. I can recommend Ferrozone as an ideal restorative."

Ferrozone gives you force, energy and vim.

It strengthens the stomach, cures indigestion, prevents headaches—guarantees good health.

Thousands use Ferrozone—they all feel better; Try it yourself—sold in 50c. boxes, six for \$2.50 at all dealers or direct from The Catarrhozone Co., Kingston, Ont.

PAINT LENGTHENS LIFE OF BUILDINGS AND MACHINES

Many an old ship has stood the racket of ocean travel for years mainly on the strength of the tar or paint applied to her sides, but sailors do not wait for the ship's hull to become weather beaten before applying the first coat of paint. Farmers, on the other hand, seem much inclined to let their buildings reach a state of partial decay before making any special effort to safeguard them against the play of wind and water. As a matter of fact, nothing pays better than paint applied immediately after the building is constructed, in lengthening the life of the structure. The same applies to farm machinery parts especially the wooden parts and it will always pay to paint such repairs to machinery wagons, etc., as have to be made before the work season for these articles commences.

Good paint applied to farm buildings and machinery, not only protects the good management employed in running the farm, a fact that helps greatly in case the owner wishes to

sell either the farm or some of its products. Many farmers have paid so much attention to the economic value of their farm that they have neglected an important side of farm life. There is no reason why the farmer and his family should not have as attractive a home as attractive as the city dweller has. The farmer's neighbors as well as the passing observer, will judge him largely by the care he takes of his stock, his machinery, and his buildings. Painting is the easiest and least expensive way of making sure of neat clean surroundings, and is the best way of preserving the lumber in buildings, implements or machinery. With spring approaching, the time has arrived for going the rounds of the machine shed to look out these articles that can be moved to a warm building for retouching with paint in addition to their annual overhauling and repair.

ONE-LEGGED ROBIN RETURNS TO FRIENDS

For Third Time He Comes to Nest in Tree on Lawn.

WINGHAM, April 12.—A resident of this town claims to have a unique bird story to tell, with the supporting evidence of the visitor's location in a tree on his lawn. Probably he will take the doubting Thomas to his home and quietly peep behind a curtained window all while to feast his eyes on his prized marvel and welcome visitor a one-legged robin.

Three years ago the citizen first noticed his little bird friend on the lawn of his home, and the peculiar gait of the bird, in hopping, first drew his attention and close watching revealed the fact that it had only one leg. Throughout the summer everything was done to make the bird feel at home, and its return last summer was welcomed as proof positive that he had adopted the citizen and his family as his summer hosts, and the tree on the lawn as his summer residence.

Throughout the winter the possibility of the one-legged visitor's return for a third visit was the theme of many a discussion over the meal tables of his friends, with the result that his appearance in his old haunts and his cheery song from the tree in which rests his nest, brought real pleasure to his human friends and hosts, and a regular bird banquet was held in his honor.

Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in an day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headaches, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food. Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

PROTECTING HUMAN LIVES

The Ontario Safety League continues to place a large amount of literature in the hands of motorists, school children, industrial workers, and others throughout the Province. In the first three months of 1920 the League has distributed an enormous amount of safety material, including 35,000 industrial safety bulletins; 32,400 school safety bulletins; 8,500 special bulletins; 8,500 traffic bulletins; 2,700 electric railway bulletins; 150,000 motorist's safety book-marks; 10,200 health bulletins; 6,500 news letters; 9,090 safety calendars; 12,000 leaflets to the "new man"; 125,000 gummed seals; 3,000 safety cards and posters.

The League will hold an annual meeting in Toronto, beginning Tuesday, April 13th, at the King Edward Hotel.

The first license for a commercial harbor in Canada was taken out for the Ottawa Air-drome.

THE SAVING OF REFORM

The chief trouble with reform as at present conducted is that it makes professional reformers.

Good citizens get together to choke the life out of some intolerable evil. They give the movement a great amount of energy, perhaps much money. But American and Canadian citizens are busy men, and their time is precious. So very soon the body of good citizens hires a secretary, employs a lawyer, or establishes an institution to carry out purposes the public spirited citizenry cannot spare the time for.

By this course, specialists have been created, profession has been established according to the Detroit Journal Secretaries, Lawyers and institutions proceed energetically to smash the particularly offensive evil into small bits. But self-preservation requires that the professional reformers thus brought into being shall keep their jobs in mind. So before an evil done for, another has been brought to the light and spectacularly advertised before the body of good citizens. Thus the money keeps coming in. The jobs are kept intact.

Inevitably evils which are of minor character, mere human frailties, and of no particular harm to society in general, get on the bad books of the professional reformers. Judgment varies in the matter of selecting the evils to strangle. Sometimes a real one is attacked, but a softer very small evil is exaggerated out of all proportion—reform develops into mere busybodom and nagging—a man with a comparatively harm-

less habit finds himself the victim of a harassing, irritating propaganda. It would be impractical and unwise to put restrictions upon bodies of good citizens that undertake reforms. But it ought to be possible to compel the professionals—once some particular evil has been scotched—to quit the business. It will be uncomfortable for them to go out and hunt new jobs, but it would be comforting for the defenseless public and the salvation of the good word Reform.

Swift's Premium Hams and Bacon

A few slices of this mild, delicately-cured ham or bacon—cooked to a tempting brown—served sizzling hot—make a meal the whole family will enjoy. For Swift's Premium is outstanding in excellence: the Ham, because of its extra mild cure and juicy tenderness; the Bacon because of its succulent fat and enticingly flavored lean; and both because of their characteristic savouriness due to the exclusive Swift process of selection and curing.

Serve Swift's Premium on your Easter breakfast table and we know you will insist on this brand in future.

Strong Women

By Dr. Valentine Mott.

Women and men too—are just as strong and healthy as their blood. Viger and health come with good blood.

Without good red blood a woman has a weak heart and poor nerves.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, if one is tired and listless, generally weak, a Spring Tonic should be taken. An old-fashioned herbal remedy that was used by nearly everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made of roots and herbs and called Dr. Pierce's Golden Medical Discovery. If druggists do not keep it in tablet form, send 50 cents for a vial to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

PLANES TO TAKE FUNDS TO NEAR EAST WORKERS

NEW YORK, April 10.—Airplanes are to be used to carry mail and funds to American relief workers in the interior of Syria, who have not been heard from for a month, according to a cable message received here yesterday by the Near East Relief.

Miss Elizabeth Frost of Summit, N. J., Miss Kathryn Twiddle of Niagara Falls, Miss Pauline Bill of Williamantic, Conn., and Silos Hertzler of Denbigh, a., have left Syria for the United States.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since August and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over-subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Even in view of this, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$48,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled.

Shows Solid Growth.

In all the various departments the record shows that as often as humanly possible every opportunity has been seized for the advancement of every branch of the organization. Inasmuch as every act of service means the welfare of somebody, the same rate of growth has been reposition which the Salvation Army

occupies today indicates tremendously increased service to the community.

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.

THREATENS STRIKE 500,000 WOMEN FOR 8-HOUR DAY

ALBANY, April 10.—Threats of a strike of 500,000 women in industry to force the adoption of an eight-hour day and a minimum wage, if the legislature does not enact such laws at the present session, were

contained in a statement prepared today by representatives of the women's joint legislative conference.

The strike proposal is made by Miss Rose Schneiderman, president of the New York Women's Trade Union league, who notified the women's joint legislative assembly conference that the 75,000 trade union women in that state will no longer "dilly dally around trying to hammer bills passed by a reactionary legislature controlled by Speaker Sweeney and the manufacturing interests of the state."

"Labor," Miss Schneiderman said, "has come to realize that it cannot expect any relief through legislation."

Mountain Grown Orange Pekoes are Best

Orange Pekoe Teas are plucked from every tea bush.

So there are poor Orange Pekoes and those of fine quality. Low price and high price.

The best Orange Pekoes are plucked from tea bushes grown from selected seed in the carefully cultivated soil of mountain side gardens, and gathered at a certain time of the year when the flavor is most fully developed in the leaves.

Naturally these command the highest price.

They are worth it, as you will agree when you taste their exquisite flavor in our Red Rose Orange Pekoe Tea---the new and higher priced tea for those who are willing to pay a little extra price for a tea of extra quality.

There are numerous packages of Orange Pekoe teas on the market. See that the one you buy has the name---Red Rose Orange Pekoe Tea---on our waxed board carton.

Mountain grown Orange Pekoes from the best plantations. A tea of extra quality at a little extra price.

Our well known Red Rose package, the sale of which is increasing faster than ever before. Red Rose consists chiefly of Assam teas, the richest and strongest in the world and therefore very economical. (The Red Rose Orange Pekoe package is a little different in design.)

PEEKSKILL, N. Y., April 10—
The Rev. Ellis Shipperly, pastor in
three suburban Methodist Episcopal
churches, today discarded his frock
coat for a pair of overalls and began
work as an apprentice pearl cutter
in a local factory. He announced he
had resigned his pastorate because he
"couldn't make both ends meet" and
would confine his preaching to
"relief work which would not inter-
fere with factory duties."
His salary as a pearl cutter would
be several hundred dollars a year
more than his salary as a minister,
he said.

**Little Sympathy
At Ottawa With
Hydro Schemes**

SIR ADAM BECK SUSPECTED OF
SEEKING AID—BREAKING UP
G.T.R. SYSTEM NOT
POPULAR
OTTAWA, April 10—Sir Adam
Beck's elaborate plan for the exten-
sion of the Hydro-radial system by
the acquisition and electrification of
the lines owned by the Dominion Gov-
ernment has no sooner been broached
at Ottawa than objections loom upon
the surface. The capital is not a place
where either Sir Adam or his plans
are in particular favor. Between him
and the Dominion Government the
relations are not the most amicable.
Dr. Reid, with whom he conferred yester-
day, has often given vigorous ex-
pression to opinions not very flatter-
ing to the head of the Hydro and Sir
Adam has replied in kind, if he were
not the aggressor.

No sooner had the knight left the
offices of the minister yesterday than
D. B. Hanna, head of the Canadian
National Railway entered and the two
have always been at daggers drawn.
It will be surprising therefore if any
scheme for the acquisition of electric
lines now existing or for the electrifi-
cation of the Grand Trunk branch line
by the Hydro will elicit any concu-
rence either from Mr. Hanna or the
management of the Canadian
National lines.

An opinion which is voiced freely
around the corridors among the On-
tario members is that in the proposi-
tion he has put forth Sir Adam is
seeking aid from the Dominion Govern-
ment in pulling certain chestnuts out
of the fire in the form of promises
for radial extensions. To succeed, he
will have to neutralize this opinion.
The main argument in favor of buy-
ing the Grand Trunk was that it would
provide the necessary "feeders" for
the Canadian National railways.

The line is being acquired at what
considering its obligation, will prove
to be a very heavy expense and in
government and parliamentary circles
here the predominant idea is that
they will be held. The contention is
that the Government having bought
the whole thing should proceed to
operate it.
Any proposal for dividing up the
system to meet the purposes of the
Ontario Hydro will be opposed by the
members and ministers from other
provinces, and will not lack opposi-

The knowledge gained from many years' experience in treating diseases just like yours is of much benefit
to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that
he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient
the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered
specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION
A CONDITION AFFECTING MANY MEN—THE GREAT AM-
ERICAN DISEASE—IT IS BROUGHT ON BY OUR MAN-
NER OF LIVING—OUR WORRY AND HURRY—AMER-
ICAN EXHAUST MORE NERVOUS ENERGY THAN ANY
OTHER RACE OF PEOPLE.
There are a great many men who need treatment for their
nervous system. These men do not know what is the reason they
don't feel right—why they can't work like they used to—why they
tire so easily and why they are irritable, nervous, dependent,
weak, pale and lack ambition. These conditions require the ex-
pert knowledge and treatment of a specialist who has had many
years' experience in just such ailments. A specialist learns by
experience to know just the right treatment at the right time so
that the patient can be dismissed at the earliest possible time. Men
affected with nervous exhaustion have no endurance—no ambition
—everything they attempt is an effort. Life to them appears as a
long, gloomy future. Their appetite is poor and variable—they be-
come irritable, cross and discouraged. They have pains and aches
in various parts of the body and there is often indigestion and
pains in the stomach. Sleepless, wakeful and restless nights fol-
low.

RHEUMATIC AILMENTS
SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO,
PAINS IN BACK, SWELLING, ACHING, PAINFUL
CONDITIONS IN ANY PART OF THE BODY—INFLAMED
AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY
OTHER SYMPTOMS.
Hundreds of men are suffering with some form of Rheumat-
ism. Many of these men go from day to day suffering untold agon-
ies thinking they cannot be cured. They have tried liniments, rub-
bing, massage, salts and other treatments without experiencing
any relief, and they are now going through life thinking they
are martyrs to that burden called Rheumatism. If these men could
only know how easy it is to get rid of many rheumatic conditions
I know they would not suffer another single day. Then all suffer-
ers of rheumatism would be strong and healthy if they could
get rid of the condition. Rheumatic patients are nearly all strong
and robust before being attacked by this ailment, and therefore
it is so hard for the man to understand why he should suffer the
agonies of such a condition. When a man gets rid of such a condi-
tion he feels that a heavy burden has been lifted from his life, and
he starts right out to make up for lost time both in money and
pleasure. When a man comes to my office suffering with the
above condition he is given a most careful examination, and he is
given treatment that he feels is giving him great benefit.

OUTRAGES FROM
SOUTHERN IRELAND**

LONDON, April 10—Further out-
rages in different parts of Ireland
were reported today. A vacated po-
lice barracks at Blackroy, outside the
Limerick boundary, was burned
down. Four men arrested, under the
defense of the realm act, were taken
to Cork.
A. Nemagh, Tipperary, report says
three constables were shot at while
riding bicycles from Bear Cross to
Newport. It is said that one of the
constables was killed, that another
was fatally injured and the third
badly wounded.

The Protestant cathedral at Ross
Carberry, County Cork, was entered
Wednesday night and the statue of
the late Lord Carberry, valued at
\$1,000 was damaged beyond repair.

WASHINGTON, April 9—A re-
fusing bond offered by counsel, one
of the Irish pickets arrested for pick-
eting the British embassy, Miss
Mary Galvin, of Philadelphia, and
Maura Quinn of Jamaica Plain,
Mass., today were committed to jail
to offer a preliminary hearing before
United States Commissioner Rich-
ardson.
The third of the trio arrested, Miss
Katherine McKeon of Philadelphia,
gave bond in the sum of \$1,000, and
was released until Monday, when
the cases of the seven women thus
far arrested will be called.

Picketing of the Embassy was not
resumed today, headquarters of the
picketeters announced that they planned
to transfer the scene of their
protests to the Treasury Depart-
ment.

CASTORIA

Fletcher's Castoria is strictly a remedy for infants and children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its base is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Carpentier Had Sore Arm When He Disposed Of English Champion

NEW YORK, April 10.—George Carpentier knocked out Joe Beckett with a right arm he hadn't been able to use for almost a week, according to Jack Blumenfeld, the British middleweight. Blumenfeld was one of the seven sparring partners who got out to go through a six weeks' course training the Frenchman for his bout with the British champion. "I was the only one who was able to stick it out," said Blumenfeld, "and I was working out here. More than a week before the

fight, Georges slipped in his training quarters and fell heavily on his right arm. The bones were bruised below the elbow and the muscles were strained. We kept it a secret. The public was not admitted to his quarters, and no one knew when he went into the ring that he had a lame arm," he said. "This Joe Beckett is one tough bird, believe me. He's not the boob the Americans think he is. When Georges went in and put him away with one punch from his disabled arm, I made up my mind there that no living man can whip him. 'Has he a punch? Well, let me tell you he has. He's not a murderer of sparring partners though. He always asks to be told when he's hitting hard. I told him more than once. And he can take a punch. He's awful hard to hit, being very fast and

HOW WEAK WOMEN ARE MADE STRONG

Mrs. Westmoreland Tells in the Following Letter.

Harrison, N. Y.—"When my first child was born I did not know about Lydia E. Pinkham's Vegetable Compound and had a very hard time. I read in the newspapers about the Vegetable Compound and when my second child came I took it and was well during the whole time, and childbirth was a hundred times easier. Ever since then I have used it for any weakness and would not be without it for the world. I do all my work and am strong and healthy. I am nursing my baby, and I still take the Vegetable Compound as it keeps a woman in good health. You may publish my testimonial for the good of other women, if you choose to do so."—Mrs. C. WESTMORELAND, Harrison, N. Y.

Women who suffer from displacements, irregularities, inflammation, abortion, backache, headaches, and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, and for special advice write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Make Small Loans To Help Workers

One Million Dollars Will Be Spent To Help Mechanics From Canadian Relief Fund

Rehabilitation of Poland's middle class of mechanics, artisans and small tradesmen, ruined by the war, by expending \$1,000,000 through small loans, is the plan of Dr. Boris D. Bogen, Director-General of Jewish Relief Work in Poland, is now working on, as one of the main features of the reconstructive relief program now being carried on in that country.

"Perfect administration ready to carry this work on," Dr. Bogen cabled the Canadian Jewish Relief Committee. "This is wonderful opportunity for constructive service."

Heading a unit of 25 skilled relief workers, which recently arrived in Poland, Dr. Bogen, through his headquarters in Warsaw, through his unit has his relief organizations covering practically every part of stricken Poland. He reports, while couriers are covering the country, delivering remittances from Canadians to their destitute relatives in Poland.

In line with Dr. Bogen's reconstruction policy, an appropriation of \$250,000 for use as small loans to aid in rehabilitation work, was included in the March expenditures of \$710,000 for Poland, by the Joint Distribution Committee, relief disbursing organization of the Canadian Jewish War Relief and its allied bodies.

SAYS DESERTIONS THREATEN WHOLE NAVAL SERVICE

WASHINGTON, April 10.—Thousands of desertions in the navy in the last year have brought conditions unparalleled in American naval history; Rear Admiral Thomas Washington, chief of the bureau of navigation, today told the senate investigating committee. The whole naval service he warned, is threatened with disaster unless Congress immediately enacts legislation raising the pay of officers and men to a point that will allow the navy to compete with civil occupations.

Rear Admiral Fletcher, member of the navy general board, testifying as to the navy's preparation for conduct of the war, disagreed with Rear Admiral Sims' charges that the navy was unprepared for war and had no well defined plans or policies.

A GOOD MEDICINE FOR SPRING USE

Harsh Purgatives Should be Avoided — Tonic Will Restore Your Energy.

Not exactly sick but not feeling quite well. That is the way thousands of people feel in the spring. It is a sign that the trying indoor life of winter has left its mark upon you. Easily tired, appetite flabby, sometimes headaches and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order, and these symptoms may easily develop into more serious trouble.

Do not dose yourself with purgatives as so many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you that this is true. What you need in the spring is a tonic that will build up the blood and nerve. Dr. Williams' Pink Pills can do this speedily. This medicine enriches the blood, clears the skin, improves the appetite and makes tired, depressed men, women and children bright active and strong. "As an example of the value of these pills we give this statement of Mrs. S. McBurnie, Tatamagoche, N.S., who says: "I have good reason to speak in the highest terms of Dr. Williams' Pink Pills. I was badly run down, failing in weight, and suffering from dizzy spells and weakness. In fact my condition was such that I was hardly able to do my housework. A friend advised me to try Dr. Williams' Pink Pills and after using several boxes there was a noticeable improvement. I continued using the pills for some time longer and found that I had fully regained my old-time health and strength and was able to do my housework without feeling weak and worn out as I did before I began using the pills."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

COMMISSIONER HIGGINS HERE TO CONFER ON SALVATION ARMY MATTERS

Com. W. J. Richards, head of the Salvation Army in Eastern Canada and Col. John McMillan, Chief Secretary are conferring with Commissioner Higgins, Chief of Staff and Second in Command of the Salvation Army for the work who arrived in

Boston from London, England, recently. Com. Higgins came to America to discuss matters pertaining to Salvation Army affairs in Canada and the United States, with Commander Eva Booth, head of the Salvation Army in the United States and with the Canadian officials. He was for many years Chief Secretary of the United States and recently succeeded

Com. Howard as Chief of Staff and Second in Command. Many matters having an important bearing upon the future policy of the Salvation Army, and its reconstruction work are to be taken up at this meeting and it is expected that on his return Com. Richards will have something to say in regard to the questions affecting the policies to be followed in Canada.

The Telephone Situation

What We Get For the Money!

On January 1st this year our total investment in telephone property—buildings, equipment, tools and supplies, plus what it has cost in actual cash to put this working equipment into service—was \$51,458,306. On the same date we had in operation 337,476 telephone instruments. This means an investment of \$152 for each telephone instrument in service. What has been provided for this investment of \$152 per telephone? Here are some of the things: An exchange telephone system in thousands of cities, towns and villages in Ontario and Quebec with substantial fire-proof buildings the last word in sanitation and convenience; 98,750 miles of Long Distance wire on 9,500 miles of poles; 587,000 miles of wire in underground cables; many hundreds of miles of wire providing party service to rural communities besides exchange and pole line facilities to give exchange connection to 720 local telephone organizations serving over 103,000 subscribers, mostly farmers.

It takes some 11,600 telephone workers to operate the system and their wages in 1919 totaled \$9,400,000.

This goodly band of faithful workers, with those dependent on them, are a substantial element in the community. They are intimately concerned in its welfare—concerned most of all that the telephone service shall be adequate to its needs. They appreciate, just like the rest of humanity, the kindly co-operation of the public.

The youth who is accused of renting a room in which he and another man could take a young Indian girl, appeared in police court this morning when the mother of the girl testified that she was just sixteen the 29th of December last. McCarron, counsel for the accused will submit some evidence on behalf of his client.

The present chairman of the Fire and Light Committee was accused of refusing to confer with the firemen and with wanting a new bridge along the river.

Smash Labor Efforts

Ald. Avery said the aldermen were out to beat the firemen and smash the efforts of Labor to get a stronghold in the council. He feared that not enough Labor aldermen had been elected to the council, because everything that is suggested by himself or his colleagues is immediately turned down on principle.

The firemen have agreed not to interfere with the efforts of the new men and have even offered their services should an emergency arise.

Ald. Avery referred to the inequality of city assessment. Workingmen are assessed for practically their full value but those of wealthy men who are worth \$30,000 to \$75,000 are not assessed half their value. He urged workers to get copies of the assessment roll which the city has had published, at the city hall.

Leo Cunningham, secretary of the G. W. V. A., called of his comrades to assist their comrades in the fire brigade by not going into the fire hall to take their places. There was one returned soldier, a fireman, who has a wife and eight children to support. How he could do it on \$80 a month was beyond his reasoning.

"The boys worked long enough at \$1.10 a day," said the secretary; "and now they should surely get something better—a living wage at least."

He said it seemed to be a question of who is boss, not the right of the thing. Certainly if the city engineer cannot live on \$2700 a year, the firemen who buy the same goods and pay the same prices as he does can scarcely be expected to get along on \$80 a month. If the firemen were not doing their duty or were inefficient, they should have been got rid of long ago and not waited until now. The men should be taken back at the increased wages that were promised.

Trades and Labor Mass Meeting

(Continued from page 1)

He said the firemen were quite justified in their demands for an increase of the 25 per cent they had been promised, and then he dealt briefly with the press reports of the City Council claiming that as it was necessary to cut down space, the reporters could not adequately express what really is said in the discussions in the council.

He spoke of pre-election promises. Before election day every candidate had professed being a friend of laborers. Now it is different. He disclaimed all connection with the forming of the firemen's union. It had been formed in December and he personally did not know of it till January.

"Not that I would have objected to helping the firemen," said the speaker, "for I would have been proud to do so." The 25 per cent had been definitely promised the firemen he said.

He announced that Fireman Chestney had agreed to go to the fire hall and fix up the truck which had got out of order.

Ald. Avery spoke of the City Council taking four memberships for city officials in the Chamber of Commerce, an expenditure of \$300 in three years, and of increasing the salaries of the city engineer and city solicitor \$500 and \$250 respectively, yet they could not find a few hundred to give the firemen a living wage.

If this money had been taken and made into a bonus fund the firemen could have had their increase promised them. In any event an over-craft would not have been anything very serious. The city has had over-crafts before this.

The present chairman of the Fire and Light Committee was accused of refusing to confer with the firemen and with wanting a new bridge along the river.

Smash Labor Efforts

Ald. Avery said the aldermen were out to beat the firemen and smash the efforts of Labor to get a stronghold in the council. He feared that not enough Labor aldermen had been elected to the council, because everything that is suggested by himself or his colleagues is immediately turned down on principle.

The firemen have agreed not to interfere with the efforts of the new men and have even offered their services should an emergency arise.

Ald. Avery referred to the inequality of city assessment. Workingmen are assessed for practically their full value but those of wealthy men who are worth \$30,000 to \$75,000 are not assessed half their value. He urged workers to get copies of the assessment roll which the city has had published, at the city hall.

Leo Cunningham, secretary of the G. W. V. A., called of his comrades to assist their comrades in the fire brigade by not going into the fire hall to take their places. There was one returned soldier, a fireman, who has a wife and eight children to support. How he could do it on \$80 a month was beyond his reasoning.

"The boys worked long enough at \$1.10 a day," said the secretary; "and now they should surely get something better—a living wage at least."

CORNS ARE LIKE A PUSH BUTTON

Tells Why They are so Painful and How to Lift Them Right Out.

If you push on an electric button you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of Freezeone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied upon a tender, aching corn, stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all without pain. This drug is harmless and never inflames or even irritates the surrounding tissue or skin.

them, he thought. The citizens should stand behind them.

Resolution was Carried

The resolution was, then presented and carried with enthusiasm, after which the Mayor thanked the audience for its patient hearing of the speakers. If there was any doubt as to the sincerity of the Mayor's own interest in the speakers he said then he confessed himself as not knowing what those things were.

Fireman Clambert and unced to the residence that Fireman Chestney had come over to the Central Fire Hall and had overhauled the fire truck and now it is in first class shape.

The Mayor in closing the meeting, called upon all the audience to sing the National Anthem and then cheers were called for Ald. Avery, Peter Grant and others.

"A Joan of Arc Machine"

SHE withstood everything in the field and above all was, and still is, the last and only car to survive until the cessation of hostilities. — Extract from letter received by Ford Motor Company from a British Soldier, in Africa.

Over shell-torn roads, through water soaked fields, second only to the tanks in its power to climb debris and crater holes, the Ford car made a world famous record in the fighting area of the great war. In press despatches, in field reports, in letters, in rhyme and song the praises of the Ford were sounded.

In France - 700 cars out of 1,000 were Fords
In Italy - 850 cars out of 1,000 were Fords
In Egypt - 990 cars out of 1,000 were Fords
In Mesopotamia 950 cars out of 1,000 were Fords

The Ford power plant that established this world-wide record in every theatre of the war remains the same. It will be in the Ford you buy.

Important ANNOUNCEMENT!

As a number of the fire alarm boxes for some cause unknown are to-day out of commission, citizens will kindly phone in information as to the breaking out of any fires in the city.

To minimize the number of false alarms the keys of alarm boxes in outlying sections are being placed in private houses and information as to their location placed in prominent positions near the box.

The M Efforts MYSTERY SOLD TO

All Denies That He Photographs — Ide Inspector — Bertill "Hall's" Identity.

TORONTO, April 11—Toronto "mystery soldier" will be deported from England by the immigration authorities as soon as all details are arranged. Although "Frank Hall" he called himself, has not recalled his memory, the prison official picked up by Bertillon measurements and photographs, have never suffered from the same lapse. "Hall" was positively identified yesterday afternoon by Inspector of Immigration James C. Mitchell, Toronto, as Clyde Denham, an ex-convict, who was deported to England in June 1911 after serving ten months of a 24-month sentence in the Provincial Prison. This sentence was imposed on St. Thomas on August 20, 1911 following his conviction for theft of people living in Exeter, Eng.

"That's not me," exclaimed "Hall" when shown several photos taken at various times and at different places. The first recorded came from the Indiana State Prison at Jeffersonville, dated December 2, 1908. Bertillon was the ground of conviction in this case. Then comes one from Brantford, six months this time for theft. The date was February 1912. Following was a sentence in months for theft imposed at Hamilton in February, 1913. That was the St. Thomas conviction. "Hall" claimed to have been "enlisted" with the C. E. F. on August 20, 1914. On that date he was given 24 months for theft in a St. Thomas court. At Jeffersonville, Indiana, the "mystery soldier" is said to have been Clyde Denham as his name was changed to Craman DeMon. Hamilton, back again to Denham

Though Bullet Pierced Heart But Lived

BUFFALO, April 13—With a bullet wound in his chest and making an effort to attract assistance, Charles Germain, thirty-two years of age, former physical instructor at the Terrace playground, laid on the floor in his home in the lower flat at No. 750 Elk street, for four hours yesterday afternoon before he was discovered. The man, who is employed at the Emergency Hospital in Buffalo, told Captain of detectives Z. Germain that he had shot himself with a revolver in an effort to end his life at 11 o'clock yesterday morning.
