ALL RED ATLANTIC
CABLE AGITATION

Hon. Rudolphe Lemieux Speaks in
Support of Heaton's Penny-
word Cable Idea

Canadian Associated Press Cable.
London, Nov. 10.—As with the pre-
liferation trade and cheap imperial
postal, Canada has, says the Morning
post, pioneered the project of
cheap imperial telegraphy. It is
satisfactory to hear Hon. Rudolphe
Lemieux, in his tactful speech, dis-
sociating himself from the cosmopolitan
idea and declaring the Canadian
scheme better suited to the
conditions of the empire. Mr. Lemieux
says the postmasters are in favor
of the establishment of a penny-word
cable route throughout
Europe, and the next step will be a
conference with the postal authorities
of America. The majority of the Atlantic
cables have unscrupulously
been kept in the cable monopolists,
and Mr. Lemieux, in witty eloquence,
said he would be lacking the
spirit of his race if he were not to
welcome reform. In postal reform
confronted statesmen and merchants.
Speaking for himself, he looked upon
the penny-word cables as an ideal
and as a blessing which some day,
sooner or later, should be attained.
Canada's particular interest was to
reduce the distance between the eastern
and western portions of the empire.
The "All-Red Route" was the first
instalment in that direction.
Wouldn't an "All-Red Cable" be an-
other?

DESTROYS EFFECT OF
CHATEL MORTGAGE

Important Decision Handed Out by
Court of Appeal at Toronto in Case
Arising Out of Failure of Peole
Publishing Co., and in Which a
Mortgage of Chattel is Held to be
Invalid and Void

Toronto, Nov. 11.—A decision with
the virtual effect of destroying the
Chattel Mortgage which has been
considered unassailable for
years, was given by the Court of Ap-
peal in the action of Mrs. J. R. John-
ston vs. Peole Wade, in a case arising
out of the failure of the Peole Pub-
lishing company, of which Wade was
the assignee. Parker, Clark & Mos-
cory, solicitors for plaintiffs, Mrs.
Johnston, devised forms of security
known as "floating security" which is
effective as a chattel mortgage and
has many of its attributes. This partic-
ular form of charges does not need
to be registered and may be absolute
secret and yet can not be set
aside. Last month Judge MacMahon
decided in favor of the validity of the
"floating charges" but as the case
virtually deprived the creditors of the
estate of the bulk of the property of
Mrs. Johnston, the holder of the
"floating charge" would be paid in
full, the creditors of the estate of the
Court of Appeals.
The case was argued last March and
has been under deliberation in the
court ever since. Four of the judges
of the Court of Appeal handed out
lengthy judgments dismissing the
creditors' appeal. Mr. Justice Garrow
dissenting from the majority of the
court. It is understood that the cre-
ditors will not take the matter to the
Supreme court, so that the law may
now be regarded as settled on the point.

Marine Department Inquiry Dis-
closes Further Evidence of Their
Grafting Propensities

Quebec, Nov. 10.—The interest man-
ifested in the marine department in-
vestigation, now being proceeded with
in this city, has reached such a pitch
that it is next to impossible to obtain
standing room in the criminal court
rooms. The evidence adduced at both
hearings today was very important and
again went to show that considerable
money has been handed over to the
officials of the department by govern-
ment contractors, either as commis-
sion interest or banking discount, and
the parties to the investigation wish
to call it.
Mr. Mailloux was the first witness
examined by Mr. Watson this after-
noon, and his evidence was practically
limited to the receipts and expendi-
tures of the local office. The witness
was showing by his books that there
was always, as a rule, sufficient
money in hand to pay the general
expenses of the agency.

BRUTALITY OF THE
CZAR'S SOLDIERS

An Escaped Patriot Tells of a Revolt
of Militia in Russia, in Fighting
Extraordinary Proceedings From the
United States by Russian Govern-
ment

New York, Nov. 10.—The story of a
battle between the rebel militia and
several thousand Russian regular
troops, in which the latter were
described as being "brutal and
barbarous," was told today by Otto
Freiburg, an escaped Russian soldier
and a former member of the militia
of the United States. Freiburg, who
was captured by the Russian govern-
ment, had been in the city for some
time, and had been in the city for
some time. He had been in the city
for some time, and had been in the
city for some time. He had been in the
city for some time, and had been in
the city for some time.

TO CARRY CASE HIGHER.

U. S. Government May Now go to
Supreme Court With Standard Oil
Case

Washington, Nov. 10.—Attorney Gen-
eral Bumpers declined today to
make any comment on the action of the
Circuit Court of Appeals in Chicago in
upholding the decision of the Federal
court, reversing the decision of Judge
Landa under which a fine of \$20,000
was imposed on the Standard Oil
company for refusing to share with a
conference of the counsel engaged on
the case at the department of justice
here Thursday. There will be a
conference of the government in the
case, and it is certain that the appeal
will be taken to the Supreme court, as
the Court of Appeals nullifies the
decision of Judge Landa and the work
of the government in this particular
case against the Standard Oil.

A UNION DEPOT
FOR EDMONTON

Board of Trade Will Move For Cen-
tralization of Railways Enter-
ing City

As a result of a meeting of the civic
interests committee, held last evening
at the board of trade offices, a deter-
mined effort will be made to secure a
union depot for Edmonton to be used
by the C. N. R., G. T. P. and C. P.
railways. The committee is composed
of Mr. Fisher, chairman, A. Butcher, G.
W. Cundy, A. T. Cundy, J. H. Gar-
vey, W. A. Griesbach, T. W. Lines,
Wm. Short, S. H. Smith, Geo. Stock-
and, T. M. Turnbull and K. W. Mc-
Kenzie.
A. E. Potter was present and out-
lined his scheme, already published,
for the placing of all railroad freight
yards at the north end of the city with
union terminals and a union passen-
ger line into the city. He dealt with
the question at some length, after
considerable discussion the commit-
tee passed a resolution approving of
the principle of Mr. Potter's scheme.
A committee composed of Messrs.
Fisher, Short, Potter and McKenzie
was appointed to bring the matter be-
fore the city council and to take up
with them the question of securing a
union depot for railways at Edmon-
ton.

MARKET BUILDING NEEDED.

The crying need of a suitable mar-
ket building in Edmonton, where the
produce and consumer might meet,
was brought very forcibly to the at-
tention of the committee by the re-
port of several communications on
the question from interested parties.
Walter Spoor, who lives on the
Carey farm on the St. Albert trail,
stated that he went into the chicken
raising business quite extensively. He
had raised forces, however, to get out
of business as there was no regular
market in the city for his produce.
"than by having it from door to door
through the city."
William Livingstone, proprietor of the
Springfield Gardens, had the same
complaint to make. He grew vegeta-
bles of all kinds extensively but was
unable to market them profitably as
there were no facilities in Edmonton
for getting in touch with the con-
sumers.

WILL WIN PRINCE ALBERT.

Liberal Candidate Runs Well in City
—White Capture Country.
Prince Albert, Nov. 10.—James Mc-
Kay's majority in the city is 91 from
all polls. Horace Jaxon, independent,
got 14 votes. McKay got 48 and Rrit-
ton 42. The city is a disappointment
to the Conservatives, as they ex-
pected at least 100 majority. In all
polls 20, Sweet Grass, Ruttan had a
majority of 108, Kirkpatrick, 118,
McKay had a majority of 10.
The following majorities have been
received for public to-day in these
polls. No. 10, Erwood, Ruttan, 26 majority.
No. 63, Deer Park, McKay 16 majority.
No. 78, Macdonald, Jaxon 1, Mc-
Kay 20, Ruttan 4 majority. No. 78-A, Win-
garde, Ruttan 5 majority. No. 78-B,
Carlton, Ruttan 5 majority. No. 87,
Deer Park, McKay 14 majority. No. 87,
No. 82, St. Laurent, Ruttan 20 major-
ity. No. 94, Edwardsville, Ruttan 5
majority. No. 119, Duck Lake, Ruttan
4 majority. No. 120, Duck Lake,
Ruttan 12 majority. Majority from
23 out of 123 polls for McKay, 32.
Honore Jaxon has 19 votes in these
polls. He will lose his deposit.

DECLINE HIS INVITATION.

Labor Leaders Refuse to Dine With
President Roosevelt.

At a recent meeting of the board of
trade the question of securing better
facilities at flag stations on railways
was introduced. The matter was
left in the hands of the trans-
portation committee, who asked the
Winnipeg Jobbers' and Shippers' as-
sociation to take action in their behalf.
This association drew the at-
tention of the board of railway com-
missioners to the question, and Frank
Dillinger, operating expert of the
board, was appointed to investigate
the matter.

ill health. He was secretary of the Cana-
dian Peace and Arbitration Society, chair-
man of the training department of the
Ontario Sunday school association, and
president of the Toronto Alumni associa-
tion. He was born at Port Percy. He
was a gold medalist in arts at Toronto
university and took his theological course
at Victoria university, Cobourg, prior to
the editorship of eight years. He was
pastor of churches in Toronto, London and
Kingston.

GERMAN PUBLIC
IS REASSURED

Berlin, Nov. 11.—The comments of
the Reichstag reflect the effect of the
chancellor's speech on the country.
The general impression of the Berlin
papers is on the whole favorable and
they regard the "bill" that will be
introduced with some interest.
The social Democratic Kowalski sums
up the proceedings neatly, saying:
"Whatever might have been done? Every-
thing. What was done? Nothing."
The paper heads the article: "Head over
heels back into icykerman."
The Fulgencio Rundschau thinks
the things passed off better than was
to be expected. It regards the Kaiser's
promise as the result of an un-
constitutional agreement with the
chancellor and thinks it well for the
present not to go too deeply into it.
It says that as much as will be ob-
tained from the Kaiser's promise as
advancing the nation to let bygone
bygone.

TWO HORSES KILLED
IN AN OPEN TRENCH

They Plunged Into the Waterworks
Trench on Jasper Between Seven-
teenth and Eighteenth Streets—
The Driver, a Hotel Keeper in
Manitoba, Says That There Was
No Lantern Hung Out to Indicate
the Danger.

This morning when the contractors
for the waterworks extension between
Seventeenth and Eighteenth street on
Jasper avenue, Messrs. Peck & Fran-
cis, resumed work at the open trench
found lying at the bottom two
dead horses, fully harnessed and with
part of a democrat attached. In-
vestigation was made and it was ascer-
tained that the horses were driven
from the Windsor Livery, First
street, and had been driven into the
opening at night. The trench is
about eight feet deep running along
the south side of the street, and it
was evident that the fall had killed
both the animals.

THE "EXPLANATIONS."

Opposition journals do not attempt the hopeless task of denying their disappointment over the election results. Admittedly they expected something very different.

Denial being impossible, explanations are in order, and they are being offered in a profusion rivaling the pre-election promises of victory.

The talk of "dropping" Mr. Foster is admitted more or less openly that the Halifax platform failed to arouse public interest or to win public approval; and it is concluded more or less openly that a party convention should be called forthwith to discuss all and sundry the conditions, aims and plans of the Opposition.

The proposal looks reasonable. It would be better still if it provided that the machinery for determining the existence of combines were made non-dependent on government initiative.

Of the party, but still in Parliament, Mr. Foster would simply play "cut and barge" with Mr. Borden when he felt like it—and he would like it pretty often.

That the "platform" failed to attract attention or gain support hardly needed explanation. The one apparent long ago. To those who examined the structure composed of cement never has appeared likely to do otherwise.

The Star's proposal would avoid one obvious disadvantage of the present system of leaving the matter altogether in the hands of the provincial authorities.

By the accomplishments of their predecessors in party leadership, and by the pace they themselves have kept, the Government are bound to keep faith with the inherent spirit of the party they represent.

Provincial boundary lines are not to be made the frontiers of warring interests and the lines of cleavage of popular sympathy.

Canadian Liberalism has a past which any party should be proud of. In that past the Laurier government stands out as an honorable part.

The project of running a railway from sea to sea on Canadian territory was first taken up by a Liberal government.

It is necessary that diversity of resources produce diversity of results. That British Columbia continue to be an immense exporter of lumber to the prairies and that the prairies continue to supply British Columbia with farm products.

It provincial boundary lines are not to be made the frontiers of warring interests and the lines of cleavage of popular sympathy.

The traditions of Canadian Liberalism commit the Laurier government to the maintenance of constructive policy, looking to the promotion of settlement, the increase of production, the growth of trade, and the general betterment of industrial and economic conditions.

By the accomplishments of their predecessors in party leadership, and by the pace they themselves have kept, the Government are bound to keep faith with the inherent spirit of the party they represent.

Responsible government was not for the people of Canada by the Liberal party, against entrenched privilege and established hierarchy.

There is reason in their madness, though. "The Duty" was a select publication. It was not intended for general circulation.

TIE IN THE ELECTIONS IN NEWFOUNDLAND

Government and Opposition Each Capture 18 Seats—St. Barbe Re-... Result is Unprecedented in British Political History—Will Bond Retain Power.

Halifax, November 10.—With the government and the opposition each holding eighteen seats, Newfoundland is now confronted with a situation probably unparalleled in the annals of British political history.

St. Barbe was the last seat to be decided. The government was one in the minority, but the election of Clapp by a majority of 315 over Mott, the opposition man, has tied the parties.

Whether Sir Robert Bond will resign and Sir E. Morris be entrusted with the task of forming a new administration, or whether he will endeavor to carry on the government by electing an opposition man speaker, whether he will go to the country again are still moot questions.

St. Barbe's Support Government. The returns from St. Barbe, the final constituency to be heard from in Newfoundland, turned out today as anticipated.

This standing may be affected by a recount in Halifax, which has been demanded. In that constituency, Hon. E. L. Dore, the government candidate, was declared elected over Seymour, the opposition candidate, by a majority of 1.

Will Retain Power. In some quarters, it is maintained that Premier Bond will find means of retaining power, providing the result in Halifax, Grace does not change the representation there and make the standing 19 to 17, instead of the tie that now prevails.

Dr. Tucker, addressing a meeting about the Northwest Missionary Movement at Trinity College, said the great development in the Northwest is the mining boom, but missionaries, and that the Barren colony five years ago 200 miles from the coast, is now a city of 200,000, with two trans-continental lines.

EYE OPENERS TO BE READ TO THE JURY

The Edwards-McGillivuddy Libel Case Unexpectedly Shortened—McGillivuddy Admits the Authorship of the Libelous Letter. Latta, an Edwards' Counsel Admits Putting in as Evidence Copies of Eye-Opener. Bulletin Special. Calgary, Nov. 10.—The Edwards-McGillivuddy libel case was terminated today. Instead of thirty or forty witnesses being called, as was expected, and the case lasting all week, the evidence was in at five o'clock and the counsel will address the jury tomorrow. The case for the plaintiff closed at noon, being greatly shortened by Mr. Davis, for McGillivuddy, admitting the authorship and responsibility for the publication. Ed-wards would not go into the box to tell wherein he was libelled. The defence was taken up this afternoon and scored by several copies of the Eye-Opener being admitted as evidence. F. J. Nolan, the defendant's counsel, admitted the paper and James Beak admitted them as evidence. This led Davis to alter his course somewhat and the Eye-Opener will constitute the chief evidence for the defence. It will be read to the jury tomorrow. J. S. Dennis, assistant to Vice-President Whyte, of the C. P. E., was the first witness this afternoon and told of an alleged attempt of Ed-wards to hold him up at the provincial elections. The Eye-Opener was not allowed on trains and Edwards wanted the privilege in respect for supporting R. B. Bennett. The witness refused to recommend it and Edwards dropped, supporting Hon. W. H. Cushing immediately afterwards. The Eye-Opener attacked him frequently in an untrue and grossly insulting manner. R. B. Jamieson, formerly superintendent of the C. P. E., also gave evidence on this point and referred to the libelous letter. He refused to make a statement. Col. Ross, a member of the C. P. E., also gave evidence. Hon. W. H. Cushing gave evidence in connection with the purchase of land near Lebridge, and Dr. E. G. Mason, who has attended to the case since suffering from the effects of alcohol, was the last witness. Mr. Davis intimated that the Eye-Opener itself would constitute the chief evidence and this his lordship intimated he would have to read. The fact that witnesses were not called to prove the charges of immorality made in "Nemesis" letter proved a surprise to the jury. The fact that his lordship expected it was apparent from the orders issued in the case that no one under 21 was to be admitted.

DASHED ON THE ROCKS. Tug Gladstone and Scow Smashed to Pieces. Owen Sound, Nov. 10.—In the terrific gale that swept Georgian Bay on Tuesday night the tug Gladstone, with a large scow, was wrecked on the shore. The scow was smashed to pieces. The tug was also broken to pieces. The scow was valued at about \$4,000, and the tug at about \$1,000. Both were owned by Fredrick Lampke, sawmill owner at Lion's Head. The cause of the disaster was brought down this evening by the fisheries protection steamer Edna Ivan.

Morse Remains in Tombs. New York, Nov. 10.—The application for bail in the case of Charles W. Morse is denied. That decision, handed down late this afternoon at the United States circuit court of appeals, dashed to the ground all hopes that the former chief of the New York city police, who has been held for some weeks at least, and perhaps for months, whether he will ever leave the city prison except to be taken south to do stripes and work as a felon in the government jail at Atlanta, Ga., depends on the result of the action which the United States court of appeals takes on his application for a new trial. The court error granted to him by Judge La-combe is returnable before that tribunal on Dec. 3 next.

Fire Campaign Planned. Woman Suffragists Outline Their Action Next Year. London, Nov. 11.—The woman's social and political union has just issued a formal forecast in which it predicts that by this time next year the franchise will be extended to English women. The 1909 suffrage campaign will be outlined to be another of the union every year. Minor changes may be made from time to time as circumstances require, but the main features of it are the following: A \$25,000 cabinet fund to provide for the breaking up of every meeting at which cabinet members are scheduled to speak; continual reading of parliament whenever the national legislative body is in session; incessant rushing of ministers in charge of the union every year; door-to-door meetings all over the kingdom; organization of woman's cavalry troops, both on foot and on horseback; and more effectively breaking the police lines during the contemplated suffrage demonstration in London.

Calgary Bylaws Carried. Calgary, Nov. 11.—The three bylaws providing \$75,000 for the waterworks, and the paving of certain side streets from Seventh to Ninth avenue, also the paving of the subways, were carried yesterday by the ratepayers by large majorities. The vote polled was comparatively small, one there being less than two hundred votes on each bylaw. For the Waterworks bylaw there were 157 for and 10 against, while the two paving bylaws were carried by 117 for and 12 against.

Buffalo Man Lost. Buffalo, Nov. 11.—Fred B. Flatch, who was in the wholesale commission business in this city for a number of years, disappeared on October 16th, and nothing has been heard of him since. Flatch was 35 years of age, five feet seven inches in height, and weighed about 150 pounds. He has sandy hair, and beard, the latter of about six weeks' growth, and wore dark clothes and cap. He was a Mason and an Odd-fellow.

48 Hours Without Liquor. Regina, Nov. 11.—For the first time in the history of Regina 48 hours of dry town were kept a single drunk and not a drop of alcohol was consumed. The bars were closed on Sunday and again yesterday under provisions of the new act and citizens were given a sample of what local option would mean here.

Fatal Gun Accident. Fergus, Ont., Nov. 11.—George Falker, 20 years old, was instantly killed yesterday while attempting to pull a loaded gun through a fence.

TUESDAY'S GRAIN MARKETS.

Winnipeg, Nov. 11.—The market today was strong, active and very bullish. Liverpool closed 1/4 up, continental markets were all holding and trading was fairly active all morning. The foreign crop summary was bullish and there was news of fresh damage in France. The entire advance of the morning was not held, but in Chicago the close showed an advance of 1/8 for December, 1/4 for May and 1/8 for 1 1/2 for July. In Minneapolis closings were all at high point of the morning. December 1/8; May 1/4; July 1/4; higher. The Winnipeg market, however, made the record. In face of the heaviest receipts of the year, the advance was 3/8 for November, 2c for December and 2 1/2 for May. Cash wheat was strong, the demand for spot was active, the advance in price being 2 for contract grades, with premiums on this for spot. The demand was good and trading was largely without speculation. Had there been much of a speculative element it would have been a runaway market surge. Receipts were 432 cars for Monday and 500 in sight for today.
