Mrs. Cassie Chadwick having passed away a number of prominent bankers and financiers are at liberty to crawl out of their holes.

+++

A room has been provided for theatrical performances on the transatlantic steamers. Nautical, but not knotty plays will be presented.

+++

It appears that the Egyptians were indeterate gamblers in the early ages. In exploring the tombs of the ancient kings several Pharaoh banks were unearthed.

+++

A Society for the Prevention of Unnecessary Noise has been formed in New York. It is hoped that branches will be organized in Toronto and Ottawa before the next session starts.

+++

Another member of the Dominion Cabinet is afflicted with deafness. When he addresses the house all "Ear Ears," will be considered unparliamentary and auricular.

+++

The widow of the late P. T. Barnum was married for the third time last week. P. T. was the first man to introduce the three rings, and can hardly blame his relief for continuing the practice.

+++

The Postmaster General of Canada, and the Postmaster General of Japan, will confer as to the best method of stamping out the yellow peril. The diplomatic correspondence will no doubt take the form of postal notes.

+++

The proprietor of an American powder factory received word that his factory had exploded just as he was leading his bride to the altar. This is the earliest matrimonial blow up on record.

There was a young man from Galt, Who at home was not worth his salt Bought a mine for a dime Unloaded in time And now owns half of Cobalt.

+++

A Michigan woman has applied for a divorce on the ground that her husband only gave her forty cents in three years. The extravagance of some women is astounding. Did she want a whole dollar?

+++

There is not so much difference between hard and good times after all. When times are good prices are high and it takes all you make to live. When they are hard prices are so low that you can afford to do without lots of things.

+++

There was a young gent in Bay City Who considered himself very witty He worked off a pun On a man with a gun Who over his body Sang a ditty.

"WILL you pass the butter, Mr. Diggs?" asked the new boarder. "Every time," replied Diggs. And the landlady said it was the way he said it that made her angry.

THE report in circulation that Mr. A. E. Anderson, merchant tailor, purposed removing from Watford is entirely without foundation. Mr. Anderson informs us he has no intention of leaving town.

LET us help you select a wedding present. Something in our well assorted stock of cut glass, silverware and chinaware, may suggest itself. You are at liberty to look through anytime.—J. W. McLAREN.

JAMES CLARK, a resident of Watford for the past thirty years, who has recently become too infirm to care for himself, was taken to the House of Refuge at Sarnia on Monday. Mr. Clark is past his ninetieth year.

OUR young men's overcoats at \$5.50, \$7.50 and \$8.50. Neat styles, best value.—SWIFT BROS.

DR. B. F. KENWARD has disposed of his dental practice to Dr. Bricker, of Toronto, formerly of Listowel. Dr. Kenward purposes leaving for San Francisco early in December where he expects to locate.

WHILE an Irishman was gazing in the window of a Washington bookstore the following sign caught his eye—"Dickens's works all this week for only \$4.00." "The devil he does!" exclaimed Pat in disgust. "The dirty scab!"

THE past month we have been sending suits from our tailoring department all over Ontario. Why? Call at Swifts' they will tell you.

GAME WARDEN GIBSON, of Strathroy, has received from the Ontario Government blank forms for deer hunters' license. Hunters from this neighborhood can save delay and inconvenience by securing licenses from Mr. Gibson.

JUDGE TAYLOR, of Sarnia, to whom was appealed the recent conviction by a magistrate at Petrolia, of A. Houston for selling tea contrary to the transient traders bylaw recently passed by the town, has handed down his decision quashing the conviction.

OUR ordered overcoats have a style about them city, people buy them and wonder how we can get up such swell coats for the price.—SWIFT BROS.

A MEETING of the directors of the East Lambton Ag'l Society will be held in the Council Chamber, Watford, at 2 p. m. Saturday Oct. 19th to wind up the business in connection with the recent fair. All bills against the Association must be in by that date.

A SCHOOL teacher trying to explain to his class the meaning of the word "conceded," said: "Suppose I would go around saying, 'Look how good I am to my class,' or bragging about how much I know or how good looking I am—what would you say I was?" "A liar," instantly responded his class.

NO better value in ready made suits in Ontario. Men's \$5.50, \$8.50, \$10.00, \$12.50.—SWIFT BROS.

A PROFESSIONAL chicken plucker is now at work in Stapleford's poultry rooms. The way he makes the feathers fly is worth while. With favorable weather and a good run of birds he can kill and dress 250 in ten hours. At the rate of three cents each he can make a fair day's pay.

DID you ever reflect that the mail order house is, from the very nature of its business, unable to "carry" you when times are bad, that it takes no credit risks and never does a thing for you except on a cash basis? Is there not some return due the merchant who has favored you when you need a favor?

BULBS.—Chinese sacred lily, hyacinth, tulips and Japanese fern balls, now on sale at McLaren's.

THERE will be a social hop at the Odd Fellow's Hall this (Thursday) evening. The London Harpers will provide the music.

AT the Presbyterian Manse, on Wednesday evening of last week, the Rev. E. B. Horne performed the marriage ceremony uniting Mr. Sidney Barnes and Miss Mary Brushy, both of Watford. The young couple will make their home in Watford.

YOU cannot believe every report you hear, but the one we all heard Thursday morning was so plain there was no room for doubt. All the windows on one side of the street in Petrolia were broken by the force of the explosion at the nitro glycerine works.

AN exchange says:—"Knowing ones hereabouts claim that the coming winter will be a warm one. The husks on the corn are said to be very thin this season, the potatoes have not stored up as large a supply of nuts as usual and the bees have not made honey, all of which are claimed to be sure signs of a warm winter."

AN effort is being made to secure a supply of cheap low grade feed from the west. If the railways will give a special freight rate the feed can be laid down in Western Ontario at a low price and would do much to relieve the shortage in feed here. Farmers are advised not to sacrifice their stock until something is done along this line.

THE power of King Edward should be considerably limited, at least in the matter of choosing his raiment. During a recent visit to the continent he wore a green hat, and as a result Americans are taking to topieces of the same hue. We may expect our streets in a short time to resemble a thoroughfare in Limerick, on March 17th.

SMALL boy's school suits, ask to see them, no better value and few as good.—SWIFT BROS.

THE Rev. S. W. Muxworthy, Chairman of the Strathroy District, preached in the Alvinston Methodist Church on Sunday last. Rev. Mr. Morrison, of Alvinston preaching here in the morning and conducting Anniversary services at Zion, in the afternoon and evening.

REV. R. Hay filled the local pulpit in the evening.

PRESIDENT ROOSEVELT says: "It is not a kindness to bring up a child in the belief that it can get through life by shirking difficulties. The child that is going to be worth its salt must be taught to face difficulties and overcome them." This he gives as one main reason why country boys who get their early training on the farm so often make the greatest men.

THE annual thank offering and anniversary services will be held in the Congregational Church, Watford, next Sunday morning and evening Oct. 20th. The preacher of the day will be Rev. C. E. Willoughby of Forest. This is not Mr. Willoughby's first visit to Watford, he is somewhat known here and a pleasant day is looked forward to by those who know him.

LOOK at those fine beaver coats ready made Sanford goods, \$10.00, \$11.00, \$12.50, best ready to wear overcoats in Ontario.—SWIFT BROS.

FOR stealing two coats and a pair of gloves from Mr. William Thomson, at the Queen's Hotel, Strathroy, Thomas King was given as one month last sentenced by Police Magistrate Noble to six months in the Central Prison. The prisoner was arrested in London and brought back for trial by Chief Wilson. Kinnear pleaded guilty to the charge, offering as an excuse that he was in an intoxicated condition at the time of committing the theft.

THE following recommendations have been made to the Minister of Education by the Advisory Council of Education. A reduction of the pressure of home work in the lower classes of the Public Schools, with instructions to inspectors in the case of others; the remodeling of the High School entrance books and examinations and financial aid to fifth classes in localities where the High School accommodations are insufficient or the progress of studies is unsuitable.

MANY old friends in Lambton will regret to hear of the death of Mr. Joseph Osborne, formerly of Wyoming, which occurred at the home of his daughter, Mrs. W. G. Richardson, Nanton, Alta., on Oct. 6th. No man in the west possessed such a fund of information and facts regarding Lambton and its pioneers. His articles under the name of "Senex" were a valuable contribution to the early history of the county and it is to be regretted that his recent illness prevented their completion.

THE liquidation of the Wire Works is a matter in which the town is seriously interested, and our municipal representatives will no doubt see that our interests are not overlooked at the meeting to be held in Toronto on the 25th. Parties in a position to know claim that the industry can be made a paying concern if properly managed, and it is now in order to turn on the searchlight and see where the money went to. On the face of it there appears to have been gross mismanagement and recklessness that would wreck any ordinary enterprise. Let the facts come out.

SABLE, mink and sealskin are the three skins which will be made up into the costliest coat, bolera, and half-dollman forms, while muskrat, pony skin

and mole-dyed squirrel skin will be seen in motor and long cloaks. Fur trimmed dresses will not be frequently seen, but cloth trimmings on furs, such as the three choicer varieties above mentioned, will be. Stitche bands of cloth are to be used to define seams which heretofore were preferably left undefined, and silk braids of a close fine mesh will be employed for the same purpose in connection with heavy soutache and lace ornamental fastenings.

PERSONAL.

T. Dodds was in Toronto on business Tuesday.

Dr. F. R. Eccles, London, was in town Saturday.

T. H. Willoughby left Tuesday on a business trip to Vermillion, Ohio.

Chief Shaw and F. S. McEwen took in the ball game at Detroit Saturday.

A. McCabe, Appin, is relieving at the G. T. R. station during the absence of Mr. S. Kerton on his honeymoon.

Fred Walker, the popular young salesman at Swift Bros., has secured a position in Oak Hall, Windsor, and leaves for that city on Friday.

Harry Williamson returned from Regina Tuesday. Mr. Williamson reports the Watford colony in that bustling city all well and prospering.

J. S. Rivers, of the Hastings Wagon Co., paid a business trip to New Ontario, last week. The Hastings sleigh is in great demand in that country.

KERTON—HARBOWEN.

A quiet wedding took place on October the seventeenth at the home of Mrs. M. Harrower, Erie St., when her eldest daughter, Mary A., was united in marriage to Mr. Shurdon Kerton, J. T. R. operator. The ceremony was performed by the Rev. M. Kelly, of the Congregational Church. Mendelsohn's wedding march was played by Miss Lily Howden. The groom's gift to the bride was a gold watch. Mr. and Mrs. Kerton left on the afternoon train for Buffalo and different points east.

MILLAR—SAUNDERS.

The home of Mr. and Mrs. Joshua Saunders, St. Clair St., Watford, was the scene of an interesting event at high noon on Tuesday, when their daughter, Jessie Margaret, was joined in wedlock to Wilford Leffert, accompanied by Miss Beatrice Apted, of London on the violin. The groom's gift to the bride was a prayer book, to the bridesmaid a signet ring and a bracelet to the flower girl. After partaking of a sumptuous wedding breakfast the happy young couple left on the afternoon express for a trip to Toronto and points east. The popularity of the contracting parties among a wide circle of friends was attested by the handsome and costly array of wedding gifts. Mr. and Mrs. Millar have the best wishes of a host of friends for their future happiness and prosperity.

Among the out of town guests were: Miss Beatrice Apted and Mr. and Mrs. Geo. Saunders, London; Miss Marjorie McKeiver and Miss Mary Gibson, Sarnia; Miss Laura Butler, Mr. and Mrs. Baskerville and Mr. and Mrs. Jones, Strathroy; M. Leslie Millar, Miss Kate Millar and Mr. Albert Prouse, Toronto, and Mr. and Mrs. Samuel Saunders, of Wyoming.

WHAT A JOLT.

About four o'clock on Thursday morning a violent explosion that shook all the buildings in town was heard. Citizens were aroused from their slumbers and various were the conjectures as to the cause of the commotion. Visions of earthquakes, burglars, volcanic disturbances etc., passed through the mind. Lights were lit and a search made for the origin of the jar. Many thought that the P. O. safe or one of the banks had been blown up, but investigation proved everything intact. Early on Thursday morning it was learned that the nitro glycerine works on the 12th line Ennis-Killen had exploded. No one is reported injured, but the force of the explosion must have been tremendous to affect so extended a territory.

GROSVENOR—DAUNCE.

The marriage took place at London on Wednesday, Oct. 16th, of Mr. Stanley James Grosvenor, attendant at the London asylum, and Miss E. Daunce, training nurse, of Toronto. The ceremony was performed by the Rev. Hector McKay, pastor of the London Junction Presbyterian Church. The groom is well known in Watford and Watford, where he resided for a number of years, and is now spending a few days visiting old friends.

WARWICK.

Tax Collector Edwards is on his rounds.

The Sisson drain bylaw is published in this issue.

Geo. Clark has rented his farm for a term of years. His stock and implements will be sold without reserve.

Messrs. Chester Wallace and Harry McClesney left Monday for Toronto to attend the Ontario Veterinary College.

Divine services will (D.V.) be held in St. Paul's church, Wisbeach, at 3 p.m. and 7.30 p.m. on Sunday, October 20th.

Miss Ethel McKenzie left for her home in Winnipeg on Monday after spending a few weeks with Warwick relatives. She was accompanied by her cousin, Miss Alice McKenzie.

Auction sale of 22 extra good dairy cows and 6 springers, Roche House, Watford, Saturday, Oct. 19th at 2 p.m. Cows guaranteed to calve in March or April. 12 mos. credit.

We are in receipt of an interesting letter from our old friends, Mr. and Mrs. Thos. Gowrie, formerly of Watford, who are now settled on a homestead near Kingsview, Sask. They say: "We have been living here for over a year and now have a fine home. The crops turned out well with us as is evidenced by the samples of grain we have sent down for inspection. Our wheat will average 35 bushels to the acre, oats from 60 to 80 bushels, and the straw is so tall, a person will easily lose himself if he ventures too far into the fields. At present a government drill is busy boring for water which is quite plentiful. They are putting down test wells. We are situated 60 miles south west of Battleford and only six miles from the G. T. P., which will pass through here this fall from the east. The hunting season will soon open and wild geese and ducks are quite plentiful. Prairie chicken appear to be rather scarce."

BORN.

In Meleta, Man., on Oct. 5th, 1907, to Mr. and Mrs. Gordon Howden, a son.

In Watford, on Oct. 10th, 1907, the wife of J. J. Spackman, of a daughter.

MARRIED.

In Windsor on October the fifth, by the Rev. Thomas Manning, Mr. Charles L. Wells to Miss Ada M. Pemberton, both of Sarnia.

At the Manse, Bridgen, on Wednesday, Sept. 26th, by Rev. Walter Keid, B. D., John D. Currie, of Dawn, to Doris Beatrice, eldest daughter of Mr. John Shaw, of Sombra.

At the home of the bride's father on Wednesday, October 9th, 1907, by the Rev. R. Hosking, Mr. Wm. Vance to Susie, daughter of Mr. Nicholas Luckham, all of Warwick.

In Parkhill, on the 5th inst., John Graham to Florence McGinnis, both of Tiesford.

At the residence of the bride's sister, Mt. Hamilton, on Wednesday, October 16th, 1907, by the Rev. J. R. Young, Mr. Wm. B. Ferguson, eldest son of Mr. and Mrs. James Ferguson, Caradoc, to Miss Agnes B. Smith.

At the residence of the bride's parents, Mr. and Mrs. Thomas Benstead, on Wednesday, Oct. 16th, 1907, by the Rev. S. F. Robinson, Mr. E. Moore to Miss Mary Elizabeth Benstead, both of Strathroy.

DIED.

In Plympton on Tuesday, Oct. 8th, 1907, Catherine Purcell, wife of Mr. Danan, McMillan, 87, aged 78 years and 6 months.

In Bosanquet on Sunday, Oct. 6, 1907, Flora Patterson, Hamilton, wife of Mr. Hugh Johnson, in her 87th year.

In Sarnia, on Friday, October 11th, 1907, Miss Mary Andrews, aged 58 years.

At the residence of his daughter, Mrs. W. G. Richardson, at Nanton, Alberta on Sunday, Oct. 6th, Joseph Richardson Osborne, aged 75 years.

In Strathroy, on Tuesday afternoon, October 15th, 1907, Dr. Wm. Bredrige, aged 70 years and 5 months.

In Adelaide, on Wednesday morning, October 16, 1907, M. M. Thompson, aged 64 years. Funeral Friday afternoon to Strathroy cemetery.

Men don't believe in a Devil Man, as their fathers used to do; They forced the door of the broadest creed to let his Majesty through There isn't a print of his cloven foot, or a fiery dart from his bow, To be found in earth or air to-day, for the world has voted so; But, who is it mixing the fatal draught that palsies heart and brain; And loads the bier of each passing year with ten thousand slain? Who blights the bloom of the land today with fiery breath of hell? If the Devil isn't and never was? Won't somebody rise and tell? Who dogs the steps of the toiling Saints, and digs the pit for his feet? Who sows the tares in the field of time, wherever God has sown His wheat? The Devil is voted not to be, and, of course, the thing is true; But, who is doing the kind of work the kind of work the Devil alone should do; We are told he does not go around like a roaring lion now; To be heard in home, in church and state to the earth's remotest bound, If the Devil by a unanimous vote is no where to be found? Won't somebody step to the front forthwith and make their bow and show How the frauds and the crimes of a single day spring up? We want to know, The Devil was fairly voted out, and, of course the Devil's gone, But simple people would like to know who carries his business on.

NAPIER.

Divine service will be held in St. Mary's Church on Sunday morning next at 11 o'clock.

WATFORD, OCT. 18, 1907.

OLD TIMES ON THE FARM.

The Sickle, the Cradle and the Reaper Are Gone From the Fields.

Every farmer must have a pleasant field of reminiscence, as he reviews the progress of farm work. It does not take a very old man to remember the days of the sickle, when laborious days earned the night's repose on the old farm. One of the older ones has dipped into the past and interestingly writes:

Few are now living who took an active part in these early days when the struggle for existence taxed to the utmost the muscular power of those engaged in clearing the land, and making the homes as we see them today. My recollection is very distinct as far back as 1841, and when I reflect on the past and on the primitive tools they had to work with, I can only wonder how they did the work they had to do. I propose to take up the different implements then in use, and compare them with the splendid implements now in use, the evolution from the early reaping hook up to the queen of the harvest field, the binder, of to-day.

My first recollection of harvest cutting was a number of men and women cutting the grass with the hook or sickle, the men cutting, the women binding and setting up the sheaves. This method was slow and very laborious, as so much stooping had to be done. Yet they did not seem to mind it, as no other way seemed practicable.

A little later some genius, but he was a rung in the ladder, all the same, conceived the idea of putting a hole in the grass sythe near the point, inserting a short piece of ash and binding it over, fixing the other end into a hole just below the lower nib, forming a bcw. That caught the heads of the grain. By this method he was enabled to swing the sythe around and lay a pretty fair swath, which could be easily raked into sheaves and bound.

By this method one man could easily do more than two shearers, a decided improvement. This system remained until another genius conceived the idea of putting in an upright standard near the heel of the sythe, and putting in fingers, so as to secure the grain from falling back. From the crude idea sprang the grain cradle.

THE GRAIN CRADLE COMES.

This grain cradle was hailed with delight by the farmers and came into general use about 1846. Many attempts were made to improve this

We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetables.

in your spare time at home, or TAKE A PERSONAL COURSE AT SCHOOL.

To enable all to learn we teach on cash or instalment plan. We also teach a personal class at school once a month. Class commencing last Tuesday of each month. These lessons teach how to cut, fit and put together any garment from the plainest shirt waist suit, to the most elaborate dress. The whole family can learn from one course. We have taught over seven thousand dress-making, and guarantee to give one hundred dollars to any one that cannot learn between the age of 14 and 40. You cannot learn dress making as thorough as this course teaches it you work in shops for years. Beware of imitations as we employ no one outside the school. This is the only experienced Dress Cutting School in Canada and excelled by none in any other country. Write at once for particulars, as we have cut our rate one-third for a short time. Address:—

very useful harvest implement. I doubt now, at this distant date, if the cradle was very much improved over the home-made one. Nearly every farmer made his own cradle. I have seen my father take his axe, a drawing knife, a gimlet, and burning iron and go into the bush in the morning, and come home at night with a brand new cradle, putting in a little improvement here and there, so as to give it speed, as well as a wider swath and he plainly hinted that if a certain son tried to cut him out of his swath that the said son would not likely try the game twice. New factory-made cradles, with high sounding names came into the market, such as Grapevine, Muley and Half Muley. But after all I believe that the old home-made held its own over all competitors.

An amusing story is told of an Irishman who owned to the name of Michael, direct from Ireland. He arrived here in the harvest month, was hired by one Clark, a farmer, to help get in the harvest. Mike considered himself a first-class shearer, and he had no idea of any other way to cut grain. Michael went to his box and took out a splendid hook and was ready to go to the field with the rest. The farmer said, "Michael, what are you going to do with that?"

"Cut the wheat, sor," was his reply. "You can put that in your box, we don't use that here."

Michael opened his eyes wide, but followed the cradlers to the field. After seeing them use the cradle a while, the farmer said: "Michael, what do you think of that?" Michael said: "That is what I call spady murder!"

Poor Michael, if he were living today and saw one of our splendid binders doing its work, what would he say?

THE NEXT MACHINE.

About 1857, it began to be widespread among the farmers that some man had invented a machine drawn by horses that would cut seven or eight acres a day, and leave it in sheaves. Some believed it, others laughed at the idea. But in 1858, an agent actually brought one into a fine field of wheat to show what it would do. The machine itself was a clumsy-looking affair. It had a little rack on behind, which a man got into and pitched off the grain with a wooden fork, and a tired man he was, too, after standing a day in the rack.

The machine had come to stay; the cradler that had done such royal service was now relegated to the back yard and the cradler, who had long been the king of the harvest field, retired altogether, rather than take a second place, hid himself back into the pine bush among the sawlogs and square timber, never to return.

THE BINDER WAS EXPECTED.

About 1865 Woods' self-rake reaper appeared on the scene, a vast improvement on the wooden pitchers. There was something almost human, cutting the grain and leaving it ready to bind, another revolution which received a rousing welcome. Farmers began to breathe easy. I, myself, have bound the grain after one of these self-rakes, had to go on the jump, too, to keep up your side, binding thistles as well as wheat. With sore hands and tired limbs, one could hardly help breathing an inward prayer that some one would invent a machine that would tie into sheaves as well. Such a silent prayer I am sure went up from thousands of tired binders of '65 and '78, when, lo, the answer came, not unexpectedly; this time, for we all believed it would come. We had begun to have faith in ourselves that we could get what we needed if we asked for it.

To-day we believe we are as high as we can get in this line, at least we are not asking for more.

MARRIED HIS GRANDMOTHER.

Now at San Francisco on Their Honeymoon.

San Francisco, Oct. 9.—Tom Hugh Allison of Manlius, N. Y., who married his grandmother, is here on his honeymoon. "My grandfather, Dr. Buffum, of Rochester, was a peppery old fellow," said he. "First, he disinherited my sister because she married a barber. This left me his sole heir. He decided to marry, although he was past 80, to keep me from inheriting his estate. "I didn't know it, but the girl he picked out was my sweetheart, only 17 years of age. She decided to accept his offer to save his estate for me. That was nearly six years ago. He died a year ago, and the young woman whom I called my grandmother became my wife."

You May be Sick To-Night.

Without a moment's warning pain springs upon us. At the outset it is instantly cured by Nerviline. Surprising what fifteen drops of this marvelous medicine will do. It's external action is no less certain than its wonderful effect when taken internally. Of course Nerviline is powerful or it couldn't be so penetrating. But not irritating or causing. There are no pain remedies, but when you use Nerviline you see the difference. That difference is this,—others relieve, but Nerviline does cure sprains, strains, swellings, earache, toothache, Neuralgia, lumbago, in fact all muscular pains. Large bottles 25c. at all dealers.

The Chinese Army.

Soldiers used to be despised in China and only coolies were considered suitable material for fighting men, says Owen MacDonald in the Technical World Magazine. Today all this is changed, and China has an army to which it is an honor to belong. Motors have been superseded by wireless telegraphic apparatus and signal balloons; masks have been given place to field glasses, comic opera garb has been cast off for khaki uniforms, and the two-handed sword has become the bayonet. China was first roused to a sense of her weakness, and her strength, by the disaster of her war with Japan in 1845. Hitherto she has slumbered like a great lazy giant, smiling scornfully at the suggestion that smaller and weaker nations, by adopting modern methods, might injure her. She had sublime faith in the force of the vast hordes she could throw into the field.

Cassie Chadwick Dead.

Columbus, Oct. 10.—Cassie Chadwick, the most notorious woman swindler of the present generation, died to-night in the state prison at Columbus. She was born at Appin, near London, Ont., of humble parentage, and during her career of crime emmeshed in her net millionaires, bank presidents and others. She had represented herself as a daughter of Andrew Carnegie.

She was serving a sentence of ten years for fraud.

Invaluable for Nursing Mothers.

With nursing comes an unceasing strain of the mother's vitality. The blood is weakened. Nerves are irritable through loss of sleep. Anxiety and care break down even the strongest. Experience teaches that nothing is more helpful than Ferrozone. What an appetite it brings! No blood-former or nerve tonic more potent, no medicine known that so steadily brings back the health, vigor and spirit that mothers require. It's because Ferrozone nourishes, because it supplies the materials for rebuilding that it does such permanent good, 50c. per box at all dealers.

Confessed Bank Robbery.

Sudbury, Oct. 9.—Fred Morris, who was arrested on Monday on a charge of vagrancy, confessed that in April he with others robbed the Union Bank of London.

Morris says he is a son of B. C. Morris shipowner of Harwich, Essex, a graduate of Cambridge and has travelled abroad. The attorney-general's department has been communicated with.

IN NATURE'S STOREHOUSE THERE ARE CURES.—Medical experiments have shown conclusively that there are medicinal virtues in even ordinary plants growing up around us which give them a value that cannot be estimated. It is held by some that Nature provides a cure for every disease which neglect and ignorance have visited upon man. However, this may be, it is well known that Parnee's Vegetable Pills, distilled from roots and herbs, are a sovereign remedy in curing all disorders of the digestion.

Calculation

Very often the reason why one accountant gets through more work in less time than another, thereby earning an enviable reputation for quickness and cleverness, is simply short method possible.

Simply amazing how few know the many arithmetical short cuts—how few can do simple arithmetic questions rapidly and accurately.

"Rapid Calculation" is not only practice, there is a "method" as well. The method we teach, but the practice remains with you.

Our large, illustrated catalogue is free. Write for it. It explains in detail the various subjects we teach and shows the advantage of a Business Educators' Association Diploma.

PANDORA RANGE

HOLDS FIRE ALL NIGHT

The good housewife always feels like bestowing upon the Pandora a cheerful "good morning."

Why? Because the Pandora always has a nice bed of hot coals as a reward for checking off the dampers closely before retiring to rest.

In five minutes after turning on the drafts she will have a good, strong fire.

Should she sleep two or three hours longer than usual there will still be a fire ready for her.

The fire-box, flues and dampers are so scientifically arranged that the Pandora can be

regulated to hold a fire from 24 to 36 hours.

Pandora owners never have their sleep disturbed with dreams of making a new fire in the morning.

If your local dealer does not handle this most perfect of all ranges, write direct to us for Free Booklet.

Fire Losses Here and Elsewhere.

The average fire loss in the United States is said to be more than \$2 per head of the population, as compared with only one-third of a dollar in six of the leading European countries. The difference is ascribed to less rigidly enforced building laws. It has an effect on the cost of business generally in this country.

The Tremble of old Age.

With the advance of years the vital func-
tions of the body slow down. In conse-
quence the organs of secretion suffer, the
action of the bowels are lessened and there
is no longer healthy circulation. The brain
is congested with blood, giddiness, trem-
bling and cold extremities are common. No
assistance is so potent as Dr. Hamilton's
Pills. By their direct action on the stom-
ach, liver and kidneys they cause an im-
mediate change. Mild, free from gripe,
strengthening and cleansing the whole sys-
tem, no medicine is so valuable in old age
as Dr. Hamilton's Pills of Mandrake and But-
ternut. Try these Pills, 25c. per box at all
dealers.

"Just as I Am."

A correspondent of the London Daily
Telegraph gives the following story of the
origin of the beautiful hymn, "Just
As I Am."
"A young girl was going to the town
to choose a new dress for a ball to which
she had been invited. On her way she
met the priest, and he said that she ought
not to go. However, she went on, got
the dress and went to the ball. The dear
girl did not enjoy the evening at all, and
went home miserable. Charlotte Elliott
(for that was her name) went to confess
to her priest all about it, and asked what
she should do. He advised her to go
home and tell Jesus all about it. "Just
As I Am?" she said. "Yes, just as you
are". She returned home, and on her
knees composed the lovely, heart-stirring
hymn, "Just As I Am."

Hundreds of men and women are
asking themselves that question.
They are not well—and yet not
exactly ill. Doctors say—"all run
down—need a tonic." But tonics fail
to bring back health and strength. It
may be that your kidneys are affected.
Here's a simple test to prove it:—
Collect the urine passed in the morning,
in a glass vessel or bottle, and let stand 12
hours. If there is a reddish deposit—if the
urine is cloudy or milky—or if there are
floating particles or shreds—then assuredly
there is some serious derangement of the
kidneys.
Healthy urine stays perfectly clear.

SCIATICA CURED.

Mr. Chas. F. Haley Restored by Dr. Williams' Pink Pills.

"I was utterly helpless with sciatica. I could not move in bed without aid. Doctors treated me but I did not improve. I used Dr. Williams' Pink Pills and today am a well woman." This tribute to the merits of Dr. Williams' Pink Pills is made by Mrs. Chas. F. Haley, of Yarmouth, N. S. Two years ago she suffered most severely from an attack of sciatica, and for a number of months was an invalid confined to her bed. She further states: "It is impossible for me to describe the pain from which I suffered. I endeavored to continue my profession as a music teacher, but was forced to give it up. The doctor said the trouble was sciatica, but his treatment did not help me. I could hardly take a step without the most acute pain shooting through my back and down the limb. Finally I took to my bed and lay there perfectly helpless, and could not move without aid. The pain was never absent. I consulted another doctor but with no better results, and I began to think I would always be a sufferer. One day a friend who was in to see me asked why I did not take Dr. Williams' Pink Pills, and on her advice I decided to do so. The result was beyond my most hopeful expectations. All the pains and aches disappeared and I have never since been troubled with sciatica. I have no hesitation in recommending Dr. Williams' Pink Pills for the trouble for which I suffered."

When the blood is poor the nerves are starved; then comes the agony of sciatica, neuralgia, or perhaps partial paralysis. Dr. Williams' Pink Pills actually make new, rich, red blood, which feeds the starved nerves, drives out pain and restores health. It is because these pills actually make new blood that they cure such common ailments as rheumatism, anaemia, backaches and headaches, heart palpitation, indigestion and the painful irregularities of growing girls and women. You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BONTER MCKENZIE.

The home of Mr. and Mrs. Duncan McKenzie, of Adelaide, was the scene of a very pretty wedding on the 18th ult. when their daughter, was united in marriage to Rich. Bonter of Hastings. The bride's sister, Miss S. McKenzie, played the wedding march, and the ceremony was performed by Rev. Mr. Lindsay of Arkona. The bride was unassisted and looked charming in a dress of cream silk voile, her only ornament being a handsome necklace, the gift of the groom. The bride's going away gown was blue cloth with hat to match. The happy couple left for a short trip to Niagara, Buffalo, and other points east after which they will take up their residence in Hastings.

CHURCH RE OPENING.

Sunday last, the 13th inst., was a red letter day in the history of Grace Church, 4th line, Warwick, when after extensive remodeling and improvements, the church was re-opened for divine service by the Venerable Archdeacon Richardson, M. A., D. C. L., of London, who preached three most appropriate and deeply impressive gospel sermons, which were listened to with the utmost attention by the large and devout congregations, which could not fail to be a source of inspiration and make a lasting impression for good. The musical part of the service was rendered by the choir of St. Paul's Church, Kerwood, assisted by Colonel Kenward and Miss May Richardson, under the direction of Mrs. E. deGex, and reflects the greatest possible credit upon the painstaking training and practice which must have been given to such excellently rendered music, such as is seldom heard outside a large city choir.

On Monday evening a very successful and largely attended tea party and concert was given in the schoolhouse. The ladies of the congregation did their part exceedingly well by providing a bountiful table to which all present did full justice. The program consisted of an illustrated historical lecture by Archdeacon Richardson, who, in a most graphic and popular manner, traced the historical and unbroken continuity of the church from the days of the Apostles to the present time. It was indeed interesting to see the views of ancient churches of England which were built fourteen and sixteen hundred years ago which are still standing and are unsurpassed even to-day for their magnificence and architectural beauty. Messrs. Clark and Lew's, of London, sang with pleasing effect, several popular solos and duets. Mrs. deGex, and Mrs. Geo. Preele, sang very touchingly, "Saviour Breathe an Evening Blessing." Miss Eva Knight pleased the audience by singing the solo, "Oh Eyes that are Weary." St. Paul's church choir gave several well rendered anthems. Miss Ida Woods, of Stratroy, accompanied in her usual excellent manner. Addresses were given by Revs. S. P. Irwin, B. A., Watford, and M. Shore, Warwick. Colonel Kenward, of Watford, acted in the capacity of auctioneer and disposed of the beautiful autograph quilt containing about 1500 names, which the ladies had been busily engaged in making for the past few weeks.

The greatest credit is due to Grace Church congregation for transforming their old church into what we might now call a magnificent edifice, and notwithstanding the large sum of money expended they have enough or nearly so to defray all indebtedness.

VANCE-LUCKHAM.

The home of Nicholas Luckham, 15 sideroad, Warwick, on Wednesday Oct. 9th at high noon, was the scene of a pretty wedding it being the marriage of his daughter Susan, to Wm. J. Vance, son of Henry Vance, of the 4th line. The ceremony was performed by Rev. R. I. Hosking, pastor of the Methodist Church, in the presence of the immediate relatives. The bride was beautifully attired in embroidered Swiss Muslin and entered the parlor on the arm of her brother-in-law J. F. Smith, to the strains of the wedding march played by Miss Pearl Luckham, of Petrolia. Miss Jean Smith, niece of the bride, dressed in white silk, was flower girl and carried the ring concealed in a basket of flowers.

After the ceremony the guests repaired to the dining room where a dainty wedding dinner was served. The bride's going away gown was of brown broadcloth with hat to match. Among the many presents was one given by the church of which the bride has acted as organist for a number of years.

Mr. and Mrs. Vance left on the 3 p. m. train for points east. On their return they were tendered a reception at the home of Mr. and Mrs. J. T. Smith, the bride being a sister of Mrs. Smith.

BETTER THIS YEAR THAN EVER.

Any person who has read the Family Herald and Weekly Star for a few years back would wonder how it could be improved from year to year. Still everyone will admit that during the past twelve months there has been a wonderful improvement and the Family Herald and Weekly Star is to-day bigger, better, and more valuable than ever before. Newspaper, Magazine and Agricultural Journal all combined, it is certainly a unique publication. Any person who does not know the Family Herald should give it a trial for 1908. It is a wonderful dollar's worth.

LLOYD THOMPSON WIRE CO. IN LIQUIDATION.

The following appeared in the Toronto papers Tuesday. It has been rumored in local circles for some time that there was trouble in the Co. and the result is now announced: The Lloyd-Thompson Wire Company, Limited, having its executive office at 706 West Queen-street, with factories located at Watford, Ont., decided at a special meeting of shareholders to go into voluntary liquidation.

The company's operations have absorbed too much of the company's capital invested in machinery, plant and factory buildings. This fact, coupled with heavy expenses and the general stringency in the money market, has led up to the necessity of the action.

The authorized capital stock of the company is \$75,000, of which \$20,400 has been issued and fully paid. The statement shows assets estimated at \$45,600, and liabilities to the public of \$18,000, and to the Town of Watford of \$14,250, being on account of loan granted as a bonus and repayable in twenty years without interest.

Thomas Dodds of Watford has been appointed liquidator, and a meeting of the creditors of the company has been called to meet at the head office of the company, 706 West Queen-street, on Oct. 25.

DEATH OF JOSEPH OSBORNE.

A Notable Lambton Pioneer Passes Away in Alberta.

Readers of the Observer will share in the general regret that is felt throughout the county over the death of Mr. Joseph Osborne of Plympton, and add their sympathies with the surviving relatives of the deceased in their sad bereavement.

It is known to our readers that the deceased had entered upon what was to be a historical sketch of the county of Lambton, tracing its progress from its earliest settlement up to the present. He had brought the result of his researches to the point when Lambton, as a separate county had emerged from its position as part of the District of Hesse, through the period of union with the counties of Essex and Kent, to a municipal status of its own, and he was about to enter upon the township feature of its development, giving the origin of township names, the opening of them up for settlement, their municipal organization and names of early settlers, when he was forced to give up the work through illness. Bronchial trouble compelled his removal to the general hospital at London for treatment, and subsequently for his departure for the far west, where it was hoped that the change of climate would give him relief that it seemed impossible to obtain in this part of the country. His resting place was at Nanton, Alberta, in the home of his daughter, Mrs. W. G. Richardson. Here death came to his relief on Sunday, Oct. 6th.

The late Joseph Osborne was one of the pioneer school teachers of Lambton, following the profession for many years, finally retiring and taking up life as a farmer. He was an ardent collector of documents, papers and personal reminiscences connected with the early settlement of this part of the province, and had accumulated a store of knowledge on the subject that, at the solicitation of many of his friends and acquaintances he was about to put in shape for preservation through the columns of the Observer. Unfortunately he delayed the important work too long and had but fairly begun when the illness that ended in his death compelled its abandonment. His was a most interesting personality. Of his high literary ability; a mind stored with knowledge on a variety of subjects; an amiable disposition and ever ready to give to all who asked the benefit of his extensive reading and experience, he was the friend of all with whom he came in contact and enjoyed the respect and esteem of the entire community. Such men are rare and his loss is a public calamity.

Of his family who survive to reverse his memory there are Richard of Enniskilling; Robert, of Nebraska; John, of Wyoming, Ont.; Mrs. Alex. Dawson, of Plympton; Nelson, of Plympton; Mrs. Robt. Love, Sarnia; Mrs. W. G. Richardson, and Miss Jennie Osborne, of Nanton, Alberta.—Sarnia Observer.

Died Suddenly.

Stratroy, Oct. 16.—Malcom M. Thompson, one of the most respected farmers and pioneers of Adelaide, died very suddenly at an early hour this morning after a few hours illness.

Mr. Thompson, who had always enjoyed good health, was around yesterday morning as usual attending to the morning chores when he was stricken suddenly with a severe stroke of paralysis and fell unconscious to the ground. Medical aid was at once summoned, but it was seen nothing could be done for him and he passed away at an early hour this morning.

Shot a Young Eagle.

Brockville, Oct. 14.—A few days ago Mr. James Perry, a well-known resident of Kempville, saw a large bird hovering about in the neighborhood of his residence, and a number of small birds following it and making quite a commotion. Mr. Perry secured his gun and brought the bird to the ground. It turned out to be a young female eagle, which had apparently strayed farther north than was its wont.

Dr. Betteridge Dead.

Stratroy, Oct. 15.—Dr. Wm. Betteridge, son of the late Canon Betteridge, of Woodstock, an old and much respected citizen of this town, passed away at 5 o'clock to-night after an illness extending over several years.

The doctor was in his 80th year. The funeral will be held from his late residence, Front street, at 3 o'clock Friday afternoon.

Rev. S. F. Robinson, rector of St. John's here, assisted by the Rev. W. T. Cluff, rector of St. James, Stratford, formerly of Stratroy, will conduct the services.

It is expected that the new chain factory in Sarnia will be in operation inside of a few weeks.

AS A WORKING TOOL

for the student and the writer, as an authoritative reference book for schools, teachers, families, business and professional men, there is one book which offers superior advantages in the solid value of its information, and the ease with which it is obtained.

One's admiration for Webster's International Dictionary increases daily as it comes to be better known. It never refuses the information sought and it never overwhelms one with a mass of misinformation illogically arranged.

The St. James Gazette of London, England, says: For the teacher, the pupil, the student and the litterateur, there is nothing better; it covers everything.

The New and Enlarged Edition recently issued has 25,000 new words, a revised Biographical Dictionary and a revised Gazetteer of the World, 2,250 pages and 5,000 illustrations. It has just received

THE GRAND PRIZE

(Highest Award) at the World's Fair, St. Louis.

Life Depends on Healthy Blood.

IS YOURS RICH AND PURE.

Blood is the soul of life. Check its formation, reduce its quality, lessen its red cells—you at once sap strength and vitality—you peril life itself.

When you strengthen the blood, make it richer in red cells, increase its solid constituents, you supply the materials that rebuild—you furnish the disease-resisting elements we call strength.

When you are weak and ailing—When appetite is poor—When mental efforts seem impossible, sleep hard to get, be sure your blood has grown poor and your nervous system in consequence is impaired.

Nothing so quickly stimulates the formation of rich, red blood as Ferrozone.

Ferrozone's action upon the digestive power is immediate—everything you eat is converted into nourishment and building material.

Ferrozone fortifies the action of the kidneys, liver and stomach, increases circulation, and by these means throws into the blood a vast store of material to build up and to strengthen.

Ferrozone by making blood and stimulating vital action, transmits to the debilitated brain cells exhausted by toil, by anxiety, or by sickness, the strength they need.

The beneficent action of Ferrozone on the brain is transmitted through the nervous system, and all powers of the body are enormously increased.

Ferrozone enables the body to perform all its functions in a normal and natural way, and with an absolute freedom from reaction which is the most positive assurance that the body is strengthened—not stimulated.

Whether the weakness you suffer is profound or of long standing, whatever the conditions are—if the blood is impaired, if its redness is reduced, if its activity is lessened—Ferrozone is an absolute and rapid remedy.

For any condition of weakness, debility of ill health in men, women and children, you can't find so nourishing and strengthening a tonic as Ferrozone; try it, sold every where in 50c. boxes.

Was Poison in the Tea.

Cornwall, Oct. 9.—Joshua Annable, formerly of Winchester Township, who resides near Moosejaw, Sask., recently had a narrow escape from being poisoned and a farmhand named J. Barlow was arrested on the charge of administering the poison.

Mr. Annable claims that while they were at work in the fields Barlow went to the house to prepare dinner. When Mr. Annable reached there Barlow claimed to be too ill to eat, or even drink tea. Annable took a mouthful of the tea, and finding it bitter, became suspicious. He hid the tea that was in the pot, and becoming ill, hastened to a doctor, where he got relief.

Mr. Annable held suspicions that Barlow was the guilty party in the burning of a neighbor's shack, and to this fact attributes the attempt at poisoning.

BUILT UP HER HEALTH

SPEEDY CURE OF MISS ECCLESON

She is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Zula Eccleson, 6 Erie St., East, St. Thomas, Ont., believes it her duty to write the following letter for publication, in order that other women afflicted in

the same way may be benefited as she was. She writes:

Dear Mrs. Pinkham:—

I heartily recommend Lydia E. Pinkham's Vegetable Compound as a tonic and regulator for female troubles. I suffered for four years with displacement and no one but those who have experienced this dreadful agony can form any idea of the physical and mental suffering those endure who are thus affected. Your Vegetable Compound cured me.

Within three months I was fully restored to health and strength and now my periods are regular and painless. What a blessing it is to obtain such relief when so many doctors fail to help you. Your medicine is better than any doctor or medicine I ever had.

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

Tenacious Form of Systematic Catarrh.

Not an easy thing to cure, and a remedy that makes good deserves the credit. Catarrh cured Chas. H. Webb, of Woodstock, N. B., who writes: "For a number of years I was troubled with systematic catarrh. It was a very tenacious form of the disease and nothing helped. I used Catarrhzone and got relief. To build up my system I used Ferrozone. This combination can't be beaten. They cured me."

Your case may be chronic but Catarrhzone will drive out Catarrh and keep it out. Two sizes, 25c and \$1.00 at all dealers, sold under guarantee of satisfaction.

HOME-MADE MEDICINE
 Said to Relieve Kidney Trouble and Rheumatism
 One ounce Fluid Extract Dandelion
 One ounce Compound Salalone
 Four ounces Compound Syrup Sarsaparilla
 Mixed and taken in teaspoonful doses after meals and at bedtime, is stated by a prominent physician to give most excellent results in kidney or urinary affections, and also in rheumatism and sciatica. The mixture opens the clogged pores of the kidneys, thus assisting them in their work of filtering all waste and poisonous matter from the blood, and expels these in the urine. To allow this poisonous matter to remain means that it will settle in the muscular tissues or joints, and cause the untold misery known as rheumatism.
 The mixture is composed of harmless vegetable ingredients which can be purchased at any good drug store, and mixed at home.
 Anyone suffering from any of these affections will no doubt be pleased to learn of so simple and highly recommended remedy.

 The apple crop in the Niagara district is well up to the average, although it looks like a steady decline in the quantities raised. This is not to be wondered at since the ravages of the San Jose scale have made big inroads, and also the farmer there can make better use of his land under small fruits.
 F. L. Green, miller and farmer, Greenwood, Ontario, sowed the Alberta Red wheat two years ago and he finds that it produces in Ontario a very desirable milling wheat. He goes so far as to express his opinion that it is ahead of the western-grown. Last week he threshed on his farm and the grain that left the sheaf at 7 o'clock was eaten in biscuits for tea that evening. The baker pronounced the flour as extra good.

TIME HAS TESTED IT.—Time tests all things, that which is worthy lives; that which is inimical to man's welfare perishes. Time has proved Dr. Thomas' Electric Oil. From a few thousand bottles in the early days of its manufacture the demand has risen so that now the production is running into the hundreds of thousands of bottles. What is so eagerly sought for must be good.

Settled for \$7,500.
 An interesting case arose out of the death of James Angus, who was fatally injured in a burning building in London, Ont., last May, dying a few days after the fire. Angus held a policy for \$5,000 in the Canadian Casualty Company. It was a double liability policy, providing to pay \$10,000 if the insured party was burned in a building. When Angus' death was reported the company wanted to settle for \$5,000, refusing to pay the \$10,000, claiming that Angus was not burned to death. Suit was threatened, but a settlement was made for \$7,500.

Year For Manslaughter.
 North Bay, Oct. 10.—Hunter of Halleybury was sentenced by Judge Riddell tonight to one year in the Central Prison, Toronto.
 A petition asking for suspended sentence was assigned by a large number here to-day and handed to Judge Riddell at 6 o'clock this evening.

Flags for Rural Schools.
 The Provincial Government has, on recommendation of Hon. Dr. Pyne, Minister of Education, awarded the contract for supplying Union Jack flags for the rural schools of Ontario to Messrs. J. J. Turner & Sons, of Peterborough, the lowest tenderer. The price has not yet been made public, but is within the \$5,000 allowance passed by the legislature at its last session.

Cheap Living.
 Berlin, Oct. 8.—Jail Governor Cook has prepared his report for the jail year ending September 30.
 The cost of rations per day averaged only 10 to 15 cents, which is about the lowest reported so far. 135 prisoners were committed, 13 were women and this is the largest number on record for this county. There were 3,435 jail days, 735 more than in 1906-7.

Why The West is Happy.
 Mr. Boyle tells this morning in a letter from Winnipeg of the growing contentment in the West as the wheat rolls into Winnipeg and is sold at prices almost fifty per cent. better than those of last year. Here are the prices of the chief grades at Winnipeg on Wednesday and the same day a year ago:

	1906.	1907.
No. 1 hard	\$.77	\$1.13 3/4
No. 1 northern	.75 3/4	1.12 3/4
No. 2 northern	.72 3/4	1.09 3/4

 For No. 1 hard the farmer gets 36 3/4c a bushel more than last year, for No. 1 northern, 37 3/4 cents, and for No. 2 northern, 37 3/4 cents. Even wheat that is not of milling grade is worth as much this year as No. 1 hard was last year. It is not always the biggest yield that makes the fattest purse. The world needs wheat more urgently than in any recent season.

 THE marriage of Miss Anna May Strangway, daughter of Mr. and Mrs. George Strangway, to Walter James Finch, will take place at the residence of the bride's parents, George St. Sarnia, at high noon, Wednesday, Oct. 30th.
 "I AM now preparing a bill, which I will introduce in Parliament during the coming session, providing for one cent postage for drop letters for city delivery." The statement was made on Monday by Hon. Rodolphe Lemieux, Postmaster-General.
 UNDER the will of the late Thos. R. Patton, treasurer of the grand lodge of Masons of Pennsylvania, who died recently, his entire state, valued at between \$2,000,000 and \$3,000,000 is devised to the grand lodge of Pennsylvania for the education and support of male orphans of master masons.
 BOARDING-HOUSE keepers in some Massachusetts towns are forming unions and raising the price of board. That should drive a young man to matrimony if anything will. Doubtless the next time the bachelor hears this old fairy tale about two being able to live as cheaply as one he will hasten to the home of some fair one, and propose as he goes bounding up the steps.
 A BERLIN landlord thus advertises an eligible flat: "Nine large rooms, bath and necessary offices, hot and cold water, gas and electric lights, electric lifts, vacuum cleansing, fur-coat depository, safe deposit vaults, and in every flat is installed a carpet cleaning machine, a large clock regulated by electricity from the Berlin Observatory, and a mangling machine."

 On Saturday afternoon Wm. Nichol, of London, formerly of Petrolia, was arrested by Chief Ferguson on a charge of entering the house of Father Gnam, drawing a revolver on him and using threatening language. The prisoner was given his choice of being tried here by the Magistrate or at Sarnia by the Judge. He preferred to be tried here. On Tuesday when brought up to answer the charge he pleaded guilty and was sentenced to three months at hard labor at Central Prison, Toronto.
 In analyzing the secret of King Edward's popularity among his subjects, a French writer recalls a story which is worth telling. He relates how, when his Majesty was driving along a country road in Scotland one day, he came upon an old market-woman struggling under a load which was more than she could manage. "You might take part of this in your carriage," cried the old woman to the king, whom she did not recognize. "Alas, my good woman," replied his Majesty, "I'm very sorry, but I'm not going the same way. However, let me give you the portrait of my mother." "A lot of good that'll do me!" was the reply. "Take it all the same," said the King, smiling, and he put a sovereign, bearing Queen Victoria's effigy, in the palm of the astonished old peasant.

Plucky Farmer Lands on Hold up Man.
 St. Catharines, Oct. 11.—Jesse Winger, a Bertie township farmer, had a fistic encounter with two robbers last night. They rapped at his door, and when he opened it, was coolly requested to hand over his cash.
 "You can have it if you are a better man," said Winger, and with that he struck a blow for liberty, landing on the stranger's chin.
 Reinforcements arrived promptly, however, and Winger was overcome and searched, and \$2 was secured.
 He declares he can identify his assailants.

Trade Outlook Bright.
 Ottawa, Ont., Oct. 11.—Canada's commercial agent at Leeds reports to the department of trade and commerce that prospects are unusually bright for high prices and a good market for Canadian turkeys, chickens and apples in England this fall and winter. The English crop of apples is very small this year, and Canadian sources of supply will be the main dependence of the English dealers. He also notes that there is a good opening in Leeds and Sheffield for the Canadian manufacturer to supply wooden handles for cutlery, tools, etc.

Woman Fires Clothing.
 Ridgeway, Ont., Oct. 11.—A demented woman, who says her home is in Detroit, was brought in from government park and placed in the cells here until some arrangements are made for her removal to an asylum or to send her back to where she came from.
 She imagined she was not warm enough in the cell, and in some manner procured matches with which she lighted some of her clothing.
 The fire alarm was sounded, but the services of the firemen were not required.

Meanest Man in the World.
 A true story is told of a Southerner who went into the store of one of his neighbors and asked him if he didn't want to trade.
 "Whatchergot?" said the storekeeper.
 The man ran his hand down into his coat pocket and pulled out an egg.
 "This," said he.
 "One aig," said the storekeeper, "and what you want for this?"
 "Vaat," drawled the man, "you can gimme a couple of knittin' needles for it, can't ye?"
 "Et that's all said the storekeeper, "I reckon I kin."

The man received the knitting needles, and looking up at the storekeeper, he said: "Aren't you goin' to treat?" (The custom in the South demands a treat whenever a swap of any kind is made.)
 "Well," said the storekeeper, "what you want?"
 "Oh, I'm not perticular," said the man. "Gi' me a drink o' sherry."
 So the storekeeper handed out a bottle of sherry and a glass.
 "Help yourself."
 The man thought a moment, and then said, solemnly, "I nevah drink sherry without breakin' an egg in it."

"Well, upon mah soul," thought the storekeeper. But he handed him the egg he had just received, and said: "Here's yoh 'aig; you kin have it."
 The man broke the egg into the glass of sherry and in doing so discovered that the egg had two yolks. He drained the glass, smacked his lips, pronounced it a fine drink, and then said to the storekeeper: "You see, now you ought to gi' me two more knittin' needles, don't you?"
 "Why?" asked the storekeeper.
 "Because," said the man, "that aig o' mine had two yolks!"

CHICKS ARE CHAMP'S.

Chicago Won World's Series From Detroit.

Detroit, Oct. 12.—The Chicago National League baseball team this afternoon at Bennett Park won the world's championship, defeating the Detroit American League team by the score of 2 to 0. It was the fourth successive victory for the Chicago team in as many days. Taking advantage of every slip made by the local players, and running the bases cleverly, they scored two runs in the first two innings, while the Detroit team did not succeed in getting a man over the home plate. The rooters had followed the Chicago team from their home city swarmed down to the diamond when the ninth innings closed and cheered them with congratulations. Then several hundred of them formed in line and marched down Michigan avenue, headed by a band, cheering and singing in celebration of their victory.

All hail to the new baseball champions of the world! Chicago beat Detroit without defeat, though according to figures the vanquished were not severely outplayed. According to runs, hits and errors the Cubs' margin would hardly warrant a clean record. They were away ahead in runs, however, and that's what wins in baseball. Following is the record for the five games, including the tie:

Chicago.....	20	42	5
Detroit.....	6	39	9

The series must go to emphasize the honesty of professional players. The Cubs wanted the championship and took the shortest route regardless of receipts. Glory and not gold is their motto.

Charlie Murphy, president of the Cubs, announced that he would add enough money to the Cubs' share to make the total prize money \$45,000. That means a gift of \$12,039.97, about \$3,000 less than was handed to the losers of the two series. There are twenty-two Cubs to split the money, and they will get a trifle over \$2,000 each. There are nineteen Tigers in the money and they will draw down \$1908 each. In each case this division includes the added money, as well as the players' pot from the series. For winning the title the Cubs will get about \$100 each more than the losers.

A Home Girl Missing From West Williams.

Parkhill, Oct. 12.—West Williams has been for several days in a state of subdued excitement over the sudden disappearance of Miss Kathleen McDonald, a 15 year old home girl, who has lived for seven years with Mr. and Mrs. John McDonald. The young woman is rather good looking, and would pass for being older than she is. Her hair is nearly red in color. She wore a seal brown skirt and a short tan jacket. She attended an entertainment at Parkhill on the evening of Sept. 25 and took part in the proceedings. It was noticed that she was very much in the company of a young married man from Clinton, who was a stranger in these parts, and had driven out from Parkhill apparently to enjoy the night's entertain-

ment. With her consent, Mr. McDonald jr., made arrangements for her return with one of her neighbors to the foster home. She had also spoken to the neighbor for a ride, and nothing was thought of her non-appearance the following day. On inquiries being made for her on the second day, it was found that she was not in the neighborhood. The woods and field have been thoroughly searched under the supposition that foul play might be the cause of her disappearance. A young woman answering her description was noticed on the C. P. R. platform the next morning before the seven o'clock train arrived. From that point all traces of her is lost. She had no money by which to buy a ticket.
